WEINERT VOTERS TO BALLOT ON \$15,000 SCHOOL BOND ISSUE

Plan to Secure WPA Project To Enlarge School Plant If Bonds Authorized

Property-owners who are qualified voters of the Weinert Rural High School district will ballot Saturday, January 27 on a proposed \$15,000 bond issue, which if authorized will be expended for enlarging the Weinert school plant. As tentatively planned, classrooms which are badly needed would be added to one or more of the school buildings now in use.

If the bond issue is authorized school authorities plan to make application for WPA aid on the school building project, and estimate that if approval is secured, a total of approximately \$40,000 will be available for the improvement program. This would make possible provision of adequate and modern school facilities which would meet requirements for many years to come, proponents of the proposed bond issue pointed out. At the present time, approximately 500 pupils are enrolled in the Weinert schools, and an overcrowded condition exists.

The bond election will be held in the school building, with Ed Howard as presiding officer and Edgar Lowe as judge. Assisting as clerks will be J. W. Earp and Grover Newsom.

LARGE ATTENDANCE EXPECTED AT C OF C BREAKFAST TUESDAY

Guest Speaker

Judge Omar Burleson of Anson, outstanding civic leader and proponent of better highways for West Texas, will be guest speaker at the Chamber of Commerce membership breakfast on Tuesday morning January 23.

Civic Needs Will Be Theme of First 1940 Breakfast Meeting

With a record attendance turnout in prospect for the first 1940 breakfast-meeting of the Chamber of Commerce Tuesday morning at the Tonkawa Coffee Shop, the affair will be more in the nature of a "Community Breakfast" and a forum on civic needs, officials of the organization said this week. Time for the breakfast has been set at 7:15 a. m. Tuesday and tickets will be placed on sale this week-end by a committee headed by John A. Couch, County Judge Omar Burleson of Anson will be guest speaker at the affair, and he will discuss civic needs of the average West Texas community and how they can be met through community-wide cooperation. Mr. Burleson is widely recognized as a leader in civic and community development and is a versatile speaker. A former director of the Anson C. of C., Mr. Burleson is now serving his third term as County Judge of Jones county.

Heads of all civic clubs and organizations in Haskell will be invited as guests for the breakfast-meeting, C. of C. officials said. With the theme of civic needs expected to predominate, other features of the affair will likely include several important announcements concerning the annual Chamber of Commerce banquet to be held at an early date.

Enlarged Quarters Being Provided for Haskell Postoffice

Additional floor space badly needed by the Haskell postoffice for some time is being provided this week, with the office space formerly occupied by the Chamber of Commerce being added to the postoffice proper. With S. S. Dishong, local building contractor supervising the work, a portion of the partitioning brick wall was removed this week, and the former C. of C. office will be incorporated into the postoffice for use of the rural carriers division, Postmaster J. M. Diggs said.

Enlarging of the postoffice will relieve a congested situation which has prevailed especially during the Fall months, the official explained.

In addition to enlarging floor space of the local office, other improvements are underway. These include the laying of a new oak floor in the postoffice lobby, where the walls will also be renovated. Lock boxes and drawers are also being gone over and repaired to improve facilities of the office.

Excess Drainage Water Conserved By Farm Terrace

Excess drainage water from thirty acres of pasture land which formerly found its way into California Creek, where its usefulness was lost for crop production, will be "trapped" and conserved on the J. S. Inzer farm near Hamlin, Texas, cooperator in the Water Facilities program, according to James M. Bird, Project Conservationist.

A portion of the cultivated land on the Inzer farm is too steep to spread excess water on effectively. Consequently, the terrace system designed by engineers of the Soil Conservation Service will intercept the excess water and spread it on that portion of the field which is less than one per cent slope and has a deep absorptive soil type. The terrace system is complete and has 36-foot strips of small grain planted on the terraces to protect them while settling. Contour listed furrows with the point rows thrown to the center will furnish added protection and insure a better spread between each terrace interval.

An adequate water supply has been provided from two wells and windmills with storage tanks for 25 head of livestock. These water systems are so located that Inzer will cross fence his permanent pasture in order to give it a needed rest. Contour furrows are constructed in the native pasture to conserve rainfall. Trench silos have been filled with succulent feed for his 25 head of livestock during periods when this kind of feed is not available, Bird said.

Mr. and Mrs. J. E. Reeves, R. J. Paxton, Mr. and Mrs. R. L. Burton, Ida Crawford and Lucy F'Pool attended the funeral of Mrs. E. H. Stodghill in Munday Monday afternoon.

Ranchers believed that very little damage to livestock would result, while some farmers expressed fear that the severe cold might have damaged small grain.

Gypsy Ramblers Entertain Indians

Last Thursday night, January the fourth, the Gypsy Ramblers entertained the Indians with a buffet supper in Mrs. Wimbish's home. The officers and eleven other girls were elected by the club to assist with the supper.

The officers each had a special duty to perform. Wanda Dulaney presided over the register. Jean Conner poured the coffee. Ethel Reba Couch and Betty Jane Stanton assisted the boys at the table and Margaret McClintock played the piano.

To the great delight of the boys there was no program—just a feast. Everyone returned for a second plate, so there was nothing left.

Since this is leap year the girls invited the boys to the show "Another Thin Man" afterwards.

Those who were present at the supper were: Coach Mason and Mrs. Mason, Coach Dean and Mrs. Dean, Chester Via, manager, Joe Thompson, Dan McClintock, Roy McClintock, Paul Kuenstler, Buster Gholson, Norman Hancock, Hassell Hunter, Neil Littlefield, Wayne Laird, Zeldon Thomason, J. M. Gay, Sam Smith, Bradley Buford, Curtis Jordan, T. R. Odell, "Snort" Patterson, Lester Fore, T. C. Griffin, Bob Cousins, Dan Oates, Billy Kemp, Otis Henshaw, Mr. and Mrs. Wimbish, Ethel Reba Couch, Betty Jane Stanton, Margaret McClintock, Sue Quattlebaum, Emma Pearl Graham, Maxine Perdue, Florence Hammer, Josephine Parish, Annie Bess Gilliam, Ruth Gilstrap, Dorothy Lee Rose, Anita Coburn, Jean Conner, Flossie Hester, Naomi Morgan, and Wanda Dulaney.

Patches

Perhaps we are supposed to be sophisticated Seniors but nevertheless certain memories will never leave our minds. For example let's go back to 1937—the year when we were Freshmen.

How different things were! Our school was more like a college than a high school, since we roamed from church to church between classes. What fun it was to bundle up then go "slushing" through the snow and mud on the campus.

Never will I forget the fourth period study hall. If such is possible, I surely must have lost a year's growth at that time—due merely to my fear of Mr. Mason. His slow, loud footsteps were the only audible sounds, so perhaps I was not alone in my fear. Regardless of this, he and Mrs. Wimbish were the grandest sponsors we could ever hope for.

Who's Who Among The Seniors

Frances Viola Carruth

Frances is the daughter of Mr. and Mrs. W. J. Carruth. Born in Haskell, Texas, on February 6, 1922, she began school at South Ward and started the second grade in North Ward. While the old North Ward building was being replaced she went to East Ward. Graduating from grammar school in 1936, Frances went to school in the churches in 1937 because the high school had burned. She has never attended any school except the schools in Haskell and thinks they are a swell place to go.

As a Senior Frances is outstanding in scholarship and friendliness.

Mary Helen Coleman

Helen is the daughter of Mr. and Mrs. E. A. Coleman. She is the oldest child in the family.

Helen came here as a Freshman from Plainview near Stamford. During her Sophomore year she was chosen as one of the six prettiest girls. She is now one of our prettiest Seniors. Daily Routine of the Average Girl

I. Gets out of bed every morning (sometimes) just in time to get all dolled up to go to school.

a. Gets hair to look like some favorite actress.

1. Tries many different styles.

2. Spends at least one and a half hours on this.

c. Really puts on the lipstick (using about one-half tube every day).

d. Sprays about one-half bottle of perfume all over herself.

e. Admires herself in the mirror thirty minutes at least (making many different facial expressions).

f. Then doesn't have time to eat breakfast (she is probably dieting anyway) so she must hurry to school.

II. Gets to school about 8:44 o'clock (maybe).

a. Rushes to her locker to get the books needed for the next subject or if late by a few minutes, explains to Mr. Ramsey why she was late.

b. Meets the classes like a good girl.

1. Writes notes as fast as she can.

2. Then sits back in her chair and dreams.

c. Going to locker between classes.

1. Tells her friends about what happened last night and what is going to happen tonight.

2. Makes a date with a boy friend after primping a little (using the glass doors to the trophy case as a mirror if she forgot to bring hers).

Now can you see why all the teachers are gray headed.

Methodist Missionary Society Has Business Meeting

On Monday, January 8 the women of the Methodist Missionary Society met for a business meeting with Mrs. H. M. Smith, acting president presiding. With Mrs. Patterson at the organ all joined in singing "Count Your Blessings". After the song all joined in reading responsively the 122nd Psalm.

The president called for reports of officers. Those present gave good reports. Mrs. Cahill, Con. Treasurer, gave a splendid report. We learned that our pledge had been more than paid. We look back on the work of 1939 with grateful hearts. Not only have we made a good financial showing but most of all we feel that this year has been one of deep spirituality. We are pleased with our progress but not satisfied.

Three delegates, Mmes. Smith, Mays and Darnell were elected to represent this society in a district meeting in Stamford on January 30th.

On next Monday Mrs. Kimbrough will direct the annual Pledge Day program. Not only is every member of the Society urged to be present but every woman in the church will be gladly welcomed. We can assure you a most worthwhile afternoon as Mrs. Kimbrough is arranging a most excellent program.

We meet promptly at 3 p. m. and close promptly at 4:30 p. m. Be sure to be on time.

Staff Has New Member

Henry Post, member of the Junior class, has been named to a place as columnist on the Warwhoop staff. His appointment to this position, following the recent loss of two of our staff members by matrimony, gives the staff a better proportion of masculine members than it formerly had. It is the usual custom to compose the staff of students who ask to be on the staff and this year the members happened to be mostly girls. Henry assumes his membership by special invitation.

b. Spreads powder and rouge all over her face.

c. Really puts on the lipstick (using about one-half tube every day).

d. Sprays about one-half bottle of perfume all over herself.

e. Admires herself in the mirror thirty minutes at least (making many different facial expressions).

f. Then doesn't have time to eat breakfast (she is probably dieting anyway) so she must hurry to school.

II. Gets to school about 8:44 o'clock (maybe).

a. Rushes to her locker to get the books needed for the next subject or if late by a few minutes, explains to Mr. Ramsey why she was late.

b. Meets the classes like a good girl.

1. Writes notes as fast as she can.

2. Then sits back in her chair and dreams.

c. Going to locker between classes.

1. Tells her friends about what happened last night and what is going to happen tonight.

2. Makes a date with a boy friend after primping a little (using the glass doors to the trophy case as a mirror if she forgot to bring hers).

Now can you see why all the teachers are gray headed.

Magazine Club Meets In Home of Mrs. Server Leon Friday

On Friday January 5th the Magazine Club met in the hospitable home of Mrs. Server Leon. Although the weather was very inclement, inside all was warm and pleasant.

Mrs. C. L. Lewis, first vice president, conducted a short business session, after which the meeting was turned over to the director, Mr. Server Leon, who was present and had prevailed on Mrs. Leon to take his place as director. This she did most gracefully and efficiently. After announcing the subject for the afternoon, "The Art of Cinema" and making a few interesting comments, Mrs. Wallace Cox was introduced. Mrs. Cox reviewed some of the newest pictures concluding with quite an extensive review of the sensation of the day, the

great picture "Gone With The Wind," the prelude of which was shown recently in Atlanta, Ga., the home of Margaret Mitchell, the author.

Mrs. Cox was followed by Jean Conner who favored the group by singing "Over The Rainbow" and "Will You Remember".

Mrs. Moody of Crowell was next introduced and gave the history of the Cinema. Thomas A. Edison is known as the "Father of Moving Pictures", having in 1889 invented what was called the Kinetoscope. From this small invention has sprung the 4th largest industry in the world. The first screen production was in 1896. The first western picture was shown in 1907. By the year 1909, there were 9,000 shows operating in the U. S. The first sound picture was shown in 1926.

Mr. Moody, who knew his subject held the individual attention of the entire group. The club desires to express to Mr. Leon thanks for providing such an interesting treat. Also thanks are due Mrs. Leon who so graciously invited the club to meet in her home.

We were delighted to have as a visitor Mrs. Fannin, who has only

recently moved to our city from Beaumont, Texas.

We meet on next Friday afternoon at 3 p. m. with Mrs. Diggs. The subject for the afternoon will be "Life In Terms of Capacity". Mrs. C. V. Payne will be hostess and Mrs. Hill Oates, director. The entire club membership is urged to be present, as on this day officers for the coming year will be elected.

The elements of the recreation program will vary according to the interest and needs of the young people, season, available equipment, leadership and many other factors."

The First Flake is the Signal

Why You Have Light On A Stormy Night

THE first flake of snow... the first icy pellet of sleet... the first drop of rain... or the first gusty puff of wind... Each one is a signal to "Watch that line!" Patrol duty in nasty weather is one of the jobs performed by Your Electric Servants. It requires eternal vigilance to maintain Service in spite of unruly elements. Sometimes line-men lose and the lights go out. But it happens so seldom, and so quickly in most cases is Service restored, that we feel justified in calling to your attention how nearly we do approach our ideal of uninterrupted Electric Service.

GEMS OF THOUGHT

Friendship is a word, the very sight of
which in print makes the heart warm.
—Augustine Birrell

The Hair-Cut Yardstick

To strip away the veneer and camouflage of
government bookkeeping is the first step in achiev-
ing genuine economy—that's the opinion of Mayor
H. W. Baals of Fort Wayne, Indiana.

He makes the various municipal costs so plain
that the average citizen can compare them with a
haircut, a loaf of bread or a pack of cigarettes.

In addressing the annual conference of the Na-
tional Consumers Tax Commission in New York, the
Haskell mayor said:

"In Fort Wayne we show that the individual
who has a home assessed at \$4,000 will pay 42 cents
a month for police protection, or the price of a meal;
for fire protection 48 cents, less than the price of a
haircut—in Fort Wayne; garbage collections, 8 cents,
less than a Sunday paper; street cleaning 13 cents,
less than a gallon of gas; street repair, 6 cents, the
price of a pound loaf of bread; for parks and recre-
ation 32 cents, the price of a pound of steak;
health department 5 cents, the price of a soft
drink; payment on debt 15 cents, the price of a
pack of cigarettes; other city activities, including
pensions and schools, 27 cents, less than a movie
ticket."

The total is \$1.96 a month for all the civil ser-
vice in Mayor Baals' city. How many other municip-
alities can use such yardsticks so favorably?

There should be interesting action in some
6,000 city and village halls when the NCTC women
begin comparing Mayor Baals' political brass tacks
to their own community situations.

Some Farm Winners

Among the many awards at the 40th annual in-
ternational livestock exposition in Chicago, the first
blue ribbon went to Faith Elaine Rhodes, a 13 year
old girl of Mendota, Ill. for her Shorthorn Steer,
which was placed first in the initial class judged in
the junior livestock feeding contest.

The grand championship in this contest was
won by Robert Carroll, 12, of Alledo, Ill., whose
Aberdeen-Angus steer was selected as the best
among 470 head of pure bred cattle entered.

In the hay and grain show most of the highest
honors were carried off by Canadians, as has been

the case in several previous years.

Francis Lloyd Rigby, a young farmer of Alberta
province, was proclaimed wheat king, having won
the same honor last year. His victory gave Canada
the wheat championship for the 17th time in the
last 21 years. Bill Skladan, also of Alberta, was
crowned as oats king for 1939.

Hugh Jeffrey of Ontario province took the soy-
bean championship, while the best field beans were
shown by John Hamilton of Alberta province.

Hundreds of awards were made at this greatest
of all agricultural expositions, which draws many
thousands of exhibitors and spectators to Chicago
each year.

Public Opinion Polls

In recent months criticism of public opinion
polls, or straw votes, on various questions has been
heard in certain quarters, usually from candidates
who have made a poor showing in the published
results.

Whether such polls serve any useful purpose
may be open to honest argument, but it is difficult
to see where they can do much harm, or what could
be done about them, even if it were decided that
they were in some way harmful.

Surely everyone has a right to ask the opinion
of his fellow citizens on any question, and the per-
sons asked have an equal right to answer or refuse
to answer. Compiling answers received and pub-
lishing the results are certainly permissible within
the constitutional right of freedom of speech and
of the press.

It is conceivable that in some cases certain
persons might seek to gain an unfair advantage in
some manner by publishing false figures. But the
instances in which anyone could derive any actual
benefit from such a procedure would be very rare.

Polls of public opinion are popular among many
people, and often give a very close approximation
of actual sentiment concerning the issues concerned.
Polls of nation-wide scope will be studied with
great interest during the coming election year, as in
the past. We can not see that any good purpose
would be served by trying to stop them.

Birds of a Feather

There are times, nowadays when you've got to
look twice to tell Soviet Russia and Nazi Germany
apart.

From the beginning, the Soviet government was
bitterly assailed for its lack of recognition of those
moral values commonly accepted by the modern
civilized world. Now, in the midst of a war that is
costing Germany rich, young lives, two responsible
officials of the German government announce pub-
licly and shamelessly that the Nazi party will be-
stow its personal blessing on children born outside
the institution of marriage. Both Heinrich Himmler,
Police head, and Rudolf Hess, Hitler deputy, have
encouraged more births, with or without benefit of
clergy.

This scorn for sacred institutions can go on only
so long—until the people get mighty sick of it—and
then the pendulum will suddenly swing back and
hit the dictator demigods smack on their thick
skulls.—Ft. Worth Press.

Auguste Albert Pinson, 100 year old retired
banker of Sartouville, France, celebrated his birth-
day anniversary by marrying his 75 year old house-
keeper.

Psychologists say the favorite color of women
is red, while that of men is blue. It was also found
that most insects prefer blue but whether this in-
dicates any close relationship with men is not dis-
closed.

District Attorney B. C. Chapman To Seek Re-Election

The Free Press is authorized this week to announce the candidacy of Ben Charlie Chapman for re-election as District Attorney of the 39th Judicial District, subject to the action of the voters in the Democratic Primary.

During the time he has served as District Attorney, Mr. Chapman has discharged the responsible duties of his office in a fair and impartial manner and is recognized throughout the entire district as a capable official.

As time and duties of the office permit, Mr. Chapman will endeavor to carry his candidacy personally to the voters in the 39th district, but at the present time presents the following statement of his candidacy:

To The Citizens of the 39th Judicial District:

"In announcing for re-election as your District Attorney I first desire to thank the citizens of the 39th Judicial District for the wonderful support that you have given me during the time I have served you as your District Attorney. You have co-operated with me at all times and I have tried with your help to make you a capable and efficient official. I deeply appreciate the help, advice and co-operation that you have given me and wish to take this opportunity of thanking you. I have tried to investigate all cases so that all evidence would be available for the consideration of your Grand Jurors and Petit Jurors. I entered the office with the determination to thoroughly investigate all cases and have the evidence ready in each case before that case goes to trial. This has resulted in a speedier disposition of the cases and has saved considerable money in the trial of the cases. I have worked on the principal that it is just as much the duty of the District Attorney to investigate the cases and have the evidence ready to present in proper form as it is to go into the court room and try any particular case. And I further believe that a careful investigation of all cases is the proper and fair thing for the defendant as well as for the State. "In all criminal prosecutions I have tried to prosecute the accused in an honest, fair and lawful manner and I invite your investigation of the record I have made in handling these cases. "I feel that the experience gained during the three years I have served as your District Attorney has better qualified me to perform the duties of this office. I have endeavored to make you such an officer as to merit your confidence and with your continued help I will try to make you a better official in the future than I have in the past. "I earnestly solicit and will deeply appreciate your vote and influence and will endeavor to see all the citizens of the District between now and the primary in July and if you see fit to retain me as your District Attorney I assure you that I will do my best to make you an honest, capable and efficient official and will conduct the affairs of the office in such a manner as to merit your confidence.

Respectfully, BEN CHARLIE CHAPMAN

You can't imagine the relief you have given me.

"I want to express my appreciation for the fine cooperation of the Aldermen. We have found pleasure in our deliberations. The City was acted wise in selecting the Aldermen. They have left out all of the things in looking after the City's business.

"It has been a pleasure as well as a duty to serve our town in which I have made my home for many years. Again I want to thank you and will always appreciate your friendship and consideration.

Chevrolet Dealers Report Increasing Sales of Used Cars

Sales of Used Cars by Chevrolet Dealers are keeping pace with the heavy deliveries of new 1940 models of passenger cars and trucks. Formal Statement of Roy Weaver To Precinct 2 Voters

Roy Weaver, well-known farmer of the Mattson community who recently announced that he was a candidate for Commissioner of Precinct 2 in the forthcoming Democratic Primary, this week presents the following statement of his candidacy: "To The Voters of Precinct 2: "I present my candidacy for Commissioner subject to the Democratic Primary Election of July, 1940.

"I have never asked for public office. I have lived in Haskell County over thirty years, all of which I have resided in Precinct 2. I feel sure that I need no introduction to the voters of Haskell County, or especially those voters in Precinct 2. I have had lots of experience in building roads, dealing with men, and handling machinery.

"I think the office of Commissioner is one of the most important offices in the County. I realize the responsibility of the office, also that the time has come when we have got to protect the taxpayers instead of satisfying the political job seeker. I have also seen the announcement of my good friend John Rike for re-election for Commissioner of Precinct 2. Mr. Rike has never been elected by the voters of Precinct 2. He was appointed to fill the unexpired term of I. A. Leonard, deceased, by the County Judge of Haskell County, Texas, over the protest of a large part of the taxpayers and voters of Precinct 2.

"I will make an effort to see every voter in person before the July Election. I again ask the vote and influence of each and every voter in Precinct 2. You know me and my qualifications. If you see fit to elect me to the office of Commissioner of Precinct 2, I will make every effort possible to discharge the duties of the office to the best interest of every one.

Respectfully submitted, (Signed) ROY WEAVER
