Future Home Makers Have Sale

The Future Home Makers held a bake sale in the Theis building last Saturday.

The windows were attractively arranged with furniture from Perry Bros., Jones, Cox & Co., and McCollum & Couch. One window was arranged as a living room, while the other was a modern breakfast nook. Flowers furnished by the Conner's Nursery decorated the tables and windows.

Lunches, cakes, pies and candy were sold to the public all afternoon, and the proceeds amounted to a substantial sum. The girls were working to finance the trip of their delegates to the State Home Makers Rally.

The club wishes to express publicly its appreciation to Mr. Robinson for the building, to those mentioned above for their aid, and to all of its customers.

Stamford Students Give Program Here

Returning the program the Haskell High School Choral Club presented at Stamford last week, a group of Stamford High School students gave an assembly program in the high school auditorium last week.

The program opened by Mr. Johnson, superintendent of the Stamford schools, making a short speech. Mr. Johnson turned the program over to Albert Ivy, president of the Stamford Senior Class, who was the announcer for the program. The program proper was opened by the High School Choral Club, who had charge of the first half of the program. The Club sang three songs and accompanied a solo by Mary Louise Gainer.

The second half of the program was given by the Blue Moon Troubadors, an orchestra composed of high school boys. As the time allotted for the assembly program was not taken up by this program Mr. Wimbush, H. H. S. principal, let the remaining time be spent as a social hour, so that the Stamford and Haskell students might get acquainted.

We enjoyed their program very much, and extend our thanks and appreciation to Stamford High School.

Newsless News

Won't Frances look cute in her new Easter bonnet riding in Artie's mottle T?—Several couples were seen walking down the railroad track through negro town Sunday. What's the meaning of that?—Thomas Lee would be lost without someone to get his English.—A certain group were seen and heard at the park Tuesday night. A sign on the gate says "Keep Out"—Do you think Wanda will enter her recent drawings in the P. T. A. art display? Er, what, Wanda—Can anyone tell the whereabouts of Mr. Mason on the night of Feb. 17, 1937?—Audrey Lee has a secret—when asked where and with whom she goes on certain nights the old faithful blush and smile flood her face.—It has been said that Albert likes to get his name in the paper.—More than just girls miss Dorothy L. since she moved.—Would it be possible for Hugh L. to ever fall in love? Ask him about it sometime.—It seems that several boys were involved in a detention slip mystery that concerned three rooms, namely, the agriculture room, Mr. Wimbush's office, and Room One.—Frances R. was determined to attend the show Friday afternoon at all costs. Power to you, Fran.—Mickey and Dewberry are so important they turned down an open air V8 and ordered a Buick. They got it too.—Duffer is just a wee bit proud of that steel cast—Marvin has a steady (we heard). A little bird told us it is Milam D.—Ed. R. just can't concentrate on the dictionary, especially, when Robbie Jo sits near—Wonder if Frances Merle ran out of ribbon Friday.—Doris, do you think it nice to stand Bill W. up to go with Jack H? But Bill thinks "revenge" is sweet after going with Flossie.—Flood seems to be getting ahead of the other boys. He went with two girls in one night, namely Jean K. and Savonne C.

Personals

Marie Ballard, who has been attending school in Houston this term, has reentered here and is a member of the sophomore class.

Frances Meyer has recovered rapidly from a recent tonsil operation and is back in steady attendance.

Cotton Queen to Reign April 2

Virginia Johnson. Dorothy Ehlinger

Miss Dorothy Ehlinger of New Braunfels has been selected Queen of the Cotton Ball at A.M. College and will reign over the annual pageant and style show to be held April 2. The tall, vivacious brunette, president of the student body at Texas State College for Women (CIA), will be escorted by Earl T. Duke of A.M. as king. Miss Virginia Johnson of Seymour will attend her as maid of honor.

High School Tennis Club Is Organized

The last season of the High School Tennis Club was very successful. It's president, C. T. Field, won the championship of this county and tied for third in the district meet. Other members of the club did very well in the county meet.

There were twenty-one members of our club last year, and we hope to keep the membership at that number. Due to the graduation of last year's seniors and emigration of some members to other schools, our club membership is somewhat smaller than last year. However, since our new students are expected to join the club, we hope our membership will reach the number of last year's enrollment soon.

The first meeting of this year was called with two definite aims in view. The first was to elect officers; the second to decide on the amount of dues to be paid by each member. The money received from these dues will be used to buy tennis balls and nets at such times as they are needed.

The club expects to have a very successful season. And it also welcomes all new members. We will try not to lower the standard of last year's club. And we will also do our best to bring more honors to Haskell High.

Freshmen Have Theatre Party

Last Friday night members of the freshman class met at the home of their sponsor, Mrs. Wimbush for a theatre party. After seeing the show they returned to Mrs. Wimbush's home where refreshments were served, and a social hour was enjoyed. The following were present: Virginia Whaley, Betty Jane Stanton, Naomi Morgan, Anita Coburn, Gerry Akins, Emma P. Graham, Ruthie Mae Schests, Margaret McIntock, Eulamae Watson, Jean Conner, Hassel Hunter, Bill Key, Ethel Reba Couch, Buster Gholson, Vernon Cook, Billy Webb Stark, Norman Hancock, Flossie Heister, Orion McLean, Doris Parks, Jack Landess, Buddy Crandell, Harrison Head, T. R. Odell, Mary Louise Holland, Wayne Laird, Anna Rose Chapman, Bonnie D. Hisey, Bill Wiseman and Mrs. Wimbush.

The class is planning a Weiner roast in the near future.

Senior Snapshots

Muri Lancaster has not been in our class for many years, but has made many friends during recent years because of her cheerful outlook on life. After you have been around her for a short while you begin to forget your worries and laugh with her. In spite of her carefree attitude, Muri's records are far above the average. She is always willing to cooperate with leaders and is partial to the old rule, "the majority rules."

Capitola Larned is in Haskell High School this year for her first time, but she has many friends and is well known by all. One of the causes of her popularity is that she has been one of the best basketball players Haskell has ever had. Now she is working out for volleyball, and it seems that she will be equally as good in this field. Her chief interest, as you may have guessed, is sport; and well it may be, because she is truly good in all lines.

We are glad to have her in our class, even though this will be her only year here.

Seniors Have Picture Made

The Senior class decided to get together last Thursday morning and have their pictures made. The picture was taken on the south side of the Methodist church by Mr. Walton, and turned out to be a very good group picture. Everyone was smiling, almost and the picture is very clear. Each senior paid 25c for a picture of his own and they have been busy passing them around for other seniors to autograph.

Maybe this was just a trick of the seniors to get themselves in the limelight again after such a long time. They have not been in the limelight since they received their senior rings. They are still proud of their rings and think they are the prettiest yet.

The senior class will select their invitations in a few weeks.

Odell Barnett, sophomore, has been out of school lately due to serious illness.

Ernestine Pace is a new member of the Freshman class, having entered recently from the Rule High School.

Mrs. Wimbush spent Saturday in Abilene.

Weekly English Club

The club was called to order by the president, Ben Clifton. The minutes were read and approved. Each committee gave a good report. We enjoyed the program given and were pleased to have the Sixth Grade Class as our guests.

Freshmen Highlights

Mrs. Hayes-Eulis say your prayer and retire.

Eulis—(A football hero) God Bless Ma, God Bless Pa, God Bless the Haskell Indians, Rah! Rah! Rah!

I heard that Jerry Akins was a very good dancer. It seems that all the freshmen girls are becoming interested in dancing.

I suppose you have already noticed Anna Rose's short hair. Once in the War Whoop there was a "Believe it or Not" article and I think she just took the hint and got a hair cut.

Officer—Pull over to the curb lady, you were making seventy-five.

Bonnie D.—Isn't that marvelous! I just learned to drive yesterday.

Gauntt

We had a good attendance at Sunday School and church Sunday morning and everyone enjoyed the message brought by the pastor, Rev. Hammer.

Mr. and Mrs. Melvin Miller of Haskell spent Sunday with their parents. Mr. and Mrs. Jess Miller and attended Sunday School and church here Sunday morning.

We are very sorry to report the death of Mrs. L. O. Miller who passed away at the family home last Wednesday. The bereaved family has our sincere sympathy.

Bailey Foster of Jud spent the week end in the N. F. Foster home.

Mr. and Mrs. G. F. Holloway and children and Mrs. T. S. Holloway and D. L. Holloway were callers in the S. C. Holloway home Sunday.

The outside young people are presenting a play, "The Dutch Detective," at the Gauntt school house next Friday night, March 5. The cast has been carefully chosen and it promises to be an evening's laugh for anyone who attends. The admission will be ten cents for one, or bring your entire family for twenty-five cents. We promise you your money's worth of good wholesome fun. Come!

Curry Chapel

We all have been enjoying the pretty weather during the last few days.

Everybody is wishing for a good rain.

Quite a number of folks have been down with the flu, but all are up or improving now.

Mrs. Frank Oman, Jr., returned home from the Knox City sanitarium Saturday, where she had been for treatment.

On account of so much sickness and cold Sunday, we only had 24 present for Sunday School.

Mr. and Mrs. L. W. Hill and children, and Mr. and Mrs. Wilburn York visited friends and relatives near Haskell Sunday.

Mr. and Mrs. L. B. Baty and babies of Truscott were in our community last week. Mr. Baty reports it dry in Knox county, and several farmers are plowing up their wheat.

Mr. and Mrs. Ernest Marion and Lois Laverne of Haskell spent Sunday with Mr. and Mrs. E. Kregler.

Next Saturday night and Sunday's our regular preaching date. We hope to see a good crowd present.

Future Home Makers Choose Their Colors

The Future Home Makers met Tuesday, Feb. 23 in the Home Ec laboratory.

The program was short due to the long business period. During the business period the club chose colors of silver and pink and carnations to be the club flower. A trip was planned to the Home Ec fairly at Hamlin. Also, the bake sale was planned for Saturday 27.

The program consisted of a school song being sung by the club, a reading "Unknown Lincoln" by Bonnie Hisey and the club quartet, namely, Geneva Thompson, Anita Jo Simmons, Frances Fouts, and Vern Bynum, ended the program by singing "You're The One Rose."

Gypsy Ramblers Plan for Social

On February 23, Tuesday afternoon, The Gypsy Rambler Club met. The purpose of this meeting was to plan a social for that week. Different members made suggestions as to what might be done, but as there were many events on that week they found that every day was taken. A committee was then chosen by the president to talk to their sponsor, Mrs. Wimbush, and decide what they would have and let the club vote on it at the next meeting.

Rochester

Monday, the first day of March, is starting off "lamb-like" and we are happy to report the sick folks improving. Mr. Michael, who was so ill they called his son Wheeler, who had just moved to Oakland, Calif., to his father's bedside. Mr. Wheeler arrived here Monday night and found his father better. He is still improving and physicians state that he will be up soon.

If we could only get a good rain or snow, we'd soon be growing garden stuff. Some have already planted early vegetables—those who believe in planting "in the moon"—and I'm one of 'em.

This city was made sad over the death of our beloved friend and neighbor, Mr. T. J. Lee, on Friday, the 20th. He was laid to rest in Rochester Cemetery Sunday. The family have the sympathy of their many friends. We get a lonesome spell when we stand by and see so many of the pioneer citizens of Haskell county giving up the walks of life. 'Ere long none will be left.

Mr. Sam Blackwell, a student in A. C. C., Abilene, spent Sunday here with friends.

Miss Vernona Penman of Rochester and Mr. Bernard Buie of Stamford were married at Mineral Wells last Tuesday, February 23. They will make their home in Stamford. They have a host of friends who wish them a happy married life.

We extend our sympathy to the relatives of Mrs. J. H. Beiber who was laid to rest in the Rochester cemetery last Thursday afternoon.

H. H. Bell returned last week from a visit in Floydada and other points on the Plains.

Miss Susie Turner of Wilson is visiting her sister and family, Mrs. J. W. Lee, this week.

Messrs. Courtney Hunt and F. M. Squyres of Haskell were business visitors here last Wednesday. We were glad to see them. Mr. Hunt recently recovered from a serious illness of pneumonia.

Mr. and Mrs. Nun Burden of Altus, Okla., spent a few days here last week in the home of her sister, Mrs. Z. W. Wadzeck.

Health of this community is good at this writing.

Mr. and Mrs. Manuel Ray of Rule visited in the home of Mr. and Mrs. Ray Sunday.

Mr. and Mrs. William Brinegar and family of Cobb returned to their home Monday after a visit in the home of Mr. and Mrs. J. T. Andrus.

Mr. and Mrs. John Patterson visited in this community Monday.

Mr. and Mrs. Harvey Medford and family visited relatives in the Howard community Sunday.

Mr. and Mrs. J. D. Andrus of O'Brien returned to their home Saturday after a weeks visit with relatives in this community.

Mr. and Mrs. Jack Bouldin and daughter Jackie Fae of O'Brien visited relatives in this community over the past weekend.

There will be Sunday School at this place Sunday. Let's everyone come and bring someone with us.

Mrs. Holt Eastland and son Tommye left Tuesday for Monahan to join her husband who has been there several weeks.

The Friendly Builders English Club

Our Friendly Builders English Club met February 28.

The president called the house to order and the minutes were read, after which the various committees reported. Then the house was turned over to the Social Committee, who had charge of the program for the week.

Stanley Smith read some Radio Laughs.

Ella Mae Barnett and Zelma Adkins sang a song, "Solomon."

Myrtle Bob Branch read a story, "Not Pretty, But Good Natured."

Virginia Heath read the 7-A News.

This concluded the program, and the meeting adjourned until next meeting day.

Mrs. Shahir Hassen Honoree at "Bon Voyage" Tea Wednesday.

On Wednesday afternoon March 3, Mrs. J. U. Fields was hostess for a Bon Voyage Tea honoring Mrs. Shahir Hassen. Each guest brought a letter to Mrs. Hassen. These were numbered so that she would have one to read each day that she was aboard ship en route to her old home in Syria. Also each guest presented the honoree with a gift which she might enjoy during her trip.

Everyone enjoyed hearing Mrs. Hassen tell about the plans which she and her family have for their long-dreamed of visit with their relatives and friends.

Tea was served in the dining room where appropriate place cards were arranged around the table for the following guests:

Mesdames Shahir Hassen, Wallace Cox, Hollis Atkinson, Matt Graham, Kenneth Thornton, J. P. Payne, W. G. Forgy, Jim Williams, Server Leon, T. R. Odell, T. W. Williams, and the hostess.

The table was lovely, laid with a beautiful white linen cloth; the centerpiece was a bowl of yellow jonquils, and to farther carry out the yellow and green color scheme yellow and green tapers were used on the table.

The delectable plates contained sandwiches, salad, and coffee or tea. Cakes, candy, and salted pecans were passed.

All the guests wished for Mrs. Hassen and her family a most happy trip.

Good English Club.

The Good English Club of the North Ward met Wednesday, March 3rd. After the house was called to order, the secretary read the minutes. The president then turned the meeting over to the chairman of the program committee, and the following program was given:

Wylene Quattlebaum sang "While We Are Young." Hartsell Everett played "Sueyonta" and "Red River Valley." Nancy Beth Collins sang "Pennies From Heaven."

The president then appointed the ones to be on the program for next week. They are Giles Lancaster, V. A. Brown and Billy Neill. We hope to have a good program for next week.

Reporter.

Intermediate G. A.

The Intermediate G. A. met in the home of Mildred Kennedy Wednesday night at 6:30 o'clock. After the business meeting we had a very interesting program on "Spanish People."

At the end of our program refreshments were served to the following: Sue Quattlebaum, Maxine Perdue, Doris Hammer, Fayette Kuentler, Gerry Akins, Eulamae Watson, Madge Reese, Patsy Ruth Pate, Marcia Bledsoe, our leader, and the hostess.

Guy Collins and J. D. Montgomery made a business trip to Wichita Falls Monday.

Harmony Club.

The Harmony Club met Wednesday, March 3, 1937, in the club room with Mrs. O. E. Patterson as director. The program was on Texas Poetry and Music and the room was decorated with the six flags of Texas.

The roll call was answered by "Great Texans" after which the following program was given:

Old Folks at Home, and Bells of St. Mary's—High School Choral Club.

Poets of Texas—Mrs. R. L. Harrison.

Texas Legends—Mrs. K. H. Thornton.

Poem, "Texas, Wonderful Texas"—Mrs. C. L. Lewis.

Reading of Texas Poems—Mrs. R. O. Pearson.

Original Nature Poems—Mrs. B. M. Whiteker.

Musicians of Texas—Mrs. J. A. Shriver.

"Trees" (words by Joyce Kilmer; music by Oscar Rasbach)—Mrs. Bert Welsh.

Knitting Circle.

Members of the Knitting Circle were entertained last Wednesday afternoon at the farm home of Mrs. Douglas Brown. After an enjoyable afternoon spent in knitting the hostess served delicious refreshments to Mesdames R. P. Glenn, George Herrin, Bob Herrin, Jr., Carl Powers, John A. Willoughby, S. T. Chapman, Carl Arbuckle, Rogers Gilstrap and Sam A. Roberts.

Methodist Missionary Society

On March 1st the women of the M. M. S. met in the church with Mrs. Breedlove, chairman of the Christian Social Relations Department as leader.

With Mrs. Wallace Cox at the piano, all joined in singing, "We've a Story to Tell to the Nation."

Mrs. Kenneth Thornton was first on the program and presented a very interesting article entitled "Educational Evangelism." Four very interesting points were brought out, these being (a) Christian Education a recognized need (b) Education based upon character (c) Christian education and the elevation of womanhood (d) Collegio Americano College in Brazil, the first school in South America to offer a complete college course for women.

Mrs. Hudson Pittman next told of our work at home. We learned that Holding Institute in Laredo is not only a school, but is also a home for destitute children.

Pharr, Texas, is the home of "Valley Institute" a school for Mexican girls.

Sue Bennett School in the mountains of Kentucky is doing a great work, as is the Vashiti School in Thomasville, Ga.

In the swamps of Louisiana dwell the Arcadians. A school located at Houma, La., is doing a great work for these descendants of an exiled people.

Mrs. Wallace Cox, at this time, rendered on the piano, most impressively the song, "In Christ, There Is No East or West."

Mrs. Ada Rike next brought a most inspiring devotional. An introduction of the song "My Faith Looks Up to Thee" was read. This was followed with Sentence Prayers by Mesdames B. Cox, Ethel Irby and Rike.

Parts of the 8th and 9th chapters of Matthew were read as the Scripture lesson.

Members who were present for this most interesting and instructive program were Mesdames Thornton, W. Cox, Wyche, McKeever, arnell, Leon, Graham, E. Cox, Persons, Pitman, Irby, Isbell, Martin, Rike and Mrs. C. B. Breedlove.

The following announcement is made by our leader: We meet on next Monday, March 8th. A splendid program will be presented. The theme will be "Great Missionary Personalities" and Mrs. Guy Mays will be director. Mrs. Kimbrough will bring the devotional. Quiet Music—Mrs. O. E. Patterson.

Prayer Hymn—Mrs. Hill Oates. Toyahki Ki Kagana—Mrs. E. Martin.

William Jackson Callahan—Mrs. Server Leon.

Bishop Walter Lambreth—Mrs. A. J. Josselet.

Hymn, "I Love Thy Kingdom, Lord."

All the members are urged to be present for these programs and we are also glad to welcome visitors.

Mrs. Frizzell, mother of Mrs. Matt Graham, was a most appreciated visitor at our last meeting.

James A. Greer, editor of the Rochester Reporter, transacted business in Haskell Monday.

Announcing a Change In the Management of Our Funeral Chapel

During the many years this establishment has been identified with this community, it has gained a reputation for dependable, dignified service that has been a source of pleasure to us as individuals and as a firm. We expect to continue this service and improve it if possible in the years to come.

With this in mind, we have secured the services of Mr. and Mrs. W. J. Green of Dallas, Texas, to succeed W. O. Holden, resigned. They will take charge of our Funeral Chapel Monday, March 8th. We selected Mr. and Mrs. Green from a large list of applicants. They come to us with the very best of recommendations from their former employers and responsible citizens in the cities where they have lived.

WHO'S WHO IN THE FRESHMAN CLASS

We will try to give you a picture of the Mattson student body. We will start with the Freshmen and go up to the Seniors. W. J. Adams is one of the active members of the Freshman class. He was born the eighteenth of August and is fourteen years old. He is five feet four inches in height, weighs one hundred and thirty pounds and has dusty blond hair. English is his favorite subject. The movie he likes best is "The Wanderer of the Westland". His favorite food is spinach. His preference to all other sports is horse back riding. He attended the Cottonwood school last year. His ambition is to be a policeman. Hoarce Boring is another member of our hard working Freshman class. He was born the thirtieth of March and is eighteen years old. Algebra is his best-liked subject. He is five feet and six inches tall, weighs one hundred and twenty four pounds and is blond haired. He likes any kind of western show. He likes to fish. His favorite food is ice cream. He has no special ambition. He came to us from the Cottonwood district. Aleta Bell Boring is one of our numerous girls of the Freshman class. She was born May 19th and is fourteen years of age. She weighs ninety-eight pounds and is five feet and two inches in height. She has blond hair. She likes western movies and Shirley Temple is her favorite actress. Baseball is her favorite sport. She likes pineapple cake better than any other food. Her pet peeve is for anyone to scream. Her ambition is to be a writer. She has been attending the Cottonwood school for some time.

HOME ECONOMIC DRESSES JUDGED

Due to illness the Home Economics girls' dresses were not judged until Friday afternoon. All of the dresses were made well and looked nice on the girls. It was hard to decide which would win. La Vern Guess' dress stood out more than the others for good workmanship, good fit, and attractiveness. Juanita Mapes' dress was judged second and Nelly Kay Derr's third. La Vern will get to go to Fort Worth to the Home Economics Rally. We are hoping La Vern will bring us back a ribbon.

ARE WE CRAZY?

Did anyone ever find out why Alice was so terribly "blue" Monday? What is that game that La Vera likes to play especially well? Miss Perrin is doing well, as she collected two engagement rings one night. And John Melvin was seen with a Weinstert girl Sunday night. Say, whose initials are Lenora Scott's, anyway? We have a "hunch" that La Vern really knows that John Alex was in Weinstert Sunday afternoon. Why was it eight-thirty Sunday night when La Vern, Nellie K. and La Vera got home. And what direction were they coming from? The Sophomores, especially Waid and La Vera—and a few others—have been having a pretty good time practicing on the play that is to be given soon. Did you know that Lou Etta weighs too much to ride in Elmer's car? We didn't know that our 'meek' little Juanita is really a rounder and has concealed it from us for so long. Why did La Vern drive just 20 miles an hour Sunday?

FRESHMAN'S FAULT

May we ask: Why the Freshman get all the blame, for everything in High School. We wonder if the teachers and other grads have forgotten they were Freshmen once? Of course we guess it is easier to forget than to forgive. Is it possible that Freshmen will get Freshmen's dinners, pencils, paper, destroy class notes, and do many other rude things. When we are always in the same room at the same time. We never miss it until the first two periods before dinner. It seems that the Freshmen are the only ones that ever go to the store before dinner. Freshman's Junior girls were the only ones that ever won basketball games. But yet they never would let us play. The High School makes fun of us and calls us bad names. But our motto is: We shall have fun. We intend to do this. So now, Seventh Grade, be careful next year. But every one has to be Freshmen if they enter High School. Miss Dawson—Give me a sentence using the word "tariff." Waid—My pants are so thin, they will tariff I bend!

Shrubs Planted On Campus of Midway School

Believing that since "eyes were made for seeing then beauty is its own excuse for being", Midway School has added to its campus some plants which will greatly improve its appearance. A large number of shrubs were put out on the Midway campus on Tuesday, February 23. The shrubs were purchased from the Conner Nursery, with Judge Chas. M. Conner personally supervising the resetting of them.

The patrons of Midway School very generously gave of their time and energy in helping prepare the grounds for the shrubs. The necessary capital to make this project possible was secured through contributions of chickens, which were in turn sold to a local produce house. Midway School is sincerely grateful to all who assisted in any way to make this project a success. Oscar Oates of Bryson was here Monday on business.

LIFE MEANS HUMAN BEINGS

The men and women who make up the population of the world in which we live are not saints and, unless we are badly mistaken, they are not sinners.

Every individual, man or woman, has some good qualities and, of course, some bad qualities. However, all of them do not possess the same good traits and, luckily, they do not have the same bad ones.

In every person there is something to admire, and likewise, in every individual something to disapprove. No judgement along this line, however, will be the unanimous verdict of mankind but each person will be influenced by his or her own valuation of human traits in attempting an appreciation of another human being.

Admitting for the sake of argument that every individual has some goodness there is no reason to be surprised at its exhibition occasionally. Knowing that every human being is imperfect there is no cause for alarm when human conduct misses the goal of perfection.

Great teachers, whether they deal with boys and girls or men and women, understand this and seldom resort to undue praise of expected goodness or slip into angry denunciation of expected badness. They busy themselves expanding the field of truth and permitting others to share their advanced progress. In time, they set the pace!

It is not given to all of us to be great teachers but it is within the province of every person to keep an eye out for the goodness that so abundantly lives about us in the lives of other people and to see that we attend to the main task before us, the improvement of ourselves by the development of our higher possibilities.

OUR 175,000 TAXING UNITS

The announcement that there are 175,000 different taxing units in the United States sounds awful but when we reflect that there are about 3,000 counties, many more cities and towns and many more school districts not to mention other areas created for specific purposes, it is a bit comforting.

The average citizen is usually taxed by the Federal government, whether directly or indirectly, by the State, the county, the school district and the municipality, if he lives in an incorporated area. He is not bothered by the other 174,995 units although willing to admit that he has enough taxes to pay.

The truth of the matter is that the hue and cry about taxes is over-played by business men, mostly of the larger size in any given area, who have the idea that organized government should exist for business and not for the people residing in the territory. The average man, woman or child in this country receives great benefits from taxation—a truth that should not be overlooked at paying time.

We do not imply that public revenue is not foolishly expended. Such a statement would not be true. We do not suggest that there are not too many taxing units or that consolidation in the new era of travel is not in order. Such reorganization can save considerable money for the taxpayers and should be undertaken as soon as popular pressure is sufficient to overcome the strength of officeholders who might lose jobs.

LOW INTEREST HELPED ENGLAND

A British economist, visiting in this country, calls attention to the fact that low interest rates on real estate mortgages contributed materially to lifting England out of the depression, which was "very much worse than the one in the United States."

The visitor, Sir Charles Morgan-Webb, says that a four and a half per cent interest rate on mortgages has been the cause of great housing activity in England, where more than 300,000 houses are being built annually. He says the low interest rate brought about a reduction in unemployment, increased the activities of manufacturing plants and produced a sharp upward surge of purchasing power.

The observation may be worth something to people in this country who, in many sections, have been accustomed to rates as high as seven and eight per cent. It may even be interesting to bankers in some areas who, even now, are withholding loans largely because they still hope for the return of the high interest rates prevalent some years ago.

INTERESTING ITEM OF 1776

Workers in Philadelphia, looking for material for a WPA writer's project, recently came across an interesting item in the Pennsylvania Evening Post, of July 2, 1776.

It was stuck midway in the page, between two advertisements, and below an eighteen line article about a committee on safety. It read:

"This day the Continental Congress declared the United State free and independent States."

CURRENT COMMENT

RAILROADS ALSO SERVED

(Wichita Falls Record News)

Add the nation's railroads to the list of the people and institutions which worked mightily to relieve the sufferers in the winter's flooded areas. J. J. Pelley, president of the Association of American Railroads, points out that the country's railroads recently accomplished the greatest mobilization of transportation for rescue and relief work ever known.

They carried some 200,000 refugees to places of safety. They sent to the flooded areas hundreds of special trains, loaded with all kinds of supplies from medicines to tents. They mobilized thousands of freight and passenger cars in the vicinity of threatened areas to be ready for trouble.

Mr. Pelley is unquestionably right in saying that the railroads did not far greater loss of life and more intense suffering in the flooded regions. When the emergency came, they served the country promptly and well.

This world would be a lot better if the Ten Commandments were as well known as the ten leading hitters of the big leagues.

We understand that Haskell county stockmen will be represented at the Stockmen's Annual Convention at San Antonio next week by Messrs. T. J. Lemmon, M. S. Shock, J. A. Bailey and F. M. Morton. Jerold Hills will accompany them.

Mr. and Mrs. T. G. Carney left on Monday for a trip to the East, where Mr. Carney will purchase additional stocks for his store.

Mr. L. B. Watkins, a prominent cattleman and ex-Sheriff of Knox county, was down this week with the view of buying some cattle. Mrs. J. E. Poole gave the young folks of the "frying size" a party Tuesday night.

Dr. Kibler's Electric Appliance Company spent several days here this week selling belts and soap and furnishing amusement to crowds on the street by day and at the Opera House at night.

Mr. R. H. Sprrows was in town Monday, having just returned from the Panhandle country, where he and others have been for some time catching quail. He informed us that he and the party working with him shipped about 5,000 birds, but as the commission men reported quite a number spoiled, the profits of their enterprise were not large.

HENRY-LESSON RADCLIFFE

LIFE HERE AND HEREAFTER THROUGH CHRIST
International Sunday School Lesson for March 7, 1937

Golden Text: "I am the way, and the truth, and the life; no one cometh unto the Father, but by me."—John 14:6.

Lesson Text: John 14:15-27

Still in the Upper Room with his beloved disciples and after reminding them of his imminent death, made possible through the traitorous action of one of his own inner circle. Jesus seeks to comfort his bewildered followers, giving to them and us some of the most precious words which ever fell from his lips. Knowing full well that, on this very night, he was to be betrayed by Judas, denied by Peter, forsaken by all of his disciples, mistreated by the Roman soldiers, unjustly tried and shortly thereafter, cruelly hung on a cross to die a most agonizing death, Jesus thinks only of his beloved disciples and tries to prepare them for the days which are to follow.

"Let your hearts be troubled," he says, "if ye believe in me" your faith will be sufficient to carry you through whatever comes. Jesus then tells them he is going away, to his Father's home, where there are many mansions (abiding places) to prepare for them and when he has prepared their places, he would return for them and take them where they could be with him forever. We mortals know nothing of what the Father's home is like but such knowledge is not necessary—all we should want to know is that Jesus will be there and we may be with him.

"And whither I go, ye know, and the way ye know," said Jesus, but Thomas, the practical, immediately wanted to know definitely what Jesus was talking about and declared, "Lord we know not whither thou goest; how can we know the way?" Jesus answers, "I am the way, the truth, and the life; no man cometh unto the Father but by me." "Without the way there is no going; without the truth there is no knowing; without the life there is no living; I am the way which thou shouldst pursue, the Truth which thou shouldst believe; the Life which thou shouldst hope for." (Thomas a Kempis) Jesus is the way to God, the truth about God, and the means of eternal life in God.

There is but one way to God—and that is through belief in Jesus. "No man cometh unto the Father, but by me." He is the hope of salvation from sins and of life everlasting. "He that believeth on the Son hath everlasting life." (John 3:16). So completely were the followers of Jesus in the days of the Early Church in accord with this statement of Jesus that they called themselves followers of "The Way," before they were known as Christians.

Because the disciples had failed

to grasp the divinity and real purpose of Jesus, they had never come to really "know him" and, failing to "know" him, they did not "know" his Father. However, receiving a deeper insight into Jesus' character and purpose, they could know God and could "see him" through Jesus. In reply to Phillips' cry that Jesus show them the Father and they would be satisfied, Jesus replied that he was the true revelation of the Father to the world, and if they could not accept this statement from him and believe that, having seen him, they had seen the Father, then perhaps they would believe because of the works he had done before them.

"Christ has given man his loftiest idea of God, not so much by what he said as by what he was. That is an amazing thing to have done. In a world where multitudes had groped after God, guessed about God, philosophized about God, he lived a life of such self-authenticating spiritual grandeur that increasing multitudes of people when they try to think about God, can say nothing so true, so satisfying, so adequate, as to say that God is like Christ."—Harry Emerson Fosdick.

Jesus then promises that those who believe in him shall do even greater works than he did, adding the promise that whatsoever his followers shall ask in his name, he will do, in order that God may be glorified. Jesus did not promise that his followers should work "miracles," in the sense that he worked them, but he did say "greater works." Dwight L. Moody, says, in reference to this statement of Jesus, "I used to stumble over that verse, but the longer I live, the more I am convinced that it is a greater thing to have power over a living, sinning, God-hating man, than to quicken the dead."

Our printed lesson ends with a simple, but far-reaching statement, "if ye love me, ye will keep my commandments." No matter how fervently we express our belief in and love for Jesus Christ it will avail nothing of, by our acts and lives we fail to carry out this profession. If we really love Jesus, we will be willing to leave undone those things which are contrary to his purpose for our lives, but, more important still, we will be willing to do what he wants us to do with our lives.

When you become an employer within the meaning of the Act, you must remain subject to its provisions for at least two years. To sever your connection you must

file another application with the Commission at least 30 days before January 1 of the calendar year during which you desire to sever your connection with the Act.

You understand, of course, that your employees would benefit only during the period in which you elected to be an employer under the law. In other words, in getting their benefit payments, your workers could not count for credit any week of employment prior to the time you came under the law.

If you have any questions concerning the operation of this law as it affects employers or workers, you can have your questions answered by writing to R. B. Anderson, chairman, Texas Unemployment Compensation Commission, Austin.

What Is An Employer?
QUESTION 16: "What is an employer?"
ANSWER: Briefly, an employer is any person or firm, who, during 1935 or after, has employed as many as eight persons for at least one day a week for any 20 weeks during the calendar year.

The "twenty weeks" provision is very strictly defined. Say that your normal payroll is seven persons, but occasionally you have to hire another worker for a half day at a time. If that worker is employed for any part of a day in 20 different weeks throughout the year, you become an employer and you must pay the tax on your entire payroll.

If you, with seven workers, acquire another business which had eight workers, and thereafter disband the newly-acquired business, leaving you with your normal payroll of seven, you still are an employer.

If you, as an individual, own or control several small stores, each having one or two workers, and the total number of workers in all these stores is more than eight, then you are an employer. If, then your total payroll has less than eight workers, then you may voluntarily come under the Act, but you are not required to.

If you are an employer engaged in one of the exempted occupations such as farming, you may voluntarily come under the Act, but you are not required to.

How Does the Law Affect Contractors and Sub-Contractors?
QUESTION 17: "I am in the contracting business. On some jobs I sub-let work. Is my payroll measured by the number of men working directly for me on the job, or does it also include the workers on the sub-contracts?"

ANSWER: If the sub-contractor himself employs as many as eight workers and therefore is under the law himself, then he is responsible for the contributions on his payroll. However, any contribution that you pay on the sub-contractor's workers may be recovered by you from the sub-contractor.

It is understood of course that the sub-contractor must be otherwise eligible to pay contributions under the Act.

How Can An Employer Volunteer to Come Under the Law?
QUESTION 18: "In my business I employ only seven men. Therefore, I am not subject to the Unemployment Compensation Act. However, I want my employees to have the benefits of the Act. How do I go about voluntarily becoming a contributor?"

ANSWER: You must first file an application with the Commission. This voluntary submission to the law is open not only to firms employing less than eight workers, but also to those who employ exempted laborers such as agricultural workers.

When you become an employer within the meaning of the Act, you must remain subject to its provisions for at least two years. To sever your connection you must

Unemployment Compensation In Texas

Editor's Note: Following are questions and answers prepared by R. B. Anderson, chairman-director of the Texas Unemployment Compensation Commission, which is an interpretation in simplified terms of the various provisions of the recently-enacted Texas Unemployment Compensation Act.

**Can Haskell County Farmers
Afford to Be Penalized One
Hundred Thousand Dollars**

A serious condition confronts farmers and cotton producers of this section, a condition which may also affect business conditions to a great extent.

This anxiety comes about from several causes. First, it is a well known fact that cotton was damaged in this area the last season by the prolonged dry spell, and that what at first promised to be a bumper crop of well matured cotton turned out to be an immature one, and there is where the danger lies.

Use of planting seed from this immature crop will undoubtedly affect not only the yield per acre, but will also result in a shorter, untenderable staple with a consequent low price for every pound of cotton grown within the county.

Haskell county farmers, in order to get a higher lint yield from seed cotton, have in accomplishing this result reduced the staple length within the last few years, from a premium

cotton of 50 to 100 points, to cotton which is now penalized in many instances more than 200 points, as shown by statistics compiled by the United States Department of Agriculture.

This report shows that the per cent of untenderable cotton in Haskell and adjoining counties was 48.8 per cent. Untenderable staple was 39.2 per cent, and untenderable grade 9.6 per cent.

Based on the average cotton production in Haskell county for the past five years of 45,000 bales, the amount untenderable on account of staple length would amount to 15,540 bales, on which Haskell county farmers would sustain a loss of \$116,550, based upon the penalty charged against cotton under 7-8 inch staple. This figure does not take into account the possible premium that might have been paid on longer staple cotton BUT REPRESENTS THE DIRECT LOSS RESULTING FROM PRODUCTION OF SHORT STAPLE COTTON.

Haskell County can produce superior cotton whereas there are many sections in Texas as well as in other parts of the world where only short staple cotton can be produced.

Why then should we try to compete with the lowest type and cheap labor when we can produce the type of cotton that spinners are ever seeking.

**PEDIGREED SEED

Realizing the seriousness of the situation facing our county if large cotton buyers follow their intention to cease buying the shorter staple cotton produced, we heartily favor the movement sponsored by

to plant pedigreed seed to avert the payment of a heavy penalty on the part of cotton growers.

Buyers make a discount of 200 points on the next grade below the 7-8 inch staple or \$10 per bale. We may have to buy cotton strictly on grade and staple during 1937.

by planting a cotton of standard length staple. Exporters are going to penalize heavily—or refuse to purchase—the low grade cotton produced in our county.

Local buyers have been warned they must buy strictly according to grade and staple or stand the loss.

We heartily favor the movement sponsored by the Haskell Free Press to reap the benefit of producing better cotton in our county.

Can save money by planting pedigreed cotton seed—and may be penalized \$10 or more per bale for planting a short staple variety.

Large cotton buyers have issued warning that they may cease to purchase the short staple cotton produced in our county. In view of this, we will be forced to purchase strictly on grade during the coming cotton season.

We have been pointing out the danger of continuing to plant short staple cotton. We know it will be costly to our county unless better cotton is produced.

Realizing

The seriousness of the situation facing our county if cotton of shorter staple than 7-8 inches is penalized more than it is today, we heartily endorse the movement sponsored by the Haskell Free Press to plant a variety of cotton to improve the staple.

**THE
LATEST REPORT
SHOWS**

Approximately 26 per cent Texas cotton untenderable; 21 per cent in staple and 5 per cent in grade, and in some sections of Texas 70 per cent of the production was untenderable on contract.

We believe the remedy for this deplorable situation is the planting of better seed. It will mean many dollars to the Haskell County farmers this fall when the 1937 crop is placed on the market.

Home Demonstration Club News

Foster Home Demonstration Club News.

The need of phosphorus, protein, calcium and vitamins was stressed in Miss Taylor's talk on nutritional needs of a family, when the Foster Home Demonstration Club met with Mrs. Manford Reid February 25th.

We should eat foods that contain "Vitamin A", such as milk, cream cheese, butter and dark green leafy vegetables to prevent colds.

To build up broken tissues eat meats, eggs and dry beans. These foods contain large amounts of proteins.

To prevent pellagra, Fleischman's yeast, whole wheat bread, and whole wheat cereals are very good.

Miss Taylor gave each one a menu book and requested each member to fill in the first page, for three meals. This was done and Miss Taylor then checked them over.

Our club paid the educational contribution 100 per cent.

We regret that Miss Taylor is leaving us, but hope she will be glad of her transfer.

The club will meet with Mrs. G. M. Wade March 11, 1937.

New Mid Home Demonstration Club Studies Insects

Insects and their habits were discussed by the New Mid Club members in their meeting on Feb. 17 at the home of Mrs. Calvin Frierson.

Biting insects may be destroyed with a mixture of three-fourths (3/4) pounds arsenate of lead to 25 gallons of water.

Sucking insects may be destroyed by dusting with a mixture of one (1) pound of nicotine sulphate in 20 pounds of hydrated lime.

Cutworms: One (1) pound of Paris Green, 20 pounds of coarse wheat bran; six (6) finely ground lemons; two (2) quarts of molasses. Mix with enough water to be moist. Put one-fourth teaspoon at base of each plant.

A Council report was given by our Council member, Mrs. Edd Hester.

Those present were Mesdames Floyd Hutchens, Lewis Hester, Ed Hester, Calvin Frierson, and one visitor, Mrs. J. T. Berryhill.

Hutto 4-H Club.

The Hutto 4-H Girls met Friday, February 26, 1937. They learned that a thread should be pulled before cutting the material, in order to cut it straight. A nicer hem can be made if basted twice. The corners of hems in cup towels or tea towels and things of that kind should be reinforced to give added strength.

The girls brought the material for their cup towels and were shown how to hem them.

Those who answered the roll call were Juannal Dozier, Letha Lynch, Vera Nance, Alva Doris Smith, Ruth McReynolds, Elizabeth McGregor, La Verne Day and Dorothy Maye Smith.

Will Leave Soon To Visit Native Country of Syria

As the fulfillment of several months planning, Mr. and Mrs. Shahir Hassen and two small children will leave the first of next week on an extended foreign tour which will take them to various foreign countries and to their native Syria in the Holy Land.

Going by rail to New York City, they will embark on the SS Queen Mary, Wednesday March 17 for Harve, France. Thence to Paris, they will spend several days in the French metropolis and in Marseilles, from where they will go by steamer to Naples, Italy.

From Naples their itinerary will carry them to Athens, Greece, and next to Alexandria, Egypt, and to Haifa in Palestine, and then to Beyrouth, Syria, nearest seaport to their native town of Sheifait. At their destination, Mr. and Mrs. Hassen will spend several weeks with relatives and friends and visiting the scenes of their childhood.

Mr. Hassen will return to Haskell during the latter part of June or early in July, while Mrs. Hassen and their children will remain for a more extended visit.

Mr. Hassen stated that his store here, Hassen Bros. Co., would be in the hands of capable management during his absence. He expressed his appreciation of the liberal patronage accorded the Haskell store in the past, and also asks that his customers continue visiting the establishment during his absence.

BETTER ATTENDANCE AND BETTER SERVICES AT METHODIST CHURCH

In the "New Life" Movement of the local Methodist Church, worshippers and minister alike feel the need for more reality and are diligently striving for this attainment. At the same time we are powerfully conscious that our attendance everywhere is much lower than we should have. Hence we are asking all our people to consider the advisability of thinking this matter through and signing a church attendance policy as follows:

"New Life Movement, Haskell Methodist Church.

"Feeling that we Haskell Methodists have a greater opportunity than we are using and desiring to assist in a forward movement, I hereby agree to plan to attend church an average of _____ times and Sunday School _____ times each month during the remainder of the conference year. I will also try to render the following service:

Josslet H. D. Club Told of Insect Control.

To get rid of insects we must use better methods, stated our program director, Mrs. S. G. Perrin, to the Josslet Home Demonstration Club women last Tuesday afternoon, Feb. 23 at the club house with Mrs. Lynn Toliver and Mrs. Clarence Lewellen as hostesses for the meeting.

A general round table discussion was held on garden insects. "In setting out onion slips wrap a little piece of paper around the roots to prevent cut worms," said Mrs. W. E. Taylor. "The millers that fly around lights are one stage of cut worms," said Mrs. Perrin. Snuff, ashes and Black Leaf 40 is another good preventive, said Mrs. Louise Merchant. Arsenic of lead sprayed on plants will destroy bugs and other biting insects, said a visitor, Mrs. Mary Snodgrass.

We were glad to add to our club list a new member, Miss Eloise Toliver.

Mrs. S. G. Perrin, Mrs. J. L. Toliver and Mrs. Lynn Toliver were appointed as a special committee to select a gift for Miss Peggy Taylor, showing our love and appreciation for her work with us as our agent.

Refreshments of cherry pie and cocoa with hatchets for plate favors were served to the following: Mesdames E. I. Chatwell, J. L. Toliver, W. E. Taylor, Gene Lancaster, Lynn Toliver, Larry Bass, C. A. Thomas, Cliff Ammons, S. G. Perrin, Louise Merchant, Adell Thomas, Joe Fraley, G. L. Walker, Jesse Josslet, Fred Monke, Clarence Lewellen, one visitor, Mrs. Mary Snodgrass, Misses Mae Cochran and Eloise Toliver.
