

INDIANS AND BOBCATS TO MEET HERE FRIDAY

Rivalry Is Basis of Conference Tonight

Indians, still smarting from the defeat last week in the practice game of the week, will meet the Bobcats here this time on Friday night. The rule of the game is to be played under the Indian Field in the county center - county center - county center.

INDIANS B TEAM WILL PLAY PAINT CREEK SATURDAY

Squad From New Rural High School Will Be Playing Their First Game

The Haskell Indians "B" team, strengthened with the addition of a number of recruits this week, will play their second game of the season Saturday night on Indian Field. Opponents will be the Paint Creek Panthers, newly-formed squad from the Paint Creek Rural High School and latest team to enter the county's football realm.

Resident of Nevada Returns for First Visit in 35 Years

A recent visit to this section by George J. Dodson of Carson City, Nevada, was the occasion for a reunion of brothers and sisters for the first time in 35 years. Mr. Dodson, a former resident of this section, came here for a visit in the home of his sister, Mrs. W. E. Stanford. He also spent several days with relatives in Wichita Falls and Dallas, and on last Sunday the group held a reunion in Wichita Falls. One brother, John D. Dodson of Santa Barbara, Calif., was absent.

BEAUMONT VISITOR GUEST AT MEETING OF LIONS TUESDAY

Work of Aiding Needy Blind in Beaumont Theme of Brief Talk

Work that is being done by the Beaumont Lions Club to aid needy blind in that city was explained to members of the local club Tuesday by Carlton Wyche of Beaumont who came here for a visit with his parents, Mr. and Mrs. H. C. Wyche. He was a guest of Haskell Lions at their regular meeting this week.

20 Years War Veterans Fast Friends

Lin, former Haskell now lives in Beverly enjoys a rather sinistrous time enemy twenty so is likewise now enemy in the California twenty years ago they lists, Mauldin with the and Marquis with army. ing parallel in their and their subse and as neighboring and the forming of a ship is interestingly ticle recently appear Angeles Times-Her of the two war veter in the article.

FARM LEADERS OF AREA STUDY FARM PURCHASE PLANS

Representative From Counties Eligible for Farm Meet in Abilene

Agricultural leaders of this area assembled in Abilene Sept. 9th and 10th to plan selection of tenant farmers to buy land under the Bankhead-Jones Farm Tenant Act. A group from each county in which loans are to be made included the three dirt farmers who constitute the county advisory committee, the County Agent and Home Demonstration Agent of the Extension Service, and the county supervisor and home management supervisor of the Farm Security Administration.

The advisory committee from this county consists of: Rufus H. Smith, Rule; B. Walters, Rule; and David M. Guinn, Sagerton. In addition to selecting the tenants who are to purchase farms, the county advisory committees will also appraise the land. C. M. Evans, regional director of Farm Security Administration, said that more than 7,000 applications have already been received in the 36 Texas and 27 Oklahoma counties in which loans are to be made from the \$3,176,000 allocated for the two states this year. "Farmers who see prospect of at last becoming owners of the land they work after having struggled in vain for years to lift themselves from tenancy are continuing to pour in applications in each of the designated counties," Evans said. "High interest rates and large annual installments made it impossible to pay out a farm in other years, but the FSA plan under the Bankhead Jones Act required no more than the usual annual rent and there is no down payment."

County Council of H-D Clubs In Regular Meeting

Seventeen members of the County Council of Home Demonstration Clubs were present for the regular monthly council meeting, held Saturday afternoon in the office of Miss Mildred Vaughan, home demonstration agent. Six of the twelve clubs in the county were represented in the gathering. Miss Nora Walters presided as chairman during the meeting. After considerable discussion of plans for exhibits at the coming Central West Texas Fair, committee chairmen who will supervise exhibits from each club in the county were instructed to meet with Miss Vaughan on Monday Sept. 12th to discuss final plans for the exhibits. Concluding the meeting, Miss Vaughan explained the various duties of the Education, Marketing and Recreation Committee, 4-H Sponsors and Reporters. Reports of these committees and officials must be made to the Council every three months, the agent advised.—Reporter.

H-S U Extension Classes Will Be Continued Here

Plans to continue the Hardin-Simmons University extension classes on the same basis as last year were announced by Dr. R. A. Collins and Dr. R. N. Richardson of the University, when they visited Haskell last week. The organization meeting for the classes has been scheduled for Monday, Sept. 19 at 7:30 p. m. at the North Ward elementary school building. Advanced education and history courses, and others if there is a demand, are to be taught.

Additional Stop Signs Placed At 120 Intersection

Another step was taken by city officials this week in their campaign to enforce safer traffic rules within the city, when two additional stop signs were installed on the northeast corner of the square, at the intersection of Campbell street and Highway 120. City Marshal Britton is urging motorists to familiarize themselves with the new installations, and warned that after this week penalties would be enforced against all drivers failing to observe the stop signs. Miss Minnie Ellis of Pecos is in Haskell visiting relative and friends this week.

Traffic Accidents Take Toll of 907 Lives in 7 Months

Seventy-three of Texas' 254 counties had no fatal traffic accidents in the first seven months of this year, state safety officials reported today from Austin. There were 907 persons killed in that period with over 37 percent of the deaths recorded in 12 counties. In Haskell county only one traffic fatality has occurred this year, the report disclosed. J. L. Howard, young farmer, was killed when his car overturned near the south city limits on the night of January 21.

MEMBER OF PIONEER WEST TEXAS FAMILY CLAIMED BY DEATH

Mrs. J. A. Matthews, 77, Dies at Family Home in Albany Wednesday

Mrs. Sallie Reynolds Matthews, 77, member by birth and marriage of two of the most widely known cattle families in West Texas, died at 3:30 Wednesday morning at her residence in Albany. She had been ill about 14 months. Funeral services were held at 11 o'clock Thursday morning at the Matthews Memorial Presbyterian Church in Albany, with the pastor, Rev. J. A. Owen, officiating.

Mrs. Matthews was the daughter of B. Wait Reynolds and Anne Reynolds and was born May 21, 1861, near the present site of Breckenridge, in what was then known as Buchanan county. It was in her father's ranch home that Stephens County was organized.

She was the first or one of the first white children born in the old Buchanan County and her family and the family of her husband, John A. Matthews, who survives her, were among its first settlers, arriving there in 1859.

On Christmas Day, 1876, Sallie Reynolds married John A. Matthews. As a young couple they established their first home on California Creek in Haskell County, on land now owned by T. P. Huges of Georgetown. The ruins of the old house, believed to be the first constructed in Haskell County, still may be seen there.

Besides her husband, now 84, still an active ranchman, she is survived by seven children, Mrs. Thomas L. Blanton Sr., Joe B. and Watt R. Matthews, ranchmen, of Albany; Mrs. A. P. Burns, Pauls Valley, Okla.; Mrs. A. B. Judd, Houston; Mrs. L. A. Casey, Austin, and Houston, and Mrs. Lucille Brittingham, Cleveland, Ohio; two brothers, Ben F. Reynolds, Throckmorton, and Phin W. Reynolds, Albany, 18 grandchildren and two great-grandchildren.

Rochester Boy Admits 'Taking' Father's Money

The theft of approximately \$45 from a Rochester resident, and reported to Sheriff Giles Kemp Monday afternoon, was solved when a 15-year old youth admitted to the officer that he had taken the money from his father while the parent was asleep. He showed his father and Sheriff Kemp where he had hidden the money in a mattress, and the entire sum was recovered intact. No charges were filed in connection with the affair.

Fewer Pupils Per Teacher Is Economy Result of Contracting Rural Schools

The contracting of several rural schools by the Haskell Independent School district this year has resulted in a reduction and a more equitable division of the "pupil load" per teacher. A report of Supt. C. B. Breedlove, made to Board of Trustees of the Haskell district this week, reveals. The report further shows that although the faculty personnel has been increased, fewer teachers are employed by the local district than previously, when no rural schools were contracted. The complete report made by Supt. Breedlove, based on enrollment figures for the first week of the current school term, is given below: "Enrollment of schools during the first week totaled 859, distributed as follows: South Ward 169, North Ward 402, High School 288. "Teacher distribution is South Ward 7, North Ward 12, and High School 10. This is a pupil load of approximately 20 per teacher. "Before contracting with any rural schools we used twenty-five

NEW OFFICERS OF PAINT CREEK FFA CHAPTER ELECTED

Fifteen Objectives Set Up For Newly-Organized School Group

The Paint Creek chapter Future Farmers of America met Sept. 6th and elected permanent officers to take the place of the temporary officers elected in the July organization meeting. Permanent officers elected were: President, Willie Lee Medford; vice-president, Ray Overton, Jr.; secretary, Kenneth Brown; treasurer, Jack Landess; reporter, Irvin Overton; Watch Dog, William Prewitt; parliamentarian, Kermit Brown; song leader, Billie Lane; and Adviser Mr. Harmon. Three Executive Committees elected were Durwood Livengood, J. B. Nanny and Walter Nanny. The executive committee met last Monday night and set up fifteen objectives for the Chapter, which consisted of recreational, leadership, educative and community activities. Initiation of new members to the first degree of Future Farmers, namely "Green Hand" will be carried out in the near future.

At the present time the Chapter is stressing a meeting to be held Monday night, Sept. 19 at 8 o'clock at which Mr. V. L. Alford will talk to the farmers of Paint Creek community. County Agent G. R. Schumann will also be present to discuss construction and use of trench silos. All farmers and stockmen of the Paint Creek section are being urged to attend the meeting Monday night.

HIGH AVERAGE OF COUNTY FARMERS COMPLY WITH AAA

Only 22 Fail to Keep Cotton Acreage Within Allotment Figures

Records in the office of the Haskell County Agricultural Conservation Association reveal that over 99 per cent of the cotton farmers of Haskell county have complied with the provisions of the A. A. Program by keeping their cotton acreage within the acreage allotments established for their farms. According to the records only 22 farmers out of approximately 2,500 in this county have overplanted their cotton acreage allotments, G. R. Schumann, secretary for the County Association stated. The compliance reports for all farms in this county are being completed as rapidly as possible so that they may be forwarded to the State A. A. office.

Makes High Grades in Bar Examination

Hubert L. Watson of this city, who finished the University of Texas Law School with highest honors of the Class of 1938, was successful in passing the Bar Examination this week, and is now a full-fledged member of the bar. Officials who conducted the examination, held in Austin, commended young Watson highly on his excellent grades. He is the son of Mr. and Mrs. Mike B. Watson of this city.

VARIETY OF ENTERTAINMENT WILL BE FEATURED DURING CENTRAL WEST TEXAS FAIR

O'BRIEN SCHOOL OPENS WITH 146 PUPILS ENROLLED

Faculty of Eleven Teachers Provided By Contract With Cliff School

The O'Brien school began the 1938-39 term Monday, Sept. 12th, with an enrollment of 146 pupils. School officials expect a sizeable increase in attendance as soon as the cotton gathering rush is over. The Cliff school and teachers have been contracted to the O'Brien school for this term, giving the school a faculty of eleven members. All indications point to another successful school year for O'Brien. The high school now has eighteen affiliated units and more will be applied for this year. Two new buses have been added and the third bus has been reconditioned and this will assure adequate transportation facilities for the district.

Faculty of the school is composed of Mr. and Mrs. Jimmie Wyatt, Mr. and Mrs. Thomas B. Roberson, Mr. and Mrs. J. O. Nickell, E. C. Westerman, Jesse Hitchcock, Mrs. Weston Blain, Miss Mildred Adcock, and Mrs. Neal Logan.

Mahon to Occupy Lubbock Office For Short Time

Congressman George Mahon advised the Free Press this week that he has established a temporary office in Lubbock for a period of probably two months. He plans to visit as nearly as possible every county in the District before returning to Washington but stated that he will spend considerable time in his Lubbock office in order to be more easily available to those from surrounding counties who wish to see him. All correspondence with the Congressman will be handled through the Lubbock office located in the Federal Building, during this temporary period. Mr. Mahon's secretaries, Lloyd Croslin and George Witten, accompanied him to Lubbock this week.

Fall Fashion Show Held at Perkins- Timberlake Store

Fashion-minded women and misses of this section were guests of the Perkins-Timberlake department store in this city Thursday afternoon, Sept. 8, for their fall fashion revue and showing of "College Clothes". Several hundred guests attended the affair, including a number from surrounding towns. A complete array of newest fashions for the College - bound miss was modeled by young women of Haskell, Rule and Rochester. A large stage was erected in the rear of the store, where ample seating arrangement had also been provided for guests. Music was provided by members of the Haskell Municipal Band, and a specialty tap dance number was given by Miss Josephine Parish. Included in the display were correct Fall modes in misses sportswear, evening dresses, coats, footwear, and matching accessories. With Miss Anna Maude Taylor as announcer and commentator, the new Fall styles were modeled by Misses Wilma Whitley, Mary Lena Tubbs, Mary Eleanor Diggs, Geraldine Conner, Helen Ballard, Helen Mabel Baldwin, Gayle Roberts, Henriette Perrin, Elsie Gholson, Veda Thomas, Anita Jo Simons and Marvel Clifton of Haskell; Misses Geraldine Malone, Margaret Davis and Jerome Verber of Rule; Misses Annie Sue Reeves and Chellie Sue Bragg of Rochester; Misses Marylene Edwards, Dorothy Shaver and Clarinda Sue Moseley of Knox City.

Miss Dorothy Lewellen who has finished her training at Scott and White Sanitarium at Temple is home with her mother, Mrs. J. C. Lewellen. Mrs. Walter Price of Goree and Mrs. Ernest Meyer of Abilene are visiting their mother Mrs. Mary Jane Hardin and sister Mrs. Nova Cook this week.

Prison Inmate to Face Trial Here On Theft Charge

Leslie "Cotton" Odum, an inmate of the State Penitentiary at Huntsville, will be returned to Haskell today by Sheriff Giles Kemp to await trial during the September term of district court on a charge of theft over fifty dollars. Odum was indicted by a Haskell county Grand Jury in May of this year in connection with the theft of an automobile belonging to Ray Lusk and a trailer from Sam Cullum, both of this city. The thefts occurred in February, and the car and trailer were subsequently recovered by local officers. Odum was later convicted in Jones county for burglary, and sentenced to two years in the penitentiary, local officers said. Sheriff Kemp said that while at the state prison he would question another inmate, John Heath, who allegedly was implicated with Odum in the thefts committed here.

Red & White Store Adds New Fixtures In Meat Market

Latest improvement to be made in Collier's Red & White grocery store was the installation Tuesday of a modern refrigerating unit in their meat department. The unit comprises a large meat display counter, refrigerated with Frigidaire equipment, operated by automatic control which assures correct low temperatures at all times. Both interior and exterior is of white enamel. Shelving and display racks are of enamel and stainless steel. Large storage capacity of the unit provides refrigeration for the complete line of meats featured by the store. A new electric meat grinding unit has also been installed in the market of the store, along with new meat blocks and other equipment. According to Jesse Collier, owner and proprietor, this department of the Red & White Store has enjoyed a substantial increase in patronage in recent months.

DETAILS OF 1939 AAA PROGRAM NOW BEING DETERMINED

Wheat Acreage Allotment for 1939 To Be Available At Early Date

Details of the 1939 A. A. A. program are now being worked out according to G. R. Schumann, secretary of the Haskell County Agricultural Conservation Association. Wheat acreage allotments for the 1939 crop are now being worked out in the State A. A. office and should be available to Haskell County farmers within a week or ten days. Allotments for cotton and feed crops will be determined after the wheat allotments have been completed and will be available to farmers before the end of the year. This will enable all farmers to have their acreage allotments before planting time and will eliminate one of the chief sources of trouble prevalent under the A. A. A. program, that being the delay of getting allotments to the various farmers.

H. D. Agent Will Give Radio Talk On Station KRBC

Large Number of Farmers Ask For Wheat Insurance

Over 275 Haskell county wheat growers have applied for insurance under the new crop insurance program, according to W. S. Grimsley, County Crop Insurance Supervisor. The wheat insurance program covers all risks, and insures either 50 per cent or 75 per cent of a farmer's normal production. "Many more farmers took out this insurance than we expected," stated Mr. Grimsley. "We only expected to receive from 100 to 150 policies, but instead 275 applications were received." Many farmers came in to sign up after the closing date, which was August 31, but applications could not be made after the closing date, Mr. Grimsley added.

Final Plans for Four Days Exposition Being Made This Week

With the fourteenth annual Central West Texas Fair only four weeks away, committees in charge of the various divisions are actively working on final plans for the exposition, with indications pointing to one of the most successful Fairs in years. Entertainment features will be more varied than ever before, with a full schedule of attractions to be offered each afternoon and night during the four days exposition in addition to the carnival attractions, shows and rides on the midway surrounding the exhibit buildings. The Silver States Shows contracted for this year's Fair, will bring one of the largest carnival companies ever set up here, according to Fair officials. A thrilling free attraction will be among the many features of the big show, they announce.

Widespread interest in agricultural and livestock exhibits is being manifested by exhibitors throughout the county, and space has already been reserved for several individual farms, community and club exhibits. Entries in the livestock and poultry divisions will be larger than last year, judging from advance inquiries to heads of these departments. Textile and culinary departments will also be crowded for space, and a special feature in connection with these divisions will be the exhibits entered by each Home Demonstration Club in the county. Girls 4-H Clubs of the county will sponsor poultry exhibits.

Approximately \$1,000 in cash premiums will be offered in the various exhibit departments. An added feature in the livestock department will be Horse and Mule Show with special Grand Champion Awards provided in six classes by the Texas Horse, Jack and Mule Breeders' association of Texas. Rice Alvis has been named superintendent of this division.

Parade Opening Day As in former years the year's Fair will be officially opened with a huge colorful parade to be headed by sponsors who will be invited from surrounding towns and cities of West Texas. Attractive awards will be offered the winning sponsors. Decorated floats representing Haskell merchants, schools, and communities of the county will compete for awards offered for the most attractive entered in the parade, and awards will also be given winning horse and rider, horse drawn vehicle, automobile, bicycle and miscellaneous entries. W. O. Holden is in charge of the parade division.

Old Settlers Reunions Members of the Haskell County Old Settlers association will hold their annual reunion during the Fair. Program for this affair is now being arranged, and will consist of a number of special features in honor of the pioneer settlers of this section. All members of the association will be guests at a chuck wagon dinner during their reunion.

During the week of October 10-15 the Fair association will sponsor a series of Booster Trips to towns and cities of this section advertising the Fair. Arrangements for the trips and each day's itinerary will be announced at an early date. Each business house in Haskell will be urged to have a representative in the Booster group.

The value of orchards in supplementing the farm garden to provide a year-round food supply of fruits and vegetables will be theme of a fifteen-minute radio broadcast over station KRBC at Abilene to be given by Miss Mildred Vaughan, county home demonstration agent.

The radio talk will be given Monday morning Sept. 19th, from 11:45 until noon. Club members in Haskell county, as well as other persons interested, are invited to tune in for the broadcast.

Mr. and Mrs. O. B. Ratliff of Spur are announcing the arrival of a daughter on September 8.

GENES OF THOUGHT
No great man ever complains of want of opportunity.—Emerson.

Milo Blight is Present in Many Westex Counties

On a recent trip through 25 West Texas counties R. E. Karper, Vice Director, Texas Agricultural Experiment Station and J. R. Quinby, Superintendent, Substation 12 at Chillicothe had an opportunity to observe the effect of Milo Blight or Milo Root Rot in a considerable area. This disease which is caused by fungus, one of the water molds belonging to the genus Pythium, was first seen at Chillicothe in 1926 and has since become widespread in all of the Rolling Plains country below the Cap Rock. The present season furnished a particularly good opportunity to compare the old standard milo with the new blight resistant strain developed by the Experiment Station and first distributed in 1937.

The infection this season in the area where the disease has been present for several years is not as virulent as occurred at least once before but cases of the disease were found in all counties of the Red Beds Region, traversed including Hardeman, Childress, Cottle, Motley, Dickens, Kent, and Scurry. Infected fields this year at heading time or later looked as if there was a severe drought although on examination of the soil showed sufficient moisture to mature a crop. Over this entire area occasional fields of the new disease resistant milo were found as the Experiment Station has been making distributions of resistant seed for two years and a very widespread distribution was made in 1936 when the Stations at Chillicothe and Lubbock made over 800 distributions of seed through County Agent and Vocational Agriculture teachers in about 100 counties. Under the identical conditions in which the old type milo is making a half-crop or less the new resistant strain is vigorous and free from disease.

Prior to 1937 Milo Blight had not been observed above the Cap Rock on the South Plains, but in that year there was a severe infestation in part of Crosby County. The disease reappeared in Crosby County this year and has also become widespread in virulent form in Lubbock County for the first time. The advent of the disease in Lubbock County is typical of what has happened elsewhere; one year the disease is apparently unknown; the next year it is widespread. It has been spreading in this manner for several years. It appeared in Dickens County and on the Spur Station in 1936, in Crosby County in 1937, and in Lubbock in 1938. Hundreds of acres of milo in the area immediately south of the city of Lubbock will produce less than half a crop in 1938 an account of Milo Blight. Many farmers in this region have not yet recognized the presence of the disease and have attributed the poor appearance of the crop to drought. It is possible to identify the disease positively by splitting the milo stalk at the base. An infected plant will have a red area of dead tissues at the very base of the stalk and the roots coming from this area will be dead also.

A particularly striking demonstration of the effectiveness of planting blight resistant milo seed can be seen on Highway US365 about four miles south of Lubbock. On the west side of the road is a large field that has headed but is almost dying with Milo Blight. A half mile farther south and on the east side of the road is a good field of Blight Resistant milo.

Depending upon the virulence of the infection, reduction in yield of milo from Pythium infection will vary from 50 to 100 percent. In cases of virulent infection such as that in Runnels county in 1935 and 1936 and in parts of Hardeman County in 1937, the yields of grain are practically zero as the entire crop die. Generally, however, the damage is less noticeable, as it is occurring this year in the Rolling Plains area; yields are reduced 40 to 60 per cent, and farmers attribute the low yield to drought or to chinch bug damage.

Fortunately this disease need not be a source of loss to farmers any longer. When the disease first became prevalent in extremely virulent form in Runnels and adjoining counties in 1934 and 1935, Karper and Quinby selected heads from the few apparently healthy plants which survived in large fields were thousands of other plants had been destroyed by the disease. The progeny of these plants was tested in the greenhouse in infected soil shipped in from Runnels Co. Remnant seed from heads which proved to be pure for resistance was planted in 1936. A limited distribution of resistant seed was made in 1937 and wider distributions in 1938. Large supplies of resistant seed are now available. It is not necessary to treat the seed or the soil; it is only necessary to recognize the presence of the disease and to substitute resistant seed for the old milo for planting in 1939. Resistant seed need be bought only one time if the strain is kept pure by isolation from other varieties. Texas Certified Grain Sorghum growers, of which there are 15, will all have seed for sale in 1939, the Experiment Station will have a considerable supply for foundation plantings, and there are numerous reliable sources of seed in many counties where growers obtained seed of resistant stock either in 1937 or 1938.

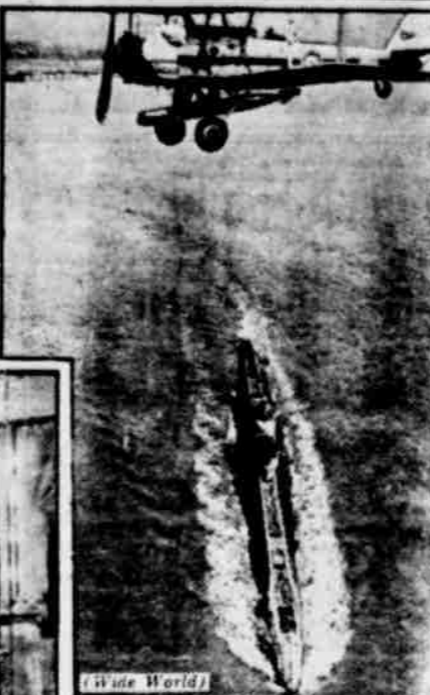

This prompt arrest of a devastating disease in the main grain crop of the vast farming area only comparatively recently developed is one of the speediest accomplishments in the annals of plant breeding. Within two years after the disease had become prevalent in Runnels County, a new disease resistant strain had been developed and a limited amount of seed was in the hands of growers. Within five years an abundant supply of seed has become available, and the farmers of the High Plains have the answer to the Milo-blight problem before the problem has even been recognized by some of them.

People and Spots in the Late News

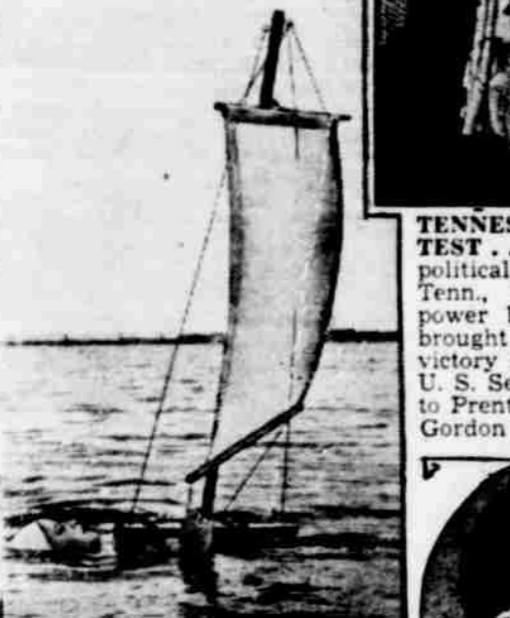

DOUBLE GLAMOUR... Two Gingers are better than one, as any Rogers fan will agree, so the blonde star displays her latest hostess gown in a strikingly modern mirror-glass dressing room in her new Hollywood home. Gown is white tulle decorated with peopies and daisies.

NEEDS NO COMPASS NOW... Douglas P. ("Wrong Way") Corrigan, famed for California - bound solo hop to Ireland, rode straight into hearts of admirers as city after city turned out with cheers. Photo shows Corrigan swamped in New York turn-out.

TAKE YOUR CHOICE... From above or below it'll be torpedoes in "next war" if British planes and subs, like this pair, returning from maneuvers off Gosport, England, go into action should wars in Spain, China or Siberia involve British Empire.

NICE BOATING!... Hoisting sail to the trade winds that blow across Biscayne Bay, Miami, Fla., Natalie Allison keeps on an even "keel" as she tries out latest in windjammers.

TENNESSEE BOSS WINS TEST... Edward H. Crump, political chief of Memphis, Tenn., shown voting, was power behind machine that brought Democratic primary victory to Tom Stewart over U. S. Sen. George Berry and to Prentice Cooper over Gov. Gordon Browning.

WARS ON HIDDEN TAXES... Food costs are increased 20 per cent by concealed taxes, Congressman Fred A. Hartley, Jr., of New Jersey declared in announcing campaign to inform public how these unseen levies lower buying power of every family.

fields were thousands of other plants had been destroyed by the disease. The progeny of these plants was tested in the greenhouse in infected soil shipped in from Runnels Co. Remnant seed from heads which proved to be pure for resistance was planted in 1936. A limited distribution of resistant seed was made in 1937 and wider distributions in 1938. Large supplies of resistant seed are now available. It is not necessary to treat the seed or the soil; it is only necessary to recognize the presence of the disease and to substitute resistant seed for the old milo for planting in 1939. The Warwhoop Official Newspaper of Haskell High School Volume 5

Ex-Indian Sees Son Play

Back when Haskell High School started playing football in the fall of 1916 there was a freshman who had a great desire to play football. Can you guess who this was? It was Mr. Hill Oates. In the fall of 1917 he came out and made the team that year as tackle and guard. The next two years Mr. Oates played fullback and halfback for the Haskell Indians. Mr. Oates was co-captain in 1918 and captain in 1919. The point we are leading to is that Mr. Oates has a son representing Haskell High School this year. He is the first ex-Indian to have a son represent Haskell High School. Dan Oates is playing quarter-back for the Haskell High School Papposes this year, and is developing into a good prospect for the coming years. This is just something we thought you would like to know.

Large Classes Due To Hour Periods

We have only five class periods this year in contrast to eight last year; therefore we must have more students in classes at the same time, and fewer in the study hall. To do this with the same teaching force (as was planned last spring) it was apparent that the teachers must take more students at a time. Thus it was planned last spring when this year's schedule was made to have only two sections of classes that have been divided into three sections. This has been done, and in the cases where the divisions could not be made evenly, some classes are quite large. It has been necessary in several cases for classes to change rooms, in order to be more comfortably seated. Now it seems that everything is about worked out all right.

Seniors Elect Officers

Rah! Rah! Rah! Seniors! Seniors! The 1938 Senior class, with a membership of sixty-four, began their Senior year by electing class officers Monday afternoon during activity period. With Mrs. Wimbish as chairman of the meeting, the following officers were elected: President—Eugene Rogers. Vice President—Eula Faye Glass. Secretary—Jack Hunter. Treasurer—Louise Pierson. Reporter—Mary Louise Curry. The class motto, class colors, class flower and P. T. A. representative will be selected in the near future. With Mrs. Wimbish as class sponsor, the Seniors hope to make their last year in high school their most successful year. Two of the most important things which the Seniors are looking forward to are the selection of the Senior rings and the class play. There will be something concerning the Seniors in the Warwhoop almost every week, so don't forget to read it. Here's to our last year—our best year!

Freshman Class Elects Officers

The freshman class met Monday Sept. 12 to elect class officers. With Buennis Faye Ratliff acting as temporary chairman the following officers were elected: President—David Patterson. Vice President—Billy Clifton. Secretary and Treasurer—Riley Pace. Reporter—Florence Hammer. Miss Riley is our class sponsor. We decided to set no regular date for meetings; they will be held when the occasion demands.

Wigwam Dresses Up

My! My! Are we not proud of the new Wigwam. While we were all busy vacationing it grew to double size and dressed up in "black and gold". Some have asked, "Why the unusual color scheme?" If you are in doubt, ask a Haskell Indian. Inside there are cozy little booths each equipped with a south window and a

convenient little mirror so you can powder your nose and comb your hair. You will find an ice cream cabinet filled with delicious ice cream. There is another pleasant surprise in store for your entertainment. Guess what? Remember! The Wigwam is our faithful friend.

Indians To Encounter Rule Bobcats Friday

The Haskell Indians went down in defeat Friday night by the Crowell Wildcats. The Indians already have their tomahawks ready for the Bobcats next Friday night here on the home field. The Rule Bobcats and Indians have been rivals since 1923. In the last 10 years the Indians have won 9 games and lost 1. We hope the Indians won't let this good record go down next Friday night. Under the guidance of a former Haskell Indian (Rob Simmons) the Rule Bobcats are hoped to be in the top birth of the Class C line-up this year. They have seven let-termin back and a lot of husky boys who are turning into good material. We need not mention any one player on the Haskell Indian team for those that saw the first game know all of them played good ball.

Junior Class Organizes

Monday, September 12 was organization day in Haskell High School and the following officials received a majority of votes for the various offices in the Junior class: President—Mary Lou Johnson. Vice President—Bonnie Dell Hisey. Secretary—Treasurer—Gerry Akins. Reporter—Wanda Dulaney. Mr. McCollum who was selected sponsor, explained the duties of each and also gave a brief report on what will be expected from this class as a whole. Our objects are to have the best Junior-Senior banquet and junior play that our high school has ever heard of, besides as many socials as we will be allowed to have. We will strive to help this year's seniors in all ways and should they need it, be an aid to the freshmen and sophomores. Yeah, rah Juniors!

Beatin' Round The Bush

Friends, Romans, Countrymen. Lend me your ears. I'll return them presently. Just in case you haven't awakened to the fact, school has started (with a capital Start). Although we're a little crowded and hot, I think we can make it all right. We are glad of course, to have the many new students. This is for sophomores, juniors and seniors. When and how are we going to "welcome" (but known as initiate) the freshmen. For further details refer to your newspaper. Just any paper, because it won't be in any of them.

I haven't noticed that several students are not heading the old Philippine Proverb, which is, incidentally, good advice. It is: "Into the closed mouth, the fly does not get."

I am sure that some of the students of the Spanish I and Geometry III are thinking this in capital letters: "This must be the higher education I've heard about. It's certainly over my head."

I overheard two girls talking the other day. One was a sophomore and the other was a junior. The sophomore said: "Do you know that every time we sophomores go into Mr. Mason's history class, we are so scared that we are afraid to answer a question and I sit so tense that I am sure enough tired when I come out."

The junior answered: "Oh, that's all right. You'll get used to it. Why, when I was in his class the first year I was able to relax only after three months."

If oceans were able to talk and two oceans should meet, how would they greet each other? First Ocean: Hi, tide; Answer, Low tide.

Campus Capers

Well, Mr. and Mrs. School are now ready to train their many youngsters and we, I'm sorry to say, are not very well prepared. Wonder why-y-y? Have you seen those good looking Morris sisters, Connie and Bobby? If not you've really missed something. All the sophomores and freshmen girls (A few juniors, too) are saying "More competition! Meow!" Yo escribo un papel pues el Warwhoop. Haces usted comprender? This is an example of what may say when they mean "I am writing a paper for the Warwhoop. Do you understand?" You probably don't. Bernard, how is your "true love" Melvina Bullard at Hamlin? You're willing just a little, I heard. Dan Oates, Bill Clifton and Sam Hugh Smith are really making

those freshmen girls step. Yeah, man! (Pardon the slang.) Wonder how Jean and Mary Lou are feeling after the car wreck. Jean escaped with only a few bruises, but Mary had to let a doctor "sew up" a ripped seam in her back. I guess this ends another of those newsless-news columns that only takes up space in the Warwhoop, where we should have articles containing more sincerity and not so much gossip—so be good and don't tell anyone, but I kinda like to write something like this. It isn't so much like a theme.

Enrollment Shows Increase

The enrollment in high school at the beginning of the second week of school is approximately 290; last year it was about 260. This is not as much increase as some people thought we would have, on account of bringing in some rural schools. As a matter of fact, however, we were already getting a number of students from various rural schools, and have been for a number of years. What makes our school seem more crowded is the necessity of having larger classes in order to get them all into five periods of one hour each, and have time for our activity period.

Papposes Play Game

The Haskell Papposes were defeated last Saturday night under the Mattson first string boys. This way only a practice game between both teams. Head Coach Perry Mason says he is trying to play a double schedule this year to give his younger men more experience of the game for the coming year. He also encourages every boy in high school to come out. All the Papposes played a good game. It was the first game for most of the boys. Dan Oates, the cool headed quarter, called a good game, for it was his first. The starting line up was: (Ends) Wiseman, Fowler; (Tackles) Kuenstler, Via; (Guards) Reeves, Post (Center) Buford; (Backs) Clifton, Oates, Kemp, McClintock.

Pep Squad To Have New Uniforms

Last week a letter was sent to the parents of the girls who were in the pep squad last year, for them to help decide whether new uniforms were to be selected this year. The majority voted for new costumes and Monday a meeting of the pep squad was called to select a design for the new uniforms. The uniform selected was a dress of good wool with the black wool bolero and belt. On the bolero and belt is the Indian motif in vari-color felt. Since the former suits were used three years the member of the pep squad are anxious to wear the new ones. They hope to have them for the game with Munday.

Facts And Fancies

This year we have a five minute passing period between classes instead of four minutes, as formerly. Some teachers must be giving the first part of the class hour, and some of the latter part for study time. With all the class room doors open these not days, you can hear something going on just 'most all the time.

Mrs. Meyer sent Minnie Ann in the car to take Frances to Kansas in the meantime she has missed the said car considerably. Mr. Banks saw her standing on the side of the highway Friday at 3:30 sitting wishing to go somewhere. So from the door of the building he helpfully shouted "humping" suggestions to her. It developed however, that she had telephoned the bus station and was expecting the outgoing bus to stop for her.

Mr. Mason started on his thesis for a master's degree in the summer a year ago. He had done com-

Dr. Gertrude Robinson Graduate Chiropractor Canil Insurance Bldg. Telephone Office 108 Residence 14 Sunday—By call or Appointment

Automobile Loans New and Used Cars Old Loans Re-financed Very reasonable rates. Bradford Finance Company Office Public Chevrolet Bldg. Haskell, Texas

considerable work on it when he went back to school this past June, and expected to finish it this summer. But from now on, he learned, the Peabody Teachers College will not require the writing of a thesis, but additional study and class work instead. So he was not able to get his M. A. this summer, as he had hoped. (Ask Mrs. Wimbish what a thesis is; she has a brand new one).

"I still don't feel dignified", says an occasional senior. Never mind, you seniors, maybe it will grow on you.

And judging from the appearance some of the youngest classes don't even feel restrained yet. During a class period a large group of them changed rooms with a small section of juniors, in order to have the larger room. Their onrush as they came in was breath-taking. Fortunately—and miraculously—no one was maimed seriously and probably only one or two knocked out.

Miss Vick has called our attention to an interesting fact. Eighteen of the seventy-two students who enrolled for third-year English—exactly one-fourth of them—have surnames beginning with the letter H. Eight of them are in pairs: two named Hise, two Hots, two Holmeslys, and two Huffs. The first three pairs are cousins respectfully, and the Huffs, Marvin and Loys are brothers.

Sophomore Class Is Organized

The sophomore class met Monday, September 12, to elect class officers for the coming year. Mrs. Meyer is the sponsor of the class. She acted as temporary chairman of the meeting. The election of officers is as follows: President—Connie Morris. Vice President—Martha Post. Secretary—Treasurer—Frank Spencer. Reporter—Gilbert Wheeler. The meeting was adjourned at the end of the activity period.

Notice of Selection of City Depository

Notice is hereby given that the City Council of the City of Haskell, Texas, will receive sealed proposals for the custody of city funds from any banking corporation doing business within said city, on the third Tuesday in September, the same being the 20th day of said month, according to the laws governing said bids for city depository. Sealed proposals may be placed with the City Secretary on or before the day of said meeting. 10c R. A. Coburn, City Secretary, City of Haskell, Texas.

SOCIETY

Tuesday Bridge Club Meets With Mrs. B. C. Chapman

The Tuesday Bridge Club met with Mrs. Ben Charlie Chapman this week. In games of contract, Mrs. William Ratliff won high score. A salad course was served to Mrs. Ernest Kimbrough, Bert Welsh, Walter Murchison, Marvin Bryan, T. W. Williams, Jack Mickie, William Ratliff and Ralph Duncan.

Good Literature Theme of Discussion by H. C. Club Members

"The world is going for 'sensational stuff and losing the good literature habit," said Miss Mildred Vaughan, Home Demonstration Agent to the Josselit club women at their meeting held in the club house Sept. 13.

The child that learns to read at an early age will find the road to success much easier. Teach the child to form the habit mechanically. Supply plenty of good literature. Keep away the worthless and they won't prefer the sensational. The adults should comment on the cheap literature to ease the child's curiosity. Remember the child must have food for the brain so guide this reading as well as his food habits, said Miss Vaughan as she continued discussing "Books For The Family."

Mrs. Louise Merchant was appointed committee to see about a concert to be sponsored by the club. A refreshment plate was served by Mrs. John L. Grindstaff and Mrs. Louise Merchant to Mrs. Bill Norton, Johnnie Perrin, Larry Bass, Jesse Josselit, S. G. Perrin, J. L. Tolliver, Clarence Norton, Fred Monke, C. A. Thomas, Misses Mildred Vaughan and Mildred Norton.

Sew-and-Sew Club Has Regular Meeting Tuesday

Mrs. R. E. Skipworth was hostess to the Sew-and-Sew Club

Tuesday afternoon. After an afternoon of sewing, refreshments of sherbet and cake were served to Mrs. Hut Pitman, Hayden McDonald, Bob Herren, P. D. Warren, V. L. Alford, T. J. Lemmon, Bill Woodson and Austin Coburn.

The Methodist Missionary Society

On Monday Sept. 12th the W. M. S. met for the first of the fall and winter meetings. This meeting over which Mrs. D. H. Persons presided was highly enthusiastic. Mrs. Wallace Cox had arranged a splendid devotional. With Mrs. Patterson at the organ "Faith Of Our Father" was sung.

Mrs. Matt Graham presented a splendid article entitled "We Shall Build On". Scripture used on connection was Matt. 6-10 and Matt. 25-34. "Blessed Assurance" was sung. Mrs. Persons, who conducted the business session requested all to bow in silent prayer. Mrs. Patterson, financial leader, gave a splendid report. On next Monday at 3:30 we meet again. A large crowd is expected and all will answer to the roll call by telling "Why I Belong to the Missionary Society." Don't forget the time 3:30 p. m. on next Monday at the church. Reporter

Art of Reading Is Demonstration At Mattson H. D. Club Meeting

"Reading is an art. Our aim is to cultivate child and youth reading as most older folks reading habits are established," Miss Mildred Vaughan told members of Mattson Home Demonstration club in their meeting in the Home Economics cottage Thursday, Sept. 8th.

Appreciation of literature has to be taught. Reading habits are formed during the impressionable age. Three ways to help cultivate children's reading habits are by teaching them to read with ease, having sufficient reading material and avoiding objectionable mater-

Marcy H. D. Club Meets With Mrs. Malone Steel Tuesday

"Cakes my family enjoy" was the roll call at the Marcy H. D. Club where the members met with Mrs. Malone Steel Tuesday, September 6th.

Each member named their family cake. Then recipes and methods of mixing were given by four ladies that brought cakes and jelly rolls.

Mrs. Earl Blair, P. P. Martin and Mrs. Horace Pointer were appointed fair committee and Mrs. Malone Steel was appointed for educational committee.

Cake and lemonade were the refreshments served to the following members: Mrs. Malone Steel, Ivan Moore, Edd Flournoy, Odell Cox, Edgar Wheeler, Monroe Costeppens, Earl Blair, Dalton Hind-sley, Lee Sandel, P. P. Martin, Horace Pointer and Mrs. Sallie Fields, and one visitor, Mrs. Hazel Hester.

W. M. S. of First Baptist Church Meets On Monday

The W. M. S. of the First Baptist Church met Monday afternoon in the church Sept. 12.

Program opened with song. Prayer by Mrs. R. J. Paxton, Mrs. J. A. Gilstrap gave the devotional on "Promoting Christ's Kingdom on Earth." His transfiguration on the Mount and how he left his work to be carried on. She read a poem, "Let The Stars Come Shining In" and closed with bowed heads singing "Come Into My Heart, Lord Jesus."

Mrs. R. C. Couch conducted the business meeting having reports on all standing committees. Then turning the meeting over the new president Mrs. Leon Gilliam, she appointed committees for the following year.

Blue Bonnet H. D. Club Has Regular Meeting

"When making cookies be accurate in measure," said Miss Mildred Vaughan to members of Blue Bonnet Home Demonstration club in the home of Mrs. Lewis Clark Wednesday, August 17. To be accurate we should measure on eye level. Chilled dough rolls out better. We can use honey instead of sugar. Handle cookie dough as little as possible. Mixing and baking are two important things to remember when baking cookies.

Mrs. Wallace Ruff Honors Earline Pearsey With Birthday Party

Mrs. Wallace Ruff honored Earline Pearsey with a party Tuesday afternoon celebrating her eleventh birthday. Guests met at the Ruff home and spent the afternoon playing games. Refreshments consisting of sandwiches, potato chips, punch and a birthday cake were served to: Dean Bartlett, Sue Ratliff, Mary Rousseau, Doris May Humphrey, Billy Louise Herndon, Sue and Nancy Collins, Mary Lou Webb, Sarah Beth Arbuckle, Jimmy Lou Free, Mary Elizabeth Arbuckle, Lucille and Mary Jo Zelsko, Mary Frierson, Patsy Jean Pearsey and the honoree.

Haskell Students Enroll In A. C. C.

Among Haskell students who enrolled in Abilene Christian College for the current session are Miss Elizabeth Malphurs, daughter of Elder and Mrs. J. G. Malphurs and Miss Stella Mae Coburn, daughter of Mrs. Hugh Coburn.

CHURCHES

FIRST METHODIST CHURCH

Rev. R. N. Huckabee, Minister

The attendance at the Methodist church last Sunday was about 25 per cent better than at a similar date last year. There were three additions to the membership of the church, one on profession of faith, a fine young lady graduate of Haskell High School in the class of 1933. This makes 53 members to join this church within the last three weeks.

The adult classes are to elect teachers and class officers next Sunday for the next church school year beginning Oct. 1. A full attendance of class members for participation in these elections is expected. The young people will nominate their teachers so the local board of Christian education may pass on same in their meeting next week. This will be the last Sunday at the home church for some of the college students before going away for the school year.

On Sunday evening at eight o'clock there is to be a special choir and song service using "Best Revival Songs". Come early for this special feature.

FIRST BAPTIST CHURCH

The first Baptist church has just completed fifty years of service in Haskell. The church has done its part in holding up a high standard. It will take the judgment to reveal the good the church has done. During the past fifty years many markers have been erected, but last Sunday a golden mile stone was set up. It was a day that will be long remembered by all who attended.

Next Sunday the church will begin a new year. On that day the pastor will bring a message that will be in keeping with the occasion. The message will deal with the past, present and future. Like individuals the church needs to look toward the future. The past should serve as a well from which the church is to draw lessons that will encourage the members to undertake a greater future.

The Sunday school is pulling for four hundred in attendance next Sunday. Spiritual development should receive our greatest care. The church exists for this very purpose. Let every person find his place in the Bible school.

CHURCH OF CHRIST

J. G. Malphurs, Minister

Great interest is being manifested in our sermons on Paul's First Letter to the Corinthians. The text for the sermon next Lord's day will be, "I Have Put Away Childish Things". (1 Cor. 13:11). In this sermon we will point out the things that the infant church did possess but which the full-grown church has long discarded as childish. You will need to hear this sermon. If you are confused over the miraculous powers of Christians of this day.

At the evening hour, eight o'clock we will begin a series of sermons on Israel's deliverance from Egyptian bondage. There will be twelve sermons in the series, and it will be well for you to hear the first. A feast of good things is in store for those who attend.

Our attendance for morning, evening and Wednesday night is excellent. "Come thou with us, and we will do thee good."

Around Our Town

Supt. I. J. Duff of the Weirnett schools was a Haskell visitor Tuesday.

Mrs. R. L. Lemmon made a business trip to Throckmorton Tuesday morning.

Mr. and Mrs. Roy Ratliff and Mr. and Mrs. Guy Collins were in Wichita Falls Tuesday.

Mr. and Mrs. Lloyd Tidwell are announcing the birth of a daughter born September 3.

Editor E. B. Harris of the Rule Review was transacting business in Haskell Tuesday.

J. G. Mulkey, former Haskell resident who is now living in Los Angeles, Calif., is a business visitor in Haskell this week.

Charles B. Breedlove Jr., left this past week for Gatesville, Texas as where he will be connected with the schools in that city.

Mrs. Buck Phumprries and children have returned to their home in Ft. Worth after a visit here with her father Dr. D. L. Cummins and other relatives.

Mrs. H. S. Wilson returned this week from Rapid City, South Dakota, where she spent the summer with her son Gilbert Wilson, who is manager of a department store in that city.

Mrs. Rena Sue Clark and little daughter, Canova Sue, have returned to their home in Las Cruces, N. M., after an extended visit here with Mr. and Mrs. Tom Clark and Mr. and Mrs. Watson Hays.

Mr. and Mrs. Carl McGregor and A. Tonn visited in Spur Monday, guests in the home of Mr. and Mrs. O. B. Ratliff. Mr. Tonn and Mr. McGregor returned Monday night, but Mrs. McGregor remained in Spur for a several days visit.

Returns to Haskell From Anniston, Ala.
Dot Pittman, pitcher for the Anniston, Ala. team in the South-eastern League during the past season, returned to his home here Monday. Pittman had a fair season this year he reports, winning 19 games of the thirty-three in which he was on the mound.

Mrs. W. H. Whaley of Estelline is visiting her father G. F. Mullino.

Guy C. Collins, manager of Perkins - Timberlake Company made a business trip to Wichita Falls Tuesday.

Mr. and Mrs. V. L. Alford and children left Tuesday for a new home in Mandeville, Reynolds will operate every store in that city.

Miss Helen Thomas from Weirnett high school term entered Haskell in past week.

Mrs. A. M. Williams tried to the Henderson Hospital in Abilene to a Holden ambulance.

When Pennies Count--The Haskell Free Press is the Ideal "Shopping Guide"--

How to get the most out of every penny is mighty important to folks who are just starting out. An error in buying judgment that would be considered trivial by anyone else, might be tragic for them. They can't afford to make mistakes . . . they can't run the risk of "gold bricks". Every penny counts. Every penny has to do double-duty. It's interesting to know (and we can't deny that we're a bit proud!) that the Haskell Free Press is making it possible for people like these to get more for their pennies. For the pages of the Free Press are a "Shopping Guide" to values. Advertisers offer definite savings on the things all of us need. Of course, if you are already a Free Press reader, you are well aware of this fact.

The Haskell Free Press.

Six-Man Football To Be Played In Texas This Fall

More than 700 teams will begin the 1938 Texas Interscholastic League football campaign this month but 100 of them will have groups resembling basketball squads in number of players.

It will mark the advent of organized six-man football, designed for the smaller schools where it is difficult to get more than eight or ten boys together for athletic participation.

This is the division which R. J. Kidd, athletic director of the Interscholastic League, hopes will eventually take care of some 900 institutions that heretofore have had no fall sport.

In addition to surmounting the handicap of inferior numbers, six-man football also is inexpensive and less likely to bring injuries, inasmuch as power plays are not featured as much as in 11-man football.

Kidd has received indications from approximately 100 schools that they will take up the sport this fall and thus far three districts have been organized. Competition will be limited to district championships.

Six-man football is part of a program being worked out by the interscholastic league in which more general participation and a reclassification of schools to make competition more equal are the objectives.

Kidd is attempting to prevent schools with enrollment of 100 pupils competing against schools with 425, and so on, and is using enrollment as the principal factor in the reclassification, rating this more important than geographical location.

"In checking over the district winners in conference B in 48 districts, we found the average enrollment for district winners was 256, bi-district winners had an average of 250, and regional winners had an average of 265," Kidd said.

"There were seven Class B district champions that had a high school enrollment of less than 150, as compared with 41 district champions that had an enrollment in excess of 150."

To Reclassify Schools
The state office is now working on plans to reclassify the schools for competition in football. We hope to have these plans ready for the 1939 season. By reclassifying the schools on the basis of enrollment the small schools will be removed from each respective conference and placed with schools of a similar rank. We realize these changes will not be acceptable to some schools, but we think it will be for the best interests of the majority.

One hundred and eight Class A teams are lined up for the 1938 race, with close to 400 in Class B, and 130 in Class C. It is the larg-

Historic Hoaxes

By Elmo Scott Watson

That "Rare Old Sale Bill"

ABOUT every so often some newspaper records the fact that "a sale bill of an auction held nearly a century ago is the rare possession of John Jones of this vicinity." Then it reproduces the contents as follows:

Having sold my farm and am leaving Oregon Territory, by ox team, will offer on March 1, 1840, all of my personal property, to-wit: All ox teams, except two teams, Buck and Ben, and Tom and Jerry; two milk cows, 1 gray mare and colt, pair oxen and yoke, 2 ox carts, 1 iron plow with wood mole board, 800 feet of poplar weather boards, 1,000 3-foot clap boards, 1,500 10-foot fence rails, 1 60-gallon soap kettle, 80 sugar troughs, made of white ash timber, 10 gallons of maple syrup, 2 spinning wheels, 50 pounds mutton tallow, 20 pounds of beef tallow, 1 large loom made by Jerry Wilson, 200 poles, 100 split hoops, 100 empty barrels, 1 22-gallon barrel of Johnson-Miller whiskey, 7 years old; 20 gallon of apple brandy, 1 66-gallon copper still, oak-tanned leather, 1 dozen real books, 4 hardle books, 4 sabbath and cradles, 1 dozen wooden pitchforks, one-half interest in tanyard, 1 32-caliber rifle, bullet mold and powder horn, rifle made by Ben Miller, 50 gallons of soft soap, hams, bacon, lard, 40 gallons soft-glum molasses, 6 head of fox hounds, all well-matched, except one. At the same time I will sell my negro slaves, two men, thirty-five and fifty years old; 3 boys, twelve and eighteen; and two mulatto wenches, forty and thirty-six years old. Will sell together to same party as will not separate them. Terms of sale: Cash in hand or note to draw 4 per cent interest with Bib McConnell's security. My home is two miles south of Versailles, Ky., on McCann's ferry pike. Sale begins at 3 o'clock a. m. Plenty to drink and eat.—J. L. Moss.

That sale bill is interesting only as a relic of the anti-slavery crusade. It was written by some Abolitionist propagandist and it was widely circulated as an example of the horrors of slavery.

"The Place For Everything"

CITATION BY PUBLICATION

THE STATE OF TEXAS, To The Sheriff or any Constable of Haskell County—Greeting.

YOU ARE HEREBY COMMANDED to summon Herick C. Johnson by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Haskell County, to be holden at the Court House thereof, in Haskell, Texas, on the Fourth Monday in September A. D. 1938, the same being the 26th day of September A. D. 1938, then and there to answer a petition filed in said Court on the 22nd day of August A. D. 1938 in a suit numbered on the docket of said Court No. 5194, wherein Dovie L. Johnson is Plaintiff, and Herick C. Johnson is Defendant and said petition alleging Plaintiff and Defendant were married April 16th, 1916; Plaintiff was kind and considerate toward the defendant; that five years after their said marriage, defendant commenced a course of cruel and harsh treatment; that defendant often abused the plaintiff by opprobrious epithets without cause or provocation; that de-

pendant is a man of ungovernable temper; that defendant on two different occasions attacked plaintiff with a gun; that without cause on the 10th day of August, 1937 defendant threatened plaintiff with a gun and told her he was going to kill her that plaintiff on the latter date left the defendant; that said marriage relations still exists between the plaintiff and defendant; that defendant's action renders their further living together as husband and wife insupportable; that no children were born of said marriage; wherefore plaintiff prays the court that defendant be cited to appear and answer herein, and for judgment dissolving said marriage relations, and for costs of suit.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

WITNESS, Roy Ratliff, Clerk of the District Court of Haskell County.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Haskell, Texas this the 23rd day of August A. D. 1938.

ROY RATLIFF, Clerk District Court, Haskell County.

NOTICE TO THE PUBLIC—Any erroneous reflection upon the character, reputation or standing of any firm, individual or corporation will be gladly corrected upon being called to the attention of the publishers.

The dividing line between news and advertising is the line which separates information for public interest from information which is disseminated for profit.

Taking the Surplus Out of Suits

With the decision to buy \$10,000,000 worth of already-manufactured clothing, now unsold and in stock, and distribute it free to people who can't afford to buy, a distinct new step is taken to meet the present relief situation.

Exactly what the implications of this policy might be, and what might be its eventual outcome, nobody can say certainly. Few people realize to how great extent the government has already gone into the clothing business. The National Association of Relief Clothing and Furnishers declares that more than 10,000 WPA units are making clothing, and that more than 100,000,000 garments have been produced. The Federal Surplus Commodities Corporation has been buying the materials and giving them to WPA to make into clothing.

This cotton and wool has, of course, been bought and used up, not simply bought and stored to overhang the market and depress prices, which is one of the advantages of the plan quite aside from the necessity of clothing those who have no decent clothing and can not buy any under relief or WPA wages.

Whether this tremendous work has definitely hit retail sales, it is hard to say, though of course, it is impossible to guarantee that not a single piece went to a person who might have bought it otherwise, or who perhaps feigned need and sold the garment.

Certainly, if increased indefinitely, this vast "industry" would come to a point where it was competing with possible "legitimate" markets for clothing. The whole trick seems to be to determine as accurately as possible that point, and stop there.

But now, for the first time, the government goes farther and buys up tremendous stocks of men's women's and children's clothing which have been already manufactured. These also will be given away free to the needy.

The same benefits accrue, the same dangers follow. The cloth, the manufactured goods, are taken off the shelves, making way for new. They will be used—worn out—which is what they were intended for, and not lie on shelves to hang over a lagging market. The clean shelves open the way for the clothing manufacturers to manufacture more clothing—which means more wages in circulation, more cloth used. This is all to the good.

Only at the point where some of those suits began to get into the hands of those who could have afforded to buy, or who acquire only to re-sell is there a competition with private business which wants worrying about.

The trick again, is to determine that point, watch for it, and stop there.

This vigilance becomes all the more necessary when you think that the government is also planning on buying 31,500 tons of dried prunes, 500,000 cases of grapefruit juice, and perhaps even enough wheat to cut down somewhat the tremendous surplus that looms.

Frivolity—A Symptom of Basic Well Being

Every time hot weather comes on, and the American indulges himself in his incurable interest in all of the active and passive sports, someone is sure to complain that this simply proves how very frivolous, low-brow, and generally light-minded we all are.

A prize fight draws a million-dollar gate, two hot big league pennant races set whole cities half delirious, golf courses, and bathing beaches do a land-office business, swing music festivals draw enormous crowds, motorists set out on their annual hebra to cool breezes and inspiring scenery—and someone is certain to pipe up that we are a heedless folk fiddling while Rome burns.

Now it is quite true that dire events are taking shape in this world, and that a man seriously given to worry, could sit down and find food for steady, uninterrupted pessimism for week on end.

Obviously a nation which can suspend all its other business for a couple of days to wonder which of two prize fighters will beat the other is not a nation which is living under the shadow of immediate disaster. A city which can go haywire over its ball team is still enjoying pretty robust health. And a country which can send its citizens out to spend \$4,000,000,000 on the vacation highways is a long way from collapse.

We have our troubles, they're big ones, and we're going to be a long time solving them. But the basic fact, underneath them all, is that we are the luckiest people in the world today.

Our economic system is in bad shape—but it has more of the elements needed to restore system on earth.

We have much unrest and dissatisfaction among our people—but we have less than any other great nation, and we have a better chance to cure what we do have.

We face the ringer of a world war—but if any nation can stay out of war, we can, and no nation can be as confident of ultimate victory if war should come in spite of everything.

It doesn't hurt to remind ourselves of these things. They simply mean that although things are bad, they could be ever so much worse—and they are probably going to get better faster than we sometimes suppose.

A Couple of Reminders

If a large amount of publicity had been given to the recent Atlantic City convention of the Industrial Research Institute, there'd probably have been considerable mind-changing going on about two convictions of long standing in this country.

The principal speaker at the convention's opening session was Maurice Holland, nationally known industrial research director. Holland stated frankly that both Germany and Russia were doing a vastly greater amount of valuable research in industry and business than the United States. "We want to increase the productivity," he said of this country's research body, "by giving national direction to their efforts."

It was agreed at the convention that there was a need here for "patient money—money willing to wait a long time for returns." Delegates to the convention were representatives of a number of the country's greatest businesses.

It seems that (Correction No. 1) there are actually other countries that are doing some things better than we. And it seems that (Correction No. 2) business is not the arch-enemy of everything favoring of long-range planning.

Business' disagreement with many political long-range plans has resulted in an unjust conception of the business man as a congenitally shortsighted muddler-through. But business does its own on-range planning.

When Miss Constance Fareham, a policewoman of Cardiff, Wales, eloped and married a police inspector, both lost their jobs.

Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

20 Years Ago—Sept. 14, 1915

M. H. Hancock of this city has received a letter from a friend in St. Louis who wants to rent 1,000 acres of land in Haskell county to be planted in wheat this fall. The party has the money and wants to pay cash rent for the land. Mr. Hancock stated:

At the regular session of the Commissioners' Court Monday a road bond election was ordered for Commissioners Precinct No. 1. The election will be held on October 12, and at that time voters will decide whether or not \$150,000 in bonds are to be issued for the purpose of building a road system in the precinct.

The firm of F. G. Alexander & Sons is invoicing this week preparatory to moving a part of their large stock to Henderson, Texas, where they will open a branch store in the near future. We understand that Wallace Alexander will have charge of the new store.

Miss Ruth Payne received word Sunday evening from the War Department that her brother, Sgt. Ross A. Payne died on Sept. 4th from wounds received in action on July 18th.

M. B. Watson shipped two cars of cattle to the Fort Worth market the first of the week.

Supt. B. E. McGlamery states that everything is in readiness for the opening of the Haskell schools Monday, Sept. 16. Quite a lot of work has been done at the North Ward and the building is in better condition than for some years.

The Rochester Express announced in last week's issue that they were suspending business until a more favorable season. Editor Greer gave as his reason the lack of business on account of the severe drought.

30 Years Ago—Sept. 12, 1906

McNeill & Smith Hardware Company received a shipment of two carloads of buggies this week.

On last Sunday Misses Tommie Boone, Mabel Baldwin, Lela Odell, Clara Bryant and Messrs. Earl Odell, Paul Fields, Preston and Frank Baldwin left for Waco, where they will attend this winter's session of the Texas Christian University.

We note from the Crowell Index that the Orient railroad will have the track laid to Crowell by the middle of this week.

The Swenson & Son wagons were here yesterday loading lumber to build a ranch house on the Throckmorton ranch.

Last Tuesday morning Curtis Ballard, who is about 12 years old, the son of Mr. and Mrs. T. E. Ballard, got on a gentle horse and rode out to his father's pasture, with only a rope halter and bareback. The horse ran away and threw the youth, who struck on his head and fractured his skull. Local physicians operated on him within a few hours, removing a small piece of skull bone. By 3 o'clock Wednesday morning he had regained consciousness and now has a fair chance of recovery.

Judge D. H. Hamilton and W. N. Huckabee have opened up a real estate office over Stephens & Smith grocery store.

Judge J. E. Poole has sold his interest in the Free Press to Mr. Walter Hicks and hereafter the paper will be edited by Martin & Hicks.

The two new trains put on by the Wichita Valley seem to be getting a good patronage and are

40 Years Ago—Sept. 17, 1896

Miss Ada Fitzgerald will leave Sunday to attend Sam Houston Normal Institute at Huntsville.

T. G. Carney sold to Major Smith a few days ago about 700 sheep at \$2.25 per head.

L. B. Allen, editor of the Guide, the populist paper at Anson, paid Haskell a visit this week.

Carl Ferguson, a prominent sheep man of Stonewall county, was doing business in our city this week.

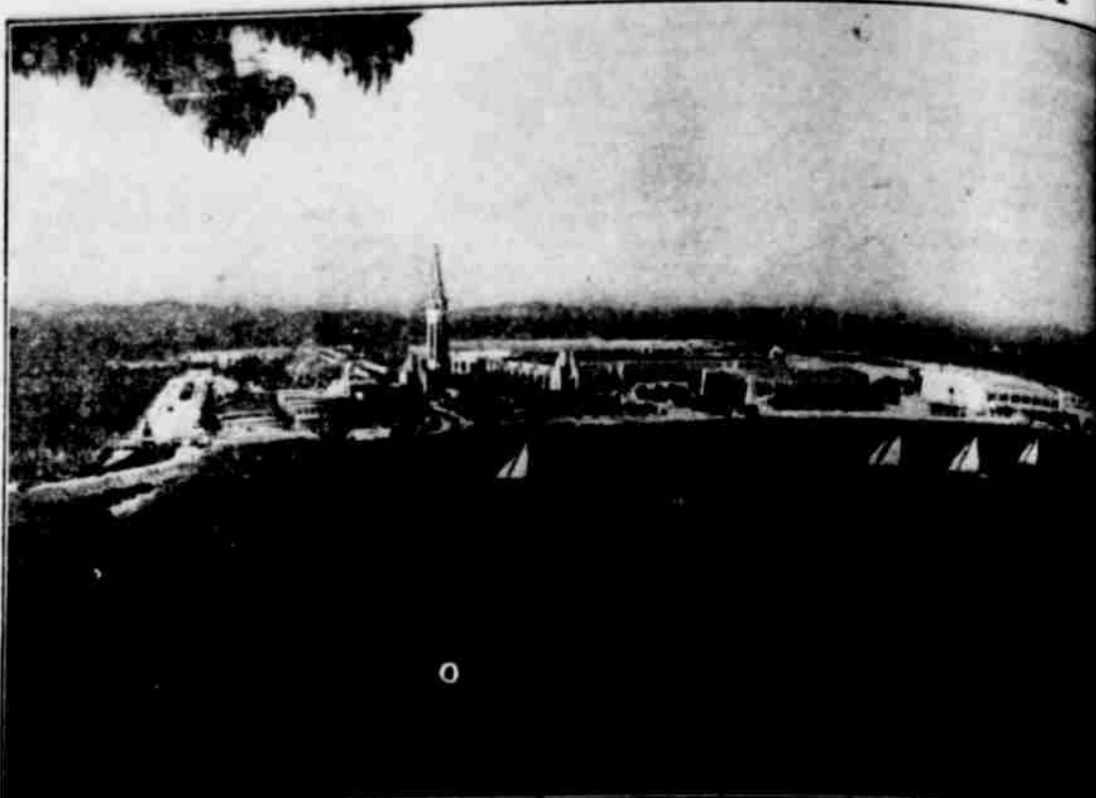

Messrs. Major Smith and W. L. Hills of this place, H. T. Daugherty of King county and Buff McGaughey of Stonewall county have been chosen by the Dallas Fair association as judges in the roping and riding contests to be held at the Fair on Cowman's Day, Oct. 3rd.

Miss Lillie Scott of the I. T. came in Thursday on a visit to Haskell friends.

Miss Fannie Hudson returned on Tuesday from a visit to relatives in the Indian Territory. She was accompanied home by her cousin, Miss Berty Lee Hudson.

Lee Pierson, assistant cashier of the Haskell National Bank while riding out to his pasture last Saturday was thrown from his horse and rendered unconscious. He was alone and was found by Sam Lander and other gentlemen who were coming over from Rayner, several hours after the accident. One of them remained with him while the other came to town for a conveyance and physician. Dr. Lindsey went out and attended him and saw him to his home. It appears

World's Fair Millions to See China Clipper

Fast nearing completion on Treasure Island in San Francisco Bay is the 1936 Golden Gate National Exposition, as seen in this new picture taken from adjoining Yerba Buena Island, the harbor where sailboats now play. Exposition visitors will see giant Pan-American Clipper sailing and departing on trans-Pacific flights.

CHURCHES

CHURCH OF CHRIST
J. G. Malphurs, Minister

Great interest is being manifested in our sermons on Paul's First Letter to the Corinthians. The text for the sermon next Lord's day will be, "I Have Put Away Childish Things" (1 Cor. 13:11). In this sermon we will point out the things that the infant church did possess but which the full-grown church has long discarded as childish.

You will need to hear this sermon, if you are confused over the miraculous powers of Christians of this day.

At the evening hour, eight o'clock we will begin a series of sermons on Israel's deliverance from Egyptian bondage. There will be twelve sermons in the series, and it will be well for you to hear the first. A feast of good things is in store for those who attend.

Our attendance for morning, evening and Wednesday night is excellent. Come thou with us, and we will do thee good.

Notice of Meeting
Mattson Home Demonstration Club will meet Thursday, Sept. 22 in the Home Economics cottage. "Jelly roll and sunshine cake"

is the topic for discussion, and methods of mixing given. Let's have a good time. Refreshments will be served. Visitors always welcome.

FARMS FOR SALE
To settle the J. S. Boone estate, the following farms are offered for sale; 90 acres just east city limits, fair improvement, 100 acres one and one-half miles east of Haskell, good improvements, 100 acres 9 miles east of Haskell, mile south of school, improvements fair. (Bill) Barnett, administrator.

READ THE WANT

Baby's Health Depends on Mother, Says Maxine Davis

FOUR babies are being born every minute somewhere in this land. Every minute of the day, every day of the year, four mothers bring new life to this nation.

These mothers are heirs of the greatest medical skill in the history of science because today's 'baby doctor' is more than the 'family physician'—he is a trained specialist, prepared to chart the journey of a baby into the world and deliver a hearty child to a healthy mother.

In the October issue of Pictorial Review, Maxine Davis, nationally known authority, tells the modern mother what she ought to do to insure her baby's chances and to safeguard her own future health. "Choose a doctor known to be well-trained and experienced," she advises. "You may not find a specialist in gynecology but do not fail to ascertain the education, qualifications and experience of the physician you select. That is important because not every graduate of a grade-A medical college has had sufficient specialized schooling and experience in this field."

The Council of Medical Education and Hospitals of the American Medical Association at its 1937 convention reported that "the teaching of this field of medical care is at a lower level than that of the other major clinical departments" and that "very few schools offer to their students sufficient practical experience under competent supervision." Consequently, when an inadequately trained young doctor, who has just hung out his shingle, begins to practice, at a moment when speed and judgment are vital he may have only a foggy memory of a lecture and a textbook.

"Not only must you exercise caution in your selection of a doctor," Miss Davis warns, "but you must also be careful about the hospital. Make sure it is listed among those approved by the American College of Surgeons or by the American Medical Association for not all hospitals are satisfactory."

Those mothers who cannot afford a doctor, and who are far from a good maternity center have to wait until the rest of us come to help them. Fortunately the government at last has recognized their plight and appropriated

Healthy babies are happy babies . . . and healthy mothers can have healthy babies, says Maxine Davis in the October Pictorial Review.

consider in anticipating the birth of her baby:

1. Don't neglect prenatal care. Place yourself under competent, watchful care during the entire prenatal period.
2. Don't choose "just any doctor." If there is no specialist in your town, be very sure that the doctor you select knows his business. A very simple way to get a good physician is to find out who serves the doctors' wives in your community.
3. Don't go to the extreme of either modern or old-fashioned techniques. There is a happy medium and you should let your doctor decide what is best for you.
4. Don't pay any attention to old wives' tales. They have come down to us from the time when women were still in sackcloth and ashes for the sin of Eve.
5. Don't listen to what your mother or the neighbors say. Put your faith in your doctor and do exactly what he tells you to.
6. Don't be afraid. The average baby is born under normal, normal conditions and yours probably will be, too. You are going to have your baby safely and with all the advantages of modern science.

Don't impose too much on science, but take every advantage of it.

Historic Hoaxes

By Elmo Scott Watson

Sit-Down Lover's Strike

REMEMBER the recent era of "sit-down" strikes? And do you recall the name of that boy in Missouri who, having failed to get his best girl to marry him, chained himself to a radiator in her home and said he wouldn't unlock the padlock on it until she said "Yes"? At least, that was the situation as reported in the newspapers all over the country and as discussed by millions of people.

And then do you remember how they went to New York by airplane and appeared on a radio program and people began to wonder if maybe it wasn't a press agent stunt of some kind? Well, it was! But it wasn't to advertise radiators, as some suspected, nor yet a publicity stunt for that particular radio program. It originated in the mind of a Chicago publicity man. His secretary was the girl who wouldn't say "Yes" and the boy who staged the "sit-down lover's strike" was a youth whom he hired for the occasion.

Remember their names? Probably not, but you do remember, perhaps, the town where this "strike" was staged. If so, that proves that this hoax was a good one. For the Chicago publicity man had been engaged by the business men of that town to make the name of Excelsior Springs, Mo., a more familiar one all over the United States. © Western Newspaper Union.

Schools Begins Week

Next school is beginning week and work in all the schools seems to be going successfully. There are happy to have two new students: Lucile Ennis the freshman class from the freshman class from Melba Smith who last year enrolled in the school.

Class

Physical education class started Tuesday, Sept. 13, and all the girls in school are taking part in it. We hope that the class will be interesting and that it will give the girls taking part in it, a chance to get in better shape and Mrs. Palmer is bringing the class and with congenial teachers we hope that the class will be a success.

Choose Invitations

A surprised group of girls were called into a meeting to discuss the invitations for the picnic. "Vernon, that you shouldn't have at 'chalk' could be a surprise to the group. We imagine our surprise, when we found that the picnic was to be held at the school. We are well pleased with the arrangements and feel that they have done better else-

Economics Class

On Sept. 7, the girls in the Economics Club with Mrs. Foote, and Mrs. Brannon went to Haskell for a party. They went to Rice Spring for the party. On arrival, they explored, and they were ready to sit down to a picnic supper, which was served at 6 o'clock. The picnic was a success and all enjoyed it very much. Mrs. Brannon and Mrs. Sullivan were the girls back to school. Mrs. Foote and Mrs. Brannon stayed for the "Tropic Holiday." The girls present reported a very successful picnic and expressed the hope that there would be many more picnics throughout the year.

Family Gets This Natural Nerve Food

IN DELICIOUS QUAKER OATS

CHEERING news for every family! For Quaker Oats is now proved rich in "Thiamin (Vitamin B), the nourishing food for nerves which everyone should have daily, according to dietetic experts. Oatmeal is ideal, too, for all ages because it stands high in proteins, for building firm flesh and muscle, not fat. Excellent in iron and phosphorus for rich blood, sturdy bones, vitality. And in food-energy for rugged strength. So tomorrow morning treat your family to a delicious Quaker Oats breakfast. Discover the benefits of easy-digestible, whole-grain oatmeal, rich in Thiamin. Save money, time, too. Order Quaker Oats at any grocer's today.

QUAKER OATS

AMERICA'S ALL YEAR 'ROUND BREAKFAST

FAMOUS IN SAN FRANCISCO

Perfectly located in the heart of downtown San Francisco—within a few steps of all leading activities—near the renowned Civic Center. The Governor offers pleasant rooms and genuine, home-like hospitality—at very reasonable rates.

HOTEL GOVERNOR

ALL OUTSIDE ROOMS WITH PRIVATE BATH \$2.50 FROM \$1.50 SINGLE

Four West Texas Co-Captains Lead Hardin-Simmons Cowboys

The Hardin-Simmons University Cowboys, Abilene, Tex., have four co-captains, all West Texans, for the fall gridiron campaign. Two are linemen, Bud Reeves, Wichita Falls, an end, and Eddie Bigelow, Amarillo, center. Two are backs, Clarence Headstream, Roby, and Luther Raley, Hamlin. All are seniors. Coach Frank Kimbrough's Cowboys enter the 1938 grid wars with an unfinished streak of seventeen games without defeat, compiled during the late 1936, and the 1937 games.

Ex-Seniors of Weinert Go To College

Five of last year's graduates are to go to college this fall. J. B. King, Ben Sloan and Edward Havran are going to Texas Technological College. They plan to go this week end to start their work. Helen Thomas left Monday to enter Hardin-Simmons University at Abilene. Milam Jones left about two weeks ago to enter the University of Louisiana at Baton Rouge, Louisiana. We understand that he likes it there even though he has undergone the first steps of initiation, that of losing his hair.

Junior Class Activities

The Junior class met August 31, 1938. The meeting was called to order by the president, Delphia Cooper, and Mr. Sullivan, class sponsor, was introduced. It was moved by Mr. Sullivan, and seconded by Alethea Liles that the chairman appoint a committee to work out a program of activities. The motion carried. The committees are: Foy McKinnon, Maurice McBeth and Geneva King, Maurice McBeth and Geneva King, Maurice McBeth and Geneva King.

All-Stars Lose To Bulldogs

On a series of intercepted passes the Weinert Bulldogs defeated the All Stars 19-7. The Bulldogs made all their score in the first quarter. The first score came when G. Melton intercepted an all-star pass and runs by Johnson and Anderson with Johnson carrying the ball over the goal line. The next score came a few minutes later when Johnson intercepted a pass and ran for a touchdown. Late in the first quarter it was Johnson again who intercepted another pass

Pep Squad Report

The pep squad, under the leadership, Eula Newsom and Elsie Cooper, has been working diligently on old and new yells for the past week. We believe that our pep squad will be hard to beat after a little practice and for the first real pep squad we have ever had we think we are doing well.

Did You Know That—

There are four "red-heads" in high school?
 The civics class is probably the dumbest class in school?
 Roosevelt is governor of Texas?
 Willie Lane is Tax Assessor-Collector of Haskell County?
 Sidney Lane is the tallest boy in school?

Can You Imagine?

The pep squad not practicing? Leroy not going to see Delphia every Saturday night?
 The Freshmen acting like grown-ups for a change?

Junior Cadenhead (after being taken to the hospital for a tonsil operation):

"Dad, I think that I will have to stay here a long time."

Dr. Cadenhead—Have you seen the doctor?

Junior—No, but I have seen the nurse.

LEGAL NOTICES

CITATION BY PUBLICATION THE STATE OF TEXAS.

To The Sheriff or any Constable of Haskell County—Greeting.

YOU ARE HEREBY COMMANDED to summon Herick C. Johnson by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Haskell County, to be holden at the Court House thereof, in Haskell, Texas, on the Fourth Monday in September A. D. 1938, the same being the 26th day of September A. D. 1938, then and there to answer a petition filed in said Court on the 22nd day of August A. D. 1938 in a suit numbered on the docket of said Court No. 5194, wherein Dovie L. Johnson is Plaintiff, and Herick C. Johnson is Defendant and said petition alleging Plaintiff and Defendant were married April 16th, 1916; Plaintiff was kind and considerate toward the defendant; that five years after their said marriage, defendant commenced a course of cruel and harsh treatment; that defendant often abused the plaintiff by opprobrious epithets without cause or provocation; that defendant is a man of ungovernable temper; that defendant on two different occasions attacked plaintiff with a gun; that without cause on the 10th day of August, 1937 defendant threatened plaintiff with a gun and told her he was going to kill her; that plaintiff on the latter date left the defendant; that said marriage relations still exist between the plaintiff and defendant; that defendant's action renders their further living together as husband and wife insupportable; that no children were born of said marriage; wherefore plaintiff prays the court that defendant be cited to appear and answer herein, and for judgment dissolving said marriage relations, and for costs of suit.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

WITNESS, Roy Ratliff, Clerk of the District Court of Haskell County.

GIVEN UNDER MY HAND and the Seal of said Court, at office in Haskell, Texas this the 23rd day of August A. D. 1938.

ROY RATLIFF, Clerk District Court, Haskell County.

By Olive Sloan Deputy.

Notice by County Board of Equalization

Notice is hereby given by the Commissioners' Court of Haskell County, Texas, sitting as a County Board of Equalization, to all firms, corporations, partnerships, or individuals holding properties or interests in Haskell County, Texas, the tax values of which have heretofore been raised by said Board for 1938 taxation purposes, to be and appear before said Board at 9 o'clock a. m. on the date specified in personal notice mailed to each of said firms, corporations, partnerships or individuals, the same being on either the 19th or 20th day of September, 1938, at the Court House in the City of Haskell, Haskell County, Texas, on which dates said Board will then consider any evidence submitted as to the value of said property for taxable purposes. The Board, on said dates, will from the evidence now before it, and such additional evidence as may be then before

In the Naval Spotlight

The navy's biggest spotlights now shine on Martha Raye, Bob Hope and Jack Whiting, who will be seen as the sweetheart of the U. S. Fleet and her two love-struck officers in "Give Me a Sailor," when it shows at the Texas Theatre, Haskell, Saturday evening, Sunday and Monday, Sept. 18-19. Also playing a prominent role in this story of sailors high jinx when the fleet's in is beautiful Betty Grable.

Brief News Items From Weinert

Mr. and Mrs. H. W. Johnson left Monday for a two weeks vacation. They will stop for a short visit with Mr. Johnson's mother and then will go to Los Angeles, Calif., to an all state ex-service convention.

The "horse shoe" game is well patronized these days in Weinert. Messrs. H. Weinert, Ernest Griffith, Fred Monke, Wesley Liles and Howard Liles transacted business in Haskell and Rule on Monday.

"Seeing's Believing?"

WORDS & PICTURES Around the World By William LaVarre

The World's Snottiest Animal

DOWN in the Andes the Indians have a Quichua phrase which says: "You can't beat a llama!" They mean it figuratively as well as literally, for the llama seems to know man couldn't live in those sky piercing mountains without his daily assistance. When he feels like it, he may do a little work, but pick up a stick and threaten him and he'll turn arrogantly and spit at you. The only sound that comes from his throat is a vituperative snort when something displeases him. The Indians, understanding the llama's disposition, talk to him gently and respectfully. Since the animal can go days without water and climb high mountains safely, it is vital that he be kept happy!

© William LaVarre—WNU Service.

Mrs. Sam Muldro of Durant, Oklahoma, and Mrs. Florence Arnold of Collinsville, Texas, are visiting their sister Mrs. R. L. LeClair and brother J. B. Clark of Stamford.

Warren Davis of Wesson, Miss. is visiting in the home of his uncle Mr. and Mrs. R. H. Davis.

OATES DRUG STORE

A Three Days' Course Is Your Doctor's Secret

No matter how many times you have tried for your cough, cold, or bronchial irritation, get relief now with Croemulsion. Serious trouble may be relieved. You cannot afford to take a chance with any remedy less potent than Croemulsion, which goes to the seat of the trouble and soothes and heals the mucous membranes and to expel the germ-laden mucus. Even if other remedies don't do the trick, Croemulsion will. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the results obtained from the use of Croemulsion. It is one of the best remedies for cough, cold, and it has no harmful effects. See that the name on the bottle is Croemulsion. You'll get the genuine product the relief you want. (Adv.)
