Lecturer Addresses The Student Body

"What is your most valuable possession?" was a question asked by the Reverend Mr. Preston in an address to the student body on character building last Thursday morning. He answered his question by saying that life is the most valuable thing we possess since without life we would have nothing.

Education can be helpful to a person or harmful, he says, depending upon the way the individual uses his knowledge. "It has been educated men all through history who have wrought havoc to civilization," he remarked. "They were very learned men but they used their knowledge to harm rather than help civilization."

Another thing he said was that America has more crimes than any other nation. This should make every person think because always a nation falls when its citizens' moral standards have been lowered.

Sterling qualities of character and virtuous living were brought out by Mr. Preston to be the only things in life, after all, that really matter. His lecture inspired all of us to always be ladies and gentlemen regardless of our circumstances. Mr. Preston's speech left a lasting impression on all of us and he will never know how much we appreciated the wonderful thoughts he conveyed to us.

Seniors Enjoy A Holiday at Lueders

Tuesday morning the seniors were ready bright and early to go on their all day picnic. After cars were filled and lunches packed, the class with their sponsors, Miss Davis and Mr. Wimbish, were off to Lueders.

A swim was the first important activity on the list—the first dip was cold, but after that the water was fine. There were plenty of good divers—just ask T. J. Watson? After the swim, almost everyone went for a hike, either to the dam or to the cold drink

stand. About 12:00 o'clock the seniors started back toward camp. We wonder why? The dinner consisted of fried chicken, roast, potato salad, fruit salad, pork and beans, pickles, rolls, lemonade, ice cream and cake. After dinner everyone felt sleepy and full, so to keep full of pep they started on another hike. However they soon returned to take another swim a good long one—and when they got out, they were oh, so hungry. But they came prepared. The supper menu consisted of sandwiches, potato chips, pickles, cookies and soda pop.

This was the seniors last high school picnic, but they can look back with much pleasure and happiness to the preceding ones and to their senior one which will always remain a pleasant memory.

The senior class wishes to express their appreciation to the mothers, Mrs. Diggs, Mrs. Watson and Mrs. Williamson, who attended the picnic with them.

Lillian Peek Club Is Honored at Tea

The Lillian Peek Club was honored at a tea given by its associate member, Mrs. J. U. Fields, Mrs. I. N. Simmons, and Mrs. John Willoughby Friday, May 14. The tea was given in the home of Mrs. Fields.

Two groups of members were entertained between the hours of four and five.

The home was very attractive with a display of the fine needle work that Mrs. Fields has collected upon her travels all over the world.

The guests were greeted by Mrs. Fields, Mrs. Simmons, Mrs. Willoughby and Mrs. Meyer. They were shown the lace and clothes by Mrs. Wallace Cox. A very interesting history was given of each piece and the members were at liberty to inspect this fine needle work.

Then the members wandered about the home looking and asking questions about the many collections of different kinds that had come from all parts of the world. The finest of those was a picture

of the "Lord's Supper" made of shell and enclosed in a small lighted cathedral. Mrs. Fields is a collector of pictures and has over one hundred of them, some dating far back into history.

The guests then passed into the dining room where they were served tea, sandwiches, olives and cookies by Mrs. Simmons and Mrs. Willoughby.

After the tea Mrs. Fields led the group into the back yard and showed them the flower garden and fountain. She told them many stories of her travels and laughing told them how to manage their husbands.

A delightful hour was spent by thirty-eight girls, namely: Misses Anita Coburn, Ethel Reba Couch, Nettie Harrell, Flossie Hester, Doris Parks, Leatrice Wheeler, Mary Louise Curry, Eula Fay Glass, Jane Holt, Paulene and Irene Jenkins, Jean Kendall, Madge Leon, Christine Lowe, Wynona Frances Post, Eva Jo Ratliff, Micket Lee Tidwell, Geraldine Akins, Annie Rose Chatman, Jean Conner, Bonnie D. Hisey, Mary Louise Holland, Margaret McClintock, Eula Mae Watson, Bobby Cass, Frances Edwards, Mary Jo Free, Joyce Hambleton, Amelia Beth Hammer, Frances Kaigler, Mary Beth Menefee, Frances Meyer, Billy Doris Murphy, Frances Stephens, Gladys Catherine Pace, Marie Ballard, Louise Hill, Elsie Gholson, and associate member, Mrs. Buford Gholson and hostesses.

Juniors Have Their Picnic at Lueders

The juniors may have had their picnic last of all the other classes but it was not least. The majority of the class went on their annual half day picnic to Lueders May 14.

Shortly after the students unloaded from a truck and several cars, they dived into the river. There was some excitement, however when Thelma and Melba had drifted down stream and started to swim back. The river was up and steadily but slowly rising. The water was so swift that they could not swim up stream and they kept drifting down. Soon the water was over their heads and they were frightened. But thanks to two junior heroes, Bob McAnulty and Lynn Pace Jr., they were rescued and brought safely to shore.

After the refreshing swim the students scattered in different directions. Some relaxed and took life easy on the bank of the river. Others went to the bridge, and still others went to the dam. Everyone did nearly as they pleased until they began to grow hungry.

When the juniors had returned from their wanderings, their food boxes were issued to them. All the student were divided into groups with group captains to oversee them. The group captains took charge of the food and his or her group followed willingly to where they were to eat.

As soon as all the food was eaten it was time to go home. Everyone returned home tired but happy after having a very pleasant afternoon.

Our sponsors were Mr. Sullivan and Miss Riley. We were glad to have Mr. Wimbish, Mrs. Larned, Mrs. Jesse Smith, and Mrs. Marvin Post to go with us.

Josset, Rogers To Lead 1937 Indians

Marion Josset and Eugene Rogers were elected captain and co-captain respectively Monday afternoon to lead the 1937 Haskell Indians football team, by the lettermen of the 1936 squad. Congratulations boys!

Marion will be a senior next year and again will be a backfield threat to all other teams the Indians encounter, filling either the half or fullback positions. Eugene who will be a junior with still two years of football ahead of him, will fill the all-important position of quarter back.

Let's give them our support and encouragement for a successful and winning team under their leadership of the 1937 Haskell Indians!

Gypsy Ramblers Plan Social, Trip

On Monday May 17, the Gypsy Ramblers Club met to discuss plans for a social which is to be a swimming party the following Tuesday afternoon. The Ramblers are to leave after school to the park where they will go in swimming and afterwards spread their lunch.

The Gypsy Ramblers have made over a hundred dollars this year by selling candy at the basket ball games, selling food at the Inter-scholastic League Meet etc. A motion was made and carried at this meeting that they go to Carlsbad, New Mexico on this money. The two school buses will carry them. Tuesday, June 1, has been set as the date they shall leave. They will be gone three days.

Sophomore Boy Enters "My Home Town" Contest

Jim Bob Webb, prominent and talented sophomore in our high school was chosen to represent our town of Haskell in the "My Home Town" contest held at Brownwood on May 10, 11 and 12. The contest was sponsored by the West Texas Chamber of Commerce which held a convention at Brownwood at that time. There were seventy two entrants in the contest from towns over West Texas and some of the best speakers from high schools known anywhere took part. The winner, a boy representing Breckenridge and member of their debate team received a beautiful cup and gained a scholarship.

Although he did not place in the contest, we feel proud of Jim Bob and we are glad that he represented our town in that contest.

Former Graduates To Receive Degrees

Lois Fouts, senior 1933, will graduate from NTSTC at Denton Wednesday, May 26. Lois was a student in Haskell for eleven years and was very active in her four years of high school. She was a member of the Gypsy Rambler Club four years, pep squad four years, and was also a member of the choral club. Lois was above the average in her work.

Lois entered N. T. S. T. C. in the fall of 1933 and planned to major in business administration. However she changed her major in 1934 to Home Economics and her minor to Business Administration. She was president of the Home Economics club, an active member in the Green Jacket and Mary Arden clubs.

She will attend three prominent functions of graduation, namely the Mary Arden Breakfast, the Baccalaureate Service and the Spring Convocation.

Marguerite Anderson, another former H. H. S. student who graduated with the class of '33 will complete four years of college work and receive her degree this spring from A. C. C. She has been working in the college library there as a means of helping herself through school and we congratulate her on her achievements. As to all other exes, we wish her much success and happiness in whatever field that she enters in the future.

Curtis Pogue will receive his law degree this month at Jefferson University in Dallas. While in this school Curtis has worked his way by operating an elevator, and

attending night classes; this has called for no small effort on his part, and we feel that his success is noteworthy. Curtis was a member of the class of 1930.

Elizabeth Stewart graduated from Haskell High School in 1933. While in high school she took part in many of the important activities. She will graduate this June from North Texas State Teachers College, Denton. She is also majoring in Home Economics and has gained valuable teaching experience through this course. During her college years she has been a member of the Home Economics Club, the Mary Arden Club and the Green Jacket Club, all important organizations.

Mrs. Frank Junell (nee Maxine Simmons) will graduate from the School of Mines, El Paso, Texas, this summer. She attended Texas University and Hardin-Simmons University before transferring to

the college of Mines (branch of Texas University) from which she will graduate. While attending Hardin-Simmons she was a cow-girl and was also secretary of the student body.

Maxine was a Haskell high School graduate of 1933. She was a three-year student and the Pep Squad leader in her senior year. While attending Hardin-Simmons, she was married to Mr. Frank Junell, who is at present on the faculty of the College of Mines and Metallurgy.

Rob Simmons of the class of 1931 will receive his degree from Howard Payne College at Brownwood. Formerly a student in Texas A. & M. he changed to Howard Payne some while ago and has played on their football team. He was a member of the noted team that spent the season undefeated and untied in the Texas Conference, a year or two ago.

Former Graduate Visits High School

Miss Pearl Lee of the class of 1934 was a visitor in our school last Tuesday. After attending college in Oklahoma for three years she has been teaching in a rural school, she has done some work in the home economics, in addition to her primary work. Pearl plans to spend the summer in her home town, Edmund, Oklahoma, where she will continue her home economics. Some of us remember her as being outstanding in her work and as a basket ball player in the senior play and she is expecting for her future.

Tons of Hot Water To Bring Up a Family

HAS YOUR FAMILY OUTGROWN YOUR WATER HEATER?

CHILDREN who have a good time in this world have to get dirty from head to foot every day, but as a great concession to the grown-ups they are willing to take a scrubbing at intervals with hot water soapsuds. It takes tons of hot water to bring them up with these rosy-skinned intervals. A baby starts out by using ten times his weight in hot water every day, for bath and laundry.

Is your hot water supply playing out, due to a growing family or worn-out heater? You enjoy very cheap hot water when you live in a natural gas town, and it can be still cheaper with a good, modern Water Heater. Won't you come in and see the new improvements that lower your operating costs and increase the service? ... Heavy Insulation; Heat Travel all around the inner tank; Patrol Valve; Snap-Action Thermostat. It may be that your housekeeping is taking hours a week of unnecessary time, all because of a poor hot water supply. Trade for a new RUUD and let it wait on the household hand and foot, from dishwashing to the children's baths.

RUUD

Automatic Gas Water Heaters

- Rock-Bottom Down Payment
- Liberal Trade-In Allowance
- Small Monthly Terms

Ideal Security Life Outgrows Former Home.

The continued growth of our business made necessary more room and better equipment.

We have purchased and remodeled a building to suit our needs, that we may have a permanent home. Other furniture has been added, and a fire-proof vault built-in for the protection of our records, which is also important for YOUR SECURITY.

We kindly ask all Policy Holders passing through Anson to stop for a visit and inspection of our new home. Our signs direct you. If you have policies with us, let those in the office know, as we want to know you better, and that you may know us better.

Our desire and intention is to give PROTECTION THAT IS A REAL SERVICE, when needed, and ASSURE YOU that we feel that we are giving you as good protection as can be bought for your money.

ART ARNOLD'S COUSIN FROM UTAH Sees a "torture test"

"Believe me," he writes, "I KNOW Hudson and Terraplane are the No. 1 CARS. I saw what they did on the Salt Flats"

"I saw a LOW PRICED car beat the best any closed car had ever done before! That 1937 Terraplane... a stock car, mind you, picked at random by the American Automobile Association Contest Board officials... went 1,000 miles out there on those great Salt Flats, averaging 36.54 miles an hour! What a 'torture test' of endurance."

"Then a Hudson... 2104 miles in 24 hours! Out here, we've seen a lot of stock cars come to the Salt Flats and try for that 24-hour record... the prize of them all. But none ever touched what we saw that 1937 Hudson do! 37.67 miles an hour... for a full day and night! 32 official records for Hudson... on top of 8 Terraplane!"

"Then those California records! Terraplane beat every other leading low priced car... and Hudson beat every other Eight... in the Los Angeles-Yosemite Economy Run... And then... the Wrightwood Canyon climb! Up 9 wickets, twisting miles in 8 minutes, 20 seconds for Terraplane; 8 minutes, 0.4 seconds for an official Hudson record."

"You can bet it's Hudson for me! Those people know how to build automobiles. Art. More power. More size and room. More economy and safety and endurance than any other cars anywhere near them in price, proved in official tests. I've got mine... and once you drive one, you'll say it's your No. 1 CAR, too! See if you don't!"

- No. 1 Cars of the Low and Moderate Price Fields**
- No. 1 Wheelbases... 117 inches in Terraplane; 122 and 129 inches in Hudson.
 - No. 1 Horsepower... 94 and 101 in Terraplane; 101, 107 and 123 in Hudson. Double carburetion in Super Terraplane and all Hudson Sixes and Eights.
 - No. 1 Roominess... 55 full inches of front seat comfort for three.
 - No. 1 Driving Ease... with exclusive Selective Automatic Shift (an optional extra).
- No. 1 Safety**... with exclusive Duo-Automatic Hydraulic Brakes and bodies all of steel, including roofs. New Double-Drop "2-X" Frame.
- No. 1 Economy**... 22 miles per gallon for Terraplane; 22.71 for Hudson in Los Angeles-Yosemite Economy Run.
- Hydraulic Hill-Hold, optional extra on all models—46 models—choice of 12 beautiful colors... also a complete line of Terraplane Commercial Cars.
- Ask about the new low-cost Hudson-C.I.T. Time Payment Plan—krms to suit your income

The Whooop
Continued From Page 2)
It Actually Happened

Beautiful young belle of Miss Helen Mable Baldwin united in marriage to the groom, Mr. A. Broom, Thursday, January 1, 1937.

The ceremony took place in the home of the bride's grandmother, Mrs. Baldwin. The room was decorated with bedspreads, newspapers, and flowers.

The bride wore a pink satin slip, and yellow window curtain. Her bright and shining face modestly blushed with the aid of much rouge. The bridesmaid, Miss Elsie Gholson, stood weeping behind the bride to be to see such an innocent and young bird flutter into the angry jaws of married life. Miss Gholson was dressed similarly but not as elaborately as the bride.

The husband, too weak to stand was cheerfully supported by his blushing bride. He was dressed in a brownish yellow suit with a large straw bottom.

A platinum wedding ring, formerly taken from a notebook holder was placed upon the bride's dish pan hand by her sympathetic uncle. At that moment the excited bride escaped, carrying her husband up the back stairs to their newly furnished Honey Moon resort in her grandmother's house.

Q. E. D.

Newsless News

It has been said that in the spring the heart changes. Anyway this seems to have proved by Nellie Jo and Winston.

Well, the seniors really had a big time for one day. But the senior dignity was kinda blistered

and sore the next day.—Lillie Maud, was that your uncle?—The Gypsy Ramblers plan to make this year the largest success of any in adventure Tuesday they have high hopes of a swim and ice cream party. Then Tuesday, June 1, they plan to leave for Carlsbad Cavern.—Gene R. was seen court Miss Glass last week. Eh what!—Seriously speaking, those attending the banquet Friday night heard one of the most entertaining and delightful speakers of the entire year, Dr. Taylor, president of Howard Payne College.

We wonder why Gerry C. took the Supper Club to Oates' instead of the Texas Cafe. Couldn't he have been the Friday night date, could it?—Bidgie, what were you doing with that girl from paved street Sunday night?—Either Thomas Lee is prevaricating or is ashamed of his soda jerking 'cause he refuses to identify his place of occupation.

Freshmen Gossip

Now I was told not to say anything about this so don't you dare tell a single person, but—

Mildred Miller is still as likeable as anyone could be. She's almost twice as attractive.

Betty Jane Stanton is finally learning to be a "littie lady" and not such a tomboy.

R. J. Johnston and Orion McLain appear to enjoy sitting with certain girls in algebra class.

Edwin Jeter surely does get jealous of Wayne Laird in history class. (We wonder why).

Eula Mae appears to have a special liking for three boys. Remember the old song Eula, "Darlin', you can't love but one?"

Well, Buddy, since when did you get so prissy? You need to put on a dress for boys are never that way. (Much)

Remember what the lecturer said about whispering? Wanda Dulaney and Gerry Akins did their share of it Wednesday night.

Emma Pearl did you enjoy your tumble on the church steps Thursday? It was quite a picture show.

Joe Larned appears to have a lot of fun at school. There's some reason for that grin, I'm sure.

Bonnie Dell, just why were you detained in English Friday? There certainly was an embarrassed look on your face when you did return.

Baptist Women Give Banquet For Seniors On Friday

The senior class and their sponsor attended a banquet last Friday night given by the ladies of the Baptist Church.

Decorations for the table were carried out in the class colors. Lovely roses served as centerpieces and blue place cards bore the printed words, "Seniors '37". They were tied with pink ribbon holding small fortunes which were read aloud. Small blue flag favors, held up by gumdrop candy were very novel.

The invocation was given by Mr. R. C. Couch and was followed by a welcome by Mrs. R. C. Couch. Response was given by James Roy Akins, and Miss Davis gave a short talk expressing her appreciation of the seniors. Miss Anna Maud Taylor gave a reading and Mayre Lena Tubbs played the piano. Then came one of the best treats of the evening—a speech by Dr. Taylor, president of Howard Payne College at Brownwood.

This social occasion was enjoyed very much by every senior who attended. They wish to express their thanks and appreciation to those who made the splendid banquet possible, and wish to tell them that they too are loved by the seniors of '37.

Something To Think About

As this school term reaches its end we might think something about next year. You know we will be in the new building and as it is one of the most up to date buildings in this section we might make our school a little more up to date in other ways. A school isn't truly modern unless it is modern in every respect. One organization that we do not have that some other nearby schools do have is a high school band. It is an organization that students may participate in and thoroughly enjoy their work. An education in music is one that everybody needs to be thoroughly educated. We listen to music over the radio and numerous other places. Why not get a musical education along with your other work? Only recently a band contest was held at the West Texas Chamber of Commerce Convention in Brownwood. Also another was held at Hardin-Simmons University. Why not make Haskell High School prominent by sending a band to such places?

Final Exams To Start On Tuesday

The final exams ending this year will start next Tuesday morning at 8:45. Two periods will be given for each exam as follows:

Tuesday Morning
8:45 to 10:18 for first period classes.
10:22 to 11:57 for second period classes.

Tuesday Afternoon
12:54 to 2:26 for third period classes.
2:30 to 4:00 for fourth period classes.

Wednesday Morning
8:45 to 10:18 for fifth period classes.
10:22 to 11:57 for sixth period classes.

Thursday Morning
8:45 to 10:18 for seventh period classes.
10:22 to 11:57 for eighth period classes.

George William Fouts, Texas Tech student, visited with his parents, Mr. and Mrs. John Fouts the past week end.

Mrs. Garland Bynum of Dallas, is in Haskell this week visiting her mother, Mrs. R. L. Lemmon and relatives.

Miss Audra Lee Guinn attended the Music Contest at Oklahoma City last week end.

8-YEAR-OLD CIVIL CASE

Lorain, Ohio—Civil case No. 7381 on the municipal docket, pending for eight years, is to come to trial soon. The case, a claim for a small sum of money, was filed in 1929. During the eight years it awaited trial, 10,000 others were filed.

Postal Check 20 Years Late

Sweetwater, Texas.—A letter enclosing a money order for \$123.33 mailed at Des Moines, Ia., Dec. 1, 1917, reached its destination almost 20 years late. Weldon Hill, Nolan County attorney in 1917, received the letter 20 years after he had written H. B. Duff of Des Moines.

NOTICE TO BIDDERS

Bids will be received by Haskell County at the Court House at Haskell, Texas, until 10 o'clock a. m., on May 29th, 1937, for the purchase of One Full Diesel Crawler Type Tractor 60-Draw-Bar or more and a 60 Caterpillar Tractor to be taken as part payment, and notice is given that warrants will be issued in the maximum of \$6,000.00, payable serially, last maturity not later than 1942, bearing interest at the rate of 6 per cent per annum, instead payable semi-annually.

The right is reserved to reject all bids.

CHARLIE CONNER,
County Judge, Haskell County, Texas.

H. J. R. No. 26-A HOUSE JOINT RESOLUTION

proposing an amendment to Article III of the Constitution of the State of Texas by adopting a new Section to be known as Section 51d, which shall provide that the Legislature shall have the power to provide, under such limitations and restrictions as may be deemed by the Legislature expedient for assistance to destitute children and for the payment of same not to exceed Eight Dollars (\$8) for one child or Twelve Dollars (\$12) for the children of any one family per month; further providing that the Legislature may impose such restrictions and regulations as to it may seem expedient; providing that the amount to be expended out of State funds in any one year for such assistance shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000); and providing that the Legislature shall have the authority to accept from the Government of the United States financial aid for assistance to destitute children; providing for an election on the question of adoption or rejection of such amendment and making an appropriation therefor; providing for the proclamation and publication thereof, and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto a Section to be known as Section 51d, which shall read as follows: "Section 51d. Subject to the limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may be provided by law, the Legislature shall have the power to provide for assistance to destitute children under the age of fourteen (14) years; such assis-

tance shall not exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family; provided that the amount to be expended for such assistance out of State funds shall never exceed the sum of One Million, Five Hundred Thousand Dollars (\$1,500,000) per year. The Legislature may impose residential restrictions and such other restriction, limitations, and regulations as to it may seem expedient.

"The Legislature shall have the authority to accept from the Government of the United States such financial assistance to destitute children as that Government may offer not inconsistent with the restrictions herein above provided."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the fourth Monday in August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words: "FOR the Amendment to the State Constitution providing for assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family, and providing for acceptance from the Government of the United States of America financial assistance for such payment."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words: "AGAINST the Amendment to the State Constitution providing for assistance to destitute children under the age of fourteen (14) years not to exceed Eight Dollars (\$8) per month for one child nor more than Twelve Dollars (\$12) per month for such children of any one family, and providing for acceptance from the Government of the United States of America financial assistance for such payment."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

Edward Clark
Secretary of State.

Salinas, Cal.—Mr. and Mrs. E. F. Smith witnessed a black widow spider snare a bee into its net and gradually tie it up like a roped steer. Then the bee stung the spider. The latter faded out of existence and the tragedy was over.

RELIABLE RADIO SERVICE

The WOMAN'S Page

Herren-Cox Wedding Solemnized at Methodist Church Saturday

In an impressive and informal service at the First Methodist Church in this city at high noon Saturday Miss Ernestine Cox, the daughter of Mr. and Mrs. Andrew Cox of Washington became the bride of Samuel Pruitt Herren, Jr., of this city.

Ferns and baskets of gladiolas were used as decorations, and smiles were entwined on a lattice behind the altar where lighted tapers burned in tall candelabras.

Mrs. Wallace H. Cox gave the organ prelude and played Lohengrin's Wedding March, and Mrs. J. L. Southern of Seymour sang "I Love You Truly." The bride was given in marriage by Mr. Wallace H. Cox.

Rev. David L. Stitt, pastor of the First Presbyterian Church, read the Episcopal ring service. He was assisted by Rev. R. N. Huckabee, Methodist minister.

The bride wore a white lace dress of redingote style, white lace hat and matching accessories and carried a bouquet of pink rosebuds.

Immediately following the ceremony the bridal party were guests at a reception in the home of Mr. and Mrs. George Herren, with Mrs. Bob Herren, Sr., as joint hostess. Pink rosebuds in profusion were used as decorations in the entertaining rooms.

The bride and groom, and Mr. Wallace H. Cox were in the receiving line. As the guests entered they registered in a hand-painted Bride's Book presided over by Mrs. Wallace H. Cox.

Mrs. Bob Herren, Jr., and Mrs. J. L. Southern presided for the buffet luncheon, served in two courses. The table, laid with beautiful lace cloth and silver, with four lighted tapers was centered with a large pink and white

Creek schools in this county.

Mr. Herren, the son of Col. S. P. Herren, USA retired, and Mrs. Herren, is a graduate of California University, and did two years graduate work in business administration at Heald's College in San Francisco. Since coming to Haskell several years ago, he has been associated with his father in the management of their farm and ranch properties in this section.

Delta Sigma Phi Meets With Mrs. Bert Welsh

Delta Sigma Phi, recently organized Haskell sorority, held its first regular meeting Friday, May 11th at the home of Mrs. Bert Welsh. After completion of the organization of the sorority, assignments were made for the next program by Mrs. Server Leon, educational director of the sorority.

Sandwiches and tea were served. Mesdames Ermine Williams, Lilly Fay Willoughby, Lela Duncan, Mavis Laird, Anne Branch, Janyne Murchison, and Server Leon, members present, by Mrs. Rosella Welsh at the conclusion of the program.

Delta Kappa Gamma Luncheon

At a regional meeting of the Delta Kappa Gamma Society held in the Seymour Hotel at Seymour, Texas, May 15, fifteen chapters were guests for a luncheon. The western motif was carried out. Members wore cowboy hats, bandana neckchiefs and pistols. At the sound of twelve bells, the foreman boss, Miss Eula Lee Carter, loud as how the ranch hands must be reared to take on a bite. Tables were artistically decorated by the use of cactus plants, miniature log bunk houses, silhouettes of mounted cowboys, and branding of Greek letters to represent each chapter. Miniature steers were used as plate favors.

Lillian Peck Club Honored At Tea

The Lillian Peck Club was honored at a tea given by its associate members, Mrs. J. U. Fields, Mrs. I. N. Simmons and Mrs. John Willoughby Friday May 11. The tea was given in the home of Mrs. Fields.

Two groups of members were entertained between the hours of four and six.

The home was very attractive with a display of the fine needlework that Mrs. Fields has collected upon her travels all over the world.

The guests were greeted by Mrs. Fields, Mrs. Simmons, Mrs. Willoughby and Mrs. Meyer. Then they were shown the laces and clothes by Mrs. Wallace Cox. A very interesting history was given of each piece and the members were at liberty to inspect the fine needle work.

Then the members waded about the home looking and asking questions about the many collections of different kinds that had come from all parts of the world.

The first of these was a picture of the Lord's Supper made of shell and enclosed in a small lighted cathedral. Mrs. Fields is a collector of pictures and has over one hundred of them. Some dating far back into history.

The guests then passed into the dining room where they were served tea, sandwiches, olives, and cookies by Mrs. Simmons and Mrs. Willoughby.

After the tea Mrs. Fields led the group into the back yard and showed them the flower gardens and fountain. She told them many stories of her travels and laughingly told them how to manage their husbands.

A delightful hour was spent by thirty-eight girls, namely: Misses Anita Coburn, Ethel Reba Couch, Nettie Harrel, Flossie Hester, Doris Parks, Leatrice Wheeler, Mary Louise Curry, Eula Fay Glass, Jane Holt, Paulene and Irene Jenkins, Jean Kendall, Madge Leon, Christene Lowe, Frances Post, Eva Jo Ratliff, Mickie Lee Tidwell, Geraldine Akins, Annie Rose Chatman, Jean Conner, Bonnie Hisey, Mary Louise Holland, Margaret McClintock, Eula Mae Watson, Bobbie Nell Cass, Frances Edwards, Mary Jo Free, Joyce Nell Hambleton, Amelia Beth Hammer, Frances

The former Miss Ernestine Cox, who was married Saturday May 11th to Mr. Samuel Pruitt Herren, Jr., in an informal ceremony at the First Methodist Church in this city. Mr. and Mrs. Herren will make their home in Haskell.

Kaigler, Mary Beth Menefee, Frances Meyer, Billy Murphy, Frances Stephens, Gladys Pace, Marie Ballard, Louise Hill, Elsie Ghoslon and associate member, Mrs. Buford Ghoslon, sponsor, Mrs. Meyer and hostesses.

Local P. T. A. Units Honor District President

The three P. T. A. Units of our town served as joint hostesses in a seated tea honoring the newly elected district president, Mrs. T. R. Odell. In the receiving line were Mesdames, K. H. Thornton, Server Leon, T. R. Odell, A. H. Wair, J. F. Cadenhead, O. W. Malloy, Bert Welsh, Wayne Koonce, Anne Taylor and Mrs. Ballard.

Two beautiful numbers sang by a trio were directed by Miss Hambleton. A saxophone number by Bud Pace was accompanied by Mayre Lena Tubbs. Members of the High School Choral Club sang, directed by Mrs. Bert Welsh.

The District President was fittingly introduced by Mrs. R. N. Huckabee as, "One who has been tying knots and is now ready to launch her boat". The crew christened the boat with Good Wishes and Bon Voyage after which the president, Mrs. Odell, gave a response.

A friendly sociable hour was spent as the group was being served most delectable strawberry punch, sandwiches and dainty tea cakes from a lace covered table lighted by candles.

Rainbow Sewing Club

The Rainbow Sewing Club met at the home of Mrs. Frank Kennedy Tuesday. Those who enjoyed the afternoon were Mesdames, W. E. Adkins, Hugh Johnson, Richard Massey, Walter Rogers, Woodley Davis, Jno. McMillin, G. C. Irvin, Frank Kennedy, and Mrs. Cliff and Mrs. Turnbow as visitors.

The next meeting will be with Mrs. Hugh Johnson June 1.

The Methodist Missionary Society

An interested group met in the church on Monday afternoon for a continuation of the Mission Study with Mrs. O. E. Patterson as teacher. Mrs. B. Cox who was to bring the devotional, being absent, Mrs. Patterson read for the scripture lesson a chapter of Psalms.

All joined in singing "Jesus Calls Us."

Prayer by Mrs. Sowell.

The title of the chapter taught was "Africa and World Peace."

Africa, being a land of rich natural resource is a continual force of contentions among the world powers. France is the largest territory holder in Africa, followed by Britain, Germany, Belgium, Italy and Spain in the order named. It is predicted that should there be another world war, Africa will be the center. Mrs. P. T. Sanders dismissed with a prayer.

The district meeting of the W. M. S. convenes in Rule on next Thursday Mrs. Vera Smith Lowery, missionary from Brazil, will be the principal speaker.

Mrs. Matt Graham will teach the last lesson of the Mission Study on next Monday. All members are urged to come. We begin promptly at 3 p. m. Reporter

Helen Bagby Circle

The Helen Bagby Circle met in the home of Mrs. Leath and Mrs. Brooks Monday afternoon at 4:00 o'clock in a Bible study.

Opening Song, "Near The Cross."

Prayer by Mrs. Brooks.

A short business session was held with Mrs. K. D. Simmons presiding. We were favored with a solo by Mrs. Iola Henshaw, "Nearer The Old Olive Tree."

Mrs. Reynolds in her very efficient manner, brought the 12th chapter of Romans. Some very beautiful and helpful thoughts were given on living the true Christian life.

Though few in number we felt it well worth our time to have spent this hour in the study of God's word and in the sweet fellowship of this home. Reporter

Senior-Junior Magazine Club Have Meeting

The Senior-Junior Magazine Club met Thursday, May 13, and completed the club organization. The club will close the year May 27 with a formal dinner at the Tonkawa Hotel.

With Ann Taylor, president, presiding the constitution and by-laws were accepted as written by the Executive Board, and adopted by the Club. A nominating committee was elected by the club as follows: Mrs. Virgil Reynolds, chairman, Lucile Akins, Mrs. O. B. Ratliff, Mary Emma Whiteker, and Mrs. W. P. Ratliff. Wilda Phippen was appointed Parliamentarian and Vada Thomas was appointed reporter by the president.

Seven names were submitted to the club which are to be voted on for active membership May 27. The constitution limits the membership of the club to 40 active and 10 associate members. There are 36 charter members on the active roll now, due to the loss of Mrs. E. E. Wycliffe who has moved away.

The club was honored with the presence of a past Parliamentarian of the Magazine Club, Mrs. C. L. Lewis, who drilled the club in parliamentary law. The club wishes to take this opportunity to thank the Magazine Club in its organization.

The Senior-Junior Club has plans for a very full year. Among other things they are to sponsor a choral singers from June 5. Due to a recent broadcast, the club is to present another program K.G.K.O. Wichita Falls, Tex. week in September.

Contract Bridge Club

Mrs. Barton Welsh presided at the Contract Bridge Club Tuesday afternoon regular weekly meeting.

Conclusion of the usual Mrs. Bert Welsh was prize for highest score.

directed by Mrs. E. C. Watson with Miss Gladys Crume at the piano. Roll call was answered with a verse entitled "Mother." A card of thanks and appreciation from Grandmother Weaver was read to the group by Mrs. E. C. Watson. Reports were made from the sick committee. Mrs. J. O. Merchant gave the council report. The club voted to send Mrs. Elbert Mapes, bedroom demonstrator to A. & M. Short Course. Mrs. Hub Merchant directed the Mother's Day program. A quartet composed of Mesdames Vern Derr, Sliver Bledsoe, J. L. Wright and Bud Derr sang "Heaven is Near, er Since Mother Is There" and "If I Could Only Hear My Mother Pray Again" accompanied at the piano by Miss Gladys Crume. Mrs. Jim Fields of Haskell gave an interesting talk and a reading of her mother. Miss Vaughan passed the hot rolls and Mrs. Jim Stanford, home food supply demonstrator, the cinnamon rolls. Both were real good.

Society

High School P.-T. A.
The High School P.-T. A. met at 3:30 p. m. May 13 in the basement of the Methodist church for a business session. The meeting was postponed one week because of the cooking schooling which began Thursday, May 6.

The business meeting was brief in order to be through in time for the 4:00 o'clock tea which was given by the three P.-T. A.'s.

Committee reports:
Treasurer reported a balance of \$34.20.

Membership: New members added each month.
Finance: Included in Treasurer's report.

Program: All regular programs planned, also student appreciation night and hobby exhibit.

Other committee chairmen were not present.
Mrs. Bailey Post, president, gave her report of the year's work.

The members voted to buy a set of encyclopedias for high school, using Star Telegram coupons.

Incoming officers were installed by district president, Mrs. T. R. Odell as follows:
President—Mrs. Server Leon.
Vice-President—Mrs. Marvin Post.

Secretary—Miss Riley.
Treasurer—Mrs. L. B. Watson.
Historian—Mrs. Jesse Smith.
The incoming president, Mrs. Leon, named committee chairmen as follows:

Art of Making Bread Is Studied By Mattson H. D. Club

The art of making bread at home with yeast foam or Magis yeast was discussed by Miss Mildred Vaughan, home demonstration agent at the Mattson Home Demonstration Club meeting in the home of Mrs. J. L. Wright Thursday May 13th in an all day session.

Bread is one of our main energy foods. It is also one of the cheapest. By making bread at home the family eats abundantly, quite a saving may be made on other more expensive foods. With the up to date methods, there need be no hard work with bread making. There are 2 types of yeast (1) Compress yeast is speedy. (2) Dry yeast is easy to rise. In using the potato water the bread stays fresh and moist. In using the milk it should be scalded and then cooled until luke warm. Less shortening may be added when milk is used.

A full day was enjoyed by the Mattson's who began their meeting at 10 o'clock. At the noon hour the tables were well loaded, with all kinds of good eats, drinks and then ice cream and cake. Mrs. Jim Fields led the morning worship. The afternoon session began with the group singing, "Look For The Beautiful" and "Beautiful Texas".

Members responding to roll call were:
Mesdames, Frank Nicholson, L. A. Stratton, J. L. Mayfield, J. O. Merchant, L. D. Holcomb, J. L. Wright, Hub Merchant, Clyde Mayfield, L. E. Newton, Pat Freeland, E. C. Watson, Charlie King Jim Stanford, Elbert Mapes, Ellis Miles, John McGuire, Tom Mapes, Martin Ruffer, Curtis Thornton, Author Robertson, S. E. Bledsoe, Jess Matthews, Otis Matthews, Floyd McGuire, Vern Derr, Grandmother Weaver, Charlie Overman, S. A. Crume, Bud Derr, C. A. Massie, Elmer Wheatley, Author Blair, Misses Gladys Crume, Mildred Vaughan.

Visitors, Mrs. Jim Fields, Mrs. Buford Gholson, Misses Ruth McGuire, Jessie Kate Nicholson, Lou Etta Stanford, Winnie Fay Bledsoe, Wanda Holcomb, and Jewel Ruth Overman.

TRAFFIC HAZARD GROWS—AT A KILLING PACE

We have had something like 20 years now to get used to the auto as a means of transportation. In those years we have widened and straightened our roads, studied innumerable traffic systems, built cars that are stronger and easily controlled and experimented with all kinds of state license and insurance laws.

Sole result of all this education and experience is that we are killing more people with our cars now than ever before.

The National Safety Council finds that in the first three months of this year some 8500 people were killed by autos. This, alarmingly enough, is a rise of 26 per cent over the rate for 1936.

Why are we doing it? Why is our traffic getting—as it should, after all these years—steadily safer?

There is no one reason, obviously. But it does not take much through to figure out several contributory causes.

First and foremost, perhaps, is the fact that we have tried to fit the auto into our traditional system of democratic individualism. We have assumed that it is every man's "right" to drive a car if he can get one. We have hardly begun to tackle the job of ruling dangerous drivers and dangerous cars off the road. The woods—or rather the roads—are full of men and autos who simply have no business on the highway; for the most part we let them keep rolling until they hit something.

Allied with this is the problem of liquor. We ought to be able to see by now that alcohol and gasoline make a mixture as dangerous and unstable as nitroglycerin. Yet we keep on making the mixture, day after day and night after night—and then we can't understand why it blows up on us.

Then there is the matter of speed. We insist on having cars that will go much faster than nine out of ten people can drive them safely. We shuttle those cars out into crowded roads, let everybody push the accelerator down according to his own sweet will—and then wonder why there are crack-ups.

And there are the cars themselves. They have strong bodies and fine brakes—but this new streamline vogue has produced cars with woefully big blind spots. Instead of giving the driver a wider

field of vision they give him a small one. Inevitably, the price is a certain number of accidents. To top it all, we have hardly any more officers patrolling our roads than we had in the day when there was not half the amount of traffic. The situation calls for far more supervision—hard-boiled, expert supervision—than we have ever dreamed of giving it.

Altogether, it adds up to a very tough problem. So far, we simply haven't begun to solve it. Are we going to go on killing ourselves for another 20 years before we get busy on it?

SCIENTISTS POINT WAY TOWARD IDEAL LIVING

That party of scientists who sailed from Honolulu the other day on a two months trip to study a four-minute eclipse of the sun might very well be taken as a model for the rest of the world to copy. Along with 13 tons of equipment, these scientists—there are 13 of them—are bound for one of the uninhabited Phoenix islands, far out in the Pacific. They will set up their apparatus there and on the eighth of June they will have 240 seconds in which to study a completely eclipsed sun.

The party over, they will head for home again, having spent a good deal of money and a great deal of effort in the quest for a collection of facts which, from the dollars and cents viewpoint, will never do anyone the least good.

But the net result will be that the sum total of the race's knowledge about the infinitely mysterious world it inhabits will be increased, if only by a little.

The point is that it is still possible for a disinterested job of this kind to be done. We can still get some high powered brains together, spend important money and make elaborate plans for an expedition whose fruits can't be turned into cash or reserved as the exclusive property of anyone.

The knowledge gained by this expedition will be available to Germans and Russians and English men and Japanese as well as to Americans. It will not be patented and let out on a royalty basis by any man or corporation, or jealously guarded in the archives of any foreign office. It will be as free as the air to any human being who has the wit to use it.

That sort of thing isn't as common as it might be, these days. For the keynote to this 20th century world seems to be unrestrained rivalry—every man (or nation) for himself, and the devil take the hindmost, as he is quite likely to do. The idea that the race will be better off if it works together and stops trying to gain advantage for one group at the expense of some other has hardly so much as dawned on us.

Yet it ought to be obvious that we simply aren't going to be able to live by this devil take the hindmost creed so very much longer. The devil is following altogether too closely on our heels. The world has grown too small. Like it or not, the human race is going to—wherever it is going—as a group.

So this little scientific expedition shines like a good deed in a naughty world. It is a hint that we aren't necessarily doomed to go on cutting one another's throats, after all. We can cooperate, we can make the gain of one the gain of all.

And if we ever do set out to live up to this example set by our scientists, what a world we can make for ourselves.

Haskell County History

As Revealed by the Files of the Free Press 20, 30 and 40 years ago.

Forty Years Ago—1897

Our district court will convene next Monday. Prof. C. E. Rupe, the Seymour phenologist, was in our city Thursday.

The Haskell county wool clip of 150,000 to 175,000 pounds is now going to market and it will put several thousands of dollars in circulation at a time when it will do good.

Another fishing party, composed of Messrs. Abel Jones, Watt Fitzgerald, Judge Baldwin and their families and Messrs. Lee Pierson, H. B. Martin and Misses Ida Gibson, Tressa Carney, Ethel Hills, Buna, Wilbourn and Belle Rupe, made an assault on the finny tribe of the Clerk Fork this

H. J. R. No. 23

HOUSE JOINT RESOLUTION proposing an Amendment to the Constitution of the State of Texas to be known as Section 20 of Article VIII, providing that no property of any kind shall be assessed for ad valorem taxes at a greater value than its fair cash market value; and giving the Legislature power to provide that the State and all governmental or political subdivisions or taxing districts may allow a discount for payment of ad valorem taxes before the date when they would otherwise become delinquent; and providing that this Amendment shall become effective January 1, 1939; providing for an election on the question of adoption or rejection of this Amendment; providing for the proclamation and publication thereof; and making an appropriation therefor; and prescribing the form of ballot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That the Constitution of the State of Texas be amended by adding a new Section to Article VIII to be known as Section 20 and to read as follows: "Section 20. No property of any kind in this State shall ever be assessed for ad valorem taxes at a greater value than its fair cash market value nor shall any Board of Equalization of any governmental or political subdivision or taxing district within this State fix the value of any property for tax purposes at more than its fair cash market value; provided that in order to encourage the prompt payment of taxes, the Legislature shall have the power to provide that the taxpayer shall be allowed by the State and all governmental and political subdivisions and taxing districts of the State a three per cent (3%) discount on ad valorem taxes due the State or due any governmental or political subdivision or taxing district of the State if such taxes are paid ninety (90) days before the date when they would otherwise become delinquent; and the taxpayer shall be allowed a two per cent (2%) discount on said taxes if paid sixty (60) days before said taxes would become delinquent; and the taxpayer shall be allowed a one per cent (1%) discount if said taxes are paid thirty (30) days before they would otherwise become delinquent. This amendment shall be effective January 1, 1939. The Legislature shall pass necessary laws for the proper administration of this Section."

Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State of Texas on the 23rd day of August, 1937, at which election all voters favoring the proposed Amendment shall write or have printed on their ballots the following words: "FOR the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

Those voters opposing said proposed Amendment shall write or have printed on their ballots the words: "AGAINST the Amendment to the State Constitution providing that property shall never be assessed for taxes at more than its fair cash market value, and providing that in order to encourage the prompt payment of ad valorem taxes, the Legislature shall have the power to permit a discount for the payment of same before they become delinquent."

If it appears from the returns of said election that a majority of the votes cast are in favor of said Amendment, the same shall become a part of the State Constitution.

Section 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution for Amendments thereto.

Section 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State, not otherwise appropriated, to pay the expenses of such publication and election.

The above is a true and correct copy.

Edward Clark, Secretary of State.

Rockdale

School at this place will close Friday with a picnic and program. There will be a ball game between Rockdale and Howard Friday afternoon.

Rev. Vaughan preached at the Baptist Church Sunday. Sunday School was held at Lindsey Chapel with good attendance.

Mr. and Mrs. E. D. Williams had as guests Sunday, Mrs. Williams' father and brother, Mr. John Covey and Mr. and Mrs. Claude Covey and family.

Mr. and Mrs. John Ivy spent Thursday night and Friday at Rotting. They attended the closing programs of their son's school, Mr. John M. Ivy.

Mr. and Mrs. Salmon of Clair, Texas, spent the week end with their daughter, Mr. and Mrs. Robert Luckie and family.

Mr. and Mrs. Bill McLennan and children spent Sunday at Anson visited Mrs. McLennan's sister, Mr. and Mrs. R. A. Gillespie visited Sunday in the home of Mr. and Mrs. J. S. McKeever of Berryhill.

Mr. and Mrs. J. D. Gillespie entertained Saturday night with 84 party. Those present were, Mr. and Mrs. Hamp Bunkley and daughter, Eutie Lee and Doris, Mr. and Mrs. T. N. and R. A. Gillespie, Glen Cobb and wife, Mr. and Mrs. Lynn Mayfield, Mrs. Claude Covey, Mr. E. D. Williams, John Ivy and sons, John M. and Murie, Mr. Tull Newcomb and son T. C.

Mr. and Mrs. Bill Mickler and family of Ericsdale, spent Sunday in the T. N. Gillespie home.

Mr. and Mrs. Hanson and daughter of Luaders, were guests in the John Ivy home Sunday.

Guests in the Lynn Mayfield home Sunday were Mr. and Mrs. Pope of Stamford.

Mrs. Ermon Williams, and children spent Saturday with Mrs. Elbert Williams of Berryhill.

Mrs. Oscar Kuenstler went to Sweetwater Monday to have some dental work done.

Your Clothes Need Cleaning Often IN THE Summer

Summer Formal Wear, for men and women, must be odorless and fresh appearing! Modern Cleaner. Service brings you the kind of cleaning fastidious people demand for dressy occasions!

Shopping . . . street wear . . . summer luncheons and bridge parties. They're grand fun, when your clothes are clean and fresh. It's easy to keep your wardrobe that way, when it's cleaned often!

Hot Days in stuffy offices demand the kind of clothes that can "take it" . . . and well cleaned clothes will make business hours more pleasant for you and your associates. Modern Cleaner makes it easy!

Warmer weather means lighter clothes. And light colors and soft fabrics require more frequent cleaning to retain their smart appearance and comfort qualities!

It's true, you know, that properly CLEANED clothes are COOLER clothes. Our scientific process gives fabric new life, air-conditions it . . . and really makes it cool!

You'll have more fun this summer if your clothes are always clean. No worry about offensive odors . . . never a problem of what to wear to sports events . . . and best of all, clean clothes need not be an expensive item!

You'll Appreciate The Savings Afforded By Our "Cash and Carry" Plan.

MODERN Cleaners

Who Pays the Cost of Advertising?

To the critic who advances the argument that the cost of advertising places a needless burden on the consumer, we explain briefly the fallacy of this line of reasoning.

Advertising increases sales and creates new markets. Large scale production reduces overhead and costs per unit, and the advertiser can sell at a lower price.

It is possible to buy a far better auto today at half the price we paid twenty years ago. Yet it is a fact that all leading manufacturers of the "horseless carriage" have employed advertising extensively.

Some may say the component parts of an advertised product can be bought for less if purchased separately. Possibly so. But remember the chemist estimates the intrinsic value of the human body at about \$1.15 if its ingredients are analyzed and secured bit by bit in a drug store. If such is the case it would appear all life insurance companies a gigantic error in estimating the value of millions of policy holders.

Rolled oats in sanitary, convenient packages cost no more than oatmeal from the barrel that harbored an occasional nest for mice. Fresh roasted coffee is available today in any grocery store and the domestic standard, advertised brands of coffee has shown a marked decrease in recent years.

The expense, or overhead, of the average retailer would be increased only a small margin of his volume of business was doubled. The judicious use of advertising speeds his turnover and enables him to pass along to his customers a part of the savings he has effected in the cost of doing business.

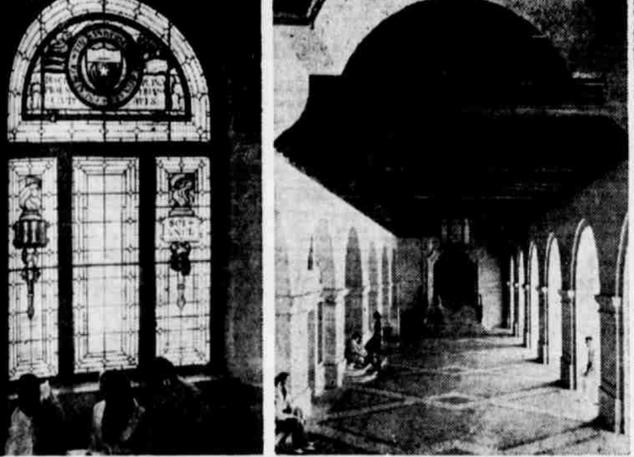

Yes, in the last analysis, the consumer pays the cost of advertising; but he pays it with just a small portion of what advertising has saved him.

The Haskell Free Press

University of Texas Three Million Dollar Administration-Library Building Completed

Administration-Library Building—University of Texas

A few minor details tended to the new Administration-Library Building at the University of Texas at Austin is ready for occupancy. The cost of the building, including fixtures and electrical work, is approximately \$3,000,000. The building is a masterpiece of architectural design, standing 308 feet high, with bookstack stories, its highest feature. Its higher floors are reserved for the library and administrative offices. The new unit of the building contains the offices of the president, registrar, auditor, comptroller, librarian, and dean of the College of Arts and Sciences. Among the many attractive features are two rooms, exposed on three sides and entirely glass-enclosed, for pleasure reading. Students who attend the 1937 summer session will be the first to have opportunity to use the building in its completed form.

Programs Arranged for Closing Exercises of the O'Brien School Term

Invocation—Mr. E. C. Westerman.
 Duet—Miss Jozelle Johnston and Miss Floyce Reed.
 "College High Lights"—Rev. A. W. Blaine.

\$750,000 Alloted to Purchase Land for The Big Bend Park

An allotment of \$750,000 to start the purchase of land in Brewster County for the Big Bend National Park was included Monday by the House in the department appropriation bill present the Legislature in Austin.

Adoption of the amendment high lighted the sixth day of debate on the bill. The approach of adjournment, set for Saturday failed to hasten the House in its prolonged consideration of the \$24,000,000 budget bill.

Dallas Blankenship unsuccessfully initiated an effort during the day to end the flood of amendments and debate. He obtained a previous question order on the Park Board section but a majority voted again his proposal to suspend rules so the previous question could be applied to the entire bill.

Former Speaker Coke Stevenson and Albert Cauthron won adoption of the \$750,000 park amendment, 81 to 42, on pleas that the project must be started immediately or it would be jeopardized. Designation as a national park has been obtained from the Federal Government.

Larger Than Yellowstone
 Stevenson said the vast area in Brewster county along the Rio Grande was the last great frontier in Texas and that its location would make it an all-year park surpassing the Yellowstone in size. Increased tourist travel will repay the State the outlay for the land, he said, through additional gasoline and other excise taxes and added revenue.

Originally he sought an appropriation of \$2,000,000 to purchase the land but trimmed the amount in the amendment to conform with a bill passed by the Senate. House changes retained all mineral rights for the public school fund and permitted purchase of the land at an average price not exceeding \$2, softening the original restriction to a maximum price of \$2 an acre. Some of the land will cost more than that, it was explained, but much can be obtained at a cheaper rate.

An order of the House cutting off other amendments to the Park Board section was rescinded on pleas that corrections were needed to prevent loss of Federal aid. A new position of maintenance supervisor at \$2,400 was created and items providing for an engineer and an architect were revised in conformity with Park Board requests to provide two inspectors at \$2,700.

After an effort to cut the director's salary from \$4,000 to \$3,600 a year had failed, however, the House again order the previous question.

New Buildings for Prison Farm
 The first of many amendments to the prison system section brought addition of \$75,000 for new buildings on the Central State Farm to replace wooden structures at Camps 1 and 2. Cecil Baker said the new buildings would save \$12,000 a year in maintenance costs and beat down opposition based on contentions the Appropriations Committee had given all the State's finances could bear.

Other permanent improvements provided by the bill included a hospital building at the Wynn Farm, \$90,000; a syrup mill and dehydrating plant, \$25,000; a can manufacturing plant, \$20,000, and two warehouses costing \$18,000.

The economy bloc, which did not succeed in reducing any items during the day, beat an attempt to appropriate \$35,000 for 325 acres between Central and Harlem farms, which was urged to increase the system's vegetable crop output.

Health in this section is good at present. Those who visited in the home of Mr. and Mrs. Bill Brannan Saturday night were Mr. and Mrs. Billy Carrigan and daughters, Wanda and Elise of Hamlin and Mr. and Mrs. Charlie Matthews and son Billy, and Mr. and Mrs. Jake Atchison and Mr. and Mrs. J. L. Howard.

Mr. and Mrs. Hallie Chapman were visitors in this section Sunday.

Perry Force of Mattson was in our community Sunday.

Frank Kennedy of Haskell was a business visitor in this section Monday.

Emmit Couch of Mattson was in our midst Sunday.

Ocie Carruth visited relatives in Haskell Sunday night.

Mr. and Mrs. Edd Stanford and daughter Jimmy visited in the Jacobs home Sunday afternoon.

Mr. and Mrs. Mode Collins of Olney visited in the Roy Jones home a part of the week.

Henry Sanders of Haskell was a visitor in this section Saturday.

Grandpa Wheatley was a visitor in this section Sunday.

Mr. and Mrs. John Sheets of Roberts were in our community Monday.

Northwest Texas Plans To Produce a Quality Cotton

Farmers of Northwest Texas are turning to the production of cotton of improved quality and increased staple length, reports from county agricultural agents in that section indicate. Members of 4-H clubs are taking part in the cotton demonstrations.

Farmers in Garza county have ordered more than a carload of cottonseed of a recommended variety. G. N. Leggot, farmer and a member of the county agricultural conservation committee, bought 90 sacks of cottonseed of a good staple length and distributed the seed among the farmers in his community.

In Lubbock county 55 4-H club boys who have selected cotton as their demonstration will plant seed of a recommended variety. Of these, 22 have entered the state cotton contest.

Cotton demonstrations are popular in Howard county, where 23 club boys will plant the same variety of cotton. Each boy has planted from 3 to 5 acres to cotton.

The 4-H cotton contest has attracted considerable attention in Hardeman county, where 79 boys have each received 3 bushels of cottonseed of an improved staple. Each boy will plant 9 acres of cotton, or a total of 718 acres. Premiums amounted to \$75 have been posted to supplement state prizes.

Mrs. Virgil Reynolds and sons are in Austin for a two weeks visit with her parents, Mr. and Mrs. Bruce W. Bryant.

CARD OF THANKS
 I wish to take this means of thanking each member of the City Council for the consideration shown me. Your thoughtfulness will cherish me the rest of my life. Again I say thank you.—Miss Addie Anderson.

Hutto Home Demonstration Club News

"It makes no difference about our clothes if our skin is not good," stated Miss Vaughan at the meeting of the Hutto 4-H club Friday.

Everyone should take a bath every day to be fresh and clean and to avoid body odor.

The teeth should be brushed three times a day, after each meal. Tooth paste or powder should be used or a combination of soda and salt.

The hair should be washed at least once every two weeks. Blondes should wash their hair every week to keep it clean. A good shampoo should be used of a mild soap. Lemon juice or vinegar should be put in the last rinse to make the hair glisten and to keep blond hair blond.

The nails should be filed. They should be filed according to the shape of the fingers. If the fingers are rounding, then the nails should be filed round. If the fingers are pointed, the nails should be filed to a point. A light color of finger nail polish looks better.

The next meeting will be at Mrs. J. W. Herndon's May 28th, at one o'clock. Every member is urged to be on time. Visitors and new members are welcome.

We had one visitor, Miss Ouida Holmesly.

The following were present: Vera Nance, Dorothy McReynolds, Letha Lynch, Juanell Dozier, La Verne Day, Mrs. Mike Howell and Miss Vaughan. Reporter

Mrs. Sam T. Chapman was in Rochester today to attend the Knitting Club of which she is a member.

CHECK UP!

Did you reduce your insurance during the Depression years?

If so, we suggest that you check your policies against present day values. Building costs are up from 15 to 35 percent with practically everything else including stocks of merchandise and household goods following suit.

plays an important part in regulating the fermentation of yeast. Sugar is to make the bread brown better and is an easy way to put food in bread. Fat is to make bread tender and to keep it from drying out. In measuring flour you will get a more adequate measure after sifting. Measure and sift twice by doing this you will bring it more to the room temperature. It also ages it somewhat and old flour makes better bread.

Miss Vaughan gave booklets on "The Art of Bread Making at Home" which gives every detail on bread making.

Mrs. Ennis Carter gave the council report.

Mrs. Ida Dozier and Mrs. Lucy Day were appointed to assist Mrs. S. S. Dozier on the expansion committee.

Mrs. J. W. Carver and Mrs. G. F. Williams were appointed to assist Mrs. J. W. Mannings on the educational committee.

Mrs. Mike Howell was elected for Short Course delegate.

Mrs. B. H. Oliver directed the recreation period.

We were very glad to have the following visitors: Miss Ouida Hommesly, Haskell; Mrs. Lenna Wedil and daughter Mrs. L. E. Archer, Dallas.

Members present were Mesdames: G. K. Lynch, Jane Williams, Ida Dozier, S. S. Dozier, Mike Howell, V. A. Pack, R. R. Ray, D. B. Cummings, G. F. Williams, Lucy Day, B. H. Oliver, J. W. Carver, Ennis Carter, J. W. Herndon, J. W. Mannings and Miss Maude Newberry and the home demonstration agent, Miss Mildred Vaughan.

Hutto H. D. Club To Meet Friday May 28th

The Hutto Home Demonstration Club will meet Friday, May 28, in the home of Mrs. J. W. Herndon with Mrs. G. K. Lynch in charge of the program on "Yeast Breads." All members and 4-H Club members are urged to attend.

Visitors are cordially invited.

Moves Residence From Rule

J. D. Montgomery completed the moving of a five room stucco residence from Rule to Haskell the first of the week. The building has been located on the vacant lot just south of his home on Clark Street. The moving was done by Frank B. Reynolds, contractor.

The building will be thoroughly overhauled and placed in first class condition for rental purposes. Mr. Montgomery stated.

Students Study Driving

Manitowoc, Wisconsin. — Approximately 140 students are enrolled in Manitowoc high school's automobile driving courses. The students of whom 25 are girls, meet three times a week for instruction in safe driving by Robert Lindwall, a member of the city safety commission.

Judge Fines Himself

Hattiesburg, Miss. — Police Judge Lester Clark sat on the bench and fined himself \$1 for overparking. Judge Lester read out the case "City of Hattiesburg versus Lester Clark." The prosecuting attorney interposed to say that the defendant had a right to make a statement.

Lodge Takes 5 Brothers

Lynn, Mass. — The Lynn Knights of Columbus membership has been enlarged by five—all brothers, Joseph, Edward, William, Eugene and Thomas Casey joined Vallaloid Council, K. of C.—the first time in the order's history that five brothers have joined the organization at the same time.

To rid a lawn of ants drill several holes in each ant hill with a stick. Pour into each hole a small quantity of carbon bisulphide. Cover the whole nest with canvas until the fumes have killed the ants. It will take about two ounces of material to each ant hill.

Notice To All Persons Contemplating Building or Repairing . . .

In conformance with an ordinance passed in February, 1930 before the erection, construction, alteration or repair of any building or part thereof, a building permit must be secured free of charge from the City Secretary. Failure to comply with this ordinance makes the offender guilty of a misdemeanor and may be fined from \$1.00 to \$100.00.

It is necessary that these permits may be secured so that City, County and State may keep an accurate check of construction, remodeling or repair of all buildings within the City Limits.

Signed
