morning at a meeting of the Each contestant will be required at 5 o'clock. Folks having lived is on the mend after a trying time with smallpox shots. Required to take the shot before he could go to school, Danny broke out with smallpox. A sore on his arm required skin grafting. Skin was taken from his hip and grafted onto his arm. The operation was performed in Castro County Hospital at Dimmitt.

Officials On Program

On the program will be two officials from the South Plains Officials Association. One will talk on rules and rule changes for football this year. The other will discuss hand signals.

Some of the football boys will be present and various football formations will be explained. Harper said he believes this will help some fans understand and enjoy watching football more.

Also on the program will be a skit by Cheryl Poteet and Tommie Witten. Pep Squad leaders and a part of the school band also will be featured. Mr. Harper will be master of ceremonies.

In the meantime, Coach Joe Turner said practice sessions which started Monday are pro-

First Scrimmage

First scrimmage of the season will be held at Springlake next Tuesday. The Mustangs will scrimmage here with Friona the following Saturday.

Coach Turner said his charges have been uniformed in shorts for morning work outs this week and have been suiting up in practice uniforms for afternoon work outs. "We are working mostly on conditioning and running plays,"

he declared.

The Mustangs will be running the Wing T and the Single Wing this season. Some of the outstanding prospects this season, other than returning lettermen, are Gary Duncan, Johnny Schenck, Ray Green, Johnny Mayo and James Loveless. Green, Mayo and Loveless are freshmen who are trying out for the high school squad.

Other freshmen out for a try at the Mustang squad are Charlie T. Burrus and Jerry Peterson. Burrus is trying for quarterback and Peterson for end or tackle. Remainder of the freshmen will Continued On Back Page

smoothest ride!

One of the 7 big bests Chevrolet gives you over any other car in its field

Anyone who's ever taken a Chevy the leading low-priced three. over a choppy country road can tell you how lightly Chevrolet's Full Coil suspension handles rough going - and coil springs never squeak, never need grease! Try this velvet way of going for yourself. Once you do, you'll find your own way of saying what MOTOR TREND magazine puts this way: the smoothest, most quiet, softest riding car in its price class." But the happiest part of it all is that this Full Coil ride is just one of seven big bests-all documented by published opinions of experts and on-the-record facts and figures.

BEST ROOM-Official dimensions reported to A.M.A.* show that Chevrolet sedans offer more front seat head room than all but one of the high-priced cars-more front seat hip room (by up to 5.9 inches) than the "other two" of

HIGHWAY 70

BEST ENGINE-Chevrolet engines have long won expert praise from virtually every automobile magazine, and, just recently, Chevrolet received the NASCAR† Outstanding Achievement award for "the creation and continuing development of America's most efficient V-type engines."

BEST ECONOMY—A pair of Chevrolet sixes with Powerglide won their class in this year's Mobilgas Economy Run, topping every other full-sized car. And the winning mileage was a whopping 22.38

BEST BRAKES-Chevy's bondedlining brakes are the biggest in their field, built for up to 66% longer life. In a direct competition conducted by NASCAR, Chevy outstopped both of the other leading

low-priced cars in a test of repeated stops from highway speeds.

BEST STYLE-It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPU-LAR SCIENCE magazine, "a new high in daring styling."

BEST TRADE-IN-Any N.A.D.A.‡ Guide Book can give you the figures on Chevy's extra value. You'll find that Chevrolet used car prices last year averaged up to \$128 higher than comparable models of the "other two." Your Chevrolet dealer will be happy to tell you about a whole host of other advantages besides these seven. Why not drop by his showroom?
