## Ambulance Auction Sat. - 10 A.M. KC Fire Hall

### Community Services Set Wednesday

The Ministerial Alliance of Knox City has informed the News office that the annual Community Thanksgiving Service is being planned for Wednesday, November 21, at 7:00 p.m. and will be held in the First Baptist Church chapel.

Delivering the message will be layman Jimmy Rogers of the First Baptist Church.

The call to worship will be given by the Rev. John Gillispie, pastor of the First Baptist Church and three congregational hymns will be sung.

The Rev. Derrell Marion, pastor of the First Christian Church, will offer prayer and O'Brien Baptist minister, the Rev. Bill Trice, will read the scripture.

Pastor of the First United Methodist Church, the Rev. James Patterson, will conduct the offering.

Special music will be presented by Don Roberts of the O'Brien Baptist Church, who will also serve as music director.

The Rev. Stuart Miller, pastor of the Foursquare Church, will give the benediction.

### City Sales Tax Rebates On Increase

City sales tax rebates to Texas cities through November are 11 percent higher than payments during the same period in 1978, according to a release this week from State Comptroller Bob Bullock's office.

He reported that 923 cities in Texas would share \$25.8 million in rebates for the month of November.

Payments to date now total \$390.4 million, compared to allocations of \$349.8 million through November of last year.

Net payments to Texas cities during November of last year totaled about \$19.8 million.

Knox City's net payment was \$2,644.51, as compared to \$2,558.75 for the same period last year. The 1979 payments to date are \$36,355.53, an increase of 12 percent over last year's \$32,452.21.

Net payments for this period in area towns included Munday, \$2,031.52; Rochester, \$1,183.67; Haskell, \$5,741.45; Aspermont, \$2,660.23; Seymour, \$713.46; and Stamford, \$6,110.18.

For towns that do not show a payment for this period, their 1979 payments to date include Benjamin, \$1,292.54; Crowell, \$14,764.42; O'Brien, \$582.85; Rule, \$8,660.71; Goree, \$2,467.84; and Weinert, \$975.71.

### Final Game Of Season Is Canceled

The final football game of the season set for Friday night against Crowell on their home turf has been canceled, according to school officials.

School Superintendent W.R. Baker told the News office Tuesday that the Crowell team has been crippled by injuries and did not have enough members to make up a team for Friday night's game.

According to Baker, the forfeit raises the Hounds' win mark for the season.

### O'Brien Cemetery In Need Of Funds

Mrs. Beatrice Ellis, president of the O'Brien Cemetery Association, is reminding everyone that it is time once again for the annual fund drive.

Mrs. Ellis explained that the minimum dues are \$15.00 to \$20.00 per grave per year.

She also reminds readers that the upkeep of the older graves in the cemetery needs to be a community effort as no funds are received for these graves.

Two accounts are set up for the O'Brien Cemetery, one an active account to pay expenses, and one a savings account whereby in years to come, the interest will pay for the upkeep.

### To Travel To Crowell

## Hounds End Season Friday

By DAVID COUNTS

This week, the Knox City Greyhounds travel to Crowell to put the finishing touch on the 1979 football season. The Wildcats have been improving each week.

This is the last chance the Hounds will have to make their presence felt in District 7-A as far as football is concerned.

The Hounds will be moving to District 4-A for the 1980-81 school years. Most of the other 7-A schools will be glad to see the Hounds go. The Hounds are eight wins, three losses with one to play over the last two years in 7-A.

The Hounds did not play Friday night. The open date allowed some Hound fans to go watch the Haskell Indians tie the Quannah Indians, 21-21.

The tie was predictable if you look at the KC-Haskell score and the KC-Quannah score, 6-12 and 34-28, respectively.

Haskell will represent the district in the playoffs if they win their last game. They won this privilege by having

four penetrations to three for Quannah.

Aspermont, another 7-A member that is moving to 4-A, beat Munday 21-14 Friday night.

Next year's schedule will be different to say the least. Five new teams will be faced by the Hounds, Rochester, after a two year's absence, will be back.

It should prove to be very interesting; new schools, new coaches who like to do different things, new stadiums, etc.

I am excited by the prospect of playing in a district that is our size. At the same time, it is gratifying and satisfying to know how well the Hounds have competed in District 7-A while being one of the smallest school members.

Tradition runs high at Knox City-O'Brien. The Houndettes, Hounds, and Bulldogs have represented their schools well in the past and will continue into the future regardless of whom they play or what district label is put on them.

## Houndettes To Open 1979-80 Season Today

By Coach Steve McIlhane

The Houndettes open the 1979-80 basketball season Thursday, November 15, at 6:00 by hosting Stamford in the Knox City gym. The JV girls will start at 6:00 p.m. with the varsity to follow.

The team will be trying to improve on last year's record of 7-17. There will be four starters from last year's team, including Mindy Hutchinson, Kay Howell, Gerri Watson, and Tammie Helton. Mary Albus will be returning. She was a starter before a lengthy illness sidelined her for most of the year. Other lettermen returning include Kelly Watson, Angelia Reid, and Gaylynn Burkham. Coming from the JV team

are Angie Bateman, Kristi White, and Ruthie Trice, who will be eligible this year after moving here last fall, but had to play on the JV's.

The Houndettes will also have a JV and freshman team this year with some going both ways. Maggie Curd, Patty Durham, Chayo Garcia, and Missy Whitley will be the sophomores. Freshmen playing include Charlette Albus, Kristi Boone, Karae Beason, Toni Hewitt, Mary Garcia, Maria Castro, Diane Helms, Sharon Roberson, Jerri Grimsley, Delores Stafford, Adela Rocha, and Bonnie Stewart.

The girls will be a little rusty at first since they are still playing volleyball at this time and are having to divide their time between the two sports. We should improve as we are able to get into the season.

### OCTOBER WEATHER

Precipitation during October 1979 totaled 0.44 inches, 2.67 below the long-term October average of 3.11 inches. Precipitation for the year totals 16.97 inches.

The long-term average precipitation for this period is 22.66 inches.

The low temperature for October was 36°F on October 23. The high for the month was 100°F on the 12th. The average temperature for the month was 68°F which is 5° above the long-term average of 63°F.

### Is Your Paper Expiring Today?

There are only a few November subscribers who have failed to renew their subscriptions to the News.

Postal regulations require that subscriptions be paid in advance. Due to the ever increasing cost of mailing notices, only one notice is sent several weeks in advance in order that subscribers may have plenty of time to come by the News office or mail in their checks.

However, if you are one of those who has not renewed and would like to continue to receive the News, please mail your check, come by, or call today and let us know. As always, your cooperation is appreciated.

### Christmas Promotion Underway

Knox City merchants began Monday of this week with their Appreciation Christmas promotion, sponsored by the Knox City Chamber of Commerce.

Five drawings will be held on each of the above days with one for \$50.00 and four for \$25.00, according to Mrs. Doris Crownover, Chamber of Commerce secretary-manager.

A list of participating merchants will be listed in a later edition of the News.

### Thanksgiving Supper Tonight

Tonight's the night (Thursday) for the annual Junior-Senior Thanksgiving Supper to be held in the school cafeteria.

According to Jim Dillon, class sponsor, tickets are priced at \$3.00 with carry-out plates at \$3.50 each.

Serving time will be during the hours of 6:00 to 7:30 p.m. and carry-out deliveries will begin at 5:00 p.m. as noted by their ad elsewhere in this week's News.

The traditional menu will consist of turkey, dressing, creamed potatoes, green beans, cranberry sauce, and apple or pecan pie.

## Auction Saturday To Benefit Ambulance

Plans for the Community Auction to benefit the Knox City Area Ambulance Fund are being finalized this week, and much enthusiasm is being shown by area folk for the event, scheduled Saturday, November 17, beginning at 10:00 a.m. in the newly-constructed Knox City Fire Hall, just south of Egenbaeher Implement on Central Avenue.

A.A. Cox, who had been named coordinator for the auction, suffered a heart attack week before last and is hospitalized at Knox County Hospital. It was his desire that plans continue for the auction. He had already contacted Gerald Lawrence of Abilene to be the auctioneer and Mr. Lawrence chose Saturday as the date he could come.

In the absence of Mr. Cox, Knox City Lions Club president Bill Baker said the Lions agreed to do the 'physical' work for the auction. City manager Faye Railsback has offered the city truck and employees to pick up the items that individuals cannot deliver to City Hall.

The Woman's Action League, with Mrs. Elva Gonzales as president, has formed a telephone committee to contact Knox City residents and merchants as to what each can donate for the auction. When plans for the auction first began, Mr. Cox suggested that every person who did not have something suitable to donate should purchase an item to be auctioned off. "This auction can really bring in the money for the ambulance fund if persons will get the merchandise down there by Saturday," Mr. Cox said.

Mrs. Barbara Barnard has named a committee to work with her the day of the auction to number items, collect, and perform other necessary duties.

O'Brien residents Olga Brothers Teague and

### Methodist Women To Hold Bazaar

The First United Methodist Women will hold their annual Bazaar, Saturday, November 17, in the Church Fellowship Hall.

Starting time for this event will be 10:00 a.m. and it will conclude at 5:00 p.m.

Activities scheduled during the day include a white elephant sale, crafts and needlework sale, a bake sale, and also a canned goods sale.

The First United Methodist Youth will be serving lunch during the hours of 11:30 a.m. to 1:30 p.m.

### Teacher Workday Is Next Wednesday

Classes for Knox City-O'Brien school students will be dismissed Wednesday, November 21, for a teachers' workday preceding the designated Thanksgiving holidays set for Thursday and Friday, November 22 and 23.

Students on both campuses will enjoy a three-day break with classes resuming on Monday, November 26, according to officials.

Beatrice Ellis will be contacting persons in O'Brien, as will Jinx Shaver and the Young Homemakers in Rochester, and Shirley Brown in Benjamin.

Among the useful items that have already been donated are a cord of wood, a riding lawnmower, an electric edger, a slide projector, a bale of cotton, a bicycle, a television set, an original oil painting, and a beautiful quilt.

Several women have indicated that they will bring baked goods to the auction sale, so buyers can keep in mind that if they bid high enough and fast enough, they may be able to take home a homemade cake or pie.

Anyone who has something to donate, excluding junk or clothing, is asked to call City Hall, 658-3313, or the News office, 658-3142, in the event one of the telephone committees fails to reach them at home.

## Band Earns III, Twirlers Superior

The Knox City Greyhound Marching Band received a Division III (average) rating during last Tuesday's University Interscholastic League Region II competition held in Memorial Stadium. Knox City majorettes Gerri Watson, Kay Howell, and Bonnie Stewart each received Division I (superior) ratings on their solo routines and a division II (excellent) in ensemble competition. Another majorette, Kristi Boone, was unable to compete due to a knee injury, according to Denise Waltrip, band director.

In Class A marching band competition, Munday, Holliday, Quannah, and Crowell all rated ones while Paducah rated a three.

Marching judges were Billy Harrell of San Antonio, Bill Goodson of Greenville, and Dick Whitten of Lubbock.

Twirling competition judges were Sharon Arber of Arlington and Diana Millsap of Dallas.

### Film To Be Shown At O'Brien Baptist

A film entitled "Deceived" will be shown Sunday night, November 18, at O'Brien Baptist Church at 7:00 p.m.

According to Church pastor the Rev. Bill Trice, this is a film telling how various ones were deceived into joining the Jim Jones People's Temples and later in the mass suicide at Jonestown.

Bro. Trice extended an invitation to everyone especially to the youth of our area to attend. He also commented that it is told that there are over 300 cults in our United States and our youth need to know how to avoid them.

### Houndettes Face Jim Ned Monday

District 7-A volleyball champions, the Knox City Houndettes, will advance to bi-district competition Monday, November 19, against District 8-A winner, Jim Ned. The contest will be played in Hawley beginning at 7:00 p.m.

Two other teams from other districts, Bronte and Moran, will begin play at 8:00 p.m. on the same date in this bi-district double-header.

Winner of the KC-Jim Ned contest will advance to regional competition at a later date.

OVENS

Question: I've heard that it's not necessary to preheat my oven. Is that so?  
Answer: It's true for broiling and roasting, and for some baked goods like casseroles or baked potatoes. Generally, though, the quality of baked goods—pies, cakes, etc.—will be better if you preheat: they need the higher heat early in the baking process.

TO COOK YOUR GOOSE, or your meat or your fish, you don't have to preheat your oven.

Dear Friends,  
There are so many beautiful things in life. There are plenty of roses, stars, sunsets and rainbows, but we

have only one mother.  
God has indeed granted to us a special privilege to have had our mother and grandmother so many years. She has been such a part of our lives that saying "good-bye" in this life has been very hard, even though it will be "good morning" over there.  
In the most humble grateful way we know how, all of us say "thank you" for the prayers, food, flowers, and every expression of sympathy extended to us during her passing.

# O'Brien Happenings

By CHARLENE BROTHERS

Last week was so quiet and peaceful here at the gin office, they did not haul in any modules, and few trailers. The race is on again this morning. The trucks can haul the modules so much faster than the trailers come in, so we will weigh in more bales this week than we did last week. Also the weather made a difference in what was stripped last week. As badly as we needed the rain, I would so much like to get through here at the gin by Christmas. To do this we are going to have to have pretty weather for several weeks. It looks like now we will gin more bales than any year since I have been here, and that was in 1971. At the beginning of this week, there were over 450 modules in the fields that have not been weighed across the scales, and we are weighing in around the 12,000 mark, so you add to this 4500 bales and we already have the 17,000 mark. I am predicting that we will gin around 23,000 bales this time.

The City of O'Brien has a new mayor and a new council member. I resigned from the council when I started to classes at Haskell this fall and when C.H. Underwood started teaching school, he resigned as mayor. The council appointed Dale Turner Jr. to replace me and James Manning, a council member, was made mayor in C.H.'s place. So if you need some information or have a complaint you can get in touch with these people. Remember this is the time of year to help on the cemetery fund. If you have not been contacted you can

leave a check at the gin office, at the Texaco station, or see Bea Ellis. I'm sure nearly anyone in O'Brien would be glad to take their check and see that it gets to the right person. We can only keep the cemetery clean if the people help with the money end of it. Or if you cannot give money, you can donate a day's work next summer. It is getting hard to get anyone to do this

She was a member of the Foursquare Church.

A son, LeRoy Lightfoot, preceded her in death in 1945.

Pallbearers were Tommy Kent, Alton Fitzgerald, Robert Feemster, Morris Denton, Leon Watson, and Tommy Reynolds.

## Williams Rites Held November 8

Funeral services for Mrs. Louise Broach Williams were held Thursday afternoon, November 8, at three o'clock in the First United Methodist Church. Officiating were the Rev. Jarrell H. Sharp, former church pastor and district superintendent of Seymour, Rev. James Patterson, church pastor, and Rev. John Gillispie, First Baptist Church pastor. Burial was in the Johnson Memorial Cemetery in Munday under the direction of Smith Funeral Home.

Mrs. Williams, 81, died Wednesday, November 7, at 5:30 a.m. at her residence following a brief illness. Born October 5, 1898, in Munday, her parents were the late P.V. and Camille Broach. She married Roger Williams in 1948 at Munday. She attended Hardin Simmons University in Abilene, Texas Christian University in Fort Worth and Kidd Kay Conservatory with a major in music. Mrs. Williams was a charter member of the National Piano Teachers Guild and taught private piano lessons in Munday, Weatherford, and Knox City. She had served as church pianist and organist at First Baptist Church in Munday and Weatherford.

Mrs. Williams moved to Knox City in 1964 from Weatherford and became active in many civic affairs. She served as Chamber of Commerce director during 1966 through 1968 and was a member of the First Baptist Church.

Survivors include a son, William P. Ingram of Dallas; a daughter, Mrs. Louise Kemletz of Knox City; and two grandsons, Preston Ingram of Corpus Christi and Mark Ingram of Midland.

Pallbearers were Arthur Smith, Charles Baker, M.L. Wiggins, Barton Carl, Paul Pendleton, Joe Reeder, Henry Jean Jones, and Chad Wilson.

Mrs. James Manning was in Abilene last week. L.A. and John Covey were in Oklahoma City Saturday to pick up an airplane.

The voting at O'Brien last week was very light. The first amendment change, the one about the Notary Public, carried in almost all of the polls. I'm happy about this. This will make it easier on J.O. and me getting things notarized without having to go to Haskell or Rochester. I'm the only Notary in O'Brien and since now the law will be for the State of Texas instead of a certain county, Sammy can notarize our signature and use my seal. There are not many times this will be necessary, but when we need something signed, it will be nice.

## FRAMES FOR A FOREVER, FIRST TIME FIT

There's good news for the world's more than 250 million eyeglass-wearing population.

A new technological concept provides the ultimate in frame comfort, safety, reliability and durability. Those taking advantage of this innovation would no longer suffer from "nose dive," where glasses slide down the nose; "headlock," a strain caused by rigidly-attached temples; or pinching.

The Safilo Elasta<sup>®</sup> hinge, perfected over five years by Swiss craftsmen, eliminates these problems. Developed with the precision of a fine watch, the hinge has eight coordinated components de-

## Special Premiums To Be Presented

**FORT WORTH** - The Grand Champion Stallion and Grand Champion Mare of the Quarter Horse division at the 1980 Southwestern Exposition and Fat Stock Show January 23 through February 3 will receive a special premium of \$2,000 each.

W.R. Watt Jr., stock show president-manager, said the added special is being contributed by the Burnett Estates with headquarters in Fort Worth.

"The Burnett Estates have been active in the founding and continuous operations of the American Quarter Horse Association and the Fort Worth Stock Show," Watt said. "Their continued interest in seeing increased participation by Quarter Horse breeders and exhibitors in the Fort Worth Stock Show and our Quarter Horse division prompted the decision to provide the added money to our premiums."

"It is anticipated that the added money will become an annual contribution and be added to the regular premiums offered in our Quarter Horse events," Watt added.

The Burnett name is synonymous with the growth

and progress of the Quarter Horse breed, the Texas cattle industry and the Fort Worth Stock Show.

Those associated with the Burnett Estates were instrumental in forming the American Quarter Horse Association on March 15, 1940, during the Fort Worth Stock Show.

It was at the Fort Worth exposition in 1941 that the first approved AQHA show was conducted in conjunction with a major livestock show. A two-year-old mare named Lady Hancock, owned by Tom L. Burnett Estate (Triangle Ranch), was named Grand Champion Mare.

S.B. Burnett, founder of the famous 6666 Ranch of Northwest Texas, was one of the founders of the Fort Worth Stock Show in 1896. He served as its first president from 1908 until 1922.

His granddaughter, Mrs. Anne Burnett Tandy of Fort Worth, in 1975 became the first woman to serve on the Stock Show's board of directors. She is the granddaughter of the late S.B. Burnett and the daughter of the late Tom L. Burnett.

## Monday isn't just wash day anymore!

Today's housewife is a busy, active woman whose interests and activities keep her hopping every day of the week. No longer are her days defined by the chores she must do. Nowadays, Monday isn't just wash day, it's the PTA meeting and volunteer day at the hospital. And the rest of the week is just as busy.

Thanks to the electricity provided by the member-owned cooperatives, the convenience and diversity of electrical appliances help cut those full day's chores to a few hours. With electrical energy, women can do the housework and still have plenty of time to pursue their special interests. That's why today, women are getting the most out of every day, seven days a week.

## SS Urges

### Make Plans For Retirement Now

People planning to retire at the end of the year should be making serious plans for the event right now, James Harper, Social Security Branch Manager in Vernon, said recently.

One of the things they should do is apply for their Social Security retirement benefits. A person who applies for retirement checks two or three months before his or her retirement date can be sure that checks will begin when earnings from work stop, Harper said.

Before applying, a person should get certain information and evidence together. This will help speed the application process. Here is what is needed:

1. Worker's Social Security card or record of Social Security number.

2. Birth certificate or church record of birth or baptism recorded before age five.

3. W-2 form for 1978 or copy of 1978 self-employment tax return.

If the worker's husband or wife also plans to apply for benefits, he or she should have the same information.

A person should not delay applying just because he or she does not have all the needed evidence. People at the Vernon Social Security office can suggest other documents that may be used. A person can apply either in person or by telephone. If the application is taken over the telephone, the rest of the process can be completed by mail.

For more information about Social Security retirement benefits, readers should get in touch with the

Vernon Social Security office, located at 1701 Cumberland. The telephone number is (817) 552-9346.

## FOOTBALL PARTY

Saturday night, the eighth grade mothers honored the junior high pep squad and football boys with a party in the school lunchroom. Hot dogs, all the trimmings, and cake and punch were served. Following the party, the group enjoyed games and dancing.

Guests included the football team, pep squad girls, parents, Coach Grill and Mrs. Grill and Mr. and Mrs. Kenneth Roberts.

Coach Grill also presented the team with a trophy for being undefeated this season. All had a good time.

## BASKETBALL NEWS

## BENJAMIN FFA NEWS

By JOHN KINNIBRUGH

This past week, all the leadership teams have been working hard on their presentations. The girls have been making bulletin boards for themselves. Shannon Ryder and Stasia Carver painted the broom and shovel and hoe handles. Friday, we received our boxes of sausage which the Chapter sold as a money making project.

Also on Friday, the Chapter held a meeting. At the meeting the Chapter Conducting team read the opening and closing ceremony. The Chapter voted for FFA Sweetheart. The nominees were Sheila Benson, Shannon Ryder, and Stasia Carver. Each girl was asked three questions and afterward, everyone voted. This year our FFA Sweetheart is Shannon Ryder.

We would also like to thank game warden Vic Lowry for his presentation on hunting rules and regulations in Knox City.

**Lions Club News**  
By Z.I. SMITH

On Wednesday the Lions were happy to have visitors Mrs. Veeta Reid of Knox City High School and new residents Don Bunton with Lion Hob Smith and Pete Williams with Lion Tom Kent. After nomination and some haggling over accepting anything a tail twister does, the Lions roared Pete Williams into membership.

A financial report was given by Lion David Lorenz showing a payment had been made on remodeling expense to the dining room. He also reported an increase in dues to the National Lion organization and the district. This will require later study on a local level.

Boss Lion also stated the auction to benefit the Ambulance Fund will be held on November 17, Saturday, and Lions will assist in transporting items to the auction site. Lions will also assist with the auction while in progress.

Monthly program chairman Terry Keener presented the drill team known as the Scarlet Belles from Knox City High School, and each member introduced themselves. This group is composed of three seniors, three juniors and two freshmen including our own Lion Sweetheart Angelia Reid. Mrs. Reid is the sponsor for the performers.

Annette Evatt will be happy to know that Lion Dick Evatt's name was drawn for the attendance hose. He was there, and yet he wasn't - he was in the back room with the ladies (our cooks).

**Screening Clinic Set November 19**

A screening clinic will be held in Knox City at the Mini Mall on Monday, November 19, from 10:00 a.m. until 12:00 noon. This clinic is sponsored by the Texas Department of Health.

Screening tests to be offered include blood pressure, diabetes, anemia, skin disorders, height and weight. If an abnormality is found, the person will be notified and referred to the physician of his or her choice.

**FX-Lab Booklet Available Locally**

A new, free, eight-page illustrated booklet, entitled, "The Story of Willie Bacteria, or How to Take Care of Your Septic Tank or Cesspool" is now available to owners of septic tanks and cesspools from Guinn's Sheet Metal and Plumbing, P.O. Box 36, Knox City, Texas 79529.

In a light vein, illustrated by cartoons, the booklet explains the workings of the septic tank and cesspool in simplified fashion. It describes the bacterial action of the disposal system and what is necessary for its proper functioning.

Chief attraction in the booklet is a humanized "Willie Bacteria", who is responsible for maintaining the efficiency of the disposal system. When the septic tank or cesspool user ignores the fact that "Willie" is working to keep the disposal system free from disease, and saturates him with an overdose of detergents, acids, lyes, caustics and other irritants, "Willie" is very unhappy, and more often than not, just stops working.

But, there is a bright side to the story too, for "Willie Bacteria" has found a way to educate the septic tank or cesspool user, so that "Willie" can do his job under modern, up-to-date working conditions, and prevent the fess, mess, inconvenience, and expense of a clogged disposal system.

The booklet was produced by the FX-Lab Company, Inc., 1275 Bloomfield Avenue, Industrial Park Building #2-13, Fairfield, New Jersey 07006.

**STREAMS IN DESERT PLACES**  
By OZELLE STEPHENS

Paul said, "I want you to know about this truth, so that you will not feel proud and start bragging. Yes, it is true some of the Jews have set themselves against the Gospel now, but this will last only until all of you Gentiles have come to Christ - those of you who will, and then all Israel will be saved." (Romans 11:25)

Now many of the Jews are enemies of the Gospel. They hate it. But this has been a benefit to you, for it has resulted in God's giving His gifts to you Gentiles. Yet the Jews are still beloved of God because of His promises to Abraham, Isaac, and Jacob. For God's gifts and His call can never be withdrawn; He will never go back on His promises. That means to you, and me, and all whosoever believe upon Him.

Oh, what a wonderful God we have. How great is His wisdom, knowledge, and riches. How impossible it is for us to understand His decisions and His methods. Everything comes from God alone. Everything lives by His power, and everything is for His glory. To Him be the glory forever more. Let us give praise and thanksgiving unto Him always, for His love is poured out upon us through the Holy Spirit.

FROM AUSTIN  
Kenny Lawson of Austin visited his parents, Mr. and Mrs. Ken Lawson, over the weekend.

**Winter Days: Time For The Yard And Garden**

The weeks of winter are "nature's time" for planting shade and flowering trees, for putting in perennial root-type plants, for moving rose bushes if you wish, and for doing all sorts of other things in the yard.

That's the advice given from the Green Survival professionals in the American

Association of Nurserymen. They list a number of reasons for their recommendation.

Living plants during winter periods establish root systems for a hardy spring. At times when the growing is mostly in the root system, not above ground, maintenance requirements are at a minimum.

Homeowners who enjoy doing things in the yard can use winter months to expand their time for yard activities, rather than concentrating them all in the spring.

# Support Urged For Incentive To Savers

"Americans need positive incentives to save more during inflationary times. But our country actually discourages thrift by taxing the interest earned from savings accounts," observed John W. Harrell, president, First Federal Savings and

Loan Association of Stamford. Harrell is urging public support for legislation pending in Congress that would provide tax incentives for savers.

The bill, S.246 by Senator Lloyd Bentsen (D-Tex.),

exempts from taxation the first \$500 of interest earned by an individual on his savings accounts in savings and loan associations, banks and credit unions. Couples filing a joint tax return could exclude up to \$1,000 from their taxable income.

Harrell said the legislation is needed because:

1. It would encourage personal savings to help finance loans for housing and industry.
2. It would be anti-inflationary because it would reduce demand for goods and services in the consumer marketplace.
3. Many other countries use tax incentives to encourage thrift by their citizens. And compared to other countries, we Americans do a relatively poor job of saving. The Swiss average saving 17 percent of their disposable income, the West Germans save 15 percent and the highly-productive Japanese save 25 percent. Americans invest a mere five percent.
4. The first \$100 of stock dividends are already excluded from taxation in the same manner being proposed for savings interest.

Any opposition to S.246, or other bills similar to it, will arise from concern over lost tax revenues. The Treasury Department has estimated that tax losses associated with S.246 would be approximately \$4 billion. But Harrell noted "that is less than one percent of this year's federal budget. And the initial loss of tax revenue would very likely be offset by the tax-paying jobs created when capital is invested in America's productive capacity."

## Cotton Prices Slightly Higher

Cotton prices were slightly higher on the local cotton market according to Garland Dye, officer in charge of the Munday Classing Office. Demand improved for most qualities of current ginnings. Grade 31, Staple 32 brought from 57.35 to 58.10 cents per pound. Grade 31, Staple 31 brought from 56.00 to 56.75 cents per pound. Grade 41, Staple 33 sold for 58.20 to 58.95 cents. Farmers received around 110 dollars per ton for cottonseed.

The cotton currently being ginned in the Munday Classing Office territory remained high in quality. Grade 31 continued as the predominant grade accounting for 42 percent of the samples classed. Next came Grade 41 with 30 percent. Light Spotted cotton, mostly Middling Light Spotted made up most of the remainder. Forty-four percent of the cotton graded had staple length of 32. Twenty-nine percent was Staple 33 and 18 percent was Staple 31. Eighty-seven percent of the samples fell in the base range of 35 to 49 microns. Twelve percent miked below 35.

About 10,500 samples were classed this week, bringing the season's total to 39,140. The Munday Classing Office had not opened as of this date a year ago.

For Electric Energy

# WTU Files For Wholesale Boost

West Texas Utilities Company has filed for an increase in wholesale rates for electric energy it supplies to 14 rural electric cooperatives and one municipality.

The increase would average 10.6 percent, and for most of the co-ops would be the first increase in base rates in 15 years. Most of them have been buying power from WTU under contract initiated in 1965.

WTU, in its filing with the Federal Energy Regulatory Commission in Washington, estimated that the increase would amount to \$2,261,349 in additional revenue for the Company during the 1980 calendar year.

The increase would be effective January 1, 1980. All of the existing co-op contracts

expire on December 31, 1979. The contract with Sonora, which is the municipality involved, expires December 31, 1983, but contains provisions for rate changes.

W.P. (Bill) Sayles, WTU's vice president for customer services, said rising costs of providing service made the increase necessary. "Fifteen years without an increase is a long time," he said, "especially in a period of inflation."

He said the proposed rate structure is designed not only to bring charges to wholesale customers more in line with WTU's increased cost of service, but to encourage the co-ops to level their loads.

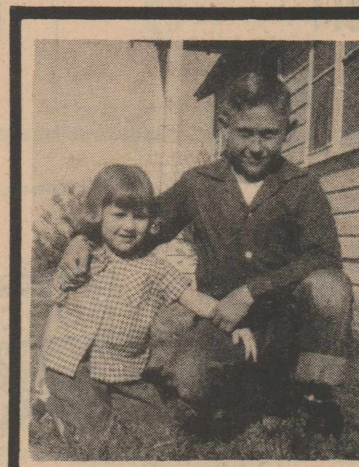

This incentive is provided in a demand charge, based on a ratchet clause which allows WTU to bill these wholesalers for up to 80 percent of their peak demands over a 12-month period and helps level costs over the year. It also gives them the opportunity to actually decrease the unit cost of electric energy and minimize costs to their customers by shifting load to off-peak periods.

"We chose the demand charge because we feel it will be beneficial to the co-ops and their customers, and to the overall efforts to conserve energy," Sayles said.

"Without such a provision there is no incentive or benefit for the wholesale customers to implement load management programs."

Sayles said the proposed new contract had been discussed with all of the co-op managers and their engineering consultants before the filing was made with the Federal Energy Regulatory Commission.

## Your Social Security

### FIVE TIMES TO CONTACT SOCIAL SECURITY

There are five times a person should get in touch with a Social Security office, James Harper, Social Security branch manager in Vernon said recently.

Knowing the five times for action is too important to take for granted, Harper said. It can mean greater security for a worker and his or her family.

The five times are:  
1. Before obtaining that first job to apply for a Social Security number. This number is needed to get proper Social Security credit for earnings.

2. After a death in the family to learn if survivors' benefits or a lump-sum death payment are payable.

3. When someone becomes disabled to find out if disability benefits are payable.

4. At retirement age. Full cash benefits are payable at 65 and reduced benefits can be paid as early as 62. People should sign up for Medicare two or three months before 65 even if they don't plan to retire.

5. To get the answer to any question about Social Security. The personnel at the Vernon Social Security office can answer such questions as:  
--How much credit for work is needed to be insured?  
--Who can qualify for benefits?  
--How to replace a lost Social Security or Medicare card.  
--How to get a free statement of one's earnings record.  
--What documents are needed when applying for benefits or a Social Security number.

### A Dish You Can Count On

Tasty, inexpensive, and easy-to-prepare, yet elegant enough for company, is this Monte Cristo Stir-Fry made with cooked ham and turkey or chicken (leftovers welcome), inexpensive and always appetizing cooked rice and a can of condensed cream of chicken soup.

Stir-frying requires only a few minutes of high heat and quick mixing in a small amount of butter, margarine or oil. The condensed soup helps make the meal easier to prepare, and the rice makes it easier to pay for, yet lends the dish a more aristocratic appearance.

Rice, white, brown or parboiled, is a versatile staple that absorbs the flavor of the foods with which it's served, making a tasty meal such as this one even more so.

#### MONTE CRISTO STIR-FRY

- 1/2 cup chopped green pepper
- 1 can (2-1/2 oz.) sliced mushrooms (drain; reserve liquid)
- 1 tablespoon butter or margarine
- 1 can (10-3/4 oz.) condensed cream of chicken soup
- 1/3 cup milk
- 1-1/2 cups boned, cooked turkey or chicken (large pieces)
- 1 cup cubed cooked ham
- 2 tablespoons diced pimiento
- 2 tablespoons dry sherry, optional
- 3 cups hot cooked rice

Sauté peppers and mushrooms in butter until tender crisp. Stir in soup, milk, liquid from mushrooms, turkey, ham, and pimiento; heat thoroughly. Add sherry. Serve over beds of fluffy rice. Makes 6 servings.

# THE KENNEL

**SENIOR CLASS NEWS**

**By RUTHIE TRICE**  
This is the week for the annual Thanksgiving Supper. Hope you enjoy it!  
Most seniors are now busy with their themes and various activities going on. Thursday, November 15, will be the girls' first basketball game.  
**SOPHOMORE CLASS NEWS**  
**By MINDY HUTCHINSON**  
Well, this is the last week of football season and Friday night is it. The Houndettes will open their season of basketball Thursday afternoon beginning at 6:00 p.m. The Houndettes will play Stamford.  
This is the beginning of test week and hopefully most of us will be exempt Thursday and

Friday.  
The Bullies have concluded their football season by defeating the Jayton Jaybirds 8-0.  
The sophomore girls taking part in basketball this year are Missy Whitley, Maggie Curd, Kristi White, Chayo Garcia, Patty Durham, and Mindy Hutchinson.  
The sophomore Bullies participating this year were Kevin Leach, Rance Hacker, Jeff Reece, Steve Lynn, Danie Godsey, Richard Daniel, Glenn Hedgecoke, Paul Taylor, Sergio Marion, Kelly Cowart, Robert Rojas, Henry Lerma, Ted Felts, Robert Sutton, Todd Lewis, David Flores, and Rickey Averitt.

The girls' volleyball team will play Harrold Tuesday, November 13. This is to help prepare for bi-district the following week.  
The Hounds will be traveling to Crowell Friday night and we hope to stomp a Wildcat one more time. Good Luck, Hounds, let's make this final game a good one!  
**BAND NEWS**  
**By GERRI WATSON**  
The band had an exciting trip on the way to Wichita Falls for UIL last Tuesday. The band took two buses and on the other side of Goree one of them broke down. When the other bus realized they were alone, they turned around and found the other bus by the road with several

students running around and all the band instruments piled by the side of the road. By the time the buses reloaded, we were already running late for UIL.  
After many worries, the band arrived on time to march at 10:04. After they marched their show with no major mistakes, they sat in the stands and waited for their final results. They soon learned they had earned a III rating. The band did very well. As Miss Waltrip said, "We have nothing to be ashamed of!"  
While all of this was happening, the twirlers were twirling for UIL. Kay Howell, Bonnie Stewart and Gerri Watson each twirled their solos and received a I rating along with a shiny new medal each. Then the three of them twirled a trio and received a II rating. Kristi Boone was unable to twirl that day due to an injured knee.  
The band loaded up and went to the mall to eat. The band then came on home without any stops.  
The band will be working on a new and different show this week for the last game.

The band will be traveling to Crowell.
