

Hurricane Gilbert now aims for Texas

BROWNSVILLE, Texas (AP) — Hurricane Gilbert's leading edge lashed the coast and its 120 mph winds swirled toward landfall tonight, as officials in the Caribbean and Mexico tallied billions in damage from the giant storm blamed for at least 50 deaths.

As seas churned, the U.S. Coast Guard dispatched a 41-foot search and rescue boat to try and pull seven people from a fishing boat in Matagorda Bay. Officials said they weren't sure whether the approaching storm had crippled the fishing vessel.

Thousands of residents along Texas' 370-mile coast, many evacuated to higher ground after piling sandbags in the doorways of their homes and boarding up windows, huddled in shelters and waited for the news.

When and where would Gilbert hit?

"We are going to sit and wait and pray for the best," said Larry Brown, director of transportation for Brownsville, where officials estimated that as much as one-fourth of the city of 110,000 could end up in emergency shelters.

Port Isabel, a city of about 5,000 just east of Brownsville, had turned into a virtual ghost town by Thursday evening. Officials also evacuated the coastal resorts of South Padre Island and Galveston.

"It sounds facetious, but people can stay as long as we can fingerprint them so we can identify them later," said South Padre Mayor Bob Pinke, ton Jr.

In Corpus Christi, police were ordered to leave North Padre Island as water began flooding the causeway. The city had earlier asked everyone to leave

the island, but police Chief Robert Olson said he had heard that about 10 to 15 residents remained there last night.

"I'd have to feel that some of those people came to their senses," and left, Olson said.

Corpus Christi officials were encouraged that the storm appeared headed south, but remained wary.

"The situation looks favorable to Corpus Christi at this point. But we can't take anything for granted. We all know hurricanes are unpredictable," Mayor Betty Turner said this morning.

The storm has weakened since its destructive assault on the Caribbean, and despite forecasters' predictions, Gilbert showed little sign of strengthening early today as it headed for the Brownsville area at the southern tip of Texas.

"It has not strengthened since it left Mexico, but we still believe some strengthening is possible. It's not ever going to get back up to Category 5 strength with 175 mph winds, but it very possibly could reach 130 or 140 mph," said Jim Gross, a hurricane specialist at the National Hurricane Center.

Plus 11 percent...

Sales tax holding with better totals than 1987 figures

Snyder's sales tax return continues to run ahead of 1987 for both the month and the year-to-date figure.

For the year, the total is 11.1 percent greater than last year and for July, the latest month compiled by the state comptroller's office, the figure was 8.1 percent higher.

Both figures are aided somewhat by sales tax additions

enacted by the legislature, but these have been estimated to account for from 3 to 6 percent of any positive figures.

In actual dollars, Snyder's year-to-date total is some \$569,000 compared to \$512,000 this time last year. Exact figures are \$569,408 and \$512,117 respectively.

For the month of July, the return was \$61,607 this year com-

pared to \$56,970 for the comparable payment in 1987.

The Snyder percentage is in line with statewide figures, which are now showing a plus 12.1 percent increase average.

Across Texas, the state comptroller's office sent checks totaling \$67.8 million to 895 cities that collect local taxes of either 1 or 1 1/2 percent.

City's tax rate finalized

City councilmen Thursday night set the 1988-89 property tax rate at 31.99 cents per \$100 of valuation and approved the placement of about 2,000 feet in banners around the city square for Snyder High School's homecoming parade next Thursday afternoon.

The tax rate was increased from the current 29.22 cents, with Councilman John Johnson casting the only dissenting vote.

Johnson said during budget deliberations he opposed a tax increase, contending that the \$35,000 that the increase will produce over the next year could have been taken out of the city's undesignated funds.

He said after the 6:30 p.m. Thursday meeting that he still felt that option should have been used.

SHS parade chairman Royce Hataway appeared to ask permission for black, gold and white banners to be hung from light poles around all four sides of the square.

Hataway said the banners would be high enough to provide. See TAX RATE, Page 9

Effort to assist French family began impromptu

By DONNY BROWN
SDN Managing Editor
The effort to assist the Jack Pointeau family, notified just over a week ago that they may face deportation at the end of the month, began completely unplanned—a spur of the moment decision to "do something."

The immediate result was an impromptu trip to Stamford last Saturday, where the group took Jack to meet U.S. Rep. Charles Stenholm.

Stenholm, who is one of several elected officials now being contacted about the Pointeau

family's plight, was holding his 10th annual Funday in his home community.

Making that trip were local insurance salesman Gilbert Merritt; Art Feinsod, owner of the Purple Sage Motel, and Jack Greene Sr., owner of Jack's Roadboring.

"Jack just happened by and told me about what was going to happen to him," said Merritt. "I remembered Charlie (Stenholm) was in the country, so we just headed out."

"It may have been the first time in my life I was in the right place at the right time," he added.

Also making that trip were Feinsod and Greene, who have been members and friends with Pointeau in the local Snyder Wheels car club.

The Pointeaus were notified Sept. 15 that their investors visa to stay in the U.S. was not going to be renewed. A Sept. 30 deadline was given for them to leave the country.

They have operated the Travelodge Motel here since 1983.

"When I found out about the news, I was shocked and

dismayed," noted Feinsod.

"These people are such achievers. When they first came here, Jack could hardly speak English. He's come a 100 miles since then."

Greene echoed these comments. "They are a good hard-working family. And all their achievements. I feel like they've worked hard and they deserve to stay in the U.S."

The "fairness" of notifying the family that they had, in effect, approximately three weeks to leave the country was also mentioned repeatedly.

Bale count blocks road

Two 18-wheel tractor-trailer rigs collided about 1:30 p.m. Thursday on U.S. 84 at Inadale, causing minor injuries to one of the drivers and partially blocking the highway with scattered bales of cotton.

The report of the wreck was still being prepared Friday morning by the Department of Public Safety, but an officer who assisted at the wreck scene said both trucks were eastbound when the accident happened.

He said an oilfield truck, in the lead, was turning right onto a county road and the other truck, hauling 90 bales of cotton, collided with the rear of the oilfield truck.

The feller on Deep Creek says, "You can tell if it's a major appliance by how much it costs to repair it."

Keeping tabs on our neighbors:

Kim Pease, in the Rotan Advance, noted that water—or the lack of it—dominated the summer news.

He noticed that the average American uses 110 gallons of water a day while folks in San Francisco use only 75 gallons. "That means more people in San Francisco need to shower."

A dripping faucet uses 25 to 30 gallons a day, and the average toilet flush uses 5 to 7 gallons. A 10-minute shower uses 25 to 50 gallons, and an average bath uses 36 gallons.

Hand washing dishes with the water running uses about 30 gallons, and an automatic dishwasher uses about 10 gallons. Washing the car uses 180 gallons while shaving with the water

running uses 20 gallons. Teeth brushing takes about 2 gallons.

Speaking of water, James Roberts in the Andrews County News, says the Japanese have done it again.

"The Wall Street Journal reported that the Japanese have moved high technology into the bathroom. A Japanese firm is now selling a 'paperless' toilet that sprays warm water like a bidet, except it comes from several directions, blows warm air to dry, and even sprays a scent."

"The machine keeps the seat warm in winter and automatically washes the toilet bowl." Over 3.3 million paperless toilets have been sold in the last eight years at a cost under \$1,000.

"And the machines are headed toward the market in the United States. It's gonna' be a race to see if this country runs out of water or paper first."

Festival set locally

This weekend will mark the annual Diez y Seis festival sponsored by Our Lady of Guadalupe Catholic Church.

The festival will include such attractions as the queen coronation, downtown parade, folkloric dancers, mariachi music and outdoor food and game booths.

Saturday at 6 p.m., the queen for this year's festival, Yvette Ramos, will be crowned at the Our Lady of Guadalupe Center. She is the 14-year-old daughter of Mr. and Mrs. Henry Ramos and a freshman at Snyder High School.

The coronation will be followed by folkloric dancing and music.

Also Saturday, a dance will be held with entertainment provided. See LOCAL FESTIVAL, Page 9

Q — Did Festus (Ken Curtis) ever sing with the Sons of the Pioneers?

A — Yes. There is a long list of singers who have been members of the group since it was originated in the 1930s by Roy Rogers, Bob Nolan and Tim Spencer. Besides these three and Curtis, we count 10 others.

In Brief

Case rested

SHERMAN, Texas (AP) — Defense attorneys in the federal drug trafficking trial of suspended Orange County Sheriff James Wade have rested their case after a deputy testified that Wade wanted to do a good job fighting narcotics.

"Sheriff Wade had a great zeal for fighting drugs," said Orange County Sheriff's Deputy Weldon Peveto, the only witness to testify Thursday.

Wade was indicted by a federal grand jury on charges of trafficking illegal drugs.

Bentsen helps

DALLAS (AP) — Democratic vice presidential candidate Lloyd Bentsen, here to announce a business group supporting the ticket, said Thursday he was working with Gov. Clements on preparing for Hurricane Gilbert.

Bentsen told reporters he spoke with Clements on the phone Thursday morning, but he said the specifics of federal aid, such as temporary housing and emergency loans, could not be determined before the storm struck.

Arrest likely

SALT LAKE CITY (AP) — The FBI is investigating at least one person in the apparent sabotage of O-rings used on space shuttle rocket motors and an arrest or indictment is imminent, an agent said Thursday.

Engines test okay from Delta crash

WASHINGTON (AP) — Federal investigators say the engines from the Delta Air Lines jetliner that crashed last month in Texas show no evidence of mechanical failure — a finding that is focusing more attention on possible pilot error.

The National Transportation Safety Board said Thursday the evidence shows "that all engines (on the plane) were running as commanded and capable of producing full power at the time of impact."

Early speculation after the

Aug. 31 crash at Dallas-Fort Worth International Airport, in which 14 of 108 people aboard Delta Flight 1141 died, was possible engine failure because witnesses reported fire coming from an engine.

The cockpit voice recorder tape also included a reference by a crew member to "engine failure" seconds before the crash.

But the NTSB said that after the three Pratt & Whitney JT8D engines were disassembled at the manufacturer's facilities in Con-

necticut "there was no evidence of pre-impact failure" in any of the engines.

The findings also seemed to rule out the possibility that an object or bird was sucked into an engine since that would have caused damage or been determined when the engines were disassembled.

While the safety board is continuing to examine the possibility that there was a compressor stall because of improper air flow through an engine, investigators believe that would have to have been caused by some other irregularity.

Proper air flow can be disrupted through an engine if a plane is in an unusual angle that restricts the flow of air across the wings or fuselage, according to aviation experts.

Investigators have said the cockpit voice recorder tape includes at least five noises that could be engine compressor stalls, but all of them occur after the plane already was having serious problems remaining aloft.

The engine findings, according to one source close to the in-

vestigation, have caused investigators to focus more closely on the possibility that an error by the pilots — such as improperly configuring the aircraft for takeoff — was the cause of the crash.

Investigators, for example, have been puzzled by conflicting evidence as to the setting of the plane's wing flaps. According to the recording of cockpit conversation, the co-pilot acknowledged during the preflight checklist that the flaps had been set at the proper 15 degree extension.

But investigators found that the flaps, which help provide more lift for takeoff, were almost completely retracted and that the flaps lever in the cockpit was in the retracted position. Further tests may show whether the crash impact might have contributed to the positioning of both the flaps and the lever or whether a mechanical failure caused the flaps not to slide into proper position.

Meanwhile, the cockpit crew members, all three of whom survived the crash, have yet to provide information that might shed light on the cause of the accident.

Your Birthday

Sept. 17, 1988

In the year ahead you may not get an immediate handle on your most promising objective. However, don't despair, because your goal will arrive through trial and error.

VIRGO (Aug. 23-Sept. 22) Be on guard today if you get involved in a competitive development. The person or persons you go up against might be holding more trump cards than you. Know where to look for romance and you'll find it. The Astro-Graph Matchmaker instantly reveals which signs are romantically perfect for you. Mail \$2 to Astro-Graph, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428.

LIBRA (Sept. 23-Oct. 23) Comments you make to others today will be quoted later. Be certain that you have all the facts at your disposal before passing on information.

SCORPIO (Oct. 24-Nov. 22) This is not

a particularly good day to go on a shopping excursion, because you may be tempted to spend funds earmarked for essentials.

SAGITTARIUS (Nov. 23-Dec. 21) Your second thoughts could reveal some errors you make in judgment today. If you happen to get off on a wrong track, rectify matters promptly.

CAPRICORN (Dec. 22-Jan. 19) You're not apt to be too motivated today to do things for others unless you see something in it for yourself. This will not go unnoticed by your contemporaries.

AQUARIUS (Jan. 20-Feb. 18) It's best to avoid groups or cliques today that contain members with whom you do not feel comfortable. Stick to pals who know and like you.

PISCES (Feb. 20-March 20) Do not feel a need to comply today if you're dealing with a manipulator who is trying to extract a promise from you. If you don't like the proposal, say "no," and mean it.

ARIES (March 21-April 19) A friend may ask you for a critique today, but what really is wanted is your endorsement. Try to keep this in mind when you make your response.

TAURUS (April 20-May 20) Strive to be prudent in the management of your resources today. It's not a good policy to spend funds that are not yet credited to your bank account.

GEMINI (May 21-June 20) There's a possibility today that you may optimistically read more into what others say than they intend. This could cause you to count on something that may not be forthcoming.

CANCER (June 21-July 22) Keep close tabs on anyone who performs work or service for you today. They could either do it incorrectly or charge you more than they should.

LEO (July 23-Aug. 22) Certain responsibilities that should be attended to early might be left until the last minute today. You could have difficulties squeezing them in under the wire.

Net income continues its healthy gain

BIG SPRING—Net income of the Colorado River Municipal Water District continued to show a healthy gain on the strength of slightly higher income and substantially less expense than projected through August.

Revenues of \$8,605,546 were \$87,873 or 2.23 percent over budget projections for the first eight months, while operating expenses of \$4,129,557 were \$575,123 or 8.57 percent less than predicted. The \$575,123 bulge in net income was 14.38 percent over forecasts. A substantial part of the difference was in the use of \$148,010 less electric energy required for pumping, mostly due to a greater percentage of more proximate Lake Thomas water.

For the first time in years, delivery of Lake Thomas water exceeded that of Lake Spence in August. For the month 53.63 percent of lake water was from Thomas, when ordinarily it is about one-third.

Most of the revenues, or \$8,401,122, came from water sales. This was based on sale of 1,436,827,825 gallons, of which 88.06 percent was in potable sources, the remainder non-potable water diverted to upgrade quality and marketed for oilfield secondary recovery. At the end of August the two lakes combined for 280,757 ac. ft. or 40.59 percent of capacity. Inflow for eight months amounted to 20,008 ac. ft. and withdrawals 27,894 ac. ft.

Four killed in '63 are memorialized

BIRMINGHAM, Ala. (AP) — Twenty-five years ago, a Sunday school lesson about forgiveness ended with the blast of a bomb planted by a Ku Klux Klansman, and four black girls lay dead. Since then, Birmingham has learned much about forgiveness.

The bombing at the 16th Street Baptist Church sparked outrage that helped fuel the 1960s civil rights movement, which eventually eased the bitter racial divisions in this city, speakers noted at a memorial service on the anniversary Thursday night.

"There has been a turnabout in human relations in this city, which now has an improved image," the Rev. John H. Cross told a racially mixed congregation of 1,400 people gathered to remember Cynthia Wesley, Addie Mae Collins and Carol Robertson, all 14, and Denise McNair, 11.

"Twenty-five years ago the only blacks at City Hall were elevator operators and janitors. Now we have Richard Arrington as mayor," Cross said.

Cross was the church's pastor on Sept. 15, 1963, when the bomb, planted beneath basement steps, exploded after a Sunday school lesson on the theme of a love that forgives. The girls were killed as they were preparing to take part in a youth day program. Twenty-two other people were injured.

In a service that featured freedom songs of the civil rights movement, Arrington, who is in his third four-year term, said "the torch that we raise tonight is

DEAR READER: See a dermatologist. Eczema can be caused by allergies, many medicines and nervous tension. For example, soaps and detergents are common culprits. A skin specialist should be able to discover the reason you suddenly developed this condition — and prescribe treatment.

Crackdown helps poultry producers

WASHINGTON (AP) — The tiny island nation of Singapore has turned into a prime market for American poultry, particularly cut up parts of chickens, an Agriculture Department trade analyst says.

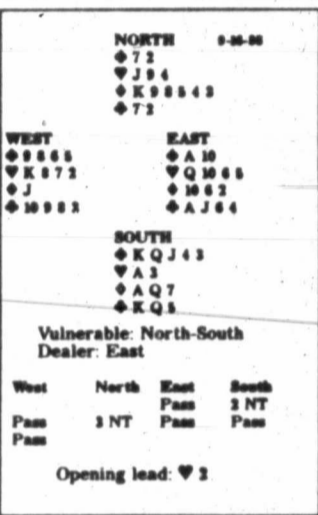

Peter Kurz of the department's Foreign Agricultural Service, until recently the agency's trade officer in Singapore, said the country's decision to eliminate pig farms is behind the poultry boom.

"In a drive for a cleaner environment, Singapore has increased the tempo in eliminating all pig farms," Kurz said. "Since many Singapore pig farms also have poultry operations, the number of poultry farms also has declined sharply."

James Jacoby

Here's another deal from last June's trials to determine the U.S. team for the world championship to be played next month in Venice. When South opened two no-trump, North raised to three. If the diamonds didn't come home, it would probably be a bad result, but North could not risk bidding game in diamonds with his ragged suit and no outside tricks. In fact, three no-trump was risky even when the diamonds did come in, since declarer had to develop game-going tricks. If he could force out the spade ace in time, game would be easy.

At one table, West selected the apparently safe lead of the 10 of clubs. That did not figure to give away a trick. Unfortunately for West, declarer now had time to make the contract with either two club tricks or some spade tricks to go with the diamonds and the heart ace. Sitting West for our team at the other table was Bob Hamman, who took a more aggressive course. He led the two of hearts. That established the defenders' heart suit before either black ace could be forced out, and resulted in setting the contract.

Is there a guideline to tell you when to lead passively and when to be aggressive? When you're playing the total-points or team game, overtricks aren't crucial, but beating the hand is. Therefore, you might as well lead from your best suit. That way, if you catch partner with the right stuff, you may be able to beat the hand. So lead aggressively and hope to be right.

WASHINGTON (AP) — Texas Tech University President Lauro Cavazos is now just one vote away from becoming the nation's top educator, and Sen. Phil Gramm says he expects a unanimous confirmation by the Senate.

"I would be very surprised if anybody voted against Larry," Gramm said Thursday after the Senate Labor and Human Resources Committee recommended unanimously that Cavazos be confirmed as the next education secretary.

SHRINE CIRCUS—The Scurry and Mitchell County Shrine Circus will have shows at 2 p.m. and 7 p.m. Sunday at the Scurry County Coliseum. Adult tickets are \$5.50 and youth (12-18) is \$4.50. Children under 12 will be admitted free when accompanied by an adult. raised by two hands — one black and one white."

Cross told the audience that he has never preached the sermon he prepared for the morning of the bombing, and doesn't intend to.

He said he had planned to tell young people at the church to "anchor their lives to the solid Rock — Jesus Christ — the same yesterday, today and forever."

A plaque in the church contains pictures of the four girls with the inscription: "May men learn to replace bitterness and violence with love and understanding."

All lower-level windows of the church now are covered with steel mesh, a sharp contrast to 1963, when glass shards from the windows covered virtually every square foot on the side of the building where the bomb exploded.

Prior to the memorial service, black and white church congregations served food to people gathered in Kelly Ingram Park, a rallying spot for civil rights marches led by the Rev. Martin Luther King Jr. in the early 1960s.

All visible racial barriers are gone in Birmingham, which has six blacks and three whites on its City Council.

The current pastor of the church, the Rev. James E. Young, said Birmingham "has provided spiritual and moral leadership to the world for the past quarter century."

A retired automobile mechanic and Ku Klux Klansman, Robert Edward Chambliss, was convicted in 1977 of murdering Miss McNair. He died in prison after eight years.

Advisory Council meeting is told

Activities of the Senior Center during August were reviewed by members of the center's Advisory Council at their meeting Wednesday.

New officers are to be elected at the October meeting. Ruth West, Gerri Parker and Anthen Wade were named to the nominating committee.

Jerry Baird, center director, asked the council to consider authorizing construction of a vehicle shed on the east side of the center. This would protect the vehicles and provide shelter for persons entering and leaving the vans parked there. Baird was asked to check into the cost of the construction and discuss the matter further at the next meeting.

Coming events in the center include a turkey dinner sponsored by the Golden K Kiwanis Club on Oct. 23, the annual Halloween party, a special Thanksgiving dinner and the Christmas banquet in December.

1. You didn't, because it hasn't happened yet!
2. The Bible states the coming of Jesus Christ will be unannounced, yet many professing Christians fell for the predictions of a false prophet.
3. They were led astray because they obviously were not familiar with Bible facts concerning the coming of Christ.
4. "Beloved, do not believe every spirit but test the spirits, whether they are of God, because many false prophets have gone out into the world." I John 4:1
5. There will be many more false prophets which will appear and deceive many.

"Then if anyone says to you, 'Look, here is the Christ, or there!' Do not believe it, for false Christs, and false prophets will arise, and show great signs and wonders, so as to deceive, if possible the very elect." Matt. 24: 23-24

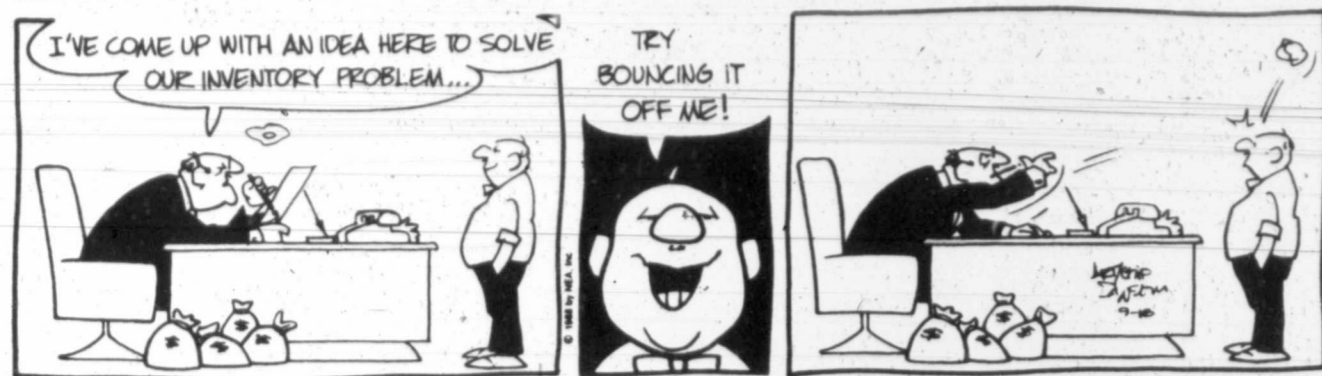

6. We invite you to attend the services at Victory Baptist Church and anchor your family in sound Bible doctrine so they will not be led astray by the false prophets that are flooding the world with their false doctrines.

LAFF-A-DAY

DENNIS THE MENACE

Begins Saturday morning...

Western hosts WJCAC golf

Western Junior College Athletic Conference golf gets underway Saturday morning at Western Texas College Golf Course here.

The tournament marks the first WJCAC tournament of the 1988-89 season.

Schools entered include defending conference champion New Mexico Junior College, Odessa, Midland, New Mexico Military Institute and Western Texas. NMJC placed third in last year's NJCAA National Tournament. Odessa was fifth and Midland 13th.

Playing for Western will be Darrell Cofer, Gary Schoen, Mark Burgen, David Turrentine, Jeff Baker and Lance Jones.

The 27-hole event will get an 8:30 a.m. start and the course will be closed to the playing public during the event. Spectators are welcome.

"It's going to be an important tournament, especially as far as conference is concerned because it is on our own course. I think we could expect to do well on our course because we play it all the time," said Coach Dave Foster. "As far as the season, I don't think any team will dominate. I think everytime we play (a conference tournament) there will be a different winner. It will just be a matter of who makes the fewest mistakes."

The teams were to take practice rounds this afternoon.

Ladies host Ft. Stockton

Fort Stockton, boasting a 2-0 district record, invades Snyder High School Gym here Saturday for a District 4-4A confrontation with the Lady Tigers.

The volleyball match is set for a 3 p.m. start. Junior varsity squads play at 2 p.m. Tickets are \$2 for adults and \$1 for students.

Snyder goes into the contest at 10-8 for the season and 0-2 in district play. The Lady Tigers lost to defending state champion Pecos and to Sweetwater.

In other District 4-4A action Saturday, San Angelo Lake View travels to Pecos, Andrews is at Big Spring and Sweetwater plays in Monahans.

Jr. High girls in tourney

BIG SPRING -- Three Tiger junior high volleyball teams are entered in the Big Spring Tournament here Saturday.

Snyder's seventh grade Gold team plays Runnels A-team at 9 a.m. In other matches, the Tiger eighth grade Gold team plays Goliad at 10 a.m. and the eighth grade Black team plays Colorado City at 11 a.m.

The tournament will be held at Runnels Junior High.

Netters vie in Andrews

ANDREWS -- Coach Charlie Chrane's varsity netters take on Andrews here Saturday in District 4-4A team tennis play.

Action is scheduled to get underway about 11 a.m.

Among those working for positions on the six-boy, six-girl team are Mark Brewer, Jayson Moormon; Kevin McMillan, Bill Vestal, Michael Rodriguez, Brandon Martin, Kevin Winter, Marcus Best, Alfred Brice, Rachel Wilson, Jennifer Harden, Teri Laudermilk, Kim White, Lori McFarland and Gayle Henderson.

SHS Tigers are idle, but...

4-4A gridgers battle tonight

Sweetwater's Mustangs enter the weekend as the No. 1 team in Class 4A football and tonight's opponent isn't expected to change that at all.

Stephenville, 0-2 and coming off of a 48-0 loss to Springtown, will host play host to the Mustangs who have already beaten Merkel and Abilene High with ease.

In other 4-4A games this evening, Monahans is at El Paso to play Hanks, San Angelo Lake View visits Vernon, Fort Stockton is at Kermit, Big Spring

Big Spring hopes to find its first victory after falling to always-tough Lubbock Estacado last weekend, 30-18. The Steers were open the first week of the season and are 0-1 now.

Andrews is also trying to regroup after taking a 35-0 beating from Class 5A Midland High. The Mustangs, 1-1, step down in class to play Lamesa, a former district rival who dropped to Class 3A this year.

Fort Stockton is also 1-1 after a narrow, 14-7 loss to El Paso Socorro, but expects a win at Kermit.

Snyder, 0-2, takes the weekend off to prepare for 3A stalwart Littlefield on Sept. 23. It will be the Tigers' homecoming.

Pecos, which along with Sweetwater, Monahans and Lake View

Freshmen spank Lake View in runaway ballgame, 50-0

SAN ANGELO -- Snyder freshmen gridgers ran over San Angelo Lake View here Thursday night - literally.

With three backs running for over 100 yards each, the frosh rolled to a 50-0 victory over the Chiefs. It was the second straight shutout for the young Tigers, who have outscored their opponents 110 to 12 in three games this season.

Snyder's dominance over Lake View was complete, allowing the Chiefs just 60 yards in offense and three first downs. The Tigers also forced four turnovers.

Offensively, the club cranked out 439 yards - 407 on the ground and had 17 first downs.

"We scored everytime we had the ball except for twice and one of those times we had the ball and the clock ran out," said Coach Larry Scott. "We improved greatly over what we did last week," he added, referring not to the score - Snyder beat Post 30-0 last week - but to execution. "Our execution was much better and we didn't have any turnovers. We think we still have a lot of room to improve and we're still working to improve but overall we had a real good game both on offense and defense."

The Tigers got on the scoreboard with 6:40 left in the first quarter when Daniel Espinosa tallied on a 24-yard run. Michael Torres ran the conversion for an 8-0 lead.

With 4:21 left, Snyder scored again. This time Brian Crawford bulled over from a yard out. The conversion was no good.

Snyder recovered a Lake View fumble on the ensuing kickoff and scored again with 4:05 still left in the quarter. Mark King did the honors on a 36-yard scamper and Espinosa ran the conversion for a 22-0 lead.

The Tigers had two second-quarter scores. Torres ran one in from 2 yards out and Crawford found Hayward Clay on a 10-yard pass for the other. Torres ran one PAT, giving Snyder a 36-0 halftime advantage.

Leddy Lewis scored both second-half touchdowns for the Tigers, running in from 7 and 6 yards out. Torres carried one conversion in.

King led all rushers with 125 yards on 9 carries. Espinosa had 105 on 10 and Torres had 103 on 15. Others included Lewis, 7 for 47 yards, and Locadio Luera, 6 for 27 steps. Crawford hit three of three passes for 32 yards. Clay caught two of those for 21 yards. King nabbed the other, for 11 yards.

Torres, Will Clay and Heath Hodges all recovered fumbles. Torres picked off an errant Lake View pass.

Next week's schedule calls for the Tigers to split into two groups. A B-team unit will host Rotan at 4:30 p.m. while an A-team entertains Hamlin at 6 p.m. Those games are set for Thursday, Sept. 22.

Ashford will carry flag in ceremonies

SEOUL, South Korea (AP) - Sprinter Evelyn Ashford, the 1984 Olympic gold medalist in the women's 100 meters, was selected Thursday to carry the United States flag into the opening ceremonies of the 1988

Games.

Ashford, a three-time Olympian from Walnut, Calif., was chosen by a vote of the captains of the U.S. teams.

Ashford, 31, won the women's 100 meters at the Los Angeles Games in 10.76 seconds, which broke her own world mark in the event. In her first Olympics in 1976, she finished fifth in the same event.

7th graders open season

Snyder seventh graders split wins with Breckenridge in their first football games of the season Thursday.

The local B-team lost to the Buckaroos 6-0. The A-squad posted a 14-12 victory.

Both A-team touchdowns were run in by Eric Brazier. Jim Pat Griffin tallied the squad's one conversion.

Coach Mike Montgomery noted, "We were pleased with the effort. We are looking for more improvement as the season progresses."

The local A-team will play in Hamlin at 4:30 p.m. next Thursday, Sept. 22. The B-team will host Anson at 5 p.m. on that date.

In the 1988 Games, Ashford again will race in the 100 meters, as well as running a leg on the 4x100 relay.

By Friday, 9,627 athletes had checked into the Olympic Village, smashing the old record of 7,894 in Munich 16 years ago.

Eighth graders open season with victories

Snyder eighth grade football teams opened the 1988 season with a pair of victories over Breckenridge here Thursday evening.

The B-team marched to a 28-8 win while the A-team won 30-12.

"We got to play everybody and play them a lot," beamed a happy coach Roger Goodwin. "It was good experience for the kids."

The B-team tallied in the first quarter when Gilbert Orosco broke free on a 20-yard TD run. Later in the quarter, Chad Walker fell on a loose football in the end zone for another Cat touchdown. Gabriel Rodriguez ran in the conversion for a 14-0 lead.

Snyder tallied again in the second quarter on a 23-yard run by Johnny Joe Perez. Bobby Griffin ran over the PAT.

Breckenridge scored just before halftime to trail 22-8. Snyder then wrapped up the scoring in the fourth quarter on a 15-yard run by Randy Fisk.

"We were extremely pleased with the performance of the B-team because all the kids performed as they had been taught

in practice. We had great desire and good intensity for that level of play," noted the coaches.

Snyder A-team ran up a 22-0 advantage with a solid first-half effort. Brian Luna scored the first two touchdowns on runs of 3 and 5 yards. Wayland Harrison converted on the second TD for a 14-0 lead.

Santos Gutierrez crossed over the goal from 8 yards out in the second quarter. Harrison again ran over the PAT.

Breckenridge scored twice in the second half to pull within 10 points, 22-12. Snyder finished off the scoring on the final play of the game as Gutierrez found Jason McCabe on a 15-yard toss. Luna took over the conversion.

"The kids played an excellent first half," said Goodwin. "Our intensity dropped off a little bit in the second half. This group of kids will turn out to be a good football team after more coaching and discipline."

Next Thursday, Sept. 22, the A-team will play in Hamlin at 5:30 p.m. and the B-team will host Anson at 6:30 p.m.

Dear Abby

By Abigail Van Buren
© 1988 by Universal Press Syndicate

DEAR ABBY: I have had it up to my eyeballs with phrases like "working mom" and "supermom." Just because I don't have a job outside my home does not mean that I am illiterate, lazy or brain-dead.

So many people say, "So you're just a housewife?" or ask, "What do you do all day?" Some assume that

I have herpes. Do you think if I told him, he would leave me alone? He is very persistent.

I love this house and don't want to move. I haven't told my husband about this because I don't want to start an uproar.

What do you advise?
NO NAMES IN FLORIDA

who demands that I stay home. Abby, my husband and I made this choice together. I stay home raising my children because we believe it is best for our family.

I am also bored with this "quality time is better than quantity time" baloney. By the time supermom gets her super self home from her job downtown, prepares a super dinner, then gives the kids a super bath and has them in bed by 8 or 9 p.m., how much time does she have to read to them, sing songs, bake cookies, go for walks or build a snowman?

Who saw her child's first steps? Noticed his first tooth, or heard his first words? She, or a day-care worker?

I would never assume that all children growing up with two "working" parents are destined to be losers, so I respectfully ask that you supermoms keep your opinions about us who are somewhat less than super to yourselves.

GOT IT TOGETHER IN IOWA

DEAR GOT IT: You surely must be aware that many moms have jobs outside their homes because they can't make ends meet with one paycheck. Others are single parents.

After this runs, some of those supermoms may sit down and write some rebuttals. And if they do, I'll print some of the super ones.

DEAR ABBY: My husband and I bought a lovely home in a very nice neighborhood a year ago. We have three children, ages 6, 4 and 2 years old. I am 29 and my husband is 30 — quite young to have so much going for us.

So why am I writing? Our next-door neighbor has propositioned me to have sex with him. The fact that I am married with three children doesn't seem to bother him. He says married women are safe sex partners (safe from AIDS, etc).

neighbor that his proposition is grossly insulting, and if he mentions it again, you will tell your husband. And never mind disclosing your medical history. It's none of his business.

DEAR ABBY: I just read your reply to a letter from a 14-year-old girl whose mother wouldn't let her wear a strapless, wraparound, Hawaiian-style dress because she thought it was too revealing.

Abby, I didn't object to your saying that the mother's judgment was probably better than hers. However, I did object to your calling the girl "Honey."

I realize that "Honey" is merely a term of affection, but I find it extremely offensive. Teen-agers' problems are every bit as important as the problems of older people, so please don't belittle teen-agers who seek your advice by calling them "Honey."

I request that you print this and ask for the opinions of other readers. Many teen-agers read your column and I am sure most of them share my opinion.

IRRITATED IN FORT COLLINS, COLO.

DEAR IRRITATED: Here's your letter. I welcome the opinions of my teen-age readers. Write to: Dear Abby, P.O. Box 69440, Los Angeles, Calif. 90069.

"How to Write Letters for All Occasions" provides sample letters of congratulations, thank-yous, condolences, resumes and business letters — even how to write a love letter! It includes how to properly address clergymen, government officials, dignitaries, widows and others. From anti-drug bill...

Handgun legislation dropped

WASHINGTON (AP) — Ignoring a lawmaker's plea to "show how tough we are" by opposing the firearms lobby, the House has likely killed for this year an attempt to force Americans to wait a week before buying a handgun.

By a 228-182 bipartisan vote Thursday, the House eliminated from an anti-drug bill a seven-day waiting period along with an optional police background check of the purchaser.

The vote substituted a plan — to be devised by the Justice Department — that would allow gun dealers to quickly identify convicted felons seeking to buy pistols. Sponsor Bill McCollum, R-Fla., said the amendment was his own idea and the major pro-gun group, the National Rifle Association, came to him with its support.

The waiting period language was named symbolically after presidential press secretary James Brady, who was shot

along with President Reagan in the March 30, 1981, assassination attempt against the president by John W. Hinckley Jr.

Brady's wife, Sarah, vice chair of Handgun Control Inc., called the vote "disappointing and discouraging."

The NRA's chief political operative, Wayne LaPierre, predicted that any attempt to resurrect the waiting period in the Senate this year would fail because sentiment there was "even stronger" against the waiting period.

To change the House result, 24 members would have to reverse course — a seemingly insurmountable number for such a politically sensitive issue.

The three-million-member NRA, which once faced little opposition in its lobbying against gun control, was up against a formidable foe this time: a coalition of gun control groups and law enforcement organizations that

was better organized than ever before.

Supporters of the waiting period believed they had a better chance of winning their legislation by making it part of a popular anti-drug bill near election time.

But they guessed wrong, and the coalition's predictions of a razor-close vote proved inaccurate. NRA supporters were able to muster backing from 101 Democrats and 127 Republicans. Opposing were 137 Democrats and 45 Republicans.

Employee fired

ODESSA, Texas (AP) — Citing potential legal problems, Medical Center Hospital board members have fired the last two administrators connected with the hospital's former management corporation.

The hospital's Board of Managers, during a meeting Wednesday night, ordered the dismissals of the only remaining Hospital Corporation of America employees, Interim Administrator Judi Guthrie and financial consultant Jeff Stinert.

Board member David Meisell said Ms. Guthrie and Stinert were asked to leave because of the possibility of a lawsuit by HCA against the hospital.

"We need to be real careful about all matters dealing with HCA," Meisell said. "Really, the essence of what is going on here is quality medical care. We want to give the best quality medical care, and we need people to lead and manage the problems."

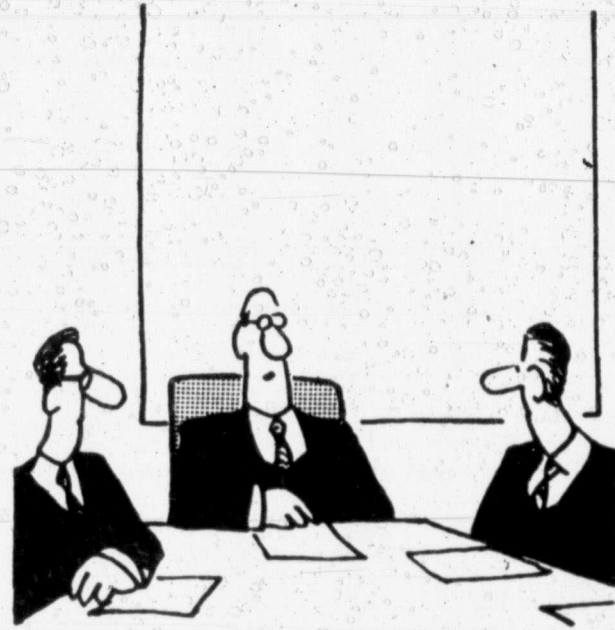

A 376-bed facility owned by Ector County, Medical Center was administered by HCA until Aug. 8, when county commissioners and the hospital board terminated the company's contract. At that time, the hospital's two

top administrators, HCA's Sam Glenney and chief financial consultant Russ Kyler, learned their jobs were in jeopardy.

The management firm claimed the contract, up for renewal Oct. 1, was wrongly terminated. HCA regional Vice President Dick Coughlin told the hospital board the contract called for a 60-day written termination before the beginning of the next fiscal year or it automatically would be renewed for two years.

Ms. Guthrie had been at Medical Center Hospital since June and took over as interim administrator after Glenney resigned. Kyler was later transferred to North Carolina.
