By BOB CAMPBELL **SDN Staff Writer** 

Another .48 of an inch of rain Tuesday afternoon in Snyder swelled the total here since Saturday to 3.33 inches, and there is a 40 percent chance of more rain Wednesday as a massive storm system lingers over West Texas.

Snyder had almost a half-inch at the water treatment plant on Ira Ave. M, Hermleigh had .10, Ira .20 and Fluvanna .50.

ASCS executive director Joe Hefner said the Fluvanna area and other parts of the county that received less than 2 inches of rainfall now will need more rain in July to maintain its cotton crop, although the whole county will need additional rainfall by late July.

Curriculum position has cutoff date

The cutoff for applications for Snyder ISD's elementary curriculum specialist, a post which doubles as the second "appraiser" for elementary teachers here, is Thursday

The position has been vacated by the promotion of Margaret Presswood as assistant principal at Snyder Junior High.

The staffer is charged with supervising the course offerings at the elementary level as well as in-service training related to curriculum.

The appraisal role relates to classroom evaluations of teachers for career ladder selection.

As of Tuesday, some 15 applicants for the post had been received, according to Dr. Tom Scannicchio, assistant superintendent for curriculum.

The position involves 108 contract days. Current plans are to have a hiring recommendation for the school board at its regular monthly meeting slated July 14.

In solving problems of the nation's schools, educators may be spending their time on the wrong matters.

Here in Snyder, for example, school folks are knee-deep in budget matters. Expenses continue to rise while available revenues continue to decline

On top of fiscal matters, local educators have to concern themselves with state and federal regulations, changing social values and an explosion of scientific and technical knowledge.

Half-day kindergarten, bilingual education, gifted and talented curriculum, drug education, sex education, maximum class sizes, duty-free lunch periods, teacher evaluations and career ladders have engulfed the education system.

in the school cafeteria. The board reasoned that chocolate milk is too closely akin to "junk food.

Spokesmen for the 1.6 millionmember union called the civil racketeering suit "a vicious antilabor attack" and said allegations of ties to organized crime were "pure myth.

Hours after the lawsuit was filed Tuesday here, Teamsters president Jackie Presser was readmitted to a Cleveland hospital, where he was in serious condition today. Presser suffers from brain tumors.

U.S. Attorney Rudolph Giuliani stressed that "this lawsuit is not in any sense an attack on trade unionism or on the many, many Teamsters who are honest, hardworking people.

'We are not seeking overall control of the Teamsters union." Giuliani said. "This is a use of the racketeering statute in a surgical way to attempt to take back from the Mafia the Teamsters union.

The U.S. District Court lawsuit charged that Teamsters leaders made "a devil's pact" with the Mafia, insuring the elections of top officers, including Presser and his predecessor, Roy Williams

DEAR ABBY: I feel sure that you often run letters containing information you know to be incorrect just to stimulate mail. After all, responses to such items do serve to demonstrate that your column has a large readership.

For example, in today's column, some guy by the name of Dale Evan Rogers said that no female could sign her name "Esq." Perhaps neither you nor Mr. Rogers ever employed an attorney. Surely you are aware that all the attorneys in the United States, male and female, are addressed in writing as "Esq.' I cannot imagine that you did not know that.

DEAR MR. ODELL: (Any reis tion to "Digger"? You're pretty adept with "digs.")

I make enough "legitimate" mistakes without knowingly publishing incorrect statements n order to stimulate mail.

Mr. Rogers is an Englishman. In his country, "Esq." signifies rank. In the United States, it means attorney-at-law and applies to either gender.

I am a 19-year-old female who, like many other women, is sus pected to be gay because I don't wear makeup, worry about a hairdo or fashion like most women do. I like myself the way I am.

Most people think I'm a lesbian because I am not feminine. Some ask, "Do you like men?" Or, "How come you never wear makeup?"

Abby, what am I supposed to say to these people? I am not a lesbian; I am just a woman who prefers to be natural and comfortable, and I am not particularly style-conscious

sent for your booklet on wed dings because Greg, my youngest grandson, is getting married to a local girl from a very nice family and I thought maybe there would be some good information for both sides of the family. I was right. This will answer a lot of questions about wedding etiquette. I promise you it will be read by all concerned and I'm sure they will be just as pleased with it as I. I recommend it for all future brides, grooms and their families.

MOSCOW (AP) - Delegates to a nationwide Communist Party conference moved to restrict their debate after one speaker was hounded for straying from the subject at hand, the official media reported today.

The conference, the first of its kind in 47 years, is considering the broad blueprint for political reform that Mikhail S. Gorbachev presented to its opening session on Tuesday.

In a 3½-hour televised speech, Gorbachev proposed creating a powerful full-time legislature and a presidency with powers akin to many Western heads of state.

The official Tass news agency said today that Georgy Razumovsky, chairman of the conference's credentials commission, opened today's session with a report that some delegates were elected by their party organizations without popular support.

But he said established procedures were followed and the commission had certified the election of all 5,000 delegates. Tass reported.

toughest fighter of them all.

Jimmy Connors, the streetwise veteran of Wimbledon, ran out of comebacks Tuesday against a blonde-haired West German with a rocket serve and nerves of steel.

He wasn't named Boris Becker.

Patrick Kuhnen, unseeded, unheralded and unsuccessful at any previous major tournament, upset the 35-year-old American on Court No. 2 in a match that lasted 41/2 hours but spanned almost a day.

"When I had him there, I had to finish it," the West German, who won 14 of the last 15 points, said. "I played perfect tennis for the last three games.'

Connors, a two-time Wimbledon titlist whose comebacks have become a part of the tournament's lore, for once didn't make it. He said he didn't know if he'd be back to try again. "I don't know. If I'm here, I'm

Kuhnen, a 22-year-old rightbander from the same part of West Germany as Becker but so far without a single Grand Prix tournament title to his name, had little time to take in his greatest victory to date.

He was in action again today in the quarterfinals against Stefan Edberg, the No. 3 seed from Sweden. They opened the program on Court No. 1, followed by Ivan Lendl's meeting with Tim Mayotte, the last American left in the men's event.

The Centre Court Schedule began with Mats Wilander pursuing his bid for the third leg of the Grand Slam against Miloslav Mecir. Then came the eagerly awaited showdown between the men who have dominated Wimbledon for the past three years, Becker and defending champion Pat Cash.

## Late polygamist leader's son wanted for questioning

HOUSTON (AP) - Police investigating the shooting deaths of four people slain in what is believed to be part of an ongoing polygamist cult dispute say others connected with the feud also may be in danger.

An 8-year-old girl and three one-time followers of the late polygamist patriarch Ervil LeBaron were killed in three separate attacks.

The girl, her father and his brother were shot execution-style Monday afternoon at two different sites in Houston, while the third man was ambushed in the Dallas suburb of Irving.

No arrests had been made in the shootings Tuesday, but Houston Homicide Lt. Richard Holland said investigators want to talk to several people about the case.

"We would like to talk to all of the LeBaron brothers," he said, adding he knew of at least three brothers. "We are seeking a number of persons for questioning in this case, one of which is Mr. Heber LeBaron.'

Heber LeBaron is believed to be Roger Samuel Harrison, who is wanted on a warrant issued for unlawful flight to avoid prosecution on a bank robbery charge in Richardson, Texas, Holland said.

No arrests have been made, Holland said Tuesday.

Duane Chynoweth, 31, and his daughter, Jennifer, were slain about 4 p.m. Monday in a pickup truck parked outside a vacant house in Houston. Chynoweth was shot several times in the head while the girl was shot once in the face, police said.

Chynoweth apparently was delivering an appliance to the house. Police were trying to

About the same time, Chynoweth's brother, Mark, 36, was found shot to death at an appliance business a few miles away. Mark Chynoweth was Ervil LeBaron's son-in-law.

The three were shot with large caliber handguns, Holland said. In Irving, Eddie Marston, 32, one of LeBaron's stepsons, also was found shot to death shortly after 4 p.m. Monday.

"We're in contact with Irving officials and there does appear to be a strong possibility that they are connected," Houston police spokesman Al Baker said.

Police on Tuesday released a composite drawing of one of the suspects in those two shootings. The suspect had a dark beard and hair and was dressed in a suit and tie.

Houston police had also been talking with the FBI and officials in Utah, and the U.S. Border Patrol issued a bulletin to stop any black pickup truck carrying two male passengers heading toward Mexico.

Holland said others may be in danger.

"We have had prior dealings with this situation," Holland Holland said, noting that it was in March but refusing to elaborate.

LeBaron's Church of the Lamb of God split into several groups after he died in prison in 1981. Polygamist sects broke off from the Mormon Church when it outlawed multiple marriages in 1890.

A neighbor of the Chynoweth family, who did not want his name used, said Mark Chynoweth's wife, Lillian, talked to the neighbor's wife after the killings.

"Apparently, Lillian told my wife they tried to break away from a cult, and there was a death list," the man told the Houston Chronicle.

LeBaron, who is buried in a Houston cemetery, died of a heart attack while serving a sentence in Utah for the 1977 murder of rival polygamist leader Rulin Allred.

Marston and Mark Chynoweth were acquitted in Allred's slaying. Marston also was acquitted in the 1975 slaying of another polygamist leader.

Lillian Chynoweth told The Salt Oil lease she was worried LeBaron left a "Book of New Covenants," written while in prison, which his sons are using as a blueprint for vengeance.

## **Rain remains** in forecast

#### **Continued From Page 1**

forecasters warn that some of the thunderstorms may produce locally heavy rainfall over the area of West Texas east of the mountains

It will remain partly cloudy, hot and humid statewide through Thursday.

Lows tonight will be in the 60s and 70s over West Texas, the 70s in North Texas and in the 70s over most of South Texas except in the 80s along the coast.

Highs Thursday will be in the 80s and 90s over most of West Texas, ranging upward to near 105 in the Big Bend area, in the upper 90s across North Texas and in the 90s over most South Texas, ranging upward to near 100 along the Rio Grande plains.

Scattered showers and thunderstorms were reported during the night over western portions of the High Plains, but forecasters said most of the precipitation had died out or weakened by 5 a.m. Wednesday.

The showers and thunderstorms are being triggered by the combination of a tropical air mass and a trough of low pressure over West Texas. But a ridge of high pressure over the state extending northward from the Gulf of Mexico is weakening some of the system.

Early morning temperatures were mostly in the 70s, ranging from the 60s in the mountains of Southwest Texas to the lower 80s along the coast. Extremes ranged from 62 at Marfa in the Davis Mountains to 81 at Palacios.

Other early morning temperatures around the state included 68 at Amarillo, 72 at Wichita Falls, 77 at Fort Worth and Waco, 75 at Austin, 78 at Houston, 73 at Corpus Christi, 75 at Brownsville, 73 at San Angelo, 71 at Lubbock, 70 at Midland and 78 at El Paso.

### See specialist about blisters

#### By Peter H. Gott, M.D.

DEAR DR GOTT I have been getting blisters on the edges of my eyelids for years, and lately they have been getting worse. Now I'm noticing them on my 3-year-old son. What are they and what can I do about them?

pointment for you and your son with an ophthalmologist at a time when the blisters are present. This way, you may be able to discover a cause for the blisters.

DEAR DR. GOTT: In a recent column you gave some advice to a woman who wanted to pay for a friend's liver transplant, and you said that Medicare or the hospital would pick up the bill. Surely you jest! Two hospitals told us to raise \$200,000 up front before they would even consider my son for a transplant. He was already on Medicare, but our state only allows 12 days hospitalization as year. So please be a little more dealistic in your advice.

DEAR READER: Fair point I

ment. There are some governmentfunded medical plans that would pay a major part of the enormous cost of organ transplantation; on the other years hand, many state/federal agencies would not. The pattern of coverage is inconsistent.

## **Meese uses FBI** plane 40 times

WASHINGTON (AP) — Con-gressional investigators have learned that Attorney General Edwin Meese III is a frequent flier on FBI executive. aircraft, but the bureau won't say where he goes or what he does.

Rep. Glenn English, D-Okla., who is directing an inquiry into Meese's use of FBI aircraft, says the secrecy raises concern that the administration may be trying 'to keep embarrassing information from public view.

English also says that from what he's learned so far, it appears at least some of Meese's travel may have violated Presi-dent Reagan's mandate to fly on commercial airlines when it is cheaper for taxpayers.

At English's request, the General Accounting Office, the investigative wing of Congress, asked the FBI to supply flight logs showing where its aircraft had flown and who had been aboard.

The request was part of a larger review by the Englishchaired Government Operations subcommittee on government information, justice and agriculture to determine whether the VIP aircraft owned by various federal agencies could be put to better use in the war on drugs.
