On The Home Front . . . . .

Southwestern merchants, sometimes baffled by complicated OPA price schedules, will be glad to learn that Washington officials have taken a major step toward "streamlining" their price control program.

The few services previously under the consumer service regulation and not listed in the new regulation automatically revert to the controls of the General Maximum Price Regulation unless specifically exempted or covered by a specific maximum price regulation.

Meanwhile, one of the Axis' most helpful little colleagues in America today—the rumor monger—took a severe beating at the hands of Paul M. O'Leary, deputy OPA administrator in charge of rationing.

Already playing a major part in the war on the Home Front, farmers in Texas, Louisiana and Oklahoma have been asked to participate in another great harvest—a National Scrip Harvest.

Of great interest to all in the Southwest this past week was the announcement by the War Production Board that production of 300 civilian articles made of iron and steel had to cease on August 14.

## Weinert Baptist Revival Closes

The Weinert Baptist revival closed Sunday night after a ten days duration. There were forty additions to the church, 19 for baptism and 21 by letter and rededication.

The evangelist, J. R. Roden of Highland St. Baptist Church, Denton was a soul stirring preacher and our Rev. Walter Copeland was a great help in all the meetings. We feel that our church was greatly strengthened in every way.

The baptism was held at the Haskell Baptist Church on Sunday afternoon.

Mr. Jess Pittman who is in military training in Wichita Falls visited his wife and little daughter here this week end. His wife, the former Miss Nina Newberry is visiting her parents here. Mr. Pittman has been recently transferred from Oklahoma. His wife and little girl live in Lawton, Okla.

## Weinert School Opens Monday

The Weinert Independent School opened Monday morning August 17 and a large group of patrons and friends met in the auditorium. The buses came in loaded and all the children of the district seemed to be there.

Mr. W. A. Smith, our popular superintendent had charge of the program. This is Mr. Smith's second year here and he has proved himself a real school man, and besides his school work he is active in all the town's activities. Both he and his wife teach.

Mr. Smith called on the president of the Board, Dr. J. F. Cadenhead for a talk and he responded by telling the patrons of the school how everyone must be more cooperative than ever before as the war situation has necessitated many short cuts in all school affairs. Dr. Cadenhead has been the president of the school board for a number of years and with the other faithful trustees has brought our school up to A1.

Mr. S. L. Coggins was called upon for a talk and he responded with a short talk comparing our school of today with the schools he attended. "Prof" is an old time teacher of the Blue Back Speller days. He has been retired for a number of years but is very alert and a well read gentleman.

Patriotic songs were sung with Mrs. J. F. Cadenhead at the piano and W. B. Guess leading.

Mr. Smith introduced the teachers. Two or three were absent but will be on the job in a few days with the exception of the principal of the high school, Mr. C. D. King who is in a hospital at Brownwood having a major operation. Mr. Smith reported it would be 4 or 5 weeks before Mr. King could take up school duties. The town welcomes the new teachers and will try to make them feel at home.

## Society of Christian Service

The Society of Christian Service met Monday, August 17 at the Methodist church. Mrs. G. L. Walker was the director of the program. Quiet music by Mrs. Eddleman. Prayer by Mrs. Jossel. Help Somebody Today was sung. Mrs. Bob Baldwin gave the devotional from John 15:12-27. A New Church in Costa Rica was given Mrs. Mrs. V. P. Terrell. Mrs. H. A. Marsh and Mrs. Fred Trice each gave interesting topics. Mrs. Jossel gave the dismissal prayer.

The following ladies were present: Mmes. Marsh, P. F. Weinert, Bob Baldwin, Joe Hir, G. L. Walker, R. M. Walker, F. A. Ford, H. Eddleman, V. P. Terrell, Paul Jossel, Fred Trice and Mrs. Jess Owens a visitor.

Mrs. Ike Furrh Jr. and son Bob visited her mother Mrs. Leonard Sadler and Thomas and Margaret Sadler of Abilene this past week.

Mrs. Drew Rhine of Decatur and little granddaughters of Fort Worth visited the past few days with her daughter Mrs. Ben Bruton and Mr. Bruton and the boys Elwood and Durwood.

Miss Mary Copeland is visiting friends in Port Arthur, Texas.

Mr. and Mrs. Babe Medley of Clovis, N. M. visited relatives in Weinert a short while Saturday. They are spending a few days with his mother Anna May Medley of Haskell. He is in the air service stationed at Clovis.

## Commodities With Value of \$6,494.00 Distributed Here

How the commodity distribution program helps Haskell County farmers as well as underprivileged families was pointed out in a report released today by David G. Guthrie, Jr., Wichita Falls, Area Supervisor for the Agricultural Marketing Administration.

Over \$6,494 worth of commodities which were distributed in Haskell County from July 1, 1941 to June 30, 1942, represent additional farm markets created by the program, the report showed.

Farm products often come to market during season in such heavy supply, prices would be ruinous to the farmers if the Agricultural Marketing Administration did not step in and buy part of the crop," Guthrie explained.

"The Department of Agriculture feels that commodities thus obtained could not be put to better use than in helping build health and morale among our underprivileged and undernourished families."

## Metal Tabs For 1943 Automobile License Plates

Automobile license tags for 1943 in Texas will be "tabs" instead of tags, will be 1.20th of the size of this year's tags, but will cost the automobile owner just the same fee he paid this year, according to information from the state highway department at Austin.

The "tab" for next year will use just four square inches of metal, being one inch high and four inches long. It will contain two letters, four numerals, the name of the state, and the numerals '43. The plan is to have the tabs inserted in the plate-holder, at one corner, to show that the 1943 license fee has been paid; but leaving the 1942 license tag with its larger numerals in place

# Bomb 'em with JUNK

## JUNK NEEDED FOR WAR Scrap Iron and Steel

Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

**Other Metals—Rubber—Rags—Manila Rope—Burlap Bags**

Needed for making bombs, fuses, binoculars; planes; tires for jeeps; gas masks; barrage balloons; wiping rags for guns; parachute flares; insulation for electric wiring.

**WASTE COOKING FATS**—When you get a pound or more, strain into a large tin can and sell to your meat dealer.

**NEEDED ONLY IN CERTAIN LOCALITIES**—Waste paper and tin cans—wanted only in certain areas, as announced locally.

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your junk, get in touch with the County War Board or your farm implement dealer.

### LETTER TO THE EDITOR:

## O'Daniel Branded Inconsistent

To the Editor: In this senatorial campaign we are faced with the greatest political crisis, perhaps, in the history of the state. If there ever was a time that we should vote for our best judgment free from prejudice it is in this race for senate.

Let's look at O'Daniel's record: When he first ran for governor, he was nothing but a radio entertainer—no experience whatever in governmental affairs. He announced for governor and said that the Ten Commandments was his only platform. He claimed that the state was being run by a gang of professional political gangsters that was robbing the people, and that if he were elected he would pay the old folk a big pension and run the state on less money without raising additional taxes. He promised over and over that he was against any kind of sales tax.

All right, the scene opens: He was nominated without a runoff. The next day he stunned the folk who voted for him by asking them to elect a bunch of the same politicians from whom he proposed to save the state. The next scene is when the legislature met. O'Daniel then recommended his infamous transaction tax—the worst possible kind of a sales tax. It was turned down and boy, did he throw fits? He tried every way to force the legislature to pass this bill. He went on the air and accused these people's representatives of being crooks and gangsters. Yes, he soon forgot his Ten Commandments. Today, the people of this state should thank God for the 56 men who blocked this traitorous attempt to sell us short.

Nothing was accomplished during his first term and his alibi was that he couldn't get any cooperation. He told us to elect him again and he would finish the job of getting rid of all the crooked politicians in this state. He drew \$1000 per month for 24 months—more than \$30 per day, yet he passed the collection plate at every speaking place and asked the old WPA boys to pay his campaign expenses. At his meeting here, one of his collectors made the remark that this Abilene crowd was the tightest one they had ever met. You O'Daniel boosters shouldn't let Abilene down like that. Send in your contributions now. It might not be too late to save face.

In that campaign one of his opponents was a member of the railroad commission. O'Daniel scored him for holding one job while running for another and recommended that the legislature

## To the Voters of Haskell County

Owing to conditions which I am sure every one understands and also the fact that I have tried not to neglect the duties of the office I now hold it will be impossible for me to see each and every voter and I am earnestly soliciting your vote and influence in the campaign for County Clerk.

I have tried to conduct this campaign in a way that would merit the confidence of the people and I promise you that if you will elect me your County Clerk I will do my best to conduct the affairs of the office in the same way.

## Vote For... Mrs. Iva Palmer

### for Your County Superintendent

### Voters of Haskell County:

August 22, the date for the run-off primary, is almost here, and you will choose your County Superintendent for four more years. Of the 4234 voters participating in the first primary 2415 indicated that they were in favor of adhering to the democratic principle of making a change after favoring the incumbent, my opponent, with 8 continuous years in this office.

Many of you I have not seen because of lack of time. The Weinert school began early to allow a period off for harvesting, and since I had been elected to teach, and after having gone almost three months without any salary, I began teaching this week which has prevented my seeing some of you. I am grateful for the years of teaching I have had, but since a salary of \$102.15 a month after teacher retirement is deducted for 9 months in the year has been inadequate to meet the financial obligations of my children and myself since my husband's death in 1938, I am seeking a position with larger salary lasting 12 months each year over a period of four years.

Women have capably filled the office in Haskell County and my experience and training qualify me to execute its duties. I have taught in Weinert 11 years, and in the first primary the people of my home precinct gave me a majority of 236 over the combined vote of 93 for my opponents. No one has a deeper interest in the educational welfare of the children of this county than I, and if I am elected every necessity obtainable by this office will be secured, and every effort will be made promptly and impartially in the interest of the schools coming under the supervision of the office.

My children, two of whom are in our country's military service, join me in expressing deeply-felt gratitude for the generous plurality allowing me to lead the ticket by 186 votes in the first primary election. I have conducted my campaign fairly, and I shall strive to serve you in a courteous cooperative manner if you elect me as your County Superintendent on August 22.

Mrs. Iva Palmer.

Cargo Planes May Be Answer to Transport Problem

There is nothing basically new in the idea of using cargo airplanes to supplant water-borne transport. It has long been urged by such authorities on the strength and adaptability of airpower as Major de Seversky. And Hitler himself has made excellent use of the cargo plane in the Crete campaign.

What is new in the magnitude of the plan recently proposed by Henry J. Kaiser, and supported by a number of the principal builders of aircraft. The German planes so far used have been relatively small—Mr. Kaiser envisages air freighters of 200 to 500 tons.

No one can deny that the cargo plane idea, if it is workable, will prove at least a partial solution to the most difficult problem the United Nations face so far as production for war is concerned.

Even the biggest cargo planes so far built cannot carry a great deal in one trip. But, over a period of time, their speed will make up for that lack.

tralia in the course of a year—and a cargo plane can make 26 a cargo plane might make 70 or more round trips carrying freight and troops to England.

Skeptics have said that Mr. Kaiser's plan is impractical and visionary—that it is impossible to build cargo planes on a mass production basis in shipyards. But Mr. Kaiser and other builders have confounded skeptics before this on many occasions.

So far as the practicality of the plan itself is concerned, there seems to be little question. The gigantic flying boat "Mars" built as an experiment by the Glenn Martin Company, has proved completely successful in its trials.

The advocates of cargo planes also say that they would be extremely difficult to intercept and destroy. Their range and speed would be so great that they could constantly change their routes.

Steps are being taken to get the Kaiser program started. The skeptics are waiting and watching with their fingers crossed—while the plan's backers seem to have no doubts at all.

Women Urged to Write Only Cheerful Letters to Soldiers

The women of the United States, wives, mothers, sisters and sweethearts, can make or break the morale of any army, and our present army is no exception.

When the baby gets a toothache, when the wife or girl friend indiscreetly goes to a dance with a male companion, when finances at home have gotten into a tangle, when bad news from abroad is relayed to the men in the service, these all add up to making the soldiers feel blue.

This is a condition which the women's organizations of the country can and must correct. Not all women write depressing letters to their men folk. Thousands of women, no matter what hardships they face at home, are filled with patriotism and the type of letter their men folk receive is one calculated to make them fight, proud that they have that kind of sweetheart or wife to fight for.

No doubt the disheartening sort of letter is due to thoughtlessness on the part of the woman writing it. But the members of women's groups who are natural born leaders in their respective communities can point out to the women of their towns the importance of writing letters that are full of cheer and hope.

Canadians Man Handy Assault Weapon

THE Bren gun is a handy weapon. According to the men of Canada's Highland Light Infantry on active service overseas, they are useful from a universal carrier, deadly when set up in a machine gun emplacement, as weapons for assault troops firing from the hip, and, finally, as ack-ack protection against low-flying aircraft.

Making Rubber Last Important During Wartime

COLLEGE STATION — Now that this nation's enemies control 90 per cent of the world's area where rubber can be grown, the current shortage is far worse than many people think.

Louise Bryant specialist in home management, explains that "our biggest stock of rubber is in tires on the country's roads and highways," so taking care of tires is one of the best ways of prolonging the rubber supply.

Garage attendants can help keep the wheels in line and see that the brakes are properly adjusted. They can assist also in keeping the correct amount of air in the tires, repairing the tires properly and checking the valves often.

Her last reminder is: "Take all your scrap rubber to salvage stations. Remember, it takes rubber from 120 automobile tires to furnish a 28-ton tank."

# To the Voters of Haskell County:

In 1908, M. R. (Murray) Smith came to Sagerton as Cashier of the newly organized Bank there. The head officers of the banks of which this was one of several over Texas, stated "That they were sending Murray Smith, because they regarded him as the best Farmer's Banker they had".

The hard years that followed forced many heavy responsibilities upon him, as he tried so hard to stay with his customers, and at the same time protect the Bank.

His untiring and loyal efforts to help the people won for him the lasting friendship of those people. All through those trying times his honesty and business integrity was never questioned.

Financial reverses, sickness and numerous other troubles bore heavily upon him. Perhaps there is not another in the county that has been more sorely tried. Thousands of persons with far lesser burdens would have fallen, never to try again.

Murray Smith fought hard to come back. When given the opportunity, he came back as few men could have done. Our vote of confidence in electing him to office has been a pleasure to all. Yet, it is a recognized fact that temptations never let up on any of us. Many have criticised when not due. Other people forget the weakness of others, and sometimes do a far greater injustice than they may feel their acts or words could lead to.

This space is paid for by friends of Murray Smith of many years standing, who believe in him as a man, and who have never contributed in any way, to the weakness for which he is now criticized. There are very few persons that really deserve to have it said, "That they brought it upon themselves." There has always been tempters. In this case there have been many. This weakness has been recently very greatly magnified, and to which falsehoods have been added during this campaign.

We all know how hard Murray Smith has worked these years while he has been in our Court House. We know, too, that he has the ability and the training, and we feel has a desire to efficiently and honestly conduct the office, to which we elected him.

It has always been customary to give a Second Term, and we believe that Murray Smith deserves the office another two years. We can not believe that Haskell County Citizens want to be a party to unjustly condemning a man who is so eminently qualified. We all know, too, that he did not have an equal chance with his opponents to see the people before the first primary. The rush of work at that time, to which he was pledged by his oath of office, he did not feel should be neglected for his personal interest. And because he was not able to get over the county to see the people, gave opportunity for others to use many unfair means, as is reported to have been done.

We ask that you cast your vote too, for Murray Smith for two more years, and know that he and his family will appreciate it, and thereby uphold a useful man, rather than deny him his unquestioned right to the customary Second Term.

**CONFIDENCE HELPS TO BUILD AND TO HOLD, and in the name of humanity, let's give Murray Smith this office another two years.**

He does not know this is being done, and we do not expect that he shall know it, until he sees it as you do in print and it is being done without his knowledge or consent, and is done by his friends, because we sincerely believe that Murray Smith will honor our votes.

### Haskell Soldiers Write From Australia

A. J. (Pinky) Pinkerton, who enlisted in the Army Air Corps last Fall, has written Haskell friends that he is now in Australia with the U. S. Expeditionary Force sent to the South Pacific. He was recently promoted to the rank of Sergeant, and he related to friends here that he was enjoying life and getting along "O. K.". Sgt. Pinkerton, former Haskell tailor enlisted in October and he and a friend, R. F. Harrison, went into the service together and have been together until a few weeks ago, when Harrison was sent on detached service after they had arrived in Australia. Harrison is the son of Mr. and Mrs. R. L. Harrison of this city.

### Enlists in Marines

Velton T. Moore, son of Mr. and Mrs. O. E. Moore of this city, left Monday for Dallas, where he reported for active duty with the Marine Corps. He enlisted several weeks ago in the Marine Air Corps and has been awaiting call into the service. He is a former employee of Smitty's Auto Supply in this city, where he has been working for the past two years. Mr. and Mrs. Moore have another son, Theo, in the service, he having enlisted about two years ago. At present he is stationed at Spencer, Ia., with the Army Air Corps.

### Commissioned as Officer

Camp Berkeley, Texas—Jumping from the enlisted ranks, his title is now "Lieutenant." Albert W. Coffman, 26, son of Mr. N. J. Coffman of Goree, Texas, has completed the Medical Administration Corps Officer Candidate School, and has been commissioned as a Second Lieutenant in that Corps. Lieutenant Coffman was formerly a Tech Sergeant at La Garde General Hospital. He graduated from the Goree, Texas, High School in 1933 and later attended John Tarleton Junior College.

Diplomas were presented to the graduates of the second class in the recently organized Officers' Candidate School by Brigadier General Roy C. Heflebower, MRTC and School Commandant. Major Charles L. Driscoll, Executive Officer, administered the oath of office. Lieutenant Colonel George E. Armstrong is Assistant Commandant of the school. The new officers will go on leave, following which they will be assigned to various posts throughout the country.

### Haskell Cadet Completes Basic Training Program

PERRIN FIELD, Texas—Aviation Cadet Homer B. Leclair, son of Mr. and Mrs. R. L. Leclair, Route 1, Haskell, Texas this week was graduated to the upperclass of student pilots at this Army Air Base after completing four weeks of basic flight training.

At Perrin Field, first basic flying school to be activated after declaration of war, Cadet Leclair has learned to fly the 450-horsepower Vultee basic trainer, a big jump from the 175-horsepower Fairchild flown at Primary School. He is no longer a stranger to the 81 instruments in the BT ship, formation flying has been simplified and night flying has become more or less routine.

When not in the air, Cadet Leclair attends ground school classes where he is instructed in the finer points of meteorology, navigation, aircraft identification and radio work.

Upon graduation from Perrin Field he will go either to single or twin-engine advanced school where, upon completion of training, will receive wings and a commission as a flying officer in the Army Air Corps.

### Former Haskell Porter Assigned to Air Depot

OKLAHOMA CITY, Okla., Aug. 19—Private Cleo Thomas, colored, formerly of Haskell, Texas is now stationed at the Oklahoma City Air Depot. He has been assigned to a station complement at this newest Air Service Command establishment for maintenance and repair of aircraft and training of depot groups.

Private Thomas reported here from Camp Wolters, Mineral Wells, Texas. He is the son of Tom R. Thomas of Haskell. Before entering the army he worked as a porter in Haskell.
