ENTRY WAS GAINED through this overhead door to the car wash at J.O. Hamm's Texaco Station Wednesday night of last week, burglarizing the station of its receipts and money as well as those of Western Tex Pack, which Hamm serves as local agent. Hamm discovered the break-in when he opened early Thursday morning. Nightwatchman Leroy Davis and City Marshal John Turner were notified, and Turner reported several clues were found at the scene. Local investigation is continuing, he said.

Plans Continue For Saturday Horse Show

Plans are continuing for the annual Knox County Open Youth All-Trophy Horse Show, sponsored by the Knox County Riding Club. The show is to be held in Benjamin, Saturday, August 18, beginning at 10:00 a.m.

This year's show judge will be Ken Cook of Lubbock, a well-qualified and experienced judge, who has judged a number of area shows in the past several years.

In addition to trophies through fourth place in each class, silver belt buckles valued at \$120.00 each will be awarded to the high point winners in each of the two age groups, which will be thirteen and under and fourteen through nineteen.

Entries will be taken at the show, with the books opening approximately an hour preceding the show.

Classes include aged registered mares, registered mares under five, grade mares - all ages, aged registered geldings, registered geldings under five, grade geldings - all ages, showmanship, western pleasure, western horsemanship, reining, barrels, flags, and poles.

For further information, interested persons are asked to contact Tommy Antilley or Mrs. Fred Carver in Benjamin or Mrs. Joe Boone in Knox City.

Sponsoring classes in this year's show include Farmers Grain Inc., Knox City Grain Inc, Knox County Fertilizer, Mr. and Mrs. Jimmy Baker, Skiles Brothers Exxon, Lady Bug Shoppe - Mini Mall, M System, Guinn Sheet Metal and Plumbing, Lynn Electric, O'Brien Co-Op, Tri-State Chemical, DRIVE for Horses, Penman Conoco Service, and Knox Feed Lot.

Also, Mr. and Mrs. Joe Boone, Lowrey's, Dr. W.F. Thompson and Associates, Arnold Insurance and Real Estate, Jerry's Plumbing,

Benjamin Schools To Begin August 24

Students in Benjamin Schools will begin another academic term Friday, August 24, with a short assembly in the school gym set for 8:15 a.m., according to school superintendent Kenneth Roberts. Dismissal will be at 2:20, and buses will run both morning and afternoon.

Faculty members will have a teacher workday at the school Monday, August 20, beginning at 9:00 a.m. and Tuesday, Wednesday, and Thursday are in-service days. Friday, August 24, will be first day of school for students.

Two new teachers have been hired this year. Mrs. Susan Carver of Knox City will replace Alice Jones as

Paducah's Flea Market Set Aug. 25

The Paducah Crossroads Flea Market will begin regular operation bright and early and all day, Saturday, August 25, and will continue on the fourth Saturday of every month thereafter in a Chamber of Commerce sponsored project.

The Flea Market will be located at 7th and Richards Street, just south of the County Jail, on a site furnished by Cottle County.

The site is complete with electrical power, country music bandstand, farm-pickup size rental spaces, table-type rental spaces, and ample aisles for shoppers and visitors to move about.

An order has been placed for a large carnival type tent to be set up in the center of the site, but delivery date is uncertain.

All spaces will be plainly marked and rental fees will be noted in their ad elsewhere in this week's News.

Barred from the sale and trades day will be used clothing and heavy machinery and equipment, but all other types of merchandise is welcome. A concession stand will be provided.

Crowell Women To Speak Saturday

Two speakers will be discussing the guidelines of starting a museum at the regular Knox County Historical Commission meeting Saturday afternoon, August 18, at two-thirty o'clock in the Assembly Room of the Knox County Courthouse in Benjamin.

Mrs. Virgil Johnson and Mrs. Otis Gafford, both of Crowell, will be the speakers for the day's meeting.

The public is invited to attend this meeting and persons are asked to use the west entrance of the courthouse.

business teacher. Vernon Smith will coach basketball and teach social studies.

Other teachers in the school system include Valarie Kinibrugh, kindergarten, first and second grades; Sybil Simmons, third and fourth grade; Jessie Roberts, fifth and sixth grade; Deborah Sosolik, English; Veeta Reid, home economics; Buddy Hale, agriculture; Benny Grill, principal and football coach; Pat Barton, aide; Darlene Bellinghausen, plan "A"; Kenneth Roberts, superintendent and science; and Aliene Groves, secretary.

Junior Golf Winners Are Announced

Winners in the Knox City Country Club junior golf tournament held Saturday, August 11, have been announced.

Nathan Staggs was presented a trophy in the putting contest and Ray Rios was the recipient of a Ben Hogan junior golf bag. Entrants registered for the golf bag before trophies were presented with Ray being the lucky winner.

Brian Correll took top honors in the nine to ten year old division with Larry Reid, second; Bruce Skiles third; and Richard Shaver, fourth.

In the 11 to 12 division, Andy Correll was first; Ray Rios, second; Nathan Staggs,

Eddie Bland In Baylor Hospital

Eddie Bland is now in Baylor Hospital recovering from injuries received in a one vehicle accident south of O'Brien on June 16.

Bland, the son of Mr. and Mrs. Joe Fletcher of Rochester, is in therapy approximately five hours each day, according to his mother.

Correspondence may be addressed to Eddie at Baylor Hospital, 3500 Gaston Avenue, 4-Collins Room 4735, Dallas, Texas 75246.

Fifty-Nine Report For Two-A-Days

Fifty-nine Greyhound football players reported Monday morning for the beginning of two-a-day workouts, according to Coach Jimmy Rogers.

The Hounds' two-a-day workouts have been progressing very nicely, Rogers stated, and he also commented that he is extremely pleased with the athletes' attitude as well as their attendance.

First scrimmage of the season for the Hounds has been slated for Friday, August 24, with Holliday on the Hounds' home field. Officials have not decided on a definite starting time; however, it will probably begin at 6:00 p.m., they said.

Varsity, junior varsity, and freshman teams will participate in the four-phase scrimmage, and order of play probably will follow closely to last year's pattern, Rogers explained.

Coach Rogers reminds everyone to keep the scrimmage date in mind as fans' attendance is always helpful to both team and coaches.

A second scrimmage will be held Friday, August 31, when the Hounds travel to Jayton.

Booster Barbecue Is Friday Night

The annual Booster Club barbecue will be Friday (tomorrow) night in the City Park with serving hours from 7:00 until 9:00 o'clock.

David Albus, chairman of the barbecue committee, along with his crew will be serving barbecue, beans, potato salad, cole slaw, and all the trimmings as well as iced tea.

Proceeds from this event will go to benefit the Greyhound Booster Club's camera fund.

Tonya Averitt Is Tourney Winner

Tonya Averitt was the first place winner in the Kid Fishing Tournament held Saturday, August 11, at Lake Stamford.

Taking second place honors was Michelle Brock with Bob Burkhart placing third.

Tonya also took big fish honors in the tourney.

According to Marvin Jones, president of the Bassmasters, who accompanied the children on the trip, all reported a good time.

DENISE WALTRIP
...assumes duties

New Band Director Is Hired

Denise Waltrip, a native of Roswell, New Mexico, has assumed duties as band director for the Knox City-O'Brien Schools.

A graduate of McMurry College, Denise received her bachelor of music education in May of this year.

The daughter of Mr. and Mrs. A.J. Waltrip of Roswell, Denise has an older sister, Mrs. Kathy Hollingsworth, who resides in Orange with her husband, David, and two boys, Donny and Jorge. Denise also has an older brother, Richard, who lives in Roswell. Richard and his wife, Brenda, have a son, Justin.

Denise is interested in music and is looking forward to working with the band this year.

The new band director is a Methodist.

Jaycee-Ettes Raise Money For MHA

Kay Pepper, who is president of the Knox City Jaycee-Ettes, and local members raised \$176.23 in the May drive benefiting the Mental Health Association in Texas.

Bellringer workers collected house-to-house during May, Mental Health Month.

Money raised during the campaign will be used to continue the work of the non-governmental association which fights mental illness and promotes mental health.

"Since the Mental Health Association is a non-profit voluntary organization, it must rely on private contributions, such as those raised in the May drive, in order to continue working to promote mental health," said Dick Fredrick, state president.

Fredrick thanked Mrs. Pepper and Bellringer workers in Knox City Jaycee-Ettes, calling their efforts on behalf of the Mental Health Association a significant factor in the movement to promote mental health in the state.

Knox Co. Ranks 158th

County Wells Boost Oil, Gas Economy

The sale of crude oil and natural gas from Knox County wells in 1978 boosted the county economy and accounted for \$7.3-million of the \$17.1-billion value placed on Texas production last year, according to Texas Mid-Continent Oil and Gas Association.

In a report on the economic impact of oil and gas industry operations in the top producing counties of Texas, the Dallas-based Association said the county ranked 158th among the 202 counties having marketed production valued at \$100,000 or more, not including the sale of natural gas liquids.

The county's wells produced 768,000 barrels of crude oil, valued at \$7.1 million, and 176,000 Mcfs of natural gas, valued at \$200,000. Owners of royalty in the county received \$915,000 as their share of the output, the Association said.

"Considering the shortfall in total U.S. petroleum production relative to our nation's energy needs,

Knox City EMS Is Staying Busy

The Knox City EMS is staying busy. Three ambulance calls were answered during the past week, including one to Benjamin last Wednesday about 2:00 p.m. by Roland Marion and Rob Harrison when a two-car collision occurred at the 4-way stop on US 82 and State Highway 6.

Also on Wednesday afternoon, a two-car accident in front of 'M' System on State Highway 222 occurred about 4:45 p.m. John Turner and Roland Marion answered the call and carried a Rochester woman to the Knox County Hospital.

On Monday, John Turner and Craig Williams transferred a patient from the Knox County Hospital to Hendrick Memorial Hospital in Abilene.

Readers are reminded that the new telephone number for the ambulance is 658-3414.

Mrs. Logan Suffers Broken Right Wrist

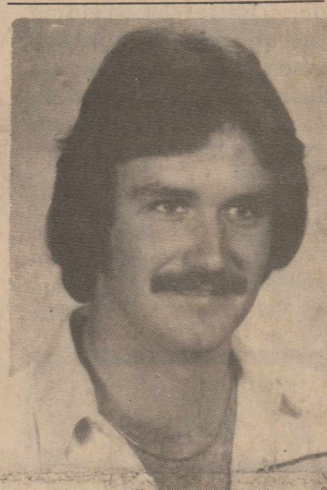

Mrs. Neal (Lillian) Logan is recuperating at her home after falling early Friday evening, sustaining a broken right wrist.

The accident occurred at about 6:30 p.m. Friday when Mrs. Logan pulled into her driveway and stepped from her car onto the wet pavement following the Friday afternoon rain.

Mrs. Logan was admitted to the Knox County Hospital Friday night and underwent surgery Saturday at Wichita General Hospital in Wichita Falls. She was able to return home Sunday afternoon.

The Logans' son, Lanny of Lubbock, was in Wichita Falls to be with his mother and returned to Lubbock Monday afternoon.

production from every Texas county is more vitally important today than ever before," said the Association's president, H.B. (Hank) Harkins of Alice, an independent producer and drilling contractor.

RICKY BISHOP
...to begin training

Bishop Is Accepted As Examiner

Ricky Bishop, son of Mr. and Mrs. Kenneth Russell of Rochester, has been accepted into the co-op program for bank examiners with the Federal Deposit Insurance Corporation.

Bishop, who was interviewed recently in Dallas, will leave for a one-week training period in Dallas before going on to San Antonio where he will begin work there on Tuesday, September 4.

In January, Ricky will enroll in college majoring in banking and finance.

A 1976 graduate of Knox City High School, Ricky also has taken extension courses through Western Texas College for the past one and one-half years.

Band Boosters To Meet Monday

A new year for Band Booster officials and members will get underway Monday, August 20, at 7:15 p.m. in the band hall on the Knox City school campus.

According to Mrs. Barbara Howell, Band Booster president, all members are urged to attend.

With the new band director working with the students, bigger and better things are being hoped for from this year's Greyhound band.

Screening Clinic To Be Held Here

A screening clinic will be held in Knox City at the Mini-Mall on Monday, August 20, from 10:00 a.m. until 12:00 noon by the Texas Department of Health.

Screening tests to be offered include blood pressure, diabetes, anemia, skin disorders, height, and weight.

If an abnormality is found, the person will be notified and referred to the physician of his or her choice.

In addition to paying local, county, and state property taxes, producers in the county also supported state government through production tax payments estimated at \$342,000, according to the Association. Crude oil taxes amounted to \$329,000, while natural gas levies totaled \$13,000.

Based on Texas Employment Commission figures, some 47 oil and gas industry employees in the county received wages of about \$503,000 in 1978.

In the search for new petroleum reserves in the county, oil and gas operators spent a reported \$3.4 million in the drilling of 63 wells, including 16 wildcat, or exploratory, wells. This effort resulted in the completion of 19 oil wells, although some \$2.4 million was lost in the drilling of 44 dry holes.

Petroleum processing also contributed to the county economy, with one natural gasoline plant, having a total daily capacity of 11-million cubic feet of natural gas, in operation.

Juvenile Is Apprehended

Alert citizens who provided law enforcement and school officials with information pertaining to the vandalism at O'Brien Mid School the weekend of August 4 and 5 have made possible the apprehension of a juvenile and court proceedings are now pending.

School officials found twenty-five broken windows and door glasses Monday morning, August 6, upon their arrival. Damage estimates are expected to exceed \$700.00.

Law officials remind parents that they can be held responsible for damage caused by minor children under their supervision. Also citizens are reminded that it is against State and local laws to fire firearms across public roads and within incorporated city limits.

Summer Nutrition Program Ends Friday

Mrs. Lillian Logan, coordinator for Knox County Aging Services, advised the News Tuesday that Friday, August 17, will end the summer Knox County Nutrition Program, which provided citizens 60 years of age and older, and their spouses regardless of age, with excellent noon meals and fellowship at the Knox City Community Center each Tuesday, Thursday and Friday.

The summer program was well-received here, with participation more than tripling since its beginning, Mrs. Logan said.

The meals were prepared in Goree for the summer months. Mrs. Logan, Inez Herr, Outreach person, and much volunteer help attributed to the program's success.

"In God is my salvation and my glory; the rock of my strength, and my refuge, is in God. Trust in Him at all times; ...pour out your hearts before Him; God is a refuge for us." (Psalms 62:7-8)

The Lord is your protection and your successes come from him alone. He is your refuge; a rock where no enemy can reach you. He will give you added years of life, rich and full of loving kindness and truth. If you only trust Him, He will guard and watch over you at all times. You can say with David, "He only is my salvation; He is my defense; I shall not be greatly moved." (Psalms 62:2)

MARK SHARP
...receives honor

Mark Sharp Attains Top Scout Award

Mark Alan Sharp, grandson of Knox City residents Mr. and Mrs. Lloyd Waldrip and son of Dr. and Mrs. A.C. Sharp Jr. of Abilene, received his Eagle Scout award at a Court of Honor, Monday evening, August 13, at St. James United Methodist Church in Abilene.

A junior at Cooper High School, Mark is a charter member of Troop 258 and has been a Boy Scout for five years. He is also a Brotherhood member of the Order of the Arrow and is on the tribal dance team.

Mark attended the International Boy Scout Jamboree in Pennsylvania in 1977 with 29 other Boy Scouts from the Chisholm Trail Council in the Big Country area.

Last summer, Mark traveled with the Eula Explorer troop to the Charles L. Sommer Wilderness Canoe Base in Minnesota for two weeks of canoeing in the wilderness of Canada and Minnesota.

Attending the ceremony were Mr. and Mrs. Waldrip of Knox City, Mr. and Mrs. Don Welch, Mitz and Mandi and Brad Johnson, all of Crowell, and Mrs. Charles McBeath of Amarillo.

El Paso Attorney Is Chairman

Attorney Richard Yetter of El Paso, has been appointed chairman of the advisory board for the Small Business Administration for the Lubbock district.

Yetter, who has been a member of the board since 1974, is a graduate of Penn State University and Marquette Law School. He was honored in Who's Who of Texas for 1973-4.

As chairman, Yetter will represent small business people from the 81 county area which comprises all of western Texas, including the Panhandle and the Big Bend area. He will also be a member of the National Advisory Board to the Administrator in Washington.

In announcing the appointment, A. Vernon Weaver, administrator of SBA, stated that the dedication of the Advisory Board to the principles of the free enterprise system, and their concern with finding the best way to serve these interests through government, are invaluable. Board members represent the fields of education, banking and business, and they are pledged to help the small business person to recognize the assistance he can get through the Small Business Administration.

O'Brien Happenings

By CHARLENE BROTHERS

Have you ever lost or misplaced something, and when you start trying to backtrack you can't even remember where you had it the last time? I have and it is confusing trying to remember what I did with it. My item is a black Bible, one that was given to us by a former pastor and his family, and I really hate that it is gone. Try as I have, I cannot remember the last time I had it. When I could not find it at home I surely thought I had left it in the nursery at church, but it was not there. So, I cannot imagine what went with it. If anyone finds a black Schofield edition of the Bible, I think it has our name in it, please "holler" at us.

Thought sure we were going to get a good rain last Friday night, but we didn't. It rained some in a few places, but not many and not much where it did rain. We could use a good rain right now, the cotton is so pretty and so far the insects have not done much damage. If we could only get a good rain, think we would make a pretty good crop again. The maize that has been irrigated looks pretty good. If the farmers can get a good price for it when it comes time to harvest it, that should help everyone's feelings.

I have been asked to mention that there will be a meeting of all the residents of O'Brien Thursday night at 8:00 o'clock for a beautification program. Everyone who can needs to attend this meeting, so we can get organized again and get to work on the project. We placed second in the district this time, but maybe with a little effort from all involved we could place first this time. The meeting will be at the City Hall.

Also the homecoming committee asked that I mention again that the O'Brien Homecoming will be October 20 and 21. All the plans have not been completed yet, but there will be something for everyone to attend. Tell everyone that you see what the dates are and for what to plan to come. Let's make this the best homecoming ever.

For everyone who has been

asking, I do not think you ever get completely over an inner ear infection, I still have dizzy spells so much of the time. I hope it is gone before the ginning season starts. Can you imagine trying to wait on someone, when you are so dizzy you cannot see straight?

HERE AND THERE
Mr. and Mrs. O.L. (Booger) Emerson of Houston visited Friday night and Saturday with Mr. and Mrs. Demp Emerson. They had just return from a long vacation from several other states and places of interest.

Mr. and Mrs. Adlerle Herring, Ken and Alan of Junction visited with his parents, Mr. and Mrs. Ranzy Herring last weekend. They also visited in Rule with Doris' parents, Mr. and Mrs. C.B. Sprayberry.

Mrs. James Manning, Cody and Christie were in Hamlin Thursday night visiting with Mr. and Mrs. Butch Holland, Jacob and Cole. Jacob and Cole came home with them for a visit. Mrs. Holland's granddaddy had passed away.

Mrs. Bernice Rowan visited during the weekend with her son and family, Mr. and Mrs. Jerry Rowan, Angelia and Michelle of Henrietta. Bernice and Jerry and Margaret attended a wedding in Fort Worth for Bernice's grandniece, the daughter of Mrs. Jewelene Bailey. Jewelene is a former resident of O'Brien.

The sons and daughters of Mrs. Minnie Robertson enjoyed a family reunion at the Community Center in Knox City over the weekend. The children attending were Mrs. Esther Wood and Mrs. Pearl Wood and husband, all of Colorado City; Mrs. May Allison of Happy; Mrs. Ruth Clark and husband of Dallas; Bryant Robertson and wife of Lubbock; Mrs. Earlene Self and husband of Dallas; Marvin Robertson and Mrs. John Covey and husband of O'Brien. Also there were several grandchildren and others attending the reunion.

Mrs. Veeta Reid is in Amarillo this week attending a tax school. Since every tax assessor-collector must be

certified or at least working toward certification, she had to attend a school for the purpose of making sure that the City of O'Brien is in compliance with the law.

Mrs. Teresa Denson of Stamford visited with her parents, Mr. and Mrs. Buster Hodges one day last week.

Toni Hewitt, daughter of Mr. and Mrs. Coy Hewitt, is enjoying a vacation this week with the Johnny Helms family of Knox City. They were going to Pecos and some other places of interest.

Some of the ones around the area attending the circus in Abilene last week were Mr. and Mrs. Jimmy Tankersley, Laurie, Boyce and April of Knox City; Mr. and Mrs. Don Roberts and Trisha; Mr. and Mrs. J.O. Brothers, all of O'Brien and Mr. and Mrs. Don Brothers and Tammy of Knox City. I'm sure that more attended, but these I knew about. It was pretty good, I suppose, at least the little ones enjoyed it, and that was the important thing. Granny is getting too old for things like this.

Farm Bureau Sets Meeting Tuesday at 7

Knox County Farm bureau has scheduled a policy development meeting Tuesday night, August 21, at 7:00 o'clock in the Farm Bureau in Munday.

All current Knox County Farm Bureau members are urged to attend and help formulate the organization's policies for the coming year, officials said.

A full meeting of the Board of Directors will follow at 8:00 p.m.

IN VASSAR HOME

Weekend visitors in the home of Mr. and Mrs. L.G. Vassar were their children, Mr. and Mrs. Kerry Phillips, Wendi and Ryan of Stinnett, Mr. and Mrs. Billy Bob Shaw, Druann and Shawna of Abilene, and Mr. and Mrs. Roger Vassar, Leslie and Randy of Wichita Falls.

Firemen Discuss Training Methods

By ROB HARRISON

During the Texas Firemen's training, as we wrote about in our last article, Craig Williams and I participated in the course, Firefighting 101, occasionally referred to as Basic Firefighting. We thought it anything but basic. Here is just a part of it:

We feel we've learned a lot. We don't look forward to using what we learned, instead we hope if it is necessary to use the techniques, we use them correctly and get the greatest benefit from them as possible.

Most persons do not realize that their houses are a virtual death trap, in a fire. Now I don't mean just from the actual fire alone. Have you ever thought about all the chemicals, cleaners, etc. you have in your house? We were informed the average household has over 300 items that can be deadly. Just sitting under the kitchen or bathroom sink, they present no danger. However if these become involved in a fire, 99.9% of these household helpers produce toxic vapors, in as little as 1 part per million can cause instant death when breathed.

If you're like me, you never

thought about it. You probably have a couch, chair or some type of furniture, made in whole or in part with synthetic material, dacron, rayon, polyester, etc. They make your house extremely pretty no doubt, but like the household helpers, they are also deadly when on fire.

So you can see why it is important to stay outside away from a house on fire. Not only could you get burned, but also one breath inside while your house is on fire, could be your last.

When the Fire Department arrives at a house fire, and if the house is not totally involved, where we can get inside, you will see three or four men suiting up in some outlandish looking gear. These will remind you of a skindiver's air tanks, at first glance. Since the air in the house is probably saturated with these deadly vapors, the firemen have to take their air into the house with them. Via a breathing apparatus known as an Air Pack.

There are several types, manufactured by as many companies. Our department has four units made by Scott. It just so happens that there are four men in the department qualified to use them. These carry 1910 pounds of

compressed air, which will last approximately 30 minutes with normal breathing. These are equipped with a warning bell, that rings when the air pressure gets below 500 psi. This gives the fireman about five minutes to get outside.

We don't practice with these, for the simple reason that we have no way to refill the bottles other than by taking them to Wichita Falls, and we could possibly need them if they are not readily available. There is an inexpensive system available to refill these, but it is still a little more than the department can afford.

These airpicks cost in the neighborhood of \$900 each. The tanks can be purchased separately as spares. We now have two with the hopes of getting two or four more, as finances allow.

Regardless of the cost, they are worth every cent, because this is a fireman's life he is carrying on his back. There is an interesting history to the evolution of the air pack.

In old pictures you may have seen of firemen, (1890 to 1900 or so), you may or may not have noticed nearly all had long beards. Believe it or not, these firemen would wet their beards and stick them in their mouths and breath through them to filter the smoke out, and it worked fairly well. Then along came the First World War and the

development of the gas mask. It served its purpose. But with expanding technology came more and more chemicals. So the beards and gas mask served no useful purpose in firefighting any longer, due to toxic gases and vapors. An alternate system of breathing apparatus was developed in the form of self-contained breathing apparatus, air packs. The earliest were bulky and heavy, around forty pounds or so. But with new materials available, the weight has been cut almost in half.

The face piece and delivery hose are made of plastic and rubber and are fire and heat retardant, but will melt if hot enough. However if a fire is that hot, no fireman will be close enough to let it melt.

Through research and development, the industry has manufactured a system that works. It better - the firemen's lives depend on it!

In our next article we will go into the techniques involved in extinguishment of fires.

In these times of lesser service, it should be comforting to know - "Firemen still make house calls!"

Remember - PREVENTION IS THE BEST FIREFIGHTER!

IMAGINE A WORLD WITHOUT COMMUNICATION

Communication is important not only between individuals, but between business and the consumer.

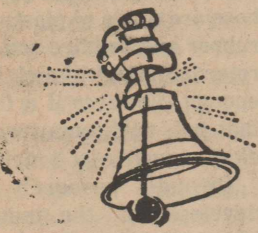

At WTU, we think it's important that consumers know about the services we offer, our billing practices and the details, and all the portions of your bill. We also want to provide you with information on how to use electrical energy in the most efficient manner possible. Conservation of our energy is important to our future and to you as a billpayer. It's also important that you and your family know the proper safety measures required when working around electricity.

These are just a few of the reasons WTU feels it's important to communicate with you on topics that concern and involve you. At West Texas Utilities, we're working to serve you better.

Methodists Hear Indian Missionary

The Rev. Samuel Gamadia and his wife, Suman, missionaries from India, were guests Sunday at The First United Methodist Church.

Rev. Gamadia spoke at both the morning and evening worship services and also presented slides to the congregation showing Indian traditions.

The guest speaker related that he was converted through the teachings of a

missionary and that is one reason he feels compelled to take the message of salvation back to India where he said 98% of the people are still Pagans.

The missionary, who is serving as assistant pastor of the Pleasant Mound United Methodist Church in Dallas, and his wife will leave the United States September 9 for their home in India and then will do missionary work in Africa for two years. He will return to the United States afterward for a brief stay, he said.

The speaker, who conveys to his listeners the beauty of Christianity, and the wonderful life in America he has experienced, was in Knox City during one of the Missionary Conferences at the First United Methodist Church about four years ago when Stella Taylor was one of the laypersons. He is attempting to re-visit all of the churches where he has preached before returning to India.

The Gamadias, who were houseguests of Mr. and Mrs. J.C. McGee, have two married sons who live in Dallas and another married son in India.

Keith Rowan Grand Prize Winner

By CHARLENE BROTHERS
There is a grand prize winner in O'Brien this week. Keith Rowan, son of Mr. and Mrs. Ivan Rowan, was entered in the Post Rodeo during the weekend and placed first in the calf roping. His first place earned him the total of \$600.00, which is very good for a few hours' work. Keith has won several first places the past few years. Not only money, but also a stock trailer one time and lots of trophies and belt buckles.

He and his brother, Wayne, are both active in rodeos. Wayne has also won several first places consisting of money, trophies and belt buckles. (I can remember years ago, well not too many, when Wayne was smaller that he would rope a post for hours on end, and it has paid off for him and Keith. He said roping a calf was a little harder than roping a post that would not move. Wayne, I do not believe I could even rope a post.)

Also another area boy who is rodeo-minded is Jerry McCown of Knox City. Jerry was entered in the rodeo at Albany this past weekend. Jerry was in the rodeo organization at Western Texas College when he attended school there the past two years.

Wayne and Keith were also in the rodeo organization at Western Texas College, when they were in school there.

IN CASH HOME

Recent visitors in the Ottis Cash home were their son and his family, Joe, Lydia, Josef and Sarah Cash of Lake Charles, Louisiana, Exa and Dan Reed of Pampa, Lillie Black of Truscott, and Mildred Cook of Gilliland.

RETURN HOME

Dr. and Mrs. George Wesley Coats and children, Drew and Charissa left Sunday after a week's visit here with his mother, Mrs. Bonnie Coats, and his sister and her family, Mr. and Mrs. Gene Sutton and boys.

Letter To The Editor

3519 Pearl Street
Nacogdoches, Texas
August 3, 1979

Dear Billye Bess,

In a recent issue of the Knox City paper, I observed a plea for funds to help in the care of the local cemetery. Since there are so many I have loved through the years buried there, I would like to have a small share in the upkeep. Will you please see that my check is given to the proper authorities.

Thank you, and with every good wish, I am

Sincerely,
Ruth Chamberlain

GARY COLEMAN, STAR OF DIFF'RENT STROKES, NAMED GIFT OF LIFE CHAIRMAN OF NATIONAL KIDNEY FOUNDATION

Gary Coleman, star of the hit television comedy series *Diff'rent Strokes*, has been named the honorary Gift of Life Chairman of the National Kidney Foundation.

Gary, who underwent a kidney transplant when he was five years old, will help promote the Foundation's programs through television and radio public service spots and selected personal appearances.

Gary was born with a chronic kidney disease and underwent three major operations between the ages of two and five before he received his transplant. The transplant was performed at Children's Memorial Hospital in Chicago, Illinois.

"We are enormously pleased Gary is willing to donate his time and energy to helping promote the programs of the National Kidney Foundation," says Harold D. Schwartz, chairman of the Foundation. "He is an inspiration to every kidney patient who is on dialysis and the thousands who are waiting for a transplant."

Gary began his acting career shortly after recovering from his operation, appearing in television commercials for such companies as McDonald's, Betty Crocker, Cracker Jack, Bismarck, Montgomery Ward and Hallmark.

It was on "America 2Night" that Gary got his

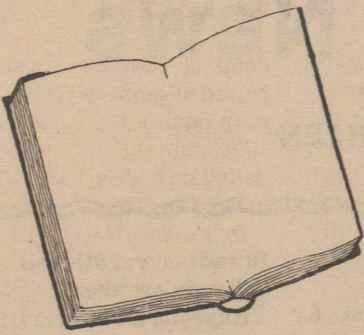

TV star Gary Coleman will help combat kidney disease.

first national exposure playing the host of "America After Lunch." He also guest starred on "Good Times" and "The Jeffersons" before becoming the co-star of "Diff'rent Strokes."

An only child, Gary spends his time between Zion, Illinois, his hometown, and Hollywood. His mother Sue, a former nurse, lives with him in Hollywood when he is taping the show while his father Willie continues to work in Zion as a pharmaceutical inspector. The National Kidney

Foundation, together with its 54 Affiliates, is the major voluntary health agency seeking the total answer to diseases of the kidney... prevention, treatment and cure. Although Affiliate services vary depending upon community resources, the Foundation's many-faceted program brings help and hope to millions of Americans suffering from kidney disease through research, patient services, the Organ Donor Program, professional education and public information.

For earlier maturity—bigger yields

We recommend

When bollworms or tobacco budworms infest your cotton fields there's no time for half way control measures. That's why thousands of growers rely on a new insecticide AMBUSH for dependable control.

AMBUSH insecticide is applied only when insect pressure begins to build up. So you must check your fields on a regular basis. As you know, each area will vary by climate, soil type, type cotton seed variety—so check with our representative in your area, he will give you instructions on the best method of application for your particular cotton operation.

Here are some of the important advantages you get with AMBUSH insecticide: effective control of budworms and bollworms, healthier plants, earlier maturity and bigger yields. Don't delay, order your supply today.

Free, Reduced Meals Offered In Benjamin

The Benjamin School serves nutritious meals every school day. Lunches may be bought for the following price: Grades K through 6th, 80 cents; grades 7 through 12, \$1.00; teachers and school employees, \$1.50 and other adults, \$2.00. Breakfast for all will cost 50 cents.

Children from families whose income is at or below levels shown on the attached scale are eligible for free or reduced-price meals. The reduced price for lunch is ten cents and for breakfast ten cents. If one's income is greater than shelter costs in excess of 30 percent of your income, special education expenses due to the mental or physical condition of a child, or disaster or casualty losses, his or her children may still be eligible.

The school children of parents or guardians who become unemployed are eligible for free or reduced-price meals during the period of unemployment, provided that the loss of income causes the family income during the period of unemployment to be at or below the levels shown on the scale.

To apply at any time during the year for free meals and/or reduced price meals for their children, parents or

guardians may obtain an application at the school and complete and return it to the school. The information given on the application is confidential and will be used only for the purpose of determining eligibility for free meals and reduced-price meals. Within ten days of receiving an application, the school will let a person know whether an applicant's children are eligible. If anyone does not agree with the school's decision, he or she has the right to a fair hearing by calling or writing Kenneth Roberts, Box 166, Benjamin, Texas (817) 454-2231.

In certain cases foster children are eligible for these benefits. If one has foster children living with them and wishes to apply for such meals for them, they should notify the school or indicate it on the application. All children are treated the same regardless of ability to pay. In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, or national origin.

If school officials can be of further assistance or if a family's size or income changes during the year, persons should contact Supt. Kenneth Roberts.

Former Munday Man Is Inspecting Device

A former Munday resident, Melvin Rister, who now resides in Lemon Grove, California, is currently inspecting a Western Electric sensing device, part of the computerized control system that maintains a constant check on the new solid state switching system recently installed in San Ysidro for the Pacific Telephone Company.

The new \$4.8 million switching center cut into service recently and will serve San Ysidro and parts of Imperial Beach. Initially, the new equipment will process calls for about 6,800 telephones in San Ysidro and 7,600 phones in Imperial Beach. As more equipment is added, it eventually will be able to accommodate 25,000 phones.

Rister graduated from Munday High School in 1955 and is the son of the late Warren Rister of Munday. He married the former Oneida Walker of Weirton in 1963, who is the daughter of Mrs. Beal Walker of Knox City and late Mr. Walker. They are the parents of two children, Leslie Dan, age 15, and Teresa Sue, age 13.

Mrs. Rister and Teresa are here visiting her mother.

RETURN HOME
Mrs. Pearl Clark of Fort Worth has returned home after spending several weeks with her mother, Mrs. J.O. Buchanan.

Returning to Fort Worth with Mrs. Clark were her aunts, Dee Klingaman of Elizabeth, New Jersey, Maudie Blain of Fort Worth, and Sue Fanning of Sunland, California. Dee and Sue departed from Dallas-Fort Worth Airport for their return trips home.

The women were here for the funeral service for their brother, Ben Owen in Pampa, August 7.

Lions Club News

BY Z.I. SMITH

Feast or famine seems to be the way it happens at Lions Club. Today we had programs galore. Lion James Patterson brought as his guests Connie and Allison Ware, who are leading the singing for the Crusade now in progress at the football stadium. Many citizens, which naturally means many Lions, have worked together from Knox City, O'Brien, and Benjamin to establish and carry out this Christian Crusade. The Wares played and sang "Old Man River," and "Just a Closer Walk With Thee" for the Lions.

Vice President Randy Coale presided while the Boss Lion is still away on a business trip. No club business to transact but Lion Joe Clonts introduced guest son-in-law Burton Balch from Baton Rouge, Louisiana.

Lion Gene Sutton introduced guest brother-in-law George W. Coats from Lexington, Kentucky.

Our Mormon friends from Munday (I have a terrible time remembering names) brought a film entitled "The Mailbox" produced by the Brigham Young University.

Becky Coale will be happy that Lion Randy was at our meeting today because his name was drawn for the free hose.

BUCHANAN VISITORS
Visiting in the home of Mrs. Mary Buchanan over the weekend were Mr. and Mrs. Kenneth J. Hughes and boys of Garland. Mrs. Hughes will be remembered here as the former Ruby Buchanan.

AHA Nets \$750.00 In Fiscal Year

The American Heart Association received \$750.00 in memorial contributions in Knox County during its fiscal year ending June 30, according to Winters Matthews, local chairwoman.

Some 200 contributions were received in memory of 30 persons, most of whom died of heart attack, stroke, or some other form of cardiovascular disease.

Mrs. Matthews stated that memorial gifts accounted for ten percent of the \$7,477.75 received by the AHA from all donations in Knox County.

Though most memorial gifts are received following a cardiovascular death, Mrs. Matthews indicated that she also receives contributions on subsequent dates such as birthdays and anniversaries. "Memorial giving is both an effective way to pay tribute and a meaningful way to remember," she said.

Memorial contributions to the AHA can be mailed to American Heart Association, Winters Matthews, Memorial Chairman, Box 213, Munday, Texas 76371. The name of the individual to be honored, the name and address of the next of kin, and the contributor's name and address should be included.

A receipt will be mailed to the contributor, and an acknowledgement card will be sent to the next of kin, if appropriate. Checks should be made payable to the American Heart Association.

Mentally Retarded Can Receive Benefits

Some who are mentally retarded are forever children, trapped in the never-never land of Peter Pan and Winnie the Pooh. Others eventually progress to the point where they are able to work and achieve economic independence.

The key to full development of the retarded child's potential is love and understanding. Most authorities agree that family living arrangements for these children are generally preferable to prolonged institutional care.

Social security programs that provide cash benefits for the mentally retarded can play a critical role in their lives. The payments often mean the difference between living at home or in an institution. At the very least, the payments can ease the financial burden of lifetime care and dependency.

Severely retarded adults who meet the medical definition for disability may qualify for Social Security benefits as a dependent of a parent who gets retirement or disability benefits or who died after working long enough under Social Security. They are considered "adults disabled in childhood," and it must be shown that the condition existed before age 22.

The Supplemental Security Income (SSI) program makes payments to persons 65 or older, or blind, or disabled who have little in-

come or resources. Severely retarded persons of any age may qualify for payments if they meet the medical definition of disability and the income and resource limits.

In deciding if a child under 18 (or under 21 if in school) and living at home can get SSI payments, part of the parent's income and assets are considered to be the child's. After discounting allowances for work and living expenses and for other children living in the home, the remaining amount of a parent's income is used to decide if a child meets the income and assets limits.

Persons living in a public institution generally are not eligible for SSI payments. However, a retarded person living in a public institution may have progressed to the point that he or she could live outside the institution if a continuing source of income was available.

An application may be submitted for SSI payments when it appears that a person is ready to leave an institution soon.

Those who live in publicly operated community residences serving no more than 15 persons may be eligible. Also, if the State's Medicaid program pays more than half the cost of the person's care in a public or private institution, he or she may be eligible for a payment of up to \$25 a month. This payment is the patient's per-

sonal use and cannot be used by the institution for the cost of the person's care.

A parent, guardian, or other responsible person has the right to apply on behalf of the retarded person and can get a formal decision on eligibility. This is true even though it does not appear that the person meets all of the eligibility requirements.

A retarded child who is eligible for SSI may also qualify under the Aid to Families with Dependent Children program. However, the child can't get both AFDC and SSI. The parent or guardian can choose whichever one best suits the family needs.

If you know of a person who is mentally retarded and who may be eligible, you should suggest that the person responsible for the child get in touch with the Vernon Social Security office, which is located at 1701 Cumberland Street.

SITTER SKILLS

Even when you go out, your responsibility for your baby never ends. Besides selecting an enthusiastic and capable babysitter, you're expected to give the teenager enough information so he or she can take care of any emergency.

Gerber's child care experts, with more than 50 years of experience involving the welfare of children, suggest these pointers.

• Give the babysitter a tour of the house. The

kitchen, bathroom and route for emergency escape deserve special attention.

• Tell the sitter where you'll be and for how long.

• Leave a list of important telephone numbers by the phone. Be sure the list includes the number where you can be reached, and the numbers of a nearby friend or relative, your child's doctor and fire and police departments.

Summer Dinner Out-Of-Doors

Have a picnic on your porch this summer, and to add a warm glow to the occasion, make it a festive candlelight dinner. Begin the repast with a chilled bottle of Reine Pedaque Pouilly-Fuisse, a delightful white wine imported by the Dennis & Huppert Company and the perfect flavor enhancer to any meal.

Individual fish soufflés baked in avocado halves make tasty seasonal entrees. Fresh strawberry and wine sherbet is the refreshing finale.

FISH SOUFFLÉ BAKED IN AVOCADOS

- 4 tablespoons butter
- 1/2 cup onion, chopped
- 3 tablespoons flour
- 1 1/2 cups fish stock
- 1/2 cup dry white wine such as Reine Pedaque Pouilly-Fuisse
- 1 teaspoon salt
- 1 1/2 pounds halibut, turbot or salmon, poached and cut into 1-inch cubes
- 1/4 cup cream
- 1 teaspoon dried dill
- Salt and freshly ground pepper to taste
- 3 avocados, halved and pitted
- Lemon juice
- 3 egg yolks
- 4 egg whites, stiffly beaten
- 1/4 teaspoon cream of tartar
- 3 tablespoons freshly grated Parmesan cheese

Pre-heat oven to 400° F. In a 2-quart saucepan, melt butter, add onion and sauté until golden. Stir in flour and cook 3 minutes. Remove from heat, add fish stock and wine, whisk vigorously. Return to heat and cook until mixture becomes thick and smooth. Add salt, and remove from heat. Reserve. In a bowl, place fish, stir cream, dill, salt and pepper. Remove 1/2 cup of sauce to fish. Gently combine. Set aside. Coat avocados with lemon juice and place on a baking sheet. Divide fish mixture among the 6 halves.

Beat egg yolks and stir into sauce. Beat egg whites with cream of tartar until stiff peaks form. Fold into sauce. Add grated cheese.

Spoon 2 or 3 tablespoons of sauce over each avocado half. Bake at 400° F. about 10-12 minutes, or until tops are lightly brown. Serves 6.

FRESH STRAWBERRY AND WINE SHERBET

- 1 pint strawberry purée (made from about 1 1/2 quarts fresh strawberries)
- 1 cup sugar
- 1 1/2 cups water
- 1/2 cup dry white wine such as Reine Pedaque Pouilly-Fuisse

1/4 teaspoon cinnamon
Juice of 1 lemon
Fresh strawberries for decoration

Hull strawberries and pass through food mill, sieve or Waring electric mixer. In a saucepan, combine sugar, water, wine and cinnamon and bring to a boil. Boil for 5 minutes, cool. Beat puree with the cooled syrup, add lemon juice, and taste. Pour mixture into container and place in freezer. Decorate with fresh strawberries. Makes 1 quart.

PRESENTING A PROGRAM for the participants of the Knox County Nutrition Program at the Community Center last Thursday was Sharon Book, assistant Extension agent of Benjamin. Sharon advised the Senior citizens, following their noon meal, that everyone should be leary of the so-called lose weight quick schemes, grow hair on bald heads, increase bustlines, and other quackery. Sharon had the help of her little friend, Dr. Quack, to assist her in her program, "A Look at the Truth."

Local Group Returns From Hawaiian Tour

Five Knox City residents, Mrs. Claud Reed, Mr. and Mrs. Vic Lowry, and Mr. and Mrs. Elton Groves, along with Mrs. R.H. Underwood from O'Brien, have returned from a tour of the Hawaiian Islands.

The group departed from the Dallas-Fort Worth airport Wednesday, August 1, for Honolulu where they stayed at the Holiday Inn across from Waikiki Beach. Mrs. Reed commented that from her sun deck on the 23rd floor the view of the surfers was excellent.

While in Honolulu, they enjoyed a city tour including the Iolani Palace, Punchbowl Crater, University of Hawaii, Garment Factory, and the Punchbowl Cemetery (where the boys who lost their lives at Pearl Harbor were buried), the residential district, the Capital of

Hawaii, Robert Louis Stevenson's shack, and saw many beautiful types of flowers and trees growing.

Mrs. Reed also reported that Honolulu is being commercialized as they have acquired Sears, J.C. Penney, Pizza Hut, Dairy Queen, McDonald's, Kentucky Fried Chicken, Baskin-Robbins Ice Cream, and several other establishments common in the mainland.

With the scenery being so beautiful in the city, the group took a three hour cruise along the Oahu coastline into Pearl Harbor where they viewed the wreckage along the Battleship Row, the Battleship USS Arizona, USS Utah and the Arizona Memorial Monument. As they neared the scene, they heard a recording of "Taps" which prepared them for the history

of December 7.

Friday and Saturday were free days and some visited the Polynesian Culture Center, the Don Ho Show, the Hawaiian Hut dinner show, and other tours or shopping.

On Sunday, the group flew to the "Garden Isle" of Kauai. Upon their arrival, they completely circled the island by bus and visited the Waimea Canyon (Grand Canyon of Hawaii) and the Spouting Horn and also took a cruise on Wailua River to the cave for a Hawaiian musical program. As their tour continued, they also saw fields of pineapple, sugar cane, banana and coconut trees, and Macadamia nuts.

The group was told that all of the islands were self-sufficient and that nearly all of the homes had banana trees, pineapples, and Macadamia nuts.

From the island of Kauai, the group traveled on to Kona on the big island of Hawaii. At Kona, the group was housed at King Kamehameha Hotel,

which is named for the King who did so much for the islands. After getting settled, some of the tour group went fishing, shopping, or rode the glass bottomed boat to see the fish and coral.

From Kona, they took two buses on a tour of the southern coast of Hawaii to Hilo. On their way, they went through the Volcanic National Park where they reported huge craters on each side of the road with steam still coming out of their vents.

In Hilo, the tourists stayed at Naniloa Surf Hotel where they took a tour of the city before settling down for the night. Several shopped for the last time before preparing for their morning departure from Hono on to Honolulu and then to Dallas-Fort Worth.

Two buses were at the D-FW airport to return the tourists from a wonderful week in the beautiful 50th state of the United States.

Grapevine Opry Bus Is 'Ready To Ride'

After tremendous response to the chartered Grapevine Opry trip, the bus is loaded and several have asked to be placed on stand-by in case of cancellations.

Passengers are asked to be at The Knox County News office shortly after 12:00 noon Saturday and no later than 12:20 p.m. The bus is scheduled to leave at 12:30 for Grapevine with a brief stop in Seymour to pick up other passengers, and then a 'Coke' stop in Jacksboro.

The group should arrive in Grapevine about 4:30 and after a leisurely meal, will attend the 6:30 p.m. performance.

The bus will be returning to Knox City about 1:00 a.m. Sunday.

USDA Increases Program Payments

The U.S. Department of Agriculture today increased payments to states under the Child Care Food Program, according to Assistant Secretary Carol Tucker Foreman. Payments have been increased 6.73 percent to reflect the rise in the Consumer Price Index series for food away from home for all Urban Consumers.

The increase will be effective from July 1, 1979, until December 31, 1979. It follows

an increase made in March for the first six months of this year.

Payments to states are based on need and on the number of meals served by participating child care institutions. Higher rates of reimbursement are provided for meals served to children whose family income meets the criteria for free or reduced-price school meals.

The new payment rates for

"paid meals" are 13.5 cents for each breakfast served, 17 cents for each lunch or supper, and 7 cents for each snack. These rates are up from 12.75 cents, 15.75 cents, and 6.58 cents, respectively.

For meals reimbursed at the reduced-price rate, the payment is 39 cents for each breakfast served, 83.25 cents for each lunch or supper, and 21.25 cents for each snack. Previous rates were 36.50 cents, 77.25 cents, and 19.75 cents, respectively.

For meals reimbursed at the free rate, the payment is 47.25 cents for each breakfast served, 93.25 cents for each lunch or supper, and 28 cents for each snack. Previous rates were 44.50 cents, 87.25 cents, and 26 cents respectively.

Instead of keeping records on actual costs of food served, sponsors of family and group day care homes may choose to make payments to homes based on a food cost scale established by USDA's Food and Nutrition Service. This rate has been increased from 28 cents to 30 cents for each breakfast, from 50 cents to 53.5 cents for each lunch or supper, and from 17 cents to 18.25 cents for each snack.

The new rates of payment appeared in the July 15 Federal Register.

Wheat Fertilization Is Very Important

This past season's bumper crop of wheat may have depleted plant nutrient levels to the point where proper fertilization for the 1979-80 season deserves special attention.

"Greater yields of high quality forage and grain are a major concern of producers looking forward to the next crop," according to County Extension Agents. To get those yields, producers will need an accurate inventory of their soil's nutrient levels in order to apply the right kinds and amounts of fertilizers.

A soil nitrogen analysis following a 60 bushel-per-acre wheat yield indicated the nitrogen level had dropped from 124 pounds per acre to 13 pounds per acre.

Soil tests from the Extension Soil Testing Laboratory at the Texas A&M University Agricultural Research and Extension Center near Lubbock provide a guide for making decisions on what, when and how much is needed.

Nitrogen is the element likely to be in shortest supply. The soil's nitrate nitrogen content, which is determined by soil test, provides an excellent criteria for evaluating the nitrogen need.

The rate of application should be based on nitrogen present in the soil, grazing practices, and on yield potential which is determined by water availability and cultural practices.

On hardlands, all or part of the nitrogen can be applied before planting. On sandy soils where leaching may cause nitrogen loss, part of the nitrogen should be applied preplant with one or more applications made later in the season.

Insufficient phosphorus may or may not be a limiting factor and here again, the soil test can serve well. Phosphorus, second only to nitrogen in importance, is a major contributor to the vigorous early growth that supplies first-quality forage for the beef industry.

Demonstrations recently conducted near Kress, Texas, indicated that wheat yields were increased from 8 to 19 bushels per acre from

phosphorus application depending upon phosphorus rate and tillage practices.

Phosphate, where needed, should be applied in the seedbed before planting because it does not move into the soil with water.

Information on sample collection, information sheets, fees, and mailing instructions are available from the County Extension Agent's office.

SAY "PUDDING" FOR THIS PIE

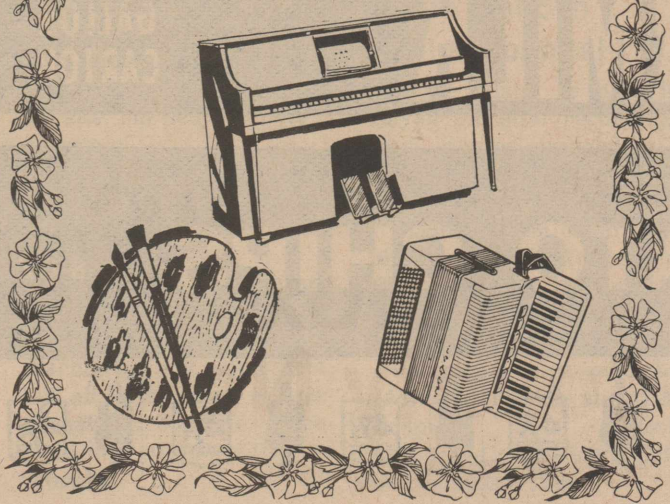

PUDDING CHEESE PIE

- 1 package (8 oz.) cream cheese, softened
- 2 cups cold milk
- 1 package (4-serving size) lemon, coconut cream, vanilla, or pineapple cream flavor instant pudding and pie filling
- 1 baked 9-inch graham cracker crumb crust, cooled

Beat cream cheese until very soft. Gradually add 1/2 cup of the milk and blend until smooth. Add remaining milk and pie filling mix. Beat as directed on package. Pour immediately into crust. Chill until firm, at least 2 hours. Garnish with lemon slice, if desired.

Note: Filling may also be chilled in crumb-lined 8-inch square pan, using amount of crumbs as for 9-inch crust. Or omit crust and chill in individual dishes.

Happy Birthday,
Jo Ann!
