Lions Minstrel To Open Tonight; Fun and Music Feature Big Show

Fun aplenty, featuring one of the best collections of amateur talent ever gathered together anywhere, is in store here this Thursday and Friday nights with the unfolding of the 15th edition of the Olton Lions Club black-face "Cotton Pickers' Convention."

Curtain-time both nights in the OHS auditorium will be 8 o'clock. Admission will be \$1 for adults and 50c for students.

"End men" Slim "Rastus" Pinkerton and Roy "Tambo" Granbery promise the audience laughs aplenty. They'll get capable assistance from Basil Sherman, Bub Holt, Carroll Cox, Ed Truelock and Jackie Powell with their between-acts antics.

Interlocutor I. B. "Doc" Holt points out that many of the minstrel favorites of former years again have parts in this year's show, and that many new faces have been added to the cast.

There is such an abundance of talent, Holt points out, that there'll be several different songs and acts presented on Friday night which will not be on the Thursday night agenda.

A few of the many acts on the entertainment agenda include a presentation of "Woman" by Pat Harborn and Johnny Estes; John Carson's version of "Ole Man River"; a surprise rendition by Don Williams; the Olton High School chorus; Booker T. Graves and his group of singers.

A presentation of "Bimbo" by the Baker family; Juanice Hendrix' vocal version of "Tweedle-De-Dee"; pantomimes by LaNelda Moxey and Juanelle Hatley; a skit featuring mountaineers "Pa" Pinkerton and "Ma"

Truelock and City-Slicker Eldon Franks.

Several trios and quartets also will be presented. Among these is an outstanding young vocal group which includes Bill Rogers, Jimmie Priest, Guy Granbery and Johnny Estes.

A trio composed of Juanice Hendrix, Pat Harborn and Kay Granbery also promises to provide some easy-to-listen-to melodies.

"It will be a good two hours of entertainment," Interlocutor Holt promises. "We hope every one of you will come and enjoy yourselves."

Jewell Hemphill will provide piano accompaniments. String music will be by Charles Howard, and Max Houk will furnish lighting effects.

ROBERSON HURT IN ACCIDENT

R. T. Roberson suffered cuts and abrasions about the face and head last Friday night in a traffic crash which demolished his new pick-up truck.

Mr. Roberson explained that he was returning home from the Texaco service station in which he is a partner here when the accident occurred. He had worked late and went to sleep at the wheel of his vehicle, he reported. He said his vehicle struck a power line pole just across the street from the Edisy Wozencraft residence.

He was treated at Olton Memorial Hospital and dismissed.

Pictured, from left, are Wylene Freeman, Betty Lou Sides, Drum Majorette Naomi Burrus, Janelle Miller and Linda Fent.

Moss Secretary; Meadows Back As Marshal

Carroll Moss is Olton's new city secretary.

Mr. Moss' appointment became official as the new city commission took office at city hall Monday night.

Olton's new Mayor is G. H. Bley and the new commissioners are Carrol Cox and D. Y. Ray. The three were sworn in by City Judge F. L. Burrow after the retiring commission had canvassed the returns of the April city election and declared Bley, Cox and Ray officially elected.

One of the first official acts of the commission was to retain Frank R. Day of Plainview as city attorney. Mr. Day will be assisted by Gene Owens of his law firm in that capacity.

The commission also retained Lee Meadows as city marshal. Mr. Meadows had been serving in that capacity under the former commission. He said he plans to move his family here from Littlefield as soon as the present school term closes.

Mayor Bley's commission discussed a change of the city charter to give Olton a city council form of government. Under that system the town would probably have five or six council men and a mayor instead of two commissioners and a mayor under the present system.

The new commission gave some time to discussion of the water, street and sewer improvement for which bonds were voted back in January but took no official action.

The retiring city commission was made up of Mayor Lefty Hollingsworth, who had served for the past six years as the city's chief executive, and commissioners Eldon Franks and W. B. "Bill" Smith, Jr.

Retiring city secretary is Mrs. Vaneta Stovall. Mrs. Stovall said her plans for the future are indefinite.

The transition of the city government was effected smoothly.

One of the most difficult procedures of the transition was the presentation of city keys. Almost an hour was required to tag the keys so that incoming officials would be able to identify them easily.

The new city secretary is a veteran of World War II during which he served with the US Navy as a gunner's mate second class in the Southwest Pacific. During the course of the war he saw action in five major naval engagements.

He is a native of Oklahoma and attended Cameron Agricultural College at Lawton, Okla.

He has had previous experience as city secretary, having served in that capacity in 1945. In recent years he has been engaged in farming and livestock business.

MEETING POSTPONED

Meeting of the Olton board of school trustees, originally scheduled for Tuesday, May 3, has been postponed until Tuesday night, May 10, it was announced yesterday by Supt. of Schools Carl Macon.

OLTON COTTON QUEEN ENTRY

LaNelda Moxey will compete in the Lamb County Cotton Queen Contest to be held at Littlefield May 13. The attractive OHS senior will wear a cotton dress and give a 5 minute talent. Deadline for entering the contest is Friday of this week. LaNelda, daughter of Mr. and Mrs. David Moxey, is being sponsored by the Olton Home Demonstration Club and Sherman Food Store.

Olton Band Sweeps To Sweepstakes In Plainview Competition Saturday

Olton High School Band won Sweepstakes Awards, the highest award any band can receive in the state of Texas, Saturday at contest in Plainview.

As a prize for their abilities and achievements, the OHS band was awarded a sterling silver plaque.

The band won first division in marching, sightreading, and concert; 48 individual medals for first divisions; and 17 second place certificates in individual contest. No third or fourth divisions were given to the Olton students. Out of 65 entries in contest, they won 48 first place ratings. A first means excellent.

Don Williams, high school band director, pointed out that the bands do not compete against each other in contest but against a standard. The standard is set by the state.

Medals were won by Wylene Freeman, three gold first division medals in twirling trio, twirling quartet, twirling solo, and second division in french horn solo; Janelle Miller, three gold medals for twirling trio, quartet, and solo.

Naomi Burrus, three gold medals for twirling solo, trio, and quartet; Betty Sides, three gold medals for twirling solo, quartet, and duet; Linda Fent, three

gold medals for twirling solo, twirling trio, sax quartet, and silver medal for quartet in class 2.

Kay Granbery, gold medal for brass sextet; Linda Franks, gold medal for sax quartet and second division certificate for alto sax solo.

Jerry Davis, gold medal for sax quartet; Oneeta Yates, gold medal for sax quartet and second division certificate for sax solo; Yvonne Pinkerton, silver medal for twirling solo, and second division for sax solo.

Janice Ford, two silver medals for twirling solo and clarinet quartet; Joyce Keasler, two silver medals for clarinet solo and clarinet quartet; Barbara Jones, silver medal for clarinet quartet.

Donice Silcott, two silver medals for clarinet quartet and twirling solo, and second division in twirling solo; Ellen Jones, silver medal for twirling trio and bronze medal for twirling solo; Charla Granbery, two silver medals for twirling solo and trio.

Sandie Loveless, silver medal for twirling trio and second division in twirling solo; Alisse Smith, two silver medals for twirling solo and trio; Johnny Estes, two gold medals for brass sextet and quartet.

Vern Steffey, two gold medals

for brass quartet and bass horn; Philbert Hughes, gold medal for brass quartet; Guy Granbery, two gold medals for brass quartet and sextet; Jimmie Priest, three gold medals for trombone solo, brass sextet, and student conducting.

Clyde Rhodes, gold medal for brass sextet; Jerry Meyers, Don Kidd, Billy Hair, and Royce Bodkin, second division in cornet quartet.

Maenette Dennis, Charlotte Loveless, Martha Johnson, and Kay Sherman, second division in clarinet quartet; Weldon Schaefer, gold medal in student conducting, and brass sextet; and Kay Sherman, second division in oboe solo.

OHS band will leave at midnight Tuesday for Enid, Okla., to the Tri-State Band and Choir Contest. Bands will be there from three states.

SPECIAL PROGRAM

Den One Cub Scouts, meeting Wednesday afternoon in the home of their den mother, Mrs. Paul Featherhill, held a special Mother's Day program. Games were played, and each of the boys presented his mother a gift. Eight boys and seven mothers attended.

SANDERS LAD INJURED IN AUTO MISHAP

Tommy Sanders, 8 years old, son of Mr. and Mrs. Utah Sanders, last Wednesday suffered mild concussion and abrasions when he was struck by a car.

The accident occurred about four blocks west of the Olton school buildings about 11:30 o'clock.

The car was driven by Mrs. Jimmie Nicholson.

The child was enroute home from school and Mrs. Nicholson was going home from work when the mishap occurred. The car was traveling at a low rate of speed.

The boy was treated at Olton Memorial Hospital.

Lanning Wins Vegas Trip In Contest

Warner Lanning of Lanning Radio Sales & Service has won an all-expense paid trip to Las Vegas, Nev., in a sales contest sponsored by Motorola.

Mr. Lanning will leave Sunday by plane for Las Vegas. He will spend four days there and return to Olton next Thursday.

Mr. Lanning was one of 300 Motorola dealers from all over the United States to win a trip.

New Canvas Awning Design Used in 'Pace Setter' Home

Who says there's nothing new under the sun? The National Cotton Council reports that this isn't necessarily so down south in Dallas, Texas. A new type of cotton canvas sunshade protects the entire east wall of a modern, forward-looking house.

A far cry in design from traditional awnings, the canvas sunshade provides the same flexible

protection. White vinyl-coated panels, resembling indoor window shades, pull down to cover glass walls. Occupants of the house can literally "ring down the curtain" on summer heat, since the panels tie into rings at the foundation.

Pleated Panels

The panels have horizontally-stitched pleats which enable them to be folded up into neat bundles. When protection is not needed, they can be drawn up to four or five inches and hidden under a roof overhang. Decorative as well as functional, the panels are edged with diamond pointed patches of turquoise canvas.

This unusual way of making shade while the sun shines is a featured attraction of House Beautiful's 1955 Pace Setter House. According to the magazine, the "wall sunshade" introduces a new method of climate control for east or west windows and walls.

Protection Needed

In the hot time of the year, the sun shines one-third of the daylight hours on these exposures. Protection is needed regardless of how well the house is air conditioned or how well the walls are insulated. The canvas panels on the Dallas home

not only completely shade the east wall, but their whiteness helps reflect the heat.

Hello, Kids!

Nice rain we had Monday night, wasn't it? The hail wasn't so nice, though.

We are real proud of the way that the Band came out Saturday at contest. Olton received forty-nine first place medals and also the Sweepstakes Award, which is the highest honor that a band can receive. We sure did appreciate the people that came over and backed us. It always makes you feel so good to know that someone is rooting for you!

Juanice Hendrix, what were you and Pat Harborn waiting on last Saturday? The sight-reading grade, perhaps? Did you nearly get lost?

Ann Ford went visiting at Howard Payne College over the week-end. I believe that she is planning on going to school there. She said that she had a real nice time.

La Juana, Robert and Norma Stovall went to Galveston last week visiting relatives, I believe.

Doreen Young, you kinda got a little sun-burn, didn't you? Did you guys have a good time at Buffalo Springs?

Don Kidd got his horn Saturday at Plainview. See why anyone would like that thing like that at least it's Olton.

Sitton and her blind triplet sons, Don, Jon and Lon, made page one in most of the papers across the country Saturday morning. The picture was taken by R. L. Slagle, who does The Enterprise photography work, and the story was written by Troy Martin, Enterprise publisher.

Mr. Malone said checks to the fund ranged from \$1 to \$10 and came from as far away as Seattle, Wash., and Cleveland, Ohio. Most of the checks were accompanied by newspaper clippings and letters.

The check from Cleveland was accompanied by a clipping from The Cleveland Plain Dealer. The Fort Worth Star-Telegram gave the Sitton story secondary position on page one Saturday morning just under the banner headline.

Originators of the trust fund idea were three Hart men. Joe Newman, Roland Shepard and Edd Bennett. To date Hart has collected more money than any other community on the fund.

Bob McLean, Dimmitt Banker, heads the fund board of trustees. D. M. Grambery, Olton State Bank president, heads the Olton effort. Money collected will be used in taking care of extra expenses incurred in rearing the little boys.

Don, Jon and Lon were born Aug. 1 at Olton Memorial Hospital. Doctors say they were blinded by a disease known as retro-lental fibroplasia, an affliction found mostly in premature babies.

The Associated Press has requested The Enterprise to supply follow stories on the babies on their birthday and at Christmas time. "They will win the heart of America all over again," declared Wilbur Martin, AP state editor.

Church Of God Sets Special Service Sunday

2-AA baseball race at Slaton last Thursday with a resounding 23-5 win over Coach Homer Tompkins' Tigers.

Cecil Maddox went all the way on the mound for the Mustangs, striking out 11 and limiting Bengal batsmen to only four hits.

Olton ran up its big score chiefly on the basis of a staggering 17 bases on balls issued by Tiger hurlers. G. W. Wylie, who opened for Slaton, walked the first five Mustangs to come to the plate. Olton led 3-0 after the first inning and was never headed.

Third Baseman Don Macon paced the Mustang attack with a single and a double in six trips to the plate.

The win left the Mustangs owning a 2-0 record in district play. Slaton lost another game on Tuesday of this week to Floydada, 10-3; so both Slaton and Floydada now have 1-2 district records.

Thus the Mustangs have an opportunity to sew up the district championship this Friday afternoon when they meet the Whirlwind nine at Floydada. Game time will be 4 p. m. Coach Joe Turner has named Maddox as his starting hurler against Floydada.

The Mustangs will wind up their district slate here Tuesday afternoon, May 10, against Slaton. But if Olton beats Floydada in this Friday's game, the Mustangs will be district champions even if they should lose Tuesday's tilt with the Tigers.

If the Mustangs succeed in their quest of the district championship, they will meet the District 1-AA winner in a best-two-of-three series for regional championship. That series, according to Coach Turner, probably would get underway the latter part of next week.

District 1-AA members include Dalhart, Hereford and Tulia. Turner says Dalhart apparently has the inside track toward the 1-AA district championship.

Here Tuesday afternoon, the Mustangs lost a 17-13 thriller to the Lubbock Westerners.

Guy Grambery pitched the first five innings for the locals, and Don Macon hurled the final two innings. Jimmie Priest caught and Jimmy Stone

Rainfall ranged from an inch to an inch and a half.

Guy Watson, who keeps rainfall records at Ben F. Smith Grain Company here, said precipitation in town was an inch and a half.

Hail was heavy here in town and did considerable damage to gardens.

Dick Hudgens, whose place is five miles northeast of Olton reported 1.25 inches of moisture. Frank Mandrell said 1.40 inches fell at his place four miles southeast of town and about an inch and a half at his farm 3 1/2 miles northwest of Halfway.

O. T. Crosby, who lives a mile and a half east of Olton, said he got more than an inch. Aubrey Shelley, whose place is 7 miles northeast, estimated rainfall there at about a half inch. He said there was not much hail damage to his potato crop. Merrill Brigrance, who lives 1.3 miles north of town, said an inch fell at his place and there was considerable hail. About 1.25 inches of rain fell at the Brigrance ranch, 5 miles south of town.

Mrs. Jackson's Condition Said Good At Hospital

Condition of Mrs. Earl Jackson, accident victim, was described as good here early this week.

Mrs. Jackson is under treatment at Plainview Clinic & Foundation for fracture of the collar bone and compound fracture of the pelvis.

She was hurt early last Thursday morning when the car she was driving overturned on Highway 70 in front of the O. B. LaFrance home. Her three small children who were riding with her suffered only minor injuries.

Mrs. Jackson's husband said she was passing a school bus at the time of the mishap. She saw she was meeting a pickup truck head-on and took to the ditch. Her car struck a culvert and overturned.

Bill Yates' father is reported to be improving.

Checks From All Over America

America took the Sitton triplets to her heart this week. A nation-wide story about the Triplets touched off an avalanche of checks from all over the United States to the Sitton Trust Fund.

This information came Wednesday from Jack Malone, cashier of First State Bank at Dimmitt which is handling the fund in Castro County. A story and picture of Mrs. Sitton and her blind triplet sons, Don, Jon and Lon, made page one in most of the papers across the country Saturday morning. The picture was taken by R. L. Slagle, who does The Enterprise photography work, and the story was written by Troy Martin, Enterprise publisher.

Mr. Malone said checks to the fund ranged from \$1 to \$10 and came from as far away as Seattle, Wash., and Cleveland, Ohio. Most of the checks were accompanied by newspaper clippings and letters.

The check from Cleveland was accompanied by a clipping from The Cleveland Plain Dealer. The Fort Worth Star-Telegram gave the Sitton story secondary position on page one Saturday morning just under the banner headline.

Originators of the trust fund idea were three Hart men, Joe Newman, Roland Shepard and Edd Bennett. To date Hart has collected more money than any other community on the fund.

Bob McLean, Dimmitt Banker, heads the fund board of trustees. D. M. Granbery, Olton State Bank president, heads the Olton effort. Money collected will be used in taking care of extra expenses incurred in rearing the little boys.

Don, Jon and Lon were born Aug. 1 at Olton Memorial Hospital. Doctors say they were blinded by a disease known as retro-lental fibroplasia, an affliction found mostly in premature babies.

The Associated Press has requested The Enterprise to supply follow stories on the babies on their birthday and at Christmas time. "They will win the heart of America all over again," declared Wilbur Martin, AP state editor.

Olton Whomps Slaton To Take District Lead

The Olton Mustangs took a commanding lead in the District 2-AA baseball race at Slaton last Thursday with a resounding 23-5 win over Coach Homer Tompkins' Tigers.

Cecil Maddox went all the way on the mound for the Mustangs, striking out 11 and limiting Bengal batsmen to only four hits.

Olton ran up its big score chiefly on the basis of a staggering 17 bases on balls issued by Tiger hurlers. G. W. Wylie, who opened for Slaton, walked the first five Mustangs to come to the plate. Olton led 3-0 after the first inning and was never headed.

Macon Leads Way Third Baseman Don Macon paced the Mustang attack with a single and a double in six trips to the plate.

The win left the Mustangs owning a 2-0 record in district play. Slaton lost another game on Tuesday of this week to Floydada, 10-3; so both Slaton and Floydada now have 1-2 district records.

Thus the Mustangs have an opportunity to sew up the district championship this Friday afternoon when they meet the Whirlwind nine at Floydada. Game time will be 4 p. m. Coach Joe Turner has named Maddox as his starting hurler against Floydada.

Slaton Here Tuesday The Mustangs will wind up their district slate here Tuesday afternoon, May 10, against Slaton. But if Olton beats Floydada in this Friday's game, the Mustangs will be district champions even if they should lose Tuesday's tilt with the Tigers.

If the Mustangs succeed in their quest of the district championship, they will meet the District 1-AA winner in a best-two-of-three series for regional championship. That series, according to Coach Turner, probably would get underway the latter part of next week.

May Meet Dalhart District 1-AA members include Dalhart, Hereford and Tullahoma. Turner says Dalhart apparently has the inside track toward the 1-AA district championship.

Here Tuesday afternoon, the Mustangs lost a 17-13 thriller to the Lubbock Westerners. Guy Granbery pitched the first five innings for the locals, and Don Macon hurled the final two.

RAIN-HAIL FALL HERE MONDAY NITE

Rain and hail broke Olton's drouth Monday night.

Rainfall ranged from an inch to an inch and a half.

Guy Watson, who keeps rainfall records at Ben F. Smith Grain Company here, said precipitation in town was an inch and a half.

Hail was heavy here in town and did considerable damage to gardens.

Dick Hudgens, whose place is five miles northeast of Olton reported 1.25 inches of moisture. Frank Mandrell said 1.40 inches fell at his place four miles southeast of town and about an inch and a half at his farm 3 1/2 miles northwest of Halfway.

O. T. Crosby, who lives a mile and a half east of Olton, said he got more than an inch. Aubrey Shelley, whose place is 7 miles northeast, estimated rainfall there at about a half inch. He said there was not much hail damage to his potato crop.

Merrill Brigrance, who lives 13 miles north of town, said an inch fell at his place and there was considerable hail. About 1.25 inches of rain fell at the Brigrance ranch, 5 miles south of town.

Mrs. Jackson's Condition Said Good At Hospital

Condition of Mrs. Earl Jackson, accident victim, was described as good here early this week.

Mrs. Jackson is under treatment at Plainview Clinic & Foundation for fracture of the collar bone and compound fracture of the pelvis.

She was hurt early last Thursday morning when the car she was driving overturned on Highway 70 in front of the O. B. LaFrance home. Her three small children who were riding with her suffered only minor injuries.

Mrs. Jackson's husband said she was passing a school bus at the time of the mishap. She saw she was meeting a pickup truck headon and took to the ditch. Her car struck a culvert and overturned.

DADDY YATES IMPROVING Bill Yates' father is reported to be improving.

I've heard of Texas tall-tales, but this Georgia tale tops any Texas can tell!

It seems that a Georgia farmer had a fine field of corn and also a fine lot of hogs. When the corn began to ripen, the bears came into the field and really worked it over. The hogs were also disappearing, but the farmer couldn't find where the bears had killed them. After all his hogs and a good bit of his corn were gone, the farmer finally managed to track the bears to a wooded thicket several miles away. When he got there he saw his hogs neatly enclosed in a pen. The bears were bringing them corn, fattening them up for their winter meat.

Lightfoot Leaves For Service

We said goodbye to a great newspaperman and friend last Saturday. One of the most difficult things in life is to at last walk away from the casket of a friend or loved one at the cemetery as those in charge prepare to consign that dear body to the clay.

We were shocked beyond expression to pick up the paper last Thursday morning and learn of Dave's passing. We worked with David and then for him. As an employer and friend we know that he had faults but try though we may, we just can't seem to remember any of them.

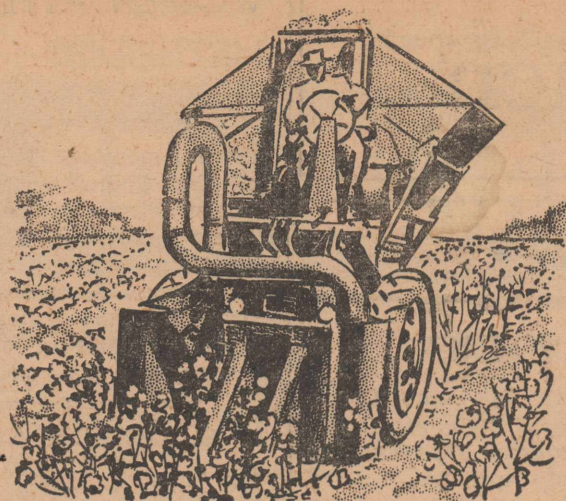

David was a big friendly fellow, well known to farmers and stockmen across the Plains country. David could have spared himself had he chosen to do so. He worked with every fibre of his body to better his community and his area.

The greatest tribute that we can pay to David Rasco is that he served his fellowman. He indeed was slow to wrath and quick to smile.

We cannot bring ourselves to believe that the Eternal Editor has written thirty on the good

Major U. S. Cities Announced On 1955 Maid of Cotton Tour

The United States itinerary of the 1955 Maid of Cotton will carry King Cotton's young fashion emissary to major cities in every section of the country, the National Cotton Council has announced.

For the first time in the sixteen-year history of the tour, the Maid will visit Pacific Northwestern states.

Included on the Maid's whirlwind schedule in the United States are: New York, Miami, Columbus (Ga.), Birmingham, New Orleans, Houston, Dallas, San Antonio, El Paso, Phoenix, Los Angeles, San Francisco, Spokane, Seattle, a number of cities in the San Joaquin Valley of California, Des Moines, St. Louis, Chicago, Philadelphia, Wilmington, Boston, Washington, Charlotte, Detroit, Nashville, Memphis, Dayton, and Cleveland.

Foreign Countries
Several other additions probably will be made before the tour begins, the Council noted. Foreign countries to be visited by the 1955 Maid of Cotton will be announced later.

The Council said that currently the contest is in progress to select the girl who will represent the cotton industry on the 1955 tour. Deadline for entries in the contest is midnight, December first. All entries must be postmarked before that date.

Entry Requirements
To be eligible to become Maid of Cotton, a girl must be born in a cotton-producing state. She must be between the ages of 19-25, must never have been married, and must be at least 5 feet 5 inches tall.

Entry forms and complete information about the contest are available from the National Cotton Council, P.O. Box 18, Memphis, Tenn. Entry forms must be completed and returned to contest headquarters along with two photographs, one a head and shoulders portrait and the other a full-length view.

Important Attributes
The Council points out that the competition is not a "beauty contest." Girls are judged on the basis of poise, personality, and

intelligence, as well as appearance.

After the Maid is selected at Memphis, Tenn., Jan. 4, she will begin her tour with a month's preparatory period in New York. There she will be outfitted with a glamorous all-cotton wardrobe, representing the best in cotton for 1955. There will be about 50 outfits for every occasion and every season of the year in the Maid's fabulous collection.

She will wear these fashions everywhere to show cotton's leadership in the high-fashion world, and she will appear as featured model in all-cotton fashion shows at each stop.

Constantly in Spotlight
The Maid of Cotton also will serve as good will courier for the cotton industry. She will meet mayors, governors, city and civic leaders throughout the tour to present the industry's greetings. Wherever she goes, the Maid constantly is in the spotlight in her role of fashion and goodwill emissary for the 13 million members of the cotton industry.

The Maid of Cotton is sponsored by the National Cotton Council, the Memphis Cotton

Carnival, and the Cotton Exchanges of Memphis, New York, and New Orleans.

Wearing their royal crowns after being proclaimed Queen and King of the Mardi Gras at the recent Junior-Senior Banquet are Yvonne Peterson and Don Macon. The royal couple was showered with confetti and multi-colored balloons as they were crowned by Harry Ford. Yvonne and Don were chosen by secret ballot by the Junior class and their identity was not known until the actual crowning.

Unbeaten Olton Whacks Nazareth In Central Plains League Contest

Olton's entry in the Central Plains Baseball League continued its impressive ways Sunday with a 9-5 victory over Nazareth.

Clifford Curry pitched the first six innings for the locals, and Olton led 6-2 when Gerald Allcorn took over mound duties at the start of the seventh and finished the game.

Top Hitters

Two Olton batsmen—R. V. Allcorn and Cecil Maddox—got four hits for five trips to the plate. Allcorn, center fielder, had a home run, and Maddox, shortstop, had a booming two-run triple.

Catcher Jimmie Priest was forced to retire after an inning and a half with a jammed thumb, and J. L. Snider caught the remainder of the game.

Olton got 18 hits off Nazareth pitching, and played errorless ball all day.

The game was played at Nazareth.

Strong Contenders

Olton opened league play a week ago Sunday with a 24-8 triumph over Lazbuddie. Thus the locals now own a 2-0 record in league play, and have established themselves as definite contenders for the league championship.

The club is managed by Aubrey Shelley.

This Sunday, May 8th, Olton will tangle with Friona at 2:30 p. m. in an away-from-home contest. Then on Sunday, May 15th, they'll return home for a game with Umberger.

BRINGS FATHER HOME

Roy McFadden and son, Royce, made a trip to Colorado last week to get Roy's father, Mr. G. B. McFadden, who will spend the summer here.

Community Birthday Calendars

Community Birthday Calendars are at Sherman Food Store and can be picked up anytime during the day.

Supply of Maps Is Exhausted

Olton folks must be planning to do lots of traveling this summer.

At least that's what we're led to believe here at The Enterprise judging by the demand for the official state highway maps which we have had available for free distribution these past few weeks.

The first 75 maps we ordered went like wildfire. So we ordered another 75. The last of those was given away yesterday. So our supply is temporarily exhausted.

We'll try to have more by the latter part of next week.

Olton eighth graders had a weiner roast and skating party at Plainview Tuesday afternoon.

WEEK-END WITH PARENTS

Mr. and Mrs. Eugene Ball spent the week-end in Tucumcari, N. M., visiting with her parents. Mr. and Mrs. J. N. Green, Eugene and Mr. Green planned a fishing trip for the end of May.

FISHERMEN

A party of Olton fishermen were at Devils River near Del Rio over the week end. In the party were Marshall Stone, Bert Stewart, Ernest Jones, Alton Cure and Louis Hair.

RETURNS HOME

Mrs. Nell Crawford has returned home from Dallas. Her granddaughter, Pamela, is visiting with her.

Botkin Food Grand Opening This Week-end

The grand opening of Botkin Food Store here has been set for this Friday and Saturday, it was announced this week by Louis Botkin, owner.

Free coffee, doughnuts and ice cream will be served, and 25 baskets of groceries worth at least \$5 each will be given away half hourly from 10 a. m. to 7 p. m. on Saturday.

There will be free prizes for the children, and customers will have the opportunity to register for a handsome outdoor bar-b-q grill and ladies Dupont luggage to be given on Saturday, May 14.

Botkin, a former resident of Tahoka, recently bought the firm from Ralford Daniel.

REDDY'S Farm Report
 FROM THE AGRICULTURAL DEVELOPMENT DEPARTMENT
 SOUTHWESTERN PUBLIC SERVICE COMPANY

How to get safe, dependable, trouble-free electrical protection is being explained by John Dwyer, Vocational Agriculture teacher, to Donald Mansel. The various fuses may look alike but each one is designed to protect either an electrical circuit or an electric motor of given capacity.

John Dwyer, Vocational Agriculture Instructor, Groom, Texas, observes as students of Vocational Agriculture operate properly protected electric power tools. The wiring system is planned and adequate to supply the motors with sufficient electricity. All of the equipment has grounding protection. From the left: John Dwyer, James Angel, Ronald Homer, and Donald Mansel.

using the new three-prong plugs. (See accompanying photos).

While your electrician is installing your grounding system, ask him to check overload protection for your motors. Electric motors, while relatively inexpensive, do cost money and they should also have their share of protection from overloading.

A good example of a farm workshop which provides both operator and motor protection is the Farm Shop of the Vocational Agriculture Department, Groom High School, Groom, Texas. Under the guidance of John Dwyer, the instructor, this shop has been adequately wired, the electrical powered tools have the proper overload protection, and proper grounding convenience outlets are used. All wiring is in metal conduit.

These and other safe practices mean that this shop is a safe place for the students of Vocational Agriculture to work and learn how to use the tools that make farming more profitable. Your farm shop can be just as safe.

Farm power tools such as electric saws, drills, grinders, and sanding machines, both portable and stationary, are coming equipped these days with a grounding plug. The plug has three prongs, and, at first glance, one would think that he had received a three-wire, 220 volt plug. Actually, this is not the case. The plug is simply an ordinary 110-volt plug, but with this difference: the third prong is for a grounding connection. Some power plugs instead of having a third prong, will have a green wire protruding.

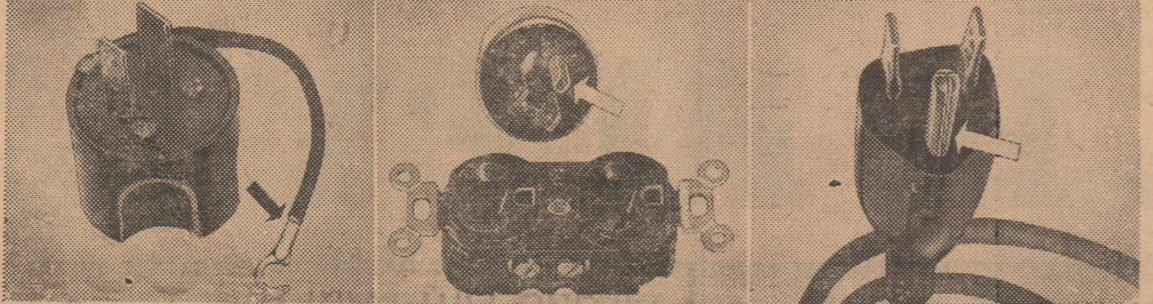

With this third connection, the

This terminal, usually a green covered wire that protrudes from the plug, is another type of ground used on some electric equipment. This ground should be connected to a water pipe or the conduit of the wiring system, if it is properly grounded.

operator of the power tool is completely safe in the event of insulation becoming worn or broken and the bare wire touching the frame of the motor. Current which might ordinarily energize the equipment will, instead, travel along the safety "ground" and be dissipated without harm. This will be so even if the ground or floor on which the operator is standing should be wet. If your present farm power tools do not have the third wire for grounding, call in your electrician and have him run a grounding wire for you so that tools may be plugged in

Below is plug and outlet available for installing a grounding wire on your existing 115 volt single phase electric powered tools. The third terminal carries the electricity to ground, if the equipment should become energized due to worn insulation on wires.

This type of electrical plug is found on the new "Electric Farm Power Tools". The third terminal is for the grounding wire that connects the motor to the ground in the wiring system.

School Closing Date Is Near

Tuesday, May 24, will be the last regular class day of the school year, Supt. of Schools Carl Macon pointed out this week.

Classes will be dismissed at noon on that day.

Students will return to school the following day—Wednesday—for their report cards, Macon said.

Olton High School baccalaureate service will be held Sunday night, May 22. The speaker will be Rev. Jake Setser, who formerly taught school here.

Eighth grade graduation exercises are set for Monday night, May 23, and high school commencement services are scheduled for Tuesday night, May 24.

The commencement speaker will be Roy Bass, widely known Lubbock attorney who has achieved considerable renown as a speaker over the Panhandle-Plains area.

Methodist Give To Friendship Korean Fund

Offering to buy materials and stock for Korea, of several hundred dollars was taken during the service Sunday night at the Olton Methodist Church.

Rev. Ellis Todd, Plainview, director of the program for the C. R. O. F., brought the service Sunday evening. He presented a talk on the "Friendship Ship" which will leave Houston June 15 and showed some pictures on war-torn Korea.

This program is being provided for by 34 different church denominations.

BREAKS ARM IN FALL FROM SWING

David Thurman, 7 years old, suffered breaks of his left arm in two places here early Wednesday afternoon in a fall from a swing at the school playground. The youngster, a first grade student in the room of Mrs. Jewel Dale, was treated at Olton Memorial Hospital, then was taken to Lubbock for bone surgery.

COTTON AND THE MAN . . .

May 9-14 will be celebrated as National Cotton Week. We heartily commend the nationwide observance of this country's greatest crop, and the men who grow it. We are deeply appreciative of the fact that we are a major service agency for the cotton farmers of the Olton area. Without them, our business would not exist.

It is a privilege to serve so fine a group of men. It is a pleasure to know them personally. And it's our pledge that we plan to continue and expand our services to them in every way possible.

King Cotton truly figures importantly in all our lives. The crop—and the men who produce it—are fully deserving of our deepest interest and gratitude.

Unique Contest Stirs Interest In Bag Sewing

Early response to the 1955 Cotton Bag Sewing Contest indicates that the third annual event will set new records in participation, the National Cotton Council announces.

The nationwide competition, open to all women interested in cotton bag sewing, is sponsored by the National Cotton Council and the Textile Bag Manufacturers Association with the cooperation of Pfaff Sewing Machines. Contests will be staged at 52 state and regional fairs from June to November, with finals scheduled for November 15 in Chicago.

Many Prizes

The winner at each fair will receive a portable Pfaff sewing machine, cash awards, and a chance at the National Cotton Bag Sewing Queen title and grand prizes. The queen and two runners-up will win, for themselves and escorts, all-expense paid trips to Chicago, a week's stay at the New Morrison Hotel, and gifts worth more than \$2,500.

With an increased number of inquiries from women wanting to get an early start in the 1955 contest, the Cotton Council expects 25,000 entrants this year. All entries must be made from cotton bags, and are judged for originality, workmanship, appearance, and suitability.

List of Awards

Included in the grand prizes are a wardrobe of cotton bag fashions, a refrigerator, gas range, automatic washer, television set, radios, sewing cabinets, 42-piece set of silverware, coffeemakers, steam irons, electric cotton sheets, electric deep fat fryers, complete sets of dyes for home use, and many other items of household equipment.

Winning entries from each fair are judged in Chicago and placed on display there during the ceremonies featuring the crowning of the queen, presentation of awards, and a cotton bag fashion revue.

(National Cotton Week, May 9-14)

G. H. BLEY

NATIONAL
COTTON WEEK
MAY 9-14

We of the grain industry heartily commend the observance of National Cotton Week, May 9-14.

We recognize cotton as the backbone crop of this area, and we urge the buying of cotton products as a means toward maintaining high cotton acreage allotments.

A crop which figures so keenly in all our lives merits our attention and appreciation. So, too, do the farmers who grow this crop. The seed which they are planting now will be a major factor in providing a good standard of living for this area's Main Street merchants, employees, and their families.

All of us—whatever our occupation—owe a debt of gratitude to cotton, the South's great crop.

"White Glove" Cooking

That's electric cooking, of course — the modern cooking method, the white glove cooking way. That's because electric cooking is so clean that you can actually take a clean, white glove and run it across the top of the electric element. Unlike the old-fashioned flame-type burners, electric elements collect no soot.

Then, too, electric cooking is electrically controlled for accuracy and dependability. Ever notice how engineers build things with electric controls when they're after modern, automatic control? So, it's obvious that for modern cooking it makes good sense to go all-electric. Get the range that cooks with and is controlled by electricity.

An electric range is clean and it always looks modern. That's because electric cooking is as clean as an electric light bulb. And, it looks modern because if it's electric it IS modern. See the beautiful, modern electric ranges on display at your Reddy Kilowatt Electric Appliance dealer's store. Ask for a free demonstration. Go modern... and that's to go electric!

Dear Troy:
Today, we moved a picture of the Sitton triplets and a story. I think both will be on the front pages of every newspaper in the country. I had to write the story so short that I couldn't do you justice, but I want to say I think you did a swell job.

If, next Christmas, you can do a story on the boys and their presents I think the country would fall in love all over again with them.

Cotton Suit Due For Male Acclaim In Summer Styles

The cool, "cotton look" will be a major style note in summer suits for men, according to fashion experts.

The cotton suit is headed for a strong revival because of the advent of wrinkle-resistant finishes and new types of fabric.

A worsted-type cotton suiting and chino striped twill are new entries in the men's summer suit field. Cotton poplin suits and cotton gabardines, introduced within the past year or so, already are popular in some areas. Treated for crease-resistance, the traditional cords and seersuckers also are expected to receive a welcome from men who are seeking clothing comfort for hot summer days.

The trend to cotton in summer suits is an outgrowth of the longer menswear trend toward greater comfort, lighter weight, more color and simpler styling. The emphasis on casual comfort

NEW Ford 250 PTO HAY BALER

The new Ford 250 PTO Hay Baler is profitable to own because it pays for itself on fewer acres. Since it holds baling costs to a minimum, profits stay up. But that's not all. By baling hay quickly, at the peak of its richness, more feeding value is locked into each bale. And by handling hay gently, more of the nutritious leaves are saved. With less waste, each acre of your hay produces more meat, milk or wool.

Engine Driven Model also available. All these profit-building advantages are yours with the new wine-tie Ford 250 Hay Balers. Come in and see them.

Council Awards Contracts Tuesday; Improvements Will Go To Hillcrest

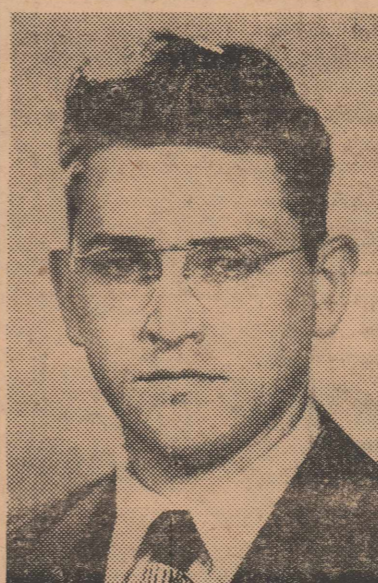

Fears of Hillcrest proponents were allayed somewhat Tuesday as the new city commission let a sewer and water improvement construction contract which includes extension of sewer and water facilities to the proposed new housing project.

Contract for the improvement went to M & N Construction Company of Hobbs, N.M. That firm's bid was low among nine bidders.

To Peerless Pump Company of Plainview went the contract for the proposed new city water well facility.

Mayor Bley said it probably will be about 30 days before work begins on the sewer and water improvements.

The contracts were let at a called meeting of the commission which took office Monday night. Present at the Tuesday meeting was Ralph Douglas of Littlefield, city engineer.

VISITS—Leon Sherman of Tulsa, Okla., was a visitor here this week in the home of his brother, Basil Sherman.

WINS SCHOOL HONOR

Nine OHS Band Members Are To Play In College

Five members of the OHS band have accepted music scholarships to play with college bands next year.

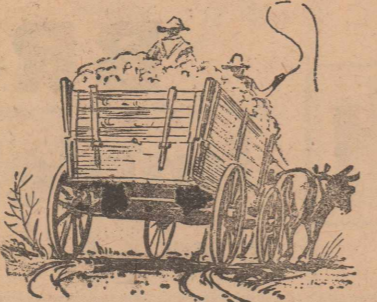

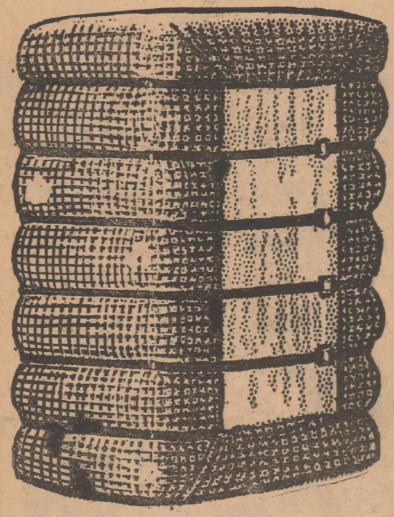

Jimmie Priest and Johnny Mack Estes will play in the Eastern New Mexico University band. Jimmie, who plays trombone, won the Outstanding Senior Music Student award in OHS recently. Johnny Mack plays bass horn and won two gold medals at contest for his ability to play in brass sextet and quartet.

To play in Howard Payne College's Yellow Jacket band next year are Ann Ford, trombone; Vern Steffey, bass horn; and Janelle Miller, who will be majorette and play trumpet. Since moving from Canyon last year, Ann has played in the band a

year. Vern has played in the band all four years in high school and was Alternate for the All-State Choir this year. Janelle has played in the OHS band for 3 years and has been a majorette for two years.

The following will be playing with a college band next year, but will not be playing under a scholarship. They are Linda Franks, alto sax, West Texas State; Joyce Keasler, clarinet, Abilene Christian College; Wynlene Freeman, french horn, Abilene Christian College, and Guy Granbery, trombone, Abilene Christian College.

For Office Supplies Of All Kinds Come To The Enterprise

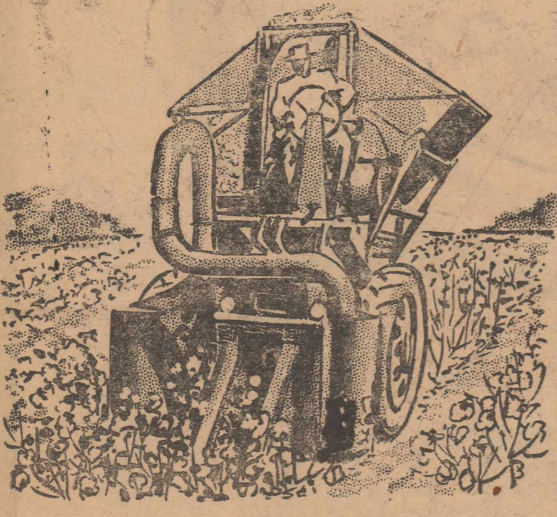

It seems almost needless, doesn't it, to point out that cotton plays a tremendously important role in the economy of the Plains? So important, in fact, that it deserves more attention than we give it.

Cotton figures keenly in the life blood of this newspaper, and in the welfare of other businesses up and down our main street.

It's a crop which deserves our consideration, and the men who grow it are due our deepest gratitude. Without cotton, all of us would be hard-pressed to maintain a workable economy.

So let's think about this great crop of our area when we do our shopping, because it will continue a great crop only so long as the demand for it continues at high levels. Let's remember to ask for cotton products. By doing so, we'll be doing our part to keep cotton acreage allotments at a high level.

Let's all help shoulder the responsibility of supporting the crop that supports us.

RED CHAIN CHICK STARTER
A Complete Feed • Mash or Granules

ONLY A LITTLE NEEDED SO IT MUST BE *Tops!*

Baby chicks have a very small capacity for feed but when growing normally they attain 20 times their hatching weight in eight weeks. This means that the feed you give them must be high in nutrient levels . . . and every particle of feed must contain the right quota of the various ingredients. Only by using the most modern weighing, blending and mixing machinery can this be assured. For example, when 10 grams of antibiotics is provided in a ton of feed each 100 pounds of finished feed must contain 1/2 gram. This is equivalent to 1/2 teaspoon of antibiotics. Very small amounts of vitamins and minerals are also needed . . . but these amounts also must be present for fast, healthy growth.

When you feed your chicks RED CHAIN Chick Starter you provide them with the very best feed we know how to make. SEE YOUR RED CHAIN DEALER TODAY.
