When my daughter went off to college I decided it was time to get more involved with my husband and my sons. So the next time they went fishing, I went too. They were wonderfully patient with me, but I know there were times...!! I've come a long way in the past couple of years. For example, let me tell you about baiting the hook. To begin with, somebody had to do it for me because there was no way I was going to stick that worm! I was so proud when I could finally do it myself. (I did have to pretend I was threading something-anything-besides a worm on that hook!) Now I can put that worm on easy-well, kind of!

Anyway, my daughter moved back home, but I still had fishing fever. I guess I'm like a fish-hooked! Otherwise why would a normal, sane woman keep leaving her air conditioned house to go sit by a tank in the hot sun, get covered with ants, bitten by mosquitoes, and not catch any fish?

I read this in a book the other day and thought how true it is. "So many relationships are shallow. Most everyone is scared to unveil their real selves, scared of being criticized. We often end up trying to live in a way that will bring approval by everyone, rather than being real. Then this was written that seems to me like a great idea. "With criticism thrown at me that I honestly think to be unfair, I toss it. Forget it. That criticism does not matter. Why waste time stewing over it?"

Do Not Judge Too Hard
Pray don't find fault with the man who limps
Or stumbles along the road
Unless you have worn the shoes he wears
Or struggled beneath his load.
There may be tacks in his shoes that hurt,
Though hidden away from view,
Or the burdens he bears, placed on your back
Might cause you to stumble too.
Don't sneer at the man who's down today,
Unless you have felt the blow
That caused his fall, or felt the same
That only the fallen know.
You may be strong, but still the blows
That were his if dealt to you
In the self-same way at the self-same time,
Might cause you to stagger too.
Don't be too harsh with the man who sins
Or pelt him with words of stone,
Unless you are sure, yes, doubly sure,
That you have no sins of your own.
For you know, perhaps, if the temptor's voice
Should whisper as soft to you,
As it did to him when he went astray,
'Twould cause you to falter too.

Here are some informative 'news tips' from the Anchorlock Digest. (June '82) If you are concerned about too much caffeine, stay away from cocoa, chocolates, pain relievers, cold remedies and weight control aids. They all contain large dosages of caffeine. A daily dosage of a weight control product has as much caffeine as four cups of instant coffee. 12 ounces of a popular citrus-flavored drink or an 8-ounce chocolate bar has as much caffeine as one cup of instant coffee. Speaking of chocolate bars, Americans love candy so much that in 1980 we spent \$4.6 billion on sweet stuff. The 3.4 billion pounds of candy purchased comes out to be about 15 pounds of sweets per person. Let's go from sweets to the weather. Supposedly acid rain is older than the electric power plants that are reported to cause it. In 1852 Paris reported a pH4 rain. There is also evidence of pH5 rain falling in the Himalayas and in Antarctica as far back as 350 years ago. Now, how about this about mothers? A Cornell research team surveyed 460 New York students and found that in considering careers, students ranked mothers highest as their main source of information, followed next by counselors, then fathers, and finally peers. A final 'news tip' worth mentioning this one concerning seafoods. Foods, such as fish and shellfish, are rich in an acid that thins the blood and improves circulation. Adding seafood to your diet may help prevent blood clots, heart attacks and strokes.

OF INTEREST TO FISHERMEN ONLY--Some time ago I made the mistake of stopping in a popular coffee emporium and the only vacant seat was in a booth with three ardent 'Striper' fishermen.

Being an amateur fisherman of the old school, I listened to the three elite fishermen extoll excitement of 'Striper' fishing. I made the mistake of asking about baits used. They advise that worms were the proper bait. Another mistake occurred when I asked if they bought them or dug them. With much scorn they informed me that worms they used were either plastic or rubber, some 6 inches long and an assortment of colors and sizes were available. This was new ground for me. In my boyhood I dug my worms for fish bait at the Oil Mill drainage ditches. I carried them in a No. 2 tomato can, not as the proverbial little boy who carried his in the mouth.

After this information was gently imparted to me they proceeded to inform me what a 'Striper' was. My information was that 'Stripers' are a hybrid creature-cross of salt water Striped Bass and fresh water Sand Bass. The Game Department stocked Lake Stamford with a double idea-give fishermen a fast growing game fish and rid the abundance of 'gizzard' Shad which were taking the lake and hurting bass fishing. It seems all is going well on the project with desired results.

After giving me this information and education the three started telling of desired colors etc. Finally one of them asked if they had heard of the self propelled worm. Just insert a tablet in a slot on the worm and he started to entice a 'Striper', no casting, just toss it out and the worm would do all the work.

We were absorbing possibilities of this development when a smart alec on the next booth asked if the worm propelled the boat also. This broke up the session.

Stenholm To Be In Roby On June 28th

Congressman Charles Stenholm will be in Roby on Monday, June 28th, at 8:00 p.m. for a "Chat with Charlie". The district courtroom has been reserved for the county wide meeting and anyone who would like to talk to Charlie personally is urged to attend.

Congressman Stenholm will give an update report on events in Washington and cover all subjects mentioned by those in attendance.

In announcing plans for these open forum meetings, Congressman Stenholm said that it is fundamental to our form of government that all citizens have the chance to visit with elected officials.

"I take the title 'representative' very seriously and I pledge all my abilities toward filling this role," Stenholm said. "I ask your help to help serve our area."

Six Attend State Fire Convention

The State Firemen's and Fire Marshal's Association 106 Annual Conference-Convention met in Abilene July 12-16. Registration and viewing of exhibits began Saturday afternoon and continued Sunday morning. A Memorial Service, led by Rev. Haskin V. Lille, Chaplain, honoring deceased members of the past year was held Sunday afternoon. Among these members were Charlie Bennett, Rotan, and Louis A. Driun of Roby.

A full slate of meetings and workshops filled each day. Each delegate was required to attend all meetings and two workshops.

Firemen and their wives attending from Rotan were Chief and Mrs. Archie Neeley, Mr. and Mrs. Perry Thomson, and Mr. and Mrs. Dwayne Lee.

1983 Conference-Convention will meet in Beaumont June 12-15, 1983.

Rotan Police Investigate Burglary

Rotan Police are investigating a burglary at a Rotan business, but at press time "had no suspects", according to Police Chief Gene Pack.

Pack indicated that J.A. McClain, owner of McClain's Laundry in Rotan, reported that between \$800 and \$900 in quarters were taken from a total of 25 machines sometime late last Saturday or early Sunday morning.

Pack indicated that he had reason to believe that the thief had keys to some 22 washing machines and 3 dryers allowing him to remove between 3200 and 3600 quarters.

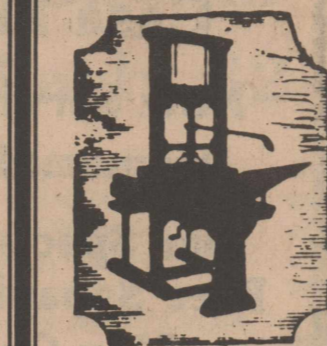

Rebels Hold On To First Place With 6-1 Record

Friday, June 18th, the Vets beat the Pirates 15-5. The Vets won on the 10-run rule after 4 innings. Jay Helms was starting pitcher for the Vets. Lane Landes was credited with the save.

Sean Lee was losing pitcher for the Pirates.

The Vets scored 15 runs on 6 hits, committed 4 errors, and left 6 men on base. The Pirates scored 5 runs on 3 hits, committed 5 errors, and left 10 men on base.

Rotan Mayor Appoints Two New R.H.A. Board Members

Members of the Rotan City Council met last week and listened as Mayor Les Sencil announced the names of two community residents he had appointed to the Rotan Housing Authority Board. Sencil announced that he had named Doug Weathersbee and Garvis Hinson to the board replacing Blair Berry and Glen Holt. Weathersbee's term expires in 1984 while Hinson's term is set to expire in 1983. Other board members include Essie Pearson, Vir-

Woodson and Carlton Burrow.

In other action, Wayne Jamar, representing United Cable Television, informed the board that the Dallas/Ft. Worth television station was being dropped due to increased costs of transmission by the Micro-Wave Company. Jamar assured Rotan City Council members that the station would be replaced with another station that carried like programming and that the change would probably

take effect on July 1, 1982.

In a report concerning the Rotan Police Department, Police Chief Gene Pack reported that his men made 16 misdemeanor arrests, 4 felony arrests and issued 15 traffic citations during May.

Rotan City Manager Kenneth Vann reported to the council that private lots in town had been mowed with the bill for mowing sent to owners; that the income from the first week operation of the Rotan Pool was \$1,157.35;

that good water samples had been received and that the loss was 13.08% with no major breaks reported. Vann said that the City employees had been spraying for mosquitos and that the Appraisal District had proposed to furnish and prepare 1982

tax statements for 20 cents per statement.

The Rotan Housing Authority report was given. Income was \$302.50, expenses \$636.53 with a deficit of \$334.13 for May. The Council also received a payment in lieu of taxes of \$2,422.08.

Marijuana Charge Is

Made On Rotan Man

Fisher County law enforcement officers and members of the Department of Public Safety narcotics squad teamed up to arrest a Rotan man for possession of approximately 20 pounds of marijuana last week.

Santana Yanez, age 26, of 211 West Beauregard was arrested by Department of Public Safety Officer Alan Arnwine approximately 8

miles southwest of Rotan in possession of approximately 20 pounds of marijuana.

Two officers of the Department of Public Safety narcotics squad from Midland assisted local Sheriff's department officers, Rotan police officers and local DPS officers in the arrest.

Yanez is currently in the Fisher County Jail.

Tina Mendoza Named

To National Award

The United States Achievement Academy announced today that Tina Mendoza has been named a 1982 United States National Award winner in Basketball.

Tina, who attends Rotan High School, was nominated for this National award by Mrs. Robert Damron, basketball coach at the

school. Tina's name will appear in the United States Achievement Academy Official Yearbook, published nationally.

Tina is the daughter of Mr. and Mrs. Ben Mendoza, and granddaughter of Mrs. Lomasa Crouch of San Antonio, and Mrs. Louisa Ybarra of Sweetwater.

Rotan Cable Changes

United Cable Television of Rotan has announced a change in services to the city effective June 30, 1982. Due to circumstances we have no choice but to drop the Dallas-Ft. Worth stations. The reason for the cancellation of these services is due to tariff increase of 229% from West Texas Microwave, our supplier of these services.

If we keep these services it would mean your rate would increase by \$2.76 per month more than you are now paying for cable. There is also a good possibility that West Tex-

as Microwave will pass along more increases in the near future as other cable systems drop these services, which several have already done.

We will replace these services with new ones from the satellite that will still give you a good selection of programming without any increase in cost for you.

Wayne Jamar, System Manager, when announcing the changes, stated, "We are continuously evaluating new services to provide you the best in T.V. viewing and entertainment."

The game was called after 4 innings due to the 10-run rule. This loss forced the Yankees out of a 1st place tie. Jesse Carreon was losing pitcher for the Yankees. David Shipp and Brandon Alls both saw action in relief on the failing effort-Yankees gave up 14

17 runs on 2 hits, committed 3 errors, and left 6 men on base. The Yankees scored 6 runs on 4 hits, committed 2 errors, and left 4 men on base.

In Saturday's second game The Rebels beat the Vets 10-3, re-establishing their 1st place standing.

Hustlin' Round Hobbs

By Joy Walker

Well, another week with some moisture, seems like we can't get through a week without it raining, and our little cotton sure does need some sunshine and hot weather. We measured just over seven tenths of moisture here at the house Friday night, but some folks got more and some less. Anyway it was really stormy with high winds and lots of hail in some places.

Saw a repeat of Brad Maule on "Three's Company" last Tuesday night; we had missed the show before as were at a basketball game. He really was good and it was a funny show.

The men from Crossroads Church and the surrounding areas all got together on Friday and put up Gary Finley's land. Gary has been in the Rolling Plains Hospital at Sweetwater; he had surgery one day last week. He is now at home and seems to be doing real well. The Finley's son, Shawn, has also been in the hospital at Sweetwater and he was very sick, but he also got to come home and is doing O.K. We hope that both Gary and Shawn will continue to improve. The wives of the men who helped with the plowing provided dinner on Friday and it was served at the Hobbs school house. Mr. and Mrs. J.D. Kincaid attended the Kincaid Reunion on Sunday at the Fireman's Hall in Roby. They sure had a big crowd and everyone sure enjoyed visiting.

Mr. and Mrs. Tracy Knipe from Snyder visited with the Ratliffs on Sunday. A Bridal shower was given for Kim (Mrs. Tracy Knipe) last Wednesday night at the home of Mrs. Jim Butrum near Loyd Mountain, north east of Snyder. Jim Ratliff still remains in the hospital at Abilene, and they are going to run some more tests today (Monday). Hopefully, if everything goes well, he will get to go home. We sure hope so.

Mr. and Mrs. Raye Ingram from Burleson visited with Mr. and Mrs. J.C. Cave on Friday. Mr. Ingram used to attend school out here at Hobbs long years ago.

Mr. and Mrs. Lealon Wilburn spent Father's Day with the J.W. Etheredges. Mr. and Mrs. David Etheredge were also there.

Mrs. Frank Hackney from Greenville is visiting with Mrs. Opal Phillips. She is here for two or three weeks and Opal is enjoying her sister's visit. Opal went to the Fandangle at Albany on Friday night. She went with the Senior Citizens from Rotan, and they really enjoyed it, although it rained that night. But they got to see most of the show. Sunday the Phillips all met at the home of Mr. and Mrs. Gary Hyer for Father's Day. Mr. and Mrs. Mark Anderle and Christopher and Mr. and Mrs. Walter Cave all from Snyder were also there. They all enjoyed a good day.

Jim and I have been to lots of baseball games this past week, one on Monday, another on Friday and a make-up game on Saturday. Friday we had to sit out in the rain, but it wasn't too bad and we only got a little damp. We went to Abilene on Saturday. Heard from Melody for Father's Day; she called Jim from Austin Sunday morning. She flew there for the weekend and spent it visiting with Mark and his parents, Mr. and Mrs. Lynn Parrish. It only took 30 minutes to fly from Fort Worth to Austin and it is a long 5 hour drive. They all went to San Marcos Saturday night and to a rodeo on Sunday, and Mark roped. We went to Snyder on Sunday; saw Mrs. Ola Myers for a short while and she had just got back from seeing about her son who lives in Coleman. Luckily they didn't get any damage from the storm, but she said the water was sure high on most of the roads.

Mrs. Bea Hardin has just returned from the Hardin Reunion which was held at Scott Camp on Buchanan Lake, a small place called Tow. They went Thursday and stayed until Sunday. Lester Lewis Hardin from Paint Rock and Corpus came on Tuesday night and stayed with Bea and he took his grandmother to the reunion. There were 45 there at the reunion and they really had a good time. Bea returned home with Mrs. Mark Nowlin, and Wes Hardin and his girl friend from Roby. Last Monday Bea and Mrs. Opal Phillips went with the Senior Citizens from Rotan to Abilene and they spent the day visiting the Abilene Zoo. They really enjoyed the trip; 28 went.

Well, this is about all for this week. Maybe we will have a good dry week, never thought we would be saying that, but some folks haven't planted all their cotton yet and its sure getting late.

Meat will generally cook better and faster if you remove it from the refrigerator and let it warm at room temperature 1 1/2 to 2 hours.

DID YOU KNOW THERE'S STILL TIME FOR Treflan WITH CULTI-SAVE

- 1 Apply Treflan after cotton is past the four true-leaf stage.
- 2 You may apply Treflan as a broadcast or post-directed spray.
- 3 If cotton foliage prevents uniform coverage, use drop nozzles.
- 4 Incorporate within 24 hours using one pass with a sweep-type or rolling cultivator.
- 5 Wheat or barley can be planted in the fall following this application at the recommended rates.

Happiness Is...

There's a great satisfaction in surf-fishing at sunset. Why? Is it because happiness is the serenity of the evening hours or is it because happiness is serenity?

Our moods as well as our interests determine what happiness is for each of us. And our emotions, our longings, our appreciation of nature—all play a part.

What we believe makes a difference, too. There are countless individuals for whom happiness is faith. And there are others who lack this spiritual ingredient and they wonder why they aren't happy.

A scene like this gains new dimensions when you think of the sea as God's creation . . . and of man as God's child.

but after pitching 2 innings and achieving a 6-2 lead, had pitched out his eligibility. Felix Yanez was credited a save in relief. Felix Yanez and Steve McClain were both 2 for 3 at the plate with 1 RBI each and Johnny De Los Santos went 1 for 2 with 2 RBI. The Rebels scored 10 runs, on 7 hits, committed no errors, and left 3 men on base.

The Vets scored 3 runs on 3 hits, committed 4 errors, and left 6 men on base.

In the first game Monday, June 21, between the Yankees and the Vets, the Yankees won 9-7 after trailing 6-2 after 3 innings.

Kenny Warren was losing pitcher for the Vets with Jay Helms and Billy Wayne Speck also seeing action in relief.

Don Carl Gruben was starting pitcher for the Yankees but had trouble early and was relieved, after facing first five batters and giving up as many walks, with Shawn Donham. The Yankees attained the lead with Donham the pitcher of record but can't be credited with the victory. Jerry Carreon came in, in relief, in the bottom of the fourth inning and is credited with a save. The Yankees scored 9 runs on 8 hits, committed 2 errors, and left 8 men on base. The Vets scored 7 runs on 2 hits, committed 5 errors, and left 5 men on base.

In the 2nd game, between the Pirates and the Rebels, the Rebels edged by the Pirates 10-9 in an overtime game to hold on to sole possession of 1st place.

The Pirates jumped to a 7-0 lead after the first 2 innings of play. The Pirates then scored 1 more run in the top of the third inning only to see the Rebels score 9 runs and gain the lead in their half of the third inninx. In the

to of the fourth inning, the Pirates scored 1 run and left the bases loaded, then held the Rebels to no runs with the bases loaded, to leave the game tied at the end of regulation time. In overtime the Pirates loaded the bases again with 2 outs but lead off hitter Lance Reagan hit a fielder's choice which saw Jerry Wayne Stuart put out at second.

Lead off hitter Blake Morrow got on by error to start the bottom of the fifth inning. Carter Edmondson struck out for the first out. Felix Yanez got on by error, making 2 runs on base. Clean up hitter Steve McClain hit a hard hit ball through 2nd base to score Morrow, representing the winning run.

Heath Dickson was losing pitcher for the Pirates.

Carter Edmondson was starting pitcher for Rebels with Blake Morrow credited with a save in relief.

The Rebels scored 10 runs on 8 hits, committed 2 errors, and left 8 men on base. The Pirates scored 9 runs on 3 hits, committed 4 errors, and left 12 men on base.

Roby Church Of Christ

Bible School

The Church of Christ at Roby will conduct their Vacation Bible School next week (June 28-July 2).

The theme will be The Christian Life. Activities are scheduled from 9 to 11 o'clock each morning, Monday through Friday. Young people from 3 years old through the 7th grade are invited to attend.

TEAM ROPING WINNER: Timmy McCright, along with his partner, won first place at the New Mexico High School State Rodeo. McCright, son of Jerry and Charlene McCright, formerly of Roby, is the grandson of Mr. and Mrs. W.T. McCright of Royston.

Timmy McCright Wins

Timmy McCright and partner, Perri Sanchez of Gallup, New Mexico, won first place in team roping at the New Mexico High School State Finals Rodeo held June 12 and 13 at Farmington, New Mexico. Their winning time was 8.672 seconds. They each received a saddle. They also participated in other events. Perri placed first in cutting, winning a second saddle. Timmy placed fourth in cutting. These two young men will represent New Mexico at

the National Finals to be held July 25 through 31 in Douglas, Wyoming. They will be competing with contestants from the United States and Canada.

Timmy is the 17 year old son of Jerry and Charlene McCright, formerly of Roby, Texas.

Terry Mauldin of Roby was instrumental in starting Tim out in roping at a young age.

Timmy's grandparents are Mr. and Mrs. W.T. McCright of Royston Community.

Auxiliary Ladies Made Perini Ranch Luncheon

The Texas Firemen's Auxiliary met in Abilene for their 33rd annual meeting during the State Firemen's and Fire Marshal's Conference-Convention. The luncheon at the Perini Ranch in Buffalo Gap was attended by 248 members and guests. Jan Wetsel of Rotan won first prize for the best western outfit. A workshop was held at the Sheraton Inn

immediately following the luncheon. The business meeting began at 8:30 Tuesday morning at the Civic Center. Rheta Thomson of Rotan was elected Chaplain of the State organization.

Auxiliary members from Rotan attending were Jan Wetsel, Tammy Kelley, Carol Price, Letha Lee, Frances Neeley, and Rheta Thomson.

Texas Cowboy Reunion Expects Large Crowd

Featured entertainers at the 52nd annual Texas Cowboy Reunion June 30-July 3 are the Otwell twins, Merle Travis and Dawn Glass. A special Bob Wills salute will bring

together Leon Rausch, Bill Mounce and the Texas Panthers on July 1.

The Otwells, Lawrence Welk Show regulars, will perform July 2. This duo also has been featured on the annual West Texas Rehabilitation Center telecast for the past three years.

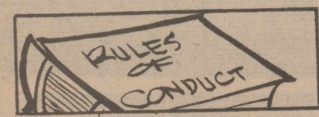

On the final night, July 3, attendees will see Country Music Hall of Fame member Merle Travis teamed with fast-rising recording artist Dawn Glass. Additionally, a rodeo dance will follow each performance.

For more than a half century, the Texas Cowboy Reunion has delighted fans with its amateur rodeo, old-timers rodeo competition, fiddlers' contest and parade.

Felicia Kia Soliz was born June 14, 1982, at Fisher County Hospital to Mr. and Mrs. Henry Soliz of Abilene. She weighed 8 lbs. 7 1/4 oz. and was 21 inches long. Felicia has one brother, Steven, eight years old.

Maternal grandparents are Mr. and Mrs. Ismael Barrera of Rotan. Paternal grandparents are Mr. and Mrs. Alfonso Soliz of Rotan.

Dear Editor,
Having been raised in a little town with the unique name of Rotan...it only seems natural that given the opportunity of having

any six letters on one's license plate, the obvious choice would be none other than ROTAN.

It has caused no end of questions from 'What is a

Rotan?' to 'Did you mean to spell Rotten?' We just smile and tell them it's the greatest city in Texas and where have they been, to not be aware of it!

Kidding aside-the plate as you can see is in Georgia-Marietta in fact, and is on the Volkswagen truck owned and driven by Horace and Ura Arrington's little boy, Dalton.

It only goes to prove you can take the boy out of Rotan.

Thought you would enjoy this.

Vocational Nursing Program At TSTI Open

The Vocational Nursing Program at Texas State Technical Institute in Sweetwater is now accepting applications for the fall class term to begin August 23.

Courses of study include Anatomy and Physiology, Vocational Nursing Skills, Basic Microbiology and Nutrition.

Other studies include Pharmacology, Maternal and Newborn Nursing and Medical-Surgical Nursing.

The nursing program at TSTI is a very concentrated 12 month program. Approximately 615 clock hours are spent in classroom study and about 1116 hours are used to gain

clinical experience. Students will be giving direct patient care under instructional supervision.

A special pre-entrance exam is required for acceptance into the program. The text will be given at 9 a.m. on June 23 and July 14. Applicants may take it at either time.

Anyone interested in the Vocational Nursing program at TSTI should contact LaVohn McGlothing, Cheryl Kelley or Bobbie Sutterfield at 235-8441 extension 60.

Card Of Thanks

We want to publicly thank all the men and ladies of Cross Roads Baptist Church and others who were so kind and loving during our time of sickness. We thank the men for their time, effort, and equipment they donated to get our cotton in. We thank the women for the food prepared and their love and concern. For the prayers and calls we thank you. All Fisher County will be blessed because of the concern you've shown. May God get the glory.

They still milk the cows twice a day.

Electric milking machines have taken a lot of the work out of milking and electricity for cooling makes it unnecessary to haul the milk to the creamery every day.

Yet even with this electric assistance, milking time still comes twice a day on the dairy farm.

The electric cooperative salutes the industry during Dairy Month. We are proud to be partners with these rural Americans providing a basic food for all Americans.

An appetizing, make-ahead dish is the Chicken Spaghetti recipe by Mrs. Tom Hargrove of Rotan.

Chicken Spaghetti

2 fryers
1 medium onion, chopped
1 can tomato soup
2 clove garlic
1 Tbsp. Worcestershire sauce

1 small can mushrooms, sliced
1/2 c. ripe olives, sliced
2 pkg. elbow spaghetti (7 or 8 oz.)
3/4 lb. cheese, grated salt and pepper

Boil fryers and retain broth. Saute onion in little butter. Add soup and seasonings. Add 1 1/2 pints of chicken broth and bring to boil. Make a paste of 1 tablespoon flour with enough broth to moisten. Add to first mixture. Simmer for 30 minutes.

Add cut-up chicken, mushrooms, olives and spaghetti. Pour into buttered baking dishes. Top with grated cheese. Bake in 350 degree oven until bubbly. Makes 2 casseroles. One may be frozen.

Mrs. Norman Arnett's Squash and Green Chili recipe is a delicious way to use some of the squash from your garden. Mrs. Arnett is from Rotan and is the Librarian at Rotan Public Library.

Squash and Green Chili (Calabacitas con Chile Verde)

2 Tbsp. margarine
4 medium-sized summer squash
1/4 c. milk

1/2 small onion, chopped
1/2 c. chopped green chilies salt and pepper
1/4 c. grated cheese

Fry Squash and onion in margarine over low heat about 10 minutes. Add milk, green chilies, salt and pepper and cook for 15 minutes until vegetables are done. Remove from heat and add the grated cheese.

One cup of whole kernel corn may be added, if desired.

A low calorie drink like the one below from Marilyn Ramsey of Rotan, will help calorie conscious folks stay on their diet.

Diet Shake

1 c. frozen unsweetened strawberries or pineapple (or other fruit which can be frozen)
Place all ingredients in blender. Blend until thick and smooth. Adjust sweetener to taste.

The Fresh Strawberry Pie recipe by Mrs. Anna Mae Fleming sounds delicious. Mrs. Fleming is from Rotan.

Fresh Strawberry Pie

1 c. sugar
4 Tbsp. cornstarch

1 (10 oz.) can 7-Up
1 pt. fresh strawberries
1 baked pie shell

Mix sugar and cornstarch; add Seven-Up. Cook over medium heat until very thick. Remove from heat and add red food coloring (to desired color). Cool slightly; add strawberries. Pour into baked pie shell. Serve with whipped cream.

Everyone is invited to send in your favorite recipes to share with our readers. To submit your recipe, type or print clearly and mail to The Rotan Advance-Roby Star Record, Drawer A, Rotan, Texas 79546.

Penny Yanez Named To National Award

The United States Achievement Academy announced recently that Penny Yanez has been named a 1982 United States National Award winner in basketball.

Penny, who attends Rotan High School, was nominated for this National award by Coaches Jo Dameron and Jon Curry. Penny will appear in the United States Achievement Academy Official Yearbook.

Penny is the daughter of Mr. and Mrs. Manuel C. Yanez. Grandparents are Mr. and Mrs. Esteban Velez, Sr. and Mr. and Mrs. Luther Yanez, Sr., all of Rotan.

Small grain harvest is now or soon will be underway. Therefore, storage facilities should be ready to receive the grain. Bin clean up, repair, residual bin treatment and storage of small grain in the proper condition are most important in preventing damage from stored grain pests.

New grain should never be put on top of old. The bin should be thoroughly cleaned before grain is put into the bin. Cleaning should include walls, ceiling ledges, sills and floors. Care should be taken to clean behind partitions, between walls under false

floors and cracks and crevices. Outside and under the bin any spilled grain should be removed. Weeds and grass under and around bins should be eliminated, since grain spills there will provide a favorable environment for insect development.

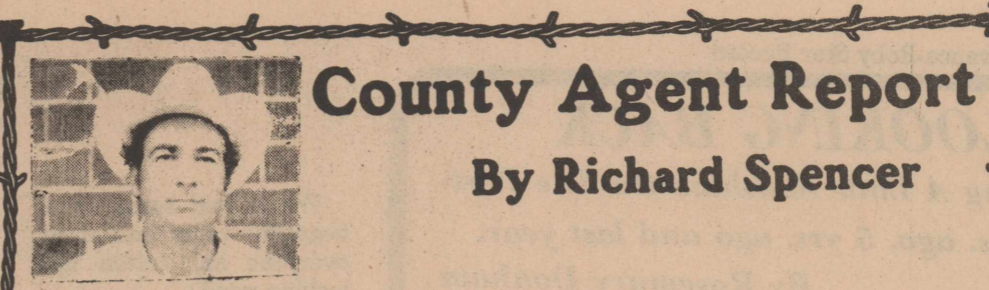

Needed repairs should be made to keep birds and rodents out. The roof should be inspected to make sure it is in good repair to prevent leaks. Wet grain encourages insect activity and mold development.

After the bin is thoroughly cleaned, spray all inside and outside surfaces with malathion or methoxychlor. This should be done two weeks before storing small grains. Indian meal moth larvae have become resistant to malathion. In bins where this insect has been a problem, use methoxychlor or 0.1 percent pyrethrin plus one percent piperonyl butoxide for the residual treatment.

Before putting grain into treated bins sweep up and dispose of all dead insects on the bin floor to avoid contamination of clean grain.

The moisture content of small grains should be less than 12 percent for safe storage. Grain with a higher moisture content is more likely to become insect infested.

When harvesting small grains the combine should be adjusted to eliminate as much chaff, weed seeds and cracked and broken grain as possible. Grain containing these will tend to become infested sooner than will the sound, clean grain.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

Notice to El Paso Area Customers

Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.

Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intraestatales de la compañía.

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cual Southwestern Bell aplique sus tarifas.

Aviso a Clientes en la Región de El Paso

Con vigencia a partir del 1o de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States efectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras tarifas que se aplican al resto de Texas. El nuevo arancel que resulta de esta unión se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.

Aviso a los Clientes de Otras Compañías de Teléfono

El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell. Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para larga distancia, cualquier cambio en las mismas también afectaría a los clientes de otras compañías de teléfono.

Our chief concern on the future of 'Stripers' is how the supply of fish can be kept if fishermen catch a portion of them. We have always understood that hybrid species did not reproduce, hence where are future fish to come from. The Game and Fish Department won't need a committee on Planned Parenthood or any kind of control which should at least save money.

Hooper Shelton, Job Printer

The football season will be here before you know it. Hopefully there will not be a strike in the NFL. Of course, most housewives hope that there is a strike and that it will last for years. If there is one, then no one will complain on Sunday morning that the preacher "preached" too long and the football "addict" missed the first two minutes of the game. The wife will not have to clean the living room up after the game. There will be a lot less disagreements between the husband and wife. Of course, if the addict doesn't get his fill from the high school game on Friday night and the two college games on Saturday afternoon, then there might be a conflict between the family. You see, the addict needs all of the games to relieve all the tension of the past week. So, ladies, you will be better off if the strike ends before the season begins.

Now for my prediction of who will be in the Super Bowl. I have followed the Markham Scientific Method of Football Predictions. I have studied all of the information and come to the conclusion that the New Orleans Saints and the Baltimore Colts will be in the Super Bowl Game. Jimmy Markham, Bookkeeping

Well, my husband and I have just celebrated our anniversary. Sixteen years together. I must commend him on putting up with me that long and say that they have been the best years anyone could have known. We went to a nice restaurant to have dinner with some friends of ours and I learned a new way to test the food that you haven't tasted, but are dying to try: You know those kinds of foods they leave out on the salad bars and someone is always saying what's that or that looks like this or that and sometimes it turns out to be something else besides what you thought. We were standing at the salad bar when this friend said, "That looks like pudding," and her husband immediately replied, "It tastes like pudding." She replied, "Did you stick your finger in that?", and he said, "Yes." An innocent bystander died laughing and I couldn't help but laugh. After we were seated I decided that would be the perfect way to test what you might want to try, but the catch would be that you would never get away with it, and that brings us back to trying to decide which salad and different looking foods to put on our plate. Well, it was almost fool proof anyway.

From time to time, when the bottom falls out and I feel that I need to be uplifted and motivated, I turn to the pages of one of my favorite books. I speak of a book entitled "Light From Many Lamps" by Lillian Watson. Most recently, I ran across a section entitled "The Rules For Life" and thought you would enjoy reading a portion of what is said.

The rule of life is to be found within yourself. Ask yourself constantly, "What is the right thing to do?" Beware of ever doing that which you are likely, sooner or later, to repent of having done.

It is better to live in peace than in bitterness and strife. It is better to believe in your neighbors than to fear and distrust them.

The superior man does not wrangle. He is firm but not quarrelsome. He is sociable but not clamorous. The superior man sets a good example to his neighbors. He is considerate of their feelings and their property. Consideration for others is the basis of a good life, a good society.

Feel kindly toward everyone. Be friendly and pleasant among yourselves. Be generous and fair.

This week I want to extend my congratulations and a big bouquet of Roses to all our 4-H'ers who went to A&M the week before last and attended the State Roundup and Congress. Fisher County was so well represented and all of our kids did real well. There are too many to mention by name individually and am afraid I would omit someone, but I think we have a fine bunch of boys and girls in the Fisher County 4-H. Remember some of these will be the future farmers and leaders of our community, and who knows, we may even have a Congressman in the making. Let's not forget to tell all these kids how very proud we are that they represented our County so well. Also don't forget all the sponsors, folks who have spent many, many hours coaching and helping these youngsters, and the parents, some of whom got to go but the majority having to stay home and keep everything running smoothly. I think we as individuals should really be proud to say we are from Fisher County. "You know, the County who had so many girls and boys participating in the 4-H Roundup and Congress." Congratulations again and keep up the good work.

Your hands can be filled only when they are open.

Fisher County Well Pumping 163 Barrels Per Day

Pumping 163 barrels of oil per day, along with 143,000 CFM casinghead gas, the No. 169 Round Top was completed successfully in the Round Top Field by Conoco Inc. of Midland. Drillsite is ten miles west of Hamlin. It was drilled to 5,000-ft. total depth and will produce from an interval 4,545 to 4,746 feet into the wellbore. The location is in a 4,696-acre lease in Fisher County's W.E. Richardson Survey.

K&S Land Company of Midland has revealed plans to drill two wildcats in the Sylvester Field. The operator has 130 acres leased, with drillsite in Fisher County's Bastrop County School Land League and has designated the ventures as the Nos. 2 and 3 J.P. Maberry. Drillsite is two miles southeast of Sylvester. A 5,800-ft developmental

well is planned by Bush Exploration Company of Midland at a drillsite five miles northeast of Rotan, Fisher County. The location is in a 280-acre lease in the Survey. Well's designation is the No. 2 Hunsaker. It is in the Hunsaker Field.

Crown Exploration Co. of Abilene has filed for permit to drill the No. 3 Plemons, a 3,200-ft. developmental well five miles west of Hamlin. Location is in a 160-acre lease in Fisher County's BBB&C Survey. The Plemons well is in the Royston Field.

At a location four miles southwest of Anson, Interior Energy of Abilene has finaled a new oil producer in Jones County's Probst-Anson Field. The well is designated as the No. 3 Probst, pumping oil at the rate of 117 barrels per day. The well also showed potential for a small amount of casinghead gas. Location is in a 160-acre

lease in the T&NORR Survey. Bottomed at 2,584 feet, the well will produce from perforations 2,535 to 2,548 feet into the hole.

A 2,100-ft developmental well is planned by Petroleum Corp. of Abilene at a drillsite four miles southwest of Hawley, Jones County. The location is in a 252-acre lease in the W.M. Delk Survey. Well's designation is the No. 1 Conrad. It is in the Jones County Regular Field.

A Fort Worth-based operator has staked location for the No. 4 Odell Freeman "A", a developmental well to be located seven miles southwest of Noodle. With projected total depth of 2,650 feet, the well is in a 80-acre lease in Jones County's T&PRR County Survey, Jones County Regular Field. The operator is Rust Oil Corp.

Cottonwood Petroleum Co. of Abilene has revealed plans to drill a 2,700-ft wildcat. The operator has 160 acres leased, with drillsite in Jones County's T&NO Survey and has designated the venture as the No. 1 Akers. Drillsite is 8.5 miles east-southeast of Anson.

JEM Petroleum Corp. of Midland has filed first production figures on a new oil wildcat. The No. 1 Boyd showed potential to make 69 barrels of oil and 330,000 CF casinghead gas per day on a 19/64 choke. Tubing pressure came in at 250 PSI.

The operator has 160 acres leased, with drillsite in Nolan County's T&PRR Survey, three miles east of Herndon. The well will produce from an interval 5,590 to 5,593 feet into the well-

bore. Total drilling depth was 5,725 feet.

At a location 12 miles southwest of Maryneal, WES-TEX Drilling Co. of Abilene has finaled a new oil producer in Nolan County's Adair Creek Field.

The well is designated as the No. 8 J.M. McGlaughlin, pumping oil at the rate of 30 barrels per day. The well also showed potential for 40,000 cubic feet of casinghead gas per day. Location is in a 880-acre lease in the H&TCRR Survey. Bottomed at 6,130 feet, the well will produce from perforations 6,056 to 6,086 feet into the hole.

Flowing 105 barrels of oil per day, along with 60,000 CFM casinghead gas, the No. 1 Wilson "81" was completed successfully in the Roscoe Field by Natural Resources Corp. of Midland. Drillsite is ten miles southwest of Roscoe.

It was drilled to 7,114-ft. total depth and will produce from an interval 6,661 to 6,677 feet into the wellbore. Production tests were run on a 15/64 choke, and tubing pressure registered 210 PSI.

The location is in a 640-acre lease in Nolan County's T&PRR Survey.

A 6,150-ft. developmental well is planned by Permian Resources Inc. of Midland at a drillsite six and one half miles northeast of Aspermont, Stone-wall County. The location is in a 40-acre lease in the AB&M Survey. Well's designation is the No. 1 Patterson "A". It is in the Ashmore Field.

The noon series of programs offered the last six weeks in Roby have been well attended. This type of program, where those women working in the businesses and offices in Roby and have a lunch and attend the programs. It has been done in other counties, but this is the first time to offer this in Fisher County. The programs were in the annex in Roby. Program presentations were by me and some resource people an subjects included selecting and buying clothes, fashions for Spring and Summer, sewing tips and grooming and appearance. I really enjoyed this and have plans to offer more programs at a later date. If the working women in Roby would like these type of programs presented to them, please call my office, 776-2171.

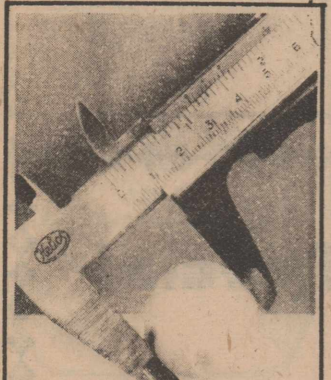

Stretch is no longer restricted to knits these days. In addition to the basic categories--denim, poplin and gabardines--polyester/nylon linen has been made into stretch. Stretch denim, for example, has been most successful in navy, but this spring lighter colors of blue team up with softer, more feminine looks with gathers and flounces. The coming trend, is the increase in the blending of natural fibers with stretch. Fiber-producing companies predict that in five years stretch will move into a wide variety of outerwear fabrics and will become the volume fabric.

The predictions will come true only if consumers are made aware of which fabrics are stretch and the benefits they provide. In terms of cost of stretch fabrics, some price resistance has occurred. However, fiber-producing companies are working to reduce cost and feel homeseers will be convinced of the value they're getting in stretch fabrics once they try them.

STRETCH-IN TODAY'S FABRIC
 Stretch wovens are in this season since home-sewers need more active-wear fabrics that perform well under stress.

This column will be featured in our paper each week. Please send in your grandchildren's pictures with the information you wish to put in the paper. We will mail them back to you or you can pick them up at the newspaper office.

Rotan Nursing Center

We have two lovely ladies doing volunteer work for us. Today they brought in yummy homemade fried pies. They are here temporarily. Their husbands are doing construction work at the National Gypsum Plant. They are Bennie Brookshire and Barbara Wright, both of San Augustine, Texas. We feel very fortunate to have them. On Friday all our residents enjoyed an ice cream party. We thank the Church of Christ and Brother Mike Dennis for Sunday afternoon services.

Theodore Sellars of Tahoka, Texas, and Mr. and Mrs. Charlie Smith of Sweetwater visited the

Gaines Smiths. Finis Ellison of Whitney visited Pearl Sharp. Mrs. Alta Norris of Lamesa visited her aunt, Emily Garrett. Bud Crawford was visited by great-grandsons David, Josh Stewart and Adam Thornton, all of Snyder. Inez Purser of Merkel visited Maud Gruben. Lorene Stuart of Roby, Icy Foree of Snyder, Lula Bell Hull of Tulsa, Oklahoma, and Ellen Ross of Laredo, Texas, all visited their uncle, Rollie curlee. Kris Daniel of Rockwall, Texas, visited Hubert Daniel. See you next week.

Secret Pals Hold Monthly Meeting

Mrs. Florine Swaringen and Mrs. Virginia Rogers were recent hostesses to the Secret Pal Club at the home of Mrs. Swaringen in Rotan. Members present were Mms. Hazel Smith, Clyde Farrar, Sr., Mrs. Tracy King, Mrs. Bessie Eaton, Mrs. Bess Ashley, Mrs. Anna Knox, Mrs. Opal Burch, Mrs. Bertha Allen, Mrs. Emma Loyd Morris, Mrs. Maudie Balenger, Mrs. Clara Rogers,

Mrs. Myrtle Kelton, Mrs. Wanda Kiker, Mrs. Lillie Herron, Mrs. Wilda Leach, Mrs. Ruth Hammer, Ludie Harris, Mary Ann Rodriguez and the hostesses, Mrs. Rogers and Mrs. Swaringen. Mrs. Arlene McAnally of Kermit was an out of town member present. Cake, sandwiches, salads and other party dainties were served buffet style from an appointed table.

National Gypsum Reports Early 82 Earnings Decline

Robert E. Scifres, chairman and chief executive officer of National Gypsum Company, told the annual meeting of shareholders today that earnings in the first quarter of 1982 were down 87 percent from the first quarter of 1981.

Earnings were \$1.1 million, or \$.07 per share, compared with earnings of \$8.5 million, or \$.51 per share during the first quarter of 1981. Sales were \$203.9 million, down from \$222.8 million.

Mr. Scifres cited continued low level of new residential housing construction and the worst winter weather in several years as reasons for the earnings drop. Sales of products serving primarily the residential market declined due to the recession, he explained. However, ceramic tile sales remained strong due to strength in the nonresidential construction markets. Gypsum wallboard, the company's major product line, also was profitable in the quarter.

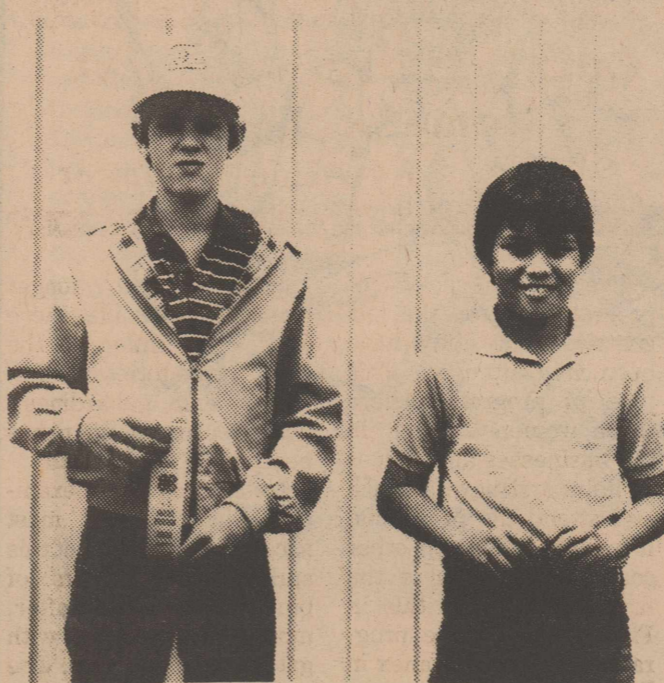

"The outlook for the balance of 1982 is uncertain at best," Mr. Scifres said. "Mortgage rates will have to come down to create a substantial demand for new home construction."

National Gypsum Company's operating divisions produce a diversified line of quality products for the building, construction and

shelter markets, including gypsum wallboard; ceramic tile; wallcoverings and coordinated fabrics; architectural glazing systems and mirrors; aluminum prime and storm windows and doors; cushioned vinyl flooring and vinyl siding; and cements.

HONORED AT ROBY: Robby King and Mary Nell Clayton were honored at the Roby High School Athletic Banquet after being selected as Best All Around Boy and Girl Athletes.

JR. RANGE EVALUATION: Joe Mike Sparks, left, son of Mr. and Mrs. Lawrence Wayne Sparks of Rotan, was 3rd high individual in District 4-H competition, and Blake Morrow, son of Mr. and Mrs. Joe Morrow of Rotan, was 2nd high individual in the competition.

Panama hats were first made in Ecuador, Panama, however, was the chief center of distribution.

HORSE DEMONSTRATION TEAM: Matt Floyd, son of Mr. and Mrs. Gary Floyd of Roby, and Reggy Spencer, son of Mr. and Mrs. Richard Spencer of Roby, won first place recently in the 4-H Jr. Horse Demonstration Competition.

FINALLY, THERE'S A TELEVISION CHANNEL THAT STIMULATES ALL THESE GREAT MINDS.

Most television channels don't challenge great minds. Of course, great adult minds can afford to take it easy.

But great young minds—like your children's—can't. They need all the stimulation they can get. They need Nickelodeon.

The cable television channel devoted entirely to young people. With 14 hours of award-winning, non-commercial programming every day.

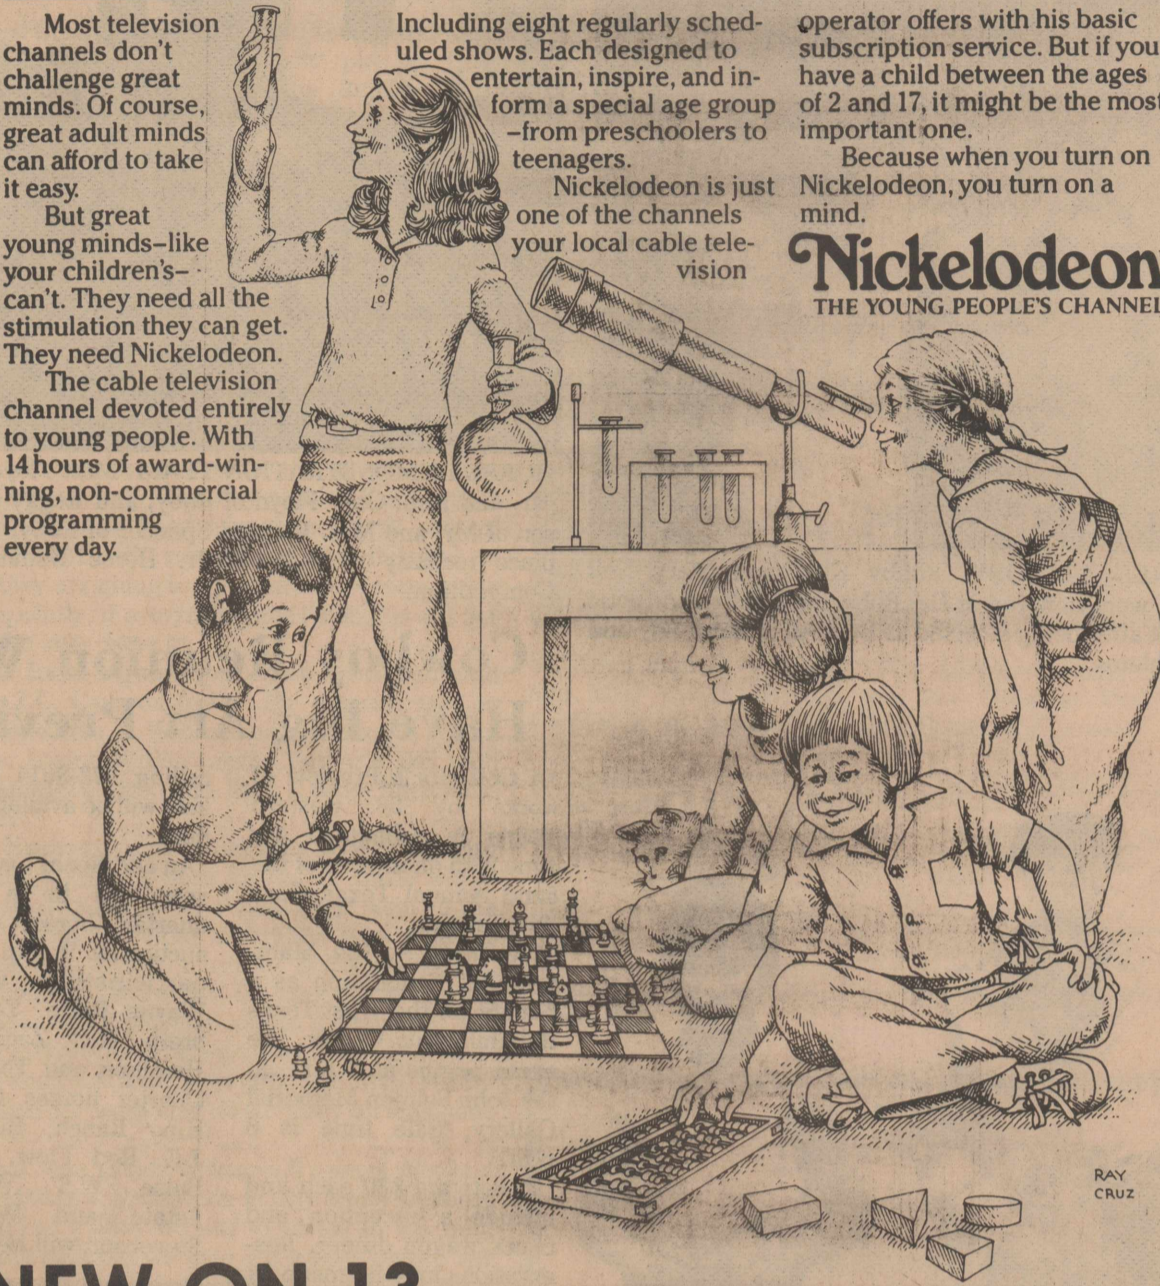

Including eight regularly scheduled shows. Each designed to entertain, inspire, and inform a special age group—from preschoolers to teenagers.

Nickelodeon is just one of the channels your local cable television

operator offers with his basic subscription service. But if you have a child between the ages of 2 and 17, it might be the most important one.

Because when you turn on Nickelodeon, you turn on a mind.
