First Stage Homecoming Plans Final

Big plans are in the making for this year's Knox City High School "Homecoming Double-Header".

The first of the two-part event is set for the weekend of October 19 and 20 when students are invited to return for the "Coming Home" game against the Munday Moguls.

Activities will kick off Friday afternoon, October 19, at 3:30 with the pep rally scheduled to take place in the school gym.

Among the Saturday happenings is the annual Knox City Arts and Crafts Show to be held October 20 beginning at 10:00 a.m. in the Williams building formerly occupied by the Buccaneer Stamp Store.

A downtown parade will begin at 4:00 p.m. Various organizations in Knox City have been mailed invitations to participate in the parade. Parade chairman is Jim Anderson and anyone wishing to participate in the parade is encouraged to do so.

Cash prizes will be presented to winners in the float category of the parade with the first place winner receiving \$150.00; second place winning \$90.00; and third place, \$60.00.

A barbecue supper, sponsored by the Junior Class, will be served during the hours of 5:00 to 6:30 p.m. at the school cafeteria.

Kickoff time for the Saturday night KC vs. Munday game is set for 7:30 o'clock. Highlighting the evening will be the selection of the homecoming and coming home queens. The four high school classes will nominate candidates for this honor with the coming home queen being selected from nominations of exes.

A "coming home" dance will follow the game beginning at 10:00 p.m. and continuing through 2:00 a.m. with music being provided by "The Moonlighters" at the Catholic Fellowship Hall. Price of admission for the dance is \$5.00 per couple.

The second half of the "double header" will be the annual 1980 homecoming set for the weekend of July 4-5-6. More details of the July 1980 event will appear in future issues of the News.

Officers for this year's "double-header" are Bobby D. Burnett, Class of '63, president; Jim Anderson, Class of '60, vice-president; Glenna Voss Benson, Class of '58, recording secretary; Melanie Verhalen Whitley, Class of '61, corresponding secretary; Ben Smith, Class of '65, treasurer; and directors, Joe Clonts, Class of '45; Joe Tidwell, Class of '62; and Joe Reeder Jr., Class of '33.

Two Youths Arrested In KC Sept. 21

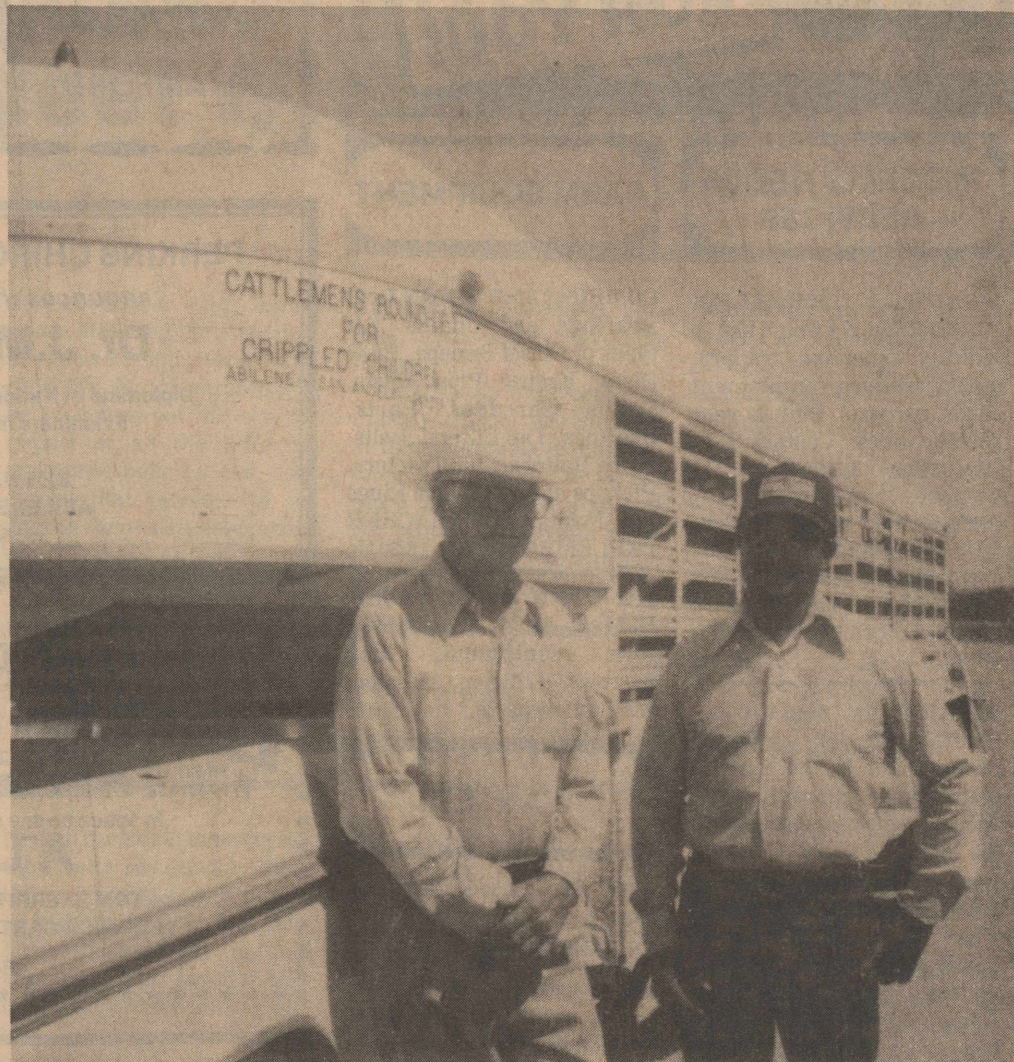

City Marshal John Turner apprehended two Wichita Falls youths, a 16-year-old and a 17-year-old, last Friday afternoon about 6:30 at the intersection of North Third and Avenue D after receiving information that the two were driving a stolen car from Fort Worth.

The 16-year-old was released to his parents, while the 17-year-old had three warrants from the Kennedale Police Department for auto theft and one warrant for theft over \$200 from Wichita Falls. Also, according to Turner, Wichita Falls wanted him in connection with four or five auto thefts in Wichita Falls.

Booked in county jail Friday, the Kennedale police picked him up on Saturday.

Turner expressed his appreciation to local persons for submitting information that led to the arrest of the boys.

He asks the continued cooperation of citizens in reporting any theft or vandalism.

ARRIVING SUNDAY AFTERNOON to 'load up' the donated livestock in the area was longtime West Texas Rehabilitation Center employee Clarence Elliott. Lee Smith, one of the area chairmen, assisted in the loading. This livestock was among that auctioned off Monday afternoon during the annual Cattlemen's Round-Up for Crippled Children which was a record setter.

Local, Area Folk Lend Rehab 'Helping Hand'

Knox City and area residents 'loaned a helping hand' during Monday's 20th Annual Cattlemen's Round-Up for Crippled Children cattle sale to benefit the West Texas Rehabilitation Center by donations which grossed a total of \$10,050.19 to set a record for the annual cattle

sale held at Abilene Livestock Auction.

Of that, \$136,502.45 came from the sale of cattle ear-tagged for the auction, while \$43,547.74 was generated directly from cash donations.

According to Lee Smith, one of the Knox County chairmen for the Round-Up, Knox City and area folk who donated cattle included another county chairman Togo Moorhouse of Benjamin, two white face steers; Floyd Bowman of Munday, one white face heifer; Don Bowman of Goree, one black and white bull calf; W.G. Ellis of O'Brien, one Brindle heifer calf; Howell Ranch, Knox City, Brahman steer calf; and Jerry and Lee Smith, two white face bulls and one red neck heifer.

Cash donations were made by Sam Leaverton, Collins Moorhouse, Homer T. Melton, and W.S. Hatfield, all of Benjamin.

Local chairman Lee Smith expressed sincere appreciation to all Knox City

area folk for their generous contributions made to the Rehab Center and reminds persons that donations are needed throughout the entire year. Smith also commented he was unable to see everyone during the round-up time and that he will be contacting others for donations.

Johnson Takes Top Area Honor

Knox City quarterback Dwayne Johnson, son of Mr. and Mrs. Donald Johnson, was named offensive player of the week by the *Abilene Reporter-News*, which was announced in their Tuesday morning sports section.

After last week's opponent, Archer City, put up virtually an 11-man defensive line to stop the Greyhounds' potent running game - it was "to the air" for Johnson. By half-time, Knox City was ahead by the margin of 25-0 and Johnson had passed for over 200 yards, three for touchdowns.

In the fourth quarter, when Johnson retired to the sidelines, he had completed nine of 14 passes for 340 yards and four scores. He also added another on a two-yard run.

Johnson's winning performance carried the Hounds to a 31-6 victory, and beat out Clyde's Tom Hunt for the offensive honor.

Named as defensive player of the week was Jeff Dooley of Breckenridge while Stanley Hager of Weinert won the six-man player of the week award.

During the Archer City game last Friday night, Johnson almost wore out one play, the sideline pass to running back Tim Roberson. It was called five times and worked for 180 yards and two touchdowns (84 and 48 yards). It was the same play that the Hounds used last year to beat Haskell, 6-3.

According to Greyhound Coach Jimmy Rogers, "They lined up to stop the run, so we came out throwing." Rogers continued by saying, "In the second half, we knew we could pass on them, but we needed to work on our running attack."

The only second half touchdown was an 86-yarder to Ricky Gonzales, who had caught one for 15 yards and the game's first score.

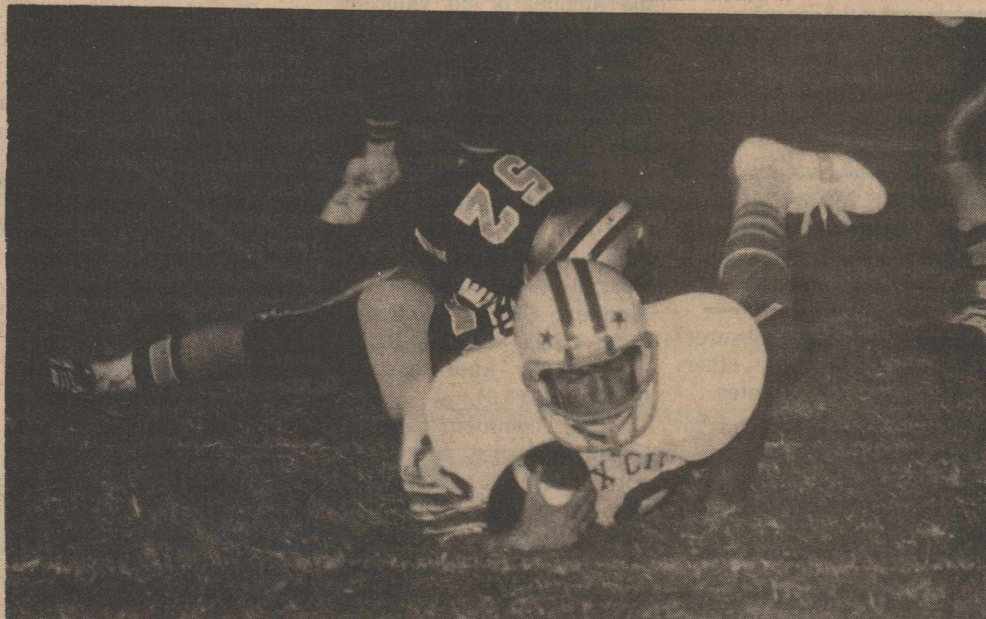

Game Birds Released In Area Tuesday

Approximately 400 pheasants were released here Tuesday afternoon of last week in a program of the Texas Parks and Wildlife Department which plans to stock Knox and Haskell counties with about 5,000 of the birds.

The Munday area has received 1200 birds in the last three years through the program.

Walter Arnold with Wildlife Operations in Tyler, Richard Cranford, Wildlife technician from Paducah, and Vic Lowry, state game warden of Knox City, released 200 pheasants on the Carl Chafin place and 200 on the David Albus place northwest of town.

The pheasants are from the hatchery in Tyler, and according to Lowry, landowners are required to protect the birds allowing no hunting for a three year period with a three-year option. The places are restocked every three years.

'Ours' Vs. 'Theirs' Here Friday

Hounds Skin 'Cats For Third Victory

By DAVID COUNTS

I don't often criticize the Knox City Greyhounds but Friday night they proved to be very poor guests. The Archer City Wildcats invited the Hounds to a party. The Wildcats spent the entire week preparing the field, making signs and colorful ornaments and planning the entertainment for the night, but the Hounds put a damper on the Wildcats' party winning by a 31-6 margin.

The Hounds showed up alright and were properly dressed for the occasion. They seemed to go along enjoying themselves and doing what they could to contribute to the enjoyment of the Wildcat fans for the first quarter.

Then without warning, the Hounds started their own party. To add insult to injury the Hounds did not even invite the Wildcats.

The first quarter had been an exercise in frustration to the Hound offense. They fumbled the ball away to their hosts three times deep in Greyhound territory but key plays by the defense led by Chuck Hutchinson and Andy Barnard kept the Wildcats at bay.

Just before the first quarter ended, the Hounds had had all

they wanted of the Wildcat entertainment plan. Taking over on their own nine yard line, the Hounds began to take advantage of the Wildcat plan. The plan was to stop the high powered running game of the Hounds at all cost.

It went like this: Terry Watson seven yard run, five yard penalty against Wildcats (off side), Tim Roberson two yard run, 17 yard pass play Dwayne Johnson to Tim Roberson, Johnson five yard run, Roberson four yard run, Watson four yard run, 27 yard pass Johnson to Roberson, three yard run Roberson. End first quarter, score: 0-0. Watson two yard run, five yard penalty Hounds, 15 yard touchdown pass Johnson to Ricky Gonzales. Gonzales kicked his only extra point in four attempts for the night. Score: 7-0 with 10:56 left in the first half.

Following the kickoff, the Hounds recovered a Cat fumble. Three plays later, Johnson passed to Roberson coming across the middle of the field and 48 yards later, it was 13-0 with 8:11 left in the first half.

On the next series, the Hounds' Jay Rutherford intercepted a pass but the play was rubbed out by a penalty

against the Hounds. Well, I guess that made the defense mad because they became very tacky. Robert Espinoza, Cyle Clayton and Tim Roberson had big plays to force the Cats to punt.

On the first play Johnson passed to Roberson for an 84 yard pass second run touchdown. Score: 19-0.

As the half was ending, Scott Lynn intercepted a pass and returned it 34 yards but time ran out before the Hounds could add to their lead.

During the first half, the "rude" guests from Knox City had allowed their "hosts" only one first down, eight yards rushing and 22 yards passing while they had amassed seven first downs, 33 yards rushing, and 196 yards passing.

The Hounds kicked off to start the second half. Terry Watson and Kelley Boone led the defensive stand and forced a punt. The kick was very high. The ball was misjudged and the Wildcats recovered on the Hound 12. Five plays later and an interference call against the Hounds, the Wildcats scored. The extra point was missed. Score: 19-6.

After the kickoff, the Hounds fumbled and the Wildcats

Angelia Reid To Be Honored In Dallas

Angelia Reid, a senior at Knox City-O'Brien High School, is one of 53 outstanding 4-H, FFA and FHA youth throughout Texas who will be honored at a formal banquet October 5 at the Sheraton Hotel in Dallas. The annual event is sponsored by the State Fair of Texas and the Dallas Chamber of Commerce.

The daughter of Mr. and Mrs. Johnny Reid of O'Brien, Angelia is the State FHA Vice President, Encouter.

The honorees are chosen at the state level of each organization based on

nominations from local clubs. The young people must have been very active in their groups during the past year and have displayed superior leadership abilities.

Honorees are given a charm or tie tack, two nights complimentary lodging and are guests at a country and western dance after the banquet.

The awards banquet begins at 7:00 p.m. the evening prior to the State Fair's Rural Youth Day when Texas' rural youth and their parents are special guests at the Fair.

4-H, FFA (Future Farmers of America) and FHA (Future Homemakers of America) groups encourage young people to develop service and leadership qualities while becoming involved with projects such as livestock, cooking, sewing, farming and family living.

Craig Brothers has moved from Snyder back to O'Brien and is working at Bill Wilson Motor Company in Haskell as a mechanic. He invites all of you to come by and see him.

I was told this morning when I got to work that we would probably have some cotton to come in today. I am ready for them to start, these walls down here are beginning to look awful. I like to stay busy, not rushed all the time, but just a steady flow of work. Maybe we can begin to get some cotton in now.

O'Brien Happenings

By CHARLENE BROTHERS

I am enjoying the replies that are coming back for the homecoming. Some of them write little notes about different things. Some are not going to get to come this time. So far the response has been pretty good. Some of the people I do not know, but they sound like they may have heard about me, probably the name Brothers is what they are going by. These are some of the older people that went to school here at O'Brien before I moved here. You would be surprised at the people that say they remember me when I was small, and they cannot because I lived in Hamilton County when I was younger, again they are connecting with the name Brothers as they have been around here for a long time. Some of the people even comment on the O'Brien column, and tell me to keep up the good work, this is what I like to hear.

You people that live around here remember to call the following numbers, one or the other, for your meal on Saturday night, October 20. Anne Underwood, 658-3470 or 658-3537 or Charlene Brothers at 658-3428 or 658-3631. The ones who are going to cater the meal for us need to know how many to prepare for, so please call soon.

The weekend of October 20 is going to be a busy one for the people around O'Brien and Knox City. It seems there will be two homecomings going on, or at least things happening at both places. When we learned about Knox City's plans we could not change our dates because we had already notified our ex-students and teachers. It is going to be a conflict on some of the people. I suppose things will work out, they seem to have a way of doing this, but it is going to be very hard on a few. For instance the ones that are doing our meal, some of the girls will be involved in the supper at Knox City, the delivering of the mums at KC and then be at the ballgame by 7:30. They are going to be very busy girls that day.

We will just have to do the best we can.

Our program consists of registration at 2:00 p.m. at the O'Brien School house, and a small business meeting also that afternoon. Then supper will be served from 5:30 to 7:00 p.m. at the cafeteria. After the meal there will be music, recognition of classes and then the tennis shoe surprise. (There have been several that have wondered-just what this was going to be. Come and see.) Later there will be dance at the Benjamin Community Center. And for the ones that do not want to do dancing there will be things still happening at the school building at O'Brien. Sunday morning there will be services at the O'Brien Baptist Church for everyone.

Cox, who was supposed to have had surgery this morning (Monday), but we were told last night at church it had been postponed to make some more tests. (Sometimes I think the tests they make are worse than having surgery,

Nomination Protested By GSPA Official

President Jimmy Carter's nomination of Hugh Cadden to the Commodity Futures Trading Commission (CFTC) has been protested by GSPA executive director Elbert Harp. In a telegram to the President, Harp said, "Grain Sorghum Producers Association asks that a bona fide farmer be appointed to the Commodity Futures Trading Commission."

"The regulations that are developed by the Commission have such a dramatic influence upon farm income," stated Harp, "that a person familiar with the problems of farmers should be appointed instead of legal or regulatory specialists."

Hugh Cadden is an attorney and has been special assistant to CFTC Chairman James Stone. His appointment must be approved by the Senate Agriculture Committee.

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"For God hath not given us the spirit of fear; but of power, and of love and of a sound mind." (II Timothy 1:7)

These words speak to us about the power of God that He gives to all who love and trust Him. Many cause Him to weep and sigh but they can never make Him afraid or cause Him to hate them. He loves you even in your sin.

The forces of nature combining in a furious storm could not frighten Jesus. Even when His enemies came to arrest Him, Jesus was not afraid, He stepped out to meet them. At His crucifixion He asked God to forgive the men who had unjustly wronged Him. This is what He wants to give you, me and all who will trust Him and let Him live in our hearts daily. He will fill your heart with love, give you a sound mind and power to live victoriously.

At Outside Linebacker

Former Greyhound McMurry Starter

Former Knox City Greyhound Jimmy Lynn is starting this season as outside linebacker for the McMurry Indians.

The son of Mr. and Mrs. Jim Lynn, Jimmy began sports in the sixth grade. During his high school days, Lynn started as defensive cornerback for the Hounds as a sophomore in 1973-74. As a junior, Jimmy started again as defensive cornerback and also offensive tackle. He was named first team all-district offensive tackle as a junior.

During 1975-76, his senior year, Jimmy started as defensive end and offensive tackle and was named first team all-district on both positions unanimously. Jimmy was the only player in the district to make all-area and

the only one from Knox City to play in the All-Star Greenbelt Bowl in Childress. During the Greenbelt Bowl, Jimmy played on the 'E' team, which won. This bowl is for those players who achieved, but did not sign with colleges.

Jimmy spent his first college year at Hardin-Simmons University and during his second year transferred to McMurry for football; however, he was ineligible as a transfer but did start as outside linebacker, the position where he is starting this year, on the junior varsity.

Jimmy is planning to play one more year of college ball.

Lynn set track records at KCHS in the 440 mile relay, the mile relay, the 330 intermediate hurdles, and tied for one in the 120 high hurdles.

According to a report on Jimmy in McM's "Tribal Tempo", he pulled considerable duty as a freshman last year and moved in as starting outside linebacker. Lynn is an excellent athlete coupling good size with fine speed (4.7 forty). He has been somewhat injury prone but if he can stay healthy he could push for all-conference honors as a sophomore.

This week, the Indians play Sul Ross State University in Abilene at 2:00 p.m.

WORK WONDERS

Bathroom Worksavers

Grime doesn't pay—especially in the bathroom when there are so many easy short-cuts for getting rid of it. And, keeping the bathroom clean and germ-free is important to your family's health. Here are some hints to make the clean-up move faster:

* An expanse of counter top is elegant and doesn't have to be expensive, thanks to decorative, easy-care materials such as formica. Extensive cabinet space makes it easier to keep the bathroom neat and better organized; you might want to consider building or installing an under-the-sink unit to match the counter.

* When your family gets all steamed up about the steamy bathroom mirrors, tell them to try running the cold water before they run the hot. This can help prevent the fogging.

BENJAMIN FFA NEWS

By JOHN KINNIBROUGH

The Benjamin High School attended the West Texas Fair at Abilene recently. This is an every other year tradition with the school. There were many interesting exhibits but the rides seemed to be the overall main attraction of the whole day.

This past week each Ag student has written letters to colleges of our choice to ask about careers in Agriculture. Many fields in agriculture were asked about, such as courses in agricultural engineering, field and ranch management, veterinarian medicine, forestry, and many others. Questions about job

conditions, salaries, working conditions, etc. were also asked. We hope that the information sent back will help in our decision of a future career.

Four Sisters 'Close'

It's not uncommon these days for a person to continue to be active on reaching eighty years of age. However, when four sisters, all in their eighties, continue to enjoy good health (with the exception of broken bones occasionally) and live near enough to one another to continue to be close, this is unusual.

The four, Edith West, 81, Thelma Nunley, 84, Stella Kendrick, 86, and Lora Hall, 89, are the daughters of the late Teresa and W.D. Conner, who moved to Benjamin in 1917, where he farmed. However, Lora, who had already married Andrew Hall, moved to Benjamin two years earlier.

The women are members of the Baptist Church with the exception of Mrs. Hall, who is a Jehovah's Witness.

Mrs. Kendrick, a resident of the Brazos Valley Care Home since November, 1978, is confined to a wheelchair after suffering a broken hip March 26, 1978. Another sister, Mrs. Nunley, walks with the aid of a walker after suffering a broken hip twice, one on March 1, 1977, and the other on June 14, 1979.

Mrs. Hall, who was born in Arkansas, has three children, Clarence Hall of Plainview, Hester Hall of Benjamin, and Letha Yandell of Globe, Arizona.

Mrs. West, whose husband was the late Tom West, was born in Bell County, Texas. She has two sons, Wayne of Cisco and Leroy of Benjamin. One son, Adrain, died in 1969.

Mrs. Nunley, who was married to the late Grover Nunley, was born in Arkansas and is the mother of six children, three of whom are triplets. Joy Yancey lives in Wichita Falls, while Darlene Benson and Imogene Young are both Benjamin residents. The triplets include Jack of Bryson, Joe of Safford, Arizona, and Jane Gideon of Benjamin.

Mrs. Kendrick, who was born in Bell County, was the wife of the late Hubie Kendrick. Her children include Hazel Nesbitt of Weatherford, Texas, and Charlene Gideon of Poolville, Texas. A son, Clyde, and a daughter, Jonelle McGregor, are deceased.

As none of the women drive, a good friend, Mrs. LuElla Tolson of Benjamin, drove them to Knox City to have their group picture made.

VISITING AT the Brazos Valley Care Home in Knox City one day last week were these sisters, standing left to right, Lora Hall, Edith West, and Thelma Nunley, all of Benjamin, and seated, Stella Kendrick, a resident of the home. (Newsfoto)

Moran Residents Promote Round-Up

Cattlemen living in and around Moran - a community of only 315 population - are doing much more than their share to make a success of the 20th annual Cattlemen's Round-Up for Crippled Children.

According to John McIntyre, area chairman, 30 cattlemen have either contributed livestock or made donations of \$200 or more each.

Farmers and ranchers who give livestock or \$200 donations are recognized with an exhibit of their cattle brands on a large community board, almost five feet tall, that has been set up in Helen Trowell's Cafe.

The idea of a board displaying brands was McIntyre's, and last year he got 28 to contribute an estimated total of \$6,800 (including auction sale proceeds and cash gifts).

"We'll beat that this year," he says, estimating the total may run close to \$9,000. "We've already got \$4,826 in cash - including some from Moran businesses who are buying two of the 6" x 6"

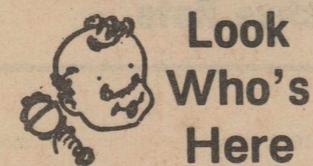

squares in the checkerboard display.

McIntyre is proud of Moran's participation. On Friday the livestock were driven to the Rehab pens by Sam Snyder. Sam's wife, Mary Anna, did the lettering of the cattlemen's name that is affixed to each panel. McIntyre himself incribes the brands. Ray Peoples of the WTRC staff constructed the display.

"Cattlemen are really proud of their brands. I got one a little off-center and had to re-do it," he said. McIntyre said he just about "hit up" everybody to get him to give.

On the eve of the Abilene sale, McIntyre noted that he still had four "blank" panels and said he hoped to "smoke out some more donors." He added:

John and his wife, Roma, have farmed for 22 years, about six miles south of Moran.

Direct Deposit Can Be Arranged Easily

Persons can prevent theft and gain peace of mind by using direct deposit of their Social Security and/or Supplemental Security Income (SSI) checks. Recipients may choose the bank or other financial organization where they want their Social Security or SSI check sent. They may cancel direct deposit anytime and have their check sent to their home again. They may change the financial organization if they wish.

It is easy to do - persons may take their next check to the financial institution of

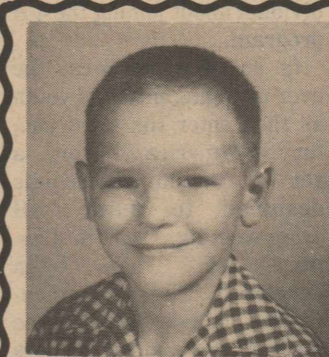

their choice and tell them they want to sign up for direct deposit. They will help them complete the form and give them a copy of it. Within 90 days Uncle Sam will begin depositing their payment into their personal checking or saving account. During this time they will still get their check at their usual mailing address. Any other information will be sent to their usual mailing address.

There are over six million Americans participating in the Direct Deposit Program. They know their checks are being deposited in their account while they are on vacation, in the hospital or if they simply have better things to do than standing in line to deposit a check.

The Vernon Social Security is located at 1701 Cumberland and the telephone number is 552-9346.

Just like a letter from home!

\$6.00 In Texas For 9 Months
\$7.50 Out Of State For 9 Months

Spend a quiet evening at home without electricity . . . and see just how quiet it really is.

Forget about watching TV or listening to the stereo. How about reading a good book - that's a great idea if you do it before dark or if you plan on using Abe Lincoln's lighting, the fireplace. Nobody has to tell you how important electricity is in your life. It surrounds you daily, lighting the way, entertaining you and making life more comfortable. And that's the way it should be, but we at West Texas Utilities hope you'll use electricity wisely and efficiently. Make sure your home is properly insulated and weatherized, turn off unnecessary lights and appliances, and above all, watch that thermostat setting. These things not only conserve valuable energy, they can help to lower your monthly bills. And that's important now and in the future.

Get Into Action With 4-H Projects

"How would you like to join 4-H? You can, you know, if you really want to and we'd be glad to have you," says Sharon Book, county agent with the Texas Agricultural Extension Service.

4-H is a national youth program for all youth between the ages of 9 and 19 regardless of race, color, ethnic background, economic status or cultural differences. The program is administered by the Cooperative Extension Service in each state.

The purpose of 4-H is to develop leadership and character in young people. 4-Hers learn by doing through actively working on projects and participating in club meetings and 4-H activities, Sharon noted.

4-H clubs are organized in such places as rural, suburban and urban neighborhoods and groups may be organized among neighborhood families in one or two city blocks, housing complexes or anywhere they are needed.

Youth can participate in a variety of projects in 4-H, such as foods, clothing, animal projects, electricity, pigeons, arts and crafts, and many, many others. In fact, almost anything one wants can be a project.

Most important and most of all, 4-H is a lot of fun! Where else can one get together with other people his or her age and have fun while they learn? Boys and girls in 4-H are always on the move doing something and participating in various activities. For instance, the 4-H rifle project attracts numerous youngsters each year who are interested in learning to shoot and observe gun safety.

EHE Study Group Hears Sharon Book

The Extension Homemakers Economist Study Group met Monday night in the Community Center.

Sharon Book, assistant county Extension agent, presented the program on "Communications," using members in attendance to show the breakdown in communication.

A covered dish supper was also enjoyed by the group.

Officers for the coming year are Melanie Dillon, president; Sue Stephens, vice-president; Sherry Hacker, secretary; and Sandra Chambers, treasurer.

Mrs. Dillon, Mrs. Chambers, and Linda Underwood will be attending a leadership training program on Christmas crafts on October 1. These ladies will present the October 29 program on "Christmas Crafts - On A Budget," to the EHE members.

Attending the Monday night meeting were Sandra Chambers, Carolyn Sloan, Diane Roberts, Linda Underwood, Sharon Newton, Melanie Dillon, Sue Stephens, and Sherry Hacker.

"Red Baron" Visits Here Sunday

Al Huntsman of Denton, former Knox City resident and brother of the late Pete Huntsman of Rochester, flew in at the Knox City Municipal Airport Sunday for a brief visit.

Nicknamed the "Red Baron" due to the distinctive red color and German "Iron Cross" markings on the wingtips and tail rudder of his 1946 Taylorcraft, Huntsman has been a special guest at antique aircraft and airport celebrations throughout Oklahoma, Arkansas, and North-Central Texas. He has over 300 flying hours in the unusual "T-Craft" airplane.

A 1940 graduate of Knox City High School, Huntsman is employed by North Texas State University. The former shop foreman for the Dallas Independent School District and World War II 1st Air Force pilot says flying is his "best and only hobby."

Huntsman is tentatively planning to return to Knox City for the Coming Home activities in October.

Miss Albus Honored With Shower

Brenda Albus, bride-elect of Chris Brown of Munday, was honored with a bridal shower Sunday, September 23, in the Community Center in Munday. Calling hour was from three until four o'clock in the afternoon.

The bride-elect's sister, Charlette Albus, registered guests from a table covered with a white lace cloth and holding a vase of blue and white daisies.

Serving refreshments of cookies and punch were the bride-elect's aunts, Mrs. Tracee Herring and Mrs. Jeanette Therwhanger, both of Munday. MAIL-ORDER SHOPPING

With gasoline prices on the rise, many consumers may turn to mail-order shopping as a way to save time and money.

However, past experiences with mail-order shopping have left many consumers dissatisfied. The Attorney General's office and other consumer complaint handling agencies report that mail-order problems are among the most frequently reported of all.

To avoid consumer problems, take these precautions:

- 1) Learn to spot an exaggeration. The small type often qualifies the big, bold headline.
- 2) Consider other places where you could buy the product at a lower price.
- 3) When ordering, be specific. Give a written description, the correct order number and price, and indicate if you would accept a substitute, and if so, what it is.
- 4) Don't send cash. Pay only by check or money order and include shipping and handling charges.
- 5) Write a complete description of the item, as well as the address of the company, on your check so that when the cancelled check is returned, you will have all of that information at your fingertips. Or, keep a copy of your order with the date it was mailed and a photocopy of the check or money order.
- 6) When the order arrives, examine it immediately to be sure it is what you wanted and that it is in good condition.

Notify the company promptly if there is any problem.

STRENGTHENING MARRIAGE - FOR THE MIDDLE YEARS

A strong middle-years marriage can provide a shelter against loneliness, the ease of life-long friendship and many memories.

But many marriages hit a low point in the middle years.

Strengthening a marriage to prepare for the middle years is one answer - as opposed to divorce, separation or an unsatisfying relationship when the middle years arrive.

WHY A LOW POINT?

Researchers say middle-years marriages reach a low point because of several factors.

These factors include excessive domination by the

husband, failure to communicate, poor self-esteem, decreasing companionship and failure to express affection and appreciation.

Other factors include heavy involvement with careers, extramarital involvements and mid-life change.

HOW TO STRENGTHEN

To strengthen a marriage that will survive the childrearing years, the "empty nest" and the mid-life role upheaval, here are some guidelines:

- 1) Establish your marriage relationship at the top of your priority list early in the marriage.
- 2) Do not allow the demands and activities of parenthood to crowd out husband-wife interaction. Plan special time with your spouse.
- 3) Strive toward equality in all aspects of your relationship.
- 4) Work at creating interesting friendships, especially with other couples who have satisfying marriages.
- 5) Evaluate your marriage from time to time. Look for signs of deterioration, such as nagging, sarcasm, possessiveness, criticism and self-discontentment. Seek help if needed.
- 6) Avoid being locked into boring or frustrating work situations.

Lions Club News

By Z.I. SMITH

On Wednesday, the Lions had a good meal and a leisurely meeting. No business to transact and no visitors.

Program chairman James Patterson introduced Coach Jimmy Rogers as our speaker. Coach Rogers said there were 128 students in high school and there were 62 boys in the athletic program. Knox City has had two preseason games and has only four listed on the injured. This was to compare with Rule High School who has played two preseason games and so many are injured they have had to cancel their next preseason game.

Coach Rogers discussed his type of offense and defense and how it works best for his boys. He stated that many of his boys took part in a weight lifting program in the off-season and that this helped develop and maintain them for football.

A Lion commented that on his team for Knox City in 1921-22, there were only 13 boys playing. Question was raised as to whether this was the last year Lee Smith lettered. Rumor has it that Lee Smith played for KC until he was 29 years old. (That's a Lion's roar)

We may have to enlist the help of Myrtle Williams to remind Lion Lewis Williams to come to Lions Club. She missed getting that free hose today.

Antilley Named New Jones County Agent

Knox County Extension Agent Tommy K. Antilley will assume duties as agent in Jones County, effective October 1, according to a joint statement from District Extension Agent Ed Garnett and the Jones County Commissioners Court.

Antilley was reared on a farm in Taylor County and was an outstanding 4-H Club member for nine years winning many honors. He was also in FFA and was awarded top honors for his work in this organization.

A graduate of Texas A&M University, Antilley received the bachelor of science degree in animal science. He was employed as quality control inspector for the Missouri Beef Packers in Plainview prior to his appointment as Assistant County Extension Agent in Wilbarger County in 1974. Antilley transferred to Knox County on September 21, 1976, as County Extension Agent (Agriculture) where he has conducted outstanding programs in livestock, field crops, and 4-H areas for the past three years.

As County Extension Agent in Jones County, Antilley will be responsible for providing leadership for Agriculture in both the youth and adult programs. He succeeds Kirby Clayton, who retired as County Extension Agent on August 31.

HOUNDS

FROM PAGE ONE

fumbled it back three plays later.

The Greyhounds started on their own 28 and marched steadily down the field with the only big gainer being a pass from Johnson to Sammy White for 23 yards. The final yard was a keeper by Johnson. A pass for a two point attempt was no good. The blocking by the offensive line was the key to this long drive. Score: 25-6, time left 1:06 in the third quarter.

On the last play of the third quarter, the Wildcats punted and with the customary 15 yard penalty added, the Hounds set up shop on their own 14 yard line.

On the first play of the fourth quarter, Johnson passed to Ricky Gonzales for 86 yards and yet another Greyhound score. Score: 31-6, time left 11:48.

That was all for Johnson and crew and on came Rutherford and crew. The defense for the Hounds had several new faces also, but they continued

to play although they gave up 61 yards of rushing to the Wildcats in the remainder of the game.

Rutherford moved the Hounds sharply using a lot of time on a long march hitting three or four passes. Rober-son got a 12 yard run to help with a good block by Bernard and Sid Richardson. Rutherford threw a 15 yard pass to Adam White and two to Chuck Hutchinson for 12 and 10 yards respectively.

The game ended with Rutherford falling on the ground to keep from running up the score even more.

When the party was over, the Wildcats had indeed stopped the Greyhound running attack. The price they paid was a little too expensive. The team from Archer City had given up only three touchdowns in their first two games.

The ability of the offensive line to keep out the Wildcats until the receiver could get open and the quarterback to

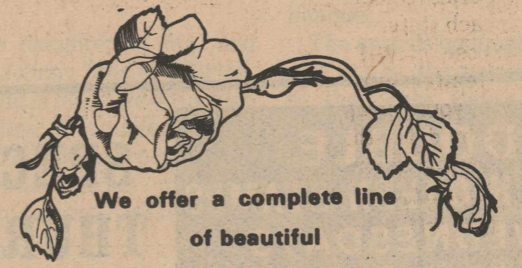

pass was the key to scoring 31 points.

The defense was characterized by TEAMWORK. Everyone did his job.

The Knox City Greyhounds will entertain another pack of Greyhounds from Throckmorton this Friday night at

Results of other 7-A teams include Haskell 31, Seymour 15; Munday - Idle; Paducah 0, Childress 47; Quannah 20, Memphis 7; Aspermont 14, Jayton 6; and Crowell 6, Electra 13.

Persons Invited To Meet With Bergland

Farmers and ranchers in Knox County are invited to take part in a meeting with Secretary of Agriculture Bob Bergland on the "structure of agriculture."

The meeting will be December 6 in Wichita Falls and is one of ten regional meetings designed to obtain comments and suggestions on

the economic and social issues affecting the structure of American agriculture and rural life. Major purpose will be to determine the overall impact of all the different problems, policies and conditions that interact to influence farm structure, points out Tommy Antilley, county agent with the Texas

Agricultural Extension Service, Texas A&M University System.

Individuals interested in making a brief presentation at the meeting have until October 9 to request to do so. More details on how to submit the request are available at the local county Extension and ASCS offices. Written

comments may also be submitted to be included in a final document to be published following the series of meetings.

According to Antilley, the meeting will provide for a re-examination of the structure of American agriculture so that a comprehensive package of factual information and recommendations can be developed for use in proposing future policies, especially new farm legislation for 1981.

Tax Course Geared To High School Students

WICHITA FALLS - Approximately 2,434 area high school students will learn how to fill out an income tax return as part of their curriculum this school year, through an IRS-sponsored course called "Understanding Taxes" offered free to any high school interested in participating in the program. During the past year, approximately 30 schools took advantage of the course.

"Understanding Taxes" includes a brief history of how the Federal Tax System works by a discussion of the

role of taxes and their relationship to the national budget, and then concentrates on the individual's tax rights and responsibilities.

The Understanding Taxes course usually lasts four to six weeks in most high schools. Study guides, teachers' manuals, and two films are supplied free by the IRS. Since the course is taught within the school's ongoing curriculum - often during a portion of a government or economics class - students earn credit for taking it.

Your Social Security

DISABILITY INSURANCE

"Many are unaware of the work requirements for entitlement to Social Security benefits for disabled workers and their families, or, of the events which cause the benefits to stop," said James Harper, branch manager of the Vernon Social Security office. "Since the benefits are designed to help replace earnings lost because of disability, there must have been specific amounts of work during specific periods of time in order for the work requirement to be met," he stated.

"Basically, a worker over the age of 30 needs to have 25% of the time elapsed from 1950 or, if later, the year he or she attained age 21, to the onset of the disability. Also, five years of the work must have been within the ten years immediately preceding the disability. Workers under age 30 may need as little as a year and a half of work to qualify since they have not had the opportunity to work as much as older workers."

"Monthly benefits for a worker disabled in 1979 range from about \$134.10 to \$549.40, depending partly on the past earnings. Payments can also

be paid to certain members of the family resulting in monthly payments to the family as high as \$961.70 this year. Medicare coverage to help any doctor and hospital bills is extended to the worker who has received disability checks for 24 consecutive months," he added.

Harper went on to emphasize that these benefits do not necessarily continue indefinitely once started. "They are only payable as long as the worker remains too disabled to do any kind of substantial gainful work. Any medical improvement or return to work must be reported to Social Security," he warned, "as failure to do so could result in an overpayment to the worker and his family which would have to be repaid."

"A return to work does not cause the benefits to stop immediately in all cases. Many disabled workers are allowed to work nine months as a trial work period to see if they are able to re-enter the work force. If the individual is still working at a substantial rate of pay at the end of the nine months, his benefits from Social Security will be terminated three months later. If the work has stopped or is not substantial because of the disabling condition, the benefits will continue until such time as the work and pay of the individual reach the level considered substantial."

"People now receiving benefits from Social Security should make themselves aware of the events to report," he stressed. "The representatives at any Social Security office will be happy to provide the required information," he said.

The Vernon Social Security office is located at 1701 Cumberland and the telephone number is (817) 552-9346.

SUSPECTED FRAUDULENT ACTIVITY

James Harper, branch manager of the Vernon Social Security office, made an announcement today about fraudulent activity which sometimes occurs in connection with the programs administered by the Social Security Administration. Harper said that the public has a right to expect that measures have been taken by the Social Security Administration to prevent unlawful invasion of the Trust Funds from which benefits are paid.

"Sometimes we detect suspected fraudulent activity ourselves through review of case files and other means," Harper continued. "However, we are also dependent to a large degree on reports from the public regarding what they feel is fraud or improper receipt of checks."

"For instance, someone might see a person out working when they know for a fact that that person is receiving a disability check. They will then call us and ask us about the situation. We would then be obligated to check into the matter," he continued.

"We have an obligation not only to see that people get what is due them but to protect the trust funds against improper payments," Harper concluded. "Therefore, we encourage anyone who thinks they know of a situation where a person is receiving checks under questionable circumstances to call us at the Vernon Social Security office. The phone number is 552-9346. Reports will be held in strictest confidence and may be made anonymously if so desired."

This meeting provides an opportunity for everyone interested in the future of agriculture to make his voice heard, points out Antilley.

Persons wishing to address the meeting should send the request as soon as possible and before October 9, to: Project Coordinator, Structure of Agriculture, USDA, Washington, D.C. 20250.

Bouldin Is New Coach At McM

Former Knox City resident, Dean Bouldin, is one of two new coaches joining the McMurry College staff this season. Bouldin, however, is not at all new to McMurry as he also serves as Director of Admissions for the college. He has been on the admissions staff since 1976 and took over as director in early 1979.

Bouldin played quarterback at Knox City High School from his freshman through junior years. For his senior season, he transferred to Borger High School where he preceded Brett Lang, currently the McMurry signal caller, as the Bulldog's starting quarterback. He played quarterback and receiver for McMurry during the 1975 season.

Dean earned his bachelor's degree from McMurry in 1976 and recently received his master's from Abilene Christian University. Bouldin's assignment for the Indians will be to coach quarterbacks, running backs, and outside linebackers.

The new McMurry coach is married to the former Jana Wyatt.
