FORTY-NINTH YEAR

PRIMER ELECTION IS HELD FOR JUNE 30 IN PRECINCT SEVEN

Petition Presented To The Commissioners Signed By 37 Qualified Voters

VOTE SPLIT 3 TO 1

Quality of Election Will Be Mooted Question, As Findings of Law Differ

When three to one, the members of the commissioners court have received a petition presented by 37 qualified voters and ordered an election to be held in Justice Precinct No. 7, June 30, to decide whether the sale of beer shall be permitted in that precinct. The petition embraces voting boxes of the kind used in the county.

HASKELL P. C. A. WILL BE MOVED TO SPUR BY JUNE 15

Will Be Merged With Seven Other Counties; Will Change Personnel

Notice to the effect that the Haskell Production Credit Association would be moved to Spur, Texas, from this city by June 15 was made known Wednesday when the directors held a special meeting. Reasons given for the change were that Spur was situated better for the main office since the organization had been enlarged to embrace eight counties instead of four. R. C. Montgomery was president of the Haskell branch, while Kenneth H. Thornton was secretary.

The Haskell Production Credit Association was organized here January 6, with Jones, Stonewall, Knox and Haskell counties in the organization. Later Mr. Montgomery was named as president and Virgil Meadows as secretary. Mr. Thornton succeeded Mr. Meadows as secretary about four months ago.

Firemen Attend State Meeting

Twelve members of the Haskell Fire Department attended the State Convention of Firemen held at Mineral Wells Tuesday, Wednesday and Thursday of this week. In the group were: Chief J. L. Collier, Mr. and Mrs. C. C. Maples, Mr. and Mrs. Clay Smith, Mr. and Mrs. Frank Reynolds, R. L. Harrison, Wilton Kennedy, R. A. Hays, Willard Warren, Charles Redwine, Jack Wood, G. L. Mayes, and P. G. Kendrick.

Golf players from Stamford and Seymour will engage in a tournament here Sunday afternoon, with playing covering 18 holes. It is expected that at least 16 players will be present from each city.

Message In Shorthand Puzzles Negro Woman; Asks Free Press Aid

Giving a piece of paper a very puzzled look, a negro woman walked into the Free Press office Monday afternoon, and asked if "anyone heah could read sho'hand." After being informed that no one was present who could even write, let alone read the said "hen-tracks" the colored person informed the force that a certain gentleman friend had told her HE could write shorthand and was willing to demonstrate his ability, but after mak-

SATURDAY IS LAST DAY TO FILE FOR POLITICAL OFFICE

All Office Seekers Should File With John Couch, Executive Secretary

POLITICS IN LULL

Most of Voters Too Busy At Present To Pay Attention To Candidate's Claims

Saturday night at 12 o'clock will mark the deadline for filing for political offices in Haskell county, according to John Couch, secretary of the County Democratic Executive Committee.

For the past few weeks, a lull in announcements has been experienced, but many political prognosticators believe a few more candidates will announce by Saturday night, to further complicate the situation now existing in this county. Every office with the exception of county attorney and county treasurer, has at least two seekers with the office of sheriff attracting seven men.

So far, although the candidates have been busy, politics have remained in the lull stage, owing to the fact that many of the voters are more interested in "making hay while the sun shines," but Haskell county has always experienced "hot" races and this year is not expected to prove an exception. Anyone contemplating entering any race should file their name with Mr. Couch before Saturday night at 12 o'clock.

July 20 Deadline On City Taxes

City property owners will have until July 20 to pay delinquent taxes without interest and penalty being added, states Mayor A. F. Thurman, following the last meeting of the City Council.

This additional period of grace was decided upon in order that every property owner might be afforded ample time to arrange for payment of delinquent taxes without being compelled to pay the heavy penalty and interest fees which have accrued.

A campaign to secure payment of back taxes, undertaken by the new city administration, has met with a very encouraging response on the part of taxpayers. Mayor Thurman stated, and the granting of the additional time should enable practically every property owner to take advantage of the saving of a considerable sum in interest and penalty on back taxes.

At the council meeting an order was also passed calling for bids for a depository for city funds. Bids will be received until July 5th from banks or bankers desiring to act as city depository for the ensuing year.

Other business transacted at the meeting including the passage of an order requiring that all bills for water and sewer service be paid by the 15th of the month following billing. Water service will be discontinued on that date if the current bill is unpaid, and a reconnection fee charged when service is resumed.

ELECT OFFICERS ROYAL ARCH LODGE

Election of officers for the Haskell Chapter No. 181 of Royal Arch Masons was held Tuesday night with the following members named: Virgil Brown, High Priest; R. J. Paxton, Excellent King; John Rike, Excellent Scribe; W. H. Cox, Principle Sojourner; O. E. Patterson, Treasurer; Joe A. Jones, Recorder; F. L. Daugherty, Captain of the Hosts; T. J. Arbuckle, Royal Arch Captain; Jesse Bland, Master 1st Vale; J. L. Southern, Master 2nd Vale; Dennis Ratliff, Master 3rd Vale; T. W. Flenniken, Sentinel.

Miss Anna Maude Taylor is at home from Simmons University.

"Yard Beautiful" Judges Making First Inspection

Month of June Finds Brides Are Scarce In County

The traditional idea, held by male and female, that the month of June is the time for weddings is as well-founded as a fairy tale, if the number of marriage licenses issued in Haskell county so far this month can be taken as a criterion. Up to the present only three couples have walked into the office of Jason Smith, county clerk, and signed their intention to marry and their desire for the piece of paper which makes things perfectly legal. However, several days remain of the Bride's Month and plenty of time remains for the June-minded to decide to tie the well-known, and sometimes easily untied, knot.

COMMISSIONERS IN REQUEST FOR USE OF COUNTY LABOR

Ask That Only County Labor Be Used on Highway 120 By The Contractor

Citing the fact that it was the intention and purpose of the Federal government in making appropriations for road work, that the money be used to relieve unemployment, members of the commissioners' court requested Monday that the contractor of the work on highway No. 120, between Haskell and Rule, carry out the government's stipulations and to also use no one except Haskell county workers on the project, and that Haskell county owned trucks be used.

Through misunderstanding, according to one of the members of the court, rumors have been circulated to the effect that some of the commissioners were not working for the good of county labor, but the charges are unfounded. The commissioner interviewed stated that the court was doing everything possible within its power to see that all workers used should be recruited from county labor.

The members of the court, in a statement which they made, also requested that the local C. W. A. office and the Department of Labor use their powers to see that the provisions were adhered to by those contracting for labor.

BASEBALL CLUB MANAGEMENT TO GET NEW PLAYERS

Strong Team Will Be Placed In Field For Second-Half of Valley League Race

At a meeting of the officials and fans of the Haskell baseball club Wednesday night, plans were laid for the second half of the Wichita Valley League which begins early in July. A re-vamping of about three positions, which is necessary to give Haskell a strong pennant contender, is in prospect and the new players have been contacted.

It was brought out at the meeting that the new men to be secured are experienced and can "deliver the goods." Several of the fans, upon being assured that Haskell will have a much stronger club for the second half, wrote out checks of generous figures to help secure the new players, who, according to the management, will be here in plenty of time to be made eligible for play.

A committee composed of business men is in charge of the finances of the club and the members expressed their determination to place a strong club on the field for the first second half game, which is with Rule.

Outside of about three positions, the Haskell team has players that stack up with any other team in the league.

To Represent Rule

Rule, Texas, June 13.—Miss Ruby Lee Buchten, daughter of Mr. and Mrs. A. Buchten of Rule has been selected to represent her city at the Stamford Cowboy Reunion July 2, 3 and 4th. She is a 1934 graduate of the Rule High School and is considered an experienced rider.

Seven Prizes Will Be Given Besides Grand Prize To Those In Contest

With over 70 yards to be judged, the secret judging committee of Haskell's "Yard Beautiful" contest began work Tuesday morning classifying the various yards throughout the city. The contest will embrace three divisions—home owners with yards exceeding 70 feet, home owners with yards less than 70 feet and renters with no yard limit. The next inspection will be made in early September.

In addition to the first and second prizes of \$750 and \$500 respectively, another prize of nursery stock will be given by Conner's Nursery & Floral Co. for the most beautiful yard in Haskell, regardless of classification.

The "Yard Beautiful" contest is under the joint sponsorship of the Magazine Club and Haskell Service Club, with members of the latter organization donating the bulk of the prize money. Other sums of money have been given by individual business firms.

According to one of the committee members in charge of yard inspection, the scoring will be made on various phases of yard work, with special attention and credit being given to the owner, or renter, making the greatest improvement from one inspection to another.

Allred Addresses Haskell Voters

Attorney General James V. Allred presented his candidacy for governor to a crowd of several hundred voters last Saturday afternoon, when he spoke at 2 o'clock on the courthouse lawn. Former mayor Emory Menefee in introducing the speaker, paid high compliment to Allred's record as Attorney General, and as district attorney of Wichita county prior to his election to state office.

Allred, in his speech, assailed the large utilities companies, who, he asserted, were influencing legislation inimical to the people's interests. He also advocated a measure which would require state legislators to file statements showing any corporate connections as private lawyers. Without naming any of his opponents in the race, the speaker said a majority of the candidates for governor were "out to beat Allred." A life-time "dry" Allred told his listener that the people with their ballots, and not the governor, were the arbiters on this question. In concluding his one hour's talk, Allred outlined his record as Attorney General for two terms, and in refuting criticism which he said had been directed against him, stated that he had "written more opinions and placed more money in the state treasury" than any of his predecessors in the Attorney General's office. He was frequently applauded.

Allred was met here by a delegation from Monday, where he spoke at 4 o'clock, going from there to Seymour for an address Saturday night.

GOOD RECORD MADE BY COUNTY SCHOOLS

With practically every school term in Haskell county finished, records in the office of Miss Minnie Ellis, county superintendent, show that only four district schools had less than a seven months term in 1933-34, fifteen others had at least seven months term and twenty-five schools finished an eight months term. Also not one school finished in the "red," in comparison with the school year of 1927 when 37 out of 44 schools were placed on the wrong side of the ledger in school finances.

According to Miss Ellis, the schools of Pleasant Valley and Cottonwood were closed for reasons not based on lack of finances. The schools of the common districts in Haskell county finishing more than seven months are Ballou, Jud. Brushy, Vernon, McConnell, Midway, Lake Creek, Irby, Cliff,

Home Demonstration Club Women Hold Clothing Contest June 11

In the presence of at least 150 interested persons, the clothing contest of home demonstration club women of Haskell county was held here Monday June 11. A total of 57 entries were entered in the various contests. Mrs. Dora R. Barnes, of the state extension staff at College Station acted as judge. The contest held Monday was the largest ever held here of this nature. As a result of work done in the wardrobe contests three women

JUNE 30 LAST DAY TO SAVE REMINDS COLLECTOR FOUTS

All of Years Prior To 1933 May Be Paid This Month At Savings, He Says

Stating that tax penalties are needless expense, Ed F. Fouts, tax collector, is again urging delinquent taxpayers to pay before July 1, the deadline set by the legislature to avoid the penalties. According to Mr. Fouts a large saving can be made by delinquent paying now.

Citing the fact that the penalty on state and county taxes delinquent for the year of 1932 and prior years will increase on July 1 from 6 percent to 10 percent, he also points out that interest will be charged at the rate of 6 percent per annum from date of delinquency, as required by law. No interest is charged on delinquent taxes that are paid before July 1. Mr. Fouts also states that the law exempting penalty and interest does not apply to 1933 taxes. Last half payments of 1933 taxes become delinquent on July 1 and bear 10 percent penalty and 6 percent interest per annum thereafter.

Knox Golfer Breaks Local Course Record

Shooting a blistering 70 score for eighteen holes, two under par, Jack Wilson of Knox City, set a new course record on the local grounds Sunday afternoon.

His teammate, Pany Farmer, also of Knox City, suffered defeat at the hands of Wilson, but by only one point.

Boht golfers will take part in the Tri-County golf tournament which will be held here July 8 to 15.

Daily Vacation Church School

Rev. Mr. Carter reports that there are about 70 enrolled in the Daily Vacation Church School at the First Methodist Church. In addition to this number several visitors and 12 workers have been present. The work is being done in a very fine way and much enthusiasm is being shown.

LARGE LIST OF ENTRIES FOR RACE MEET IS EXPECTED

Favorites of Last Year To Again Be Present Here From June 26 to 30

IMPROVE GROUNDS

Work of Improving Is Now Under Way and Will Be Pushed For Meets

Favorites of last year are again slipping into notice with the continued flood of reservations for stalls pouring into the Racing Association at Rice Springs Park, Haskell, at the rate of over 25 a week. Among this week's reservations were two of last year's winners, Sun Meddler and Red Banner, both being well remembered by racing fans because of the manner in which they spilled the dope last year and the handsome price paid their backers. Reservations have also been received for Golden Dreamer, Glash and Little Joe, all of whom raced here last fall. Little Joe was winner of the Haskell County Race until disqualified and ran second in the Ladies Race after having run away for half a mile.

The complete list of reservations received this week are as follows: Sleepy Moss, Grace Swung, Amil Swing, Sassy Swing and Joe Bailey by R. D. Fleming of Stonington, Colorado; Teran and Black Gal by Arthur Edwards; Golden Dreamer, Flash, Sun Meddler, Lucky W and Dora by J. T. Fulcher, who rode here last fall as a jockey; Red Banner and Alter Brand by Joe Sims; Country Boy by W. F. Hodges; Stage Struck, Sweet Heart and March Wind by John Palmore; Entice, Jack Cagle and Van Low by T. R. Palmore; Ned Hanger, Alpha, Little Joe, Little Duck and Big Jim by Jodie Hamack; two unnamed horses by C. C. Juhan; four unnamed horses by Mr. Zinn and one unnamed horse by Mr. Grandbury. All the horses named are at present racing in Panhandle, Texas, from whence they will go to Amarillo and from Amarillo to Haskell. The unnamed horses are Mineral Wells entries. The reception of these entries brings the total number of reservations to 66, a number far in excess of the reservations at this time last year.

With the opening day but two weeks off work is being rushed on the track and fair park, a crew of men having started work Monday laying pipe to the grounds, cleaning the grounds, repairing the grandstand, bleachers and stables and in general fixing the track for the races.

Final organization of the Association was perfected at the meeting of the Board of Directors Tuesday noon at the Texas Cafe. At that time the work of the organization was discussed and committees named to take care of the various activities necessary for the conduct of the races. Mr. Herman Henry and Mr. Leo Southern were placed in charge of the gate, Mr. Clay Smith the track, Eugene Tonn, police, Hill Oates, mutuels, Courtney Hunt, Server Leon and J. F. Kennedy, booster trip, Mack Martin, programs, J. D. Montgomery, closing of business houses, Hollis Atkinson, grounds, Walter Murchison, concessions and passes, F. L. Daugherty, sponsors.

Much enthusiasm is being shown about the races and from every indication the number of reservations being received the Spring Race Meet of the Rice Springs Racing Association will far exceed the races here last fall. The Association is trying to bring the best program possible to Haskell county and keep the Haskell races as the premier sporting attraction of West Texas.

FLOWERS GIVEN TO "SHUT-INS" SUNDAY

Over 50 "shut-ins" were presented with flowers in Haskell county Sunday, June 10 by the Conner Nursery & Floral Co. of this city, according to Mrs. Chas. Conner, who superintended the distribution, which was handled by Boy Scouts in Haskell, Rev. O. B. Herring in Rule, and Mrs. Bennett Hess in Sagerton. Permanent "shut-ins" in Rochester, O'Brien, Weinert and other places throughout the county were visited personally by the local florists.

The program of flower-giving was carried out simultaneously throughout the United States Sunday, in more than 2200 cities. The giving of flowers as a program was instituted last year, and is purely altruistic.

Mr. and Mrs. Jack Tidwell of Abilene were here Sunday visiting relatives. They were accompanied home by J. D. Tidwell of this city who entered school there Monday for the summer months.

THRIFT AND SUCCESS

Opportunities come to everyone, but often the greatest opportunities can not be grasped because it requires a little ready money to enable one to take advantage of them.

This point is emphasized by a well-known financier who in an article on thrift says: "Those who became leaders in the business world found the turning point in their careers when they were able to take advantage of the great opportunity because they had the money at hand. In most cases the sum of money involved was small—but coupled with vision, ambition, clean living and self-mastery, these men were able to turn their nest eggs into colossal fortunes."

It is undeniable that the habit of saving comes hard for most people, but having once made a start it is comparatively easy to continue. Nothing inspires the confidence of business men in a young person more readily than the knowledge that he or she is able to save money, even though the amount saved from month to month is not large. Many a young man has been enabled to make a most desirable business connection through a reputation for thrift and having a little ready cash.

THE PUBLIC MUST BE AROUSED

Apathy of the American people, as a body, regarding the crime situation in this country justifies repeated effort to arouse public support for those in authority who are striving to relieve existing conditions.

The nation's crime bill is getting larger every year. Racketeering and crime organized on a nation-wide scale under the leadership of notorious criminals, with the co-operation of unprincipled and corrupt officials, and with the assistance of their unscrupulous lawyers, cost the nation 15 billion dollars annually. This is six times the amount spent on public schools each year. It represents \$120 for each person in the United States, while the total Federal, state and municipal taxes about which there is so much complaint, averaged only \$78.76 for every man, woman and child.

Chief Justice Charles E. Hughes, in a recent address before the annual meeting of the American Law Institute, urged the need of "robust public sentiment" coupled with "greater activity by the better elements in the legal profession," for routing of crime. All social agencies must play their part in cultivating this sentiment, the Chief Justice said, but in particular it is the field of the lawyers.

As pertaining to the heavy responsibility of the legal profession, it is of interest to note that following the recent appeal of Attorney General Cummings for lawyer associations to "clean house" among their members, an investigation has disclosed that in at least 16 states broad programs are under way aimed at the elimination of members guilty of dishonest or unethical conduct. Nearly 200 lawyers have been disbarred during the past few years and hundreds more now have their cases before association tribunals.

However, there can be no real victory in saving the United States from crime until the great body of the American people, aided by lawyers, shall arouse itself to the evils besetting the detection and punishment and to the need for intelligent laws and their impartial execution, aided by greatly simplified rules of criminal procedure.

To Again Reduce The Relief Cost

AUSTIN, Texas, June 9.—Relief administration costs were again earmarked for reduction throughout the State, it was learned today from Director Marie Dresden of the Texas Relief Commission.

An immediate saving of \$3,500,000 monthly in State relief expenses is to be accomplished through a new "classification of position" system going into effect immediately.

Employees of the Relief Commission will receive wage reductions under the new system, excepting those now receiving minimum wages under the law.

Pay reductions, initiated in the interest of administrative economy, will be based on an appropriate wage scale, arrived at out of consideration of the duties performed by employees, thus bringing all employees doing the same kind of work into the same classification.

Plans for installing the system were discussed recently in New Orleans and in Kansas City where Federal Emergency Relief representatives conferred to discuss administrative problems touching six southern states. These representatives considered the feasibility of putting this "position plan" into effect elsewhere to insure a uniform system of employee pay-rating and duty classification.

All persons in the State relief service performing the same duties will be placed under the same work classification and receive the same pay.

Under the new set-up the administration will establish a set scale of service values, which will eliminate promotion except on basis of merit. The establishment of the rate of pay for each separate classification of work will be determined from the minimum wage code requirement prevailing for that class of work.

The new program will be effective in two weeks in counties and today in central office. Each relief employee in Texas has filled out forms containing personal history, the employee's ideas concerning scope of his duties and his supervisor's check-up, thus assuring accuracy in determining the actual field covered by each employee and percent of time spent on each task during an average day. This information will enable the administration to properly classify each employee according to types of duties actually performed in the regular course of his work.

into these areas will make possible the comparison of like situations. Group classifications of positions then can be obtained.

The system embraces a model organization chart which will be used in county administrative offices. On this chart will be mapped the definitions of duties of each employee. The necessary duties of each position will be clearly outlined under each work classification.

The only exception to be made to the system will be where the county has certain exceptional conditions prompting the state administration to modify the plan in that area.

This program will ultimately save the State approximately \$65,000,000 each month.

Other savings instituted during the first sixty days of Director Dresden's administration are \$30,000,000 monthly through adoption of a stringent purchasing policy and \$180,000,000 monthly by reduction and elimination of unnecessary personnel throughout Texas, making a total saving of \$275,000,000 monthly.

Bad Vision Cause Of Many Deaths

CLEVELAND — Annual statistics in the United States attribute 100,000 deaths to poor vision, according to the American Association for the Blind. The association is sponsoring research at the National Bureau of Standards in Washington, D. C., to determine the cause of defective vision.

Dr. Luckiesmith, director of the National Bureau of Standards, is the only one of the total number of adults in this country who have defective vision according to the scientist.

"Every few minutes a person is accidentally killed in this country. Studies indicate that at least one-fifth are due to poor sight."

NOTICE TO WATER CONSUMERS

Effective immediately, all water bills are due on the 10th of each month, and MUST be paid by the 15th of the month, or water service will be discontinued and a reconnection charge made when service is renewed. Contract Signers Make More Money Than Non Signers

College Station. — Whether the hog processing tax comes out of the farmer or out of the consumer, the farmer who signed a contract... makes considerably more money than the one who did not.

Take two farmers each having four acres and marketing an average of 40 hogs of 200-pound weight each year. One signed the hog contract, the other did not.

The non-signing farmer, forgetting transportation and marketing costs, would receive \$6.00 per head for his 40 hogs or \$240.

The fact is, says Mr. Regenbrecht, that the hog reduction program, at present hog prices, means a net increase to the farmer who is cooperating of about thirty per cent.

When consumer demand is lively it is probable that the processing tax will come out of the consumer.

As at present it is likely coming out of producers' hog prices, even so, the cooperating farmer is making more money than the man who is not cooperating.

In addition he is helping the United States to cut production to fit demand as manufacturers always do.

In the long run this means favorable prices to all.

Yards Cost \$1.77 To Landscape, Add \$100 to Farm Value

COLLEGE STATION. — An increase of \$1,502,000 in the value of farm homes is calculated as the result of a cash expenditure of \$28,935 on 15,926 farm yard landscaping demonstrations completed by Texas home demonstration club members in 1931, 1932, and 1933.

According to a report issued by Miss Mah Jacks, extension specialist in landscape gardening at Texas A & M College, the figure is based on an estimate that a properly landscaped place can be sold for 10 per cent more than an unplanted one.

Real estate men estimate a 20 per cent increase in value. The estimate assumes a low valuation of \$1000 per farm.

The low cash cost of this landscaping is an average of \$1.77 per yard—was due to the free use of native shrubs and trees transplanted from nearby woods and creek bottoms, to plant exchanges, and to cutting beds.

Women grew 132,492 cuttings of ornamental shrubs in the 6257 cutting beds operated. Plant exchanges extended even beyond the county lines.

One case was reported of an exchange of native shrubs between women of Wilbarger county and women of San Augustine and Upshur counties.

Mrs. F. L. Wallace of Falls county traded canned meat for balled and butlered yonpin trees. A woman from Hidalgo county traded board to a man for enough pickets to underpin her house.

Native materials such as stone, gravel, pine slabs, logs, and sand were used for construction of walks, drives, underpinning for houses, out-houses, trellises, gates and fences.

In 1933 there were 23,394 farm homes enrolled in landscaping of some kind, and much of it is to be completed in the next two years.

Detailed plans worked out with home demonstration agents were used in 4205 of these demonstrations.

Center Point H. D. Club. The Center Point H. D. Club met in the home of Mrs. W. E. Bland Thursday at 2.30 with eight members and one visitor and the County Agent, Miss Reed.

Miss Reed gave a good talk on patterns and the Dress Contest. Our club only entered three dresses, being cut short on account of sickness and harvesting grain.

We want to ask each member to please bring her monthly report to Mrs. H. D. Bland's, where we have our next regular meeting on the third Thursday. Let's everybody be there.

Lemonade and doughnuts were served to the following: Mesdames W. T. Morgan, M. M. Miller, T. P. Morgan, W. E. Johnson, C. Pennington, T. M. Patterson, H. D. Bland, A. B. Corzine, Misses Johnnie Reed and Helen Bland and the hostess. Reporter.

Rites Held For Mrs. H. M. Hood. Funeral services for Mrs. H. M. Hood, age 38, of the Post community, were held Monday afternoon, May 28 at 2.30 in the Primitive Baptist church, with Elder R. V. Sarrells, of Abilene, and Elder R. V. Sarrells, of Anson, officiating.

Mrs. Hood passed away Sunday May 27. Besides her husband and four children, she is survived by her parents, Mr. and Mrs. R. H. Darnell, a sister, Mrs. Vick Keunster, and a brother, Luke Darnell.

Mrs. Hood was a member of the Missionary Baptist church at Post.

War on Crime

Congressman Wright Patman of Texas sponsored the most important of the ten crime bills passed by the House of Representatives. This bill permits the Federal Government to offer rewards up to \$25,000 for interstate fugitives from justice, dead or alive.

It also provides that awards of the same amount may be paid for information leading to the arrest and conviction of such criminals. (Texas News Photos.)

This Is Season For Appendicitis

AUSTIN, TEXAS.—This is the season of the year when more deaths are recorded for appendicitis than in cooler weather. A careful study by the State Department of Health brought out the fact that more appendicitis deaths occurred during the warm months.

In 12 months about six hundred and fifty persons died of this disease, many of whom would be alive today if they had not been delayed in calling a doctor.

There are two principal causes for these deaths: The first is delay in calling a doctor, and the second is the taking of strong purges when one has pain in the abdomen.

When the appendix is in a diseased condition the taking of strong laxatives often results in the rupturing of this organ. Of the deaths mentioned, 588 of them had ruptured appendix and thirty-five per cent were not operated upon.

The removal of an appendix is now a very simple matter when done early or before the appendix becomes gangrenous and ruptures, which may take place as early as 15 or 18 hours after the onset of the attack.

In the case of abdominal pain that persists do not take a strong purge but call your physician as he will be able to tell you whether or not you have appendicitis and the method you should use in treatment.

Many persons wonder why there is so much appendicitis today when years ago it was never mentioned. The reason for this is that it has undoubtedly been with us always but was unrecognized as a specific condition.

One of the common names under which it was cloaked was inflammation of the bowels.

in a game which marked a parade of pitchers, throwers and would-be throwers for the visiting club. Smith, moundster for Haskell, curved Knox City into submission, and was in trouble only in one inning, the fifth, when three runs were scored on three hits.

Elie Thurman, Brave hot corner protector, found Knox City hurlers for two home runs and a single, while Adkins, initial sacker of Haskell, went to the plate six times and raised his batting average with four hits. Clift, also of Haskell, garnered four hits out of six times at bat, with a double and triple sandwiched in with the collection.

Serve Meals In Open for Jaded Appetites

DENTON, June 1. — Although meals must needs be prepared with the customary regularity, regardless of the soaring temperature serving them in the open does much to stimulate the most jaded appetite. Breakfast and lunch may be served on the porch or close to an open window with the blooms of the flower box for company. The tea table may be placed in a shady corner of the garden near the hollyhocks. The family supper may be arranged on trays for individual service in the garden, or elsewhere as fancy may dictate. These meals may be very simple, hunger being the best sauce, or quite elaborate, dainty food gaining piquancy from unaccustomed surroundings. In any case they have a distinctive, wholesome charm.

Menu 1—Chicken Rouleaux, Potato Salad, Spiced Crabapple, Jelly, Strawberries with Heavy Cream, Iced Beverage.

Menu 2—Peanut Butter with Devilled Ham Sandwiches, Marinated Tomatoes and Cucumbers, Fresh Peaches in Cream, Spiced Cake, Beverage.

Menu 3—Crabmeat Cocktail, Cold Lamb with Mint Jelly, Asparagus, Whole Tomatoes with Salt, Apricot Ice, Marguerites.

Menu 4—Black Cherries on Trussed Ice, Stead Salmon Loaf, Tartar Sauce, Canned Corn, Crisp Head Lettuce, Salad, Ginger Ale Cooler, Gum Drop Cookies.

(Chicken Rouleaux: Chicken rouleaux are a delicious substitute for the usual sandwich. Make a light rich biscuit dough, shortcake, and roll it out about 14 inch thick in a sheet four inches wide and as long as convenient. Brush over with melted butter, spread with minced chicken which has been well seasoned and slightly moistened with cream. Roll up, cut in finger lengths, pinch the ends together, lay on a greased baking sheet, bake in a hot oven. Ham may be used instead of chicken if preferred.)

Potato Salad: Two large potatoes cubed and cooked with three large onions, by steaming. Place the cooked cubes on ice for one hour before proceeding with the salad. Take one large firm cucumber, using only the center (disc it), one stalk of celery—use only the heart—four slices of onion, sliced until crisp and chopped, two chopped hard-boiled eggs, one-fourth cup pepper, one small onion, Mix well and add a mayonnaise.

Peanut Butter and Devilled Ham Sandwiches: A quick-make sandwich. Use peanut butter and devilled ham in equal proportions. Stir in a little prepared mustard and enough mayonnaise for a spreading consistency. Use on whole wheat bread.

Ginger Ale Cooler: Fill tall glasses half full of mint or lime ice. Pour ginger ale over this just before serving. Garnish with mint leaves and sliced lemon or orange.

Gum Drop Cookies: 4 eggs, beat until foamy and add 2 cups brown sugar, 1 tablespoon cold water, 1 teaspoon lemon or orange juice. Stir in 12 cup nut meats, 1 cup chopped gum drops of assorted colors, dredged with flour. Spread mixture on greased, floured pans in a thin sheet. Cook slowly for about thirty minutes. Cool and ice.

Miss Joe Ann Derr Winner of County Bedroom Contest

Miss Joe Ann Derr, daughter of Mr. and Mrs. J. P. Derr of Weimert, won first place in the county bedroom contest which were held here Monday June 4, by scoring a total of 95 points. As a reward, she will be given a trip to the annual short course which is held by A. & M. College at College Station. Miss Berta Mae Thomas, also of Weimert, and Miss Bobbie Campbell, of Roberts, tied for second place with 90 points. Mrs. Bob Foote, of Haskell, served as judge. There were seven girls to enter the contest.

The achievement of Miss Derr were accomplished through much planning and hard work, and although the past year marked her entrance into such work, she has accomplished practically every goal she had planned.

The work of all three girls drew the praise of Miss Johnnie Reed, home demonstration agent, who realizes better than most people the time effort and thought each contestant put forth, and the difficulties each encountered.

The cost to Miss Derr in remodeling her bedroom totaled only \$9.70, of which the closet consumed \$5 to build. The cost of the various items, according to Miss Derr, were: Paper \$5; enamel \$5; two window panes 20c; stain 25c; draperies \$1.00; pair of sheets \$1.50; pair of pillow cases 40c.

"As a bedroom demonstrator," Miss Derr states, "I have remodelled my bedroom by building a new closet, papering the room, adding new draperies, repainting the furniture, woodwork and floors, covering a chair with chintz, adding two small window panes, placing new pictures on the walls, secured new book ends, provided adequate storage space by the addition of built-in racks for shoes and shelves for flat garments, made a pair of sheets three yards in length and a pair of pillow cases, made a new mattress cover, installed slats for each row of springs, and was careful to make up my bed correctly 25 times."

To build the closets, her mother's room was made smaller and a closet extending from floor to ceiling was built in each room.

"The walls and ceiling were kalsomined with a dark peach color,

Essentials of Good Bedroom Outlined By Demonstrator

A room that meets the four essentials of a good bedroom is the accomplishment of Berta Mae Thomas, bedroom demonstrator of the Weimert A.M. club. These essentials are: First, spotlessly clean and cheerfulness is a safeguard to health as well as the first principle of beauty. Second, plenty of fresh air. Third, the sun should shine into the room during some part of every day, and Fourth, a calm atmosphere. These things have been accomplished by repapering the walls with a light colored paper; repainting the furniture and woodwork an ivory color; painting the floor a tan; building a new clothes closet; adding a bathing tub and reading center; and adding to the linen supply. The room has three outside windows that give good ventilation and permit the sun to enter the room. All the labor in this improvement has been done by members of the A. & M. Short Course that will be announced after June 4. The winner from the county contest will enter the district contest and the room will be judged by Miss Minnie Mae Grubbs, District Home Demonstration Agent on June 14.

For The Benefit Of Taxpayers TAX PENALTIES Are Needless Expense

Tax penalties are needless expense and for the benefit of every taxpayer in Haskell county, I herewith publish a table showing in every detail the costs which will accrue in event taxes are not paid, in accordance with the law governing.

The penalty on State and County taxes delinquent for the year 1932 and prior years will increase on July 1st, 1934, from 6% to 10%. After July 1st, also interest at 6% per annum from date of delinquency will be required by law. NO INTEREST is charged on delinquent taxes that are paid before July 1st.

The law exempting penalty and interest DOES NOT APPLY to 1933 Taxes. The ten per cent penalty was added February 1, and is NOW drawing 6 per cent interest.

The following table shows the total penalty and interest upon taxes back to 1922, and saving if paid before July 1st:

Year	Penalty	Interest	Total	Saving
1931	10%	15%	25%	19%
1930	10%	21%	31%	25%
1929	10%	9%	19%	15%
1928	10%	27%	37%	31%
1927	10%	33%	43%	37%
1926	10%	39%	49%	43%
1925	10%	45%	55%	49%
1924	10%	51%	61%	55%
1923	10%	57%	67%	61%
1922	10%	63%	73%	67%
	10%	69%	79%	73%

Last Half Payments of 1933 Taxes become delinquent on July 1st, 1934, and bear 10% penalty and 6% interest per annum, thereafter.

Bonnie's Mother and Sister United Again

It was a tearful but happy reunion for Mrs. Billie Mace (left) sister of Bonnie Parker, and her mother, Mrs. Emma Parker, when Mrs. Mace and Floyd Hamilton were cleared of charges of killing two highway patrolmen near Grapevine on Easter Sunday. Ballistics experts say that Clyde Barrow and Bonnie Parker shot the two officers, and Mrs. Parker, one daughter dead, is happy that her other daughter is free. (Texas News Photos.)

REVIVAL BEGINS JULY 1 AT ASSEMBLY OF GOD

Rev. C. H. Eckles, of Amarillo, Texas, and party are to begin meetings at the Assembly of God church Sunday June 1st. Rev. Eckles was highly recommended, having preached for about ten years in recent years he has held meetings in some of the larger Assembly of God churches in twenty-eight states and two foreign countries. With the party are Rev. and Mrs. D. E. Parks of Spur, Texas. Mrs. Parks plays the guitar and sings special. Mr. A. C. Hatcher of Hereford, Texas, is the song leader. Rev. C. H. Eckles, the pastor of the local church, states that the ground south of the church building is being arranged to accommodate large crowds and that the equipment is to be the very best ever used in Assembly of God meetings in this city.

Rev. Eckles Is Ordained As Minister By Council

Rev. C. H. Eckles, pastor of the local Assembly of God Church, returned Saturday from Fort Worth, where he spent the week in the District Council of the Assemblies of God. While there Rev. Eckles was ordained by the Presbytery of the body to the full ministry and given the assignment of pastor, with the prerogatives of serving couples, administering the Lord's Supper, burying the dead, in any or any other state of the United States. Rev. Eckles has ministered three years in the local church, and on May 11 was elected for the fourth year. Since he accepted the pastorate in May 1931, a brick church building has been erected through the generosity of people of Haskell, and the hopes in the near future, to build a permanent place for the church which was destroyed by March 11th of this year.

"Did you hear what the customer called me?" roared the indignant boss, appealing to his old faithful clerk for sympathy.
"Yes, sir, replied the faithful clerk, "I heard the word he used, and I was surprised that you didn't think of it first and call him what he called you. I hope you are not losing your command of English."

"There is nothing an actor hates more than the sound of people coming in while the play is in progress," says a critic.
"Unless it's the sound of people going out."

First Citizen—There's a section of land out my way which consists of an old quarry, a lot of scrub timber and a swamp. I wonder if we can't get the government to buy it?
Second Citizen—Yes, it's just the kind of country to run a detour through.

First Little Chap—Do you folks have family prayers in the morning?
Second Little Chap—No, we say our prayers at night. We ain't afraid in the daytime.

"Is your husband much of a provider, Malindy?"
"He ain't nuthin' else, ma'am. He gwine to get some new furniture providin' he get de money; he gwine to get de money providin' he go to work; he gwine to work providin' de job suit him. I neva seed such a providin' man in all mah days."

A burglar who had entered a minister's house at midnight was disturbed by the awaking of the occupant of the room he was in. Drawing his knife he said: "If you stir you are a dead man. I'm hunting for money."
"Let me get up and strike a light, and I'll hunt with you."

Ad in Paper: "Position wanted about March 1. At present time employed at City Hall, but will work if I have to."
"Hi, there," bellowed a policeman, to an inebriated citizen. "You can't stand there in the street."
"Yes, I can, orisher," retorted the citizen proudly. "Don't you worry 'bout me. I been standin' here an hour an' ain't fell off yet."

A Boston teacher asked her class to name the twelve greatest men in the world. One boy wrote:
"The Harvard football team (11) and Mr. Babe Ruth."

Stupid Teacher
Dolly was just home after her first day at school.
"Well, darling," asked her mother, "what did they teach you?"
"Not much," replied the child. "I've got to go again!"

First Spectator—Here, who you shovin' at?
Second Ditto — Dunno, what's your name?

Pedestrian—Say, do you know you just missed me?
Motorist—Well, stand still and I'll try again.

Bingo—Have you forgotten that \$2 you owe me?
Stingo—Certainly not. Didn't you see me try to dodge into that doorway?

Wrong Donkey
She had just accepted him, and they were blissfully discussing the "might-have-beens."
"Darling," he inquired in the confident tone of one who knows what the answer will be, "Why didn't you accept that little donkey Jones?"
"Because," she answered, dreamily, "I loved another."

Betar and Andrews Ranchers Kill 10,000 Rabbits In Month

ODESSA.—Serious death losses among rabbits from ravenous foxes which picked out the best of those newly weaned resulted in a spring drive against these pests in Betar and Andrews counties with about 10,000 ravenous killed the first month. It is reported by H. L. Atkins, Jr., county agent, Odessa, that the fox poison was distributed in safe spots, broadcast with rabbits.

A 5-cent jack rabbit bounty in Andrews county posted the last week in December resulted in county authorities paying off for 7,329 rabbits up to May 1st. In addition wide-range poison warfare was advanced in May. It is estimated by ranchers that rabbits destroy more than 100 sections of grass in the county every year.

Operates for less—THAN ANY FORD EVER BUILT

THE smartest car that Ford has ever built is the smartest buy your budget has ever seen. The new Ford V-8 is the most economical car that Ford has yet produced. That big Ford V-8 engine, which is capable of a generous 80 per, is miserly when it comes to fuel. It consumes less gasoline than many engines with less fluidity and less power. Aluminum-alloy pistons minimize carbon formations. Tungsten steel valve

seat inserts virtually let you say "good-bye forever" to valve grinding. The Ford V-8's dependable springs—which give you free action on all four wheels—have shackles that require no lubrication. And the whole car is so reliably built that you will never be plagued with repair bills. Before you buy any car at any price, drive the Ford V-8.

The V-type engine holds every record for speed on land, water and in the air.

COWBOY REUNION AT STAMFORD WILL PRESENT SPONSORS

Eleven Towns Have Selected Representatives For The Annual Get-To-Gether

Stamford, Texas, June 11. — Announcement of the \$350 saddle to be given at the Texas Cowboy Reunion to the winner of first place among the sponsors from neighboring towns and cities has aroused a great deal of interest judging from the number of inquiries received by H. G. Andrews, chairman of the sponsors committee.

Rivalry for the honor in the various towns is so keen that in some instances local chambers of commerce are having difficulty in making the selections. The Stamford sponsors will not compete for the prize this year.

Eleven towns had selected their sponsors and mailed Reunion headquarters here up to Wednesday. These selections are: Rule, Miss Ruby Lee Ruchstein, Albany; Miss Alice Moberley, Benjamin; Miss Hazel Ivey, Ayona; Miss Inez Good, Hamilton; Mrs. J. S. Ivers, Throckmorton; Mrs. Della Atkins, Stonewall county; Miss Ruth Jane Ghoson; Jayton; Miss Lucile Daniels, Vera; Miss Johnnie Moore; Mandar; Miss Florence Allen; Abilene; Miss Wilma Kontrick; and Stamford; Miss Dorothy Dinkley.

Social activities at the Reunion this year will be more elaborate than in past years. Dances in the new Cowboy Pavilion at the Reunion grounds have been arranged for each night of the show. The dance for Monday night, July 2, has been named "The First Round-Up." No invitation is required for this affair. The "Sponsors Ball" will be held the second night, with invitation from a sponsor required for admission. No invitation is necessary for the "Dallas Salesmanship Club Ball" on the night of July 4, closing day of the Reunion.

Hardin & Simmons Commencement Climaxes Dr. J. D. Sandefer's 25th Year as President

Forty-second annual commencement exercises held at Hardin and Simmons university (Abilene) on Thursday, June 7, were significant in two respects: First, it was the first commencement held under the school's new name; second, it marked the close of Dr. J. D. Sandefer's 25th year as president of the institution.

Dr. Sandefer was honored last Friday in a program attended by 1,500 people, including some of the state's leading college and university men. Dr. George W. Truett of Dallas delivered a tribute to Dr. Sandefer as a Christian educator.

Above are shown the president, Mr. and Mrs. John G. Hardin of Burkburnett, whose resignation of \$100,000 to the university resulted in a change of the name from Simmons to Hardin and Simmons; and George H. Mahon of Colorado, who delivered the commencement address to 71 seniors.

Order Regulating Traffic During Fires Will Be Enforced

To assist in more efficient operation of the fire department, and to minimize danger of accidents while the equipment is answering alarms, an ordinance regulating traffic during fires will be strictly enforced in the future, in compliance with an order passed by the City Council at a recent meeting.

According to the terms of the ordinance, when the fire alarm is sounded, all vehicles are required to drive on the right hand curb of the street and stop automobiles or other vehicles cannot follow nor park within 300 feet of any fire truck nor cross a line of fire hose. Apparatus and vehicles pertaining to the fire department are given prior right to all streets and alleys during the time of a fire alarm.

Penalty for violation of any provision of the ordinance is a fine of from \$5.00 to \$100.00.

The co-operation of the public is earnestly desired by the City Council with respect to the observance of the ordinance.

Funeral Services For Weinert Baby

Funeral services for Charlie Ray McKennon, infant son of Mr. and Mrs. O. E. McKennon of Weinert, were held Friday afternoon at 3:30 o'clock at the cemetery, with Rev. H. R. Whitley of Haskell, officiating. Arrangements were under the direction of George Kinney, of the Kinney Funeral Home of Haskell. Pallbearers were E. R. Anderson, John Cooper, Paul Green, and R. S. Sanders, while Mrs. John Cooper, Mrs. Paul Green, Miss Kate McGuire and Miss Vera McGuire handled the flowers.

Funeral Rites Held For Infant

The funeral services for the infant daughter of Mr. and Mrs. Ed Honea, were held at 5 o'clock Tuesday afternoon at the family home, eight miles north of Haskell. Rev. A. F. Thurman, pastor of the Haskell Church of Christ officiated. Interment was in Willow cemetery, under the direction of W. O. Holden of Jones Cox, & Co.

Death occurred Tuesday morning. Besides the parents, two sister survive. Pall bearers were Fred Monke and Ed Kreger. Girls assisting with the flowers were Misses Opal Dunham, Alma Josslet, May Pearl Terrell, and Larry.

An Illinois woman has modeled a friend's features in cement. A concrete expression of esteem.

CARD OF THANKS
We wish to express our sincere thanks to our friends who were kind and thoughtful of us over the loss of our infant daughter. Especially do we thank you for the flowers.

Funeral Services For Mrs. Adkins

Rule, Texas, June 13.—Mrs. Jewell Adkins, age 24, died in the Knox City Sanitarium on Tuesday night, June 5th, after a short illness caused by a throat infection. The funeral services were delayed until Sunday afternoon, June 10th, pending the arrival of a sister, Mrs. Ewell Cassie of Portland, Oregon. Other survivors are a small son, her parents, Mr. and Mrs. J. C. Hager, two sisters, Mrs. John Dos of Rochester and Mrs. Ernest Neely of Rule, and a brother, Dutch Hager of Rochester. Funeral service was conducted by Rev. C. A. Powell of the University Baptist Church of Abilene. The pallbearers were Messrs. Claud Norman, L. B. Wyatt, Ed Hackfield, Howard, E. Smith and R. Watson; and the flowers were carried by Misses Earstine Hunt, Marcenia Raborn, Papa Chambers, Lois Baker, Ruby Lee Burchstein, Christine and Rudine Watson.

Mr. and Mrs. J. L. Montgomery of Miami, Florida, are here visiting their brother, Mr. and Mrs. R. C. Montgomery. They are also visiting their son, J. L. Jr., who lives at Abilene.

DATE OF HORSE AND COLT SHOW IS MOVED UP ONE DAY

Will Be Held Friday, June 29 Instead of Saturday, June 30; Fee Charged

The date for holding of the horse and colt show here has been changed, states H. K. Henry, who is in charge, from Saturday June 30, to Friday June 29. The show is being held in connection with the summer horse race meets, which will be held from June 27 to 30.

An entry fee of 50c per head will be charged, and the money secured will go towards the payment of the prizes, which will be split four ways 20, 25, 15 and 10 percent.

Indications point to a large entry list, and the sponsors have endeavored to make the show one of the best ever held in this section.

Owner of Local Dry Goods Firm Here This Week

Making Haskell the first stop of a trip which will extend to the Gulf, Mr. and Mrs. Ameen Hassen and children, of Sulphur, Oklahoma, departed early this morning for Ranger, after visiting with his brother Shahir Hassen and family of this city for two days.

Although born in the "old country," Mr. Hassen has lived in America since 1901 and has a grasp of national and foreign affairs not enjoyed by many American-born citizens. Such matters as the "gold standard," payment of war debts and other questions vital to this country are given a different "slant" by the pioneer dry goods merchant, who knows the workings of the "old country" minds.

As previously stated, Mr. Hassen holds from Sulphur, where a national park is located. Sulphur attracts thousands of visitors yearly, both summer and winter, and ranks approximately third in attendance for national parks. The Oklahoman is a booster for his town and state, as his brother Shahir is for Haskell. His membership in the Sulphur Rotary club is important to him, as attested by the fact that while here he attended a meeting at Stamford, in order to keep his record for attendance clean. Not since 1925, when he returned from a trip to Europe, has he missed one meeting of the Rotary.

NOTICE TO BANKING CORPORATIONS

Notice is hereby given to all banking corporations that the City Council of the City of Haskell, Texas, will on the 5th day of July A. D. 1934, receive proposals from any banking corporation that may desire to be selected as a depository of the funds of the said City of Haskell, Texas. Said proposals shall be delivered to the City Secretary of the City of Haskell, Texas, not later than 10 A. M., on the date hereinafter mentioned.

Done by order of the City Council of the City of Haskell, Texas.
A. F. THURMAN, Mayor
R. H. Banks, Secretary.

Mr. J. A. McKee and grandson, J. B. Smith, left last week for Hopkins county, where they will visit relatives and friends. They will return in about six weeks.

Curb Market Is Boon to Farm Pocketbooks

Pictured are booths of the Texarkana producers' curb market, a home demonstration project of Bowie county, Texas. Farm products sold in this market last year yielded more than \$300,000 income. Home demonstration club women sell garden products, home canned goods, flowers, needlework, fruits and rugs. This is one of several club markets in Texas which are making thousands of extra dollars for Texas farm pocket books.
