**READY FOR FRIDAY NIGHT'S** season opener with the Rule Bobcats are these Knox City Greyhounds who have been preparing for the first game of the year for several weeks. From left, front row, are Greg Oliver, John Reynolds, Danny Martinez, Shelton Rhodes, Rance Hacker, Daniel Alsidis, and manager Danny Johnson. Second row, Cyle Clayton, Ricky Gonzales, Kelley Boone, Kenny Cornwell, Arturo Rocha, Chuco Magana, Joe Godsey, and

Brett Tackitt, who injured knee ligaments during two-a-days. Third row, Coach Jimmy Rogers, Sid Richardson, Jay Rutherford, Scott Lynn, Dwayne Johnson, Tim Roberson, Robert Espinosa, Kyle White, and Greg Whitten. Back row, Coach Jerry Lowrey, Barry Sutton, Chuck Hutchinson, Terry Watson, Adam White, Sammy White, Steve Rumley, Andy Barnard, and Coach Tommy Sloan.

### Hounds Vs. Bobcats

# Season Opener Set Here Friday Night

After weeks of pre-season practices and two scrimmages under their belt, the time has come for the Friday night season opener against the Knox City Grehounds and the Rule Bobcats. The Hounds will play hosts to the Bobcats with kickoff time set for 8:00 p.m.

This is the second consecutive year that the Hounds have met Rule in their opener with the Hounds' scoring late in last year's game to win by a 12-6 margin.

With the Holliday and Jayton scrimmages behind them, the Hounds meet the Bobcats, who have been picked to finish third in the District 5-B form chart as published in the Sunday sports edition of the *Abilene Reporter-News*.

Coach Jimmy Rogers' Hounds have been selected to finish second behind the state's number ten ranked team by the Harris Poll, and the District 7-A *Reporter-News* top pick, the Haskell Indians.

Knox City scalped the Indians in last year's contest by a score of 6-3 so hopes are that the Hounds will do a repeat performance of the 1978 game.

## Volunteers Collect For MDA Fund

A group of Knox City youngsters joined other Americans Monday as volunteers to collect \$302.23 for the annual Jerry Lewis Labor Day Telethon which began Sunday, concluding Monday at 6:00 p.m.

When Knox City ag teacher Leon Burkham learned that no telephone had been set up for Knox City donors, he permitted the use of his.

Collecting funds locally were Bobby Don Burkham, Michael Morris, Danny Balis, Ruben Espinosa, Robert Espinosa, David Gonzales, Allen Turner, John Turner, Marcia Berryman, Don Turner, Melanie Morris, Bruce Skiles, Greg Skiles, and Cris Whitaker.

Mr. Burkham said there might possibly be others who helped who did not know where to remit the money and that they could call 658-3772.

The 14th annual telethon for the Muscular Dystrophy Association was reported to have raised \$30,075,227, more than \$1 million over last year's total.

Coming off a 9-1 season record last year, the only mar on the slate came with the Munday loss after the Hounds had already defeated the Indians on their reservation.

Three all-district players return to the KC squad this year including quarterback Dwayne Johnson, back Terry Watson, and tackle Kyle White, plus six other starters, backs Ricky Gonzales and Tim Roberson, guard Kenny Cornwell, tackles Andy Barnard and Robert Espinosa, and end Sammy White.

According to reports, the Greyhounds have the fastest back in the district in Ricky Gonzales unless someone else has moved in. Roberson showed his talents in last year's competition when he had a couple of three-touchdown games. Last year

## Jim Lynns Named 'Boosters Of Week'

The Knox City-O'Brien Greyhound Booster Club held its first regular meeting last Tuesday night at the Ag building at 7:30 o'clock.

The group voted to name a "Booster of the Week" for home games again this year, and named as the first Greyhound Boosters of the Week for this season were Georgie and Jim Lynn of Knox City.

The Lynns are the parents of four children. Their daughter Laura attends night classes at McMurry College in Abilene and works for the highway department. Oldest son Jimmy is a junior student at McMurry where he is starting linebacker for the McMurry Indians. Scott is a senior student at KC-O'Brien High School and is a member of the Greyhound varsity squad. Stephen is a sophomore at KCHS and is a member of the junior varsity team. Both Scott and Stephen are active in all sports and are both honor students also.

Mr. and Mrs. Lynn came to Knox City in 1957 from Wichita Falls and went into partnership in the G&L Electric Motor Co. Georgie was born in Jennings, Louisiana, but was reared in Wichita Falls and Jim was also born and reared in Wichita Falls.

In 1961, the Lynns bought out the partnership and changed the name of the business to Lynn Electric Motor Company. They have been at their present location

KC was reportedly the most underrated team in the area.

Additions to this year's Hound squad are quarterback Jay Rutherford, tackle Kelley Boone, backs Scott Lynn and Russell Hacker, and end Chuck Hutchinson. These players are reported to add depth; however, there is not a lot of size on the Greyhound team.

Almost five years have passed since the Hounds went into the playoffs losing to Jim Ned in bi-district action at Abilene's Shotwell Stadium in 1974. However, if the Hound pack continues to improve as last season, chances are that they could make it. Coach Rogers commented that attitude is one thing they have going for them.

Selected in third place in the *Reporter-News'* District 7-

A form chart is Munday, followed by Quanah, Paducah, Aspermont, and Crowell.

In Friday night's scrimmage action against Jayton on their home field, the freshmen scored one to Jayton's zero during their segment of play while Jayton's junior varsity squad scored one to KC's zero. In the varsity phase of the scrimmage, Knox City tallied two scores with Jayton's failing to score.

## Stenholm Day Set Saturday At Ericksdahl

**STAMFORD** - Final plans for the first FUNDAY for Congressman Charles W. Stenholm are set for Saturday, September 8, from 5:00 to 8:00 p.m. at the Ericksdahl picnic grounds. STENHOLM '80 campaign chairman, Don Starr, said, "We are very pleased with the response both by letter and calls that have been received. We are looking forward to a FUNDAY success for Charlie."

The Ericksdahl picnic grounds are located ten (10) miles east of Stamford. Starr said the route will be clearly marked from all directions.

An old fashioned picnic, entertainment and a short talk by Stenholm are planned along with informal visiting with the Stenholm family for supporters and friends.

## Senior Citizens To Eat At Church Today

Mrs. Lillian Logan, Knox County Nutrition Program coordinator, has asked the News to remind senior citizens who participate in the meal program three days a week at the Community Center that Thursday's (today's) meal will be served in the fellowship hall of the First United Methodist Church.

## Milo Crop Described 'Short One'

"Eddie Shaver brought in our first 'little jag' of milo," said Charlie Groves, manager of Farmers Grain, "but it was too wet to handle, so he called it quits until later."

Groves reported the first full load was brought in by George Hodges and moisture content was 14.23 and yielded about 1700 pounds on dry land.

Groves estimated the milo harvest to be over half harvested and that he had bought approximately 1 1/2 million pounds so far. He also made the remark that wheat sowing time was near as sowing time is usually between September 10 and 15.

Billy Mitchell, manager of Knox City Grain, said he received his first load on August 7 and that the milo was very wet. He remarked that the farmer who brought it in said his crop was burning up and had to be cut early. He also stated that in his estimation that this was the shortest milo crop ever in this area.

## Bloodmobile Gets 59 Pints

Fifty-nine pints of blood were received during the August 29 Bloodmobile visit to Knox City.

## O'Brien Homecoming Plans Continuing

Plans for the 1979 O'Brien School Homecoming have been finalized and according to officials, the homecoming committee has announced that festivities will begin with registration and reunion at the O'Brien school building on October 20 from 2:00 p.m. until 5:30 p.m.

Registration will be followed by an evening meal scheduled from 5:30 p.m. until 7:00 p.m. All reservations for meals must be made before October 1 and meal ticket prices will be \$3.50 for adults and \$1.75 for children.

Invitations have been mailed to over 600 former students based on a previous registration list. If anyone, for some reason, does not receive the invitation and they wish to make reservations for the Saturday evening meal they are asked to personally contact Anne Underwood or phone (817) 658-3537 or 658-3470. Charlene Brothers will also take reservations and she may be reached at (817) 658-3428 or 658-3631. Officials stressed

that it is important that reservations be made by October 1.

Following the meal, there will be entertainment and recognition of various ex-student groups and teachers. There will also be other enjoyable activities as the evening progresses, one of which has caused the homecoming committee to request that ex-athletes of the O'Brien Schools bring a pair of tennis shoes with them.

Homecoming will conclude Sunday, October 21, with all present invited to attend worship services at the O'Brien Baptist Church. Sunday school will begin at 9:45 a.m. and worship services at 11:00 a.m. This will conclude the 1979 O'Brien school homecoming which is held once every three years.

This is an opportunity to reunite with classmates, teachers and community residents. All ex-grads, ex-students, and ex-teachers are urged to make plans now to attend October 20 and 21.

## O'Brien Baptist Sets Sunday Dedication

Sunday, September 16, is Dedication Day for the refinished auditorium of the O'Brien Baptist Church. According to the Rev. Bill Trice, church pastor, all walls and ceiling were painted, new carpet has been installed wall to wall, and the pews were refinished in a dark oak color with cushions on the seat and back.

Sunday school will begin at the usual time of 9:45 a.m. and the teaching period will be cut short with all assembling in the auditorium.

Former church pastor, the Rev. Bob Cameron, will bring the first message and the Rev. T.O. Upshaw, Baptist Double Mountain Area Missionary, will bring the dedication sermon at the regular 11:00 preaching hour.

The church and visitors will have dinner in the fellowship hall beginning at twelve noon.

Committee members for refishing the auditorium were Butch Stephens, chairman; Don Roberts, Linda Underwood, Dianne Roberts, Faye Reed, Orval Manning, L.A. Covey, Cleo Rowan, and John L. and Gladys Grindstaff. Carpet selecting committee consisted of Beatrice Ellis, Susan Emerson, and Lorata Johnston.

Total cost of the project was approximately \$14,000, which has already been paid leaving the church debt free, plus a new piano valued at \$7,500.

Rev. Trice stated that everyone is invited to the services as well as the dinner.

## Foursquare To Hear Cupbearers Sept. 9-10

The Cupbearers singing group will be ministering at the Knox City Foursquare Church at 10:45 a.m., Sunday, September 9.

The entire morning worship service will be dedicated as a Celebration of Praise and Worship.

## Haskell's WTC Classes Begin Today

**SNYDER** - Fall classes at the Haskell extension center of Western Texas College are scheduled to begin Thursday, (today) September 6.

Students who have not yet registered are to contact Bill Blakley, coordinator, or call him at (817) 864-2848.

Registration at the Haskell center on the first night of registration on August 28 was good.

Classes on the WTC campus in Snyder will also get underway today. Persons wishing information about day or evening classes on the fall schedule may contact the office of the registrar at (915) 573-8511.

The name Cupbearer means one who serves drink to another. In the Old Testament, Nehemiah was a cupbearer for the King. Tim Taylor and David Harris are the Cupbearers; two young men seeking to share the love of Jesus in word and song.

Both Tim and David attended Christ for the Nations Institute in Dallas, where David sang in the "Living Praise Choir" and Tim sang internationally throughout most of the world traveling with the "Luminaires."

The Cupbearers will also be ministering Monday night, September 10, at the Interchurch Rally held at the Foursquare Church. There will be a potluck supper before the rally at 6:00 p.m. Everyone is invited to the supper and rally.

**NOTICE OF APPLICATION FOR A BRANCH OFFICE AND OF HEARING THEREON**

Notice is hereby given that application has been made to the Savings and Loan Commissioner of Olney Savings Association, Olney, Young County, Texas, for the approval of a branch office of said association, such branch office to be located at: Courthouse Square, Munday, Knox County, Texas.

Notice is further given that hearing on the application is set for Monday, October 1, 1979, at 8:30 a.m., in the offices of the Savings and Loan Department, 1004 Lavaca, Austin, Texas, pursuant to authority and jurisdiction granted by Art. 852a, TEX. REV. CIV. STAT. ANN. The particular sections of the statute involved are 2.13 and 11.11. The particular rules involved are 056.01.00.003 through .013 and 056.02.00.003 and .004. Such rules are on file with the Secretary of State, Texas Register Division, or may be seen at the Department's offices.

The applicant association asserts: that operation of the proposed branch office will not unduly harm any other association operating in the vicinity; that there is a public need for the proposed branch office; that the volume of business in the community in which the proposed branch office will operate is such as to yield a profit to the association in a reasonable time, and certain other assertions per rules of 056.02.00.003 and .004.

Anyone desiring to oppose this application may do so by writing the Commissioner at P.O. Box 1089, Austin, Texas, 78767, and so indicating or by appearing at 8:30 a.m., October 1, 1979, in the Department's offices and voicing opposition when the application is called.

If no opposition is registered prior to or at the time the application is called, hearing may be dispensed with; if opposition is registered and existing when called, hearing on the application will be continued to a later date for the purpose of receiving testimony and evidence from the parties and to accumulate a record of pertinent information and data in support of the application and in opposition to the application. ISSUED in Austin, Texas, August 17, 1979.

# O'Brien Happenings

By CHARLENE BROTHERS

Does anyone want to go to Alaska? If the weather does not cool up some, I may want to go somewhere it is cooler. It looks like it is going to be another 1977, you remember that September and October was so hot. I well remember, the gin hands kept us out of Cokes all the time, it was so hot in the gin and we did not get started earlier that year. Maybe we can get started ginning cotton before too much longer. I hope it is not like last year. We did not get started until around the first of December, and then finished up in April. That is a long time to be ginning cotton. Everyone was about to quit on us.

The college students will all be in school by the time this comes out, and hopefully everyone is enjoying it. It seems odd not to have one in some school. Craig decided not to go back this year. There are several from O'Brien who will be leaving for college this week.

I suppose all of you have noticed the pipe line they are working on from here to Knox City. It is the water line for the towns of O'Brien and Rochester to join on to the Miller Creek lake water. We will be glad when they get it finished and get to try the lake water. The other day when Irene and I were going to College Station, nearly every town we went through had a sign at the city limits that the water supply was approved by the State health department. It seemed kind of strange because so many of the towns out this way do not have a sign like that. Maybe after we get tied onto the lake water we can have one, we are hoping.

## HERE AND THERE

Mr. and Mrs. Ranzy Herring visited in Junction during the weekend with their son and family, Mr. and Mrs. Adelle Herring, Ken and Alan.

Mr. and Mrs. Ronnie Denson of Stamford visited Sunday with her parents, Mr. and Mrs. Buster Hodges.

Visiting in the home of Mr. and Mrs. Leslie Draper during the weekend were Mr. and Mrs. Harold Lewis and Mark of Irving, Mr. and Mrs. Scott Bolton, Shannon and Angie, Juanita Heimerman, all of Lubbock, and Mr. and Mrs. Willie Sparks of O'Brien.

Visiting in the home of Mr. and Mrs. Grady Ellis during the weekend were Mr. and Mrs. John Mayes, Mark, Michael and Mandy of Arlington, and Mr. and Mrs.

## Former Resident Dies In Plano

Funeral services for former Knox City resident Charles R. Givens of Plano were held Tuesday afternoon, September 4, at two o'clock in Turrentine-Jackson-Morrow Funeral Home chapel in McKinney. The Rev. Dan Hoke officiated and interment was in Ridgeview Memorial Park.

Mr. Givens, 65, died Sunday, September 2, in a Plano hospital.

Born August 22, 1914, in Smackover, Arkansas, he was a self-employed service station operator and a Methodist.

Survivors include his wife, Mrs. Lois Givens of Plano; two daughters, Glenda Headen and Mrs. Jackie Snailum, both of Plano; two sisters, Mrs. Ella Blake of Houston and Mrs. Ruby Gilbert of Livingston; and seven grandchildren.

Gary Grant and family of Lubbock. Also Sunday Mrs. Pleas Childress brought her daughter, Julie, by to spend the week with her grandparents. Sandra was on her way to Dallas to attend a photography school. She has opened a shop in Ozona.

Mr. and Mrs. Don Jones and family of Wichita Falls visited during the weekend with her father, Lewis Kay, and enjoyed hunting dove.

Visiting in the homes of Mr. and Mrs. J.O. Brothers, James Manning and Marvin Manning during the weekend were Mr. and Mrs. Jerry Brothers, Jeremy and Tommy of Azle, Derwin Lancaster and Wendell and Darwin Altom of Springtown, and Craig Brothers of Snyder. The Jerry Brothers also visited with the Humberto Gutierrez family.

Mr. and Mrs. Coy Hewitt received some good news last week. I suppose it was good, their daughter Rhonda Moeller was appointed Haskell County Clerk to serve out the present term of Mrs. Sue Fincher, who is resigning to be married. It is not often that anyone from this part of the county is put into county offices at Haskell.

Marvin Manning announces the arrival of his fourth great-grandchild. Mr. and

Mrs. Tim Ivey of Springtown became parents of a baby son Saturday, September 1, at 2:30 a.m. Marvin Royce arrived in a Fort Worth hospital, weighing in at seven pounds, ten ounces, and was 21 inches long. Teresa is the daughter of Mr. and Mrs. Derwin Lancaster of Springtown, formerly of O'Brien. The baby has several grandparents and great-grandparents to help spoil him.

Veeta Reid and Charlene Brothers attended a county tax meeting in Haskell last Thursday night. The meeting was about the new county appraisal office to be set by 1982 for all the taxing units in the county. The meeting was attended by some from every taxing unit in the county and at this time they nominated four of the five names for the board of directors, the fifth name will be submitted at a later date. This new law set up by the legislative members during the last session has just about everyone up in the air. I think it will be a good thing once it is set and get all the bugs out of the running of it. I'm sure there is going to be lots of trouble and headaches in the forming of this office in the first couple of years. Maybe no one will get hurt in the process.

## Local's Kin Buried In Houston

Funeral services for Kerrville resident, Mrs. Icie (Dotson) Grubb, mother of Mrs. Lynn Worley of Knox City, were held Monday morning, August 27, at eleven o'clock in the Waltrip Funeral Chapel in Houston. Elmer Moore, Church of Christ minister of Palestine, officiated, and was assisted by Oliver Murry of the Langroad Church of Christ. Burial was in Brookside Memorial Cemetery in Houston.

Mrs. Grubb, 80, died Friday, August 24, at 6:35 p.m. in Henderson Memorial Hospital following a brief illness.

Born July 25, 1899, in Kentucky, she was a longtime member of the Church of Christ. She married Wesley Dotson on April 26, 1918, in Stephenville. He preceded his wife in death on July 1, 1954. She married Ellis G. Grubb on May 2, 1969, in Houston.

Survivors include her husband of Kerrville; two sons, Lloyd E. Dotson of Henderson and Virgil W. Dotson of Carthage; two daughters, Mrs. Lynn (Jewell) Worley of Knox City and Mrs. Richard (Alta) Davenport of Jonesville, Louisiana; a sister, Mrs. Golda Witherspoon of Houston; eleven grandchildren; and twenty-seven great-grandchildren.

Pallbearers were grandsons Ron Worley, Wesley Dotson, Stanley Dotson, Lloyd Dotson, Harold Dotson, and Phillip Seiber.

## In Munday

# Sunset Homecoming Set Sunday, October 7

A homecoming committee has been working diligently to finalize plans for a 1979 homecoming for the community of Sunset. The date set for the event is Sunday, October 7, in the Munday Community Center. The committee is stressing that this is a community homecoming for friends and former residents of Sunset as well as former students and teachers of the Sunset School. A period of about ten years has passed since a homecoming was last held.

Pete Beecher is serving as president of the planning committee with Mrs. Myrtle Everett as vice-president, and Mrs. Winters Matthews, secretary and treasurer.

They will be contacting as many former students as possible to aid in spreading the word to all who may have either lived in the community, had association with the Sunset School or Gillispie, League, Jungman and Red Top schools, that were consolidated to form Sunset School. Classes first convened in the school at the present location in 1930.

The group assisting in notifying classes include Myrtle Partridge Everett, 1932; Annie Reagan Lain, 1933; Harold Partridge, 1934; Drucilla Wren Morton, 1935; Virginia Lain Land, 1935; Elvis Phillips, 1937, 1942;

Dean Groves Feemster, 1938; Traphene Wren Welborn, 1939; Howard Myers, 1940; Ruby Hutchinson Myers, 1941; Victor Thomas, 1943; Ros Mary Hertel Bell, 1944; Mildred Yost Hendrix and Joyce Milford Walling, 1945; Barbara Almanrode Ratliff, 1946; Sue Waldron Owens, 1947; Mozelle Booe Smith, 1948; and Tommy Richardson, 1949.

Nettie Griffith Partridge will be notifying the bus drivers and teachers who were employed through the years.

After Sunset consolidated with Munday, Junior High students attended classes in the Sunset building until 1965. Even though school bells haven't been heard in the Sunset School building since that time, exes say there is much affection felt for fellow classmates, and the group mentioned is laboring to make this 1979 community homecoming a huge success.

Registration will begin in the Munday Community Center at 9:00 a.m. The day is planned for visitation and no program will be held except a business session in the afternoon. All classes will also be recognized in the afternoon.

No catering service is planned. Guests will need to bring basket lunches, which will be served "dinner-on-the-

ground" style in the Community Center. They will also need to have their own eating utensils such as drink cups, silverware and paper plates. Tea, ice, bread and napkins will be furnished.

Since the demise of the Sunset School, the building, though standing, is showing decay from ravages of the weather and has been the victim of vandalism - until this past July. At that time lan-

downers formed plans to raze the building and utilize the area once again for farmland. This work has already begun.

This homecoming should have a special significance for all former residents of that community as well as the old landmark, which was once filled with laughter and scuffling feet of youngsters, will be only a memory.

## FROM HOBBS, N.M.

Former residents Mr. and Mrs. Vaughan Gruben of Hobbs, New Mexico, visited here Monday night and Tuesday with her sister, Mrs. Jobie Denton, who is a patient in the Knox County Hospital.

The Grubens also visited other relatives and friends while here.

**SPECIAL PROVISIONS FOR BLIND PEOPLE**  
Several special provisions apply to a person whose sight is so limited as to meet the definition of blindness in the Social Security law, James Harper, Social Security

branch manager in Vernon, said recently.

In the Social Security law, blindness is defined as either central visual acuity of 20/200 or less in the better eye with the use of corrective lenses or reduction in visual field to 20 degrees or less.

Even though a person's vision may not meet this definition, he or she can be considered disabled if the regular disability definition is met - the inability to work because of a severe physical or mental impairment that has lasted, or is expected to last, twelve months or more or result in death.

People who meet the test for blindness do not have to meet the test of recent covered work as do other disabled people, although they do have to be insured, Harper said. The exact amount of work credit needed depends on the person's age.

Most blind workers can get monthly disability checks only if they are unable to do not only their usual job, but also any substantial gainful work. In general, a blind person who earns \$375 a month or

more in 1979 is considered to be doing substantial gainful work.

There is a more liberal rule for blind workers 55 or older. They can get disability checks if they cannot perform work requiring skills or abilities comparable to work they did regularly before 55.

A leaflet, "Disability Benefits for Blind People," contains more detailed information about these special provisions and contains other information about disability benefits. Copies can be obtained from the Vernon Social Security Office, located at 1701 Cumberland. The telephone number is (817) 552-9346.

**GRAPE SERENDIPITY SAUCE**  
Makes 2-1/2 cups sauce

- 2 cups orange juice
- 1 can (6-ounces) Welch's frozen concentrated Grape Juice, thawed and undiluted
- 3 tablespoons cornstarch
- 1/4 teaspoon ground cinnamon
- 1 medium orange, cut-up
- 1 teaspoon silvered orange peel

In medium saucepan, combine orange juice, grape juice concentrate and cornstarch; blend to dissolve cornstarch. Bring to a boil, stirring constantly, until sauce is thickened and clear. Reduce heat and simmer several minutes. Add orange pieces and peel. Serve warm with French toast, meat, cake or ice cream.

## Memories Of Those First School Days

By GERRI and KELLY WATSON

The first day of school holds much confusion and surprise. Everyone is going from class to class trying to decide where to go. Schedules were made but that did no good. They still changed anyway!

On August 24, 1979, freshmen through seniors registered. The senior class was the most privileged one. They received their senior rings and were on cloud nine. Of course, Seniors '80 will be the best ever!

After the first week of school everyone is rapidly going into debt. Basketball shoes, club dues, senior rings, supplies, lunches, and other items soon make a person go broke.

A person can always tell a freshman when they see one. They're very quiet and shy. The sophomores, juniors, and seniors would like to tell the freshmen that they're doing a

great job and to keep up the good work.

The sophomores are very happy this year. They are not on the bottom anymore.

The juniors are finally upperclassmen. Only one more year to the top!

The seniors are very happy to be on top. It is hard to believe but next year they will either be at the BOTTOM of college of life. Bottom to top - that is LIFE!

Girls' workouts started last week. They are practicing basketball and volleyball. The first volleyball game is in one week. The girls are really hoping to win district again this year.

The football guys started practice three weeks ago. They have been preparing hard for the tough games. Everyone has confidence they will go far this year.

While the guys have been working playing football,

twirlers, drill team, and cheerleaders have been working hard to get ready to support them. If everyone sticks together as a team, Knox City will be Number One all the way!

The band has also been working hard these last three weeks. They have been working on their first half-time show and the West

Texas Fair Parade. The new band director is Denise Waltrip. She is doing a great job.

The teachers are having it rough this year. They have their hands full trying to teach these wild and crazy students. Isn't that what students are for?

The first week has been lots of fun. Time is going by in a hurry.

## MANAGING YOUR MONEY

Do you know the difference between a credit card and a charge card? Experts say only the size and shape are the same.

While the terms "credit" and "charge" are often used interchangeably, there are distinct—but little known—differences among the major cards. Understanding how to use each kind of card will help you do a better job of managing your money.

Most cards can be used to guarantee hotel reservations, book theatre tickets and rent cars, thereby eliminating the need for large cash deposits. Travelers who use charge cards abroad will usually save money on exchange rates, compared to cash and personal checks.

However, services unique to each card can make a difference. Before deciding which kind of card is best for you, know what purchases and services you will most likely use it for, and how often.

Charge, or "pay-as-you-go" cards, such as American Express, require an annual fee (\$20 to \$35). There are no pre-set spending limits (in fact a single purchase as high as \$1.7 million has

been authorized) and the amount due must be paid in full each month. Special services and features, geared to frequent travelers and others "on the go," are offered to cardmembers, such as automatic travel insurance, personal check cashing at hotels and airline counters, and detailed receipts. American Express, for example, now has machines at airports that dispense travelers cheques when activated by their card.

They also provide emergency card replacement within 24-48 hours and restaurant gift certificates.

Credit, or "buy-now-pay-later" cards, such as Master Charge and Visa are issued through banks. You do not pay an annual fee. Banks receive their income from interest charges collected on unpaid balances. The annual percentage rate on these cards is as much as 18 percent.

At even modest levels of use, these interest charges can exceed the fee of the pay-as-you-go charge cards. For example, an average unpaid balance of only \$200 results in interest payments

of \$36 per year, considerably more than the typical membership fee for pay-as-you-go cards.

Bank cards are carried by more people, are easier to get and are accepted in more places. In addition, cardholders can get cash advances ranging from \$50 to \$5,000, for which they are charged interest.

However, their limited extra services and lower credit limit might present a problem in the event of an emergency or special circumstances encountered while traveling.

# Mustangs Rebuilding

Coach Benny Grill says the loss of four two-way starters is going to hurt, so the Mustangs will be rebuilding this year.

Grill has ten lettermen back from last year's team that was 6-4. They were 4-1 in District 4-B, tying for the championship, but missing the playoffs.

Heading the list of returnees is all-district center Jimmy Redwine. Quarterback Mark Oxford was honorable mention and he has a tall target in end Craig Hertel (6-5, 180).

Oxford and Redwine started on offense last year and Hertel on defense.

Other returning lettermen are ends Billy Benson, Jessie Estrada, John Kinnibrugh, Stacy Groves, Greg Collins, Eric Reddel, and Mike Bufkin.

Grill hopes to get solid help from newcomers Jim Mancille, Doug Brown, Randy Engbrock, Allan Heard, and Ancel Redder.

Bullock Says

## Cost Of Crime Is 'Going Up'

AUSTIN - State Comptroller Bob Bullock Thursday said persons ending up in Texas courts after September 1 may face more than stiff fines and jail terms.

Bullock said his office will begin collecting a \$10 or \$15 fee from persons convicted of

criminal charges.

"The cost of crime, just like everything else in today's economy, is going up," Bullock said.

The money will be used to create a fund to compensate victims of crime, Bullock said.

A \$15 fee will be assessed against persons convicted of felonies and a \$10 fee charged to persons convicted of misdemeanors punishable by a jail term or a fine of more than \$200.

The fee will be added on to other fines or costs that may be ordered by the court.

Bullock said fees are expected to raise more than \$205 million in the next five years.

The money will be used to finance a program to be run by the state's Industrial Accident Board to pay certain losses to crime victims.

The program is due to get underway in January of 1980 and Bullock said his office expects to take in more than \$37 million in the first year of operation.

**LEADING CHEERS** for the Benjamin Mustangs this football season will be top row, Sheila Benson, middle row, Shannon Ryder, and standing, bottom row, left to right, Lynda Brooke Hudson, Stacia Carver, and Debbie Lindsey. Sponsor is Debbie Sosolik.

## Lions Club News

BY Z.I. SMITH

On Wednesday Lion John Crownover brought a guest who also offered a program for some future date.

Lion Lorenz said he had to rush right back to work on account of the fact that he had some officials from Washington, D.C., coming to make an inspection of the Plant Material Center. Someone remarked that he knew something special was happening because Lion Ted Bolzle had his hair cut and combed today. (Wasn't me, Ted!) The president announced that raffle tickets would be sold September 7 at the ball field gates, and the winners announced at half time.

Lion Ken Lawson was fined by the tail twister for not having a program and he said it was on account of tired blood (mobile). It was discussed but nothing decided about whether to give Lion James Patterson an excused absence for today just because he got married last Sunday.

Elsie Lawson probably had to remind Lion Ken that it was Lions Club Day and now she will be glad she did. Ken's name was drawn for the free hose.

## Five Year Old Soccer Player Is 'Prevent Blindness Child'

Bryan Mauk, a five year old soccer enthusiast from Fort Worth, has been selected as the 1979 Prevent Blindness Child. He is one of the more than 36,000 Texas youngsters who were given vision tests last year by volunteers trained by the Texas Society to Prevent Blindness. When Bryan failed his screening, he was referred for a professional eye examination where it was discovered he suffered from amblyopia or "lazy eye".

"In amblyopia one eye functions better than the other so that sight is gradually taken over by the strong eye while the weaker one becomes virtually useless," explained John V. Mumma, M.D., San Antonio ophthalmologist who is chairman of TSPB's Preschool Vision Screening Program.

"At the time Bryan was

examined, the vision in his left eye tested 20/400. But three months later with glasses plus the patching of his good eye to force the "lazy" one to work, his vision improved to 20/30."

"This enormous improvement can only be attributed to early detection," he went on. "In that, Bryan is lucky. Too often amblyopia isn't caught in children until too late to be corrected because parents don't realize - as the Mauk's didn't - that children do not know whether or not they are seeing as well as they should and so don't complain."

Bryan is the son of Dr. and Mrs. Richard Mauk of Fort Worth. He loves to play soccer and is proud of his glasses because they help him see things that "...I never saw before," he says. He's also become a booster of vision

testing. When friends comment on his new glasses, his ready reply is, "I wear them so I won't be blind. How do you know if you don't need them? Have you ever been tested?"

The Texas Society is an affiliate of the National Society to Prevent Blindness, established in 1908 to prevent blindness through service programs, education and research.

Promises To Be Good

# Hunting Season Now Underway

Hunting season is here and hunting fans should make plans now to enjoy this popular sport. Dove hunting started September 1 with quail season soon to follow. This season in Knox County promises to be a good one with a good supply of dove and quail in most areas, according to the Soil Conservation office.

Good hunting areas don't happen by accident, Arche Lieb, local Soil Conservation Service representative, says. They are the result of planned and established conservation practices by interested land owners, he explained.

According to Lieb, one of the principal objectives of the Wichita Brazos Soil and Water Conservation District program is to improve the wildlife in the area by improving the wildlife habitat. This is done by providing services and information to farmers and ranchers who are interested in improving the wildlife on their land.

Wildlife food plantings of klein grass, field wild breaks, grassed waterways, leaving brush strips or motts when controlling brush, and crop residue management are a few of the conservation measures being carried out which are improving wildlife habitat, Lieb said.

Each year hunters spend

millions of dollars to hunt dove and quail. Good hunting areas mean more hunters. Landowners can supplement their income with hunting leases. Local merchants will also benefit by increased sales.

The Wichita Brazos SWCD in cooperation with the local Chamber of Commerce in Munday and Knox City, will continue to supply information to out of county hunters on hunting leases available, as they have in the past.

A few tips for hunters to

follow are as follows: Remember to hunt safely, observe all safety standards. Obey all local and state hunting regulations. Dove hunters can determine the best shooting hours by knowing the birds' daily routine which consists of feeding, picking grit or gravel, watering, then flying to a roost or resting perch. Dove hunting methods consist of walkup, feeding field, waterhole, and pass shooting. The waterhole method will be less desirable at this time due to the recent rains we have had in the area. Since most shots at doves are within 25 yards, more dove can be taken with a shot-gun

bored improved cylinder or modified. For hunters who like to burn powder at those high fliers during pass shooting a full choke can be used. "Hunters, remember when you are hunting that the wildlife is not there by accident. It is there because some farmer or rancher used good conservation methods to improve the wildlife habitat and provided food and cover," Lieb said.

For more information on wildlife improvement, readers may contact the Soil Conservation Service office in Knox City.

## GET INTO A PLUM JAM

If feasting on Plum Jam year 'round appeals to you, it's easy enough to ensure the eating enjoyment. On your next market trip, select fully colored ripe plums, making sure they are firm, except for a slightly soft tip end—a good indication of ripeness. Tuck a package of Sure-Jell fruit pectin into the shopping cart, too. Remember, commercial pectin supplements natural fruit pectin to be sure of a successful "set." Try making a batch of Spiced Plum Jam another time. You have your choice of adding spices to this same basic recipe for another year 'round jam treat.

### PLUM PERFECT JAM

6 cups prepared fruit (about 4 lb. fully ripe plums and 1/2 cup water)  
8 cups (3-1/2 lb.) sugar  
1 box (1-3/4 oz.) powdered fruit pectin

First prepare the fruit. Pit (do not peel) about 4 pounds plums. Cut in small pieces and chop. Add 1/2 cup water; bring to a boil and simmer, covered, 5 minutes. Measure 6 cups into a very large saucepan.

Then make the jam. Measure sugar and set aside. Mix fruit pectin into fruit in saucepan. Place over high heat and stir until mixture

comes to a hard boil. Immediately add all sugar and stir. Bring to a full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat and skim off foam with metal spoon. Ladle quickly into jars, filling to within 1/8 inch of top. Wipe tops and threads of jars with clean damp cloth. Cover with two-piece lids. Process in boiling water bath for 5 minutes, timing when water returns to a boil. Cool, test for seal and store. Makes 11 cups or 11 (8 fl. oz.) glasses.

Note: Italian prune plums may be used in this recipe. Spiced Plum Jam. Prepare Plum Jam as directed,

adding 1/4 to 1 teaspoon each ground cloves, cinnamon and allspice, or any desired combination of spices, to prepared fruit.

### LIFE-SAVING FACTS FOR WOMEN

Breast cancer will afflict one in 13 American women at some time during their lives, according to the American Cancer Society. Yet, results of a recent survey conducted by that same agency show that women generally underestimate the importance of breast cancer's early detection.

According to the survey, only three out of 10 women are aware that when breast cancer is found in its early, localized stages, the cure rate is 85 percent, contrasted to a 57 percent survival rate once the cancer advances to the lymph nodes.

Early detection saves lives, and the best protection is a program of regular breast self-examination and checkups, including mammography.

Mammography is currently the most effective means of finding early cancer, often up to a year before a lump can be felt by a woman or her physician. Now magnification mam-

mography, an important new procedure made possible through the introduction of a unique Microfocus X-ray system developed by Pfizer/Radiologic Sciences Inc., can provide earlier and more accurate diagnosis of breast cancer. Thus, when magnification mammography is used to back-up conventional contact mammography, it can reduce the number of equivocal cases which helps lower the incidence of benign biopsies.

Despite mammography's effectiveness, however, many doctors are reporting that a significant number of women turn down the procedure, even when a lump or other breast cancer symptom exists.

Linking this attitude to unfounded fears resulting from recent controversies about mammography, Dr. Edward Sickles, Assistant Professor of Radiology at the University of California, San Francisco, points to a need for dissemination of accurate information to help women make responsible decisions about this diagnostic tool.

"Today, low-dose mammography uses a substantially lower X-ray dosage than was required three years ago," Dr. Sickles said. "Any X-ray procedure involves a theoretical risk. But medical consensus has always been that for women with breast cancer symptoms or those who have a high risk of developing breast cancer, the benefits of low-dose mammography far outweigh the risks."

Women who have a personal or family history of breast cancer are classified as having a high risk of developing the disease.

Since the incidence of breast cancer increases after age 35, and is most pronounced after age 50, Dr. Sickles recommends that women have their first, or base line, mammogram between the ages of 35 and 40. This establishes a pattern

against which subsequent X-rays can be compared. The frequency of follow-up mammograms will be determined by individual risk factors and the appearance of breast tissue in the initial mammogram.

In instances when a contact mammogram is not detailed enough for a radiologist to make a decisive diagnosis, magnification mammography can be helpful.

In tests Dr. Sickles conducted with the Pfizer/RSI Microfocus X-ray system at the University of California, San Francisco, magnification mammography increased the accuracy of diagnosis by 40 percent over conventional contact mammography.

"Often conventional mammography does not show sufficient detail for a radiologist to definitely diagnose a tumor as malignant or benign, so a biopsy is necessary. Now, when a contact mammogram appears equivocal, we can use magnification mammography as a 'second opinion' before proceeding to biopsy," Dr. Sickles explained.

Since magnification mammography produces images that are so detailed and sharp, it can detect masses too small to be imaged clearly in a contact mammogram and can frequently differentiate between benign and malignant growths which appear equivocal in contact mammography. By increasing the accuracy of diagnosis, it reduces the number of equivocal cases, and thus lowers the number of biopsies.

"Magnification mammography is particularly helpful for the woman whose conventional mammograms do not give a clear indication of either a benign or malignant condition. Since four out of five biopsies turn out to be benign, magnification mammography stands to benefit a significant number of women," Dr. Sickles concluded.

### FROM MASSACHUSETTS

Adrian Gonzales of Worcester, Massachusetts, visited during the Labor Day weekend in the home of his parents, Mr. and Mrs. Celso Gonzales.

Adrian, who is assistant advisor of Phi Kappa Theta fraternity, was en route to Oklahoma State in Tulsa and then on to the University of San Diego to advise members on how to improve their fraternity, how to acquire new members, and other information.

Gonzales is scheduled to visit 32 different colleges throughout the South over a time period of two months through December 8 of this year. Adrian will be reassigned to another group of colleges after Christmas.

National headquarters for Phi Kappa Theta is in Worcester.

### FROM LOUISIANA

Visiting recently with Mr. and Mrs. George Hodges and Mr. and Mrs. Roland Marion and Roger were their daughter and sister, Mrs. Phil (Betty) Acree and son Will of Minden, Louisiana.

The Hodges had been to Minden for a visit with the Acrees and Betty and Will returned to Knox City with them.

Phil joined his family here the weekend of August 11.

While in Knox City, the Acrees attended the Hodges Reunion.

### ATTEND SERVICES

Mrs. Ozelle Stephens and Mrs. Estelle Hawkins attended funeral services for former Knox City resident J.A. Skaggs in Oklahoma City Thursday of last week. Mr. Skaggs and his family lived here during the 50's.

The women then traveled to Tulsa, Oklahoma, where they attended an Oral Roberts University seminar Friday through Sunday.

### IN CAGLE HOME

Visiting in the home of Maggie Cagle over the weekend were her brother, Floyd and his two daughters, Beverly and Edith, all of Springtown.

Also visiting were her nephew and his wife, Floyd and Dorothy Wimberly of Clyde. An enjoyable visit was reported.

### Art Sale Proceeds To Benefit Rehab

Proceeds from the sale of the works of Western artist Denny Sanders and of sculptor Russell K. Jacques now on display at the Abilene Fine Arts Museum will benefit the West Texas Rehabilitation Center.

Oil paintings, etchings, water colors and drawings by Sanders and sculpture made from stainless steel, brass or both on pedestals of oak, walnut or black granite by Jacques went on exhibit at the museum, Sunday, September 2, and will be there through September 26. A percentage of the money received by the artist and of the commission received by the museum will be donated to the Rehab Center.

Jacques, who lives in Westfield, Massachusetts, was in Abilene in February when he was commissioned to create a sculpture for the United Methodist Campus Center at McMurry College. At this time, he toured the West Texas Rehabilitation Center and he and WTRC executive director Shelley V. Smith conceived the idea of a sculpture exhibit benefiting the Center.

Jacques' interest in the handicapped stems from his nine-year-old son Kevin who is profoundly retarded due to cerebral palsy. Kevin has been the inspiration of many of Jacques' works which are especially for handicapped people to enjoy.

Sanders, an instructor of art at Mesa College in Grand Junction, Colorado, agreed to participate in the benefit show. He is known both as a western artist and a naturalist. His paintings, many using very large canvases, include pictures of Indians and landscapes painted on location.

The museum, located in Oscar Rose Park, is open from 9:00 a.m. to 5:00 p.m. Tuesday through Friday and from 1:00 to 5:00 p.m. on Saturday and Sunday. Admission is free.

**ATTEND SHOW**  
Mr. and Mrs. Ken Lawson attended a gift showing for merchandise for City Hardware in Dallas over the weekend.

They also visited their son and his family, Mr. and Mrs. James Eiland, Erik and Jamie in Irving.

Brooks and Jody Dean announce the arrival of a daughter on August 22, 1979. She made her arrival at the Haskell Memorial Hospital in Haskell weighing eight pounds, two ounces. She has a big brother, Tory Jean, four years old, and a sister, Tammie Lynn, 19 months old.

Grandparents are Mr. and Mrs. James Dean of Abilene and Mr. and Mrs. Doyal Barnes of Merkel. Great-grandparents are Mr. and Mrs. Noble Dean of Fort Worth, Mr. and Mrs. Paul Easter and Mrs. D.P. Heard of Abilene.

### Inflation - Fighting FOOD IDEAS

Back-To-School Meals  
Rice and lean ground beef along with Cheddar cheese, canned soup and crushed corn chips provide good nutrition and good taste in this skillet meal.

During the busy time of Back-To-School weeks, family meals, including lunch if the kids are among the lucky few that come home for lunch, are kept simple.

Rice is the perfect basic, subtle-tasting background for such meals. It's bland enough in taste to team with most any dish, American or foreign. Rice is low in cost and can provide the quick energy all children need.

This lively main dish Beef Skillet Ranchero is a good example.

**BEEF SKILLET RANCHERO**  
1 pound lean ground beef  
1 cup chopped onions  
2 cloves garlic, crushed  
1 can (10-3/4 ounces) condensed cream of mushroom soup  
1/2 cup beef broth or water  
1/4 to 1/2 cup chopped green chiles  
3 cups cooked rice  
1-1/2 cups diced Cheddar cheese  
1 cup crushed corn chips

Saute beef, onions, and garlic until lightly browned. Stir in soup, broth, green chiles, and rice. Heat thoroughly. Season to taste. Stir in diced cheese and top with corn chips just before serving. Makes 6 servings.

### Sunday, Grandparents' Day Local Man Shares Grandson's Letter

In observance of "Grandparents' Day" which is slated for Sunday, September 9, the News is publishing a letter received by W.H. Freeman from his grandson, Rodney Compton, who is attending Southwestern Seminary in Fort Worth.

The letter is printed in its entirety.

Dear Grandpa,  
Hope you like these pictures. They are my graduation portraits that I had made especially for you and Mom and Dad. In fact, you know I think of you as my father too because you loved me like a father for seven years. I really appreciate that Grandpa. I really do.

I know many times I would get to the place where I would

want to throw up my hands and quit when I was at Baylor. But then I would just think about what you always said, that no one could ever take my education away from me. So I got all I could at Baylor and I'm still going.

Grandpa, I've felt the Lord's call to preach and I felt it very strongly in my life. I couldn't ask for two finer men to look up to in my life than you and Dad. I can't help but think what a terrible state I'd be in now if I hadn't had a Christian father like you during those years I was growing up. Thanks.

Sometimes I just sit back and think about when I lived on the farm. Those were truly the good ol' days. Working the cows, moving irrigation pipe, and yes, even chopping cotton seems not such a strain anymore. I loved Grandpa and her influence on my life was great. She was a fine wife, mother, grandmother, and cook. I think of her often and know that someday I'll see her again. Thanks again for your love. I love you very much.

Love,  
Rodney

REV. AND MRS. JAMES P. PATTERSON  
...the former Charlotte Griffith

## Griffith-Patterson Vows Are Exchanged

Charlotte Estelle Griffith and the Rev. James Perry Patterson exchanged marriage vows Sunday morning, August 26, at the close of the eleven o'clock morning worship services at First United Methodist Church.

Performing the ceremony was former church pastor, the Rev. Jarrell H. Sharp of Seymour, district superintendent of the United Methodist Churches.

An arrangement of yellow cut flowers and a yellow mum

plant were placed on the altar.

The bride wore an ecru sheer dress trimmed in lace with a blue necklace. She also wore a blue carnation corsage.

Special music was provided by Mrs. Glen Rumley, soloist, who sang "O Perfect Love." She was accompanied by Mrs. Buddy Angle at the organ.

The women of the church hosted an informal reception following the service.

A cum laude graduate of Brooklyn College, the new Mrs. Patterson was in Eta Sigma Phi, a Latin scholarship honor, and Alpha Delta Phi sororities.

Patterson graduated from McMurry College in Abilene and served during World War II. He is pastor of the First United Methodist Churches in Knox City and Benjamin.

The couple is now residing in the Methodist parsonage following their wedding trip to Amarillo.

### Study Club To Open Thursday

A Federation Program, under the direction of Mesquite District president Mrs. Lena McGee, will open the Knox City Study Club year on Thursday, September 6. A Pioneer Brunch will begin at 10:00 a.m. at the Community Center.

According to officials, this will be a 'club visiting day' and members will be inviting guests to attend their first meeting of the club year.

### Vic Lowry Home Yard Of Month

The yard of the month honors for September have been presented to Mr. and Mrs. Vic Lowry, 700 Avenue F, by the Knox City Garden Club.

Committee members Lula Hammons and Mary Groves selected the yard on the basis of neatness as well as the Wisteria in bloom.

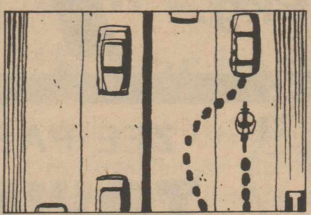

## Safety Hints That May Save A Life

Once the automobile was virtually alone on the road, but today other highway users, such as motorcyclists, are there in ever-increasing numbers, requiring all to share the road safely.

More than five million motorcycles are registered, compared to less than one million 15 years ago.

To help prevent multi-vehicle accidents, which are the car drivers fault 70 percent of the time, motorists can take the following precautions suggested by the Motorcycle Safety Foundation:

1. Be prepared at intersections to yield the right of way to oncoming motorcycles.
2. When being overtaken by a cycle, maintain lane position and speed, allowing the cyclist to complete the pass and assume his proper lane position as quickly as possible.
3. When passing a motorcycle, allow a full lane to the motorcycle rather than crowding in the same lane. Also avoid premature re-

Good visual perception and decision making, plays an important part in creating a safe highway environment, turns to the original lane since a cyclist is extremely vulnerable when an auto forces him to the right or off the road.

4. Proper use of signals is a must. Both motorists and motorcyclists can prevent critical situations from developing by communicating their intentions to other highway users.

5. In developing proper search patterns in traffic, the motorist should always be on the lookout for the unexpected and expect motorcycles to appear in traffic at any time.

These few tips can tip the scales in favor of safety, and perhaps save a life.

### Walling Reunion Held August 18-19

On August 18 and 19 the family of Wade and Ida (Partridge) Walling enjoyed a reunion in the home of J.B. and Bobbie Walling, 5613 Trail Lake Drive, Fort Worth. All five of the sisters and two of the three remaining brothers were present. R.J. Walling of Seymour was ill and unable to attend. Those who attended reported "lots of good food eaten and lots of visiting among the family and friends present."

Among those present were Annie Walling, J.C. and Louise Walling, J.B. and Bobbie Walling, Scott and Cindy Walling, Candy, John, Shawn, and Billy Davis, Ida Lou and Buford Lawson, Delaina Sanders, Rachel Spruill, Ruby Boggs, and Amy Moore, all of Fort Worth; Eloise Russell of Carlsbad, New Mexico; Jim, Frances and Lori Arnold of Albuquerque, New Mexico; Loucene, Kenny and Melissa Cole of Waco; Charlene, Troyal and Vern Barker of Blossom; Danny, Christi and Michelle Walling and Laura Rose of Austin; Ron, Cathy, Wade, Peter, and Ben Spruill of Houston; Karel Spruill of Mesa, Arizona; Beatrice Ressel of Munday; and Ray Goodrich of Knox City.

### FROM NEW MEXICO

Visiting Monday of this week in the home of Mr. and Mrs. Otis Cash were his nieces, Mrs. Ruthal Janes and Edna May Maupin of Alamogordo, New Mexico. They are the daughters of Otis' brother, John Cash.

### RETURN HOME

Mr. and Mrs. J.M. Averitt have returned home from a two-week vacation trip to the Rio Grande Valley.

En route home, they visited in San Antonio with their new great-grandson, Samuel McFarland Fisk.

### WALL VISITORS

Mrs. G.R. Couch and Mrs. Janella Scifres of Ringling, Oklahoma, and Mr. and Mrs. George Wall of Childress were weekend visitors in the home of Mr. and Mrs. H.E. Wall.

## Local Attends Crime Prevention Workshop

Mesquite District president Mrs. J.C. McGee, accompanied by Mrs. L.A. McBride of Hamlin, president-elect, and Mrs. A.J. Smith of Anson, past president, have returned from a two-day workshop of the Texas Crime Prevention Institute at Southwest Texas State University in San Marcos.

Attending in connection with the Texas Federation of Women's Clubs, the women were housed at the TFW clubhouse in Austin during the workshop.

The course was designed to give citizens a greater insight into crime prevention. In addition to this, the course also emphasized the community's role in crime prevention and demonstrated how active citizen groups can promote crime prevention in their respective communities.

### STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"Ho, every one that thirsteth, come ye to the waters - Come and eat without money and without price - hearken diligently unto me, and eat that which is good, and let your soul delight itself in fatness. Come unto me, hear, and your soul shall live, I will make an everlasting covenant with you." (Isaiah 55:1, 2, 3)

Through these words of the prophet, God was calling and is still calling to all who will come unto Him for forgiveness and to be blessed of God with His free blessings of love. He is ready to make an everlasting covenant with you. He is ready to give all his unfailing mercies of love. His kindness shall not leave you or His promises of peace for you will never be broken. Accept His invitation, come unto Him today with all your trials and heartaches; give them to Him in exchange for His many promised blessings. Seek the Lord while you can find him. Call upon Him while He is near.

acquire labels of the "Operation I.D." project as well as engravers to mark valuables in their home at the City Hall, according to Mrs. McGee.

Mrs. McGee also commented that "neighborhood watches" were being started in various areas. The one thing a criminal cannot defeat is a neighborhood that cares. People helping people - the most effective defense against crime.

Chairman of the "Hands-up" program - a national volunteer effort to halt crime - is Cleo Pierce. She was presented a special award in recognition of her "outstanding leadership and dedication in the development of community crime prevention programs."

In her role as Hands-up chairman, she has organized 205 Texas towns, 493 projects, and 42 coalitions to provide community support for crime prevention. In 1977, she was named Outstanding Crime Prevention Citizen by the Texas Crime Prevention Association.

"In doing our part for crime prevention locally - remember to mark your property, secure your home, and know your neighbors," Mrs. McGee warned.

Common sense rules on the importance of being a witness include 1) keep needed information about the incident in a safe place; 2) report any change of phone number or address to the office of the district attorney; 3) do not give any information on the telephone unless you know to whom you are talking; 4) be on time for a court appearance; 5) be dignified when you are sworn in, remember you are under oath and there are stiff penalties for not telling the truth; 6) answer simply, keep calm, do not let anyone upset you, do not argue, you are a responsible person with a very worthwhile purpose - to testify; 7) stick to the facts as you know them, if you do not know them, say so frankly; and 8) listen carefully to every question. No court system can work without a witness! To catch a thief, every citizen must be willing to testify.

## FASHION FOCUS

### A Workable Wardrobe

Do hasty shopping sprees leave you with a closet full of uncoordinated odds and ends? Casual wear specialists suggest these guidelines for building a working wardrobe:

DO stock up on accessories. Inexpensive belts, pins and scarves can transform a single outfit into several looks.

Plaid flannel shirts and denim separates pull together the western look at The Gap.

DON'T be fooled by fads. Your shape might not be suited to the day's capricious styles. Clothing classics like jeans and jeans skirts, knit vests, and western-look shirts are spotlighted at The Gap, a major specialty retailer of casual wear and jeans. These wardrobe workers can keep you stylish and fit right in with almost any fashion philosophy.

DO shop with fabrics in mind. Groups of separates in corduroy, blue and white duck, and denim wear well, travel with ease and work as fashion year round.

DON'T buy too many bright or offbeat colors. Stick to color families you especially like or to neutral colors.

### OMISSION

In the article concerning the New Mexico trip of Mrs. Ruby Pierce which appeared in last week's News, the names of Mrs. Kate James of Knox City and Mrs. Helen Arthur of Boyd, failed to appear. These ladies also made the trip to New Mexico with Mrs. Pierce.

### RETURNS HOME

Mrs. Jewell Jones of Dallas returned home Sunday after spending the past two weeks here with her sister, Mrs. Bonnie Coats.
