HASKELL COUNTY HISTORY

Brief News Taken from Old Copies of The Free Press

29 Years Ago—May 8, 1950

The population of Haskell is 2,611, according to preliminary figures released today from the district census office at Lubbock. The 1920 figure represents an increase of 311 over the 1920 census, which listed 2,300 residents in Haskell.

The honor roll for the last six weeks at Randolph College has been released and bears the name of a Haskell student, Bill Ratliff, who is making some of the highest grades of any student

in the college. He is the son of Judge and Mrs. L. D. Ratliff. Mr. and Mrs. Albert Barnett and Mr. and Mrs. Paul Zahn returned this week from a ten days vacation trip to Austin, San Antonio, Houston, Galveston and other points.

The Simmons College Choral Club will give a concert Friday evening at the First Baptist Church, and the public is invited to attend.

Miss Brucile Bryant, daughter of Judge and Mrs. Bruce W. Bryant, will receive her bachelor of

arts degree at Texas State College for Women (CIA) in June. Miss Bryant is editor of The Daedalian, college year book.

Extremely high winds last Tuesday brought one of the worst sandstorms in years to this section. Some property damage resulted from the winds. Deputy Sheriff Clarence Lewellen returned from Dallas this week, bringing a man charged here with violation of the liquor law, and who had jumped bail when his case was called Monday in District Court.

40 Years Ago—April 30, 1910

Mrs. J. B. Johnston returned Wednesday night from an extended visit with relatives in Alabama. S. Bevers accompanied his daughter, Mrs. Joe Pace and baby to Bartlett last week, where she will join her husband who is now an employe of a Bartlett Hardware concern.

Mrs. George Andrus of Rotan is visiting relatives in this city.

Mrs. A. J. Combs and baby left Friday morning for Arkansas to visit a while and from there they will go to Mrs. Combs' old home in Illinois and spend several weeks with relatives.

J. R. Jeter and son W. J. Jeter of the west side sold 15 bales of cotton to S. L. Robertson this week at \$13.50.

Mrs. S. W. Scott, J. W. Meadors, John B. Baker and J. S. Rives, representing the various women's clubs of this city are attending a meeting of the First District Federated Clubs at Big Spring this week.

Several people reported frost Monday morning. We are told there was ice on exposed water, too. However, we have heard of no serious damage to crops.

Mr. and Mrs. Roy Shook of the west side were in the city Monday.

Miss May Fields, who has been teaching at Iowa Park, has finished her school term and is now at home.

T. E. Ballard and Mrs. W. F. Draper were called the early part of the week to the bedside of their father, Judge Ballard, who is very ill at his home in Dickens City.

Mr. Archer has purchased a large telescope, which he intends to have mounted for the use of the public at a nominal fee in observing the approaching Hal-

ley's Comet. The instrument will magnify the moon 12,000 diameters. Mr. Archer says, and a man can be seen and recognized at a distance of 25 miles.

50 Years Ago—May 5, 1900

While riding a bicycle the other day Roy Cummins approached too close to a fractious horse and the animal administered a painful kick on Roy's knee.

During the electrical storm Friday, the addition being built on C. D. Long's residence was hit by lightning. The roof and ceiling of that portion of the house was badly damaged. It was unoccupied at the time. Charles Kirby is visiting his son Lee in Seymour this week.

S. W. Scott says he feels like the real estate business has some life in it once more. During the last month he has sold 4,736 acres of land in Haskell county for an aggregate consideration of \$15,440.

Carl Peters of Young county was over this week on a visit to his old friend, W. M. Sager.

B. T. Lanier says it would tickle a wooden man to see how fine the oats, wheat and other truck is coming along in his neighborhood.

D. R. Couch has purchased J. E. Garren's residence with the intention of locating her permanently and engaging in the cattle business.

J. L. and J. F. Jones recently purchased and received this week from Frank Rhodes, 160 head of high grade Hereford stock cattle, including ten head of thoroughbred cows, at \$22.75 around.

Douglas Warren, a large property owner of Hill county, is here prospecting for a ranch. If he finds what he wants, he intends to sell his property in Hill county and locate here and engage in the cattle business.

B. Stuart is building a blacksmith shop just north of the bank. John Ellis returned last Saturday after a sojourn of several weeks in Indian Territory.

M. A. Clifton says he has 150 acres of the finest oats he has raised since he has been in the West.

Miss Bernice Fairbairn's school in the Vernon district closed for the term last Tuesday.

W. P. Lilly of Osceola, Mo., who spent last winter here, has returned to become a permanent citizen.

Haskell Square Dancers Invited To Take Part In Wichita Falls Festival Contest

Wichita Falls Chamber of Commerce has invited Haskell square dancers to take part in the biggest square dance ever held in Wichita Falls and a dance contest with \$150 in prizes which will close the first annual National Wheat Harvest Festival June 3. Already a number of sets from North Texas and Oklahoma have expressed interest in the contest, and hundreds of persons are expected to fill several blocks of the business district for the street dance which will follow. Two top fiddle bands and five of the best callers to be found anywhere will be there for the contest and dance.

The Cozart and Edmondson Band and the Post Oak Fiddle Band, both of Wichita Falls, will play for the contest and for dancing until when.

C. B. Norris of Wichita Falls, chairman and well-known square dancer in this area, has announced two contest divisions for eliminations before the finals. In the first will go all sets with their own callers. Norris figures many of the visiting sets from other cities will want to enter this division. Prizes are \$30, \$20, and \$10 for first three sets.

The second division includes all contestants without callers. For this event callers will be Ross Webb, Burt Lowery, and Bill Mitchell of Wichita Falls, Winfield Icard of Archer City and Cliff Brogdon of Electra. Prizes will be \$30, \$20, and \$10 as in Division One.

The championship division will have three top sets from the first two division contests. Winners will receive an additional \$30. Judges are G. H. Kirby of Wichita Falls, Fred McDaniel of Archer City, Clarence Lacy of Quanah, M. A. Mills of Burkburnett and Paul Dowdy of Charlie.

Any person interested in entering a set in the contest should write to C. B. Norris, care of Wichita Falls Chamber of Commerce, giving the writers name and name of the set. The contest begins at 7:30 p. m.

When the contest is over, probably about 9 p. m., the general street dance starts. The smooth brick of Indiana Avenue will be used as a mammoth dance floor, and loud speaker systems will take the music of the two bands to as much of the area as dancers will need. There is no entrance fee for either the contest or the street dance, which is open to the public.

MAGIC CARRY-ALL COAT

The coat worn by this young lady is as amazing as a magician's cloak. Designed by a U. S. Department of Agriculture clothing specialist from waterproof and wrinkle resistant cotton, the coat is heaven-sent for the feminine shopper. It has hidden pockets in the sleeves, skirt and top for bus tokens, shopping lists, pencils, wallets, and other items needed by a shopper. The carry-all bag to accompany the cotton coat holds the largest size grocery bag and has a waterproof cover for rainy days.

Plans Set For Demonstration of Meat Grading

A highlight of the program for the annual State 4-H Club Round Up and Extension Service Conference to be held at Texas A. & M. College from June 12-16, will be grading demonstrations involving slaughter steers, calves and carcasses. According to A. L. Smith, extension animal husbandman and chairman of the committee on arrangements of Texas A. & M. College, final plans have been made for the demonstration.

The slaughter cattle and calves will be graded on June 12 at 4 p. m. at the new beef cattle center. Tom Bruce, correlation grading specialist of the Production and Marketing Administration's Marketing and Grading Division, U. S. D. A., will do the official grading. He will use in the demonstration at least two animals of each market grade. One animal in each grade will be slaughtered immediately following the demonstration.

The carcasses, according to Smith, will be graded by Fred Beard, head of the Marketing and Grading Division, at another demonstration on June 14, which is to be held in the lecture room of the Animal Industry Building on the A. & M. campus.

Smith says these demonstrations are expected to give the county agricultural agents and assistants and the other invited participants a closer insight into slaughter cattle and calf grading by showing both live and carcass grades on the same animal.

Serving on the arrangements committee with Smith are U. D. Thompson, assistant extension animal husbandman, Roy W. Snyder, extension meats specialist, and J. K. Riggs and O. D. Butler, professors in the animal husbandry department of Texas A. & M. College.

Volunteer leaders in home demonstration clubs last year in Texas held 9,491 meetings that were attended by 137,000 rural women.

Creep Feeding Of Calves Gaining In Favor

Many ranchers and stock farmers in the state have found that creep feeding for calves is a practical and economical practice to follow. According to U. D. Thompson, assistant extension animal husbandman of Texas A. & M. College, now is the time to start the young calves on creep feeders.

He says the feeders are easy to build and are not expensive. The enclosure or fenced area should be constructed with an opening large enough for the calves to get through but too small for older cattle. Place the feeder inside the enclosure and fill with whole grain. He points out that it is a good idea to confine an older animal in the creep pen as a decoy for the calves and also as an aid in getting them to eat from the feeder.

He points out that as much as 100 pounds of meat may be added to the calf's weight during the first six to eight months through the use of creep feeding. It has other advantages too; permits marketing at an earlier age; the mother cows stay in better condition; calves are more uniform; shrinkage is less at weaning time; it shortens the feeding period after weaning and serves as a good market for home grown feed grains.

There are certain disadvantages that make creep feeding impractical on some farms and ranches and Thompson points them out.

Extra equipment may be needed and there is the problem of getting the calves to eat. Hogs, sheep and goats must be kept out of the feeders and it would be well to check the prices you can expect for the calves when they are ready for market, the extra cost of production might not contain more than two sections and sometimes the location of the creep creates a problem.

Thompson suggests that you check your own situation and if the advantages outweigh the disadvantages, give the creep feeding program a trial. Your local county agent can help you with plans for the enclosure as well as plans for the creep feeder. He can give you a suggested ration or two for use in the feeders and can probably help clear up a lot of other questions that you might have on creep feeding.

SPEND WEEK END IN ADRIAN

Mr. and Mrs. Frank Reynolds spent the week end in Adrian with their daughter and husband, Mr. and Mrs. Woodrow Perrin. They were accompanied home by their grandson, Tommy Perrin, for a week's visit.

Plans should be made now for the most profitable use of the feed grains that will be produced in Texas in 1950. A likely looking market at this time is feeding it to livestock on the farm.

Cotton Dress Revue To Be Given Here May 27th By H. D. Club Women

Haskell County H. D. club women have been studying pattern alterations, and the fitting of dresses this year in their club meetings. And as a climax of their efforts they plan a dress revue for the public to be given Sat., May 27, at 3:30 p. m. in the Haskell High School building.

The public is not only invited but urged to attend this review and by your presence encourage the efforts of the H. D. women of this county.

Put pep in the pocket-book by putting profitable want ads on the job.

Palm Beach Suit

Here, Ladies, is a suit to put in a winter-wear wardrobe. Cut from famous Palm Beach cloth, the details include a straight skirt and a long, one-button jacket with notched collar and double pocket flaps. Sacony makes the suit in white, black, maize, aqua, ice blue, clove red, navy, mocha, sand and gray. And Cosmopolitan magazine calls its spring and summer-long versatility, at the modest price of about \$22.50, a sound investment during the income tax season.

Lt. W. T. Johnson Returning to U. S. From Japan

Lieut. W. T. Johnson, who has been stationed in Nogoya, Japan, for the past two years and whose family joined him in that country, is soon to return to the United States, relatives and friends here have learned.

Lt. Johnson, attached to the 20th Weather Observation Squadron at Nogogoya, recently received his orders to sail for the U. S. The officer and his family are scheduled to leave Yokohama on May 12 and are due to arrive at Seattle, Wash., May 22.

Lt. Johnson has been in Japan since November, 1947. His wife and daughter joined him in the spring of 1948. The bring with them a new son, Gary Douglass, born in June, 1948, in Japan.

Lt. Johnson is a graduate in meteorology and has served as weather station inspector while in Japan.

in one day, 3 bears, 46 ducks and 30 quail and that they also bagged 275 pounds of wild honey. A Hardin county newspaper, on July 21, 1878, quoted venison hams at 25 cents each. A Mason county news item carried in the Galveston Daily News on August 24, 1879, reported a man killed more than 100 deer "so far this year." The article continued: "Our woods are alive with deer and other game. We hear of a number of men in this section who are following no other pursuit this year but that of killing deer (because) the skins when dressed bring a fancy price." One month later, a news report stated that a Mason man "made \$112 this year from deer pelts."

1870's and 80's Was Darkest Era For Texas Wildlife

The dark era for Texas wildlife back in the 1870's and 1880's is described by A. S. Jackson, wildlife biologist for the Game, Fish and Oyster Commission, in the May issue of Texas Game & Fish, soon to be distributed. His article, headed "When Game Was Plentiful" emphasizes that the doom of the once mighty herds was sealed by the advent of the repeating rifles, models of 1873 and 1876.

Jackson's research yielded a Henrietta Journal item about a man "living near the Red River" killing "278 head of deer in a circumference of ten miles from his house." The San Antonio News on August 31, 1877, told about two brothers, in two weeks time, shooting 67 deer, 219 turkeys, (104

The Brownsville Cosmopolite on December 26, 1880, quoted the current price of mallard and teal ducks in the local markets "at a little over four cents each." The same month, the Henrietta Shield stated that "A load of wild turkeys was brought to town last Sunday and sold at fifty cents apiece." But, about the same time, another quotation for turkeys was 25 cents each.

Jackson, in his graphic account of the wanton destruction, continued: "Throughout the newspaper record of game slaughters was found no note sounding the word conservation. Indeed, public opinion seemed to have been asleep to what was happening."

Then Jackson concludes: "If one is sickened after reading the entire collection of notes at one sitting, he must be at the same time heartened by the changes which have followed, changes which reflect by contrast, an awareness on the part of news editors to wildlife, values and needs, and an awakened public consciousness."

Rules For 4-H Girls Dress Revue Are Announced

Question uppermost in the minds of Haskell County 4-H club girls is "Who will be the winners?" in the 1950 Dress Revue to be held Saturday, May 20, in the High School auditorium.

The Haskell County 4-H Club Girl, who is 13 years old or over and wins first place in the County Dress Revue, will enter the State 4-H Dress Revue at College Station in June. One 4-H Club girl from each county will enter the State Dress Revue to be held at

the State 4-H Round Up. Mrs. Vee J. Howie, County Home Demonstration Agent, expects several girls from each of the seven 4-H clubs in Haskell County to enter in the Revue. There will be 3 classes of outfits.

1. School Outfit—1/2 of, washable, cotton, wool, linen, rayon silk or other suitable fabric. This includes such garments as: one-piece outfit, which are combinations of jumper, or skirt, with blouse or jacket.
2. Best Dress—a street length dress of cotton, linen, wool, rayon, silk, or other suitable fabric for school parties or other social events.
3. Skirts—to be worn with a blouse the contestant did not make.
- 4-Hers, who are 13 years old or older, will be in the Senior Division; those under 13 will be in the Junior Division. Prizes will be awarded the high scorers in each division, and the Senior Division first place winner will represent Haskell County in the Dress Revue to be held at College Station during State 4-H Club Round-up in June.

The 4-H girls of Haskell County have been taught through demonstrations at club meeting this year, clothing that will help them make higher scores on their garments. How to Buy a Pattern, Care of Skin, Cutting Out a Dress, Shoe Care, Sewing Equipment, Putting a Dress Together, Making a Dress, Sewing on Snaps and Button Pressing a Dress and Taking Hems were the demonstrations given 200 4-H girls at their club meetings. Since January 4-H girls sew after school and on Saturdays and practice what they have learned.

At their Clothing Achievement Event, the 1950 Haskell County Dress Revue, the 4-H girls will be judged by a score card, and their awards made accordingly. The Haskell County Demonstration clubs are donating the prizes to the 4-H girls.

City Woman's Hobby Bring New Outdoor Beauty to 4-H Homes

More than one hundred thousand 4-H homes will be enhanced with new outdoor beauty this summer because a city woman took up gardening as a hobby 25 years ago. Interest in growing flowers and plants began when she moved to a home in the country and saw the native beauty of so many rural homes scarred and neglected. She longed to do something about it. She particularly wanted to do it through the farm boys and girls so they, too could experience the joys of restoring nature's handiwork and add a bit of their own.

This resourceful woman—who has since become a renowned horticulturist—is Mrs. Charles R. Walgreen of Chicago. She reached these rural young folks with the help of the National Committee on Boys and Girls Club Work, of which she is a member. The Committee and Extension Service cooperated and plan was worked

New Hair-Do for Oval-Shape Face

If you are blessed with thick, naturally curly hair and have an oval face, the short cut is perfect for you. This coiffure has a high part at one side of a brief, feathery bang, and is brushed up and away from the face in its own natural wave pattern. It's long enough in back to turn up slightly from the nape. The picture is from the Master Handbook of 50 New Hair-dos in the February issue of Good Housekeeping magazine.

McMurry College To Sponsor Workshop For Teachers

Planned for school teachers and teacher trainees, a workshop will be offered at McMurry College May 24 through June 13. "This will be an excellent opportunity for teachers wanting to meet Gilmer-Aiken requirements," states Dr. Andrew W. Hunt, Education Department chairman and director of the workshop. Teachers may earn three semester hours in one of three fields—curriculum, child development, and public school music.

Dr. Hunt will direct the curriculum and child development. The public school music division will be conducted by Charles F. Wootton, assistant professor of music.

Tech Students To Study 500-Year-Old Ruins

A field camp 20 miles east of Santa Fe, N. M., will serve as a base for the 1950 Texas Technological college summer archeological course, Dr. W. C. Holden has announced.

Dr. Holden, head of Tech's department of history, anthropology and sociology, said graduate students and upperclassmen will be

green offers incentive awards to county, state and national winners. They are medals, watches and trips to the National 4-H Club Congress for eight top-ranking 4-Hers. Last year Doris Rudolph, of Fashing won the State award.

Another personal touch which Mrs. Walgreen gives to this program is the dinner party at her home each fall for the national champions. She corresponds with many of them afterwards, and also receives letters of appreciation from 4-H parents who enjoy the outdoor beauty brought to their homes. Due to knowledge gained in the program, reports Mrs. Walgreen, a number of former 4-Hers now are engaged in their own nursery business or in specialized fields of horticulture.

permitted to make the trip to Arrowhead Lodge. The class will work at a Pueblo excavation believed to be around 550 years old. Lectures, reading and work on restoration will be included in the course program.

Dr. Holden said costs of the

trip will be on a cooperative basis, and the initial fee of \$90 should be sufficient. The initial fee will provide transportation, food and lodging. Linens and three blankets must be furnished by the student. Dr. Holden pointed out that the elevation is

7,300 feet at Arrowhead and those blankets will come in handy." Gold mines are scarce, but you can "cash in" with Classified ads. The Texas State Penitentiary at Huntsville was built in 1848.

NEWS OF INTEREST TO WOMEN

Miss Pansy Moore Becomes Bride of Henry Harris In Ceremony Read May 4th

A wedding which was the culmination of a romance began during their high school career was solemnized Thursday evening, May 4th, when Miss Pansy Moore, daughter of Mr. and Mrs. O. L. Moore of Haskell, became the bride of Henry Harris, son of Mr. and Mrs. Hamp Harris, also of this city.

Marrage of the popular young couple was the surprise climax highlighting the Progressive Study Club style show, sponsored jointly by the Club and the Lane-Felker dress shop, staged in the American Legion auditorium.

Wedding vows uniting the couple were read by the Rev. Houston Walker, Baptist minister

of Rule. The bride was attended by Mrs. Billie Boyd of Rule as matron of honor, and bridesmaids were Miss Virginia Frierson and Miss Dorothy Fouts.

The groom was attended by Rice Alvis as best man, and Veltion Moore, brother of the bride, and Felton Everett of Haskell.

The bride chose for her wedding costume a gown of white marquisette with long sleeves and deep yoke outlined with a double ruffle. The skirt was trimmed with identical ruffles of the same material. She wore a finger-tip illusion veil and tiara of seed pearls, and carried a colonial bouquet of white carnations. For something

old she wore a cameo worn by her mother at her wedding, and something new was a set of matching ear screws, a gift from the groom.

The matron of honor wore a gown identical to that of the bride, with short sleeves and orchid gloves. Bridesmaids dresses were of light green and petal pink marquisette, and they carried nosegays of pastel snapdragons.

The bride is a member of the class of '50 in Haskell High School, and a popular member of student organizations. She is a member and twirler in the HHS Indian Band.

The groom also attended Haskell High School, and was active in athletics and sports.

After a short wedding trip, the young couple have returned to Haskell and will make their home here, where Mr. Harris is engaged in farming.

Magazine Club Has Final Meeting of Club Year

The Magazine Club met Friday, May 5th, in the last meeting of the club year. Members of the Social Committee, Meses. Bill Riney, Bernard Phelps, Wm. H. Wilson and Earl Atchison were hostesses and served lemonade and cookies to those present.

Mrs. S. C. Couch, Jr. was director of the very clever and attractive installation service. A corral had been arranged, complete with fence posts, saddles and camp fire. Bobby, son of Mr. and Mrs. Clinton Herren, was seated inside the corral and opened the gate for the 'cowhands' as they came in.

As the new officers entered they were given an article used at the ranch, such as branding iron, spur, etc., emblematic of their office in the club.

Mrs. Ada Rike, the incoming president, was addressed as 'foreman' and gave horseshoe and good wishes for a successful 1950-51 club year.

As the new officers stood around the camp fire they recited a pledge in unison: I believe that being a cowhand on the Magazine Club Ranch carries with it a duty; to pledge myself to be faithful to the interest of my range, share its work and guard its reputation.

Weinert Matron Club Installs New Officers

Mrs. Pearl Monke was hostess to the Weinert Matron's Club on Thursday in her home for the installation of officers and the final meeting of the year.

Mrs. P. F. Weinert, retiring president, installed the following officers:

President—Mrs. W. B. Guess.
First Vice President—Mrs. J. A. Mayfield.

Second Vice President—Mrs. Fred Monke.

Secretary—Mrs. Claude Reid.
Treasurer—Mrs. J. W. Liles.

Two new members, Mrs. G. C. Newsom and Mrs. R. H. Jones were appointed to the executive board by the new president.

The following committees were appointed by the president:

Study—Mrs. J. A. Mayfield, Mrs. Claude Reid.

Finance—Mrs. Fred Monke, Mrs. W. A. King.

Library—Mrs. G. C. Newsome, Mrs. J. W. Liles.

Federation—Mrs. Pearl Monke, Mrs. A. Bartell.

Civics—Mrs. P. F. Weinert, Mrs. R. H. Jones.

Music—Mrs. R. H. Jones, Mrs. Fred Monke.

After adjournment, games of Canasta were played by the following members:

Progressive Study Club Sponsors Colorful Show Thursday Evening, May 4th

The most colorful and interesting of the season's events, the Progressive Study Club's Fashion Show, was held Thursday evening in the Haskell High School Auditorium. The show was sponsored by the Progressive Study Club and was a great success. The models displayed original creations in sports, formal, town and country wear, robes and swim suits. Shoes worn were loaned through the courtesy of The Booterie.

Models for the occasion were: Mrs. Billy Kemp, Carrol Bledsoe, Joe Thomson, Royce Adkins, Alton Middleton, Brooks Middleton, Joe Tyson, Bob Herren, Norman Nanny, Viars Felger and Misses Bobby Ann and Betsy Joe Herren.

The climax of the evening was the wedding of Miss Pansy Moore and Henry Harris. The marriage had been announced but the names of the popular young couple were kept secret until the appointed hour.

A reception was held by the Study club for the wedding party and guests. The wedding cake was a gift to the bride and groom from the Flint's Sweet Shop. The social committee with Mrs. W. H. Pitman as chairman was in charge of the refreshments.

Trinity Ladies Club Meets In Home of Mrs. Moeller

The Trinity Ladies Club met in the home of Mrs. Lydia Moeller Thursday afternoon with sixteen members present.

The program was directed by Mrs. Lydia Klose. The meeting opened with a song, Sweet Hour of Prayer. Henrietta Rueffer led in prayer, and a Scripture pas-

sage was read by Erna Pieser. This was followed with a reading, Only Today, by Ann Drusedow; a song, If I Could Hear My Mother Pray Again, by Dora Klose and Lillie Pieser; a poem, Don't Forget Your Mother, by Myrtle Steinfeld; a song, Beautiful Home Somewhere, by Lena and Alma

Steinfeld; and a reading, Commence at Home, by Lydia Klose. It was decided that each member would bring a small gift to the next meeting, and the Club is to have an auction sale as our project for the month. The meeting closed with a song and members repeating The Lord's Prayer in unison.

Members present were Mesdames Erna Pieser, Meta Rueffer, Myrtle Steinfeld, Lena and Alma Steinfeld, Ann Drusedow, Lydia Klose, Hy Drusedow, Dora Klose, Ell Pieser, Lena Kubena, Frances Fisher, Annie Kretschmer, Lillie Pieser, Henrietta Rueffer and the hostess, Mrs. Lydia Moeller. A delicious lunch was served to all present.

The next meeting will be in the home of Mrs. Hy Drusedow June 1, at 2:30 p. m.

Former Weinert Girl Marries Lamesa Man

The marriage of Mary Jo Dossey of Lamesa to Mr. Young of that city has been announced here. The bride is the daughter of the late Mr. and Mrs. Travis Dossey. She made her home with her grandparents, Mr. and Mrs. Dick Therwanger of Weinert in the early 40's and attended Weinert schools. She is a great-granddaughter of Mrs. J. T. Therwanger and Mrs. Sallie Jane Crow, both of Haskell.

Mrs. W. E. Johnson Entertains Rainbow Sewing Club

Mrs. W. E. Johnson entertained the Rainbow Sewing club members and their husbands with an 84 and 42 party in her home May 4th. Every one had such a good time.

The house throughout was decorated very attractively with beautiful spring flowers. Refreshments of soft drinks were served to the following: Mr. and Mrs. J. B. Edwards, Mr. and Mrs. Walter Rogers, Mr. and Mrs. Tot Johnson, Mr. and Mrs. David Bland, Mrs. Eva Chapman, Mrs. Sally Patterson, Mrs. Winnie Copeland, Mrs. Grace Stoddard, and the hostess, Mrs. W. E. Johnson.

Sagerton Grammar School Children Play Woodson Softball Team Saturday

Mrs. Emma Lammert of Amarillo spent the week-end in the home of Mr. and Mrs. Melvin Lewis. Mr. and Mrs. T. C. Herring and children were also guests and Mrs. Lammert went with them to their home in Ranger for a short visit.

Guests in the home of Mr. and Mrs. Emil Kainer Sunday were: Misses Pauline and Meta Kainer of Stamford, Mrs. Bill Bradshaw and children of Nugent, and Mr. and Mrs. Johnny Kainer and children and Mr. and Mrs. Melvin Lewis of Sagerton.

The monthly Methodist Sunday school party will be held in the home of Mr. and Mrs. W. R. Gibson, Friday night, May 12. Everyone is invited and it is a community affair.

The grammar school children from Sagerton went to Woodson Saturday to play softball. They were accompanied by Miss Irene Stewart, superintendent.

Guests in the home of Mr. and Mrs. Delbert LeFevre Sunday were: Mr. and Mrs. Wilford McLeod of Sour Lake, Texas, Mr. and Mrs. Cliff LeFevre, Mr. and Mrs. Reece Clark and Glenda, and Mr. and Mrs. Oscar Maske and Jerry and Tommy. Mr. and Mrs. Harold Dunn and

family and Mrs. Anna Rogers of Fort Worth visited in the home of Mr. and Mrs. Barney Ross over the week-end.

The Sagerton Softball team had two work-outs last week and hope to start playing soon. Henry Laughlin has accepted the job as manager after Barney Ross resigned.

Mr. and Mrs. John L. Guinn, postmaster, has been attending the National Postmasters Convention in Fort Worth, May 6, 7, 8 and 9th.

Mrs. G. A. Diers returned home Sunday from Fort Worth where she was visiting her sister, Miss Nora Drusedow.

Mrs. Don Henley and little son, Chris, of Spur visited in the home of Mr. and Mrs. Ben Hess last week-end.

Mrs. Alfred Hertel, accompanied by Mrs. F. A. Stegemoller went to Benjamin one day last week. Mrs. Ida Hertel, Alfred Hertel's mother, came back with them for a short visit. Sunday she and Mr. and Mrs. Alfred Hertel and family were dinner guests in the home of Mr. and Mrs. Carl Hertel.

Richard Wanger, of Snyder, visited in the home of Mr. and Mrs. August Balzer Sunday.

Are You A Flirt?

"Most women," says Alice-Leone Motts, "are born flirts. A village maiden of fourteen may well have the skill of a Cleopatra." Alice, who obviously has her share of natural qualifications, outlines the "six stages in a flirtation" in the May issue of Cosmopolitan magazine. She tells why "women flirts are often admired, although men flirts are invariably condemned by society." While admitting that flirting is an art, she laments that it "has fallen into the same class as the art of lacemaking—ornamental, charming, an aesthetic delight, a joy to the connoisseur, but almost a roccoco affectation in this machine age." Odd look at Alice, we suspect, could make old-fashioned flirts out of mechanical wizards.

they are generally only 36 inches wide they do not cut to as good advantage as do the wider materials.

Mrs. Claylor suggests that if the fabric is not labelled as pre-shrunk, fast color against light and laundering you buy a yard and launder it at home. Measure the fabric before and after laundering to see how much it shrinks and check also for color loss. If you prefer to use shrinkable material, you'll be wise to wash and iron it before making the covers.

Since the upper back and arms of chairs or lounges usually receive the roughest treatment, it is a good idea she says, to buy enough material to make an extra cover for these spots. These pieces can be washed separately and may save much work in the laundering needed to keep the slip covers clean and tidy.

Put pep in the pocket-book by putting profitable want ads on the job.

Mother's Day Program Planned At Pinkerton

Mother's Day will be remembered in the services at Pinkerton Sunday morning, May 14. Between Sunday School and the morning sermon a brief program will be given, and so interwoven with the usual program that overall time will not be increased beyond the ordinary time for closing. The program follows:

Welcome to Mothers — Bobby Stone.

Response—Mrs. Frank (Mother) Norman.

Duet, Mother—La Nelle Glover and Patsy Ann Ingram.

Reading, My Mother — Cleo Williams.

M-O-T-H-E-R, An Acrostic—Six Primary Children.

Duet, My Mother—Carl Norman and Mrs. Frank Forsythe.

A Mother's Prayer—Mrs. E. N. Bowen.

Hints Given For Buying Fabrics For Slip Covers

The most practical cotton fabrics for making slip covers should be washable, durable, closely woven, reasonable in price and attractive in color and design. Such fabrics are available, says Mrs. Bernice Claylor, extension home management specialist of Texas A. & M. College, but it may require shopping to find them.

She says that homemakers should remember that slip covers represent a considerable investment not only in money but also in labor and time if you make them at home. Choose materials that suit the decorative scheme of the room and which meet the requirements for a practical fabric.

She points out that covers made from closely woven fabrics hold their shape well, are easy to work with, tell well and keep dust from settling through to the furniture underneath.

Checked chintz, cretonne, plain or striped denim, galatea, rep, and French ticking are among the most serviceable cotton fabrics for slip covers. She says if you want covers with a dressy appearance, the lightweight tapetes, drapery sateen and damask fabrics are good. She adds that sinthams and percales wash easily but often wrinkle more than the heavier fabrics and because

THE APPOINTMENT OF
Harrison-Herren Gin
Haskell, Texas
AS DEALERS FOR
GRAIN SAVER BINS
SAFEST, LOWEST COST METHOD OF HANDLING GRAIN

The superior performance of this bin is the result of 39 years of experience in bin construction and fabrication. Glance at the following advantages and you will quickly decide that this bin is your best investment.

STRONGEST BINS MADE—Full corrugated metal side walls used throughout—22 times stronger than flat steel sheets. One-piece heavy angle iron door frame around door opening for extra strength at this vital point.

WEATHERPROOF—Exclusive design gives contents complete protection from rain, snow, wind and other weather hazards. Even a driving rain cannot blow into the bin.

ECONOMICAL FIRST COST—This type of bin lasts longer but costs less than many types of less efficient, less durable storage structures.

EASY, LOW-COST ERECTION—You can put up this bin at lowest cost in time and work.

EASY TO FILL AND EMPTY—Grain growers everywhere report this type of bin to be the easiest to fill, the easiest to empty.

FIRE SAFE—There is nothing to burn in an all steel bin.

PROTECTS GRAIN QUALITY—Complete weather protection and improved ventilation by use of a perforated floor reduces moisture content and prevents heating.

RATPROOF—Lifetime protection against rats, mice, squirrels.

Storing farm produce and marketing in an orderly manner—when the price is good—instead of dumping it at harvest time regardless of price will bring you almost as much as the net profit on an extra crop.

Veterans Wives H-D Club Meets With Mrs. Doc King

The Veteran's Wives H. D. Club met May 3 in the home of Mrs. Doc King. Mrs. Henry Emerson was hostess for the afternoon.

The program opened with the club prayer by Mrs. T. L. Stockton. Nine members answered the roll call with the assigned topics.

Mrs. Shelly Bell read an article on "The Easy Way to Good Looks" and Mrs. Henry Emerson gave a talk on "Americans Are Gambling with Their Health."

The hostess, Mrs. Henry Emerson was presented a beautiful lamp and other gifts from the club. Recreation was conducted by Mrs. H. B. Berry.

Paint Creek Future Homemakers Stage Annual Style Show

Paint Creek Homemaking Classes I and III held their annual Style Show Friday night, May 5th. The stage was decorated with white trellises and red roses, the FHA flower, to represent a garden setting.

The thirteen girls in the first year class and two girls in the third year class displayed their dresses before a large audience and the third year class displayed two dresses each.

The invocation was given by Supt. John M. Ivy, and models taking part in the show were introduced by Sue Bouldin, vice president of Paint Creek FHA. She also presided for a brief club meeting, which was opened with the girls singing the FHA Prayer Song. Officers were next introduced, each giving their duties in described the dress each girl wore.

In the style show, Mrs. Gene Overton played the musical accompaniment as the girls came through the white trellis archway, overhanging with roses. Mrs. R. L. Foote, Homemaking teacher

Rebekahs Meet In Regular Session Monday Night

Members of Haskell Rebekah Lodge met Monday night in regular session in their temporary meeting place in the City Hall. The commission of Mrs. Leone Pearsey as District Deputy President was read and accepted. She will succeed Mrs. Eva Spears, who had served in that capacity the past year.

Members will meet next Monday at 7 o'clock in the home of Mrs. Pearsey for a covered dish supper and prospective members are being invited. After the supper, a business meeting will be held.

RETURN FROM VISIT IN EAST TEXAS

Mr. and Mrs. C. A. Thomas returned home Sunday after spending several days visiting in Roans Prairie, Navasota and Bryan. Mrs. J. F. Cadenhead and two grandchildren accompanied them to Haskell.

The show was closed with the benediction given by R. L. Foote.

Dennis Chapel H-D Club Has Regular Meeting

The Dennis Chapel club met with Mrs. R. L. Cox May 5 with 7 members present.

The president, Mrs. Coyt Hix presided during business hour after which Mrs. Howle gave a very interesting demonstration on putting in zippers and also gave a talk on diet.

The club has made some pretty bill folds and belts and is now working on purses. Refreshments were served to Mesdames R. E. Hutchinson, Weldon Walling, Elwood Hackney, Ben Redwine, Coyt Hix, Jimmy Cox, Vee J. Howle and hostess, Mrs. R. L. Cox. Meeting adjourned to meet with Mrs. D. I. White May 19.

Early cotton insect control when started and stopped at the proper time, insures early fruiting, earlier maturity, reduces boll weevil hazards, makes possible earlier harvesting, earlier stalk destruction in the fall and under favorable conditions yields will be increased.

Texas Wheat Crop Estimate Is Cut 253,000 Bushels

Texas worst winter wheat crop in 14 years lost another 253,000 bushels last month, the department of agriculture at Washington announced Wednesday.

Major factor for the lower crop prospect was the prolonged drought during the winter months in most of the grain-producing area. In Haskell county, the crop suffered from the dry winter, but outlook improved following recent rains.

In its monthly size-up of the nation's crop situation, the department estimated the Texas grain harvest at 24,687,000 bushels.

The April estimate was 24,940,000 bushels. Wednesday's estimate was based on May 1 condition. Other southwest and mid-west wheat producing states also have poor crops this year, with lower yields forecast in Oklahoma, New Mexico, Colorado and Kansas.

The green bug, whose attack in the South Plains is the most severe in recent years, gets a share of the blame for the lower Texas forecast. Also the drought is still unbroken in some plains and Panhandle counties, and in Northwest Texas many fields have been plowed up to be summer fallowed or planted to grain sorghums.

Beautiful Virginia Mayo relaxes in a regal hostess pajama outfit designed in cotton satin by Margaret Newman. A detachable skirt ties over the one-piece cotton hostess pajama. The blonde movie star chooses a delectable shade of par-fait pink for her easy-time ensemble.

Representative Of Social Security Coming May 18

Ralph T. Fisher, manager of the Abilene office of the Social Security Administration, will be at the Chamber of Commerce in Haskell at 11:00 a. m. on Thursday, May 18. Persons wishing assistance with retirement claims or death claims under the Social Security Act should call at that time for necessary help and information.

Fisher commented that many persons inquiring of the Abilene office have the impression that the amount shown on the employee's withholding tax statement was deducted for old-age and survivors insurance. He pointed out that the withholding statement is a receipt for income taxes already paid by the employee.

The amount withheld for old-

age and survivors insurance to January 1, 1936, 10 per cent of the first \$3,000 of his wages. Employment his could not have exceeded for 1949. Effective January 1, 1949, Congress increased the liability still affects only \$3,000 of wages. The bureau of Internal Revenue collects all Federal taxes on those on income tax and survivors insurance. Persons desiring information should contact the office of the Internal Revenue Service. Specific information insurance may be obtained from the Social Security office, 308 Post Office Building, Haskell, Texas.

Funeral Service For Mrs. Thorneberry Held At Rule

Funeral service was held Monday at Rule for Mrs. R. L. Thorneberry, 71, a resident of that city for 48 years and mother of Robert Thorneberry of Haskell. She died Sunday at her home after a long illness.
She was born January 21, 1879, in Arkadelphia, Ark. Her maiden name was Bertha Logan.
Survivors are the husband and two sons, Robert of Haskell and Roy Thorneberry of Long Beach, Calif., and three daughters, Mrs. Frank Boyd, Mrs. Jack Becker, and Mrs. Lige Boyd, all of Rule, and nine grandchildren and five great-grandchildren.
The funeral was held at the Methodist Church in Rule, with the pastor, Rev. L. B. Baker, and Rev. Houston Walker, pastor of the Baptist church, officiating.

CARD OF THANKS
We wish to thank each and everyone who sent flowers, and to those who were so kind and thoughtful in our sorrow after the death of our beloved son. May God's richest blessings be upon you.—Mr. and Mrs. S. F. Turner and family, Mr. and Mrs. Iva Strickland and James. 19p

HERE FOR WEEK-END
Mr. and Mrs. Bill Vireek and daughters Shirley and Dorothy of Austin were week-end visitors in the home of their daughter and sister, Mrs. Wm. J. Kemp and Dr. Kemp.

PLAYTIME FOR MAID

Pretty Elizabeth McGee, 1950 Maid of Cotton, dons a smart cotton play ensemble for her moments of relaxation. Her eye-catching cotton play outfit is designed by Koret of California in Erwin's faded blue denim. She's also wearing denim playshoes. This is one of the cotton fashions in the Cotton Maid's travel wardrobe designed by 30 top American fashionists.

PATCHWORK!

Taking a cue from old-fashioned patchwork quilting, fashion designer Rose Marie Reid whipped up an up-to-the-minute, eye-catching cotton patchwork swim suit.

MAID'S DANCING MOOD

The Maid of Cotton is in a dancing mood. She is full of the bill in her Ted Strydom dress of Swiss Mills' cotton patchwork. This fetching cotton gown is one of the glamorous fashions in the wardrobe of Maid Elizabeth McGee of Spartanburg, S. C., who is making the 1950 cotton fashion and goodwill tour.

MR. AND MRS. C. L. STAMPS PARENTS OF SON

Mr. and Mrs. C. L. Stamps of Klamath Falls, Ore., are announcing the arrival of a son, Claud Leslie, born May 4, 1950 in that city. He weighed five pounds, 13 ounces. Mr. Stamps is the son of Mr. and Mrs. C. L. Stamps, Sr., of Echo, Ore. Mrs. Stamps is the daughter of Mr. and Mrs. Bill Holt of Haskell, and granddaughter of Mrs. J. C. Holt and A. C. Orr of Haskell. Mrs. Bill Holt is in Oregon with her daughter and new grandson.

Cotton farmers in many sections of Texas last year reported savings up to 60 per cent on their chopping and hoeing expenses by using rotary hoes.

McMurry Indian Band To Appear On Television Program Saturday, May 13

The McMurry College Indian Band from Abilene will be the first college band in the entire Southwest to appear on television, according to plans announced this week by Raymond T. Bynum director of the group. The band will present a 30-minute television program over station KRLD-TV in Dallas this coming Saturday, May 13, at 6 p. m. The Indian Band recently played a concert for students at Haskell High School while making a short two-day tour of this area.
In addition to the 6 o'clock television program, the band is also scheduled to play an earlier program at 4 p. m. over station WFAA in Dallas. Although the KRLD program is to be televised, it will also be broadcast over the station's regular schedule.

Mild Weather Of Past Winter To Affect Peach Crop

The mild weather during the past winter is causing Texas peach producers much concern. According to John Hutchison, associate extension horticultural specialist of Texas A. & M. College, there just wasn't enough cold weather to give the trees the needed rest period. Peach trees, he says, must have 750 hours of temperature below 40 degrees F. before February 15 to produce a normal bloom foliage. This will vary widely with varieties.
The lack of cold weather, he points out, will likely cause heavy shedding of the young fruit that is beginning to show up on the trees at this time. The shedding

will result from a lack of foliage on the trees which is necessary to maintain the proper development of the fruit.
All varieties of fruits, he says, are blooming from two to four weeks late. Burbank's Early July Elberta is one of the varieties that is showing the most promise at this time for it has set the heaviest crop of fruit. This would indicate that in the southwestern part of Texas, that maybe future plantings should include this variety.
Hutchison suggests that a spray solution made by mixing two pounds of hydrated lime to 100 gallons of water be used on the trees that have set a fair crop and have some leaf foliage coming out at the present time. It will protect fruit from curculio damage. If the leaves have come out on the trees, he recommends the addition of six pounds of wettable sulphur and three pounds of zinc sulphate to the above mixture.
He believes that orchard owners should give the trees the best of care for the existing conditions may cause heavy tree losses.

Famous Name Revived

A new concept of automotive safety, driving comfort and performance is claimed for the Nash Rambler convertible just announced. In naming its new car Nash Motors revives the famous Rambler name which first appeared on a motor car in 1902. Body lines of the new car flow forward from the gracefully rounded front to the tapered rear end. Equipped with about \$300 worth of custom extras, it is priced below the lowest of the automobile industry's five-passenger convertibles.

Give Food 'Touch Of Spring' Suggests Nutrition Expert

It isn't much trouble, and it will not upset the food budget to add a touch of spring to the menu. A clever homemaker with a dash of imagination and a sharp paring knife can work wonders with crisp radishes, green leaf lettuce, snowy onions and golden carrots, says Louise Mason, extension foods and nutrition specialist of Texas A. & M. College. She says the family will enjoy the added touch of color and the nice crisp vegetables are just good tonic for everyone. Here is her suggestion for giving macaroni and cheese a touch of spring. Stir a couple of chopped green onions into the cheese sauce before folding it into the macaroni. She likes to use the whole onions including the green tops. If only a few spears of fresh, green asparagus are available and you want to share them with the family, the macaroni and cheese casserole makes a good setting for them. She says the cooked spears should be cut into even lengths and folded into the cheese sauce along with the macaroni. The use of a few crisp green pepper rings on top of the casserole is another good way to perk up the macaroni and cheese. The crunchiness of the pepper is a pleasing accent to the smoothness of the main dish, she says. Fresh tomatoes, cut in thick slices and placed on top of the casserole before it is baked, add to the dish. Crisp relishes served with the macaroni and cheese casserole set it off to good advantage. The color of the relishes plus their crunchy texture is just right for the smooth casserole dish, says Miss Mason. Here's something different. Instead of making fancy radish roses, try slicing the radishes in this slice, to within about an eighth of an inch of the underneath side, and then placing them in ice water so they can fan out. Maybe you'd like to try carrot curls for a change. Here is Miss Mason's suggestion for doing the job. Slice the carrots lengthwise and very thin. The

Neice of Haskell People Dies At Blackwell

Funeral services were held at 3 p. m. Friday, May 5th at Blackwell, Texas, for Mrs. Georgia Annis Parrott, 72, who died there Thursday.

Mrs. Parrott was the neice of Mrs. S. E. Cothron and Mrs. M. E. Lancaster of Haskell.

The wife of a pioneer Nolan county physician, Mrs. Parrott was born in Mountain View, Ark., July 7, 1877, and was married there Aug. 18, 1895. They lived in Oklahoma before moving to Blackwell in 1921. Her husband, Dr. F. C. Parrott, is retired.

Survivors include her husband; one brother, Oscar B. Beckham of Kiota, Okla.; and two sisters, Mrs. Dora Campbell of Texarkana and Mrs. Lenora Tubbs of Blackwell.

Relatives from Haskell who attended the funeral services were Mr. and Mrs. Earl Atchison, Mrs. M. E. Lancaster, Mr. and Mrs. Paul Cothron, Miss Mae Cothron and Ray Lancaster.

WEEK-END VISITORS IN KENNEDY HOME

Visitors in the home of J. F. Kennedy and Miss Myrtle Kennedy during the week-end were Mr. and Mrs. Roy Watson and Mr. and Mrs. Frank Williams of Wichita Falls, Mr. and Mrs. Earl Kennedy and Helen of Stephenville, Frank Kennedy of Lawton, Okla., Mr. and Mrs. Hugh Slagle, Mrs. Bill Myers and Jack of Lubbock. The occasion was Mr. Kennedy's birthday and all of his children were present except one daughter, Mrs. J. B. Hunt of Denver City, Texas.

potato peeler is an excellent tool for the slicing job. While the slices are still pliable, roll them up and place the curls immediately in ice water.

To get those crunchy celery sticks, she says, cut the small green stalks to a point at each end and then split them in one-eighth inch strips, cut about half way to the center from each end of the stalk. The strips will spread apart when placed in ice water. Miss Mason says focus deserve a bit from the plentiful supply of spring vegetables now available from the home garden or the grocery store can be used to add color, vitamins, minerals and that touch of spring to the family table.

**Baptist Churches
 In Texas To Give
 Funds To Hospitals**

Members of the 3,000 Baptist churches in Texas will observe Mother's Day Sunday, May 14, by giving charity funds to seven Baptist hospitals in the state. Each year the hospitals sponsor the Mother's Day offering program in Baptist churches. The money is used solely for giving free hospitalization to those who are ill but unable to pay for treatment. Proceeds of the drive will go to Hendrick Memorial hospital, Abilene; Southeast Texas hospital, Beaumont; Baylor, Dallas; Valley hospital, Harlingen; Memorial, Houston; Hillcrest Memorial, Waco and the Southern Baptist Memorial, San Antonio. Sunday School classes, Woman's Missionary Unions, men's Brotherhood groups and church congregations will participate. In 1949 Texas Baptist hospitals treated 69,495 patients. Charity costs among these patients amounted to more than \$410,000. About ten per cent of this amount was paid by the 1949 Mother's Day offering. Needy patients are accepted under this program from all over the state, regardless of denomination. They must be recommended by three officers of a Baptist church. Upon discharge the patient cared for under the Mother's Day plan receives a statement marked "Paid by the Baptist churches of Texas." Directing the observance are the hospital administrators—E. Payne, Dallas; John Dudley, Payne, Dallas; John Dudley, Houston; K. P. Walker, Harlingen; Julian Pace, Waco; W. R. Frye, Beaumont; and Arthur Meede, San Antonio.

Cost of Cotton Production Cut By Rotary Hoe
 Next to harvesting, cotton chopping and hoeing are the greatest man hour consumers in the production of a cotton crop. In central Texas, for example, 22 per cent of the man hours required to produce a cotton crop are spent on chopping and hoeing. According to Fred C. Elliott, extension cotton specialist of Texas A. & M. College, cotton producers can reduce this time consuming operation by using rotary hoes and at the same time increase their income from cotton. He says many farmers last year reported that they made savings up to 60 per cent on these two items through the use of the rotary hoe. Figures taken from Elliott's 1949 annual report show that almost 7,000 cotton producers in 81 Texas counties used the rotary hoe last year. In commenting on the value of this tractor equipment for early weed control, he says one of the most common mistakes made by the tractor operator is that the ground speed of the tractor is too slow. For best results, he says the tractor should be operated in third gear at speeds up to 5 or 6 miles per hour. The picker wheels should be set so they will break the surface crust to a depth of one-half to three-fourths of an inch. This not only breaks up the surface crust but also tears up the soil so that seedling weeds and grass are exposed to the action of the sun and wind before they have a chance to come through the ground or before the root system becomes established. He reports that most farmers slow the tractor because they are afraid that they will cover up the cotton plants or tear up the soil to such an extent as to cause damage to the young plants, however, he says tests have proved that this is not true if the rotary hoe is properly adjusted.

CHIC CHICK

Here is Susie O. Riffle, best-dressed chick in the United States. Wearing a fashionable cotton bag costume that is a copy of a French ensemble of the 1830 era, this chicken was picked as winner in the national Fowl Fashion Contest at Kansas City, Mo., recently. All the birds in the competition were dressed in fashions made of cotton feed bags. Winning designer is Mrs. Micheline Riffle, Shenandoah, Iowa, a French war bride who has been in this country four years. Mrs. Riffle combined French chic and American thriftiness in designing this cotton bag creation to win first prize—a brand new Kaiser car.

VISIT IN PAMPA OVER WEEK-END

Mr. and Mrs. O. W. Tooley were in Pampa last week to visit their daughter, Mr. and Mrs. G. W. Cone. They accompanied their grandson, Stanton, home after a two weeks visit here with them while his mother was recuperating from an operation. She is doing nicely at this time.

Pinkerton Plans Special Service For 70-Year-Old Folks

Plans for the Three-Score-and-Ten Day at Pinkerton are moving forward without a hitch. According to Jack D. Wester, pastor, invitations are being sent out to some forty or fifty people who are nearing or have reached the seventy mark, and the church is making ready for some considerable group of honored guests on May 21, for the Sunday morning service.

The invitation, in fact, is intended for all who hear of the special service and care to join those who are meeting there. No lines are drawn or intended that will exclude any person because of his affiliation with some other church group. The call is for whosoever will come. The invitation is urgent to those who have lived their allotted three-score-and-ten, or have come near it, or have exceeded it. Let no such one doubt his welcome.

The Deers-of-the-World class of young people will direct a sort

of registration, and will otherwise act as receptionists for the visitors. They will see each guest has a rose—red for the men and white for the women, as a token of welcome. They will help also to determine the oldest man present, the oldest woman present, the one who has come the greatest distance to attend, and the one who has present the greatest number of descendants.

The preaching time will be shortened to accommodate the guests, and comfortable seats will be arranged for them. Other arrangements will be thought of to suit the hour to their conveniences. Special music will be arranged and directed by Carl Norman, the church chorister, in keeping with the occasion. The Pinkerton people extend an expression of gratitude to all who help to make this service well-attended and long-remembered.

Cotton Yield In Nation Totals Up As 4th Largest

Last year's cotton crop turned out to be the fourth largest on

record, with a value of 744,000, the Agricultural Department reported Friday in its estimate.

The crop totaled 15.5 bales of 500 pounds gross or 8 per cent above the crop and 43 per cent above the 10-year average of 11.2 bales.

Although larger, the 1943 crop was 4 per cent below the record of \$2,539,000 marked up for the 1940 crop. Lower prices pulled the crop value down. The lint from the crop was valued at \$2,200,000 and the cottonseed at \$330,000.

The average price received by farmers for lint cotton was 11.1 cents, compared with the 1940 average of 30.38c. The average price of cottonseed was \$43.40 a ton, compared with 20 for 1940.

In Texas, weather wasationally favorable in all the state, and production record of 6,040,000 bales—cent of the total crop, crops also were harvested in California and New Mexico.

Production of American-type cotton last year was 4,000 bales.
