The students of Haskell High regret the loss of one of their classmates, El Wanda Dedman, who has withdrawn and is now going to Rule High School.

## Chaplain Speaks In Assembly

Chaplain Robert Barnett, a graduate of Haskell High School and Hardin Simmons University spoke Monday in Assembly.

His very interesting message to the students had to do with his duties as a Chaplain in our Armed Forces. He spoke of the errands they performed for men who were unable to gain permission for performing the deeds themselves.

Chaplain Barnett asked the student body to be especially careful in relating any news of whereabouts of their soldiers. He also gave some excellent advice to the students. Aiming for higher goals was the theme of this part of his message.

Barnett has been in the service of our country for some time. Before his enlistment he was Minister of the Baptist Church at Pinkerton. As a student in Haskell High School he was active in all campus activities and a good scholar.

We are indeed grateful to Chaplain Robert Barnett for his inspirational message.

## North Ward Bond Sales

North Ward's total sale on war bonds and stamps sold last Thursday amounted to \$130.60. Of this amount, \$55.90 were sold in stamps and \$75.00 went for bonds.

Each of the following bought a \$25 bond: Mrs. Ivy Evelyn Linville, Marvin Hancock, Jr., and Gene Brown.

Since this amount (\$130.60) is \$401.60 short of the \$531.60 sold the week before, come on, North Ward, let's all buy at least one stamp so that we can all share in the sale of stamps and bonds.

## Gossip

Claud has finally made up his mind to go with girls in his class—hasn't he Carolyn?

What's this we hear about Pearsey and Risley? Huh? Sue, Joan, Nell and Kathryn H. seem to be the four musketeers, in case you don't know what I mean, just notice when you see Duval's little car pass by.

Doris H. where were you Friday night? From all hearings Tommy was having an awful time hunting you.

We wonder whether or not Hartzell, Raymon, and Dusty ever got to see those Lueders girls Friday night. Take them home, anyway.

One of our football boys still hasn't taken the hint that is being sent around by the Sophomore and Junior girls—How's about it Dobber?

Sue, Cora Faye, and Mary Jo must have something up their sleeves. Come on—tell us about your plans.

Royce appears to be very lonesome since Jimmy is out of school. So hurry and get well for the sake of all of us.

We haven't heard much from Dick B. in quite a while. What's the matter?

Some of our ex-students were at the football game last week. We were glad to have you attend—Brock and the rest.

Just any time you are in town you will see Catherine D. and Tommy F. Isn't that right?

Who was it that C. W. said goodbye to last week? Anyway here's wishing for him the best of luck in Uncle Sam's Air Corps.

## War Bond Sales

The amount of war stamps and bonds sold Friday at Haskell High School was \$1,196.55, which was an increase over last week's sale.

The class buying the largest amount was Mr. Scott's second period study hall, which was a total of \$755.90.

Those buying bonds were: Mr. Scott—\$750 Miss Riley — \$500; Richard Baccus—\$37.50.

## Indians Win Over Lueders

The Haskell Indians won Friday night over the Lueders Pirates with a score of 14-7 in a non-conference football game.

The Haskell Indians made eight first downs to Lueders seven. Haskell punted 4 times for a total of 114 yards, Lueders 5 times for a total of 113 yards.

The Indians passed 9 times completing 5 for a total of 135 yards, Lueders intercepted 3 of Haskell's passes.

They passed 8 times, completed 4 for a total of 103 yards, with the Indians intercepting 3 of their passes.

The first touch-down was made by Red Welch, Harrell intercepted a pass for a thirty yard gain taking the ball to the 9 yard line. Welch carried the ball over for a touch-down. A pass was completed to Raymon Mobley for the extra point.

The second touch-down was made by Welch who intercepted one of Lueders passes on Haskell's 30 yard line. He ran 70 yards for the 6 points. Again the ball was passed to Mobley, who completed it for the extra point.

Lueders made their touch-down in the second quarter with a long pass. Their kick for the extra point was good.

The Indians are looking forward to that game with Seymour Friday night and promises them some stiff competition.

## Civics Club Is Organized

Mrs. O'Dell's senior civics class organized a club Thursday. The following officers were elected:

President—Earnest Wilfong  
Vice President—Raymond Mobley

Secretary—Cora Faye Hayes  
Treasurer—John Barnett  
Reporter—Doris Lowe

The day for the meetings and the various committees have not yet been decided on.

## Haskell High School Presents Handbook

At the beginning of school, a little handbook was given to each student printed by Mr. Scott.

We have seen the need of such a book for reason of the changing teacher problem and the change of the student body from time to time. We wish to acquaint each student and teacher with the general problems, loves and traditions of Haskell High. We wish to do this in order that we may have a greater degree of efficiency within the school. We are printing this for everyday use and hope that it may meet the need.

To do things expertly, the person must "know" things. The WHY must be combined with the HOW. The book consists of "The Purpose of Haskell High School", "How to Enroll in Haskell High School", "Entrance Examinations", "Schedule of Time for School Days", "Classification", "Course of Study", "Fees", "Haskell High School Library", "Army Training", "The Student Council", "High School Clubs", "Social Events", "Athletics", "Football Schedule", "Substitute Teachers", "Hall Duty of Teachers", "Legal Holidays", "Achievement Tests", "Absences", "Discipline", "Lockers", and "Work to be Filled by Teachers".

## The Mail Goes Thru

Despite rain, snow, and even elevator strikes—the mail goes through. A delivery man plods up the stairs of Rockefeller Center, N. Y. during a recent elevator strike.

## My Dream Of Tomorrow

The other night I had a queer dream. It was a dream of a beautiful tomorrow.

Everything was at peace, and our children were going to school. All of my old schoolmates had chosen one of the thousands of occupations. Sometimes I would see one of them, and we would talk and laugh of our happy past. Our children were going to school, and, as usual, they didn't like History. Sometimes they would ask such questions as: "Who was Hitler, Hirohito, and Mussolini? Who was President during World War II? This would bring back many happy memories of my past.

This was my dream of the future, and I hope it can be fulfilled as much as possible. What is your dream of tomorrow?

## Gypsy Ramblers to Sell Candy at Football Game

The Gypsy Ramblers voted Tuesday to make candy to sell at the Indians VS Pirates Football game. In lieu of the shortage of candy and cold drinks, the girls decided that this would be a very good way to please the fans and make money at the same time.

Several girls consented to make posters to advertise the game. These posters will be displayed in windows downtown, thanks to the co-operative merchants.

## Pep Squad Leads Indian Boosters In a Pep Rally

The Pep Squad met Thursday night on Indian Field for a practice of the field stunt which was to be given at the game Friday night. They marched to town where they sang songs and gave yells letting the whole town know that they were really Indian boosters. At the flag pole the pep squad stopped and we heard several very enthusiastic talks which were given by Coach Roberson, Mr. Scott, Mr. Byrd, Mr. Middleton, Carolyn Williams and the two Co-Captains Tommy Ray Foster and John Barnett.

Dale Bartlett, who is attending State University this year, visited our school last Friday and participated in the pep rally held in the auditorium. Although Dale is in a school of some six thousand students she is still one of Haskell Indian most loyal supporters. She is the kind of a student any university should be very proud to own. We miss you this year, Dale!

We are proud of our football team this year. We do appreciate the work they are doing and we want them to know we are really behind them.

## Paint Creek Defeats Knox City

The Paint Creek Pirates opened their football season Friday, October 8 by defeating Knox City 36-0. The game was very interesting with several exciting runs. Three kicks were made after the touchdown by Captain Kuenstler.

The line up was as follows:  
**Paint Creek**  
 LE—Mickler, G.  
 C—Overton, A.  
 RE—Kuenstler, T.  
 QB—Hager, W. R.  
 HB—Cox, C.  
 FB—Medford, R.  
**Knox City**  
 LE—Ward, L.  
 C—Simson, J.  
 RE—Clonts, J.  
 QB—Long, W.  
 HB—Whittier, M.  
 FB—Dunnam, E.

Substitutes: Paint Creek, Medford, W.; Knox City: Bradbury, Clonts, Wooley.  
 Officials: Roger Gilstrap and J. W. Bigony.

## Pep Squad

The Paint Creek Pirates opened their football season with a victorious ending for the Pirates. Behind the boys was the ever ready pep squad. The pep squad is composed of both boys and girls this year. The school colors, Maroon and Gold have been blended together in the creation of colorful suits for the members. The girls' suits are composed of a gold sports blouse and a maroon circular skirt. The boys have maroon trousers and a gold shirt. The pep leaders, Virginia Mae Cox, Dean and Lula Marie Kuenstler are a sensation in their gold blouse with flowing long sleeves. Each leader has honey colored hair, which makes them an artist's idea of happy buttercups with rosy cheeks.

The crowd cheered but the pep squad cheered louder. They were at their best and we are very proud of them. A good pep squad always brings out a team's good points. So in cheering for our victory we can give three cheers for our pep squad along with our coach, captain and team.

## Vaccination Day

Last Tuesday was vaccination day in our school. Two nurses came out from Haskell and vaccinated twenty-three of our pupils for small pox and typhoid fever. Most of them were from the first grade.

## F.F.A. Chapter Organized

The Agriculture boys met Thurs. Oct. 7 to elect officers for the year and to organize their chapter. The following officers were elected: President, Frank Sims; Vice-President, Ray Medford; Secretary, Joe Hanson; Treasurer, Wayne Wells; Reporter, Edwin Lee Terrell; Parliamentarian, H. C. Campbell; Watchdog, Gerald Lytle—Adviser, F. W. Martin.

## Meet the Seniors

FRANCIS PERRY—Francis is the brown haired, blue eyed Senior girl who is liked by everyone. Francis was a member of the Home Making club and is still an active member of the pep squad. She has been selected by the class to be their Queen at the Halloween Carnival. She is the Secretary of the Senior Class. Francis is the daughter of Mr. and Mrs. Hoyt Perry.

## Sophomore News

CHAPEL PROGRAM — Last Thursday the Sophomores had charge of the Chapel program. We had a pep rally. The pep squad gave some exciting yells and songs. Then Mr. Bigony introduced the members of the football team and the captain and co-captain made speeches for us. Then the entire school sang several songs. Mr. Martin gave us a motto for the coming game. It was: "Reverse the score, then add some more."

The Sophomore class is indeed

sorry to lose one of its members, Edith Polk who is moving to Strawn. We have enjoyed having Edith as one of our classmates. We are glad to welcome back into the fold Alma Jean Fought, who is a late entry.

## Grammar School News

**First Grade News**  
 The First Grade bought \$6.90 in War Stamps last week. Those buying stamps were: Morris Walker, Wayne Tidwell, Lloyd Terrell, Nancy Earles and Barbara Davis. We hope more will start a stamp book soon.

Peggy Marie Thompson is a new pupil. We are glad to have her. We have some new clay and are enjoying it very much. We mold it into animals, dishes and many other things.

All of us saw the football game Friday. It was the first one for many of us. We were so happy when we learned that Paint Creek won. We are anxious to see another game.

We are dropping pennies, nickels and dimes into our bank for our Queen, Nancy Carol Earles. We want her to win and would be happy to have everyone vote for her.

**Sixth Grade News**  
 Many of our members attended the ball game Friday and enjoyed it very much.

This week we are studying flowers and leaves during our art period and find them very interesting.

**Third Grade News**  
 We got a new Reader last week and like it fine. We have been studying hard in all of our books. We like our teacher.

**Eighth Grade News**  
 The Eighth Grade is glad to welcome three new pupils to our class. They are: Ima Lee Thompson, T. W. Jetton and Cora Lee Butler.

**Seventh Grade News**  
 The Seventh Grade pupils are very busy practicing a chapel program to be presented Oct. 29. It is entitled "The Old District School".

We are very proud of the Paint Creek Pirates for the splendid game that they played with Knox City last Friday.

We have been painting pictures of tulips, rocks, morning glories and other flowers in art class. We write something about each flower that we paint. It is very interesting.

**Brooms to Cost More**  
 Consumers will pay about six cents more for household brooms made wholly or partly of broom corn, because of a recent OPA order. This increase was granted to reflect recently established ceiling prices for broom corn.

**Save Water to Save Fuel**  
 Because it usually takes fuel to pump water, The U. S. Government asks water users to repair leaky faucets and other leaky plumbing fixtures. Saving of water may also save on the manpower required to make it available as well as the chemicals required to treat it.

**Steel Rails for Snow**  
 Longer fenceposts made steel rails may be used for fences according to a recent ruling. Previously fence lengths were too short for fences.

# Livestock Brands Must Be Recorded

The special attention of ranchers, livestock owners and cattle men is called to the new state law concerning the re-recording of livestock marks and brands which went into effect October 1, 1943, to last through September, 1945. Although many of the 2000 brands that have been recorded since 1885 have long since been abandoned, many brand owners will want to carry on their old brands even though they do not have livestock at the present time. Applications for re-recording may be had at once, as well as applications for recording a new brand. Since under the new law a brand is subject to sale or transfer as personal property, it is advisable that the brand owner have in his possession a certificate of registration evidencing his ownership having a certificate of registration at hand will also show ownership of a load of livestock in event of investigation by officers of rustling or black market activities.

Clerk's fee for recording is twenty-five cents; for issuing a certificate of registration fifty cents.

Please Apply at County Clerk's Office

## Helen Bagby Circle Meets for Mission Study

Monday evening, Oct. 10th the Helen Bagby Circle of the First Baptist W.M.U. met in the annex for another study of missions.

Meeting opened by singing "I Love to Tell the Story," followed with prayer by Mrs. Paxton.

Miss Crawford was program director this month and topic was "The Witness of the Word." Mrs. Ellis gave the devotional from Isa. 6th chap. and Jer. 1st chap. Miss Crawford then discussed the Missionary and the Romance of Bible Translations. Mrs. Couch: "The Word Builds Strong Christians" and "Today's Demand for the Word."

Mrs. Taylor offered a prayer. Mrs. Ellis playing the piano softly—"Tell Me the Old, Old Story." Mrs. Taylor gave the meditation—"The Bible Speaks."

Yes, the Bible speaks and the message it speaks is the hope of the world. The need and demand for the Bible is greater today than ever before. During these terrible years of war and famine, trials and tribulation throughout the world there is an unprecedented desire for the Word of God.

As Christian witnesses let us give the Word to all nations that it may speak its message of hope to a lost world. We were dismissed with prayer by Mrs. Bailey and the following ladies were present: Mmes. Paxton, Ellis, Merchant, Sides, Crawford, Couch, Simmons, Bailey, Taylor and Miss Crawford.

Cpl. Glenn E. Cherry visited over the week-end in the home of his parents, Mr. and Mrs. E. O. Cherry and with his wife, the former Ora Mae Lankford, the daughter of Mr. and Mrs. J. R. Lankford of this city. They were married in Hugo, Okla., Sept. 4. Corporal Cherry returned to Camp Maxey, where he is stationed, Monday. Mrs. Cherry is employed at the Haskell Telephone office.

## Mrs. Jesse Josselet Maybelle Circle

The Maybelle Circle met in the Naomi Bible Class room Monday afternoon at 3 o'clock in a Royal Service program.

In the absence of the leader, Mrs. Rogers had charge and opened the program by singing the hymn—"I Love to Tell the Story."

Mrs. Josselet gave the devotional on Visions of God's Spoken men—Las. 6:1-10 and Jer. 1:1, 6-10.

Prayer followed that God may speak through us to a lost world—by Mrs. John Fouts. Hymn—Wonderful Words of Life was sung.

The world has many books—but only one which came from Heaven, said Mrs. Rogers as she spoke on The Missionary Work.

The Romance of Bible Translations was given by Mrs. Charlie Quattlebaum. She told where we got the name Bible and of the Apostle Paul, when he sent for Timothy in a letter not knowing that he was writing a chapter in the Bible. And his own letter would be the Book of Timothy.

Mrs. Ashley lead in prayer thanking God for the translations which brought the Bible to us—and to millions of people.

Mrs. E. B. Calloway spoke on The Romance of Bible Distribution. The Bible is the best beloved book in the world. You may talk as you will of editions of popular novels, at the Bible leads them all year after year.

Mrs. Bert Orr told how the Bible saved the lost souls by missionaries by being in the hands of individuals, and how it comforted a man who had lost his wife in death, when he picked this Holy book up, that had layed on the table for years. And as he read for comfort, it caused him and his whole household to be saved—and 40 others were saved by reading the Bible that lay on the table so long.

Mrs. John E. Robinson talked on Today's Demand for the Word. The sale of Bibles are greater today than ever—and there is a shortage of paper to print Bibles, but it is hoped this problem can be solved—"How to Supply the Nations with Bibles."

Mrs. Charlie Quattlebaum played the Hymn—"Tell Me the Old, Old Story," as a background of music as Mrs. Rogers gave the meditation—"The Bible Speaks."

Mrs. John Fouts dismissed in prayer. Ladies present were: Mmes. Bill Hellums, E. B. Calloway, John E. Robinson, Claud Ashley, John Fouts, Charlie Quattlebaum, Walter Rogers, Bert Orr, Jesse Josselet.

Mrs. Sterlin Edwards was shopping in Abilene Tuesday.

## S. A.'s Meet

The S. A.'s met Monday afternoon at the Church. The meeting opened with a song—"Wonderful Words of Life." Prayer was offered. Then another song "I Know the Bible is True."

The girls enjoyed looking at a collection of old Bibles. We found several things to be placed in the scrap books. A social was discussed.

We extend an invitation to all girls that are interested. Mrs. Charlie Quattlebaum and John E. Robinson are our leaders.—Reporter.

## LaVerne Hardin of Colorado City is Bride of Karl D. Everett

Mr. and Mrs. Ray Hardin of 1145 Hickory, Colorado City, announce the marriage of their daughter, LaVerne to Boatwain Mate 2-C Karl D. Everett, son of Mr. and Mrs. W. P. Everett of Rochester.

The double-ring ceremony was read at 6:30 p. m. Wednesday, Sept. 29, 1943 in Fort Pierce, Fla., by County Judge Flem C. Dame. Attendants for ceremony were Mrs. Flem C. Dame and Mr. Douglas I. Shaw.

The bride wore a beige suit, beige gloves, forest green hat, and brown lizard shoes and bag. Her corsage was of white educated asters.

Mrs. Everett was graduated from Snyder High school in May, 1941, where she was a member of the National Thespian club and National Honor Society.

She is employed at North American Aviation, Dallas, from which she has a thirty-day leave of absence.

Mr. Everett was graduated from Rule High school in May, 1941. He volunteered for the Navy in Snyder, Tex. in June, 1942, where he was employed by the Texas Highway Dept. as engineer. He was in the North African invasion—where he was seriously wounded in action and awarded the Purple Heart. At present he is instructor at the Amphibious Training Base at Fort Pierce, Fla.

The couple are at home at 312 South 4th St., Ft. Pierce, Fla., until he reports for sea duty.

## Royal Ambassadors

The Whately Chapter of the Royal Ambassadors met Monday afternoon at the Baptist Church at 4 o'clock. The meeting was opened with song and followed with prayer by Mrs. Ed Fouts, the leader.

The officers elected were: Gene Brown, Ambassador Chief; Billie Dilbeck, 1st Assistant Ambassador Chief; Tommy Tate, 2nd Assistant Ambassador Chief; Bobby Don Smith, Chapter Stewart; Billy Mac Taylor, Custodian; Glenn Fowler, Chapter Herald.

Those present were: Bobby Don Smith, Tommy Tate, Billy Mac Taylor, Billie Dilbeck and Glenn Fowler.

All boys between ages of 9 and 12 are invited to attend the R.A.'s at the Baptist Church each Monday afternoon at 4 o'clock.

## Naomi Bible Class Meets in Home of Mrs. Robison

The Naomi Bible Class met Oct. 1st in the home of Mrs. Jno. E. Robison. The business meeting was opened by singing "Higher Ground," prayer by Mrs. J. D. Tyler.

New officers were elected to fill vacancies left by members joining the Ruth Bible Class.

Thursday afternoon was set aside as visiting day for the class. Mrs. Verdie Oates brought the devotional on True Neighbors.

The meeting was closed by prayer led by Mrs. Whatley. Games were directed by Mrs. Robison and Mrs. King.

Refreshments were served to eleven ladies.

## What You Buy With WAR BONDS

### Water Camel

This is one enemy of armies and navies that may be frustrated by a generous supply of water. Typhus, another dreaded plague is another enemy that must be subdued in Africa, in the jungle islands of the Pacific.

So the "Lister Bag," more often called the "water camel," or just "camel," is used. The "Lister Bag" is a khaki colored canvas bag having a capacity of about 30 gallons. It will require many War Bonds to provide enough "camels" for our fighting forces at home and abroad. Yours too! "Back the attack with War Bonds." U. S. Treasury Department

## W. S. C. S. Meet

The W.S.C.S. met in the home of Mrs. O. E. Patterson, on Monday afternoon at 4 p. m.

Before beginning the lesson, Mrs. Patterson at the piano gave a medley of patriotic songs of different countries; this was concluded by the singing with Rex Copeland leading, of the "Star Spangled Banner."

The pledge to the National flag was given; this was followed by reciting the pledge to the Christian flag. Mrs. Williams gave a prayer.

Mrs. Fields gave such a splendid lesson on "The Making of a Nation." As the U.S. was originally settled by people from various parts of Europe, the director had asked each member to tell from what country her forefathers had originated. We found we were a mixed-up lot.

Mrs. John Pace was our invited guest and had, at the request of the director, brought her family tree and her family Coat of Arms. Also the Coat of Arms of her mother's family. This was very interesting to all and new to some of us. Mrs. Pace's family having come from the Highlands of Scotland, we were told that only the Chiefs of the Clan were entitled to the Coat of Arms.

Also displayed was a book showing the different "Scottish Plaids." The hostess showed a copy of the original Declaration of Independence that has been in her family for three generations.

Mrs. C. L. Lewis displayed a poster, on which had been placed printed articles telling of world events. These were read and explained.

The questions asked by the director brought out many interesting points.

Mrs. Copeland dismissed with a prayer.

Mrs. Patterson requested the ladies to remain for a cup of coffee, which was served with delicious cake, baked by Mrs. R. L. Harrison to: Mrs. John Pace, Rev. Copeland, J. N. Fields, W. J. Sowell, A. J. Josselet, C. L. Lewis, Hettie Williams, McNeely, H. Crow, H. Pitman, Weyche, Jim Holmsley, Clay Smith, Joe Lee Ferguson, B. Cox, Ethel Irby, Kenneth Copeland, Stevenson, F. T. Sanders, T. R. O'Dell, Ada Rike, Darnell.

We meet on next Monday in the home of Mrs. Burwell Cox, with Mrs. K. Thornton co-hostess. Be there promptly at 4:00 p. m.

## Dinner in Home of Mr. and Mrs. J. C. Holt

Many lovely gifts were received and admired, and a delightful time was enjoyed by everyone present.

Delicious punch, sandwiches, olives and cookies were served to each guest by Misses Gene, Jewell and Amelia Holt and Gracie Nell Brite, grand daughters of Mr. and Mrs. Brite.

## Presbyterian Auxiliary Has Bible Study

Women of the Presbyterian Auxiliary here met Monday afternoon at four o'clock for the second of the Fall Bible Study lessons on the Book of Acts.

Mrs. R. C. Montgomery, regular Bible teacher, was in charge and used the questions and answers method to bring out the important points of the Pentecost and Peter's sermon.

Mrs. J. T. Hester led the opening prayer, followed by the singing of "Lead Me to Some Soul Today," with Mrs. Scholl at the piano.

The entire chapter was read by the group in order, interspersed with general discussion and followed by the questions and answers period.

A letter was read from Mrs. H. S. Wilson, a member who has been unable to attend for several meetings because of illness.

The meeting was closed with a prayer by Mrs. Calvin Henson.

Those attending were Mesdames Belton Duncan, Sam Chapman, W. N. Sholl, Fred Stockdale, J. T. Hester, Ed Hester, Paul Frierson, R. C. Montgomery and Calvin Henson.

T-Cpl. Buford Barton of Fort Sill, Okla. is spending a 15-day furlough here with his parents, Mr. and Mrs. Jess Barton.

## Magazine Club

The Magazine Club met on Friday afternoon at 4 o'clock, with Mrs. W. B. Reid as hostess. The club room was most attractive, being profusely decorated with red roses and gorgeous lilies, these being from the garden of Mrs. John A. Lee of Rule.

Mrs. H. C. Leon of Rule was the guest speaker and was assisted by Mrs. Ada Frank B. Hill, also of Rule. Mrs. Rike, in her introduction, spoke of the "Good Neighbor" policy which we, as a nation are being taught to practice.

We, the Magazine Club, are firm believers in this policy, as we can always rely on Rule, our neighbor to the west, in a crisis. This program was to have been given by A. A. Bradford, but she being unable to be present, Mrs. Leon, very graciously consented to appear.

Before beginning the program and with Mrs. O. E. Patterson at the piano, all joined in singing "The Star Spangled Banner."

Our year's study being "World Religion," the speaker's theme was the "Creation." Mrs. Hill assisted by reading Scripture verses. The following members were present to enjoy this splendid program and all voiced their appreciation of your "neighbors to the west."

Mrs. Carl McGregor, Mrs. W. N. Huckabee, Mrs. Ada Rike, Mrs. C. L. Lewis, Mrs. R. C. Couch, Mrs. H. M. Power, Mrs. E. M. Frierson, Mrs. W. A. Lyle, Mrs. W. B. Reid, Mrs. B. C. Chapman, Mrs. Earl Atchison, Mrs. Fred Monke, Mrs. R. J. Reynolds, Mrs. S. H. Vaughter, Mrs. J. A. Couch.

## Mrs. Harry Bettis Entertains For Harvest Day in Weinert

The ladies of the Weinert Methodist Church observed their local Annual Harvest Day on Monday, Oct. 10, in the hospitable home of Mrs. Harry Bettis.

The Hallowe'en motif was used in decorations. This is a very delightful occasion each year as the ladies come together socially with friends.

The President, Mrs. H. A. Marsh called the house to order, with Mrs. Frank Ford at piano. Mrs. P. F. Weinert lead the group in singing two hymns. Mrs. R. L. Walker brought a short devotional, followed by prayer by Mrs. P. J. Josselet.

The president made a few timely remarks about our "Harvest Day," then asked Mrs. Bettis and Mrs. Weinert to take charge of the games; a lot of fun was had by all in playing these interesting games, that had been planned by them.

The "Dollars" that had been placed in the "Missionary Flowers" during the year were dropped in the big black pot by the ladies as they marched by. This money will be used to make one of the members of the Woman's Society of Christian Service a "Life Member."

The hostess, Mrs. Bettis served delicious pineapple pie, topped with whipped cream and coffee to the following ladies, Mmes: Josselet, V. P. Terrell, J. M. Williams, Fred Monke, G. L. Walker, R. M. Walker, P. F. Weinert, H. A. Marsh, Ed Howard, Cecil Jones, E. Medley, Frank Ford and E. Griffith.

Mrs. Glenn Edwards and baby Glenda, after a few weeks visit in Haskell have returned to California where they will make their home.

THE SURGICAL DRESSING ROOM

The workers are making 4 x 4 inch sponges this week. As usual the call is going out for more workers. The quota always has been finished on time, but this is due to the faithful few on whom it certainly works a hardship, requiring them to work-out of the nine regular workers—some four out of the five afternoons and two or three of them every afternoon. The boys who are marching toward Rome are working and dying—every day. Won't you come and help make dressings for their wounds? Since the last report those who have been making dressings for the boys who are being wounded are: Mesdames B. N. Orr, H. M. Bledsoe, Lanham Williams, Lillian Blake, Henry Dobbins, F. T. Sanders, J. V. Hudson, C. L. Lewis, Jack Bradford, J. W. Gholson, Jno. W. Pace, J. S. Chapman, J. W. Medley, T. J. Lemmon, Jr., J. M. Waggoner, C. N. Taylor, O. E. Patterson, W. C. Johnston, I. W. Black, O. L. Penny Payments Vs. Dollar Payments

Congress finally passed a pay-as-you-go bill for increased taxes, against Administration opposition. Now the Administration asks another tax increase of 16 billion dollars, but no one likes to say there to get it.

There is no argument but that more taxes are necessary for two purposes—to finance the war and to control excess spending which creates greater shortages of already limited supplies. Both the Administration and Congress have so far opposed a sales tax which would tap the greatest source of surplus revenue, be a powerful counteractive of inflation, and prevent the imposition of still greater direct income and corporation taxes which would retard industrial activity and employment.

A sales tax would be easier for the average individual to pay in penny amounts than higher income taxes in dollar amounts.

Why Be Copy Cats?

The argument has been advanced that if one believes in a free public school system, one should not object to "free medicine" controlled and paid for by the state.

There is considerable difference between a public school system to give every individual a chance for mental equipment with which to earn a living and care for himself and furnishing the individual, at state expense, the various necessities and luxuries of life.

"Cradle to the grave security" sounds appealing, but a nation which accepts that plan sells its independence and admits that its people cannot care for themselves.

The American medical system has been the wonder of this war. It was not developed or fostered by the state. It was the result of enterprise and initiative of American doctors who over a long period of years have been determined to make American medicine supreme.

American medicine probably gives more actual free service to those who need it, than do the so-called socialized medical systems of foreign countries, which load the cost of their "free" service onto the individual in the form of special taxes.

Why should we in this country even consider disrupting the greatest medical system in the world to copy experiments of nations which cannot match ours in medical progress?

Why Not 49 States Now?

There has been loose talk about the poor administration of the affairs of our island territory of Puerto Rico by the United States government. There are interests that would like to see the United States surrender its sovereignty over Puerto Rico.

One sure way to destroy friendship and trust between the island and the United States, is a campaign to convince Puerto Ricans that they are being badly treated by their fellow citizens on the mainland, and should be free of United States citizenship.

President Roosevelt, in his recent recommendation of increased self government for Puerto Rico, said: "There is no question of Puerto Rico's ability now to administer their own internal affairs and to assume the attendant responsibilities."

That being the case, why should Puerto Rico not now be admitted to the union as the 49th state? Approximately 99 per cent of her people are citizens of the United States, and more than half of them are natural-born citizens of the United States. Our constitution permits overseas states to enter the union, and both the Democratic and Republican parties have recommended statehood for Puerto Rico. Loss to our country of that island, the Hawaii of the Caribbean, would greatly weaken our defenses against a foreign enemy.

Beware of the Realists

Many self-termed "realists" declare that as far as the millions of men and women who work in large corporate enterprises are concerned, it makes little difference whether government or private management runs industry and signs the pay checks. For them, it is claimed, opportunity and free enterprise are merely empty words. Government domination is encouraged on the grounds that it is the easiest solution to the complex problems of an industrial society. Such "realists," and they are found in industry as well as in the ranks of labor and government, are sowing the seeds of destruction of our republic.

The problem of maintaining individual security and opportunity cannot be solved by the spinesless expediency of government ownership. Government ownership of basic industries, of mines, other natural resources, power and transportation, would open the way to termination of the liberty of every citizen. No matter how large an industry may be, as long as it is privately owned and operated, it represents economic freedom to those who work in it. That is, they are economically free of any form of political coercion. Their jobs do not depend upon how they vote.

Destruction of private industry means destruction of representative government. This is a fundamental truth which every soldier and every war worker must keep clearly in mind during these troublesome times.

JESUS AND THE SABBATH

LESSON TEXT—Exodus 20:8-11; Isaiah 58:13, 14; Mark 2:23-3:6.

GOLDEN TEXT—And he said unto them, the sabbath was made for man, and not man for the sabbath.—Mark 2:27.

The sabbath was essentially a day of rest and worship; hence the principles which surrounded it and directed its life may be applied to our day of rest, which is the first day of the week—the Lord's day.

That word "rest" sounds a little strange in this busy world of ours, and yet it is an important one. It means quiet for the struggling one, calm for the troubled, repose for the weary, tranquility for the disturbed, cessation of labor for the worn-out one.

God in His infinite wisdom saw that without rest man would soon destroy himself, and He made provision for one day in seven when labor should cease and man should be free for that recreation of soul and body which should fit him for the labor of the week.

Our lesson answers two important questions about our rest day, namely, Why? and How?

I. Why We Keep a Day of Rest (Exod. 20:8-11; Isa. 58:13, 14).

The chief reason is that God commands it. One day out of seven is for our re-creation by rest and worship. That should be sufficient to cause His people to "remember" the day "to keep it holy."

Doubtless it is true that essential war work and related activities must be carried on, even on Sunday. God did not forbid works of necessity. But even though there is this need, who will deny that many use Sunday for work that is not essential—and countless others devote it to godless pleasure.

Notice that the day of rest was to be not only for the family, but also for servants and for visitors. The employer who unnecessarily operates his factory or office on Sunday violates this commandment. Note also that the man who is to rest on the seventh day is supposed to work on the six days.

The precept of Exodus 20 is enforced by the promise of Isaiah 58. The man who delights in keeping God's commandment regarding the day of rest, will find that God delights in and honors him. Both men and nations have found this to be true.

II. How We Keep a Day of Rest (Mark 2:23-3:6).

The formalists of Christ's day, the Pharisees, had overlooked the heart of God's law and the holy living which it was intended to produce, and had bound up even the observance of the sabbath (which was intended to be a day of rest and gladness) in such a mass of technical "thou shalt not" that it was a day of fear. They had a false outward profession of worship and had entirely missed the true spirituality of God's law, a fact which drew upon their heads the anger and rebuke of our Lord.

The two incidents in this portion of our lesson reveal that under the cloak of earnestly observing the law of the sabbath, the Pharisees were actually covering their own hypocrisy and their hatred for Christ.

The accusations against the disciples because they had taken and eaten grain was not on the ground that they had stolen, for the law (Deut. 23:25) guaranteed that right to the one who passed through his neighbor's field. The Pharisees contended, however, that the disciples had worked on the sabbath in picking and hulling the grain.

The healing of the man with the withered arm revealed that back of their professed concern for the sabbath was a real hatred for Christ. It is an appalling thing that in the house of worship on the very sabbath day, these men, outwardly so religious, were plotting against our Lord.

"They watched him," and even so the enemies of the Cross watch us who are His followers. They are not concerned that the man with the withered arm, or with the withered soul may be helped, but only that they may find something to condemn.

Jesus cuts across human hypocrisy and hatred to declare that the true keeping of the sabbath is to do the work of God. No work of necessity (like plucking the grain) or of mercy (like healing the withered arm) is ever out of place on the day of rest.

A word of caution is needed, for some have sought to interpret this Scripture as providing biblical ground for doing all sorts of things on their day of rest. That day is for man's good, not for his destruction. His greatest good is served by rest, worship, spiritual development, Christian fellowship, and the doing of deeds of necessity and mercy.

The desecration of the Lord's Day in our time is a serious matter. Let us not contribute to its deterioration. America needs Sunday as a day of rest and worship.

LOOKING AHEAD BY GEORGE S. BENSON President, Haskell College Searcy, Arkansas

Congress Is Awake

Newspaper war-maps in each successive edition show the United States and her allies closer to victory. Pardonable pride expands the chest of every patriotic American. But there is even better news: Our own national freedoms for which the choicest men of this nation are fighting seem less in danger than for many months. Congress, the legal and traditional custodian of national welfare, is wide awake.

Useless, non-defense, federal bureaus are falling before congressional fire. The old WPA and the CCC are gone. The NYA has the rest of this year and what's left of \$2,000,000 to liquidate, and an ominous silence has fallen over the AAA. No longer are its employees openly planting sentiment in the farm states to influence Congress. A House sub-committee stopped that.

A Wholesome Sign

A most heartening piece of news broke on Capitol Hill in the early days of July. The Senate Committee on Post-War Planning headed by Sen. Walter F. George of Georgia launched an investigation of restraints placed on business, to forestall their probable effect on the nation's shift from a war-time to a peace-time economy. The job is in good hands.

My confidence in Senator George is enormous. He has been called the greatest intellect in the Senate. I believe he wants to steer America back to permanent prosperity such as is possible only under the Private Enterprise system, and I believe he knows how. It will not likely take his committee long to foretell calamities that will result if today's restraints on the petroleum industry are continued.

OPA On Defensive

Rep. Wesley E. Disney of Oklahoma quoted some figures to the House of Representatives on July 8 which made the oil industry's restraints clearly understandable. "The nation is rapidly approaching a man-made oil shortage," he said. Then he declared that only one agency remains complacent in the face of grave public concern; only the OPA opposes the idea that America should safeguard its oil supply by maintaining prices in keeping with the cost of obtaining supply.

A serious oil shortage, even though it came after the complete defeat of America's enemies, would be the next worst thing to losing the war. With automobile factories and oil refineries idle, with automotive and tire service dead, with highway traffic practically paralyzed, what would America be? With four major industries shackled, how could 30 million jobless war workers and service men be put to work? In an oil famine are fertile seeds of revolution, and this nation (not just Oklahoma) may thank Disney for his good work. Depending on imported oil has too many obvious disadvantages for consideration.

Too Many Cooks

That homely proverb, "Many cooks spoil the broth," might serve as a terse review of a masterful 41-page report (Senate Document No. 66) of the press June 18. It has to do with Federal Personnel; prepared by the Joint Committee on Reduction of Nonessential Federal Expenditures of which Sen. Harry F. Byrd of Virginia is chairman. This committee's activities to the end that representative, constitutional government shall not perish from the earth are reassuring to every American who loves his country.

The Byrd Committee recommends bluntly in Document No. 66 that all departments and agencies of the federal government promptly reduce personnel by 30,000 persons. It sounds like a lot. It's the equivalent of ten army divisions, but it is only 10 percent of the federal government's 3,000,000 civilian employ-

Weekly Health Letter

By Dr. Geo. W. Cox, State Health Officer

AUSTIN, Tex. — "Despite the development of scientific procedures that definitely reduce the hazards of child-bearing, maternal deaths in this country continue to remain much too high," Dr. Cox said today in a statement on maternal and child health in Texas. "For example, during 1942 there were 494 deaths from this cause reported to the State Department of Health as having occurred in Texas alone. A review of these deaths shows that many of them were preventable. This is a tragedy which must be corrected."

It is an encouraging fact, however, Dr. Cox said, that during the last 10 years the ratio of maternal deaths to the number of live births in Texas has dropped from 7.6 to 3.8. This shows a marked progress in the prevention of maternal deaths consistently maintained in recent years. In actual figures during 1942 there were 132,175 live births in the State with 494 maternal deaths—while in 1934 a total of 103,806 live births resulted in 835 maternal deaths.

"A factor in keeping maternal death rate at its present level is the failure of prospective mothers to realize their greater safety in placing themselves under the continuous supervision of a good physician throughout pregnancy," Dr. Cox said. "The value of this type of care cannot be over estimated. Until this attitude on the part of expectant mothers is changed, maternal deaths will not reach the minimum which today is possible. In short, the individual has a definite responsibility to secure for herself that high professional care which is today available."

Awarded Good Conduct Medal

CAMP ADAIR, Ore. — S-Sgt. Lee B. Herring of Haskell was one of the forty-six soldiers of the 174th Infantry of the 70th division at Camp Adair who were rewarded with the Good Conduct Medal recently.

The Service Ribbon was established as a reward for those enlisted men who have completed one continuous year of active Federal military service since Pearl Harbor, who have demonstrated fidelity through faithful and exact performance of duty, and whose behavior has been such as to deserve emulation.

ees, more than half of whom don't have anything to do with the war effort. These government-paid civilians amount to one for every 45 other civilians in the country—one federal employe for every eleven families in the United States! Income taxpayers' hats off to Byrd.

Long Range View

Rep. Hutton W. Sumners, chairman of the Judiciary Committee of the House, recently proposed two amendments to the United States Constitution. One would remove the two-third majority requirement for passing a law over the President's veto. The other would prohibit appointing any member of Congress to office during the term for which he was elected, and for two years thereafter. The calm Texan offered one more of his rich contributions to the cause of Democracy.

What the people's representatives have done recently, giving the nation cause to rejoice, is not a story to be told in a 20-inch column; these are only a few examples. Some say that Berlin laughs and London shudders when our Congress opposes the Executive Department, friend and foe both calling it "the weakness of democracy." There is a short answer for that: our Congress makes our government a democracy and it's up to Congress to keep it so. May the democratic tide continue to kick at every autocratic shadow that falls across its path, whether at home or abroad.

Haskell Student Listed as Outstanding

DENTON—Special recognition was awarded Frank Spencer of Haskell, a graduate student at North Texas State Teachers College this week, when he was named by the college faculty to the 1943-44 edition of "Who's Who Among Students in American Universities and Colleges."

Who's Who students are chosen for their scholarship, leadership, and contribution to the extracurricular life of the campus. Their names and brief biographies will be compiled in a "Who's Who" volume at University, Ala., for distribution among personnel directors throughout the nation.

Twenty students were chosen to represent South Texas State, with 15 coeds and 5 men students named from the Denton college.

Spencer is the son of Mr. and Mrs. Frank Spencer, Route 1, Weiner. He is also a member of Alpha Phi Omega, Gamma Omegas, and W. N. Masters Chemical Society.

Reports on War Against Inflation

Prices in the United States advanced only 12 percent in the first 19 months of the present war compared to 29.5 percent in the same period in the first world war, Judge Fred M. Vinson, Director of Economic Stabilization, reported on the first anniversary of the Stabilization Act. "The war against rising prices has been a good example of democracy in action," Judge Vinson declared. "It has not been entirely free from selfishness and pettiness and difficulties of many kinds—perhaps no struggle ever is." Credit for the achievement, he said, goes "to the workers who have abided by the little steel formula; to the farmers who have not needed the incentive of the prices witnessed during the last war to break all production records; to the thousands of businessmen, small and large, who have helped hold prices down," and to the American housewife for her cooperation with rationing and price control.

Helps Clarify Hog Ceilings

The word "municipality," insofar as used by OPA in setting ceiling prices on live hogs in various terminal and interior markets, includes also the hog markets in trade centers immediately adjacent to those cities. On October 4, OPA set ceiling prices on live hogs in markets throughout the country, each price based on geographical location and type of selling place, but all prices hinged upon the ceiling of \$14.75 a hundred in Chicago. In the U. S., live hogs produce the heaviest meat tonnage and contribute more to farm income than any other meat animal, OPA pointed out.

Used Egg Case Ceiling Higher

To encourage the gathering and reconditioning of used egg cases for the handling of this year's forecast record egg crop of 60 billion eggs, OPA has increased the ceiling prices on used egg crates. The new ceilings, effective Monday, October 11, give the men who collect used cases for reconditioning a spread of 7 cents rather than 5 cents between the maximum prices they may pay "Emporium" and top prices at which they may sell to reconditioners. This extra 2 cents is expected to encourage gathering of empty cases from retail grocers, dairy stores, neighborhood bakeries, and other small "emporiums." New ceilings also give reconditioners a spread of 10 cents for reconditioning used cases.

More Agricultural Fertilizer

Plans are being made to increase the supply of ammonium nitrate for use as an agricultural fertilizer, according to the War Production Board. The material has been so improved to prevent caking that orders received for September and October exceed the supply. Additional sodium nitrate became available for agricultural fertilizer last April when government capacity to produce it began to exceed the amount needed for military explosives.

Lowly Tin Can Is Vital Item of War Material

This is the tin can story. It is told here because considerable confusion seems to have developed as to the tin can's destiny in the war effort. Let it be said first of all that the tin can you have just emptied of its food contents—any tin can—is now ready to fight. It is a vital and versatile item of war material. The tin can is so called through popular usage. Actually, it contains very little tin. For purposes of salvage anywhere in the State of Texas, it's better to forget all about tin. Cans are salvaged here for the production of copper. There's no copper in a tin can, either. It is 99 percent steel. Surprised? That's right. No copper in a tin can. But here's the important thing—you can "trade in" a pound of tin cans, so to speak, and get back a pound or more of copper. In other words, the tin can is a sort of Jekyll and Hyde affair; only the final product is permanently good. The can goes into the salvage mill as an unlovely and unwanted thing, and comes out a thing of beauty to our fighting forces.

Copper is a most critical war metal. It goes into planes, guns, ammunition, military communication systems and dozens of other war necessities. For many uses, there is no substitute. Its importance is attested by the fact that practically all the copper produced in the United States is strictly allocated to war items, and still more is needed.

But just how can a tin can, which has no copper in it, produce copper? Here's how: The cans turned in for salvage are delivered to a shredding plant. They are put through shredding machines and come out all chopped up, in pieces of odd sizes. The idea is to create a lot of surface for a chemical reaction to follow.

The shredded cans are shipped in carload lots to the copper mines, where they really go to work. They are fed into vats. Then in comes water, with copper in solution from low-grade copper ore.

Next comes the chemical reaction. The copper is precipitated. The iron gradually disappears through the chemical action. The water, minus copper, is drawn off. Pure copper remains—at least a ton of it for each ton of shredded cans that are put in the vat. Simple, isn't it.

Haskell County H-D Council Meets

The Haskell County H-D Council met Saturday, October 2nd in their regular meeting, in the District Court room with the vice-chairman in charge in absence of the chairman.

There were only five clubs represented. New and old business was discussed during the afternoon. All clubs will have their county-wide achievement day October 15th on the west side of square in the Oates building. The year books have been printed for all H-D clubs.

The Council voted to have five goals for another year. They were: 1, that we encourage each club member to cooperate with T.H.D.A. meeting in April. 2, send three delegates to State meeting. 3, To carry out recommendations made at the State meeting. 4, help sponsor 4-H clubs for another year. 5, help sponsor the year books for another year.

The Council also elected officers for the new year. For chairman, Mrs. J. L. Grindstaff; vice-chairman, Mrs. Guy Marshall; secretary-treasurer, Mrs. Ethel Bird; reporter, Mrs. Joe Holcomb.

The Council voted to meet at 2:30 o'clock for the winter months in place of 3:00 o'clock. The meeting adjourned to meet November 6th at 2:30 o'clock.

Notes From the Red Cross Work Room

With the advent of Autumn activities in the Red Cross Room returned to normalcy, we received fifty pounds of yarn Saturday, October 2nd. Mrs. George Herren, knitting chairman, and Mrs. Jesse B. Smith, co-chairman, have issued yarn to the following knitters: 1 sweater, Miss Eugenia English; 1 helmet and 1 sweater, Mrs. R. B. Fields; 1 helmet and 1 sweater, Mrs. Sam T. Chapman; 1 sweater, Mrs. Jesse Jesselet; 1 sweater, Mrs. Mary Oates; four pair gloves, Mrs. Yantis; two pair gloves, Mrs. George Herren; 1 sweater, Mrs. Dishough; 1 muffler, Mrs. Lela Norman; 1 muffler, Mrs. Hill Oates; 12 sweaters, 10 helmets, 8 mufflers, Mrs. Marlin Wilson, knitting chairman, Rule.

The Rainbow Sewing Club has quilted two quilts. Mrs. Frank Kennedy donated lining and Mrs. Leon Gilliam the cotton for one of these quilts. Those donating the tops, lining and cotton for the other quilt have received mention.

One hundred service kits were filled and shipped Monday afternoon. Weirnet completed 24 kits and contributed \$24.00.

Rule completed 40 kits and contributed \$8.00. Mrs. Tonie Patterson contributed \$1.00. A friend contributed \$1.

We are grateful for your contributions, for each dollar equips one of these kits, and we are sure the boys who receive them appreciate them as this letter from a Missouri boy somewhere in England will attest:

Somewhere in England, Sept. 7, 1943

The American Red Cross, Haskell County Chapter, Haskell, Texas.

Dear Sirs:—

I received a kit containing several different articles after we were on the water, coming over here. I wish to thank you for this, for it sure comes in handy. This country resembles our country a lot excepting the homes and buildings, for they are all constructed of bricks. They sure have some beautiful looking homes though. I'm from Missouri, but I know several boys from different parts of Texas. We

sure will all be glad to get back home. Thanking you once again, I must close.

Sincerely yours, Pfc. Claude A. Palmer.

The Red Cross Room is open Monday, Wednesday and Saturday. Mesdames George Herren or Jesse B. Smith will be in the room each Wednesday to assist with knitting. Officers of the day are: Mrs. Roy Thomas, Monday; Mrs. C. Hunt, Wednesday; Mrs. Jesse B. Smith, Saturday.

Peace to Repay for Lend-Lease "The Congress in passing and extending to Lend-Lease Act made it plain that the United States wants no new war debts to jeopardize the coming peace." President Roosevelt declared in his letter transmitting to Congress the eleventh report on Lend-Lease operations for the period ended July 31, 1943. "Victory and a secure peace," the President added, "Are the only coin in which we can be repaid."

We Built the BARREL BIG

EARLY in the war the electric industry received this challenge from the War Production Board, Production division.

"You'll have to produce fantastic quantities of electric power to keep the nation's war production going up and up. It'll be tough—because the copper and turbines and machinery you need won't be easy to get. YOU'LL BE ASKED TO SCRAPE THE BOTTOM OF THE BARREL TO HAUL OUT MORE KILOWATTS!"

Fortunately, we had built the barrel big . . . Big enough to keep production lines roaring! Big enough to meet all the power needs of factories and training camps—and still supply your home without rationing—at bargain prices!

Today, America is producing five times more electric power than it did in the last war—outproducing all of the Axis countries combined!

Was it luck that we built the barrel BIG? No, the electric companies under business management—which supply over 80 per cent of the nation's power—have developed the habit of planning ahead. That private enterprise habit has helped us to give you friendly dependable service—and it has enabled us to meet the challenge of America-at-war!

### Qualifying Test for Army-Navy Specialized Training Program To Be Given at Mattson School

The second Qualifying Test for the Army Specialized Training Program and the Navy College Program V-12 which will be given throughout the county on Tuesday, November 9, will be administered at the Mattson Hi School, H. Howard Homsley, superintendent, announced today. A pamphlet of general information which contains an admission-identification form may be obtained at Mattson High School. This form properly filled out will admit to the test students between the ages of 17 and 21 inclusive who are recent high school graduates or who will be graduated by March 1, 1944. In order to take the test should be made known immediately to H. Howard Homsley in order that the necessary test supplies may be ordered.

The same examination will be taken by both Army and Navy candidates. The examination will be taken by both Army and Navy candidates. The examination is designed to test the aptitude and general knowledge required for the program of college training and all qualified students are urged to take the test. At the time of the test each candidate will be given a choice of service preference, but taking the test does not obligate the candidate to enlist in the service.

The Army Specialized Training Program and the Navy College Program enable students to continue academic training at government expense following induction into the armed services. Successful completion of the prescribed courses may, following further officer training, lead to a commission in the Army or the Navy.

Those selected for the Army

will, after further screening and basic military training, be sent to college. Students chosen for the Navy Program, after selection by the Office of Naval Officer Procurement, will be detailed directly to college. Students who attend college under either of the programs will be under military discipline on active duty in uniform with pay. All expenses, including tuition, food, housing, books, and uniforms will be paid by the Army or the Navy.

#### To Help You Get Truck Tires

If you own a truck and have tire rationing certificates but cannot locate the proper tires within the county in which you reside, you may apply to the nearest Motor Transport District Office of Defense Transport District Office of the Office of Defense Transportation for assistance the ODT has reported.

#### Special Ration Coupons

Individuals who require special ration point allotments, such as persons in isolated areas who must buy large quantities of rationed foods at one time, are to be provided with a new type of red and blue food ration coupon, according to OPA. They will be used the same way as stamps, but will be good at any time. Ration coupons may be issued by local boards and OPA offices.

### Sub for 'Ill' Drivers

Sailors in New York load a navy truck with milk after 265 delivery men suddenly got "ill." The "illness" followed an NLRB ruling to permit fewer drivers and fewer routes.

### Japanese Chaplain

Lieut. Hiro Higuchi, of Japanese ancestry, who is a chaplain in the American army. He is a former native of Hawaii and the second Japanese chaplain to be commissioned. He is now attending Harvard university.

#### CARD OF THANKS

We take this means of expressing our deepest appreciation to the host of friends and neighbors for their many acts of kindness extended during the illness and death of our loved one; for the many expressions of sympathy which helped to lighten our burden of grief and for the beautiful floral offerings in his memory. We pray that you may have the same true friends when sorrow enters your home.—The Bledsoe Family.
