Store Grain Sorghums

John W. Brock, chairman of the Haskell County agricultural conservation committee, pointed out this week that most commercial grain storage space is already filled and unable to fully accommodate this year's estimated bumper crop of grain sorghums and he urged farmers to store the sorghums on their farms.

Brock said the loan rate on farm stored basis is 95 cents a bushel for No. 2 or better which amounts to \$1.70 a hundred. He said if local market prices were below that amount producers could well afford to get a loan on their eligible grain sorghum. He estimated that about 25 percent of the crop was harvested during September and that approximately 45 percent would be harvested this month.

Tank Filled Without Rain

Not a drop of rainfall has entered a tank dug recently by Noah Lane but the tank is full of sparkling clear water.

Lane, who lives east of Haskell, started digging a stock tank on one of his places two miles east and before he finished the contractor had to give up digging the tank because of seep water. It was then necessary to secure use of a dragline to complete the tank.

After 2,000 cubic yards of dirt had been removed the tank filled to capacity with water, approximately 10 feet deep. The entire tank is crystal clear, neighbors say.

Pre-Cut Grain Bins To Arrive Soon, According to AAA

A carload of pre-cut grain bins are to arrive in Haskell within the next few days, Bob Crocker, secretary of the AAA, said Monday.

Any producer who wants one can obtain it at a cost of \$285. The bins are of Douglas Fir with 2 by 12 tongue groove sides and a shingle roof. They are 15 by 16 by 17 and have a rated capacity of 3,000 bushels.

Crocker said the AAA also had a smaller bin costing \$185 which had a capacity of 1,600 bushels and that farmers desiring these should place their orders now as it took two or three weeks to obtain delivery.

Parents spend half their time worrying how their children will turn out, and the other half worrying when they will turn in.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To: Earnest R. Perkins, Greeting:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 13 day of November, A. D. 1944, at or before 10 o'clock A. M., before the Honorable District Court of Haskell County, at the Court House in Haskell, Texas.

Sad plaintiff's petition was filed on the 17th day of June, 1944. The file number of said suit being 100, 7172. The names of the parties in said suit are Christine Perkins as Plaintiff, and Earnest R. Perkins as Defendant.

The nature of said suit being substantially as follows, to wit: To the Honorable Ben Charlie Chapman, Judge of said Court:

Now comes Christine Perkins, who resides in Haskell County in the State of Texas, herein-after called plaintiff, complaining of Earnest R. Perkins whose residence is unknown to plaintiff, hereinafter styled defendant and for cause of action plaintiff represents to the court:

That she is and has been for a period of twelve months an actual bona fide possessor of the same in and as to the County of Haskell County for at least six months preceding the filing of this suit, that on or about the 27th day of September 1944 plaintiff was lawfully married to the defendant; that they continued to live together as husband and wife until on or about the 27th day of June 1945, when, by reason of cruel, harsh and tyrannical treatment plaintiff was forced and compelled to permanently abandon the defendant since when time they have not lived together as husband and wife. Plaintiff further alleges that defendant is untrue to her.

Plaintiff says the marriage relations still exist, but that defendant's actions and conduct toward her generally are of such a nature as to render their further living together as husband and wife inappropriate the premises considered.

Plaintiff alleges that four children were born to the union, to-wit: Frankie Jo Ann Perkins, a girl about six years old; Caroline Sue, a girl about four years old; Jerry Ernest, a boy about two and one-half years of age, and Billie Ray, a boy, about one year old. Plaintiff says she is a proper person to have the custody of said minor children and it will be to the best interest of said minors to be awarded to her.

Wherefore plaintiff prays the court that defendant be cited to appear and answer this petition and for judgment dissolving said marriage relations, for costs of suit, and for such other and further relief, special and general in law and in equity that she may prove herself entitled to and for custody of said minor children and in duty bound will ever pray.

Issued, this the 30th day of September, 1944.

Given under my hand and seal of said Court, at my office in Haskell, Texas this the 30th day of September A. D. 1944.

HORACE ONEAL, Clerk District Court, Haskell County, Texas.

Cotton Loan Rate for Haskell County Is Set by CCC

Cotton loan rate for Haskell County has been set at 21.23 cents per pound on a 15-16 middling basis according to Bob Crocker, secretary of the AAA.

Crocker said the banks had application blanks and disbursed funds for the loan, as well as some of the gins. Interest to cotton producers is three percent, maturing July 31, 1945 and loans may be obtained on cotton until May 1, 1945.

Loans are obtained on presentation of Commodity Credit Corporation approved warehouse receipts. Loans can also be obtained on farm stored cotton, Crocker said, and when this is done the AAA inspects the cotton, prepares the loan for the lending agency which disburses the funds. Loans for farm stored cotton are made on gin weights. The CCC carries insurance on the cotton except for the equity which the farmer would have, the difference between the loan price and any amount of money received in excess of the loan.

At the present time the loan rate is about the same as the New Orleans market, which was 7 points higher on Monday, after having made a three point drop.

Premiums and discounts from grade and staple in the 1944 program will be calculated in relation to the loan rate on 15-16 inch middling cotton.

Kainer, Clayton E. Sampson, Herbert B. Williams, Earl Holmes, Clifford A. Thomas Jr., Arthur M. Weaver, Lonnie R. Davis, Johnnie O. Busby, Nelce H. Carnes, Allen W. Lee and Raymond L. Mobley.

Those rejected have returned to their homes in Haskell County.

AH, THE PITY OF IT ALL . . .

that way. We won't chicken fry it for you . . . we won't beat it for you . . . but we will broil you the most succulent, luscious, juicy tender steak you have had this side of Antoine's, and it will cost you surprisingly little at Van Williams'.

If Sam Roberts hadn't gone and raised his advertising rates (a stab in the back) I would go into detail about the golden brown potatoes, and the buttery, golden toast that appears with your steak, but that must wait for another time.

The name Florida, in Spanish, means "flowery". The Egyptians are the earliest people known to us as a nation.

When you go in a cafe and order a T-Bone, and the waitress bawls it out to the cook and shortly thereafter you hear a pounding and a thumping, a whacking and a thudding, a bumping and a banging, a busting and a knocking, and then a sputtering noise, and then after while the cook's face appears in the window, pale, haggard and drawn, and he slaps down a platter, you may well know that he has been rasklin' with a tough old booger, and has finally got the best of it, or called it a draw, and you might as well sharpen your knife and prepare for the worst.

But at Van Williams . . . it would be a crime to strike one of our steaks with a meat hammer, and we wouldn't do it even if you asked us to. No sir, we won't do it. Mere puff cannot tempt us to descend to such barbarous, heinous, brutal treatment of such tender steaks.

With utmost tenderness we take this pampered part of a cow out of the refrigerator and gently lay it on a hot griddle, sans grease. We use no mysterious sauces, no secret herbs. These steaks don't need it.

And then, when it has been on exactly the right length of time, we turn it, and cook it on the other side. Simple, isn't it? Anyone can do it . . . but will they? Few, brother, few. So many people just can't resist hitting it in grease, just cause Mama did it

We're Proud of Our Schools!

We, the undersigned citizens of Haskell are proud of our public school system, we believe in the future of our schools and want to help pay off the indebtedness of the system, therefore have invested the amount set opposite our names. Won't you join us, for the following reasons.

FIRE DAMAGE

In 1936 fire completely destroyed the Haskell High School building. Some insurance was collected and Federal Aid was secured to construct a new building. When it was completed there was an unpaid portion of a few thousand dollars. In 1940 the new building was burned. Insurance, Federal Aid, and a \$15,000 bond issue which was voted at that time were sufficient to construct the same type building. However, many citizens insisted that the School Board make the new structure fireproof. This was done at an additional cost of approximately \$15,000.

FEDERAL HELP

Opportunity also arose to secure a large amount of Federal help in erecting the Home-making building, the Activity building and the Vocational Farm Shop building, at a cost to the District of about \$15,000. After advising with numerous citizens in the community the Board decided to erect these buildings.

INDEBTEDNESS

The Board planned to pay this indebtedness at a rate of approximately \$5,000 per year. By 1942 the debt had been reduced to \$20,000. In 1942-43, because of a change made in Rural Aid laws by the legislature, the Haskell Schools failed to receive from the State Rural Aid funds more than \$5,000 which was anticipated in connection with rural schools contracted to Haskell. The same situation prevailed for the year 1943-44. Because of the unexpected failure to collect these

PUBLIC MEETING

The public meeting of citizens mentioned above discussed the matter very thoroughly. The rural schools which formerly were contracted now have been annexed to the Haskell Independent School District and taxes on property in those districts have been increased to correspond with those in the original district. The increase in size of the district makes it possible for the Haskell Schools to participate in Rural Aid and to increase teachers' salaries which the Board found necessary to secure enough teachers for the school.

RURAL AID

In participating in Rural Aid the district ed to the current maintenance budget and the must first apply one half of all local taxes assessed. State pays the balance. Under these conditions, if the district should attempt to pay the indebtedness by increasing taxable values and collecting additional taxes, one half of the increased assessment would first be applied to the current budget and thus reduce the State's portion by an equal amount. That means that of every two dollars thus assessed only one could be used to reduce the debt while the other would replace one which otherwise could be received from the State. For this reason, the group of citizens decided the logical thing to do is to collect the \$20,000 by subscription.

EACH CITIZEN

Each citizen of the district will be solicited by a committee. In order to lessen the work of the committees each person is requested to leave a check at the banks in Haskell. No check will be cashed until at least \$15,000 has been collected. The committee requests all to be as liberal as possible so no special burden will be placed on any one person or small group of people. You are urged to make your contribution as soon as possible.

MRS. OMER C. RAY

quiet wedding ceremony in Ocean-side, California, at 6 p. m. on the 2nd day of September 1944.

Sgt. Ivy had lived in Haskell County all of her life prior to entering service as a Marine in the spring of 1943. Since entering the service she has been stationed at New York, North Carolina and California but most of her service has been in California first in Training Film Library at Camp Elliott, San Diego, and later in the same kind of office at Camp Pendleton, Oceanside, Calif.

Sgt. Ray and Sgt. Ivy were not only in the same branch of service but for the past year they have worked together in the same office most of the time. Sgt. Ivy has two brothers in the armed service and both have spent time in combat overseas. Sgt. John M. Ivy was in the campaigns in Africa, Sicily, and in Italy until his recent return to the states after spending more than twenty-two months in foreign service, and is enjoying a furlough with his wife and young son in Haskell before reporting to Santa Barbara, Calif., for re-assignment. A younger brother, Merle S. Ivy, is in the Marine Corps and fought on Bougainville and in the Marianas and is now stationed somewhere in that area.

MISS BEUNIS RATLIFF

Announcement of the engagement of Miss Beunis Ratliff to Captain Joe E. Thigpen was made at a dinner party at the home of her parents in Haskell Saturday. The lovely dinner was served to guests from three tables and on each table place card was written "Sister" and Joe, October 19, 1944. Tiny cut glass vases filled with blue sweet peas provided centerpieces for each table. Roses were arranged throughout the living and dining room. Haskell guests were Bev King, Sue Pate, Jean Mene'ee, Marigene Sellers, Sue Wair, Patsy Pate, Nancy Ratliff, Mrs. Lynn Pace Jr., Mrs. Lon McMillin and out-of-town guests were Erma Wilson, Doris Elliott who attend HSU at Abilene.

Lucille Akins Is Wed To Lieutenant September 16

Marriage of Miss Lucille Akins of Haskell to Lt. S. L. Gustafson in Petersburg, Virginia, has been announced by the bride's parents, Mr. and Mrs. O. O. Akins of Haskell. The single ring ceremony was read by Dr. W. W. Leathers, Jr., pastor of the First Baptist Church of Petersburg on Saturday, September 16, at 6:30 p. m. Only attendant was a friend of the couple, Captain Keith W. Cox. The bride wore a dark green dressmaker suit with gold and brown accessories. Her corsage was of talisman rosebuds. Mrs. Gustafson is a graduate of Haskell high school and was an employee in the county clerk's office prior to accepting a position in the Quartermaster Depot at Fort Sam Houston, San Antonio. Lt. Gustafson is the son of Mr. and Mrs. C. H. Gustafson of Austin and is with the Quartermaster Corps. Immediately after the ceremony the couple left for Austin where they will spend a brief furlough before Lt. Gustafson reports on October 1 to Camp Beale, California. Mrs. Gustafson plans to live in Austin for the duration.

MRS. S. L. GUSTAFSON

Haskell Man Married To Denver Girl

Miss Faye Dill of Denver, Colorado, became the bride of Julius C. Williams of Haskell in a marriage ceremony performed Saturday night by Justice of the Peace Joe Pace, at his home.

Mrs. Williams is a student nurse at Fitzsimmons General Hospital at Denver and a graduate of the Denver schools. Williams met her while in the hospital during his 16 months in the army, when he was a member of the Quartermaster Corps. He is the son of Mr. and Mrs. W. J. Williams of Haskell and attended Haskell schools.

Attendants at the wedding were three immediate friends, Mr. and Mrs. Jack Weaver of Haskell and Mrs. J. Weaver, Mr. and Mrs. Williams will remain in Haskell a few days and will possibly make their home in Denver.

Service Kits Sent To Armed Services

A shipment of material for 144 Service Kits was made Wednesday by the Red Cross production room.

Haskell County Chapter was highly commended by area headquarters for the number of filled service kits shipped for the armed forces.

The Presbyterian Auxiliary contributed \$2.00 to fill two kits. We urge you to return all finished knitting at the earliest possible date. We expect to ship the first Monday in October.

Haskell's Share

If all allied soldiers could match the record of Capt. Jerry Lewis of Coleman, the war wouldn't last very long. Assisted only by his sergeant, they captured 204 Nazis in one bunch, in France. On the home front Haskell and towns all over the Nation are ready for the start of the "big push" on October 10. They are the leaders and workers in the campaign on behalf of the National War Fund.

In Haskell County a corps of workers have been named by J. M. Crawford, chairman, to handle the drive. These workers should meet with immediate and liberal response from the citizens. Haskell's quota of \$6,489.00 should be given quickly.

Give Him A Break

A soldier remarked the other day that he

hadn't been able to do a thing he planned for his furlough, because of ideas people have how "I should spend my time."

Wise are those who let the soldier know that his furlough is really HIS, to do as he sees fit. Norman T. Kirk, surgeon general of the army, has issued a warning along parallel lines. Said Kirk, "medical care is skillfully restoring soldiers bodies and morale, but this effort is being seriously interfered with when disable soldiers are singled out by stares and prying questions of the public."

Fire Prevention

Nothing that can be said or written regarding national fire prevention week can adequately express the importance of every individual taking part in the fight against fire.

Accidental fire has done more damage than most people will ever realize. The destruction wrought by these fires might well have been prevented by use of precautions.

Fire is an enemy agent, both to the war effort and to the home front—but an agent that can be controlled by taking a few simple but well known preventive steps—the purpose of fire prevention week is to wake people up to this fact.

A few minutes spent in cleaning up, removing hazards, repairing and take other simple precautions may prevent a fire that would take years to overcome the effects of.

Mail Packages Now

Haskell soldiers and sailors will miss Christmas away from home, but you can let them know you're thinking of them with a Christmas package—IF YOU MAIL IT NOW.

Deadline for mailing packages overseas is October 15, if the are to receive your Christmas package.

Only one package may be sent for a serviceman in any one week between now and October 15, the only time during which packages may be sent to soldiers overseas without a specific written request from the serviceman.

Be sure to print the complete address plainly and so that it will not run, streak, smudge, or fade and put an additional copy of the address and return address inside the package, so that if it comes apart the additional copy can be used.

OUR SYMPATHY

The student body of Haskell High wish to extend their deepest sympathy to Hartstill Everett in the loss of his mother.

PEP RALLY

Say gang! Don't you think we had a pretty swell "Pep Rally" last Thursday night? There was a good crowd, lots of pep, and some swell speeches; but this Thursday night we want to have a wonderful crowd and be bubbling over with pep. Because we really want to show our boys we're for them! Remember now to be there and that the whole town is invited.

We also sing our school song at the end of our rallies; so, on behalf of the ones who do not know the words of our school song, here they are:

Thy praises unto thee we sing,
Haskell Hi, dear Haskell Hi.
Our talents unto thee we bring,
Haskell Hi, dear Haskell Hi.
In friendship love and loyalty,
We pledge allegiance now to thee,
And true to thee will ever be,
Haskell Hi, dear Haskell Hi.

NEW FACES GREET US

Haskell High is happy to welcome the many new additions to its student body this year.

New members of the senior class are Virginia Cox, Jimmy Lou Hall, Bobbie Beth Lewis, Judy Marlow, Mary Ellen Smith from Rule, Charles Adams from Mattson and Marion Stone from Rotan.

Among the juniors are Felix Byrd, Jr., Nolan Lees from Rochester, Nellie Sue Loven, Hortense Marlow, and Frankie Williams, who is from Avoca.

Sophomors that are new to our school are Carolyn Turner from Rule, Janice Kennedy from Anson, and Patsy Weaver from Paint Creek.

Freshmen, new to the city of Haskell, are Freddie Kendrick from Houston, James Strain from Colorado City, Billy Gene Tidwell from Houston, and Norma Lee Musgrove, Long Beach, Calif.

New students, we heartily welcome you to Haskell High, and we urge you to take an active part in all school activities.

Club Boy's Feeder Calves Are Making Rapid Progress

J. A. Scofield, district agent, and F. W. Martin, county agent, spent Tuesday visiting club boys of the county who are feeding out club calves.

Scofield said the calves were "very uniform and make a very creditable showing at this time."

All of the boys visited were in the Paint Creek community and were Wayne and Lane Wells, Dale Middlebrook, James Ross Mickler, Edwin Terrell, Kay Sims and

Gerald Hanson.

They also inspected the calf being fed by Frank Sims, who showed the grand champion at the Wichita Falls show year before last and sold the calf for one pound. Allen Overton's calf was examined by Jerry Terrell, who kept one of his calves last year and has been preparing it for showing at the Pan-American

show at Dallas in November. Overton last year showed the grand champion calf at the Wichita Falls show, sold it for 65 cents a pound.

Back home, the headlines read—60 U. S. Planes Lost.

The full news account may mention that 600 airmen were shot down with them. But nowhere will you find mention about how many of those men landed alive and are now in enemy prison camps. There is no way of knowing.

Actually, about 60 per cent of all American airmen shot down over enemy territory survive—as prisoners of war.

Some prison camps are devoted exclusively to airmen. But these camps are little different from the others. In all, the men behind the barbed wire live the same empty life. There is nothing to do but wait—wait—and try to hold on to your sanity while you wait.

That's why War Prisoners' Aid was formed. It provides the wherewithal to buy for prisoners of war the things that will help them hold on to their sanity during those empty

days of waiting. Books, Games, Athletic equipment, kits for amateur theatricals. Musical instruments.

It takes money to buy these things. More and more as more and more of our men wind up in prison camps. The only way War Prisoners' Aid can get that money is your contribution to your local community drive. You is also shared by war refugees, the U.S.O., Merchant Seamen and war sufferers all over the world. Give once for these.

WHY YOUR WAR FUND QUOTA—

Quotas are the only fair and equitable means of distribution. Quota committees take into consideration bank deposits, all other saving accounts and assets, your annual income and your willingness to give. When these are correctly judged your quotas are properly determined. These, however, are only suggestive. The sole purpose is to assist each individual in arriving at a fair contribution that will total the quota needed for the county.

Many of the business firms will accept quotas of fifty dollars. Several of the farmers will also INVEST in the same proportions. If you work for wages or salary your just share in this contribution will perhaps be about one-half of one per cent of your time, or your earnings for a day and a half.

I was once young I have known many men who suffered many ills by reason of their selfishness and greed. But never one whose misfortunes were chargeable to his charity.
