

Nuptials Are Read For Joline Applewhite, Former Oltonite, and Lt. Halsey in Belen

In afternoon ceremonies on Sunday, December 26, Miss Joline Applewhite, daughter of Mr. and Mrs. Roy Applewhite of Belen, formerly of Olton, became the bride of Lt. Charles Sale Halsey, son of Mr. and Mrs. R. S. Halsey, Belen.

Miss Applewhite attended Olton public schools. Her parents, who still have a farm west of Olton, came to this vicinity in 1924. Miss Ruth McCarty, Olton, is a cousin of the bride. She and her mother, Mrs. O. N. McCarty, attended the wedding.

The double-ring rites were said by the Rev. Chester Frantz before an altar banked with baskets of white gladioli and red carnations. Candlelighters were Miss Rosemary Keith and Bruce Lovett.

The bride's only attendant was Mrs. Paul Buchanan, Phoenix. Major Fryer Halsey attended his brother as best man. George Matsu and Ralph Calkins served as ushers.

Mrs. Fiske Moutain, organist, furnished traditional wedding music, and accompanied Mrs. M. L. Nichols, soloist.

Given in marriage by her father, the bride wore an afternoon gown of beige linen lace. It was simply fashioned with a high neckline, fitted bodice and bouffant skirt. She wore a small matching hat of beige lace and carried an orchid corsage mounted on a white Bible.

A reception was given in the home of the bride's parents following the ceremony.

Mrs. Halsey was graduated from Quemado High School and attended Albuquerque Business College. She was employed for two years in Albuquerque by an insurance company, and for two years in Belen. She was employed for three years by the Federal Bureau of Investigation in Washington, DC. For the past year she has worked for the Lovett Oil Co. in Belen.

The bridegroom is stationed in Victorville, Calif., with the Air Force.

Following a wedding trip throughout the Southwest, the couple are at home in Victorville.

THE GOSPEL OF CHRIST

"Gospel" means good news or glad tidings. The gospel of Christ is the good news of Christ and his redemption for the human family. The gospel is called the word of truth, Eph. 1:13, Col. 1:5. It is God's power to save both the Jews and the Greek or Gentile, Rom. 1:16; Eph. 1:13. It is something to be preached, 1 Thes. 2:2; Mk. 16:16; Rom. 1:15; 1 Cor. 15:1. Belief or faith comes by the gospel, Act. 15:7; Rom. 10:17. Obedience to it is necessary to be saved, 11 Thes. 1:7-8; Rom. 10:16; 1 Pt. 4:17.

It is important that every lost soul learn, believe and obey the true gospel of Christ. Without it there is no salvation.

Teen Age Column
By Wylene Freeman

Hello Gang,

From what I hear Jolly Old Saint Nick was just pretty good to everyone at Christmas. I guess everyone was just especially good this year.

The snow was sure nice. It was nearly a White Christmas, wasn't it?

Donna went to Oklahoma over the holidays. She had a nice time. Yvonne went to Houston. I think every one had a nice time over the holidays. Too bad that school started again.

Bobby and Jackie went to the Cotton Bowl. Did you have fun, boys?

Congratulations to LaNelda for winning the All-Star show on teen-time. She got a nice phonograph and radio. She also got some pretty riding pants and a shirt. A Christmas present, wasn't it?

Beverly, did you get shut up in a closet, Tuesday? It was sort of hot in there wasn't it?

The basketball girls played an intramural game Monday night. The Juniors and Seniors played the Freshman and Sophomores. The upperclassmen won. A little more experience, I guess.

The Seniors are selling bracelets with OLTON ES written on them. They sell for \$1.00. They are very pretty so everyone be sure and buy one.

The choir went to Littlefield Monday to hear the E. N. M. U. choir, from Portales.

Mildred, what happened that you didn't make it to the party the other night?

The man who tells lies on other people should have the truth told on him.

You can't push yourself forward by patting yourself on the back.

Shower Friday Will Honor A. B. Youngs

The A. B. Youngs, whose home was destroyed by fire December 20, will be honored with a miscellaneous shower Friday evening (January 7) at 7:30 in the Olton Fire Station.

Included in the list of hostesses are Mesdames L. E. Bal, Wanda Fern Neinast, J. Y. Wells, Vernon Jeffries, Junk Neinast, Jake Mitchell and Claude Carothers.

A general invitation is extended to men, women and children.

CARD OF THANKS

I wish to thank the folks who have shown me so much kindness since my leg was broken.

for his sheep when we staggered into his place numb with cold after a three-quarter of a mile jaunt through the snow from our car.

He and Orville went to help us and we finally got our car out. It was necessary to traverse the snow in reverse back to Art's house where he could turn around.

And where do you think we found Art's sheep? Why blocking the road behind us, of course!

News was certainly scarce last week. Almost everyone was either gone for the holidays or holed up at home out of the cold. So, if we miss anything in this issue, we'll try to cover it next week.

New 800 FORD TRACTOR

MOST POWERFUL FORD TRACTOR EVER. Hold on to your hat! Ford's new power-packed 800 series tractors really make the work fly!

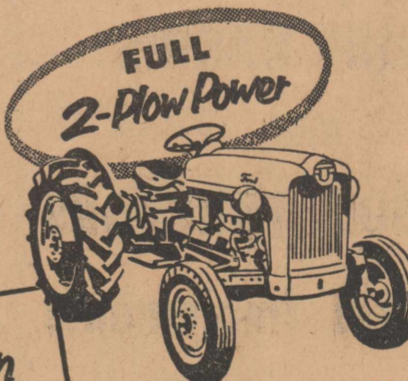

Yes, the minute you take the wheel of a new 800 Ford Tractor and hitch it to a heavy pull, you'll experience a new thrill in responsiveness and PULL power. You'll walk right away with far heavier loads than you ever thought possible. You'll keep going, smoothly and easily. And you'll notice many more advantages . . . 5-speed transmissions . . . hydraulic control of implements . . . power take-off operation . . . ease of handling . . . safety . . . durability . . . and much more! After you have tried a new Ford, you'll agree—for all-around tractor performance, Ford brings you the finest ever!

See the new 600 Ford tractors, too!

Ford's more powerful "RED TIGER" engine steps up power 30%!

Here's a big reason for 800 Ford Tractors' performance-plus. They are powered by Ford's advanced "Red Tiger" engines . . . fully 30% more powerful than any previous Ford Tractor engine. The large bore, short stroke design delivers more power on less fuel, with less engine friction and wear. There are many advanced features in the new Ford "Red Tiger" engine, too. Only Ford's vast manufacturing resources and mass production efficiencies could bring you so much tractor engine at such a low cost!

All of Ford's step-ahead features are available in the 2-plow 600 series tractors, too. So if you are looking for rock-bottom operating economy in two-plow tractor power, plus unmatched ease of operation and job-ability, be sure to see the 600 Ford Tractors. And . . . there are more quick-attached tools available for Ford Tractors—whether you choose the 2-plow or 3-plow size.
*Standard equipment on models 800 and 660.

You'll find lots more that you have always wanted in a tractor when you look over the new Fords—features that make tractor operation easier and help you get more done in less time. Yet, for all the new Ford Tractors have to offer, you'll find they are priced exceptionally low.

COME IN AND SEE THEM!

MR. FARMER . . .

You are cordially invited to see the new Ford tractors on display in our showroom this Friday and Saturday, January 7-8.

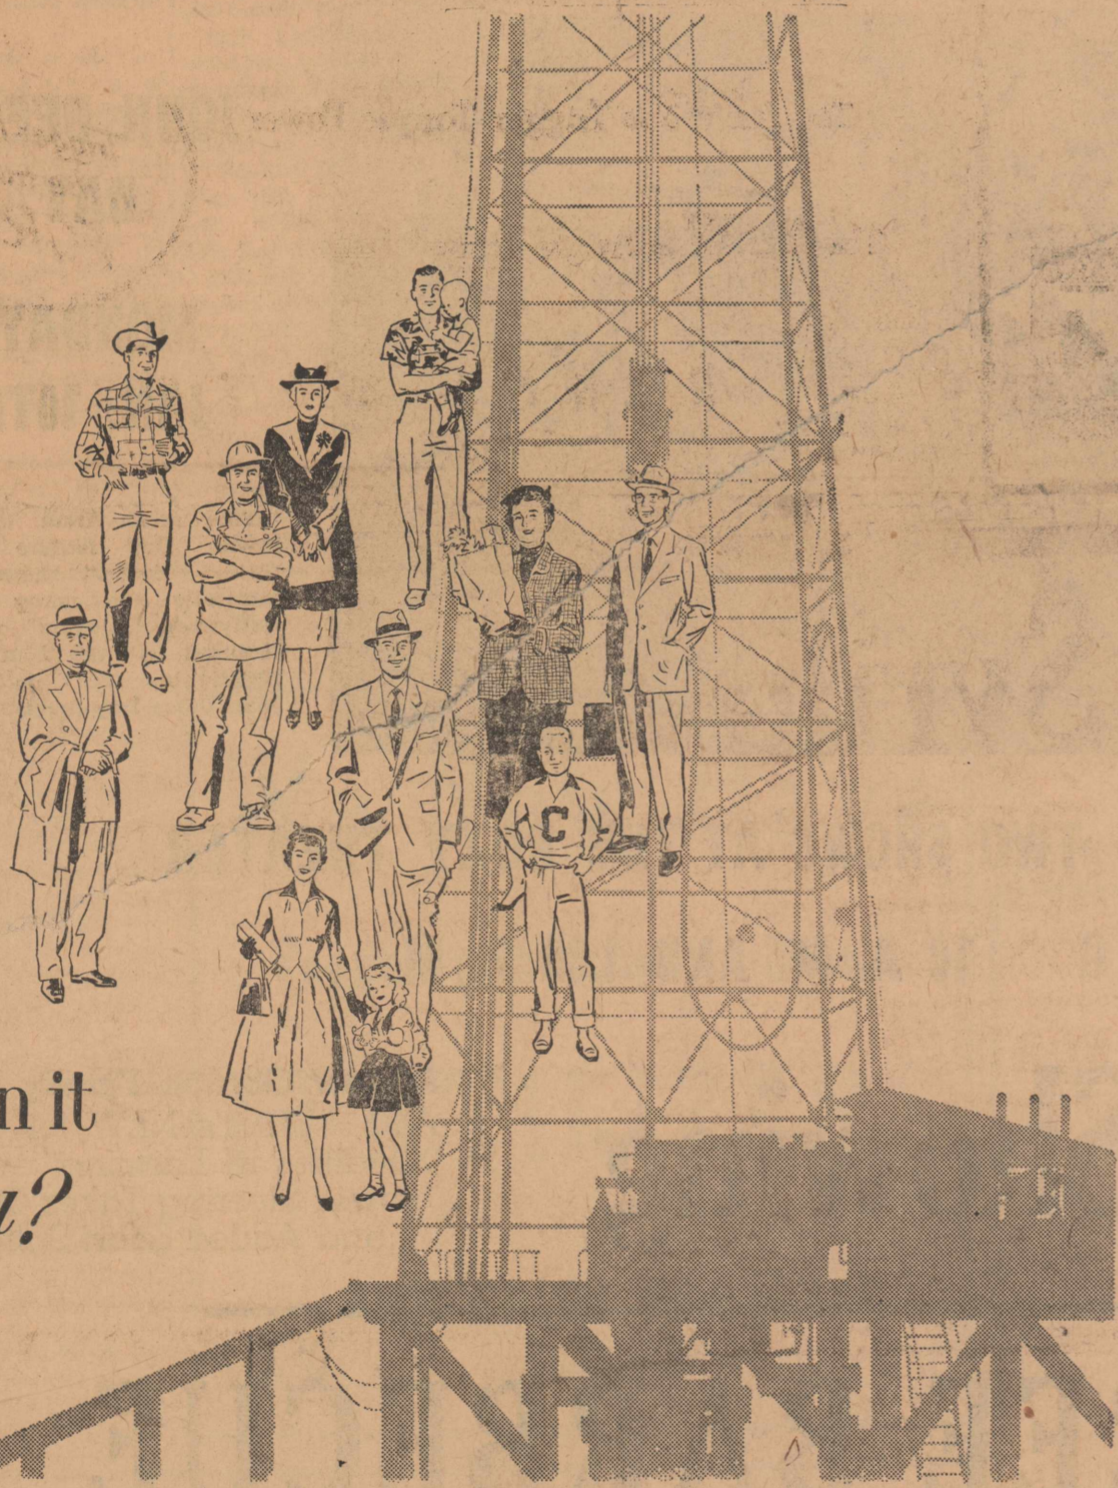

ADAMS Tractor Co.

OLTON, TEXAS

What's in it for you?

Every Texan profits in a large way from every barrel of crude oil and every cubic foot of natural gas produced in the State.

Directly. Taxes paid by the petroleum industry to support all agencies of the State Government, including schools, old age assistance, and welfare institutions, totaled \$170 million in 1954, more than a third of all the taxes collected by the State. And, in addition, the industry pays millions in other taxes to counties, school districts, and municipalities.

Indirect profits are even greater. Industry employees receive and spend about \$850 million a year; royalty and lease payments to landowners add up to \$500 million. Most of this money passes promptly into trade channels.

As a result, you'll find oil dollars on every

balance sheet in Texas and in every bank account, including your own.

... But you can't figure profits in money alone.

The chief profit from the production of oil and natural gas rests in what these fuels do: In the miles you cover with your car . . . in heat for your home . . . in the usefulness of articles made from petroleum hydrocarbons . . . in the power that moves long trains across the continent and turns the wheels of the large industrial plants.

This profit Texans share with all Americans. It is reflected in the American standard of living, which is the world's highest; and it provides a dividend of national security, because a well developed, efficiently operated petroleum industry is one of the major resources in the U. S. arsenal for national defense.

Wholesale Firm Changes Hands

Delmer McMillen and Kenneth Campbell have purchased Consumers Oil Co. here from Lawton Thomas and will operate the firm under the name of McMillen & Campbell Texaco Wholesale, it was announced this week.

The change became effective the first of the year.
The firm will be a wholesale distributor for Texaco gasoline, oils, greases, kerosene and diesel fuel.

The firm, which to now has handled Shamrock products, had been in business here under the name of Consumers Oil Co. since April, 1932. Mr. Thomas had been a part owner since that time, and became sole owner about a year ago. The firm has been managed by Marshall Campbell.

McMillen and Campbell operated a Texaco service station on Highway 70 here from Dec. 15, 1952, to Sept. 1, 1954. McMillen has been an Olton resident since 1941, and Campbell moved to Olton from Baylor County in 1951.

The service station which adjoins McMillen & Campbell Texaco Wholesale will henceforth handle Texaco products, it was announced. The station will continue to be operated by Elvis Hatley.
