## ELIMINARY PLANS OUTLINED FOR ANNUAL STATE FAIR OCT. 19-22

### Departments Added Premium List Being Compiled

Directors of the West Texas Fair Association have mapped preliminary plans for the annual State Fair to be held in this county October 19-22 inclusive. The preliminary list of departments to be included in the catalog will be issued August 1st, according to M. J. Wainwright, secretary of the organization.

Changes in the program heads have been made with only a few changes from last year, and instructions to exhibitors are being given. Several departments, with special divisions added in exhibition of increased exhibits in and girls agricultural activities.

Improvements are contemplated for the entire plant, including the exhibition building and pens for livestock, poultry sheds, etc. Recommendations for proposed changes are also being drawn by the program heads, to allow a better arrangement of exhibits in all departments.

Standing feature of this year's exposition will be the re-creation of Old Settlers, pioneers and following the creation of the county. Invitations will be extended to three members of the association and their friends, and spectators will be arranged for honor.

Members of the fair association are: Walter Murchison, president; W. Williams, vice president; M. Turner, treasurer; and Wainwright, secretary.

**Amateur Fight  
Will Have Large  
Number Entries**

Amateur boxing will be between Jim and Mut Pettit of Houston in the 160 pound weight class. Pettit is rated as Haskell's champion, a title he has held for several years. However, Pettit is expected to have a number of opponents in a number of events.

Amateur wrestling will be between Ray Crowell, former Haskell wrestler, and Abilene amateurs will invade this city tonight when they will wrestle in a number of events.

Amateur wrestling will be between Ray Crowell, former Haskell wrestler, and Abilene amateurs will invade this city tonight when they will wrestle in a number of events.

### Festival Queen

Miss Geneva Albritton of Hamilton will be crowned Queen of the State Fair at the annual Folk Festival to be held Thursday, Friday and Saturday of this week. The Queen will be on a special float during the street parade to be staged Friday afternoon, July 15, accompanied by members of her court.

**\$7,237 IS COST  
OF AAA PROGRAM  
IN THIS COUNTY**

Administrative Expense Totals Ranger From \$1,854 Upward

Farmers' county committees and associations in Texas spent as much as \$13,895 in Grayson county and \$13,829 in Collin county and as little as nothing in Crane, Jeff Davis and Loving counties to run their part of the 1938 farm program, according to a report of the Agricultural Adjustment Administration.

In Haskell county, the government was called upon for \$7,237 to defray costs of administering the farm program for 1938. Expenses for all committees in the state totaled \$1,153,696. These expenses were purely local, most of the money going to farmer committees and field men as per diem compensation for surveying and administrative work.

The expenses are being published by counties to assist committees "to understand the problems involved and to work toward increased economies in operation of the program," officials stated.

In 19 counties of the Northwest Texas area, expenses totaled \$94,957. Clay county was first with \$7,832 in expenses; Haskell, second, with \$7,237; Montague, third with \$7,101; Collingsworth, fourth with \$6,985.

Other area totals by county follow: Archer, \$1,854; Baylor, \$3,364; Childress, \$6,285; Donley, \$4,659; Foard, \$2,584; Cooke, \$6,845; Hall, \$6,770; Hardeman, \$5,922; Jack, \$3,431; Knox, \$3,210; Throckmorton, \$1,892; Wilbarger, \$4,883; Wise, \$6,060; Young, \$4,305; Wichita \$4,198.

**Government Reports  
9,960,000 Acres of  
Cotton Is Planted**

Texas cotton in cultivation July 1 was 9,960,000 acres, the Austin bureau of the United States Department of Agriculture reported Saturday.

## LARGE CROWD AT ROCHESTER FOR POLITICAL MEET

### County Candidates Outline Campaigns To Voters of That Section

An estimated crowd of twelve hundred persons gathered in Rochester Friday night for a political rally and speechmaking by candidates for office. The speakers' platform had been erected on a vacant lot near the business section of town, and the large crowd filled the block and adjoining streets.

County attorney Walter Murchison was master of ceremonies, and introduced each of the speakers. Time on the evening's program was allotted to all county, district and precinct candidates and talks were well received. A former Rochester school teacher, J. L. Williams, also spoke in behalf of the candidacy for re-election of Hon. C. V. Terrell, Railroad Commissioner.

Mattson will be the scene of the next rally, when candidates will address the voters of that community Wednesday night, July 13th. On Friday night a similar program will be staged in Rule, and the final rally will be held in Haskell Friday night July 22 on the courthouse lawn.

## Folk Festival at Anson Expected to Be Colorful Event

Anson's third annual Folk Festival to be held July 14-16 is expected to be the largest and most varied of any of the previous ones. Included among entertainment features will be an old time cowboy pageant on the Chittenden ranch at 8:30 p. m. Thursday night, July 14 followed by fireworks. This pageant will depict cowboy life on the open range, covered wagon train and life on the McKenzie trail, a tableau of "Dixie Ladies," dramatization of the round-up and cattle drives, and "Home on the Range" as well as an Indian-Cowboy battle, featuring real Indians. A band will furnish music.

Mr. Huckabee, who had been in ill health for the past year, moved to Georgetown from Frost, Texas, in May of this year. He was formerly pastor of the Buchanan Street church in Amarillo. He had been a member of the Northwest Texas Methodist conference for many years and at the time was a supernumerary member.

Funeral services were held at Georgetown Friday.

## Texas Tax Receipts Reach \$183,400,000 In 10-Month Period

Receipts of the Texas State Government the first 10 months of the current fiscal year amounted to more than \$183,400,000 and came within \$9,000,000 of the total collected the entire previous fiscal year, Comptroller George H. Sheppard announced.

The receipts were from the following tax sources: Motor fuel, cigarette tax, valorem, inheritance, occupation, liquor, wine, beer, franchise, gross receipts and miscellaneous.

## Premium List For State Fair Is Distributed

Listing more than \$100,000 in premiums for livestock, agriculture, poultry, culinary, textile, hobbies, and many other classifications, the premium list for the Golden Jubilee Celebration of the State Fair of Texas is now being distributed. It has been announced by Otto Herold, president of the state fair.

Premiums in Livestock and Poultry have been increased, and competition has been taken out of the county agricultural exhibits. Instead of having counties compete, each county exhibiting will be given \$125.00. This will enable Texas counties to present the most complete picture of agricultural possibilities of the State ever seen.

The premium list contains premiums which will be awarded in individual farm exhibits, as well as 4-H Club Boys and Girls exhibits and Future Farmer exhibits.

## Treasure Island Portals

The 100-foot high South Towers of the 1939 Golden Gate International Exposition on Treasure Island in San Francisco Bay. Tower in foreground is entrance to the Palace of Homes and Gardens while tower in rear leads to the Palace of Mines, Metals and Machinery and the Hall of the Mineral Empire.

## LITTLE POLITICAL INTEREST EVIDENT AS PRIMARY NEARS

### Father of Haskell Minister Succumbs on Thursday Night

The Rev. John S. Huckabee, prominent Central Texas Methodist minister and evangelistic worker for almost a half a century, died Thursday night at his home in Georgetown. He was the father of Rev. R. N. Huckabee, Methodist minister of this city.

Mr. Huckabee, who had been in ill health for the past year, moved to Georgetown from Frost, Texas, in May of this year. He was formerly pastor of the Buchanan Street church in Amarillo. He had been a member of the Northwest Texas Methodist conference for many years and at the time was a supernumerary member.

Funeral services were held at Georgetown Friday.

## West Texas Editor Comments On Automobile Racing

Bowen Pope, editor and publisher of the Hamlin Herald, and widely known West Texas newspaperman, gave the following comment concerning the automobile races here Sunday and Monday in last week's issue of the Herald. His observations are reprinted for the benefit of our readers:

"The Herald is always glad to give due publicity to our neighboring towns' big days. Then we are glad to be their guests at their functions.

"This week we had the pleasure of attending Haskell's races, and that good little city will not be hurt by our comments on their show and some of its features. Everything we may say is aimed to be constructive criticism. It was our first auto race to ever see. We found several things about Haskell which we had never seen before. For example their new court house. It is beautiful and adds much to their city appearance. Another thing we saw that looked good and cool, was their swimming pool. From observations it would appear that local people

do not patronize their swimming pools as we people here in Hamlin think we would, if we had one... perhaps they get accustomed to it and the water does not attract when it is close by. But a swimming pool is very desirable.

"Now about the races. A great crowd was present. Folks were in the trees and on house tops outside the track. The track was dusty, especially at the end turns, and the racers could not see a foot ahead. Our observation is that a man can not find any more hazardous thing to do than auto race, even on a dustless track. We observed the fellow in car No. 10 Sunday afternoon who won the races, but Monday he LOST when his car went through the fence and a plank pierced his body. It was a dear race. Our opinion is that auto racing is too dangerous to be patronized. It is the gate money that pays for the winner and therefore we conclude that patronage contributes to death. Haskell is a good town and could find a better foundation for entertaining than racing."

## WORK PROGRESSING ON COMPLETION OF EAST-WEST HIWAY

### Crew of 200 WPA Laborers Engaged in Building 7-Mile Stretch

With a crew of more than two hundred WPA laborers employed daily, work on the remaining stretch of Highway 120 east of Haskell is progressing rapidly, with completion of the project slated sometime during the fall. Supervision of the construction work is being directed by L. B. Dean, field engineer of the State Highway Department and a corps of seven assistants. Seven and one-half miles of roads is included in the project, which when finished will complete the county's highway system of all-weather roads, and gives this section a direct outlet to Fort Worth and other cities in the east and south parts of the state. Under a former project, one-half of the road improvement has already been completed from Haskell to a point midway between this city and the Throckmorton county line.

The entire highway between Haskell and Throckmorton will be of caliche base, and when work now underway is finished, the surface will be given an asphalt coat.

## Light Shower Over County Is Benefit to Crops

Crop prospects were brightened for Haskell county farmers last week when more than one-half inch of rain was received in this immediate section. Precipitation was general in a varying degree over the entire county, with farmers in the east part of the county reporting only slight moisture, but enough to benefit young feed and cotton.

Rainfall was heavier in Haskell and the west and north parts of the county. In some sections farmers reported that feedstuffs were beginning to suffer from lack of moisture and hot winds that had prevailed for several days. Cotton and feedstuffs are up to a good stand, with prospects for a bumper yield with continued favorable conditions.

## Father of County Supt. Graham Dies In Eastland, Texas

J. E. Graham, 80, retired Eastland county farmer and father of County Superintendent Matt Graham of this city, died Saturday evening, July 9th at his home in Eastland. Mr. Graham has been in ill health for the past seven months. He had never fully recovered from an operation performed last winter.

Funeral services were held in the Eastland Methodist Church Sunday afternoon, with interment in that city. Mr. Graham has been a resident of Eastland county for thirty-three years, living most of that time near Carbon, where he engaged in farming.

Immediate survivors are his widow and six children; W. H. Graham of Grand Prairie, Mrs. R. C. Noble of Garner, Okla., Mrs. Cecil Smith of Freer, Texas, Mrs. B. W. Ferris of Stamford, Mrs. Mack Clyatt of Eastland, and Matt Graham of Haskell. Nineteen grandchildren and ten great-grandchildren also survive.

## Local Barber Shop Sponsoring Straw Vote for Governor

Proprietors of the Hotel Barber Shop are sponsoring a straw vote on the Governor's race during the remainder of this week, with the ballots to be counted and results announced Saturday night. They are inviting their patrons and all others interested to take part in the poll free of charge.

Messrs. and Mmes. R. L. Lemmon, T. J. Arbuckle, T. J. Lemmon and Sarah Beth Arbuckle were in Cisco Sunday to attend the funeral of C. F. Jenkins, a pioneer citizen of that city.

Mr. and Mrs. Carl Maples and Douglas Ray, Taylor of Wichita Falls visited Mrs. Maples' parents, Mr. and Mrs. R. D. C. Stephens Sunday.

## ELECTION BALLOTS AND SUPPLIES DISTRIBUTED FOR PRIMARY JULY 23

### Expert Swimmer

Roger Plaisted, Red Cross swimming expert, will be in Haskell for the week-end to qualify Life Saving examiners and give tests to local swimmers who have already completed the Red Cross examiner's course.

## RED CROSS EXPERT TO GIVE SWIMMING TESTS IN HASKELL

### Roger Plaisted Will Conduct Two-Days Course of Examinations

According to D. H. Persons, county chairman of the local Red Cross chapter, Roger Plaisted, representative of the organization's Midwestern Area Headquarters at St. Louis, will arrive here July 15-16 to assist the chapter in its efforts to reduce the hazards of aquatic. During this visit the swimming expert will qualify new Life Saving examiners and give tests to local swimmers who already have successfully completed the rigid Red Cross examiner's course. Each year these examiners spread their knowledge of water safety methods to many others with the aim of holding casualties to a minimum.

In announcing the visit of Mr. Plaisted, the county chairman called attention to the appalling death toll from drowning. Each year, he said, about 7,400 persons are drowned. These fatalities exceed by hundreds the number of lives lost in steam railway accidents and explosions combined.

"In spite of the forward strides the National Red Cross has made in life saving," he added, "the annual loss of life from drowning continues to be staggering, because in more recent years additional millions have answered the call of the surf, lake or pool.

"The worst of it is that the majority of the deaths are avoidable and generally can be traced to lack of knowledge on the part of the victim. Aside from the tragedies involved, drowning, which is the second most important cause of accidental death among men and boys, is extremely costly to industry. The wage loss, medical expense and overhead insurance cost involved in accidental deaths and injuries in one twelve-month period exceeded two billion dollars.

"Each year the accidental casualty list in America is much longer than the list of casualties this nation's armed forces suffered throughout the World War.

"The Red Cross is meeting the challenge of drowning, and through its chapters and trained staff is offering its Life Saving service without depriving swimmers of the zest and thrill of water sports."

## Mr. and Mrs. Kelly Will Operate Rooming House In City

Mr. and Mrs. W. W. Kelly, proprietors of Kelly's Cafe on the east side, have leased the second floor of the Sherrill building and will operate a rooming house in the location. A number of rooms and several apartments in the building have been remodelled and furnished for their patrons, Mr. Kelly said Monday, and several tenants have already been secured.

### Clerks Are Appointed For Twenty-Two Voting Precincts

Ballots and other election supplies for the first primary have been arranged for distribution to the various voting boxes of the county, and will be carried to the precinct polling places within a few days, according to John A. Couch, secretary of the Democratic executive committee for Haskell county. H. Weinert is general chairman of the committee.

Clerks to assist in holding the election have been appointed and notified by precinct chairman, Mr. Couch stated Monday, and all other arrangements for the balloting have been made.

Presiding officers in the county's twenty-two voting boxes will be:

- No. 1, Haskell—John A. Couch.
- No. 2, Haskell—Virgil A. Brown.
- No. 3, Haskell—Arthur Merchant.
- No. 4, Haskell—J. L. Odell.
- No. 5, Rule—Porter H. Campbell.
- No. 6, Rochester—Dick Shaver.
- No. 7, O'Brien—W. D. Johnson.
- No. 8, Jud—T. A. Holcomb.
- No. 9, Cliff—M. A. Bumpas.
- No. 10, Weinert—Ed Howard.
- No. 11, Brushy—C. C. Cunningham.
- No. 12, Cottonwood—Frank Nicholson.
- No. 13, Jim Hogg—J. P. Moeller.
- No. 14, Howard—J. P. Trimmer.
- No. 15, Cobb—A. C. Schaeffer.
- No. 16, McConnell—W. E. Bunkley.
- No. 17, Sagerton—W. J. Pilley.
- No. 18, Joe Bailey—Roy Overby.
- No. 19, Tanner Paint—C. H. Spurlin.
- No. 20, Bunker Hill—J. J. Wofford.
- No. 21, Post—J. W. Adcock.
- No. 22, Rule—Ed Verner.

## Name Swimming Instructors For Area Scout Camp

Mr. and Mrs. J. H. Edwards of the American Red Cross will teach swimming and Junior and Senior Life Saving at Camp Tonkawa, the Council's summer camp, July 17th to July 31st.

Prof. V. B. Leonard of San Angelo, will conduct daily classes in archery and will bring the camp more than 200 arrows and many bows so that every Scout will have the opportunity to shoot daily.

Several experienced Eagle Scouts will serve on the Camp Staff, including Prof. Conner Robinson of Merkel Schools, Pete Place of Rule, a National Jamboree Scout; Monroe Cherry, Jr., of Coleman and Scoutmaster Chig Burnam of Abilene.

Scout Executive Ed Shumway will serve as Camp Director and announces that several courts of Honor will be held during the Camp; a council fire program held each night and that many features of a pioneer camp will be embodied in the regular camp program.

## School Patrons Should Transfer Pupils In July

Patrons of Haskell county schools who contemplate a change of residence that will place them in a different school district during the next school term, are reminded that all transfers of students must be made during this month.

No applications for transfer can be received after August 1st, county superintendent Matt Graham stated. All applications must be filed before that date in order to be approved and included in operating plans and budget of the district into which a pupil is transferred.

Mr. and Mrs. Leon Pearsey and daughters and Mr. and Mrs. Rogers Gilstrap and daughter visited Mrs. Pearsey's parents, Mr. and Mrs. W. E. McEroy and Mr. and Mrs. Rod Clifton in San Angelo Sunday.

The dividing line between news and advertise-  
ment is the line which separates information for  
public interest from information which is disseminat-  
ed for profit.

## The World's Autos

There is an automobile in the United States  
for every 4.3 persons, and nine out of ten farms  
have a motor car. Approximately 70 per cent of  
all the automobiles in the world are owned in this  
country.

Of a total registration of 42,400,000 automo-  
biles in the world at the beginning of 1933 the  
American people accounted for 29,650,000.

In this country the ownership of a car has  
become a casual affair. But elsewhere in the civil-  
ized world, with but a few exceptions, the ownership  
of a car is a mark of wealth or privilege.

Germany has one car to every 58 people. Italy  
has one to every 105. Japan has one to every 528  
people and Soviet Russia has one to every 686.

It is due to the American system which encour-  
ages freedom of private industrial enterprise, thus  
increasing production, lowering prices, providing  
jobs for workers and raising the living standard,  
that the people of this country have such a high  
percentage of automobile ownership.

Only in English-speaking countries where the  
living standard is comparable to that of the United  
States is automobile ownership widespread. Canada  
has one car to every nine people and Australia  
has one to every ten. In the United Kingdom there  
is one car to every 22 people.

## Two Paid for One Job

An election contest for a seat in Congress for  
the First district of New Hampshire, which has  
been pending since the 1932 election, was decided  
this month, and resulted in the unseating of Rep-  
resentative Arthur B. Jenkins, Republican, in fa-  
vor of his opponent, Alphonse Roy, Democrat.

Mr. Jenkins served as a member of the House  
since January 3, 1927 and under the law was en-  
titled to his pay of \$10,000 a year and allowances  
during the time he actually served, a little more  
than a year and a half.

But having been declared the rightful holder  
of the office, Representative Roy will draw full  
pay, as well as mileage and other perquisites, for  
the entire term of two years for which it finally  
has been decided he was elected.

Thus Uncle Sam is out nearly \$20,000 because  
of an alleged error in counting the votes cast. It  
is not charged that it was the fault of either of the  
contestants that this happened, but it seems that a  
very long time was required to settle the case.

## Moving Farm Products

One of the most essential services performed  
by the railroads is the moving of farm products,  
and for this reason farmers have a large stake in  
the future of rail carriers, whose plight is just now

most serious, because of reduced traffic and high  
costs of operation.

The benefits of prompt and dependable rail ser-  
vice to farmers are far reaching, and are particu-  
larly in evidence in the distribution of fruits, vegeta-  
bles and other perishable products. Through such  
service these foodstuffs, which are in season locally  
for only short periods, may be brought from distant  
regions at other times, thus making them virtually  
year-round articles of diet.

As was recently pointed out by President  
Downs of the Illinois Central, this broadening of  
the nation's food supply has been instrumental in  
raising our standards of living and making for bet-  
ter health. He also said:

"For real aid to the farmer the transportation  
provided by the railroads for both perishable and  
non-perishable farm products is in a class by it-  
self. These benefits are typical of railway trans-  
portation as a national asset. The protection of this  
asset is one reason for patronage of the railroads  
and for helpful public policies in matters of their  
welfare."

## Reflections on Ditto

There was an interesting story in a Philadel-  
phia paper the other day.

A peacock roaming around in the city zoo en-  
countered a penny scale that bore a mirror. The  
bird looked into the mirror and thought he had  
discovered an enemy. That was sad. He rushed at  
the scale with murder in his heart and almost killed  
himself. When he rose from the ground he looked  
at the mirror again and discovered the other  
bird still standing.

But, being a bird, and not having man's in-  
telligence, he refused to believe what he saw, so  
he went right back to his old position and started  
in killing himself again.

There was an interesting story in a New York  
paper the other day.

It was on the financial page. "Students of con-  
ditions who have pored through the statistical re-  
cords of the last few months," it read in part, "find  
nothing to stand in the way of a general recovery  
in business and industry. Inventories are far  
below year-end figures. . . prices of raw materials  
are at the lowest for several years. . . There are  
unusually few distress signals flying. . . On the  
other hand, business psychology is still gloomy. . ."

Why not try keeping your eyes off the mirror  
for a while?

While a union picketed the sidewalk in  
front of a Chicago grocery carrying an "unfair  
bargain" a few days ago, a number of children  
marched back and forth alongside him, with a sign  
which read: "Don't mind him. This Store IS fair.  
This guy is nuts."

One baseball record that may never be equal-  
ed was hung up recently by Johnny Vander Meer,  
sensational young southpaw of the Cincinnati Reds,  
who pitched a no run, no hit game against the  
Boston Bees, and performed the same operation on  
the Brooklyn Dodgers in his very next game.

This little story of a major league spring  
training camp is going the rounds: A gatekeeper  
reported to the manager that the umpire for the  
day's practice game was at the gate with two fri-  
ends for whom he wanted passes. "He must be an  
imposter," said the manager; "no umpire has that  
many friends."

Some surprising reactions have followed the  
enclosure in all WPA pay envelopes of a letter  
from Administrator Harry Hopkins telling his em-  
ployees that they had the right to vote in any  
election for any candidate. In some sections work-  
ers are presenting this letter and demanding to  
be allowed to vote without payment of poll tax.  
Some southern negroes also wanted to know whether  
the right to vote applied to them.

## One-Minute Stories of 100 Texans

By  
W. T. CARLEY

### STERLING C. ROBERTSON

The greatest of all the Texas  
empires was born in Nash-  
ville, Tennessee, October 2, 1875,  
while the old Volunteer State was  
a part of North Carolina. His  
father was co-founder of the city  
of Nashville and one of the state's  
early leaders. In Nashville Robert-  
son was educated and grew to  
early manhood.

Robertson served in the volun-  
teer army of the United States in  
campaigns against both Indians  
and British invaders, and in the  
memorable Battle of New Orleans  
was a major on the staff of Gen-  
eral Carroll, and enjoyed every  
confidence of the lion-hearted An-  
drew Jackson.

After Mexico won its independ-  
ence from Spain, or about 1824,  
Robertson made a personal tour  
through the province of Texas and  
was charmed with the idea of col-  
onization. For the remainder of  
his life his every hope, fear and  
private possession was indisolu-  
tely linked with the birth and des-  
tiny of the Texas Republic.

Robertson, at his own expense  
brought 600 families into Texas.  
He was a signer of the Texas Decla-  
ration of Independence, and a  
nephew, George C. Childress, was  
the author of the immortal docu-  
ment. Robertson was in the Battle  
of San Jacinto and among the 30  
Texans that witnessed the sur-  
render of Santa Anna.

A son, E. Sterling C. Robert-  
son, served valiantly under the  
Stars and Bars of Dixieland. A  
grand-daughter was the first wife  
of the late Cone Johnson and one  
of the dozen most brilliant wom-  
en that Texas has ever known.  
Another accomplished grand-  
daughter was the beloved wife of  
Z. T. Fulmore, eminent Texas  
historian.

### Texas Cafe "Dresses Up" With New Coat of Paint

Attractiveness of the Texas Cafe  
popular eating establishment, has  
been enhanced with a new coat of  
paint for the front and the later-  
ior fixtures and walls. The origi-  
nal color scheme was followed in  
redesigning.

## Beating the "Summer Drouth"

By T. C. RICHARDSON, Sec'y,  
Breeder-Feeder Association

One of the Southwest's clima-  
tic peculiarities is so common  
that "the summer drouth" is a  
standard part of our vocabulary.  
It doesn't occur at the same time  
in every section, and occasionally  
doesn't occur at all, but as a  
rule there is a period when rain-  
fall is deficient, pastures dry up,  
and crops suffer to a greater or  
less degree. This is the time  
when milk flow falls off and  
growing livestock slow up in  
gains. When either happens the  
loss is final. At considerable  
pains and expense the milk flow  
can be partly restored and nor-  
mal growth will again begin when  
adequate feed is supplied. But the  
milk that might have been pro-  
duced at the weight that might  
have been gained has disappeared  
down the inexorable and irrec-  
usable corridors of time.

That's why so many good farm-  
ers now hedge against the sum-  
mer drouth by providing Sudan  
grass or other cultivated pastures,  
or keep a supply of ensilage in  
reserve. It is far cheaper in the  
long run to fence a field of Sud-  
dan so it can be grazed, than to  
let the growing animals take a  
set-back or let the milk flow fall  
off.

"I had eight acres of corn that  
was 'drying up' so I dug a trench  
and put the corn in it," said a  
Guadalupe county farmer at Luling.  
"My pasture was dry, and I  
fed the corn to my cows right  
along out of the silo and kept the  
cream checks up to normal. Be-  
fore the corn was all fed up my  
heifer also began to fatten before  
the grain was ripe. I cut that and  
ensiled it in the same trench. My  
cows never fell off in their milk  
all summer, and the trench, which  
my son and I dug in half a day,  
made me many times its cost be-  
fore the summer was over. I'll  
have a bigger one ready next  
year."

Sudan grass at certain stages is  
high in protein and next to alf-  
alfa is probably the best and  
cheapest feed for growing pigs  
and lambs. It has become custo-  
mary throughout the Southwest to  
carry spring litters of pigs  
through the summer on Sudan.

Jim Holmesly returned last  
week from the Plains country,  
where he has been employed dur-  
ing the grain harvest. Mr. Holmes-  
ly stated that the yield in that  
section was somewhat less than  
last year.

Charles Frost returned to Ran-  
ger Friday to resume work after  
having been detained in Haskell  
with a hand infection.

## Tiny Midway Island In Pacific Soon To Get \$1,041,000 Harbor

HONOLULU—Midway Island's  
new \$1,041,000 harbor will be  
designed to accommodate naval  
warships as well as commercial  
flying boats and steamers.

Primary purpose of the Mid-  
way harbor improvement project,  
according to recent disclosures, is  
to provide an emergency refuel-  
ing base for American naval ves-  
sels.

Twenty-seven men are now at  
Midway completing housing fac-  
ilities for a larger construction  
crew which will be sent to the  
mid-Pacific island in July or  
August to begin work on the har-  
bor.

The project, under direction of  
Maj. Peter E. Berne, U. S. Dis-  
trict Engineer, calls for dredging  
the harbor to a depth sufficient  
to accommodate vessels of a 20-  
foot draught. A three-sided, 1-  
500 foot breakwater will be built  
around the dock to which vessels,  
including warships, may be tied.

Tenders, destroyers and light  
cruisers which draw 19 feet will  
be able to use the harbor and  
channel.

Moved to Wake  
When the Midway project is  
completed the dredging equip-  
ment is expected to be moved on  
to Wake Island where surveys  
for a similar project have already  
been completed.

Approximately 100 men will  
be employed on the Midway pro-  
ject by late August. Thirty men  
will be transported from Hono-  
lulu to the island early in July  
on the Naval minesweeper Ogala.  
Additional personnel will accom-  
pany the Naval dredger Hell Gate  
to Midway in August. The Hell  
Gate is now being conditioned at  
Pearl Harbor for the Midway pro-  
ject.

When the Army engineers com-  
plete the project Midway's new  
harbor will be turned over to the  
Navy, which has administrative  
control of the entire island.

Only commercial organizations  
which probably will benefit from  
the improved harbor facilities are  
Pan American Airways and the  
Commercial Pacific Cable Co.  
Both have stations on the island.

Now that Midway and Wake Is-  
lands have been linked with the  
world of today by Trans-Pacific  
aviation personnel are finding them-  
selves confronted with the im-  
portance of sharing the in-  
conveniences of modern civiliza-  
tion.

Begin to Notice  
Formerly as carefree and as ir-  
responsible as the ocean breezes  
which sweep their flat faces, the  
little isles are beginning to notice  
the burden as well as the con-  
venience of their marriage with  
the mainland United States.

Since communities of civilians  
have been established on the is-  
lands their administrative con-  
trol by the Navy has been com-  
plicated. Particularly perplexing is the

## Disregard of Right of Way Causes Big Number Accidents

Austin, Texas—State Police to-  
day urged drivers to study laws  
relating to the right of way after  
analysis of 771 recent accidents  
showed that one or more vehicles  
involved in 123 or 16 percent of  
the crashes were not in their right-  
ful positions.

Unless intersections are con-  
trolled by local regulations, police  
pointed out, vehicles approaching  
from each driver's right have the  
privilege of entering the inter-  
section first.

Drinking on the part of a driver  
or pedestrian was listed as the  
cause of 101 of the 771 accidents,  
with speed ranking third. Fifty-  
four collisions were caused when  
automobiles moved too close to  
the center of the highway or were  
driven on the wrong side.

Other facts revealed in the  
study showed that 48 accidents  
were caused by pedestrians run-  
ning into paths of vehicles, 40  
by improper left turn, 31 by dis-  
regard of traffic control signals, 30  
because drivers did not signal in-  
tentions of making turns or stops,  
27 by improper passing, and 19 by  
drivers' lack of attention.

State safety officials warned  
drivers of motor vehicles to use  
more courtesy at intersections and  
places where other vehicles or pe-  
destrians may possibly move into  
their line of travel. Through cour-  
tesy, they explained, hundreds  
of crashes can be prevented each  
year and many lives may be saved.

Aside from the continued heavy  
death toll on Texas highways the  
safety officials were encouraged  
by the continued reduction in vio-  
lent traffic fatalities. A general  
nine percent decrease has been  
reported for the first five months  
of this year, despite a nine per-  
cent increase in travel.

The average turkey provides  
servings for 20 people.

## Political Announcements

The Free Press is authorized  
to announce the following candi-  
dates for office, subject to the  
action of the Democratic Pri-  
mary in July.

For Railroad Commissioner:  
C. V. TERRELL.

For State Representative:  
A. H. KING of Throckmorton,  
COURTNEY HUNT of  
Haskell County.

For District Attorney, 39th  
Judicial District:  
BEN CHARLIE CHAPMAN,  
(Second Term)

For District Clerk:  
MRS. HETTIE WILLIAMS,  
LEWIS (Shorty) SHERMAN.

For County Clerk:  
ROY RATLIFF,  
JASON W. (Jake) SMITH,  
(Re-election).

For County Judge:  
J. C. DAVIS, JR.,  
CHARLIE CONNER,  
(Re-election).

For Sheriff:  
GILES KEMP,  
(Re-election),  
OLEN DOTSON,  
MART CLIFTON.

For County Attorney:  
WALTER MURCHISON,  
(Second Term).

For Tax Assessor-Collector:  
MIKE B. WATSON,  
(Re-election),  
M. E. (Eigin) CAROTHERS,  
HALLIE CHAPMAN.

For County Superintendent:  
MATT GRAHAM,  
(Second Term),  
THOS. B. ROBERSON.

For County Treasurer:  
WILLIE LANE,  
BYRON G. WRIGHT,  
(Re-election),  
MRS. A. D. LEWIS.

For Commissioner, Precinct 1:  
AB HUTCHENS,  
(Re-election),  
W. E. WELSH.

For Commissioner, Prec. No. 2:  
T. M. (Tom) MAPES,  
(Re-election),  
I. A. LEONARD,  
R. B. GUESS.

For Commissioner Prec. 3:  
JNO. R. WATSON,  
P. G. (Buck) KENDRICK,  
(Re-election),  
S. D. (Punch) PHILIPS.

For Commissioner Prec. 4:  
R. H. (Bill) RIFE,  
(Second-term).

For Justice of Peace, Prec. 1:  
B. T. (Bruce) CLIFT,  
(Second Term),  
ERNEST MARION.

For Constable, Precinct 1:  
W. H. (Bill) HALL,  
J. H. IVY,  
(Second Term),  
W. M. (Bill) BARNETT,  
C. L. BIRD.

For Public Weigher, Precinct No. 1:  
A. M. WILLIAMSON,  
(Second term),  
For Public Weigher, Precinct  
No. 2 (Wolbert):  
R. M. JONES,  
(Second Term),  
M. F. MIDDLEY.

## Large Attendance Is Expected For A&M Short Course

More than 2,500 adults are ex-  
pected to attend the Texas A. and  
M. College Short Course, schedu-  
led for July 13, 14 and 15, accord-  
ing to Roy Snyder of the Exten-  
sion Service, who is general chair-  
man of the session.

Advance registration indicated  
that all rooms for women would  
be filled, he said. This means that  
approximately 1,450 women, 1,250  
of them home demonstration club  
members, would be there.

About 1,050 men are expected.  
In addition to the farmers and  
ranchmen who will attend the  
special meetings of cotton im-  
provement, soil conservation and  
economic conditions, a number of  
special groups will make the  
Short Course the occasion for  
meetings.

Such groups include the Col-  
legiate Institute, which will hold  
its fourth annual meeting for re-  
presentatives of farmers' coopera-

Haskell Free Press)

**15 Years Ago—July 13, 1923**  
The largest single order for  
bread ever received in Haskell  
was shipped this week, when the  
Merchants Cafe filled an order for  
1500 loaves of bread to be used  
at the Throckmorton Barbecue to-  
day.

Mitchell Davis, 12-year-old son  
of B. F. Davis of the Post commu-  
nity was seriously burned one  
day last week when a can of  
gasoline became ignited from the  
backfire of a farm tractor.

The Farmers Gin Company  
have completed the building of  
the new plant in the southeast  
part of town and machinery has  
been installed and is ready for  
operation.

A buggy and an automobile  
were involved in a collision on  
the northwest corner of the  
square Saturday afternoon, with  
the buggy coming out second post  
in the affair. Occupants of both  
vehicles escaped unhurt.

R. C. Lowe, a farmer of the  
Gilliam community, was in the  
city Saturday on business. His  
report is the feed crop looking  
rain, but that cotton was look-  
ing good.

Mr. and Mrs. J. E. Grissam  
and children have returned from  
a month's stay in the Ozarks  
where they enjoyed their sum-  
mer vacation. The trip was made  
in their automobile, and on the  
trip going and coming they en-  
countered no trouble.

R. E. Sherrill and son Rich-  
ard left Tuesday afternoon for  
Southwest Texas and Old Mex-  
ico. They will be gone about two  
months. Richard is prospecting  
some minerals and Mr. Sherrill  
is taking a much needed rest  
and vacation from his business.

Misses Nona and Juanita  
Kirkpatrick returned from Wich-  
ita Falls Sunday where they  
spent two weeks visiting friends.

**10 Years Ago—July 12, 1923**  
Mayor T. C. Cahill, past Ex-  
alted Ruler of the Elks Lodge left  
last Friday for Milano, Florida,  
where he goes as delegate from

the Haskell lodge to the Nation-  
al Convention of Elks which is  
being held in that city this week.  
Mr. and Mrs. A. H. Wair and  
children left the latter part of  
last week for their old home in  
Tennessee to spend their sum-  
mer vacation.

Contract for the erection of a  
modern brick building, 30x100  
feet, was let last week by H. M.  
Rike to D. Scott, local contract-  
or. The building takes the place  
of the old wooden structure on  
the east side of the square be-  
tween Fouts & Dotson Service  
station and Isbell-Burton Motor  
Company.

John L. McCollum of this city  
has accepted an appointment with  
the government in the cotton  
marketing division, and left last  
Thursday for Memphis, Tennes-  
see.

R. H. Davis has returned from  
Jacksonville, Fla., where he spent  
the past five weeks visiting his  
son, Howard Davis, who is re-  
covering from a recent opera-  
tion.

Misses Madalin Hunt and Ag-  
nes Cox returned Tuesday night  
from an extended rail trip  
through the northern states and  
Canada.

Rev. H. R. Whitley returned  
Monday from Sidney, Comanche  
county, where he conducted a  
ten-days revival meeting.

Miss Hazel Wilson of the Farm-  
ers State Bank returned last  
week from a vacation spent with  
relatives and friends at Ennis and  
Hubbard City.

**Water Engineers  
of Southwest To  
Meet In Oklahoma**  
More than 600 city officials and  
water works engineers are sched-  
uled to attend the annual con-  
vention of the Southwest Section  
of the American Water Works As-  
sociation in Oklahoma City Octo-  
ber 17-20. M. B. Cunningham, Ok-  
lahoma City Water Superintendent,  
in charge of arrangements,  
said today.  
Texas, Arkansas, Louisiana and  
Oklahoma will send delegates.  
Scheduled to represent Haskell is  
Rogers Gilstrap, city water super-  
intendent.

**Called to Bedside of Father**  
County Superintendent Matt  
Graham was called to Eastland  
Saturday, where his father, J. E.  
Graham, has been seriously ill for  
several weeks.

**Profit Organization Directs Affairs Administering Cemetery Regulations**

request of numerous officers shall be elected by majority of members present.

Sec. 2. Officers shall be selected by a Nominating Committee and elected by voice.

**Article II**  
**Duties of Officers**  
 Sec. 1. The duties of the President shall be to preside at all meetings, appoint all committees, the Chairman, and Publicity Chairman, approve all bills, audit the Treasurers accounts. She shall have supervision of the upkeep of the cemetery, employ the Sexton, and all other necessary labor.

Sec. 2. The Vice President shall perform all duties pertaining to the President's office, in her absence.

Sec. 3. The Recording and Corresponding Secretary shall keep a record of all the proceedings of the organization, she shall receive and read all communication pertaining to the organization and notify delinquent dues.

Sec. 4. It shall be the duty of the Treasurer to have charge of all funds of the organization and disburse same only upon the signed order of the President.

**CONSTITUTION**

**Article I**  
 This organization shall be known as The Haskell Cemetery Association.

**Article II**  
 The object of this organization shall be to maintain and beautify Willow

**Article III**  
 Officers: The officers of this organization shall be President, Recording Secretary, Publicity Chairman, Treasurer, Secretary, and Chairman.

The President, Vice President, Recording Secretary, Treasurer, Secretary, and Publicity Chairman shall constitute the Executive Board.

The officers shall be elected annually on the first day in September.

**Article IV**  
 The Advisory Board shall have full control and management of all affairs of the organization. They shall transact all business and report same at each meeting, they shall fill vacancies in the offices.

**Article V**  
 Meetings: The regular meetings of this organization shall be held Wednesday in each month.

**Article VI**  
 Five members shall constitute a quorum for the Advisory Board and regular meetings.

**Article VII**  
 Amendments to Constitution and By-Laws: Amendments to the Constitution and By-Laws shall be made at any regular meeting by a two-thirds vote of the members present.

**Article VIII**  
 Officers: The officers of this organization shall be President, Recording Secretary, Treasurer, Secretary, and Publicity Chairman.

**Article IX**  
 The annual dues of an active member shall be \$3.00 for a whole lot, \$1.50 for a half lot, \$1.00 for a fourth lot, \$0.75 for one-eighth lot.

**Article X**  
 The annual dues for an Honorary member shall be \$1.00. Active and Honorary members only shall have voting voice and be eligible to hold office.

**Article XI**  
 The expenditure of other funds shall be by approval of Advisory Board and Association.

**Article XII**  
 The President shall be exempt from payment of dues during her tenure of office.

**Article XIII**  
 Price of lots.

**Article XIV**  
 Sec. 1. All whole lots shall sell for \$40.00, all half lots, \$20.00; all quarter lots \$12.50, all eighth lots \$7.50.

**Article XV**  
 Sec. 2. All lots and grave openings shall be cash. Those holding lots prior to the adoption of this ruling will be given a reasonable time for payment of same on failure to make such payment the lot will revert to the Association.

**Article XVI**  
 Sec. 3. Lots having grass will be mowed twice per month during growing season and watered according to water pressure, owners of lots shall provide water hose.

**Article XVII**  
 Sec. 4. Those keeping their own lots will be required to hoe alley on parallel sides of lots and dispose of refuse outside of cemetery.

**Article XVIII**  
 Sec. 5. The planting of shrubs, trees, or flowers, such as Paradise trees, Running Roses, Fall Daisies, and Flags, that are a menace to other lots, shall be prohibited.

**Article XIX**  
 Sec. 6. The east three-fourths of block eleven shall be restricted to half lots, the west fourth of same block shall be restricted to one grave space.

**Article XX**  
 Sec. 7. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXI**  
 Sec. 8. The east three-fourths of block eleven shall be restricted to half lots, the west fourth of same block shall be restricted to one grave space.

**Article XXII**  
 Sec. 9. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXIII**  
 Sec. 10. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXIV**  
 Sec. 11. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXV**  
 Sec. 12. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXVI**  
 Sec. 13. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXVII**  
 Sec. 14. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXVIII**  
 Sec. 15. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXIX**  
 Sec. 16. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXX**  
 Sec. 17. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXXI**  
 Sec. 18. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXXII**  
 Sec. 19. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXXIII**  
 Sec. 20. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXXIV**  
 Sec. 21. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXXV**  
 Sec. 22. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXXVI**  
 Sec. 23. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

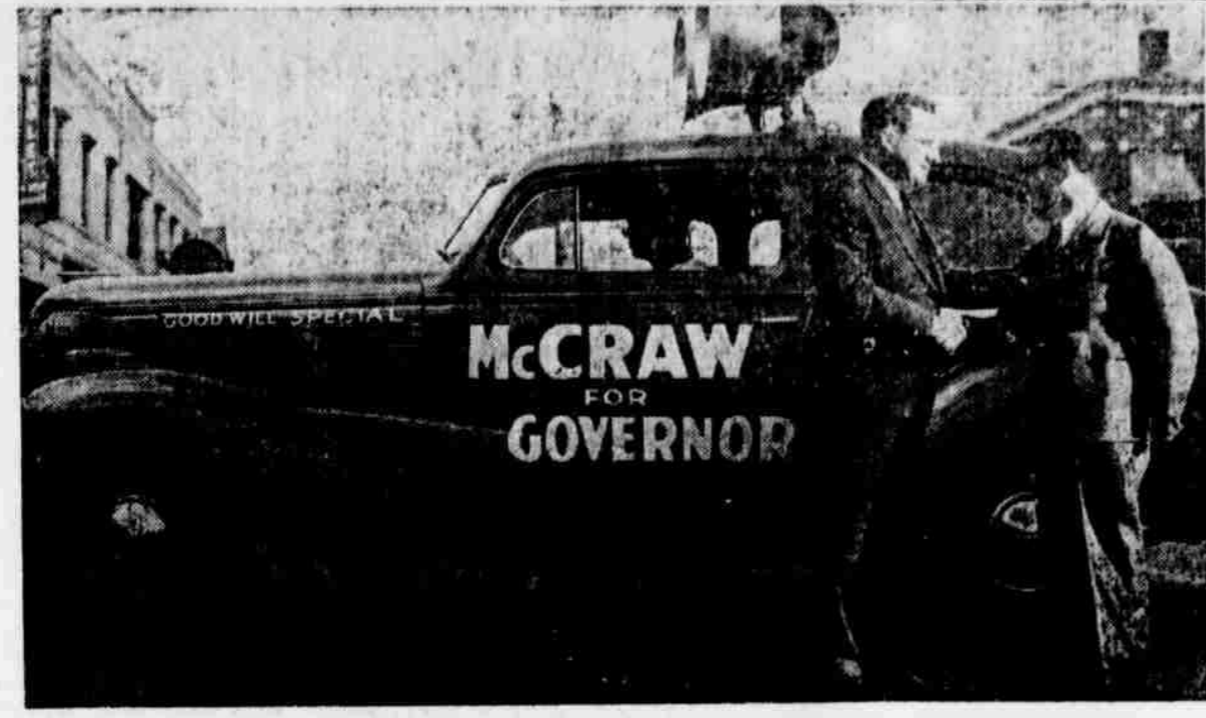

**Article XXXVII**  
 Sec. 24. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXXVIII**  
 Sec. 25. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XXXIX**  
 Sec. 26. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**Article XL**  
 Sec. 27. Those purchasing lots in blocks 10 and 11 will be required to put regulation cement curbing around same.

**"Good Will" Envoy for McCraw**

Attorney General William McCraw is wishing his former assistant, Dick Stout, success on his 10,000 mile "Good Will Tour" started at Gonzales June 18th in behalf of McCraw's candidacy for Governor. Stout was in Haskell Tuesday afternoon, having completed 4,000 miles of the planned itinerary which will carry him to all sections of the state. He spoke briefly on the courthouse lawn in behalf of McCraw's candidacy.

**New U. S. Rifle Makes Army Five Times Deadlier**

The United States Army soon will be equipped with a new, secret type of semiautomatic rifle which will increase every soldier's death-dealing potentialities by five times.

The gun, with which an infantryman can fire sixty shots per minute, was perfected after years of secret experimentation. It will supplant the old Springfield rifle, in use since 1903, with which a soldier can fire less than fifteen shots per minute.

Plans call for the new weapon to be made standard infantry as soon as possible. If it proves successful—and military experts say it will—its use probably will be extended to the navy and to the marine corps.

Military statisticians said the effect of the gun will be to increase the destructive powers of the army's present enlisted strength—175,000 men—by five times, or, to the equivalent of 875,000 men, because each man will be capable of firing five times more bullets than possible with the Springfield.

To this figure they add 300,000 trained reserves who at present are equipped with Springfields. Assuming that each reserve is equipped with the new gun, the army's total, theoretical strength would be increased to the equivalent of 2,375,000 men.

The old Springfield, considered by army experts as without peer in its class, was used during the World War. Production in great quantities was limited by lack of facilities.

An official report by the army ordnance division said the new semi-automatic is of the same calibre as the Springfield, uses the same ammunition, and is equally accurate.

"A trained rifleman can fire sixty aimed shots per minute and without fatigue incident to firing with the old standard Springfield rifle," the report said. "The new arm is of semiautomatic, gas-operated type, which means that the loading mechanism is actuated by means of gas pressure generated when the cartridge is fired in the chamber."

**McCraw's 'Good Will' Trippers Visit Haskell**

Traveling in a bright red sound car called the "McCraw Good Will Special," Dick Stout, former assistant attorney general, reached Haskell Tuesday afternoon in the course of a 10,000 mile good will tour in behalf of the gubernatorial candidacy of Attorney General William McCraw.

Stout resigned last month to campaign for McCraw. Since his farewell ceremony at Gonzales on June 18 he had traveled 4,000 miles when he arrived in Haskell. The "Good Will Special" was in Stamford July 4 for the Texas Cowboy Reunion.

Stout made a brief address in behalf of McCraw's candidacy on the courthouse lawn at 3 o'clock. He cited his former chief's fine record as District Attorney of Dallas County for three consecutive terms and also as attorney general for two terms. "McCraw is the best qualified man in the thirteen-man race for the high position of governor. He has the experience and ability to give the people of Texas a sound, economical, business-like administration."

"McCraw," continued the young speaker, "is and always has been a good citizen. He has served the people of Texas well. He is a friend of the farmer, the rancher, the small business man, and the laborer. The people know him. A vote for McCraw is a safe vote."

With Stout is husky John Greer, University of Texas senior and heavyweight wrestling champion.

**GILLIAM SQUARE CHURCH**

Beginning Friday July 15th a real Holy Ghost revival will be held. Rev. Herbert Dingee who has been holding successful revivals from over the state of Texas comes to use from San Antonio and will be the Evangelist. Services every night. Sunday school at 10 a. m. on Sunday morning with a class for everyone.

**READ THE WANT ADS!**

**Texas Wildlife**

Austin, Texas—Texas hunters who want to bag a Mountain Sheep must go to other States to the North and West. In Texas the animal is protected by a closed season the year round.

They are found in the Guadalupe, Beech and Sierra Diablo mountains north of Van Horn, but not much is known of their occurrence, numbers, are the factors that have prevented their increase.

To gather such information the Game, Fish and Oyster Commission has sent Robert Snow, experienced field naturalist, to the Big Horn country to make a thorough study of the animals.

Accompanied by Dr. Walter P. Taylor, senior biologist of the Texas Cooperative Wildlife Service at A. & M., Snow and his party made their first reconnaissance recently. They saw only seven Bighorns, most of them in the Beech and Sierra Diablo mountains. Few signs were seen in the Guadalupe.

Factors limiting the numbers and increase of the Bighorns remain to be determined. Residents nearby blame the Mountain Lion and more especially the Golden Eagle. Snow and his party saw few signs of Mountain Lions, but many eagles.

Dr. W. B. Davis, head of the Department of Wild Game at A. & M. College, plans to join Snow for several weeks work in the Guadalupe and adjoining mountains during August and September. It is hoped the Bighorn study can be made cooperative so as to include not only the Texas Game, Fish and Oyster Commission, but also the New Mexico Fish and Game Commission, the U. S. Forest Service, and the U. S. Biological Survey. It is planned that the study will be carried forward on both sides of the New Mexico-Texas line.

Snow trailed four Bighorns in the Guadalupe mountains three days, after locating them on a high semi-barren ridge, reached after a two-hour climb. He said their sure-footedness in leaping from crag to crag was every bit as remarkable as veteran hunters picture it. The Bighorns became excited only once—when a band of Eagles circled over them. Then they ran together as if for protection.

**\$25.00 REWARD**

Will be paid by the manufacturer for any Corn, GREAT CHRISTOPHER Corn Remedy cannot remove. Also removes Warts and Callouses. 35c at Oates Drug Store.

**R-E Land Purchase Program Enlarged**

The State Advisory Committee of the Farm Security Administration met in Dallas and designated thirty-two new counties in which loans will be made to tenant farmers for purchase of land during the fiscal year beginning July 1. A total of \$2,118,147 was allocated, as compared with \$820,000 during the previous fiscal year.

Rapid expansion of the land purchase program in the next few years was forecast by C. M. Evans, Texas-Oklahoma director of FSA. Evans said that the 380 farms to be bought in Texas under this new allocation will serve only a fraction of one percent of the total tenants of the state, but that "funds will be appropriated in the future as rapidly as FSA demonstrates ability to handle them effectively."

Texas was the second state in the Union to complete its loans during the first year of the program, and credit for this achievement was given by Evans to the county committee of dirt farmers who selected the tenants to receive loans and appraised the farms bought. Eighteen percent more farms were bought than had been expected, because of the careful appraisals made by the local committees, Evans said.

Names of the 32 new counties in which loans will be made were sent to Secretary Wallace of the Department of Agriculture for approval, along with some of the 23 counties in which loans were made last year which will receive a few additional loans this year. The counties will not be made public until confirmed by the Secretary. At the same time, county committees will also be announced.

Evans said the movement to put land into ownership of the man who cultivates it is gathering weight rapidly. He has received reports from a conference of 30 of the nation's largest insurance companies, at which it was indicated that 500,000 farms could be offered for sale through FSA with purchase payments extending over forty years time at 3 per cent interest, and no down payment required. The companies indicated that they would accept the FSA method of appraisal, according to the value of the crops which the land has produced over a period of years. This permits the purchaser to pay out from the actual yield of the land, annual payments in many cases being less than the amount which has previously been paid as rent.

Along the Rio Grande Valley below El Paso, however, Stubblefield reported extensive clearing operations. Clearing of vegetation will be detrimental in that section not only to Antelope, but to Gambel Quail and Ring-neck Pheasants he said.

Investigators have reported some unusual nest records in Colorado county. One Roadrunner didn't show a bird's instinctive fear of dogs or cats; it successfully raised three young in a farmer's yard within 10 yards of a dog kennel and a whole family of cats.

A Quail nest is being incubated by a male Quail. A Jackdaw built its nest on the top of a Dove nest containing young doves. One Jackdaw is incubating Dove eggs as well as her own.

Counterfeiting Indian Relics Would Be Banned In Texas By Proposed Statute

A proposal to outlaw fraudulent manufacture of Indian relics in Texas may reach the Legislature at its next session. A statute has been suggested by an unusual man — Erich F. Pohl of Austin. It would prohibit counterfeiting arrowheads, bird points, spearheads, drills, discoids, stone implements or any manner of artifacts of aborigines who roamed the hills and plains of Texas centuries ago.

Pohl possibly is the only commercial archeologist in the world. He knows of no other person engaged solely in unearthing and selling the handicraft and skeletal remains of prehistoric inhabitants of the North American Continent. His field is the burned rock Indian mounds of Central Texas.

"The proposed law," Pohl says, "has been adopted in a number of states and would halt a vicious practice which is undermining the work of archeologists and anthropologists in Texas. Fake Indian relics are flooding the market and the fakers are enjoying a fabulous income."

A former United States Olympic wrestling champion and newspaper man, Pohl estimates he has marketed more than 3,000,000 artifacts from dainty bead and shell relics to huge clay pots and kitchen implements.

"Texas artifacts," he said, "have been known as among the finest in the country and the spurious manufacture of replicas has brought them into disrepute among private collectors and museum authorities."

The archeologist termed the practice "a racket." "Why they've even foisted 'flint fish hooks' upon an unsuspecting public," he said. "The Indians never made flint fish hooks. The counterfeiter, working with modern steel chiseling tools, turn out beautiful speci-

Reduced Interest Rate on Land Bank Loans Is Extended

The reduced interest rates on Federal land bank and Commissioners loans have been extended by Federal legislation for a period of two years, according to word received from the Federal Land Bank by W. H. McCandless, Secretary Treasurer of the Rule and Haskell National Farm Loan Associations.

On Federal Land Bank Loans through national farm loan associations the temporary rate of 3 1-2 per cent per annum will be continued for all interest installments payable prior to July 1st, 1940.

The temporary reduced rate of 4 per cent on Land Bank Commissioner Loans is also continued until July 1st, 1940, W. H. McCandless said.

The temporary interest reduction does not change the contract interest rate, that is, the rate written in the mortgage at the time loan was made. Also said "At present the contract rates on new loans by the Federal Land Bank are 4 per cent through unimpaired associations. The contract rate on all Commissioners Loans made through the Land Bank is 5 per cent. Under the law as now amended, both Land Bank and Commissioners borrowers will resume interest payments at their respective contract rates on July 1, 1940.

Farmers who now obtain new loans through an Association at the 4 per cent contract rate, W. H. McCandless continued, will get the benefit of the 3 1-2 per cent rate for all interest installments payable prior to July 1, 1940 and after that will not have to pay more than the 4 per cent contract rate for the balance of the term of the loan, which may be for as long as 20 to 30 odd years.

Privilege to defer payment of principal on Federal Land Bank Loans expires July 10, 1938.

This interest reduction will affect 920 borrowers through these two Associations, being from 1 per cent to 2 per cent reduction from the original contract rate, hence a saving of some \$37,000 each year on the \$2,241,570.00 now outstanding loans through the Rule and Haskell National Farm Loan Associations.

Mrs. J. T. Jackson will be hostess to the Rainbow Sewing Club July 19th in the home of Mrs. Jesse Joeslet.

CORRECTION

The Joeslet Home Demonstration Club will not meet on our regular meeting day, July 12, as our agent will be attending Short Course at A. & M. but will meet on Monday July 18, at 2:30 p. m. in the home of Mrs. Fred Monke with Miss Vaughan giving an angel food cake demonstration.

Chop suey first was made in 1896 by a Chinese chef in a New York restaurant.

Female Criminals More Dangerous Than Their Mates

Don't bet of what a lady desperado will do next. She may shoot you or kiss you.

That is the wry opinion of two veteran Texas police officials. "You can study a man and know pretty well how he will act under certain circumstances," says G. J. Lacy, head of the Houston scientific crime laboratory. "But there is no telling what a woman will do. And she has no reason herself for what she does."

V. A. Leonard, superintendent of the Fort Worth bureau of identification, subscribed also to the opinion "women will go into danger where a man won't, and she can stand more pain."

"The reason," said Lacy, "is because she has less sense."

There is "honor among thieves" but not when they are women thieves, both Lacy and Leonard said.

"When a man drops to a criminal life, he gets low, but he can't get as low as a woman criminal," Lacy declared.

But, too women detectives are generally considered indispensable, he added.

"They can go places a man can't go and they can get information which a man can't get. The reason is that the average man does not think the average woman has as much sense as himself and he does not put up a very good guard."

"Women detectives are too darn sympathetic," Leonard declared.
