Game Preserve of 125,619 Acres Is Organized Recently

A county game preserve consisting of 125,619 acres has been organized in Throckmorton county with 45 farmers and ranchmen co-operating in the movement. The preserve is protected by 134 game preserve demonstration signs, and 65,000 acres of the area, all in one block, is well stocked with wild turkey and quail.

Carried To Sanitarium

Mrs. Eilon Stone was removed from her home here this morning to the Stamford Sanitarium for observation in a Jones, Cox & Co ambulance.

AGE ASSISTANCE CHECKS WAIT ON FEDERAL MONEYS

Federal Grant to Match State Funds Needed Before Checks Available

With May checks for approximately 126,000 needy aged ready for mailing, payments this month are being delayed until the federal grant is received from Washington. W. A. Little, acting director of the Old Age Assistance Commission, Austin, Texas, reported today.

"Our understanding is that the Social Security Board is waiting for a deficiency appropriation from Congress and that all the other states are in the same position that we are in. We will mail the May assistance checks immediately upon receipt of the federal matching funds. This might be in a day or so, or it might be a week before the grant reaches Austin.

"When you consider that more than 100,000 needy aged are waiting for their assistance warrants to pay grocers, rental agents, etc., the seriousness of this delay becomes apparent. I ask that people who deal with the aged give them due consideration until the checks can be released," Little said.

He added that the federal money generally is received between the first and tenth of the month. He said that the Texas share of May payments is waiting in the State Treasury.

"Our grant has been approved already for the April, May, June quarter, and we have received and disbursed funds for April. But we have heard nothing of the May June part of the allotment," he declared.

The approved grant for the April, May, June quarter totals \$2,539,807.73, and the April third of it already received and disbursed was \$846,602.58.

Abilene Man Opens Grocery On South Side

J. D. Tyler, who moved with his family from Abilene to Haskell this week, is the latest addition to the ranks of Haskell business firms.

Mr. Tyler has leased space in the Lynch building on the south side of the square, and is arranging a varied stock of staple and fancy groceries in the building. He expects to be open for business Saturday, and invites the people of Haskell to call and inspect his store and stock of goods.

"In coming to Haskell, I believe that I've moved to one of the most wide awake towns in this section," Mr. Tyler said Thursday. Although the building is small, the new proprietor added that he would carry a complete line of standard brand merchandise at all times.

Work Progressing On Remodelling of Fields' Building

Work is progressing rapidly on remodeling of the Fields building on the west side of the square, to be occupied after June 1st by Perry Bros. Co.

A twenty foot extension is being added to the building, which will extend to the alley when finished. Entire front is being remodelled, and brickwork will be completed within a few days, after which a structural glass front and modern display windows will be installed. New oak flooring will also be laid throughout the building.

Toy Balloons To Be Used In Insect Survey

More than 4000 yellow balloons about 8.9 inches in diameter, each carrying a numbered tag to be detached and dropped in the mail by the finder, are to be released in an interesting experiment to determine the effect of winds upon the spread of the cotton flea hopper by the Texas Agricultural Experiment Station and Bureau of Entomology and Plant Quarantine.

Other officers named were Herbert Hilburn, Plainview, first vice president; E. K. Faucett, Del Rio, second vice-president; C. M. Francis, Stamford, treasurer.

Haskell County's Winning Rhythm Band

Here is the winning rhythm band of rural school in Haskell County, pride of the Howard School, District 29. There are 19 children in the organization, coached by Mrs. Wavie Starr, primary teacher, and their repertoire includes Beethoven's Minuet in G, Amarylus, Norwegian Mountain Dance. Pictured are: Seated, left to right, Leroy Medford, Dumphy Green, Raymond Medford, Alton Cox. Standing, Director Virginia Mae Cox, Geraldine Thane, Margaret McDonald, Patsy Ruth Weaver, Wayne Wells, Juanita Aaron, Joel Jack Medford, Ruby Mae Dean, Layne Wells, Louie Livengood, Harold Dean Davis and Jane Davis. Other members, Buddie Grand, Joyce Grand and Bonnie Medford, did not get into the picture.

GRAND JURY VOTES 5 INDICTMENTS AFTER SESSION OF TWO DAYS

At a previous three day session at the beginning of the term 14 true bills were reported, making a total of 19 bills returned during the current court term. Two of the indictments voted Wednesday were misdemeanor bills, the remainder felonies. During the entire session, 154 witnesses were examined, largest number to appear before a similar body in a number of years, court officials stated.

70,000 ACRES IN COUNTY INCLUDED IN SOIL PROGRAM

Approximately 70,000 acres of range land in Haskell county has been signed up for participation in the government's 1937 soil conservation program, according to John S. Rike, range inspector for this county. This total does not include several thousand acres owned by the Swenson and Reynolds interests that are included in Throckmorton county totals.

Final date for signing up in the 1937 program is Saturday May 15th, Mr. Rike announced, and farmers and ranchers desiring to earn the benefits payments allowed must cooperate their applications by that date.

James Meeker Is Given Chance to Survive Injuries

James Meeker, Stamford youth believed fatally injured Sunday night in an automobile wreck near Avoca, was given a "fifty-fifty" chance to recover Thursday by surgeons in the Stamford Sanitarium where he has undergone two serious operations.

Surgeons Tuesday afternoon removed a glass particle from the youth's brain, and in a second operation Thursday afternoon removed a bone fragment from the outer skull that had been driven into the brain.

Despite the seriousness of his injuries, Meeker has been conscious most of the time since the accident, attendants said. He is the son of Mrs. Fannie Meeker, employed in this city by the Wichita Valley railway. Mrs. Meeker has been at her son's bedside since Sunday night.

Wichita Falls Is Chosen for 1938 W. T. C. C. Meet

Wichita Falls was selected as host city for the 1938 convention of the West Texas Chamber of Commerce at the closing session of the 19th annual convention in Brownwood Wednesday.

Milburn McCarty, Eastland attorney was elected president to succeed Van Zandt Jarvis of Fort Worth. D. A. Bandoen was made manager for the seventh consecutive year.

An award naming Jim Wilson of Floydada as the best all-around director of the organization was announced. Ben J. Dean of Breckenridge won first place in the home town speakers contest.

CRIMINAL DOCKET UP IN DISTRICT COURT NEXT WEEK

Ten Cases Set for Trial In Closing Week of April Term

Ten criminal cases have been set for trial in District Court next week, last week of the current term, a check of the docket reveals. Thirty-six Petit Jurors have been summoned for the week.

Set for trial are the following cases: State of Texas vs J. T. Alexander, charged with burglary. State of Texas vs J. M. Burson charged with burglary in four cases. State of Texas vs Harry Sims, colored, charged with burglary in four cases.

State of Texas vs Floyd Tidwell charged with theft of chickens. Another criminal case, developing from an indictment returned by the Grand Jury Wednesday, may be set for trial during the week. Principal named in the indictment, charged with swindling, had not been arrested Thursday.

Two Divorces Granted With this week set aside for non-jury civil cases following dismissal of the jury panel Monday, court activities have been slack. Two divorces were granted Wednesday, both uncontested.

JUD FARMERS TO IMPROVE STAPLE OF COTTON CROP

Over 1,000 Acres of Qualla Cotton To Be Planted In That Section

More than a thousand acres of long staple cotton will be planted in the Jud community according to reports received by county agent B. W. Chesser, Cy Tankersley, owner of the gin in Jud, helped the farmers to get enough Qualla cotton seed for practically every farmer in the community to plant a part of his farm in this improved variety of cotton. E. L. Florence working with Mr. Tankersley, purchased and distributed the seed last week.

Many farmers in Haskell county have been talking about improving their cotton but the people around Jud got with their ginner and went to work. More than fifty farmers met in the Jud school house last March 25 and discussed the advantages and ways of improving their cotton. Mr. Chesser brought out in this meeting that there is a greater difference between the price paid for the long staple cotton and the short staple now than any time in the past.

Seymour Will Be Host To Singers Sunday May 16th

Seymour will be host to several hundred singers of West Texas next Sunday May 16th, when the annual singing convention of Baylor county will be held at the City Hall in Seymour, beginning at 10:30 o'clock Sunday morning. A basket dinner will be spread at 12:30 o'clock, according to A. H. Golden, convention president.

Man Indicted for Burglary Faces Federal Charge

Federal officers from Abilene were in Haskell recently and took into custody J. T. Stout, Jones county resident who was indicted for burglary of a filling station in the south part of the county on April 20th.

Officers stated that Stout would be charged with violation of the Federal Motor Vehicle Act, in securing his release from Haskell county officers. His trial on the burglary count had been set for Monday May 17, the court docket reveals.

Mr. and Mrs. T. J. Arbuckle accompanied his mother to Elgin, Texas Thursday morning, where she will spend the summer with another son.

SOUTHEAST PART OF COUNTY GETS LARGE SHARE OF MOISTURE

Quarter of Inch Here Boosts Total For Week To .70 of Inch

While this immediate vicinity was enjoying a quarter of an inch of moisture late Wednesday evening which boosted the total precipitation for the week to .70 of an inch, the south and east portions of the county were visited by heaviest rains of the year, according to reports of farmers in the Post, Howard and Irby communities.

Hail accompanied the downpour in some localities. Around Post and McConnell quite a bit of ice fell with the rain, but did no damage. East of Haskell several miles some farmers feared that scattered hailstorms had damaged grain and young feed.

Heavy rains were reported as extending roughly in that section diagonally across from Stamford to the east county line. In the McConnell and Post sections, the precipitation was estimated at an inch and a half. In the Howard community some farmers believed that at least three inches of rain fell, and similar estimates were voiced concerning the downpour in the territory eight to twelve miles east of town.

In the northeast part of the county the rain was light. Sagerston, Rule, and Rochester reported light showers.

Will Benefit Grain Grain, and especially wheat, will be greatly benefited in those sections where one-half an inch or more rain was received, in the opinion of many farmers. In many instances wheat was in the "dough" stage and the additional moisture will insure full maturity of the grain.

Approximately 50,000 acres has been sown to small grain in the county this year, an estimated increase of 10 per cent over last year. Of the total acreage, it is estimated that 40,000 acres has been planted in wheat.

Singers of West Side To Meet At Pinkerton Sunday

The West Side Singing Convention will meet at the Pinkerton Church Sunday afternoon, May 16th, at 2:30 o'clock, according to A. D. Lewis, president.

Singers of that section are planning an excellent program for the afternoon, and extend a cordial invitation to singers from over the county to attend and take part in the singing.

An invitation has also been extended to the public in general.

Hon. Clyde Grissom Will Be Principal Banquet Speaker

Hon. Clyde Grissom of Eastland, member of the 11th Court of Civil Appeals and former judge of the 39th Judicial District, will be the principal speaker at the annual banquet of the Haskell County Bar Association to be held in this city Saturday evening May 22nd.

Expected in attendance are a number of prominent lawyers and higher court officials, including the entire membership of the Court of Civil Appeals. Invitations have been extended to all attorneys in the 39th district.

With Ben Charlie Chapman, district attorney, as toastmaster, the following program has been arranged: Invocation—Fred Stockdale, As permanent. Welcome Address—Judge Dennis P. Ratliff, Haskell. Response—Hon. Jim Kendall, Munday. Five minute Talk by each member of the Court of Civil Appeals. Address—Judge Clyde Grissom, Eastland. Adjournment.

Files Complaint After Neighbor Threatens Life

A complaint charging disturbance of the peace was filed in County Court Thursday morning, in which a well-known farmer of the Rochester section was named defendant, after he had allegedly abused and threatened the life of a neighbor, who signed the complaint before Walter Murchison, county attorney.

Senior Snapshots

Although he has been in our school only two years, Lowell Shelton is one of the most outstanding students. He is active in class activities and is one of the best liked members. One reason for his popularity is that he is considerate of everyone and has never been known to shirk his duty. He is very interested in history and makes excellent grades in this subject.

point in our favor, for the decided to eat our ice cream in mid-afternoon to keep it from melting. In spite of this however, none lack appetite when the picnic lunch was spread at about 5:15.

The class sponsors, Mr. Bowers and Miss Vick and four class parents, Mrs. Lowe, Mrs. Carmichael, Mrs. J. Atkins and Mr. Free went with the sophomores on this occasion.

Sung Going On Freshman Picnic

(Tune to "Organ Grinder's Swing")

Who's that going down the street? Must be Freshmen going to the creek.

What they gonna do down there? Eat and swim and have a big affair.

Sung Coming Home

Who's that coming down the street? Must be Freshmen coming from the creek.

And what did they do down there? Ate and swam and had a big affair.

Did they have a lotta fun? Yes! With Wimbish and Ma-a-son. Now we are homeward bound—No one lost and no one found.

The seniors are very proud to have this outstanding member and wish him a continuation of success and popularity.

Coming to Haskell last year from Stamford, Billy Vogelsang is a student who is appreciated by his classmates. He is naturally very quiet, but it seems that during his quiet days he has been making rapid progress. Not only is he a star baseball player but he is very interested in agriculture, being a member of the F. F. A. He is studious and at the same time takes part in outside activities. In fact he is an all-around student.

This completes the list of seniors of 1937.

Sophomores Enjoy Picnic On Friday

A picnic at Scott's Crossing on last Friday afternoon gave the sophomores a very enjoyable half holiday. The weather was perfect for an afternoon out of doors and the hillside were covered with flowers. Although it was a bit hot for a while, that was really a

Dependability

To be ready to serve at a moment's notice; to be ready to serve loyally and well at all times; such is a part of the task of a dependable funeral director. Such for 30 years, has been a duty faithfully performed by the firm of Jones, Cox & Company.

Fish Take Outing At Scott's Crossing

"Oh goodie! A picnic! And we get to go swimming too!" These were just about the only words you could hear from last Monday afternoon until Wednesday noon.

We bet you're murmuring, "How nice and cool that sound. Who had a picnic anyway?" Well, we're telling you—the Freshmen did.

All of the classes have been allowed a holiday to have a picnic and as the Freshmen are "so small"—they had theirs first.

So about one o'clock Wednesday the Freshmen started on their way to Scott's Crossing. Most of the girls were garbed in slacks, shorts or divided skirts, and most of the boys had their old overalls or trousers on. One of the boys had to hold on hard to his hat to keep the girls from getting it—it was off.

Of course, Mrs. Wimbish said she couldn't handle all those kids by herself. There must be some mothers. So Mrs. Watson, Mrs. Hightower, Mrs. Conner and Mrs. Heister went along to help her take care of those kids.

We got down there about two o'clock and after unloading our selves the ones that could get in swimming jumped in. The others climbed the mountains, took pictures or sat on the bank and watched the others squeal when they hit the water. It was cold.

After the "fishy" ones had been in about an hour, Mrs. Wimbish called and told them it was time to get out, because they might take a bad cold and couldn't work that nice algebra for Thursday.

Then when the chattering of teeth was over and after all the dry towels, were wet, they all settled down to climbing the mountains, taking a sun bath on the crossing, washing for some cream to put on that blistered place, and swinging.

Mrs. Wimbish and Mrs. Mason who went along to chaperone her husband played pool, while the less energetic ones played dominoes. The quilts spread over grass made excellent card tables. While all were thus entertaining themselves, Mr. Mason settled down to running around with his first kid to see if he could find someone who needed it.

About five, when she found we couldn't stand it any longer, Mrs. Wimbish had the lunch spread. Then after eating for about an hour we all hopped on and in, and started home. Everyone said he had the best time he had had in a long time.

Letters of Inquiry

Mr. Storekeeper,
 Dear Sir:
 I bought a clock a few days ago from your store. The hands are there, but I can't find the fingers to them. Could you tell me where they are?

Yours affectionately,
 Helen Mabel Baldwin.

Dear Mr. Toothbrush Man:
 I saw an ad in a paper about toothbrushes. It was the same kind I have now. My tooth brush is no good. I have used it right on to thirty years and the bristles are beginning to fall out.

Yours Sincerely,
 James Roy Akins.

Optical Company,
 Dear Mr. Specks:
 I bought some glasses here yesterday and just found out they won't hold water. What shall I do about them?

Hopefully yours,
 Elsie Ghoulson.

Dear Mr. Butcher:
 Two days ago I bought a chicken at your market and asked how I should fix it. You told me to stuff it. But when I got home, I found that it was full of stuff already. What will I do now?

Yours truly,
 Addie Lee Hayes.

Cleanly Cleaner Co.,
 Dear Mr. U. R. Enamel:
 I cleaned our bath tub for the first time since it was bought, and all the family is complaining about the loss of the ring that was on it. Will you please tell me what to do about this catastrophe.

Very respectfully yours,
 Geraldine Conner.

Bagtime Sporting Goods Co.,
 Burro, Carry 2,
 New Jerk, N. J.
 Dear Sir:
 I am a clerk in the wrapping and packing equipment store. I found that the work was hard on my hands, so I bought a pair of boxing gloves, but they hinder my work instead of helping it. Will you please refund my money?

Wistfully Waiting,
 Edwin Roberts.

Dear Druggist:
 I bought some "2 in 1" shoe polish and tried it on some black shoes and white shoes. The white shoes turned black. Please send me five dollars for another pair.

Yours truly,
 Anne Barnett.

Dere Cistern:
 My dere pig died day behind yesterday. I want you to come and be one of the polar bears.

Yore dere brothern,
 T. J. Watson.

Newsless News

Personal (Omitted last week)

Lloyd McMillan made a business trip to Rule last week. The business being Nadene A. Heley. He was accompanied by Winston Watson and Artie Pippen.—What would Geneva Q. do if Dorsey and Don had the same nights off?—We know that Sydney Cook has a blond (or was she a brunette) in Rule.—Jean swallowed a blade of grass while on the Fish picnic and had to have it removed by the doctor.—Jean, remember that you are a "fish", not an animal.—Duffer what kind of a magazine were you reading the seventh period Friday? Believe I would keep it down in the seat, too, if I were you.—Tom K. never gives the girls a chance. (There are two seniors that are waiting—know who they are?)—We wonder where eight certain Sophomores went on their picnic Friday?—"Is It True What They Say About Marjorie and Albert?"—Boys, be careful! The girls are planning a strike. (The reason is to be kept a secret until school is out). Especially does this apply to Jimmy C. and Lon Mc.—The seniors received their invitations last week and the post office rush has really started. Have you gotten yours?—We wish Delman would make up his mind. (About which girl we mean).—Say Marie, who is this Stamford gink named Tommy?—R. F. H. still makes his regular trips to Rule, accompanied by Mont.—Congratulations Anne, on the diamond. Why can't we all be lucky?—We wonder what Rochester boy holds the interest of so many Haskell girls.—Time out please.—We wonder if Budgie and Ellis were just trying to show off at the swimming pool Sunday, because some Knox City girls were present.

Side Remarks

Just two more weeks to go after this! Class picnics began last week with the fish taking off Wednesday afternoon and the sophomores celebrated all day Tuesday, leaving the juniors due to go on Friday. We hope rain don't interfere.

We mentioned in last week's issue that a "clean up" campaign was to start last week. We just want to remind all of you students that it is still going and will continue through until school is out. So we suggest that you bring your crasler to school, or get a piece of art gum and help by removing the marks and blemishes from the seats and tables.

The "heap big seniors" still have another date this week besides the picnic—that of a banquet to be given them by the Baptist Missionary Society.

We seniors still think the junior senior banquet was a great success and to the juniors we again extend our heartiest thanks and appreciation.

Another event of importance to seniors last week was the arrival of the invitations and personal cards. Therefore seniors are having a busy time sending invitations and trading cards.

Choral Club Attends Tea At Stamford

Last Wednesday afternoon the H. H. S. Choral Club dressed in their black and gold uniforms went to Stamford to attend a silver tea the Stamford High School Choral Club was sponsoring. Besides the Haskell guests a large number of Stamford women were present. After the tea hour the following program was rendered:

"Boo-Hoo"—S. H. S. Choral Club.
 "Mighty Lak a Rose"—H. H. S. Choral Club.
 "The Rosary"—H. H. S. Choral Club.
 "Trust In Me" (solo)—Mary Louise Gainer.
 "Little Old Lady"—S. H. S. Choral Club.

Several of the members of our club were unable to attend the tea but those who went reported a very enjoyable time.

Evelyn Adcock visited in Lamesa over the week end.

Seniors Receive Invitations

The invitations ordered several weeks ago for the senior class were received Wednesday May 5. They were ordered from the same company as the class rings and were distributed Wednesday morning by Miss Davis. Personal cards were completed to correspond with the invitations by the Haskell Free Press.

The invitations are embossed and contain an Indian head in black on the inside of the cover. The senior class snows and feels as much pride in these attractive invitations as they have in all other articles necessary to all seniors. The seniors have also been fitted for their caps and gowns and diplomas have been ordered by Mr. Breedlove.

Buster Ghoulson, Paul Kuenstler and Labery Ballard attended the six o'clock at Abilene Sunday.

Keeping Tab On The Exes

Mary Helen Chitwood, a member of the 1932 graduating class, has recently been made assistant County Demonstrator in Henderson, Texas. She is the supervisor of twenty clubs of 4-H girls. Mary Helen received her degree from North Texas State Teachers College in Denton and was given this position shortly after her graduation. We hear she is making a great success of her work and we are very glad to receive such a glowing report from one of our ex-seniors.

Ruth Woodson entertain a guest from Stamford Sunday.

paragus tips on about 1 1/2 to 2 in- ing 3 then 3 over row of hard boiled pped fined. Next row of pickles chopped row of pimientos pieces. Serve with

Date Nut Cake
2 lbs. dates
1 lb. pecans
1 cup Best Biscuit flour
1 1/2 tspn salt
4 eggs
1 cup sugar
1 tspn K C baking powder.
1 tspn vanilla
Remove stones from dates and cut into small pieces. Add nuts broken into small pieces, sugar, flour, baking powder and salt. Whip eggs until light and add to above mixture, add vanilla. Bake in loaf pan 1 hour—350 degrees.

Boston Cream Pie
1 1/2 cup Mrs. Tucker's shorten- ing.
1 cup sugar
2 eggs well beaten
1 1/2 cup milk
1 3/4 cup Best Biscuit flour.
1 1/2 tspn salt
1 1/2 tspn vanilla
2 tspns K C baking powder
Cream shortening and add half the sugar gradually. Add remain- ing sugar to egg. Combine mix- tures Mix and sift flour and bak- ing powder and salt and add al- ternately with milk to first mix- ture. Add extract. Bake 30 min. at 250 degrees. Bake in frying pan split to make 2 layers.
Chocolate filling:
2 squares unsweetened chocola- te
1 cup powdered sugar
3 tbsps milk
3 tbsps milk
1 egg yolk
1 1/2 tspn vanilla
Melt chocolate over hot water (do not let water boil) add half the sugar and milk, add remaining sugar and egg yolk. Cook in dou- ble boiler until thickened, stirring constantly at first, so that mixture may be perfectly smooth. Cool slightly, flavor and spread.

FUN with FACTS

THE FUN

1. In a room darkened so that you can barely distinguish articles, stand over or near an unlit light. Pick out some picture or object across the room. Turn on the light for 8 or 10 seconds, then turn it off. Try to distinguish the object on which your eyes were focused.

2. Place a match box or other small article on the edge of a man- dlepiece or have someone hold a pen- cil vertically at eye level. Walk

THE FACTS

away six or eight feet. Close one eye tightly. Walk forward and try to place the tip of your finger on the object.

1. Notice that there is quite an appreciable interval before the ob- ject becomes visible again. This nearly duplicates driving conditions at night with headlights of an ap- proaching car. During the several seconds which may elapse before maximum vision returns, your car may travel more than 100 feet. (40 M.P.H. = 60 feet per sec.)

2. Without the unobstructed vi- sion of both eyes, it is difficult to judge distances accurately.

Travelers Safety Service

ture. Add extract. Bake 30 min. at 250 degrees. Bake in frying pan split to make 2 layers.
Chocolate filling:
2 squares unsweetened chocola- te
1 cup powdered sugar
3 tbsps milk
3 tbsps milk
1 egg yolk
1 1/2 tspn vanilla
Melt chocolate over hot water (do not let water boil) add half the sugar and milk, add remaining sugar and egg yolk. Cook in dou- ble boiler until thickened, stirring constantly at first, so that mixture may be perfectly smooth. Cool slightly, flavor and spread.

Molden Salmon-Horseradish Sauce
2 cups salmon
3/4 tspn salt
1 1/2 tbspn sugar
1 1/2 tbspn Best Biscuit flour
1 tspn mustard
Few grains cayenne
2 egg yolks
1 1/2 tbsps. melted butter.
3/4 cup milk
1 1/2 cup vinegar
1 tbspn granulated gelatin
soaked in 2 tbsps cold water.
Rinse salmon thoroughly with hot water and separate into flakes. Mix dry ingredients, add egg yolks, butter, milk and vinegar.

Coffee Frappe
4 cups fresh hot Admiration coffee.
1 cup sugar
Pinch salt
Add sugar to coffee. Cool and add 1 tbspn vanilla. Freeze. Serve in frappe glasses with whipped cream.

Sour Cream Chocolate
2 squares chocolate
2 cups sugar
2 1/2 cup sour cream
1 tspn vanilla
1 1/2 tspn salt
1 1/2 tspn vanilla
Melt chocolate in pan over hot water (not boiling) add sugar and when well blended add sour cream slowly. Stir and bring slowly to boiling point and boil with- out stirring to 232 degrees or un- til a soft ball is formed when a

Growth Buttresses Texas Bid For New Industries

Population trends — the heralds of expanded markets, sales and profit—are hastening Texas' selection as manufacturing and dis- tribution point for major indus- tries, a survey of the All-South Development Council, released from Dallas points out.

Overcoming the stumbling block which in past years has prevented greater industrialization of the Lone Star state, the 100 per cent growth of Texas population since 1900, plus its proximity to the only other two regions which showed larger gains, namely the Pacific Coast and the Rocky Mountain states, is buttressing the campaign now under way, the Council states, to bring to this state new industries with their benefits of increased employment and larger payrolls.

Although the Pacific region showed the record gain of 262 per cent since the turn of the century, followed by the Mountain states' population growth of 124 per cent, the selection of Texas as the dis- tribution point is forecast, due to the additional factor of growing Latin American trade, the Council feels.

Evidence of the upturn in Texas development as a consumer goods producing state is contained in the announcement that in Dallas alone a total of \$1,000,000 worth of in- dustrial building for this type of manufacturing is scheduled to be- gin within the next 60 days. "We are getting more live, businesslike inquiries from nationally known firms than at any time in 20 years," said Clyde Willis, indus- trial manager of the Dallas Cham- ber of Commerce, who is quoted in the report.

In the opinion of experts who are analyzing population, market, and manufacturing trends, one of the most important factors which is coming into the equation, par- ticularly in the south, is that of state policies of taxation. Tax exemption laws, severance tax laws, and other forms of legisla- tion affecting industry, the Coun- cil reports, are being scrutinized with increasing thoroughness by industries committed to decentral- ization policies.

In this connection Texas lags behind several of the other south- ern states. "With other states leaning over backward to court industry, the threats of the cur- rent Texas legislature to add fur- ther tax burdens to natural re- source industries and to revise state franchise imposts drastically upward, may frighten off capital that otherwise would flow in this direction," the report concludes.

Perkins-Timberlake Co.

GRADUATION Gift SPECIALS

We're ready... with a complete assortment of gifts for the boy and girl who will graduated this year, from the grades up to college stu- dents.

For The Girl:

Purses, Bags

Society

Knitting Circle Meets With Mrs. Carl Arbuckle

Members of the Knitting Circle met with Mrs. Carl Arbuckle Wednesday afternoon for their regular meeting. The entertaining rooms were very attractive with roses of various colors. After several hours of knitting, Mrs. Arbuckle served a delicious refreshment plate to Mrs. Geo. Herrin, Mrs. Douglas Brown, Mrs. Sam T. Chapman, Mrs. Bob Herrin Jr., Mrs. Wallace Ruff, Mrs. W. J. Green, Mrs. T. J. Lemmon, Mrs. T. J. Arbuckle, Mother Arbuckle and Mrs. Sam A. Roberts.

Sewing Club Organized

The "Sunshine Sewing Club" was organized Tuesday afternoon at a meeting of interested young matrons in the home of Mrs. Jack Ratliff. After the organization had been perfected, the following officers were elected:

Mrs. D. A. Jones, president; Mrs. Frank Curry, vice president; Mrs. Virgil Sonnemaker, treasurer; Mrs. Jack Johnson, secretary. For a motto, the group selected "True Blue" and adopted "Eyes of Texas" as the club song. Red, white and blue are the club colors.

Next meeting of the Club will be held Thursday, May 20th in the home of Mrs. Jack Johnson, at which time invitations have been extended to a number of prospective members to join the Club.

Contract Bridge Club

Mrs. Marvin Branch was hostess to members of the Contract Bridge Club with a few guests at her home Tuesday afternoon. After the usual games Mrs. Terry Leeman was given the prize for highest score for members and Mrs. Hugh Ratliff of Shreveport, La., high for guests. A dainty refreshment plate was passed to Mrs. French Robertson, Mrs. Terry Leeman, Mrs. W. G. Forgy, Mrs. Bert Welsh, Mrs. Walter Churchill, Mrs. Hugh Ratliff of Shreveport, La., Mrs. E. C. Chapman and Miss Geraldine Hunt.

Blue Bonnet Home Demonstration Club

"There is nothing I like better than coffee cake, but my family enjoys hot rolls best of all the yeast breads," said Mrs. John Graham to the members of the Blue Bonnet Home Demonstration Club which met in the home of Mrs. Floyd King, Thursday, May 6.

Each member answered roll call with, "Yeast Breads My Family Enjoyed." Mrs. Lewis Clark gave a demonstration on cinnamon rolls and also the recipe for basic sweet bread.

2 cakes Magic yeast soaked in 12 cup lukewarm water, 1 pint sweet milk scalded and cooled, 12 to 1 cup butter, 2 level tea spoons salt, 1 1/2 cups chopped nuts if desired, 3/4 to 1 cup sugar, 2 to 4 eggs, rind and juice of 1 lemon, 12 level teaspoon nutmeg, 8 or more cups flour. Soak cakes, scald milk and cool, cream together butter, salt and sugar. Add beaten eggs, lemon and spices and

soaked cakes, work in enough flour to make soft dough beat or knead until smooth, let rise until next morning. Knead down, let rise 1 1/2 hour. Bake. Mrs. Clark gave the council report. Mrs. Joe Holcomb directed a 10 minute recreation program.

Mrs. A. C. Denson, our chairman was selected delegate to attend the short course at A. & M. College. We were very glad to have Mrs. J. E. Place as a visitor.

Refreshments were served to the following: Mesdames, J. E. Place, A. C. Denson, B. Seltz, E. F. Richards, Will Hines, Homer Hines, Lewis Clark, M. E. Carothers, Less Lewis, Howard Bailliff, John Graham, Joe Holcomb, O. J. McCain, Floyd King, Ed Conner and Miss Nora Walters. Reporter

Mrs. A. C. Pruitt Hostess to New Cook Club

The value of salt, sugar and shortening in yeast bread was the discussion Miss Mildred Vaughan gave in the club meeting.

The program was opened with a song, "My Mother's Bible" by the entire group. During period devoted to business, tentative plans were made for a field trip to the Texas State College for Women (CIA) in Denton, May 21.

A short program was introduced by program chairman, Mrs. John Baugh. Mrs. H. H. Hines and W. P. Hines entertained the group with vocal duet, "Mother and Home" Mrs. L. A. Singleton gave a reading, "Mother O' Mine." Miss Vaughan give helpful demonstrations on baking yeast bread.

Those enjoying the occasion were Mesdames Carol Leon, W. H. McCandless, John Baugh, Bill Pennick, Joe Lowrey, Sam Warren, H. H. Hines, Leon Cannon, W. P. Hines, L. A. Singleton, O. L. Yarbrough, Roy Fletcher, Alie Parson, Jake Wheeler, A. C. Pruitt, John Vernon, Ben Kittley, Jess Bell, John Brock, O. B. Vernon, Misses Mytha Singleton, Bonnie Jean Sellers and Christene Pennick. The club adjourned to meet May 21 in the home of Mrs. Bill Pennick, home food supply demonstrator. A demonstration will be given on variation of yeast breads. Visitors always welcome. Assistant Reporter.

GILLIAM CHURCH OF THE FOURSQUARE GOSPEL

Sunday 10 A. M.—Sunday School. A class for everyone. Come, get in on our contest beginning May 16th. You have a chance to win a beautiful Bible.

11 A. M.—Morning Worship—"Flesh Pots of Egypt"
8 P. M.—Evangelistic Message—"What is Wrong With The Church?"

Saturday 8 P. M.—Crusader Service, young people taking charge.
Wednesday 8 P. M.—Bible Study and Prayer Meeting. Everyone Welcome.—Rev. J. E. Thompson, Pastor.

Mrs. Barton Welsh returned from Houston last night after several weeks visit with her parents, Mr. and Mrs. Jno. E. Robertson. Mrs. Robertson has been quite ill but is improving slowly. Mr. Welsh met her in Fort Worth for the return trip.

Billy Rose Chooses Six 'Beautiful Ladies'

The six most beautiful girls in Texas State College for Women, Denton, were selected by Billy Rose from among the sixteen class beauties presented at his Casa Manana Revue in Ft. Worth last October. His choices of one beauty from each class and two at large were kept secret until the Senior Formal Prom. The chosen girls are Misses Catherine Pool, San Antonio, chosen at large; Louise Carter, Dallas, Junior beauty; Olivia Bishop, San Antonio, Senior beauty; Constance Wright, Mulvane, Kansas, Sophomore beauty; Mary Frances Greenwood, Farmersville, Freshman beauty; and Joy Hawley, Denton, chosen at large.

SOME REASONS GIVEN FOR NON-CHURCH ATTENDANCE

The reasons people give for staying away from church would sound rather ludicrous if applied to some other institution. For instance let us suppose them applied to a movie.

1. I'm out of the habit of going to the movies, so I'd better not go tonight.

2. I haven't been to the movies in so long the wall would fall in if I should go.

3. I know a man who has gone to the movies for years and he is no better than I am.

4. There are as many good people outside the movies as inside.

5. Too many hypocrites attend the movies.

6. I wouldn't fit in the same movie with So and So.

7. The performers get more money than I do—why should I keep them in better circumstances than I am.

8. I don't like the people in charge of the movies.

9. I can get the same relaxation and inspiration that I get at the movies elsewhere.

10. I stay away from the movies because I had to go as a child.

11. I need new clothes before I can go to the movies.

12. I have a friend visiting me and he didn't want to go to the movies.

And there are hosts of others. What's the sauce for the goose ought to be sauce for the gander. What is an excuse for absenting ourselves from our church on Sunday ought to apply with everything else we have to do with. We see the same folks on Sunday that we see everyday of the week. Maybe some do not have clothes that appear as nice as others. There is never any hesitancy in going into the bank to get money. If you

should receive a letter this morning that a fortune had been left you at the bank there'd be no question about clothes. There are things to be had by everyone worth more every Sunday morning. Eternal values.

Look at it fairly, squarely, and conscientiously. Why do you not go? List the reasons in your mind. Now look at them. Are they real reasons after all?

Weigh the matter well. Go to church Sunday. You owe it to the church. You owe it to your family. Be honest. Don't you agree with us? Alright, make your plans to be in service Sunday. There is a church of your own choosing

or preference here. Attend it Sunday. Go to Sunday School Sunday morning. That's fine. Now keep the resolution.—Contributed.

NOTICE TO BIDDERS

Bids will be received by Haskell County at the Court House at Haskell, Texas, until 10 o'clock a. m. on May 29th, 1937, for the purchase of One Full Diesel Crawler Type Tractor 60 Draw Bar or more and a 60 Caterpillar Tractor to be taken as part payment, and notice is given that warrants will be issued in the maximum of \$6,000.00, payable serially, last maturity not later than 1942, bearing interest

at the rate of 6 per cent per annum, interest payable semi-annually.

The right is reserved to reject all bids.

CHARLIE CONNER,
County Judge, Haskell County, Texas.

CARD OF THANKS

I want to thank the Roberts community for the flowers given to me on Mother's Day and also for the Mother song dedicated to me and sung by Loretta Stanford and Alice Atchison. It was a pleasant surprise for which I am grateful. May God bless you all.—Mrs. W. F. Weaver.

Carried to San Antonio. Ocie Carruth was in mourning Sanitarium where he was carried for head injuries received in mobile accident. She made the trip in ambulance.

County Clerk James and District Clerk were in Abilene, Texas, for official business.

Mr. and Mrs. E. L. Carls, New Mexico friends and relatives first of the week.

Annual Short Course Are Set

The 28th annual Short Course of the College have been set for 1937, according to a statement made by the Service supervisor, Mr. J. W. Snyder, who is chairman of the Short Course. This year will be held for five days, Snyder said. The Short Course will be held at the home of Miss Bess Ed. The chairman of the program committee, Mr. J. W. Snyder, will be in charge of the education. The gathering will be a special administrative course. All provide accommodations for home members, and club girls who are all parts of the Short Course. The chairman of the Short Course is Mr. J. W. Snyder. The chairman of the Short Course is Mr. J. W. Snyder. The chairman of the Short Course is Mr. J. W. Snyder.

Instant Cube Release Feature of New Frigidaire

Gone are the days when tugging, chopping, twisting gymnastics are necessary to obtain ice cubes from an automatic refrigerator, says H. C. King local manager for the West Texas Utilities company—Frigidaire dealers. Shown above is the new and efficient instant cube release feature in the 1937 Frigidaire. Developed in the research laboratories of the Frigidaire division of General Motors this new type ice tray makes available instantly and with no effort on the part of the user from two to a dozen or more cubes doing away with the necessity for holding trays under the water faucet and losing up to 20 per cent of the ice content in meltage. One grasp: the tray firmly with one hand, lifts the lever with a finger of the other and there are the cubes ready for use without fuss or muss.

Grand Jury—

(Continued From Page One)
 tions regarding needed repairs and changes, including remodeling the third floor, formerly used as a jury room, into a ward for women and juveniles.
 Judge Dennis P. Ratliff, in accepting the final report, commended the jurors highly for their efficient and diligent work during their sessions.
 Report of the body is given below:

Final Report

"We, the Grand Jury of Haskell county, Texas, for the April Term 1937 of the District Court of Haskell County, Texas having been in session 2 days at this time and having examined at this time 86 witnesses, and having returned at this time 5 indictments and having been in session for the term for 5 days and having returned during the entire session 19 indictments and having examined during the entire term 154 witnesses.

"We have examined the jail of this county and respectfully recommend that the Commissioners Court furnish the Sheriff with sufficient paint to paint those portions of the jail needing paint and suggest that the old Jury Room be repaired and fixed for a ward for women and juveniles and that the jail be cleaned before it is painted.

"We wish to express our appreciation to the Sheriff and his Deputies and to the District and County Attorneys for their help and cooperation during the entire session of the Grand Jury.
 "Feeling that our work is finished for this term we respectfully request that we be permitted to adjourn at this time for the term. Respectfully submitted,
 J. A. Abarnatha,
 Foreman.

L. D. Ratliff, Sr. made a business trip to Anson Wednesday morning.

Yard Improvement Work Carried On Northwest Texas

County home demonstration agents in Northwest Texas have been kept busy with yard improvement demonstrations in recent months, and the indications are that a record number of home demonstration club women will add a number of improvements to their home surroundings during the present year.

In Fisher county the assistant home demonstration agent gave 18 demonstrations on lawn improvement to as many home demonstration clubs. Members of these clubs have prepared 45 cutting beds in which amur river privet, wax leaf ligustrum, euonymus, bridal wreath, rose, wisteria, crepe myrtle, azalea, jasmine, and salt cedar cuttings have been set out.

A windbreak planting set out February 11 on the C. R. Webb farm, also in Fisher county, is putting out leaves, and it appears that every tree will live. The planting is designed to cut down wind and dust around the house.

A grease trap which has been installed at the home of Mrs. Cliff Jay, yard improvement demonstrator of the Roby home demonstration club in Fisher county, will enable her to use water from the sink and bath for her lawn and shrubs.

In one month, March, home demonstration club members of Lamb county set out 410 trees, 707 shrubs, and put 430 cuttings

MYSTERIOUS GOLD

There are not many Americans who understand the importance of gold in promoting world trade and the writer does not pretend to be among the few experts who do. Nevertheless, it is interesting to learn that the gold stocks of the United States passed the eleven billion dollar mark a few days ago and that this country has more gold on hand than ever before in its history.

One of the mysteries of the yellow metal arises from the fact that other nations have shipped huge supplies of gold into the United States since this country revalued its currency. Meanwhile, an effort is being made to facilitate international trade by an agreement for the interchange of gold between this country, England and France under control of the governments. While England and France have not set a fixed value for gold in terms of their own currency, the United States Treasury maintains a price of thirty-five American dollars an ounce. In time, there will be a de facto stabilization of currencies and international trade will undoubtedly improve.

The governments involved do not believe that the internal economics of any country will be injured by that the agreement will be valuable in regard to international trade. If there is any threat to the domestic economics of the nations involved, the arrangement, which is on a day to day basis, will be altered immediately.

ROAD SAFETY

Every citizen, especially the automobile driver, should give serious consideration to the need for more caution on the public highways. The death toll mounts annually, causing loss of valuable lives and untold suffering. Much property is destroyed in the process. All because drivers refuse to obey a few simple rules as to the manner in which they operate their automobiles.

Safe driving is not a matter of great intricacy. To regulate the speed of the car so as to have it constantly within the management of the driver in case of emergency is not terribly difficult. To watch side-roads to ascertain if careless drivers are about to enter without sufficient looking can be done. To exercise patience in order to save his own life would not be difficult if the driver kept this fact in mind.

The pity about the increasing number of wrecks is that very often careful, considerate drivers are wrecked by careless, reckless drivers. A man going around a curve on his own side can

be killed by a fool who is hugging the "inside" regardless of the right of way. A driver well over to the right of the road can be maimed and injured by a fool trying to pass another car around a curve or near the brow of a hill.

Drivers who violate simple rules of safety should be arrested, regardless of whether there is an accident or not. Drivers generally should practice courtesy, as most of them do, such as dimming lights when approaching other cars in the night time. Signals indicating that the car is going to turn off the road are easy to make, and are due the driver of the car following you. If you stop your car, get entirely clear off the pavement, if you leave two wheels on you make it impossible for two cars meeting at that place to pass safely.

The only way to decrease the heavy toll of automobile accidents is to make drivers generally more careful. Safe drivers should have some way in which to report careless driving on the highways, so that by punishing the heedless driver an example may be made to deter others from endangering human life. There are entirely too many accidents. Too many fine lives are being obliterated all for the sake of a few minutes less time in traveling.

Speed is not, necessarily, in itself dangerous. It becomes deadly when it coincides with some unusual event, or if some defect in the car or the road suddenly develops. Therefore to guard against such unforeseen happenings a driver cannot speed too fast. Most people overestimate the time saved by running at 60 miles an hour as against 45, for example. If you make the comparison, even on a comparatively long run, you'll find that the time saved is not enough for the increased risk of accident and death assumed.

THE MISSING JUDGE

Six years ago Justice Joseph Crater of the New York Supreme Court disappeared. He left his family in Maine to return to New York and nobody has ever seen him since. Police officials later established that he had almost \$20,000 when he disappeared.

Every once in a while reports come back that some one has seen the missing jurist. Police have followed thousands of clues but have never been able to definitely locate him.

A service station in upper New York has installed shower baths and dressing rooms in which tourists may take showers and refresh themselves. As a result, sales of all products have increased tremendously.

The Pan-American Airlines now brings Australia within four days' travel of America.

We wouldn't mind seeing the end of a month come so much if the bills didn't follow so soon after.

Even the fellow who has sold out ought to mind his business.

Old Man High Cost seems to have come back after a Rip Van Winkle.

If you stand up for yourself others are not likely to "sit" on you.

There may be a lesson in that old hare and tortoise fable, but still we'd rather have our money on the hare.

When a man buys a new car he wants it to be able to go over every hill on high except the one to the poorhouse.

As Revealed by the Files of the Free Press 30, 30 and 40 years ago.

Thirty Years Ago—1907

Capt. W. M. Wood of the north-east part of the county sold a draft horse on our street Monday to Mr. Ed Thornton for \$200. Capt. Wood raised the horse on his ranch in this county and has several others just as good left.

Splendid rains were general over Haskell county Tuesday and Thursday of this week, opening wide the door of hope and putting new life in the people and country.

The officers elected on the 30th ultimo to constitute the municipal government of Haskell, except T. E. Ballard who was sick, were duly qualified and inducted into their respective offices on Monday. They are: A. J. Smith, mayor; A. C. Foster, R. C. Montgomery, G. R. Couch, H. S. Wilson, aldermen; and Warren Fitzgerald, city marshal. Mr. W. H. Murchison was employed to draft a set of by-laws and ordinances.

Mr. Jim Williams of the Foster school neighborhood, who was thrown from a buggy Sunday, was sufficiently recovered from his injuries to come to town yesterday.

The stone work on the Masonic building is now completed and the carpenters are putting in the wood work.

The Cook Springs school house in the western part of the county was destroyed by fire last Sunday night. It appears that incendiarism was suspected, and Sheriff Park was called out by phone Monday to make an investigation.

Messrs. F. D. Harris and D. M. Cogdill of Mineral Wells were here several days this week. These gentlemen think that the Mineral Wells & Northwestern Railroad, which is now being extended westward from their city will come to Haskell and they are looking at the lay of things ahead of it.

Jud News

There has been quite a few ill in our community the past week.

Mrs. Helen Welleford is very low in the Stamford hospital.

Mr. Mack Bogard has also been ill in the Knox City hospital.

The Jud baseball tournament was quite a success. There were 15 teams present. The schools that were present were: Knox City, Rule, Haskell, Bunker Hill, Idella, New Cook, Mitchell, Cliff, Four Corner, Foster and Jud. There was a large crowd.

Mr. E. Mosely has been ill for the past few weeks but is improving to some extent now.

There was an enjoyable party given Saturday night by Misses Avilene Bristow. Quite a few from Rule were present.

Miss Virginia Hutchens spent Sunday with Miss Esty Tucker and Miss Mae Masterson spent Sunday with Miss Norma Lou Morton.

Mr. Alvin Singleton of near Rule spent Saturday night and Sunday with Mr. Carroll Masterson of this community.

Misses Eloise Gierist of Four Corner spent Saturday night with Misses Ilene and Ozella Ivey.

Miss Avilene Bristow spent Saturday night with Miss Virginia Gierist.

The farmers are all quite busy in their fields now after the rain which came Sunday night.

Mr. Alford Green spent Friday night with Mr. Melvin Fannin.

Miss Virginia Hutchens and Miss Sue Guffey spent Sunday night with Miss Evelyn Holcomb.

There was a fairly large crowd at Sunday School Sunday but there was no singing Sunday night because of the illness of Helen Welleford.

Everyone was sorry to hear that Mrs. Thompson and son, Howard, moved the past week to San Angelo, Texas but wish her much happiness in her future home.

Smith Chapel

We are having some cool weather at this writing.

Most of the farmers have their crops planted.

Mr. and Mrs. T. M. Campbell and little daughter Barbara Sue of Weinert visited Mrs. Campbell's mother, Mrs. B. F. Redwine one day last week.

Miss Myrtle Rusel of Abilene, visited a few days last week with Mrs. S. W. Kelso.

Mr. and Mrs. Theo Barton are the proud parents of a baby boy, Marshal Eugene.

Mr. and Mrs. T. C. Beason and Leo, Mr. and Mrs. Wilbern Kelso, Eunice Maurine and Edgar called on their mother, Mrs. S. J. Redwine of Haskell Sunday.

Mr. and Mrs. B. F. Redwine and children visited her parents, Mr. and Mrs. Alexander.

Mr. and Mrs. Jim Tankersley

Forty Years Ago—1897

Hon. H. E. Crowley, our representative, writes us that he presented to the legislature the petition from this county relating to the cattle quarantine and that he is heartily in accord with the suggested amendment but that it will be impossible to do anything in the matter during the short time the legislature is in session.

The free school on Paint Creek closed Friday May 11th, with a large crowd attending the closing exercises and also enjoying a picnic, baseball games, and other sports.

Mrs. R. E. Sherrill, Mrs. J. S. Rike and Miss Lillie Mae Rike left on Monday for Graham where they will visit relatives.

The mail back to Seymour had to turn back Wednesday on reaching Brushy Creek on account of high water.

Several of our citizens have gotten up a machine to exterminate prairie dogs and red ants. It consists of a bellows arranged to blow a stream of air through a retort in which sulphur is burned and force the fumes into the dog and ant burrows, thus asphyxiating the occupants.

Miss Mamie Davis, about sixteen years of age, a daughter of Mr. J. E. Davis, was thrown from a horse last Sunday evening and severely hurt on the head, the skull slightly fractured. Her physician says she is in a precarious condition, but expected to recover.

Mr. T. J. Lemmon made his little boy supremely happy the other day by buying him a Shetland pony. They rode downtown side by side Wednesday and the pony looked like a two or three months old colt trotting along by its mother.

called on relatives here Sunday.

Mr. and Mrs. Roberson entertained a few friends in their home Wednesday night. After games of 42 and 84 were played, ice cream and cake were served to the following: Mr. and Mrs. Billy Hutchens, Mr. and Mrs. Ed Hester, Clifford Willenson, Howard and Inez Logan, Herhel and Rena Tankersley, Dorothy Lea and Juanita Turnbow, Thelma Beason, Margaret Bumpas and the host and hostess. All departed expressing a fine time.

Mr. Bettis is reported improving. His many friends are wishing him a speed recovery.

Mrs. Ezery McBeath had as her guest Sunday her mother, Mrs. Earp from Rising Star and a brother from Arizona and a few other relatives from this community.

Mr. and Mrs. Grady McWhorter spent the day Sunday with relatives in Gilliam community.

Mr. and Mrs. Jay Hawkins of Sunset visited in the Wilcox home Saturday night.

Little Novaleene Redwine spent this week with her aunt, Mrs. Yojojkin of Weinert.

Mrs. Hester had with her Wednesday a brother Mr. Meddly of New Mexico.

WE SERVICE both commercial and household Electric Refrigerators. Go anywhere, any time. Billington Electric, Stamford, Tex.

Service Prompted By Understanding Experience

With every funeral service, there is a multitude of details and the perfect service requires that these be handled smoothly and unobtrusively. This means a trained personnel—skilled in these matters through long experience and familiarity. We pride ourselves upon the fact that we have this type of organization and personnel. When desired, we are equipped to handle such details as may be needed.

Organization of The Josselet Club

Miss Matilda Gunn, Haskell County's first Home Demonstration Agent met with a group in the home of Mrs. Jesse Josselet July 5, 1928 and gave a demonstration on the making of bound button holes.

Nov. 9, 1928 we met in the home of Mrs. E. B. Callaway for the purpose of organizing our club. Mrs. J. S. Stamford and Mrs. Clarence Massey of Roberts club met with us to help in the organization. Mr. Stamford acting as chairman Mrs. Jesse Josselet was elected as chairman of the new club. Mrs. Lynn Tolliver was elected vice chairman and Mrs. E. B. Callaway secretary. The charter members were Mrs. V. J. Josselet, Jesse Josselet, Paul Josselet, J. L. Tolliver, C. A. Thomas, E. B. Callaway, Lynn Tolliver, J. B. Edwards, Una Bird and Mrs. Bill Schwartz.

The meetings were the second and fourth Tuesdays of each month. We met in each other's homes until in 1932 we met during the summer in a little house on the Tompkin Ranch.

Our agents were Miss Matilda Gunn, 2 years service; Miss Alene Partlow, 4 years of service; Miss Jonnie Reed, 2 years; Miss Peggy Taylor, 2 years; and our agent now is Miss Mildred Vaughn who has only been with us since March 1.

Mrs. Jesse Josselet was the first delegate sent from our club to A. & M. Short Course that met August 28, 1929 in a 7 day session at College Station.

Mrs. E. B. Callaway was our delegate sent in 1930 and in 1931 our club had grown in members until we were able to send two delegates, so Mrs. J. L. Tolliver and Mrs. Lynn Tolliver were sent, and again in 1932 Mrs. C. A. Thomas and Mrs. Gene Lancaster were sent. In 1933 Miss Bonnie Brite and Miss Mae Cothron were delegates. In 1934 Mrs. J. B. Edwards and Mrs. Bill Schwartz attended from Josselet.

Then in 1935 the depression struck our county and we were only able to send one delegate, Mrs. W. E. Taylor.

Mrs. Gene Lancaster won first in the county as Wardrobe Demonstrator in class 1 for 1933 and was awarded a trip to A. & M. Short Course. Then in 1934 she won first in 2nd class and was awarded another trip. Mrs. Louie Merchant our Bedroom Demonstrator won first and was awarded a trip in 1936.

In the year of 1935 we embraced 7 school districts in membership making Josselet the largest club in the county.

In 1936 we realized our meeting places were getting too far apart

so we bought a club house and had it moved in the center of the district which is 6 miles north of Honeycut filling station.

The club was named Josselet for it was the Josselet women that first became interested in the Home Demonstration work and the oldest member in the club since it was formed was Mother Josselet who passed away the year following our organization.

Mrs. Clarence Norton will leave for A. & M. as our delegate for 1937 in August.—History given by Mrs. Jesse Josselet.

Demonstration on "Baking Yeast Breads"—Mrs. Sam Scott, home food supply demonstrator.

The following recipes were given by Mrs. Scott:

Plain Hot Rolls
 1 cake Fleischman's yeast,
 1 cup warm water
 1 pt. sweet milk
 2 tsp. sugar
 1 tsp. salt
 2 tsp. melted butter

Method: Dissolve yeast in warm water, add other ingredients in order given. Mix enough flour to make stiff dough, set in warm place to rise to double dough. Knead and mold rolls. Let rise again and bake in moderate oven.

German Coffee Cake
 1 cake yeast
 1 pt. warm water
 Soak yeast, add flour to make stiff batter. Next morning add 2 cups sugar, 1 tablespoon salt, 3 tablespoons butter, 1 pt. sweet milk, 1/4 teaspoon nutmeg, 1/4 teaspoon baking powder, grated rind of one orange or lemon, 2 eggs, well beaten, beat mixture well. Then add flour until mixture turns loose from spoon easily. Place dough 1 inch deep in pans and let rise. Cover top with melted butter and sprinkle with sugar and cinnamon. Bake. This makes 3 medium sized cakes.

Those present were, Mesdames Sam Scott, Date Anderson, V. A. Bailey, Charlie Childers, C. V. Oates, L. N. Lusk, Ewell Lusk, C. G. Burson, J. S. Hayes, C. B. Ramsey, J. B. Smith, Jack Jackson, Homer Jenkins, Jim Clark, T. P. Huff and Miss Oleta Jenkins.

Jossett Home Demonstration Club News

"The art of making bread is quite old. The Queen of Sheba started the method of baking bread when she left some dough over several days before baking," Miss Mildred Vaughan, Home Demonstration Agent told the ladies of the Jossett club last Tuesday May 11 at 2:30 p. m. at the club house with Mrs. Leon Gilliam and Mrs. Joe Fraley as hostesses.

"In working the bread be sure and seal the edges and ends leaving the seam at the bottom when putting into the baking pan," said Miss Vaughan in her demonstration on "The Art of Bread Making."

"The liquid in bread can either be milk or water used with potato water. But if in a rush use the water for if using milk it has to

WILL STAR AT FORT WORTH FIESTA

Angelle is the word for Miss Harriet Hector, world's greatest dancer, who will thrill the throngs with her grace and beauty at the Fort Worth Frontier Fiesta as one of the stars of Billy Rose's Casa Manana Revue of 1937—all new and different, on the world's biggest revolving stage. Miss Hector was featured in the super-

be scaled to kill the bacteria or the bread will be sour. The texture is just as good with one as the other.

"If you will tack ducking over your dough board the dough won't take up some much flour," said Miss Vaughan, "and by slipping a white stocking over the rolling pin it will save flour and prevent the dough from sticking to the rolling pin."

Mrs. S. G. Perrin had charge of a Mother's Day program. The club house was decorated with roses and spring flowers. "If I Could Only Hear My Mother Pray Again" was the opening song. Prayer by Mrs. Clarence Norton. Reading, "My Mother" by Louise Merchant. Reading "The Unfading Love of Mother" by Eloise Toliver, a quartet composed of Mesdames Clarence Norton, Jesse Jossett, Clifford Lewellen and Mrs. J. L. Toliver sang "My Dream of Mother" accompanied on the guitar by Mrs. Clifford Lewellen. An inspirational talk on Mother was given by Mrs. Leon Gilliam. A duet by Mrs. Thelma Lewellen and Mrs. Clifford Lewellen, "My Mother's Hands", Mrs. Clifford Lewellen accompanying. Reading, "My Mother's Love" by Mrs. Gene Lancaster.

Mrs. Perrin presented Mrs. S. E. Cothron a bouquet of flowers for being the oldest mother present and Mrs. Thurman Bynum one for being the youngest mother present.

Refreshments were served to the following members and visitors, Mesdames, Adell Thomas Larry Bass, S. G. Perrin, Louise Merchant, Cliff Ammons, J. E. Curry, W. C. Norton, Gene Lancaster, W. E. Taylor, J. L. Toliver, C. A. Thomas, Jesse Jossett, Guy Jenkins, Joe Fraley, P. J. Jossett, J. B. Edwards, G. L. Walker, Lynn Fraley, Allen Adams, Thurman Bynum, E. B. Calloway, Willard McMillin, Bill Schwartz, Glenn Alsobrook, John Henry Kirby, W. C. Alsobrook, Harvey Eason, Clifford Lewellen, J. C. Lewellen, Thelma Lewellen, Misses Mildred Vaughan, Mae Cothron, Eloise Toliver and Maurine Norton.

Midway H. D. Club To Meet On May 18th

The Midway H. D. Club will meet Tuesday May 18th at the club house. Delegates to A. & M. Short Course will be elected at this time. All members are urged to be present.

Rose Home Demonstration Club

Rose Home Demonstration Club met Tuesday May 4th at 2:30 o'clock at the home of Mrs. Harry Barber. Mrs. Vaughan our agent, made a demonstration on bread making, both the old and new method.

The following members were present: Mrs. Harry Barber, Mrs. Mary Scott, Mrs. Willie Collins, Mrs. Robert McDowell, Miss Thelma Lee, Miss Leona Lee, Mrs. Garrett and the club girls. Our next meeting will be May 18th at the church house. Reporter.

Nineteen Workers On NYA Projects Get Private Jobs

Nineteen boys and five girls have left National Youth Administration work projects in the last ten days to enter private employment according to H. A. Ziegler, Assistant District Supervisor for District 12 of the National Youth Administration.

The jobs procured were more largely due to seasonal employment. However, several have found jobs of a permanent nature. Ziegler stated that should the present favorable condition for crop growing continue, there will be the opportunity for a greater number of youth to find private employment than has been the case at any time since the NYA started. As job placement is a most important phase of the NYA program, Mr. Ziegler is encouraged by the present outlook.

Aerial Erosion Survey Covers A Wide Territory

The largest aerial survey mapping job ever undertaken in this country is now being directed by the Soil Conservation Service. It will cover 362,000 square miles—more than 12 per cent of the area of the United States—and will provide basic maps for use in erosion control programs.

Contracts for aerial surveying have been let to 14 aviation companies. H. H. Bennett, Chief of the Service, announced. Work is now going forward in 44 States and aerial surveys of all but one of the 156 erosion control projects of the Service already have been completed.

Photographic maps have proved more desirable than plane table maps as a basis for erosion control work and are also less expensive than maps prepared from surveys on the surface. The aerial photographs not only show the topography, but also the ground cover—an important factor in planning soil erosion control activities.

In addition to their own new maps, the Soil Conservation Service is using all available aerial maps prepared by the Army, Navy, Coast and Geodetic Survey, Forest Service, Agricultural Adjustment Administration, Resettlement Administration, and Geological Survey. In turn, other agencies are making use of the new aerial maps of the Soil Conservation Service.

Mr. and Mrs. Walter Murchison spent the week end in Ralls with Mrs. Murchison's parents. They were accompanied by Misses Maggie Cole and Margaret Tidwell who visited with friends.

H. H. HARDIN LUMBER CO.

The Methodist Missionary Society

As was announced from the pulpit on Sunday morning the women of the W. M. S. met at the church for a short business session, after which the following ladies motored to Rule and were guests of the Rule society: Mesdames Ser-ver Leon, Superintendent of Mission Study, Sanders, Ernest, Isbell, Sowell, Murchison, Darnell, Graham, McKeever, Huckabee and Patterson. On arriving at Rule, we went at once to the Methodist Church where we were met and warmly welcomed by a large group of Rule missionary women. With Mrs. Cole at the piano the group joined in singing, "O Worship The King"

Prayer by Mrs. Warren of the Rule W. M. S.

Mrs. Carroll Leon, superintendent of mission study of the Rule W. M. S. read for the scripture lesson, the eighth chapter of Acts, after which Mrs. J. M. Steele, teacher for the afternoon was presented.

For the lesson, the book "Congo Crosses, a Story of Congo Womanhood" was used. Mrs. Steele proved a most interesting and forceful speaker. Her teaching showed a thorough knowledge of her subject and the interest of the entire group was held throughout the entire hour. Africa has been called "The continent of God's adventure." The Congo is ruled by Belgium and we learned that the Belgium king is forcing compulsory education, preferably Christian education. The Catholic church has 2,000 missionaries in Congo alone. The Protestant only have a few hundred, so one can readily see that Catholic education is dominant. At the conclusion of the lesson, a beautiful Negro spiritual "Lord I Want To Be a Christian" was sung by Mesdames Cole and McCandless, accompanied by Mrs.

The Methodist Missionary Society

Morris Neal at the piano. For the closing song all joined in singing "Onward Christian Soldiers." Mrs. R. N. Huckabee, wife of the Haskell pastor gave the prayer of dismissal. Mrs. H. H. Hines, president of the Rule W. M. S. very gracefully told of the pleasure our presence had given them and requested all to remain for a social hour, during which time delightful refreshments of ginger bread with whipped cream and hot punch was served.

The following members of the Rule W. M. S. were joint hostesses for this delightful affair: Mesdames H. H. Hines, president; Carroll Leon, superintendent of study; O. L. Yarbrough, Morris Neal, T. J. Cameron, A. C. Pruitt, O. Cole,

Hiland Weaver, W. P. Hines, J. M. Steele, J. B. West, W. H. McCandless, R. P. Cole, J. D. Crockett, Doc Rose, Marvin Boyd, Bob Suther, L. J. Davidson, Allie Parsons and S. B. Warren.

Members of both the Rule and Haskell W. M. S. expressed much pleasure from this "get together" meeting. These meetings add much to the fellowship of the societies. We hope to meet together again in the near future. We of the Haskell W. M. S. are deeply grateful for the lovely courtesy shown. Again we say "Thank you Rule" Reporter.

APRIL DRY, CROPS IN TEXAS ARE GETTING A LATE START

The month of April was rather dry in a large part of Texas, with normal temperatures approximately normal, said G. D. Clark and V. C. Childs, agricultural statisticians of the United States Bureau of Agricultural Economics, in their May 1 report issued from Austin Wednesday. The report continues as follows:

Rainfall was considerably below normal, except in the east and northwest districts, and the deficiency was particularly marked in the central and southern areas. Cool nights and several cool dry "northers" are largely obscured in the temperature averages by periods of relatively high day temperature. On May 1, moisture was needed badly in all parts of the State. Conditions have not been favorable for getting Summer crops to a stand, and the crop season is getting an unfavorable and late start.

Wheat 70 Per Cent Normal

The condition of Texas wheat was reported at 70 per cent of normal on May 1, 1937, compared to 37 per cent on May 1 a year ago, and 73 per cent the 10-year average (1923-1932). In District 1-N, there is almost complete abandonment of acreage in the extreme northwest. To the eastward and southward of Dallas County, the reported condition steadily improves, and in the extreme southern and eastern counties of the district the crop is in fairly good to good condition. Rainfall during April was sufficient to carry standing wheat in most of the wheat belt; but due to the scarcity of deep moisture in much of the territory, additional precipitation was needed for the crop to maintain its status as reported on the first of the month. The outlook for yields is good in the Southern Plains, and in those districts to the eastward.

It is estimated that 26 per cent of the wheat acreage sown in Texas last fall will be abandoned. On this basis, there are 3,933,000 acres remaining for harvest. The indicated yield per acre is 10.5 bushels, which applied to the acres re-

NYA Crews Run Terrace Lines On 37,022 Acres

Terrace lines have been surveyed and staked off on 37,022 acres of farm land in five counties in District 12 during the past six months. This project is a cooperative arrangement between the National Youth Administration and the Extension Service of Texas A. & M. College.

The National Youth Administration furnish crews of farm boys between the ages of 18 and 25 that are eligible for work relief and the Extension Service furnishes the technical aid of County Agricultural Agents and instrument men who also act as supervisors for the projects.

In several counties in which this project is now in operation there is a large demand by farmers to have terrace lines run on their pasture land.

An average of 70 boys a month have been employed in this work. Conservation of land is a thing we are being forced to give more attention and the information these boys have gained through practical experience will be of much value to them in their farm work in the future.

Scouts To Edit Jamboree Daily

Many Boy Scouts aspiring to be newspaper reporters, editors, cartoonists or news photographers in the future will have real experience this summer when they publish a daily morning newspaper, the "Jamboree Journal", for their National Jamboree in Washington, D. C., from June 30 to July 9. Others will write their experiences for home town newspapers.

Plans have been announced for the publication of a sixteen-page illustrated tabloid newspaper with a circulation estimated at 50,000 copies. It will be edited and illustrated by Boy Scouts and their leaders who are members of Boy Scout Press Clubs and printed on the presses of one of the daily Washington newspapers. All have had some experience in journalism either through the publication of Scout newspapers or working for scholastic publications or community newspapers.

While the Jamboree opens June 30 there will be hundreds of Troops at the 350 acre camp a day or two before then. The "Jamboree Journal" will make its first appearance on the morning of June 29. That and ten subsequent issues will be permanent records for the 25,000 Boy Scouts coming from every state and from twenty-four foreign lands.

Before sunrise a circulation staff of older Scouts will speed the editions to the twenty sectional camps each housing 1,260 Scouts and leaders. This group will also see to it that each morning thousands of copies are mailed to subscribers and placed on sale in Washington hotels as thousands of visitors are expected to see the largest Scout activity ever held in the western hemisphere.

The "Jamboree Journal" will omit the news of the world, leaving that to regular newspapers in Washington, and no advertising will be accepted. It will, however, endeavor to carry as much news of the Jamboree as is possible and include complete daily programs, cartoons and sketches, editorials, Jamboree comic strips and feature

mailing for harvest forecasts a total production of 41,296,000 bushels. This compares with 18,927,000 bushels produced in 1936 and 41,410,000 bushels the five-year average (1928-1932) production.

For the United States, the winter wheat condition on May 1, 1937, was reported at 77.4 per cent, compared with 67.0 a year ago, and 81.2 per cent the 10-year average (1923-32). The estimated abandonment of winter wheat acreage is 17.1 per cent, which applied to the acreage sown last fall leave 47,410,000 acres remaining for harvest. The total United States production is forecast at 63,295,000 bushels, compared with 519,013,000 bushels produced a year ago, and 623,220,000 bushels the five-year (1928-1932) average production. Prospective yields per harvested acre are generally below average, with the exception of the far Southwest and a few Eastern States.

Oats Improved Over 1936
Texas oats condition on May 1, 1937, was rated at 66 per cent of normal, compared with 38 per cent a year ago, and 69 per cent the nine year average (1924-1932). The condition of oats in the 10 Southern States was 72.8 per cent on May 1, compared with 48.5 per cent on May 1, 1936, and 72.3 per cent the nine-year average.

When You Need a Laxative

Thousands of men and women know how wise it is to take Black-Draught at the first sign of constipation. They like the refreshing relief it brings. They know its timely use may save them from feeling badly and possibly losing time at work from sickness brought on by constipation.

If you have to take a laxative occasionally, you can rely on

BLACK-DRAUGHT
A GOOD LAXATIVE

A Rival for Joe

"Lefty" Deck, outfielder with the House of David team book for an exhibition game here Saturday, appears as if he might be a worthy competitor against Joe E. Brown. Deck has won recognition in Ripley's "Believe It Or Not" for some of his feats.

articles. Highlights of the Jamboree that will be "big news" will include the opening review of the Jamboree Troops on Constitution Avenue by President Roosevelt and other leading persons at the nation's capital, a Convocation at the Washington Monument on the evening of July 4, the pageants, demonstrations and excursions and finally the closing campfire on the night of July 8. The final issue of the "Jamboree Journal" will come from the presses the morning of July 9, and right after lunch many contingents will head for home.

Toy Balloons

(Continued From Page One)
tine, U. S. Department of Agriculture. Releases are to be made from South and Central Texas areas where croton weeds or goat-weeds are abundant, and during a period when the cotton flea hopper adults are migrating to cotton or about May 21 to June 1. It is already known that these insects are carried considerable distances on the winds, and it is hoped that additional information may be obtained regarding the direction of the air currents and the probable drift. Persons finding the balloons are requested to fill out the tag with location where found, their own names and addresses, so that acknowledgement may be made with information regarding the experiment. No postage is required. It is desired that the balloon be allowed to settle to the ground or nearby so.

Release of the balloons are being made in the following counties: Madison, Brazos, Milam, Robertson, Burleson, Lee, Bastrop, Caldwell, Guadalupe, Gonzales, Austin, Colorado, Lavaca, DeWitt, Goliad, Calhoun, Islands, Nueces

Farmers, Ranchers, of Northwest Texas Improving Pastures

Farmers and ranchmen in Northwest Texas are calling on county agricultural agents for aid in the work of improving their ranges and pastures.

Colin Walton of Castro county, who harvested 48 pounds of buffalo grass seed during the fall and winter sowed the seed in March on 70 acres of land which was covered with a heavy growth of wheat. Walton used a wheat drill, with the discs barely touching the ground, to scatter the seed evenly over the tract. He also has on hand 90 pounds of gramma

Cafe on South Side of Square Is Remodelled

Extensive improvements on the interior, together with installation of new fixtures and complete re-arrangement of former equipment, has been underway at Jack's Cafe on the south side of the square during the past few days.

A partition midway of the building has been moved further to the rear to allow space for dining room fixtures, and to permit the installation of a modern meat counter.

Mr. and Mrs. O. L. Johnson, proprietors, state that an air conditioning unit is being installed to insure comfort of their patrons during the coming summer months. They expect to complete modernization of the establishment by the end of this week. Interior decorating is being done under the supervision of Luther Cummins, of San Angelo, a former Haskell resident.

County Superintendent Matt Graham and John Willoughby, report reporter for the 39th district, were in Lubbock Wednesday and Thursday on business.

grass seed which he will plant later.

In Seely county, 55 ranchmen have entered 136,938 acres of range in the range conservation program. Most of these ranchmen plan to construct earthen tanks and a number will build contour ridges to hold moisture and prevent loss of native grass seed.

A seven acre pasture on the W. L. Hawk place near Lakota, Jones county, has been contour ridged. Hawk removed mesquite and prickly pears before terracing, and will defer grazing for a period of six months in order to aid the growth of the native grasses.
