In KC - Haskell Game Turnovers Costly

By DAVID COUNTS

Wow! What a tremendous effort. The Knox City Grehounds outdid Haskell in every category except the score losing a thriller, 12-6, that was still in doubt until the last two plays.

A very large crowd was on hand to watch this year's showdown for what could be "winner take all" in District 7-A. If a good, hard-played game is what they came for, then they went home satisfied.

The game opened with Haskell receiving the kickoff. On five running plays, the Indians moved 63 yards to score a touchdown with only 1:42 gone in the game. The extra point try was no good. Score was 0-6.

When the Hounds got the ball, Tim Roberson ran through a gaping hole made by Kyle White and Sammy White for 14 yards, Terry Watson got one, and Roberson five more yards. The ball came loose on the next play and Haskell recovered on the Hound 42.

On the Indians' fourth play, they scored but the ball was brought back on a clipping call. On the next play, the Hounds' defense caught the Indian runner for a 10 yard loss. The Indian quarterback then loaded up his bow. The first was a strike to the goal line but Dwayne Johnson knocked the ball down. Well, he came back with the same pass and again Johnson with help from Greg Whitten knocked the ball down.

An exchange of punts later with Johnson kicking the ball

53 yards, the Indians took over on their own five yard line. On the first play, the Indian QB was tackled behind the goal for an apparent safety but the Hounds were offside. The Indians then made four first downs in eleven plays but were forced to punt. Kelley Boone, Andy Barnard, and Tim Roberson led the defense.

The next Hound drive was stopped by a penalty. A Hound punt and the Indians made a charge but Dwayne Johnson intercepted a pass at the goal line to set up the offense at the seven and then ran out the clock ending the first half.

The halftime show by the Greyhound band was superb. The band and majorettes did a "lights out" fire baton routine to the delight of all the fans.

The Hounds came out ready to play the second half. After receiving the kickoff they set up shop on their own 27 yard line. Roberson ran for five and nine yards for a first down, Johnson then ran for 16 and another first, with Roberson again running for one yard and four yards.

The key play of the entire game came next. Johnson faked to Roberson and ran around right end for 17 yards. After he was tackled, an over-anxious Indian came into Johnson after he was obviously stopped, hitting him in the back of the head and neck. The officials stepped off the penalty but the damage could not be repaired.

Johnson left the game. The ball was on Haskell's 11. Jay Rutherford came in and handed to Roberson for one yard. The next play, the drive came to an end when a fumble was recovered by the Indians.

The Hounds' defense held tight and forced a punt. The Hounds took over in excellent field position. On the first play, Johnson, back in the game, threw an interception. The defense was again called on and did an excellent job forcing a punt after three plays.

The punt was an excellent one to the Hound two yard line. Again, on the first play, the timing was off and the exchange from Johnson to Roberson was off time and a fumble occurred. Haskell recovered on the Hound four yard line.

Starting on the four, the Indians on the fourth down broke the plane of the goal ever so slightly but the score was 0-12 after the extra point pass was incomplete.

The Hounds would not quit. Following the kickoff, to the Hound 12, Johnson lost two yards, Roberson ran for 19, Johnson passed to Steve Rumley for 14 yards, Roberson for six and 12 yards, and Watson for two as the third quarter ended with the Hounds' marching, but a holding

Homecoming Plans Are Continuing

The first phase of "Double Header" Homecoming 1979-80 for the Knox City-O'Brien Consolidated Independent School District is getting closer.

Plans include the downtown parade Saturday, October 20, at 4:00 p.m. and those who are planning to enter the float category are reminded to contact Mrs. Doris Crownover, Chamber of Commerce manager by Thursday, October 18, to enter. Cash prizes will be presented to the first three places in this category only.

The Knox City Greyhound Band as well as the Scarlet Belles drill team will be marching in the afternoon parade.

Names of the homecoming nominees will be released next week by school officials and other details will appear in next week's News.

Pecan Crop Damaged By High Winds

A fast moving front that moved through the area Wednesday of last week about 9:00 o'clock brought blowing dust and slightly cooler temperatures.

It also did considerable damage to pecan trees, with several residents reporting the loss of their crop. Pecans were all over the ground at the J.H. Culp residence on the eastern edge of the city limits, and Mrs. Bonnie Coats reported that hers were all over her yard.

Another front about 4:00 a.m. Tuesday brought 20 to 30 mile an hour winds with gusts to 40. Blowing dust occurred early Tuesday, but the winds also brought relief from the 100 plus temperatures recorded here on Sunday and Monday.

McGaughey Rites Are Held Sunday

Funeral services for former Benjamin resident, Mrs. Alice Ruth McGaughey of Stamford, were held Sunday afternoon, October 7, at two-thirty o'clock in St. John's Methodist Church in Stamford. Officiating were Dr. Cyril Stone, church pastor, and the Rev. James Patterson, pastor of the First United Methodist Churches in Knox City and Benjamin. Interment was in the Vera Cemetery with Smith Funeral Home in charge of arrangements.

Mrs. McGaughey, 75, died Friday, October 5, at 11:15 p.m. in Hendrick Medical Center in Abilene from injuries sustained Monday, October 1, when she was struck by an automobile in downtown Stamford.

Born November 9, 1903, in McCool, Nebraska, she married Merick Davis McGaughey on March 27, 1926, in Fort Morgan, Colorado. Mrs. McGaughey had resided in Benjamin from 1938 until 1977 when she moved to Stamford. She was a former school teacher and a member of the Methodist Church. Mrs. McGaughey was preceded in death by her husband on September 18, 1976.

Survivors include two sons, former Knox City resident John McGaughey of Stamford, former Knox City-O'Brien school principal and former director of Haskell-Knox Consortium, and Stephen McGaughey of Englewood, Colorado; a daughter, Mrs. Vera Vines of Overland Park, Kansas; a brother, Claud Ford of Denver, Colorado; three sisters, Mrs. Jessie Starr and Mrs. Grace Evans, both of Denver, Colorado, and Mrs. Hazel Six of Los Angeles, California; four grandsons and four granddaughters.

Pallbearers were Kenneth Roberts, Bobby Hudson, W.T. Cartwright, K.E. Woolley, John Martin, and W.R. Baker.

JIMMY FOX
... 'Good Samaritan'

Youth Aids KC Woman After Fall

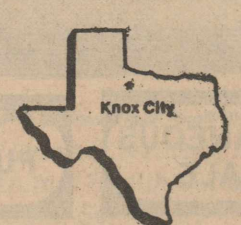

A 14-year-old Knox City youth proved to be a good Samaritan last week when he came to the aid of Mrs. Lula Hammons who had been knocked off a step-ladder by a falling suitcase. Mrs. Hammons, who was alone at her sister's residence at the time, was attempting to dislodge the suitcase from an overhead closet when the accident occurred. Realizing that she had to summon help, Mrs. Hammons managed to crawl to the front door by pulling herself with her elbows, and then attempted to stop several who were passing in cars. However, they were unable to hear her cries for help.

Then, fortunately for Mrs. Hammons, Jimmy Fox, who was running an errand for his coach, passed by and heard her. He got a wet washcloth for her head and tried to make her as comfortable as possible while he summoned help.

The Knox City EMTs, as well as Mrs. Hammons, expressed their deepest gratitude to Jimmy for his concern for others and for taking the time to help a person in great need.

Jimmy is the son of Mr. and Mrs. Gary Fox.

JERRY LOWREY
...accepts position

KC Coach Moving To New Mexico

Knox City Schools will be losing one of their finest coaches and faculty members next week when Jerry Lowrey, his wife Doris, and son Terry, move to Lybrook, New Mexico, to make their new home on October 19.

Lowrey, 35, son of Mr. and Mrs. Bunt Lowrey of Lubbock, has accepted a position with Supron Energy Corporation in Farmington, New Mexico.

A 1962 graduate of Rule High School, Lowrey received his bachelor of science degree in education from Abilene Christian College and also did graduate work there.

He began his coaching career at Aspermont in 1966 and remained there for four years, moving to Knox City in 1970. Lowrey was beginning his tenth year of teaching at KCHS.

During his school days at Rule, Lowrey was a three-sport letterman all four years and went on to play football and baseball at ACU.

As head basketball coach at KCHS, he led the Greyhounds to the regional finals in 1973 upon winning their bi-district bid the same season. Two district championships are to his credit here having winning squads during 1972-73 and 1974-75. In 1973, Lowrey was selected by the *Abilene Reporter-News* as the Class A "Coach of the Year" and was nominated for ACU "Coach of the Year" in 1974.

He served as defensive coordinator in football and was also assistant track coach. Lowrey is a member of the Texas High School Coaching Association and a member of the Association of Texas Educators, serving as director of District 14.

Their new home at Lybrook is located approximately 50 miles south of Farmington, about 650 miles from Knox City. Mailing address for the Lowreys will be Star Route Four, Cuba, New Mexico 87013.

Coach Lowrey commented, "It's extremely hard for us to leave our many friends who have become so dear to us over these past years. We leave with nothing but pleasant memories and positive thoughts about the kids, school, church, and community here in Knox City. Our decision came only after a great deal of contemplation and thought with, hopefully, our best interest at heart. The highlight of our week in the future will be getting *The Knox County News* and keeping up with the Hounds, Houndettes, and all our friends here in Knox City that we love."

To Be October 20

Arts, Crafts, Hobby Show Is Slated

Everyone, entrants as well as spectators, are reminded of the Knox City Arts, Crafts and Hobby Show set for Saturday, October 20, in the Williams Building formerly occupied by Buccaneer Stamps on Central Avenue. The event, which will coincide with the Homecoming weekend, will be held from 10:00 a.m. until 6:00 p.m.

According to Mrs. Doris Crownover, show chairman, entries will be accepted in three divisions including children (through elementary grades), youth (junior high through high school), and adult.

All work must be that of the entrant and any entry taking a ribbon or trophy in previous local shows will not be eligible.

All paintings must be either

mounted or framed, ready for hanging. All collections must be suitably displayed.

Show building will be open from 1:00 until 4:00 p.m. Thursday, October 18, and from 9:00 a.m. until 12:00 noon Friday, October 19. No entries will be accepted after that time.

Judging will begin Friday, October 19, at 2:00 p.m. and the building will be closed at this time.

Exhibitors are asked to pick up their show items Saturday, October 20, at 6:00 p.m.

Entries include Section 1, Painting and Sketching, with A. Oils, B. Acrylics, C. Water Color, and D. Charcoal, Tempera, Pencil, Ink, Pastels in the following categories: Portrait, Landscape, Still

Life, Abstract, Florals, Animals, and Seascapes; and E. Tole Painting on wood and metal; on canvas.

Section 2., Pottery: A. China Painting, B. Ceramics.

Section 3., Photography: A. Amateur, B. Professional.

Section 4., Stitchery: A. Quilts, B. Crochet, C. Knitting, D. Embroidery, E. Crewel Embroidery, F. Crafts, and G. Needlepoint.

Section 6., Collections: Antique and Modern - must be two items or more.

Section 7., Miscellaneous.

At Avenue D and North Second

Intersection To Be Four-Way Stop

Traffic hazards within the city limits were discussed by members of the city council at a recent meeting, and two ordinances were enacted in an effort to alleviate the problems.

One of the ordinances designates the busy intersection at Avenue D and North Second Street as a four-way stop, and city employees are now erecting new signs. Several accidents have occurred at this intersection and officials urge drivers to continue to be especially cautious, remembering that the signs have been changed. As this is one of the main routes to the school campus, traffic through this intersection is particularly heavy, Mrs. Faye Railsback, city secretary-manager explained.

The other ordinance regulates the trimming of trees and shrubs along streets, street corners, and alleys, and the council requests the cooperation of property owners in keeping their trees and shrubs cut back, so these will not interfere with a driver's visability.

CHANGING THE 'Yield' signs to 'Stop' are city employees Norman Tolleson, right, and Simon Rocha. The change is being made at the busy intersection of North Second Street and Avenue D, which will now be a four way stop. Drivers are urged by city officials to be especially cautious.

Ambulance Fund In Desperate Need

What Price Life?

By BILLYE ANGLE

Knox City, O'Brien, Rochester, and Benjamin have a problem, and because readers within our immediate area are responsive to problems such as this, we are appealing to all of you to take this as a personal responsibility.

Several months ago a new ambulance was purchased, and because funds are not continuing to be made to the Area Ambulance Fund, the unit is still not paid for. What happened to all of those projects that were being planned at the time the ambulance was being purchased? Not only do we need to complete this obligation, but necessary, life-saving

equipment is badly needed for the ambulance, attendants say.

We have skilled personnel in Emergency Medical Technicians Ilene and John Turner, Glen and Steve Rumley, Cyle Clayton, Craig Williams, and Roland Marion, but even with their expertise and dedication, their services are limited to patients, due to lack of equipment within the ambulance.

The EMTs held a bake sale last Saturday and are planning another one on October 20 in conjunction with the annual Arts and Crafts Show, but they need help! They are

PUBLIC NOTICE

City of Benjamin, P.O. Box 286, Benjamin, Texas 79505, has applied to the Texas Department of Water Resources for renewal of Permit No. 11162 which authorizes a discharge of treated domestic sewage effluent at a volume not to exceed 42,500 gallons per day average from the sewage treatment facilities located south of Benjamin, approximately three-fourths (¾) mile south of the intersection of U.S. Highway 82 and State Highway 6 and 800 feet west of State Highway 6 in Knox County, Texas. The expiration of the existing permit is March 25, 1980. It is proposed that the expiration date be specified as midnight, five years after the date of Commission approval.

Since the facility regulated by the permit is an oxidation pond plant, the applicant has also requested that the permit be amended consistent with current oxidation pond effluent standards in Texas Department of Water Resources' Rules 156.18.05.001-.004. The requested amendment would increase the presently authorized 30-day average total suspended solids limitations from 30 milligrams per liter to 90 milligrams per liter and would delete chlorination requirements. All other permit limitations and conditions, including the currently authorized discharge volume and pattern and place of discharge, would not be changed by the amendment. The effluent is discharged into an unnamed creek, thence to Davis Lake, thence to Dutchman Creek, thence to the Brazos River.

LEGAL AUTHORITY: Section 26.028 of the Texas Water Code, as amended, and Chapter 25 of the Rules of the Texas Department of Water Resources.
No public hearing shall be held on this application unless an affected person who has received notice of the application has requested a public hearing. Any such request for a public hearing shall be in writing and contain (1) the name, mailing address, and phone number of the person making the request; (2) a brief factual statement of the nature of the interest of the requester and an explanation of how that interest would be affected by the proposed action; and, (3) the names and addresses of all persons whom the requester represents. If the Commission determines that the request sets out legal or factual questions within the jurisdiction of the Commission and relevant to the waste discharge permit decision, the Commission shall conduct a public hearing, after the issuance of proper and timely notice of the hearing. If no sufficient request for hearing is received within 45 days of the date of publication of the notice concerning the application, the permit will be submitted to the Commission for final decision on the application.

Further information concerning any aspect of the application may be obtained by writing Larry R. Soward, Assistant Chief Hearings Examiner, Texas Water Commission, P.O. Box 13087, Capitol Station, Austin, Texas 78711, Telephone (512) 475-1311.

O'Brien Happenings

By CHARLENE BROTHERS

You will never believe what I did last week with my news column, well the people that know me will say, "What else is new". I had it ready Tuesday morning, I had waited until then to get a writeup of one of our women who had taken a long vacation. Then, I went to Knox City soon after lunch on Tuesday, and believe it or not, forgot to take the news by the office until someone mentioned something they had for me to put in the column. There is nothing wrong with me that a few days off would not cure, I think. So I'm getting this ready early Monday morning and I am not going to forget it this time.

It seems like all the time I have spent in studying for one class or the other, accounting or real estate, I did not realize it would be so time consuming to take two classes a week for someone

my age. At least I'm laying the blame on my age, it could be that I am just that dumb, that it takes so long for me to get anything in my thick head. At least I think that I will make it through both classes, for a while I was not so sure.

We are still getting replies from people about the homecoming. It seems that we are going to have a good crowd this time. We hope to make this one a time to remember. Next week there will be a lineup of the program for Saturday in the paper, so watch for it and come out and enjoy a good time with all your ex-classmates. I think there is going to be some here who have not been to a homecoming since we started having them back in January of 1959. This was right after the last school building had burned in 1958, so you might

see someone you have not seen in quite some time. HERE AND THERE

Greg Covey is visiting in Atlanta, Georgia, with relatives. He is reported to be having a very good time.

Mrs. Ruby Lee Brothers and Olga Teague visited in Sweetwater during the weekend with Beverly Puckett and Brian. Beverly is a niece of Mrs. Brothers'.

Mr. and Mrs. David Hunt of Midland visited during the weekend with their parents, Mr. and Mrs. E.W. Hunt and Mr. and Mrs. L.A. Covey, Ava and John Morgan.

Felton Herring of Fort Worth visited during the past week with his brother and wife, Mr. and Mrs. Ranzy Herring.

Jacob and Cole Holland of Hamlin, sons of Mr. and Mrs. Butch Holland, visited in the home of Mr. and Mrs. James Manning, Cody and Christie a few days last week. Butch and Shorty came Sunday to pick them up and return them home.

Mrs. Johnny Reid and Angelia were in Dallas during the past week for Angelia to attend the FHA State Officers' meeting and also to attend the FFA-4H meetings. Angelia was the FFA Sweetheart of the Knox City-O'Brien FFA this past year.

Mrs. Ronnie Denson of Stamford visited with her parents, Mr. and Mrs. Buster Hodges Monday afternoon.

Mr. and Mrs. Ivan Rowan visited in Lubbock Sunday with their daughter, Gail. Also visiting was their son, Keith, of Stephenville.

To all the folks in California, hello. I'll write a letter when I have time. You may have to come down and get on to me so I can get around to writing.

4-H Leader Workshop Set In Brownwood

"One of the strengths of 4-H clubs is their ability to demonstrate practical learning and shared leadership. The Texas 4-H Center has invited 4-H club adult leaders and youth officers to a special weekend workshop which will help explore and develop this strength," assistant county extension agent Sharon Book says.

Club leaders and officers from all parts of Texas will gather at the center near

Brownwood on Saturday and Sunday, October 27 and 28 for workshop sessions.

Topics to be covered include "The Winning Recipe: Ingredients for Successful Leadership" by Parker County extension agent Jean Anderson; "Getting Our Act Together" by Texas 4-H council officers and Dan James, area 4-H and youth specialist; "A Smorgasbord of 4-H club ideas" by 4-H adult leaders, youth officers, and extension staff, and other helpful subjects.

Those interested in this October weekend 4-H training may contact the Knox county Extension office located in Benjamin or call (817) 454-2651.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic levels, race, color, sex, religion, or national origin.

SS Representative To Visit Today

A representative of the Vernon Social Security office will be in Knox City at the City Hall, Thursday, October 11 (today), from 10:00 a.m. until 12:00 noon.

This individual can assist in helping persons in filing an application for Social Security Retirement, Survivors, Disability, Medicare, or Supplemental Security Income benefits.

If anyone is unable to visit personally, business may be transacted by telephone. The Vernon office is open every weekday, Monday through Friday, except holidays, between the hours of 9:00 a.m. and 4:45 p.m.

Comptroller Rep To Visit Munday

If readers have a question about State Taxes or need some assistance, Comptroller Bob Bullock will have a representative in Munday on Tuesday, October 23, to meet with area taxpayers beginning at 1:30 p.m. in the City Hall.

CELEBRATES BIRTHDAY

Mary Lou Foshee was honored on her 81st birthday by her friends in her home here last week.

Mrs. Foshee reported that she was delighted to receive a card from President and Mrs. Carter.

Attending were Eula Booe, Elnora Gray, Mary Buchanan, Alma Swearingen, Lorene Boyd and her little grandson, also Kate James, Linda Large, Ruby Pierce, and Mrs. Easter May.

VISITS HERE

J.P. Hodges of Pasadena, Texas, spent several days last week visiting his mother, Mrs. W.H. Hodges.

Clements Presents Employee Awards

Governor William P. Clements Jr. presented awards to individuals and employers for outstanding contributions to the rehabilitation and employment of handicapped persons at the annual meeting and awards luncheon of the Governor's Committee on Employment of The Handicapped on Friday, October 5, at the Villa Capri Hotel in Austin.

During Governor Clements' address to approximately 400 persons attending the awards luncheon, he signed a proclamation establishing National Employ the Han-

dicapped Week, October 7-13, in Texas; issued an Executive Order establishing the Governor's Task Force on Handicapped Citizens and announced a new full-time administrative assistant for handicapped affairs.

The Governor's Citation for Meritorious Service was presented to William T. Williams of Houston; Mary Judith Olsen of Amarillo was honored as Handicapped Person of the Year while Reese Air Force Base and Devro, Inc. of Lubbock both received awards as Employer of the Year and the Physician of the Year award went to Dr. John L. Perry of Houston.

Begun in 1949 at the request of President Harry Truman who established the President's Committee on Employment of the Handicapped in 1947, the Texas Governor's Committee was restructured last year so that an ongoing program could be developed under the guidance of a fourteen-member Committee of citizens chaired by Sam D. Millsap of San Antonio and supported by six full-time staff members. The morning program featured reports from the Chairman, executive director and subcommittee chairpersons regarding the work of the Committee and its efforts to support local committees in all parts of the State.

Employers, representatives of local mayor's committees along with State and Federal officials and the disabled attended the session.

Driving Course Slated At VRJC

A defensive driving course is scheduled to meet October 22, 23 and 25 at Vernon Regional Junior College. The course is scheduled to meet from 7:00 to 10:00 p.m. Monday, Tuesday, and Thursday in Academic Science Building C124 at the college. According to Dr. Jim Fritze, VRJC Continuing Education Administrator, the course is being co-sponsored by the VRJC Division of Continuing Education and the Texas Department of Public Safety.

The course should be beneficial to anyone taking it because of the ten percent reduction in insurance premium and because it makes each person more aware of their driving habits.

Defensive driving is taught by Safety Officer J.C. Brown from the Wichita Falls office of the Department of Public Safety. Early registration is encouraged since twelve people have already registered.

Interested persons may register at the VRJC Continuing Education office. Additional information, as well as registration fee, may be obtained by calling Dr. Jim Fritze at 552-6291.

Teacher Retirement Counseling Is Set

Individual retirement counseling for Abilene area members of Teacher Retirement System who plan to retire in 1980 will be conducted November 6 and 7 at Kiwa Inn in Abilene.

Deadline for scheduling an appointment is October 16. Counselors will have a complete retirement estimate for each member at the meeting and will be able to discuss the retirement options available and application procedures.

The area counseling program, scheduled for 27 locations across the state this year, brings professional retirement counseling close to each TRS member.

Ronnie Whites Return To KC

Mr. and Mrs. Ronnie White and children Steve, Jim, Chris, Connie, Little Ronnie, and Melissa have returned to Knox City from Benjamin to make their home.

The family is living in his brother's (Larry White's) house at 611 South Fourth, former home of their grandparents, the late Mr. and Mrs. S.L. White.

The Whites had resided the past two and a half years in Benjamin.

AAM Meeting Set At Littlefield

A meeting of the American Agricultural Movement will be held Saturday, October 13, at the Lamb County Agricultural Center in Littlefield, located on the Lovelland Highway.

Out-of-state speakers will be featured and one of the topics discussed will be gasahol.

A meal will begin activities at 5:30 p.m. and according to a spokesman for the group, it is hoped that Knox City and area folk will be able to attend this meeting.

SENIOR CLASS NEWS

By RUTHIE TRICE
Seniors are now looking over a list of subjects to do their themes on. This year all subjects will have something to do with England. Cool mornings this last week gave a few seniors the chance to wear their new letter jackets. At least a few mothers won't have any trouble getting their kids to wear coats!!

SOPHOMORE CLASS NEWS

By MINDY HUTCHINSON
Another day, another week; all is well but the days go on. Monday of next week the girls' volleyball team will be playing in Rochester starting at 5:00 p.m.

We would all like to express our appreciation to all of you who helped in supporting the Greyhounds Friday night. The crowd was really enormous and exciting too! The sophomore class members in geometry are barely holding their heads above water but are hanging in there and really trying to figure out whether the statement is given or if it is the definition of congruent angles. In biology, we are now passing our tests, finally, and are even starting to dissect small organisms.

In English, we're diagraming sentences and having fun finding the direct and indirect object.

Hope to see you all Friday night in Aspermont and also LET'S GET A HORNET!

GREENHAND NEWS
By CRAIG WATSON

This week we finished studying the types of breeds of swine. The rest of the members got their FFA jackets.

PEP CLUB NEWS
By ELDA GARCIA

"Thanks Fans," pep club appreciated you all helping us cheer the boys on! The outcome of the game wasn't what we wanted but... "Never give in, hustle to the very end," cuz pep club and the hounds need your support at every game! Also want to

thank Mr. Rumley for helping the cheerleaders get the crowd going.

If you kept the "terrible towels," fine, but do bring them to all the games; don't leave them at home! We would like to ask you to bring your towels to our Homecoming next week please! Pep club will be selling mums next week for the Homecoming. So men, if you want a big mum for your "HONEY", we'll be by.

We will be back on our feet this Friday against Aspermont there. We hope you will too.

"Never give in, hustle to the very end!" Go Hounds!!!

FROM BRYAN

Mrs. Nelline Force of Bryan is visiting her sister and her husband, Mr. and Mrs. Vernon Buckley, this week.

RETURNS HOME

Mrs. Joe Reeder Jr. has returned home from Pine Bluff, Arkansas, after visiting family members.

AT MARKET

Mrs. Estelle Hawkins, owner of Boutique, was in Dallas Monday and Tuesday of this week attending the men's clothing market at the Apparel Mart.

She was accompanied by her daughter, Jeanette Clark.

Boosters Vote To Carpet Rooms

At the regular Tuesday evening meeting of the Knox City-O'Brien Greyhound Booster Club, the group voted to carpet the girls' dressing rooms at the high school gym and to put padded benches in both girls' and boys' dressing rooms at the gym as there is no place other than a bare concrete floor on which the youngsters can sit or lie down. Tommy Kent donated

the benches to be used in this Booster Club project.

Jim Lynn donated the materials to be used in the construction of a shelter for the filming crew, which is a project of the Booster Club this year, also.

Gail White and Winifred White were appointed to serve on the float committee. Coach Steve McIlhane

reported on the progress of the girls' volleyball teams this year and particularly on their games with Harrold. Coach Jimmy Rogers commented on the Throckmorton game and the Haskell game and then the group viewed the Knox City-Throckmorton film.

Members are reminded that the October 16 meeting will be at 7:30 p.m. in the high school library.

Refreshments were brought by Gail and Jimmy White.

seven in number and have other jobs, also, so they need volunteers to furnish baked goods or help in selling them. They are sponsoring a big give-away which includes a shotgun, gasoline, and other prizes to be given away at a drawing during halftime of the Knox City-Munday football game here Saturday night, October 20. They are accepting donations for the chances, but here again, the group is so small that volunteer help in getting the tickets before the public would be a great service. If anyone can help with this project, please get in touch with City Marshal John Turner, his wife Ilene, or any other EMT.

This area is very fortunate in having the Knox County Hospital and staff, plus two wonderful doctors as well as excellent nurses and aides. We're a rural community and small enough to be concerned about our neighbors. Everytime we hear the ambulance siren or see the flashing lights, we feel apprehensive, but at the same time, we are so thankful for the ambulance and its trained crew.

However, Ilene Turner said, "It's scary. I mean really scary when we're called out for an accident, because if we were faced with a situation like Haskell had over the weekend where a victim is pinned in the wreckage, we have absolutely no way to extricate them." She also mentioned that their supplies are so few in number that one major accident could "clean us out".

When questioned about the type of equipment desperately needed for the ambulance, the following items along with their prices were suggested:

- Extraction set (43 pieces) for accidents \$1100.00;
- Folding Scoop Stretcher (enables patients to be picked up in injured position or in a seated position) \$265.00;
- Quick Splint Kit (traction splint relieves pressure of a break) \$75.00;
- CPR Demand Valve with Mask (forces flow of oxygen into patient's lungs) \$127.25;
- Wall-Mount Blood Pressure Gauge (one in use now is not mounted and is almost worn out) \$92.00;

SAFETY SENSE FOR HALLOWEEN

The fun and adventure of Halloween have been around for centuries. Neighborhood children out trick-or-treating on "All Hallows' Eve" probably aren't aware of it, but they're following a very old English custom called "going a souling," where visitors went from house to house calling "a soul cake, a soul cake, a penny or a soul cake!"

Before your children make the trick-or-treat rounds this year, be sure to review some of these basic Halloween safety rules:

* Young children should be escorted by an adult on house-to-house calls; advise older children to stay in familiar neighborhoods and to avoid dark streets.

* Ask your children to bring home all the candy and fruit they receive so you can give it your seal of approval. Make sure they eat a regular meal before they go out to discourage nibbling.

* Halloween costumes should be fun and safe at the same time. To ensure your children's well-being, dress them in new Kooky Spooks™ inflatable Halloween costumes. Available in six original cartoon characters whose faces appear on the playful inflatable headgear, these costumes are tons of fun for children of all ages.

* Make sure your witches, ghosts, and goblins are dressed warmly underneath their costumes. Be sure to choose an all-weather-proof costume that allows plenty of room for sweaters, coats, and free and easy arm movement.

* Instead of pumpkins with candles inside, have your children carry a bright flashlight for a safe and accident-free "All Hallows' Eve."

verter (changes current from DC to AC for use in ambulance unit for respirator or incubator) \$471.50; Ambulance cot (old one completely worn out) \$525.00; and Supplies (to stock both ambulances) \$1000 up.

The EMTs answered nine calls in August with the average time lapse of 4.5 minutes between being notified and arriving at the scene.

In September, 13 calls were answered including trips to Rochester, Truscott and Highway 82, and the overall average time was 6.3 minutes.

October calls thus far number five with an average time of 3.4 minutes.

In a three month period, calls answered locally have averaged a fantastic 1.6 minute within Knox City. Now that is service on the spot!

Our communities need to rally to the needs of these dedicated persons and work together for a goal that will help us help ourselves! Containers are being placed in businesses for contributions, and every dime can be used, but it's going to take much more than pocket change. Let's get in there and help these folk who are standing ready to help any of us in time of need.

Contributions to honor the living as well as memorials for loved ones can be made to the Ambulance Fund at the City Hall in Knox City, and these would be fine tributes. If an individual or group would like to make a pledge and pay for it over a period of time in weekly or monthly payments, this can be arranged.

Can we do it - or will we do it? It's up to us!

Other Rehab Donations Reported

Lee Smith, one of the area chairmen for the Cattlemen's Round-Up for Crippled Children to benefit the West Texas Rehabilitation Center in Abilene, has reported that Eddie Bateman and Lewis Kay have made cash donations to the Center.

Also, Tackitt Enterprises of Knox City, donated a gift of DRIVE for Horses, to the Horse Sale held in Abilene Monday of last week, which also benefitted the Center.

HOUNDS

call stopped the drive. Johnson then punted to the Haskell four yard line.

The great Hound defense again held and got the ball back after three plays had netted Haskell only three yards.

The Hounds went to work on the Haskell 35. Roberson ran for 11 yards, Scott Lynn ran for five, Johnson ran for two, Lynn for six and a first down at the 11. Roberson then ran for nine and zero before Watson went over the goal from the two. A pass at an attempt for two points was caught by a Haskell player. Score was 6-12 with 7:44 left in the game.

The Hounds then tried an inside kickoff, but the effort failed.

The defense led by Chuck Hutchinson and Scott Lynn forced a punt and with a nine yard penalty for clipping, set the Hounds' offense to work at their eight yard line.

Johnson followed the center Andy Barnard for 11 yards up the middle. The drive stalled forcing a punt.

The defensive charge this time was led by Kenny Cornwall and Jay Rutherford forcing a punt after three plays had netted - one yard.

The Hounds set up shop on

their own 12 but on the second play were assessed a seven yard penalty for offensive pass interference. On the last desperate play, Johnson passed to Steve Rumley for 13 yards but was two yards short of a first down. The Indians ran out the clock to end the game.

There are not enough adjectives to describe the excellent offensive line play in the second half. The three turnovers that occurred following the late hit was the ball game.

The defense held the highly rated, number three in state Indians to only one first down in the second half and that on the four yard touchdown drive.

The Greyhounds find themselves in the same position as Haskell was a year ago. They have to play even better and wait for someone to beat Haskell.

The Greyhounds will get their chance this Friday night when they travel to Aspermont. The Hornets have not lost a game and will play on their home field.

The fan support was unbelievable during the Haskell game. The Greyhounds need this continued support. They are not out of this race yet.

Dinner To Be Held Oct. 14 In Rhineland

The Rhineland Council of the Knights of Columbus will once again be sponsoring an old-fashioned sausage dinner on Sunday, October 14, from 11:00 until 1:30 p.m. at Rhineland.

In addition to the meal, the members will also be selling quantity orders of sausage.

Another feature will be the Ladies' Bazaar as well as other entertainment following the meal.

As this has become a popular annual event, the Knights of Columbus is looking forward to seeing old friends as well as inviting new friends to attend.

Advance meal tickets may be purchased from any member of the Knights of Columbus.

Mrs. Lula Hammons Undergoes Surgery

Mrs. Lula Hammons is reported by her daughter, Mrs. DeAlva Marshall, to be doing well following surgery here last Thursday afternoon.

Mrs. Hammons fell at the residence of her sister, Mrs. Edna Eubank, Tuesday afternoon of last week, suffering a broken hip. She managed to crawl to the door and stop 14-year-old Jimmy Fox who summoned help.

Mrs. Marshall arrived here Thursday afternoon to be with her mother. She resides in Whiteriver, Arizona, where she is an education specialist, Fort Apache Agency, Bureau of Indian Affairs. She has been with BIA for 19 years. DeAlva has a son, Mike, of Santa Cruz, California, and a daughter, Merry, who is a freshman at Texas Tech in Lubbock.

RESIDENTS AND several members of the staff at Brazos Valley Care Home donned western attire to participate in Western Day at the home. Jill Hayes, activities coordinator, planned the day for the residents and bingo was played in the afternoon.

SERVICES OF THE CHURCH OF GOD IN CHRIST

Missionary Berry of Dallas is conducting a revival at the Church of God in Christ Mission in Haskell.

The Aspermont Church held Elder and Mrs. Leon Ward's Anniversary over their Thursday, Friday, and Sunday.

Elder and Sister Ward have labored faithfully over these past fifteen years. Elder Bennett preached

over there Sunday evening from Matthew 25:14 down some verses a great message.

The Southside Church in Abilene held a series of services last week also. They have done a wonderful job in their building program.

Sunday School had a good attendance with Superintendent Smith in charge. In the morning service Brother Tilly of Lawton, Oklahoma, brought a wonderful message from St. John 3.

IN DENTON HOME

Visitors in the home of Mr. and Mrs. A.P. Denton last weekend were two of their daughters, Lou Denton of Fort Worth and Lois Bruton of Jacksboro.

FROM LAMESA
Mr. and Mrs. Jack Wetzel of Lamesa spent the weekend in the home of her aunt, Mrs. Myrtle White.

They also attended the Knox City-Haskell football game Friday night.

ENTERTAINING IDEAS

LEFTOVERS MAKE GREAT PARTY FARE

Leftovers can become party fare when dressed properly. Entertaining Turkey Soup is a meal by itself, brimming with garden vegetables, potatoes and pasta. To save calories and give the festivities extra bubble, try Montclair Holiday Punch, a delightful blending of fruit juices and Montclair Sparkling Natural Mineral Water, Canada's number one brand.

ENTERTAINING TURKEY SOUP

- 6 cups chicken broth
 - 1 cup onion, thinly sliced
 - 1 1/2 cups julienne carrots
 - 1 1/2 cups julienne celery
 - 1 cup yellow turnip, cubed
 - 1 cup cut green beans
 - 1 cup peas
 - 1 1/2 cups cabbage, shredded
 - 1 cup potatoes, diced
 - 1 cup small macaroni shells
 - 1 bottle Montclair Sparkling Natural Mineral Water
- In large kettle, bring broth to boil. Stir in vegetables and macaroni. Cover and simmer 30 minutes. Just before serving, add Montclair. If desired, add 1 1/2 cups diced turkey meat and 1/4 cup chopped parsley. Makes 8 to 10 servings.
- Serve with grilled garlic bread and tossed salad.

MONTCLAIR HOLIDAY PUNCH

- 1 quart apricot nectar
- 2 cups orange juice
- 1 1/2 cups grapefruit juice
- 1/2 cup lemon juice
- 1/2 cup lime juice
- 1/3 cup superfine sugar
- 1 bottle Montclair Sparkling Natural Mineral Water
- Ice mold

In punch bowl, just before serving, combine juices, sugar and Montclair. Serve in pitcher or punch bowl with ice mold. Makes 12 to 14 servings.

Ice mold: Pour 1 cup Montclair into 4 cup ring mold. Add lemon slices and cherries. Freeze. Add 1 cup Montclair. Refreeze.

After Nineteen Years

Six Flags Stickers: 'Thing Of The Past'

ARLINGTON - After nineteen years the familiar Six Flags Over Texas bumper sticker is going the way of the dinosaur.

Officials of the Arlington, Texas, theme park have announced that the traditional stick-on bumper banners will not be available after the end of the park's current season, November 25.

Six Flags' general manager Errol McKoy said, "It's not that we have anything against bumper stickers, it's just that we're running out of places to put them."

"As bumpers have become less decorative and more practical, the space for stickers has become smaller and smaller."

"Some of today's best-selling cars have bumper surfaces that are primarily plastic and the designs are broken up with plastic 'chrome' strips."

On the increasingly popular economy cars, he noted, bumpers have dwindled in size to the point where the entire bumper is often more narrow than the traditional Six Flags sticker.

Even with skinnier bumpers, McKoy said the demand for Six Flags stickers remains high. "I would suspect that there are more Six Flags bumper stickers on bedroom walls than there are on bumpers," he commented.

"We received a snapshot last year from a teenaged

AHA To Spend Over \$1 Million This Year

AUSTIN - The American Heart Association will spend over \$1 million on Texas-based cardiovascular research projects during its 1979-80 fiscal year.

The organization's national component will spend \$499,971 on 25 research projects in Texas, while some 50 grants totaling \$618,976 have been awarded by the AHA's Texas Affiliate.

The \$1,118,967 total is the most ever appropriated by the AHA for research in Texas and represents a \$90,528 increase over last year's total.

Texas institutions with research projects slated to receive AHA funds include: University of Texas Health Science Center, Dallas;

Texas Woman's University, North Texas State University and Texas College of Osteopathic Medicine, Denton and Texas A&M.

Others include: University of Houston, Baylor College of Medicine and University of Texas Health Science Center, Houston; University of Texas Medical Branch, Galveston; Texas Tech University School of Medicine, Lubbock and University of Texas Health Science Center, San Antonio.

The AHA, a publicly-funded voluntary health agency, financially supports approved research projects related to the prevention, diagnosis and treatment of heart attack, stroke and other forms of cardiovascular disease.

park fan who literally papered a wall with our stickers."

When Six Flags Over Texas first opened in 1961, bumper stickers were put on every car which drove into the parking lot. "We were new, and we needed the publicity," McKoy said.

"In recent years we've placed signs near the parking lot toll plaza which read 'If you do not wish to have a bumper sticker placed on your car, please lower your visor.' Very few visors are lowered. People are proud of the fact that they have visited the park, and a free bumper sticker is a nice souvenir."

He added, "There will still

STREAMS IN DESERT PLACES

By OZELLE STEPHENS

"For God hath not given us the spirit of fear; but of power, and of love, and of a sound mind." (I Tim. 1:7)

These words are great words of wisdom; they speak to us about the power and wisdom of our Lord that He gives to all who trust Him. He does not want us to be afraid of people, but to be wise and strong, and to love them and enjoy being with them. Many are rejecting Him. His word, His presence and faith to speak His message to people; this causes Him to weep and sigh but he can never make Him hate them. The forces of nature in furious storms could not frighten Jesus. Even when His enemies came to arrest Him, Jesus was not afraid. He stepped forward to meet them. At His crucifixion, He asked God to forgive them who had so unjustly wronged Him. This is what He wants to give you and to all who love and trust Him.

He will forgive you of your sins, fill your heart with love; and give you a sound mind and power to live a glorious and happy life with victory over all of life's problems.

be a free souvenir available. It just won't go on the bumper. Instead, we are having a quarter of a million three-color window decals printed for next season. They will be offered without charge to every driver entering the park."

McKoy estimated that more than ten million bumper stickers have been given away during the park's nineteen seasons of operation.

During the period nearly 37 million persons have visited the sprawling entertainment center.

"Back during the 1968 Presidential campaign," McKoy said, "one of the local TV stations conducted a tongue-in-cheek poll to see whether Nixon, Humphrey or Wallace had the largest number of bumper stickers on cars in the Dallas-Fort Worth area. Six Flags beat out all three candidates."

"We've been truly flattered by the acceptance of the Six Flags bumper sticker," McKoy stated. "People who wouldn't think of displaying a political, or for that matter any other kind of sticker, have made room for the one bearing our name."

"Frankly, we hate to see them go. But, on the other hand, we have to change with the times and the folks who design bumpers seem to be telling us that times have, indeed, changed."

Six Flags fans who want to obtain one of the last of the park's stickers as a souvenir can pick up individual stickers at no charge at the park's Guest Relations office.

Those who cannot visit the park this fall can get a souvenir sticker by sending a self-addressed, stamped, business-sized envelope to Bumper Sticker, Six Flags Over Texas, P.O. Box 191, Arlington, Texas 76010.

On November 6 Ballot

Farabee Endorses Farm & Ranch Act

State Senator Ray Farabee today endorsed the Texas Farm and Ranch Security Act Program which will appear as Amendment 3 on the November 6th ballot. The passage of this constitutional amendment will authorize a State loan program providing lenders a State guarantee on loans they make to qualified persons.

"This amendment will help Texas' young people who want to enter the farming and

ranching business by enabling them to buy the land they need. With present down payment rates of 29% on farm and ranch loans, most people simply cannot come up with this kind of money. The existence of a similar program in Minnesota has drastically reduced the down payment rate and, in most cases, loans made under the program require no down payment," Farabee said.

There are built-in protec-

tions in the law which should serve the public's interest and prevent abuse of the program. These include strict requirements for eligibility for the program and for how the land purchased may be used. Also, the State is not actually loaning the money, but merely guaranteeing loans made by authorized lenders. In the event of a default, the State will take title to the land and resell it to recover the amount it pays the lender.

"This program will keep Texas farm and ranch land in the hands of Texans and will help insure the survival of the family farm. The citizens of Knox County can have an important say in the future of agriculture in Texas by voting 'yes' on Amendment 3 on November 6th" Farabee concluded.

Tools For Homeowners

Home Improvement Safety & Economy KEEP YOUR HAND TOOLS HANDY

Do-it-yourself home repair, popular for a long time now, has received an added boost from the climbing cost of living. As all handy-men and handywomen know, the best collection of hand tools isn't much help if the tool you need isn't at hand when you need it.

Ever want a pair of pliers for an emergency job or a screwdriver to fix a loose hinge on the kitchen cabinet? Alas, the tools aren't where you thought they were. That should never happen if you follow the rule of all professional repair people: "A place for everything, and everything in its place."

Just as important as being able to find the right tool at the right time is to stock your home workshop with tools best designed to help you do the job better.

Take the Crescent cushion-grip adjustable wrench by Cooper the Tool-maker, for example. Its safety grip—a baked-on plastic with textured surface—assures a firm grip even under the oiliest, dampest

conditions. Home repair experts and do-it-yourselfers—many of them experts in their own right—agree that the balance, weight and size of a tool are important considerations. Before you buy, pick up the tool and get the feel of it.

A tool with proper grip will prevent slipping under the oiliest, dampest conditions.

Of course, tools serve you best when kept in mint condition. Here are some tips from Cooper: protect tools from rust with a light oil or silicone spray coating; remove nicks from screwdriver tips with a file; keep files in their plastic case or wrapped to avoid damage to teeth; keep all tools clean and cutting edges sharpened.

Miss Albus, Brown Say Sunday Afternoon Vows

St. Joseph's Catholic Church in Rhineland was the setting for the Sunday afternoon, October 7 wedding uniting Brenda Kay Albus of Knox City and Christopher Michael Brown of Munday.

Father Brendon McGuire, church pastor, performed the four o'clock ceremony before an altar setting of blue and white baskets of gladioli, daisies, and candelabra.

Mr. and Mrs. James Albus of Knox City are parents of the bride, and Mr. and Mrs. B.M. Brown of Munday are the bridegroom's parents.

Providing wedding music at the organ was Mrs. Leo Fetsch of Rhineland, who accompanied Charlie Decker of Amarillo, soloist. Vocal selections were "If", "For Baby, For Bobby", and "The Lord's Prayer".

Given in marriage by her father, the bride wore a formal gown of white polyester mist over taffeta. The fitted bodice featured a re-embroidered Alencon lace yoke fashioned with a V-neckline, lace and ruffles. The full skirt was accented with vertical bands of matching lace from the waistline to the hemline and was fashioned with large lace medallions sprinkled with seed pearls. The skirt fell into a chapel train bordered with a deep band of Alencon lace which held a full ruffle flounce. Her lace bandeau sprinkled with seed pearls held her fingertip veil of silk illusion. She carried a cascade of white roses and gypsophilia.

Attending the bride as maid of honor was her sister, Mary Albus, who was attired in a blue Qiana knit gown. The sleeveless gown featured soft gathers at the neck and waist, and the skirt of the gown was pleated. Blue flowers adorned her hair and she carried a nosegay of blue and white daisies.

Dressed identically to the honor attendant were bridesmaids Lissa Brown of Munday, sister of the bridegroom, and Charlette Albus, sister of the bride. They also carried nosegays of blue and white daisies.

David Kuehler of Munday served as best man. Groomsmen were Jimmy Albus, brother of the bride, and Kenny Joe Brown, also of Munday.

The bride's niece, Tammy Brothers, was flower girl. Her blue gown had a white overlay and she carried a basket of blue and white daisies. Ring bearer was Jason Kirkland of Roanoke.

Candlelighters were Debbie Brown, the bridegroom's sister, and Denise Kuehler, both of Munday.

Kevin Herring, uncle of the bride, and Allen Brown, both of Munday, seated guests.

The couple's parents were hosts for the reception which followed in the Knights of Columbus Hall.

A white cloth accented with blue covered the bride's table which held the wedding cake made and decorated by the bride's aunt, Evelyn Herring. The cake, with the miniature bride and bridegroom atop, was accented with blue butterflies, flowers, and white roses. Appointments were of crystal. Serving as reception assistants at the bride's table were Tonda Herring of Breckenridge and Renee Kirkland of Roanoke.

Chocolate cake squares were served by Bernadette Kuehler of Munday at the bridegroom's table. A linen cloth was used on the table as well as an invitation of the couple's.

Also placed on the bride and bridegroom's tables were white crystal vases holding candles belonging to the bride's grandparents, Mr. and Mrs. C.H. Herring of Rhineland. These vases were used at all of their children's weddings.

Registering guests was the bride's sister, Mrs. Don Brothers. A bud vase holding blue and white daisies was placed on the registry table.

Both mothers of the couple wore blue formal gowns and white orchid corsages.

The bride is a graduate of Knox City High School, and her husband is a senior student at Munday High School. He is employed by Brown and Brown.

Parents of the bridegroom hosted the rehearsal dinner at the Knights of Columbus Hall in Rhineland.

Hudson-Pierce Marriage Announced

Mr. and Mrs. Tom Brooke Hudson of Benjamin announce the marriage of their daughter, Lynda Brooke, to Sammy Keith Pierce, son of Mr. and Mrs. Sammy Pierce, also of Benjamin.

The Rev. James Patterson officiated at the informal ceremony held Thursday afternoon, September 20, at two o'clock in the First United Methodist Church in Knox City.

Mrs. James Patterson of Knox City and James Waldron of Benjamin, cousin of the bridegroom, were the couple's attendants.

The bride, a senior student at Benjamin High School, will continue her education there. She is a member of Future Homemakers of America and a former cheerleader.

Pierce is employed by Kirk Plastering Company in Wichita Falls.

Following a wedding trip to the San Marcos area, the couple is residing in Benjamin.

RECENT VISITORS

Harvey Reynolds of Duncannonville and Billy Bob Reynolds of Midwestern State University in Wichita Falls visited recently with their parents, Mr. and Mrs. Bud Reynolds.

Accompanying Harvey from Duncannonville were former Knox City residents, Craig and Curtis Shiflett, sons of the Rev. and Mrs. W.R. Shiflett.

FROM FLORIDA

Mr. and Mrs. Estel Fox of Winter Haven, Florida, arrived here Monday for a visit with their son and his family, Mr. and Mrs. Gary Fox and children.

and bridegroom's tables were white crystal vases holding candles belonging to the bride's grandparents, Mr. and Mrs. C.H. Herring of Rhineland. These vases were used at all of their children's weddings.

GHOSTS, GOBLINS AND JACK-O-LANTERNS

Bright orange pumpkins are a welcome symbol of harvest, Halloween and fun.

The pumpkin has probably been included in more fairy tales and legends than any other vegetable. In "The Legend of Sleepy Hollow," a ghost lifts his pumpkin head from the pommel of his saddle and hurls it at the fleeing Ichabod Crane. In India the stores are told of a pumpkin filled with water in which swam a large fish. Intent on taking the fish, four brothers lifted the pumpkin to carry it away but became frightened and dropped it. The flood of water that poured out from cracks in the shell covered the world. What more romantic story than that of Cinderella and the golden coach? Who could forget Peter-the-pumpkin-eater who found a pumpkin large enough to contain his wandering wife?

The custom of making jack-o-lanterns began in Scotland. If not for a quirk of history, today's jack-o-lanterns might have been made from turnips instead of pumpkins. Scottish children carved their jack-o-lanterns out of large turnips and put candles inside them. When families moved from the old world to America, they brought their Halloween customs with them, but not their turnips. They found pumpkins a good substitute.

In this country, pumpkins were grown more easily and more readily available at Halloween time. Also they didn't have to be hollowed out and were easier to work with than turnips.

Pumpkins can be used like other winter squashes - in pies, custards, breads and puddings. As a vegetable it can be baked and glazed with brown sugar and butter; or boiled, drained, and mashed and served with butter. A hint of cinnamon or nutmeg is a nice addition to cooked pumpkin.

Whether you use them for eating or making scary jack-o-lanterns, you'll do well to follow these buying tips.

*Like other winter squash, pumpkins should be mature and have a rich, orange color.

*They should not be broken or cracked, and should be free from soft spots and excessive scarring.

*They should be clean.

Employer's Deadline For Return Near

October 31, 1979, is the date by which employers must report on Form 941 Social Security and withheld Federal income taxes for the third quarter of 1979, and pay any taxes due, the Internal Revenue Service said. If the quarterly liability (reduced by any deposit during the quarter) is \$200 or more, the unpaid balance must be deposited.

This deadline does not apply to those employers who make timely deposits of the full amount of tax due in Federal Reserve or approved commercial banks. They are allowed until November 10 to file Form 941, "Employer's Quarterly Federal Tax Return."

If employers have not received Form 941 by mail, they can obtain one from local IRS offices. IRS Publication 15, "Circular E - Employer's Tax Guide," is also available at local offices.

Buckleys Honored Sunday

Mr. and Mrs. Vernon Buckley celebrated their Fiftieth Wedding Anniversary Sunday, October 7, with a reception in the First Baptist Church Fellowship Hall. Calling hours were from two until four o'clock in the afternoon.

Hosting the event were the couple's children, Richard Buckley and Mrs. Virginia Reynolds, both of Abilene, and their grandchildren, Danny Keith Reynolds, Russel Manning (Rusty) Buckley, and Suzanne Buckley, all of Abilene. They along with the honorees greeted guests.

Suzanne Buckley and Vicki Reynolds, both of Abilene, registered guests from a table holding a floral arrangement.

Refreshments of cake, punch, mints and nuts were served by Betty Tyler and Winnie McCullough, both of Abilene. The serving table was covered with a satin cloth overlaid in ecru lace and centered with an arrangement of gold mums.

Approximately 100 guests registered from Bryan, Fort Worth, Nocona, Burkburnett, Abilene, Haskell, and Knox City.

FROM LUBBOCK

Patti and David Counts, students at Texas Tech University in Lubbock, spent Friday night in the home of their parents, Mr. and Mrs. David Counts.

They attended the Knox City-Haskell game.

BUCHANAN VISITORS

Recent visitors in the home of Mrs. J.O. Buchanan were her daughters and granddaughters, Pearl Clark of Fort Worth, Opal Smith of Dallas, Laura Mae White and Jo Ann Alley of Lubbock, and Mr. and Mrs. W.L. Cook and Sherry of Amarillo.

More than a dollar was needed in 1978 to purchase what 60 cents bought in 1970.

OUR LEGACY FROM THE MEDICINE MAN

Who would ever think of entering today's streamlined pharmacy that many of the medicinals available there had their early beginnings with the medicine man. Of course, they have undergone many changes and refinements. In early days, Indians chewed on roots of certain plants in order to extract a "magic substance." This later evolved to a "more sophisticated" technique of cooking the roots for hours and then boiling down the resultant liquid.

Thousands of years have passed since these earliest processes were begun. Our contemporary drugs may bear little resemblance to their crude ancestors. But, many of the basic chemical substances do date back to the medicine man.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours.

EMS REPORT

10-1-79 Monday, 8:40 p.m. - Picked up Mrs. C.C. (Libbie) Hoge at her residence, took to Knox County Hospital. EMTs were Ilene Turner, Craig Williams, and Steve Rumley.

10-2-79 Tuesday, 8:37 a.m. - Picked up Elizabeth Roberts, Benjamin. Had fallen off porch. Took to Knox County Hospital. EMTs were John and Ilene Turner.

10-2-79 Tuesday, 3:37 p.m. - Picked up Lula Hammons and took her to Knox County Hospital. Patient had fallen off ladder. EMTs were John and Ilene Turner. Special thanks go to Jimmy Fox, son of Mr. and Mrs. Gary Fox, 901 South Second. Jimmy was running an errand for his football coach and heard Mrs. Hammons cry for help as she had managed to get to the front door of her sister's residence at 400 South Second and aided her cut head and summoned help. On behalf of the Knox City EMS and the town of Knox City, we would like to say, "Thank you, Jimmy, for a job well done!" Mrs. Hammons had been sitting there for 30 minutes trying to get someone to stop and help her before Jimmy stopped.

10-6-79 Saturday, 8:40 p.m. - Picked up Mrs. Esther Bradford at her home in Knox City and took her to Knox County Hospital. EMTs were John and Ilene Turner and Craig Williams.

Judy Redwine Receives Pin

Mrs. James (Judy) Redwine of Benjamin was presented a pin last week for organizing Cub Pack No. 77 in Benjamin. Making the presentation was B.E. (Ben) Prickette of Vernon, district executive, Greenbelt District, Boy Scouts of America.

Named as Packmaster for the Cubs was Larry Conner. Sponsored by the Benjamin Independent School District, five boys are new members of the Pack.

'Terrible Towels' Needed Friday

Greyhound football fans are reminded to bring their "terrible towels" with them to the Friday night game at Aspermont.

The Booster Club paid for the material and cheerleaders distributed them at the Haskell game.

Following the Friday night game, many of the towels failed to be returned and officials are asking that fans bring them with them to Aspermont.

We are happy to see Earl Roberts, George Green, and Cleo Canaday, back from the hospital.

SS Officials Warn Against Swindlers

Social Security Officials in the five-state Dallas region have issued warning of a growing number of cases of swindlers who prey on older people by posing as Social Security employees.

In the past two weeks, there have been at least eight cases of swindlers operating in New Mexico and southeastern Oklahoma, said James Harper, manager of the Vernon Social Security office. An 87-year-old New Mexico man had saved \$1,358 to pay for his funeral. A con man, who posed as a Social Security representative and said he would get the man more benefits, took the money and disappeared. Similar incidents occurred in other Spanish-speaking communities in New Mexico. A 64-year-old man lost \$800 the same day, and another man lost \$600 the week earlier. An aged couple in Broken Bow, Oklahoma, lost \$260 to two swindlers posing as Social Security representatives. One of the men, posing as a doctor, said he would do a physical

examination, and if their health were poor enough, they would receive from \$100 to \$125 more in benefits.

Other Social Security offices in McAlester, Hugo and Poteau, Oklahoma, also have received several reports of people posing as Social Security employees in order to gain admittance to homes. Once inside, these people will try to steal money or other valuables, or sometimes will try to sell worthless junk. In one case, three imposters entered a couple's home on the pretense that Social Security wanted to give them new carpet to help their arthritis.

The Social Security Administration urges everyone to be extremely cautious of anyone appearing at their home claiming to be a Social Security representative, Harper said. They suggest that before admitting anyone, one should ask for identification, then call the Social Security office to verify that the person does work for Social Security and has been sent to their home.

AMERICA THE BEAUTIFUL

The Photographic Eye Of
Susan Ford Vance

Rayburn Climer

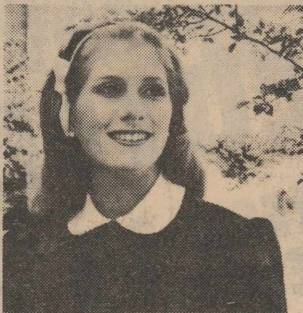

Susan Ford Vance

Kim Jones

Sharon Stirek

Mary Geekie

You're a beauty! That's the opinion of some of the world's leading designers. American women are often called the most beautiful in the world. But you have to know how to bring out your best looks.

To show the finest American beauty and fashion trends in many years, photographer and former White House resident Susan Ford Vance went straight to Paris - Paris, Illinois - a classic American town.

She photographed busy local women, none of them professional models, who want their clothes and cosmetics to work for them in a wide variety of situations.

Their makeups were created by Revlon beauty experts. Their fashions were chosen from Bill Blass's Blassport collection. And the jewelry accents came from Kenneth Jay Lane.

Now meet the women that Susan Ford Vance photographed in Paris, Illinois:

Sharon Stirek just entered Columbus College of

Art and Design. Her navy plaid wool jersey dress with white Peter Pan collar is big fashion news this season. The classic look takes on new freshness with Natural Wonder cosmetics. Selected by the U.S. Olympic Committee, they've been named "Winning Looks" and will be provided to U.S. Olympic contestants.

Eleanor Hensen, a teacher's aide, is active in civic life. Her fashion look for town and country is a beige and teal tablecloth-checked silk blouse with a camel hair blazer. "Indian Spice Colors," from Revlon's Polished Ambers collection, enhance her dark complexion.

A teacher, wife, mother, golfer and motorcyclist, Mary Geekie has a look that will travel anywhere in style. She combined an amethyst plaid, collarless silk shirt with an amethyst and brown tweed knit sweater over a plum wool box-pleated skirt. For lips and nails, she loved Revlon's sophisticated fall color, "Le Mood Jazz," a true indigo plum.

Rayburn Climer, owner of a business combining exclusive gifts and travel arrangements, enjoys preparing gourmet Chinese cuisine at home for her husband and daughters. Her wine and teal jacket tops a claret front-pleated skirt by Blassport.

For these flattering and popular wine tones, Moon Drops created five different lip formulas in a single color called simply "The Wine."

Kim Jones, a junior at Indiana State University, plans to work with children as a clinical psychologist. Wearing "Deep, Dark and Dynamite" colors for fall by Charlie Cosmetics, Kim's good looks took well to the sophistication of a black silk shirt and wool gabbardine pants by Blassport.

Susan Ford Vance's photos show that these American women are taking the best of fashion and making it work for their own good looks and busy lives. You can, too. That's the beauty of it.

Help Others Through Volunteer Assistance

DALLAS - Do you enjoy helping people? Working with them to make a difficult task easier? VITA, the Volunteer Income Tax Assistance program sponsored by the Internal Revenue Service, is looking for just such volunteers to help others with tax return preparation.

The people VITA helps - low income, handicapped, older taxpayers, or non-English speaking individuals - usually cannot prepare their own returns. VITA volunteers reach out to these people and assist them with the 1040A, the more complex 1040, and the schedules which can help them take advantage of certain credits and deductions.

To be a VITA volunteer you do not need any special background in math, accounting, or law. A general education is all that is

necessary. Volunteers receive a special two or five day training course in basic tax law and return preparation, depending upon prior experience.

During 1979 the IRS trained over 1,300 volunteers in North Texas who assisted taxpayers at 279 sites.

If you would like to become a volunteer, or if your organization would be interested in sponsoring a VITA program, call 742-2440 in Dallas; 335-1370 in Fort Worth; 372-3666 in Amarillo; 747-4361 in Lubbock; 723-6702 in Wichita Falls; or call toll free at 1-800-492-4830 and ask for the VITA Coordinator.

Helping others is what VITA is all about. And by helping others, you'll be giving yourself a boost, too.

Fall Winter Spring or Summer

your filter can get dirty, clogged, waste energy...

but a clean filter saves energy, money.

The purpose of a filter on your air conditioning or heating air blower is to keep the air inside your home clean. The filter catches dust and dirt before it can enter your home. In time, the filter will accumulate dust and dirt... if it gets clogged, it can't do the cleaning job it's supposed to and uses more electricity. To avoid damage to your unit, to keep your home cleaner, and to save energy and money, be sure filters are clean. Permanent types can be cleaned according to the manufacturer's instruction. Non-permanent types are replaced, since they are inexpensive. It is wise to check filters every 30 days.
