Mrs. Paul Mercer and Mrs. Jess Place shopped in Abilene Friday.

Raymond McCandless and Reba Stahl were Haskell visitors Friday evening.

Your Farm Can Help

A farm 'ground crew' waves a comradely salute to America's air forces while loading a truck with the kind of food that will help 'keep 'em flying.' The picture is from a popular U. S. Department of Agriculture poster entitled 'Your Farm Can Help.' And it's true that every farm in the United States can make a valuable contribution to the national victory program by producing more milk, eggs, pork, and vegetables, says the Department. A record production of these foods is needed to feed soldiers and sailors, keep families properly nourished at home, and give strength to Allies overseas.

NEWS in the WORLD of RELIGION by W.W. REID

From England comes the story of what happened when Our Lady of Victories Roman Catholic Church was burned to the ground following an air raid in Kensington. The Jewish owner of an empty furniture showroom offered it as a temporary church building...

The Egyptian agency of the American Bible Society reports that it had distributed large quantities of Bibles, New Testaments, and scripture portions to Italian war prisoners in Egypt, Sudan, Uganda and in Capetown. Besides Bibles in the Italian language there were calls for large numbers in Amharic, Arabic and Galila. 'This is the only literature which most of the Italian prisoners possess, and I know that they are read a good deal,' says one grateful recipient.

Christian people who are in a good state of health are advised by the Federal Council of Churches of Christ in America to do their part in the relief of human suffering in America and in the war-torn corners of the earth. Says the Council, which represents practically all American Protestant groups, 'for the first time in history, it is now possible for one to give his blood in the certain knowledge that it will save the lives of others without the loss of one's own life. Methods which the Red Cross now utilizes make it possible to give blood in New York which may save life in China, or to give it in Seattle to save life in Ireland... By giving to a 'blood bank' one is not giving of oneself before men to be seen of them. The fact that the blood of races and of nations can thus be mixed and used to save one another's lives, the Council points out, proves that there is no scientific justification for the myth that blood is the basis of racial discrimination.'

Of the 100 leper stations and leproseriums around the world supported by the American Mission to Lepers, 83 are in operation and 17 have fallen behind the iron curtain of war, according to Eu-

gene R. Kellersberger, M. D. general secretary of the Mission. Of the four in Japan, two are known to be carried on by the Japanese Christians; one in Formosa is being carried on by a committee of Christians; others in Japan, in Korea, in occupied China, in Thailand, and in the Philippines (four centers) are cut off from their normal basis of support and are marked 'status unknown.' It is believed probable that most of these are closed and the inmates scattered.

According to Dr. Leslie B. Moss, coordinator under the Federal Council of Churches of Christ in America, of the relief appeals that are being made in the Protestant churches of the country, there are eight approved agencies for civilian relief and there will need \$6,000,000 in 1942 to carry on their services—one-third of this amount to be secured within the churches. These approved agencies, in addition to those within denominations are: Church Committee for China Relief, Central Bureau for European Relief, Americans Friends Service Committee, International Missionary Council, War Prisoners Aid of the Y. M. C. A., War Emergency Committee of the Y. W. C. A., the American Bible Society and the American Committee for Christian Refugees.

'The American Mother of 1942' is to be named before the end of this year by American Mothers' National Committee of the Golden Rule Foundation from nominations made during the next few months by 'friends and neighbors.' The qualifications of the nominee include: a successful mother whose children have achieved a sense of social and world relationship, ability to make friends and to appear at ease in public. Nominations should be sent to Mrs. James F. Loran, 60 East 42 Street, New York City, chairman of the committee. The American Mother selected for 1941 was Mrs. Dona Shelby Diehl of Kentucky.

Return From State Church Meet

Rev. and Mrs. R. C. Crager of Gilliam returned Friday from the State Convention of Texas Four-square Churches, held at Donna, Texas, Feb. 17-19. Accompanying Rev. and Mrs. Crager to the state meeting were Mrs. Pauline Farrell of Gilliam and Mrs. W. P. Russell and two daughters Betty Ruth and Barbara Ann of Rochester.

Week-End Visitors In Oklahoma

Mr. and Mrs. John F. Ivey and Mrs. John M. Ivey, teacher in the Paint Creek rural high school, spent the week-end in Oklahoma City where they visited the latter's husband, John M. Ivey who is attached to the U. S. Signal Corps stationed at Camp Will Rogers near Oklahoma City.

The best type of fire defense is fire prevention.

Fifty Persons Given Certificates for Purchase of Tires and Tubes

Certificates for purchase of tires and tubes were granted to the following persons by the Haskell County Rationing Board, Friday Feb. 20, 1942:

- C. O. Davis—2 tires for truck. Bill Fouts—1 tire for pickup. Allen Nathan Lees—2 tires for tractor. Sidney Clarence Winchester—1 tire, 1 tube for tractor. Community Natural Gas Co.—1 tire, 1 tube for pickup. I. Van Marrs—2 tires, 2 tubes for tractor. Addie Willson Cox—2 tires, 2 tubes for tractor. Ernest Ray Lowe—2 tires, 2 tubes for tractor. George Felix Mullino, Sr.—1 tire, 1 tube for tractor. Walter Clovis Winchester—1 tire, 1 tube for planter. Walter Herbert Merchant—2 tires, 2 tubes for farm trailer. Claude Edward Bland—2 tubes for tractor. Charley Augusta Mayes—1 tube for tractor. William Paul Russell—2 tires, 2 tubes for tractor. Edd S. Wilson—2 tubes for tractor. Willie Strickland—1 tire for tractor. William Bailey Guess—1 tire, 1 tube for pickup. Joseph Anderson Landess—2 tires for tractor. James Edgar Walling, Jr.—1 tube for pickup. LaRoy Overby—2 tires for tractor. Marion Alfred Force—1 tire for tractor. Harley Ivey Brown—2 tires, 2 tubes for tractor. John Behringer—3 tubes for one way plow. John Behringer—2 tires, 2 tubes for tractor. Henry Washington Whitesides—1 tire for tractor. Ira Newt Grinstead—3 tires, 2 tubes for tractor. James Traverse Everett—2 tires for passenger car.

- John Smith Abernathy—2 tires, 1 tube for farm trailer. William Isaac Pierson—2 tires for tractor. Cody Thomas West—1 tire, 1 tube for tractor. Ernest Ray Lowe—2 tires, 2 tubes for planter. Lowery & Michael—1 tire, 1 tube for tractor. Charles Darrell Kay—1 tire, 1 tube for pickup. Claude George Covey—2 tires for tractor. Joel Murfin Jacobs—1 tire, 1 tube for passenger car. Minor Clark Ratliff—2 tires, 2 tubes for pickup. Charles Vinson Baker—1 tube for passenger car. Charley Clifton Childress—1 tire for tractor. James Robert Coody, Jr.—4 tires 4 tubes for passenger car. Joseph Howard Montgomery—2 tires, 2 tubes for passenger car. Paul Charles Neinst—2 tires for farm trailer. Cornelious Washington Stephens—2 tires for tractor. John Lynn Guillot—1 tube for farm trailer. Edgar C. Laughlin—1 tire, 1 tube for pickup. Edgar C. Laughlin—1 tire, 2 tubes for trailer. Shelby Harris—2 tires, 2 tubes for planter. Joseph Howard Montgomery—1 tire, 1 tube for passenger car. Roy A. Sanders—1 tire, 1 tube for passenger car. John Fines Woolsey—2 tires, 2 tubes for passenger car. A. G. Mitchell—2 tires, 2 tubes for trailer.

Weekly Health Letter

By Dr. Geo. W. Cox, Health Officer

Austin, Texas—Measles as is reaching a mild stage at present, with the following closely the main travel across the State, to information made public by Doctor Geo. W. Cox, Health Officer.

'The peculiar pattern spread of measles, the fact that it is a contagious disease, but dangerous to another,' Doctor Cox 'Guard against exposure by ing contact with measles cases to be carefully made close attention from a doctor.

'Unskilled treatment of case of measles can result complications which often for Cox warned, 'and is regarded lightly as another childhood disease.

Doctor Cox urged carefully watch children at the first signs of ure, flushed face, sniffing, ere eyes, advised that be put to bed immediately placed under a doctor's

Property and materials to war-time production destroyed by fire just as they can be destroyed by five bombs dropped from planes. Fires can be prevented.

Elimination of fire hazards greatly promote better for all-out war production.

Insurance F. L. Daugherty 'The Insurance Man'

Just A Reminder

We're ALL soldiers and in the army NOW. And that means new responsibilities. For us, our salesmen no longer blithely offer you this or that appliance. We must advise that you take good care of your electric refrigerator, your washing machine, your sweeper, radio, food mixer, and every other appliance. The factories that make these marvelous time and labor-saving servants are being turned to the manufacture of war materials. Be good to these appliances—and they'll be good to you.

It is true that meats shrink less and vegetables lose less of their vitamins with electric cooking. It is true that there is less food spoilage with electric refrigeration. It is true that the electric washing machine, the sweeper, and the food mixer all have greatly relieved women of tiresome, unnecessary household drudgery and save time and energy for wartime work. And it is true that both workers' and children's eyes show less strain when the lighting is good.

So, as soldiers fighting for our American way of living, it is our duty to provide electric service for all these things which are normal in peacetime and imperative in wartime.

Hence, it is proper also to urge that you keep your electric appliances in good condition... get longer wear out of them. Whenever needed, ask the advice of our servicemen. They, too, are in the war... rendering an essential service.

Is He Straight?
Is He Dependable?

The quiz that is asked of each man. Is he straight—Is he depend-
able? Is the answer is yes; then the merchant wants his credit business.

Character Basis of Credit

When all is said or done, the greatest opportunity of this life is the
opportunity to develop character, which is the basis of all credit. It
is the best insurance. If it is known that a man has character, that he
pays his bills promptly, he stands up among his fellow townsmen like
the Rock of Gibraltar. He is a man who has a happy, prosperous life—
while the deadbeat will have only wretchedness, for he is a failure.

If you have been slow in caring for your obligations to the merchants
and professional men in the past, now is the time to make a change

Haskell Free Press

Senior Spotlight

ALTON IRVIN

Alton is the blond, blue-eyed senior that was chosen by the student body as the most handsome boy in high school. He went to school at New Cook before moving to Haskell...

He prefers Rule girls and this makes many Haskell girls blue. When asked about his school activities he said, "I've led a very quiet school life."

Mr. and Mrs. G. C. Irvin are his parents. Vivian Jarred is a tall, athletic, brown-eyed, blonde senior. She has proved a very loyal Indian by being in the Pep Squad for four years...

Mr. and Mrs. U. F. Jarred are her parents. MAURINE JOHNSTON

Maurine has attended several schools during her quest for education. She spent her first five years of school in Big Spring, Texas. Then she attended South Ward Grade School for one year and North Ward Grade School for one year...

Library Is Scene of
Unique Assembly

"General assembly will be held in the Library. Bring your choir." This was the most unique announcement that Haskell High has had yet...

The members of the band came to school again in full uniform to have their picture retaken for the annual. The picture was taken on the football stadium to make it appear brighter and better.

Homemaking Girls
Sell Subscriptions

The girls of the Homemaking classes are selling subscriptions to the "Better Homes and Gardens" magazine. The money made by these sales will be used for the purchase of a hot water heater and a bath tub for the Homemaking Cottage.

This work is just one of the many things that the girls are doing so that they might furnish the cottage. Because of the good work that the Homemaking girls are doing, H. H. S. salutes you.

Vocal Trio Is
Chosen

The first assembly program in the new Haskell High School was held February 18, 1942. The great occasion was to choose an official Haskell High Trio. This movement was recommended by the Student Council.

Two trios competed for this title. The first consisted of Nancy Beth Collins, Wylene Quattlebaum, and Faye Parks. The two numbers entered by this trio were very original in presentation.

The other trio, composed of Carolyn Williams, Doris Lowe, and Lela Ruth Brock sang "White Cliffs of Dover." For their second number, they gave "Remember Pearl Harbor." Both were given very stirringly.

By the popular vote of the student body, Nance Beth Collins, Faye Parks and Wylene Quattlebaum are the official H. H. S. trio.

Through the Looking
Glass

Recently the outstanding expression around H. H. S. was "pullse." That was to show the orator's weariness on any subject. Now the favorite is "Let's don't discuss it," said very curtly.

Let me urge you all to give your contribution to the "Victory Book Campaign" as soon as possible. As many things as Haskell has sponsored this year, not a thing has come below expectations.

Those long-awaited photo stamps arrived last Friday! After all those months of anxious waiting, everything was going at a fast pace. The ones who received the stamps were trying to exchange them; the ones who didn't were trying to get them; and the teachers were just trying to restore order to the heretofore peaceful classrooms.

Does some one have a grudge against Sam Smith? I ask that because every time he entertains his friends with a dance, something happens. I wonder why that light fuse went out just when it did? Is it jealous "left-outers" or just what? I imagine Sam would like to know too.

Lunchroom Serving
Large Numbers

The school lunch room was opened last week and a large number of students are being served every day. The largest number served in one day during the first week was 309 on Wednesday; the next largest was 289 on Friday.

The women who prepare and serve the meal each day work efficiently and a well filled plate is ready for each student with little delay. Students are required to buy their meal tickets in their own buildings, and the price is ten cents.

Relief At Last
For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Teachers Hear Army
Officer Speak

On Tuesday evening of last week the high school teachers attended a meeting of the County Teacher's Association. Major Gilstrap of Camp Barkley was the speaker for the evening.

The Major told of his conversation with some Japanese soldiers who are under him, and stressed

the teaching of physical education in high schools. The nation depends on the morality and physical condition of the younger generation who will come out of the high schools for the next five years...

Defense Honor Roll

The number of defense stamps sold on Friday, February 20, 1942 exceeded the last sale by \$58.90. This proves that H. H. S. students won't let America down.

Those names placed on the Defense Honor Roll this week are: Royce Adkins, Wayne Adkins, Bobby Alley, Darvil Anderson, Sarah Arbuckle, Velma Alice Ballard, C. B. Breedlove, James Breedlove, Thomas Booth, Lela Ruth Brock, Anna Mae Brooks, Deen Bartlett, Maxie Burson, V. A. Brown, Dale Bartlett, Roy Clay Brock, Wanda Jean Barton, M. L. Applications For
Farm Seed Loans
Now Being Taken

Crop production, vitally important this year, is being financed by the Emergency Crop Loan Section of the Farm Credit Administration through loans to farmers in need of credit assistance. These loans, usually known as "seed loans", are the oldest form of Federal aid to farmers in production crops...

Earlene Pearsey, Dorothy Rogers, James Reynolds, Wilburn Rhoads, C. B. H. Wair, Laddelle Welch, Gilbert Wheeler, Pauline Wheeler, Mary Lou Webb, Ben White, Earnest Wilfong, Carolyn Williams, Sue Wair, James Yancy, Helen Young.

quirement in securing a loan but this year the growing of a bigger and better home garden is being emphasized more than ever before, according to W. E. Farwell, Regional Manager of the Dallas Emergency Crop Loan Office, which administers these loans in Texas. "Not only is this verbally impressed by our Field Supervisors and application writers but every check disbursed to a borrower is accompanied by a message on this subject printed on orange paper which cannot be overlooked," says a recent statement from Manager Farwell. "Food for Victory is far more than a slogan. Within another year no one in America will need to be convinced of this. With our organization it is receiving top consideration now during the planting period," the statement concludes. C. Hogan, who supervises these loans in Haskell County, states that applications for "seed loans" and also for loans to purchase feed or produce feed for livestock, may be made at Office in Court House in Haskell. Advances are made for seed, fertilizer, feed, and necessary incidental expense. Eligibility rules are the same as in the past, according to the supervisor.

WARNING
Never cut a corn. This may lead to serious infection. Don't take chances, when GREAT CHRISTOPHER Corn Remedy COMPLETELY removes corns. 35c at OATES DRUG STORE.

Now 4%, time 20 to 34 years. Land Bank Commissioners Loans now 5%, time 10 to 20 years. National Farm Loan Association Office W. H. McCallandess, Secty-Treas. HASKELL, TEXAS

Vitamins aplenty here...

Guns and Vitamins
...it takes both to win a war!

"AN ARMY TRAVELS ON ITS STOMACH"—this is one fundamental that has not been changed in the technique of war. Likewise our civilian defense cooperation can be no better than our physical ability to meet our wartime responsibilities. But all the food planning and careful marketing in the world cannot preserve healthful vitamins unless care is exercised in the preparation of the food for the table. THE RIGHT KIND OF FOOD is especially important these days. It can mean the difference between giving your family foods rich in healthful vitamins—and serving meals that have very few vital elements. Vitamin saving is easier with modern gas cooking methods. LONE STAR GAS SYSTEM
