Mr. and Mrs. Wayne White joined three other couples recently: at Port Mansfield to fish for the coveted speckled trout. Although the weather refused to cooperate for the first three days of the trip, Thursday morning dawned bright and clear with only a hint of wind to mar the fishing.

The intrepid crew managed to catch over 100 pounds of trout during the six days of Rain fishing, although it is rumored that Wayne somewhat failed in his attempts to corner the quarry. After thrashing the briny deep for several hours while his friends were busily landing fish, his efforts were at last rewarded with a trout

barely making the 12-inch limit.

"I don't care how hard you all laugh, I'm having this one mounted," Wayne said. "This may be all I'm going to get."

After the first fish succumbed to the hook, however, Wayne went on to catch several more to be added to the final total.

As did the other members of the party, Wayne and 'Butch' had a wonderful time fishing and visiting with old friends from San Angelo.

The Whites are the mother and step-father of Mrs. Nona Hutchinson.

"Greater love hath no man than this, that a man lay down his life for his friend." (John 15:13)

This is what God did for useveryone whosoever will come unto him and obey his commands. His grace will help us to continue in his love; make sacrifices for our fellow man and never be offended at them. Let the pure love of God sincere and be without dissimulation. Abhor that which is evil; cleave to that which is good. The Lord will make you to increase and abound in love toward another, and toward all men, even as we do toward you. (Heb. 13:1-Jas, 2:8)

The power of God's love working in our hearts gives us faith to believe his mighty works; for there is nothing too hard for him. He will help us to be sincere, truthful, honest and to purify our souls in obeying the truth through the spirit of unfeggned love of the breathen. See that you love one another with pure heart fervently. By this shall all men know that you are my

disciples, if you have love for one another. With out this kind of love, can we call ourselves Christian? Seek out this answer in the word of our God.

## **Public Notice**

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

#### Notice to El Paso Area Customers

Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.

#### Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

## Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intraestatales de la compañía.

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cual Southwestern Bell aplíque sus tarifas.

#### Aviso a Clientes en la Región de El Paso

Con vigencia a partir del 10 de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States efectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras tarifas que se aplican al resto de Texas. El nuevo arancel que resulta de ésta union se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.

#### Aviso a los Clientes de Otras Compañías de Teléfono

El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interexchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio tambien afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell. Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para larga distancia, cualquier cambio en las mismas tambien afectaría a los clientes de otras compañías de teléfono

**Poolside Tips** 

To keep your family healthy and 'in the swim', this summer, set up stand-ard pool safety rules.

Statistics show that more than 2,400 young children drown each year. Youngsters should be taught to enjoy the water but with a healthy respect. Some rules you might consider

• No young child should swim or play in the water without adult supervision.

Make adult supervision a must when children are in the pool.

• Back yard pools attract youngsters. Keep your bool fenced and locked. NEVER leave a ladder or steps near an above-theground pool unless ad ilts e present

• Water safety instruction should be a part of every family's summer. Include swimming lessons. good behavior in and around pools and life saving courses especially mouth-to-mouth resuscitation. Such lessons can and will save lives.

• First aid instruction should include caring for cuts and scrapes. Don't let minor injuries spoil a happy day. Follow these four easy steps: CLEANSE wounds Thomas, Tina Thomas of with running water, mild and a-sterile pad. soap TREAT with first aid cream or antibiotic ointment. COV
