

## INTERSCHOLASTIC LEAGUE TRACK MEET WILL BE HELD FRIDAY, SATURDAY

### REA FACILITIES TO BE OUTLINED FOR THIS COUNTY

**County Agent Announces A Series of Meetings For Next Week**

For the purpose of explaining provisions of the Rural Electrification Program as it affects this immediate section, a series of five meetings has been scheduled for Haskell county by County Agent G. R. Schumann, to be held at various points in the county during the coming week. In announcing the meetings, Mr. Schumann stated that the REA is building many electric lines in Texas at this time for the purpose of bringing electricity to the farm home.

In urging that all farmers and their wives attend the community meetings scheduled next week, the County Agent pointed out that electricity and its manifold conveniences can be brought to the majority of farm homes in Haskell county if the farmers desire this service, and at a very reasonable cost. Full details will be outlined at meetings scheduled on the following dates:

Rule—Monday night March 27, High School building, 8 o'clock.  
Rochester—Tuesday afternoon, March 28, High School Building at 2 o'clock.  
Weinert—Tuesday night, March 28, High School building, 8 o'clock.  
Haskell—Wednesday afternoon, March 29, courthouse, 2 o'clock.  
Sagerton—Wednesday night March 29, High School building at 8 o'clock.

### Free Want Ads To Be Printed In Early Issue

Following an annual custom, the Free Press will accept and publish Want Ads free of charge in the issue of Friday, April 6th. Only restriction is that all ads must contain not more than 25 words, and copy must be in our office not later than Monday night, April 3.

This offer is made each year to acquaint our readers with the "pulling power" of Free Press Want Ads.

### HHS BAND WILL BE CONTENDER IN MEET AT ABILENE

The Haskell High School Band will contend for recognition in the State Contest to be held in Abilene April 6-7. Director Joe Meacham stated this week, in announcing entry of the local organization in the statewide contest. The HHS Band is composed of students who enrolled last year, when the band was first organized as an affiliated unit in school work. Approximately 35 members compose the organization.

In the statewide contest the following soloists will compete on April 6th at Abilene. Meacham announced: Joe Maples, Jr., cornet; Jim Bob Webb, trombone; Bud Pace, clarinet; Cecil Gholson, clarinet; Sam Hugh Smith, clarinet; Buster Gholson, saxophone; Paul Kuenstler, baritone. Miss Frances Merle Edwards will be accompanist, Meacham announced.

### School Organization Will Compete in Solo and Band Divisions

At the conclusion of the chapel program, Rev. A. C. Haynes, Methodist pastor, conducted a brief memorial service on the High School campus, and Miss Louise Hierson, FFA chapter Sweetheart, turned the first spadeful of dirt for the tree planting project.

### Youth Injured During Football Game

J. L. Grace, Jr., high school student and member of the 1939 Indian football squad, sustained a fracture of his left leg Monday night during an intra-squad game, and was removed in a Holden ambulance for X-ray and treatment. Although his injury will not be permanent, the youth will likely be confined to the hospital for several weeks.

Dr. Hugh C. Welsh of Houston and Barton Welsh of Texas City visited their father, W. E. Welsh in the Hendricks Memorial Hospital this week end and with relatives in Haskell Sunday.

### VOTERS WILL BALLOT ON PROPOSED IMPROVEMENTS TO SCHOOL PLANT

#### Proposed \$5,500 Bond Issue Would Carry Out Program Contemplated

An election has been ordered by trustees of the Haskell Independent School district to be held on Saturday, April 1st, at which time property taxpayers voters of the district will ballot on a proposed bond issue of \$5,500 to be expended for needed enlargement of the present North Ward school building. The bond issue, if voted, would be contingent on approval of the proposed construction as a WPA project.

Order for the election was issued this week after the Board had been petitioned to take this step by a large number of property taxpayers of the district.

As indicated in information given out by the Board several weeks ago, an architect has been working on estimates of costs to determine the extent of a possible building program which would relieve the present overcrowded condition. Such estimates, as worked out by the architect and the area engineer for the Works Progress Administration, indicates that four classrooms are all that can be constructed without increasing taxable values of the district. It is possible at this time to vote additional bonds in the sum of \$5,500 without in any way increasing taxes. These bonds can be spread over a ten year maturity period and can bear 3 1-2 per cent interest.

### Winners Chosen In Declamation Contest Monday

The annual Declamation Contest for Haskell schools to determine interscholastic League representation was held Monday night in the High School auditorium, with Supt. C. B. Breedlove as director. Judges were faculty members of the Tarleton High School.

Winners in the North Ward division were Nancy Beth Collins and James Breedlove; South Ward, Cora Faye Hayes and Duval Adams; High School Juniors, Beun Faye Ratliff and Ross Love; High School Seniors, Bonnie Dell Hisey and Billy Cooper.

These students were coached by Mrs. C. M. Kaigler and they will represent the three school divisions in the county Interscholastic League contests to be held here next week.

Crockett English, student in Texas University spent the week end with relatives in Haskell.

Mr. and Mrs. Claude Warren Hisey and their guest this week end, Will Ritter of Chillicothe who is an uncle of Mr. Warren's.

### Rule A and D Sagerton High Point Winners in League Tennis Meet

Rule and Sagerton netters took the lion's share of honors in the high school division of Interscholastic League tennis play in matches played at Rule Saturday, while Haskell and Sagerton players led in the Ward school division, with matches played here. Final matches in Junior Girls Singles and Senior Girls Doubles will be played this week by Rule and Sagerton players to determine county winners.

Results in all divisions were listed by County League officials as follows in the High School division:

Senior Girls Singles—Sagerton lost to Point Creek 6-0, 6-2; Rule defeated Bunker Hill 6-1, 6-4; Haskell won from Rochester by default; Weinert drew a bye. In the second round matches, Rule defeated Point Creek 6-0, 6-2, and Haskell defeated Weinert 6-1, 6-3. In the final matches Utence Sellers of Rule won a hard-fought

### Tarleton Singers To Give Concert Here March 29th

Sponsored by the Gypsy Ramblers Club of Haskell High School, the "Tarleton Singers", talented group of students from John Tarleton College, Stephenville, will be presented in a concert Wednesday evening, March 29th in the High School gymnasium. Haskell is one of the few West Texas cities included in a tour now being made by the college group.

The program, which will begin promptly at 8 p. m., will include massed singing, Vbra Harp numbers, a male octet, girls' sextet, vocal soloists and "Barbershop" Quartet. The varied program has elicited much favorable comment in cities visited on the present tour, sponsors stated.

Tickets for the concert were placed on sale Thursday afternoon by the Gypsy Ramblers.

### Cotton Specialist Visitor In Haskell During This Week

For the purpose of looking over this section of West Texas as possible site for a cotton breeding farm, W. A. Stufflebeme of Itasca, Texas, spent several days in Haskell this week. Mr. Stufflebeme maintains a large cotton breeding farm near Itasca, which is devoted entirely to production of "Texas Special" planting seed. He expressed the opinion that a similar farm could be established in West Texas which would determine and develop a better staple of cotton suitable to soil and climate of this section.

### AMERADA SPUDS ROTARY TEST ON KLEINER RANCH

#### Will Be Carried to 5,000 Foot Horizon In Try For Production

Most promising oil test drilled in Haskell county in a decade was underway Thursday, when Amerada Petroleum corporation spudded their No. 1 Chas. Kleiner, projected 5,000 foot test on the Kleiner Ranch six miles east of Haskell. The test to be drilled with rotary, is located 660 feet west and 660 feet south of the northeast corner of the J. M. Cass survey No. 57 in the south half of a 13,000 acre spread which has been under lease to Amerada for more than a year.

Drilling to set surface pipe had reached a depth of 200 feet Thursday at noon.

Amerada equipment moved here from the Hobbs, N. M., field last week, will be used, with drilling contract on a daily basis, it was reported. Three drilling crews are being used for continuous drilling.

The test will be the deepest ever drilled in Haskell county, and is expected to pick up the Ellenberg producing horizon around the 5,000 foot level if production is not encountered at a lesser depth. In several tests drilled on the Ballard ranch in the 20's, several miles east of the Amerada well, some oil production was indicated around 3,800 feet. Verdict on these sands will be revealed in the Amerada test, it is believed.

The test is the first try for production in the eastern central part of the county since Kour's unsuccessful tries on the Ballard ranch more than 15 years ago.

### Health Ordinance Enacted Tuesday By City Council

As a means of preventing insofar as possible the spread of contagious disease of any nature in the future, an ordinance was passed at the regular meeting of the City Council Tuesday evening providing for quarantine restrictions which can be applied against all members of a household where any member of the family has contracted a contagious disease.

Enforcement of the quarantine will be a duty of the City Marshal at the direction of the city health officer. For violation of the ordinance, a fine in any sum not to exceed \$100 is provided.

Terms of the ordinance became effective after its passage and publication this week.

On Honor Roll At Texas U.

Miss Ruby Sue Persons has been placed on the honor roll in the Arts and Science Department of Texas University. From a group of 773 students' names on the honor roll of the 5773 in that department. She was one of 421 in her particular division.

### Merchants Sponsor Free Picture Show at Texas Theatre

After an illness of one week with pneumonia, Jerry Max, infant son of Mr. and Mrs. O. T. Williams, died Monday at the family home in the west part of Haskell. The infant was three months old.

Funeral service was held at the graveside in Willow Cemetery Tuesday afternoon at 4 o'clock, conducted by the Rev. H. R. Whately, pastor of the First Baptist Church. Funeral arrangements were in charge of Holden's Funeral home. Pallbearers were "Dad" Whitaker and Bert Orr. Floral offerings were handled by Katie Lee Britton, Faye Parks, Martha Ann Jordan and Caroline Koonce.

Surviving are the parents and one brother, Rex Williams; paternal grandfather, Sam Williams of Gainesville; and maternal grandmother, Mrs. B. W. Bandholtz of Haskell.

### Rule FFA Father and Son Banquet Successful Event

Annual Father and Son banquet of the Rule FFA chapter, held in that city Friday night, March 17, was rated one of the most successful and attracted the largest attendance of any similar event since the chapter was formed. Visitors included representatives from a number of surrounding towns and communities.

The invocation was given by Rev. J. W. Parten, Baptist minister of Rule, and the welcome address by Dick Carothers, with Mr. J. B. Panphrey responding. During the banquet music was furnished by Messrs. Goodlow and Ousley.

A summary of the year's activity was given by Cleo Webb, and a report on exhibits and shows by Jay Pumpfrey, Chapter members. Guest speakers included J. L. Hill, Jr., and Jim Bird, of Stamford; Sam A. Roberts, Haskell C. G. president and County Agent G. R. Schumann of Haskell; and Supt. Frank B. Hill of the Rule schools.

### Rites Held at Graveside For Williams Baby

After an illness of one week with pneumonia, Jerry Max, infant son of Mr. and Mrs. O. T. Williams, died Monday at the family home in the west part of Haskell. The infant was three months old.

Funeral service was held at the graveside in Willow Cemetery Tuesday afternoon at 4 o'clock, conducted by the Rev. H. R. Whately, pastor of the First Baptist Church. Funeral arrangements were in charge of Holden's Funeral home. Pallbearers were "Dad" Whitaker and Bert Orr. ### ANNUAL TWO-DAYS MEET TO BE HELD AT THE FAIR PARK

#### Rural School Compete Friday; High School Events Due Saturday

Annual Interscholastic League Track Meet for Haskell county schools will be held in this city Friday and Saturday, with the meet expected to attract a major number of students from every school in the county, either as entrants in the various events scheduled, or as interested spectators. The events will be staged at Fair Park.

With seven rural schools entered, the Rural Track Meet will be held Friday afternoon, beginning at 1 o'clock, with a full schedule of League events to be run. Competing for county titles will be representatives from the following schools: Hutto, Sayles, Plainview, Gauntt, Tonk Creek, Irbey and Bunker Hill.

Scheduled for Friday night in the High School gymnasium is first play in League Volley Ball divisions, with final games to be played Saturday night in determining the winning teams in the various divisions. Playing starts at 7:30 each evening.

Track Meet for divisions "A" and "B" for High Schools in the county will be held Saturday at Fair Park. In order to complete the full League schedule, preliminaries will be run Saturday morning, beginning at 10 o'clock. Morning events will include 120-yard high hurdles, 220-yard low hurdles, 100-yard dash and 220-yard dash. Afternoon events will begin promptly at 1 o'clock.

Ribbons will be awarded first, second and third place winners in all track events, and suitable trophies will be given winning Volley Ball teams.

Interest in both the Rural and High School track meets is reflected in the large number of entries by League officials, according to C. E. Boyd, director-general for this year's events. In the High School divisions, the following schools will be represented in practically every event: Haskell, Sagerton, Rule, O'Brien, Rochester, Weinert, Mattson and Paint Creek.

### Knox County Singers Will Meet Sunday

One of the largest gatherings of singers in several months is anticipated Sunday afternoon, when the Knox County Singing Convention convenes at the Methodist Church in Knox City at 2 o'clock.

The "Sure-Fit Quartet" of Fort Worth, with Marion Snyder as accompanist, and who sing over the radio each Sunday morning, will give a concert Saturday night, March 25 at Gilliland and will attend the convention at Knox City Sunday. The Seymour Quartet, the Tankersley Quartet, and other prominent singers from Knox, Ford and Baylor counties are among those who will attend, and the Sunshine Girls and Golden Melody Boys are also expected for the convention. Mrs. Jewel Tankersley, president of the Knox county organization, has extended a special invitation to all Haskell county singers to attend.

### Provisions of FHA Discussed at Forum Here

A meeting of realtors, lumber dealers, contractors, and representatives of local financial institutions interested in provisions of the Federal Housing Administration applicable to this section, was held at the Chamber of Commerce office in this city Thursday evening, March 23.

R. E. Sikes, Mortgage Conference representative, and W. H. Ryan, Chief Underwriter of the Northwest District FHA offices in Fort Worth were present at the meeting for the purpose of discussing the FHA requirements of eligibility of the borrower, property and location in connection with applications submitted for insurance on residential property.

Mr. Ryan conducted an open forum during the conference covering principally the rating of locations and appraisal methods. Mr. Ryan and Mr. Sikes are remaining in Haskell today for the purpose of conducting individual conferences and inspection of proposed locations for lumber and material dealers, realtors and others.

### B. Walters Is Renominated As WTCGA Director

B. Walters of Rule was renominated as director of the West Texas Cotton Growers' association for district No. 4, including Haskell, King and Stoneval counties, at a meeting here Saturday.

Annual meeting of the association, at which time directors will be elected, will be held in Abilene April 11 with J. L. Wilkinson of Coleman, president, in charge.

AMATEUR NIGHT

Folks, here comes some fun! An amateur program will be staged Tuesday night in the Mattson auditorium. Each class in high school as well as in grammar school, will present a program.

PIE SUPPER

A pie supper will be given at Mattson Friday night, March 24. Every girl come and bring pie, every boy come ready to buy a pie. We are planning on having a grand time.

CHAT

Lou Etta Stanford, an ex-senior of Mattson, and who up to the present, worked in Mr. Watson's office, went to Electra Sunday, where she will begin work there in a cafe.

Mr. and Mrs. Watson spent this week end in Lubbock. The boys of Mattson have been working on the school ground the past week. We can truthfully say that they have improved the looks of it very much.

La Verne Guess, a student of Abilene Christian College, spent this week end at home. The outsiders of Mattson have been working on the play, 'Ten Nights In A Bar Room'. The date will probably be March 31. Watch for further notice in the paper.

WHY WE LIKE MATTSOON

- 1. It was the first rural high school in Haskell county, and we helped make it.
2. We enter all athletic events that develop us physically.
3. We preserve a clean social life.
4. We strive to obtain the standard in literary work, having earned sixteen affiliated credits in two years.
5. We are a community that believes 'all for one and one for all'.
6. We have 'fun' at Mattson.
7. It is 'home' to us.

JUNIOR PLAY SELECTED

The Junior class met last week and selected their play for the year. They received their books the last of the week and the character parts have been assigned. The play is 'Don't Darken My Door'. It is a well known play and we are sure it will be a success. The Juniors will start their practicing on it at once. The date that it is to be given is undecided.

THE USEFUL CITIZEN

The useful citizen is like the leader of a wild herd of horses. Without him the community can be at a stand-still. A useful citizen is like a good captain of a football team. He does things for his community or town for the pleasure of seeing them have a better community than others.

The useful citizen and the citizen who is always against the promotion of the community can be compared to a team of mules with one pulling the load and the other pulling sideways or not pulling at all. The one pulling straight and hard will get the most good out of the deal in the long run, just as the useful and helping citizen will get pleasure and profit from helping promote his or her community.

CHAPEL PROGRAM

Last week we had a very interesting chapel program presented by Mrs. Furth's class. It was a program on good health rules and activities. This week we are expecting a very good program from the Junior class.

Because the Senior class is so large that all of them are not acquainted and because it would be very expensive to buy a sufficient number of cards to exchange with all of the members of the class.

Kite Flyers Are Reminded of the Season's Dangers

The approach of kite-flying days has prompted the West Texas Utilities Company to invite youngsters hereabouts to notify the local office in order to prevent possible accidents resulting from entangled kite strings in electric line wires.

'We remember when we used to fly kites,' said H. C. King, local manager for the company, 'and we're willing to do the work when it comes to rescuing a kite from light and power poles or lines.'

He urged that boys notify the local office in event their kites become entangled so that an experienced pole-climber can help get it down.

'The safest things,' he said, 'is not to fly kites near the lines due to the danger of contact with current. We are anxious to prevent possible tragedy from interfering with boys and girls. It seems that the boys were out of luck and lost. But the girls were lucky and won Wednesday afternoon our boys and girls will go to Paint Creek and play. The high school junior girls will also go and play.'

ELIMINATIONS ARE HELD FRIDAY

Eliminations in Story Telling and Declamation was held Friday afternoon. In the story telling contest, Billy Ann Hinkle won first place, and Billie Couch second. In the junior boys declamation, Tommie Mapes first; and Walter Merchant second. In the junior girls declamation, Imogene Guess won first place, and Hazel Atchison won second.

PLAY GROUND BALL GAME FRIDAY

Last Friday afternoon, Paint Creek's grammar school boys and girls came to Mattson to play our

with the fun of flying a kite.' He urged parents to cooperate by insisting that dry, clean string always be used for kites and kites-tails instead of damp string or wire, which he said, 'is a dangerous practice.'

Luther League Has Regular Meeting At Irby School House

Members of the Trinity Luther League held their regular monthly meeting at the Irby school house on March 12.

The meeting opened with a hymn after which the new officers were installed by Rev. A. H. Muehlbrad. Prayer—Lorene Ven Gonten. Scripture Reading, Romans 1:16-26—August Steinfath Jr.

'Is The Bible Really God's Word?'—Henry Steinfath. 'Brotherhood Song'—Rev. A. H. Muehlbrad and Luther Muehlbrad.

'The Same In Every Tongue'—Henry Druessedow. 'The Bible Message For You'—Mrs. Richard Kretschmer.

A business meeting followed the program. The meeting was closed with a hymn and the Lord's prayer repeated in unison.

Intermediate G. A. Girls Meet On Monday

The Intermediate G. A. girls met Monday, March 20 at the Baptist Church at 4 p. m. We had a new teacher, Mrs. J. P. Payne and elected new class officers to take the place of the former officers. They are:

President, Garene Head; Vice-president, Florene Hammer. Secretary and Treasurer, Annie Bess Gilliam; Reporter, Allene Thompson; Group Captain 1, Billie Johnson; Group Captain 2, Sammy Holland.

We will have a social meeting at Mrs. Payne's home next Monday at 6:45.

Miss Lo's Holmesley spent Monday with Miss Wilma Pearl Reid of Rochester where they visited Rochester High School.

MISSIONARY PAGEANT TO BE GIVEN AT HOWARD CHURCH

Members of the Young People's Class assisted by a few of the Adult Class are to stage a Mission-Pageant at the Howard Baptist Church, March 26th at 7:30 o'clock. Everyone is cordially invited to be present for this program.

Underinflated tires wear faster than correctly inflated ones. Makers tell us that by having the air pressure checked from week to week it is possible to get as much as ten to twenty per cent more service from the average tire. Isn't that worth a little care?

We have the best tires on earth and also the best prices to be had anywhere. Just ask us about our tires and prices—you will not be urged to buy, just come in and see them. 'Save with Smitty.'

It is also well in the interest of economy to shop at Smitty's. That way you are always assured of high quality—low price—and fair dealing. 'Save with Smitty.'

Driving a few miles slowly and with the lugs loosened just a trifle may stop a squeak in the rim. If however you have already driven too far with loose lug bolts then remember to call at Smitty's and get some new ones at half price. For instance: Bolt and nut for Ford 'T', Ford 'A', or Chev. 29-31 is only 5 cents! We have many other bargains just as attractive. 'Save with Smitty.'

Do not keep pressing the starter pedal when the motor refuses to start. Intervals of from 15 to 30 seconds is the reasonable unit when the starter should be used again.

Starting a balky motor in the mornings is hard work on a battery and the best is none too good for our customers so we suggest at the first sign of battery trouble that you see our line of batteries. We handle nationally known and advertised products for car, truck, tractor, and radio. Car batteries as low as \$2.89 each. 'Save with Smitty.'

It is impossible to learn the exact oil level in the crankcase unless the car is standing on flat ground.

It is just as impossible to get a bargain every time unless you get your auto needs at Smitty's. Take our oil for instance, a two gallon, factory sealed can, fully guaranteed to please YOU or your money back, for only 89c tax paid. 'Save with Smitty.'

The average thickness of the steel used in automobile bodies is about one-sixteenth of an inch.

The average thickness of Smitty's head is three inches which is one reason that we will not be undercut on price, quality being equal. If you doubt either of the above two statements please measure for the first statement and make me prove the second. 'Save with Smitty.'

Since 1920, according to records of manufacturers, the average price per pound of automobile has declined from approximately 74 cents to 26 cents.

Since 1930 automotive needs in Haskell have steadily declined to keep pace with the automobile price decline. We take credit for at least a small portion of this saving. One example: a box of cold patch that sold for 25c in 1930 is now sold at Smitty's for 7 cents. 'Save with Smitty.'

At the World Fair in New York City during the coming summer there will be many exhibits of an automotive nature, and chief among these will be a miniature car-making plant which will show every phase of the manufacture of a modern motor car. The display is expected to give visitors a greater insight on just how an automobile is manufactured. There still is some work to be done on it, but architects say it will be completely ready in time for the exposition's formal opening.

At Smitty's Auto Supply in Haskell, Texas there are stiroed and displayed over five thousand separate items for the modern motor car, truck and tractor. These parts are priced to sell and do sell—are you getting your share? 'Save with Smitty.'

**Chevrolet Leads In Registrations of Cars in Texas**

Texas' automotive registration figures for the year 1938, made public recently, show Chevrolet in first place in the state, as in the country at large.

Chevrolet, the figures reveal, registered 37,691 passenger cars and trucks in Texas in 1938. This represents 39 per cent of the state's total passenger car registrations in the low-price group, and 38.7 per cent of truck registrations in Chevrolet's weight class. This showing in 1938 gives

Chevrolet leadership in seven out of the past eight years for passenger car sales in Texas, while Chevrolet trucks have led in seven out of the past 10 years.

Methodist Missionary Society Meets In Church Monday

The Methodist Missionary Society met in the auditorium of the church on Monday afternoon at 3 p. m. Mrs. Mays, president presided over a short business session. For the opening song and with Mrs. Wallace Cox at the organ all joined in singing, "I Love Him."

Mrs. P. D. Sanders, a talented artist, gave a splendid talk on the stained glass windows of our church. Each was analyzed and many interesting points brought out. Songs used were those corresponding to the picture painted on the window. Songs used were: "Savior Like A Shepherd Lead Us," "In The Garden," "Hark, The Herald Angels Sing," "The Way of the Cross Leads Home," "Must Jesus Bear The Cross Alone," "The Old Rugged Cross." The speaker closed her address with a prayer.

Anniversary Dates

One of the greatest advancements in medical science occurred on this date fifty-seven years ago, when on March 24, 1882, Koch announced that success had crowned years of research to isolate the tuberculosis germ. The dreaded scourge had baffled physicians and students for ages, and had claimed the lives of millions throughout the world. Koch's discovery led to a successful treatment method for tuberculosis.

CHURCHES

FIRST CHRISTIAN CHURCH W. Russell Coatey, Minister Bible School—9:45 a. m. Morning Worship—10:45 a. m. Sermon: "The Church's Message On Baptism." Evening Worship—7:30 p. m. Sermon: "The Church—Its Great And Discipline."

Our attendance showed a nice increase last Lord's Day, but we should never be satisfied except with the best. Let us continue the good work. Special numbers will be featured next Lord's Day morning. Corpe and worship. The sermon next Lord's Day morning will present the scriptural teaching on baptism. The sermon Sunday evening will prevent evidence to show that the New Testament Church has no creed but Christ; no discipline but the Bible. If we are to be a scriptural church today, we must follow after the New Testament teaching.

You feed your body twenty-one times a week, whether it is hungry or not. Then why not give your soul some spiritual food at least once a week by attending church even if it doesn't seem hungry? The poor thing may be too weak from starvation to make its wants known.

CHURCH OF CHRIST J. G. Malphurs, Minister

Freedom in the exercise of religious freedom is fine. We believe in it; it is our God-given and American-born right. Yet some parents grant this liberty to their small children, which God never intended, nor does the government need, if it is to have the right kind of citizens. Some parents let their children do as they please about going to church or to a Bible class. If they want to go, they go, and if they don't want to go, they don't have to. They may stay home, or go where they please at the time of worship. The child has as yet not developed conscience. Left to itself it is like a running bean vine without a support to climb on. Parents must nurture their children in the chastening and admonition of the Lord." (Eph. 6:4). A child's religious freedom begins after a religious conscience has been developed. Parents should urge the child to perform religious duties as much as they compel him to learn to read and write.

Our Bible class for young married people is well attended, and exceedingly interesting. It meets in the school auditorium at 9:45. We will be pleased to have you visit this class. Sermon at eleven and 7:45. The subject for the evening will be another on the Life of Christ, "Jesus Explains The New Birth To Dr. Nicodemus". Come and worship God with us.

FIRST METHODIST CHURCH

Your Soul cries for God and the House of God! Satisfy the desire of Your Soul. Come worship God in the services of this Church. You will enjoy the singing and the preaching of the Gospel. A warm, sincere, cordial welcome awaits you at each service. This Church is interested in every individual in Haskell and the surrounding communities. If you do not have a Church Home make this Church Your Church Home. Come. Worship God With Us.

9:45 A. M. Church School. Bring the entire family. There is a class for each member of the family.

11:00 A. M. Morning Worship. This sermon: "The Hands of Jesus Christ" will grip and hold you.

6:45 P. M. League. Boys, Girls, Young People bring your friends to the League.

7:30 P. M. Evening Worship. Don't miss this sermon: "Nine Sons Of The Devil." All Nine Sons of the Devil will be called by name.

Monday, 3:00 P. M. The Woman's Missionary Society. Mrs. Joe E. Schaded of Paducah, Texas will give a talk on the Bible Lands. All the women of the Church are urged to be present and hear this talk by Mrs. Schaded.

Wednesday, 7:00 P. M. Church Night. Every member of the Church should attend this thirty minute service. Come and bring the family.

AN ORDINANCE

Regulation of Contagious Diseases; Providing For Quarantine Restrictions; Providing For The Enforcement of Quarantine Restrictions; Fixing Penalties For Violation, and Declaring An Emergency.

Section One: That from and after the passage of this ordinance each and every member of any household wherein any member of such affected person may be located within any danger of communicating said disease shall have passed and or until said person having such disease or any person who is a member of said family or household shall have been cleared to be free from said disease or free from any danger of communicating said disease to unaffected persons.

Section Two: Provided further that the City Health Officer of the City of Haskell, Texas, or any licensed Physician or Surgeon shall have the authority to report the presence of any contagious disease to the City Marshall of the City of Haskell, Texas, which report shall be conclusive, and it shall then be the duty of said City Marshall to quarantine said family or household by posting or causing to be posted an appropriate placard on the premises occupied by said family or household and to warn or caused to be warned all occupants of said household and members of said family against leaving said premises until released by the City Health Officer of the City of Haskell, Texas, provided further that the City Health Officer of the City of Haskell, Texas, shall have the authority to quarantine any family or household where contagious diseases are found to exist.

Section Three: Any family or household located within the city limits of the City of Haskell, Texas, shall be subject to the terms of this ordinance.

Section Four: Any person found violating the terms and conditions of this ordinance shall be deemed guilty of a misdemeanor and upon trial and conviction thereof shall be fined in any sum not in excess of \$100.00 and the costs of such prosecution.

The fact that there is now no ordinance of the City of Haskell, Texas, regulating and controlling, and preventing the spread of contagious diseases makes it an imperative public necessity that such ordinance be passed and be in full force and effect from and after the passage, and the rule calling for the reading of an ordinance at three several meetings be suspended and it is so done and ordained.

## GEMS OF THOUGHT

Confidence in another man's virtue is no slight evidence of a man's own.  
—Montague.

## Industrial X-Ray

The X-ray machine which has proved a boon to the human race through the aid it gives to surgery is now serving humanity in another way. By the use of powerful X-ray units of 200,000 volt capacity the Bohm Aluminum and Brass Corporation inspects aluminum castings, bearing ingots and other vital parts for airplanes and other engines to be certain that nothing but flawless parts are used. Thus, not only are imperfections located before extensive machining operations are undertaken, but failures in service are prevented by the elimination of structural defects beneath the surface of the metal, which could not be located except by the X-ray.

With increasing air travel and rapidly growing dependence on automotive transportation on land and sea, the need for infallible powerplants has brought about the use of machines for routine inspection which were not long ago employed solely by scientists and laboratory experts.

The adoption of the X-ray as a standard piece of inspection equipment by manufacturers such as Bohm make a great advance in the elimination of costly and sometimes fatal accidents, due to defects which could not be detected by any other means.

## The Poultry Crop

The little red hen has been extolled down the ages for her contributions to the welfare of mankind. It is only necessary to glance at the reports of the Department of Agriculture on the value of the poultry crop to appreciate its importance to producers and consumers alike.

In recent years new profits have been drawn from the poultry industry through more scientific feeding. Research work by state and federal agencies, as well as by feed manufacturers, has developed improved rations which have definitely added to money returns.

As is pointed out by J. E. Hunter, a research authority, in a recent article, with the steady rise in the production of soybeans as a new and profitable cash crop for farmers, there has been an increased use of soybean oil meal in the poultry ration. While soybeans contain more oil than poultry can effectively use, the oil meal is of high nutritive value and contains a full complement of the essential amino acids so necessary for optimum growth, production and reproduction.

It usually sells for less than do proteins from animal sources, which makes it advantageous for the poultryman to use feeds in which a portion of the animal protein of the ration has been replaced by soybean oil meal. It also has the advantage of influencing egg yolk color, as do some plant concentrates, and is an extremely standard product, showing little variation.

## Legion Celebrates

March 15 marked the 20th birthday of the American Legion, and was the occasion for celebrations by posts of the big veterans' organization throughout the United States and by members in several foreign countries.

The inception of the American Legion really occurred in January, 1919, when four civilian officers of the A. E. F. who were friends before the war, met by chance in Paris. There were Theodore Roosevelt, Jr., George A. White and William J. Donovan, lieutenant colonels, and Eric Fisher Wood, a major. The four discussed the desirability of forming a veterans' organization, and their informal discussion led to the calling of a caucus of representatives of various A. E. F. units.

This caucus was held in Paris, beginning March 15, 1919, and lasted three days. About 1,000 "delegates" had obtained military leave of absence to attend, but more than one-half of the number devoted themselves principally to seeing the sights of the city, instead of talking in the meetings.

An organization was effected, however, with Colonel Roosevelt as chairman, and the name American Legion was adopted. Roosevelt, who had been severely wounded shortly returned home, and took the lead in arranging a second caucus for troops in the United States, which was held in St. Louis the following May.

The first regular convention met at Minneapolis on Armistice Day, 1919, which time the American Legion has been a vital, patriotic force for the preservation of the nation's ideals and institutions.

## Professors Flunked

Undergraduates at the University of Puerto Rico indulged in a rather new and perhaps pleasing indoor sport of rating their faculty members, with grades from A to F. The results were later published in the student's daily newspaper.

The proceeding was not a mere prank, it is said, but a frank appraisal of the professors' fitness for their jobs, and quite a number received an A rating, but there were only a few F's. An F, it was explained, denotes that a teacher "has nothing," and lack of preparation, talent or other qualifications for his profession.

One mathematics professor, known as the "hardest" in the university, was almost unanimously voted an A rating, "because he knows his stuff."

The chancellor of the university, possibly desiring to save the faces of some of his low-rated professors, expressed the opinion that the students were governed more by their feelings than by their intellects in awarding the ratings.

This may have been true to a certain extent, as the personal equation inevitably enters into such matters more or less. But, one may ask, does not the same thing often happen when the teacher is doing the rating?

In any event, the experiment may have been beneficial to the professors, regardless of the marks awarded. Some of them may become better teachers as a result of the jolt handed them by their students.

To her two daughters Mrs. L. P. Oldham of Oklahoma City bequeathed "my sunny disposition, my sense of fairness, and my beautiful neck." They also received \$4,000 in real estate.

In Philadelphia, Magistrate Eli Myers put Mrs. Martin Beza under a \$300 peace bond after her husband complained: "She weighs 180 and I weigh 140. She's been beating me up ever since we were married 17 years ago."

Paris police, seeking the cause of a persistent gas-pipe leak in an apartment house, found that a maid had been peering the pipes. She confessed she was in love with the plumber who had to be called to repair them.

Thomas Childs, 16, of London, was paroled to his parents when they testified he had stolen for "40-year-old vampire" with whom he was infatuated.

### CITATION BY PUBLICATION

THE STATE OF TEXAS.

To The Sheriff or any Constable of Haskell County—GREETING:

YOU ARE HEREBY COMMANDED.

That you summon, by making Publication of this Citation in some newspaper published in the County of Haskell if there be a newspaper published therein, but if not, then a newspaper published in the nearest County to said Haskell County, for four consecutive weeks previous to the return day thereof, W. E. Robertson, Jr., whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be held in the County of Haskell at the Court House thereof, in Haskell, Texas, on the 17th day of April, A. D. 1939, then and there to answer a petition filed in said Court, on the 4th day of March, A. D. 1939, to a suit numbered on the Docket of said Court No. 5400, wherein Aubrey Robertson is plaintiff and W. E. Robertson Jr. is defendant. The nature of the plaintiff's demand being as follows to-wit: Being a suit for divorce, Plaintiff alleging that she has been for a period of twelve months an actual bona fide inhabitant of the State of Texas and has resided in Haskell county for six months next preceding the filing of this suit. That plaintiff and defendant were married on or about the 17th day of April, 1919, and lived together as husband and wife until on or about the 12th day of August, 1938. Plaintiff alleges that she conducted herself with propriety and managed the household affairs of her said husband with prudence and economy, but that defendant disregarding the solemnity of his marriage vows and his obligations to treat plaintiff with kindness and attention within about one year or more prior to their said separation, commenced a course of unkind, harsh and tyrannical conduct toward her which continued with slight intermission until she finally separated from him on or about the date above alleged. That on divers occasions while plaintiff was under the care, custody and control of her said husband, she was guilty of excesses, cruel treatment, and conduct toward her of such a nature as to render their living together insupportable. That defendant abused plaintiff, cursed her and applied to her the most opprobrious epithets and threats of personal violence.

That in consequence of the cruel treatment above mentioned, together with the threats aforesaid and such conduct toward her as rendered it unsafe for her to live with him, she was on the date above alleged obliged to leave and did leave defendant since which time she has not lived with him.

Plaintiff further shows and alleges to the Court that there is no community property belonging to plaintiff and defendant.

Plaintiff alleges that two children were born to this union to-wit: W. E. Robertson Jr. who is now over 18 years of age and Martha Jean Robertson who is thirteen years of age, plaintiff shows to the Court that she has provided for such children since separation and that she is a proper person to have the care, custody and control of them.

Plaintiff alleges that defendant's actions and conduct towards her generally are of such a nature as to render their further living together as husband and wife insupportable, the premises considered that said marriage relations between plaintiff and defendant still exist.

Wherefore plaintiff prays the Court that defendant be cited to appear and answer herein and for judgment dissolving said marriage relation for the exclusive care, custody, control and education of the minor children, for costs of suit and for such other and further relief special and general in law and in equity that she may be justly entitled to and will ever pray.

Aubrey Robertson, Plaintiff.

HEREIN FAIL NOT. And have you before said Court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Haskell, Texas, this, the 14th day of March, A. D. 1939. 4tc

Mrs. Hettie Williams, Clerk District Court, Haskell County, Texas.

## Haskell County History

30 Years Ago—March 20, 1909  
Mr. Earl Coghill is moving his family back to his old home in Grandbury.

Mrs. Kate Lemmon and Mrs. Bob Remick's entertained Mrs. Wynne on her last week at the home of Mrs. T. J. Loveman. There were many guests present, and Mrs. Wynne, being a prospective bride, was flattered with many complimentary articles of pinnafore and silver.

On last Sunday at 8 a. m. Mr. Ira Ellis and Miss Isabel Wynne of this city were married at the home of the bride's father, W. H. Wynne.

T. C. Patterson's team ran away Tuesday, and Mr. Patterson received a dislocated arm when he tried to restrain the occupants but hurting none.

Accident—

(Continued From Page One)  
 sisters were Della Pearl Blackwell, 16, Stamford high school senior student, and Frances Blackwell, 14, student in Haskell high school. Neither was seriously injured.

The party was en route to the home of Mr. and Mrs. C. E. Blackwell, parents of Mrs. Capps and the two girls, who live about ten miles southwest of Haskell. The accident occurred about 10:30 o'clock.

The wreck was discovered by Mrs. Shelby Harris and her daughter Christine, who also were returning from the style show. They summoned H. C. Hadway and his son, H. T., who removed the injured women to the hospital.

Funeral services for Mrs. Cobb was held at the Methodist Church in Truscott, Texas, Thursday afternoon at 2:30 o'clock, conducted by the Rev. George Tyson, pastor. Deceased had been a member of the Methodist church since girlhood.

Burial was in Truscott cemetery, with Holden's funeral home of Haskell in charge of all arrangements.  
 Myrna Eugene Burton was the daughter of Mr. and Mrs. Sidney Burton of Truscott, and practically her entire life had been lived in that city. She was married to L. C. Cobb at Truscott on May 13, 1936. The couple had made their

home near Sagerton for the past four months.  
 Immediate survivors are the husband, her parents, Mr. and Mrs. Sidney Burton; and one brother, Charles Burton of Truscott.

Bond Issue—

(Continued from Page One)  
 est, an exceedingly low interest rate for school bonds.

Since only four rooms are to be constructed the proposal is to add two rooms to each end of the present North Ward Building. This would complete that building as originally planned, the four rooms having been left off at the time of construction because of lack of funds. The total cost of the building would be approximately \$12,000. Additional items in the proposed W. P. A. project would include widening and salvaging material in the old East Ward building, resurfacing the football field, and leveling and leveling the grounds at both North Ward and South Ward and would bring the total cost of the project to something over \$16,000. The additional items of ground improvement would create more labor for the district and would entitle the district to more cash outlay for materials purchased by W. P. A. authorities, thereby lessening the district's actual cash cost of the building.

The entire project hinges first upon the voting of bonds and second upon the approval of the project by the Works Progress Administration. However, school authorities have every assurance of the probability of such approval if the bonds are voted. The entire program, if carried out, will mean the district will receive a \$12,000 building and \$4,000 in other improvements for a cash outlay of \$5,500, carried at a very low rate of interest.

Funeral services for Mrs. Cobb was held at the Methodist Church in Truscott, Texas, Thursday afternoon at 2:30 o'clock, conducted by the Rev. George Tyson, pastor. Deceased had been a member of the Methodist church since girlhood.

HHS Homemakers  
 "Style Parade" Is  
 Held March 21st

Annual "Spring Style Parade" displaying achievements of the Future Homemakers Class of Haskell High School was held in the high school auditorium Tuesday night under the direction of Mrs. Myrtle Meyer, teacher of vocational homemaking. Forty-two members of the second year group took part in the style revue, which was witnessed by an audience which filled the auditorium.  
 At the conclusion of the style revue, judges named a group of five winners, and from this number will be chosen a representative to attend the State Rally of Homemakers in Galveston in April. Named in the group were Virginia Heath, Catherine Wimberly, Sue Quattlebaum, Gloria Welch, Connie Morris, and Patsy Pate. It was announced that the group member making the highest grade at the time the Rally is to be held will be named as Haskell's representative. Judges of the parade were Miss Edith Rowell, Home Economics teacher of the Stamford High School, and Miss Sally Griffin, Home Economics teacher of Old Glory.

During the review, the following program was given:  
 "Woman In The Street"—Louise Person.

CARD OF THANKS

From grateful hearts we wish to express our sincere appreciation for the many acts of kindness and thoughtful deeds extended by our friends and neighbors during the illness and death of our beloved husband and father. We shall always remember and cherish each kind deed and other acts of sympathy which have helped lighten our burden of grief. And we would not forget the beautiful floral tributes to the memory of our loved one—Mrs. W. E. Johnson and children.
