Haskell Schools Aid Cotton Harvesting

The critical labor shortage at Haskell schools are to be alleviated by the use of short classes of pupils to go to the fields at that time. The class schedules are to be completed at 2 p. m., to J. Cleo Scott, superintendent. This will permit pupils to go to the fields at that time and at the same time work will not be stopped. The schools will be turned out for two more to allow pupils to pick.

County Advisory Group Named

Demobilized war veterans desiring to farm in Haskell county will have the advice and assistance of a county advisory committee consisting of six farm people. The members of the group are: Miss Nora Walters, Rule; Mrs. A. M. Bird, Haskell; Mrs. John L. Grindstaff, O'Brien; Mrs. John R. Watson, Haskell; H. D. Gummill, Rochester; and W. H. Smith, Haskell. Functions of the board will be to advise veterans desiring to farm in ways to serve their best interests; to help them find places on farms; and to compare information of a general nature regarding agricultural conditions in the county. The committee is a part of the Selective Service Veterans' Assistance Program and is under the leadership of the county agricultural agent, F. W. Martin.

Two spearheads of the U. S. First Army, under Lieut. Gen. Courtney H. Hodges, enter Germany south of Aachen and beyond Trier, as Siegfried fort falls to the Allies. Photo shows the spearhead of tanks stretching out into the horizon across Flanders field as they enter German territory. In the first push they reached the outskirts of Aachen, meeting with opposition within the Siegfried line.

Haskell County Needs 2,000 Cotton Pickers Agent Estimates

Around 2,000 cotton pickers are needed in Haskell County to help gather the crop during the present pretty weather. County Agent F. W. Martin estimated Monday. In an effort to help provide the labor a meeting was held in the county agent's office Monday afternoon to discuss better ways of shifting laborers from one field to another. Attending the meeting were D. D. Steele, assistant farm labor supervisor for Haskell, Knox and Stonewall County; S. S. Moore, migratory labor supervisor; Sterling Edwards and Martin. Edwards is assisting farmers in contacting laborers in Haskell. Plans were perfected at the meeting which will help alleviate the labor shortage to some extent by a better utilization of the labor supply available.

On Job In Same Place 123,000 Hours

Around 123,000 hours is a long time—especially a long time to put in on one job in one building—yet that is the record of T. J. Arbuckle, who is ending his 36th year with Jones Cox and Company. Arbuckle is uncertain of the exact day when he started as a clerk for the company but thinks it was October 18 in 1908—and he's been on the job ever since, rain or shine.

City Council To Meet On Tuesday Night

The city council met in a joint session Monday night with members of the Haskell fire department and transacted routine business. The session was presided over by John A. Couch, mayor. Another meeting of the council is set for Tuesday of this coming week, Couch said.

Pfc. Marsh Dies In Crash, Brother Home On Leave

Minesman 2-C Leon Marsh has been in Weinert visiting his parents, Mr. and Mrs. H. A. Marsh, who received notice from the war department last week that another son, Pfc. Jack A. Marsh, had been killed in a plane crash somewhere in the Pacific. Pfc. Jack Marsh was president of the senior class at Weinert high school in 1942 when he graduated and was one of the outstanding football and basketball stars of the team, having played all during his high school years. He enlisted in the Marines October 8, 1942 and received boot training at San Diego, where he was awarded sharpshooter medals. Later he received training at the Great Lakes naval base and upon completion of the course there came home on furlough the only time he had been home since entering service. He had been in the Pacific theater of operations for over a year and was a tail gunner in the Marine Air Force.

Mr. and Mrs. Marsh also have a daughter in the WACS, Sgt. Vera Marsh Berry. One daughter, Miss Lorene Marsh, is at home with her father and mother. Sgt. Berry is stationed at Mineral Wells.

VISIT HUSBANDS AT CAMP FANNIN

Madeline Hunt To Leave For Job In Honolulu

Miss Madeline Hunt is to leave Haskell October 25 for Dallas where she will meet a cousin, Mrs. Orleene H. Nelson, and they will go to San Francisco where they will sail for Honolulu where they will work in a large department store.

T. J. ARBUCKLE

Miss Frances Perry of Erickdale is now working for County Agent F. W. Martin while Miss Laverne Dean is taking her vacation.

Prolix And Persiflage

No Hamburgers
The rather small boy who has been helping increase his allowance by pulling bolts after school. Saturday morning he arose early and started to the field, first coming by town to get two hamburgers for his lunch, with visions of increasing the one dollar bill he had in his pocket to two, perhaps even three or four.

He ordered the hamburgers, and other breakfasters in the cafe about his plans. Reaching in his pocket to pay for them he found that the dollar bill had been lost.

Sadly he retraced his steps. He didn't find his back-breaking earned dollar. He returned to the front of the cafe, sadly shook his head to the waitress inside and started off to the field and a long day of hunger. The other diners offered to pay for his hamburgers but he refused their aid. The waitress, too, tried to set him to take them, also met with refusal.

Haskell, Weinert, O'Brien Exceed Chest Fund Quotas

Haskell and several other towns and communities of the county have exceeded their quotas in the War Chest Fund drive. Others were thought to have exceeded quotas assigned to them but have not reported. J. M. Crawford, drive chairman reported Thursday.

C. W. Jones Dies At Dalhart On Wednesday

Charlie Walter Jones, brother of Mrs. Paul Frierson of Haskell, died Wednesday at Dalhart after a long illness. Funeral services will be held at the First Presbyterian Church in Haskell Friday at 4 p. m., conducted by Dr. W. S. Smith, pastor of the church.

Jones had lived at Dalhart a number of years and is survived by four other sisters, Mrs. W. W. Martin, Oklahoma City, Oklahoma; Mrs. R. W. Simmons, Amarillo; Mrs. J. D. DeGartenfeld, Albuquerque, N. M.; Mrs. M. E. Tucker, Happy, Texas; and two brothers, J. J. Jones of Dalhart and W. P. Jones of Neosho, Missouri.

He had visited in Haskell many times with Mrs. Frierson.

Work On Building Started

Exterior work on remodeling of the Payne Drug store building, heavily damaged by an early morning blizzard on September 22, was started this week. A new exterior work is being done.

Interior work will start as soon as the stock which was damaged by fire and water, can be moved out. The old stock has been disposed of and is to be moved this week.

Work is being done by local carpenters and C. V. and J. F. Payne, owners, hope to have the building refinished and a new stock of merchandise and fixtures ready for reopening of the store in the near future. At present offices of the store are in the building occupied by Ralph Raney.

Weinert School Work Resumed On Monday

Weinert schools resumed work Monday after a two-weeks recess to permit pupils to assist in the cotton harvest and a good enrollment was reported by M. G. Moreland, superintendent.

Tuesday the school faculty meeting was held, according to Mrs. Iva Palmer, county superintendent, and plans were made for the Halloween activities and program at the school. Chapel programs for the rest of the school term were also outlined at the meeting.

The Weinert school has been fortunate in retaining more of the faculty from previous years than most schools. Of the 19 teachers 13 have previously taught in the school and 10 of the number have bachelor's degrees and three others have master's degrees.

Franklin Dominey's home was completely destroyed by fire last week. The home was not covered by insurance.

How women and girls may get wanted relief from functional periodic pain

16 Citizens . . .

Of Haskell have invested \$5,000 in our \$200,000 school system, an investment that will pay dividends for years to come.

Others are Needed

TO INVEST AN ADDITIONAL \$15,000 IN THE SCHOOLS BECAUSE:

DISASTROUS FIRES

1. Because of disastrous fires which have occurred in the past and the loss has been greater than anticipated, thus creating an unpaid balance.

LOSS OF STATE FUNDS

2. Changes made in the rural school laws by the legislature kept the Haskell schools from receiving state aid the last two years, thereby adding to the financial strain.

THE FUTURE . . .

makes a demand that approximately \$20,000 be raised by public subscription of future-minded citizens.

The situation will also be aided by a change made in rural aid status whereby Haskell will now receive some additional funds.

Under all of these conditions a meeting of interested citizens have decided that the logical thing is to raise the \$20,000 among our citizens.

Therefore . . .

Letters are being mailed out to individuals this week asking their assistance, just as the 16 others have assisted, in this public undertaking to rid Haskell schools of debt. Checks may be left at either one of the Haskell Banks. Leave yours TODAY.

SALADS

Keeping the Fruit Bowl well filled, serving fruit for breakfast and a salad for lunch and dinner, is no longer considered a luxury; for more fresh fruits and vegetables in the daily diet are now known to be a sound nutritional investment. Save labor and be economy-wise, serve some fruits and vegetables every day . . . you get full flavor and all their natural vitamins and minerals.

QUICK COOKING

Conserve vitamins and minerals, cook fresh fruits and vegetables quickly and in as little water as possible. Cook until just done with some of the original crispness left. Do not add soda because it destroys the vitamins. Serve as soon as possible after they are cooked and seasoned. Use cooking water in gravies, soups or sauces. Quick-cooking is the modern method of insuring fruits and vegetables of finer flavor and greater food value for your table.

NEWS OF INTEREST to WOMEN

Weinert Women's Society Observes Harvest Day

The Weinert Society observed their local Harvest Day on Monday, with Mrs. H. R. Bettis in charge of the program.

The church was decorated in keeping with the Harvest Day theme, using maize, higeria, corn, wheat, oats, pumpkins, cushaws, cotton bolls, sea-cane, red haws, autumn flowers, and roses.

Guests were met at the door by Mrs. Ernest Griffith who presented them to Mrs. M. G. Moreland, presiding at the registration table. Appropriate corsages of open bolls tied with gay colors were pinned on guests by Mrs. H. R. Bettis.

Piano selections were rendered by Miss Julia Moreland as the guests assembled. The hymn, "Are Ye Able" led by Mrs. Frank Ford opened the program, followed by prayer by the president, Mrs. G. L. Walker. Mrs. Alby Cockrell read "The Hem of His Garment."

Guest soloist, Mrs. Alton Middleton sang "Make Me A Blessing", accompanied at the piano by Mrs. Kenneth Copeland.

Speaker for the afternoon, the Reverend Kenneth Copeland chose as his subject "We Serve, Christ Saves." This phrase was coined by Mrs. H. R. Bettis from the first letters of Woman's Society of Christian Service.

The group was led in singing "I Would Be True" by Mrs. Alby Cockrell.

Mrs. Everett Medley, in a unique way, "reaped the harvest" by way of a miniature wagon and cotton sack, to gather in the dimes made throughout the year. This money is used to apply on Life Memberships.

The following poem "Harvest Day" composed by Mrs. Medley was our inspirational seed for cultivation.

The guests were then invited to the parsonage where Josie Brown and Julia Moreland served pumpkin pie topped with whipped cream, and coffee.

The Reverend Alby Cockrell, pastor of the Methodist Church of Weinert dismissed the following guests and members:

Mesdames W. D. Hellums, O. W. Tooley, H. L. Crow, W. A. Kimbrough, Joe Irby, W. H. Cox, R. H. Darnell, Gilbert Sowell, H. C. Wyche, J. U. Fields, A. H. Wair, Anna Mae Medley, W. H. Pitman, H. H. GET IT OVER WITH. Get back home. Get a job!

This is what our fighting men are thinking and talking about.

First—victory. Next—nail down the peace.

When they want to throw off the rigid regimentation of military life—and not run into the same sort of regimentation back home.

They want to set out for themselves, as Americans always have... to use their own heads and hands in fashioning their own destiny.

A job and an opportunity—in the American system of enterprise. This is the post-war plan of men in uniform.

Government can't be expected to carry out these plans. It's up to every one of us at home to see that they're fulfilled—eleven million times.

We will do our part.

There's a Shortage of Copies of The Dallas Morning News—But NOT of Our Desire to Serve!

The crucial shortage of newsprint paper has forced a curtailment of the supply of copies of The Dallas Morning News to our dealers in this county. Only a small part of regular shipments is possible until we are permitted by Government Authority to increase our consumption of newsprint.

Distribution for the present will be made from drug stores and newsstands, unless your agent can arrange otherwise.

We realize, with deep regret, that some of our old-time readers are not able to get copies of The News. We trust they will understand and bear with us while we're making every effort to restore service.

In the meantime, although many patrons will not have The News delivered to them temporarily, their names are still on The Dallas News' Big Book and we look forward to serving them again.

Thank you.

Sgt. Joe Larned Relates Sub Damage In 1942

S. Sgt. Joe Larned, aerial engineer on a Flying Fortress, arrived in Haskell on a surprise visit Monday, having accompanied a crew from his base in Florida to Abilene by airplane.

He left Florida Monday morning, arrived in Abilene seven hours later and caught a ride to Haskell, hoping to see a brother, Tommie, who is at home on furlough from Camp Shelby. Joe missed his brother because he had gone to Abilene to visit, and he had to leave for Florida again Monday night.

There are four sons of Mr. and Mrs. G. C. Larned in service. Besides Joe and Tommie, Jack is in the Pacific with the Marines and Bud has been in England for about two years.

Joe graduated from Haskell high school in 1938 and entered the Air Forces July 1, 1941. He received technical training at Champaign Field, Illinois; at the Wright Engine School at Patterson, N. J., and at an Air Forces technical school at Hendricks Field. He has been stationed at Hendricks Field since and during the three years there hasn't seen another Haskell boy.

During 1942 he spent most of the year making patrol flights from Florida, as far as Cuba and the Bahamas. While the ship Joe was on never encountered a sub other members of the squadron were more lucky.

One night they were on patrol duty and saw a fire at sea and thought a sub had torpedoed a vessel but when they arrived found that two freighters had a collision and both were burning from high octane gasoline they carried. This was the two freighters on which 88 men lost their lives. Joe said a week later they flew over the spot and the ships were still burning.

During that time German subs were sinking many freighters in that area, Larned said he saw eight ships sinking in one day and that the beaches in Florida were littered with debris from ships that had been sunk.

VISIT HERE FROM CAMP SHELBY

Red Toenails
"I got up this morning feeling fine, even my finger and toenails were properly tinted..." quoting one Haskell woman while eating her coffee-toast breakfast in a cafe.

Sagerton Man Keeps Unit Well Fed In Battle

An Advance 12th Air Force Air Base—A cook in the squadron mess section of a P-47 Thunderbolt Dive-Bomber unit is Sergeant Leon H. Hahn, Sagerton, Texas. He has served his squadron as cook during his 19 months of overseas service in the African, Sicilian and the Italian Campaigns.

Hahn's unit has produced devastating results in the strafing and dive-bombing of enemy installations, motor transport, shipping, supply dumps and vital communications lines, being cited three times for its outstanding achievements.

Prior to his entry in the Army Air Forces, Hahn worked as a farmer with his father, A. Hahn, and is a graduate of Old Glory High School.

Three 4-H Clubs To Meet During Coming Week

Three Four-H girl's club meetings have been scheduled for this coming week at Weibert and O'Brien and two new clubs are to be organized in the near future according to Miss Louise Newman, HD agent.

At Weibert both the senior and junior club will meet. Patsy Childress is president of the senior club while Sue Guess is president of the junior club.

Linda Lou Dennington is president of the O'Brien club.

Miss Newman has scheduled meetings at New Cook and Mattson for organization of clubs in those communities.

Lt. T. L. Donohoo Is Nazi Prisoner, Parents Learn

A former Haskell couple, Mr. and Mrs. T. L. Donohoo of Abilene, recently received word that their son, Lt. Thos. L. Donohoo, Jr., was a prisoner of the Germans. This information came several weeks after their son, fighter pilot with the U. S. Air Forces, had been reported missing in action over Germany.

The young pilot, who was born and reared in Haskell, volunteered in the Royal Air Force and saw combat action in the African theater and in Europe before the United States entered the war. He returned home on furlough before transferring to the U. S. air forces, and during his brief stay in the States, he visited his grandmother, Mrs. J. L. Odell in this city.

NOTES ON AGRICULTURE

Terracing
Roy Weaver of the Mattson community is to terrace 240 acres of his farmland. Lines for the terraces were run this past week by County Agent F. W. Martin.

Martin also ran terrace lines on 100 acres of land for Alfred Turnbow, who lives six miles northeast of Haskell.

Feeds 2,000 Lambs
C. G. Burson, three miles northwest of Haskell, is feeding out 2,000 head of lambs on his farm. The lambs are now grazing feed stalks on Burson's place and to supplement this feed he is using a ration of milo grain and cottonseed cake, using one-half pound of the cake a day per lamb.

R. Y. Mobley, four miles southwest of Haskell, has several hundred lambs on feed. He is using the same feeding plan as is Burson.

INDIANS LOSE TO STAMFORD 7-6

The Haskell Indians, after outplaying the Stamford Bulldog during three periods of their traditional encounter, met defeat at the hands of the visitors Friday night on Indian field, 7-6. Costly fumbles robbed the Indians of two potential touchdowns—once in the second and again in the third, after the Indians were within the shadow of the goal. Harvey, Bulldog fullback, scored for the visitors in the third and converted. Dodson, Indian quarterback, tallied after setting the stage with a 35 yard run. Try for extra point failed.

BOY SCOUT NEWS

Weekly meeting of Troop 36 was held last Monday. We cleaned out a room to meet in for the winter. We are grateful to Troop 35 for transferring to our Troop because they did not have a Scoutmaster. They brought all their equipment which we need to put in our room we cleaned out. There is to be a Court of Honor in about another month. The ones who advance at the court of honor will go on a camping trip sponsored by the troop.

MRS. SWINSON STARTS WORK FOR COUNTY CLERK

Mrs. Leatrice Swinson started work in the office of Mrs. Hettie Williams, county clerk, Tuesday. Mr. and Mrs. Swinson have recently moved back to Haskell from Lubbock where he was stationed in the Air Forces and Mrs. Swinson was a civil service employee at the same field.

WE'RE SET UP TO HELP YOU FARM

.... IN WARTIME !

These machines of yours are now tools of war. Most of them you can't replace. Your next year's crops depend on them. And so does the amount of food you raise to help the nation win the war.

You know how a soldier cares for his gun. That's the way to maintain your war tools. We're set up to help you do it. We have the shop and equipment. Also the skill and knowledge of farming.

Come in and see us. If the shop is swamped with work we'll make a date with you to service your machines before you need them again. And we'll keep our promise.

American Miners Best

Fortunately for the Allied war effort, this country has done a better job of producing coal than England. Comparison of output reveals some startling figures.

In 1938, Great Britain had 781,000 coal miners. They mined 262,759,000 tons of coal, or roughly, 336 net tons per man. In the same year, the United States had 537,000 miners and produced nearly 500 million tons of coal, or an average of about 790 net tons per man.

During 1943, 707,000 British miners dug 227 million tons—321 tons per man. In the same year 500,000 American miners produced 650 million tons—1,350 net tons per man.

Political Debates

After listening to a few of the "debates" between major party leaders in the pre-election campaign, the natural reaction is awe. How does it happen that we are winning the war if the charges of political ineptness on both sides are any-

where near true. As a matter of fact, we would not be winning the war if our fate had been left to the foresight and initiative of any political party. We were preparing for the war in ways the politicians never dreamed of, long before Pearl Harbor.

One Haskell merchant recently wrote the OPA asking for the ceiling price on one certain article, which would seem to the average citizen to be a very reasonable question which could be answered in a simple statement.

But not so. He received in reply a stack of pamphlets about three inches high, printed in fine type. After a perusal of all the documents he still doesn't know the answer to the simple question he asked—which could have been answered in a minimum of two words or a maximum of seven words.

And remember the OPA bulletin on how to cut up a beef? Yes, the same pamphlet that called the hindquarters the "posterior portion."

In England the legal staff of their bureau which would compare with our OPA consists of only ten people. The OPA legal staff is stuffed with 2,700 and total employees are 55,243 drawing a salary of \$121,141,349.00 a year.

Talk about a labor shortage. But then, perhaps, they are all 4-F's.

Community Planning

From hamlets to the larger cities of Texas 200 people gathered last week at the University of Texas for a conference on problems of cities, towns and communities.

During the meeting it was brought out that many communities of Texas are now going forward with plans for the future—employment for returning veterans, recreation for both youths and adults, utilization of natural and human resources, with a keen awareness of the responsibilities of the communities.

Authorities pointed out that leadership in postwar community planning must come from the community itself, with a minimum of "outside" assistance, and that community planning cannot stop at the boundaries of the particular field but must stretch out into the surrounding territory.

Some of the recommendations for community planning were listed as: plans must be made in areas larger than a single community; the plans should embrace all phases of development, education, religion, housing, engineering, employment, financing; that there must be a full participation of all groups; and labor, human and natural resources should be surveyed and used to the fullest.

Army Answers

THE ARMY ANSWERS—

Your questions on allotments, insurance, legal problems or other matters as they relate to Armed personnel and their dependents will be answered in this column or by letter. Write Headquarters, Eighth Service Command, Dallas 2, Texas.

Q. My husband is a corporal in the Army overseas. Our first child has just been born. Would it be possible for me to get the family allowance increased without bothering him?

A. Yes. From a nearby military installation secure a War Department AGO Form Number 641 and send it to the War Department Office of Dependency Benefits, Newark 2, New Jersey, with a certified copy of the child's birth certificate. If you are not located near a military office, you may write the Office of Dependency Benefits for an application.

Q. I have heard that the Eighth Service Command is hiring some automobile mechanics. What kind of a job is this and how can I apply for it?

A. It is a civil service job with a high priority granted by the War Manpower Commission. Application may be made at the nearest Army camp, civil service office, or United States Employment Office.

Q. Why can't my son who is with the Army Service Forces in this country get a furlough?

A. Because of a heavy workload in the Army Service Forces in this country, the commanding general of that unit of the Army has, until further notice, cancelled leaves and furloughs of military and civilian workers, except under exceptional circumstances.

Q. My husband who was just home from overseas writes me now that he is at a redistribution station. What does this mean?

A. It means that your husband will spend approximately two weeks at the redistribution station, where the Army will study his record, training and Army experience. This study will be used as a basis for reassignment. While at the station, he will not have to wear military formations, and will be given every opportunity to relax and rest before taking up his new duties.

News in the World

Says the Federal Council of the Churches of Christ in America in its annual message for Labor Sunday: "The Christian church, proclaiming the essential worth of personality, would be remiss in its solemn duty did it not reaffirm again this Labor Day its belief that a Christian society is under sacred obligation so to organize itself that every one willing and able to work may be guaranteed some meaningful occupation. The Christian church must point out that a society which can do this under the pressure of total war must also do so under a peacetime economy. Thoughtful Americans are looking beyond the present crisis and formulating plans that will guarantee a greater security in the post-war world. Failure of society to organize itself so to achieve such security would constitute the admission that the ends now being fought for at such staggering cost in lives and materials are not worth maintaining once the sacrifices have been made and the victory of arms assured."

Dr. William Jay Schieffelin, president of the American Mission to Lepers, reports that twenty percent of the medical mission stations ministering to lepers are in areas blacked-out by the war, and that an additional four percent are on the borderline; but that reports indicate even here some anti-leprosy work is going on. Meanwhile the Mission is planning to meet coming post-war needs: "choosing countries and localities where leprosy work is not being adequately done and taking the initiative there in opening new stations and enlarging old ones." The objective of the Mission is ridding the world of all leprosy—a goal scientifically possible.

The College of Medicine and Dentistry of West China Union University (Protestant) recently opened a medical and health unit of twenty-six doctors, dentists and nurses to famine-stricken Honan Province, China. They made the trip north in charcoal-burning ambulances provided by the Federal Government.

The Archbishop of Canterbury, England—Dr. William Temple—has named four objectives toward which, he says, the Christian people of the world must strive in the post-war years: Each child must be born into a home fit to be a family home. Each child must have the nourishment needed for bodily health. Each child and adolescent must have the educational opportunity needed for full development. Each citizen must have a voice, through his representative in government, in framing the laws of the state and the regulations of business which supply the framework of his life.

"So long as we have war in the world, some race will be haunted with the fear of discrimination," says Dr. Mark A. Dawber, secretary of the Home Missions Council of North America. "That is why we must get rid of war. But let us not think that we can bomb our way to brotherhood. Peace is finally a matter of the heart and not of the fist. Peace is a matter of human relations; it is a question of Christian fellowship. All our political strategy, our trade agreements, our national alliances are but a shallow deception and will lead to another and more desperate plight than the present one unless there is above and underneath them a deep-seated desire to achieve his Christian relationship among people."

The pastor of the Reformed Church of Le Havre, France, from which, according to the World Council of Churches, more than a thousand communicant families have been evacuated to other areas, sent this message recently to his scattered flock: "After your departures in the course of evacuation, our church first found itself weaker, but then took heart, and has become stronger. Never has it had a finer inner life. If you were to come home tomorrow, you would not recognize the faces in the congregation; almost all of them are new. The church has sought to begin its share in the work of spiritual, moral, and national reconstruction of which it is prophetically discerns the outline. It is grateful to you for remaining attached to it in the evil days, and counts on you for the better days which are coming."

The Archbishop of Canterbury, England—Dr. William Temple—has named four objectives toward which, he says, the Christian people of the world must strive in the post-war years: Each child must be born into a home fit to be a family home. Each child must have the nourishment needed for bodily health. Each child and adolescent must have the educational opportunity needed for full development. 54th War Loan Purchases in County Total \$547,181

According to the final and complete figures of the Federal Reserve Bank the fifth War Loan drive of Haskell County reached a total of \$547,181.00 with a quota of \$470,000.00. The E Bond quota reached a total of \$227,456.00 with a quota of \$205,000.00. Just as the drive was closing the County received credit for \$25,300.00 on E Bonds from Washington which represented the County area, on a pro rata basis, of salary deductions made from both the Army and Navy up to that time.

CITATION BY PUBLICATION. THE STATE OF TEXAS, To: Earnest R. Perkins, Greeting: You are commanded to appear and answer the plaintiff's petition on or before 10 o'clock A. M. on the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 13 day of November, A. D. 1944, at 10 o'clock A. JACKSON K. MORGAN IS PROMOTED TO STAFF SERGEANT

Special to The Free Press. A IX Air Force Service Command Unit in France—Promotion of Jackson K. Morgan from the grade of sergeant to that of staff sergeant was announced recently by the Ninth Air Force Service Command unit to which he is attached.

Sergeant Morgan is the son of Mr. and Mrs. J. K. Morgan of Haskell. He is a graduate of Rule high school and attended the instrument school at Bryan, Texas. Before joining the Air Force he was farming in Texas.

The sergeant is now doing engine mechanic work on combat planes of the Ninth Air Force, currently engaged over the re-creating German army.

Plaintiff's name is unknown to plaintiff. Plaintiff styled defendant and for cause of action plaintiff represents to the court:

That she is and has been for a period of twelve months an actual bona fide inhabitant of the State of Texas and has resided in the County of Haskell County for at least six months preceding the filing of this suit; that on or about the 9th day of September, 1937 plaintiff was lawfully married to the defendant; that they continued to live together as husband and wife until on or about the 10th day of June, 1943, when by reason of cruel, harsh and tyrannical treatment plaintiff was forced and compelled to permanently abandon the defendant since which time they have not lived together as husband and wife.

Plaintiff further alleges that the defendant is untrue to her. Plaintiff says the marriage relations still exist, but that defendant's actions and conduct toward her generally are of such a nature as to render their further living together as husband and wife insupportable the premise considered.

Plaintiff alleges that four children were born to this union, to-wit: Frankie Jo Ann Perkins, a girl about six years old; Caroline Sue, a girl about four years old; Jerry Earnest, a boy about two and one-half years of age; and Billie Ray, a boy, about one year old. Plaintiff says she is a proper person to have the custody of said minor children and it will be to the best interest of said minors to be awarded to her.

Wherefore plaintiff prays the court that defendant be cited to appear and answer this petition and for judgment dissolving said marriage relations, for costs of suit, and for such other and further relief, special and general in law and in equity that she may prove herself entitled to and for custody of said minor children and in duty bound will ever pray. Issued this the 30th day of September, 1944.

Given under my hand and seal of said Court, at office in Haskell, Texas this the 30th day of September, A. D. 1944.

HORACE ONEAL, Clerk District Court, Haskell County, Texas.

Good Breakfast Is Essential

Austin, Texas — "Breakfast should supply everyone, young and old alike, with from one-fourth to one-third of the day's food needs," says Dr. Geo. W. Cox, State Health Officer. "In order for a growing child to get this much of his day's requirements, he needs a hot breakfast consisting of cereals or whole grain bread, fruit or fruit juices, egg or meat, and a milk drink."

Dr. Cox discussing the dietary needs of school children says further, "In many homes the line of least resistance is followed. The children when offered food at breakfast time may reply they are not hungry, they do not have time, or in some instances will even say that breakfast makes them sick. Older children, especially girls of high school age, sometimes deliberately go without breakfast in order to keep from increasing their weight. This is both foolish and dangerous. They deprive themselves of body building material when they fail to eat nourishing food. Faulty nutrition with its health hazards often results. In the young child this means that resistance to disease is lowered and the processes for developing and maintaining health definitely are handicapped."

"Whether young, middle aged, or older, a good health practice is to break your fast with a good breakfast. The day's first meal is an important one. Parents cannot escape the obligation to see that their children are fed properly at the day's beginning."

Plaintiff prays the court that defendant be cited to appear and answer this petition and for judgment dissolving said marriage relations, for costs of suit, and for such other and further relief, special and general in law and in equity that she may prove herself entitled to and for custody of said minor children and in duty bound will ever pray. Issued this the 30th day of September, 1944.

Given under my hand and seal of said Court, at office in Haskell, Texas this the 30th day of September, A. D. 1944.

POP McCOY IS WORKING ON BORROWED TIME

Pop built up the best Humble Service Station in his neighborhood and he was ready to turn it over to Bud and retire a couple of years ago. But Uncle Sam had other plans. So while Bud takes care of some serious unfinished business in the South Pacific, Pop's taking care of the folks at home.

It's true—most of the help he used to have and some of the products he used to sell have gone off with Bud to help the fight. But, Pop's doing his best. He knows that no matter how old the cars or how worn the tires, doctors, war workers and lots of other essential drivers have to keep going. He figures it's his job to see that they do.

Even if he can't sell you a thing—Pop's always glad to see you. With a cheerful grin he'll wipe your

windshield, check your tires or give you any of the typical services you expect at Humble stations. He's looking forward to the day when Bud will be back to service that streamlined post war model of yours with newer, finer Humble products than you ever had before.

HUMBLE OIL & REFINING COMPANY

Serving your essential war time needs today to hasten your motoring pleasures of tomorrow.

Tetra-ethyl lead, when added to gasoline, raises the octane number of the gasoline and reduces or eliminates motor "ping." But tetra-ethyl lead has recently become a critical war material. . . . as critical as the President's Administration for War has directed all refineries of gasoline grade fuels to shift daily production of each gasoline to essential for current demand during the six months prior to June 1944. This reduces drastically the amount of premium gasoline available to civilians. Also in the interest of conserving war-critical tetra-ethyl lead, P. A. W. has directed that all of it be used in the manufacture of all Regular gasoline. Consequently the octane number of this product has been reduced from 88 to 85. So, if your Humble Station is temporarily out of Eco Extra, or if Humble Regular does not perform in your car like it did in the past, please remember that tetra-ethyl lead is really at war... just another of those small sacrifices all of us at home are asked to make in the interest of an earlier Victory.

PEP RALLY

We had a very impressive "pep rally" on the south end of our football field Friday afternoon at 3:30. We had some very encouraging speeches made by: Ben Charlie Chapman, Private Dan Oates, the Rev. Kenneth Cope-land and Coach Roberson. We want to thank these men and the whole town for backing our team. Their speeches were helpful and appreciated by all.

STUDENT COUNCIL OFFICERS ARE ELECTED

Wednesday morning October 11 the student body gathered in the auditorium to elect the year's Student Council officers. There was much enthusiasm among the group and finally the following students were elected: President—Tommy Ray Foster.

Vice-President—Gerald Welch. Secretary—Leon Dodson. Treasurer—Margaret Shoell. The school is behind you, Student Council, and we trust you'll do a successful and worthwhile year's work.

GUESS WHO

Last year the little guess who column was a terrific success. All right people, let's think. Who is this senior miss with the sweetest personality ever. This person has—your guess, red hair, green eyes, medium in size and large in plain old niceness. She is a cheer-leader, and what a cheer-leader.

Who is that Junior boy whom all the girls cry for, even if he doesn't know it. This should be enough information to let you know who, but if you don't here's some more. He has red, rather

wavy hair, blue eyes and he is medium height. Those freckles have an appeal all their own.

Who is the cheerful little bundle of joy with the dimples even when she's not smiling. She has light brown hair, green eyes. She is small, dainty, and very neat. This little chick just happens to be a sophomore candidate for FFA Sweetheart.

Who is that peppy little person of the male species who always seems to be in a good humor. He has blond hair, blue eyes, not too tall. If he comes up and nearly knocks you down, don't be offended.

FISH TALES

Lois, you should have been at the Munday game. A handsome little boy, Roy Harris was asking about you.

Anne Katherine doesn't seem able to keep off the floor in HM. What's the matter, don't they keep it dusted to suit you???

Anita Jo has been wearing that basketball since Easter. Wonder how long this is going to last??

If you want to know Aleenis and Faye's boy friends just look at the names on their books.

Wonder why Genelle kept wanting to follow Henry's car one Saturday night???

We want to welcome another new student into the Freshman class. She is Elizabeth Flores from Ranger, Texas.

SOPHOMORE SOUP

Why was Eddie Bess so interested in the Munday Team Friday night? Reckon it was No. 93 or 92. Could be, could be.

Carolyn seemed a little shaken up Monday; I wonder why? Couldn't have been because of old memories on the other side of Rule or could it?

Last Friday night No. 85 from Munday's team seemed to be getting Mary Emma Reeve's attention.

We sure are proud of our little NELLE being our Candidate for the FFA SWEETHEART. Come on Nelle let's go. We're all for you.

C. W. turned a little red when Maggie handed him a note. Come on C. W. what did it say?

Floyd seems to be interested in a certain STAMFORD GIRL. Sorry, Floyd, but Bobby is going steady.

Wonder where Doris Jean was Monday night. Why keep it a secret any longer. Come on Doris, tell us! we won't tell anybody.

Huey seems interested in Mattson, too. Emmie might have something to do with that. We think she is cute, too.

We wonder WHY, WHERE and WHO: Wilma John is glad she lives in the country?

Kathryn Harrell wouldn't let anyone see her Bible in Sunday School?

Kenneth Larned was sick Monday? Jake's car has a fender off?

Kathryn and Catherine are mad. Wonder if it is because someone said something about the name, Katherine?

Whose ring Jean Johnson is wearing? Dorothy was so happy after school Wednesday afternoon.

Whose ring Minnie Lee is wearing? Joan was so embarrassed Wednesday night? It was probably caused by that witty Ruby.

Giles is so fond of the Freshman Class? Rex was looking forward to the Stamford game?

Ruby won't go steady with "Dusty"?

"JUNIOR JUNK"

Have you noticed the Juniors no longer wear hats? Could it be their heads are too big since they ordered their "Senior Rings"?

Charles Crandal: "Felton, Margaret is going around telling lies about you."

Felton: "I don't mind, but I'll break her neck if she begins telling the truth!"

"WE THE JUNIORS" A year ago the HHS gladly opened its doors to that cute, blue-eyed, vivacious brunette, El-wanda Dedmond. Since then she has been one of the leading figures of the Junior class. Her favorite subject is English and MEN, her favorite sport is football and her favorite man is D. B.

Rice Alvis is next on our list. This is Rice's fifth year in the Haskell schools. It seems his favorite sport is football and the game of basket ball is not all Greek to Rice either. We hear that he will be defending the IHS goal again this year. We don't have to gaze in our crystal ball to see who Rice is dating out now days. It's none other than our candidate for FFA Sweetheart! Rice was treasurer of the FFA in his Soph year and Secretary of the Junior English Club and our Student Council Representative. Here's hats off to Rice.

Program for the exhibit and achievement day program of the home demonstration clubs of Haskell County to be held in Haskell October 28 is nearing completion, club leaders say.

Highlight of the afternoon program is to be a style show by the club women wearing something made of feed sacks. A guest speaker will also be on the program according to tentative plans.

Baked and Canned Foods Baked and canned foods will be sold at the exhibit and articles made of feed sacks. Complete program will be announced this coming week, leaders say.

Council chairman, Mrs. John Grindstaff of O'Brien, is being assisted in the show by several committees and leaders from each club in the county. Assisting in the plans are Mrs. Guy Marshall, Dennis Chapel, vice-chairman of the council; Mrs. A. M. Bird, Haskell, secretary; Mrs. A. B. Corzine, Center Point, chairman of the committee to select the location of the show; Miss Nora Nora Walters, Rule, publicity chairman; Mrs. T. M. Patterson, Slaver, Blodsoe, co-chairman of the program committee; Mrs. Cecil Hutchinson, O'Brien, chairman of the food committee; Mrs. Fred Monke, chairman of the invitation committee.

Special Guests County agents and members of the commissioners court have been invited as special guests for the day. A picnic lunch will be served at noon.

The following clubs are to have exhibits at the show: Mattson, Liberty, New Mid, Center Point, Sunshine, Dennis Chapel, Josselet, O'Brien, Tonk Creek, Bluebonnet, Lucky and Victory.

"WITH GRADE ENGLISH CLUB MEETS"

The Sixth Grade English Club met Friday, October 13. The meeting was called to order by the president. The minutes were read and approved. The treasurer announced we had one dollar and thirty-five cents.

Audie Stocks and Jimmy Bledsoe read Safety First rules. James Darnell read Good Manners rules and Opal Dotson asked questions and told a story. Marvin Elmore and Wanda Faye Smith read Thrift rules. The program was as follows: Doris Campbell told a poem. Spring, J. B. Spencer told a story on the Pin Oak; Edward Ammons told a story on the Rose Pink; Susie Hogins told a story on the Butternut Tree.

We played a game, My Ship Goes Sailing. The meeting was adjourned.

ENJOY SLAUGHTER

Say! Have you noticed that all the girls of H. H. S. have started a campaign to go with "Football Hero" Dodson? Better watch out, Dobber.

Well! Well! Well! I guess its the same thing this year as it was last year. Lucille Covey is still sporting that same Paint Creek senior ring. It must be love!

The way Alfred beats around on Deen you wouldn't think that they were lovers. Come on, kids, can't you be a little more lovable with your affairs.

Say! What is the matter with HHS's most handsome boy? Gee! Wallace don't you get around much anymore?

Advice to Fellow Students: Whenever the sky has a rainy look and I have to swim or die I just climb upon my English book because it is so dry.

Arbuckle

(Continued from Page 1)

Arbuckle is serving in that position or three years until he went off the board and Arbuckle was elected.

He was born in Baraboo and during his entire life has held only three jobs. He started work in 1903 in hardware business and later switched to a store where he worked years until 1908 when he started with the Haskell and started working for Cox Company in the side of the two buildings now occupy. Partners in business then were W. L. Cox, John Jones and J. Sell. Later the firm became Cox and when B. Cox died, W. H. took over most of the business, which started in 1905.

In 1911 Arbuckle married Lemmon, his father-in-law's daughter.

Back in those days Business "back in those days" consisted of selling lot of things, wagons, buggy wheels and ammunition. He said I first came here there were two stone buildings on the side of the square, the wooden shacks. And in the we came to work at 4 o'clock until after dark, but people quit coming in.

"Farmers then got up those who lived in the farm would be doing store waiting for us to see they could get something from the store. It took a little while to get to in their buggies." Arbuckle is active in matters that the school talking part in other child talkings and is an active member of the Baptist church.
