Dan Cupid Attending To Business While Money Is Floating Around

More than one record created in 1933 is expected to be broken in 1934, but marriage license statistics have "taken the bit" and shown the way to others in the first month, so the records of Jason Smith, court clerk, show. Up to January 22, a total of 22 marriage licenses had been issued, in comparison with 8 up to the same time in 1933. According to those who try to

Pity Poor Fish Who Couldn't Keep His Nose to Himself

When J. V. Bradley of San Angelo, Texas, threw his hook into Lake Norsworthy, near that city, he didn't know he was going to drag in an affair like this. These big mouthed black bass evidently got into an argument, which ended when the big boy swallowed (or partly swallowed) the little fellow. Try it on your best friend sometime! Confirmed fisherman say it is possible for the larger fish, 12 1/2 inches long, to completely swallow and digest by degrees, the smaller fish 11 1/2 inches long.

O'BRIEN TORCH MURDER CASE SCHEDULED TO BE TRIED HERE JANUARY 30 DISTRICT COURT

As the climax to one of the heaviest court dockets here in years, preparations are now being made by Haskell county officials for holding the trials of Dick Skipworth, Sam Jay and Clarence Absten, who are charged with the slaying of Herschel Melton, O'Brien farmer whose body was recovered from the ruins of his burned home December 7. Their cases are booked to appear before Clyde Grissom, district judge, on January 30. Skipworth, Jay and Absten were indicted by the Grand Jury during the first week of the January term of court. Skipworth and Jay made bond, but Absten was unable to do so and has languished in the county jail.

Suspicion of county officials was thrown upon the men when it was learned that all of them had been present at Melton's home on the afternoon of December 7, at a "party," in which two school girls and a woman participated. The men were embroiled, so officers declare, in a fight over the youngest of the girls, about 13 years of age.

As further evidence that murder may have been committed, officers found that Melton's skull had been crushed, apparently before the body was burned.

Since the indictment of Skipworth, Jay and Absten by the Grand Jury, county and district officials refuse to discuss the case for publication, but have intimated that additional evidence was found.

Calvin Whatley, announced his intention of being a candidate for the office of District Clerk of Haskell county and his name will be found in our announcement column. His formal statement will appear in next week's issue of the Free Press.

Fred C. Halle of Spur enters the race for Congress of this district and his opening announcement appears in another column of this paper. Jason W. Smith will be a candidate for re-election to the office of County Clerk and his formal statement will be published next week. Reynolds Wilson, says that he will be a candidate for the office of County Clerk and will make his formal announcement as soon as his work is finished with the agricultural department in their cotton acreage reduction program.

13 HASKELL MEN TO FIND DATE '13' PLENTY UNLUCKY

Tuesday February 13th is going to be an unlucky day for 13 members of the Haskell Service Club. Just who the 13 members are going to be is yet undecided, but if all signs can be taken for their face value there is going to be lots of hard work done by some of the members to keep from being "it." The entire plot was hatched up by Rex Ragan, John A. Couch and F. L. Daugherty when they were appointed on a membership committee a few days ago to devise ways and means of increasing the membership and attendance of the Club meetings. They made a motion that the Club be divided into two teams for the purpose of securing new members during the next two weeks and at the close of the contest a "Turkey-Chilli" banquet be held three weeks from Tuesday's meeting.

Traveling Salesman For The Empire Paper Company Knows His 'Relatives'

The ever-crying need of the people for calendars, medicine, beautiful girl or you-name-it, causes many queer incidents to happen, but it remained for a traveling salesman to snatch a certain kind out of Theis' Store, to head the list. Monday, Mr. Elliott, traveling salesman for the Empire Paper Co., asked Mr. Theis for a calendar picturing Buster Brown. After receiving the article, he explained that Buster Brown (the original one) was an uncle of his wife! While the present-day crop of

FIRE LOSS HERE SHOWS HUGE DROP OF OVER \$27,000

State Insurance Department Pleased Over Showing of Haskell Reports

The official records of the Texas Fire Insurance Department, Austin, show that Haskell suffered an insured fire loss during the year of 1932 of \$37,096 compared with a loss of \$9,884.00 during 1933, according to a letter received from that department by Emory Menefee, Haskell mayor.

The communication also states that the department has been highly pleased over the record made and attributes the drop to the wholehearted cooperation between city officials, county and district attorney, fire marshal, fire chief and the department and the citizens.

The department stressed the motto that "A Clean Place Never Burns" to Mayor Menefee and urged that all citizens strive to keep their places clean, so that the fire loss might become even lower.

Business House Survey Is Being Made Over County

Within the next three weeks surveys of all business houses throughout the United States will be completed under the direction of the Bureau of the Census, U. S. Department of Commerce.

Representatives in this county have been appointed by W. S. Curlee, Wichita Falls, supervisor of the Third District of Texas. Surveys of Haskell and Rule business houses were begun last week and, as soon as these have been completed, work will begin in other townships of the county, as well as in all communities where stores are located.

Business men are urged by government officials to cooperate in the taking of this census and to aid local representatives in giving carefully compiled statements of expenses and receipts for 1933 business. Reports are strictly confidential, going into the hands of the Bureau of Census at Washington, D. C.

George (Chick) Henshaw has purchased the Swaim residence in the southwest part of the city and he and his family will move into it this week.

JUDGING CONTEST

District School Teams Will Compete In Judging of Poultry Saturday

Final plans for the holding of the Haskell County Poultry and Pet Stock Show under the sponsorship of Haskell High School vocational agricultural department, on February 1, 2 and 3, are now being made. It is expected that at least 500 entries will be made. Competition is unlimited. H. K. Henry, local vocational agricultural teacher, is in charge.

A large proportion of the premiums will be given by the exhibitor and will consist of setting of eggs, or in birds for breeding purposes. However, other premiums will be given, as a free hatching for a tray of eggs, and cash to birds winning specials.

A poultry judging contest is to be held on Saturday morning, February 3, at ten o'clock at the High School for agricultural students. Forty-four schools have been invited to compete and the winner will receive a ten inch loving cup as a permanent award, given by Crowell Jewelry Company.

The Haskell County Poultry and Pet Stock Show was organized in 1931 in a small way by a small number of breeders, who donated premiums in an effort to interest the people in the raising of blooded stock. Each exhibition since that date has witnessed a large increase in entries over the previous year's show. A departure from the usual show was made this year in the holding of the judging contest for agricultural students. Teams from over the district will compete and will also be entered in the state judging contest for schools featuring vocational agriculture at College Station in April.

According to Henry, the Haskell judging entry is expected to present a strong team again this year, although a different team will represent the school from that of last year which won in the state finals. An entry fee of 10c per bird on singles and 25c for pen entries will be charged. Birds entered in pen may also be entered in singles. It is not necessary, according to Henry, that entries be sent in advance as any number of birds can be taken care of.

MOVIES

GIRLS, MUSIC ADDED CHARMS IN NEW MARX BROTHERS FILM COMEDY

The Mad Marxes . . . all four of them. Girls, girls, girls, headed by vivacious Raquel Torres, and songs you'll be singing for months.

Put them all together and they spell "Duck Soup," the comedians' newest Paramount rib-tickling special, which comes on Sunday and Monday to the Texas Theatre.

In addition you'll see Margaret Dumont, the dignified actress who has been stamped on and clowned with in several of the Marx Brothers' other pictures and Louis Calhern, who plays the menace.

Directed by Leo McCarey, "Duck Soup" presents Groucho as the Dictator of Freedonia, mythical country badly in need of funds. The ambassador of Sylvania has two spies, Harpo and Chico, upon whom he depends for much of his information. But he doesn't know that they will work for any country where the food is better and the blondes more numerous.

"CONVENTION CITY" IS HERALDED AS RIOTOUS ALL STAR COMEDY HIT

Comedy, that is said to be the most uproariously funny that has come out of Hollywood in many a long day, will be forthcoming on the screen of the Texas Theatre when the new first National picture, "Convention City" with a splendid all star cast is shown next Thursday and Friday, Feb. 12.

The story by Peter Milne, presents an extraordinarily unique idea, dealing with riotous happenings during a salesmen's annual jamboree at Atlantic City. Friend wife is likely to sit up and take notice if her husband happens to be one of those who attends conventions without her.

There is an all star cast headed by Joan Blondell as a gold digging chorus girl who dotes on conventions. Others include Adolphe Menjou, Dick Powell, Mary Astor, Guy Kibbee, Frank McHugh, Patricia

Ellis, Ruth Donnelly, Hugh Herbert, Hobart Cavanaugh, Grant Mitchell and Gordon Westcott.

First Cotton Control Association in State Reported Organized

COLLEGE STATION—The first county cotton production control association to be organized in Texas under the terms of the new 1934-35 cotton plan is reported from Hall county by James A. Jackson, county agent. Copies of the articles of association have been received by the Extension Service at Texas A. and M. College. J. A. Whaley of Memphis has been elected chairman of the county committee of which the other two members are Frank Meacham of Turkey and Holt Russell of Estelline. Nine community committeemen are also listed in the formal articles of association.

It is explained by Extension Service officials that every county where cotton contracts are signed is to organize a cotton production control association during the present sign-up campaign or immediately thereafter. The object is to organize cooperating cotton farmers in such a way that they may assist the county agent better in carrying out the terms of the 1934-35 cotton contracts. The associations are to have no other purpose or activity than this.

Expect Many Texas Farmers to Accept New Cotton Contracts

COLLEGE STATION.—The new cotton contracts will be signed up by fully as many Texas cotton farmers as signed up the plow-up contracts last summer.

This is the consensus of opinion of Texas A and M College Extension Service staff members after returning to headquarters from preliminary cotton meetings all over the State the first week in January. Farmers credit the plow-up campaign with their increased prosperity in 1933 and are determined to make the new plan succeed, it was reported from all corners of Texas. Votes taken of prevailing sentiment revealed overwhelming support for the 1934-35 contract. Many farmer committeemen predicted that the sign-up would start slow but would speed up toward the end as farmers had plenty of time to think things over.

Much additional testimony showing the value of the summer plow-up campaign to local merchants was reported from county seat towns. Christmas business was said to be much greater than that of a year ago. Bankers in many places said farmers had paid up debts the best in years.

Fred Haile Wants Congressman's Job

HON. FRED C. HAILE

The Hon. Fred G. Haile, of Spur, who has many admirers as well as close personal friends in the county was in Haskell Friday of last week and while here made his formal announcement as a candidate for United States Congressman from the newly created 19th District, of which Haskell county is a part.

In making his announcement Mr. Haile said that he wanted the voters to understand that he had not been solicited to make this race but that he was making it on his own accord. "I want to let the people know," he said, "that I have not pledged myself to the big interests of the State or the United States. The only obligation that I will have will be to the people of this district who have elected, if I am elected."

Continuing, Mr. Haile said that he was making this campaign as a little business man, and not a politician. "The people of the United States have had to suffer because of the fact that only big politicians offer themselves for Congress."

"Under present conditions it appears to me that a new era under Mr. Roosevelt has been ushered in, that the rights of individuals must be sacrificed for the good of society in general." That only a young man whose mind is plastic and has not been hampered by the order of our old antiquated institutions will be capable of grasping the meaning of the new movement and be able to participate in making it a success was also suggested by Mr. Haile.

"A young man has a better opportunity of growing up with the new order, because it is a scientific attitude, that of trial and error, introduced for the first time in the American Government. This is foreign to the average politician of America today."

"Naturally I believe that I am qualified to fill this office from a varied background of experience."

"I was born in Dickens county when the county was in its infancy; brought up under conditions that has been a yearly change. My childhood in the open and on the old Spur Ranch prepared me to receive with an open mind everything that chanced to come my way. As a farm boy I learned at first hand the problems that farmers have to face. As a cowboy for a short time, I learned the problems of the cattle man."

"As a soldier for a short time in the United States Army, with the rank of Buck Private and Orderly to Lieutenant Colonel, I learned discipline. As a sailor for three years I had an excellent opportunity of learning customs and conditions of the people of this and other nations. Later on I took my B. A. Degree at Simmons Univer-

sity and pursued the study of Political Science in the University of California.

"As a business man for the past eight years with the Spur Mutual Insurance Association of Spur, Tex., I have held every title from office boy to secretary-treasurer, and the great lesson I have learned as a business man has been this: To treat others as I would be treated."

Mr. Haile comes before the voters with an abundance of experience, a young man, with a pleasing personality, and capability. He is ambitious coupled with a desire for public service. In presenting his candidacy for Congress he earnestly seeks your consideration.

Harley Sadler and His Own Company Here Next Week

Beginning Monday night, January 29, Harley Sadler and his own company, featuring an organization of fine stage and vaudeville talent, will open a week's run in Haskell in a tent theatre, which is to be located at the fair grounds.

Not alone will new plays be brought to this city by Harley Sadler, but another attraction in the person of Roy E. Fox, a real pioneer, will have a large part in the show. Fox formerly operated throughout this section and his popular players won the hearts of all.

Fox is Harley's old boss. Roy E. Fox gave Sadler his first job when the Stamford youngster, in knee pants, came on the lot where Fox was playing in North Fort Worth 27 years ago and said he wanted to "join the show."

Fox gave the kid a job selling peanuts. Later, Sadler drew small bits in Fox's plays. The veteran was quick to detect Harley's natural born ability. From there he finally went into the business on his own—16 years ago.

Since then—well, everybody knows Harley Sadler now and his great career of bringing a high class of entertainment into small cities and towns. For 16 years now the Stamford lad has been making good in his native state. Fox, in the meantime, with his wife and two daughters, went on up the ladder of the show world and realized their ambitions to do big time.

Harley Sadler and His Own Company will be in Haskell for one big week starting Monday night, Janu-

ary 29th, with the big tent located in the fairgrounds. It has a special heating system and is comfortable in all kinds of weather. The opening play is "Merton of the Movies" with 8 big acts of vaudeville between the acts, including The Whitehouse Twins, Ewert and Barry, Ralph Thomas, Mundee and June, The Fox Sisters, Goldie and Wilson, and Joe Gofford and his 12 piece orchestra. Harley is said to be funnier than ever, and Billie Sadler is excellent in a line of leading roles. There will be plenty of free parking space inside the fairgrounds.

Debt Conciliation Committee Attend Abilene Meeting

F. M. Robertson, T. C. Cahill and T. E. Ballard, members of the Haskell County Debt Conciliation Committee attended a meeting of the district organization at Abilene on Wednesday, where M. G. Abernathy, district supervisor of Lubbock, explained the details of the committee work to representatives of some 12 or 13 counties.

Mr. Abernathy explained that the purpose of the organization is to prevent foreclosure on farms. The farm credit administration has declared, he said, that its chief object is to keep farmers on their farms and to put them on a sound financial footing.

Each county committee will be at the service of any land owner who seeks a federal loan on his land. Efforts will be made to bring the mortgage and other creditors in any case to an understanding, and to obtain for the applicant a loan sufficient to relieve all obligations. Persons desiring to obtain such loans may get in touch with any member of the county committee, and all members of that group will devote themselves to the preparation of a successful application.

Mr. Abernathy has the supervision of 107 West Texas counties, in which Wichita Falls, Abilene, Lubbock, San Angelo, Amarillo and Pecos have been designated as district seats. Mr. Abernathy plans to visit each headquarters every few days.

STARTING A BUSINESS

Business failures are due to many causes, including lack of experience, bad management, insufficient capital, ineptitude for business and others.

The most common reason for failure, however, is the starting of a business in a field that cannot reasonably be expected to support it, or in one that is largely overcrowded.

In a pamphlet issued by the Department of Commerce this fact is pointed out and a thorough survey of the prospective field is recommended before embarking upon a new enterprise. It says:

"In planning to enter a new field, the retailer may find by careful analysis, that his prospective market does not reflect such favorable circumstances as a cursory examination appeared to reveal. He may be saved from embarking upon the enterprise, thus preventing subsequent failure and much loss to society of wasted effort and capital."

The time when anybody could start any kind of a business almost anywhere and make it a success is past, in fact, such time ever was. Modern business is highly competitive and requires better training than ever before. While optimism in moderation is a desirable trait, carried to the extreme it has perhaps wrecked more business ventures than any other one mistake.

THE PRESIDENT'S BIRTHDAY

We take the following from the January issue of the Greeting Card:

"No man has occupied the White House since the Great Emancipator with such tremendous problems facing him as those which confront our President, Franklin Delano Roosevelt. His shoulders must indeed be broad to carry the load which rests upon them.

"We are reminded that on January 30th he is to celebrate his fifty-second birthday, and it seems fitting that the people of the United States should recognize the date by sending him a shower of birthday cards.

"Now perhaps he will not open them all himself, but we venture to say that he will wear the broadest smile he has worn in a long time—and we are told he is generally in a smiling mood. No such gesture on the part of the people of this country could go unnoticed."

WE WISH WE HAD—

A hearty laugh like French Robertson... Virgil Reynolds' courteous manner... the "team-work" of Roy and Troy... the dignified appearance of Rev. Tucker and Judge Clyde Grissom... the ability of a certain Haskell lady to get things done... the disposition to be of help at all times like Ed F. Fouts... an appearance like Anton This... the easy manner of making friends as la Bill Holden... the luck of Bob McAnulty (and his all-around good fellowship)... Joe Brook's adept way of holding a cigar... the eyes of S. Hassen... Dan Kirkpatrick's sure-fire way of telling jokes, even though personal... the nice way Hill Oates laughs and appears interested in your favorite jokes... the characteristic of both John and Claiborne Payne in their pleasant way in dealing with rich and poor alike... Curran Hunt's ability to work on several different things at once... J. E. Reeves' engaging manner in making a sale... the geniality of Foster Davis... the courtly attitude to all of S. D. Roberts of the Tonkawa Hotel... the suaveness of J. A. Tucker... The punctiliousness of both Henry and Hollis Atkinson... the immaculateness of Dr. Williams... the good humor of J. H. Kinney... imperturbable manner of Bert Welsh... the joviality of Emory Menefee... the level-headedness of T. Arbuckle... the stability of Raleigh Lemmon... the proficiency of Alfred Pierson... the originality of George Goetze... the kindness of R. E. Sherrill... the friendliness of R. C. Montgomery... the humanness and understanding of Elder A. P. Thurman... the traits of B. C. Chapman which makes a good pal... business-like approach of Olen Dotson... the well-groomed appearance of J. D. Montgomery... the capability of A. M. Turner... the accessibility of Tom Donohoo—and a whale of a lot more we can't think of right now!

One radio horoscope forecaster has resumed his right name because he has so many imitators. Looks like the gentleman assumed a mystical, Oriental name so that

the gullible would be impressed to a greater degree than if he operated under his own English cognomen.

The week's best wise-crack—Will Rogers' tart remark that he didn't think much of people too lazy to turn the radio dials when listening to his talk.

INK SPOTS—A souse walked into a local cafe, ordered coffee, spilled half of it and then offered the manager TWO CENTS—because he didn't drink it, but was informed that he owed a jitney (remember how much that was in money) He must have been Scotch, because he went back and drunk the coffee!

Dan Kirkpatrick, deputy sheriff, seems kinda lonely since the Arnold trial... Our better half asked a carpenter to do some woodwork and asked the price. He told her "six bits" and she postponed the work until she could find out how much that was... Printers in this office showed the boss real speed last Thursday when they hid themselves away from a short-circuited wire in the casting room... We've seen plenty, but it still looks queer to us to see an old man with whiskers smoking a cigarette... From what we can learn that person who talks about others isn't above reproach... Since Ziegfeld's death, the famous Follies resembled the Filly's... Since a certain young man arrived from Snyder to work in this office we don't have to deliver many packages of paper to stenographers... And Buster Brown is to again make his appearance in a funny paper! How well we remember his antics and how deeply we fell in love with Mary Jane while a child—probably our first real attachment.

From the way criminals are pardoned by governors, and the work of judges, prosecutors, juries and peace officers undone, not to mention the expenditure of thousands of dollars of taxpayers money, it looks to us like the next "New Deal" for this country is to take away the pardoning power of such executives.

If officers and citizens could crack down on ALL crooks before the crimes, instead of after, we would feel lots safer.

PRESIDENT FRANKLIN D. ROOSEVELT SPONSORS BOY SCOUT AWARDS

President Franklin D. Roosevelt, according to an announcement from the National Office of the Boy Scouts of America, has sponsored an award to Boy Scout Troops, Cub Units, and to local Councils of Boy Scouts who develop efficiency and proficiency to a high degree, and which evidence the development in the Scout program and activities which comes from continuous membership.

Believing that Scouts will gain from a longer tenure the Scouting authorities have devised the plan of awards which the President, who is Honorary President of the Boy Scouts of America, and still retains his active Scouting connection as President of the Boy Scout Foundation of Greater New York, has sponsored. Many of the awards will be made during the celebration of the twenty-fourth birthday of Scouting, February 8th to 14th, 1934. There will be a red, white, and blue silken streamer for each Troop

that qualifies and a knotted wide ribbon of red, white and blue silk for the Scout Council awards. The Troop Award and the Council ribbon bear the following inscriptions: "The President Franklin D. Roosevelt: 1933 Ten Year Program Award." The point of membership tenure has been stressed in connection with the award because of the fact that the Scouting authorities feel that in view of the proposals for increased leisure time, as developed in the Federal program, the Scout program of activities proposes excellent ways for boys to use this time. For older boys the Sea Scout program offers a list of leisure time activities. Every troop which makes application for the award must demonstrate that it has carried on an approved program during 1933 and it must show an increase in membership over 1932. In addition at least half of the new members the Troop gains during the year must be boys who have passed their 12th birthday but are not yet 13, and at the same time, eighty per cent of the boys who became troop members in 1932 must be registered for a continuing membership.

The awards are coordinated with the Boy Scout Ten Year Plan of Growth which seeks to give the benefits of the Scout program to a million membership next year. There are several troops in the Chisholm Trail Council which will receive the President Roosevelt Award for 1933. Announcements will be made soon. The following troops of the Chisholm Trail Council won the President Hoover Award for 1932: Troop 3, 4 Abilene; Troop 36, Haskell; Troop 40, Stamford; Troop 47, Albany; Troop 26 Tuscola; and Troop 17, Putnam. The 1933 President Roosevelt Awards will be presented to Chisholm Trail Council Troops during Anniversary Week, February 8-15 by President R. A. Maddox and Executive Shumway.

Beauty Hints

More about skin care. If your skin persists in looking sallow, blotched and generally unhealthy, and doesn't seem to respond to the treatments, the cause is very likely internal.

A glass of warm water thirty minutes before breakfast will help flush kidneys and bowels. Exercise as much as possible in the open air, and drink plenty of water during the day. Include plenty of green leafy vegetables, fruits and milk in your diet. Try to eat at least one yellow vegetable or fruit every day, such as sweet potatoes, rutabagas, apricots, oranges, etc. They contain a wealth of valuable health giving properties, and will add color to your skin and hair. This is especially good for blondes as it brightens and adds sheen to the hair. A glass of orange or grapefruit juice before retiring is valuable in clearing the skin.

If your nose persists in being shiny in spite of frequent powderings; if the pores yawn and your color is dull, you have all the earmarks of an oily sluggish skin. The gland that supplies the oil is not functioning properly, and you positively need stimulants.

You can restore health and activity by improving the circulation. Use a good pack—one that will really work.

Do not hesitate to ask about these things at your favorite beauty shop.

Resolve now to get busy and "redo" yourself. This is the time of year when the pace of the winter is taking its toll in fine lines, large pores, and blemishes. Take stock of yourself before it is too late.

Center Point Wins In Rural Basket Ball Tournament

(Contributed)

We, the Center Point girls, played our first game in the Rural contest at Haskell Saturday at 2 o'clock with McConnell as our opponents. Center Point won by the score of 37 to 9. Our next game was with Tok Creek. We won with a score of 30 to 3. This left us in the final round which was the hard game with Rose at 8 o'clock. We took a much-needed rest and returned for the final game with a determination to win. This was the fastest and most exciting game of the season, which held the crowd in suspense throughout the entire time. We finally won, after a hard fight, the scores being 33 to 21.

We wish to thank Mr. Leon for his kindness in offering to the winners of this game, free passes to the Texas Theatre. We also wish to thank Mr. Bill Richey for his fair and square refereeing in all games. Coaches of the Center Point team are Lonelle Denson and James McCain. Principal, Mrs. Robertson.

Why Liquid Laxatives are Back in Favor

The public is fast returning to the use of liquid laxatives. People have learned that the properly prepared liquid laxative will bring a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. A child is easily given the right dose. And mild liquid laxatives do not irritate the kidneys.

Doctors are generally agreed that senna is the best laxative for everybody. Senna is a natural laxative. It does not drain the system like the cathartics that leave you so thirsty. Dr. Caldwell's Syrup Pepsin is a liquid laxative which relies on senna for its laxative action. It has the average person's bowels as regular as clockwork in a few weeks' time.

You can always get Dr. Caldwell's Syrup Pepsin at any drugstore, ready for use. Member N. R. A.

Highways

and shrubs have been planted in this county to date, with more being contemplated. A consensus of opinion of those present showed that they were in favor of a concerted effort to have plantings done by the latter part of February, the right time to plant such in this part of the state. A good showing, those present were informed by Mr. Hoppe, must be made on very little money, and this can only be done he explained, by wholehearted cooperation on the part of citizens who are proud of their county and wish all highways to appear as well as possible.

According to Holler, native shrubs and trees should be planted, for obvious reasons. Any other kind might not survive and the work would be lost. Among the trees suggested were soft cedar, red haw, paradise, etc.

The county men and women present were enthusiastic over the contemplated projects. According to some of those present, no trouble is expected in securing enough trees and shrubs, because there are large number of people in the county in-

terested and will be glad to furnish the necessary shrubs and trees providing they are not required to transplant them. Owing to the fact that the highway department agrees to attend to this item, the person furnishing shrubs and trees will be put to no trouble whatsoever.

ing which happens to fall on Tuesday February 13th. Not realizing that the date set for the banquet would fall on the 13th, the unsuspecting ones that might be superstitious unwittingly fell heartily into the scheme. J. Leo Southern and H. S. Leon were elected as captains of the opposing teams. They chose the workers from the membership of the club, and when the job was finished there were 13 members on each team. Just which one of the teams of 13 men will be the unlucky ones will not be determined until the contest closes, but there is going to be a few of the members who will say "I told you so."

The winning team will be privileged to eat turkey with all the "trimmings" while the 13 losers will be required to sit opposite the victors at the table with nothing on their plate but chili and crackers, with a lonely glass of water as a chaser.

The line-up to see who is going to be "it" is as follows:

Southern team: John A. Couch, Rex Ragan, F. L. Daugherty, Emory Menefee, H. K. Henry, D. H. Persons, T. C. Cahill, Sam A. Roberts, Hill Oates, B. C. Chapman, J. K. Griffin, Orson W. Carter, and J. H. Maxwell.

Deputy Collectors Internal Revenue Here on Saturday

For the purpose of helping Haskell county farmers figure the processing tax on the sale of slaughtered hogs, E. P. Gaston and L. P. Herndon, deputy collectors of the internal revenue department, were here Saturday and explained the tax to those interested throughout the day.

According to Gaston, any farmer who wishes to know exactly the amount of tax that should be charged, he should write to the Collector of Internal Revenue, Dallas, Texas, and list the number of hogs killed, the weight, together with the number of pounds of sausage and backbone sold. The department will then figure out the totals for the farmer without his having to bother with it.

Below is a list of figures showing the amounts in cents that should be charged for tax on different cuts of meats:

and presented to the grand jury, which has never been discussed publicly.

Skipworth, who is a nephew of the victim by marriage, still maintains that he tried to rescue Melton, after he was awakened by smoke in his bedroom.

"Melton and myself went to bed early, and I was awakened by choking smoke, and tried to reach Herschel's room, but was driven back," he declared at the time of the tragedy to officers, and the story he still maintains as true.

"I ran into the yard and yelled to neighbors about the fire, and then rushed back into the house, when I found that Herschel was not on the outside. He wasn't on his bed, and I couldn't find him, even though I did hear a groan and as if something heavy fell."

Skipworth also claims that he saw a car parked some distance away near the railroad tracks, when he fled from the burning house, and declares that the car was driven away hurriedly, which prevented his recognizing the occupants.

On the day the alleged murder was committed, Melton's wife and baby were in Abilene visiting their son and daughter, students at Abilene Christian College.
