

## NO BATTERIES FIELD ARTILLERY TO TAKE PART IN OPENING OF FAIR

### BEST WEEKLY TRADES SLATED OCT. 14TH

### TRADE SERIES RESUMED HAMLIN SUNDAY

Weekly "Trades Days" sponsored by Haskell merchants and business concerns, will be observed Wednesday of each week beginning October 14th following a decision made the first of the week by merchants of the city.

During the summer months Trades Days were held monthly on "First Wednesday" but under the new plan the special bargain day will be observed every Wednesday.

With the designation of October 14th as the first weekly Trades Day, plans were also formulated to make this an outstanding day for those who trade in Haskell—with attractive bargains in all lines of merchandise to be offered to those who come to Haskell on these days.

Local merchants are determined to make this city one of the best trading points in this section and they will be found ready and willing to cooperate with their customers at all times. As has been proven time after time in the past, Haskell merchants, if they do not have the article you want they will make every effort to get it for you, and at a price that will compare favorably with mail order concerns or out of town merchants.

Come to Haskell on Wednesday October 14th—and each Wednesday thereafter—and take advantage of the bargains that will be featured at special prices by Haskell merchants.

**FORMER HASKELL RESIDENT IS VISITOR FROM KILGORE**

W. O. Thorne of Kilgore visited with friends here the past week end returning home Monday. Mr. Thorne was formerly a resident of Haskell being an employee at Alexander's Dry Goods Store a number of years ago.

### Lovers Prefer Rites By Judge

District Judge Dennis P. Ratliff, rated among the leading jurists of West Texas, has added to his laurels through his habit of staying in his office until "quitting time."

Late Saturday afternoon a young couple applied at the County Clerk's office for a marriage license, and when it was issued then the prospective groom asked "Is there anyone in the courthouse who can marry us?"

Hasty calls to several offices revealed all qualified officials except Judge Ratliff were absent, so the couple went to him.

The judge introduced the couple to a visitor in his office at the time, explaining that the visitor was a Christian minister, also qualified to administer wedding vows—with the expectation that the minister would be preferred.

After a hasty glance toward the minister, then sizing up the jurist, the groom said: "Judge, we'll just let you do it."

### County's Quota of CCC Enrollees Increased to 34

Haskell county has been given a quota of 34 enrollees in the Civilian Conservation Corps, according to information received this week by the County Welfare Office.

All young men desiring to enroll must file their application with the local office between Oct. 1 and 4th, and will be required to report to Wichita Falls between Oct. 6th and 8th for camp assignment.

The county had previously been assigned a quota of 28 enrollees, the increase of six being allowed at the request of local relief officials.

### 1936 GINNINGS TOTAL 3,543 BALES TO SEPTEMBER 16

Is Heavy Increase Over Last Years Ginnings of 256 Bales to Same Date

A total of 3,543 bales of cotton had been ginned in Haskell county on Sept. 16th from the crop of 1936, according to figures released today by W. P. Trice, special agent for the U. S. Bureau of Commerce, compared with a total of 256 bales ginned in the county on Sept. 16, 1935.

The Census figures for 1936 ginnings may be reliably counted as total ginnings to date, as very little cotton has been ginned in the county since the rains which prevailed throughout this section for a ten day period ending last Sunday.

### Box Seat Tickets For Auto Races Go On Sale Soon

Sale of box seat tickets for the two-days of Automobile Racing during the Central West Texas Fair will begin next week, it was announced Wednesday by the Fair management.

The ticket sale will be in charge of the North Ward Parent-Teachers Association.

Price of the box seat tickets during the advance sale will be \$12.00 for each reserved section in the grandstand, which will accommodate 8 persons and includes admission at the general gate and grandstand for both days. At the advance sale price, a twenty per cent saving in admission prices is effected.

The advance sale will close before the opening week of the Fair, and box seat tickets remaining unsold will be sold at the regular price of \$1.00 each.

### County Council To Discuss Plans For Fair Exhibits

The County Council of Home Demonstration Clubs will hold their regular monthly meeting in Haskell Saturday afternoon October 3rd, at 2:30 o'clock.

Principal topic for consideration at this meeting will be completion of plans for exhibits at the Central West Texas Fair October 21-24, in which increased interest is being shown this year by both Womens and Girls Clubs of the county.

Achievement Programs for the month of November will also be planned during the meeting Saturday.

The club reporters will meet at 2 o'clock, at which time a round table discussion on Reporting, from the bulletin "Get The Story" will be the main event.

All Council members and Reporters are urged to be present.

### Stops His Pouting

This prize pigeon at the Texas Centennial Exposition in Dallas, lost his post after getting this much attention from pretty Alice Tudor of Chicago, who was Miss Chicago, 1934, and Miss San Diego in 1935.

### TIME EXTENDED FOR EMERGENCY LOANS FOR WHEAT

Closing Date Moved From Sept. 30 to October 15 for Local Office

The local Emergency Crop and Field Loan Office, in charge of C. Hogan, with Miss Alberta Orr as assistant, received notice this week from Regional Manager W. E. Farwell that the period for accepting applications for 1936 Wheat Loans has been extended to October 15th.

Records in the local office reveal that to date 105 loans amounting to \$17,950 have been made to Haskell county farmers.

One other county in the district, Ford, has made a larger number of loans. In that county 137 loans totalling \$20,995 have been made. In Knox county 78 loans have been made; in Cottle 61; in Stone- wall 35; and in Baylor 19.

### AUTOMOBILE BURNED EARLY SUNDAY NIGHT

A Chevrolet sedan belonging to Leon Gilliam, residing several miles north of town was practically destroyed by fire Sunday night about nine o'clock.

The machine had been parked in the garage near the Gilliam residence, and apparently caught fire from a "shorted" battery cable.

### AGED WOMAN IS BADLY BURNED HERE TUESDAY

Mrs. L. A. Boles in Critical Condition in Stamford Hospital

Mrs. L. A. Boles, aged Haskell resident, was critically burned Tuesday about one o'clock, when her clothing became ignited when she stepped too close to a burning pile of trash in the back yard of her home, several blocks north of the square.

Screams of the woman attracted a neighbor, Mrs. M. C. Wilfong, and Mrs. Troy Turpin, who extinguished the burning clothing and summoned a physician. Severely burned about her lower limbs, back and head, and in a critical condition from pain and shock, Mrs. Boles was immediately carried to the Stamford Sanitarium in an ambulance summoned from the Kinney Funeral Home.

Reports from the hospital this morning gave her condition as grave, with a slight chance held for recovery.

Mrs. Boles, resident of Haskell and Anson for the past thirty years, is the mother of Andrew and George Segs of this city. She is past eighty years of age. Her husband died about 10 years ago.

### Charlie Conner Is Demo Chairman For Veterans In County

County Judge Charlie Conner was notified the first of the week of his appointment as Veteran County Chairman of the Democratic National Campaign Committee for Haskell county.

The appointment was made by Hon. J. A. Farley, national chairman, through Louis Johnson, chairman of the veterans advisory committee.

### GOV. ALLRED INVITED AS LEADER OF PARADE

Artillery Units Will Spend Two Days In Haskell During Fair

With plans practically complete to have two batteries of Field Artillery in Haskell for the opening of the Central West Texas Fair on October 21st, the exposition promises to be one opened to the thunder of cannon.

Negotiations which are nearing success will insure the presence of Headquarters Battery and D Battery of the 131st Texas National Guard in the parade marking the beginning of the celebration.

Both of these batteries are stationed in Wichita Falls, Texas, and are perhaps the most modernly equipped of all the Texas artillery units, having been the first batteries completely motorized in all their departments.

Officers with whom fair officials have talked say that they will be here with their full equipment including four guns and eleven motor vehicles together with the units' radio equipment for short wave broadcast from the fair grounds. The total value of the equipment that will be on display at the fair grounds is something over \$1,500,000.

**Governor Allred Invited**  
The batteries will be invited to fire the Governor's salute of 19 guns if Governor Allred should be able to accept the invitation of fair officials to officially open Haskell County's twelfth annual celebration. In the event that he is not present the guns will be fired before the start of the automobile races before the grandstand.

The two batteries will remain in Haskell, encamped upon the fair grounds until October 22nd, at which time they will return to Wichita Falls.

At present work is being rapidly pushed in order to place the fair grounds in shape for the fair (Continued on Page Eight)

### RA COOPERATIVE LOANS AVAILABLE LOCAL FARMERS

Resettlement Administration Will Advance Funds for Cooperative Groups

After a temporary discontinuance, cooperative loans to low-income farmers are again being made by the Resettlement Administration, it was announced today by R. E. Skipworth, County Supervisor.

Loans had been made to 2 cooperative groups in this county when such loans were discontinued on July 1, because of a temporary lack of funds. The purpose of the loans, and amount for each, were as follows:

Pure-bred Sire, \$147.00.  
Row Binder, \$185.00.

In announcing that this lending service has been resumed, Mr. Skipworth said no service will be approved which is not of direct benefit to Resettlement borrowers. Applicants must also show reasonable expectation of repaying the loan. Loans will be made either to groups or to individuals with whom neighbors sign contracts to use the service at a specified rate. Such items are purebred sires, orchard cultivation tools, syrup mills, baling equipment, binders, and other small services are usually purchased by one man. Loans to groups are made for threshers, gins, storage plants, water systems, health services, etc.

Farmers may also borrow to join existing cooperatives, or to buy or refinance such cooperatives (Continued on Page Five)

### TWO MURDER INDICTMENTS VOTED BY DISTRICT COURT GRAND JURY

### Indians Scalp Aspermont 18-0 On Muddy Field

Defeating Aspermont 18-0 last Friday night on a field which would have been more suitable for water polo, the Haskell Indians started their march toward the coveted top honors in District 9-B High School football.

Originally scheduled to begin at 7:30 o'clock, the game was postponed some thirty minutes or longer awaiting arrival of the Aspermont eleven, and because of the hard showers which had continued throughout the day, attendance was very light—large numbers of fans believing the game would be postponed.

Haskell fans were amply repaid by the sensational performance of Barnett, quarterback, who despite the extremely muddy field, gave an exhibition of speed and tricky shifting in returning three punts 30, 35 and 45 yards for the Indians' three markers. Haskell was unable to convert for extra points because of the muddy ball. Detailed account of the game appears on page two.

**Putnam Next**  
Indians' schedule calls for the appearance of the Putnam eleven here tomorrow night in a non-conference game. The Callahan county gridders are expected to place stiff opposition on the field, and the game is not considered a set-up by any means, and may develop into one of the hardest contests of the season for the locals.

Friday night's game will start promptly at 7:30 o'clock.

**Centennial Visitors**  
Mr. and Mrs. Chas. E. Smith and children left Tuesday for Dallas, where they will spend several days seeing the sights at the Texas Centennial.

Mr. and Mrs. Olin Lusby of Ozona, visited in the home of Mr. and Mrs. R. O. Pearson the past week-end.

Mr. and Mrs. Carl Arbuckle returned Saturday from Wichita Falls where Mrs. Arbuckle had her tonsils removed the first of the week.

### Ninety-Six Witnesses Appear Before Body During 3-Day Session

September term of District Court was convened Monday morning for the regular six-weeks fall term, with District Judge Dennis P. Ratliff presiding and District Attorney H. F. Grindstaff and County Attorney Ben Charlie Chapman in charge of criminal prosecution.

A large number of cases appear on both criminal and civil dockets, indicate a busy term if a majority of the actions are cleared from the court calendar.

**Grand Jury Impanelled**  
Grand Jury for the term was impanelled Monday, composed of the following members: J. W. Nanny, W. S. Grimsley, Elbert Mapes, J. F. Simmons, August Stremmel, Joe Lowery, A. E. Fouts, I. R. Cypert, W. E. Bland, G. A. Lambert, W. E. Penick and J. L. Sprouse.

John Baugh and Olin Dotson were appointed riding bailiffs for the Grand Jury, and Dan Kirkpatrick was named door bailiff.

**Six Felony Indictments**  
After being in session three days, during which time 96 witnesses appeared before the body for investigation, the Grand Jury reported six felony indictments Wednesday afternoon, and adjourned for a recess of several days. Two of the indictments were (Continued on Page Eight)

### Registration of New Cars Decreases During Past Month

Only six new automobiles were registered in Haskell county during the month of September, compared with a registration of fourteen new cars during the preceding month of August, records in the office of Tax Assessor-Collector Mike B. Watson reveal.

New cars were registered by the following:  
P. G. Kendrick, Haskell, Plymouth sedan.  
J. E. Mansell, Rochester, Plymouth sedan.  
E. M. Frierson, Haskell, Dodge sedan.  
W. P. Trice, Haskell, Dodge sedan.  
Doyle White, Haskell, Plymouth coupe.  
A. B. McClennan, Avoca, Ford.

### NYA Applications of Two Schools In County Approved

The National Youth Administration of Texas has approved applications of 2 schools in Haskell county for student aid employment, Lyndon B. Johnson, state director, said.

Students assigned to jobs thus provided will receive a maximum monthly wage of \$6 for doing socially desirable work under supervision of local school officials, he said.

The state headquarters is examining applications for aid from all schools making application and additional allotments of funds will be announced soon.

A pupil wishing to obtain employment under the NYA program should apply to his school principal, Mr. Johnson said. Allotments to the schools were made on the recommendation of a Placement Committee for this county appointed by the county superintendent.

Schools for which job allotments in this county have been made are: Haskell High School and Rochester High School. Applications from other schools will be approved as soon as they are received.

### Pecos Publisher Stops For Brief Visit Here

Mr. and Mrs. Barney Hubbs and son of Pecos, Texas, accompanied by Mrs. Hubbs' mother, Mrs. Hart, Mrs. Hubbs' sister, Mrs. Clarence Loring and her daughter, were brief visitors in Haskell today. The party was en route to the Fort Worth Frontier Centennial, where "Pecos Day" will be observed Friday, and will also visit the Texas Centennial in Dallas. From there they will continue a vacation trip to points in Arkansas before returning home.

Mr. Hubbs is owner and publisher of the Pecos Enterprise, and also controls a radio broadcasting station in that city.

Miss Dorothy Herrin, a student at Draughn's Business College, Abilene, spent the week-end here with her mother, Mrs. Angie Herrin.

Methodist Church of Haskell is planning a Homecoming Sunday, October 18th, at 10 o'clock. Announcement made by the pastor, Rev. R. N. Jones.

**Jones Shoe Shop  
Moved Into New  
Location Today**  
The Jones Shoe Shop, located on the east side of the square, is being moved today to a new location in the Oates Building, three doors north of the Oates Drug Store.  
D. A. Jones, proprietor, states that the new location will afford ample space for arrangement of their equipment and stock of merchandise, and invites patrons of the shop to visit them in the new quarters.

**Additional NYA  
Allotment Made  
For State Schools**  
Lyndon B. Johnson, of Austin, director of the National Youth Administration in Texas, announced Wednesday that allotments of funds for 1,299 secondary schools in Texas to provide part-time employment for students had been approved.  
Applications from other schools are being considered as rapidly as they are submitted.  
The allotments provide for employment of students on socially desirable work to enable them to earn a maximum wage of \$6 a month. Most of the money earned is used for carfare, school supplies, lunches, or clothing, Mr. Johnson said.  
Haskell county schools desiring to participate in this program should apply to their county superintendent. Individuals seeking employment should apply to the principals of their schools.

**HIGHWAY PATROL TO  
DIRECT SAFETY LANE**  
Waging a relentless war against the grim hitch hiker death, a special unit of the Texas Highway Patrol safety unit will converge on Haskell for a two day campaign under the direction of Captain John Draper and Sergeant George Schauer, October 9 and 10, according to information received here today from the division headquarters of the Department of Public Safety at Austin.  
Determined to give a broadside against the grisly ghost of the highways, the efficiently trained unit will bring into this city the most modern safety equipment including a big white special radio equipped courtesy car, first aid equipment and brake testing machines.  
Working jointly with local authorities the patrol will set up "Safety Lane" a block long adjacent to one of the principal thoroughfares and all traffic will be routed through. Cars will be tested for possible defects in brakes, lights, horn, muffler, steering gear and windshield visibility. Cars meeting the test will be awarded with a blue certificate of approval. Those showing defects will be given a pink sticker calling attention to the source of trouble. The operator will be requested to have the necessary adjustments made and to return to the lane for the coveted and highly important blue sticker.  
The entire program is one of courtesy and is designed to eliminate safety hazards in an effort to curtail traffic accidents. Since April 1, 150,000 motor vehicles have been tested with 31,000 proving defective for one cause or another. Following the free patrol examinations 85 per cent of these machines were made safe.  
The campaign to be held here will be along a three way front. In addition to testing cars, the safety unit will give safe driving demonstrations and talks before schools and civic luncheon clubs. A third angle will be the appearance of Sergeant Schauer before the schools on first aid work.

### Haskell Indians Wallop Aspermont

The Haskell Indians, making their first appearance this season defeated Aspermont on a rain drenched field last Friday night. Being held scoreless the first half, Barnett overcame the handicap of the slippery field and romped to three touchdowns in the last half.

Barnett was the outstanding player of the whole game. He made many long gains besides the three touchdown runs, which were made on punt returns. Twice he got away for runs of 30 and 35 yards but was stopped from behind.

The first touchdown came about the middle of the third quarter; Aspermont punted to Haskell's 45 yard line where Barnett picked up the ball and eluding two tacklers, ran down the sidelines in front of the stands to a touchdown. McMillin's try for extra point was wide.

After two minutes of the fourth quarter, Barnett received another punt and ran through the whole Aspermont team for another score, this being his most sensational run. McMillin again missed extra point.

The last touchdown run came late in the fourth quarter when Barnett received another punt on Aspermont's 40 yard line. He circled the entire Aspermont team without being touched by a single man.

Other boys who played a fine game for Haskell were: Rodgers, who did some fine punting with a maddy ball; Also Akins and Thompson at tackles and Henshaw at end. All boys participating in the game besides the starting line-up were: Jenkins, Thompson, Scott, Fred Barnett, Simmons, Wilfong, Pace, Gholsen and Buford.

The starting lineups:  
 Henshaw LE Terrel  
 Thompson LT Jordan  
 McMillin LG Haynes  
 Crawford C Smith  
 J. Crawford RG Abernathy  
 Akins RT Marlow  
 Hayes RE Couch  
 Barnett Q Abbott

### Texas Horse Show Champions

Geraldine Robertson, Queen of the Texas Centennial Exposition in Dallas, makes friends with two of the blue bloods which will appear among the Centennial Year colts at the charity horse show to be held at the World's Fair this fall. Golden Memory, five months, and Beau Richards, four months, are from the Gladacre stables, owned by R. B. George, founder of the charity show.

### Leaders Elected By Pep Squad

Last week every loyal girl was urged to join the pep squad and help cheer the Indians on to victory. Tuesday under the sponsorship of Mrs. Meyer, the pep squad was organized. About fifty-five girls attended the meeting and

appointed their leaders. Martelle Clifton and Mary Eleanor Diggs, and assistant leader, Helen Mable Baldwin. Copies of songs and yells were passed out to new members and practice began in earnest.

We hope that every girl will give her best in both cooperation and energy. New yells, songs and field stunts are planned and we want them to be a great success. A new addition to our pep squad is Bob McAnulty, our drum-major, and we are all proud to have him.

### Rainy Day Pictures

Boys with their trousers rolled up about three turns. Boots, sandals and white shoes crossing the street in the slush-galoshes once in a while.

Girls holding notebooks over their heads to keep the drizzle off their "hair-sets", as they scoot across the street.

A bus coming in late with half a load. About two hundred, more or less, flocked on the porch of the Christian Church during the noon hour, watching others get out of cars and dash up the steps, to get out of the sprinkle.

Bunches of boys standing under the mesquite tree—as if it kept off any of the rain.

Girls in the vestibule and room I, powdering noses and setting damp curls.

Two girls in the street with one rain coat, scampering and getting out from under it on first one side and then the other.

Left over members of the Red Spot Band taking their red cushions to class with them right on through the rain.

Everybody "huddling" a little bit, 'cause the weather doesn't give much warmth.

Everybody talking about the weather (to quote Mark Twain) but nobody doing anything about it.

### Grads Make Good At Sanitarium

Three of our former graduates are now in training at Scott and White Sanitarium at Temple, where they are all making good records. Dorothy Lewellen is a third year student, Theda Maples is in her second year and Edith Moody entered training last March. These girls are to be congratulated for having been accepted for training in the greatest institution in the South. Margaret Richey, who was graduated from the Nurses school of the West Texas Baptist Sanitarium in Abilene last May is also with Scott and White now.

### Senior Class Has Two New Members

The senior class of '37 may not be as large as some preceding it, but what it lacks in quantity it makes up for in quality. Of its forty-two members only two have not attended Haskell High School before. They are Dorothy Mae Carr from Rochester and Capitola Larned from the Howard school. To these new comers we extend a hearty welcome and hope they will enjoy being a member of the 1937 senior class.

### Hail! Hail! The Pep Squads' Here

Yes sir! And they were there Friday night right behind the Indians. With as much pep and punch as ever, despite the rainy weather. From all reports they did their part to cheer the Indians with such yells as—

Thunder, lightning, rain, or sleet,  
 Haskell Indians, can't be beat.  
 Just when the pep squad got started on some good yell, Albert would make a touchdown and the girls would all go wild with excitement, forgetting the yell that they had started and furnish a new one all their own. That's alright, we like it that way, with plenty of pep.

The pep squad joins in saying that we have one purpose and that is to help our own Haskell Indians.

We'll all see you at the football game next Friday night, and we hope you know we're there, when we sing—

Hail! Hail! the pep squads here  
 Rooting for the Indians,  
 Rooting for the Indians,  
 Hail! Hail! the pep squads here,  
 Rootin' for the Indians now.

Hail! Hail! the pep squads here  
 Right behind the Indians,  
 Right behind the Indians,  
 Hail! Hail! the pep squads here  
 Right behind the Indians now.

Indians, We Love You  
 (Tune: "Somebody Loves You")  
 Indians, we love you; we want you to know  
 We'll always stick with you wherever you go  
 Indians, we love you, and right from the start,  
 We know that you would be doing your part.  
 Some game we win and some games we lose,  
 But we have a grin we always use,  
 Indians, we love you, dear boys can't you see  
 We're always loyal to thee.

Come on Boys and Win This Game  
 (Tune: "Hand Me Down My Walking Cane")  
 Come on boys and win this game,  
 Come on boys and win this game,  
 Come on boys and win this game,  
 Back up Haskell High's good old name.

Come on Indian you know you can  
 Come on Indian you know you can  
 Come on Indian you know you can  
 You can take them down to the very last man,  
 For everybody knows you can.

Haskell High is Here to Win  
 (Tune: "Happy Days")  
 Haskell High is here to win,  
 The Indians team is here to win,  
 Let's sing a song to cheer them then.

Haskell High is here to win,  
 Come on boys let's show them,  
 Haskell High is here to win,  
 The Indians team is here to win,  
 Let's sing a song to cheer them then.

I Like Football Season  
 (Tune: "Mountain Music")  
 I like football season,  
 Good old football season  
 Played by the Haskell football team.  
 I've seen some great teams play in the land of the wickey wackey,  
 But I must say,  
 They can't beat the Indians on the field by cracky.  
 I like football season,  
 Good old football season  
 Played by the Haskell football team.

Fight For Old Haskell  
 Fight for old Haskell,  
 Fight for old Haskell,  
 Never give in,  
 Fight, do your best boys  
 We'll do the rest boys,  
 So fight for the victory.

Class Sponsors Named Recently  
 The following assignments to the teachers as class sponsors were made recently:  
 Freshman class—Mrs. Wimbish and Mr. Mason.  
 Sophomore — Miss Vick and Mr. Richey.  
 Junior — Miss Riley and Mr. Sullivan.  
 Senior — Miss Davis and Mr. Wimbish.

Warwhoop Has New Sport Editor  
 Woodrow Frazier is our new Boy's Sport Editor. He is taking the place of C. T. Field who is not attending Haskell High School this year. Woodrow has contributed articles to our paper several times before and we feel sure he will make a good reporter of boys' sports for the Warwhoop.

### Dairy Queen

Dolores Keyes, 17, Queen of Dairyland at the recent Wisconsin State Fair, will reign at the National Dairy Show at the Texas Centennial Exposition in Dallas, October 10-18. Cash prizes of \$20,000 will be awarded at this national cattle exhibit.

### Mickey Mouse

Meet Mickey Mouse in person, the smiling girl secretary of the National Dairy Show that will be held Oct. 10-18 at the Texas Centennial Exposition in Dallas. Sometimes her acquaintances remember that Mickey is really Betty Mouse of Chicago.

### Notes From The Kaigler Studio

Thursday, September 24, the Dramatic Club members met in Mrs. Kaigler's Studio and elected the following officers:

President—Beverly Gilbert,  
 Vice—President — Woodrow Perrin,  
 Secretary and Treasurer—Paul Roberts.

Reporter — Mayre Lena Tubbs. We are very glad to add to our studio this year, some highly talented pupils. Anna Mae Lees, who has come from Midway, won third place in declamation in the region last year. Doyle Hisey, who comes from Howard won second in the region, and Bonnie Dell Hisey won second place in the district. We are very glad to have Evelyn and Bertha Adcock from Post, who have been very outstanding pupils in speech in their school. The rest of the students, other than those named are: Eula Fay Glass, Madge Leon, John Guest, Dorothy Mae Carr, Eva Jo Ratliff, Labry Ballard, Joe Maples, Frances and Thomas Kaigler.

### Haskell vs. Putnam

The Haskell Indians take on Putnam Friday night, October 2, and are expecting a hard tussle. The Putnam eleven, from reports, are a strong and heavy team. They defeated the Ballinger Bearcats and lost a close decision to the Winters Blizzards, one of the strongest class B teams in the state.

Putnam's running attack is centered around Jobe, a fast running halfback, who carries the ball on three-fourths of the plays. Our game with Putnam is not a conference game but is expected to be one of the hardest on the schedule. The Indians are expected to be in fine shape.

Let's all come out to the game Friday night; the boys need your support and are expecting you. The game will start promptly at 7:30 o'clock.

### Campus Spotlight

Back to school again, and the age of books begins once more. And as the books grow, so does the talk of the students begin. Just a reminder to the student body that this is where the talk begins and it travels with great speed. (Talking about speed Joe I. sweeps a girl completely before she knows what it is all about.) Meaning that if anyone wishes for publicity—doing something you shouldn't is a good way to get it. All the dirt and meanness of the students will be in this column. People will be quoted and all will go in.

Examples:  
 It isn't known very much or very far but Marjorie R. is simply crazy about a boy out of high school. She tells him she is 18 but I happen to know better, she is only 15. This will be a great surprise to the boy.

A good example of Duffer C. and Elsie G.:  
 There was a little girl,  
 And she had a little smile,  
 She sent it to a little boy,  
 Across a little aisle.  
 He wrote a little note,  
 But he made a little slip,  
 And they both went together,  
 On a little official trip.

A letter turned in to the editor written and answered thus:  
 Dear Spotlight:  
 I'm desperately in love with a beautiful brunette named Anna Mae Lees; but she says she will never love a boy who doesn't have a mustache. How can I grow a mustache in a hurry?  
 Helplessly,  
 J. Jenkins.

Dear Jr.:  
 It's true that Anna Mae falls for mustaches. Did you notice how she followed that hay around last Saturday night? I want to help you. Follow these instructions: At night place a glass of water on a chair by your bed. After you get in bed, rub some salt thoroughly into the skin at the place where you want the mustache. The salt will make the hairs get thirsty. When they come out at night to drink from the glass of water, grab them and tie the knots in them so they can't go back in.  
 Your Helpfully,  
 The Spotlight.

P. S.: (He did it and you ought to see his mustache.)

### Do You Understand Football Terms?

A Field Goal—When the ball is kicked from placement before scoring a touchdown passing over the cross bar of the goal posts, it is known as a field goal and counts three points.

Safety—A safety, as the name implies, was originally a safety measure by which a team touched the ball down behind its own goal to prevent the opponents

from securing and making a touchdown. When the ball is declared dead in the possession of a team behind its own goal it is a safety and scores two points for the opponent, providing the ball was sent across the goal line by the team defending that goal. Safeties occur from a pass, snapback, fumble, or a kick which is blocked and recovered by the kicking team.

Touchdown—A touchdown is made when the ball is declared dead behind the goal line in the possession of the team defending that goal, provided the ball was sent across the goal by the opponents. A touchback does not count a score.

A Fair Catch—A fair catch is made by a player who is about to receive a ball kicked by the opposing team. He signals that he intends to do so by raising one arm into the air. After catching the ball, he is not allowed to take over two steps forward and is not to be tackled by the opponents.

Clipping—This is blocking a

player from behind who maily was used as good but is now illegal.

Were You There When The Fire Was Out?  
 Rah! Rah! Rah! There outside that door came the voices of the entire student body of the second period Monday. No, they were not of our football team, but were to be our life savers to connect the gas.

After their work was done the students began to revel by normal state—laughing, playing and telling jokes.

Mrs. David Ratliff and Kilgore visited friends and relatives here the first of the

**SARAH ANN'S COOKING CLASS**

In the South, rice is served often, few foods have as dainty a flavor. It blends ideally with vegetables, meats, eggs, cheese, fruit and milk. The most important of all rice dishes is boiled rice as it is the basis of most all rice recipes, therefore it is necessary to master the art of cooking it properly before attempting any rice recipes. These recipes below will suit all, the ones from plain boiled rice to elaborate whipped cream concoctions.

**Boiled Rice**  
Wash the rice in cold water several times. Have ready boiling water—8 times as much water as rice—adding 1 teaspoon salt to each quart of water. Add the rice to the water slowly, taking care not to let the water stop boiling. Let cook undisturbed for 25 minutes, or until the rice is tender. When done, empty the rice in a colander and pour hot water through it until the grains separate. Drain, place the colander in the saucpan and let stand on back of stove 5 to 10 minutes.

**Rice Muffins**  
1 cup cold boiled rice.  
2 eggs well beaten.  
1-2 teaspoon salt.  
3 teaspoons baking powder.  
1 cup milk.  
4 tablespoons melted shortening  
2 tablespoons sugar.  
1-2 cups flour.  
Combine all ingredients in a batter which will drop from the spoon. Stir lightly but thoroughly. Drop into well-oiled muffin tins. Bake in a moderate oven.

**Rice and Liver**  
Chop, with a knife in a chopping bowl, 1 pound of calf's liver and cook in 3 tablespoons of bacon drippings on hot pan until brown. Add 1 tablespoon grated onion, 1 teaspoon of salt, 1 tablespoon of fine chopped sweet pepper and 1 teaspoon of celery salt. Stir until all are hot through, add 1 cup of water or stock, cover and let cook 5 minutes. Drain off the liquid mix the seasoned meat with a generous cup of boiled rice, thicken the liquid with 2 tablespoons of flour rubbed smooth with a little water and stir over the fire until it boils. Add 1 teaspoon of Worcestershire sauce. Shape into a loaf and bake on a greased paper in a bread pan until brown on top. Extra rice may be added if the mixture is too soft to mold.

**Cheese and Rice Croquettes**  
1 pound soft cheese  
2 cups cold boiled rice  
2 tablespoons melted butter.  
1 egg.  
Add egg, butter and a dash of salt and pepper to rice and mix well. Form cheese into small balls. Cover these with rice mixture on all sides so the cheese will be inside the rice coverings. Form into balls. Dip in fine crumbs. Fry in deep, hot fat. Serve with cheese sauce.

**Rice with Fried Ham and Gravy**  
1 slice smoked ham (1-2 inch to 1 inch thick).  
4 tablespoons fat.  
1 cup water.  
1 teaspoon Worcestershire sauce  
Place fat in skillet and when hot put the ham in and brown nicely on each side. Remove ham when tender. Add water and sauce, boil slowly 3 minutes, pour over ham, garnish with parsley. Have cooked rice, mold and serve with ham and gravy.

**Apricot Rice Fluff**  
1-2 cups drier apricots.  
1-2 cup sugar.  
1 cup cream.  
2 cups cooked rice.  
3 tablespoons powdered sugar.  
1-2 teaspoon cinnamon.  
1-4 teaspoon lemon extract.  
Wash apricots and simmer in just enough water to cover for 35 minutes. The water should be nearly evaporated; if not, drain. Add 1-2 cup sugar and continue cooking for 5 minutes. Remove from fire, beat to a pulp and cool. Whip the cream until thick, but not stiff. Add the powdered sugar, rice, cinnamon, extract and mix thoroughly. Beat in the apricot pulp and pour into a paper lined bread pan. Chill 2 or 3 hours. Serve in glasses.

**Rice and Date Pudding**  
2 cups cooked rice.  
2 eggs well beaten.  
1 cup milk.  
1-2 cup honey.  
1-2 chopped dates.  
Mix the beaten eggs with the milk. Use a baking dish 7 inches in diameter and 3 inches deep. Make alternate layers of the rice and dates. Drizzle honey over each layer. Repeat until all the rice and dates are used. Pour the beaten eggs and milk over this. Bake in an oven 350 degrees for 45 minutes. Serve hot or cold with cream.

**Many a Friend Recommends BLACK-DRAUGHT**

People who have taken Black-Draught naturally are enthusiastic about it because of the refreshing relief it has brought them. No wonder they urge others to try it . . . Mrs. Joe G. Roberts, of Portersville, Ala., writes: "A friend recommended Black-Draught to me a long time ago, and it has proved its worth to me. I had been suffering from constipation. I find that taking Black-Draught prevents the bilious headaches which I used to have. It is a purely vegetable medicine."

**STATEMENT OF OWNERSHIP**

Statement of the ownership, management, circulation, etc., required by the Act of Congress of March 3, 1933 of The Haskell Free Press, published weekly at Haskell, Texas, for October 1936. State of Texas; County of Haskell;

Before me, a Notary Public in and for the State and county aforesaid, personally appeared Sam A. Roberts, who, having been duly sworn according to law, deposes and says that he is the Publisher of The Haskell Free Press and the following is, to the best of his knowledge and belief, a true statement of the ownership, management (and if a daily paper, the circulation), etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations.

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publisher Sam A. Roberts, Haskell, Texas. Editor Sam A. Roberts, Haskell, Texas. Business Manager Sam A. Roberts, Haskell, Texas.

2. That the owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and address of stockholders owning or holding one per cent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a firm, company, or other unincorporated concern, its name and address, as well as those of each individual member, must be given.): Sam A. Roberts, Haskell, Texas.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities are: Haskell National Bank, Haskell, Texas.

4. That the two paragraphs next owners, stockholders, and security holders, giving the names of the holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the company but also, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

Sam A. Roberts, Publisher. Sworn to and subscribed before me this 30th day of September 1936. Alonzo Pate. (My commission expires June 30, 1937.)

Mrs. B. Baker accompanied her daughter, Betty, to Graham Wednesday where she will enter school.

## Sarah Beth Arbuckle Entertained on Tenth Birthday

Mrs. T. J. Arbuckle entertained a few friends of her daughter, Sarah Beth, last Thursday in honor of her tenth birthday. Indoor games were played and guests were given each a favor. The birthday cake was cut and served with lemonade to Dorothy Jane Skipworth, Doris Lowe, Billie Marie Schaffner, Janice Pace, Sybil Thompson, Nancy Collins, Shirley White, Tommie Brasher, Nancy Sue Wair, Carolyn Williams, Dorothy Jane Post, Vangie Theis, Jackie Theis, Dorothy Ann Morris, Mary Elizabeth Arbuckle, Marcia Bledsoe and Miss Anna Maudie Taylor.

## Contract Bridge Club Meets In Regular Meeting Tuesday

Mrs. B. Baker was hostess to members of the Contract Bridge Club and a few guests Tuesday afternoon entertaining at the home of Mrs. Virgil Reynolds. The entertaining rooms were very attractive with baskets and vases of roses and lantanas. After the usual games Mrs. Barton Welsh was given the prize for highest score for members and Mrs. Theora Cahill high for guests. Mrs. Baker served a refreshment plate consisting of open sandwiches, olives, pecan pie with whipped cream and coffee to Mrs. Ralph Duncan, Mrs. T. W. Williams, Mrs. Bert Welsh, Mrs. Marvin Branch, Mrs. W. G. Forsy, Mrs. B. C. Chapman, Mrs. Virgil Reynolds, Mrs. Barton Welsh, Mrs. Hill Oates, Mrs. Terry Leeman, Mrs. Theron Cahill and Mrs. Jack Mickie.

## Fowler-Gray

On Thursday night, Sept. 19 Mr. Howard Gray and Miss Dixie Fowler motored to Haskell and in the presence of a few close friends and relatives were united in marriage at the Baptist parsonage with Rev. H. R. Whitley pastor of the First Baptist church reading the vows.

The bride is the daughter of Mr. and Mrs. W. E. Fowler and has resided in the Gauntt community all of her life, while the groom is the son of the late Mr. and Mrs. Aaron Gray of Olney. The couple left immediately after the ceremony for Olney where they will make their home.

They have a host of friends who join in wishing them a long and happy life together.

## Hutto H. D. Club Meets With Small Attendance

The Hutto Home Demonstration club met with Mrs. Ralph Day. Due to so much rain there were only six members present. Mrs. Lucy Day, Mrs. Ben Oliver, Mrs. G. F. Williams, Mrs. Ralph Roy, Mrs. Jane Williams, Miss Alice Carroll.

It was decided the club would have an exhibit at the fair. All who has anything to exhibit bring it to our next meeting for temporary judging.

The members present gave a report of their canning and some four hundred containers had been filled.

Mrs. Jane Williams gave a very interesting report of her trip to the Texas Centennial.

The club adjourned to meet with Mrs. G. F. Williams, October 9th. Immediately after we adjourned Mrs. Ray served banana ice cream made in her new Electrolux refrigerator.

## Roberts-Spurline

On Thursday morning, September 10th, an impressive ring ceremony Miss Ann Roberts became the bride of Mr. Otto Spurline at the home of the bride's parents, with Rev. H. G. Hammer officiating.

Mrs. Spurline is the daughter of Mr. and Mrs. G. A. Roberts of the Gauntt community where she has lived for the past three years having formerly resided in the Bunker Hill community.

Mr. Spurline is the son of Mrs. S. B. Spurline of Rule. The young couple will make their home in Rule where the groom is connected with the Grate Service Station.

Their many friends wish them a long and happy married life.

## Laura Fields Circle

The Laura Fields Circle met Monday afternoon in the home of Mrs. Skipworth with 10 members present. We would like to have twenty members present at our next meeting as we have very interesting plans which we feel sure you will be interested in and would like to have you help us on.

We have also started a new Bible Study course that is very interesting and I am sure you will enjoy studying with us. We have added enough books for all the members so come to our next meeting and get your book and start studying with us.

Our next meeting will be with Mrs. Guy Collins October 12th. Next Monday is Missionary Day and we will not have a circle meeting.

Mrs. Jack Rich and little daughter, Nelva Sue, left for Waco this week where they will join Mr. Rich, who is employed by the Safeway Stores in that city.

## Sables for Centennial Style Show

## Foster Home Demonstration Club Meets

The Foster Home Demonstration Club met Thursday, September 24, at the home of Mrs. Ike Harrell with 25 members and visitors present.

After a brief business session Mrs. E. M. Server, chairman, turned the meeting over to Miss Peggy Taylor, county home demonstration agent.

The essentials of an adequate diet were discussed by Miss Taylor. The three most important essentials are: Milk, leafy vegetables and fruits. Butter, cereals, and the protein foods such as meat, eggs, cheese and dried legumes should also be included in the diet.

Miss Taylor also scored the prepared vegetables and explained the importance of correct cooking of vegetables to bring out the true flavor, and retain the nutritive value. Simple garnishes and correct containers for serving make the dish more interesting. For instance vegetables lacking in color should be served in a colorful dish, while foods such as carrots or beets can be placed in a white or similar container.

The club adjourned to meet the second Thursday in October with Mrs. Jerry Harrell. Final plans for the fair exhibits will be made at this meeting.

Members are urged to attend. Visitors are always welcome.

## High School P. T. A. Enjoys Social

Last Thursday night several members of the high school P. T. A. enjoyed a social in the basement of the Christian Church. Due to inclement weather the attendance was small. Games of "84" were played after which sandwiches, cookies and hot punch were served to the following parents and teachers: Mesdames and Messrs. A. C. Pierson, C. B. Breedlove, Sam A. Roberts, R. L. Lemmon, Chas. M. Conner, Paul Keunster, R. N. Huckabee, Geo. V. Wimlish, Misses Jessie Vick, Donna Davis; Mesdames, Irene Ballard, Meyers, Bailey Post, Dennis Ratliff, Lynn Pace, Server Leon.

## North Ward P. T. A. To Meet Thursday

The North Ward Parent-Teachers Association will meet in the auditorium of the First Christian Church, Thursday, October 8, at 3:30 p. m. A splendid program on Health, with Mrs. Theron Cahill as director will be rendered.

## Ruth Bible Class Holds Meeting In Home of Mrs. Carl Powers

The Ruth Bible Class met Thursday evening Sept. 24 in the home of Mrs. Carl Powers in their monthly social.

The program was on "Work". After singing "Work For The Night is Coming", the roll call was answered with a scripture verse on work.

Mrs. Earl Roberts gave a very interesting devotional on "Faith Without Works" and she talked on the Works of Christianity.

Mrs. John Clifton gave a talk on "Work or Labor". She spoke on "Financial Labor and the Organization of Labor Day. Three different kinds of labor, the Dreamer, Planner and the Doer, How they make preparations for their good. At birth a person is born with a goal, and the thing that makes you happy is accomplishment. She told how long it took Jesse and the disciples to prepare themselves for their work. The work we do will follow us in years to come.

After discussing the Love Apron refreshments were served to Mesdames: Jack Johnston, Jesse Josselet, Joe Fraley, Clarence Oldham, Jack Ratliff, V. A. Brown, Carl Amons, Earl Amons, J. S. Cullum, E. ## Mrs. J. U. Fields Entertains Out-Of-Town Guests With Luncheon Friday

Complimenting several out of town friends, Mrs. J. U. Fields was hostess for a luncheon Friday at her home. Dallahs were used effectively throughout the entertaining suite. The dining table overlaid with an elaborate Italian cut work cloth, with pink asters forming the center piece was laid with silver and old glass, from which the four course luncheon was served.

Luncheon and afternoon guests were: Mrs. J. A. C. Guest, Mrs. Orville Bullington, and Mrs. Glover of Wichita Falls; Mrs. E. T. Brooks, Mrs. Morgan Jones and Mrs. Dallas Scarborough of Abilene; Mrs. Jerome Sanders of Cleveland, Ohio, and Mrs. F. T. Sanders and Mrs. Wallace Cox of Haskell.

## Methodist Young People's Department To Have Program

Members of the Young People's Department of the Methodist church will have a program followed by a tea to be given in the parsonage Sunday afternoon from 6:30 to 7:30. Last Sunday was promotion day and let's all get together and give the new members of this department a royal welcome. All members of this department are invited to be present.

## CHRISTIAN CHURCH

October 4th. Bible School 5:45 A. M. (Promotion day). Lord's Supper, 11:00 A. M. Faithfulness in church attendance is one of the important things in building up the church. It is not a sin to willfully neglect to assemble at the House of the Lord! We are warned not to neglect to assemble at the Lord's house on the Lord's Day (Heb. 10:25). Are we guilty of willful neglect? When you see a prosperous church you will see a faithful membership. Think about this.

## PRESBYTERIAN CHURCH

It is Rally Day at Sunday school next Sunday and all members are urged to attend the special program to be given. Time: 9:45. Sunday, October 4th, is the beginning of the Fall Quarter. It is Communion Sunday. Communion Meditation: "The Secret of Life". Time: 11:00.

## Notice

Last Sunday's inclement weather caused the session to call the Congregational Meeting for next Sunday morning, immediately after the morning worship, to elect church officers, if the way be clear, and to handle any other matters that may require attention at that time. The Young People will meet at 7 o'clock. Evening worship at 7:45.

## DON'T SCRATCH!

Paracide Ointment is guaranteed to relieve any form of Itch, Eczema, ringworm or other itching skin irritation within 48 hours or money promptly refunded. Large 2 oz. Jar 50c at Oates Drug Store. 261

## Men's Choir at the Methodist Church Sunday Night

A large Men's Choir to be chosen from the three Men's Classes of the church will sing at the Sunday night's service.

Many young men and boys are expected to hear their dad's sing on this occasion.

Both sermons Sunday will be in the interest of young people. Morning text, "If I Am Bereaved of My Children, I Am Bereaved."

Night text, "How Shall I Go Up To My Father and the Lord Be Not With Me?"

R. N. Huckabee.

### Two Princes of the Dalmatian Breed

Two blue-bloods of the Dalmatian dog strain, taken in their nursery, dogs before they reached the glamor of the show world and glory. Now they are entered in the Texas Centennial Exposition Kennel Club Shows in Dallas October 31-November 1. Oread Night Flower, left, and Oread Movie Star, they are owned by W. B. Dalton of Lawrence, Kansas. They come from a long line of prize-winning sires.

### Amendments To The Constitution

This is the first of a series of articles in which will be given concise summaries of the six proposed Constitutional Amendments to be voted on November 3rd. In these articles an effort has been made to analyze, without bias, the content rather than the merits of each proposal.

#### Proposed Amendment No. 1

The first proposed Constitutional Amendment to face the voter on November 3rd is S. J. R. No. 3-A which provides for a State dispensary system to have exclusive sale of distilled liquors and all profits from the sale of such liquors would go to the State. The sale of spirituous distilled liquors for private profit, as is now the case, is prohibited

places of business would only be maintained in the counties, precincts or incorporated towns where by local option elections such sale has been made legal. Local option as now in effect would not be changed by adoption of the amendment. The sale of alcoholic beverages containing not more than 3 per cent alcohol which has been legalized in such political subdivisions shall not be prohibited by this section. This Amendment further provides that the open saloon shall not be reestablished. It is also provided in this Amendment that the Legislature shall have the power to regulate the sale for private profit and possession of distilled liquors for medicinal, scientific and mechanical purposes.

### No, Alice, He's Not A Sheriff, He's Only Driver of the Truck

Next time you see some big fellow walking down the street with a big gun swinging from his hip—don't take it for granted that he's a Sheriff! For two reasons: Giles Kemp and Bud Thompson, Sheriff and "County Parole Officer."

Not so long ago we wrote a piece about some fellows getting tired of the accommodations at the Iron Bar Hotel. Fact is they were plumb disgusted and left, and nobody knows where to forward their mail. They simply got up and "lit a shuck" while they were supposed to be hard at work for the county helping Deputy Sheriff Thompson build some roads and bridges. Naturally, "Bud" reported losing the two guests. We heard about it, and because we are regularly paid for keeping both readers of the Free Press informed of all the news while it is news, the event was duly recorded in type. And bedlam tore loose! Mr. Thompson stops us and broadcasts the information that he is NOT a deputy sheriff as we unsuspectingly had titled him. No sooner had we explained to "Bud" the eccentricities of the typewriter that takes liberties with us at times and which the Boss won't have fixed, "till we see Giles waiting down the hall. It turns out that Bud was right. That typewriter's not half smart. Bud IS NOT a deputy sheriff. "Bud" is the man who is employed by the Commissioners Court to drive the prison truck, and he's the Court of Last Resort in the collection of unpaid fines. But since the departure of the county's three hot-footed guests, "Bud's" title has been lengthened by the additional moniker of "County Parole Officer."

### Hatchery—

(Continued From Page One) chery business, which he has conducted for a number of years, states that present equipment will be installed in the new building, and the capacity increased by the installation of a 16,000 egg incubator which he has purchased. Other improvements contemplated and which will be completed before the hatching season include remodeling and addition of brooder houses, etc., to completely modernize his plant. Housed in the new building will be five immense incubators—with an aggregate capacity of 58,000 eggs—which will be available for custom hatching. One of the large new incubators to be installed in the building will be brought to Haskell from Odessa this week, Mr. Price stated. All of the installations will be complete and ready for operation when the hatching season opens, according to present plans.

Both Mr. Collier and City Fire Marshal McClintock stressed the fact that members of the department would be glad to cooperate with property owners at any time in making property inspections or assisting to remove any existing fire hazard discovered. Citizens are also invited to visit the fire station, inspect and learn more about the equipment, and advance suggestions relative to betterment of the city's fire-fighting facilities.

### H-SU Reception—

(Continued from First Page) formal reception to be held at the Tonkawa Hotel upon arrival of the Abilene team, honoring Coach Kimbrough, a graduate of Haskell High School. Kimbrough led the Haskell Indians in many victorious games during his High School days. He was followed by his younger brothers, Earnest, Bill, Wallace, Jack, and John, and this is the first year since Frank entered High School that the Haskell Indians have not been led by someone from "The House of Kimbrough." Local fans are urged to be at the Tonkawa Hotel Friday at 1:15 p. m. and join in the reception.

### Lone Star Floats Over Texas Shrine

Above the million dollar State of Texas building at the Texas Centennial Exposition at Dallas floats the Lone Star flag. This is a replica of the Republic of Texas battle flag beneath which Houston and his Texans gained independence one hundred years ago. The great Texas memorial building houses priceless relics of Texas heroes.

County, on the 2nd day of September 1936, by Roy Ratliff, Clerk of said District Court for the sum of Three Thousand, Eight Hundred Eighty Seven and 95/100 Dollars and costs of suit, under a judgment of said court, in favor of Baker Campbell Company a corporation in a certain case in said Court, No. 4156 and styled Baker Campbell Company a corporation Plaintiff vs. Joe Lee Ferguson defendant, placed in my hands for service, I, Giles Kemp as Sheriff of Haskell County, Texas, did, on the 9th day of September 1936, levy on certain Real Estate, situated in Haskell County, Texas, described as follows, to-wit: First Tract: The West 130 acres of land out of Section 35, Block 46, H. & T. C. Ry. Co. land Abstract No. 248 and being all of the land owned by F. M. Morton at the time of his death in said survey as is disclosed by the deed records of Haskell Co., Texas.

Second Tract: All of the F. M. Morton pre-emption abstract No. 707 and containing 160 acres of land patented to F. M. Morton on May 11th, 1899, said Patent recorded in Vol. 1 page 30, Patent Records of Haskell Co. Texas to which reference is here made for further description of said 160 acres of land, said land being known as the F. M. Morton pre-emption survey located on the waters of Miller creek a tributary of the Brazos river about 13 miles north 37 deg. east from the town of Haskell in Haskell County, Texas.

Third Tract: The west 268 acres of I. & G. N. R. R. Co. land Abst. No. 469 in Haskell Co. Texas Pat. No. 147 Vol. 112 and being the West 268 acres of a 414 acre tract as is described by metes and bounds in a deed from Susan V. Moore to F. M. Morton dated March 4th, 1902 and recorded in Vol. 29, page 365 of the Deeds records of Haskell Co. Texas to which reference is here made for further description of said 268 acres.

Fourth Tract: A part of the Day Land and Cattle Co. Survey Abst. No. 731 and further described as follows: Beginning at the S. W. corner of Sec. No. 39 Blk. 46 H. & T. C. Ry. Co. Survey thence South 592 vrs. Thence S. 89 deg. 04' E. 692.5 vrs. Thence N. 0 Deg. 10' E. 692.2 vrs. Thence W. 694 vrs. to the place of beginning being 73 and 1/2 acres of land located in Haskell County, Texas, and levied upon as the property of Joe Lee Ferguson and that on the first Tuesday in October, 1936, the same being the 6th day of said month, at the Court House door of Haskell County, in the city of Haskell, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Alias Execution I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Joe Lee Ferguson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Haskell Free Press a weekly newspaper published in Haskell County. Witness my hand, this 9th day of September, 1936. GILES KEMP, Sheriff Haskell County, Texas.

\$25.00 For A Name

Rules of Contest are as follows

Contest starts Saturday October 3, 1936

Entrees must fill out their name and address, and from which grocer they purchase their bread, and then the name of their choice. Attach to your entry the wrappers, or good facsimile copies from 5 loaves of Purity bread and bring to our bakery on South Side of square.

Mr. and Mrs. Bingham are to judge which name they want, and their decision is to be final.

Very simple, isn't it? Well, that's all there is to do. Go buy your bread and save the wrappers until you have five, then bring them with your selection and leave at Bakery, and remember, you can make as many selections as you like if accompanied by wrappers for each selection.

YOU CAN'T LOSE Because we offer you the following guarantee in purchasing Purity bread: "If for any reason, you to be the judge, you are not satisfied with Purity, return the unused portion to your grocer and your money will be refunded with no questions asked."

## MILITARISM AND CCC

The virtues of the CCC have been mentioned often enough. It needs to be remembered, however, that the whole project could be robbed of most of its usefulness if the militarists succeeded in getting their hands on it. Maj.-Gen. George Van Horn Moseley, commander of the Fourth Corps Area, suggests that the CCC be expanded to take in every 18-year-old boy in the United States, and that it add military training to its curriculum. Such expansion, of course, would amount to conscription—and would give us a cross between Hitler's compulsory labor camps and the universal draft feature of European military service laws. It is hard to see why the country needs either these things. As things stand, we have a great asset in the CCC. We cannot afford to reduce its value by adding features that would be repugnant to American traditions.

## PREVENTING FIRES

Next week is Fire Prevention week. All over the United States there will be much written and talked on this subject.

It will mean little or nothing to Haskell unless our readers take some action. The enormous fire loss every year from preventable conflagrations is shocking. It can be avoided, in part, by every citizen. Each has an individual responsibility to minimize fire risks on his or her own premises. Each has the duty of practicing care in all things pertaining to fire, which is a dangerous, if serviceable, slave of mankind.

Fires, like accidents, occur when and where least expected. The very person reading this article with satisfaction that everything is shipshape may be the next victim. Now, regardless of insurance, an economic loss occurs, which means lessened wealth. All of us should take thought, at this season, and resolve to do our bit in preventing unnecessary fire losses.

## COURTESY PAYS

It is an interesting story coming from Virginia that Washington and Lee University will receive a bequest of \$1,500,000 because at one time in the past an unknown student on the campus was very courteous and friendly to a visitor who at the time was unknown.

The visitor turned out to be a millionaire who was considering giving to some college the desirable sum of \$1,500,000. To help decide which one would be the fortunate recipient the millionaire decided to pay an unannounced visit to each of several institutions. He was impressed by the courtesy of the undergraduate he met on the W. & L. campus, and when he died left the money to that institution.

Courtesy doesn't cost much, but it can pay big dividends. Even if the reward is not material, as in the above case, being thoughtful and considerate is worthwhile in other ways. It enriches the life of the man or woman who practices such courtesies in everyday life.

## ON WAY AT LAST

In the event that he is re-elected, President Roosevelt is considering "a far-reaching plan of governmental reorganization, possibly involving consolidation or abolition of some major departments or bureaus," according to a recent dispatch from Washington to the New York Times. One hopes that the report is entirely correct. Wholly aside from the vexing question whether some of the things the federal government has been doing lately should not have been done at all, the plain fact remains that the mere machinery of government has grown unduly cumbersome and intricate. Some sort of sweeping reorganization is long overdue, no matter who occupies the White House after next January. Greater efficiency and economy, greater responsiveness to the wishes and needs of the citizen, can and must be introduced in Washington regardless of the governmental philosophy of the party in power.

## JUST A STUNT, NOW

The day has long since passed when a man could get any very substantial number of headlines by flying across the Atlantic; and it is a little bit hard to see just what has been accomplished by the round-trip flight to England of Harry Richman and Dick Merrill. The flight proved, to be sure, that Merrill is a capable aviator, and that Richman is an unusual night club singer. Beyond that, however, it is hardly a feat to go down in history. The pioneer days of free lance exploration of the Atlantic air lanes have passed. Experimentation today is being carried on by regular air lines, which have begun those elaborate and protracted tests which eventually give us commercial transatlantic service. Whatever spectacular flights may have added to aviation's knowledge, there is little or nothing for them to teach aviation today. They are stunts, pure and simple, now.

## LOTTERY TICKETS COUNTERFEIT

There are people hereabouts who, upon occasion, buy lottery tickets. They get, somehow, a book of tickets, offering the seller a free chance if he loads up some friends, and together the group gambles on winning the big prize.

What are the facts? Well, K. P. Aldrich, chief post office inspector, ought to know. He says that the public hasn't a "chance in a million" in a genuine lottery. Worse than this, however, he adds that "most so-called lotteries aren't lotteries at all" and "most lottery tickets are counterfeit."

Of course, we have no objection to any reader making a direct contribution to the upkeep of the swindlers who operate these schemes. If you have the money, and feel so inclined, it is your privilege to take all the chances you want. However, when you take a chance, you might be sure that you get a chance.

## CURRENT COMMENT

### LITTLE MAN, WHAT NOW?

(From the Pittsburgh Press)

It is reasonable for the Republicans to come out strongly against monopoly and for Gov. Landon to become gravely concerned over the fate of "the little fellows, and many of them have voting wives, sons, daughters and friends."

How are you now faring, little man, compared with the years when the Republicans were protecting you? According to Dun & Bradstreet, failures of commercial enterprises today are only 42 per cent of the rate of the "prosperous" years 1925-29. Insolventcies in June, 1936, were the lowest since 1920, and liabilities the lowest since 1906.

And, little man, you can't have forgotten 1929, that fateful fulfillment of the Harding-Coolidge-Hoover New Era, after which retail sales fell from 49 billion to 25 billion dollars a year, collections became almost impossible, prices tobogganed credit faded and thousands of business houses closed their doors in failure. When President Roosevelt took office things were just about at low ebb. The effects of the change were immediate, for 125,000 fewer concerns failed in 1933, the first Roosevelt year, than in 1932, the last Hoover one. In 1935, says the Commerce Department, retail sales were 27 per cent above those of 1932.

And things still are improving, aren't they? According to the Commerce Department independent retailers increased their business 18.2 per cent between June 1935 and June of this year. You are at liberty to believe that Gov. Landon will fulfill his promise to protect "the average man against the aggressive exploitation by the strong," even if so many of the "strong" are also supporting him. But wouldn't it be the part of wisdom to compare the protection you got before 1929 with what you have now?

## SNAP SHOTS

Generally the fellow who claims to know all about women is a bachelor.

No man ever climbs so high that he is above suspicion.

Some people can sit in an easy chair and still get an awful lot of hard work done.

A man, it seems, never gets old enough to know better until he's old enough to die.

With some people charity is merely a fad, but it's a lot better than some others.

God may see all that we do, but what worries most of us is how much the neighbors see.

## Haskell County . . . . . History

As Revealed by the Files of the Free Press 30, 30 and 40 years ago.

**Twenty Years Ago—1916**  
While a car of young people was out driving Sunday afternoon, Miss Mary Hughes, one of the occupants of the car received two or three severe cuts in the face, when the car threw her forward in crossing a high bridge, the front seat striking her in the face. They were going at a good rate of speed, endeavoring to reach town ahead of an approaching shower.

Last week was a busy week in County Court, something like sixty cases being tried or otherwise disposed of. Fifteen negroes and two white persons were arrested during the past week on complaints of gambling. Arraigned before Justice of the Peace S. A. Hughes all except one of the defendants entered pleas of guilty and were fined \$10 each and costs. Trial of the other defendant will be held Saturday.

J. T. Teasley of Throckmorton brought 9,000 pounds of cotton seed to Haskell Friday morning, which he sold to local buyers for \$185.00. A team of six horses was needed to pull the two loaded wagons in which the seed was transported.

After beating J. F. Kirkpatrick, Goree resident, over the head with a piece of iron and chloroforming him, three burglars obtained \$85 in money from his pockets and set fire to his house about one o'clock last Tuesday night. Kirkpatrick was the only person in the house at the time. He said he struggled with the men and after they left, he staggered to the front porch and was carried to a place of safety by neighbors. His house was totally destroyed in the blaze.

One hundred and eighty-five bales of cotton had been ginned here up to Sept. 1, 1916, according to a Government report. Only one bale had been ginned at the same date in 1915, a comparison in the report revealed.

The following automobiles were registered during the week with the County Clerk: Mrs. P. E. Besire, O'Brien, Ford; L. L. Nichols, Sagerton, Ford; Producers Refining Co., Haskell, Ford; Clyde F. Elkins, Haskell, Ford; I. N. Furr, Weir, Chevrolet; S. M. Davis, Rule, Mitchell; J. H. Harberger, O'Brien, Mitchell; F. M. Bentley, Haskell, Ford; and H. O. Liles, Haskell, Hudson.

**Thirty Years Ago—1906**  
Twelve-foot cement sidewalks are being laid in front of the new buildings on the west and south side of the square this week. If we had such walks all around the square they would add immensely to the comfort of the public as well as to the cleanliness and general appearance of the town. We believe it would be a paying investment for the business men to put down such walks.

Quite a number of the young ladies of Haskell have organized a minstrel troupe under the direction of Miss Day. Their purpose is to raise funds with which to construct a gymnasium in Haskell to be used by the young people of the town.

### HENRY-LESSON RADCLIFFE

**THE MACEDONIAN CALL**  
International Sunday School Lesson for October 4, 1936

**GOLDEN TEXT:** "Go ye therefore, and make disciples of all the nations." Matt. 28: 19.

**(Lesson Text: Acts 16:6-15; Romans 15:18-21.)**

About two years after Paul and Barnabas returned from their missionary journey the former suggested that they again visit the churches which they had established in Asia Minor. This was probably about a year after the Council at Jerusalem.

Paul had already achieved a wonderful success with his mission to the Gentiles but he was not a man to be content with past accomplishments. His ambitious spirit, inspired by the vision of his apostleship to the Gentiles was unwilling to remain at Antioch.

faith. Paul selected Silas, who had come back from Jerusalem with him from the Council, and hereafter these two were associated together in missionary activity. While the dissension which separated Barnabas and Paul appeared unfortunate, the result was that two missionary parties went from Antioch, thereby doubling the number of workers in the field. Each of the original partners was probably freer to pursue their own methods under the new arrangement.

Paul and Silas followed an overland route to visit the churches in Asia Minor. Passing through the Cilician Gates in the Taurus Mountains they revisited Derbe, Lystra, Iconium and Antioch in Pisidia. Paul wanted to carry the gospel directly west towards Ephesus, but was deterred by the Holy Spirit, therefore went through Phygia and Galatia, to regions in the interior. At that time, Paul wanted to go into Bithynia to the north, the region just south of the Black Sea, but again a divine conviction caused him to travel westward. Without stopping to teach or preach in Mysia they reached Troas, a seaport, located very close to the site of the ancient city of Troy, made famous by Homer.

While at Troas Paul had his famous vision of a man of Macedonia who made the historic request, "Come over into Macedonia and help us." There has been some discussion as to the character of this vision. We know that Luke, author of Acts, joined the Pauline party at this point because in verse ten begins the "we" passages of this book. It is thought by some that Luke was a native of Philippi, and that he was the man of Macedonia. Others believe that Paul's vision was divine.

At any rate, the great apostle was positively convinced that God had directed him to carry the gospel into Europe. No decision more momentous in the world's history was ever made. It sent Paul and the gospel which he carried in the direction of the empire, to the people who contained possibility of ruling world affairs. It is almost impossible to imagine history if Paul and his party had traveled toward the Orient instead.

Landing at Neapolis, a seaport, Paul and his party proceeded to Philippi an important city of Macedonia. Nearly one hundred years earlier the Roman Republics, Brutus and Cassius had been defeated by the Imperialists, Anthony and Octavius. The nearby city was made a Roman colony in honor of this victory, which meant

Elmer Wilbourne had a serious runaway accident Tuesday night. He was driving into town from the south and in crossing a gully one of his buggy wheels came loose, causing his horse to kick and run. Elmer was thrown out and the buggy overturned and dragged over him, bruising him up pretty badly. The buggy was considerably damaged.

A party of serenaders was out until the wee small hours Wednesday saluting the fair senoritas with the melody of sweet music. J. A. He says that he will move to Haskell county as soon as he can get his milk cows and other stock across the line.

that its citizens had the same privileges as the inhabitants of the home capital. There was no synagogue in Philippi but Paul went to a "prayer-place" of Jewish proselytes and on the Sabbath made his first European convert. ## FEAR SAVES LIFE!

Fear is one of man's most valuable instincts. It is an inner voice that says "Watch out! Take care!" and it kept him from many dangers.

Fear has its place in modern life. The man who is afraid of what may happen to his family is the saving, provident man. The man who is afraid of auto accidents is the man who keeps his car in good repair. The wise man is cautious; the foolhardy man comes to grief. Fear has its rightful place in

advertising. Not in wild "scare copy" that tries to frighten without cause, but in the message that seeks to awaken the reader's instinct for self-preservation and guide it into channels truly helpful both to reader and advertiser. The advertiser who sells insurance, brake service, medical preparations or skid chains has a delicate task and a big responsibility. To him we can offer the help and advice which will enable him to get results without abusing that responsibility.

### Burlington-Rock Island Announces Zephyr Service Between Houston, Dallas, Ft. Worth

Zephyr service between Houston and Fort Worth will be placed in daily operation Sept. 20th by General A. Hulien, President of the Burlington-Rock Island Railroad. Executive Officer of the Texas Division of the railroad is Denver City and Rock Island and

ton Zephyr, will trim one hour and twenty minutes from the fastest service now in effect between these points which is made by the Burlington-Rock Island's "Short Line Flyer." The Zephyr will furnish an additional service over this run—supplementing and not supplanting the "Short Line Flyer."

The running schedule, which will have the practical effect of bringing north and south Texas considerably closer together, and which calls for exactly a minute average speed between Houston and Dallas, is as follows:

7:55 A. M., Lv. Houston, Ar. 11:10 P. M.  
 11:20 P. M., Ar. Dallas, Lv. 7:00 P. M.  
 12:10 P. M., Lv. Dallas, Ar. 6:45 P. M.  
 12:55 P. M., Ar. Fort Worth, Lv. 6:00 P. M.

Intermediate station stops will be made at Waxahachie, Corsicana and Teague, but only for long haul passengers.

The Sam Houston Zephyr will feature all of the latest daytime travel innovations introduced by the streamlined era to further the comfort and luxury of modern rail travel. Completely air-conditioned throughout, this stainless steel speedster is built with articulated trucks which give the three cars the riding quality of a single unit.

The Zephyr is constructed with low center gravity which causes it to hold the rails remarkably well and makes it possible to enter curves at much greater speed than conventional trains, without any discomfort to the passengers.

The very latest improvements in the science of air-conditioning have been used through this train. No windows in any of the passenger cars can be opened—in fact there is no need to open the windows as a generous supply of outside air is constantly being drawn in by means of an electrical suction fan, filtered and cleansed of dirt, dust and other impurities.

The wide Zephyr-type windows in all the passenger-carrying cars are of double plate safety glass. They are hermetically sealed, and the space between each of the double windows is filled with dry nitrogen, which prevents frosting of the windows regardless of the outside weather and assures passengers an unobstructed view of the landscape at all times.

The Sam Houston Zephyr affords accommodations for 22 parlor cars and 56 white coach passengers, and will have a separate compartment for 16 colored coach passengers. Due to this limited capacity and the undoubted popularity which the Zephyr will find with Texas travelers, all the seats both in the coach and parlor lounge will be reserved, sold in advance and individually assigned in advance, but there will be no excess fare.

Both dinette and lunch counter service will be available to passengers on the Zephyr, and a trained hostess, who will doubtless soon be familiarly referred to as the Zephyrette, will be on duty at all times to look after the comfort of the travelers.

Plans for this Zephyr service have long been in the minds of officials of the Burlington-Rock Island and affiliated railroads. General Hulien pointed out that preparations for this service have been rushed in order to accommodate the great numbers from Houston and southern Texas who are expected to visit the Centennial celebrations at Dallas and Fort Worth during the closing months of October and November.

### Royal Road to Learning at Centennial

It's a royal road to learning these high school seniors find along the Esplanade of State at the Texas Centennial Exposition in Dallas. Marjorie Moss (left), Joan Dreyfuss (center), and Ruth Collins kick up their heels because the School Board will give attendance credits for visits of pupils to the Dallas Exposition.

Kennedy, they passed through Seymour shortly after 11 a. m. Sunday in a heavy rainfall. Approaching the railway crossing, Mr. Kennedy was quoted as saying that both he and Mr. Kennedy looked both ways from the highway, but did not see the approaching train. As they reached the rails, the 80-foot gasoline-motored coach struck their car. The crew of the train involved in the accident carried Mr. and Mrs. Kennedy to the Wichita Falls hospital.

The automobile was badly crushed, the railway's "doodlebug" was slightly damaged. The comparatively low speed at which the combination train was traveling as it pulled away from Seymour was credited with having saved the Kennedys from serious injury or death.

Mr. Kennedy is connected with the Shell Pipe Line company.

**BUS SCHEDULE**

### Tree Rings Tell Story of Weather In The Northwest

Periods of good growing weather have alternated with poor ones through the last 650 years, but there has been no general trend toward either a drier or a wetter climate in the Pacific Northwest, according to the records made by tree rings in the forests of northern California and eastern Oregon.

Entomologists of the United States Department of Agriculture—studying the relation of tree rings to drought cycles and bark beetle epidemics—since 1923 have analyzed thousands of measurements from 1,240 ponderosa pines—centuries old—in 44 localities in the northern Great Basin region and in the area drained by the Columbia River.

The growth pattern of these trees, the study shows, has been woven by the weather, the rings increasing in width with increased precipitation. Ring growth has increased or decreased also as the discharge from the Columbia River has risen or fallen.

The tree ring measurements show that, in the area where the study was made, the growth period from 1917 to 1935 was critically subnormal because of lack of precipitation and lowered water tables. However, it does not necessarily follow that a dry year in the Pacific Northwest coincides with a dry one in the Midwest or the East. In several previous dry periods growth was subnormal for a greater number of years. In none, however, was it so far below normal as in the last one. Growth in 1931—the most severe year—was 32 percent of normal.

The average ring growth from 1900 to 1919 was identical with the general average during the past 6 centuries, bearing out the generally accepted theory that climatic history repeats itself through the ages.

### THREE-HOUR WATER SERVICE GOES INTO EFFECT AT KAUFMAN

Kaufman's shortage of water became more acute Monday as the diminishing supply reached the stage that it was necessary for the city council to announce a three-hour service starting Thursday of this week.

Citizens were warned to use as sparingly of the supply as possible and to allow no waste whatsoever. Only light showers have fallen recently.—Kaufman Herald.

## "AND IT'S JUST AS GOOD AS NEW"

An old gentleman was asked what he thought of a local clothing merchant.

"He's all right," declared the old man, "I bought an overcoat from him twenty-six years ago. I paid twenty-five dollars for it, and it's just as good as new today!"

There is a man who has proven again the value of buying at home.

Not all overcoats will stand twenty-six years of hard and continuous service. Not all purchasers want them to last that long. But when you buy an overcoat from a local store, you have every reason to expect your money's worth.

We have not been appointed as special emissary for the Haskell Clothiers, but just as a matter of information, we have seen some wonderful looking overcoats in our home stores. If you are in the market, we would advise you to see these coats. They are good to look at.

And we are ready to believe that most of them, like the one above referred to, will give twenty-six years of service if you give them the same care the old gentleman did.

## Excess Production Over Home Needs In County of Milk, Butter, Eggs, Meat; Deficiency Shown in Vegetable Crop

### District Court—

(Continued From Page One)

R. A. (Fonce) Greenwade was charged by indictment with murder in connection with the death of John Bearden, Rochester farmer, on June 20th. Greenwade at that time was a Rochester peace officer. In an altercation which occurred near the Rochester jail, Bearden was fatally shot, and the officer sustained a stab wound which required hospital treatment.

Second murder count named Mary Culberth, O'Brien woman, charging her with the death of her infant shortly after it was born. The woman has been in custody since the battered body of an infant was found in the outskirts of O'Brien on the night of September 2nd.

Other indictments reported Wednesday included: Earl Turnbow, burglary. Jack Starr, theft of property valued at more than \$50. Marvin Lewis, burglary. Charlie Royall, charged with driving an automobile while intoxicated.

### Defendants Arraigned

Trial of Mrs. Culberth on the murder charge was set for Thursday October 8th, when the defendant was arraigned before Judge Ratliff this morning. Entering a plea of not guilty, bond was set at \$3,500, and Attorneys Johnnie Banks and Walter Murchison were appointed by the court as defense counsel. A special venire of 75 jurors will be summoned today from which to select a jury in the Culberth case.

A special venire of 75 jurors was also ordered summoned for Oct. 18th, when the case of the State of Texas vs. Greenwade is set for trial. Bond in this case was set at \$3,500, which was readily perfected by the former officer.

Trial of Jack Starr, charged with theft of property of the value of more than \$50, was set for Monday October 5th, and bond fixed at \$1,000. Charge of theft against Starr, Eastland resident, came as a result of the recovery of an automobile stolen in this city March 1st.

Marvin Lewis, negro charged with burglary, has also been set for Monday, the 5th. Bond of \$1,000 was likewise set in his case.

### Venire of 75 Summoned for Culberth Trial

er production of these items. An unstable local market for garden products—and at times no market at all—causes the smaller cultivation of fruit and garden vegetables.

With increasing interest being manifest each year in home production of food products, which is being stressed through the Home Demonstration Clubs of the county, the scale is gradually swinging toward a balanced ratio of meat and vegetable products on farms of the county, with the surplus accruing in years of over-production being canned and preserved for future years.

Based on figures compiled by the Cooperative Extension Work, the food requirements for each member of a family for one year are:

Milk 75 gallons; leafy, green or yellow vegetables 100 pounds; other vegetables and corn 200 pounds; potatoes and other starchy vegetables 200 pounds; citrus fruits and tomatoes 100 pounds; other fruits 150 pounds; eggs 17 dozen; lean meat, fish, and poultry 100 pounds; dried peas and

beans 25 pounds; cereals, flour and corn meal 180 pounds; sweets, preserves, sugar, honey, and syrup 70 pounds; fats, butter, lard, salt pork and bacon 40 pounds; pickles and relishes 13 pints.

The food requirement for any sized family can readily be figured from the above table by multiplying quantities of each product listed by the number of persons in the family.
