More Than Two Inches of Moisture Received Here

Ground-soaking rains that will provide ample moisture for spring cond term without planting and be of untold benefit to the county's acreage in wheat and oats fell in this section and throughout a wide area of the state during the first three days of the week.

Total precipitation received here amounted to 2.19 inches, bringing the total for the year to 3.24 inches, Fore-runner of the two-inch downpour came late Thursday of last week, when a hard shower accompanied by light hail brought moisture amounting to one-third of an inch, Showers fell again Sunday afternoon, with heaviest rainfall coming Monday and Tuesday. The moisture fell slowly and provided very little run-off water in this immediate section, and the downpour will be sufficient for all spring planting needs. Pastures and grassland will also be greatly benefitted.

The rain came just in time to revive winter wheat and oat crops which were suffering from lack of moisture, with fields of oats having deteriorated rapidly during the past few weeks of dry wea-

Farmers Vote On Wheat Marketing Ouotas May 2nd cause of the war emergency and consequent impending tire short-

Uncle Sam already has his hands full and should not have to worry about a problem a farmer can decide for themselves, John can decide for themselves, John Haskell Chairman. Haskell County AAA Committee, pointed

out today. Solution of the problem is marketing quotas which will be decided at community ballot boxes, Saturday May 2, when wheat farmers vote in a national referen-

"We must produce the feed and food it will take to help whip international gangsterIsm instead of spending time, labor and money Hess Hartsfield, raising crops we don't need," the Ross Lowe, Frank chairman said in explaining that a 2-year supply of wheat is in sight and the United Nations are in desperate need of meat, milk, vegetables, fats and oils.

"Just as there must be no more 'business as usual', there must be no more 'farming as usual'. Wheat is no exception and we must fit if into our war program," he con-

Wheat marketing quotas, which divide a limited market equally among all wheat producers, give farmers opportunity to continue as masters of their own wheat production and reserves.

Also at stake in the referendum is the 85-percent of parity loans program which is one of the principal reasons for present fair prices of wheat, the chairman said and added that with abnormal supplies, wheat quotas are essential to the maintenance of fair

"We've done a good job of producing wheat, we have adequate reserves, and we're getting a fair price. Wheat marketing quotas is just another method we have of keeping our business-house in or-der," the AAA official said.

Postpone Revival At Fundamental Baptist Church

Because of heavy rains and inclement weather prevailing the first of the week, the Revival Meeting scheduled at the Fundamental Baptist Church in this city was postponed with the Tuesday services until Sunday April 12th to continue through Sunday April 19th. Arnouncement of the postponement was made Wednesday by Rev. C. Jones, pas-

tor of the church. Rev. Roland C. King, pastor of the Trinity Baptist Church, Big Spring, brought inspiring messages to the church congregation Sunday and again Monday and Tuesday and he will be the evangelist during the revival meetings next week. Some of the subjects for his sermons include "Is This the Time of the End?", "The Bat-tle of Nations", "Will the World Receive the Anti-Christ?" "What Shall the End of These Things Be?" Highlight sermon of the revival will be on "Hitler, Jews and Jesus" Sunday April 19. A baptising service will be observed at the close of the revival.

As a special feature of the revival, an all night prayer meeting Red Cross Room will be held at the church Saturday night, April 18, to be follow-ed with a Surrise prayer meeting in the homes of members.

Marjorie Whiteker of Stephenville who has been recuperating from a car accident in the home of her parents, Mr. and Mrs B. M. Whiteker returned to Ste-phenville Monday. Mr. Whiteker accompanied her home.

Mrs. Tom French and daughter Nancy of Fort Worth and Mr and Mrs. Bailey Taylor of Bowie spent Easter with their parents, Dr. and Mrs. L. F. Taylor.

Held On Thursday April 16th

Tulsa Woman Is Killed

in the Haskell Independent School will vote Thursday April 16 on the proposition of issuing \$15,000 in school bonds, and letters explaining the proposed bond issue are being mailed to all taxpayers in the district this week.

Issuance of Bonds to Retire

Obligations Would Not

Raise Tax Rate

Purpose of the bond issue in the amount of \$15,000 is to take care of obligations incurred in the recent building program to replace the school buildings and plant des-

The following facts concerning the part of all patriotic citizens the proposed bond issue are out-

There was a strong demand on the part of the taxpayers that the School Board replace the burned building by a fireproof structure. To do this it was necessary to increase the cost by something like \$10,000.00.

It seemed urgent to make the building larger than the previous one because it was somewhat crowded. This was done by erectfarm shop building at a cost about \$7,000.00 to the school, Moving these departments out of the large room available for other

If the bonds carry there will be no increase in property valuation or in tax rate as the present levy will be suificient to care for both principal and interest.

The school is obligated for \$15,used to complete the program. The bonds, if voted, cannot bear Named as chairmen of the care- more than 4 percent and probably paign were W. Q. Casey and Sam can be sold for 3 1-2 percent or and E. B. Harris of Rule, Ira Hes- plifies itself into the proposition of voting the bonds to reduce interest rate for a saving of \$350.00 to \$400.00 per year.

Any taxpayer who has not been through the new school plant now being completed is urged to visit the high school and be shown through. A conservative estimate of its value is: Main building \$85,-000.00, Homemaking building \$15,000.00; Activity building \$15,-000 00 and Farm Shop building \$3,000 00 making a total of \$118.-

President of ACC Guest Speaker at Methodist Church

Don Morris, president of Abilene Christian College will be Black Walnut, Honeylocust, Mulguest speaker Friday evening. April 17 at the Methodist Church at a Good Fellowship meeting sponsored by Beta Chi Chapter of Delta Kappa Gamma. President Morris will be accompanied to Haskell by the Girl's Quartet of ACC who will give vocal selec-tions. Mrs. Wallace Cox will give organ numbers on the program.

The time for the meeting is 8 o'clock and the public is invited. Special invitations are extended to superintendents, principals, teachers and business men and their wives of the county.

Asks Return of All Baby Quilts

In order that they may be included in a shipment to be made within the next few days, supervisors of the Red Cross work room this week asked for the return of two baby quilts taken from the room recently for finishing by a volunteer worker. The quilts are to be shipped with a consignment of articles to be sent out this week.

A quantity of material has been received in the workroom to be made into skirts for women and D. Rogers.

Mrs. Wilbur Smith, 31, Dies of Skull Injury; Three Others Hurt

Mrs. Wilbur Smith of Tulsa, Okla., was killed instantly Wednesday night about 10 o'clock in an automobile-truck collision a few miles north of Weinert, and three other occupants of the car she was driving were slightly injured as a result of the accident. The accident occurred during a

hard downpour of rain, the car Property owners and taxpayers driven by Mrs. Smith going out of control on the slippery pavement just as she met a truck driven by Bob Purifoy of Munday, sideswiping the heavy truck. Mrs. Smith, about 31, suffered

a crushed skull and died instantly. Other occupants of the car were Corporal Henry J. Smith of Camp Barkeley, and W. and Ben Milam both of Abilene. Corporal Smith suffered a cut over his left eye, and W. Milam was cut on the face and head, while Ben Milam suffered slight bruises. Purifoy, driver of the truck, was unhurt.

Mrs. Smith was en route from Tulsa to Abilene, and had picked up the Camp Barkeley soldier and the two Abilene men near Wichi-First person to reach the scene

of the wreck was Ross Dennington, driver for the Rowntree Motor Freight lines, and he summoned an ambulance from Haskell and notified officers here.

The injured men were brought to the Haskell hospital, and body of Mrs. Smith was removed to ng a homemaking building and a Holden funeral home pending advice from relatives. Sherfif Olen Dotson investigat-

ed the accident, which he termed main building made three more as unavoidable due to weather conditions at the time of the mishap, Death of Mrs. Smith was the second traffic fatality of the year in Haskell county

TO FARM OWNERS

U. S. Forestry Service Will Furnish Varieties Suited To This Section

Farmers of Haskell county were advised this week by County Agent G. R. Schumann that thousands of trees in varieties best suited to this section for shelterbelt, windbreak and woodlot planting could be had free of charge from the U.S. Forestry Service if farmers desiring the trees would make immediate requests for the plantings. Farmers may secure any number of trees desired but will be required to pay shipping charges from the U. S. Forestry Nursery at Childress, Texas, Mr. Schumann explained. Applications for the trees must

be made this week, and the County Agent said Wednesday he had already received orders for approximately 3,000 trees from Haskell county farmers. Varieties include Desert Wil-

lows, Apricot, Western Walnut, berry, etc. These types have been found to be best suited to the climate of this section.

County Agent Schumann and Jack Williams of Rochester will go to Childress Saturday or Monday to bring back five or six thousand trees for distribution to Haskell county farmers, to fill applications already made and those anticipated within the next few

Light Vote Polled In School Trustee **Election Saturday**

Little interest on the part of voters was evidenced in the an-nual school trustee election held here Saturday, when two mem-bers of the School Board of the Haskell Independent School District were elected for a two year

Trustees H. C. King and Clay Smith were re-elected as board members without opposition. Other members of the school board are T. J. Arbuckle, R. L. Burton, A. M. Turner, C. G. Burson and W

A Correction

A total amount of \$1,733.35 has been invested in defense stamps and bonds by the high school students and teachers since the beginning of our sales campaign several weeks ago.

This is a correction of the amount reported in an article on the front page of the Free Press last week; that report did not include the total sales of the F. F. A. members. These boys are to be commended for buying over \$1,100 during this period. It does seem and I think that the students will ick also visited school in Burka shame, however, that the com- cooperate with us. cal guys and gals. Amorg those who returned to the scene of their childhood were Betty Blake, Frank Spencer, Maxine Perdue, Billie Kemp, Connie and Bobbie Morris, Dave Breedlove, Labry Ballard and many others.

The spring holidays completely spoiled most of the students. The verse "A dillar, a dollar, a ten 'elock scholar" certainly did apply to the majority of the students Monday morning. But then I suppose it did take them by surprise to be forced to arise at eight thirty o'clock when they had been accustomed for the last five days to srising at sometime between 11:00 and 12:00 o'clock. We'll forgive you this time, but snap out of it, kids, or there will be a class after school for somebody.

Mrs. D. H. Persons of Waco accompanied her daughter. Ruby Sue to Haskell Saturday plans to spend a few days visiting and in this city.

Senior Spotlight

VIRGINIA SUE PATE Virginia Sue or Sue as she is called, is a tall, black haired, grey eyed senior girl, who is one of the best in scholarship. Even though she is quiet, she has the reputation of being the funniest girl in

the Senior Class. Sue has been in the Gypsy Ramblers for three years, Homemaking Club three years. Pep Squad two years, Spanish Club two years, and is a charter member of the Young Defenders of America. She has held the posiiton of secretary of the Gypsy Ramblers this year, and last year she was treasurer of the Home Ec. Club

For a hobby Sue has chosen to collect snapshots. She has been taking snap shots as a hobby since she was in the seventh grade, so

she has a good collection. Plans for the future have not entered Sue's mind yet, so she has no idea what she will do in the coming years, Mr. and Mrs. Alonzo Pate are her parents.

BEUNIS FAYE RATLIFF

Beunis Faye, better known as Sister, is the blond beauty of Haskell High School-having been elected by the students as the prettiest girl She is assistant editor of the annual, and has been drum major of the band for three years. Sister has been a member of the Gypsy Ramblers two years, Homemakers Club four years Spanish Club two years, and is Young Defender of America When she was a junior, Beunis contest this spring. Miss. Riley, whoop staff, She loves to dance, who teaches typing, will give among other hobbies she collects speed tests to determine the team match folders. She plans to enter to enter from here. The entries TCU in the fall and major in

Mr. and Mrs. D. P. Ratliff are her parents.

BOYD ROUSSEAU

Boyd has always gone to the schools of Haskell, and has amuswas going to do after his graduation.

Boyd's hobby is listening to the radio. Perhaps that is where he gets some of his "famous" jokes. Boyd is the son of Mr. and Mrs. T. J. Rousseau.

Minute Interviews

Various students were interviewed on the subject of the latest plan of the Student Councilmonitors in the hall. Some were pro and some were con, but we feel that it gives the typical picture of the sentiments of the students concerning this particular subject.

Wallace Cox-"Pretty good plan

Allan Strickland-"It's a good idea to control this and I believe it will work if the students will hope that the other members of cooperate. Those that feel we shouldn't have monitors in the hall should regard them in the same light as the police force, for that is the same purpose they

serve. Jean Menefee-"If the students will cooperate to make this plan work out, it will be worthwhile. In fact I couldn't have thought of a better one myself."

Coach Horton-The student work of the council and the thing these students have wanted for years will come about through the

student council." Miss Vick-"It is definitely a phase of self-government and I these pictures, but the same the Student Council would apto week, rather than serving in like a good play, so start making that capacity themselves. It would

COLORED LUNCH ROOM SHOWING IMPROVEMENT

The lunch room of the Central Ward colored school is showing improvement under the direction of the new supervisor, Miss Pratt The citizens are sponsoring this project.

The teacher, Miss Wise has an average of 58 pupils in attendance with 75 enrolled, and teaches from the first to the seventh grades. She has noted an improvement in school activities and in the social manners of the children since the lunch room has been in operation.

A one-day program outlining Texas' part in the war effort will occupy the Texas Statistical Council at a special meeting to be held at the University of Texas May 1.

Industry and trade in Texas continued a sharp upward trend in January, and indications point toward a prolongation of this tendency, the University of Texas Bureau of Business Research reports.

Meals Served 250 Students Daily at School Lunchroom

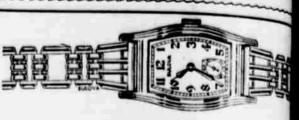

The Lunch Room for the Haskell Public Schools has been in operation for the past seven weeks. Lunches are served in one of the new buildings on the high school campus. An average of 250 pupils per day from the high school, North and South Wards take their lunches there. Twelve women prepare and serve the meal with Mrs. Florence Hammer in charge of the kitchen. T. R. Odell, Jr., Enrolls For Civil Pilot Training Course

Denton, Texas-T. R. Odell Jr. a graduate from Haskell High School in 1940, is enrolled in a Civil Pilot Training Course this

In this CPT course he is studying navigation, menteorology civil servicing of planes. He is also taking two metal courses, a wood working course and an instructor's course in first aid.

When the weather permits Odell flies two hours a day. His instructor goes up with him for fifteen minutes, and then he flies alone for thirty minutes. This procedure is continued during the two hours. Odell has signed a pledge that e will go into the Army or Navy air corps after he has completed the training. He may take an advanced course and get his instruc-

tor's rating. This summer he plans to take secondary flight training for two months and then join the Army Air Corp.

Odell is a member of the Industrial Arts Club at Teachers College.

He is the son of Mr. and Mrs. T. R Odell of Haskell.

CARD OF THANKS

We wish to sincerely thank our many friends for their sympathy and kind help during the illness and death of our dear father and for the floral offerings. We also thank Dr. Cummirs or his faithfulness. May God bless each and every one of you is our prayer.

begin April 6 in Temple. Tuesday night, April 7, the choir will appear at the Little Theatre of Houston, and Wednesday morning at the Dickenson high school a few miles from Houston Wednesday night they will sing at Beaumont, and Thursday morning at Lamar Junior College. The last

concert will be at Port Arthur on Thursday night. A concert mistress, accompanist

and two violinists will also be on this five-day tour, Miss Conner, a first soprano in now Texas soil.

From where I sit ...

by Joe Marsh

BESTstorekeeper I ever knew was a fellow named Sam Abernethy. Sam's specialty was to take over some run-down store that somebody else had given up as a failure. Then Sam would turn it into a gold

"But the most important thing of all," he used to say, "is to remember who's Boss!"

"You may think you are Boss of your business . . . but you're not. The Public, your customers, are the real bosses . . . and you've got to run your business the way they

That little statement of Sam's made a big impression on me . . . particularly since it certainly seemed to work so well in Sam's

And Sam isn't the only one. I see the beer industry feels the same way . . . certainly, the brewers believe in running their business the way you and I would like to see it run.

Folks like us like to see beer sold in clean, quiet, decent places. Well . . . the brewers feel the same way about it. They don't want their beer sold in wrong surroundings. They know it doesn't pay. And they know it hurts the good name of

I was reading the other day how the brewers and the beer distributors work together and cooperate with law enforcement authorities. The idea is to make careless beer retailers clean up their places and practices . . . or close up.

It's a good plan . . . and it seems to me it ought to work. I understand it is already in operation in a number of states and is being extended.

It's a mighty fine thing when a great industry has the gumption to do a job like that on its own initiative. And if Sam Abernethy was right, the brewers should be mighty successful . . . because they're running their business the way the public wants to see it run.

Facts About Our School

The student who plans his education naturally wants to know something about the school he purposes entering in order that he may have a clear picture of the results he may expect from the completion of his

course. The following information about our school is generally requested by incoming students. The brief answers we give will be enlarged for the benefit of any prospective student who will write, telephone or visit us in

1. What is the cost? This question cannot be answered satisfactorily until we know the course in which the student is interested, how much general education he has had, whether or not he has taken some commercial work in high school or elsewhere, and what course of study he expects to carry. We can only say that our tuition rates are very reasonable and that every possible effort is made to give each student full value for his investment of time and money. A rate sheet showing schedules of tuition on various plans

will be furnished upon request. 2. What course will pay me best?

This is another difficult question. The thoughtful student probably has some notion of what he would like to do when he takes a position. Knowing this, he will be able to select the kind of course that will prepare him for his chosen employment. Many students wait until they come to the school office to register before definitely deciding upon the course they will carry. We are glad to offer our advise and it is always given in the best interests of the student. A good general rule, however, is that the best course-which means the most

extended course—the student is able to take will probably pay him best because of the better returns a broad education will give in later years.

3. What will be the cost of

board and room? (A question generally asked by out-of-town students)

Living costs here are about as they are in other communities in this territory; probably a little less in this city than in smaller places for the reason that there is more competition for the patronage of students. We maintain an efficient student-service department through which those who desire guidance in making their living arrangements are served. There are also some opportunities for partial self-support. Students desiring this type of help should make their requests as early as possible.

4. Do you assist your graduates in securing employment?

Yes. Nothing is more vital to our school than that our graduates should be pleasantly and profitably employed. We maintain contacts with employers not only here but in surrounding cities and are always alert to introduce our graduates to desirable employment opportunities.

5. How can I get more information about your school?

Write for it-or telephone, or call. Naturally it can't all be put into an ad like this, but we do have it in convenient form and it is yours for the asking. You might at the same time tell us something about your plans, your previous education, when you will enter school, and anything else that will help us answer your questions more intelligently.

Fourth Grade Presents Operetta At P. T. A. Meeting

With a garden background for Patty Sue's birthday party, the fourth grade under the direction of their teacher, Mrs. S. R. Rike presented an operetta Thursday afternoon for the meeting of the North Ward Parent-Teacher's Association, Baskets of garden cut lowers along the vine covered fence and potted plants grown in their school room further emphasized the garden setting on stage of the gymnasium. Old King Cole's throne centered the stage, and near the throne was the huge white birthday cake with red can-

On one side of the stage was the large shoe from which came the Old Woman and her children. On the other side was the seated choir of boys and girls. The little girls wore long dresses and the boys wore long black trousers and white shirts, Miss Madalin Hunt gave the piano accompaniment for their eight choruses.

Patty Sue the honoree for the occasion was brought on the stage on a small float covered with pink white and blue crepe ruffles.

This background of scenery and the gay costumes of the characters presented an appropriate setting for Patty Sue's Birthday Party with the following children taking part:

Patty Sue-Jane Bradford Her mother-Mary Beth Payne Hop O' My Thumb - Leon Bryant Old King Cole-Glenn Power

Man With Pipe Bowl - Kirby White. Fiddlers Three — Travis Bur-son, Billy Faulkner, C. P. Come-

Sub Deb Club Enjoys Fishing Trip

The members of the Sub Deb Club invited guests to accompany them on a fishing trip to Minei Ranch last Wednesday Those pre-sent were: Mmes Karl McGregor and A. A. Bradford and Jane Bradford, Nancy Burton, Joan Wood, Mildred Chapman, Claudia Fraley, Sue Collins, Charleen Mc-Gregor, Doris Holmesley, Gene Wheeler, C. W. McKelvain, Jerry Gannaway and Charles Crandall. The group spent the day at the ranch.

The Sub Debs had a business meeting Saturday afternoon in the home of Charleen McGregor. Later the group went to Doris Holmesley's home for a social

Assocattional W. M. U. Meeting Is Held Here

Members of the Haskell Baptist W. M .S. were hostesses for the quarterly meeting of the Haskell Associational W. M. U. Tuesday morning at ten o'clock in the educational building. morning program was opened by singing The Light of the World Is Jesus followed by words of greeting from Mrs. R. J. Reynolds who presided in the absence of the associatoinal president, Mrs. Bob Speck. Mrs. Hob Smith of Rochester gave the devotional from Matthew, using the theme, What think ye of Christ's commands?

Good reports on the work were given by the following local presidents: Mrs. J. O. Davis, Rule; Mrs. John May, Knox City; Mrs. Reynolds, Haskell. Bro. Whatley brought an excellent message on The Power of The Haly Spirit, discussing as main points: Some examples of this power; What has it done for us; How can lose it; How can we get it.

A good lunch was served. Then all joined in singing Jesus Calls Us. Mrs. Mary Oates led in prayer. Reports were given by the following standing committee chairmen: Mrs. H. R. Whatley, Benevolence; Mrs. B. M. Whiteker, Stewardship; Mrs. Terry, Bible Study; Mrs. Joe May, Young People; Mrs. Ferguson, Education; Periodicals, Mrs. Cowan and Mis sion Study, Mrs. Bowden.

Mrs. Hob Smith, corresponding secretary-treasurer gave a resume of the year's work. Mrs. George Hardberger reported that the associational history had printed.

Minutes of the meeting were read by the secretary, Mrs. C. O. Davis. The next quarterly meeting will be in connection with the worker's conference in June.

Meeting of Presbyterian Women's Auxiliary Is Held

The Women's Auxiliary of the First Presbyterian Church have begun a study of the Gospel of Luke, meeting for the present on Menday night. This study is directed by Mrs. C. W. Williams and they are using the book, Christ The Son of Man, The Saviour of

For the lesson Monday night, a general review of the Gospel of Luke was presented. A history of the writer and his manner of presenting the life of Jesus were given. The leader told of the writer's method of presenting both the human and the divine side of Christ.

Special prayers were given for the local church, for the local Christians engaging in this study, for the missionaries and were offered by Mrs. R. E. Sherrill, Kathryn Pritt, Mrs. Calvin Henson and the Rev. Williams.

A large number of members were present for the most interesting study

To the People of Haskell:

I am deeply appreciative of the confidence expressed by the voters in Tuesday's election in reelecting me as your Mayor, and for the many pledges of co-operation extended by the citizens of Haskell.

I shall endeavor at all times in the future, as I have in the past, to conduct the affairs of the office of Mayor in a manner that will justify the confidence and support of the people of Haskell. In this connection I solicit and will appreciate the cooperation and suggestions of our entire citizenship.

J. E. Leflar

Haskell:

I would like to see each of you personally to thank you for the nice vote that you gave me in the City Election but realizing that it is almost impossible to do so, I wish to take this means of thanking you and expressing my sincere appreciation for your interest in my candidacy.

I realize that each of you had to face undue hardship in getting out in the rain and mud in order to vote for me, which makes me more appreciative of your interest in me, and I hope and trust that in some way some time I may be able to repay you.

It has been a great pleasure to me to have served as your City Secretary for the last six years.

The City is in a better financial condition now than at any time since before 1928. It is strictly on a cash basis now and on April 1st had a cash balance of \$34,194.30 in the bank. I am proud of the fact that I had a small part in helping to get it in this condition.

Again thanking you and trusting that I may be of some service to you in the future, I remain

Sincerely yours,

Austin Coburn

Delint Your Cotton Planting Seed

We have installed a special delinting plant at our Stamford Cotton Oil Mill for delinting cottonseed for planting.

You can plant twice as many acres with the same number of bushels of seed at a cost of less than 25c per bushel.

Besides get better and more regular stands. Germination is more uniform. Use regular corn planter plate.

Charges, 65c per hundred weight of seed before delinting, and the lint.

Plant will start operations April 15th.

We invite you to inspect this delinting plant at our Stamford Cotton Oil Mill, Stamford, Texas.

In giving, man receives more than he gives. and the more is in proportion to the worth of the thing given. -George Macdonald

Our Ship Production Is Proving What Real Cooperation Can Do

The part which shipping plays in the successful conduct of the war is so vital and so fully realized by military authorities that a statement recently made by Admiral Howard L. Vickery, Vice Chairman of the U. S. Maritime Commission, brings comfort and cheer to all Americans.

Defining "dead weight" tons as the most accurate measure of the amount of cargo a ship carries, he said that, between now and the end of 1943. more than 18,000,000 deadweight tons of shipping will be built in our own shippards. In the month of February, twenty-eight ships were commissioned an average of one a day, and a like number were sliding down the ways ready for outfitting. By midsummer two ships a day will be delivered This is a remarkable record in view of the fact that for fourteen years prior to 1937, only two cargo ships for the overseas foreign trade were built in American shipyards.

In terms of ships rather than dead-weight tons the Maritime Commission's program calls for 2.877 ships. Up to March 1, 1942, 15; ships had been delivered into service. More than 750 others will be built and ready for service before the year is out. As recently as 1937 there were only ten shippards in the United States in operation that were capable of building big ocean-going ships. Now there are more than fifty. The simpyords of our country are engaged in a building program greater than that of all the rest of shipyards throughout the world com-

In World War I it took an average of ten twelve months to finish a simp from keel laying to delivery, though the Hog Island Yard beat this by more than two months. Today many of our shipyards are scheduled to turn our Liberty snips at the rate of 105 days from keel laying to delivery This means sixty days of the ways and forty-five days for outfitting the ship. This speer-up is due to two factors-prelabrication of ship sections and wolding But, in order to obtain and maintain this speed in building, everything must click. There must be no supported of work through waiting for

materials or because of differences between management and labor.

The public has read much of ships being set afire and particularly recalls how the Normandie was scuttled. But the Maritime Commission is using fireproof type of construction on its standard long-range vessels. The shipyards engaged in this vast program are located not only on the Atlantic and Pacific coasts, but also along the Gulf and the Great Lakes.

Originally there were two parts to the Commission's program. One was to build for the immediate needs of defense and lend-lease. The other was to prepare this country for its role after the war, making it a maritime nation second to none, After Pearl Harbor, President Roosevelt issued an order to the Commission that called for 8,000,000 dead-weight tons of construction in 1942 and 10.-000,000 for 1943. But, since then, the quota has been boosted to 12,000,000 deadweight tons for The enthusiasm of the workers and management to reach these quotas became so great that a Gulf shipyard now carries this slogan on its huge cranes as they travel up and down this vast yard: 'The guy who relaxes is helping the Axis.'

Hoarding Shows Several Phases That Resemble First World War

In this war, as in World War I, we are confronted with the problem of hearding Persons who do the family shopping and who buy on a day to day basis, or at most lay in a week's supply of canned goods, have been kept waiting in line at the cash register desk for as much as half an hour while two or three persons ahead have their donble truck assortment of canned goods counted and checked. They are buying not a week's supply but a month's, and tomorrow and the day after tomorrow they will be back doing the same thing.

Many people are known to have enough goods thus stored to open a small grocery store of their own. The Office of Price Administration has more than once called attention to this condition and stated that it was a contributing factor in price

One woman whose conscience began to hurt her on this account posed the question as to what would happen if everyone did as she had done, and the reply given her was that the articles she mentioned would vanish from the market overnight in a panic of buying and, as a further result, millions of people who have neither the cash nor the space to hoard would be deprived of them. The same well-meaning woman who had yielded to a panic of possible shortage and rushed off to the store to stock up her own larder, regardless of consequences to others less well circumstanced, felt she still had two or three justifiable lines of defense for her ac-

One was that she had merely followed the invitations by the dozen which had appeared in numerous newspaper advertisements, a fact which is underliable, but merchants since then have seen the error of thel way and relented. Another excuse given was that she would feel different if only the sacrifices and economic burdens of war rested upon all with some semblance of equality. Her adviser explained that unfortunately this condition seldom obtains Many are required to sacrifice their lives or the lives of their loved ones, while many others have to sacrifice their health, eyesight, jobs and all their lifetime possessions. So, in view of this gross inequality of sacrifice, it behooves each of us to do our utmost to equalize where we can, and one of the very small things which we all can do is to share cheerfully, and regardless of price increases, those necessities that will become more and more hard to get us the war goes on.

Stockpiles of Food for Peace

Here is what the U. S. Department of Agriculture means when it arges farmers to help produce "stockpiles of food for use after the war." The upper picture shows barrels of dried milk, just as good a year from now as today. The lower picture shows a warehouse filled with huge drums of cheese, even better with aging. These farm products, plus condensed milk, dried milk, cured pork, and canned meat and vegetables, constitute the stockpiles of defense food which says Secretary Claude R. Wickard, will be needed by hungry Europe and "will exert the maximum influence at the peace conference table."

A Symbol of Freedom

Monitor)

This is a plea for books for men in camps and on ships in the service of the United States. The American Library Association, the Red Cross, the United Service Organizations are striving desperately to secure 10,000,000 volumes --for ten million soldiers and sailors. To date they have obtained only three million books. This must mean that you and I and our neighbors have not given enough

F. H. T. Girls Attend Rally

Saturday March 28th Tompkins and a group of delet gates attended a homemaking rally at Knox City. The morning was spent enjoying the program that had been planned, Mr. White the superintendent gave a profitable talk "You For Defense". After lunch the sing song hour was enjoyed, then a business session was called and it was decided to have the rally next fall at Haskell. The girls were then invited into the dining room where refreshments were served.

Those attending from Rochester were Betty Frances Ramsey, Joyce Lee, Lavoris Steele, Betty Joe Brown, Jaquita and Juanita Shindler, Lola May Blair, Wanda Qualls and their sponsor, Miss Virginia Tompkins

M., before the Honorable 39th District Court of Haskell County, at the Court House n Haskell, Texas.

Said plaintiff's petition was filed on the 10th day of March, 1942. The file number of said suit being No 6038

The names of the parties this suit are: Joe Evelyn Brown as Plaintiff, and Alton Brown as Defendant, The nature of said suit Leing substantially as follows, to

STATE OF TEXAS. date provided anything for her or COUNTY OF HASKELL

In the District Court of Haskell That before said time and during County, Texas, April Term 1942. To The Honorable Dennis F defendant never at any time pro-Ratliff, Judge of said Court:

Now comes Joe Evelyn Brown who resides in Haskell County Texas, hereinafter called plaintiff complaining of Alton Brown who resides out of the State or at least whose residence is unknown hereinafter styles defendant and for ssuance of this Citation, the same petition and that on final hearing cause of action plaintiff represents to the court:

> That she is and has been for a period of twelve months prior to custody and education of their filing the petition herein, an acsaid child and for such other and tual bona fide inhabitant of the State of Texas and has resided in the County for at least six months next preceding the filing of this suit; that on or about the 3rd day of October 1941, plaintiff was law-Given under my hand and seal fully married to the defendant; of said Court, at office in Haskell. that they continued to live together Texas, this the 25th day of March as husband and wife until on or

1942 when by reason of cruel and court that defendant be cited to harsh treatment and improper conduct of defendant plaintiff, she was forced and compelled to permanently abandon him, since which time they have not lived together as husband and

Plaintiff further alleges that defendant is untrue to her and has women including his former wife, of issuance of this Citation, the much to the humiliation and embarassment of plaintiff. Plaintiff alleges that defendant makes no pretense of supporting her, but spends what money he makes on himself and other persons.

> Plainwiff alleges that no child or children were born to this union and that there is no community property to be adjudicated. Plaintiff says her maiden name was Joe Evelyn Russell and she desires her maiden name restored to her Plaintiff further alleges that no child or children were dopted by this plaintiff and the defendant

Plaintiff alleges that defendant's enduct and actions toward her generally are of such a nature as to render their further living together as husband and wife insupportable, the premises consid-

Wherefore plaintiff prays appear and answer this petition toward and for judgment dissolving the marriage relations for costs of suit, and for such other and further relief, special and general, in law and in equity, that she may be justly entitled to and in duty bound will ever pray.
(Signed) T. R. ODELL

(Signed) Attorney for Plaintiff. Issued this the 18th day of March, 1942.

Given under my hand and seal of said Court, at office in Haskell, Texas, this the 18th day of March A. D., 1942.

BOMBS!

... after 10 Years of Inaction

WASHINGTON is "concerned" because the country has not awakened to the danger of bombs!

And the people are concerned nay, alarmed-because Washington has not awakened to the danger confronting the country!

For 10 years the average American has been exposed to perpetual e-motion. Each so-called "emergency" has resulted in creation of some new alphabetical bureau or agency until today he has little sympathy for the inconveniences of an over-crowded Washington.

With patience exhausted, the average citizen now is demanding something more than words, something more than cajolery to build up bis morale.

He wants examples, actions, in high places.

Why, he is asking, is his money (taxes, bonds and stamps) allowed to be wasted on nonessential activities while boys in the armed forces are dying for lack of guns, ships, tanks and planes?

He ordered fighting equipment to rain bombs on the Axis!

No other country can compare with America's potential war production. No other has the men, the machines-or the electric power. America's electric companies, under trained

> and experienced business men, are supplying power for the vast wartime industries, in addition to your home and business, where it's needed when it's needed and in quantities greater than the combined total of all the enemy countries.

Last year they paid \$510,000,000 in taxes—enough money to equip 2,400,000* soldiers . . . enough money to build 9,273* pursuit planes, 2,429* light bombardment planes, or 1,522* flying fortresses!

Here's a business built the American way by local enterprise and public individual investment-and regulated by the government and dedicated to defending America's freedom and democracy until the last dictator has fallen.

•Based on War Department figures.

Why All Farmers Should Plant Their Full Allotted Cotton Acreage

Secretary of Agriculture Wickard has called upon the cotton! growers to plant their full cotton acreage allotmet-4,000,000 acres more cotton than was planted last season because the United States itally needs more of the products f cotton and cottonseed.

Many farmers underplant their allotment from 1 to 3 acres, figuring that this small reduction does not amount to anythisg. Now figure this in a County where there ire 2000 farms each farmer u-s derplanting his ollotmet 2 acresmakes a total af 4,000 acres in the County, If the cotton produces one-half bale per acre that means 2 000 bales of under-production. Out of this 2.000 bales of cotton there would be produced 800 tons of cottonseed.

From this 800 tons of cottonseed there would be produced 200 bales of cotton linters for munitions; 240,000 pounds of cottonseed oil (4 tank carloads) for food: 360 tons of 43 percent protein cottonseed cake and meal for livestock eed; 200 tons of cottonseed hulls or livestock feed

Now multiply this by all the ounties in Texas that produce cotton. Of course, many of them do not have as many as 2,000 farm that plant cotton, but many of them have more than 2,000 farms with cotton planted or them. Anyway you can see that if every cotton farmer would plant I'm dead or I have broken my his full cotton allotment, even

the ocean blue. If anyone asks you farm increase, when it is oll addhow big the ocean is tell them ed up it amounts to quite a volthey have plenty to see if they ume of cotton and the products want to see it. If you ever hear especially the linters, the cottonthe song "My Bonnie Lies Over seed oil, and the livestock feed The Ocean" you can think of me will be needed, since as of next Don't get discouraged if you don't August 1st there will only be a carryover of 10 million bales

May we urge every farmer to give serious consideration and "Tell all the people hello who plant his full cotton acreege allotment, which will be a great assistance to the National Dsiense wish f could be able to be there as well as profitable to yourselves

Ice Deliveries Restricted!

In keeping with the Government's program of conserving tires and trucks we are announcing some restrictions upon deliveries of ice, effective April 15.

Beginning on that date, no special deliveries will be made in the residential districts after 12 o'clock noon. Regular deliveries will be made on our routes every morning and special orders will be filled if order is placed before

This policy is adopted in carrying out recommendations of the government that we save tires and equipment by cutting down mileage of deliveries. With this plan, it is our hope that we can make our equipment last through the war and keep up deliveries throughout the emergency. With the old system our equipment would soon be worn out and all deliveries would have to stop. Your

In the business district, close-in commercial deliveries will be made all day up to 8 p. m., but customers are requested to cooperate with us by reducing the number of trips required to make as much as possible.

cooperation in observing these restrictions caused by the national emergency will be greatly appreciated. Phelps Ice Company
