Thanksgiving 1979

Enrollment Climbs Above 78-79 Totals

School Superintendent W.R. Baker reported to the News office Monday of this week that at the close of the first quarter which was Friday of last week, that Knox City-O'Brien Schools have passed their peak enrollment of the 1978-79 school term. As of Friday, 445 students are enrolled in the local school system.

Peak for the 1978-79 year occurred during the final six weeks of school totalling 413 students.

At the opening of this school term, 399 students were accounted for during the first days with 413 being tallied at the close of the first six weeks.

As of Friday, 139 students were enrolled in high school.

According to Baker during his years at KCHS, the largest enrollment of students was in 1974 with 454 students and 154 of those being in high school.

Baker credited the enrollment rise to the new projects being completed here as well as other new construction in the town.

The Knox County News this week is a special Thanksgiving edition, with greetings from Knox City merchants to their friends and customers.

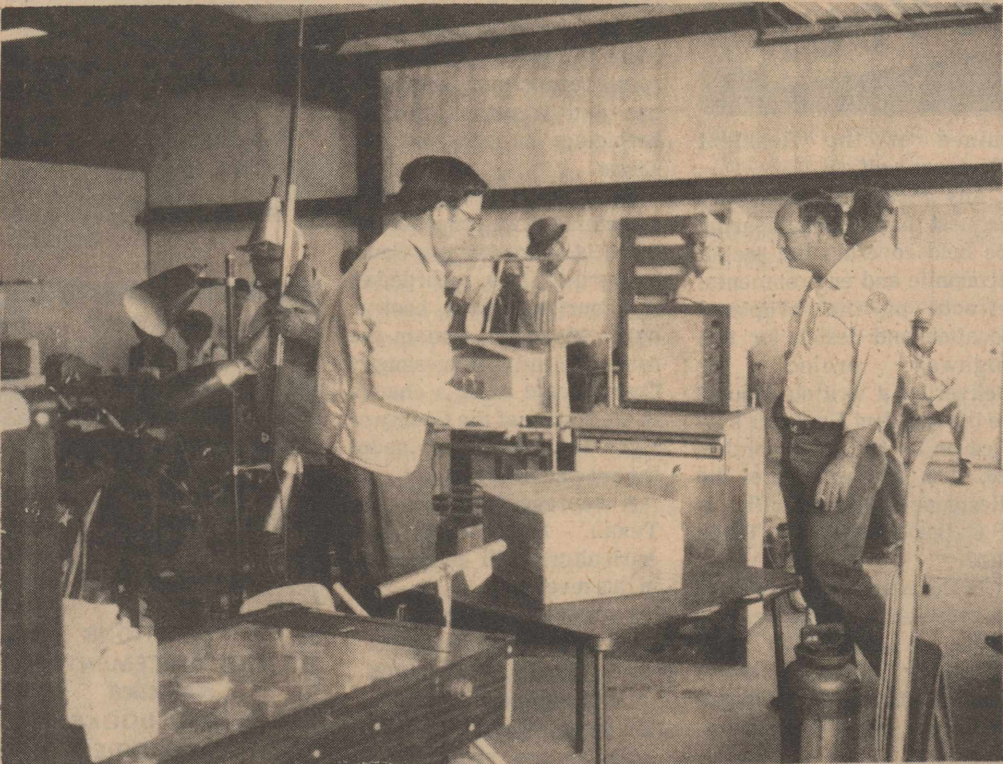

Merchants make the special edition possible each year and are extending their sincerest appreciation for your local patronage. Looking forward to serving you in the future, we all send you best wishes for the happiest Thanksgiving ever.

Total sales with some cash donations totalled \$3,271.98 to be increased by the sale of two bales of cotton plus additional cash contributions. Also adding to the overall total is \$300.00 which the men and women of the Santa Rosa Catholic Church made at the Sunday dinner held November 11. Plans are to divide the funds between the equipment fund and the fund to pay for the ambulance unit.

On U.S. Highway 82

Road Work Approved

CHILDRESS - Work in Knox County on U.S. Highway 82 is included on a program approved by the State Highway and Transportation Commission.

The section of U.S. 82 scheduled for improvements extends from the King County line to Benjamin, a total of 11.6 miles.

District Engineer Lewis H. White of Childress said the 1981 Special Rehabilitation Program approved

upgrading the roadway and shoulders only.

"We are planning to overlay the pavement and shoulders with approximately two inches of hot mix asphaltic concrete paving," said White. "This will improve the riding qualities considerably."

The work is expected to be completed in 1980.

Estimated cost of the improvements is \$1,370,000.

Resident Engineer Terry L. Keener of Munday will be in direct charge of the project with White exercising overall supervision.

Statewide the program will provide rehabilitation for 1,040.3 miles of U.S. and State-numbered highways and 260.5 miles of Farm to Market Roads most affected by age, weather and traffic. A total of 210 separate projects are involved in the program.

The Marines 'Have Landed'

Four U.S. Marine Corps helicopters were en route to Twentynine Palms, California, Thursday last week for military operation CAX '79 when one of the CH 53s, the Sea Stallion, had signals indicating that the main transmission was going bad. A precautionary landing was made at the Knox City Municipal Airport by the Sea Stallion, along with a 'buddy' ship, and when it was determined that the transmission was bad, crew members reported the situation to their base, the Marine Air Station, New River, Jacksonville, North Carolina.

A new transmission, along with a maintenance crew, was flown via a C-130, to Sheppard Air Force Base in Wichita Falls, and then made the remainder of the trip by truck.

The unit, HMH 461, was under supervision of the officer-in-charge Capt. Dave Lundren with seven enlisted men representing various maintenance departments, each with an occupational specialty, and included Sgt. Roger Drowdy, quality assurance; Sgt. Tom Ryder, mechanic; Corp. Todd Peck, mechanic; Corp. Roger Macumbers, mechanic; Corp. Robert Budlong, mechanic; Corp. Robert Guest, avionics; Lance Corp. Jim Perry, hydraulics; and Staff Sgt. Joe Murray, metal shop.

the buddy ship took off for its destination in California.

The Marines expressed a special thanks to persons in Knox City and the area for the 'fantastic' treatment they received while here. One of the crew members, Corp. Guest, told the News that it was nice to be in a rural area where residents continue to have a sense of respect and appreciation for those in military service. He said they really appreciated the courtesy extended to them.

If all systems were 'go', the Sea Stallion was expected to be on its way Tuesday or Wednesday of this week.

MEMBERS OF HMH 461, stationed at Marine Air Station, New River, Jacksonville, N.C., are pictured as they hoist a new transmission into place atop the CH-53 at Knox City Municipal Airport Monday morning. The maintenance crew was flown in to assist in the repair after a faulty transmission necessitated the precautionary landing. (Newsfoto)

Prices Steady, Slightly Higher

Cotton prices were steady to slightly higher and trading was moderate on local markets; according to Garland Dye, officer in charge of the Munday Classing Office. Grade 31, staple 32 miking 35 to 49 brought from 57.60 cents to 58.90 cents per pound. Grade 41, staple 32 brought from 56.30 cents to 57.60 cents per pound. Grade 31, staple 33 brought from 60.05 cents to 61.35 cents per pound.

Scattered showers early in the week slowed the cotton harvest somewhat, but good harvesting weather returned to the area by the weekend and the harvest resumed.

The Munday classing office graded 10,330 samples this week and this brought the total for the season to 35,000, just under 40 percent of the area's estimated production.

The predominant quality this week was grade 31 with 42 percent of the total. Next was grade 41 with 32 percent and grade 32 with 15 percent. Staple length was about evenly divided between staple 32 and staple 33. Staple 32 was 38 percent and staple 33 was 34 percent. Eighty-four percent of the samples miked in the 35 to 49 range.

Hammons Is Home From Saudi Arabia

Doil Hammons, assistant chief of construction, U.S. Corps of Engineers District, at Riyadh, Saudi Arabia, arrived in Dallas Monday night, where he was met by his wife, Elva.

Elva has been in the States for several weeks to be with Doil's mother, Mrs. Lula Hammons, who is recuperating from a broken hip.

The two returned to Knox City where he will visit with his mother for several days before going to Fort Worth where he will be teaching a short course.

Other Thanksgiving guests in the Hammons home will include Doil's sister, Mrs. DeAlva Marshall of White River, Arizona, her daughter, Mary, a student at Texas Tech, and her in-laws, Mr. and Mrs. Marvin Marshall of Hico.

Postmaster Retires

Jeff T. Graham, Knox City Postmaster for the past 38½ years, retired Friday, November 16, from the United States Postal Service.

Graham, who began as a clerk in 1940 when the late Benton Anderson was postmaster, served two and a half years in the U.S. Navy during World War II working for the mail service at the San Diego Repair Base. He was held over for six months following the end of the war to help train civilians for the change-over at the Repair Base Post Office.

Houndettes Defeated By Jim Ned

By STEVE McILHANEY

The Houndettes ended their volleyball season by being beaten in bi-district by Jim Ned. Jim Ned won the first game 15-5. The Houndettes came back to win the second game 15-7 before losing the third game by a score of 15-4.

Both teams played well at times. The Houndettes played their best game of the season in the second game but could not maintain their momentum in the third game. The team members have worked hard all season and have always put forth their best effort.

This was the last game for our seniors who are Gaylynn Burkham, Maxine Casillas, Joyce Hernandez, Tammie Helton, Angelia Reid, Ruthie Trice, and Gerri Watson. The Houndettes will have a strong group to build around next season with returning starters Mary Albus, Mindy Hutchinson, and Kay Howell. Returning lettermen include Chayo Garcia, Chila Rocha and Patti Durham.

The girls have done a good job this year and have represented themselves very well.

Scorers were Maxine Casillas 7, Mary Albus 8, Tammie Helton 6, Gaylynn Burkham 1, and Kay Howell 2.

past president of the Brazos Valley Postal Employees' Association, Graham is also a member of the National Association of Postmasters of the U.S., holding various offices which included Texas State President in 1954-55.

He is a longtime member of the First United Methodist Church of Knox City serving as a member of the board on various occasions and on the building committee during the construction of both the educational building and the sanctuary.

A member of the Orient Lodge AF & AM, Jeff is also a past president of the Knox City Lions Club and served as zone chairman and district deputy governor of District II-E Lions International.

He helped organize and has served as chairman of the local unit of the Salvation Army for the past 20 years.

Jeff served as a member of the Selective Service Board and as registrar for 25 years.

Graham also helped organize and build the Knox City Golf Course and has served as director and past president of the Knox City Country Club.

Jeff is married to the former Faye McAuley and they are the parents of four children and four grandchildren. Their children include J. Tom Graham of Del Rio, Samantha Anderson of Waco, Doak Graham of Pharr, and Timilu Latham of Redondo Beach, California. Grandchildren are Enid and Jay Graham and Misty and Cort Anderson.

The former postmaster said, "It has been my great privilege to serve this community 38 plus years in your postal service. I feel sure Knox City has the finest postal patrons in the world, and I know we have the best postal service this Nation has ever had."

"So from now on, if you come to the Post Office and the mail is not 'up', you can't yell at ole Jeff!"

When asked about his retirement plans, he said he owned the best bird dog in Knox County and was probably the most expert bird hunter. He said he could also hold his own with the bass fishermen - except in the story-telling department!

Nutrition Program To Expand

County Designated As Pilot Project Site

Knox County was designated as the location of one of two pilot projects in Texas to develop a comprehensive delivery system of aging services in a rural county by the Governor's Committee on Aging in its quarterly meeting in Austin on Friday, November 17. The purpose is to secure a model in serving the needs of the elderly in other rural areas of the state.

The project will be administered and monitored through West Central Texas Council of Governments Area Agency on Aging through a contract with Knox County. The funding level of \$150,000.00 will be spread over a three year period and will be matched with 10%

cash provided from the county and local contributions. Support has also been offered by cities, communities, and independent school districts in Knox County.

An expansion of the existing nutrition program in Knox City to the other communities as well as a transportation program, information and referral and some basic health services are included in the project plan.

Mrs. Lillian Logan, Knox County Aging Services Coordinator, will direct the new program. Although a startup date has not been set by the Governor's Committee on Aging, County Judge Homer T. Melton anticipates the program will begin operation early in 1980.

O'Brien Happenings

By CHARLENE BROTHERS

This is one of those weeks when I wish I were not responsible for the O'Brien news to get to the paper. If I had not known better, I would have thought it was January 1, the way farmers were selling their cotton. We were really busy on Monday. It may be several days before anyone comes in to sell now, you never can tell. They finally got the module yard down to where you could see land and cotton all the time. They started hauling modules in again this morning, Monday. It looks as if they are not going to fill it up so quickly this time. Last week they started hauling on Monday morning and by Tuesday

night they had to close it again because we ran out of land to set them on. The haulers are having a little trouble finding the right fields for the right name, I can see where it would be a problem for them when they go out into the country. They have never been there before and you just tell them to go to a certain place and all they have to do by is the directions we give them in the office, so I guess so far they have done pretty well. There is no way we can be done ginning by Christmas as we had hoped at the beginning. Maybe by February 1, 1980. We are still hoping.
I had to apologize last week

to the out of town readers for not having much to write, and the same applies to this week. I have been busier this week than last. Maybe one of these days they will get a good writer for this column and they will get all the news that happens around town.
A.A. Cox is still in the hospital at Knox City. I have not heard a report on him the last day or so, but think he is doing pretty good.
Mrs. Bert Davis of Snyder visited with her daughter and family, Mr. and Mrs. Coy Hewitt, Vicki and Toni during the week.
I'm sure there were more visitors, but as last week, I just did not have time to hunt them all out. Maybe before long we can get back to normal and I will have the time and energy to get all the news.

IRS Says

Start Gathering Tax Records Now

DALLAS - Be prepared - that's good advice for taxpayers who plan to itemize on their 1979 tax returns. "By starting to gather records now, taxpayers can spend a little extra time organizing them and pay attention to deductible items they might overlook later," said A.W. McCannless, IRS Director for the Dallas District. "Sorting records into the categories - medical, interest, taxes, charitable contributions, employee expenses - will also enable taxpayers to locate supporting evidence which IRS auditors may request during an examination."

Medical expenses, union dues and charitable contributions are a few other commonly-claimed deductions for which IRS auditors often request supporting evidence. McCannless noted that it's a good idea to keep both canceled checks and bills when possible.

"Good recordkeeping is a fine start to filing an accurate tax return," McCannless said, "gathering records now will

Insulate your attic, first.

The most effective defense against rising energy costs is proper insulation. Insulation keeps the heat in during the winter and out during the summer, so that both your heating and cooling costs will be less.

Insulation is measured in R-values and the higher the value, the more effective the insulation. R-values of R-30 in the ceilings and R-20 in the walls are now being recommended for new construction in this area.

BAND NEWS

By GERRI WATSON

The last football game was canceled so the band could not march their last show. The band did play in the "end-of-the-season" pep rally. They played "Basin Street" and "Goofus".

The band has started on Christmas music. The song they are practicing on now is "The Christmas Party."

PEP CLUB NEWS

By ELDA GARCIA

Did you ask what happened last week? Let me tell you. Crowell got out before the Hounds trampled on them.

Pep Club had a small meeting Tuesday to vote for Miss Spirit. The nominees were Charlette Albus, Angie Bateman, and Elda Garcia. Wednesday since we did not have a game, high school had a small pep rally to honor Miss Spirit. The winner of Miss Spirit was Elda Garcia. (Thanks, Pep!)

If I am correct, this is my last piece of news!

"I loved the time I wrote for you, to share a yell or a laugh or two! May your pleasures be many, your troubles be few!"

"Good Luck, Hounds, we'll see you in the year (80-81)"

"We're busting loose, gonna cook your goose, cuz Greyhounds are on the Rock!" We are the H-O-U-N-D-S!

We had a few games at the Pep Rally. Five senior boys, five junior boys raced on little tricycles. Seniors won. Cheaters never win (Juniors). Then, there were five students from each class that were asked to go out on the gym floor. This group raced also but what they did was pass the Lifesaver to one another with toothpicks. Junior class won. And after all this we sang our school song!

Good luck next year, Seniors of '81, in football season!

Houndettes Win Over Stamford

By COACH McILHANEY

The Houndettes started the 1979-80 basketball season on the right note by beating Stamford by a score of 35 to 27. The team was a little sluggish at first but seemed to get the feel of the game in the second half and rolled to put 21 points on the scoreboard.

The Houndettes did a good job defensively throughout the game holding Stamford to 11 points the first half and 16 the second. We came up with many steals and rebounding at times was very good. Shooting from the field and from the free-throw line was our biggest weakness. We missed several inside shots and few of our long range shots fell in. We shot only 41% from the line missing 17 out of 29.

If we can improve on these weaknesses, this team should be very competitive as the season progresses. We have the hustle and desire plus the willingness to scratch for every loose ball whether on the rim or on the floor.

Scorers: Gerri Watson 2, Ruthie Trice 2, Mindy Hutchinson 4, Mary Albus 15, Angella Reid 1, Kay Howell 3, Tammie Helton 7.

Canape Creations For Holiday Giving

To make this holiday season merry, here's a delicious gift you can make ahead for every friend and hostess on your list: homemade loaves of Tomato-Herb Bread. Rich with the warmth and color of Contadina tomato paste, each zesty loaf can be baked right in the can (use the skinny 6 oz. size tomato paste or juice cans) and sliced into a dozen 1/4-inch rounds just right for holiday canapes.

The recipe makes eight loaves. Wrap individually in silver foil, and freeze until needed. Then tie up each silvery loaf with a yard of red plaid ribbon (long enough to be recycled into a hair ribbon collection) and you have a beautifully useful gift.

For good measure, take along a jar of Creamy Topping for Canapes. A smooth blend of cream cheese and instant nonfat dry milk powder (to help hold down the holiday Calories), it's seasoned lightly with onion and dill. The beauty of Creamy Topping is that it forms a superb base for any

number of topping variations, such as sliced fresh mushrooms, sardines, or water chestnuts. A list of suggested canapes is given with the Creamy Topping recipe.

As a final touch of thoughtfulness, copy these recipes and include them with each gift package. These gourmet gifts can go on indefinitely!

TOMATO-HERB BREAD

(Makes 8 canape loaves)

- 1/2 cup water
- 1 package (1/4-ounce) active dry yeast
- 1 teaspoon salt
- 1 tablespoon melted butter
- 1/4 cup grated Parmesan cheese
- 2 teaspoons oregano leaves
- 1 cup (8-ounce can) Contadina Tomato Sauce
- 2 3/4 cups flour

Heat water to 105° to 115° F. Pour into large bowl. Sprinkle yeast over water. Stir to dissolve yeast. Add sugar, salt, butter, Parmesan cheese, oregano, tomato sauce and 1 1/2 cups flour. Beat by hand until smooth, about 2 minutes. Stir in remaining flour until thoroughly blended. (Dough will be sticky.) Cover bowl with towel. Let dough rise in warm place, about 85° F., free from drafts, about 1 to 1 1/2 hours or until dough has doubled in bulk. Stir down dough; beat by hand about 1 minute. Fill 8 well-

buttered 6-ounce cans (juice cans, tomato paste cans) half full with dough. Cover cans; let rise until dough reaches top of cans, 20 to 30 minutes. Bake in moderate oven (375° F.) 15 to 20 minutes. Remove bread from cans immediately by shaking cans. (If bread is difficult to remove from cans, remove bottom of cans and push bread through.) Cool on wire rack. Wrap bread and chill several hours before slicing into 1/4-inch rounds. Spread each round with softened cream cheese or butter. Sprinkle with paprika.

CREAMY TOPPING FOR CANAPES

(Makes about 1/2 cup)

- 1 package (3 ounces) cream cheese
 - 1/3 cup Carnation instant nonfat dry milk
 - 1 tablespoon water
 - 1/8 teaspoon dill weed
 - 1/2 teaspoon instant minced onion
 - 1/4 teaspoon seasoned salt
- Combine all ingredients in small mixer bowl. Blend thoroughly. Chill. Spread on slices of Tomato-Herb Bread. Top each slice with one or more of the following:
- Sliced fresh mushrooms, sliced radishes, sliced ripe olives, sliced green olives, sliced green onions, chopped hard-cooked egg, pimiento, chopped green chilies, sliced green peppers, sliced pepperoni or frankfurters, sardines, sliced water chestnuts, capers, chopped parsley, paprika.

On Wednesday, Don Bunton returned with Lion Hob Smith and this time his nomination for membership was made. Lion Hob had his usual kidding and then Don was voted in traditional Lion-style. Sweetheart Angelia was selling tickets to the Junior-Senior Thanksgiving Supper. Lion Bill Baker solicited items for the auction on Saturday morning and Lion helpers.

It was reported that Lion J.C. McGee is in the Eden, Texas, hospital but was due to be released Friday. Lions wish a speedy recovery from some heart difficulties.

Program chairman Terry Keener arranged for a film made by West Texas Utilities Company showing the construction of a coal powered power plant entitled "From The Ground Up". This was most interesting since a similar plant is to be built near Vernon on Lake Diversion, starting time to be 1982. Your reporter was most interested in seeing a machine that unloaded 110 coal cars in four hours.

Lion Don Hawkins will be chagrined to learn that his name was drawn for the free hose. He had left early - too bad.

"Don't just pretend that you love others; really love them. Hate what is wrong. Stand on the side of the good. Love each other with brotherly affection and take delight in honoring each other." (Romans 12:9)

We give to God a big "Thank You" for His gifts of blessings and praise Him for His gifts of love by really loving others. He has named some ways for us to show our love to God and our fellow man and to give thanks.

Pay all your debts except the debt of love for others - never finish paying that debt. For if you love them, you will be obeying all of God's laws, fulfilling all His requirements. If you love your neighbor as much as you love yourself, you will not want to harm or cheat him. And you won't sin with his wife or want what is his or do anything else the Ten Commandments say is wrong. All ten are wrapped up in this one, to love your neighbor as yourself.

Love does no wrong to anyone. That's why it fully satisfies all of God's requirements. It is the only Law you need. (Romans 13:8-10)

County 4-H'ers Tour Mrs. Baird's Bakery

Thirty-three 4-H'ers and seven adult leaders toured Mrs. Baird's Bakery in Abilene on Tuesday, November 13. In order to attend the tour, 4-H'ers were required to participate in a Foods Project Group under the supervision of a leader.

On the tour, 4-H'ers saw how the flour is stored and mixed with other ingredients and then placed in steel troughs which are put in the fermentation room. Here, the dough is allowed to rise at a controlled temperature and humidity.

After it has risen, the dough is weighed, cut and shaped into loaves and placed in a proof box where it rises again. Then, the loaves are placed in traveling ovens and baked. The conveyor moves the loaves through a cooling machine and then they go to

the slicing and bagging machines. After the tour, each 4-H'er enjoyed a slice of hot bread served with melted butter.

Attending were Cliff Hacker, Danny Balis, Paula Chambers, Andy and Brian Correll, Stasia Ryder, Kim Cash, Mitzie Lindsey, Misty Pierce, Lorrie Rolston, Lana Gideon, Oscar Gideon, Sue Gideon, Becky Griffith, Amy Griffith, and SuLynn Oxford.

Others were Cindy Maston, Angie Partridge, Lynn Parker, Christy Morgan, Janet Williams, Sheri Evatt, Reggie Tucker, Patricia Collier, Bobbie Toliver, Gina Ward, Teresa Ward, Kathy Booe, Amy Parker, Richard Toliver, Christy Williams, Alexis Bordovsky, and Ann Parker.

Adult leaders attending were Frances Parker, Mary Huffman, and Ruby Booe from Munday, Sandra Chambers of Knox City, Linda Griffith, Jimmie Kay Ryder, Janet Conner, and Sharon Book, assistant county Extension agent, all of Benjamin.

Mrs. Lynn greeted guests and presented them to the honoree; her mother, Mrs. Jerry Ray; and the prospective bridegroom's sister, Mrs. Gary Ender of Stamford.

Presiding at the guest registry was Peggy Guinn.

Simone Cobb and Sheryll Reed served refreshments of cake, punch and coffee from a table covered with a lace cloth over royal blue. An arrangement of blue pompons was also used on the table and appointments were of crystal and silver.

Hostesses were Mmes. Lynn, Frances Kent, Sue Clayton, Peggy Guinn, Kay Stewart, Ervalene Beason, Margie Clonts, Belinda Harrison, Peggy Whitten, Dorothy Jean Lain, Judy Anderson, Mary Counts, Genie Holcomb, Dell Rumley, Lea Reeves, and Janice Lankford.

Jerry Guinns Are 'Surprise' Honorees

A surprise Twenty-Fifth Anniversary celebration honoring Peggy and Jerry Guinn was held Sunday, November 18, in the Community Center. Calling hours were from three until five o'clock in the afternoon.

Hosting the event were the couple's children, Jan Quintanilla, Sheryll Reed, and Dell Guinn.

Jan greeted the guests and presented them to her parents, who were married November 20, 1954.

The refreshment table was covered with a blue and silver cloth and the three-tiered cake was decorated in blue and white. Punch, coffee, mints and pecans were also served. Assisting Sheryll with serving duties was Peggy Grindstaff.

Their son, Dell, registered guests from a table holding a 25th Anniversary vase and blue silk flowers.

Friends and relatives called during the afternoon.

KC Study Club Hears Local Women

The Knox City Study Club met Thursday, November 15, at 2:30 p.m. in the Community Center and heard Doris Crowover, Chamber of Commerce manager-secretary, and Faye Railsback, city secretary, as program speakers.

Winifred White, president, was in charge and Lena McGee led the group in repeating the Club Collect. Sudia Cash led the Pledge of Allegiance to the Flag.

Roll call was answered to "What our community needs is..."

Mrs. Cash introduced the speakers with "American Education Week" which was observed November 11 through 17 as subject for the program.

Mrs. Crowover discussed some community needs and told what has been done and what might further be accomplished with the help of all community citizens.

Mrs. Railsback began her talk by saying, "We are all the community ... and thus we are all in this work together. We accomplish what we want by cooperation to the extent that we work closely together."

She reminded the group that a city is bound in some ways by state laws and also explained workings of various community facilities and departments. An interesting and educational "question and answer" period followed the discussions.

Lena McGee gave a report of a Federation District board meeting on October 20

The Christmas dinner party will be held December 13 at 7:00 p.m. when husbands and friends of the members will be guests. Leaders will be Mary Beth Smith and Virginia Casey with Mrs. Smith's presentation of "A Christmas Story".

Music will be "Caroling with Carolyn" by Carolyn Sloan.

Club members agreed to bring gifts for the Vernon State School instead of exchanging gifts among themselves.

Hostesses Myrtle White and Winifred White ask all members to bring a covered dish.

4-H Projects Are Now Being Organized

New 4-H projects are now being organized, and this is where the "real" learning takes place. The Extension Service is the parent organization of 4-H.

4-H offers exciting projects and activities for every young person between the ages of 9 and 19 who has a curious desire to learn.

4-H encourages "learning-

by-doing" and provides citizenship and leadership skills. 4-H wants to involve all youth - rural, urban, suburban, teens and pre-teens, and from all races, creeds, ethnic and economic backgrounds. 4-H youth learn, work and play together.

In 4-H, young people can learn how to make things, grow things, take care of

things, and repair things in a wide variety of projects.

And the great part of the whole program is that 4-H youth can select what they want to do. Projects include things such as nature study, wildlife, entomology, animal science, beef cattle, horse and pony, dog care, field crops, home economics, foods and nutrition, clothing,

automotive, bicycle, mechanics, electricity, leadership, and public speaking.

4-H has a lot to offer. So if one has a desire to learn and wants to get involved in an action-oriented program, he or she may contact the county Extension office, suggests Sharon Book, assistant county Extension agent.
