## Stresses Farm Goal

I. W. Duggan, southern regional AAA director, speaking at a ninestate AAA meeting in Lubbock Wednesday called on farmers to "plan agricultural production just like production of armament is planned" as their most important war\_time goal

## Thos. Lee Clifton **Earns Commission**

Thomas Lee Clifton, son of Mr. and Mrs. Mart Clifton of Haskell, has received his wings and has been commissioned an Ensign in the U. S. Naval Reserve. Farm Machinery graduation ceremonies Oct. 9 by Captain A. E. Montgomery, USN, Commandant of the U. S. Naval Air Station at Corpus Christi.

Having completed the intensive light training course designed to fit him for duty with the fleet, men in the fleet.

He volunteered for flight train. ing in Nov. 1941, and received preliminary instruction at the U. S. Power Hay Baler, Naval Reserve Air Base, From there he was transferred to the "University of the Air" at Corpus Mill. Christi, the largest Naval Air

Station in the world. Not only has he learned the tricks of maneuvering a speedy naturalized citizen of fighting plane or dive-bombing a d States died at his home moving target, but he has attendof Haskell Sunday ed a ground school, similar to any at 2:30 o'clock, Mr. Stulir ocllege training where he was in failing health for the taught navigation, engine permonths and had been formance, radio code and many ill for several days be other sciences of modern aviation warfare. He learned to fly "blind" March 7, 1890 hc, left his while still in a hangar, and map-

With this training behind him, he is now fully prepared to match county Texas until 1915, the best that Hitler and Hirohito

He is a former student of Texas Technological College, and Texas University. After receiving his commission. Ensign Clifton spent the past week with his parents here, awaiting assignment to duty.

## Catholic faith, and his Henry Smith Is Made Supervisor of Soil District

Henry Smith, Weinert farmer was elected as one of the 5 supervisors for the Wichita-Brazos Soil Conservation District at a meet. ing held at the Mattson School house Saturday afternoon, Octo-ber 10 Mr. Smith will serve as supervisor for that portion of Has | cent of Texas cotton, securing kell County Commissioner's Precinct 2 which is in the Wichita Brazos Soil Conservation District

Similar meetings were held at Munday and Truscott in Knox County last Saturday afternoon for the purpose of electing supervisors in those areas. The three supervisors elected at the meet-Merchant, Thelma Pearl ings last Saturday together with lings last Saturday together with ville, Texas; Tom Wortham, AAA representative, and Raymond Kinsky from the district AAA office. In attendance at the meeting were like in attendance at the meeting were representative from Kent, Stone wall, Young, Throckmorton and Kent counties.

Despondent Over Continuing Ill Health, Guy Carney Ends His Life

Guy P. Carney, 77-year-old first classification. Seven resident of O'Brien and who had been increasingly despondent in recent weeks over failing health, port of the Board. ended his life Tuesday afternoon by hanging himself to a tree in the yard of the T. G. Carney homeplace in O'Brien, where he had been making his home for the past three years with his sister-in-law Mrs. T. G. Carney and her son R. T. Carney and

Death of Mr. Carney was believed to have occurred sometime between 3 and 5 o'clock Tuesday afternoon, He had last talked with two men employed on the place around 2:30 o'clock. Mrs. T. G. Carney and her son and his wife were on a business trip to Haskell, and on their return home about 5 o'clock discovered the body of the aged man.

At an inquest conducted by Justice of the Peace Ernest S. Marion of Haskell assisted by Dr. T. S. Edwards of Knox City and Deputy Sheriff Jim Isbell, a verdict of suicide was returned. Deacesed was a native of Texas,

born Nov. 16, 1864. He was a brother of the late T. G. Carney, founder of the town of O'Brien. Funeral rites for Mr. Carney were conducted at the graveside in Willow cemetery in this city Wednesday afternoon at 3 o'clock, with Rev. Lloyd Hamilton, pastor As Ensign In Navy with Rev. Lloyd Hamilton, pastor of the O'Brien Methodist Church officiating.

Funeral arrangements were in Henry Alvin Sherman, charge of the Gauntt Funeral Home of Rule.

## Farm Leaders of 5 Counties

A five-county meeting of AAA, Extension Service and allied agricultural agencies and farm leaders was held in this city Wednesday for the purpose of discussing the cotton situation, and the necessity for improving the quality of Texas cotton. Also discussed briefly was the newly-announced Government loan on cotton in farm

Stressing the need for improv. ed cotton, speakers pointed out that 74 per cent of the nation's carry-over of cotton is from Texas and Oklahoma, Texas spinners do not use but a fractional per their needs from the better staples grown in Mississippi and Louisi-

ana, it was pointed out.

J. A. Scofield, district agent of the A&M College Extension Service presided for the meeting, and principle speakers included F. E. Lichte, A&M College cotton specialist, Ray Saunders, with the U. S. Cotton Laboratory, Green-

# **40 REGISTRANTS**

## From Class III-A To I-A

Meeting Oct. 7 and Oct. 12, the Local Board classified and reclassified forty Haskell county registrants. Of this number, eight men were placed in Class I-A, subject to military service, on men were shown to have enlisted or been inducted since the last re-Classifications and

listed by groups, follows: From III\_A to I\_C (in service)

—Sterling Sylvester Connell, Joseph Allen William, Ira Wayne From I.A to I.C (in service)-

Alfredo Sineros Garcia, Joe Moses McElroy, George Lewis Tatum, Lonnie Lawrence Brock. Placed in I-A on first classification-Melvin Franklin Burleson. Raleigh Rendell Brock, Frank Will

Moeller, Warren Edwin Larned, Nollon Melvin Green, Poney Shelby Thompson, Jr., Ernest Floyd Patton, George Wesley Couch. Changed from III-A to I-A-

Changed from III-B to III-A-Jack Clifton Adkins. Designated for local board physical examination—James Samuel Ernest Floyd Patton.

## Gives 8 Permits WEINERT SCHOOLS TO RESUME TERM SCHEDULE MONDAY

Regular Term Is Resumed After Month Recess **During Harvest** 

The 1942-43 term of Weinert Public Schools will be resumed Monday morning Oct. 19th after a month's recess of school to permit students to assist in gathering the cotton crop in the

Announcement of re-opening for the term was made this week by Weinert school officials, and they stated the schedule would be followed regardless of the weather. All schools buses operated by the Weinert district will resume their daily schedules with the resumption of the current term.

An early opening date for the Weinert school term was set this year in order to permit a recess of several weeks during the peak of the cotton gathering season, Weinert school officials pointed out, In Meet Here nert school officials pointed out, and with the regular schedule being resumed next week, all requirements for the term can be fully observed.

## Administrative Cost of County AAA Program Low

tion, and will compare favorably with any Texas county it was dis-closed this week by state AAA officials with the announcement that the AAA Deduction Factor for Haskell county had been fixed at 1.5c for the ensuing year. This is a reduction of .7 of a cent from last year when the factor was figured at 2.2 cent. The "deduction factor" is the percentage of the total conservation payments in the county required for administra-tion of the AAA program. Ad-ministrative officer for the pro-gram in Haskell county is A. C. Norman, chairman of the Haskell county Agricultural Conservation

# Awarded Wings

and Mrs. Mart Clifton of Haskell, has been commissioned an Ensign and awarded the official Navy wings, following completion of flight training at the U.S. Naval Air Station in Corpus Christi last

### Death Occurred Early Sunday Morning Following Brief Illness

Haskell county since 1901, and on the charges will be set. who would have observed her 90th birthday next month, died the Grand Jury was for forgery, at her home in south Haskell Sun- and name of the principal was day morning at 4:30 o'clock Although in feeble health because of her age, Mrs. Fouts was ill for only one day before her death.

Deceased was born Nov. 23, daughter of Mr. and Mrs. John Morrison. At the age of 10 years, currently. she united with the Baptist Church, and her life was consecrated to her church and family. In 1875 she married W. S. Fouts. Jurors have been summoned: and they later made their home

were held at the First Baptist ert, Rule; Glenn Quade, Rule; J Church in this city Monday after. W. Lee, Rules; Ira Short, Weinert; Whatley, pastor, officiating. In-terment was in Willow cemetery with Holden Funeral Home in charge of arrangements.

Pallbearers were W. D. Rogers, gomery, Haskell. M. Crawford, Tom Holland, ohn A. Couch, R. L. Burton, Raymond Melton, Shelby Johnson, R. W. Clanton.

Floral offerings were handled y the following granddaughters and great-granddaughters: Mrs. Gladys O'Neal, Mrs. Prebe Tanner, Mrs. Louis Sinclair, Misses Eddie Bess Fouts, Dorothy Fouts, Mary Tanner, Audra Guinn, Franres Fouts, Bobby Morris.

## Housewives Are Asked To Save **Used Tin Cans**

An appeal to housewives to save county Salvage Chairman.

McClintock said in his appeal.
"We cannot tell you yet what Administrative cost of the AAA It may be that in some areas it will be used for the season up to noon Thurs-lowest for any county in this sec. It will be six months before the cans day and Wednesday nights light can be collected and in some run. al areas it may be as much as a year, but this precious metal must be preserved," McClintock declar.

Housewives are asked to cut off both ends of the can, wash them thoroughly and remove the label and flattening the cans by step. ping on them heavily. By preparing the cans in this manner even a large family will not fill a flour barrel with the cans they use in a years time.

Frank C. Spencer, student at N. T. S. T. C., Denton, is now assistant chemistry tracher at the college. He will be a jurior at mid.

## All-Out Campaign to Collect Scrap Metal Will Be Staged In Haskell, Wed., Oct. 21

## Grand Jury Votes Three Felony Bills After Two-Day Session

## Two Indictments Against HASKELL INDIANS Burglary, Rape

Three felony indictments were returned in 39th District Court following a two-day session of the Grand Jury, with the body recessing Tuesday afternoon to a later date in the current term

Indictments returned this week included one against W. I. Cates, 27, charged with rape, and a burglary indictment in which Cates was also named principal. Indictment against Cates, Houston resident, for rape is based on an alleged attack on an 8-year-old girl in this city several weeks ago. Burglary complaint is in connection with the burglary of a local

Cates will be arraigned on the two indictments before District Judge Dennis P. Ratliff Saturday Mrs. Emma Fouts, resident of morning, at which time trial date

Third indictment returned withheld pending arrest.

Ralph Noble charged in separate cases with forgery entered a plea of guilty before Judge Ratliff Wednesday, and a sentence 1852 in the state of Georgia, the of 4 years in each case was assessed, the sentences to run con- Reeves, center; James Breedlove,

T. C. CAHILL & SON

Another world war is being fought . . . a war between a group of countries (the United Nations) which believe in certain liberties for the individual and the institutions he has created, and a

group of countries (the Axis) which do not believe in such liberties.

Meanwhile, a war is being waged within our own borders . . . an economic and political revolution, with those who believe in perpetuating free enterprise and opportunity on one side and those who favor political control and operation of productive resources on the other.

Bureaus exist within our government today that are completely disassociated from the war effort, methodically doing things to discourage free enterprise ... constantly forcing the individual out of business through government subsidized projects.

This means only one thing in the end, if allowed to expand unchecked: the inauguration of government in business, or the socialized state-in plain English, the Nazified German system-at a time when the nation is fighting a second world war to prevent that very system from engulfing our American ways which have been contrary to that doctrine.

From the first blueprint to the finished bomber, electric power is speeding the production lines that are vital to the fight to preserve the American way of living Uncle Sam has a tremendous power abvantage, you know, because he commands the greatest supply in the world.

That advantage didn't just happen. Over 90 percent of this country's dectric power was built up by free enterprise ... business management under public regulation.

The electric industry was ready, with the power on hand, when war began-There was no delay waiting to get pour out of the blueprint stage after Pearl Harbor.

This industry grew out of the American system of free enterprise . . . employed more and more people, served more and more people-at lower and lower price.

Today the average West Texas home enjoys about twice or three times as much electric service as it did 10 or 15 years

ago-for the same money. It's been accomplished under the

American system of free enterprise wherein any man or woman is free to create a business that fills a particular need in this or any other community, just so long as they give the best possible service at the lowest possible cost to the most people and contribute their share of taxes for the support of democratic govern-

## The Automotive Mechanic of Yesterday Is the VICTORY SERVICE MAN of Today

Help him to help you

"SAVE THE WHEELS THAT SERVE AMERICA"

by getting a skilled service check-up regularly

Take the word of millions:

MORE PEOPLE GO TO CHEVROLET **DEALERS FOR** SERVICE

than to any other dealer organisation Just how important the automotive mechanic's work is to the nation will be clear to all who consider the following facts\*:

 Automobiles and trucks form the sole practicable means of transportation for war workers and war materials in many communities throughout America.

• In some sections, 78% to 100% of the workers drive by automobile to vital war plants.

• 2,314 U.S. cities, with a population of 12,524,000, depend on private cars for transportation;

plants reporting in Michigan (a typical war production state) depend on trucks to haul their incoming and outgoing freight.

54,000 communities depend en-

 Six out of every ten farms use one car or more; 67% of farm car

• More than 65.2% of all war

tirely on motor vehicles.

mileage is necessity driving.

• Trucks haul nearly 100% of the milk supply of most large cities— and 58% of all livestock marketed in the U.S.

Trucks are the sole transportation system serving our 54,000 com-munities not reached by railroads.

The automotive mechanic—the trained Chevrolet Victory Service Man—is the lifeguard of America's millions of cars and trucks. Help him to help you and America by getting a skilled service check-up at regular intervals.

Celebrate Golden Wedding Anni ersary

Mr. and Mrs. T. J. Sims celebrated their golden wedding anniversary Sunday, Oct. 11 with dinner.

Mr. and Mrs. Sims came Haskell county in 1901 from Navarro County, settling on what was then Wildhorse Prairie, Later Mr. Sims was in the feed and grain business for years in Haskell. The family has been active in both civic and church affairs for the past 41 years.

All the five children and families were present for the occasion. They have one son, Dan Allen, now serving in the armed forces the older son, Ernest having served in World War I. Two grandsons are also in service, Ensign Tom Clifton, U.S.N.R., and Jack Shelton and Carylon, Mr. and Mrs. Hightower, now in foreign service.

The following children and Gearldine. Those sending gifts families were present: Mr. and were Mr. and Mrs. Sleve, Sloan Mrs. L. R. Gamble and Johnny from Abilene; Mr. and Mrs. Pat Hightower and Dickie, Tyler; Mr. and Mrs. Dan Allen Sims and sons Guy and Bill of Corpus Christi; Mr. and Mrs. Ernest Sims and Mrs. W. M. Sager of Chillicothe; Mr. and Mrs. Mart Clifton, Bill and Bette of Haskell, Ensign Tom Clifton, home on leave, Martelle day evening at 3 o'clock for a Clifton, San Antonio and Ben

### Methodist Young People's League Meets Sunday

The Methodist young people's league met Sunday night at seven o'clock. The program was "Its Fun To Be Friends". Those on the program were J. W. Casey, Ora Faye Crow and Sue Wair.

Those present were: Charlene Ann McGregor, Sue Wair, Betty Jane Isbell, Dorothy Ann Morris, Maxie Rhea Burson, Mary Lou Wabb Lydale Yates, Wylene Webb, Lydale Yates, Wylene Quattlebaum, Cora Faye Hayes, Marie Adams, James Breedlove, Earl Smith, Wallace Cox, J. W. Casey, Dick Bischofhausen, Jason Smith and Ora Faye Craw,

## On The Home Front .

Food, shelter, clothing and Food, sheller, clothing a new alternative protection represent the Home a new alternative protection represent the Home and the state of the which for the protection represents the Home and the Home a Front essentials while most of la which food stores everything else goes to war. And salers may use to de of the four essentials certain maximums will have to suffice for

During the last week while serve effects of the points concerning some of the in two ways-first sign maximums were being worked prices a cent or two s out, interest in all of the essen. part for the aff tials except clothing was high. Highlighted:

Food-All civilians were asked to "share the meat" by going on a volunteer 2 1-2 pounds per person per week ration pending enforced rationing about next Feb. ruary. Although price control now has been extended to all but about 10 per cent of the average food basket, certain adjustments in prices are being made to eliminate nequities.

Shelter-Nationwide rent control was ordered Areas already designated will have enforced control as soon as the Office of Price Control can take necessary steps. Control in all other areas will be possible on and after December 5.

Transportation-The Office of Defense Transportation and the OPA announced that the national policy for mileage-gasoline rationing will be to keep cars rolling by saving every tire mile possible for essential use to help the war effort.

The voluntary "share the meat" ration will not be entirely simple if each person is honest with himself and his country. The ra-tion does not apply to light meat eaters, infants, invalids, and old here with his grandp people. But those who have been averaging more than the ration Mr. and Mrs. Clark , must cat larger quantities of food Ft. Worth the first of with nourishment values similar where he is an instructo the "red meats"-fruits, cereals, dry beans, scy beans, peas, poanuts, milk and cheese, poultry, fish, eggs and the like. Meat of her brother, Mr. at bones, included in the ration A. Hays and other quota, will go more than ever friends here. into soup stocks and there will be servings of such thinks kidneys, brains and hearts, which are not on the ration list, more

Farmers who slaughter their own meats and butchers who handle them are obligated to keep the same rations as the best. In addition to meat conserva-

tion, housewives are urged to store up foods for the coming year while farms and home gardens are still yielding fruits, tomatoes, cabbages and a wide assortment of root crops. Jars, shelves and storage bins should be filled up with home grown and and home canned products to supplement the nation's limited commercial supply.

cut and plowed under three four inches. This will prevent the maturing of thousands of late weevils, the main source of the over-wintering generation, Trash. weeds and grass around the edges of the field and on the turn rows also should be destroyed, as wee. vils fly only a short distance to hibernate When their food supply unit each is curtailed weevils go into hiber. nation in a weakened or starved condition and few survive.

All farmers in a neighborhood or community should cooperate mature stages will closely to do a thorough job of destroying cotton stalks. Besides reducing the weevil population, plowing them under adds to the soil fertility, Gregg says. With early fall plowing, he adds, cotton may be planted in early spring and thereby encounter fewer wee. vils during the maturing period. "No doubt less cotton poison would be needed next yea if every farmer cleaned his cotton field this

Gregg explains that where it is not possible to plow cotton stalks scrap bin at the Seiberling Rubber under, heavy grazing by livestock is of benefit. There is little danger to cattle in poisoned cotton fields two or three weeks after dusting and none after a rain or two. However, poison bags and other poison containers should be removed from the fields.

Commenting on Mr. Gregg's statement, County Agent G. R. Schumann stated that it might be possible for some Haskell County farmers to follow the practices outlined by Mr. Gregg since cotton

### GEMS OF THOUGHT

There are two freedoms-the malse, where a man is free to do what he likes; the true, where a

man is free to do what he ought,

## Work And Farmer

In the long run, public pressure will force the adoption of a real anti-inflation program. And that program will involve strict ceilings on the wages of labor as well as the profits of industry and the income of farmers.

There has been much senseless talk about farm prices being primarily responsible for the high cost of living.

Farmers are not asking for favored treatment. They are asking instead, for equitable treatment. They are pointing out that the farmer can't be made the goat in the fight against inflation. If the prices he receives are to be limited and perhaps reduced the wages received by labor must be given the same treatment

There is far less "excess purchasing power" on the farm than in labor circles. The greatest pressure in favor of inflation today is the billions of dollars in record wages which labor is receiving. And all the argument in the world can't offset that

### Health At Home

Our ability to wage war is determined by our ability to produce the instruments of war. And that, in the long run, will be largely determined by the health of the civilian population.

Maximum war effort involves many unavoidable health hazards Men and women are working harder and longer and at jobs to which they are not accustomed Millions of people are leaving homes and offices for factories. Unless the fullest possible protection is given their health, and impairment of war production due to fatigue will occur. And fatigue paves the way for dread diseases, such as tuberculosis,

American medicine is devoting much of its energies to this problem. And the doctors are giv. ing advice which all should follow, Proper food and proper rest are Number One essentials. If any real physical maladjustment puts in an appear. once, consult a physician. Don't take it for granted that nature will take care of you-and don't pin your faith on patent medicines and quack reme-

Keeping well is in itself a contribution to the important as good health on the fighting fronts. The citizen who needlessly dissipates his energies al defense Every fire, great or small, is of service all defense Every fire, great or small, is of service and the citizen who needlessly dissipates his energies.

### Five-Cent Patriots

A doctor stationed on a lonely island in the Pacific ocean recently wrote home:

"Mail day is the only day that breaks the monotony for men on this island. We have no holidays out here, no time off, the same grind day in and out with occasional spurts of excitement. We are practically tied to our premises, because the sentries have itchy trigger fingers. It is our proud privilege to be protecting our friends on the mainland, so keep sending us the materials, including mail. We will do the rest."

This doctor is like millions of other men in our armed forces. They live in the belief that their sacrifices are essential to the protection of our nation. They left behind them a land in which the dignity and freedom of the individual were sacred. And that is the kind of land they have a right to expect when they return. But will they get it?

The air is literally blue with patriotic bally-hoo about Democracy, but beneath the flag-waving the men and women at home are worried. In the confusion of attaining an all-out war economy, abuses are being committeed which if continued may easily destroy every vestige of representative government-the last, best hope of the individual.

Abuses by labor are rampant, Wildcat strikes continually cut production. Congress endangers the American form of government by making political footballs of such vital problems as taxation, the draft and inflation control.

These abuses of the privileges of freedom threaten this country and what it stands for, not just because they hamper war production. There is a grimmer reason. The doctor in the Pacific epitomizes the latter

The great middle class of Americans who are responsible for our war effort at home may turn in guilty desperation to a dictatorship for the sake of efficiency

If that happens, the doctor in the Pacific and all other men in the service will get material with which to fight the war, but what will they think of their 'friends' at home when they return and find the price that has been paid-when they find that this is no longer a land where the "little guy" can go out and make his own initiative?

## Fire Prevention Takes Knowledge

Successful fire prevention requires two kinds of knowledge First, we must know what materials constitute a fire hazard. Second, we must know how to store and handle those materials so that the danger is minimized to the greatest possible extent.

This is particularly important for business and industrial establishments of all types. Some man in every such establishment should be given the responsibility of reducing fire dangers. Materials more than 44 years of age, ordainwhich ignite readily, which burn quickly, or which are hard to extinguish, should be kept in as small a quantity as possible. They must be stored in the proper kind of container. As the National Board of Fire Underwriters puts it, "The storage and handling of combustibles usually involved the simple matter of segregation so as to prevent a large mass of material becoming involved in a fire.'

A similar principle can be applied to home fire prevention. One of the worst domestic hazards is accumulations of old papers, furniture, rags and other junk. Every home should be given periodic inspection, and thoroughly cleaned out. Special attention must be given to closets, basements, and ants are carrying on in the Camattics which are the starting points of many fires And in the home, as in industry, great care must Equatorial Africa. "As soon as we be used in handling and storing inflammables such as gasoline, paint and cleaning solvents, Still an. Gabon," he wrote, "we thought of other protection of great importance is the regular your missions and of their needs inspection and repair of heating and lighting ap. and of means of giving them the pliances-and it must be done by an expert.

## To Our Friends and Readers.....

The increased cost of producing a newspaper will prohibit us from making our usual "Bargain Day" offer of \$1.00 per year on the Haskell Free Press in Haskell and adjoining counties this year. We regret this very much, but we believe our readers will understand the situation, since everything else has advanced in price.

Then again, the freezing of automobiles, tires and other items has reduced this newspaper's advertising revenue several thousand dollars during the past year.

The regular rate will be in effect during the fall and winter season, as follows:

> In Haskell, Knox, Stonewall, Jones, Shackelford and Throckmorton Counties:

One Year	<b>Q1</b> 50
Six Months	1.00
Four Months	1.00
Four Months	.75

## In Texas Outside the above counties:

One Year Six Months Four Months	1 05
Four Months	1.00
Outside of Texas:	1
One Year Six Months	\$2.50 1.50

Subscriptions will be accepted from anyone in the armed forces any where in the world at, per year

Watch the expiration date on the address label of your news paper, renew your subscription and avoid missing a copy.

That new club, heretofore men tioned, is completely organized according to rumors. Overheard the new name is D. Y. T. Sounds rather mysterious, doesn't it?

It seems that a lot of students have forgotten one of our most important rules. That one that concerns the chewing of gum in classes, remember? Seems useless kids, when all the good it does give you a little pleasure,-at th risk of a lot of disturbance the class. Why not save the nicke and buy defense stamps ever

### Juniors Make Best Record

Last Friday the students were asked, by classes, to tell how many pounds of bolls they had pulled in the afternoons of Monday, Tuesday, Wednesday and Thursday. The reports were as follows: Freshman class, 11,096 pounds; Sophomore class, 13,437; Junior class, 13,188; and Seniors, 9,400. In the amount of cotton gathered, the figures would indicate that the sophomores were the portrayal of nature. Wallace Woohardest workers, but the number of students in the classes ought to be taken into consideration. There throughout the store. These scenes are more students in the sophomore class than in any other class -sixty-three to be exact. There are forty-six seniors, fifth juniors and fifty-four freshmen.

On a percentage basis (based on class enrollment) the junior class had an average of 263 pounds per student, which is the highest average. The seniors had an average of 204; the sophomores 213, and the freshman, 205. The seniors have more students playing football and working at other jobs, probably than any other class, and that may account for their getting the lowest average.

## Indians Receive Favorable Comments ing they also think its a fascinat. intention of enlisting in the Navy.

Good sportsmanship was theme of a brief pep meeting held in assembly period last Friday morning. "Our team has been commended," stated Mr. Breedlove in a short talk, "by the officials of every game we have played this year, for their good sportsmanship and clean playing." ded on this fact, we He also said that the opposing pad of our boys. The players of other teams have commented favorably on the conduct of our boys in the games. "It is ire looking forward wonderful to have such a fine record," he remarked in closing, "and we are very proud of our team this year."

though, Coach Green quoted the one else has begun putting it up. words of Head Linesman Morris Last Monday was Columbus Day. ten Ramsey made a of Seymour, who officiated at a second day to see a surprised to see at her desk when a group of the cleanest block at her desk when a senior boy started to raise it, he discovered that the rope had been cut off the ip, she inquired as ever come in contact." Mr. Green flag pole, and it will not be possible to have our flag flying until sportsmanship and clean playing the rope has been replaced.

Now that we know we assignment—something to be carried out-and that they always paired, it seems all the more ur-

accomplished that assignment. In addition to these brief talks by Mr. Breedlove and Coach Green several musical numbers were rendered by the band. The pep leaders led the entire student body in a yell for the team, and the program was ended by singing the school song,

### Band Plays In Assembly

Last Friday, during assembly, the H. H. S. band made its first appearance this year before the student body. Under the direction of Mr. Fagan, three seections were played-"Anchors Aweigh", "First "ootball Medley", and "The Marnes Hymn". This year the band has several

new members three of whom came from other schools, Kenneth Kirby, from Paint Creek, plays first cornet; while Pearlita and Marie Ivy, who hail from Lueders, play the flute and the French horn respectively. One of these three, Kenneth Kirby, has had previous training in school band. Among the new members from Haskell are Deen Bartlett, Jane Richey Doris Holmsley, Mildred Chap-man, Jerry Gannaway, Louise Spencer, Margaret Morris, and Era Mae Roberts. These students, in addition to the veteran members should make things lively for H. H. S. this year,

The achievements that adorn human progress are not the rewards of those who did not plan.

When the announcement was If nature is so wonderful why made last week of the new memdidn't she make the mosquito a vegetarian?

Rota-Caps Don't Knock Egg Production

Trice Hatchery

If you're a heartsick wife mother - or sweetheart . . . you'd do a lot to give that boy a better chance to get back safe. Well then ...

## SOMEONE'S LIFE IS IN YOUR HANDS!

DOUND up your scrap metal - it's R needed to make steel. Steel for armor plate to protect him from bombs and bullets. Steel for weapons to help him do the job that must be done before he can come home again.

You don't want production figures. It's enough to know that 50% of all new steel is made of scrap-that our steel mills now have only enough scrap in sight to last another 30 days at the most!

What happens after that depends on all of us. If production falls and you've not done your part, will you

Next week we're starting a collection drive - to build the biggest stockpile of scrap metal you've ever seen. Then when the mills need it, we'll have it-because you came through ... for bis sake!
