FIRE DESTROYS CROSBY FARM BUILDINGS

Dr. Lynn Fite, right, and Johnny Schenck battle flames which destroyed the well house and storage shed on O. T. Crosby's farm, two miles southeast of Olton, Tuesday. Fire was believed to have started from a small heating stove in the well house which was used to keep the water pipes thawed. According to Crosby, only a few tools and minor items were destroyed other than the buildings. The alarm was turned in by neighbors, Mrs. Bob Ball and R. J. Caviness.

Former Olton Resident Dies In California

E. S. Silcott, former Olton resident and brother of three Olton people, died Monday of last week at his home in Monrovia, Calif.

Mr. Silcott suffered a heart attack.

Mr. Silcott was a native of Iowa. He moved to Olton about 1909 and then moved away in 1918. He was associated with a son in the automobile business in California.

While living in Olton he farmed and operated a telephone system.

Two brothers, C. S. Silcott and Jack Silcott of Olton, attended funeral services, which were held in Monrovia.

Survivors include the widow; a son, Dean Silcott; the two brothers; three sisters, Mrs. Tip Randall of Olton and Mrs. L. L. French, Sacramento, Calif., and Mrs. Marie Dickson, Monrovia, Calif.

To Lift Face Of Highway 70

US Highway 70 will come in for some improvement under a program recently announced by the State Highway Commission.

The program will rehabilitate some 2,385 miles of the state's highway system.

US 70 will get a seal coat from a point 2.7 miles west of Olton east to the Hale County line, a distance of 5.9 miles. This will cost \$6,600, according to the highway department.

US 70 also will get seal coat from Earth east to Springlake, a distance of 5.8 miles at a cost of \$6,400.

Water Dist. Voting Set Next Tuesday

High Plains Underground Water Conservation District will hold its annual election of county committeemen and district directors next Tuesday.

Voting here will be at city hall. Springlake voters will vote at the Springlake Elevator office. Hart voters will ballot at Hart school house.

Olton voters will elect one committeeman at large. On the ballot will be J. B. Davis and Robert Dyer, both of Amherst.

District directors also are to be named in the election.

Faces Changed On Business Scene

Two businesses changed hands this week in Olton and one new business was opened.

Olton's first coin-operated laundry was opened for business this week by Mr. and Mrs. Jack Douglas. It is located next door north of Olton Butane, on Main Street. Formal opening for Econ-O-Wash will be held Monday and Tuesday.

Spotlight Cafe, formerly owned by Mr. and Mrs. O. L. Crouch, was taken over by Bonnie Brown this week. The cafe is located on west Highway 70.

The second business to change hands was the Gulf Service Station at Main and Highway 70. Jack Ebeling, who formerly farmed near Olton for several years and has recently moved here from Sudan, will operate the station, to be known as Ebeling Service Station. Robert Edwards was the station's operator.

Freezing Weather Hovers Over Area

Temperatures low enough to make a polar bear uncomfortable hovered over Olton's area through the past week. Lowest report was 8 degrees below.

Several residents and a few business houses have reported broken water pipes which not only caused considerable difficulty, but expense.

The low temperatures helped retain scattered deposits of snow and ice left from a snow storm almost two weeks ago. Olton received approximately one and a half inches of dry snow from the storm.

Olton Woman's Brother Dies

Funeral services for John Thomas Stone, brother of Mrs. Vance Estes of Olton, were held recently at Central Baptist Church in Borger.

Officiating was Rev. Nelse Wright, pastor. Music was by the Central Baptist Church choir. Pallbearers were Hubert Russell, A. L. Webster, H. A. Brown, Hubert Lane, S. G. Meharg and H. O. King. Burial was in Highland Park Cemetery at Borger.

Mr. Stone was born Oct. 4, 1900 in Potts Camp, Miss. He died Christmas Day in Highland General Hospital in Pampa. His home had been in Phillips.

Survivors, other than Mrs. Estes, include the widow; a son, W. E. Stone of Abilene; a stepdaughter, Mrs. L. C. Deskin, Borger; a grandson, Gary Paul Stone; three step-granddaughters, Elaine, Roxy Ann and Debra Deskin; two brothers, L. C. Stone of Whitesboro and Wallace Stone of Henrietta; three other sisters, Mrs. L. D. McGown of Long Beach, Calif., Mrs. Roy Renfro of Whittier, Calif., and Mrs. C. C. Franklin of Corona, Calif.; and a number of nieces and nephews.

Olton Folks Invited To Visit Reese AFB

Olton folks have an engraved invitation from the Air Force to attend the open house and air show at Reese Air Force Base, Lubbock January 24.

The invitation came from Colonel Dross Ellis and was directed to Mayor D. Y. Ray.

Visitors will be able to see the new T-33 jets in which pilots at Lubbock will be trained in the future.

OCCA Board Discusses Work Program

Organization of a program of work was among the foremost topics discussed this week at a regular meeting of the Olton Chamber of Commerce and Agriculture board of directors.

The board also discussed the second annual Chamber banquet to be held Jan. 16 as well as the possibility of getting more farm to market roads for our area.

Other topics of importance which came up at the board meeting were the possibility of an agricultural survey for the community and the future of cucumbers as a money crop here.

Inez Oatree Is Top Winner

Top winner of last Saturday's trades day prize was Inez Oatree.

She received \$20.00. Other winners included Billie Edwards, \$15.00; S. S. Vaughn, \$10.00; and Ann Schreier, \$5.00.

The regular trades day event will be held next Saturday.

Religious Film To Be Shown

Rev. Russell McAnally, pastor of Olton Methodist Church, has announced that a picture on the life of Martin Luther will be shown at the church Sunday night.

The picture is one and one-half hours in length. Services will start at 6:00 PM.

Rev. McAnally states this picture is the same film that has shown at theatres around the country.

Durham Baby Stricken By Meningitis

Little Grady Durham, 4 years old, son of Mr. and Mrs. Raymond Durham, was stricken with spinal meningitis Sunday.

He is under treatment at Methodist Hospital in Lubbock. His grandmother, Mrs. Ed Truelock, said the baby's illness was diagnosed as spinal meningitis and possibly polio.

She said he was "doing just fine" Wednesday.

OCCA Members Hear Report On Local Cucumber Production

BEES, HARVESTING ARE SECRETS OF SUCCESS, SAYS LOCAL FARMER

A net profit of \$300 an acre. This is what Harley Miller told some 100 farmers and businessmen he made on his cucumber crop last year.

Mr. Miller gave his report at a joint meeting of the Olton Chamber of Commerce and Agriculture and area farmers. The group also heard a talk by Paul Bernard of Doane's Agricultural Service of St. Louis, Mo. Mr. Bernard was invited here as a possible forerunner to an agricultural survey of the area.

Good Crop
Mr. Miller described cucumbers as "a pretty good crop." He said he sprayed once a week and he strongly advised that cucumber growers equip themselves with bees to help in pollination of the cucumbers.

"The secret to successful production is getting the crop gathered at the right time," Mr. Miller concluded.

Elvis Hatley, manager of Olton Producers Cooperative Association, said labor should present no problem this year as it did last season.

Labor Available
He said his association has been assured that bracero labor will be available when needed. He pointed out that a cucumber crop with hands to harvest it may have another value to the farmer.

If all goes well with the cucumber crop, it should provide employment for the bracero right up to cotton harvest and then the same labor would be available for harvesting cotton.

Getting hands for both the cucumber harvest and the cotton harvest proved a major problem in 1958.

Olton had 235 acres of cucumbers last year contracted to Brown and Miller, a Texarkana pickle firm. That company has indicated it will want some 500 acres in this community in 1959.

Old growers will have first choice at that acreage.

A delegation is slated to go in the near future to the firm's headquarters in Texarkana to negotiate this year's contract.

Cost \$4,800
Mr. Bernard said that approximate cost of an agricultural survey here is \$4,800. He said such a survey was made in Sherman County of which Stratford is the county seat. Stratford is located on the North Plains.

There the people from Doane's went so far as to advise individual farmers as to what crops should be produced for maximum profits.

Members of the OCCA committee on agriculture are slated to go to Stratford some time this week to confer with community leaders there as to the benefit Sherman county received from the survey and ensuing predictions.

DELBERT DOWNING

Nationally-Known Speaker To Appear At OCCA Banquet

One of the outstanding after dinner speakers of the nation will address members and guests at the annual Chamber of Commerce and Agriculture banquet.

The banquet will be held at 7:30 o'clock the evening of Jan. 16 in the school cafeteria.

Another highlight of the occasion will be presentation of an award to Olton's outstanding citizen of the year.

Mr. Downing has been manager of the Midland Chamber of Commerce since 1946. He is a native of Stephens County having moved to Midland in 1938 as manager of a chain grocery store.

Delbert long has been active in civic and church affairs. He is a past president of both Rotary and Junior Chamber of Commerce.

He has addressed hundreds of gatherings in the past few years. The editor of his hometown newspaper describes him as a "little Lincoln."

His talks are laced with both humor and common sense. Delbert is advisor and father-confessor to more people perhaps than anyone else in Midland.

The Downings have a son who is pastor of First Christian Church at Albany, Tex., a daughter whose husband is in Texas Tech and

Let Contract For Cafeteria Equipment

Olton school board Tuesday night accepted a \$16,947.38 bid by Golden Light Equipment Company of Lubbock for outfitting the school lunchroom.

Atmar Atkinson, Lubbock architect, made a routine progress report to the board.

Other business conducted by the board was of a routine nature.

FFA Chapter Preparing For Spring Shows

Olton vocational agriculture students are busy preparing their animals for upcoming shows.

They are scheduled to compete in El Paso next month and will be in competition at the Amarillo show the latter part of January.

The Olton Spring Stock Show is scheduled for the latter part of February.

TO AUSTIN

School Supt. Joe Harper left for Austin Wednesday. While there he will transact school business.

ODD BIRDS

Looking for all the world like some strange fruit these birds literally cover the trees and darken the skies around Olton Memorial Hospital each evening. They are starlings and have a notorious reputation as pests.

HOME OF CAPROCK FERTILIZER—LITTLEFIELD, TEXAS

\$300.00

IN CAPROCK FERTILIZER TO BE GIVEN AWAY IN 3 DRAWINGS

With Each Winner Receiving \$100 Worth Of YOUR FAVORITE CAPROCK FERTILIZER

RULES OF THE CAPROCK FERTILIZER DRAWING

1. FARMER MUST FILL OUT THE COUPON ON THIS PAGE.
2. SEND OR GIVE TO YOUR FAVORITE FERTILIZER DEALER.
3. DEALERS PLAN ON DINNER MEETING ON JANUARY 15, 1959 AT WHICH TIME DEALERS WILL SUBMIT ALL COUPONS FOR THE DRAWING.
4. ONLY LANDOWNERS OR TENANTS WILL BE ELIGIBLE FOR THIS DRAWING.

1 CAPROCK FERTILIZER WILL SAVE YOU MONEY!

Caprock Fertilizers can save you money in several ways. For example, the freight allowance from our plant to your dealer's warehouse is approximately \$2.00 per ton. Why not have your dealer give you a purchase order and let you come to the plant and pick up your fertilizer, thus saving both additional labor and handling as well as the freight allowance. In addition you can have additional savings by telling your dealer you want to pick up this material in the bulk. This will give you an additional saving of \$3.00 per ton. In combining plant pick-up and bulk purchasing, you have a saving of \$5.00 per ton on any grade of Caprock Fertilizer you may purchase.

Think about this seriously in planning your fertilizer requirements for the coming year. Such savings have never been offered to you before. \$5.00 per ton will just about pay for your cost of application. Be sure to take advantage of this money-saving way of buying your fertilizer requirements.

2 CAPROCK FERTILIZER Give You Economy & Service!

The home of Caprock Fertilizer is at Littlefield, Texas. Therefore, you can pick up your fertilizer in an hour or so. No more do you have to depend on sources of supply many miles from your farm. No longer, do you have to buy larger quantities and store them in your garage, barn or under a tarpaulin. Be sure and ask your dealer for an order and pick up your fertilizer right here in your front door.

Caprock Fertilizer has a shipping capacity of 30 tons per hour in the bulk and 20 tons per hour in the bag making a total shipping capacity of 50 tons per hour. This should be sufficient to take care of all requirements.

No more do you need to worry about storage, bag disposal problems, delays in delivery, or uncertain availability. Caprock Fertilizers will be available when you need them.

3 CAPROCK FERTILIZER Maintains High Quality!

Caprock Fertilizers are manufactured by the latest processes to give you a product that meets the requirements of the South Plains Farmer. The product has a uniform pellet that drills excellently. Caprock Fertilizers contain both fast-acting and slow-acting ingredients. It is manufactured from 20% and 46% Super-phosphate, 44% nitrogen solution, Ammonium Sulphate and Muriate of Potash. The above ingredients contain ample quantities of secondary elements such as magnesium, boron, sulphur, iron, zinc, manganese and copper. These elements are not found in such abundance in highly-refined concentrated fertilizer formulas.

As stated before, Caprock Fertilizers contain both fast-acting and slow-acting ingredients to feed the plant from seeding time to maturity. You have heard lots about water solubility of fertilizer. We would like to quote a news article taken from "CropLife Magazine."

COLUMBIA, MO.—Whether or not a mixed fertilizer dissolves in water has little, if any, effect on crops, Alva Preston, University of Missouri extension soil specialist, said at the recent Soils and Crops Field Day at the university's south farm.

To test the value of water soluble plant foods, different south farm experimental plots were treated with mixed fertilizers for varying ability to dissolve in water and seeded to barley. Mr. Preston showed Field Day visitors all of the plots of barley appeared to be equal in growth whether they were treated with a mixed fertilizer that was five or 95% water soluble.

"Despite considerable discussion on the subject of water soluble fertilizers, the important thing is that plants get the needed nutrients whether or not they dissolve in water," he said.

In view of the above, why buy a fertilizer that may "fizzle out" early in the growing season, when you buy Caprock Fertilizer and be assured ample plant food during the entire growing season.

4 CAPROCK FERTILIZER Available In All Grades!

Caprock Fertilizer manufactures a complete line of Dry Commercial Fertilizer. We have essentially two operations. One department acidulates 0-20-0 super-phosphate, while the other manufactures mixed grades such as 16-20-0, 13-39-0, 10-20-10, 12-24-12, 0-16-8, 0-20-10, and any special blend you may desire.

Caprock Fertilizer also has available a line of X-TRA Premium quality grades that contains liberal amounts of trace elements derived from Sul-Po-Mag.

Caprock Fertilizer is manufactured on the High Plains for the High Plains farmer. Why accept fertilizers manufactured for regional areas when Caprock Fertilizers meet your exact requirements.

Corner on Cotton

BY BOB COLLINS

A lot of things must be decided by the CCC before the new cotton crop of Choice "A" and "B" starts to move. "A" cotton must be supported at 80% of parity, cataloged and offered for sale at 110% of "B" support and the law says the CCC must "own" it before it's resold. What'll this mean to the cotton buyer???

... especially the country buyers and ginners who traditionally buy much of the cotton passing through their gins. Taxpayers would have a sizeable saving, we're sure, if the present marketing system were utilized by the CCC. Officials of the CCC seem to agree... but it does present problems... however, since the current marketing system was developed by stiff competition over many years and moves cotton to manufacturer at an unbelievably low cost, it's an excellent bet that the government won't be able to devise a system that's any better... or half as good... as both farmer and taxpayer you better hope the present marketing system will be retained.

New Grader

A leading cotton merchant is trying out an electronic cotton grader... anyone can operate it with five minutes instruction... you just offer it a sample of cotton... the machine looks at it and prints the result within 10 seconds... tells you everything you need to know except staple... however, don't look for one in your neighborhood any time soon... it's still experimental... but it is the shadow of things to come... mass use could be another step in reducing cost of cotton to the manufacturer.

Better Off?

The Agriculture Department says the farmer will have the highest income in history by the time the new year rolls in... if the figures are right (and we'll get some argument here) the annual per capita income of farmers will top \$1000.

How Much "A" and "B"?

A couple of editors we know have completed polls among farmers as to how much Choice "A" and "B" cotton will be planted next year... results of one showed, roughly, 35% favored "A" and 65% favored "B"... other poll indicated, roughly, 65% favored "A" and 35% favored "B"... this information helped us make up our mind on the question: You just can't tell.

Books On Parade

By Mardema Ogletree

My faith in the power of advertising has been boosted considerably. Several times I have tried to get books which have been mentioned on television and instead get little notices from the publishers that they are temporarily out of stock.

The American Way in Sport by John R. Tunis (Duel, Sloan and Pearce, \$3.50) was mentioned on a national television program, and after a long wait, I finally got some copies. They were worth waiting for because the author says so well something that has needed to be said for a long time.

John Tunis has played games and covered major sports events for over thirty-five years. He once broadcast the Davis Cup matches for the National Broadcasting Company. Many of his articles have appeared in leading magazines, and he is the author of eighteen novels with sports as the theme.

So our author knows his sports, and he knows the American people. He traces the history of the various sports and shows how they are affecting our lives and endangering the education of our children (if present trends continue).

From a study entitled "America's Needs and Resources" he quotes, "It is estimated that a total of \$40,000,000,000 was spent on recreation in 1955 in the

United States." He says in 1957 \$14,000,000,000 was spent on education.

He bemoans the fact that schools and colleges are in the professional entertainment business and that the athlete has been exalted above the scholar in America.

He quotes Dr. Fred V. Hein, an official of the American Medical Association who criticized highly organized sports for children such as Little League Baseball. He also opposed night games, events far from home, and commercial promotions that "seek to exploit youth for selfish purposes."

Mr. Tunis believes that games properly conducted have admirable qualities and an enormous educative effect on the young. However he thinks that games for kids have become overadulterated. "Sport has become a business," he says.

His suggestions for solutions to some of the problems are certainly worth considering by everyone concerned with the welfare of our children.

OPTOMETRY: The Art and Science of Visual Care

This is a sign of LIFE

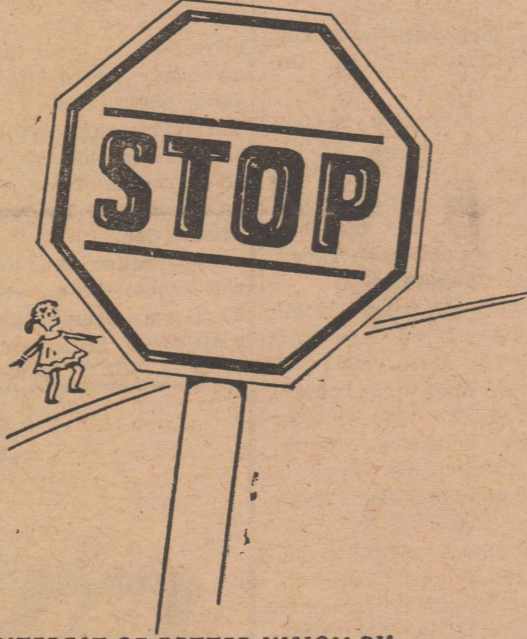

It takes time to see and time to act. That's why good vision is important to safe driving.

With 20/50 vision, you won't see a STOP sign nearer than 90 feet. At 60 miles an hour you will be 200 feet PAST the sign before you can stop.

And at night the problem is multiplied. That's why two-thirds of all traffic deaths occur at night.

Seeing quickly and clearly is vital to safe driving. An examination by a professional optometrist every year can tell you if you are visually prepared to drive. He might help you save a life—maybe your own.

Don't live to regret! Live to be thankful that you could see the Sign of Life.

The directors and personnel of the Olton Chamber of Commerce and Agriculture would like to at this time express their appreciation to the businessmen and women, farmers, their wives, and individuals who supported and gave their time during the year 1958 to this organization and its different programs.

Although the OCCA is just completing a year of organization, of laying ground work, and of trial and effort, we sincerely feel a sound foundation has been laid and the year 1959 promises to be one of increased efforts and success.

We therefore humbly solicit your continued efforts and support throughout the coming year and wish each and everyone a very HAPPY and prosperous NEW YEAR.

Norma Jean Wills And Bill Walden Recite Wedding Vows In Olton Methodist Church

Norma Wills and Bill Walden were joined in marriage in an impressive ceremony in the First Methodist Church January 4.

Parents of the couple are Mr. and Mrs. G. T. Sides and Mr. and Mrs. E. W. Walden.

The couple exchanged vows immediately following the morning services of the church. Rev. Russell McAnally, pastor, officiated at the double ring ceremony.

Baskets of pink carnations and greenery were placed at the altar.

Miss Gayle McAnally accompanied Mrs. Joe Harper at the organ as she sang "Bless This House" preceding the ceremony. Following the ceremony, the choir sang "Bless Thee and Keep Thee."

Bride Wears Lace

The bride wore a street length dress of sand colored lace over cotton satin. The dress was made along princess lines and boasted a circular skirt. Three-quarter length sleeves and a sweetheart neckline enhanced the dress. A white hat completed the bride's ensemble.

Betty Lou Sides attended her sister as maid of honor. She wore a beige lace sheath over cotton satin. The dress also had three-quarter length sleeves and a sweetheart neckline.

Paul Walden of Lefors served his brother as best man.

Mother Wears Suit

Mrs. Sides wore a brown flowered wool suit with brown accessories. Mrs. Walden's dress was of blue flowered silk. Her accessories were of black. Both women wore white carnation corsages.

After a two-week wedding trip to Mexico City and other points, Mr. and Mrs. Walden will be home in Olton.

Mrs. Walden was employed at Olton State Bank prior to her marriage. Mr. Walden is a graduate of Texas Tech. He served for four years in the US Navy and is presently farming near Olton.

Out-Of-Town Guests

Out-of-town guests were Mr. and Mrs. T. J. Ballard, Leveland; Mr. and Mrs. Bob McKenny, Plainview; Mr. and Mrs. Warren Liner, Lubbock; Mr. and Mrs. Blessing, Amherst.

LITTLE SEEN, BUT LONG TIME USED

A rare sight in this part of the country now-a-days is seeing a herd of cattle being driven across a highway. This herd, owned by Dewey Ball, was driven from pasture to lots Saturday prior to the cold spell that hit Olton last weekend. The drive covered about six miles, took six horsemen. The herd crossed Highway 70 east of town near the Olton Butane storage yard. More than 50 vehicles were halted on the highway by aiding local lawmen. (STAFF PHOTO)

ironing things out

One thing I know: Having a baby at Christmas-time certainly reveals a bit of the glory and blessedness Mary and Joseph must have felt on that very First Christmas in Bethlehem.

And somehow, whether deserved or not, it makes the mother and father feel a little pure in spirit—akin to the earthly parents of the Christchild.

However, Christmas or not, if you want to take a new lease on life, try having a baby!

You can't be sour at the world with a baby in your arms.

You can't be harsh and bitter when that little bundle wriggles and cries.

You can't be angry with anyone when a little cherub looks up at your face and coos.

You can't feel sorry for yourself when a helpless living thing depends on you for his every breath.

You don't need rose-colored glasses through which to see the world when you behold your very own Living Doll sleeping peacefully in his crib, well-fed and cared for.

If you don't believe me, just try it!

On the subject of names—While having a time trying to name our new member recently, I became acquainted with a girl from Boston. A real, authentic Bostonian accent, pedigree and all.

Her husband is a lawyer with the Air Force at Reese AFB. Being from Boston, she could find nothing right or good about West Texas. Everything in Boston was BIGGER and BETTER.

And when it came to names, she was very amused at the

quaint names and nicknames we give ourselves in this part of the country.

But here's the funny: This aristocratic Bostonian had married an Irishman from New Jersey, and do you know what his name is? JOHN JOSEPH CONNOR O'SHEA JUNIOR!

Their son's name is JOHN JOSEPH CONNOR O'SHEA THE THIRD, but he's called A Pas Tout (a French expression meaning something like "good for nothing.")

Oh yes, and of course Captain O'Shea has a nickname: Rusty. As Art Linkletter would say, "People ARE funny!"

Incidentally, thanks to all the responsive people who suggested names for our baby after our quandary was made known. Some were indeed very pretty and appealing. One anonymous person suggested "Kem Dee" for either boy or girl.

Anyhow, Timothy Dean is now a very important citizen in our house and I still say,

"A rose by any other name would smell as sweet."

So would a baby.

We are truly looking forward to this year's Chamber of Commerce banquet. Last year's was one of the finest we've ever attended in Olton—from the point of food, entertainment and inspiration. We're expecting this one to live up to the same standards. Remember, it's Friday, January 16, in the School Lunchroom. See you there?

CARD OF THANKS We wish to thank everyone for the lovely flowers, cards, and deeds of kindness shown us due to the loss of our little son, and grandson, Jon Scott. May God's blessings rest upon each of you. Mr. and Mrs. Tommie Ballard and Guy

Mr. and Mrs. Guy Willis and family

Olton Woman's Grandmother Dies

Funeral services for the grandmother of an Olton woman were held Dec. 30 in Plainview.

Mrs. B. F. Cox, grandmother of Mrs. Roy Granbery, died Dec. 28 in Plainview Hospital. She was 90 years old.

Services were held in College Heights Baptist Church, with Rev. E. S. Weathers, retired minister, officiating. Burial was at Plainview Cemetery under direction of Lemons Funeral Home.

Mrs. Cox, a native of Tupelo, Miss., was living in Plainview at the time of her death.

Surviving Mrs. Cox were four daughters, Mrs. D. M. Thompson, Plainview; Miss Unice Cox, Big Spring; Mrs. Claude Dunn, Canyon; and Mrs. J. B. Monk, Austin; and three sons, E. E. Cox of Kress; B. F. Cox, Jr., and L. V. Brittan, both of Plainview. She was also survived by several grandchildren, great-grandchildren and great-great grandchildren.

Golfing Rules Are Listed

**Section IX
HAZARDS, WATER HAZARDS
Rule 33**

1. Touching Hazard Prohibited

When a ball lies in or touches a hazard or a water hazard, nothing shall be done which may in any way improve its lie. Before making a stroke, the player shall not touch the ground or the water with a club or otherwise, nor touch or move a loose impediment lying in or touching the hazard, nor test the condition of the hazard or of any similar hazard; subject to the following considerations:—

a. Stance
The player may place his feet firmly in taking his stance.
b. Touching Fixed Or Growing Object
In addressing the ball or in the stroke or in the backward movement for the stroke, the club may touch any wooden or stone wall, paling or similar fixed object or any grass, bush, tree, or other growing substance (but the club may not be soled in the hazard).
c. Obstruction
The player is entitled to relief from obstructions under the provisions of Rule 31.
d. Loose Impediment Outside Hazard
Any loose impediment not in or touching the hazard may be removed.
e. Finding Or Identifying Ball
The player is entitled to find his ball in accordance with Rule 17-2. If the ball be covered by sand, fallen leaves or the like, he may remove as much thereof as will enable him to see the top of the ball; if the ball be moved

in such removal, no penalty shall be incurred, and the ball shall be replaced. The ball may not be lifted for identification.
f. Placing Clubs in Hazard
The player may, without penalty, place his clubs in the hazard prior to making a stroke, provided nothing is done which may improve the lie of the ball or constitute testing the soil.
g. Smoothing Irregularities
After playing a stroke, there is no penalty should the player smooth irregularities in the hazard made by footprints or the soil displaced by a stroke, provided nothing is done that improves the lie of the ball or assists the player in his subsequent play of the hole.
h. Casual Water, Ground Under Repair
The player is entitled to relief from casual water, ground under repair, and otherwise as provided for in Rule 32.
i. Interference By A Ball

Recruiting Sergeant Takes Personal Interest In Boys

An affable young man with whom a lot of Olton folks are acquainted is Sergeant First Class Bill Hanna, US Army recruiter assigned at Plainview.

The player is entitled to relief from interference by another ball under the provisions of Rule 24.

2. Ball In Water Hazard
If a ball lie or be lost in a water hazard (whether the ball lie in water or not), the player may drop a ball, under penalty of one stroke, either:—

a. Behind the water hazard, keeping the spot at which the ball last crossed the margin of the water hazard between himself and the hole, OR
b. As near as possible to the spot from which the original ball was played; if the stroke was played from the teeing ground, the ball may be teed anywhere within the teeing ground.

Note: If a ball has been played from within a water hazard and has not crossed any margin of the hazard, the player may drop a ball behind the hazard under Rule 33-2a.

3. Ball in Lateral Water Hazard (Def. 14c)
If a ball lie or be lost in a lateral water hazard, the player may, under penalty of one stroke, either: a. Play his next stroke in accordance with Clause 2a or 2b of this Rule, OR b. Drop a ball within two club-lengths of the margin of either side of the lateral water hazard, opposite the point where the ball last crossed the hazard margin. The ball must come to rest not nearer the hole.

Note: If a ball has been played from within a lateral water hazard and has not crossed any margin of the hazard, the player may drop a ball outside the hazard under Rule 33-3b.

4. Provisional Ball
A provisional ball may be played for a ball in a water hazard or lateral water hazard as provided for in Rule 30.

Penalty For Breach Of Rule:
Match play—Loss of hole; Stroke play—Two strokes.

Note 1: A serious breach of this Rule should be dealt with by the Committee under Rule 1.

Note 2: It is a question of fact whether a ball lost after having been struck toward a water hazard is lost inside or outside the hazard in order to treat the ball as lost in the hazard, there must be reasonable evidence that the ball lodged therein. In the absence of such evidence, the ball must be treated as a lost ball and Rule 29-1 applies.

Note 3: There is no limit to how far behind a water hazard a ball may be dropped.

Sergeant Hanna's territory includes Olton and he has made many friends here for himself personally and for the service he represents.

The Sarge, as he is called, takes a personal interest in the men he recruits. He makes periodical visits to their families here and inquires about how his boys are doing in the service.

In spite of his painstaking interest in these young men, it takes only one look to determine that Hanna is a soldier of the old school, completely sold on the life in the military. He hawks the benefits of the Army in much the same manner a seasoned life insurance salesman extolls the virtues of his wares.

A native of Danville, Ill., Hanna entered the Army at the age of 15 in 1937. He was, as he puts it, "booted out" for being under age. He was back again two years later after finishing high school.

At the time he served with the Infantry in the Third Ranger Battalion. He joined the outfit in North Africa and went through the Sicilian campaign with it. His stage area training was done at a French Foreign Legion post in North Africa.

Later he joined the Rainbow Division and finished up the war in Europe with that famed fighting organization.

Hanna is entitled to wear the Combat Infantry badge, seven battle stars, the Bronze Star with Oak Leaf Cluster and V clasp and the Purple Heart. He was wounded by shrapnel in Germany.

At the war's end, Hanna was a platoon sergeant with an infantry company.

After the war, Hanna was stationed in Amarillo with Army intelligence. He then went to Germany on a similar mission, returning Stateside in May of 1955.

Sergeant Hanna is a naturalized West Texan. His wife is a native of Amarillo.

The sergeant's area includes seven counties in this part of the state. His office is on the third floor of Hale County Court House in Plainview.

He usually comes to Olton about 11 o'clock each Monday and then is at the Armory at Littlefield the remainder of the day.

The Man who Appreciates the Finest... BUYS HIS WIFE GAS APPLIANCES!

Brahms and Brubeck... an unlikely combination? Not to the man who recognizes the "best of its kind," be it arpeggios or appliances. That's why he insisted on a new GAS Clothes Dryer for his wife. He sees the advantages of instant heat (turn it on and it's on), and no heat hang-over (gas off, heat's gone!). He's observed how gentle Gas heat blows moisture away instead of baking it out. Clothes come out fluffier, more wrinkle-free and easier to iron! They last longer, too. Yes, in every way—economy included—GAS gives you more. And where the finest is truly appreciated... This & That

BY MYRT LOMAN

The lessons we learn the hard way are the ones we remember the best. One of them has been brought back to my mind so much these past few days, when so many water pipes froze and even burst.

A stitch in time saves nine. Would have been such a minor thing to cut the water off and now it will require a lot of work in digging and perhaps expense of some new pipe.

We really can never appreciate some of our modern conveniences until something happens to them. We never know just how much water we use daily until we are out for even a short period of time.

Friends of Rev. and Mrs. Dale West received a cute announcement last week and would like to pass it on to you. The Wests are now missionaries in Old Mexico, and they have four other children.

"A Blessing From Heaven" I was born on December 21st (And I don't do much but doze) I weighed just 7 pounds (That's without my clothes) My parents named me Steven Mark (Without asking my advice) And I think they're going to keep me (For they think I'm pretty nice) Signed by my Mommy and Daddy.

Dale and Nelda

Butler Is New Minister

Fred Butler of Dallas has accepted the ministry of the Hart Church of Christ.

The Butlers will make their home in the church parsonage at Hart.

Mr. Butler will begin his work with the church Sunday, Jan. 11. The church at Hart has extended a general invitation to the public to attend services.

Lions Club Program To Feature FFA Boys

Paul Kennedy and Rev. Jack Johnston, program chairmen for January, have announced that members of the Hart FFA chapter will speak to members of the Hart Lions Club January 12.

The FFA boys will talk on such topics as their supervised project programs, judging teams, chapter activities and chapter expectations.

Lunch will be served at 12 o'clock.

Training Union Has Yule Celebration

Six juniors were present at a Christmas party for the Junior Training Union of Hart Baptist Church December 22.

The party was held in the Fellowship Hall of the church. Games were played and the group exchanged gifts.

Also present were Mrs. Duane Reynolds and Mrs. R. O. Garrett, sponsors.

Donations to Hart Youth Fund may be made at the bank. This fund was started by contributions made in the memory of Mrs. H. B. Pyeatt of Tulla and Mrs. Eddie Brown, daughter of Mr. and Mrs. H. E. Loman.

Committeemen for the fund are O. D. Dinwiddie and Claude Cox. It is hoped that this money may be used in the very near future for a worthwhile project for the youth of Hart.

Harley Holloway Is Given Discharge

Harley Holloway, son of Mr. and Mrs. John Holloway, received his discharge from the Communication Department of the US Army recently. He returned home to Hart Christmas Day.

Harley had been in the service for fourteen months and two days. He was stationed in Korea at the time of his discharge.

While on his way to the states, Harley had a five hour visit with his brother, James, who is stationed in Japan.

Harley is married to the former Mary Newman of near Abilene. They have two daughters, Lila and Karen.

Mustangs, Fillies Enter Tourney

Olton's Mustang basketball team will enter its third tournament of the season today at Dimmitt.

The tourney will be the second of the year in which the Fillies have been entered, also.

Both teams are scheduled to meet Dimmitt teams in the first round. The girls are slated to meet at 7:25 PM, with the boys' tilt following at 8:45 PM.

Winner of the Dimmitt-Olton girls' game will play the winner of the Canyon-Bula meeting. Losers will play each other.

In the boys' game, the winner will play the victor of the Slaton-Sudan game, and the losers will also meet.

Other girls' teams meeting in the tournament's first round are Nazareth and Slaton, and Sudan and Abernathy.

Abernathy meets Bula while Nazareth and the Dimmitt "B" team meet in the initial round in the boys' bracket.

Consolation finals will be played at 4:50 PM (girls) and 6:20 PM (boys) Saturday.

Championship finals are scheduled for 7:40 PM (girls) and 9 PM (boys) Saturday.

The Mustangs will enter the tournament with a 4-7 record, while the Fillies have played eight games so far without a victory.

Son Born To Bevells Of Tulla December 19

D. Dennis Shows Grand Champion

Darryl Dennis, Olton freshman majoring in animal husbandry at Texas Tech, recently showed the grand champion animal of the Texas Tech Little International Stock show.

The show was December 13 in the Aggie Pavilion at the college. It is an annual affair. All of the livestock in the "Little International" is furnished by the Texas Tech animal husbandry department. Judging in the show is based entirely upon showmanship, grooming, and the training of the animals.

Darryl showed both a Hampshire pig and lamb. The animals both won champion ratings in their divisions. Darryl's lamb won the Grand Champion Animal of the show after competing with all of the champions in one event. Darryl won a hand-tooled leather scrapbook, ribbons and rosettes, and a gift certificate from Exel Frontier Store in Lubbock. He is the son of Mrs. Ineta Dennis.
