FIFTY-FIRST YEAR

## SKELL-STAMFORD GAME EXPECTED TO BE BEST OF SEASON

### Race For District Indians Rated Contenders

Blasting of the Indians in the district championship game last Friday night was expected to be the best and hardest-fought battle of the season is here Thanksgiving afternoon when the Indians and Bulldogs meet in the reference game for the

ard, automatically winner of the District 9B championship game last Friday night, is a traditional event—and the Indians have been pointing toward the game throughout the season.

of the solid backing of the football fans, intensive during the past week has the entire squad in perfect and mental shape for a game.

ard, undefeated during the season, is rated by locals as being the same strength as the eleven, and fans believe last Friday's game would not be a different had it been here.

game will start promptly at 7:30 p. m. Thursday afternoon. Tickets will be on sale at Oates until noon Thursday, at the booth at Fair Park at 1 o'clock.

able starters for the game: Henshaw, le; Thompson, Scott, rg; Akins, rt; Rogers, q; Thomason, et, rh; Barnett, fb; Bodeker, le; Rucker, vevrn, lg; Doran, c; Bunk, McGorie, rt; Ivy, rv; Rorie, lb; W. Lov, Jones, fb.

James, B. Neely, Referee; Jones, Umpire; Harrison, Referee.

## er Six Hundred Cars Go Through Safety Lane

### Highway Patrol Tests Vehicles For Defective Brakes, Lights, Etc.

hundred and sixty motor cars of every make and were driven through the Highway Patrol's "Safety Lane" set up at the northwest corner of the square last Friday afternoon under supervision of George Schauer and Monroe of the State Department of Public Safety.

cars were tested as to their brakes, horn, muffler, gear and windshield visibility defects were pointed out, and pink slips defective drivers were pasted on the windshield. Drivers were requested to make necessary repairs made through the Safety Lane a second test, and in defects had been remedied slip was given drivers.

at 10 o'clock for a 2-hour test, and resumed from 4 until 4, the total of 660 cars inspected. Of this 220 or exactly one-third found defective in some of this latter number been repaired and succeeded through the Safety Lane for an official "O. K." by the Highway Patrol.

members of the Highway Patrol here with the apparatus were assisted by City Sebo Britton and the officers: Henry Ivey, McClain, E. B. McDonald, P. Glenn.

dition to conducting the lane, Mr. Monroe, in of statistics, and Sergeant both appeared before the North and South Ward where they made talks on safety on the highways.

Monroe, in urging traffic laws to the children, said: "Back-seat" drivers in out unsafe driving practices will be a few years. practices instilled now will served in the future and the lane was started as a feature in Texas, from indications of its value revealed, Mr. Monroe Prior to the inauguration of the percentage of fatalities number of accidents caused defective cars was 11.2 per cent. The figure has been 2.3 per cent. he stated. the entire state, 175,000 vehicles (continued on Page Eight)

## Haskell Band to Play During Bi-District Game

The Haskell Municipal Band has accepted an invitation to play for the Stamford Bulldogs in the game with Burk Burnett Friday afternoon, Dec. 4th in a bi-district championship game. The invitation was extended by Supt. Johnson of the Stamford Schools.

## Carelessness In Burning Trash Is Condemned

Warning against the burning of trash and rubbish in the open on alleys and streets within the fire zone was issued this week by City Fire Marshal A. D. McClintock.

A city ordinance prohibits this dangerous practice, the Fire Marshal pointed out, and the statute carries a heavy penalty against violators.

Careless burning of trash creates a fire hazard which endangers surrounding property, and a small trash pile could be the start of a disastrous fire, McClintock pointed out.

The marshal urged that merchants and others within the fire zone, which embraces the business district of Haskell, desist from this careless and thoughtless practice in the future.

## FUNERAL SERVICE HELD SUNDAY FOR MRS. J. H. ALMOND

Wife of Haskell Resident  
Died Saturday Afternoon  
In Stamford Hospital

Mrs. Mary Thelma Almond, 30, wife of J. M. Almond of this city, succumbed Saturday afternoon in a Stamford hospital after an illness of two months.

Funeral rites were held at the Kinney Funeral chapel Sunday afternoon at 2:30 o'clock, conducted by Rev. H. G. Hammer, and interment was in Willow cemetery under supervision of Kinney Funeral Home.

Born February 22, 1906 in the state of Tennessee, the daughter of Mr. and Mrs. J. W. Bartley, she came with her parents to this section in 1920, and was married to J. M. Almond in 1929.

Immediate survivors are the husband, four sons, James, John Henry, Claude Dale, Gordon Irvin; two daughters, Pauline and Mary Dorothy; her father, J. W. Bartley, and four brothers, R. C., J. A., O. A. and Osbie Bartley, all of Haskell.

Pallbearers were: Archie Pryor, Earl Ammons, W. G. Ammons, Eck Templeton, Speck Sorenson and Earnest Marion.

Flower girls were: Gladys Tatum, Vick Turnbow, Mrs. Whitney Johnson, Lola Belle Gifford, Zelma Odum, Mrs. Beatrice Arend.

## County's Ginning To November 14 Is 17,341 Bales

Report of W. P. Trice, special agent for the Department of Commerce issued today, shows that there were 17,341 bales of cotton ginned in Haskell county from the crop of 1936 prior to November 14, as compared with 23,577 bales ginned to the same date last year from the crop of 1935.

## H. D. MEMBERS CANVASS COUNTY FOR FREE PRESS

### Reports Show Response In Campaign Conducted For Free Press

Members of Haskell county Home Demonstration Clubs are swinging wholeheartedly behind the Free Press annual subscription campaign which they are directing this year on a commission and bonus plan.

First reports turned in Saturday of last week and daily this week reveal that club members are thoroughly canvassing all sections of the county with excellent results.

The number of new and renewal subscriptions which have already been turned in have exceeded expectations of publishers and club members alike, and checks covering commissions to various clubs reporting have already been mailed.

All Home Demonstration Club members in Haskell county are authorized to accept new or renewal subscriptions, and every Club in the county will receive a commission on every dollar collected. This method is being used by the Free Press this year instead of paying individual solicitors or outside promoters several hundred dollars in commissions and salaries. ALL MONEY IS KEPT IN HASKELL COUNTY.

## Rex Gibson, of Rule, Succumbs In Knox Hospital

Funeral service for Malcolm Rex Gibson, 20, member of a prominent Rule family, who died in the Knox City Hospital Monday afternoon, was held at the First Methodist Church in Rule Tuesday afternoon at 3:30 o'clock, with the pastor Rev. Marvin Boyd conducting, assisted by Rev. Roy Shahan, pastor of the Rule Baptist Church. Interment was in the Rule Cemetery.

Death of Mr. Gibson was attributed to the effects of typhoid fever. Ill with the malady, he was believed well on the road to recovery when he suffered a relapse which proved fatal.

Born February 18, 1916, in Benjamin, Texas, the son of Mr. and Mrs. Paul Gibson, deceased had resided in Haskell and Knox County all of his life. He united with the Methodist Church in 1924.

Surviving are the parents, Mr. and Mrs. Paul Gibson of Rule, a brother D. R. Gibson, Rule; grandparents, Mr. and Mrs. J. B. Jackson of Benjamin and several other near-relatives.

School classmates acted as pallbearers and flower girls. Pallbearers were Bob Malone, Don Davis, Henry Townsend, A. McCready, Jr., Wayne Teague, W. T. West, J. B. Norman, Harvey Norwood. Floral offerings were handled by Misses Faye Kelley, Clara Bell McCall, Juanita Cole, Grace Lingle, Gene Cole and Joy Davis.

Funeral arrangements were in charge of the F. E. Gauntt Funeral Home, Rule.

## Lions Make Plans For Distributing Discarded Toys

Plans for gathering discarded toys to be repaired and distributed to unfortunate children during Christmas, was the principal topic for discussion at Tuesday's meeting of the Lions Club.

Committee members were named to direct the work of securing discarded toys, having them repaired and repainted, etc., and prepared for distribution.

## Deer Hunters Return Today; Bring Deer, Too

After a ten days hunt in Gillespie county, remaining members of a party of nine Haskell nimrods had trickled back home Wednesday afternoon.

Seven bucks were bagged by the hunters during their stay in the deer country, the trophies ranging from six to fourteen point specimens.

## Retiring Coach

W. L. (Bill) Richey, member of the Haskell High School faculty and athletic coach for the past eight years, who is resigning this week to enter private business. Mr. Richey was the honor guest at the annual Lions Club-Indians football squad banquet Monday night.

## PRISON OFFICIALS DELIVER COUNTY'S AUTOMOBILE TAGS

Total of 3,450 License Plates  
For 1937 Received By  
Tax Collector

Delivery of 1937 automobile license plates for Haskell county was made Wednesday morning by Roy Russell, official of the State Prison system. The allotment consisted of 3,000 passenger car plates, 250 for commercial automobiles, and 200 for farm trucks, a total of 3,450.

Delivery of the plates was started the first of last week, Mr. Russell stated, with the first truck load going to the Panhandle. Manufactured by inmates of the State Prison at Huntsville, deliveries of license tags to every county in the state will be made by a fleet of 23 trucks belonging to the State Prison System. Approximately three months will be required to deliver the tags over the state.

Russell, who is a son of the well-known "Bud" Russell, veteran penitentiary agent, was accompanied on the trip through this section by H. C. Holland, prison trustee, as truck driver.

The 1937 license plates were delivered to Tax Assessor-Collector Mike B. Watson. New tags cannot be issued until March 1, 1937, the official said.

## New Grocery Store to Open On South Side

A new grocery store, located in the building formerly occupied by Kelley's Cafe, will take its place among Haskell business enterprises next week, according to announcement made today by Vick Keunstler, well-known grocer who has been employed by R. J. Reynolds & Son for the past 13 or 14 years.

Also associated in the new venture will be L. L. Keunstler, a brother, who has been engaged in the dairy business for several years.

A complete line of staple and fancy groceries, fruits and vegetables will be carried by the new firm, they announced. Interior of the building is being arranged and fixtures installed this week.

## Haskell Asked To Send Sponsor To Cowboy's Ball

Haskell has been invited to select a sponsor to attend the Cowboy's Christmas Ball at Anson on Friday evening, December 4th. The invitation was extended through Lenora Barrett, president of the Christmas Ball Association, to the Haskell Chamber of Commerce.

Sponsors from the various towns in this section will be requested to dress as near as possible in the style of fifty years ago, and escorts in cowboy regalia. The Christmas Ball is annually observed to commemorate the first Cowboy's Christmas Ball held over fifty years ago which was immortalized in the famous poem by Larry Chittenden.

## SOCIAL SECURITY FORMS ARE GIVEN TO HASKELL FIRMS

### Employers, Workers Must File Information To Participate In Plan

Approximately 100 Haskell business concerns have filed reports required under the Social Security program to be inaugurated January 1, according to Postmaster J. M. Diggs.

The blank forms were delivered the first of last week by Postmaster Diggs, and employers were required to list the name and nature of business establishment, and number of workers employed.

Additional forms for employees—application for account numbers—were being distributed Wednesday to all business establishments. These forms, Mr. Diggs explained, were to be filled out jointly by employer and employee, and would be the basis for individual worker's records under the Social Security plan. Approximately 500 of these forms will be required in Haskell, the postmaster estimated.

This application must be filled in and returned by all employees, or they will be denied the benefits of the security program. Mr. Diggs pointed out. In the event employers fail or refuse to return the applications of their employees, the worker can then apply for a separate form to be filled individually, it was explained.

## Abilene Man Is New Member of Teaching Staff

Mr. Vernon Bowers of Abilene will assume duties Monday as a substitute teacher in Haskell High School, filling the vacancy caused by the resignation of W. L. (Bill) Richey, football coach and teacher of mathematics for the past ten years.

Mr. Bowers, who holds an A. B. degree from McMurry College, will teach the class in mathematics. He has had several years teaching experience.

Perry Mason, assistant coach for the past two years will direct athletic activities for the remainder of the term, school officials stated.

## Negroes Jailed After Conviction for Cotton Theft

Two negroes, Clyde Moxer and W. T. Jackson of Rule, were committed to the county jail Saturday, after they had been convicted and fined in Justice of Peace R. L. Vick's court at Rule on a charge of theft.

The two negroes were charged with theft of cotton under the value of \$50. Theft occurred Thursday night, and Moxer and Jackson were arrested by Deputy Sheriff Ollie Kittle the following day. Fine and costs totalling \$53.65 was assessed against each of the defendants.

## Excellent Pantry Supply Canned By HD Club Member

Despite the drought approximately two hundred containers of fruits and vegetables were canned by Mrs. J. S. Hays, Home Food Supply Demonstrator of the Midway Home Demonstration Club.

Mrs. Hays provided 30 feet of shelving in her pantry for her canned foods.

Fresh and cured vegetables were not lacking in this pantry as there were carrots, green peppers, radishes, onions, potatoes, and turnips on display.

## College Students Return Home For Thanksgiving Day

Among the large number of Haskell students who are attending colleges, and will spend Thanksgiving Day with relatives are Misses Lois and Geraldine Fouts, Elizabeth Stewart, Gayle Roberts and Helen Ballard, Denton; Misses Gerry Norris, Sue Hood and Kathleen Crawford from Lubbock; Miss Gladys Fouts from Abilene; and Lowell Thomason who is attending college in Denton.

Attend Shrine Ceremonial Mr. and Mrs. Messmer and F. L. Daugherty of this city attended the Shrine Ceremonial staged by Maskat Temple in Wichita Falls Friday.

## Scarcity of Laborers Slows Down Work on Soil Project

### LIBERAL RESPONSE GIVEN RED CROSS ROLL CALL HERE

Canvass of City To Be Completed This Week; County's Quota is \$850

A generous response has been accorded the annual Red Cross Roll Call, inaugurated this week, by Haskell firms and individuals, according to John A. Couch, county Roll Call Chairman.

Originally scheduled to open on Armistice Day and close Thanksgiving Day, the county-wide drive for memberships will be continued through the coming week, Mr. Couch stated Wednesday, because of the delay in starting the campaign.

Canvass of the entire city has been in the hands of Mrs. Quitman Gentry and Mrs. Sallie Shriver, and they had almost completed contacts with local business firms Wednesday night, Mr. Couch stated. Drive for individual memberships will be continued in Haskell the remainder of this week after which the workers will devote next week to the campaign in other towns and communities of the county.

With the county's quota set at \$850, directors of the membership drive point out that this sum should be readily subscribed in view of the fact that the National Red Cross, during the past several years has expended between \$20,000 and \$25,000 for the relief of distress and suffering in Haskell county alone. The Red Cross was especially active in this section at the beginning of the depression, when thousands of dollars worth of foodstuffs were distributed to needy families.

J. M. Crawford, Haskell ginners, is chairman of the Haskell county Chapter, National Red Cross.

## Letters to Santa Will Be Printed In Free Press

Following an annual custom, The Free Press will publish letters from its younger readers to Santa Claus in the issue of Thursday, Dec. 24—Christmas Eve Day. Letters telling Old Santa just what you want should be addressed to "Santa Claus," in care of the Free Press, and should be placed in the mail not later than December 22 in order that they may be printed.

Get busy now, kiddies, and let Santa know just what you are expecting this year, and we feel sure that if you've been a good boy or girl, he'll try to arrange for your desires.

## Canning Provides Ample Supply of Fresh Vegetables

Fresh vegetables as well as canned ones for every month in the year are gradually becoming a reality for Home Demonstration Club members.

At the November achievement meeting seven varieties of fresh vegetables were on display from the fall garden of Mrs. Ross Oliver, Home Food Supply Demonstrator in the Hutto Home Demonstration Club.

The vegetables were mustard, onions, turnip greens, radishes, peppers, pumpkin, and beets. The table decorated with fresh vegetables enhanced the shelves of canned foods.

## C of C Directors Will Hold Regular Meeting on Dec. 1

Regular meeting of directors and committee members of the Chamber of Commerce will be held in the C. of C. office Tuesday afternoon at 4 o'clock, according to Secretary Ralph Dunbar.

Dr. T. W. Williams, president of the organization, urges all directors and members of the various committees to be present.

### Engineering Work, Mapping of Lands Being Rapidly Carried Out

Scarcity of available WPA laborers has somewhat hindered construction of terraces, etc., in the Soil Conservation Service drouth relief project inaugurated last week, but other phases of the work, such as mapping and surveying, has progressed satisfactorily, according to J. M. Bird, project manager, who is supervising engineering work and other details of the soil erosion control program.

Mr. Bird stated today that he had been assured that ample labor would be available within a few days. In that event, the engineer stated, every phase of the project could be under way immediately.

Farmers and property owners are readily cooperating in the project, with 3500 acres already mapped in the Miller Creek watershed, base of operations.

Work has already started on building terraces on cultivated lands and throwing up contour ridges in pasture lands. This part of the project demands the largest number of laborers, and will progress slowly until additional workmen are secured. It was pointed out.

Twenty-six property owners of the area have already requested that a complete soil and water conservation program be worked out for their farms.

Lands already mapped include the following: R. C. Couch, 2862 acres; G. A. Turnbow 145 acres; R. J. Reynolds 130 acres; A. C. Robertson 330 acres; O. E. Matthews 120 acres; Mrs. J. C. Holt 205 acres.

The remainder of this year will be required to complete the entire project, engineers have estimated.

## Lions' Football Banquet Monday Well Attended

Over 100 Attend Annual  
Affair Staged In Basement  
of Methodist Church

Marked by the largest attendance of any similar event, the Lions Club banquet for members of the Haskell High School Indians squad and coaches Richey and Mason, given Monday night in the basement of the Methodist Church, was a success from every viewpoint, according to sponsors and guests. Over one hundred persons attended.

Rev. David L. Stitt, Presbyterian minister, acted as toastmaster and revealed an innate wit in his clever introductions of speakers, for the evening.

Walter Murchison county attorney-elect was the principal speaker, praising the school spirit engendered by High School athletics. Although an annual affair, theme of this year's banquet was a tribute to Coach "Bill" Richey who is resigning this week, and Mr. Murchison also praised the untiring work of Mr. Richey both as a faculty member and athletic director.

George V. Wimlish, High School principal, in a brief talk gave enlightening statistics from the record of Haskell's football teams during Mr. Richey's eight years as coach, and also paid high tribute to the retiring faculty member.

Virgil "Slick" Reynolds, former H. H. S. letterman, was next speaker, in a brief talk praised the '36 squad for the excellent season's record and predicted the Indians would defeat Stamford on Thanksgiving Day.

In a response address, Mr. Richey disclaimed praise given him by preceding speakers, declaring that each member of the squad was due the praise, and expressed himself as having enjoyed his work and association with the team during his years as coach—closing his talk with an expression of loyalty to Haskell High School during future years.

Menu for the banquet consisted of roast turkey and dressing served in two courses. Tables were decorated with hand painted place cards in the form of an Indian head. Bowls of Indian dolls were used as centerpieces.

## CHRISTMAS SEAL SALE ENDORSED BY GOV. ALLRED

Citizens Urged to Cooperate  
In Campaign To Stamp  
Out Tuberculosis

Texas' first citizen, Governor James V. Allred, endorsed the 30th annual Christmas Seal Sale to fight tuberculosis in a statement to all Texas citizens today as Christmas Seals go on sale throughout the nation.

Governor Allred said, "The declining death rate from tuberculosis is ample demonstration that the state and national tuberculosis associations are accomplishing their purposes. Texas has been generous in contributing to the Texas Tuberculosis Association by the purchase of Christmas Seals each year. The thirtieth such sale in the nation presents a challenge to good citizens everywhere. As your Governor, I earnestly hope that the citizens of Texas will contribute to this cause this year to the limit that their means will permit."

Texans who purchase Christmas Seals this year will assist their state and local tuberculosis associations in a concerted drive planned for 1937 to reach more people between the ages of 15 and 45, where tuberculosis is still the leading cause of death, with those methods of diagnosis, prevention and cure which have reduced the death rate from tuberculosis more than two-thirds in the past thirty years.

## Funeral Service Mrs. Louis Carr Held Saturday

Mrs. Lewis Carr of Old Glory, Texas, daughter of Mr. and Mrs. C. E. Williams of this city, died in a Stamford hospital Friday afternoon, Nov. 20th, after an illness of three weeks.

Funeral service was held Saturday afternoon at 2 o'clock at the Baptist Church in Old Glory, with Rev. Roy Shahan, Baptist minister of Rule conducting. Burial was in the Brandenburg cemetery.

Immediate survivors are the husband, one son Howell; three daughters, Levicia Shirley and Elizabeth Perlice; her parents, Mr. and Mrs. C. E. Williams, Haskell; five brothers, W. J. Thurman and E. E. Williams, Haskell; Elbert Williams, Lake Charles, La.; Hugh Williams, Longview, Texas; and a sister Mrs. W. O. Ross of Peacock, Texas.

Funeral arrangements were under supervision of the Kinney Funeral Home.

## Inspector On Routine Trip Here Harry Baker of Fort Worth, Traveling Inspector for the Department of Public Safety, was a Haskell visitor Tuesday. Mr. Baker's duties consist mainly of inspecting automobile wrecks and other miscellaneous occurring on State highways throughout a large area in West Texas.

### Senior Snapshots

Helen Mabel Baldwin the "Beth" of the Senior class is president of the Gypsy Rambler club. She is also assistant pep leader—having been a member of these two organizations for four years, and of the Home Economics club. Helen Mable has several times served as a class officer and has represented Haskell at the State Homemaker's Rally. When this student graduates, Haskell will lose one of its most valuable and best loved students.

Annie Barnett, president of this class during the Junior year, is often hailed as most popular girl in the class. Annie is a four year member of the Gypsy Rambler Club, a two year member of the pep squad and choral club, and has at various times served as an officer of these organizations. Annie is one of the most friendly and likeable students in the high school and is always willing to cooperate in any thing for the good of the majority of the students. It will be with pride that we present her as a graduate of 1937.

Albert Barnett will always be remembered for the courtesy with which he treated his sister, as well as for his remarkable work in football. Albert has always been listed among the wide-awake students of this senior class. He is a member of the F. F. A. and has served as an officer in the class since being in high school. We are glad to have such an all-around student as Albert in our class, and hope that every class may have the benefit of being associated with someone like him.

### Newsless News

Many pep squad girls are backing the Indians today by wearing slips of paper with "Beat Stamford Bulldogs" printed on them, and that's just what we plan to do. The Seniors thought they would be smart and get their chapel program over early this year. Were they surprised when Mr. Wimbush told them they must have two? When a rock was

asked for in Chemistry Monday, Lloyd McMillin offered his head. It was too hard to be used for that purpose. . . . Would you believe there were two Junior girls in the pep squad who had rather play paper dolls than see the Haskell-Hamlin game? As Marvina P. and Dorothy L. . . . Speaking of dolls, the girls of all classes were seen making doll clothes Tuesday night but these were for the orphans and poor. . . . Mrs. Wimbush said when "the bug" bit, nothing could be done about it. Anyway that's the way it seems. . . . Students of History IV seemed rather limp after their final Thursday. . . . A fish is only a small thing when used for biology but it was large enough to frighten a class of solid geometry when it jumped from a bucket. . . . Miss Vick seemed rather surprised when the alarm clock suddenly went off in the seventh period but more surprised when she couldn't turn it off. . . . The fire boys rushed to the school Monday morning to put out the fire in the Home Ec. department, only to find that Duffer, who claimed that he was the hero, had already distinguished the blaze. . . . Marjorie R. had a hard time deciding which boy friend she should be faithful to in the Stamford-Haskell game. She finally chose the Indians. . . . Several Haskell boys who are supposed to be going steady, were seen in Stamford Sunday night. . . . And speaking again of the alarm clock, who has such a warped sense of humor as to think that old joke is still funny?

### A Fish—But Not a Freshman

"Look out!" What was it, I couldn't see? "Where is it now?" "It's nothing to get excited about, just a fish out of that bucket." "Pick it up and change the water!" "Ha, ha, girls are scary-cats!" "Not so—you jumped too." "All right, class, let's get back to this proposition." "The lateral area, etc." and so the solid geometry class went on.

### Sophomores Lead in PTA Representation

At the last regular meeting of the high school P. T. A., the mothers and teachers were counted, according to the classes they represented. The Sophomores had ten present, including the sponsor, and that number far exceeds what any of the other classes had. We just won't embarrass them by telling. Is it our fault? Do we remind our parents of the date when it is announced, and urge them to come? Let's remember that it is an organization which exists solely for promoting the interests of the high school system and the students. We owe it our gratitude and loyalty.

### G. R.'s Vote To Sponsor Buying Printing Machine

The Gypsy Rambler Club met Tuesday afternoon to consider sponsoring the buying of a printing machine to be used by the high school. This machine will lessen the cost of all school printing. The matter is being considered by Mr. Breedlove. Ways of making money were also discussed, and the Ramblers plan to sell candy at basketball games.

### Teachers Plan to Attend Convention

The annual convention of the State Teachers Association will be held in Fort Worth this week-end. This is an educational gathering at which various nationally known educators are heard, discussing the problem of national education. The state's own problem of revising its curriculum of studies will also be discussed in this meeting. Many teachers look forward to this annual meeting, and several of the Haskell teachers plan to attend.

### Can You Imagine?

Amelia Beth Hammer getting ten days in detention.  
 Billie Doris weighting one hundred and ten pounds.  
 Bobbie Nell without a pretty print dress on and it being as clean as most anything.  
 Francis L. S. without make-up.  
 Mr. Mason not walking the floor in his study hall. (Maybe it's his nerves).  
 Ed W. not bragging just a little bit.  
 Joyce Nell's book cover not having Ray Crockett's name all over it.  
 Juanita Foil not being as neat as a pin all the time.  
 Rose Nell Holler being at school a week hand-running.  
 Albert Barnett not playing football.  
 Thomas Lee D. not having his suit pressed two times a week.  
 Christine Lowe being called the Sophisticated Lady.  
 Paule Hoyal not wearing something red.  
 Helen Crawford failing in some subject.  
 Anita Jo S. and Louise P.'s hair not being perfect.  
 Dorothy Josselot not looking for a Stamford V8 every Tuesday night that carries Dewane Elliott. (She usually gets what she's looking for).  
 Melba C. not doing the same thing—except her's is Warren McAllister.  
 Kinzie T. standing Ralph Johnson up. (She has but not because she wanted to).  
 La Verne Hise looking down at her watch (that Johnny Cullum game her) and not thinking how thoughtful he was.  
 Dorothy Dea Welsh going with a boy. (She says she just hates them).  
 Garland Woods ever having a date. (If he has one it is behind my back).  
 Dorothy Larson not being dressed fit-to-kill all the time.

### Gridiron Gab

Wow! Did those Tigers blast the Indians a good one or not last Friday? The Indians did their best and fought it out to the end. Anybody that saw the game can admit that Anson has a plenty strong team.

The Anson game is gone but will never be forgotten. There is one game left on the Haskell schedule and that is with the Stamford Bulldogs here on Turkey Day. Stamford is supposed to have the strongest team in the district but the Indians are going to prove that they have not. Stamford defeated Anson 12 to 0 and Anson beat us 13 to 0. That shows that Stamford will have advantage over the Indians but don't let that worry you. The Indians will give Stamford plenty of trouble.

Just to give you an idea of the average ages of the regular players on the Indians team. The average is 16 years and 6 months. Albert Barnett, eighteen, is the oldest and Zeldon Thomason, fourteen, is the youngest regular. That is young for any football team and you can expect plenty of the younger ones in years to come.

The Stamford game will be the last game for some of the boys on the Indian team. The boys will play hard in this game and will try hard to win. You can expect to see lots of Lloyd McMillin, Captain Jimmy Akins, Duffer Crawford and Albert Barnett. These boys have played well throughout the season and will do their best Thursday.

All Indian supporters be on hand Thursday afternoon and yell for Haskell High. They will do their best to beat the Bulldogs and it won't surprise me a bit if they do. Haskell still has plenty of power and will show you that Thursday.

### Is Thanksgiving Just Another Holiday?

Thanksgiving is here again. And with it comes turkey, dressing, pumpkin pie and all the rest of the old customs connected with it. All of us know the story of the first Thanksgiving, but let's not forget its real purpose—to give thanks for all of our many blessings. Next Thursday let's remember to give thanks for everything we can think of—from home and county down to Haskell High's winning football team. If we do this we will truly enjoy the holiday, not only because we won't have to go to school that day, but for the blessing we will receive for giving thanks.

### Senior Takes Nuptial Vows

Last week Cupid all of a sudden became very busy and as a result Fred Gilliam, a senior in high school this year, took unto himself a wife. His bride, the former Opal Smith, also was a student in Haskell High, being a junior this year. Fred at the present, is undecided on the future but he will probably move to Eastland where he will be employed by the Magnolia Oil Company. At the present time the young couple are making Haskell their home.

### Lions Club Gives Banquet For Football Squad

Members of the football squad and coaches were feted with a banquet Monday night at which time both were paid tribute for their accomplishments. Coach Richey, who is leaving the coaching business at the end of the season was highly complimented for

his good records as coach and teacher here. The football team also was praised for its success this season and given a lot of encouragement for the forthcoming battle with the Stamford Bulldogs. The "Red Spot Band", composed of six members from our high school played two numbers for the banquet, appearing for the first time this year. Other high school students participating in the banquet were a few members of the pep squad who served as waitresses. The banquet was a courtesy extended by the Lions Club complimenting the football team and the coaches for their success. Members of the team appreciate very much this courtesy which is given annually.

### Anson Tigers Topple Haskell Indians 13 to 0

The Haskell Indians hopes of winning the District 9B championship were knocked sky-high last Friday afternoon by a fighting bunch of Anson Tigers. The

Indians threatened early in the game but just seemed to not have their old scoring punch. The Anson team was led by one of the best backs in this district, Sid Castles. He scored one of their touchdowns and passed to Sosebee for the other. He made most of his long gains on end runs behind perfect interference. Haskell players worked hard and each player did much to his credit. Everyone was still fighting when the last whistle blew. They put all they had into it, and even in the face of defeat we are proud of them.

### Foods Class Sends S. O. S.

Leaking gas lurked unseen in an oven of a stove used by the home economics class, and when the oven was lighted last Monday morning a blazing flash resulted. Girls jumped back in fright, and Mrs. Meyer came running. "Go call—" she started to say, and a freshman girl was off to a telephone. "Go call the Gas Company," she intended to say, but "Fire Department" was in the

mind of the alarmed student the Fire Department she told them, "don't give the fire a chance, when the members of the Chemistry having hastened to Mrs. assistance.

Buys Texas' First 1937 Ford V-8

When Faye Cotton, known as Texas Sweetheart No. 1 and star of the Fort Worth Casa Manana Revue, saw the new 1937 Ford V-8's, she became Texas Owner No. 1. In these photographs she is shown, above, in a close-up pointing proudly to her new Ford, and in the lower photograph she is shown about to take off on her first trip in the new model, a de luxe Fordor touring sedan, delivered to her in Dallas.

Work of Resettlement Administration Boon to Farmers and Business Alike

Set up to save the forgotten former, the Resettlement Administration has also helped to save many small-town business men of the verge of being carried down along with their destitute customers.

D. P. Trent, Regional Director of the Resettlement Administration, today made public a large number of letters from merchants and bankers in small towns telling of business restoration as a result of this agency's operation.

Gibbons Potet, Vice-president of the First National Bank at Rockton, Texas, wrote: "This time last year there was neither money nor credit in our community. It was plain that if our people could not get outside credit hundreds of our good farmers would have to turn over their tools to the bank and go to town and get on the relief rolls."

Mr. and Mrs. Vestus Bunkley and Mr. and Mrs. Guss Gillespie enjoyed playing monopoly in the home of Mr. and Mrs. Lynn Mayfield Thursday night.

Mr. and Mrs. E. D. Williams entertained at their home Wednesday night of last week in observance of Mr. Williams' birthday. After games of 84, refreshments of cookies and cocoa were served.

Mr. and Mrs. Vestus Bunkley, Mr. and Mrs. Marvin Cobb, Mr. and Mrs. J. D. Gillespie, Mr. and Mrs. Howell Cobb visited with Mr. and Mrs. Von Cobb of Cobb community Friday night.

School will close here Wednesday for the Thanksgiving holidays. Mr. and Mrs. Mayfield will spend the holidays at Spur.

Sunday school at both churches attended Sunday by a large crowd.

Speaking from "thirty years of banking experience," Albert Taylor, Vice-president of the Eastland National Bank, Eastland, Texas, described a "spirit of collapse" which followed the end of the oil boom there.

"The Resettlement Administration came in the nick of time to save the situation," he said. "It enabled the farmers to obtain an entirely different view. It is an institution that demands and is receiving to the best of my knowledge, the approval of all banking and business enterprises."

T. A. Carlisle, general merchant of Blackwell, Texas, wrote: "The Resettlement Administration has been a great help for the reason that most of the merchants in the rural district bore the burden of caring for the destitute families, and the loss from sales to them was a constant drain."

Another thing that perhaps is worth more than anything else, Mr. Carlisle said.

wrote, is "that it has enabled these folks to buy a little more decent clothes, and in this community the church and Sunday School attendance is the best in ten years. These people feel that they are again a part of the community."

Among the leaders in religious work, M. Lee Pippy, Director of the General Board of Christian Education, writes from Nashville, Tennessee, to Director Trent that "this is one of the most constructive measures that could be developed by our government to meet the actual needs of a large number of needy people."

From Madill, Oklahoma, J. W. Little, President of the Little Hardware Company, wrote, "It has made business for us that we could not have had otherwise."

Another Madill merchant, Sam Hollingsworth, wrote, "I consider this the best government program to meet the needs of the rural people that has ever been offered, and it is my hope that it will continue to help those to help themselves that have the ability and the initiative to do so."

W. E. Taxler, President of the First State Bank of Rising Star, Texas, says that he is "voicing the opinion and the sentiment of every business man and banker in this and the surrounding counties" when he says that this work must not only go on but that it must be broadened. "We hope and believe it necessary that the broadening of the work of the Resettlement Administration will provide a way whereby the tenant farmers of our community may be offered the opportunity to purchase and pay for the land they are cultivating and that they be given long easy terms for payment at a low rate of interest."

County Judge Omar T. Burleson, of Jones County, Texas, writes: "My discussions with Resettlement clients indicate they have the attitude of independence and self-support. This is different from that of the relief client who feels that he is being supported by charity." Judge Burleson said that many of these farmers who have been rehabilitated would be "practically useless when engaged in any other work than farming. But they maintain a home and give their families fair advantages with the aid of the Resettlement Administration. Without criticism of any other government agency, Resettlement has proved to be the most valuable in this country."

STRAVED — Fawn colored Jersey steer calf about six months old. Left my place 6 miles north of Haskell Sunday night. Notify J. W. Mullins, Route 1, Weinert, Texas.

I'LL BUY YOUR JUNK and pay highest prices for old inner tubes, rust, copper, brass, aluminum and scrap iron and steel. "Curley" Courtney, Haskell, Texas.

### Weekly English Club

The Weekly English Club met Friday, Nov. 20th for their regular meeting with the president, Marcia Bledsoe in charge. The minutes of the last meeting were read by the secretary, Gilbert Wheeler. We had a very interesting program. First on the program was a play, "The Four Judges" by Madge Reese, Mildred Kennedy, Margie Busby, Betty Blake, Connie Jo Norton and Doris Hammer. Next on the program Billy Davis and Ventress Brooks sang a duet. Then the meeting was adjourned. Ventress Brooks, Reporter.

### Friendly Builder's English Club

Henry Post read what happened last week. Patsy Pate read what happened during the week. Virginia Heath and her helpers cleaned out the book case. Myrtle Bob Branch read a story. Natalie Brooks sang the song, "Texas Over All." Patsy Pate read some jokes. Billy Kemp read some knock knocks. Roy Pittman, Reporter.

### Thanksgiving Notes From North Ward

Our first Thanksgiving greetings came from our P. T. A. president, Mrs. Persons, in the form of bouquets of autumn marigolds for all of the rooms. In keeping with the season several grades prepared dramatizations of stories or historical events which had been studied. Among the first grade were found Indians, Pilgrims and Dutch children of long ago. Another division of the first grade dramatized the story of "A Thanksgiving Basket."

### Contract Bridge Club

Mrs. T. W. Williams entertained members of the Contract Bridge Club Tuesday afternoon at the home of her mother, Mrs. F. L. Daugherty. The entertaining rooms were very attractive with high chrysanthemums of various colors arranged about in vases and baskets. After the usual games of contract, Mrs. French Robertson was presented with a prize for highest score. Mrs. Williams served a salad plate to Mrs. Jack Mickle, Mrs. W. G. Forgy, Mrs. Hollis Atkinson, Mrs. Marvin Branch, Mrs. Bert Welsh, Mrs. R. O. Pearson, Mrs. B. C. Chapman and Mrs. French Robertson.

### Foster News

Mr. and Mrs. J. E. Adams and family visited Hoie Harrell and family Thursday night. Mr. and Mrs. Arthur Williams of O'Brien visited Jim and Bill Williams Tuesday. Mr. and Mrs. Jim Carroll of Gilliam spent Saturday night in the home of I. H. Harrell and family. Bryan Hewitt of O'Brien visited his sister, Mrs. Jack Adkins Saturday.

as a range, refrigerator, washer, radio, water pump, churn, water heater, iron, sewing machine, and burglar alarm.

For the barn he suggests three ceiling lights, two power and one convenience outlets, and a feed mixer. In the poultry house he lists a brooder, egg-candler, and incubator. This was the boy's first year in club work.

He was named state champion by L. L. Johnson, state boys' club agent, and receives a \$50.00 merchandise certificate from Westinghouse Electric and Manufacturing Company, sponsor of the contest conducted by extension agents. He will compete with other champions from the southern states section for one of two trips to the 15th National Club Congress in Chicago, Nov. 27-Dec. 3.

The three highest ranking of the eight sectional winners will win cash college scholarships of \$400, \$300, and \$200, also given by the sponsor.

### Midway Couple Honored With "42" Party

Members of the Midway Home Demonstration Club and their husbands honored Mr. and Mrs. H. S. Gibson with a forty-two party in the home of Mr. and Mrs. J. B. Smith Tuesday evening. Cut flowers of the season were used throughout the house.

At the conclusion of several games the honorees, who are leaving the latter part of the week to make their home near Mule-shoe, were given a handkerchief shower.

Cherry pie topped with whipped cream was served with coffee to the following: Mr. and Mrs. Jess L. Wright, Mr. and Mrs. C. V. Oates, Mr. and Mrs. J. B. Pittman, Mrs. Willie Lees, Mrs. Hansford Harris, Mrs. C. O. Scott, J. C. Scott Jr., Mrs. J. S. Hays, Mrs. Roy Brock, Mr. and Mrs. C. C. Childress, Mr. and Mrs. Sam Scott, Mr. and Mrs. Doc Lott, Mr. and Mrs. Virgle Bailey, Mr. and Mrs. Date Anderson, Mrs. L. N. Lusk, Thurman Lusk, Mr. and Mrs. Dudley McKelvain, Mr. and Mrs. Felix Frierson, J. B. Smith Jr., the host and hostess and honoree, Mrs. Gibson. Mr. Gibson was unable to attend.

### Magazine Club

Federation Day was observed by the Magazine Club in its regular meeting Friday afternoon. Mrs. R. E. Sherrill acted as director of the program. The Club sang "America The Beautiful" and repeated in unison the ever beautiful Club Collect after which Mrs. Marvin Branch sang "Serenade" by Franz Schubert.

The principal speaker for the program was Mrs. T. R. Odell, president, who gave a most interesting report on the State Federation convention which, as club delegate, she attended in San Antonio the second week in this month. Her report included notes from addresses by important speakers as well as matters of business attended to by the outgoing state president, Mrs. Volney W. Taylor.

The new State Federation president, Mrs. Richard J. Turrentine, of Denton is a former Haskell resident.

A playlet "Adventures of the Pilgrims," including songs and poems was presented in colorful costumes, depicting the days of the pilgrims, by the second grade. Pilgrim and Indian children in costume presented the story of "Little Indians Looking On." This was by the third grade. A reading unit, "The Courtship of Miles Standish" was presented by one child in story form while the other pupils acted the parts of the different characters, some serving as soldiers, Puritans, Indians and the characters of Percilla, Miles Standish and John Alden.

### High School P. T. A. To Give Special Program

"Student Appreciation Night" will be observed by the Haskell High School P. T. A. on the evening of Thursday, December 3. Patrons and friends of the high school and all high school students are invited to be present. Place of meeting will be in the Christian Church auditorium, at 7:30 p. m.

Following is the program: Director—Mrs. Bailey Post. Invocation—Mr. Breedlove. Introductory Remarks—Mrs. Odell. Song—Choral Club. Appreciation of Choral Club—Mrs. M. H. Post. Introduction of Student Members of P. T. A.—Mrs. Jesse Smith. Introduction of Class Officers—Mr. Wimbish. Introduction of organizations: Lillian Peck Home Economics Club—Jean Kendall. F. F. A.—Lynn Pace, Jr. Gypsy Ramblers—Helen Mable Baldwin. Warwhoop—Geraldine Conner. Dramatic Club—Beverly Gilbert. Song by Choral Club. Introduction of Debaters—Miss Riley. Introduction of Extempore Speakers—Mrs. Wimbish. Introduction of High School Members of the Band—Mr. Meacham. Tribute to Boy Scouts—Mr. Persons. Discussion of Basketball Season—Mr. Mason. Appreciation of Football Team and Pep Squad—Judge Conner. Response—James Roy Akins, Mary Eleanor Diggs. Special Number—Kaigler Studio.

### New Mid Club

An interesting council report was given by Mrs. Geo. Ballard, our council member, at the New Mid club meeting, which was held in the home of Mrs. A. A. Gauntt on Wednesday, November 18.

The New Mid club is in the campaign taking subscriptions for the Haskell Free Press and daily papers, and we would appreciate the cooperation of this community and surrounding communities very much. The club will retain 33 1-3 per cent of every dollar they collect, and the club securing the largest number of subscriptions, new or renewal will be given \$25. We shall plan for a Christmas program in our next meeting, which will be held in the home of Mrs. Ira Grinstead on Wednesday, December 2. Those present were: Mrs. Roy Hester, Mrs. F. M. Hutchens, Mrs. Lewis Hester, Mrs. Elvin Berryhill, Mrs. Edd Hester, Mrs. Ira Grinstead, Mrs. Geo. Ballard and Mrs. A. A. Gauntt. Five guests were present: Mrs. Wilson Bean, Mrs. L. L. Bean, Mrs. Zada Carmack, Mrs. J. M. Sharp and Mrs. Ollie Ash. Reporter.

### Thanksgiving Pageant At Methodist Church Sunday Night

A Thanksgiving pageant will be given at the Methodist Church next Sunday evening at 7 o'clock by the junior pupils of Mrs. C. M. Kaigler's expression class. "Red Shoes of Plymouth" is the title of the play and the story deals with a little white girl who gives her only pair of red shoes to a little Indian girl and brings about peace between the White settlement and the Indians. The part of Silver Tongue, the Indian girl is taken by little Nancy Ratliff; Resolved White, Jane Gentry; Damaris Hopkins, Dean Bartlett; Wrestling Brewster, Edwin Gentry; Love Brewster, John Koonce; Ellen More, Doris May Humphries; Mary Allerton, Dale Bartlett; Duval Adams, Bart Allerton; Remember Allerton, Clyde Gordon; John Alden, Moshel Lytell; and the part of Priscilla Mullens is taken by Bunis Fay Ratliff.

### Good English Club

The Good English Club of the North Ward met Tuesday the 24 with the president in charge. The following program was given: Nancy Beth Collins read a poem. Carolyn Williams told "The First Thanksgiving Day" and then the room sang "Cause for Gladness." Dorothy Post gave some reasons why we should be thankful for Thanksgiving. Then the room sang Thanksgiving song. After that Frances Barnett gave some more reasons why we should be thankful for Thanksgiving. Then the president elected the program committee for next week. They were Lillian Goodyear, James Fore, Jo Tatum. Then the meeting was adjourned and will meet again next Tuesday the second. Reporter, Royce Adkins.

### Miss Alberta Orr

Miss Alberta Orr spent the week-end in Breckenridge with friends and relatives.

### Baptist W. M. S. Met Monday Afternoon

The W. M. S. met at the church Monday afternoon in their monthly business meeting. Opening song: "Rescue The Perishing." Mrs. D. Scott brought the devotional reading the 1st Psalms. Prayer by Mrs. Whiteker. Our president, Mrs. R. C. Couch gave a report of her trip to the State Convention at Mineral Wells. This was a splendid and interesting report and was enjoyed by all present. Those who were not present certainly missed a treat. Don't forget our week of prayer for the Lottie Moon Christmas offering, beginning next Monday and continuing through Friday, meeting each afternoon. Every woman in the church is urged to attend these meetings.

### Midway H. D. Club

The Midway H. D. Club will not meet during the month of December except for a Christmas social. Mrs. Jesse B. Smith, chairman of the social committee, will mail cards to everyone as soon as her committee has completed plans for this event. Mrs. C. V. Oates, Chairman, Mrs. H. Harris, Reporter.

### Boy's Plan To Electrify Home Wins State Prize

Leonce Stephenson, 17 year old Abilene boy, recently completed a survey in the first 4-H rural electrification contest ever conducted. Club members from 25 Texas counties participated in the enterprise designed to gather information of value in the expanding use of electricity on farms. The boy lives with his father on an eight acre farm, where he conducted his study. The farm is not wired, although located only a mile from a high line. Through well drawn plans of the buildings he shows how to make the proper installations. In the dwelling he includes plans for 11 ceiling lights, two power outlets, and nine convenience outlets, and such appliances

### Season For Colds Presents Problems

The common cold is an economic problem of considerable importance and more time is lost from work and school through colds and the illness to which they open the way than from any other single cause, according to observation of public health authorities.

"As a means of preventing colds, grippe, influenza, or whatever you choose to call the ailment that is usually present at this season, keep yourself as fit as possible," said Dr. John W. Brown State Health Officer. "Get plenty of sleep. Don't overdo. Eat nourishing food at regular times but do not overeat. Drink plenty of water and take some exercise out of doors every day.

Colds are spread from person to person through the discharges from the nose and throat. Avoid droplet infection from the coughs and the sneezes. The germs which cause you to catch cold may enter your nose and throat passages from the air when the infected person talks, coughs or sneezes. You may also catch cold by using an unwashed glass, spoon or fork, which has been handled by the person with a cold. Wash your hands frequently, especially before eating.

"Dress according to the weather. Have a coat ready for the cool days and don't feel that you are coddling yourself when you put it on. Sleep with your windows

open but have sufficient available to be comfortable not allow the temperature home or working place to 70 degrees.

"The quickest way to a cold is to go to bed at there—following your physician's advice at the beginning of the prevention is far evermore has a cold to go to bed at there until it is cured, to no visitors and to avoid all in order that one may be guilty of transmitting a deadly infection."

### Quattlebaum-Orr

Friday night November Miss Eula Quattlebaum at Bert Orr were united in marriage with Rev. David Stitt performing the ceremony at his home. Alberta Orr and Mr. Joe were the only attendants. Mrs. Orr are members of the families of Haskell. They immediately after the ceremony, Dallas, returning to Haskell day where they will make home.

### THE HILL ON THE ROAD

There is a hill in any road you wish to travel. Like the crew which built the road, and like the road itself, you must climb the hill and go on. For every climb there is a down hill, which is easy and will pay for your trouble.

Every obstacle in your plans is a hill in the road and you must do as the road did. You must climb the hill by conquering the trouble. If you would find that easy stretch on the other side. When you reach the top you can get a better view of the goal, and the higher the hill or the greater the obstacle, the better the view you can get from the top and the greater the down-hill stretch will be. Then, too, the higher you go the fewer there will be to clutter up the path, for more people refuse to climb than are willing to make the extra exertion. There is more room the higher you go. So climb the hill to get out of the crowd.—Boys' World.

### P. T. A. MEETING

Mattson Parent-Teachers Association meets next Tuesday, December 1, at 2:30 p. m. at the school building. An enjoyable program is being planned. All parents are cordially invited to attend this meeting. The members will please bring their dues.

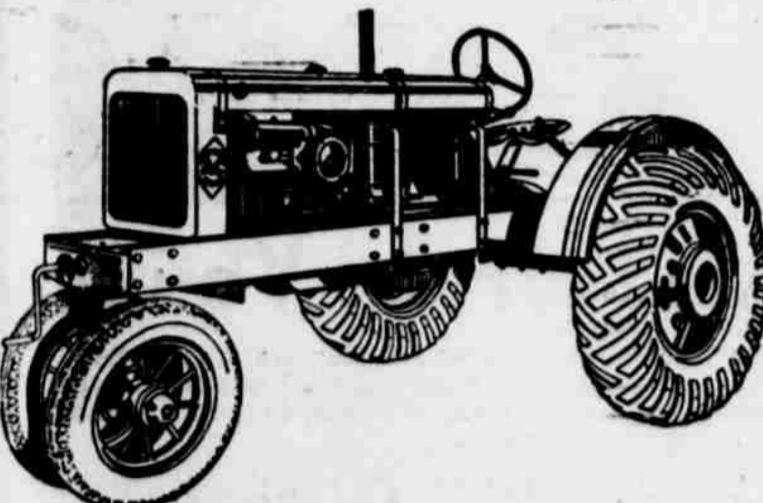

Parents, do not miss this meeting if you are interested in your child's welfare.

### MUSTANGS CORRAL

The Mattson Mustangs went to Weibert Friday night, Nov. 20, to play the Weibert Bulldogs.

The girls played the first game. It wasn't very interesting, because we were defeated by such a large score. However, our girls took it on the chin and they are determined to work harder than ever to make good players.

The boys game was a "grand slam". Both teams did their best from the beginning until the end. Each seemed determined to win the game.

The Mustangs made the first six points. This made the Bulldogs feel down hearted; and they began to lose out when suddenly one of their players made a goal. At this point their pep came back like a cyclone. The game was off with a bang. The Mustangs led the score up until about one minute before the final whistle blew. The score was 23 to 22 in the Mustangs' favor. Then someone on the Bulldogs team made a goal, making the score 23 to 24 in the Bulldogs' favor. This made the "fans" go wild; and one just appearing on the scene would have thought a fire had broken out in the building, but it was only the end of a very exciting ball game.

We are all proud of the Mustangs, and we wish to show them how much we appreciate them by this little "home".

"Mustangs We Love You" Mustangs, we love you with your bravery and pep; We will not do anything to ruin your rep. We will gather together at every ball game, To try and help you to build up more fame. We'll stick to you tight through heavy and light, So come on, Mustangs, and Fight, Fight, Fight!

**RECIPES FOR HOME ECONOMICS**

The boys who attended the class party Saturday night were given slips of paper and asked to write their favorite cornbread recipe. There were a number of excellent recipes given, but the judges decided upon two in particular. They were given as follows:

**Ingredients—**  
 4 cup meal  
 1 cup salt  
 1-2 cup soda  
 1-3 cup baking powder  
 1 cup sour milk  
 1 egg.  
 3 clean skillets.

Method—Mix all ingredients together, stir firmly but gently, put in three greased pans and cook until done. Serve when hot. Maybe you can eat it, and maybe you cannot.—Cook: Clyde Crume.

(The Home Ec. girls have decided they will use this recipe for all the cornbread they make this year as it sounds so good.)

The second prize was won by Elmer C. Watson Jr.

**Ingredients—**  
 2 cups cornmeal  
 1 egg  
 2 cups sweetmilk  
 2 teaspoons soda  
 2 teaspoons baking powder.  
 Mix together and cook in moderate oven until brown, or if desired serve raw.

The judges really had a difficult time deciding between these two recipes; but after much consideration, they decided on the first as the proportions in it were better than in the other!

**CLASS SOCIAL**

On Saturday night, November 21, the Senior, Junior and Sophomore classes with a few visitors had their first party at the home of Miss Lou Etta Stanford. The party began with a very exciting game. The guests would imitate movie stars in the pictures which were pinned on the back of individual's coats to see if he could guess who the star was. We enjoyed several games before we were called into the kitchen to pull taffy candy. Eva Couch and Gerald Atchison were awarded first prize for pulling the best candy. Mr. Watson and Nellie Kate won prizes also. We don't know whether it was for second best or for second worst. After eating all the candy we could eat, we enjoyed several more interesting games. All reported a very nice time.

**FUTURE HOMEMAKERS OF MATTSON MEET**

Monday, November 23, the Future Homemakers of Mattson met for the purpose of deciding when we would have our regular meetings. We will have them twice a month. We haven't decided what we will study yet.

We also decided to have a Christmas party. The president appointed committees to plan it. The exact date has not been set. We will have it in the Homemaking room.

**CAN YOU IMAGINE?**

LaVerne without curls all over her head.  
 Bud without some kind of make-up on.  
 Ora Mae with curly hair.  
 John B. going with one certain girl all of the time.  
 Alice with anyone but Bob.  
 Lou Etta not acting silly.  
 Ruth not laughing.  
 John Alec not saying something smart.  
 Clyde being serious.  
 Doris with black hair.  
 Someone not going to the store every day.  
 Brantley studying in the study hall.  
 John Melvin not trying to act cute.  
 Henry speaking Spanish fluently.  
 Juanita not taking most everything seriously.

**HOSS LAUGHS**

Lou Etta—Professor, do you think I'll ever be able to do anything with my voice?  
 The Expert—Well, it might come in handy in case of a shipwreck.

We just read in the paper about so many men getting kidnapped. Well, I know just how they feel, for yesterday I went to the library and got "Kidnapped" by Robert Louis Stevenson.

John Alex Mayfield saw a plumed parrot on the roof of his cottage. He climbed up to capture it. The parrot looked at him

**Roberts**

Mr. and Mrs. Griffin Lane, who have been living at Levelland, Texas the past two months, have moved back to our community. We are glad to have them back with us.

Bobbie Louis Haynes of Mattson spent Thursday night with Freida and Wanda Mapes.

Mr. and Mrs. Clarence Lewellen left Saturday for Savannah, Mo., where Clarence will take treatments.

Mr. and Mrs. Elmer Wheatley and Genetha visited Mr. and Mrs. John Wheatley of Haskell Thursday night.

Mrs. Vernon Buckley visited Mattson school Friday afternoon.

Roberts was well represented at Mattson Sunday night. We had a fine singing.

Mrs. T. C. Cobb and Mrs. Vernon Buckley were shopping in Haskell Wednesday.

Mrs. Vernon Buckley surprised her brother, Grover Conner, better known as "Jelly" with a birthday party Thursday night. After several games of "42" were played cake and hot chocolate were served to the following: Mr. and Mrs. Jim Stanford and Lou Etta, Mr. and Mrs. Elbert Mapes and children, Frieda, Wanda and Bob, Mr. and Mrs. Floyd McGuire and children, Junior and Billy Rose, Mr. and Mrs. Leonard Force and Perry, Joy Cobb, Jack Chapman, John Freeland, Juanita Mapes, Bob Freeland, Alice Atchison, Gerald Atchison, Nellie Kate Derr, Bud Mapes, Bobbie Louis Haynes, John Melvin McGuire, Clyde Crume, John Elic Mayfield, and Mr. and Mrs. Vernon Buckley and children.

Gene, Joe Mack and Sue Watson of Mattson, visited Bob and Wanda Mapes Saturday night.

Richard Lee Buckley spent Sunday with Charles King of Mattson.

Vernon Buckley and G. F. Moore took dinner with Mr. and Mrs. Adolph Nussbaum of Haskell Thursday.

Mr. and Mrs. Ray Lancaster of Powell, spent Sunday with Mr. and Mrs. T. C. Cobb.

Mr. and Mrs. Albert Arend of near Mattson visited Mr. and Mrs. W. L. Johnson over the week-end. Sunday school at 10:30. Everyone come and bring some one with you.

Mr. and Mrs. Hallie Chapman of Haskell were in our midst Sunday.

**Returns From Sanitarium**

Mrs. Ollie Lees, who has been undergoing treatment in the Stamford Sanitarium for several days, was returned to her home Tuesday in an ambulance from Jones, Cox & Company. Mrs. Lees was reported much improved in health.

T. P. Hughes and Roy Ratliff made a business trip to San Angelo Sunday.

Mr. and Mrs. Clarence Lewellen left Saturday for Savannah, Mo., where Mr. Lewellen went for observation.

and said sharply, "What do you want?"  
 John Alex (touching his cap), "Beg your pardon, sir. I thought you were a bird."

"To be a teacher  
 Miss Perrin thought her calling, But she only heard  
 An old cow bawling."

Mrs. Watson (cooing)—Darling, I've just read that a man out West exchanged his wife for a horse. Isn't that simply awful? You wouldn't exchange me for a horse, would you, darling?  
 Mr. Watson (dutifully)—Never (Then thinking) But I'd hate to have anyone tempt me with a good car.

Bud Mapes—What is the tactful way for a girl's father to let her boy friend know it's time to leave?  
 Bob—He may casually pass through the room with a box of breakfast food.

John Freeland has applied to a circus for a job telling jokes to a laughing hyena.

**DIGNIFIED SERVICE**

Proper care of a departed friend or relative cannot be confided to a funeral director whose equipment or personnel are not up to the most modern requirements. We invite inquiries about our services, our staff or our facilities. They will be found up-to-date, designed to meet highest standards of dignified burial.

Sacrifice for cash, or will sell equipment and rent farm to good responsible farmer. No trades. J. G. Mulkey. 1tp.

### Rats Are Economic And Health Problem

That rats not only destroy property, but carry disease germs, is a well known fact. Prompt and effective measures by the United States Public Health Service for killing and rat proofing buildings have saved this country from serious epidemics, such as occurred in the Old World in past generations.

"It has been estimated that in the United States, rats and mice each year destroy crops and other property valued at over \$200,000,000," Dr. John W. Brown, State Health Officer, said, "and even this large amount of money seems small compared to the human misery and loss of life which these small pests may cause."

"If rats are in your home or business house, kill them as soon as possible. Because rats increase so rapidly it is useless to expect more than temporary relief from campaigns of riddance restricted to killing only. To be of lasting benefit the work of building rats out of their shelters and away from their food supply must go along with that of trapping, poisoning, and other means of eradication.

"Rats eat every known food, both animal and vegetable. The removal of garbage, rubbish, trash, and similar material is of importance in rat control as it affords shelter as well as food.

"In recent years the use of red squill as an effective rat poison has placed in our hands a most effective weapon. In case human beings or domestic animals should eat the bait containing red squill they would vomit and rid themselves of the poison, but it seems that rats cannot vomit and they die of a progressive paralysis which kills in from one to four days, thereby giving them time to take to the open, as they commonly will.

"A thorough and systematic campaign to rid your neighborhood and community of rats will not only save money but will preserve your health and that of your family.

**Soil Conservation Project**

The projects now operating in 26 counties employ 104 youths. The additional projects, involving more intensive work in 23 other counties, will employ 414 more youths.

Youths employed by the National Youth Administration are working on two other types of soil conservation projects. The Texas Highway Department is sponsor for soil erosion prevention work on rights of way in 50 counties, and the United States Soil Conservation Service is sponsor for another project for construction of terraces. These two types of projects have employed approximately 700 youths on soil conservation work.

**CARD OF THANKS**

We wish to thank our many friends for the kindness shown us during the brief illness and death of our loved one. We especially appreciate the beautiful floral offerings.

Mrs. J. W. Gholson, and Misses Elsie and Marjorie Gholson and Frankie Dorris Bledsoe attended a girl's football game in Anson Wednesday.

**Fashion Frocks**

If its an up to date Fashion Frock you want, come to the U-Neat Beauty Service each Friday afternoon beginning Friday, Nov. 20th and Mrs. M. D. Ross will be glad to take your order.

### TIME FOR THANKSGIVING

Most of the people of the United States approach Thanksgiving Day with the realization that, once again, they are enjoying an improved material prosperity. While conscious of many shortcomings in the field of economics, they know that this year is a tremendous gain when compared to a few years ago.

Thanksgiving Day, in its origin, was designed as a special occasion for devout individuals to return grateful blessings. It has been recognized by the Federal and State governments and generally observed by the people of this country for many years.

We feel sure that thousands of residents of this county will be glad to enter into the spirit of thanksgiving and that, in their hearts, they feel devoutly thankful for the blessings which have been showered upon them. It may appear, very often, that this spirit of appreciation is not evidenced in public observances, but, none the less, it is genuine.

Where possible, we hope that our people will take part in special services of thanksgiving this week. It is undoubtedly appropriate for men and women to gather together to express collectively a common feeling and special services of thanksgiving afford us an opportunity to participate in such an expression with our friends and neighbors.

### JAPAN MOVING AGAIN

The Mongol attack upon Suiyuan Province indicates that Japanese and Chinese are not near an understanding.

Having succeeded in wresting Manchukuo from China, the Japanese military regime now seeks to continue its march westward and to create another buffer state between China and Russia. News from China indicates a determination to resist this effort which the Chinese recognize as a Japanese attempt to further weaken China.

It is interesting to observe that Major-General Gun Hashimoto, Japanese Chief of Staff in North China, admits his country's sympathy with the Mongol enterprise and in establishing a barrier between China and Russia. The fight in Suiyuan, he says, is entirely China's business, but if it endangers Manchukuo's borders, "We would necessarily have to go in and kick the Chinese out."

In the meantime, negotiations between Japan and China make little progress toward the settlement of questions and it is freely predicted that the Chinese will ultimately reject the more stringent demands of Tokyo. This will precipitate something of a crisis because Japan is not expected to back down.

For some time there has been an idea that if Japan becomes involved in a struggle with China, Soviet Russia will give the Chinese assistance. This may be true but, on the other hand, word from the Far East is that Tokyo and Berlin have entered into an agreement to put up a joint front against Communism. Inasmuch as Hitler has repeatedly indicated a desire to obtain part of Russian territory and Japan's territorial intentions in China have been plain for some time, it is easy to understand what their anti-Communism agreement means.

### INTERNATIONAL PARK ON THE RIO GRANDE

In the next few years nature lovers will be able to enjoy a national park on the border line between the United States and Mexico, where the Rio Grande cuts its way through mountains of limestone.

Big Bend National Park, approved last year, will contain 1,500,000 acres, provided by the state of Texas and a Mexican area, administered by the Mexican Government, which adjoins and continues the American park, will include 722,000 acres in the States of Chihuahua and Coahuila.

The area is said to be one of the few sections of the country unchanged by progress and is the last great wilderness of the Southwest. The Rio Grande roars through high canyons of limestone, some of the cliffs rising more than two thousand feet above the river. Mount Emory, tallest peak of the Chisos Mountain range, towers 7,835 feet.

In the beginning, the park area is expected to comprise 788,000 acres in Texas and 400,000 acres in Mexico, but when completed, in the next few years, will total 2,222,000 acres and constitute the largest park site on the continent. Yellowstone National Park, now the largest, has 2,200,240 acres.

### REGULAR ARMY RESERVES

Because World War veterans are reaching an age which precludes active military service, General Malin Craig, the Army's Chief of Staff, recommends the establishment of a large new reserve of fighting men, available in time of emergency.

General Craig points out that the regular Army is merely the nucleus of a war-time establishment which must be created in the event of a major conflict. However, it must keep alive a knowledge of the military art and the progressive development in tactics and weapons, provide the defensive garrisons for our outposts in the insular possessions and the Panama Canal and "should be capable in war of throwing up a protective wall under cover of which our citizen forces can be mobilized."

The War Department, he discloses, has plans for an enlisted reserve, ultimately to create a trained civilian army of 150,000 men. The soldiers would enlist in the regular army for five years, three in active service and two in reserve. During this latter period, they would be available instantly, upon call.

The American military force is described by General Craig as one designed solely for defense and unsuitable for aggression. Foreign armies, he says, are ready for instant use within or without the borders of the country, but in the United States there exists an unfinished and an unassembled machine, some of whose parts are not in existence.

We have given above a summary of General Craig's suggestion to establish a reserve, contained in his annual report for the fiscal year ending in June. We do so in order that readers may understand the ideas of the military staff in undertaking the planning of a proper defense for the United States. This, we think, is important because of a growing belief in some minds that the United States spends entirely too much money on a small army. Quite frankly, we have not made a study of the question but it is generally admitted that the total money spent in this country is not the basis of comparison with other countries where there is nothing like the same cost per man.

## CURRENT COMMENT

### "SHOWING OFF"

(Abilene Morning News)

The story of the 18-year-old Detroit youth who told his companions he could drink a pint of whiskey without pausing for breath, gulped down the liquor in 10 minutes and died, carrying a warning for us all.

To show off, to try to outdo others, is a trait that doubtless has brought fame to many people. But it often can result in just such a tragedy as that which befell the Detroit youth.

We are "showing off," for instance, when we drive recklessly. Some of us like to boast of having been on a 24-hour binge, or of having gone without sleep for so many hours.

Others, fat, 40, and with a none too hale "ticker," like to take stairsteps three at a time to impress themselves or others.

It is all very well to demonstrate prowess, but be sure the cost may not be too great.

## VIEWS AND REVIEWS

**George Bernard Shaw, British Playwright:** "I was not offered the Order of Merit because the Government knew I had already conferred it on myself."

**Anthony Eden, British Foreign Minister:** "Friendship cannot be exclusive; it cannot be directed against anyone else."

**J. Edgar Hoover, director, Federal Bureau of Investigation:** "Crime detection is becoming more and more a matter of brains over brawn."

**Carl David Anderson, winner, Nobel Award in Physics:** "In my younger school days my ambition was to become a track star—a high jumper."

**James Shelby Thomas, president, Clarkson College of Technology:** "The machine has in every respect been a fairly godmother to the toiler."

**Charles F. Kettering, industrial engineer:** "Some failures are thresholds to success—be careful about throwing them away."

**Charles H. Vontagen, secretary, Pennsylvania Grocers:** "A housewife won't walk out of an up-to-date kitchen and buy groceries in a pine board store room."

**J. Duncan Spaeth, president, University of Kansas City:** "I sometimes believe incorrect spelling is a sign of intelligence."

**Henry A. Wallace, Secretary of Agriculture:** "I find that aroused farmers are worth more than all the braintrusters in getting something done."

**Leonard P. Ayers, financier and writer:** "The people now look to the Government as being able to solve their problems and they intend to insist that it shall solve them."

**William Green, president, A. F. of L.:** "Funds for social security should not come from wage earners' envelopes, directly or indirectly, but from a general tax on the wealth they help to create."

**Francis E. Townsend, pension plan advocate:** "I am not very happy about the election results. I thought it would be closer."

## WISE AND OTHERWISE

**What Is News?**  
Song writers have discovered that love is the source of a lot of popular music. What, again, is the definition of news?—Fort Worth Star-Telegram.

**Warning**  
Both Britain and the United States want larger air forces. But it's a good time for both of them to keep their feet on the ground.—Charleston (W. Va.) Mail.

**It's a Gamble**  
Peterboro has dug up a 1914 by-law prohibiting gambling in a laundry, although most of its inhabitants must risk their shirts there.—Toronto Star.

**Might've Been**  
North Carolina has 80 new lawyers. But it might have been worse—165 took the examination.—Fayetteville (N. C.) Observer.

**Olives**  
War in Spain is doubling the wholesale cost of olives. This will remind people who never cared for olives that they might like them at the advanced price.—Toledo Blade.

**Sounds Suspicious**  
The conductor of a widely known English dance band announces that he is leaving for Hollywood shortly to act as a "confidential composer." Can this mean that some of those diaries are going to be set to music?—Punch, London.

**Gob Humor**  
There are three stages in a man's matrimonial eligibility: (1) Whom shall I take? (2) Whom shall I get? (3) Whom shall I have?—U. S. S. Pennsylvania Keystone.

**Vehicles**  
The Board of Selectmen of Amherst, Mass., has ruled that persons on roller skates are vehicles. Now if only they can be made to put on headlights and signal their turns!—New Haven Journal-Courier.

## SNAP SHOTS

Many a toy is presented to a son by a father who also wants to play with it.

The man who didn't like summer weather will soon have plenty of winter.

Mussolini, in case it means anything, is talking of peace in terms of bayonets.

Advice is so prevalent that most people refuse to believe it is worth anything.

Few selfish men think that they are selfish—they usually call themselves practical.

Business system is good and it doesn't mean saving everything that comes into your office.

Well, at least, there will be no national election until November, 1938, and that, believe us, is something.

Why is it that the average school boy, or girl, gets so sleepy when it is time to get up and go to school?

Not every girl who smiles all the time in public has a good temper at home when the dishes need washing.

## Haskell County . . . . . History

[As Revealed by the Files of the Free Press 20, 30 and 40 years ago.]

**Twenty Years Ago—1916**  
District Court will meet here Monday at which time the Grand Jury will be impaneled and set to work. Petit Jurors have been summoned for Wednesday.

C. G. Barnett, manager of the O'Brien Milling Company, a farmers cooperative concern, informs us that the flour mill is running night and day, and that they were ten days behind with orders.

The County Road Gang has been established only a little over one year and they have graded and put in good shape over 200 miles of road, including many bad places. The two road gangs have been consolidated and all county teams will be worked by convict labor in the future with Ira Blair as road boss and W. Jarvis as convict guard.

The Livestock Sanitary Commission at Austin has informed County Judge Smith that Haskell and Knox counties, which had been placed under quarantine since February 24, 1916 on account of hog cholera infection were released November 13th.

Miss Mammie Odell returned Tuesday morning from Waco, where she had been visiting her friend, Miss Eupha Todd, formerly of this city.

Mart Gentry, manager for the Reynolds Land and Cattle Co., of Haskell and Throckmorton counties, was in the city Saturday shaking hands with old friends. He is one of the oldest cattlemen in the county.

J. F. McClintock of Paint Creek sold to the Courtney Broom Factory of Haskell last Thursday three bales of broom corn weighing 1,000 pounds for \$125.00 per ton. Mr. McClintock only had a few acres in broom corn this year, but his yield was fairly good.

**Thirty Years Ago—1906**  
Mr. Arnold Raber of Grand Falls, Ill., was here this week on a visit to the family of his son-in-law.

Mr. S. J. Guthrie of Lavaca county, who purchased the W. M. Loe survey of land a few miles east of town, has moved up with his family.

We mentioned the fact last week that cotton was coming to the Haskell market from Throckmorton county. Another string of wagons came in from there the last of the week with sixty or seventy bales. Heretofore the Throckmorton cotton has been going to Albany and Seymour for sale and shipment and the fact that it is now turning to Haskell indicates that the farmers are finding a better market here for their cotton as well as for the merchandise they buy than the other places afford.

Mrs. J. W. Meadors returned Sunday from a visit of several weeks with her sister, Mrs. W. B. Anthony at Austin. She also visited Miss Lizzie and Chess Mason at San Antonio while away.

Mr. H. E. Monke of Weinert was in Haskell Wednesday. He informed us that his father, who resides in Montgomery county, Ill., will arrive in a few days with a party of prospectors.

Mr. T. L. Montgomery, president of the Farmers' National Bank, who spent the summer with his son in Chicago, returned Saturday and will spend the winter here.

Mr. B. F. Moore of Bell county, who purchased land some time ago about four miles east of town and has had a good residence and other improvements erected on it, moved up with his family this week and is now at home in Haskell county.

The fall term of district court convened Monday with Judge H. R. Jones presiding and district attorney C. C. Higgs, district clerk J. W. Meadors and Sheriff M. E. Park in attendance. The following grand jury was sworn in and charged for the term: C. D. Long, J. B. Ashburn, G. B. Asten, R. E. Ellis, John Mansell, G. W. Barker, T. G. Jack, G. H. Cobb, J. H. Cook, W. J. Medford, A. C. Lewellen and J. L. Odell.

**Forty Years Ago—1896**  
The fall term of our District Court convened on Monday with Judge H. J. Hammer on the bench and with District Attorney Steele, Clerk G. R. Couch and Sheriff W. B. Anthony in attendance. The following gentlemen were duly sworn in as the Grand Jury for the term: R. E. Sherrill, foreman; J. S. Williams, C. P. Killough, S. E. Carothers, D. G. Hisey, Wm. Ward, H. F. Eddington, J. A. Fisher, Frank Ross, J. A. Price, Abe Greer and W. F. Park.

From the Mineral Wells Graphic it is rumored that the W. M. W. & N. W. railroad is preparing to extend its line within the near future. There is an open field for a railroad to the north and northwest of Mineral Wells, and a railroad would hasten a rapid development of mining and farming industries.

Dr. Simmons of the Lindel Hotel gave a fine dinner to a number of invited guests Thursday.

The coldest norther of the season swooped down upon us Thursday night.

Miss Fannie Hudson accompanied by Mr. John Robertson went down to Abilene Wednesday to pay a Thanksgiving visit to her sister, Miss Eulah, who is attending Simmons College there.

Messrs. R. B. Fields, Abel Jones and W. T. McDaniel left Tuesday with a bunch of mules which they will take to Kaufman.

There has been more activity and trading going on among our cattlemen during the past week than for some time. We have heard of the following transactions: Messrs. J. W. Bailey, M. S. Shook and Wat Fitzgerald sold about 200 steers to Watkins & Byrd of Knox county, to be delivered on the Wichita. Top price said to have been \$24. Albert English sold 75 steers, 3's and 4's, to John Owens at \$20. T. J. Lemmon for Lemmon & Cameron bought 125 steers in Stonewall county and are now bringing them over. J. W. Middleton is said to have cleared about \$400 on a cattle deal last week. W. T. Hudson and John Owens left Wednesday with about 200 beef steers and cows for shipment from Seymour to St. Louis.

## Sunday School Lesson

International Sunday School Lesson for November 29, 1936. (Lesson Text: Philemon 4-20).

Golden Text: "There can be neither bond nor free—for ye all are one man in Christ Jesus." Galatians 3:28.

The Epistle to Philemon contains of only one chapter. It is nothing more or less than a personal letter from Paul to his friend in Colossae. It was written while Paul was in prison, as the context shows, therefore, had to be written either from Caesarea or Rome, the two places in which Paul was a prisoner. The weight of opinion however, is that it was from Rome.

The occasion of the letter was the conversion by Paul of Onesimus, a runaway slave, who had formerly belonged to Philemon. By happy coincidence it chanced that Paul knew Philemon, as shown by his letter, for Philemon was a leader of the church in his city, apparently a man of some means, for Christians had been accustomed to gather at his home. Because of his personal contact with the owner of this slave, Paul was able to handle his case in a very satisfactory manner.

Paul's method of handling this situation is worth careful study by those who would reform evil custom today. While slavery was not to be desired, yet it was the law and in accord with the social custom of the time Paul does not waste his time in an attack upon this social institution, but influences Onesimus to recognize the obligation he was unto Philemon. In understanding the circumstances we should not overlook the fact that in that day slaves were often prisoners captured in war and sometimes men of considerable talent and ability.

So, Paul encouraged Onesimus to fulfill his obligation to his owner and to preserve his own conscience by abandoning the life of a fugitive from justice and returning in trust that his voluntary action would inspire magnanimity upon the part of his owner. Paul appeals to Philemon to respond to the altered attitude of his slave, basing his demand upon the bond of love which should unite every Christian. He asked Philemon to receive Onesimus as if he were Paul himself and to give the joy which would come from such an example of Christian love and fellowship.

Paul took time to concern himself with the personal affairs of this one slave with whom he came in contact, thus testifying to the eternal value of individual. Jesus did the same during his life, and his contact with Nicodemus, the Samaritan woman at the well, and other individuals, show that no pressure of public business or event was so vital that the great teacher could not concern himself with the eternal welfare of an individual soul. A realization of the value of individual personality promoted by the Christian religion has been the basis for the gradual emancipation of men.

Paul's approach to his problems points the way for us in this modern day to handle similar matters. He is confident of the love and esteem which Philemon has for him, and he assures him of the mutual regard. He explains to Philemon the attachment which he now feels for his convert, and upon this basis asked that the Onesimus be cordially received. As it appears that the slaves may have taken some of Philemon's property, Paul promises himself to repay, and in so doing delicately reminds Philemon of the debt which he is under Paul. Paul writes to his friend with confidence that his friend will respond to the high motive upon which the appeal is based.

## DON'T GET "OFF" THE AUTOMOBILE

The automobile is here to stay—and I'm glad of it.

There isn't a greater crank in the world than I am on the subject of careful driving, but, at the same time, there isn't a greater friend of the automobile.

The automobile puts zest into modern life. It gives the city dweller the country and it gives the country dweller the city. I thoroughly enjoy a long motor trip. And I don't need to defend the motor car as a pure transportation device for transaction of business and movements of merchandise.

Automobiles are way ahead of most of the people who drive them. The mounting toll of automobile

killings and injuries leads some folks to say that "something will have to be done about automobiles."

I say that something will have to be done about people. Statistics gathered by The Travelers Insurance Company show that in a relatively small percentage of accidents is it the car's fault. A car is not to blame if its owner has neglected its brakes, lamps or tires—or if he drives like a wild Indian on a rampage. A car is not to blame if its owner abuses the power it gives him, regards it as a toy instead of a fine transportation instrument, or gets drunk on speed instead of practicing caution and discretion and moderation when he takes the wheel.

**GILLIAM FOURSQUARE CHURCH**

SARAH ANN'S COOKING CLASS

Why not make this Thanksgiving a notable one in the minds of your family and friends. Be sure to make definite plans, the running of the Thanksgiving dinner depends on careful planning, thus relieving the strain of last minute details. Here are some recipes that will assist the hostess during the stay of her guests.

Cranberry Jelly
4 cups cranberries
1 cup water
2 cups sugar
Wash cranberries, add water, cook until tender, about fifteen minutes. Remove from fire and strain through a colander. Add sugar and boil about five minutes until jelly. Fill molds and set aside to cool.

Cranberry Ice
4 cups cranberries
2 cups water
2 cups sugar
1-2 cup lemon juice
1-2 teaspoon vanilla
Cook cranberries in the water until they are soft; run through a fine sieve. Add sugar and stir until dissolved, add lemon juice and vanilla. Mix well. When cold pour into tray and freeze. Stir frequently. Serve with the meat course of a dinner.

Eggs and Asparagus Au Gratin
5 hard boiled eggs
2 tablespoons butter
2 tablespoons flour
1-2 teaspoon salt
1-2 teaspoon celery salt
1-1-3 cups milk
1-2 cup breadcrumbs
Asparagus tips
1-2 cup grated cheese
Slice eggs. Make a cream sauce by melting butter, stirring in flour, salt and celery salt. Add

PTA To Favor Student's In a Special Meeting

The next regular meeting of the high school P. T. A. will be held in the Christian Church auditorium on the night of December 3. The P. T. A. has designated the occasion as "Student Appreciation Night," and will give recognition of the various social, athletic and class activities, and the work that they do. It will be the student's opportunity to display the effectiveness of our various organizations, and their relationship to our school work. Let's plan to be present and urge our parents to attend. It will be a gathering that all will enjoy.

For Bad Feeling Due to Constipation

Get rid of constipation by taking Black-Draught as soon as you notice that bowel activity has slowed up or you begin to feel sluggish. Thousands prefer Black-Draught for the refreshing relief it has brought them. Mrs. Ray Mullins, of Lida, Ark., writes: "My husband and I both take Theodore's Black-Draught and find it splendid for constipation, biliousness, and the disagreeable, aching, tired feeling that comes from this condition." With reference to Druggist Black-Draught, which this mother gives her children, she says: "They like the taste and it gave such good results."

THE OLIVER ROW-CROP "70"

Finger-Tip Control—For An Easier—Quicker Job

Sit in the comfortable new spring-and-hammock seat of the new Row Crop "70"—and every control is right at your finger tips. You have automotive type steering and gear shifting! "Steering-braking" assures short turns. The brakes also operate from the heel, for quick action and powerful leverage. Fully enclosed and streamlined, the "70" is as easy to handle as an automobile.

You'll want to come in and see this new 6-cylinder tractor at once. There are two "70's"—one designed to get greater economy out of regular gasoline—and the other especially built for kerosene or distillate. Both have great power with light weight. Both are smooth and easy-running—with greater speed. You'll get the work done quicker—with more spare time for other things. See the "70's"—with a complete line of mounted listing, busting, planting and cultivating equipment.

High Heroism of Marines Marks 161 Years of Service to Nation

(By Richard Carrington)
Winning the gratitude of their country in scores of campaigns and wars, the United States Marines will pause on November 10, to celebrate their 161st birthday. Without pomp or pageantry, commanding officers read a traditional birthday greeting to their respective commands, and the marines then resumed their duties for the day.

Since November 10, 1775, long before the nation had taken definite shape, these stalwart nephews of Uncle Sam have marched down the years to perform heroically their duty to the nation. While reviewing their 161 years of service to the Colonies and the States, the development and progress of the nation passes by in a kaleidoscopic review of historical facts.

When the first flames of the Revolution began to sear their way along the Atlantic Seaboard, the newly-convened Continental Congress authorized the organization of two battalions of marines to assist the struggling colonies in their fight for freedom.

Instead of becoming affiliated with the Continental Army, however, the marines first were destined to serve with the Navy. It happened like this: Practically all the ammunition in the Colonies was held by the British, leaving General Washington precious little with which to wage a war. Realizing his predicament, the Father of our Country sent out a hurried call to Congress.

Congress responded by calling in Esek Hopkins, first commanding officer of the new Colonial Navy, and Samuel Nicholas, captain of the Marines. Between them these two officers laid elaborate plans... an epochal project in the history of the new nation.

Using information gathered from seafaring men and friends of the "Cause," these two bale leaders learned that enemy ships were raising havoc along the coast of Virginia. It was also learned that the British held a large supply of ammunition and powder on New Providence Island, in the Bahamas. Failing to find any enemy frigates, it was toward this British stronghold that the Colonial Navy sailed early in 1776, with the marines aboard as a cooperative land force. Here then is the beginning of the combined operations of the Navy and Marine Corps, which have since developed into one of America's prime defensive factors.

Due to adverse weather conditions which piled the decks of the small American fleet high with green water, and compelled two vessels to turn back, the squadron did not reach New Providence until March of that year. Quickly effecting a landing with two borrowed sloops, Captain Nicholas led his force of marines and sailors up the narrow sandy beach toward Fort Montague, a bleak promontory some distance from Nassau, the principal city on the island.

Hutto News

The farmers of the community are about through harvesting their crops. Mr. L. B. Bingham and family were called to the bedside of his brother who underwent an operation at the Baylor County Hospital. They returned home Sunday and reported he stood the operation good. Mr. and Mrs. Jewell Day are the proud parents of a big son born November 12, 1936. Mrs. Maggie Lefis visited Mrs. L. P. Lackey of Knox City last Sunday. Mrs. G. W. Carter and Mrs. R. J. Reynolds visited Mrs. Jewell Day Tuesday afternoon. The Hutto 4-H club girls met Friday 13th. They had Miss Peggy Taylor, H. D. agent of Haskell with them. They will meet again November 27th. Mrs. Lucy Day visited Mrs. G. D. McCarty of Knox City Saturday afternoon. Mrs. R. W. Howell visited her daughter Mrs. G. C. Jordan of the Mitchell community last Sunday. Mr. and Mrs. J. A. Rutledge and son Bryan of Ontario, California have been visiting friends and relatives in the community. Mrs. Rutledge and Bryan returned home but Mr. Rutledge will stay until about January 1st to dispose of some property. Mr. Buster Hodges and Mrs. Clara Lusk were married last week.

sons of battle to the present generation, marines have earned gloriously the right to the motto, Semper Fidelis, which means "Always faithful." When the odds have been tremendously against them they have kept the faith of those liberty-loving sons of the Revolution, who first inscribed their names on the pages of national history. There is little need to recount the battles in which the leather-necks participated, or recall their pursuit of peace in many hot-beds of revolution. It is far easier to remember that there never has been a fight in which this country has participated, that the marines did not fling the red badge of courage straight into the face of the enemy.

High heroism has marked their 161 years of service to the United States. Long may they march under the starry flag! Everybody is planning a good Thanksgiving. Only three days to get ready for it. The church is going to gather for a program to be held at the Baptist church Wednesday night.

Rochester

Everybody is planning a good Thanksgiving. Only three days to get ready for it. The church is going to gather for a program to be held at the Baptist church Wednesday night. Today, Monday, is a cold misty day. Almost made us take a bad case of blues when we awoke to find it so. The past two weeks were so pretty for gathering crops if we could have gotten one more good week over for this year. We hope the misty weather doesn't last too long and we have nice weather for our Thanksgiving program. We do have plenty to be thankful for this time. Just to know we are still out of war is a joy we can hardly control. Mr. Jim Dodd of Sheridan, Wy-

oming and his sister, Mrs. Mary Cherry of Childress, Texas, visited in the home of Mr. and Mrs. Mark Wadzeck Sunday. Mrs. Hazel Earnest of Rule, was also a visitor in the same home. Clifton Brown and Mr. T. F. Leo of Levelland and their family spent Saturday with their parents Mr. and Mrs. Doron Brown. They were on their way to the Dallas Centennial. They left Sunday accompanied by their mother, Mrs. Brown. They expect to return home Wednesday.

G. F. Mullino of Haskell, and wife visited their children and families Saturday. Mrs. Bill Taylor and Mr. Taylor and Felix Mullino and family. These good people who were our neighbors not long ago have many friends here who are always glad to see them. We love to say and want them to know we still miss them from our community. Granville Gaunt and his brother Charles are attending the Dallas Centennial this week. Mr. Joe Bell and family of New Mexico spent the week-end with his brothers Albert and Mack Bell and their families, who are recuperating slowly from being in a car wreck near Dallas two weeks ago. Mrs. Bell was brought home last Friday from a hospital in Dallas. Their friends wish for them their natural selves again. It looks impossible now but of late years doctors can surprise us. They can almost perform miracles along this line.

Born to Mr. and Mrs. Lee Holden last week Nov. 16th a baby boy weighing 9 1-2 pounds. Mother and little son are getting along nicely. Mrs. Nathan McGuire of San Angelo and Mrs. Ferd Ward of Dallas spent a few days here last week with their parents, Mr. and Mrs. J. A. Greer. Mr. Crawford Allen, ex-sheriff of Haskell County, spent a few days here last week and at Jud, his old home, with relatives and friends. Mr. Dan Worley and Mrs. Rhoda Epley were quietly married at Jud a few days ago. Their many friends are congratulating them. I learned this little speech in 1924 while in Los Angeles, Calif. It may be of help to some child: Stop, look and listen, before you cross the street, use your eyes, use your ears and then use your feet. Before they dismiss the grade pupils, the teachers should have their pupils repeat these words, donated by Mrs. "Bullie" Fields.

It is economical and socially correct to give your photograph. Reproductions made from old pictures. We finish Border Kodak prints. 24 hour service. Walton's Studio, Haskell. Mrs. W. E. ### "Cowboy's Ball" To Be Re-enacted At Anson Dec. 3-5

To the accompaniment of the staccato stomp of Cowboy boots and the swirl of ladies gowns the "old bass viol, imported by stage from Abilene," as it was in the days of the ball which inspired Larry Chittenden to write the "Cowboy's Christmas Ball" will be held, revived by old timers, in Anson on Thursday, Friday and Saturday nights, December 3, 4 and 5.

On Friday there will also be a chuck wagon dinner at the ball park, followed by a parade of old time conveyances at 2 p. m. This parade will include covered wagons, chuck wagons, buggies and etc., of a by-gone era. Several bands have also been extended invitations to be here that afternoon for a band concert.

The floor managers for the ball will include Charlie Coombs of Stamford on Friday night, Pete Thornton of Anson on Thursday night and Jinks McGree of Abilene on the last night.

An invitation is extended to nearby communities and towns to name a "belle" and her escort. They will be admitted free on Friday night and introduced over a loud speaker equipment. A special dance is to be arranged for them also.

Hostesses for the three nights are Miss Lenora Barrett, Miss Hybernia Grace and Mrs. Gilbert Smith and Mrs. J. L. Gordon.

Tentative plans call for the broadcasting of the ball over station KRBC, according to Max Bentley, editor of the Abilene Reporter.

One of the largest crowds ever to throng Anson was here this spring to attend the ball as a part of Anson's Centennial celebrations. The east side of the square was roped off and given over to the ball. The ball in December will be held in the high school gymnasium.

Mrs. B. Cox Able To Leave Hospital After Pneumonia Illness

Mrs. B. Cox, who was carried to the Knox County Hospital last week, critically ill with pneumonia, had recovered sufficiently Tuesday to be removed to her home here in a Jones, Cox & Co. ambulance. Mrs. Cox, a pioneer resident, is rapidly recovering from her illness.

Mr. and Mrs. G. O. Cozart of Graham were in Haskell today.

**SORE THROAT—TONSILLITIS!** Instantly relieved by Anthesia-Mop, the wonderful new sore-throat remedy. A real mop that relieves pain and checks infection. Prompt relief guaranteed or money refunded by Payne Drug Co.

Deer hunters are a touchy group, we've learned. Most of them spend eleven and a half months in figurative contemplation of last year's mistakes to account for the fact that they didn't bring back a trophy—and in the meantime mix in a lot of day-dreams about next year's hunt.

They're hard to deal with—not because each individual is contrary, or anything of the sort—but you know, they have their own ideas about this hunting business.

"Now, fellows, everybody get his limit" that's the old fighting spirit when they make camp. Next day some of the boys are sleepy, just plumb tired out from the long trip, and its up to his comrades to uphold his reputation.

Take Charlie Reese for instance. One of the best automobile mechanics we ever knew, but as a deer hunter Charlie missed most of the primary classes, and then was tardy a lot of times.

Some of the hunters who came back early last week reported—just as a joke—that Charlie killed a deer. We heard about it, and knowing all the boys, Buford, Charlie, Paul, etc., we fell for the story and therefore Charlie was publicly credited with the kill through these columns.

But Paul killed THAT deer. Paul Zahn would convince anyone. He just looked at the reporter and we KNEW he killed the deer no matter what Charlie says.

Charlie in fact, does not have the appearance of a hunter (of deer) but Paul does. Paul has that grim expression of something-or-other that conveys the fact that, like the Mounties "he gets his quarry."

It's all plain now. Why'n't they pick Buford or some other sucker, as the adept marksman? He'd never been deer hunting before, and it wouldn't stand up, eh? That's what we figure. The gang probably thought they'd all get their limit and put Charlie back to circumspect the game laws. But more than likely after they'd emptied all the jars they started chivving on the ammunition and couldn't tell a ground squirrel from a moose.

Then they decided to make the reporter the victim, and let Charlie kill Paul's deer.

We've been thirsty, too, and thought up better ideas.

In fact, we don't know whether Charlie and Buford went deer hunting this season or not—but Paul DID, because he killed a deer.

Charlie and Buford should have gone provided their marksmanship toward the deer could have been kept at par with their recognized ability in another field of shooting—at the bovine's male friend.

**Beware Coughs from common colds That Hang On**

No matter how many medicines you have tried for your cough, chest cold or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with anything less than Creomulsion, which goes right to the seat of the trouble to aid nature to soothe and heal the inflamed membranes as the germ-laden phlegm is loosened and expelled.

Even if other remedies have failed, don't be discouraged, your druggist is authorized to guarantee Creomulsion and to refund your money if you are not satisfied with results from the very first bottle. Get Creomulsion right now. (Adv.)

### Bluebonnet Girl Points Way

Frances Nalle, official Bluebonnet girl at the Texas Centennial in Dallas, which closes November 29, is wearing a real blue bonnet here and a dress of the period when great herds of cattle were moved over the Chisholm Trail out of Texas. Miss Nalle is standing beside a marker which was sent to the Ford exhibit by P. P. Ackley of Elk City, Oklahoma, who as a one-time cattle driver is interested in permanently marking the famous cow trail. Miss Nalle is an employe of the Firestone Tire and Rubber Company, co-exhibitor in the Ford building.

Helping preserve the history of the old Chisholm trail, one of the most famous cattle trails in the United States, P. P. Ackley of Elk City, Okla., who as a youth worked as a cattle driver, is interested in a movement to mark the cattle route. He has sent one of the markers to the Ford exhibit at the Texas Centennial Exposition in Dallas, where it has been installed on a reproduced section of the Chisholm trail.

The Ford exhibit includes nine reproductions of famous "Roads of the Southwest." The Chisholm trail is particularly well known to the older residents who engaged in the cattle business.

Ackley, who for years helped drive great herds of cattle over sections of the Chisholm trail, has been trying to stir interest in marking the cattle route permanently. He has made several of the markers such as has been installed on the replica of the trail at the Ford building.

The era of Texas cow trails was well under way by 1867. They followed the natural water courses and connected producing and consuming areas. From 1867 to 1896, more than 98 million cattle and 10 million horses were driven from Texas to northern markets and sold for more than 243 million dollars. Texas was the chief producer of livestock in the western states.

The Chisholm trail was named after John (Jesse) Chisholm, a half-breed Cherokee trader and frontier stockman of Paris, Texas. He was the first to use the trail in supplying the frontier forts of Kansas with foodstuffs. The trail ran from the Rio Grande in Cameron County, Texas, to Dodge City, Kansas.

### Charlie Claims the Credit—But Paul's The One Who Killed the Deer

Deer hunters are a touchy group, we've learned. Most of them spend eleven and a half months in figurative contemplation of last year's mistakes to account for the fact that they didn't bring back a trophy—and in the meantime mix in a lot of day-dreams about next year's hunt.

They're hard to deal with—not because each individual is contrary, or anything of the sort—but you know, they have their own ideas about this hunting business.

"Now, fellows, everybody get his limit" that's the old fighting spirit when they make camp. Next day some of the boys are sleepy, just plumb tired out from the long trip, and its up to his comrades to uphold his reputation.

Take Charlie Reese for instance. One of the best automobile mechanics we ever knew, but as a deer hunter Charlie missed most of the primary classes, and then was tardy a lot of times.

Some of the hunters who came back early last week reported—just as a joke—that Charlie killed a deer. We heard about it, and knowing all the boys, Buford, Charlie, Paul, etc., we fell for the story and therefore Charlie was publicly credited with the kill through these columns.

But Paul killed THAT deer. Paul Zahn would convince anyone. He just looked at the reporter and we KNEW he killed the deer no matter what Charlie says.

Then they decided to make the reporter the victim, and let Charlie kill Paul's deer.

We've been thirsty, too, and thought up better ideas.

In fact, we don't know whether Charlie and Buford went deer hunting this season or not—but Paul DID, because he killed a deer.

Charlie and Buford should have gone provided their marksmanship toward the deer could have been kept at par with their recognized ability in another field of shooting—at the bovine's male friend.

### Importance of Continued Farm Planning Stressed

"Continued favorable prices for farm products brought about by the Government program have caused many farmers to forget the distressed conditions of 1932 and 1933 and have led to a proportion of the non-farming population to believe that everything is all right and that again we should be allowed to go to our separate ways to work out our own economic welfare," said E. R. Alexander, head of the Department of Agricultural Education, Texas A. & M. college, in discussing the future of farming in the United States with teachers of vocational agriculture of this section at their recent meeting at Stephenville.

"It is just as important and just as practical to assist farmers and future farmers in taking the long look ahead and shaping their plans to meet changing economic conditions as it is to teach them to top-work pecan trees or improve their pastures," Alexander told the group. "Although we cannot predict with assurance what the future of farming will be, we can consider certain facts, trends and conditions as they now seem to exist and arrive at some conclusion that may appear reasonably sound."

"A farmer's dollar still will buy only about 90 per cent as much of the things a farmer must buy as it would during that normal or base period of 1909 to 1914. In 1932 the farmer's dollar would buy only 61 per cent as much as it would during the base period."

"There is a growing realization in the United States that we have allowed too much of our soil to wash or blow away and that it is imperative that we stop such losses without delay. Although the present government farm program is known as a soil conservation program, which gives the farmer the opportunity to adopt certain soil building and soil conserving practices and receive pay for doing so, many of the practices can be of most benefit to the individual farmer only after he has set up on his farm a complete and co-ordinated soil conservation plan or program such as those which are being instituted by the soil conservation service on the farms in the several watershed area projects which have been established in this state."

"As a part of the soil conservation program, there is also developing a policy of retiring eroded land from crops and converting it into grazing or forest areas. This, however, calls to mind the growing belief that our farm units are already so small that it is impossible for farmers to make enough money to enable them to maintain a satisfactory standard of living. Larger units have greater bargaining power in buying, selling and financing. Through co-operatives, however, the farmer is attempting to lessen the disadvantages of the small unit."

"Also complicating the difficulties of the farmer is the increasing number of laborers who refuse to do farm work for wages that a farmer can afford to pay. This fact only makes more inevitable a further increase in the use of machinery on the farm a tendency which has already developed so far that the horse and mule population of the United States decreased by 9,232,000 head from 1919 to 1933 and, as a consequence, destroyed the need for 32,522,600 acres of crop land formerly used in production of feed for work stock."

"Further narrowing of foreign markets for American farm products is indicated by the increasing amount of farm machinery being exported to foreign countries and by the increase in production

of cotton, wheat and hogs in these countries. All this means that if our industries cannot absorb the surplus of our farm products thus created, then we must continue to adjust our production to domestic demands.

"Offsetting to some extent the decreased foreign demand for our farm products is the increasing use of such products by industry. At present, industry is using about 40 per cent of the products produced on our farms. For example, about 56 pounds of cotton are used in the manufacture of a single automobile. Thus, for every million automobiles manufactured, about 112,000 478-pound bales of cotton are required."

"Promising to be helpful, likewise, is the present government policy of promoting reciprocal trade agreements which, if successful, may be expected to further offset the present decreased foreign demand for our cotton wheat and hogs."

"Significant also in the trend of farm life is the extension of rural electrification lines through the Rural Electrification Administration and through private utilities. More than five and one-half million dollars will be invested in rural electrification in Texas in 1936 in connection with the construction of some 2,800 miles of rural electric lines and in the wiring of farm homes end buying of appliances to utilize the electric service."

"It is not enough for teachers of vocational agriculture to be rural minded. We must be intelligently alert to the new things, and constantly informed about new developments so that we may be prepared at all times to lay before future farmers and

farmers these facts that they may need in order to make the constant adjustments necessary to keep abreast of an ever-changing social order."

### Safety Lane—

(Continued From page One) Hicles have been tested in Safety Lanes since January 1, and of this number 41,000 were found defective.

Percentage of defective cars revealed in the test here Friday the officers said, was slightly under the average for the state.

In addition to Mr. Monroe and Sergeant Schauer, the following Highway Patrolmen assisted in staging the Safety Lane here: Hammett Vance and George Pille of Amarillo; Sam Guynes of Abilene; Bob Crowder, D. E. Bradford, Watson Howell and O. P. Shoules of Wichita Falls.
