

## DEDICATION PROGRAM FOR PAINT CREEK SCHOOL IS SCHEDULED TODAY

### 6-WEEKS TERM OF DISTRICT COURT WILL CONVENE MONDAY

#### Jury Will Face Busy Week With Numerous Complaints Filed

District Court term of the 6-weeks session, will be held in this city Monday. Grand Jury for the term impaneled at that time today will face the heaviest load of cases to be heard in any similar group of years, according to court officials.

Three complaints have been docketed in County and Justices for Grand Jury investigation. Defendants in each of these complaints are at liberty under bond order of officers. Numerous violations which have been referred to officers, in which would not warrant a committal arrest, will be referred to investigating body, officials said.

Book of court files reveals growing offenses charged in cases where defendants are held to await Grand Jury action.

An automobile while driving on highway, 3, robbery, 1; chicken failure to stop and render aid, 1; burglary, 1; assault with a deadly weapon, 1; assault with a knife, 1; and horse theft, 12; for passing forged instruments, 1.

More serious offenses investigated by officers stated three assault to murder incidents occurring on 16 north of Rule several days ago. Defendants are to reside in Abilene. The charge was filed after the report to officers small sum of money had been taken from him while traveling highway north of Haskell the latter part of July. Complaints resulted from investigations of two arrests in Haskell and one in Abilene. An alleged forgery resulting in the arrest of one person by Haskell county and the subsequent commitment of three persons to await investigation. Four persons are named in twelve charges charging theft of cattle. All are under bond to await action of the Grand Jury.

Docket for the ensuing week is expected to be the heaviest in the history of the court, with a number of cases carried over from the previous term. A number of cases are also pending, in the large number of which have been recently instituted by the independent subdivision. Several cases will be heard during next week. The criminal docket call on Monday October 2nd and 3rd. Distribution of cases and criminal docket for the following four weeks of the term ends Nov. 5th will be probably next week.

#### Grand Jurors Panel

Jury for the term will be selected from the following panel to report Monday:

Watterson, Haskell; A. T. Dale; W. M. Trimmer, J. L. Wright, Weinert, Hess, Weinert; R. O. Carole; A. W. Cox, Haskell; Jesse, Stamford; Albert Haskell; W. E. Bunkley, Felix Josselot, Weinert; J. Lueders; V. C. Bailey, F. Force, Haskell; Felix Rochester; Rice Alvis.

### At Abilene Fair

One of the principal reasons for the popularity of the "New Yorker Revue" which will be a feature attraction on the midway of the Abilene Free Fair Oct. 3 to 8.

### FIREMEN TO STAGE FINAL FIGHTS OF SEASON SEPT. 29

#### Acosta and "Sparky" To Be Featured in Six-Round Return Match

Fight fans of Haskell and this immediate section are due to have a long-expressed wish fulfilled, according to members of the local fire department who have charge of the fights which have been sponsored during the summer months. Arrangements were completed this week for a return bout between Fred Acosta, Mexican champion, and Herman "Sparky" Hill, Haskell's colored wearer of the pugilistic crown. In a recent three-round bout, judges declared a "draw" and since that time local fans have clamored for a return match. The previous encounter was a three-round bout, and in order to eliminate any "even" decision, insofar as possible, sponsors have billed the fighters for a six-round match to determine for once and all the rival claims of the two fighters. Date for the classic has been set for Thursday night, Sept. 29th, in the firemen's open air arena at the City Hall.

### TWO-DAY RODEO WILL BE STAGED AS FAIR FEATURE ON OCT. 21-22

#### Full Slate of Rodeo Events Will Be Given on Fair Park Grounds

Arrangements were completed this week for the staging of a two-days Rodeo Contest during the Central West Texas Fair, on Friday and Saturday, Oct. 21 and 22. The events will be staged under the direction of Mike Kennibrough of Vera, Texas, who has conducted a number of successful rodeos throughout this section. Rodeo pens will be erected in front of the grandstand, and performance will be given each afternoon. If suitable lighting equipment can be installed, night performances will also be given. Events will include the full slate of rodeo contests, which will be open to all registered riders of West Texas. Professionals only being barred from competitions. Prizes to be awarded and rules of eligibility for entrants will be announced within a few days. Mr. Kennibrough announced Wednesday. Mr. Kennibrough will furnish all rodeo stock, including a herd of

### FINAL RITES HELD HERE THURSDAY FOR 10-YEAR-OLD GIRL

#### Typhoid Attack Is Fatal To Daughter of Mr. and Mrs. R. W. Hudgens

Final rites for little Miss Wilma Hudgens, 10-year-old daughter of Mr. and Mrs. R. W. Hudgens, were held at the First Baptist Church in this city Thursday afternoon at 2 o'clock. Rev. C. Jones, Baptist minister of this city, officiated. Interment was in Willow Cemetery with Holden's Funeral Home in charge of arrangements. The little girl died Wednesday morning at 11:30 in the Stamford Hospital, where she had been under treatment for the past two weeks with typhoid-pneumonia, physicians said. Born February 7, 1928 at Brownfield, Texas, she had united with the Baptist church some time ago and was a regular attendant at Sunday School and church. Mr. and Mrs. Hudgens and their children moved to this section three months ago from Andrews county to make their home on a farm several miles northwest of Haskell.

In addition to the parents, three brothers and two sisters survive. They are: Hubert, Linden, and Richard Hudgens, and Misses Hazel and Erceel Hudgens, all of Haskell. Pallbearers were J. C. Holt, Richard Bischoffhausen, Jess Barton and John Fouts. Floral offerings were handled by Misses Earline Pearsey, Charles King, Jessie Karr and Jimmie Lou Free.

### Knox Group Invites Haskell Singers To Truscott Sunday

All Haskell county singers and music lovers have been invited to attend the regular convention of the Knox County organization, which will be held in the Truscott school house next Sunday. The program will begin at 2:00 o'clock p. m., and will feature a number of the best singers of this section. Arrangement of the program will permit all visiting singers a prominent part, it has been announced. A cordial welcome has also been extended to the general public to attend the gathering. Cole Menefee of Big Spring visited his mother and other relatives in Haskell this week. Ed Fouts made a business trip to Dallas Wednesday.

### High School Pep Squads To Form Colorful Division In Fair Parade and Pageant

The addition of a new and colorful division in the parade and pageant to be staged on opening day of the Central West Texas Fair Oct. 19th, was announced Wednesday by Mrs. W. L. Richey, pageant chairman, and W. O. Holden, parade superintendent. The division will be composed of High School pep squads in uniform, representing all schools in the county and nearby cities. Invitations have been extended to Albany, Stamford, Aspermont, Throckmorton, Munday, Knox City,

Hamlin and Anson schools to enter the event, and several school officials already have indicated their acceptance. Beautiful loving cups, suitably engraved, will be awarded winners of first and second place. Rules governing this division of the parade require that the pep squad march in the opening parade, after which they will stage their stunts and drills as a part of the pageant to be given at night. Out-of-town judges will determine winners of the awards.

### EXHIBIT SPACE IN SEVERAL DIVISIONS OF FAIR IN DEMAND

As an indication of county-wide interest being shown by farmers and others who plan to have exhibits in the agricultural department of the coming Central West Texas Fair by M. P. Vannoy, Fair secretary that practically all space in the Individual Farm department has been taken. Requests for exhibit space in other departments are also being received this week. In the Community and Club divisions, the entries of Haskell, Rule, Weinert and Paint Creek Future Farmers chapters have already been listed, together with several entries in the livestock and poultry department. Numerous inquiries have also been received from horse and mule breeders of this area, for information concerning the special Horse, Jack and Mule Show to be held in connection with the Fair this year. In this division special Grand Champion awards will be made in six classes by the Texas Horse, Jack and Mule Breeders association of Texas. V. F. Keel of the State Department of Agriculture will likely judge the animals entered in the show. All exhibitors or other persons interested who have failed to receive a catalog and premium list for the 1938 Fair may secure individual copies by calling at the Chamber of Commerce office. Mr. Vannoy said, and he will also be glad to discuss and assist in any problems concerning exhibits for the Fair.

### New Cotton Loan Contracts for '38 Received Here

Local banks and cotton warehouses have received the new 1938 Cotton Loan contracts, required of producers in securing the Government loan on cotton produced this year. Several changes have been made in the contract since last year, which are of vital interest to farmers and cotton growers. Of principal interest in the fact that neither the warehouseman nor the producer is liable for the grade given, all grading being done by a Government licensed classifier. Furthermore, farmers are not required to sign a 1939 compliance agreement, it was pointed out. Practically all cotton which has been ginned in this immediate section has been placed in the loan, staple is averaging 7-8 inch and better, on which the loan rate ranges from 8.30 to 8.60 per pound, it was reported.

### Weinert Gins Kept On Day and Night Shifts This Week

The two gins, Griffith and Stith and Shavers are running over time although the cotton crop generally looks very discouraging, still there seems to be a fair crop, but it is predicted that the season will soon be over. Mrs. Ernest Ingram has accepted the position of bookkeeper with the Griffiths and Stith Gin and Mr. Sam Bird a similar position with the Shaver gin.

### Board of Managers 13th District PTA To Meet Saturday

The Board of Managers of the Thirteenth District Parents and Teachers Association will convene in the regular fall meeting Saturday September 24, at 10:00 o'clock in the Wichita Club rooms, Wichita Falls. A school of instruction in procedure has been planned for District Board members to be conducted by the District President, Mrs. T. R. Odell of Haskell. Reports and plans of officers, committee chairmen and councils will be made during the morning session. Through the courtesy of the president, a luncheon will be given, at 1:00 o'clock honoring all Board of Managers and Executive Committee members at the Wichita Club.

### All-Day Meeting of Singers Oct. 2nd At Mattson

An all day meeting of the East Side Singing Convention will be held at Mattson on Sunday Oct. 2nd. Announcements of the all-day session, was made this week by T. C. Cobb, chairman of the convention. The day's program will begin at 10 o'clock Sunday morning, and a well-rounded program has been arranged. Some of the best singers in the state have been indicated will be in attendance, together with other well-known singers from all parts of West Texas. A basket lunch will be spread at the noon hour, and all singers and lovers of music are cordially invited to attend, enjoy the excellent program and join in an old-fashioned get-together.

### SUMMER ALLOWANCE ON WATER MINIMUM ENDED THIS MONTH

Water minimum allowed consumers served by the municipal water system has been fixed at the customary 3,000 gallons per month, effective the first of this week, when meters were read for the current period. The extra allowance of 4,000 gallons, or total minimum of 7,000 effective during the summer months was discontinued by the Aldermen in their regular meeting Tuesday night. The extra allowance has been a customary practice during the summer months for the past several years, but is usually discontinued in August. Consumers thereby benefitted through an extra month's allowance this year. The Haskell National Bank was selected as depository for all city funds during the next twelve months, pursuant to an order passed during the evening's session. This bank has been the city depository for the past five years or longer. Aldermen took under advisement a proposition made by a representative of an Austin investment concern for the issuance of Refunding Warrants to retire outstanding bonds and warrants of the city in the approximate sum of \$100,000, at an interest rate lower than is borne by the original issues. No decision has been made concerning the refinancing move, city officials said Thursday.

### FUNERAL SERVICES FOR MRS. GRIFFITH HELD AT WEINERT

#### Died Monday Morning In Dallas Hospital After Brief Illness

Funeral services for Mrs. H. C. Griffith, 61, who died Monday morning at 8 o'clock in Baylor Hospital, Dallas, were held Wednesday afternoon at 3 o'clock at the Weinert Methodist Church with the pastor, Rev. Terrell officiating, assisted by Rev. I. J. Duff of Weinert. Interment was in the Johnson Cemetery near Munday. Deceased had been a member of the Methodist church since childhood. Funeral arrangements were in charge of Kinney Funeral Home, Stamford.

Mrs. Griffith, in ill health for some time, had been a patient in the Dallas hospital for the past three weeks. Deceased was a native of Texas, born March 9, 1877. She was married to H. C. Griffith December 12, 1893, at Merkel, Texas. Five years after their marriage, Mr. and Mrs. Griffith moved from Taylor to Haskell county, and had resided in the Weinert section practically all of this time. For the past few years they had made their home several miles east of Haskell. Surviving are the husband, H. C. Griffith, two sons, Olen and W. W. Griffith, all of Haskell; three daughters, Mrs. Will Price, Port Lavaca, Texas, Mrs. Lark Melton, Weinert, and Mrs. Elsie Hicks, Haskell; a sister, Mrs. Edna Johnson of Tahoka, and brother, Will Hays of Merkel, Texas. Thirty grandchildren also survive. Pallbearers were: Grover Melton, Brandt Griffin, Elvis Harris, Harold Melton, H. I. Steel, A. J. Mansker, J. H. Montgomery, R. R. Overton, Johnny Grandery. Floral offerings were handled by Misses Zora Elsie Melton, Gena Beth Griffith, Mildred Newton, Sylvia Maxwell, Mrs. Terrell, Mrs. L. E. Newton, Mrs. J. R. Gaines.

### New Watch and Jewelry Repair Shop Is Opened

N. E. Pogue, jeweler and watchmaker, is the newest addition to Haskell's business circle. The new establishment is located two doors north of Oates Drug Store, and was opened for business the first of the week. Mr. Pogue is an expert watchmaker, and will specialize in the repair of all makes of watches and clocks, jewelry repairing, diamond mounting and engraving. He also carries a large stock of Gruen, Grant and Elgin Watches.

Mrs. Bert Welsh, Walter Murchison, Herman Henry and Hollis Atkinson of Stamford spent Wednesday in Abilene.

### STATE SUPT. WOODS WILL BE PRINCIPAL SPEAKER FOR EVENT

#### School Speaker

State Superintendent L. A. Woods of Austin will be the principal speaker for the dedication program to be held at Paint Creek Rural High School this afternoon. The modern new school plant is being used for the first time this year.

#### New \$41,000 School Plant Is Being Used For First Time This Year

School officials and patrons of the Paint Creek Rural High School have arranged a dedication program for the recently-completed school plant which is being used for the first time this year. State Supt. L. A. Woods of Austin will be the principal speaker on the program, which will be given Friday afternoon, Sept. 23, beginning at 1 o'clock, and an invitation is being extended to residents of the entire county to attend. Trustees and school officials of this section are especially invited to attend and inspect the modern new school plant which serves the consolidated district. The building includes 8 classrooms, auditorium and gymnasium. A separate building houses the vocational work shop and Home Economics department. Approximately \$41,000 was expended for the building and equipment. Program arranged for the afternoon is as follows: Music—Mrs. R. E. Everett. Invocation—West Brown. Welcome Address—Supt. C. E. Boyd. Voca Solo—Gerulene Gipson. In Appreciation—Kenneth Brown. Address—Deputy State Supt. Joe Beard. Special Music—Mr. Knowles and Mrs. Everett. History and Growth of the District—County Supt. Matt Graham. Address—Supt. L. A. Wood. Benediction. Following the dedication program will be a football game between the Paint Creek Pirates and Peacock, with playing scheduled to start at 2:30 o'clock. The two teams are about evenly rated, although it will be the Pirates first venture against an opponent other than the practice game Saturday night against the local Indians "B" team. Coach Everett has 22 squadmen in training in preparation for their first home game. The rural high school has an enrollment of approximately 260 students, with a faculty composed of ten teachers. They are: Supt. C. E. Boyd, Principal R. E. Everett, W. T. Knowles, Dean Harmon, Marga Loveless, Mrs. C. E. Boyd, Mrs. Ima D. Fitzgerald, Patsy Lou Koonce, Virginia Sue Atkinson, Betty Ann Hancock. The school, just starting on its first term, will apply for 16 affiliated credits, according to county superintendent Matt Graham.

### LIONS HEAR GOOD REPORT OF WORK DURING PAST YEAR

#### Will Sponsor Entrant For Title of "Queen" At Coming Fair

Despite a light attendance, interest of members in proceedings of the regular Lions Club session Tuesday at noon was "above par", and enthusiasm pervaded the gathering for their weekly meeting and luncheon in the Tonkawa Coffee Shop. Report of the directors meeting held Thursday night of last week was made to the Club, and the outline of activities for the month was approved. The Haskell club has again been included in Group 6, District 2-E, according to a communication read to the members from the district governor. Other towns in this group are Munday, Abilene, Merkel, Sweetwater, and Roscoe. Group chairman for the clubs is Joe Self of Merkel.

M. P. Vannoy, secretary of the Fair Association, outlined to the club details of the pageant to be staged during the coming Fair, and suggested that Lions nominate a candidate for Queen of the exposition, to be titled "Miss Haskell".

### Abilene Boosters Haskell Visitors Early Thursday

A delegation of Abilene boosters, advertising the West Texas Free Fair to be held in their city, Oct. 3-8, visited Haskell for a brief stop Thursday morning at 10 o'clock. The party, traveling in a large bus and several private cars, was headed by members of the State Highway Patrol. They also carried a public address system which was used to present an entertainment program and for several brief talks. Invitation to attend the Abilene exposition was presented by Bob Cannon of the Abilene Chamber of Commerce, who also outlined a few of the outstanding features of the Abilene fair. M. P. Vannoy, secretary of the local Fair association, invited Abilene citizens to the Central West Texas Fair to be held here Oct. 19-22. Itinerary of the Abilene trippers for Thursday included stops at Albany, Throckmorton, Seymour, Benjamin, Knox City, Rockdale, Rule, Haskell and Stamford.

### Singers Will Meet at Rockdale Next Sunday Afternoon

The Shackelford County Singing Club, which made regular stops at the Post Oak community in Haskell county, will visit the Haskell community next Sunday afternoon. An afternoon's program of good singing will be given by the club and other visiting singers, and the public is invited to attend. All singers of this section are urged to attend and take part.

### CONFERENCE RACE OF HHS INDIANS WILL BE STARTED TONIGHT

#### Tribe Journeys to Munday For First Percentage Game of the Season

The Haskell Indians will make their first out-of-town raid for conference scalps tonight, when they meet the Munday Moguls in that city in the first percentage game for either term of the 1938 season. It will likewise be the Moguls' newly lighted field, built during the summer, and a record turn-out of fans is expected. Relatives strength of the two teams is problematical, with odds in favor of the Indians, who have a slight weight advantage and a more experienced team, based on returning lettermen in the regular line-up. The Moguls have only three lettermen in the first string, according to some reports. However they have a wealth of malingers and competition has been kept for places on the regular team. In their first game of the season, played last Friday night at Seymour, the Moguls were able to hold the strong Seymour squad scoreless throughout the first half, but lost to the Panthers 12-0 in the final two periods. Fans who witness the Munday-Seymour game rate the Moguls as a faster team than the Indians. Following the Indians narrow win over the Rule Bobcats here last Friday, the squad has settled down to a steady practice grind that is netting results in improved showing both in the line and backfield. After witnessing several workouts this week, local fans predict that the Indians will present an entirely different and more formidable team against the Moguls than they appeared against Rule. Starting line-up for Haskell will likely include the following: Cousins and Bailey; and; Williams and Barnett; tackles; Scott and Simmons; guards; Ballard; center; Henshaw; Thomas; B. Henshaw and Rogers; backs. Reserve list of eligible first-string men includes: Hunt, Laird, Gholson, R. Buford, Reeves, B. Buford, and Cook. Accompanying the Indians to Munday will be the Pop Squad and High School orchestra, together with a large delegation of Haskell fans. Playing is scheduled to start at 8:30 p. m.

## Indians Have Large Number Coming Out

The Haskell Indians are still growing in number and power. The Indians had out for practice last week above forty men. Most of the men are new at the game; some boys out-of-town played on ward school teams. The game is a great game where there is plenty of competition.

We would like to mention some boys that showed up well in the Crowell and Rule games. The quarterback Old Henhaw, just a sophomore in high school and letterman has first year, called his first game against Crowell and Rule and did a good job. Old Henhaw plays the safety and does a good job back there on pass defense. Bob Cousins, the boy you have seen on left end for the past two years, is also just a sophomore and a man that gets his part of the tackles. Fat Willing, the smallest (200) man on the team is playing his last year for the gold and black. Fat is a letterman from last year and is still in the starting lineup at left tackle. Curtis Ballard has handled the punting seat of the Indians squad the last two years and does a nice job of it. Buster Gholson is one of the reasons why the other guards have to hustle to hold their place on the starting lineup. Buster still has a year. Fred Barnett one of the fifteen tacklers on the team, tries to be in on every play. He is also a good offense man. Jack Simmons is a good man at guard on offense as well as defense. Quinlan Bailey holds the left end down in grand style when the going is the roughest. J. C. Scott plays one of the nice games at guard of any one in the conference. Zeldon Thomason is a two-year letterman and has one to go yet. Zeldon is a good passer as well as a good runner. Wayne Laird is one of the best prospects as a first-year back. Ray Buford, playing in his turn at quarterback is a dependable player and lends a lot of strength to our backfield. Sam Henshaw, a two-year letterman carries the ball and makes the holes for Gene Rogers, the ball-carrying back and the punter for the Indians. Marvin Huff, a new school student, is giving the other two ends a fight for the starting lineup.

## Next Game To Be With Munday

The Haskell Indians go to Munday Friday night where they will play a team as big as they are. The Munday Meguls and Haskell Indians will be playing the first conference game, as Munday re-enters the Class B conference this year. At Munday a new field will be dedicated; they have a new sod field with lights, and it will be the first game played on the field. The Munday Meguls also have a new coach this year. He was one of the coaches that put Cline on the map last year in the Oil Belt Class A conference. Let's hope the Indians can get going Friday night and win for us.

## Freshman Teacher Gets Promoted

Last year Mr. McCollum might have been considered a "freshman" teacher in two ways. It was his first year to teach, and he taught only freshman class. This year he wears a broad smile, because he is no longer a freshman teacher in either sense of the word. Now he teaches three sections of juniors and seniors in chemistry classes, and keeps two study halls. A little later he will have charge of the debate and extempore speech activities of our school. And, he says, he is really glad he got promoted.

## Requirements For Graduation Changed

Was your breath ever taken away by an announcement? Ours was one day last week when Mr. Wimbish announced that 60—not 70—would be the lowest passing grade. One can graduate from high school with a grade of sixty, but a grade under 70 cannot be counted a credit when entering any college.

Another change that has been made by the school board is in the number of credits required. Sixteen, with at least fifteen of them affiliated, are necessary to graduate, whereas sixteen with only fourteen of them affiliated were needed before. A few exceptions may be made to this year's seniors. Without the sixteen required credits one cannot be in the graduation exercises or receive even an ungraded diploma. We feel that after this plan has been completely worked out, it will prove to be much more satisfactory than the one previously used.

## Papooses Still Improving

Saturday night's game with the Paint Creek Pirates gave the Papooses another round of experience, as every man who had not played in the game with Rule was given a chance to play. Although it was another defeat for the Papooses, they were again playing a larger team, and could hardly expect to do much scoring. However, a very decided improvement was noted among the player who, although taking defeat now, are building great material for future games.

## How The Activity Period Is Used

In addition to the rearrangement of our classes this year, we have an activity period. This period follows announcement period and extends the next thirty minutes. So far, this period has been used for the organization of classes and clubs and as a study hall. In this way many after school meetings are avoided and the bus students are able to attend their meetings every time. Later on we plan to use this period twice a week for the purpose of general assembly, by using this period for programs, no classes will be omitted as they were last year. The student who has no purpose for the activity period, goes directly to his next class room where he devotes the next thirty minutes to study.

## Pep Squad Is At Work

Have you noticed how many girls are in our pep squad this year? There is a large number, but we can't help but notice the grave lack of juniors in it, and the seniors aren't so numerous either. We now have about fifty girls and we would like to have more. This year we are buying new suits and they are something quite different from any we've had before. They are to be old gold and black. Incidentally these colors will show up beautifully when we do our field stunts. The girls went to the game held last Friday night with Rule. They didn't have their suits but gave some fine yells and songs.

## Ex-Indian Gives Us Trouble

The Haskell Indians won over the Rule Bobcats last Friday night by a 6-0 defeat, which judging by the way things looked at the end of the game, wasn't much to brag about. We congratulate the

Rule team for having as their coach one of our former Haskell Indians, and one of our most famous Indians, Rob Simmons.

As a senior of '30-'31, Rob played on one of the best teams Haskell has had in the last ten years. After graduating in the spring of '31, he entered Howard Payne College where he played on the team which won the conference for their school. When he accepted the coaching job at Rule they began planning to win the class C conference and Rob has brought them to the top. Now they are doped to win their conference. Lets hope they win!

## Rosy Confides

A fan! A fan! My Kingdom for a fan and I don't mean the kind Robert Taylor has nor the kind Sally Rand has, but after attending school one of these nice warm autumn days you'll know the kind I mean.

Aside from the heat I have found Haskell Hi an agreeable place to be—that is if your lessons are prepared and you're not in a talkative mood. But being a new student is always like being a freak in a sidshow. You must stand on exhibition while everyone is making up their mind to like you or not to like you which really makes one feel awfully funny—and I don't mean the kind of funny that makes you laugh either.

I have found the teachers are just like they are in any other school, they either talk too much and too loud or too little and too safe. You know it's a funny thing about teachers—they everyone have some crazy idea about using study halls to study in, but personally I think my time would be spent much more advantageously in the blissful state of slumber, especially on Mondays. But I guess we students must humor them by at least keeping our books open and remembering to turn a page occasionally. And do tell me just what they had to set temptation right on our very doorstep by placing the windows so invitingly low with that lovely view of Haskell. And certainly when something goes bumping along we all get cracks in our necks trying to see and still give the impression of being intently interested in English or what have you. And really, dear teacher, when the football boys come out even you can't suppress the temptation of an occasional glance in that direction.

Which all goes to remind me of one dignified senior whose literary acquaintance is simply astounding. While studying the Renaissance in English IV class the other day this "bright boy" reminded us of the poem we studied last year entitled "I Have a Renaissance With Death". (Reference: Page 439, Literature and Life Book III Authority: Jack Simmons).

That will do to close on so—I'll be seeing you. —Rattlin' Rosy

## Ex-Seniors Go To College

The following Seniors of last year are attending various colleges. They are: Ruby Sue Persons and John Guest, University of Texas; Roy Wiseman, Lubry Ballard, Lynn Pace Jr., and Elizabeth Huckabee, Texas Technological College; Hazel Foote, McMurry; Wilma Whitley, Howard Payne; Virgil Meadows Jr., T. C. U.; Olive Sloan and Marvina Post, T. S. C. W. Frances Fouts, Anita Jo Simmons and Robert Thompson, Hardin Simmons University; Edwin C. and George Decker, A. & M. There may be other students that will go off to college, and as soon as we learn of their names will appear in the Warwhoop.

## Gypsy Ramblers To Sell Pencils

The Gypsy Ramblers started off the new year with the following officers presiding: President—Madge Reese. Vice President—Mary Jo Free. Secretary—Louise Pierson. Treasurer—Mary Louise Curry. Reporter—Joyce Hambleton. Sageant at Arms—Christine Lowe.

As a result of a short business meeting it was decided along with other financial projects that we

## Aggies Elect Club Sweetheart

Louise Pierson, the senior class treasurer, was elected by the FFA boys as the sweetheart of their club. The nominees were read by Mr. Sullivan last Thursday in an announcement period, and as he called each girl's name she came forward. Besides Louise, they were Mary Jo Free, Madge Leon, Dorothy Joesel, Connie Morris, and Mildred Miller. After presenting them to the student body he stated that the boys would cast their vote during the activity period and the result would be kept secret until the following day. Then on Friday at announcement period he called Louise forward and introduced her as the "Aggie Sweetheart." There was a burst of applause when she was presented, and her many friends were happy to learn of her election.

## Curry Chapel

Winter time is creeping on. It is still dry here and farmers are trying to gather their crops while weather is pretty.

Mr. and Mrs. Jesse Kreger and children and Mr. and Mrs. J. B. Dunnam attended a singing convention in Abilene Sunday.

Mrs. Ed Kreger's brother and wife from Arlington spent the week end with her.

Mr. Homer Hooper of Quanah was in our midst over the week-end.

Mr. and Mrs. Thurman Rhoads spent Sunday with Mr. and Mrs. Tom Chatwell of Ha kell.

Mr. and Mrs. G. W. Reed and Bobbie Crawford of Haskell visited in the Baty home Sunday.

Mr. and Mrs. Frank Oman and family spent Sunday with Mr. Tom Lowery.

Mrs. J. L. Toller is visiting relatives in Mexico this week.

Our prayer meeting on Wednesday night is growing. Everyone is invited to attend.

We had our conference meeting Saturday night and elected officers and teachers for our Sunday School, but deferred calling a pastor until a later date.

Mr. and Mrs. L. W. Hill spent Sunday with Mr. and Mrs. Boots Collins of Pleasant Valley.

## CARD OF THANKS

We wish to thank the neighbors and friends who came to our assistance in helping to prevent fire spreading to our home and barn when a small house and brooder house caught fire. We cannot express in words just how much we thank each and every one who helped in any way. Mr. and Mrs. G. S. Medford

### Charlie McCarthy Says: "Let 'er Go!"

Charlie McCarthy, in spite of college degree and national acclaim, is like other bright little boys when it comes to trains and locomotives. With an engineer's cap set jauntily on his head, he places his hand with customary authority on the throttle of the SUPER CHIEF and pilot it on his recent return to Hollywood.

Charlie McCarthy and Edgar Bergen look casually down from the cab of the Santa Fe's Big Diesel as they wave to friends.

Mr. and Mrs. D. M. Baird and Mr. Curley Winters of Hermleigh spent the week end at Hannah, Texas with Mrs. Baird's brother Bill Trice who is in very bad health.

Mrs. A. G. Gates of Waco, one of the owners of the Spencer Lumber yards of Texas, was here last week looking after his interests here.

Mr. and Mrs. Pick Vandell were shopping in Haskell Monday. Miss Vera McGuire is spending several weeks in Rochester with relatives.

Mrs. Olive Grant and granddaughter Olan Evelyn Shewmake of Gladewater are spending the week with Mrs. M. O. Satterwhite. Supt. Duff accompanied his son I. J. Duff Jr. and daughter Miss Pauline Duff and Miss Alice Palmer to Lubbock Saturday where they entered Texas Tech.

**Fourth Quarterly Conference**  
The fourth quarterly conference of the Weinert-Union Chapel churches will meet at Union Chapel on the fourth Sunday, September 25th. Rev. Bowen, the presiding elder of the Stamford district will preach the morning service and conduct the business of conference at the afternoon hour. All officers and members of the two churches should attend this meeting.

This part of the State is enjoying the cool weather that we are having. The first norther of the season blew up last week, which was quite a relief from the extreme hot weather which we had been having.

Mr. Barney Bernard of Haskell was transacting business in Weinert this week.

Mr. and Mrs. H. Weinert, Miss Beatrice Weinert and Harlan Weinert spent Sunday with the Claud Farr family near Westover.

Mr. John Couch was in Weinert Tuesday.

Mr. Ernest Ingram spent Saturday in Munday.

Mr. Henry Monke of Colorado, Texas spent Sunday with his family and while here visited in Seymour.

Mrs. Julia Siddens returned home with Mr. and Mrs. Monke and spent some time visiting relatives here.

### Betty Crocker KITCHEN CLINIC

#### FOR A FROSTY SEPTEMBER MORNING

There's nothing quite so satisfying on a crisp frosty morning as pancakes for breakfast. So let me introduce you right now to these delicious Old-time Southern Corn Meal Batter Cakes. Here is the recipe:

2 eggs  
2 cups buttermilk  
1 cup all-purpose flour  
1 cup white or yellow cornmeal  
Beat egg yolks slightly with rotary beater. Beat in the buttermilk. Sift flour once before measuring. Sift flour, cornmeal, soda, and salt together, and add all at once to the liquid mixture. Beat until mixture is smooth. Blend in melted butter. Fold in stiffly beaten egg whites. Bake on hot griddle. (Drop batter from tip of spoon onto hot griddle. When puffed and full of bubbles, turn and cook on other side.) Amount: About 25 griddle cakes (3 1/4 inches in diameter). Note: If griddle cakes with a more decided corn flavor are desired, use 1/2 cup all-purpose flour and 1 1/2 cups cornmeal in the above recipe.

Buttermilk Pancakes are other old-timers that were served in cozy warm farm kitchens to fortify the children for a long cold walk to school.

**Buttermilk Pancakes**  
3 eggs  
4 tbsp. butter, melted  
2 tbsp. sugar  
2 cups all-purpose flour  
1 1/4 tsp. soda  
1/2 tsp. salt  
1 1/2 cups buttermilk  
Beat egg yolks well in mixing bowl. Blend into them the melted butter and sugar. Sift flour once before measuring. Sift flour, soda and salt together and add to the egg yolk mixture alternately with the buttermilk. Beat until smooth with rotary beater. Fold in the stiffly beaten egg whites. Bake on hot griddle. (Drop mixture from tip of spoon onto hot griddle. Cook on one side. When puffed, full of bubbles, and cooked on edges, turn and cook on other side.) Amount: About 20 pancakes (3 1/2 to 4 inches in diameter). Note: If you prefer thin pancakes, increase the buttermilk to 2 cups.

**Betty Crocker Advice**  
Question: Sometimes when we have company come in at night I make coffee and give them a piece of cake or some doughnuts or whatever I have. My sister says I should give them napkins — but that would make such a big wash — to take out clean napkins for everyone who comes in. We have lots of company. Do you think it would be all right to use paper napkins?  
Answer: Yes, I think you would be very wise to keep a supply of heavy paper napkins on hand to offer with the cake and coffee you serve when guests drop in. Napkins should be offered with cake or doughnuts — particularly if the cake has a gooey icing and the doughnuts are sugared. And as you say, the laundering of so many linen napkins could become a burden. True etiquette demands that you consider your guests' comfort with the facilities you have at hand without straining to attain the lavish service possible in a home where there are several servants and an extra amount of laundry is a negligible item.

## Methodist Missionary Society Meets In Regular Meeting

The Missionary Society met on Monday Sept. 19 in what was considered to be one of the very best meetings of the year.

In a short business session, over which Mrs. D. H. Persons presided plans were discussed for two all day meetings. The first to be an all days Mission Study on the second Monday in October. The other will be the District Harvest Day in December.

Mrs. Martin had arranged a most interesting program. With Mrs. Patterson at the organ all joined in singing "Have Thine Own Way Lord."

Mrs. Montgomery brought the devotional the subject being "Planting the Gospel in Mexico." Scripture was from Luke and Cor. Mrs. B. Cox offered the prayer. Song, "Jesus Calls Us" was next

sung. Roll call was answered by each answering the question "Why I Belong to the Missionary Society."

Mrs. Hut Pittman next read a splendid article on "What The Christian Church has done for China."

Mrs. Wallace Cox next gave a most vivid description of the Isle of Pines. This description was concluded by the reading of a poem by Grace Noll Crowell. With Mrs. Patterson at the organ, Mesdames Hill Oates and C. L. Lewis favored the group by singing "Evening Prayer."

Mrs. P. D. Sanders offered the prayer of dismissal. Those present for this splendid program were: Mesdames Martin, Pittman, Lewis, Patterson, Smith, Oates, Irby, Cox, McIver, B. Cox, Breedlove, Fields, Thornton, Rike, Graham, John Rike, Cahill, Kimbrough, Persons, Montgomery, Darnell, P. D. Sanders and Sowell.

We meet on next Monday afternoon at 8:30. Be sure to be on time.

## Mrs. L. F. Taylor Hostess To Helen Bagby Circle

The Helen Bagby Circle met in the home of Mrs. Taylor Monday afternoon in a Bible lesson with fifteen ladies present. In keeping with the theme of our lesson on Prayer and "Faith of our Father" with Mrs. Reynolds at the piano and Mrs. Littlefield, chorister.

Mrs. Taylor gave the devotional reading. Several scriptures on prayer followed by the Lord's prayer in unison. A solo was then given by Mrs. Iola Henshaw, "Beautiful Garden of Prayer." A short business session followed in which Mrs. Simmons read the names of all new officers for the coming year. Mrs. Sides gave the personal service report. Our efficient teacher, Mrs. Gilstrap then gave us the Bible lesson, "The Prayer Life of Abraham" from Genesis 11th to 26th chapters, which was very interesting to all.

These Bible lessons help us to read our Bible each day and pray with the faith of our forefathers and we urge every lady in our church to attend. We were dis-

## missed with prayer by Mrs. John Lambkin.

Ladies present were: Mesdames Reynolds, Gilstrap, Couch, Merchant, Bailey, Lambkin, Cates, Simmons, Stewart, Christian, Littlefield, Sides, Henshaw, Taylor, and Mrs. O. C. Stone a visitor from Oklahoma City and also a former member, Mrs. Conner Christian.

## Tomato Supply For Family Budget Is Easy to Provide

The Tomato Phase of the Home Food Supply Budget can be filled by Haskell County women, according to Mrs. Less Lewis of the Blue Bonnet Home Demonstration Club.

Mrs. Lewis lives about six miles southeast of Rule. This year she has two and one half rows totaling one hundred sixty-five feet with two hundred twenty five plants. This year Mrs. Lewis planted the Porter and Peach varieties.

The tomatoes were planted on sandy made ground, due to the field washing during the heavy rains this year. They were not pruned nor irrigated. They were cultivated by hand and received no special care.

Mrs. Lewis has canned sixty-six containers of tomatoes and forty three containers of juice totaling one hundred nine containers. She has given tomatoes to fourteen families.

This fall Mrs. Lewis has four hundred twenty seven containers filled with fourteen different things not counting the tomatoes. This will help her to set a well balanced table for the family this year.

## Miss Ruby Lee Buchtein Bride of Lubbock Man In Recent Ceremony

Mr. and Mrs. August Buchtein of Rule are announcing the marriage of their daughter, Ruby Lee, to Bishop B. Keeling, Jr. of Lubbock which was solemnized in a simple ceremony at the home of the bride's parents Saturday evening, Sept. 17th at 8 o'clock.

As a prelude to the ceremony Mrs. Polly Leath played the wedding march. Rev. Marvin Boyd read the ceremony before an arch of smilax and cut flowers. The bride wore a white lace gown made with Queen Anne collar, over white satin. Her shoulder veil of illusion fell from a bandeau of orange blossoms. She carried a bouquet of white roses.

The bride was given in marriage by her father, Jackson Parker of Dallas was the bridegroom's attendant. After the ceremony a reception was held in the beautifully decorated dining room for members of the immediate families. Mrs. Vincent Hobbs presided during the reception and cut the wedding cake. Miss Lila Marie Brannen poured punch.

The bride's going away costume was a one-piece black dress with black and white accessories. Mrs. Keeling is a graduate of Rule High School and afterwards attended Texas Tech at Lubbock for four years where she received her B. B. A. degree. Mr. Keeling is also a graduate of Texas Tech. The couple will make their home at 906 Avenue 2, Lubbock, Texas.

Out-of-town guests who attended the ceremony were Mr. and Mrs. Osborn of Lubbock; Jackson Parker of Dallas, Mr. and Mrs. Vincent Hobbs of Childrothe, Miss Lila Marie Brannen of Aspermont, and Mr. and Mrs. B. B. Keeling of Dallas.

Mrs. Herman Henry of Bogata is visiting in the home of her father, G. F. Mullino of this city.

## Rainbow Sewing Club Meets In Home of Mrs. Richard Massey

## Birthday Celebration For Grandmother Weaver September 15

Dear to the heart of everyone is their birthday and on September 15th I was made very happy when my children and grandchildren gathered at my old home place with a nice dinner and lots of cold drinks. It was one of the most pleasant surprises of my life. It was so nice to think that through the hurry and bustle of this life they would stop to remember me. There were 42 relatives present.

Grandmother Silvers a long life friend being the only one not related, and Mr. and Mrs. White my step daughter and one of the best stepdaughters a step mother ever had. May God bless them all and if I live until Sept. 15, 1939, I am going to really celebrate. I want to thank each one for the nice gift and the day will be one to remember by me.

## CHURCHES

### CHURCH OF CHRIST J. G. Malphurs, Minister

The subject for our eleven o'clock sermon will be taken from the fourteenth chapter of First Corinthians, and condensed to the brief text, "Let All Things Be Done unto Edifying." (Verse 26). We would be glad for everyone to read the whole chapter, which deals with public worship, and note how many times the word "let" is used by Paul in exhorting the Carinthians and to so conduct their worship that each member might worship God with the spirit and with the understanding. (V. 15).

At the evening hour, eight o'clock the subject will be "The Child of The Water". This will be the second of a series on Israel's redemption from Egyptian bondage. We urge that you hear this important sermon on Israel's redemption.

You are urged to visit with us, and worship God too. A fine fellowship is extended to all men, but especially the laboring man.

### FIRST CHRISTIAN CHURCH W. Russell Coatsney, Minister

Bible School—9:45 a. m. Morning Worship—10:45 a. m. Sermon: "What Must The Church Do To Be Saved."

Evening Worship—8:00 p. m. Sermon: "Four Kinds of Lives." We had an increase in church attendance at both morning and evening worship services. The weather is agreeable and we are expecting to do even better the coming Lord's Day. We hope that all the active members of the church will be present. Our friends and neighbors are always welcome. Why not make a special effort to be present this Lord's Day?

Mrs. and Mrs. Marvin Bryan were Abilene visitors Tuesday.

Mrs. Hollis Atkinson of Stamford visited in Haskell Tuesday.

Mrs. Grady Roberts of Muskogee is visiting relatives in Haskell this week.

T. C. Cahill of this city was transacting business in Weinert Monday.

Mrs. Mary Oates has returned to her home after spending the summer in California and Colorado.

Mr. and Mrs. French Robertson have returned home after spending the week in Houston and Beaumont.

W. L. Garner, publisher of the Knox County Herald, was a business visitor in Haskell Wednesday afternoon.

Bert Welsh and Henry Barnes left Tuesday for a trip to Beaumont, Houston, Galveston, and Dallas as guests of the Magnolia Petroleum Company. The trip was given because they were winners in a contest offered by that company.

## Carl Maples Now Identified With Local Food Store

Carl Maples, formerly connected with the local fire department but who has recently been engaged in business in Wichita Falls, has disposed of his interests in that city and returned to Haskell where he and Mrs. Maples will make their home. Mr. Maples has accepted a position in the Stephens Grocery Store on the east side, and invites his friends to call and visit him in his new connection.

### Preaching Services at Gauntt Sunday

Both morning and evening preaching services will be conducted at the Gauntt Church next Sunday. Rev. H. G. Hammer will occupy the pulpit and will bring interesting messages to his hearers. Residents of the Gauntt community, as well as the public in general are cordially invited to attend the services.

### Preaching Services at Curry Chapel Saturday and Sunday

Rev. Walter Copeland of Elbert, Texas, will preach at the Curry Chapel church Saturday night, Sunday morning and Sunday night. Residents of the community and visitors from other sections of the county are cordially invited to attend the services.

B. C. Cooner of O'Brien was a business visitor in Haskell Wednesday. Mr. Cooner stated that cotton in that section was opening rapidly, and that some farmers had already ginned a large part of this year's crop. A fairly good yield is reported, which would have been greatly increased if sufficient moisture had been received during the latter part of the growing season.

### Weinert Parent-Teacher Association To Meet

The Weinert Parent-Teacher Association will meet Thursday afternoon at 3:45 in the high school auditorium for the first regular meeting of this year.

The program committee has arranged the year's program and made yearbooks to present to the new members. We think the year's programs will be beneficial, and we are hoping and striving for the largest membership that we have ever had at Weinert.

### Freshman Class Has New Member

The freshman class is proud to announce that it has a new member, Lillian Taylor, who came from Leuders.

Welcome, Lillian, to our happy group.

### Anonymous Freshman Biography

(By a Member of the Freshman Class)

In a sunning little town of New Mexico Nov. 27, 1899, a blue eyed, light haired, lit and comely baby boy was born. His tall father and moderately sized mother were very proud of him. Their faces beamed with joy and happiness every time they looked upon him. His father thought that he favored his mother but his mother said, "He is the perfect image of his father."

His early childhood proved to be a happy one. With his hair tousled, his blue eyes beaming, one of his overall suspenders hanging over one shoulder he often set to work on a locomotive made of spool boxes. Then he became more interested and tore his wagon up and made an automobile. At other times he would make air-planes and get on top of a barn or a chicken house and send them sailing down, down to the ground. My! "What fun" and really I don't think he's ever recovered from this fun.

At the age of six years he started to school. Most of the pupils in the higher grades think this was a great advantage indeed for they had to start at the age of seven. But by the looks of some of the freshman grades, they must have been babies when they started.

His love of reading proved his undoing for he often neglected his lessons and made the excuse that he left his daily papers at home. I have heard several of his teachers say, "If your head wasn't screwed on, you would forget and leave it at home. But still he reads."

He reached high school at last. He manages by the help of his teachers to pass. High School supplies the need of inspiration for work. He does pretty well in high school although he still forgets his lessons once in awhile, but promises to get them and the library is still the principal attraction.

### Weinert's First Football Game

When Weinert's team ran out on the field Friday and began warming up for the game, everyone was sure that Weinert would win. That is everyone from Weinert were sure that Weinert would win, even though we had lost three of our main players who were hurt in accidents a few days before the game. Everyone was sure that we would go into the game with all our power and come out victorious. But Holiday had a different idea. They had trained hard and long, much longer than we, because this is not their first year and they were determined to win this game.

In the real game though Weinert held them down for the first half. The score was nothing and nothing, but in the third quarter and in the fourth quarter they scored. All together thirteen points. This made the Weinert boys feel bad, but everyone said it was not bad for the first game and the football boys are training harder than ever for their next game which they are determined to win.

### Pop Squad Attends Football Game

All the girls gathered at the front of the high school building and got into the bus. Singing and yelling occupied practically everyone's time for a while. Then as they got close to Holiday, everyone became anxious. "Does my hair look alright?" "May I borrow your lip-tick?" "How much farther is it?" "Is my skirt wrinkled?" and "Is my ascot tied correctly?" were some of the many questions asked. Finally when they got there everyone was very glad. They worked hard and yelled loud. They were greatly appreciated by everyone and intend to stand behind the football team a hundred per cent.

DOG POINTERS

"When housebreaking a puppy, it is advisable to keep him on the kitchen linoleum as much as possible until he learns what is expected of him," says A. H. Leonard, head of the Dog Department of Purina Mills. "Open newspapers—perhaps over an entire floor the first few days—should be provided. Gradually the amount of space covered by newspapers can be reduced until the puppy has only a single newspaper pad in one corner," Leonard says. "After the puppy learns to use the paper, both puppy and paper may be placed outdoors after each meal, the last thing at night, and first thing in the morning. When the puppy has learned to make use of the paper both indoors and outdoors the job of housebreaking is complete."

Unsaturated oils rich in Vitamin F should be included in dog food since they help prevent the itchy nutritional disease from which so many dogs suffer. Infections and skin may bring on certain types of eczema but the nutritional deficit of eczema is caused by improper feeding and can be prevented by feeding a complete, balanced food such as Purina Dog Chow, which includes special additional oils rich in Vitamin F.

All puppies should be wormed between the time they are two months and one year old, according to Purina dog specialists. Large roundworms are very common, and most dogs, particularly puppies, pick them up. Worms cause loss of weight, run-down condition, rough hair, and erratic appetites. In severe cases of worms dogs are often subject to fits. A veterinarian may be called upon to do the worming, or it may be done at home by using a 2 m.m. size testule, obtainable from any Purina feed dealer. These testules work rapidly and efficiently and when administered according to directions on the box will efficiently rid the puppy of worms.

"Fleas and dogs were never meant to live together," says A. H. Leonard, head of the Dog Department of Purina Mills. "Only the carelessness of man has made them cohabit. Fleas are easily eliminated when dog owners realize that they multiply from eggs dropped in the kennel, in a bed of weeds, or in dust where dogs often pass. Sources of infestation should be eliminated as much as possible by disinfecting with Purina Cresofec, a powerful cresol disinfectant which prevents eggs from hatching. If the dog is already infested, a thorough dusting with Purina Insect Powder is recommended. Dogs subject to fleas should be thoroughly sprinkled at least once a week."

A proper ration not only nourishes a puppy but also supplies an abundance of vitamins which are so important for best condition and resistance to disease. Purina Dog Chow is made of animal proteins extracted from meat and milk, prepared cereals, cod liver oil and other vitamin foods, and fortified with Puratene, a rich Vitamin A concen-

## Historic Hoaxes

By Elmo Scott Watson

"The Animals Are Loose!" ON SUNDAY morning, November 9, 1874, a shiver of fear ran through New York City. Headlines in the New York Herald proclaimed that all of the animals in the Central Park zoo had escaped. The story, which ran to five full columns, said that 49 persons were dead, of whom 27 were identified, (their names were printed) and 200 were injured, 60 of them seriously.

The mayor had issued a warning for everybody to stay at home while brave citizens, including Chester A. Arthur, Samuel J. Tilden and other notables, who had killed most of the ravening beasts, rounded up the 12 animals still at large.

For several hours the city was in an uproar. Then somebody happened to read the last paragraph of the story. It said "The Moral of the Whole" and revealed that this was a gigantic hoax, the story of what MIGHT happen if better and stronger cages weren't provided for the animals in the zoo.

In fact, that was what Thomas B. Connery, the managing editor of the Herald, who ordered the story written, had hoped to accomplish with it. But he overshoot the mark badly. He gave the whole city the jitters but the zoo didn't get stronger cages for its animals, at least, not until long after the excitement over his hoax had died down.

Mrs. R. J. Paxton returned home Tuesday night from Hawley where she visited her daughter, Mrs. Virgil Lewis. Gene Paxton Lewis accompanied his grandmother home for a few days visit.

### ready? Well I don't!

It seems that everyone is thinking about book reports, especially the juniors. The juniors are required to have thirty six points, six to turn in every six weeks, then we have tests on these reports. Some are seriously reading, but some are idlying their time away wishing they had the books read. If we would read more and wish less I think that we would enjoy the books better. So after all book reports are not very bad.

Judge—Isn't it possible to settle this case outside of court?  
 Winton—Sure and that was what we were trying to do when that policeman interferred.

Leroy Lain, a very gallant sutor, of Delphia Cooper made this excellent answer to a puzzling question asked by Mrs. Cooper. "Now Leroy, if Delphia and I were drowning, which would you save first?" "Why Mrs. Cooper," said Lain, "I would save you and perish with Delphia."

When the Civics class was discussing the legislature and Congress the following was heard Mr. Duff—Why Morris Sheppard has been Senator ever since I can remember.

Leroy Lain—He must be getting pretty old by now.

## One of Your Rights Is To Maintain Your Balance

Counting your blessings may give you a touch of sinful pride, but it also helps you to realize how valuable the blessings really are and that in turn makes it much less likely that you will submit meekly if and when somebody comes along and tries to take them away from you.

And the blessing that might be examined most closely just now is that familiar, much-talked-of, taken-for-granted thing, a free press.

You can appreciate it best by having a look at the sort of thing that happens where a free press does not exist.

A current dispatch from Berlin to the New York Herald-Tribune begins like this:

"The Nazi press attained new heights today in its choice of violent language to condemn the Czechs for arrogant, terrorist acts in Sudeten territory. Sreamer headlines in 'Der Angriff,' organ of Propaganda Minister Paul Joseph Goebbels, read: 'Sudetenland in Greatest Distress—Violent Terror of Czech Bands—Unleashed Mobs Ranging Through Deutsches Land.'"

Picture to yourself, now, the way you would feel, as an ardent and patriotic German, after you had lived on that kind of diet for a week or so. You would be straining on the leash probably. Before long you would be in a frame of mind to support any warlike action your government might choose to indulge in, and in the end you would probably hail war itself as a noble act of liberation and a blow against a shameful tyranny.

Behind the scenes, of course, are wire-pullers who want the whole German nation to feel precisely that way. The Nazi press campaign is simply a means of making sure that Hitler will have solid support for any belligerent course he may take. And since no paper in all Germany can hint that these reports from Czechoslovakia are overdrawn—the press campaign is bound to succeed.

And that means that the German people have been placed at the mercy of their own emotions. They can be played upon by their own government, and they have no defense—because every avenue through which their emotions can be reached, every inlet for news and propaganda, is in the hands of the government.

It is that sort of thing which a free press prevents. Propaganda does exist, of course, even where the press is free, and false reports do circulate; but there is always a counter-weight on the other side. The citizen has a chance to use his own judgment.

What is happening in Germany right now is perhaps the most powerful of all possible arguments for a free, uncontrolled press.

A newspaper reporter was the only person in the audience when Charles F. Gillman lectured for two hours in Pittsburgh on his plans to insure world peace by outlawing wars and strikes.

## The Child At School

With the opening of another school year, the problem of encouraging the child to make the most of the opportunities which the schools offers again presents itself. It is a problem in which parents should take a keen interest.

Perhaps the most important objective to be sought is to awaken in the child a real desire for knowledge. It should be pointed out that it is possible to derive enjoyment from the pursuit of school studies if one approaches them with a genuine ambition to learn. The child should not be led to feel that going to school is an unpleasant duty. He should be impressed with the fact that it is a privilege to be appreciated, not only as a preparation of after life, but as means of present happiness and satisfaction as well.

Some children appear to realize this without urging, but others seem to be naturally averse to mental effort, and require patient handling in order to arouse their interest in school work.

Parents should not place the entire responsibility upon the teachers, but should cooperate with them, not only insisting upon punctual attendance, but also in leading the child to adopt a proper attitude toward their studies.

## German Garbage Cans

In her desperate effort to prevent waste of any materials which can possibly be used over again, Germany prohibits indiscriminate dumping of refuse into garbage cans. A definite national plan has been adopted for reclaiming waste materials, ranging from rags and tinfoil to human hair.

The whole country is divided into collection districts. The salvaged materials include such small items as bottle tops and toothpaste tubes for conversion into light metals. Human hair is converted into felt and cardboard, and is also used in carpet weaving.

Every bone, scrap of paper and bit of iron is saved, and even coffee grounds are treated for the extraction of the small amounts of fat, wax and resin they contain. Ordinary garbage is scrupulously saved to be sterilized and converted into stock feed, sometimes mixed with fish meal or small quantities of crushed barley.

In short, Germany's need for raw materials is so great as to make necessary the salvage of everything possible. With all this frugality, the living conditions of the mass of German people are said to be far below those of most other European countries.

Considering that this situation exists in a time of peace, it is hard to believe that Germany could long carry on a war with strong nations which have far better means of obtaining supplies from the outside.

When her pet canary died, Mrs. Nancy Peters of Cliftonville, Eng., had a taxidermist stuff the bird and a milliner mount it so that she could wear it on her hat.

Eddy Larivee of Montreal, Can., recently received as a wedding present from 90 of his friends a check for \$150 made of wallpaper. It was 5 feet long and 21 inches wide, and was honored by a local bank.

Sentenced to a year in jail for the theft of 20 marks from a registered letter, K. Heinrich, postman of Frankfort-Am-Main, Germany, revealed that he had spent the entire amount on headache powders.

Because convicts who work eat too much, Sheriff Carroll of Talbot County, Md., has withdrawn all his prisoners from a county road construction project. He said the jail food bill was running beyond the budget.

Jack Gainer, Boston pugilist, decided to quit boxing and play golf because he was tired of being hit in the face by his opponents. On the first tee, he fanned the ball, socked his nose with the club and dropped to the ground, unconscious.

TWO-TIMER . . . Col. Cosroe Turner holds Thompson trophy won with record 283-m. p. h. flight around 300-mile closed course at Cleveland air races. In capturing prize for second time, he beat Frenchman Detroit's 1936 record of 264 m. p. h.

GLASS OF FASHION . . . Decorative note for homes is this new fire-screen (below) fashioned of "toughened" glass, made possible by discovery of special tempering process. Screen adds charm to all-glass fireplace in rich brown, trimmed with bands of deep red and topped by peach-tinted mirror.

EXTREMES MEET . . . Science's pet, new synthetic material called koroal, comes to rescue of Dither, New York Bronx zoo's pet anteater from wilds of South America. Declaring hunger strike, Dither refused food from any kind of vessel until enticed to lick milk from inside of koroal tube.

DOG GOES, DOG-GONE IT . . . Pamela Holmes, 7, tries to keep stiff upper lip though the law ordered her pet, Barry, huge St. Bernard, be "exiled" from his Bellport, L. I., home because he was accused of keeping three small children in boat several hours.

When her pet canary died, Mrs. Nancy Peters of Cliftonville, Eng., had a taxidermist stuff the bird and a milliner mount it so that she could wear it on her hat.

## Haskell County . . . History

20 Years Ago—Sept. 21, 1918  
The second primary election held in Throckmorton county resulted in the election being contested by one of the candidates in the sheriff's race, and to save time and expense of carrying the contest through District Court, the county chairman has called for a third primary to settle the contest, this having been agreed to by both candidates, J. D. Falls and Henry Darden.

30 Years Ago—Sept. 19, 1908  
Judge J. E. Poole has purchased an interest in the Callahan Sales Promoting Company of Dallas, and has been elected secretary and treasurer of the concern. He left Haskell the early part of the week for Dallas to assume his duties.

Eleven men left Haskell Thursday for Camp Travis, where they will be joined by five others who registered in this county, making the county's quota of 16 indicted in the service on this call. The following are named: Adolph Havran, Jesse L. Ulmer, Erroll T. Warren, Oscar E. Lee, George N. Rector, William N. Cole, Isaac N. Moore, James A. Carruth, Travis L. Irick, Phillip McLeroy.

Last Sunday night a prisoner who was being held in jail on a charge of aggravated assault, prized open a cell door in the jail and then dug through the brick wall, using a piece of pipe torn from a building Sheriff Parks trailed the escaped man several miles south of town, and captured him shortly after noon Monday. He offered no resistance to the officer.

T. J. Lemmon, Sr., left Monday afternoon for Imperial Junction, Calif., on business.

We note that the Haskell State Bank, Colliers Drug Store and the Haskell National Bank are having their sidewalks widened, which will be a convenience to the public.

According to the tax rolls just completed by County Tax Assessor R. J. Paxton, the total valuation of property in Haskell county amounts to \$9,209,805, a decrease of \$26,175 from the 1917 rendition.

G. W. Cude of Comanche county spent several days this week with his old comrade, S. E. Carothers of this city. They served through the war together and soon after the War both left Tennessee. Mr. Cude guided to Arkansas while Mr. Carothers came to Texas. This was their first meeting in 40 years.

Misses Ruby and Exa Cahill, Fannie Post and Eunice Huckabee left the first of the week for Denton, where they will attend C. I. A. during the current term.

Mayor T. E. Matthews and C. D. Long made a visit to Throckmorton Thursday in the interest of better roads between the two towns.

Eleven hundred and forty-seven men between the ages of 18 and 45 registered in Haskell county on Sept. 12th. All of the registrants were native-born Americans or had taken out their first papers except eight.

Mr. P. G. Yoe's team ran away the other day and threw him out of the wagon, breaking one of his ribs.

Mr. and Mrs. A. H. Tandy have returned from an extended trip to Kansas, Oklahoma and other points.

Captain J. S. Williams has sold his cattle. We did not learn the price received.

For nearly a century, Black-Draught has helped to bring prompt, refreshing relief from constipation. Thousands of men and women rely on it.

Miss Eulah Hudson left Monday for Woodward, I. T., where she has a large music class.

The ninth annual session of the Stonehill Baptist Association convened with the Haskell Baptist church and organized by electing Rev. B. F. Nixon of Anson moderator and Rev. I. N. Alvis of Roby as clerk. W. P. Whitman was re-elected treasurer.

## 1-MINUTE SAFETY TALKS

By Don Herold

We'll drive moderately, and if we have an accident, it will be a nicer one

## How to Have More Trivial Accidents

If we are going to have automobile accidents, let's have little ones. It is not such a serious matter when we don't want to die in a skull. How shall we select for ourselves the smaller or more insignificant or skin-deep or grade "C" accidents? I have a book in my lap, compiled by The Travelers Insurance Company on last year's smashes and crashes. It tells us which kind of accidents are the deadliest. Let's get a line on 'em and avoid THAT kind. About the surest way to cinch your death in an automobile accident is to mix in a little alcohol. With an intoxicated driver (you or somebody else) at the wheel, your chance of death is greater than with a sober man at the wheel. I mean if you take 1,000 drunk accidents and 1,000 sober accidents there'll be more deaths in the drunk accidents. Even an intoxicated pedestrian has a better chance of being killed than a sober pedestrian—per accident. There has been a lot of loose talk about the safety of driving fast. A lot of people think that it is all right to drive fast if they drive "careful." But the figures show that the rate of death per accident which involves exceeding the speed limit is much worse than the average death rate for all accidents due to improper driving practices. Places, too, have a lot to do with the violence of your accident. The rate of death per accident on highways and at rural intersections is more than 200 per cent greater than on city streets. Time plays a part, also. The death rate per accident after dark is about 60 per cent worse than during daylight. May all your accidents be little ones, and they're more apt to be little if you know about and avoid these deadliest spots and practices.

The Sourdough Hotel

IF YOU'VE ever been to Alaska you probably thought it was a good joke on your friends to write a letter to them on the stationery of the Sourdough hotel.

The Sourdough hotel is located at 1233 Icele avenue and among the house rules are these: towels changed weekly; spiked shoes must be removed at night; anyone troubled with nightmare will find a halter on the bedpost; don't worry about paying your bill—the house is supported by its foundation.

This hotel was the creation of a young newspaper man named E. J. White who went to Alaska during the gold rush of 1898. The primitive living conditions in the boom camp of Dawson appealed to his sense of humor so he had printed several hundred sheets of stationery for his Sourdough hotel.

The gold seekers, seeing in this a chance to play a joke on the folks back home, eagerly bought his stationery at \$2 a dozen sheets. White's clever foolery landed him a job on the Klondike Nugget and started him on the career which has made the name of "Stroller" White famous. He's still a newspaper man, publisher of the Juneau Stroller's Weekly, and tourists in Alaska are still writing letters back home on the stationery of the Sourdough hotel.

plaintiff of W. A. Lewis and the unknown heirs of W. A. Lewis, whose residence is unknown to plaintiff, and for cause of action, plaintiff would respectfully show to the court.

That on or about the 1st day of January, A. D. 1938, he was lawfully seized and possessed of the following described lands and premises, situated in Haskell and Jones County, Texas, holding and claiming the same in fee simple, to-wit:

All that certain tract or parcel of land situated in Haskell and Jones Counties, Texas, described as follows: Being a part of the East half (1-2) of B. B. & C. R. R. Co. Survey No. 12 and more particularly described as follows: BEGINNING 2213.5 feet North of the original Southwest corner of said East half of said Survey No. 12, the same being the Northwest corner of a 20 acre block heretofore sold to J. R. Sledge and the Southwest corner of this tract.

THENCE North 1292.5 feet to the Southwest corner of a tract owned by R. M. Dickerson, the same being the Northwest corner of this tract. THENCE East with the S. B. line of Dickerson tract, 835 feet to stake for the Northeast corner of this tract. THENCE South 1292.5 feet to the Northeast corner Sledge 20 acre tract and Southeast corner

of this tract. THENCE West with the W. B. line of Sledge block and 835 feet to the place of beginning and containing 24.7 acres of land, less 7-10 acres in the form of a square beginning 200 feet from the Southeast corner of this tract on the E. B. line.

That on the day and year aforesaid defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully withholds from him the possession thereof, to his damage in the sum of \$1,000.00.

That the reasonable annual rental value of said land and premises is \$50.00.

Plaintiff would further show that he has had and held the continues, peaceable, adverse, open, uninterrupted, notorious, exclusive, actual and visible possession of said lands and premises above described, and has used, cultivated, enjoyed and paid the taxes on same for more than ten (10) years before any cause of action may have accrued for possession of said lands and premises in favor of the defendants and for a period of more than ten (10) years prior to the institution of this suit. Under which state of facts this plaintiff now has a claim of right prior to and inconsistent with the claim or claims of all others and by virtue of which he now owns said lands and premises in fee simple to the exclusion of all others.

WHEREFORE, plaintiff prays that the defendants be cited in the manner and for the length of time as required by law, and that plaintiff have judgement for the title and possession of said above described lands and premises; that writ of possession be issued; for his rents and damages; for cost of suit and all such other and further relief, special and general, legal and equitable, to which he may be justly entitled.

This action is brought as well to try title as for damages. HEREIN FAIL NOT, And have you before said Court, on the first day of the next term thereof this Writ, with your endorsement thereon, showing how you have executed the same.

It's Not Saved Until It's Safe

Work piles up during cotton picking time and the inclination is to let other things go until the staple is safely ginned. It is impossible to plant all feed crops so that they mature and may be harvested at their best either before or after cotton picking time, and the best that can be done is to hire extra labor or else let some crops deteriorate in the field.

There is a great deal of difference in the feeding value of all hay and forage crops, depending on whether they are cut and cured at their best, or allowed to become over-ripe and woody. Weather damage in the shock is also much greater than in the stack or in the barn, and it is like throwing away part of the crop after it is made to let it stand too long, either before or after harvesting. In the case of grain sorghums blades often destroy more than enough to pay the cost of getting it into stack or barn.

Haying and curing dry bundle feed cannot be done in rainy weather, especially if it is warm enough to encourage mildew, but moisture helps rather than hinders the making of ensilage so long as the ground is not too muddy to permit harvesting. Troy Fenner, an Erath county farmer, last year got caught with a crop of forage ready for harvest, and saved it in fine shape by using an abandoned cistern as a silo. His cows doubled their milk production when he began feeding the ensilage and this year he had a large trench silo ready to fill when the crop was ready.

It has cost a good deal of labor and several months time to produce the fine feed crop that the Southwest has this year, but it is not saved until it is safe—in the mow, the stack, or the silo. It is worth making an extra effort to

see that none of it is wasted by standing in the field too long. Every bushel of grain and every ton of forage is potentially a few pounds of meat, milk or other livestock product, and every pound of these products is equivalent to money in the purse.

Government crop estimates indicate the largest corn and grain sorghum crop the Southwest has ever had, and the same may be said of hay, for which the season has been unusually favorable in most sections, promising later cuttings than normal. Corn 182,937,000 bushels; grain sorghums 86,086,000 bushels; hay (except alfalfa) 4,385,000 tons; alfalfa, 1,124,000 tons. Let's save it all in this fat year—next year may be a lean one.

There is still time to sow winter cover crops for grazing, to help protect the soil from washing by winter rains, and to harvest next spring or turn under for soil improvement. There is a wide choice of crops for the purpose, including wheat, oats, rye, vetch, bur clover, Italian rye grass, rescue and winter peas, and there is not a farm in the Southwest that cannot benefit by using one or the other. All livestock and poultry need green feed in winter, no matter how much dry feed they have.

Most of these crops like a farm seedbed and can therefore be drilled in clean cotton ground without other preparation. If a drill is not available it will require more seed to insure a stand, but any implement that will cover the seed properly will serve the purpose.

Grady G. Roberts, owner and publisher of the Munday Times was a business visitor in Haskell Wednesday. Mr. Roberts was recently elected State Representative from the 114th district.

Mr. and Mrs. L. D. Ratliff and daughter, Marjorie, visited their son, Mr. and Mrs. O. B. Ratliff and daughter of Spur this week.

## TEST SHOWS VALUE OF COMPLETE FEED FOR GROWING BIRDS

### Well-Developed Pullets Turn in \$65 More Profit.

Gray Summit, Mo.—An old proverb laments that "one half of the world never knows how the other half lives." This is particularly true of growing pullets, as demonstrated in a test here at the Purina Experimental Farm last year.

Two hundred sturdy, well-developed six weeks old pullets were selected for the experiment. All birds were from the same hatch and for the first six weeks were fed on Purina Startena. At six weeks the two hundred pullets were as nearly alike as heredity, management, and good feeding could make them.

At six weeks the chicks were divided. One hundred birds were put into a pen and fed all the grain they could eat, along with the grasshoppers and bugs they picked up on alfalfa range. The other hundred were given all the grain they wanted nights and mornings, but in addition were given all the Purina growing mash they could eat. It was kept before them in open hoppers. These birds were also allowed alfalfa range. Management and housing conditions were the same for both flocks, and each flock was given the best sanitation.

Differences Show Early  
"Almost immediately a slight difference in the development between the two flocks began to show," C. S. Johnson, manager of the Purina Poultry Department says, "but at

the following report of the Haskell club's activities during the last year, as appearing in the report of the 22nd annual convention recently held in Oakland, Calif., was read as follows:

"Paid crippled child's expense to Children's Hospital in Dallas. Supplied glasses to needy persons. Cooperated with the Chamber of Commerce in securing premium for the first bale of cotton ginned in Haskell. Held a joint meeting with Munday Lions. Sponsored a donkey baseball game between Munday Lions and Haskell Lions which netted \$19. Assisted Masonic Lodge to transport crippled children to Wichita Falls for examination and surgical attention. Sponsored a banquet for high school football team. Distributed Christmas baskets to six needy families. Sponsored the sale of basketball tickets, to proceeds of which were donated to the Warm Springs Foundation. Repaired 'Drive Slow' signs and erected them on highway near school campus. Assisted in securing a curtain for the high school auditorium. Sponsored the Munday Lions Club."

Mr. and Mrs. B. M. Whiteker have as guests in their home this week their children, Mr. and Mrs. Jno. W. Whiteker of West Columbia, Texas, and Mr. and Mrs. B. M. Whiteker, Jr. and daughter Carmen of Fayetteville. A daughter, Miss Marjorie Whiteker of Big Spring, spent the week-end with Mr. and Mrs. Whiteker.

At five months both the growing-mash fed pullets and the grain-fed pullets were put on the same laying ration. The pullets fed on growing mash responded immediately but the grain fed pullets did not. The "roughing" they had received from the sixth to the twentieth week held them back. Consequently, the hundred scrawny pullets did not come into production until they were 7 1/2 months old, and by the time they were eight months old had laid only \$6.50 worth of eggs.

Good Birds Turn In \$74  
The well-developed pullets grown out on a complete growing feed started laying at five months. Proper feeding during the growing period had given them big frames, strong muscles, and well-developed egg-making organs so that they were in peak condition to start laying. During the fall and early winter months when egg prices were high these birds were in good production and at the end of 8 months had turned in a record of \$74.75 worth of eggs, or \$68.25 more than the under-developed pullets. The hundred immature, knobby little pullets were an additional expense in that they used their laying ration as a growing feed after they were in the laying house.

"Any poultryman who feels he can 'rough' his pullets through the summer is sure to find that they 'rough' him back in the fall when egg prices are high," Johnson says. "Grain and cheap mash, or grain alone, can't do a money-making job of growing and developing pullets into profitable layers. A half-way job of growing birds results in a half-way job of laying when they are put into the laying house."

F. G. Alexander returned home Tuesday after spending the week end in Brown County.

## SOCIETY and Club

North Ward P. T. A. Holds First Meeting of New School Year

The North Ward Parent Teachers association held their first meeting of the current school year Thursday afternoon at 3:30 o'clock. The president, Mrs. K. H. Thornton, directed the program for the afternoon. Mrs. T. R. Odell, president of the 13th district discussed "Purposes of the P. T. A."

In connection with her talk, Mrs. Odell conducted an interesting and instructive round table discussion with all members present taking part, which resulted in a graphic outline of the opportunities which await the organization in school and community service.

Regular meetings of the North Ward group will be held on the second Thursday in each month. All parents are urged to attend these meetings.

South Ward P. T. A. To Meet Thursday In First Meeting

First meeting of the current school year for the South Ward Parent Teachers Association will be held Thursday afternoon at the South Ward school building. Theme of the meeting will be "Is Your Child Ready for School?" Mrs. George Henshaw, new president for the club year, will direct the program. Reporter.
