

TDC construction funds 'not enough'

Snyder unit said in need of added state funding or redesign

By **DONNY BROWN**
SDN Managing Editor

Awarding of a bid to construct the Snyder Texas Department of Corrections prison unit is expected to be delayed until at least a July 11 meeting of the TDC board as planners attempt to either whittle the actual construction cost of the unit or determine if more funding is needed.

Since the bids were opened June 9 in Huntsville, construction officials for the local unit have been meeting with the apparent

low bidder in an attempt to further cut construction costs.

The higher than expected bids also prompted Tuesday a delay in selling some \$83.8 million in bonds to finance prison units in Amarillo, Woodville and Marlin (see related story).

State officials say the delays do not place construction of the units in jeopardy, but that TDC officials now want more time to study the bid process to determine why initial cost estimates were off.

The bond sale of the Snyder prison has already taken place with a total of some \$15 million appropriated. Of this amount, however, approximately \$11.5 million is set aside for actual construction.

The remainder, some \$3.5 million, is to be used for such items as architectural fees, construction material testing, and items furnished by TDC, according to Larry Fickel, TDC construction manager for both the Amarillo and Snyder units.

When bids were opened, the apparent low bidder, Argee Corp. of Denver, submitted a base bid for construction only of \$14,449,500.

This figure shot the total prison cost to around \$19 million.

"Right now I've got a budgeted figure and it's not enough," Fickel said from his Huntsville office.

The options are to cut the prison construction back to its \$11.5 target figure or to seek additional funding from TDC.

Of the two options, Fickel said

Wednesday he believes more money will be required.

He noted "we've got a pretty bare bones project as it is. When you have to meet court orders, there are some things you just can't take out."

Any substantial cuts in building expenses would involve a redesign of the unit, Fickel said, and he noted time delays in this option. "Don't make it viable as far as I'm concerned."

The TDC staffers are to meet

Q What are the dates for the upcoming Sevier County Rodeo and the AJRA Finals here?

A The county rodeo is now set July 21-23 and the AJRA National Finals on Aug. 9-13.

In Brief

Gap widens

WASHINGTON (AP) — The gulf between the haves and have-nots in the savings and loan industry is yawning wider as institutions in Texas continue to bleed red ink.

The Federal Home Loan Bank Board said Tuesday that the 3,118 federally insured savings institutions lost a staggering \$3.78 billion in the first three months of this year, down only slightly from the \$3.81 billion post-Depression record set in the last quarter of 1987.

Bank board economist James Barth said 2,164 institutions, 69 percent of the industry, posted a \$1.3 billion profit in the first quarter. But that was overwhelmed by the \$5.1 billion lost by the remaining 954 money-losing institutions.

Death penalty

WASHINGTON (AP) — The Supreme Court today upheld the way Texas courts administer that state's death penalty law, dashing the hopes of more than 260 death row inmates.

The justices, by a 6-3 vote ruled that convicted murderer and rapist Donald Gene Franklin properly was sentenced to death for a 1975 crime in San Antonio.

The court said jurors deciding whether Franklin should be sentenced to death or to life in prison did not need more guidance on how to weigh "mitigating circumstances," those factors suggesting that life in prison is the appropriate punishment.

The instructions given to jurors in Franklin's sentencing trial are similar to those typically used in Texas.

AG ruling

AUSTIN (AP) — West Texas State University must release portions of an investigative committee's report on academic freedom, according to a formal ruling issued by the state attorney general's office.

Assistant Attorney General Jon Bible wrote in a letter Tuesday to an Amarillo attorney representing WTSU that the school also may release the entire report if it chooses.

The report, issued by a three-member panel of outside academics, resulted from the panel's investigation of complaints about violations of academic freedom on the Canyon campus.

Faculty members have accused WTSU President Ed Roach of retaliating against some of their ranks who speak out against his policies.

Weather

Snyder Temperatures: High Tuesday, 96 degrees, low, 68 degrees, reading at 7 a.m. Wednesday, 68 degrees; no precipitation, total precipitation for 1988 to date, 5.53 inches.

Snyder Area Forecast: Tonight, fair with a low in the mid 60s. Wind southeast 5 to 10 mph. Thursday, mostly fair with a high in the mid 90s. Wind southeast 10 to 15 mph.

LESSONS — Towle Park Pool swimming instructor Amy Shoults, left, takes to the water with some of the young swimmers who are taking lessons there this summer. The sessions began Tuesday and

are to continue from 10 until 11 a.m. Tuesday through Saturday until July 2. The cost is \$1 per day. (SDN Staff Photo)

Pentagon probe is widening

WASHINGTON (AP) — The prosecutor in charge of the Pentagon bribery and fraud investigation is meeting with members of Congress who are demanding to know how far — and how high — the investigation is likely to reach.

Henry Hudson, U.S. attorney for northern Virginia, was scheduled to travel to the Capitol this afternoon to brief legislators on the 2-year-old investigation.

The lineup for the meetings was uncertain because so many legislators wanted private meetings that the prosecutor responded by saying he would only talk about the case to Senate and House leaders, according to congressional sources who declined to be named.

One figure implicated through wiretaps in the case, meanwhile, has agreed to cooperate with Hudson's prosecutors and another is on the verge of agreeing to tell what he knows, according to sources familiar with the case.

It could not be determined whether the target who is cooperating is a Pentagon employee, a consultant or a defense contractor.

The case involves allegations that defense contractors and consultants, many of whom are former Pentagon employees, paid bribes to Pentagon officials for inside information about planned weapons. The details could be vital in winning contracts worth billions of dollars.

President Reagan, at a news conference at the end of the economic summit in Toronto, said that he was "very upset" about the reputed scope of the problem, but said "I should think it should be understandable how such things can happen in something as big as our government is."

Reagan also said that he was not surprised that prosecutors did not inform him or other top administration of the probe until it became public last week, saying investigators first needed to determine the scope of the alleged fraud.

Prosecutors said that they made widespread use of wiretaps in the case, recording 4,764 telephone conversations.

Bid process to be studied...

State delays TDC bidding

AUSTIN (AP) — State officials postponed approving construction bonds for three state prisons after learning that the low bid for another prison facility was \$4 million higher than expected.

The Texas Bond Review Board was to have considered Tuesday a proposal to approve an \$83.8 million bond sale, which would include construction money for prisons at Amarillo, Marlin and Woodville.

But a delay was requested by the Texas Department of Corrections because of bids on the Snyder prison. Original

estimates were \$15 million, but the low bid of several bids was "right at \$19 million," said TDC finance director Bill McCray.

Glen Hartman, executive director of the Texas Public Finance Authority, said TDC Director Jim Lynaugh had called and requested the delay so the TDC could "review what impact this would have if this is a bidding trend."

Gov. Eill Clements said the state wanted to proceed with caution and not risk a multimillion-dollar error.

A meeting is scheduled Thursday in Dallas at which

prison board chairman Charles Terrell, and possibly one or two other board members, will meet with the TDC staff, McCray said.

Clements, chairman of the Bond Review Board, said he had talked to Terrell, and, "They don't want to make a mistake on this first one, because it could have a ripple effect on these others."

Money for the Snyder unit was in a previous bond issue, McCray said. He said the postponement should only delay about a month start of construction on the prisons at Amarillo — a maximum security facility for 2,250 —

and 1,000-bed medium security prisons at Marlin and Woodville.

He said the Snyder bid might have been high because the site is remote. "The other thing is we've had some fairly substantial price escalations in certain steel products over the last several months ... It's just a combination of factors, quite frankly," he said.

McCray said the TDC has no reason to expect the Amarillo prison will come in over estimate and, in fact, the bid on the Gatesville facility was \$2 million to \$3 million under estimate.

City pastor accepts missionary posting

The Rev. William R. "Bob" Harper and his wife, Rebecca, have been assigned as South Baptist missionaries to the Leeward Islands, in the French West Indies, in the Caribbean, to live on the 27 square mile island of St. Martin.

But the associate pastor of the First Baptist Church does not expect a Caribbean idyll because the predominant faiths there are

Catholicism and Anglicanism and previous Baptist missionaries have had a difficult time.

The couple and their children, 5-year-old Cynthia Nicole and 2-year-old Marcy Lynn, will spend seven weeks in Rockville, Va., in August and September for orientation and a year studying French at the French Language Institute in Tours, France, before

going to St. Martin.

Harper said they sought the Southern Baptist Foreign Mission Board appointment in Richmond, Va., as a probable career commitment.

"A lot have come and gone, frustrated, for various reasons," he said. "They were looking for a young couple in their 30s. I'm 35, and if we stay 30 years, I could come home at 65."

Harper will work as a general evangelist on St. Martin and on the neighboring islands of St. Bartholomew and San Saba.

St. Martin is divided into French and Dutch provinces.

With French as a basis, Harper expects to learn Creole after his arrival to work with Haitians who live on the islands.

His parents, the Rev. and Mrs. See HARPER, page 11

July 4th 'spaces' now near sell-out

Chamber directors were told Tuesday that all food and activity booth spaces for the upcoming July 4th weekend have been taken and that only two spots remain of 51 offered to sellers of arts and crafts.

Both event categories are expected to be "sell-outs" by the time July 4th activities begin here on Saturday, July 2.

The food and activity booths will be scattered throughout Towle Park and the arts and crafts displays will again be in the National Guard Armory.

Since July 4th is on a Monday this year, the traditional activities will be stretched over three days, opening around 10

a.m. on Saturday, Sunday and Monday July 2-4.

The information was given chamber board members at the regular June meeting by Kent Horsley, who is heading the July 4th Committee for the third straight year.

The traditional end of the Independence Day observance here is the fireworks display in Towle Park, and Horsley said some \$5,000 worth will be ignited this year.

Other activities will include a prayer breakfast on Saturday morning, July 2, the traditional parade, art show, fishing rodeo, volleyball tournament, carnival

The SDN Column

By Roy McQueen

The feller on Deep Creek says, "A broad-minded man is one who wants to marry a rich girl too proud to have her husband work."

Book publishers have flooded the market with publications touting the "best" of everything. In a refreshing switch, an authority has come up with "The Worst of Everything."

Sweden leads the list of 10 worst countries for taxation with a per capita tax of \$6,933. The U.S. was number 10 at \$3,832.

Two Texas cities made the most violent crime list. Houston was number seven and Dallas was number nine.

The 10 worst foods in the common American diet includes french fries, cheese, pate, pasta salad, granola bars, S'mores Crunch, hot dogs, bacon, soda pop and potato chips.

Two of the worst things to do in marriage, other than being unfaithful to a mate, is not revealing

intimate secrets and being manipulated by your children. Also on the list are walking out on a quarrel, spending money unwisely and continuing with annoying personal habits.

Just in time for vacation, the book ranks the nine most over-rated tourist attractions. They include Atlantic City, Myrtle Beach, Niagara Falls, Las Vegas, Coney Island, Panama City, Fla., Los Angeles, Miami Beach and Mount Rushmore. Of the last the authors said, "It's a long way to go for four bad stone faces."

The book also contained some self-admitted worst jokes. For instance

"I take my wife everywhere. But she always finds her way home."

"I told my wife to only buy things marked down yesterday, she brought home an elevator."

The experts' listing of the most loathsome and deficient in every realm of our lives is available for only \$7.95. It just might be a bottom of the barrel purchase.

Effects of drought weighed

WASHINGTON (AP) — Two senior Reagan administration officials are denying that there is a drought-inspired plan to scuttle export subsidies or impose restrictions on how much U.S. grain can be purchased by foreign countries.

Agriculture Secretary Richard E. Lyng said Tuesday that it's "a little bit hard" now to predict that the Export Enhancement Program, or EEP, will continue to operate at its recent high level, in view of the uncertainty about 1988-89 crop supplies and prices.

But, he said, "we will definitely, with whatever resources we have, do whatever we need to do to try to keep our competitive (export) position ever in front of us."

Besides the uncertainties of U.S. crop production this year, world supply and demand will have to be reviewed, he said.

"It's impossible for us to make firm forecasts," Lyng said. "But I'll tell you this, that we will not neglect our export trade."

Under EEP, private exporting companies are subsidized with

"bonuses" of free government-owned surplus commodities so they can sell wheat or other designated commodities to specified foreign countries.

Wheat exports have soared, for example, largely because of EEP sales to the Soviet Union, China and about 30 other foreign buyers.

Lyng and U.S. Trade Representative Clayton Yeutter fielded questions Tuesday during a telephone news conference with farm reporters.

Yeutter had just returned from Japan, which has agreed to open its doors to more U.S. beef and citrus products. He was asked about remarks attributed to him in Tokyo on the possibility of a U.S. clampdown on exports of corn, soybeans and other products because of the drought's threat to supplies.

"I don't happen to believe that we're going to have an embargo, and certainly I would oppose it, and I believe Secretary Lyng would as well," Yeutter said.

Lyng said that President Reagan in March 1982 "came out with a statement that said we would never, under any circumstances, put an embargo on the shipment, or restrict the shipment, of agricultural products because of high prices."

Further, Lyng said, "we've been telling the Japanese that. We must maintain their confidence in us as suppliers" of agricultural products. "There will be no embargoes selectively on agriculture because of prices and scarcity."

Restrictions and embargoes in the 1970s, when supplies ran low, along with a partial ban on grain sales to the Soviet Union in January 1980 have been sore points with farmers who contend the restrictions unnecessarily disrupt commodity markets.

WASHINGTON (AP) — The new pact with Japan on beef and oranges helps U.S. trade negotiators generally, particularly in dealings with the European Economic Community, says U.S. Trade Representative Clayton Yeutter.

"It should provide some additional psychological support for us in dealing with the Europeans," Yeutter said Tuesday.

Your Birthday

June 23, 1988

In the year ahead you might become more involved than ever in the management of the affairs of others. You'll enjoy these developments and those you'll be helping will benefit.

CANCER (June 21-July 22) Where your career is concerned today, you'll be good at extracting secrets from others. A few well-aimed questions could ferret out information that competitors are trying to hide. Trying to patch up a broken romance? The Matchmaker set can help you understand what it might take to restore the relationship. Mail \$2 to Matchmaker, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101.

LEO (July 23-Aug. 22) Keep in close touch today with people who are pertinent to your immediate plans. If you urge them on, it will give them the incentive to speed up their pace.

VIRGO (Aug. 23-Sept. 22) Developments today that reflect directly on your work or career should not be treated lightly. These happenings can be turned to your advantage and profit.

LIBRA (Sept. 23-Oct. 23) In critical situations that affect you today, trust your judgment over others. You'll be able to conceptualize the whole where they may only see small parts.

SCORPIO (Oct. 24-Nov. 22) Being a good listener could prove profitable for you today, especially when close to people who have their fingers on the business pulse.

SAGITTARIUS (Nov. 23-Dec. 21) Today, your best results are not likely to be derived from what you do on your own, but from situations where you are working closely with others.

CAPRICORN (Dec. 22-Jan. 19) In situations today where you are competing against others, you'll have a slight edge. However, it's not so great that you can be overconfident.

AQUARIUS (Jan. 20-Feb. 19) You'll learn and retain knowledge more easily than usual today. This will be obvious in situations where you'll be dealing with others on a one-to-one basis.

PISCES (Feb. 20-March 20) There will be a shift in circumstances today that will benefit you and loved ones. The changes may not be what you've been hoping for, but it will be a start.

ARIES (March 21-April 19) Words and ideas are your strongest allies today. Use your logic in analyzing issues, especially when associates appear to be viewing things emotionally.

TAURUS (April 20-May 20) Your material aspects look encouraging today, yet you might not make a big killing. Be content with nominal gains, provided you're moving ahead in a positive direction.

GEMINI (May 21-June 20) Your efforts are likely to be focused on advancing your own interests today, yet you'll operate in a manner that will arouse admiration in others.

AT&T ANNOUNCES UPCOMING PRICE CHANGES FOR SOME TEXAS INTRASTATE SERVICES

AT&T announces the following price changes for some of its Texas intrastate services. These changes, which more closely reflect the actual costs incurred by AT&T in providing these services, will become effective on August 1, 1988.

- SDN (Software Defined Network) Schedule A prices will be reduced 1.5% during the initial 30-second period. Schedule B prices will be reduced 16.4% overall. Schedule C prices will be reduced 4.2% overall.

- WATS 80 service prices for both the initial 80-hour usage period and the additional usage period will increase 5%.

- The monthly prices for some of AT&T's Analog Channel Services will increase between \$7.05 and \$25 per channel termination for Analog services.

- The monthly prices for some Dataphone Digital Service (DDS) will decrease up to \$9.65. Other DDS monthly prices will increase up to \$18.35. Overall, AT&T's DDS monthly prices will increase less than 1%.

The combined effect of these price changes is expected to produce approximately \$3.4 million in annual revenue, which is approximately 0.3% of AT&T's annual revenue for all Texas intrastate services.

If you have questions regarding these price changes, please call your AT&T Account Executive, or our business consultants toll-free at 1-800-222-0400. AT&T's tariffs reflecting these changes will be filed with the Public Utility Commission of Texas on July 1, 1988, with an effective date of August 1, 1988.

Persons who have questions regarding this tariff filing may also contact the Public Utility Commission of Texas in writing, at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757, or by calling the Public Information Office at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 for teletypewriter for the deaf.

Dear Abby

Transport of Transplants Is An Eye-Opening Experience

By Abigail Van Buren

© 1988 by Universal Press Syndicate

DEAR ABBY: After reading the letter from a California reader concerning the casual manner in which the cremated remains of her aunt were sent to her home via regular mail rather than by a more dignified route, I think I can top that.

While dropping off a box of documents to be delivered by a well-known bus company, I noticed on the counter a plastic-foam cooler large enough to hold two six-packs. It obviously had made many trips because the carrier showed signs of wear. I gasped when I read the label on the box. It read: Refrigerated: HUMAN EYEBALLS. I later learned that they were being transported by bus for transplant purposes!

I am well aware of your efforts in this cause, Abby, and I report this to you and your readers merely to point out how commonplace transplants have become.

Please print this. It might make some uptight readers realize that hundreds — perhaps thousands — of donated body parts are in transit daily.

WANTS TO GIVE IN ALBANY, N.Y.

DEAR WANTS: I, too, want to give. And when I go, I plan to take nothing with me that could improve the quality of life for the living. Readers, how about you?

DEAR ABBY: I am an 80-year-old woman who recently went by train to Portland, Ore., to attend a regional bridge tournament. My daughter, who lives in Portland, took me to the restaurant in the union depot for a cup of coffee and a few last words before I boarded the train. I was wearing a pink pantsuit (my best) and a matching beret and scarf. (I've had many compliments on this outfit.)

The waitress brought our coffee, looked at me and said, "We have a policy here — no hats." I went into a state of shock! I know that men should not wear hats in a restaurant, but I have never heard of a woman being asked to remove her hat, have you?

Please help me get to the bottom of this bizarre incident before I completely lose my mind. I haven't

slept well since. No name, please. INSULTED IN PORTLAND

DEAR INSULTED: There is no reason why a woman should remove her hat in a coffee shop — or in any other dining room. The waitress was in error. Now, dear lady, please put this unsettling incident out of your mind. It takes energy to worry, and although the waitress committed a gross gaffe (through ignorance, I presume) it is not worth a second thought.

DEAR ABBY: We can verify that you have readers all over the world and that they have a keen interest in dentistry. After your column on "The Dental Patient's Bill of Rights," we received requests from 47 states and seven foreign countries. We are delighted!

The California Dental Association has a new booklet that contains the "Bill of Rights" and other useful dental information, such as what to do in a dental emergency, definitions of the various dental specialties, and the members of the dental team and what they do.

DALE F. REDIG, EXECUTIVE DIRECTOR, CALIFORNIA DENTAL ASSOCIATION

DEAR MR. REDIG: The booklet is indeed informative — particularly the section on what to do in case of a dental emergency.

Readers, send a No. 10, stamped, self-addressed envelope to: "Know Before You Go," P.O. Box 13749, Sacramento, Calif. 95853-4749. It's free to Abby readers.

"How to Have a Lovely Wedding" is a revised, up-to-date guide for formal church weddings, home weddings, second-time-around weddings, and even barefoot-in-the-park weddings. It covers who pays for what, wedding etiquette, accepted customs and dress, and who sits where. To order, send your name and address, clearly printed, plus check or money order for \$2.89 (\$3.39 in Canada) to: Abby's Wedding Booklet, P.O. Box 477, Mount Morris, Ill. 61054. Postage and handling are included.

Children of San Antonio man have filed lawsuit

SAN ANTONIO, Texas (AP) — The children of a San Antonio man who died after his bicycle struck a pothole on a city street have filed suit against the city, claiming city officials were negligent in not repairing the pothole.

A lawsuit filed in state district court Tuesday does not specify the amount of monetary damages being sought by the children of Felipe O. Rangel, but claims they have suffered mental anguish and loss of inheritance because of the death.

Rangel died Aug. 18, 1986, after he suffered head and back wounds when he wrecked his bike two months earlier.

A family member told the San Antonio Light Tuesday that the children, who no longer live at home, had been told not to comment on the suit.

"They've been told not to discuss it without their attorney," said a male family member who refused to identify himself.

James Kosub, the lawyer who filed the suit, could not be reached for comment Tuesday night by the newspaper.

Named as plaintiffs in the lawsuit were Stanley Rangel, Alicia Rangel Sierra, Ralph F. Rangel, Irma Rangel Fernandez, Andrew F. Rangel and Genero F. Rangel.

The suit alleges their father was fatally injured as he rode his bike "when suddenly he came across a large pothole on the corner of Cupples and Cervato streets."

Postman uses rubber gloves for deliveries

DALLAS (AP) — Although the federal government recently spent \$17 million mailing a brochure explaining that AIDS cannot be contracted through casual contact, a letter carrier uses rubber gloves to deliver mail to Dallas' only residence for people with AIDS.

The "easy-to-understand" brochures were mailed to every home about three weeks ago, but postman Peter Hogan said Tuesday that's not enough assurance for him.

"The government can spend \$100 billion on brochures, but if there's a chance that I could get AIDS, I'll wear gloves," Hogan said. "I don't walk out in the open highway in front of cars."

Doctors say gloves are unnecessary.

"It's an incredible incongruity that one governmental agency in clear English lets the public know there is no danger of contracting AIDS from casual contact, then another arm of the federal government encourages its employees to deliver the mail with rubber gloves," said Mark Rogers, director of resource development for the People With AIDS Coalition, which operates the residence called A Place For Us.

Hogan, a father of five, said he dons surgical gloves before he leaves his car to deliver mail every afternoon at the 22-unit home. When he returns to his car, he peels the gloves off.

The postman has been granted a transfer to another route because of the AIDS residence, he told the Dallas Times Herald.

"I delivered the (government's AIDS) brochure and I read it," Hogan said. "What happens if the government is wrong? The government also once told me cigarettes weren't harmful."

Hogan said he doesn't know if the government is wrong, but he said he doesn't know if the government is wrong.

Hogan said he doesn't know if the government is wrong, but he said he doesn't know if the government is wrong.

MEXICO CITY (AP) — The opposition presidential candidate says he will announce the members of his Cabinet in an effort to better inform the electorate.

"I want the people to know beforehand who would form my Cabinet," Manuel J. Clouthier said at a news conference at the

Foreign Correspondents Association. Clouthier, candidate of the opposition National Action Party, said he will release the names of his prospective Cabinet members next week, although Cabinet members traditionally have been announced shortly before or on inauguration day.

Clouthier, whose chances for winning the July 6 vote against ruling party candidate Carlos Salinas de Gortari are nil, insisted that he hopes to be Mexico's next president.

"There hasn't been any government in the world that after three consecutive years of more than 60 percent inflation still remains in power. This July 6, Mexico won't be an exception," he said.

National Action, known as

PAN, is the traditional runnerup to the Institutional Revolutionary Party, or PRI, that has governed Mexico since its founding in 1929.

This year, leftist coalition candidate Cuauhtemoc Cardenas has prompted speculation that he could finish second. He broke with the PRI last year after his Democratic Current reform

movement was rebuffed. Clouthier is a prosperous business leader and rancher from the northwestern Pacific coastal state of Sinaloa.

According to Mark Twain: "Always do right. This will gratify some people and astonish the rest."

An unusual play can score slam

By James Jacoby

Many psychological forces are at work during a bridge game. Today South was properly willing to play in four spades, but then the nasty opponents pushed higher. So, when North bid one more, South did him one better and bid the slam. Maybe he decided that all the North cards would work well for him, or maybe he just got mad at the opponents and decided to show them some stuff. Who knows?

Declarer won the ace of clubs and played a spade to dummy's ace. With West holding three spades to the jack, declarer had to go after the diamond suit before picking up trumps, so he played A-K and ruffed a diamond. When West overruffed, declarer also had to lose a club for down one. Apparently South should not have been so pushy in the bidding.

In fact, the slam can come home if declarer avails himself of an unusual play to prevent West from getting a trick with the jack of trumps. After playing the first round of trumps, he should lead the queen of hearts from dummy. When East plays the king, declarer should shed a diamond. Since East has no club to return, he will continue with another heart. Declarer ruffs, plays ace of diamonds and ruffs a small diamond. Then he plays two more high trumps from dummy and ruffs another small diamond. He can now return to dummy with the king of clubs. The king of diamonds will take the last diamond from East and the remaining diamond 10 will be cashed, South shedding both club losers on those diamonds and making his slam.

James Jacoby's books "Jacoby on Bridge" and "Jacoby on Card Games" (written with his father, the late Oswald Jacoby) are now available at bookstores. Both are published by Pharos Books.

Lakers repeat as world champions

INGLEWOOD, Calif. (AP) - The chore has been completed, the challenges met and the chronicles of basketball stamped with their imprint.

The Los Angeles Lakers, fighting and making history at the same time, are still champions of the NBA.

With brilliant play from James Worthy and fierce determination from his teammates, the Lakers survived the Detroit Pistons 108-105 Tuesday night to win their second consecutive title.

The seventh-game triumph made Los Angeles the first repeat champion since the 1969 Boston Celtics, who also clinched that series at the Forum.

They became the first team since the 1978 Washington Bullets to overcome a 3-2 deficit in the finals. And, until Tuesday night, the Lakers had been 0-5 in seventh games of championship series.

Now they have won five titles in this decade and 11 overall.

"We've been a great team over the past eight or nine years," Los Angeles center Kareem Abdul-Jabbar said. "I think from now on people are going to refer to us that way."

Detroit's Isiah Thomas did just that after the Lakers claimed their 4-3 victory in the best-of-seven series.

"It's not disappointing," said Thomas, who had 10 points and seven assists in 28 minutes despite a severely sprained right ankle suffered in Game 6.

"We played in the NBA finals," he added. "We lost to a team that's going to go down in history."

In turning back the challenge of the first-time finalist Pistons, who closed a 15-point fourth-quarter deficit to two in just 4½ minutes, the Lakers met the challenge of their coach.

Soon after Los Angeles beat Boston to win last year's championship in six games, Coach Pat Riley said, "I'm going to guarantee everyone we're going to repeat."

"We would not have been as mentally alert or focused throughout the year if he hadn't made his statement," said Wor-

thy, who was named the series' Most Valuable Player after getting 36 points, 16 rebounds and 10 assists.

"They went on a mission," said Detroit Coach Chuck Daly. "Pat forced them into it and I think it was a brilliant coaching move."

After the Lakers won the title Tuesday night, Abdul-Jabbar playfully stuffed a towel in Riley's mouth when the coach was asked about future guarantees.

When it was removed, Riley said, "I'm going to guarantee one thing, that we're going to enjoy this all summer long."

The Lakers had to win three seven-game series, the first team to play that many in one year. They had to overcome a 102-99 deficit in the final minute to win the sixth game 103-102 and they had to hang on in Game 7.

Byron Scott had 21 points and Magic Johnson 19 for the Lakers. The Pistons were led by Joe Dumars with 25 points, John Salley with 17 and Adrian Dantley with 16.

Thomas, who wasn't expected to play, scored the last four points of the first half to give the Pistons a 52-47 lead at intermission.

"When you get to this point, you've got to play," he said.

Using a strong running game, the Lakers made their first 10 shots of the second half, five of them by Scott and three by Worthy, to go ahead 70-59 with 5:36 left in the third quarter.

With Los Angeles leading 88-73 and 10:22 left in the game, Daly replaced veterans Thomas and Dantley with Dumars and Bill Laimbeer.

Combined with second-year

forwards Dennis Rodman and Salley and guard Vinnie Johnson, that gave Detroit a faster team. Dantley, one of the Pistons' two best players, never got back into the game. Thomas, the other one, played just the final 14 seconds.

The quicker lineup "almost won the game," Daly said.

It cut a 94-79 deficit, the Pistons' biggest of the game, to 102-100 on Dumars' jumper with 1:17 left.

Rodman then committed a backcourt foul and Magic Johnson made one of two shots with 1:14 remaining. With 39 seconds to go, Rodman, a poor outside shooter, pulled up for a jumper rather than go for a layup. He missed the shot and Salley fouled Scott with 30 seconds to play.

Scott made both shots, making the score 105-100.

A basket by Dumars, a free throw by Worthy and a 3-point shot by Laimbeer made the score 106-105 with six seconds to go. But A.C. Green broke ahead of the field for a stuff with two seconds left to clinch the championship.

Braves play at 6 tonight

BALLINGER - Snyder's Braves, local Little League champions, play Robert Lee in area tournament action here this evening.

Game time is 6 p.m. Right fielder Wayne Brazil, batting .258 for the season, will lead off for Snyder tonight. The rest of the lineup, by name, batting average and position, are:

Jeremy Wells, second baseman, .385; Adrian Sneed, shortstop, .465; Jason Pierce, pitcher, .528; Jimmy Henry, center field, .378; Shae Sisson, catcher, .275; Chris Mitchell, third baseman, .324; Jeff Armstrong, first baseman, .250; and Joey Sanchez, left fielder, .267.

Other players are Tye Parks, Ben Wells and Matthew Fambro. Manager is George Page. Coaches for the team during the season have been David Sisson, Bobby Wells, Larry Brazier and Mitch Page.

The eventual championship game is set for Thursday, June 23, at 7:30 p.m. However, the champion will play again Saturday, June 25, in Ballinger against a champion from an Albany area tournament.

SPORTS

10th, 12th seeds advance; top players battle today

WIMBLEDON, England (AP) - Tenth-seeded Tim Mayotte of the United States and 12th-seeded Jonas Svensson of Sweden, a pair of serve-and-volley players with solid Grand Slam records, easily advanced to the third round at Wimbledon today.

Mayotte was a semifinalist at Wimbledon in 1982 and the Australian Open in 1983, beat American Greg Holmes 6-3, 6-3, 6-4.

Svensson, who upset top-seeded Ivan Lendl in reaching the French Open semifinals this month, beat fellow Swede Magnus Gustafsson 6-1, 6-2, 6-4.

On a warm, sunny day, the men's draw lost 15th-seeded Arios Mansdorf of Israel because of an injury.

Mansdorf trailed Diego Nargiso of Italy 6-3, 3-0 when a strained abdominal muscle forced him to retire.

Lendl, the runner-up at Wimbledon the past two years, had a second-round match on Centre Court against Darren Cahill of Australia. A strong grass-court player, Cahill beat

defending Wimbledon champion Pat Cash in a warmup tournament at Queens Club two weeks ago.

Cash was playing a second-round match against Javier Frana of Argentina, while two-time champion Boris Becker of West Germany met Karel Novacek of Czechoslovakia.

Rangers 6, Mariners 0

Paul Kilgus pitched a six-hitter for his third shutout of the season and Jeff Kunkel drove in three runs as Texas handed Seattle its ninth straight loss.

The Mariners have lost 14 straight games on the road, a club record.

Kilgus, 7-5, walked one and struck out four in pitching his third complete game. Larry Parrish's fielder's choice in the bottom of the second scored Pete Incaviglia, who had doubled and advanced to third on a ground-

BRAVES BALLINGER BOUND - Snyder's Braves, Little League champions this season, play Robert Lee at 6 p.m. tonight in Ballinger. Playing for the Braves this season have been, in random order, Chris Mitchell, Adrian Sneed, Wayne Brazier, Joey Sanchez, Jeff Armstrong, Shae

Sisson, Jimmy Henry, Jeremy Wells, Tye Parks, Matthew Fambro, Jason Pierce and Ben Wells. Coaches pictured are George Page, David Sisson and Mitch Page. Coaches not pictured are Bobby Wells and Larry Brazier.

Summer leagues

JUNIOR TEENAGE LEAGUE

Dodgers 10, Braves 0

Ron Pruitt slugged a triple, a double and a single as the Dodgers defeated the Braves on Tuesday.

Daniel Espinosa also hit a triple and a single for the Dodgers, 3-0 in the second round, while Grant Jordan and Dakon Hollingsworth each cracked a double. Blair Williams knocked two singles and Wes Evans and winning pitcher Wacey Parks added one each.

The Braves got four singles, one each from Michael Barrera, Michael Torres, Eddie Bolin and Jack Beall. Terry Snyder was the LP.

Bufs 13, Rebels 2

Les Rinehart socked a triple and a single and Gilbert Hernandez and John Conger powered two singles each to lead the Bufs past the Rebels this week.

Justin House and Peyton Daniels each added a single for the Bufs, now 2-1 in the second half of league action. Raymond Ware was the winning pitcher.

Terry Stephens led the Rebs with a double. James Herrera and Jason Warren added one single each. Steven Bollinger took the loss.

Noon Kiwanis Club Blue Babes 27,

McDonald's Golden Girls 24

Misty Watson slammed a triple and a single and Kim Mitchell, Amy Maldonado, Lindsey Northcott and Yvette Ramos chipped in a single apiece to pace the Blue Babes past the Golden Girls.

Theresa Martin was the winning pitcher. Amy Ramirez hit two singles for the Golden Girls. Rebecca Ramey, Patricia Barrera, Carrie Keith and Angie Burleson added one single apiece.

Lota Burger, WT Animal Clinic Mustangs 15,

American State Bank Bluebonnets 14

The Mustangs managed just four hits but Shauna Huddleston accounted for three of them in this game, played Tuesday.

Christi Whitney added a single to the cause and Jessica Hodges scored four times in aiding the Mustang victory. Whitney was also the winning pitcher.

Brandi Bates cracked a double for the Bluebonnets. Joanie Wemken powered two singles and Erin Maytubby and Monica

Triplet added one each.

BOYS CLUB T-BALL

June 13

Expos 21, Twins 9

Trevor Thompson, James Shields and Tyler Warren scored three runs apiece for the Expos in this game. Scoring two runs each were Blake Bell, Wayne Childs, Eric Clifton and Corey Scott. Randall Eicke, Jacob Medrano, Tim Dominguez and Jacob Rodriguez scored one run apiece.

Scoring for the Twins were Jacob Smith, three; and John Ortegon, Justin McNair, Tyson Kleindel, Brett Gibson, Kenneth Darlin and Phillip Scott, one apiece.

June 14

Dodgers 16, Rangers 6

Jared Young and Cory Mandrell each crossed home plate three times to help the Dodgers defeat the Rangers.

Also scoring for the Dodgers were T.J. Whitsel, Jim Chisum, Russell Pate and Michael Childs, two runs apiece; and Josh Treat and Randall Price, one run each.

Eric Gard scored twice for the Rangers. Clell Knight, Jessie Dominguez, A.J. Jones and Brandon Williamson scored one time each.

June 16

Astros 14, Twins 13

Michael Alvarado of the Astros and Justin McNair of the Twins both scored four runs in this T-Ball game.

Also scoring for the Astros were Reid Johnson and Joe Hanner, two runs each; and Andy Smith, Josh Loper, Alan McGuire, Eric Lang, Steve Burton and Matt Rodgers, one single apiece.

Others scoring for the Twins were John Ortegon, three runs; Tyson Kleindel, two runs; and Brett Gibson, Tim Dominguez, Jacob Smith and Jim Brown, one run apiece.

June 17

Dodgers 13, Expos 11

T.J. Whitsel, Jared Young, Chad Chaney and Randall Price all scored two runs apiece to lead the Dodgers to this win.

Scoring one run apiece for the Dodgers were Josh Treat, Bryan Monroe, Russell Pate, Michael Childs and Cory Mandrell.

Tyler Warren, Trevor Thompson and Nicholas Means tallied two runs apiece for the Expos. Jacob Medrano, Randall Eicke, Eric Clifton, Tim Dominguez and James Shields scored one run apiece.

PLAYOFFS, ALL-STARS INFORMATION

- All-Star Games Slated: All-Star games for the 8-9 Year Old League and the Farm League have been scheduled for Friday, June 24, at Logan Field. The 8-9 All-Star Game will be held at 6 p.m., followed by the Farm League All-Star Game at approximately 7:30 p.m.

- Little League All-Stars: Little League All-Stars will be named on Friday, June 24 at Logan Field, following the Farm League All-Star Game (approximately 9 p.m.).

Little League All-Star Playoffs: First-round play of the Little League playoffs for Snyder's all-star team will begin July 11 in Rotar. A bracket for the double-elimination tournament will be announced at a later date.

ORDINANCE NO. 725

AN ORDINANCE GRANTING A FRANCHISE IN THE CITY OF SNYDER, TEXAS, SETTING FORTH CONDITIONS ACCOMPANYING THE GRANT OF FRANCHISE, AND PROVIDING FOR REGULATION OF THE SYSTEM.

WHEREAS, the city of Snyder has, without necessity of express enumeration, each and every power which has been granted to the City by virtue of Article XI, Section V, of the constitution of the State of Texas, and all such powers, whether expressed or implied as contained in the City charter.

WHEREAS, Article IX of the City charter contains general provisions for franchises including the inalienability of the City's right of control and use of the public streets, highways, sidewalks, alleys, parks, public squares, and public places of the City; and

WHEREAS, Snyder Cablevision Associates, is found to be subject to the powers and regulatory authority granted to the City of Snyder by its charter, and that the City is a franchising authority.

Now, therefore,

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF SNYDER, TEXAS:

ARTICLE I. GRANT OF FRANCHISE AND GENERAL PROVISIONS

Section 1. Title of Ordinance

This ordinance shall be known and may be cited as the Snyder Cablevision Associates, (SCA), Television Franchise, and it shall become a part of the code of ordinances of the City of Snyder.

Section 2. Rights and Privileges of Cable Operator

The franchise granted by the City pursuant to this ordinance shall grant to Snyder Cablevision Associates, the right and privilege to erect, construct, operate and maintain in, on, along, across, above, over and under the streets and easements, now in existence and as may be created or established during its terms; any poles, wires, cable, underground conduits, manholes, and other television conductors and fixtures necessary for the maintenance and operation of a cable television system for the interception, sale, transmission and distribution of television programs and other audio visual electrical signals and the right to transmit signals to the inhabitants of the City on the terms and conditions set forth below.

Section 3. Agreement and Incorporation of Application by Reference

A. On City's passage of this franchise, SCA agrees to be bound by the terms and conditions contained in this franchise, except those terms and conditions that become invalid as a result of changes in state or federal law.

B. SCA also agrees to provide all cable television service in the City of Snyder and by its acceptance, SCA grants and agrees that all attachments are incorporated by reference and made a part of the franchise and this ordinance.

Section 4. Purpose

A. There is hereby granted to SCA the right and privilege to construct, maintain and operate in the present and future streets, alleys, easements, and public places of the city of Snyder, Texas, towers, poles, lines, cables, necessary wiring, and other apparatus for the purpose of originating, receiving, amplifying and distributing cable communication signals, including television and FM radio signals and other forms of signals whether video, audio, or digital, to the City and its inhabitants.

B. This ordinance and franchise creates and sets conditions accompanying the grant of a franchise period and provides for the regulation of a system designed and constructed for the purpose of distributing video and other forms of electronic signals in the City and referred to as the "cable communication system." The system is recognized to be subject to regulation by this City by virtue of its charter and the Cable Communications Policy Act of 1984 as amended from time to time.

C. This franchise is nonexclusive. The City reserves the right to grant at any time additional franchises for cable communications systems on substantially the same terms and conditions.

Section 5. Duration and Acceptance of Franchise

The franchise and the rights, privileges and authority granted shall take effect and be in force from and after final passage as provided by law, and shall continue in force and effect for a term of twelve (12) years, provided that within thirty (30) days after the date of final passage of the franchise SCA shall file with the City Manager its unconditional acceptance of the franchise and promise to comply with all its provisions, terms, and conditions.

Section 6. Police Powers

In accepting this franchise, SCA acknowledges that its rights are subject to the police power of the City to adopt and enforce general ordinances necessary to the safety and welfare of the public and it agrees to comply with all applicable general laws and ordinances enacted by the City pursuant to such power.

Any conflict between the provisions of the franchise and any other present or future lawful exercise of the City's police powers shall be resolved in favor of the City except that any such exercise that is not of general application in the jurisdiction or applies exclusively to SCA or cable television systems which contains provisions inconsistent with this franchise shall prevail only if upon such exercise, the City finds an emergency exists constituting a danger to health, safety, property or general welfare or such exercise is mandated by law.

Section 7. Franchise Required

No cable television system shall be allowed to occupy or use the streets of the City, or be allowed to operate, without a cable television franchise containing requirements substantially the same as those imposed on SCA.

Section 8. Costs of Franchising

A. SCA shall pay the City for the direct and indirect costs of franchising up to a maximum of \$15,000, which shall include consultants, legal, and other costs of examination of SCA's performance, qualifications, and proposal.

Section 9. Liability and Insurance

A. SCA shall maintain, and by its acceptance of this franchise specifically agrees that it will maintain throughout the term of the franchise, insurance in the minimum amount of liability: each occurrence \$500,000; aggregate \$1,000,000.
B. Certificates of insurance which show proof of the policies obtained in compliance with this section shall be filed and main-

tained with the City Secretary during the term of the franchise, and may be changed from time to time to reflect changing liability limits or conditions. SCA shall immediately advise the City of any litigation that may develop that would affect this insurance.

Section 10. Performance Bond and Letter of Credit

Within sixty (60) days after the award of this franchise SCA shall file with the City a Performance Bond in the amount of Twenty-five thousand dollars (\$25,000) in favor of the City.

Section 11. Indemnification

A. SCA shall, at its sole cost and expense, fully indemnify, defend and hold harmless the City, its officers, boards, commissions and employees against any and all claims, suits, actions, liability and judgments for damages, arising out of SCA's cable TV operations or this franchise, including but not limited to expenses for reasonable legal fees and disbursements and liabilities assumed by the City.

ARTICLE II. CABLE TV SYSTEM EXTENSION, OPERATION, STANDARDS AND PROCEDURE.

Section 1. Service Availability

SCA shall provide cable television service throughout the entire franchise area pursuant to the provisions of this franchise and shall keep a record for at least three (3) years of all requests for service. This record shall be available for public inspection at the local office of SCA during regular office hours.

Section 2. Cable TV System Construction and Standards

A. SCA will expand the system's channel capacity to 35 channels as soon as practicable.

B. Performance Tests on Expanded System:

1. Not later than ninety (90) days after new or substantially rebuilt portion of the system is made available for service to subscribers, performance tests shall be conducted to demonstrate full compliance with the technical standards shown in the attached Appendix.
2. Such tests shall be performed by, or under the supervision of a qualified engineer. A copy of this report shall be submitted to the City describing and summarizing test results, instrumentation, calibration, and test procedures, and the qualifications of the engineer responsible for the tests.

C. New construction, installation and maintenance of the cable television system shall be performed in a high quality, professional manner. All cables and wires shall be installed where possible, parallel with electric and telephone lines.

1. For all new construction, SCA shall at all times comply with:
 - a. National Electrical Safety Code (National Bureau of Standards);
 - b. National Electrical Code (National Bureau of Fire Underwriters);
 - c. Applicable FCC or other federal, state and local regulations.
2. The system shall not endanger or interfere with the safety of persons or property in the franchise area or other areas where SCA may have equipment located.
3. Any contractor proposed for work of construction, installation, maintenance, and/or repair of the system or equipment must be properly licensed under laws of the state, federal regulatory agencies, and all local ordinances.

Section 3. Use of Streets, Alleys, Easements and Public Ways

A. The cable communications systems and facilities, including SCA owned poles, lines, equipment, pedestals, and all appurtenances, shall be located, erected and maintained so that such system and facilities shall not:

1. Endanger or interfere with the health, safety or lives of persons;
2. Interfere with any improvements the City, County, State, or other governmental authority may deem proper to make;
3. Interfere with the free and proper use, access, ingress, or egress of public ways, streets, roads, alleys, or easements except during actual construction or repair;
4. Interfere with the rights and reasonable convenience of private property owners;
5. Obstruct, hinder or interfere with any gas, electric, water, sewer, telephone or other utilities located within the public ways, streets, roads, alleys, or easements.

B. In case of any disturbance of pavement, sidewalk, driveway, other surfacing, landscaping, fencing, plantings, retaining walls, embankments, drainage channels, structures, or parking areas, SCA shall, at its own cost and expense and in a manner approved by the City, replace and restore all paving, sidewalk, driveway, landscaping, fencing, plantings, retaining walls, embankments, drainage channels, structures, or parking areas or surface of any street, alley, road, easement, or public way disturbed, in as good a condition as before work commenced in an efficient workmanlike and timely manner in accordance with standards set for such work by the City. Such restoration shall be undertaken within no more than 10 days after the damage is incurred, and shall be continuously pursued until completed to the satisfaction of the City. All permits and procedures for notification to the City or other owner, authority, or utility, shall be obtained or complied with in advance of the disturbances contemplated within this paragraph.

C. Erection, Removal and Common Use of Poles.

1. No location of any pole or wire-holding structure of SCA shall give rise to a vested interest, and such SCA owned poles or structures shall be removed or modified at SCA's expense whenever the City reasonably determines that the public convenience would be enhanced.
2. Where poles already exist for use in serving the City and are available under just and reasonable terms and conditions, for use by SCA, but it does not make arrangements for such use, the City may, with reasonable cause, require SCA to use such poles and structures if the City determines that the public convenience would be enhanced. Where a public utility serving the City desires to make use of the poles or other wire-holding structures of SCA, but agreement with the SCA cannot be reached, the City may, with reasonable cause, require SCA to permit such use for payment and terms as the City shall determine to be just and reasonable, if the City determines that the use would enhance public convenience.
3. Where SCA desires or is required to extend cable communication service to a location not then served with existing poles, wire holding devices, conduit, or trenches, whether or not such poles, devices, conduits, or trenches

could be the shared responsibility of one or more utility, the absence of such facilities shall not be justification by and of itself to deny such service extension. In the event joint use of facilities set forth in this paragraph cannot be accomplished, SCA shall arrange for the provision of such facilities independently or in conjunction with other utilities and at the expense of SCA and/or in cooperation with other utilities.

D. In the event that, at any time during the period of this franchise, the City, County, State, or other authority shall lawfully elect to alter or change the line or grade of any street, road, public way, alley, or easement, SCA, upon reasonable notice by the proper authority, shall remove or relocate as necessary its poles, wires, cables, underground conduits, pedestals, manholes and other fixtures.

E. SCA shall, on the request of any person holding a building moving permit issued by the city, temporarily raise or lower its wires to permit the moving of buildings. The expense of such temporary removal, raising, or lowering of wires shall be paid by the person requesting the same, and SCA shall have the authority to require such payment in advance.

Section 4. Overhead (Aerial) and Underground Service and Extensions.

A. The cable communications system authorized and required in this franchise ordinance during reconstruction, relocation, renovation, or extension throughout the term of the franchise, may be installed or extended by means of overhead or aerial construction except in those areas within the franchised territory where both telephone and electric utility facility are underground at the time of reconstruction, relocation, renovation, or extension of the cable communications system. Where not otherwise required to be placed underground and at the request of adjacent property owners or developers, provided any excess of underground over that of aerial or overhead cost shall be borne by the property owner or developer making the request.

All cable passing under improved roadways, streets, and paved alleys, shall be installed in conduit and shall be installed as directed and specified by the City to minimize or eliminate the need for the open cutting of improved streets, roads, paved alleys, or walks. The City's specifications for boring, trenching, backfilling, encasement and embedment for installation of utilities within public rights-of-way including permit and fee requirements as same may exist on the effective date of this franchise or as same may be enacted or adopted by amendment during the term of this franchise and extensions shall be conditions of this franchise as if fully set forth here. Failure to comply with the directions and specifications shall be deemed a violation of the franchise ordinance and shall be enforceable as such.

B. Where a system is already installed, the total cost of replacement with a new underground system shall be borne by the developer making the request.

ARTICLE III. CAPACITY AND SERVICES

Section 1. Capacity and Rates

A. SCA shall provide a cable communications system capable of receiving and transmitting 300 mhz for video, audio, and/or digital signals for visual programs or other uses to subscribers within the franchise area, and 35 channels of capacity.

B. SCA shall provide or reserve the following public educational, and government access channels:

1. One (1) channel for government purposes;
2. One (1) channel for educational purposes;
3. One (1) channel, if available, for purposes requested by the City Council.
4. SCA shall be authorized to provide temporary shared, joint, or cooperative use of one or more of the channels assigned to public, educational, government uses until such time as there is demand for use of the shared channels. Shared use shall cease on notification by the City Council.

- C. 1. The city may regulate rates to the extent allowed by law.
2. When basic channel service is increased to 24 channels, SCA may raise its rate for service to \$16.95 per month.

Section 2. Continuity of Service Mandatory

A. It shall be the right of all subscribers to continue receiving service insofar as their financial and other obligations to SCA are honored. In the event that the SCA elects to overbuild, rebuild, modify, or sell the system with the consent of the City, or the City gives notice of intent to terminate or fails to renew this franchise, SCA shall act so as to ensure that all subscribers receive continuous, uninterrupted service regardless of the circumstances. Revenues shall continue to accrue to SCA until transfer occurs, unless otherwise agreed to be SCA and transferee.

B. In the event of termination of the franchise, SCA shall cooperate with the City or new operator in maintaining continuity of service to all subscribers.

Section 3. Complaint Procedure

A. SCA shall maintain a local office in Scurry County for the purpose of receiving and resolving complaints, which shall be accessible by a local, toll-free telephone. The local office shall be open to receive inquiries or complaints during normal business hours, and in no event less than 9:00 a.m. to 5:00 p.m., Monday through Friday, excluding legal holidays. SCA shall provide the means, such as an answering service or machine, to accept calls twenty-four (24) hours a day, seven days a week. During the rebuilding period (first 18 to 24 months), the City may require SCA personnel to receive and resolve complaints 9 a.m. to 7 a.m. Monday through Saturday.

B. SCA shall investigate and act on all service complaints by the end of the following business day. Service complaints shall be resolved within a reasonable period of time.

C. As subscribers are connected or reconnected to the system, SCA shall, by appropriate means such as a card or brochure, furnish information concerning the procedures for making inquiries or complaints, including the name, address and local telephone number of the employee or agent to whom such inquiries or complaints are to be addressed.

D. On failure of SCA to remedy a loss of service attributable to the cable system within twenty-four (24) hours of receipt of notification of such loss, SCA shall rebate, at the request of the subscriber, one-thirtieth (1/30) of the regular monthly charge to each requesting subscriber so affected, for each twenty-four (24) hours after receipt of notification, until service is restored, unless such restoration is prevented by strike, injunction or other cause beyond control of the SCA. Loss of service shall be considered as a failure to receive less than two-thirds (2/3) of the available channels.

Section 4. Public, Educational, Government, and Emergency Channels (PEG)

EPA adds 3 sites in Texas; drops another

WASHINGTON (AP) — The Environmental Protection Agency has widened the scope of its priority clean-up list in Texas to include toxic dump sites near Houston, Texas City and Beaumont.

The Texas City site houses a landfill containing radioactive waste and is three miles

upstream from an important site for shellfish and recreational activities, the EPA said.

The Hardin County site north of Beaumont is three miles from wells that provide drinking water to an estimated 2,000 people. And the Friendswood site south of Houston in Harris County is near a new development and a Little

League baseball field, the EPA said.

But EPA spokesman Roger Meacham in Dallas said sites on the Superfund list are usually not immediate threats to public health and the environment. Should investigation reveal otherwise, emergency measures can be taken, he said.

If a site is added to the list, however, it means a permanent clean-up solution must be developed to ensure public health and safety in the long term, Meacham said.

The Texas additions are among 229 sites being proposed nationally for the Superfund list. Another 30 nationally will be dropped, in-

cluding one in Texas.

The Harris (Farley Street) site was dropped because contamination has been removed from an abandoned landfill in southeast Houston that had contained tars and sludges, the EPA said.

Designation for the "National Priority List" means the site is eligible for 90 percent federal

financing of the cleanup under EPA's supervision, unless a federal agency owns it. Federal agencies must use their own money to clean up sites.

The additions bring to 28 the number of final and proposed sites in Texas on the EPA's national priorities list.

A. SCA shall provide and maintain FCC access channels for purposes outlined below, which shall be capable of providing service 24 hours per day.

1. SCA's sole responsibility shall be to facilitate use of access channels and not to provide a studio, production or play back equipment or personnel. SCA shall lend technical assistance to users in order for users to deliver video signals to SCA for showing on access channels.
2. Educational access channels shall be available for use by public and private school authorities.
3. Government access channels which shall be available for local governmental use.
4. SCA shall incorporate into its cable television system equipment which will permit the City, in times of emergency, to override the audio on all channels simultaneously. It will be activated by telephone provided by SCA.

ARTICLE IV. ADMINISTRATION

Section 1. Performance Evaluation

A. The City and SCA shall schedule performance evaluation sessions and public hearings at the April Council meeting during the fourth (4th) and eighth (8th) years. The sessions shall be open to the public and announced in a newspaper of general circulation in accordance with legal notice. When there exist other reasonable evidence, which in the judgement of the City, questions the quality of service, the City may require SCA to test the signal quality and performance.

B. Topics which may be discussed during evaluation may include, but not be limited to, rate structures, franchise fee, penalties, free or discounted services, application of new technologies, system performance, services provided, programming offered, customer complaints, amendments to this ordinance; judicial and FCC rulings, and SCA or City rules.

C. SCA shall file with the City a report giving an assessment of its performance evaluation 60 days prior to review. SCA shall bear reasonable cost of City to review performance in the fourth and eighth years.

D. SCA shall run proof of performance tests during the fourth and eighth years conforming to FCC and franchise requirements, and present the results to the Council for consideration of performance review. (When there exists other reasonable evidence, which in the judgment of the City, questions the quality of service, the City may require SCA to test the signal quality and performance.) The City may require the tests to be supervised by an engineer, whose reasonable expense shall be paid by SCA, chosen by the City. The engineer shall sign all records of special tests and forward such records to the City with a report interpreting the results, and recommending action to be taken.

Section 2. Reporting and Availability of Records

A. SCA shall keep complete and accurate books of accounts and records of its business and operations in connection with this franchise. All such books and records shall be consistent with generally accepted accounting practices and shall be made available to the City at SCA's principal office in the City.

B. The City shall have the right, relating to rate regulation of cable service provided by SCA, at reasonable times and for reasonable purposes, to examine, audit, review, and/or obtain copies of the papers, books, accounts, documents, maps, plans, and other records of SCA and/or its affiliates and to inspect, inventory, and/or appraise the plant, equipment, and other property of SCA within the City's jurisdiction. SCA shall fully cooperate in making available its records and otherwise assisting in these activities.

C. The City shall have the power to require that SCA report such information relating to SCA and/or its affiliates as the City may consider necessary for the purpose of regulating rates, when applicable. The City shall have the right, relative to rate regulation of cable service provided by SCA to establish forms for all reports, determine the time for reports and the frequency with which any reports are to be made, and require that any reports be made under oath.

D. The City shall have the right relating to cable service provided by SCA, when necessary for the purposes of regulating rates, if applicable, to require that all contracts or arrangements between SCA and any affiliated interest be in writing and that copies be filed with the City.

E. The City may, at any time, make reasonable inquiries concerned with the management and affairs of the SCA System. SCA shall respond to such inquiries on a timely basis.

F. SCA shall provide the following reports:

- (1) Quarterly reports to be furnished 90 days after end of calendar quarter:
 - (a) Gross revenues and the basis for calculation of franchise fee.
 - (b) Copies of audited financial statements of income, assets, and liabilities.
 - (c) Summary of operations certified by SCA officer: number of subscribers by class, connects and disconnects, miles of trunk and distribution, homes passed.
 - (d) Future plans: rate changes, service changes, possible introduction of new features, services, or new technology.
 - (e) Description of investment and property installed by type and account number and cost.
 - (f) Ownership report, showing partners or major stockholders or parents holding 5% or more of stock or ownership.
 - (g) Copies of petitions, applications, and non routine communications with FCC, SEC, or other state or federal regulatory agency having jurisdiction over matters affecting system or this franchise.

Section 3. Franchise Fee

A. SCA acknowledges that the streets, alleys, easements, and rights-of-way of the City to be used by SCA in the operation of this system within the boundaries of the City are valuable public properties acquired and maintained by the City at great expense to its taxpayers. The grant to SCA for the use of its streets is a valuable property right without which SCA would be required to

invest substantial capital in right-of-way costs and acquisitions, therefore, SCA shall pay the City an amount equal to three percent (3%) per annum of SCA's gross annual revenue from all sources attributable to the operations within the confines of the City. This payment shall be in addition to any other tax or payment levied or required by the City from SCA.

B. Nothing in this Article shall limit the fees, taxes, and charges required by this franchise for other permitted purposes or costs, but this fee shall include the amount of tax, fee, or assessment imposed by the City on SCA or its cable subscribers solely because of their status as such. The term "franchise fee" does not include bonds, security funds, letter of credit, insurance, indemnification, penalties, liquidated damages or other requirements which are necessary to the enforcement of this franchise. The franchise fee shall be in addition to any tax, fee, or assessment imposed on other persons as well as on cable operators or cable subscribers.

C. The franchise fee shall be payable quarterly to the City, and SCA shall file a detailed, verified statement of all gross receipts within the City during the period for which the payment is made. The payment shall be made to the City not later than ninety (90) days after the expiration of SCA's fiscal quarter. The City shall have the right to inspect SCA records and to audit and recompute any amounts determined to be owed; provided, however, that such audit shall be initiated within thirty-six (36) months following the submission of the report. Additional amount due as a result of the audit shall be paid within thirty (30) days following written notice to SCA. The notice shall include a copy of the audit report or findings of the recomputation. Costs of any independent audit or special accounting shall be charged to SCA if the audit finds the actual amount due to be higher than the amount paid.

D. The acceptance of any payment required by the City shall not be construed as an acknowledgement that the amount paid is the correct amount due, nor shall acceptance of payment be construed as a release of any claim which the City may have for additional sums due and payable. Fee payments shall be subject to audit by the City or its appointed agents, and additional assessment or refund shall be made if the payment is found to be in error. In the event that such an audit or audits result in an assessment by, and an additional payment to the City, the additional payment shall be subject to interest at the rate of eighteen percent (18%) per year from the date on which the said original payment was due and payable.

Section 4. SCA Rules and Regulations

SCA shall have the authority to promulgate such rules, regulations, terms and conditions governing the conduct of its business as shall be reasonably necessary to enable SCA to exercise its rights and perform its obligations under this franchise, and to assure uninterrupted service to each and all of its customers. Provided, however, that such rules, regulations, terms and conditions shall not be in conflict with the provisions of applicable State and Federal laws, rules and regulations. If such rules, regulations, terms, and conditions are maintained in written form, SCA shall provide copies to City.

Section 5. Compliance with State and Federal Laws

Notwithstanding any other provisions of this franchise to the contrary, SCA shall at all times comply with all laws and regulations of the state and federal government or any of its administrative agencies. Provided, however, that if any such state or federal law or regulation shall require SCA to perform any service, or shall permit SCA to perform any service, or shall prohibit SCA from performing any service in conflict with the terms of this franchise or of any laws or regulations of the City, then SCA shall notify the City of the conflict believed to exist between such regulation or law and the laws or regulations of the City or this franchise.

If the City determines that a material provision of this ordinance is affected by subsequent actions of the state or federal government, the City and SCA shall have the right to modify provisions to such extent necessary to be in compliance with all laws and to carry out the full intent and purpose of this franchise.

ARTICLE V. TRANSFER, TERMINATION AND REMOVAL.

Section 1. Transfer of Franchise

Any such franchise shall be based on the qualifications of SCA, and cannot in any event be sold, transferred, leased, assigned or disposed of, in whole or in part, either by forced or involuntary sale, merger, consolidation or otherwise without prior consent of the City Council expressed by resolution, and then only under such conditions as may be prescribed herein. The consent of the City will not be unreasonably withheld; provided, however, the proposed Assignee must show financial responsibility and must agree to comply with all provisions of this ordinance; and provided further that no such consent shall be required for a transfer in trust, mortgage, or other hypothecation as a whole, to secure an indebtedness.

Section 2. Termination

A. In addition to all other rights and powers retained by the City under this franchise or otherwise, and the City reserves the right to forfeit and terminate the franchise and all rights and privileges of SCA in the event of a substantial breach of material terms and conditions. SCA shall not be excused by mere economic hardship nor by misfeasance or malfeasance of its directors, officers or employees.

B. In the event that the City decides to initiate procedures to terminate this franchise pursuant to this Article V, the City shall make a written demand that SCA comply with any such provision, rule, order, or determination under or pursuant to this franchise. If the violation by SCA continues for a period of thirty (30) days following such written demand without written proof that the corrective action has been taken or is being actively and expeditiously pursued, the City may place the issue of termination of the franchise before the City Council. The City shall cause to be served upon SCA, at least twenty (20) days prior to the date of such City Council meeting, a written notice of intent to request such termination and the time and place of the meeting. Public notice shall be given of the meeting and issue which the City Council is to consider.

C. The City Council shall hear and consider the issue and shall hear any person interested, and shall determine in a reasonable manner whether or not any violation by SCA has occurred and whether the violation has been cured.

D. If the City Council finds that the violation by SCA has occurred and that the violation has not been cured, the City Council may, by resolution, declare that the franchise of SCA shall be forfeited and terminated. SCA retains all rights to challenge such termination in the appropriate court of law.

Section 3. Renewal

This franchise may be renewed in accordance with the terms of the Cable Communications Policy Act of 1984 as amended from time to time.

Section 4. City Right to Negotiate to Purchase System

In the event SCA forfeits or the City terminates the franchise pursuant to provisions in Section 2, Article V of this franchise, the City reserves the right to enter into negotiations for the purchase of the cable communications system, and applicable provisions of the Cable Communications Act (Section 627, Conditions of Sale) shall apply, but such right shall not be interpreted to exclude other parties from simultaneously entering into the negotiations for purchase of the cable system.

Section 5. Removal of Cable Television System

At the expiration of the term for which this franchise is granted, or any renewal, or upon its termination as provided, SCA may be required, upon notice by City to remove at its own expense all designated portions of the cable television system from all streets and public property within the City. If SCA fails to do so, City may perform the work at SCA's expense. A bond shall be furnished by SCA in an amount sufficient to cover this expense.

ARTICLE VI. EFFECT DATE

Passed and approved on the first reading this 1st day of February 1988 A.D.

Passed and approved on the second reading this 9th day of May, 1988 A.D.

(s) Troy D. Williamson
MAYOR

ATTEST: (s) Jeanne Johnson
CITY SECRETARY

APPENDIX Technical Requirements

I. Technical Standards

The system will operate and be maintained to meet the highest standards required by law.

A. Standards:

The standards required by the city for all classes of video signals shall be as follows:
(1) Electronic Specifications

Parameter	Standards
Carrier-to-Noise Ratio	42 dB +
Triple-Beat Intermodulation	52 to 55 dB (w/HRC) 50 to 53 dB (no HRC)
Video Random Signal-to-Noise Ratio (Transmission)	45 to 48 dB +
Differential Gain	20%
Differential Phase	10 degrees
Synchronizing Pulse Non-Linear Gain	+ 5 IRE Units
Chrominance-Luminance Gain Inequality	100 + 5 IRE Units
Chrominance-Luminance Delay Inequality	150 nanoseconds
Periodic Noise	Below 1KHZ: 2% Between 1 KHE and 4.2 MHZ: 40 dB down
Impulse/Impulsive Noise	7 IRE Units - equivalent to 23 dB
Video Frequency Response	Multiburst 50 (+6, 10) Colorburst 40 + 6 Units
Aural/Visual Crosstalk	50 dB
Audio Frequency Response	50 HZ to 15 KHZ + 3 dB
Audio Signal-to-Noise Ratio	50 dB
Audio Total Distortion	Not more than 2 percent

B. Tests

1. SCA shall test the system in accordance with FCC recommended procedures good industry engineering practices. Tests will be conducted at 10 locations in the system.
(a) Four at the end of the largest cascade in each of East, West, North and South directions from center.

(b) Six random locations in the City.

(2) Compliance with performance specifications shall be determined from measurements and tests applied to the worst case, e.g., the signal received by the farthest subscriber, including distribution system and largest super trunk effort.

(3) The procedure shall be overseen by an engineer who shall certify the results in a report to the City. These tests shall apply to the performance in the fourth and eighth years.

Farmers, students to get tax break

WASHINGTON (AP) — The House Ways and Means Committee is putting together a catchall tax bill that includes help for students and farmers but offsets every penny of relief with higher taxes on someone else.

In addition to farmers who buy diesel fuel and students who receive education aid from an employer, the winners in the legislation include owners of shares in mutual funds, low-income workers, first-time homebuyers and corporations with big outlays for research.

The losers: defense contractors, purchases of single-premium life insurance and corporations that own less than a 20 percent share of other corporations.

The bill would take away a considerable portion of the tax benefits associated with single-premium life insurance and other investment-oriented policies. The income from such policies, whose purchasers usually have high in-

comes, is now tax-deferred and policy loans are tax-free.

Rep. Dan Rostenkowski, D-Ill., chairman of the Ways and Means Committee, presented his proposal Tuesday to members of the panel and they immediately began considering it behind closed doors. When the committee quit for the day, it had not made any decisions, Rostenkowski said.

The grab bag of special tax provisions would be added to a bill designed to correct hundreds of errors that crept into the big 1986 law that overhauled the income tax system.

In the past, such "technical corrections" bills have been the vehicle for any number of special-interests tax relief. Fewer special provisions are likely to be accepted this year because of budget restraints and a requirement that every amendment that cuts taxes for some group be paid for by raising taxes on another group.

Rostenkowski's package, which the committee hopes to finish this week, does just that, according to estimates of the staff of the Joint Committee on Taxation. The proposal would cut taxes by \$6.230 billion from 1988 through 1991 and raise other taxes by \$6.232 billion.

Among the bill's major provisions are those to:

—Renew for three years, through 1991, an expired provision that allowed employees to avoid taxes on amounts paid by their employer (up to \$5,250 a year) to further their educations. It would not be available for post-graduate courses.

—Make permanent a one-year provision that prevents owners of mutual fund shares from being taxed on the fund's operating expenses.

—Effectively repeal, on July 1, 1988, a provision requiring farmers and other off-the-road business users of diesel fuel to pay the federal tax of 15.1 cents a

gallon and then apply for a refund.

—Extend through 1990 a credit for owners of rental property used for low-income housing.

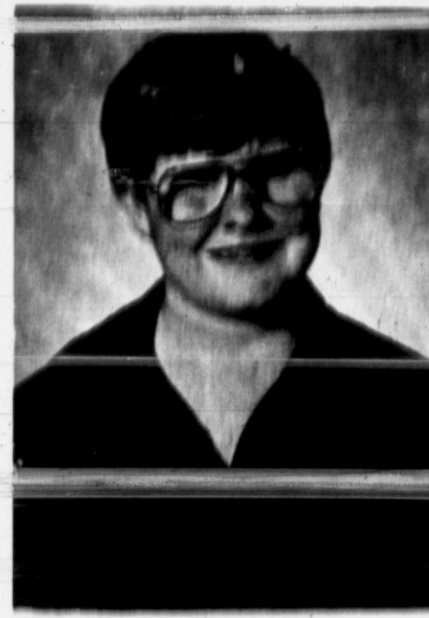

—Modify and extend through 1990 a tax exemption for mortgage bonds that are issued to make loans for first-time homebuyers.

—Renew for two years a tax credit under which the government in effect pays 40 percent of the first year's wages of poor employees.

—Extend through 1990 a 20-percent credit for increased research expenditures. A research expense deduction would be reduced to reflect the credit.

—Permit American corporations to allocate 67 percent of their domestic research expenses against U.S. source income.

KEVIN STREEBY

Locals' grandson honored at Baylor

Kevin Streeby, son of Bill and Ann Streeby of Mesquite and grandson of Virgil and Mildred Streeby of Snyder and Bill and Charlene Barnes of Midland, formerly of Snyder, took part in the Texas Recognition Ceremony held June 18 at Baylor University.

All the 7th grade students invited to the ceremony had earned scores on at least one section of the SAT or ACT equal to or greater than the scores obtained by 50 percent of the college bound high school seniors.

These 7th graders from Texas took these college entrance tests as participants in Duke University's Talent Identification Program (TIP).

Streeby was recognized for his high outstanding scores on the SAT college entrance test on the verbal section of the test. He has also been accepted in a three-week college course in July in which he will continue his studies in computer science and journalism.

This fall, Streeby will be an eighth grader in the Mesquite Schools.

Inmate fears for his life

TENNESSEE COLONY, Texas (AP) — Prison inmate David Ruiz, whose lawsuit triggered wholesale changes in the Texas prison system, is back in state custody but fears for his safety even though he's kept in isolation.

"It would be kind of difficult because they escort me everywhere I go and with handcuffs behind my back," Ruiz said Tuesday about the possibility of violence against him.

"But the first thing two or three boys (guards) will do is run. And with my hands tied up, I'm just like a sitting duck."

"It may happen. It can happen."

Ruiz, 46, filed a 30-page handwritten suit in 1972 that protested conditions in Texas prisons. Thirteen years and thousands of hours of legal battles later, the state and attorneys for inmates and a federal court agreed on a series of reforms that changed the state's prisons forever at a cost of hundreds of millions of dollars.

Prisons and guards were and continue to be added, crowding is being relieved and court-ordered regulations mandate the way the nation's third-largest prison system is run.

Ruiz, who has spent time in institutions since he was teen-ager, returned to Texas two weeks ago after three years in a federal prison in Indiana where he went because he feared for his life in Texas.

But after an attack there and because he wants to be closer to his family in Austin, he now is in administrative segregation in the new Texas Department of Corrections Michael Unit, where Warden Jack Garner insists he is treated just like any of the 475 inmates kept there in segregation. "There's 38,000 inmates in TDC," Garner said. "What warden would want him in his (general) population? He can't protect himself and I think he understands it."

Ruiz is kept in isolation because he is a member of the Mexican Mafia, a prison gang, Garner said. Ruiz denies his participation in the gang, blamed for much violence in state prisons.

"Ninety-five percent will deny," the warden said. "That's a part of the constitution of their membership."

"If a prisoner is disliked, they can use that to keep him isolated and you continue in confinement," Ruiz contended in an interview Tuesday.

"They claim a person (who) has dislike toward me or wants to make a name for himself might decide to attack me. I can see their precautions. But why not house me in a unit where there is less possibility of that occurring?"

Prison officials said Ruiz was placed in the Michael Unit because it was the most secure and because it has a large capacity for segregated inmates.

"I could be attacked by anyone," Ruiz said. "They could open the cell. I don't put anything by certain officials."

Ruiz said he also fears attacks from former building tenders — inmates who guarded and once wielded great control over other inmates. The practice was outlawed as a result of his suit.

Ruiz said of the changes he has noticed in Texas prisons, the most surprising was the use of women guards. He also said medical care had improved.

"I don't want any problems," he said. "But if my life is threatened, I will do anything necessary to eliminate that danger. That's human nature."

In 1981, Ruiz was paroled from a 1968 sentence for aggravated robbery. His parole was revoked when he was arrested for aggravated perjury, and in January 1985 he received 25 years for lying at a parole revocation hearing.

In December 1985, Ruiz was convicted of aggravated robbery and sentenced to life for his part in an Austin apartment robbery.

Ruiz believes he will have that conviction overturned on appeal. His first jail term began after a fourth stint in a state reform school. At age 17, he served eight years for robbery and assault.

"I can't blame anybody for my mistakes," he said. "A person has his own mind or will."

Ruiz said if he left prison, he would like to move to Mexico, Colombia or Spain.

Snyder realtors attend convn tion

Members of the Snyder Board of Realtors attended the annual convention of the Texas Association of Realtors in Corpus Christi June 14-18. Local realtors attending included Lenora Boydston and Dolores Jones of Jack & Jack Realtors.

Real estate professionals from around the state participated in the convention, which provided an opportunity to learn more about real estate through education programs and workshops. Members also elected officers for 1989.

Interviews for director now started in Austin

AUSTIN (AP) — Interviews with as many as 25 people may be held in the search for an executive director of the Texas Racing Commission.

Commissioners will interview the first eight applicants this weekend for the \$60,000-a-year job, said Hilary Doran, commission chairman.

The commission initially hoped to hire an executive director by July 1, but Doran said the timetable has changed.

"Now I'm really shooting, and shooting hard, for Aug. 1. I would be really disappointed if we hadn't pretty well gotten down to it by then," Doran said.

Short move by Discovery said really giant step

CAPE CANAVERAL, Fla. (AP) — Shuttle Discovery traveled just 1,000 feet in 25 minutes from one hangar to another. But it was a major step toward the first space shuttle flight since the Challenger disaster 2½ years ago.

Tuesday's move to an assembly building ended 600 days during which Discovery underwent an extensive overhaul of many of its systems in a hangar.

Hundreds of space workers applauded as a tractor towed the gleaming white and black shuttle over the short route. Today they were to begin joining the 80-ton vehicle with its external tank and two 126-foot solid fuel booster rockets.

"This is like a rebirth," said Discovery flow director John "Tip" Falone. "We're in business again and we're going to stay in business. It's got to be a tremendous boost to the workers here."

The mating of the spaceship with its tank and boosters is scheduled to take nine days. Discovery then will be transported to Launch Pad 39B to be readied for launch.

The latest launch date is Sept. 3, but National Aeronautics and Space Administration officials said it is still possible to achieve a late August liftoff.

"A lot of things have to go right to make the end of August; if not, we'll go a few days after that," Forrest S. McCartney, director of the Kennedy Space Center, said after Tuesday's move.

Since Challenger exploded on Jan. 28, 1986, killing its crew of

seven, public attention has focused on the redesign and testing of the faulty solid fuel booster rocket blamed for the accident.

But engineers also have been modifying other shuttle systems, and 210 changes have been made and tested on Discovery since it was moved into the processing hangar on Oct. 30, 1986. Many had been planned before the Challenger explosion but several resulted from studies made after the accident that pinpointed potentially troublesome safety areas.

July 4th report given

Continued From Page 1
rides and music in the park. Other chamber-related activities profiled for directors included:

—July 19, the next business breakfast scheduled at the TU Electric Reddy Room for retailers involved in clothing sales.

—Aug. 8-13, the National Finals of the ARJA Rodeo.

Directors attending the meeting included David Kaites, who presided as president, Joe Coronado, Harry Krenek, M.L. Duke, Harley Bynum, Barbara Williamson, Elizabeth Potts and Gary Landes. Absent were Donna Gray, Billy Huddleston, Bill Davies and Herbie Figueredo.

Harper accepts missionary post

Continued From Page 1

Leland J. Harper of Ironton, Mo., was Southern Baptist missionaries in Paraguay for 32 years. Harper was born in Asuncion, Paraguay.

He was a journeyman missionary in Venezuela and pastor of Red Springs Baptist Church, in Baylor County near Seymour, before coming to Snyder in November 1985.

He is a graduate of Ouachita Baptist University in Arkadelphia, Ark., and Southwestern Baptist Theological Seminary in Fort Worth.

His wife, the former Rebecca Barnett of Odessa, is a graduate of Odessa College and Baylor University, with a bachelor's degree in education.

They were among 35 people to be appointed missionaries at the Southern Baptist Convention June 15 in San Antonio.

ALL YELLED OUT — With hoarse voices, tired legs and a yen for home, Snyder High School's 1988-89 cheerleaders returned from cheerleaders' camp at Hardin-Simmons University in Abilene last week. From left are sponsor Melinda Owens, Brandi Bell, Michele Anderson, Jennifer Lancaster, Brigette Brunson, Royce Hataway, Krystle McCarter and Christy Holmes. (SDN Staff Photo)

Secretary found guilty in murder trial

AMARILLO, Texas (AP) — Tearful jurors rejected a Houston secretary's claim that she was "framed" and convicted her of capital murder for plotting the death of her boss' wife.

Jane Ada Callaway, 36, was convicted Tuesday on a charge of hiring a man to shoot Judy Saragusa, 39. The victim was the wife of Michael Saragusa, a prominent, wealthy Houston liquor distributor.

Jurors were to return to court today to begin hearing evidence on punishment for Ms. Callaway. She faces either death by injection or a life prison term, the only options available under a capital

murder conviction. Prosecutors alleged that Ms. Callaway, who had a brief affair with Saragusa, wanted Saragusa's wife killed because she envied her wealth and position.

"Jane Callaway set out to be a fancy dresser, a Rolex watch wearer, where Judy Saragusa was not that way," prosecutor Chuck Rosenthal said in closing arguments Monday. "She tried to show that she would be a type of person more fitting to Michael Saragusa and his financial status."

The verdict in State District Judge Michael McSpadden's court came Tuesday after jurors had deliberated about 17 hours. The case was moved from

Houston to Amarillo on a change of venue because of extensive pre-trial news coverage.

One of the female jurors was crying when the jury was brought out before the verdict to discuss the possibility of sending them home early enough to watch the final game of the National Basketball Association championship series. When the jurors returned with the verdict, three of the female jurors wept.

The victim's husband cried

when the verdict was read.

Anthony Saragusa, brother-in-law of the victim and co-owner of Quality Beverage in Houston, said that the capital murder conviction was the only decision honest jurors could have reached.

"It's been quite traumatic for us," he said. Defense allegations that his 52-year-old, \$200 million-a-year business is in financial trouble have hurt, Saragusa said.

Prison bidding to delay work

Continued From Page 1

with prison board members Thursday, and Fickel said he hopes to receive more direction from that session as to the next step.

"I think we're building a prison as cheap as it can be built," he said.

Actual construction of the prison was to begin around the first of July. David Ritter, a construction specialist with the Dallas firm of HCB Contractors, general contractor for the Snyder unit, said the bid studies should delay actual construction here some weeks.

"We're going to build the

prison," he said, "we'll either have to come up with more money or redesign."

The next regularly scheduled meeting of the full TDC board is July 11 in Gatesville, a session which is to coincide with groundbreaking ceremonies for the maximum security unit to be built there.

Architects for the Snyder project are the firm of Lockwood Andrews and Newnam of Houston. The program development consultants are Brown and Root and the construction management consultants for the project are HCB Contractors of Dallas.

Dr. Gott

Peter Gott, M.D.

Tracing cause of twitching

By Peter H. Gott, M.D.

DEAR DR. GOTT: My husband of almost 35 years is a competent person whose profession requires that he attend meetings a lot. When he sits, involuntary jerking occurs about 10 times a minute. People avoid sitting next to him. I've noticed that at night he jerks all the time and has heavy night sweats. He's also gone to sleep while driving. What tests would you recommend?

DEAR READER: Your husband appears to have developed tics, involuntary muscle twitching. These nuisances usually are harmless and may be related to stress and fatigue. Of course, some neurological disorders, such as multiple sclerosis, can begin as twitching. Therefore I think it's important for your husband to make an appointment with his doctor. After appropriate examination, the doctor probably will order laboratory tests to complete the investigation. Which tests the doctor orders, I'll leave to him or her — but, clearly, medical attention is appropriate under the circumstances.

I don't know where the night sweats fit into the picture. Falling asleep during driving is most commonly the result of fatigue. Perhaps, while waiting for this appointment, your husband ought to recharge his batteries by declining some meetings or taking a short vacation.

DEAR DR. GOTT: My daughter has cataracts. An alleged "healer" has recommended she take a course of vi-

tamin B2 — 250 pills of 100 milligrams each over 100 days — to dissolve the cataracts. This is phoney, isn't it?

DEAR READER: You bet it is. Cataracts cannot be dissolved by vitamins. The real danger in this situation is not the quackery of vitamin therapy; rather, the use of an ineffective treatment may delay your daughter in seeking valid and appropriate care from an ophthalmologist. Cataracts, even in young patients, usually can be treated successfully by surgery. If your daughter were to wait the three months suggested by the healer, her cataracts might progress to the point where surgery would be difficult or her vision permanently affected.

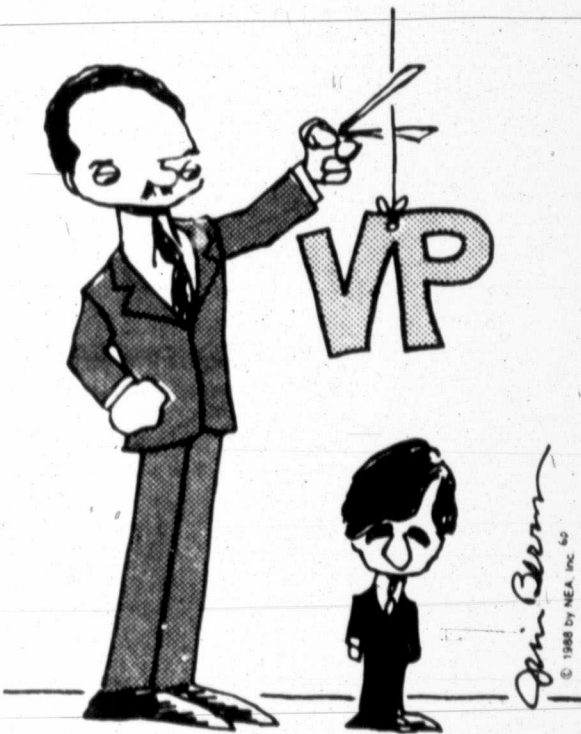

To give you more information about current health fads, I am sending you a free copy of my Health Report, "Fads I: Vitamins and Minerals." Others who would like a copy should send \$1 and their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

DEAR DR. GOTT: My husband's hair is very oily and has a terrible odor. He shampoos once a week. Could the smell be some medical condition or just poor hygiene?

DEAR READER: The odor of your husband's hair could be due to a medical condition, such as hormone imbalance or kidney failure. However, the most likely reason for your husband's problem is bacterial action on the oils of his scalp. More frequent washing should solve the problem. Your husband might be further helped by using a shampoo specially designed for oily hair.

Senate panel ups funding for projects at NASA

WASHINGTON (AP) — A Senate panel has cleared the way for an \$800 million appropriation for the space station, up from a \$200 million package approved last week that officials said was so small it would derail the project.

The Senate appropriations defense subcommittee voted Tuesday to shift \$600 million from unspent defense funds to the National Aeronautics and Space Administration budget. The money is intended for the space station, said Sen. Lloyd Bentsen, D-Texas, who helped arrange the transfer.

"The big hurdle was the subcommittee," Bentsen said. "We've crossed the big hurdle."

Another Senate appropriations subcommittee, which has jurisdiction over NASA's budget, voted last week to appropriate \$200 million to the space station. Bentsen said at the time that amount "provides only enough for the slow strangulation" of the project.

Bentsen said an \$800 million appropriation would be enough to "reach the level of support that is needed and get it moving ahead as it should ... \$800 million, that's excellent."

President Reagan had asked for a \$967 million appropriation

for the space station in the next fiscal year's budget, and officials say \$900 million is needed to keep it on schedule.

Construction of the space station could begin next year if it stays on schedule, and it is planned to be in orbit around Earth and occupied by astronauts by the end of 1996, officials say.
