Federal Savings and Loan Association Explained

Local Mutual Savings and Home Financing Institution with Insured Investments sponsored by the Federal Government to promote thrift and home ownership was today explained by Perry Burns, field representative of the Federal Home Loan Bank Board. It was pointed out that the government would establish such an institution if a group of representative citizens cooperated in obtaining a Federal charter. The requirements were \$250.00 be paid in cash by minimum of 20 subscribers. The investment then would invest \$100.00 and the association would be entitled to borrow additional funds at a cheap rate, such funds the government not being prepared in any way, but invested on common basis with other investments. There would be a dual function performed by the association, it would enable the masses to save with absolute safety, keep funds at home and working for the good of the community. It would provide home ownership—the backbone of the community and at the same time create employment for many who are now idle, such money coming back in every line of business in the community. The association would be locally run by a local board of directors and local officers. It was further pointed out that such an association would give the home-owner a cheaper rate of interest and afford the investor a higher rate of return and with safety.

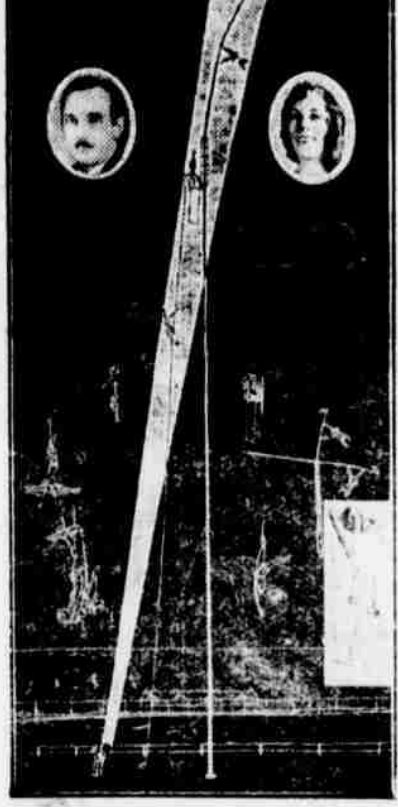

It has been shown that there is a great demand for new homes here and a great deal of repair work and establishment of such an institution would set up the machinery for the accomplishment of same. It therefore behooves every one to take an active part in the organization of such association.

On the Midway at Central West Texas Fair

"Marlo and LeFors" sensational daredevils, who will thrill the T. J. Tidwell Show patrons during their engagement here opening on Monday, October 15, and all during the Fair.

The LeFors and Marlo act especially meets with public approval from two standpoints. First, the type of act is such that it cannot be enclosed, thus it is a free spectacle; then the average groundhog is astounded into marveling at the antics of this team in a veritable death-defying act one hundred feet above the ground, or the approximate height of an eight story building, without the customary nets or the safety devices and on a fragile appearing pole.

They will perform nightly under the floodlights or rather above them during their six days engagement here.

Elie Thurman Dies In Abilene Hospital of Brights Disease

Last rites for Elie Thurman, 27, who succumbed from an attack of Brights disease and complications in an Abilene hospital Wednesday night at 8:05 o'clock, were held from the Church of Christ here today at 3:30 P. M., with A. O. Colley, minister of the College Church of Christ in Abilene, officiating. Burial was made in Willow cemetery, with J. H. Kinney of the Kinney Funeral Home in charge of arrangements.

RITES FOR LETA HOWARD ARE HELD

Funeral services for Leta Howard, 21-year-old daughter of Mr. and Mrs. Herley Howard, who ended her own life on a downtown street Saturday night, after firing ineffectively at Larkin Decker, a young man with whom she had been keeping company, were held from the First Baptist church Monday with the Rev. H. R. Whately, pastor, officiating. Interment was made in Willow cemetery, under direction of J. H. Kinney of the Kinney Funeral Home.

The young woman fired three shots with a small calibre revolver at the young man, who fled. She then was seen to drink carbolic acid out of a two-ounce bottle and immediately follow in the direction Decker had taken. Failing to find him, she returned to the east side of the courthouse where she sat down on the running board of a parked automobile.

The acid had by that time taken effect, and she slumped forward. Bystanders picked her up and rushed her to the Oates Drug Store where first aid measures were administered. Dr. T. W. Williams was then called and the girl taken to his office, but all efforts to revive her proved futile.

She is survived by her parents; two sisters, Helen Ruth and Mrs. Jackie Smith, of Haskell, a brother, Ivy J. Howard of Silver City, N. M. Pallbearers were Dick McGregor, Reno McGregor, Ace Davis, Herley Andrews, J. T. Andrews, and Beno Andrews. Ladies assisting with the flowers were Misses Bernice Piland, Stella Mae Coburn, Alice Hartfield, Thula Mathis, Dula Mathis, Ona B. Haynes, Velma Davis, and Velma Haynes.

With his starting lineup still in doubt, Coach Bill Richey of the Haskell Indians is nevertheless pointing his charges for a win here Friday night at 8 p. m. against the Merkel Badgers for the first home conference game of the season.

A radical change in the lineup may be in order, as a result of the Roby-Haskell game of last Friday, when the Indians bit the dust in a 7 to 0 defeat.

Admission prices for the game have been set at 15, 25 and 50 cents at the gate, although a coupon book, good for six admissions will be placed on sale for \$2 at the Oates Drug Store, thereby enabling the purchaser to save.

Develops New Variety Cotton

N. E. Ross, who lives three miles north of Sagerton was in the city the first of the week taking orders for a special cotton seed, that he raised this year. He was using a Prince Albert tobacco can as his sample case, which contained twenty-one opened bolls. One of his neighbors confidentially informed us that the cotton he was exhibiting here was all of his landlord's rent this season, but we would not think of repeating such a statement.

Local Churches To Launch "Fall Recovery" Campaign For Haskell

About seventy-five officers and teachers of the various Sunday Schools of the city met at the First Presbyterian church, Wednesday evening, October 3, to consider matters pertaining to the welfare of the churches of the community. After several appropriate talks were made and a general survey of the entire situation was discussed, it was decided to launch a Fall Recovery Campaign with all churches cooperating. Each church was asked to send representatives to a meeting to be held at the First Baptist church, Sunday afternoon, Oct. 7, to work out plans for the campaign.

At the Sunday afternoon meeting it was determined to run a church and Sunday School attendance campaign through the months of October and November with a great Rally Day for the entire community on Sunday, November 4. A great downtown parade is to be staged on Saturday, November 3.

C. B. Breedlove was appointed chairman of the committee on newspaper publicity. Other types of publicity will be in the hands of a committee composed of R. C. Montgomery, Anton Thies, W. W. Weatherly and Roy Sanders. Committees are yet to be appointed to plan for the parade and the visitation program which is to be conducted as a part of the drive.

It is expected that this Recovery Campaign will touch every person living within the city or its vicinity and that it will do great good in stimulating church attendance and that much interest may be aroused hereby. This is the first concerted movement of the kind to be launched in the community in quite a number of years, and is probably the most elaborate ever undertaken here. Our churches mean much to our community and it is to be hoped that the citizenship will respond heartily to the call.

ANNUAL FAIR FOR HASKELL TO OPEN HERE ON MONDAY

Plans About Complete For Opening of Central West Texas Fair Here

PARADE PLANNED

Community Exhibits To Be Among Features; Tidwell Shows Again Booked

The curtains will be rolled back here Monday on the tenth annual Central West Texas Fair, and the entire city of Haskell will assume holiday attire for the week, beginning October 15 and ending Saturday, October 20.

The highways and byways throughout the entire county have been combed for exhibits in the agricultural and livestock divisions, and coupled with those to be sent in from adjoining counties, the show bids fair to be among the best in the history of Haskell county despite the fact lack of rain has caused many farmers to fail on all crops.

Under the leadership of Dimmitt Hughes, prominent Haskell county stockman, and newly elected president, Troy Post, secretary and R. H. Maxwell, county agent, the plans for holding the various exhibitions on farm products have been rapidly pushed through to a near completion.

Attractive prizes have been arranged for individual and community exhibits, which will take the place of the general farm exhibit plan in vogue last year.

The amusement side of the Central West Texas Fair has not been neglected by fair officials. Horse racing, junior rodeos, night football games and various "stunts" have been arranged, or are now in the process of arrangement.

Wednesday, Oct. 17, has been set aside as "Haskell Day" in conformance with past celebrations, and every business house will be closed during the greater part of the afternoon.

Night football between the high school eleven of Haskell and Snyder will draw the center of the spotlight Friday, Oct. 19. The game will be a conference affair and is expected to draw the largest audience to witness a sporting event in the history of this section. At least 300 football fans are expected to attend from Snyder alone.

Junior rodeos, which interest even old-time cattlemen, will also arrange an attraction under the new floodlights at Rice Springs park. Rex Felker, director, is now teaching a large number of boys in the "gentle art" of bronc riding, steer riding and roping tricks.

Tidwell's carnival shows have again been booked to provide amusement, and will bring new attractions here, so local officials have been assured.

Miss Reed Gives Up Demonstration Work In Haskell

Miss Johnnie Reed, home demonstration agent, who has been in Haskell for about one year, tendered her resignation from that office during the past week, to be effective by October 26. She will be succeeded by Miss Peggy Taylor, of Alford, Texas.

Miss Reed, according to several demonstration club women, has been especially efficient in the work over which she has had control, and has aided to a marked degree the advancement of home demonstration work in Haskell county.

Miss Taylor is a graduate of the Texas State Teachers College, at Denton, and holds a B. S. degree. She is now a teacher in the Pricco, Texas, school. In addition, the incoming demonstration agent has had wide experience in the work which she will assume after coming here. She is expected to arrive in Haskell by October 21 and assume active charge of the office on Oct. 26th.

Mr. and Mrs. Houston Bitzer of Chickasha, Oklahoma, visited their relatives, the Rees and Montgomery families over the past week end.

FIRST CHRISTIAN CHURCH

Wm. P. Hardegree, Minister

Come and See!
 Be fair.
 Get the facts.
 Don't condemn unheard.
 Refuse prejudiced testimony.
 Come and see for yourself.
 The Church courts investigation of her principles and work.

Unlike all other institutions she has room for everybody, men, women and children.

No matter what your clothes, your income, your education, your morals, the church wants to see you at her services. She welcomes you, not for what she can get from you, but for what she can give you.

Underneath her forms, behind all her attractions of music, oratory, society, charity, the church offers what men need—sympathy, joy, victory.

To remain ignorant of the Church's message or absent from her worship is to cheat yourself of courage for duty, strength for burdens, escape in temptation, light in perplexity, comfort in sorrow, peace in death.

The church invites, urges, challenges you to test her welcome, her worship, her work.

Come and see.

There were 34 ladies present and the following program was rendered:

Renewed interest is being given our local W. M. S. work. Last week the ladies observed their week of Prayer for State Missions with good attendance, fine programs and a good offering.

Just recently a new circle for the young married women of the church was organized. Mrs. W. P. Trice is leader of this new circle, and they have 20 members, and are asking all of the young women to join them.

The Society sent a box of clothing last week to the Baptist Mexican Mission at Bastrop.

Triplets Celebrate Fourteenth Birthday With Party.

Afterwards the presents were unwrapped by the three little girls.

Methodist Missionary Society.
The Methodist Missionary Society met in regular session on Monday afternoon October 8. Mesdames Irby and E. Martin had charge of the program, which was a continuance of the study of "Eastern Women Today and Tomorrow." Mrs. Irby opened the program by reading the 13th chapter of Luke. Mrs. Patterson at the organ played softly a group of old hymns, among them being "From Greenland's Icy Mountains" and "Jesus Calls Us". All joined in singing "The Kingdom is Coming." Mrs. Sowell offered a prayer. Mrs. Irby taught the ninth chapter, which dealt with the changes

which had been wrought in the lives of the women of the Far East by the Christian Missions. Japan can not measure the good which has come into the lives of the women of that country since the advent of Christianity. The women of India are grateful for the effect which has been wrought in their own country. Since Christianity has reached them, child marriage has been forbidden and women are not forced to keep their faces covered. In China the effect has been great. At one time only one woman in 1000 could read, but now schools are opened to them and the masses of the women are eagerly grasping the opportunity to acquire at least a grade school education.

Mrs. Martin taught the tenth chapter and this was entitled "New Technique to Meet New Demands." One of the great problems to be met is the changing of home standards. For so long, China followed closely in the footsteps of her forefathers. In fact China is known as an "Ancestor Worshipper." Most of the women who are being educated belong to the younger generation and of course those of the old regime are hard to win over. There is gradually dawning on the minds of the missionaries the advisability of cultivating the best of the Eastern ways instead of trying to force the ways of the west upon them.

At the conclusion of the lesson, the president, Mrs. O. E. Patterson, held a short business session. Chairman Lewis of the Rummage Sale Committee, reported that the sale on last Saturday was satisfactory in every way. The Menefee Bible Class will sponsor a Rummage Sale on next Saturday.

Next Monday will be the last lesson in the Study Course and everyone is urged to come. The society was dismissed with a prayer by Mrs. Irby.

Mrs. J. L. Odell was returned in a Kinney ambulance Tuesday from an Abilene hospital, where she had been a patient for several days. Her many friends will learn with pleasure that she is greatly improved in health.

Mr. and Mrs. Troy V. Post and son Vick, were in Dallas the past week-end, the guests of friends and they also attended the State Fair.

Mr. and Mrs. J. L. Yancy of Lufkin, are visiting their daughter, Mrs. E. E. Welsh, of Haskell. They were accompanied by Mr. and Mrs. Wm. Yancy and their two young sons, William and Jerry, also of Lufkin.

Volume 1 By Haskell High School Students No. 1

This is the first presentation of this column. The Indian Warwhoop, with the paramount purpose in mind—to fully expose all "under-takings" in the one and only Haskell High School. May we pause for a brief space to bring to you the opinion of our superintendent, Mr. Breedlove, in regard to the full future value of this column:

"A news column in the Haskell Free Press may mean much to the Haskell High School if it is properly

edited. There are many students who are busy with their own affairs and have no way to know the usual happenings in school. The news column will offer an opportunity to those who wish to familiarize themselves with the affairs of school life.

We also wish to bring you a comment from our principal, Mr. Wimbush:

"This column will be of value both to the public and to the student—in that the public will be en-

abled to keep in contact with school life, while the student will be provided an added opportunity to show some initiative."

If you should have any doubt as to the inspiration and sincerity this column has to offer, you might make it a point to follow it closely for the next eight months and satisfy your own curiosity.

While wondering where we ever found such a fitting name for said column, you might check the sudden impulse to go around, asking everyone, and just give the credit to the rightful owner—Miss Jessie Vick.

Since this is only the beginning of this column, we know that for it to be a success we must have the whole-hearted cooperation of each member of the Student Body and each member of the Faculty. We are looking forward to receiving every encouragement possible.

It is your column, Student Body, so let us make The Indian Warwhoop "whoop!"

SENIORS SELECT RINGS

October the 5th was a big day for the Senior Class of old H. H. S. We met on that morning to select the class rings for this year. After all the members of the class assembled, the President appointed a committee of three to meet each salesman, each committee being instructed to select two rings for the approval of the Class. After careful consideration the Class selected a ring that we believe to be the best selected by a Senior Class of H. H. S. in years. The rings were of a reasonable price and everyone was pleased.

JUNIOR CLASS NEWS

The Junior Class met Tuesday afternoon Oct. 2, 1934, after school in Room Seven for the purpose of organizing the class. Our sponsor, Miss Davis, could not be with us, so Mrs. Wimbush met with us. We selected the following officers to serve for the following nine months:

President—Jack Kimbrough.
 Vice President—Tom Clifton.
 Treasurer—George Wm. Fouts.
 Secretary—Gayle Roberts.
 Reporter—Gladys Fouts.

Everyone is proud of our sponsor and our officers and are going to cooperate with them every way possible. We are going to be the "peppiest class in old Haskell High" this year. We are really going to do things because we have the spirit and what it takes.

The Junior Class is exceedingly glad of the fact that some of the best football players are from their class this year, namely, Kimbrough, Rose, Sherman, Reeves, Starr, Phippen, and Moser. We feel sure the other classes are just as proud of theirs.

A PEEP AT THE FRESHMEN CLASS

We are sorry that Joe Isbell, one of our freshman boys got his leg hurt while playing football and we hope that he will be feeling all right soon.

One or two of the freshmen have stumbled down the stairs. It seems as if they will never get used to moving around so much and having to go up and down stairs so many times each day.

I suppose everyone has heard about our new teacher. He teaches History and is a good teacher. The first day he taught us we looked so intelligent he thought we were sophomores and taught us ninth grade history.

Miss Vick is trying to teach us to increase our vocabulary. The other day she asked Bidge Meadors to make her a sentence and use one new word in it. Bidge replied, "The girl looked permacarboniferous. Sometimes even a real smart person makes a mistake (ahem!)

Algebra is just like Greek to some of us, who do not yet understand (Continued on Page Five)

CROSS CHILDREN MAY HAVE WORMS

Watch for upset little stomachs, bad breath, fretfulness, loss of weight, itching around nose and arms. They may have pin or round worms. Whites Cream Vermifuge has safely and for years, reliably expelled the worms and toned the delicate tract. Whites Cream Vermifuge recommended by druggists.

"Full Feeling" After Meals

Here is how Theford's Black-Draught proved helpful to Mr. Archie W. Brown, of Fort Green, Fla.: "I have taken Black-Draught when I have felt dull from over-eating or eating too hurriedly," he writes. "Small doses right after meals rid me of gases and heavy feeling. I am a great believer in Black-Draught."

Week-End Specials and Electric Refrigeration Saves You Money

You can economize as much as 20 per cent by buying at week-end specials and taking advantage of the perfect refrigeration offered in order to preserve your foods that you buy at these specials.

With modern Electric Refrigeration — which assures safe preservation of perishable foods at all times — you can easily buy in sufficient quantities to effect this saving.

Just think of the saving you can make . . . and you will only have to market once a week!

The safe, constant, dependable refrigeration supplied by the new Frigidaire makes this economical practice possible. Frigidaire automatically maintains this constant cold of less than fifty degrees necessary for safe refrigeration. There is no trouble on your part — even defrosting is automatic.

A trained representative will be glad to explain how the new Frigidaire pays for itself. Ask for a demonstration or ask any user of the Frigidaire.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule . . . and adds only a small amount to your total bill?

OCT. 15 - 20, 1934

For many years the Haskell National Bank joined in with others to welcome you to the Haskell County Fair, and now we again take pleasure in extending a welcome to everyone to attend the Central West Texas Fair—an outgrowth of the county celebration. Despite the drought, which has affected us all, the fair officials have striven to make this 1934 fair a good one and well worth your attendance. MAN WARWHOP...

(Continued from Page Four)
 You can subtract one thousand from one, and we get our minus and minus mixed. We wish that we could have two teachers and Mr. Graham. Mr. Mason could both teach and since we can have only one we wish Mr. Graham to know that we do miss him.
 The Freshmen are beginning to look that Haskell High School is a different way of saying the question, for when questioned Thursday about how they felt their answers went something like:
 Lloyd McMillan: "Half dead."
 Elmer McClure: "Half-dead, too."
 Mattie Frank Mullis: "I'm plum."
 Martelle Clifton: "Ho, hum, fair."
 Jewel Dean Lowellen: "Not very."
 Marveta Post: "I feel just like when's gonna happen."
 Hugh Lowe: "Days are too long."
 John Guest: "Well, I don't know what's goin' on."

FOOTBALL

The Haskell Indians met the Roby Lions on Roby field Friday October 5. The game being called at 3 p. m.
 The play throughout the first quarter was deep in Roby territory. However at the end of the first quarter a fumble by Jack Kimbrough gave Roby the ball in mid-field.
 Throughout the second quarter most of the play was in mid-field. On the last play of the second quarter a pass from 40 yard line from Headstream to Been was good for a touchdown. The try for the extra point after the touchdown was good.
 The half came with Roby 7, Haskell 0.
 During the third quarter the plays centered in mid-field and very little progress was developed on either side.
 In the fourth quarter Haskell opened up on passes and completed four straight passes and was in scoring distance when the game ended.
 Sideline Spectator.

The Roby Lions proved to be plenty tough, yet the Indians have no alibi. They learned a great deal and Coaches Richey and Mason have drilled them hard for the tangle with Merkel, Friday night, who is leading the tenth district with two conference wins.

THE GOOD LUCK PALS

On Wednesday afternoon, Oct. 3rd the first meeting of the Good Luck Pals was held in the Home Economics room of the Haskell High School. We elected the following officers to serve for the nine months term:
 President—Gayle Roberts.
 Vice President—Marjorie Wright.
 Secretary—Anita Jo Simmons.
 Treasurer—Gladys Fouts.
 Reporter—Catherine Wair.
 Assistant Reporters—Elsie Ghobson, Mary E. Diggs.
 Program Committee — Marjorie Wright, Winnie Darnell, Marjorie Ratliff.
 Social Committee—Robbie Jo Burson, Anita Jo Simmons, Geraldine Conner, Helen Mabel Baldwin, Martelle Clifton.
 Charity Committee — Marvina Post, Lottie Mae Thompson.
 Great work is expected to be done by the club this year and we are very proud of the interest shown by the old and new members which number sixty. We know our sponsor, Mrs. Young, will cooperate with us in every way and make our club a great success.

THE FRESHMAN HOME ECONOMIC CLASS

With twenty-six pupils in our class we are having a pretty hard time, especially when it comes to sitting in armchairs. We cannot seem to remember that we are "grown-ups" now and are supposed to be like young ladies. Since we are accustomed to having desks that don't move, it is very easy for our chairs to slip. (Consider the case of little black-haired Hazel Foote (Continued on Page Eight))

We feel that the Senior Class should give more attention to Woody Dishough because he seems to be throwing off some of the dignity of the class by paying too much attention to a certain little Freshman girl.

Ruby Stodghill of Rose 4-H Club Is Proud of Profits

A net profit of \$43.68 is the result of a garden demonstration conducted by Ruby Stodghill, of the Rose 4-H club.

"Last fall after seeing the 4-H club girls exhibit at the fair I decided that I would like to belong to the club," says Ruby. "In February my garden was started by planting carrots, spinach, English Peas and lettuce."

In addition to the vegetables a total of 132 quarts of fruits were put up. "As you know this has been an awful drought for this country but I beat the drought as long as I could water my garden for I put the garden below the tank dam so I could water it with a long hose when the weather was dry," concludes Ruby.

CARD OF THANKS

May we take this means of thanking our many friends for their kindness and sympathy in the recent loss of our daughter and sister, Letta. We are grateful, not only for the help and the floral offerings tendered us, but for the knowledge of the thoughtfulness of those who live around us.
