Support Needed For Cattlemen's Round-Up

St., also of Rotan.

More than 200 Texas livestock raisers are rounding up support for the Cattlemen's Round-Up for Crippled Children. The annual event benefits the West Texas Rehabilitation Center in Abilene and San Angelo.

Livestock donated by ranchers are collected at designated points in each community and transported to the auction site, explains Jim Alexander of Abilene, general chairman. "The area chairman's role is to make a personal pledge, then ask friends and neighbors to join them in the annual CRCC drive."

Aubrey Stokes of San Angelo serves as general CRCC cochairman.

Chairmen for this area are Joe Burk and James Springer, Rotan; and Dub Harvey of Roby.

Sales of livestock are converted to dollars and the amount helps provide treatment for nearly 11,000 handicapped persons fo all ages.

"It will take over \$4.7

million for us to treat those we will serve in 1986," says Shelley V. Smith, president and executive director of WTRC. "At least 54 percent of that budget must come from donations and events such as the Cattlemen's Round-Up. The balance comes from contract and insurance payments as no federal funds are used in treatment."

WTRC personnel provide top quality care in physical, occupational and speech therapy, audiology, orthotics, psychology, education and social services, all without charge to patients except for hearing aids and braces.

Despite a sluggish economy and depressed agricultural markets, CRCC officials are optimistic ranchers will agree that this cause deserves their donations of stock or cash.

Scheduled dates for

the Round-Up are Cattle Sale, Sept. 29, Abilene Auction; Horse Sale, Oct. 4, Abilene Auction; Coleman Sale, Oct. 8; Stephenville Sale, Oct. 8; Junction Sheep and Goat Sale, Oct. 13; San Saba Sale, Oct. 16; and Brownwood Sale, Nov.

Persons wishing to make a donation to the Cattlemen's Round-Up should contact the area chairmen or call Smith at WTRC in Abilene, 915-692-1633.

In 1960 when the late Fort Chadbourne rancher Conda Wylie donated 20 steers to be sold to defray operational expenses of WTRC, it was the start of something big. Almost spontaneously

this gathering of livestock for the fall sale was called "Cattlemen's Round-Up for Crippled Children.

WTRC opened in 1953 in Abilene and moved into its own building in 1955. first San Angelo fa opened in 1977, and a new \$2.5 million building in San Angelo was ready for patients in the fall of 1982.

A professional staff of more than 150 persons provides out-patient treatment for both acute and chronic conditions. WTRC's uniqueness is derived from the scope of its comprehensive rehabilitation services and its "no charge" policy.

James Springer Announces County Saving Bond Status

Sales of Series EE Savings Bonds in Texas during the month of May 1986 were \$45,825, 627, up 51.7% over May 1985, T.J. Morrow, District Director for U.S. Savings Bonds Division, announced today. This amount brings the total sales in Texas since January 1986 to \$174,413,964 an increase of \$34,170,083 over the same period in 1985, for 47.4% of the state's assigned dollar goal of \$370 million.

Sales of Series EE Bonds amounted to \$16,682 during May 1986 in Fisher County, Springer, James Volunteer County Chairman, announced. Total sales in the County dur-

ing the period January-May were \$80,104. Nationally, May 1986

sales continued an upward trend, with sales of \$849 million, a 79% increase over May 1985. Total sales for 1986 totaled \$3,281 million for 61.9% of its 1986 dollar goal of \$5,300 million. May 1986 sales were also the highest for any month since December 1985 and the highest May since 1945. Savings Bonds held by the American public reached \$83.06 billion, an all-time record.

National Loan & Purchase Level Set For Wheat Crop

Secretary Agriculture Richard E. Lyng set the set the national average loan and purchase level for the 1987 wheat crop at \$2.28 per bushel, down from \$2.40 per bushel for the current year.

Lyng also announced the following additional provisions for next year's wheat crop:

-- A marketing loan program will not be implemented;

--Offsetting compliance requirements will not apply, meaning that eligibility for a program payment and loan for a commodity on a farm will not be affected by actions taken with respect to that commodity on another farm;

-- The upper limits on the farmer-owned reserve quantity will be no more than 17 percent of the estimated domestic and export use the 1987/88 marketing year. If reserve quantities exceed the upper limit at the time that 1987-crop wheat loans mature, no entry into the reserve will be permitted;

-Actual crop yields for 1987 and subsequent years will not be used to

of establish 1988 and future farm program payment yields.

> Lyng said he will reserve the right to initiate cost reduction options as outlined in Section 1009 of the Food Security Act of 1985. These options may include reopening and changing a contract entered into by a producer under a program if the producer voluntarily

agrees to the change. The enrollment period for the 1987 wheat program will begin October 1, 1986, and end March 30, 1987.

Based on provisions announced for the 1987 wheat program, the following example provides a simple format for determining how the program would operate for a farm with a 100-acre wheat base. The market prices, harvested yield and production estimates in this example do not reflect official USDA projections. Individuals can substitute their own acreages, price projections, yield estimates and variable costs of production to determine how the program might

A special kind of film professionally applied to windows, for example, can cut energy costs year-round by reducing both heat loss and heat gain through windows. This film seals costly indoor heat inside during the winter. At the same time, the summer's intense heat is reflected back outside.

This means that in winter you need less heat during operating hours. So you use less fuel and save more money. The film cuts heat loss through windows by 20 to 48 percent. Summer time, on the other hand, is also air conditioning time. This special film reduces your air conditioning bills by blocking from 60 to 70 percent of the sun's heat before it ever enters your build-

VICTORY IN THE KITCHEN

For sin shall not have dominion over you, for you are . . . under grace. Romans 6:14

Fyou are a Christian, you can have victory over sin. You have been released from the penalty of original

sin, but you can also be free from sin's power. Not one

sin, but you can also be free from sin's power. Not one sin or habit is strong enough to keep you in bondage. My friend Doreen was growing in Christ, but she was oppressed by a recurring sinful practice. Whenever she was under pressure, she would let off steam by swearing at her young children. They were typical kids — noisy, arguing, making messes, and demanding attention. Her worst time was just before dinner, and her defeats usually took place in her kitchen. Doreen always confessed her sin and pleaded with the Lord to help her, but she couldn't

Like cooks making stew, several state officials moved last week to throw their own economic cures into the boiling caldron of a special session:

Hustling Around Hobbs

By Joy Walker

We finally got a little shower early Sunday morning, but not enough to measure. Some folks reported ½ inch, so that was sure nice. Anyway it was very much cooler Sunday and Monday mornings, although it warmed up again during the

Mr. and Mrs. David Etheredge from San Angelo spent the weekend visiting the J.W. Etheredges. Mr. and Mrs. Todd Etheredge and family from Snyder also visited. The J.W. Etheredges, Randy and Vicky Etheredge, David and Debra, and Todd and Suzanne all went to Stamford Lake over the weekend.

We were sorry to learn that Rudolph Martinez has been in the Fisher County Hospital for several days. He went in on Wednesday and got to come home Saturday. He seems to be doing O.K. now and we hope that he will continue to feel very much better.

Mr. and Mrs. Billy Hackney from Dallas visited with Mrs. Opal Phillips last week, and she really enjoyed their visit. Sunday evening the Phillips, Hyers and Porters helped Mike Porter celebrate his birthday. Happy birthday to him. The birthday party was at the home of Mr. and Mrs. Mike Porter.

Mrs. Sue Medrano got to come home from Dallas last weekend, and seems to be feeling pretty good, although she is still very weak. She is going to Abilene three times a week on the dialysis machine for four hours, and that is sure hard on her. We hope that she will soon

begin to feel very much stronger, and can be out and about again.

We were sorry to learn of the death of John Anderson last week. The funeral was Friday and John was buried out here in the Hobbs Cemetery. Our sincere sympathy goes out to his wife and the remainder of the family.

Mr. and Mrs. J.D. Kincaid went to the Williams reunion at the Northeast Community Center on the Camp Springs road all day Sunday. They had a big crowd to attend. The Kincaids attended John Anderson's funeral on Friday.

Mr. and Mrs. Doc Hardin from Victoria came Tuesday and stayed with Mrs. Bea Hardin until Friday when they all left to go to Bracketsville for the Hardin reunion. They staved until Sunday and Bea returned home with Mr. and Mrs. Kennith Hardin. Five of Bea's boys were there: W.B. Hardin, Rotan; Wesley, Strawn; Joe, Merkel; Kennith, Rotan; and Doc, Victoria. Also attending were Mrs. Ronnie Thompson and two boys from Throckmorton, Mr. and Mrs. Mike Hancock and Shana from Stephenville, Mr. and Mrs. Bruce Mikeska, Heather and Britt from Houston, Mr. and Mrs. Joe Hardin, Jr., and new baby, Jessica from Moran, Mr. and Mrs. Larry McBeth, Chris, Amber and Sarah from Abilene, James Robert Hardin, Julie Hardin from Abilene, Mr. and Mrs. Mark Carville from Victoria, Mrs. Melinda Schulz and Jessica from Danevang and Angela Hardin from didn't forget anyone, but Bea had a list. Bea isn't feeling very good either, and was going to

the doctor Monday. If Jim and I went to Snyder on Wednesday, then on Friday we went to Sterling City, taking a colt to Dr. Pete Fincher. He and Karen were going to Austin to visit with Mr. and Mrs. Lynn Parrish and Mark

and Melody, so took this colt down to them. Sure is dry from Colorado City on, and they just haven't had very much rain out that way. Our grass is really much better than any we saw

after leaving Snyder.
Well, this is all for this week. Try to stay cool, and keep out of the hot sun.

See you next week.

TAX REFORM

(the Work Continues)

The tax conference committee is at work reconciling the differences between the House and Senate tax bills. The result of the committe's work is likely to become law sometime in September.

The House and Senate bills already agree in a number of areas, and these provisions are likely to appear in the final bill. The two agree on provisions that would:

* Eliminate investment tax credit

- * Eliminate the working couple's deduction
- * Eliminate income averaging for non-farmers * Fully tax unemployment benefits
- * Reduce to 80 per cent the deductibility of business meals and entertainment
- * Repeal the \$100 single, \$200 joint, dividend exclusion * Increase the earned income credit
- Some of the main areas where the two bills disagree
- include the following: * Deductibility of IRA contributions (House keeps the
- * Senate eliminates it for individuals covered by
- employee pension plans) * Top individual tax rate (38 per cent in House bill; 27
- percent in Senate) * Top corporate tax rate (36 percent in House bill; 33
- percent in Senate bill) * Capital gains (House top rate is 22 percent; Senate treats capital gains as ordinary income, so top rate is 27
- * Sales tax (fully deductible in House plan; limited deduction in Senate plan)
- * Effective date for law (House January 1, 1986; Senate January 1, 1987. Major exception is that both bills repeal investment tax credit effective January 1, 1986)

The final bill agreed upon by the tax committee conferees must be approved by both the House and Senate and signed by President Reagan before it

Card Of Thanks

The Fisher County Exchange Group would like to thank the Fisher County businesses for donating the items for the Kentucky Exchange Bags. We also very deeply appreciate Jimmy Gruben for the tour around the Rotan Gin. It gave the Kentucky 4-H'ers a lot more to take home rather than just friends.

We would also like to thank the supporters of the garage sales and the bake sales. We would especially like to thank Glen Holt for the use of his building. Our 4-H supporters made our Montana trip wonderful. Thanks again.

Smith, 87 years young of Rising Star. Smith is formerly of Fisher County and she was given a painting of the same building that I painted. The youngest child was Bengie Cearley of Denver, Colorado and grandson of Ann (Kidd) Cearley. He was given a gift. Glenn Webb and Jeff McCain raised the U.S. and Texas flag for the day. Eleven names were read of those deceased in the past year. There were lots of pictures taken,

food and visiting. Dale and Oleta King of Kaufman visited with her mom in Sweetwater Friday and spent the night with Vic andd Erna Lee Hartgraves then went to the reunion Saturday and then spent Saturday night at our house. They returned home Sunday. Max, Melba, and Jewel Ratliff and Lillian Smith along with Bill Ratliff and Kay Fulter visited with us Friday night. Steve, Steff, Nicole, Sabrina and Tonya Warren had lunch with us on Thursday and visited with Paul and Shelia Warren along with their children, Matt, Dusty and Amanda of Castor, They came on Wednesday and left for home Saturday.

Clair Kidd's children gave her a birthday party at the Holiday Inn in Sweetwater Sunday. About 80 attended. All her children were there. Frankie of Sweetwater;

M.E. of Midland; Ann of Denver, Co.; B.C. of Sweetwater; Margie of Holdenville, Okla.; John of Eastland and Jane and Wanda of Houston. Most of the grandchildren and great grand children were present. Ida Marshall of Big Spring, 90 years old and sister of the late B.F. (Papa) Kidd attended the party. She is the only surviving member of their family.

4-H Exchange Group Returns From Montanna Trip

This year our 4-H Exchange Group took an exchange trip to Montana. We traveled through seven pretty states on our way, but Texas is still the best.

We left Roby Sunday, the 27th at 7:00 a.m.

Colorado that night. We left bright and early Monday morning to go to Canon City to see the Royal Gorge. We traveled on further to see the Rocky Mountain National Park and the Estes Park. That night We stayed at Pueblo, we stayed in Cheyenne,

Funeral Services Held For John Anderson

John Thomas Anderson, 84, of Rotan, died at 2:20 a.m. Wednesday, July 30th at Fisher County Hospital. Funeral services were 10:00 a.m., Friday, August 1st at First Baptist Church in Rotan with Rev. George Weeks and Rev. Pat Anderson officiating. Burial was in the Hobbs Cemetery under the direction of Weathersbee Funeral Home.

Mr. Anderson was born May 20, 1902, at Paris, Texas. He was the son of the late Will R. and Etta Anderson. He moved to the Rotan area in 1918 and married Meloda Williams, December 11, 1927 at Snyder. She died April 24, 1978. He later married Maude Patterson, June 29, 1979 at Roby. Mr. Anderson had farmed and ranched in Fisher, Stonewall, and Scurry counties and had worked for the ASCS office in Stonewall Coun- charities.

ty. He was a member of the Crossroads Baptist Church. He had also served on the school board of the Dunn School District and participated in the Fisher County Singing Group.

He is survived by his wife, Maude of Rotan; two step daughters, Viola W. Cunningham of Edmond, Oklahoma and Helen Warner of Rotan; two brothers: James Anderson of Paris and Elbert Anderson of Blossom; two sisters: Loyce Stansell of Mount Pleasant and Aline Nowell of Paris, Texas.

Pallbearers were Horace Carter, Billie Joe McCombs, Billy Speck, Walter Byrd, Odell Rains, Glenn Copeland, Joe Driver, Leonard Cleveland, and Bill Meador.

County Agent Report By Richard Spencer

A good crowd of over 40 producers attended the joint Jones-Fisher County Stocker Meeting in Hamlin this week. The management and marketing meeting was well presented and very informative.

Research has indicated that the addition of the mineral potassium stressed to rations fed newly arrived stressed stocker has greatly reduced death loss. The potassium is fed in low levels and put in the feed as potassium chloride.

New figures take into account that meat packers and store butchers remove fat, bone and gristle before meat is placed in the grocery store meat case.

These figures show that the average daily consumption of red meat is 2.1 ounces per day, which is less than the recommended daily allowance of two 3-ounce servings of cooked lean meats or meat alternates.

Wyoming. We were out very early again to go meet our Montana families. For three days we stayed in Miles City, Montana with our 4-H families. They showed us their way of life, food and farming. We left Miles City Friday the 1st at 7:00 a.m. to travel through the Yellowstone National Park, Grand Teton National Park. and Cache National

Park. After a very long day of traveling and sightseeing we finally got to rest at Jackson, Wyoming. The next day we went through the corner of Idaho and then to Salt Lake City, Utah. At Salt Lake City we took a tour of the Mormon Tabernacle and we saw the Capitol Building of Utah. We went through Arizona and finally reached Far-

mington, New Mexico at 3:00 a.m. Talk about tiring! We got to sleep a little later on Sunday morning which felt pretty good. We got on our way again at about 9:00 a.m. At about 1:00 that night we finally saw Rotan's lights. We were ready to be back in Fisher County. It was a very nice and enjoyable trip, but it felt good to be back home.

never really know how good Fisher County is until you have been gone for a week, then you know that it is great to say that it is your home.

We would like to say thank you to Kathy Spencer for putting in alot of hard work in on our trip. She made a lot of phone calls and sent a bunch of letters to make this trip possible. We

couldn't have done it without her. We had a great time and we got to know a lot of people, not just the ones that we stayed with, but ones

we really didn't know. We saw a lot of things that we will remember for the rest of our lives, and we owe it all to Kathy. It was really from Fisher County that great! Thanks, Kathy!!

Morgeson and Paul Joseph Isham were united in marriage Saturday, July 5th at the Van Nuys Church of Christ, Van Nuys, California.

The bride is the daughter of Mr. and Mrs. Gayle Morgeson of

Roby. The bridegroom is the son of Mr. and Mrs. Ernest Isham of Albany, Oregon.

The bride's dress was floor length, white satin with Venice lace scallops along the bottom and mid-way on the skirt. Bodice was made of alencon lace over satin. The sleeves were of alencon lace over chiffon with satin cuffs. Her veil was chapel length. She carried a

bouquet of silk flowers. For something old and borrowed, the bride chose a handkerchief

Gayle that belonged to her grandmother. something new was her dress and something

blue, her garter. Kerry Loveland of Wichita Falls, served as Matron of Honor and Teri Morgeson, sister of the bride, served as bridesmaid. Their dresses were of pink

satin with lace jackets.

The groom wore his dressed blues. Lloyd Isham, Sylmar, Cal., brother of the groom, served as Best Man. John Morgeson of Roby, brother of the

grey suits. The groom's eldest brother, escorted his Mother down the aisle, while the bride's brother, John Morgeson, escorted his Moth-

bride, served as Groomsman. They wore

A reception was held following the wedding.

The groom's sister-inlaw. Donna Isham. made the wedding cake.

The bride, a graduate of Roby High School, attended Abilene Christian University and was employed by First Na-

The beauty and versatility of wool will be the focus for the "Texas Make-It-Yourself With Wool" Contest for 1986. The contest is sponsored annually by the Texas Sheep and Goat Raisers Auxiliary, Texas Department Agriculture and the American Sheep Producers Council. Purpose of the annual contest is to encourage the use of wool in sewing, knitting crocheting fashionable garments. It also offers young experts the opportunity to compete for prizes and win recognition. District competition for District III which Fisher County is in, will be October 11, 1986 in San Angelo. State competition will be Saturday, October 18 at the State Fair of Texas. Anyone may enter. Categories for competition are determined by age and include preteenages 10-13; junior-ages 14-16; senior-ages 17-21; and adults-over 21.

Fleahoppers continue to be found in economic numbers in area fields. Fleahopper numbers are ranging 0 to 45 per 100 plants. Square Sets range from 46% to 100%.

Bollworm numbers range from 0 to 5 per 100 plants. numbers range from 0 and 9 per 100 plants. The hot, dry weather seems to have prevented some egg hatching and some small worm survival.

The Bollworm moth trap numbers are down this week. This is the reason we are finding fewer eggs and worms. Keep checking your fields!

Weevil punctured square percentages are ranging 0% to 32%. To determine percent punctured squares-examine 100 squares, at least 1/3 grown, taking 25 squares from four different spots in the field and from various positions on the plants. When 20 to 25 percent of the squares are weevil damaged and adult weevils are easily found, control measures are justified!

Recently emerged adults can be found in area fields. They will feed on squares or bolls for 4 to 8 days, they will mate and the females begin to lay eggs. Egg-laying punctures can be distinguished from feeding punctures by the presence of a wart-like plug which the female places over the feeding site after she was deposited an egg in was deposited an egg in the cavity. The eggs will hatch in 3 to 5 days, grubs will change into pupae inside the square or boll in about 7 to 11 days. Adults emerge 3 to 5 days later. Time required for development from egg to adult under summer field conditions averages about 17 days.

Punctured squares flare open and usually fall to the ground within 1 week. When direct sunlight and hot dry conditions cause fallen squares to dry out quickly, large numbers of weevil larvae do not
