Special Venire Is Called For Trial of Statutory Case

A special venire of 100 prospective jurors has been summoned for Monday, Oct. 16th in 39th District Court, for trial of the case of The State of Texas vs. J. W. Garner, charged in a Grand Jury indictment with rape.

Indictment against the defendant Garner, a resident of the Rule section, was returned August 7th this year by a 39th District Court Grand Jury. The indictment specifies that the offense allegedly occurred on or about June 25, 1950. Compelling witness in the case, a girl under the age of 18 years, lives in the Sagerton vicinity.

Prosecution of the case will be directed by District Attorney John H. Banks of this city.

Summons on the special venire are as follows:

R. G. Freby, Hoyt Perry, Luther Harris, W. N. Cole, Glenn Cadell, M. C. Josselet, W. A. Lowe, Cliff Dunnam, J. W. Jones Jr., A. R. Eaton, Theron G. Cahill, Allen Strickland, Sherley Lees, D. S. Gothard, Albert Thane, Frank Campbell, J. J. Dean, R. W. Bischoffhausen, C. G. Hammer, Doyle Baugh, B. B. Gilmore, Richard Darden, S. L. Griffith, Allen Davis, A. D. May, C. N. Taylor, R. J. Rainey, C. V. Oates, C. C. Campbell, Jim Perren, Edd Lewis, Jr., Tom Patterson G. C. Conwell, Jr., C. W. Dunnam.

Homer Livingood, J. A. Mayfield, Bill Reeves, Paul Grinstead, Calvin Frierson, Roy Wiseman, J. C. Halliburton, Jr., Roy Pittman, Robert Segro, Roy Frierson, Clifford Rhoads, Belton Duncan, E. H. Tankersley, Jr., Chas. A. Jackson, John Kimbrough, T. N. Gillespie, Erwin Overton, George Burkett, Leonard Force, Maurice Gannaway, Roy Herrick, R. V. Earles, E. H. Burnett, Herman K. Henry, Glenn Cobb, Joe Kelley, Jr., M. G. Ruetter, Jimmie Anderson, Leon Benson, Eugene Ross, T. L. Thane, J. R. Gaines, H. B. Jenkins.

Ardis Weaver, E. F. Rainey, V. W. Meadors, Jr., Coyt Hix, Nolan Lees, J. W. Lee, Alton Peiser, Floyd McGuire, A. J. Lafoon, Elmore Smith, C. R. Cary, G. C. Bartlett, A. T. Cook, Roy L. Hester, Cody West, Bud Pace, Victor Hobbs, Wilson Bean, H. L. Bosse, Bobby Dulany, J. E. Kuentler, Byron Frazier, Pat Ballard, O. C. Covey, Alvis Bird, Troy Ash, Joe B. Cloud, E. B. Calloway, Burnhelt Gilliland, J. L. Flowers, Jr., H. H. Cowan, H. B. Montgomery, C. W. Jones.

Record Attendance Marks Opening of C. W. T. Fair

James W. Bradley, World War II Air Force veteran, who has been employed in the mechanical department of Burton Chevrolet Company since May of this year, has received orders recalling him to extended active duty for one year in his reserve grade of Master Sergeant, U. S. Air Force.

James W. Bradley Recalled to Active Duty in USAF

James W. Bradley, World War II Air Force veteran, who has been employed in the mechanical department of Burton Chevrolet Company since May of this year, has received orders recalling him to extended active duty for one year in his reserve grade of Master Sergeant, U. S. Air Force.

Mr. Bradley is to report at Brooks Air Force Base, San Antonio, not later than Oct. 26, for processing and assignment.

He is the son of James N. Bradley of Haskell, and entered the armed services in August, 1942, and later was assigned to duty in the Pacific war zone. He was released from active duty January 1, 1950, at Sheppard Air Force Base, Wichita Falls.

VFW Building Is Damaged by Fire Wednesday

Fire which was discovered at 12:30 p. m. Wednesday caused damage estimated at between \$500 and \$750 to the VFW building located just outside the south city limits.

Firemen and apparatus answering the alarm were able to extinguish the blaze, after the flames had eaten through a portion of one wall of the building and between the roof and ceiling. Furniture in the building suffered some damage from smoke and water.

The building was erected only a short time ago by the local post of Veterans of Foreign Wars, Vets. Bobby Adkins, building custodian, said that no one had been around the building Wednesday morning to his knowledge. The fire apparently started outside the building, near a platform at a rear door.

Merchants to Stage October Dollar Day Tuesday

Haskell merchants will stage their monthly Dollar Day Tuesday, Oct. 17th, when a number of stores cooperating in the event will offer outstanding values in a variety of merchandise items for the one day only.

The Monthly Dollar Days, inaugurated last spring, have proven extremely popular with people of the Haskell trade territory who have taken advantage of the opportunity to save on purchases for the home and family.

For the October event, many of the stores are offering reduced prices on timely fall and winter merchandise at a time when markets are advancing in practically all lines.

Stores cooperating in Tuesday's Dollar Day event include Perkins-Timberlake, the Personality Shoppe, Fouts Dry Goods & Variety, Jones Dry Goods, and the Fashion Shoppe.

Heading the procession, which included two college and nine high school bands, was an official State Patrol car, followed by color bearers, Rupert Adams and Scott W. Green, and Miss Margaret Free of Haskell a student at Hardin-Simmons University and rider of one of the famed white horses of H-SU.

The parade featured Lucille Toliver, the blue-eyed Queen of the Fair, whose identity was not revealed until the parade, and who was chosen from a field of nine candidates for the honor.

Miss Toliver is the 18-year-old daughter of Mr. and Mrs. J. L. Toliver of Weinert and is office secretary in the George Burkett real estate agency. Her duchesses were Jennella Couch of the Free Press and Jackie Tompkins of Perry Bros. Store.

The five-foot, six-inch Queen and her duchesses rode in an official car just behind the color bearers at the head of the parade.

The 61-piece Haskell Indian band, with Billy Adkins as drum major, was cheered by onlookers. Immediately behind was the school pep squad colorfully attired in gold garb and black beanie.

Other bands represented included the picturesque Hardin-Simmons Cowboy band, the Abilene Christian college band, the blue uniformed Stamford High Band, the Hamlin Pied Pipers, the Anson band, and impressive organizations from Rochester, Throckmorton, and Albany.

Sheriff Will Watson and Fair President E. R. Lowe also rode in the parade which was further composed of gaily colored floats, pep squads, clowns, farm equipment and horsemen.

Parade winners included the Anson band in Class A with Stamford and Albany second and third, and Rule in Class B with Knox City second. The Friendship Home Demonstration float was awarded first prize with the Veterans Wives and New Mid Club floats second and third respectively.

In the miscellaneous floats class, the FFA Homemakers was first followed in order by the Progressive Study Club and the Blue Birds. The Ivy Insurance Company took first place in Merchants' floats followed in order by the Lane Felker Dress Shop and Piggly-Wigly Stores.

The Stamford group won first in Class A pep squads followed by Hamlin and Albany. Leon O'Neal of Gainsville was prize winning clown with John Duncan and George Burkett of Haskell runners-up.

Farmers Send Plea for Relief Labor Jam to Washington

County cotton farmers, some of whom are becoming increasingly handicapped by the rapidly opening season amended Federal regulations prohibiting the employment of migratory help, have carried their problem to the national level.

They point out that they are still in the same position from year to year.

They point out that they are still in the same position from year to year.

They point out that they are still in the same position from year to year.

Oil Progress Week To Be Observed Oct. 15-21

Development of the petroleum industry in the United States will be stressed during the coming Oil Progress Week, in Haskell, several programs are being planned in connection with the nationwide observance, according to Thos. B. Roberson, local chairman and Haskell distributor for a major oil company. Other local oil products distributors cooperating include J. E. Walling, Jr., Fred Gilliam, John Kimbrough, Paul Kuentler and B. T. Gordon.

At the Tuesday meeting of the Lions Club, an oil industry film, "24 Hours of Progress" will be shown. Roberson has announced. The film will also be shown at 1:45 p. m. to the Science and Safety Classes in Haskell High School, along with a film on safety titled "Then There Were Four."

Tuesday night, Oct. 17 the film will be shown to Vocational Classes of county schools in the High School auditorium, and the public is also invited to see the production. At the night showing another film of "Mobil Gas Grand Canyon Economy Run" will be shown, Roberson said.

Oscie Renfrow, Jr., New District License Examiner Here

Oscie Renfrow, Jr., has been assigned to the Haskell district as Drivers License Examiner for the State Department of Public Safety, and has assumed his duties in the Haskell office.

A native of Corsicana, Mr. Renfrow has been in Lubbock for the past 18 months with the License Division in the district office there.

He will make his home in Haskell, and has secured an apartment at 1008 North Ave. E.

He will be in the Haskell office on the 2nd and 4th Tuesday in each month, and Saturday of each week to issue driver's license.

In addition to Haskell, Mr. Renfrow's schedule includes Stamford, Spur, Throckmorton, Knox City, Hamlin, Anson, Munday and Aspermont.

HHS Indians Take Breather This Week

The Haskell Indians, with 1,000 per cent rating in District 9-A by virtue of their win over Stamford last week, take a breather with an open date on their schedule. Friday, next game will be against Big Spring here Friday night, Oct. 20.

Elsewhere in 9-A. Friday night's most important tilt sees Stamford playing at Albany. The Anson Tigers meet Throckmorton on the Greyhound field, and Munday Moguls are billed in a non-conference tilt with Valley View with the game scheduled tonight.

New Tests and Two Offset Locations Staked In County

Oil exploration continued active in Haskell county this week, with two new wildcats announced, and two offset locations made.

North American Oil, Consolidated, has staked No. 1 L. W. Jones 1,650 feet from north lines of League 70, Coryell County School Land survey, five miles northwest of Rule.

The wildcat, contracted to 6,200 feet, is two miles northwest of Pan American Production Co. No. 1 C. A. Jackson, Bend conglomerate discovery, completed to pump 47 barrels of 39 gravity oily daily with top pay at 5,850 feet and total depth of 6,071 feet.

Continental Oil Company has staked location for a wildcat test five miles northwest of Weinert, with drilling to be completed at an early date.

It is the Willie Z. Bettis, 330 feet from the south and east lines of section 1922, Block 45, H&TC Survey. Permit depth is 6,100 feet.

Eight miles southwest of Weinert, Humble Oil & Refining Co. has completed the No. 2 Everett Berryhill, an offset to production in the Weinert field.

On a potential test that well gauged 17.54 barrels of 38.2 gravity oil and 2 per cent water in 24 hours on the pump. Production was from the open hole at 4,602-88 feet. The well was treated with 6,000 gallons of acid.

Location of that producer is 1,322 feet from the north and 1,980 feet from the west lines of J. Korus Survey.

Rochester Oil Co. has located the No. 3 Pat Ballard as an offset to production two miles southeast of Rochester. That 5,000 foot rotary project will be 530 feet from the north and 610 feet from the west lines of Block 28, Red River CSL Survey.

In the Juliana field six miles west of O'Brien, Texas Pacific Coal and Oil Co. has located the No. 4 Juliana McGregor as an offset 505 feet from the north and 2,155 feet from the east lines of Section 46, G. G. Alford Survey. Permit depth is 5,000 feet with rotary.

Final Rites Held Wednesday For Mrs. Miller

Funeral services were held at the First Christian Church in this city Wednesday at 3 p. m. for Mrs. Willie Blyth Miller, 65, who died at 1:10 a. m. Tuesday in the Haskell county hospital after an illness of about two weeks.

The pastor, Rev. Francis Nickerson, officiated for the rites, and interment was in Willow Cemetery under the direction of Holden Funeral Home. Mrs. Miller had been a member of the First Christian Church since 1918.

Born February 10, 1885, in Bell County, Texas, she was the daughter of Mr. and Mrs. Charlie Johnson. Following her marriage to Robert Owen Miller of Valley Mills, Texas, they lived in that section until moving to Haskell some 40 years ago.

Immediate survivors include three sons, Felix, Robert O., and John B. Miller; two daughters, Mrs. Louise Faulkner and Billye Mae Miller, all of Haskell; and a sister, Mrs. Bertie Dunlap, of Haskell. Sixteen grandchildren also survive.

Pallbearers were Bert Orr, Trav Solomon, George Yancy, Bill Boutwell, Bill Pogue, Bill Wilson.

Firemen Called Out On Grass Fires Over Week-End

Firemen were called out to extinguish two grass fires during the week-end, when it was feared that the fire might spread to nearby property. Friday afternoon they were called to the 600 block on South Ave. G when a grass fire got out of control, and Saturday morning made a run to the 1100 block on North Ave. D to confine another spreading blaze.

Firemen answered a call Monday at noon to the northeast section of town, when a grass fire threatened to spread. The blaze was quickly extinguished with no property loss resulting.

Citizens are urged to call the fire department immediately when a grass fire threatens to spread or cause property damage. If assistance is desired in burning rubbish or grass, a call to the fire department will bring equipment and a fireman to supervise the task without charge. Fire Chief Ray Lusk has announced.

Indians Defeat Stamford 20-19 To Maintain Perfect Record

The Haskell Indians maintained their undefeated record Friday night when they defeated the formidable Stamford Bulldogs, traditionally toughest assignment on the Indians conference schedule. The score—20 to 19—tells the story of the game, a classic thrills-a-minute contest which saw two of the area's strongest Class A football squads turn in 48 gruelling minutes of play that kept 4,000 spectators and partisans on edge for more than two hours.

For Indian supporters, the 1-point win spelled out victory as definitely and as surely as the Indians conference schedule. The score—20 to 19—tells the story of the game, a classic thrills-a-minute contest which saw two of the area's strongest Class A football squads turn in 48 gruelling minutes of play that kept 4,000 spectators and partisans on edge for more than two hours.

Stamford opened the scoring midway of the first period when Stearns plowed over the eight yard line to end a drive beginning on the Bulldog 10 yard line when Haskell tumbled.

The second quarter was scoreless with Stamford driving to the Haskell 11 yard line when Royce Mullins flashed through the Bulldog back Edward Ammons, who did not play a down, but booted the two extra points in conversion tries. Most spectacular play of the game came right at the half, when Indian guard Royce Mullins, broke through the Bulldog line on the Haskell 11, stole the ball from Lowe as Bulldog quarterback T. Alexander was handing it off, and ran to the Stamford 29 before he was hauled down. The half ended almost with the tackle. In the game's ground attack, Indian back Billy Davis carried the ball 170 yards on his own score, plus a touchdown.

Attending Synod of Presbyterians In Brownsville

Dr. and Mrs. R. K. McCall and Mrs. McCall's mother, Mrs. G. L. Donnell, and Mr. and Mrs. Reynolds Wilson left Monday for Brownsville, Texas, where they will attend the Synod of Texas, Presbyterian Church of the United States. The assemblage convened Tuesday and will continue through Thursday. Dr. McCall is pastor of the First Presbyterian Church here, and Mr. Wilson is attending the Synod as Elder Representative of the Haskell church.

Decorating Material Ordered By Firemen Fails to Arrive

Due to the inability of manufacturers to make delivery of additional material ordered several weeks ago, the Haskell Fire Department exhausted its supplies of Fair decorating material and was unable to fill all requests from business concerns, Chief Ray Lusk said today.

The department had been assured that the new material ordered would arrive well in advance of Fair Week, Lusk said, and the firemen anticipated using the new decorations in outlining their schedule of decorations in the business section, he explained.

Children Under 14 Admitted Free to Fairgrounds

Officials of the CWTF Fair announced that children under the age of 14 would be admitted free to the fair grounds each day and night of the exposition, which closes Saturday. The kiddies will be the guests of Fair directors insofar as admission is concerned.

The 50-cent adult admission ticket will be honored at all times on the day it is issued. Fair officials also announced, for as many times as the visitor desires to visit the grounds on the day the ticket is purchased.

The largest and by far the most colorful parade ever staged in Haskell, was reeled off Tuesday at noon before an estimated 8,000 visitors and spectators to officially open the 22nd Central West Texas Fair. A section of the parade, the prize winning float of the Ivy Insurance Agency in the commercial division in the central foreground, is shown moving off Avenue D to circle the square.

Fire Chief Urges Nine-Point Check Of Fire Hazards

Employees who try to save a few seconds by ignoring fire safety precautions may lose their jobs—or their lives.

That is the warning of Fire Chief Ray Lusk, who points out that entire industries upon which many people depended for a livelihood have been destroyed by such carelessness as a worker tossing away a still-burning cigarette butt, rather than taking a few seconds to crush it out.

In connection with Fire Prevention Week being observed Oct. 8-14, Chief Lusk urged local workers to give themselves this nine-point safety test, based on many years of study by the National Board of Fire Underwriters:

1. Do I realize that every cigarette is out before disposing of it?
2. Do I realize that "No Smoking" signs are put up for a purpose—and observe them?
3. Am I careful not to toss matches into waste baskets?
4. Do I let experienced electricians do any wiring needed for my job realizing that I am not an expert myself?
5. Am I careful not to allow discarded paper, litter, or anything combustible to collect in the area where I work?
6. Do I keep in mind the constant danger that oily rags can catch fire all by themselves—particularly if left in a closet or other closed, hot space?
7. Do I use only safe nonflammable liquids for cleaning?
8. Do I report any fire hazards—such as worn-out extension cords or collections of rubbish—to someone who can do something about correcting the hazard?
9. Do I know how to summon the fire department—and get out of the building in which I work?

News that is vital to you can be found in the want ads.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—Oct. 9, 1900

The American Red Cross distributed a carload of seed wheat to Haskell county farmers this week as a part of the drought relief program recently authorized for a wide area of West Texas. County Agent Joe C. Williams supervised the distribution.

Mrs. Fred Owens of Wichita Falls spent the week-end here with her parents, Mr. and Mrs. C.C. Maples.

Thirty-three young ladies, representing the many towns and communities in this section, will take part in the elaborate coronation ceremony on the first night of the Haskell County Fair, Oct. 16. At that time Miss Elizabeth Steele of Rule was crowned Queen of the seventh annual County Fair.

County Judge Joe A. Jones has been transacting business in Ft. Worth this week.

Miss Ruby Martin, who is connected with the Haskell Telephone Company, has returned from Lubbock, where she has been doing special work in the district office for several weeks.

R.L. Burton of Isbell-Burton Motor Company has announced that one of the new model American Austin automobiles will be on display in their showrooms during the Fair, and also will be driven in the parade on opening day. This will be the first display of the Austin in this section.

One of the most welcome downpours of the year fell generally over this section last week, providing seasonable moisture for grain, crops and ranges. A total of 4.95 inches was registered here.

40 Years Ago—Oct. 8, 1910

Several prominent farmers of Knox county had business in county court here Monday. As a net result it cost them a little over forty dollars apiece for the privilege of fishing without permission in the posted pastures on a ranch east of Haskell recently.

Mr. and Mrs. W. F. Draper have returned from a visit with their daughter, Mrs. Barron, in Center, Texas.

Lee Gillespie of Denton was a visitor this week to his relatives the Hancock family of this city.

Mrs. S.W. Scott and son Archie left Tuesday for Kansas City to visit Mrs. L.L. Morrison of that city, who is a sister of Mrs. Scott.

R.E. Sherrill made an interesting talk on "Old Time Schools" to the student body of the high school in the auditorium Monday morning.

In a shooting affray which occurred in Throckmorton Sunday, Sheriff J.G. Spurlock was believed fatally wounded and is at the point of death, and another Throckmorton man was seriously wounded. The officer is reported to have attempted to arrest the second man involved preceding the shooting.

A new schedule of passenger service on the Wichita Valley railroad has been announced as follows: East bound train No. 2 due in Haskell at 7:50 a.m.; East bound train No. 6, due at 10 p.m.; West bound train No. 5 due at 5:17 a.m.

The members of the Magazine Club held their opening meeting of the new club year in the library room Oct. 1. The following new officers were installed: President, Mrs. Henry Alexander; first vice president, Mrs. S.R. Rike; second vice president, Mrs. S.W. Scott; recording secretary, Mrs. C.D. Long; corresponding secretary Mrs. J.F. Posey; auditor, Mrs. A.W. McGregor.

Jim McKelvain and son John McKelvain who have been absent several months, have returned to Haskell.

50 Years Ago—Oct. 6, 1900

We heard an official of the Haskell National Bank say the other day that many farmers who have never before kept an account with the bank are coming in and opening accounts, which is a further indication of the increasing prosperity of this section.

The Fisher county district court term is over, and Judge Sanders is taking a rest at home this week. He tells of a breach of promise case tried in his court at Roby last week in which the plaintiff was 69 years old and the defendant was a man of 80 years. The jury gave a verdict for \$2300 damages as a salve to the lady's blighted affections.

Several Knox county farmers from near Munday and Goree sold cotton and bought supplies in Haskell this week.

Health Department Stresses Need of Vital Statistics

It is the statutory duty of the Texas State Department of Health, through its Bureau of Vital Statistics, to provide for the registration of the births and deaths occurring in Texas.

On the statistics made from the vital records much of the planning for the welfare of the people of Texas is done. The number of birth credited to the county or city of the residence of the mother can be used in planning hospitals and medical care. The medical certification of the birth record furnishes the Division of Maternal and Child Health, with a list of children who may need additional care, because of prematurity, congenital malformations or birth injuries. The birth certificates are used in establishing dependency benefits for veterans or members of the armed forces and are also used in proving relationship in settlement of insurance claims and inheritance matters.

The statistics made from causes of death as gathered from medical certifications on death records are used in the prevention of disease, for control of epidemics, and immunization programs for children of pre-school and school ages. Leading causes of death statistics furnish data for study and research which will lengthen life expectancy and improve health during the expected time.

Mortality statistics and the expected length of life are considered when determining insurance rates.

A rise in the number of deaths from diseases bred of filth can institute immediate action by the Bureau of Sanitary Engineers. Nutritional diseases can indicate a needed improvement in diet, and school lunch programs can help guard the health of Texas' school children.

Some of the young folks have been enjoying moonlight boat rides on the big lake just north of town, which was filled by recent rains.

Refus Bedford of Benjamin, manager of the 999 Ranch in Knox county, was here on business Wednesday.

Lee Pierson left this morning to take in the Dallas Fair.

Several Stonehill county farmers sold their cotton in Haskell this week and bought supplies of our merchants.

Walter Cousin has taken a position in the Terrell Drug Store.

Mr. and Mrs. A.C. Foster went to Dallas Tuesday to visit the big Fair.

Our Job department turned out some wedding invitations yesterday. Now guess.

Mrs. Burwell Cox returned home last Sunday from a visit with relatives in Arkansas.

Mrs. John Covington and Mrs. Fletcher Newsom of Fannin county, daughters of J.N. Avary of this place, arrived here Thursday. We are informed that their husbands are on the way out with their cattle, etc., and will settle in Haskell county.

Callahan, Jones and Mitchell counties, in the order named, took first, second and third place prizes on their agricultural exhibits at the Abilene Fair.

United Nations Flag Program Enlists Numerous Civic Organizations' Support

Thousands of modern Betsy Rosses are taking their needles in hand and making United Nations flags in preparation for celebrating United Nations Day on Oct. 24.

The goal of this flag-making program is to have a United Nations flag displayed alongside the Stars and Stripes in every rural and city community in the United States on October 24.

Mrs. Franklin D. Roosevelt is chairman of a National Citizens Committee which is sponsoring the program, and many city, farm, church, educational, patriotic, labor and other organizations are represented on the committee, giving a true representation of the citizens of the United States.

The Cooperative Extension Service of the U. S. Department of agriculture has been given the responsibility of leading the program. Miss Thelma Wirges, County H. D. Agent, reports that plans for the celebration on October 24 are taking shape throughout the state.

Miss Wirges will give a training meeting Tuesday, Oct. 17, at 10 a. m. in her office for leaders wishing to make the flag.

For 50 cents each, kits containing patterns and directions for making the flags can be purchased from the National Committee on Boys and Girls Club Work, 59 East Van Buren Street, Chicago 5, Illinois.

One flag pattern kit was sent to each home demonstration agent in Texas in order that she might hold a demonstration for training leaders in making the United Nations flag. The first flag made in the United Nations flag has a deep blue field with a white outline of the world within a laurel wreath in the center. Miss Hearn says that any standard type of cloth may be used in making the flag, and the shade of blue does not have to be matched too closely. Patterns in the kits are designed for making flags three by five feet in size.

Miss Wirges says that the purpose of the program is to emphasize the hope for peace for which the United Nations flag stands and to make the people in every community familiar with the flag. Work on the flag-making project is progressing rapidly on the county level.

Organizations that have volunteered their help in preparing the program include colleges, public schools, 4-H clubs, farm organizations, parent teachers associations, veterans organizations, business organizations, chambers of commerce, scouts, women's clubs, the Daughters of the American Republic, labor camps, and many others.

Two Haskell Men On Flagship Incheon Landing

Two Haskell men, John H. Withers, quartermaster, first class USN, nephew of Mrs. Joe F. Ragsdale of Rt. 3, and J. L. Bouldin, seaman apprentice, USN, were with General Douglas MacArthur aboard the flagship of the Attack Force Commander, which took part in the amphibious attack on the Incheon-Seoul area of Korea by the United Nations Forces.

While the island and the city of Incheon were under bombardment by Navy warships and rocket-firing planes, assault boats from the flagship were in the water carrying out the landing of U. S. troops on the fog and smoke covered beaches.

Birthstone Rings Gaining Favor With Many

The wearing of birthstones is a pleasant modern custom in a somewhat prosaic world. A colorful gem stone in a fine gold ring lends a touch of elegance to a man's hand and adds to the beauty of a lady's lovely hand. But how many know the origin of birthstone rings? According to the Jewelry Industry Council, the original theory of birthstone rings is that each month had its accredited gem and those born in that month would acquire special benefits of that gem if they wore it.

The gem for January is the Garnet for Constancy; February, the Amethyst for Sincerity; March is the Aquamarine or Bloodstone for Courage; April is the Diamond, signifying Innocence; May is represented by the Emerald denoting Love and Success, and June has the Pearl or Moonstone for Health and Longevity.

July's gem is the Ruby for Contentment; August has the Peridot or Sardonix for Married Happiness; September, the Sapphire for Clear Thinking; October, the Opal or Tourmaline for Hope; November, the Topaz for Fidelity, and December, the Turquoise, Zircon or Lapis-Lazuli for Prosperity.

Good landscaping does three things: improves the convenience, the comfort and the beauty of the home grounds. Thorough planning is a must in every good landscaping job.

Rochester News

Mr. and Mrs. Ray Fields of Austin spent the week-end in Rochester with his mother, Mrs. Sallie Fields.

Rochester schools were dismissed Tuesday to permit students and the High School band and pep squad to attend and take part in the Fair parade at Haskell.

J. W. Cobb and family, who have been living in Sweetwater for some time, have moved back to Rochester to make their home.

Mrs. Will Bittick is visiting relatives on the Plains this week.

Estis Brown and family of Llano visited relatives in Rochester this week.

Mrs. Sallie Fields was advised last week of the death of a cousin, Egbert Chapman, who was found dead in bed at his home in West Coast, Calif.

Russell Mitchell and J. W. Cobb were business visitors in Sweetwater Monday.

Mr. and Mrs. Ben Williams visited points in East Texas last week.

Mr. and Mrs. Bill Carothers visited relatives in Haskell Sunday.

Mr. and Mrs. Jimmie McMiken and little daughter were brought home from the Knox City hospital last Friday.

Bureau of Health Offers New Service

A new service has been established within the Bureau of Sanitary Engineering at the State Department of Health to handle the thousands of radiation hazards an atomic bomb burst would bring. State Health Officer Geo. W. Cox has disclosed.

It will perform six vital functions, all dealing with finding and decontaminating dangerous radioactive areas. Dr. Cox said. He listed these functions as:

- 1.-Pre-disaster training program. Men and women will have to be trained in the use and detection instruments. Of course the training program will have to be started immediately, so they will be ready to handle their jobs if and when an atomic-bomb is dropped anywhere in Texas.
- 2.-Detection device distribution. Those men and women will naturally need instruments to detect. Of contact radioactivity and to protect themselves. Getting such items as geiger counters, ionization chambers, pocket chambers, and film badge—all radioactivity instruments—will do the job.

ATTENDING CONVENTION IN COLUMBUS, OHIO

County Superintendent Mrs. Iva Palmer is in Columbus, Ohio, this week, where she is attending a national convention of educators.

Premium List For Ft. Worth Fat Stock Show Increased

Livestock awards offered by the 1951 Southwestern Exposition and Fat Stock Show in Fort Worth are \$96,058, the largest in the 55 years history of the southwest's oldest and greatest stock show.

This is almost \$10,000 more than the premiums offered by the 1950 exposition.

Dates of the show are Jan. 26 through Feb. 4, with a colorful western parade through the business district on the opening day afternoon and then the first rodeo and horse show performance that night in the magnificent Wil Rogers Memorial Coliseum, with afternoon performance each day thereafter.

A substantial part of the increase in premiums is represented by the \$6,000 offered in the car load and pen division of bulls. This division last year was highly successful both from the standpoint of the number and quality of animals displayed and in the purchase of commercial livestock raisers desiring herd sires.

In fact so successful was the bull division that construction now in progress will increase the space by approximately 100 per cent. Shorthorns are being added for 1951. Last year the carload and pen division was confined to Herefords (including Polled) and Aberdeen-Angus.

Another impressive increase in premiums is in the swine division where awards offered amount to \$10,070.

Horse Show premiums total \$24,325.

Quality Birds First Choice of Consumer, Turkey Producers Are Told

Consumers prefer turkeys that are well fleshed, well finished, free of pinfeathers, free of blemishes, and that have a high degree of meat in relation to the amount of bone, says D. R. Barrett, assistant poultry marketing specialist for the Texas A. M. College Extension Service. He adds that size is also an important consumer consideration.

When the consumer has a choice there is likely to be a greater demand for turkeys of highest quality. Well fleshed turkeys with good body conformation will have broad breasts that are well covered with meat. The thighs will be large and the drumsticks will be bulging and the back will be fairly well fleshed.

Barrett says that some fat over the entire carcass is desirable. A layer of fat over the ribs indicates that the carcass is well finished, since this area is the last to lay on fat. Mature turkeys normally have more finish than younger, less mature turkeys.

He states that well fleshed and well finished turkeys should be free of pinfeathers. Pins may be protruding or non-protruding and are not allowed in any of the ready-to-cook quality grades.

Many turkeys are reduced in quality because of blemishes received during handling and processing, Barrett points out. Such things as skin and flesh bruises are considered and will lower the value of the carcass. A flesh bruise is more serious than a skin bruise, and it may be distinguished from a skin bruise by moving the skin from front side to side. A skin bruise will move with the skin while a flesh bruise will remain stationary.

Barrett says that turkeys that are well fleshed with good body conformation assure the consumers that they are getting a high percentage of meat in relation to the amount of bone. And a good body conformation means that each part of the bird, such as the breast and their thighs, is the right size in relation to the other parts of the carcass.

New merchandising practices are now being used in many sections of the nation to overcome the size problem in turkeys. Barrett says turkey is now offered to the consumer as disjointed or canned;

as quarters or halves and as boneless steaks.

Barrett says the turkey producer should keep in mind the type of bird that is preferred by the consumer and should strive to market a bird that will meet their demands.

Booklet Points Out Fire Hazards In Average Home

There is one chance in a hundred that there will be a fire in your home this year.

That is the warning given by the National Board of Fire Underwriters, which has just issued a new booklet that takes home owners on a tour of their homes, in search of fire hazards.

Issued to help Americans cut down their yearly total of 400,000 home fires, the booklet is titled "The Fire Safe Home." It supersedes another booklet of the same title, more than 2,000,000 copies of which were distributed.

"It doesn't take a detective to discover a fire hazard," the new booklet points out, and then reviews the hazards to be found in each room of the home. In each case, advice is given on methods of removing the hazard.

Copies may be obtained free from the National Board of Fire Underwriters, 85 John Street, New York City.

VISITS GRANDPARENTS

BE THRIFTY IN '50 COOK ELECTRICALLY... it's ECONOMICAL
Cool, Clean, Fast and Automatic

A few of the reasons why Women prefer ELECTRIC COOKING

- It's Fast! Electric "speed-units" now cook faster than any other method!
- It's Automatic! Electric cooking's automatic features save you time, labor, and money!
- It's Cool! Electric ovens are insulated on 4 sides. Heat goes into food, not into the kitchen.
- It's Safe! No matches, no flame, no fumes to bring hazards into your kitchen!
- It's Clean! There is no smoke, soot, or dangerous fumes to mar your kitchen.
- It's Modern! Once you cook electrically, you'll wonder why you stayed so long with horse-and-buggy methods or old-fashioned gas flame lamps.
- It's Healthful! Foods cooked electrically retain the garden-fresh flavor and full vitamins which are often lost when cooked by old-fashioned flame methods.

THE ECONOMY of the new electric ranges will appeal to woman who watches her pennies. It's a real money-saver. Heavy insulation on all six sides of the oven keeps the heat in so you use only the heat needed without waste. So units, too, save by cooking faster; by putting heat directly into utensils and food, allowing no waste heat to surround the pots and pans to heat up the kitchen.

Electric cooking requires less water; foods cook in juices retaining the garden-fresh flavor and food value often lost in flame type cooking. The moist heat of an electric range reduces meat shrinkage to a minimum. (With meat prices that's a most important saving.) Even the cuts come out tender and juicy!

Don't overlook the penny-saving deep well cooking. Cook entire meals, soups, pot roasts and vegetables on little electricity. Clean and fast (just like electric lights—just as economical), an electric range will save you work, and money.

Some day you will cook ELECTRICAL
Why not NOW?

SEE YOUR ELECTRIC RANGE DEALER NOW

He will tell you more about the wonderful electric ranges... how easy, convenient, and economical they are. He'll also tell you of many, many other modern electric appliances that make your work easier, your home more comfortable, and your family happier.

It's the best!
West Texas Utilities Company
All freedoms stand or fall together. That's why we take our stand together with the doctors of America for the voluntary system. At home or abroad, it's worth defending.

NOTICE TO ALL OWNING OR CLAIMING ANY PROPERTY ABUTTING UPON THE HEREIN-AFTER MENTIONED PORTIONS OF CERTAIN ALLEYS IN THE CITY OF HASKELL, TEXAS, AND TO ALL OWNING OR CLAIMING ANY INTEREST IN ANY SUCH PROPERTY: The Governing Body, the City Council, of the City of Haskell, Texas, has ordered that certain portions of certain alleys in the City of Haskell, Texas, be improved by raising, grading and filling same and installing concrete curbs where adequate curbs are not now installed on proper grade and line, and by paving with a triple penetration asphalt surface on an eight (8) inch compacted caliche base course, together with incidentals and appurtenances, all in accordance with the Plans and Specifications and Contract Documents titled "SPECIFICATIONS AND CONTRACT DOCUMENTS FOR ALLEY IMPROVEMENTS CITY OF HASKELL, TEXAS, 1950," which said Plans and Specifications and Contract Documents are on file with the City of Haskell, Texas; and contract has been made and entered into with Strain & Brown, Inc., a corporation with its principal office and place of business in San Angelo, Texas, for the making and construction of such improvements. Estimates of the cost of such

improvements for each portion of said alleys have been prepared and approved. The portions of said alleys so to be improved, together with the estimated cost of the improvements for each such portion of said alleys and the amount or amounts per front foot proposed to be assessed against the abutting property and owners thereof, on each such portion of said alleys, are as follows: ON ALLEY BETWEEN AVENUE E AND AVENUE F, from the south property line of the South alley in Block No. 28, Original Townsite, North to the South curb line of North Second Street, SAVE AND EXCEPT its intersections with South First Street and North First Street, and SAVE AND EXCEPT its intersection with the east-west alley in Block No. 24, Original Townsite, known and designated as Unit No. A-1; the estimated cost of the improvements is \$4091.01; the estimated amount per front foot to be assessed against abutting property and the owners thereof for the improvements is \$2.3329. ON ALLEY BETWEEN AVENUE C AND AVENUE D, from the south property line of the east-west alley in Block No. 12, Original Townsite, North to the south curb line of North Second Street, SAVE AND EXCEPT its intersections with South First Street and North First Street, and SAVE AND EXCEPT its intersection with the east-west alley in Block No. 10, Original Townsite, known and designated as Unit No. A-2; the estimated cost of the improvements is \$4091.01; the estimated amount per front foot to be assessed against abutting property and the owners thereof for the improvements is \$2.3329. ON ALLEY BETWEEN NORTH FIRST STREET AND NORTH SECOND STREET, from the east property line of Avenue F to the West curb line of Avenue C, SAVE AND EXCEPT its intersections with Avenue E and Avenue D, known and designated as Unit No. A-3; the estimated cost of the improvements is \$4,977.60; the estimated amount per front foot to be assessed against abutting property and the owners thereof for the improvements is \$2.3329. ON THE ALLEY BETWEEN SOUTH FIRST STREET AND

SOUTH SECOND STREET, from the east property line of the North-south alley in Block No. 28, Original Townsite, to the west property line of the North-south alley in Block No. 12, Original Townsite, SAVE AND EXCEPT its intersections with Avenue D and Avenue E, known and designated as Unit No. A-4; the estimated cost of the improvements is \$3,403.74; the estimated amount per front foot to be assessed against abutting property and the owners thereof for the improvements is \$2.3329. A hearing will be given and held by and before the Governing Body of the City of Haskell, Texas, on the 13th day of October, A. D., 1950, at 2:30 o'clock, p. m., in the Council Room of the City Hall in the City of Haskell, Texas, to all owning or claiming any property abutting upon said portions of said alleys and to all owning or claiming any interests in any such property. At said time and place, all owning or claiming any such abutting property, or any interest therein, shall be and appear and will be fully heard concerning

said improvements, the cost thereof, the amounts to be assessed therefor, the benefits to the respective parcels of abutting property by means of the improvements on the portions of said alleys upon which the property abuts, and concerning the regularity, validity and sufficiency of the contract for and all proceedings relating to such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the City and under the proceedings of the City with reference to said matters. Following such hearing, assessments will be levied against abutting property and the owners thereof, and such assessments, when levied, shall be a personal liability of the owner of such property, and a first and prior lien upon the property as provided by the law in force in the City and under which the proceedings are taken, being the Act passed at the First Called Session of the Fortieth Legislature of the State of Texas, known as Chapter 106 of the Acts of said Session and now shown as Article 1105B of Vernon's Texas Civil Statutes. The improvements on each said portion of said alleys constitute an entirely separate and distinct unit of improvement, all to the same extent as if entirely separate and distinct proceedings had been taken with reference to the improvements and assessments therefor in connection with improvements on each such portion of said alleys and the assessments against the property abutting upon any unit shall be and are in nowise affected by any fact or circumstance relating to or connected with the improvements in other units. Of all said matters and things, all owning or claiming any such property or any interest therein, as well as all others in anywise interested or affected, will take notice. DONE by order of the City Council of the City of Haskell, Texas, this 26th day of September, A. D., 1950. T. J. Arbuckle, City Secretary, City of Haskell, Texas. 39-41c

Dr. William O. Beazley Addresses Progressive Study Club

Dr. William O. Beazley, professor and assistant to the president of Hardin-Simmons University, presented the first in a series of six lecture programs to the Progressive Study Club at the regular meeting Thursday, Oct. 5, 1950.

son, Eugene Frierson, Parish Heath, Bob Herren, Bill Kemp, Paul Lake, R. A. Lane, Bill Lawson, Gladstone McLennan, F. W. Martin, Brooks Middleton, Jack Ruten, Joe Tyson, Lynn Waldrip, Joe Harper, W. P. McCollum, Jane Holt and Thelma Wirges.

"Modern Ways in Child Discipline" was the first topic discussed by Dr. Beazley. He emphasized the fact that love and understanding are the two things most needed by all children. When one understands why a child acts in a certain manner or what makes him do certain things, he can more wisely handle the problem. The lecture was very informative as well as entertaining for Dr. Beazley's witticisms, colorful and informal manner of presenting his material added much to the enjoyment of the program.

Mrs. Carrol Bledsoe was the director of the program and presented Dr. Beazley to the group. A brief business session was presided over by Mrs. R. W. Herren during which Mrs. John Banks was elected into active membership of the club.

Following the program Mrs. Bill Holden and Mrs. Jim Byrd served refreshments to Mmes. Royce Adams, Carrol Bledsoe, Austin Coburn, W. V. Felker, Jim Fergu-

Friendship H-D Club Has All-Day Session

Members of the Friendship Home Demonstration Club held an all day meeting Tuesday, Oct. 3 in the home of Mrs. Leon Newton to make skirts to be used on the float at the Central West Texas Fair.

Each member brought a covered dish and Mrs. Otto Vaughn gave a demonstration on "hush puppies" and Mrs. Dewayne Vaughn gave a demonstration using the Master Mix. Both were served along with lunch at noon.

Those present were: Mmes. Ted Jetton, Frank Garrett, Claud Young, Rob Edwards, Dewayne Vaughn, Otto Vaughn and the hostess, Mrs. Leon Newton.

Homes and Garden Pilgrimage Sunday Rated As Outstanding Success

Favorable fall weather, cooperation of club members and friends combined to make the Homes and Garden Pilgrimage sponsored Sunday by the Magazine Club, a decided success.

First of its kind to be held in Haskell, the event attracted widespread interest of home-lovers, with many visitors coming from out-of-town to make the tour, which began at 2 p. m. and ended at 6 p. m.

The homes and gardens visited were a rare treat to homemakers. The homes were beautiful in the many attractive arrangements. Much credit is given the J. G. Vaughners in the remodeling and redecorating of their lovely spacious house.

The gardens did their best to present an appealing remnant of their earlier beauty. Many gorgeous flowers were still in bloom, scenting the air with beauty and fragrance. The garden of Mr. and Mrs. Haydon McDonald deserves special mention since it covers much space and is vegetable as well as floral. The gardens feature blooming and foliage plants. The dahlias were brilliant in various colors and heights.

In the vegetable gardens are growing ten varieties of edible fruit—figs, Japanese, Spanish and jumbo peanuts, several varieties of greens, boysenberry and strawberry plants. Providing food as well as shade are English walnuts, native and paper-shell pecan trees. From seven hills of potatoes two bushels of sweet potatoes have already been dug and this is just a starter. Some of the potatoes are immense in size and destined for canning. To cap the climax there are three stands of bees and from one the McDonalds have already robbed it of four quarts of pure delicious honey.

lins the pilgrims were invited to the east terrace where they were served peppy cooling refreshments thence to the club house for a cup of home brew coffee.

The Homes and Gardens Pilgrimage was such a huge success that those enjoying the tour have requested the club to sponsor another in the late spring. This pilgrimage will show different houses and gardens with a display of old China, glass curiosities and antiques. These pilgrimages are not only enjoyable but create interest and ambition in civic pride.

MIX AND MATCH

Skirts and jackets to mix and match are again the mainstay of the coed's wardrobe. This back-to-school corduroy ensemble designed by Harry B. Brown combines an Eisenhower jacket and slim skirt that can be teamed with other skirts and jackets to stretch wardrobe. National Cotton Council fashionists say that the two-way scarf lined in cotton plaid has a zipped pocket in one corner for small change and lipstick.

Methodist WSCS Observes Tenth Anniversary

The Methodist Society of Christian Service met Monday afternoon at 3 o'clock at the church in observance of 10th anniversary. Woodson WSCS members were guests. The sanctuary was decorated with lovely fall flowers.

Mrs. O. W. Tooley presided over the birthday candle lighting, after which a social period followed. Guests and members gathered in the dining room where the lovely birthday cake, nuts and candy and punch were served. Plate favors were an added attraction and vase of roses decorated the table.

MRS. HARTSFIELD JOINS HUSBAND AT ARMY POST

Mrs. Hess Hartsfield left Friday for Texarkana, Texas, to join her husband, who was recently recalled to Army service and stationed at Red River Arsenal near that city. A veteran of World War II, he was employed in the Haskell postoffice at the time he was called back into service. Mrs. Hartsfield was accompanied to Texarkana by her mother, Mrs. Lynn Toliver, who returned by way of Dallas where she visited a brother and sister.

Members of the T.E.L. Bible Class of the First Baptist Church met in the church annex Tuesday afternoon for their regular business meeting, a social, and installation of officers.

Doris Anderson Is Bride of Clyde C. Mayfield Friday

Doris Anderson, daughter of Mr. and Mrs. V. R. Anderson of Weinert became the bride of Clyde Cogdell, son of Mr. and Mrs. Clyde Mayfield, of Weinert Friday afternoon at 4:30 p. m. The double ring ceremony took place at the home of the pastor of the Weinert Baptist Church, Rev. Temple Lewis, who officiated.

The best man was E. B. Anderson, brother of the bride. Matron of honor was Mrs. E. B. Anderson. The bride's attendant was Joyce Jones.

The bride wore a navy blue crepe suit with white collar, white carnation corsage on her shoulder and hat of navy blue with black feathers. She wore rhinestone ear clips as the only jewelry. The matron of honor wore a brown crepe with matching accessories, off face hat. The bride and groom are graduates of Weinert high school.

They plan a short wedding trip to Fort Worth and Dallas. They will live in Weinert where the groom is engaged in farming.

Magazine Club Breakfast Held Saturday

The Magazine Club opened its club year with a 9:00 o'clock breakfast in the club house Saturday, Oct. 7. Colorful fall flowers and berries were featured in the decorations.

The social committee served as hostess with Miss Lucile Watson, chairman and Misses Lula Mae Free and Billie Hall, Home Economics students preparing the appetizing food.

Introductions and greetings were given by Mrs. Ada Rike, club president. Guests were cleverly introduced by club member sponsors.

Mrs. Robert Wheatley, program director, used as her theme in her talk "Rules of Parliamentary Procedure," and directed an amusing playlet, "The Club Without a Fault." Having parts in the playlet were Mmes. Ada Rike, John Rike, Terry M. Diggs, K. H. Thornton, Earl Atchison, C. L. Lewis and Hill Oates.

The club members in unison gave the U. S. A. pledge and sang "America."

Mrs. Rike presented Mrs. Pearl Monke as featured speaker. Mrs. Monke gave a "Report of General Federation's Boston Convention." She was the only delegate from the Magazine Club. Mrs. Monke gave an interesting narrative of important events, famous institutions visited and side trips taken.

Club members attending the club breakfast were Mesdames J. U. Fields, Ada Rike, C. L. Lewis, Robert Wheatley, Terry M. Diggs, Hugh Smith, R. L. Harrison, W. A. Kimbrough, Virgil Bailey, O. E. Patterson, K. H. Thornton, W. N. Huckabee, Pearl Monke, Mary E. Oates, S. Hassen, R. C. Couch, Jr., Carlton Couch, H. F. Barnes, A. Pierson, Wallace Cox, John Couch, N. I. McCollum, Hill Oates, C. V. Payne, John Rike, A. W. Cox, W. M. Reid, Irene Ballard, Andrew Josselot, J. C. Freeman, J. M. Collins, Miss Nettie McCollum and the club hostess.

Invited guests were Mesdames Hellis Atkinson of Wichita Falls; Iva Whittaker, Sulphur Springs; Maybelle Taylor, T. G. Craft, Tom French, Erma Liles and Ruby Fitzgerald, Abilene.

Shower Honors Miss Ruth Allen, Bride-Elect of Curtis Cox

Ruth Allen, bride-elect of Curtis Cox was honored with a shower Thursday, Oct. 5, at the Point Creek Methodist Church, which was decorated with arrangements of fall flowers.

After the honors opened the many lovely gifts, refreshments of punch and cookies, were served by the hostess. Tiny corsages were used for plate favors.

The couple will be married in an informal ceremony in the home of the bride-elect's mother, Mrs. Alma Allen of Rule

Milk production is the final test for keeping a cow in the dairy herd but others factors should also be considered before a cow is culled from the herd. Management, feeding, handling and care of the growing heifer and the mature cow can affect milk production. The dairyman can do something about these items.

Use mechanical equipment whenever possible for doing the heavy lifting jobs on the farm.

Gen. Krueger To Be Co-Chairman Of Dimes March

Gen. Walter Krueger (Ret.), of San Antonio, Texas, has accepted appointment as Co-Chairman of the 1951 March of Dimes in the Lone Star State, it was disclosed today by Basil O'Connor, president of the National Foundation for Infantile Paralysis.

In his capacity as co-chairman, Gen. Krueger will work with Texas State Chairman Ed S. Stewart, of Abilene, in coordinating the National Foundation's campaign directors' activities in counties and cities throughout the state.

Gen. Krueger has had a long and distinguished military career. He was graduated from the Infantry-Cavalry School in 1906 and followed by the Army War College in 1921 and the Naval War College in 1926.

Gen. Krueger served as private, corporal and sergeant in the U. S. Army 1898-1901, and in 1901 was commissioned as a Second Lieutenant. Subsequently he was promoted through grades to Brigadier General, Major General, Lieutenant General, and received the rank of General, March 5, 1946.

He served in the Spanish-American War, the Philippine Insurrection, on the Mexican border and with the AEF as Assistant Chief of Staff, G-3, 84th and 26th Divisions, Chief of Staff, Tank

Corps. After World War I Gen. Krueger was a member of the War Department General Staff and also served as tsnch in 1943-46. During these years he was in command of the Sixth Army in the Southwest Pacific Theater in operations in New Britain, Admiralty Islands, New Guinea, Leyte and Luzon and participated in the occupation of Japan. He retired July, 1946.

Decorated many times, Gen. Krueger holds the Distinguished Service Cross (Army); Distinguished Service Medal with two Oak Leaf clusters (Army), and the Distinguished Service Medal (Navy). He has also translated many books on military tactics.

At present he is Director of Civil Defense for San Antonio and Bexar County.

Commenting upon Gen. Krueger's appointment, Basil O'Connor said: "I am indeed glad to know that General Krueger has accepted the co-chairmanship in Texas. Faced as we are with exceedingly high polio incidence and a tremendous backlog of carry-over cases, the 1951 March of Dimes must be an overwhelming success if we are to continue providing for patient care of the stricken and work toward the day when research will yield the final answer to the threat of polio.

"I am sure that the efforts of General Krueger and Mr. Stewart, along with the cooperation of all Texas citizens, will be of the greatest help in putting the 1951 March of Dimes over the top." Gen. Krueger lives at 112 Ridge mont Avenue, San Antonio 2, Texas.

Officers Elected By 8th Grade At Weinert

The Weinert Eighth grade elected their class officers today, Oct. 5. The officers are: President—Vernon Hanson; Vice President—Harley Secretary—resumes—Robertson.

Reporter—Carolyn Douglas; The homeroom teacher—Douglas Meyers.

RECIPE OF THE WEEK

By Mary Lee Taylor

Thrifty Peach Bavarian

Broadcast: October 14, 1950

1/2 cup Fat Milk
No. 2 1/2 can cling peach halves
1 1/2 cups peach juice
1 pkg. lemon gelatin
Chill milk until ice cold in a 2-qt. bowl. Drain peaches; save juice. Rub with vegetable oil a deep 8 or 9-in. round pan. Arrange 6 peach halves, cut side down, in pan. Chill. Heat peach juice to boiling. Stir in gelatin until dissolved. Remove from heat; stir in rest of ingredients. Chill until slightly thicker than unbeaten egg whites. Whip chilled milk with cold rotary beater until stiff. Beat in gelatin gradually. Pour over peaches. Chill until firm. Turn out; garnish with Maraschino cherries, if desired. Makes 6 servings.

*If there's not enough juice, add water.

You Will Need:
Fat Milk, Canned Cling Peach Halves, Lemon Gelatin and Lemons.

Looking for POWER?

Better Buy Buick!

THAT bold bonnet that stretches out before your eyes on a 1950 Buick isn't there just for show.

Lift it up, and you'll find that the space beneath is abundantly occupied, by one of the biggest hoodfuls of power you'll find in any motorcar.

What you're looking at is Buick's modern version of the high-compression valve-in-head engine, which gains extra wallop from the fact that it uses the exclusive Fireball combustion principle.

We could list a lot of mechanical reasons why fuel gives up extra power in a Fireball engine—how it's wrapped in a swirling, ball-shaped charge—how it burns with a smooth, clean thrust that delivers maximum action.

But the best way to find out what all this means is to touch off the eager horsepower out on the highway by a gentle nudge of your toe—and feel your shoulders press deep in the cushions behind them.

Now all this sounds thrilling, you say, but how about the feed-bills for all these horses? How about miles-per-gallon?

Only BUICK has Dynaflow Drive and with it goes HIGHER-COMPRESSION and with it goes HIGHER-POWER in three engines. Fireball valve-in-head power in SUPER models. NEW (New F-263 engine, with MULTI-GUARD forefront, PATTERN STYLING, with TRAFFIC-HANDY SIZE, taper-through fenders • TRAFFIC-HANDY SEATS, taper-through fenders • EXTRA-WIDE SEATS, ing, short turning radius • EXTRA-WIDE RIMS, cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rim, low-pressure tires, ride-steadying torque-tube

Standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

The practical answer to that one is found in this year's experience with the SUPER and SPECIAL—and even the ROADMASTER.

In all three, the horsepower was stepped up at the start of the year—and in all three, bappy owners report the best mileage in modern Buick experience.

This is due to a little-known but authentic engineering fact—which is that an engine burns less gas when it doesn't have to labor. At any normal driving speed, therefore, extra power is extra thrifty.

So we say again—if you're looking for power—mighty power—buoyant power—silken power—thrifty power—better buy Buick.

Your Buick dealer is eager for the chance to demonstrate how sound this hint really is.

Sagerton News

M. M. Plunk, who is employed at the Sagerton Gin as the ginner, was injured Wednesday of last week when his hand was caught in the saws of the gin. He was treated at the Stamford Hospital. Monday he was back at the hospital and it was feared that he had blood poisoning in his hand.

Miss Lillian Neinast was honored with a birthday dinner in the home of Mr. and Mrs. Bill Stanhope Sunday, Oct. 1. Those present were Miss Neinast, Mr. and Mrs. Paul Dick of Haskell, Mr. and Mrs. Jack Quade, Mr. and Mrs. August Hahn, Mr. and Mrs. O. G. Neinast and Loretta and the host and hostess.

The Sagerton gin has ginned 420 bales this season up until noon Monday.

Mrs. Fred Barr and Mrs. Robert

Robertson of Spur were guests in the home of Mr. and Mrs. R. N. Sheid Wednesday of last week.

Mrs. Pete Lusk is spending this week with her aunt, Mrs. Shaw, in Abilene, while Mrs. Shaw is ill.

Visitors in the home of Mr. and Mrs. John Clark Sunday were Dr. and Mrs. J. C. Davis of Rule and Leslie Cobb of Midland.

Mr. and Mrs. Henry Laughlin visited Mr. and Mrs. Edward Laughlin in Cyril, Okla. recently.

Mrs. G. A. Leach left Saturday for Eddie with her mother, Mrs. Ethel Laughlin, and her sister, who are both patients in the hospital there.

Mr. and Mrs. J. C. Goldson and children of Cisco visited Mr. and Mrs. G. W. LeFevre and family last week. Mrs. Goldson is a

sister of Mrs. LeFevre and the former Rose Hudson.

Mr. and Mrs. Zenor Summers are the parents of a son, Michael Zenor, born Friday afternoon, Oct. 6, at the Stamford Hospital. He weighed 8 pounds, 3 ounces. They have a daughter, Patricia, also.

The girl's 4-H club for the coming year was organized in September at the Sagerton school. Miss Thelma Wirges, Haskell county agent, was present. The following officers were elected: President, Clotile Swope; vice president, Glenda Clark; secretary, Elyzabell LeFevre; treasurer, Margie Lehmann; reporter, Jeanell Helm. The girls were told to decide what project they would like to have for the coming year, and who they want for their leader or leaders. The next meeting will be held Oct. 23.

The Sagerton MYF met in the home of Mr. and Mrs. G. W. LeFevre Tuesday night, Oct. 3, for a social. Those present were Leland Thane, Loretta Neinast, Herbert Kainer, Jerry Lee Kainer, Bunky Humphreys, Marlene Laughlin, Ruby Gay Gibson, Sammie Holt, Lois Knippling and Dan LeFevre. Ice cream, cake and cookies were served to the young people.

Mr. and Mrs. Paul Goldammer of Schulenburg and Mr. and Mrs. Ervin Stavinoha of Engle visited Mr. and Mrs. August Balzer this week.

The Sagerton school lunch room has been equipped with a new deep freeze. It has 9 cu. ft. capacity and will enable Mrs. M. Y. Benton and Mrs. Cliff LeFevre, who operate the lunchroom to prepare vegetables for use while they are in season and to store frozen government surplus foods here instead of taking them to a food locker in some town. Everybody is invited to come and see the deep freeze.

Mrs. Lois Young is in San Antonio this week at the bedside of her father, W. H. Wersbe, who suffered a heart attack last week.

A number of high school pupils who attend the Rule high school from here went to Dallas to the State Fair last week-end. They left Friday night after the football game and returned Sunday night.

Miss Shirley Gibson, little daughter of Mr. and Mrs. Charlie Lee Gibson, had a tonsillectomy operation at the Stamford Hospital Saturday.

Jack Humphrey was injured last week-end while he and his friend were target practicing with a .22. The bullet hit the railroad track and came back and hit him in the hand. He was treated at the Haskell Hospital.

Mr. and Mrs. Bobby Spitzer and daughter, Vicki Dean, visited Mr. and Mrs. Lonny Anderson and Mr. and Mrs. Alvin Lamm and daughter, Dayna, in Seminole over the week-end.

Mrs. Jim Tom Irvin and Mrs. Lem Allison of Aspermont visited with Mr. and Mrs. Bobby Spitzer Monday.

Rev. H. E. Driessner, pastor of the Zion Lutheran Church, delivered the mission festival service at Albany Sunday morning. He also attended a pastor's meeting in San Angelo from Monday through Wednesday of last week.

Mrs. C. E. Stegemoller, who underwent an operation at the Stamford Hospital recently, re-

D. R. BROWN MRS. D. R. BROWN

Mr. and Mrs. D. R. Brown Observe 50th Wedding Anniversary Sunday

Mr. and Mrs. D. R. Brown, pioneer residents of the Rochester section, observed their Golden Wedding Anniversary Sunday, Oct. 8, at their home near Rochester when their children were hosts for an open house to the many friends of the couple in observance of the occasion.

More than 185 guests registered during the afternoon, and many more called throughout the day. Mr. and Mrs. Brown were recipients of numerous letters and messages from distant friends, together with many gifts from close friends and well wishers.

They married in Comanche county in 1900, and came to Rochester in 1910, when that section was first developed after the advent of the Orient Railroad. Mr. Brown became one of the area's most prominent and successful farmers, and a leader in community progress and development.

He served as a member of the Rochester school board for a number of years. Always an advocate of progress, he was a staunch leader in the movement for good roads, not only for his immediate section but the county as a whole.

Mrs. Brown's interests have always been centered in her home and church, with a single hobby—a love for flowers. This hobby has been carried out and is in evidence in the beautiful plants which are a distinguishing characteristic of the couple's home.

Guests and friends who called during the Day Sunday included many from a number of neighboring towns.

Smith-Doxey Cotton Classing Service Proves Popular With Texas Farmers

Texas cotton farmers are taking advantage of the free cotton classing service and the cotton market news service as provided for under the Smith-Doxey Act. The program in Texas is handled by the Smith-Doxey State Review Committee cooperating with the USDA's Production and Marketing Administration.

The members of the State Review Committee are F. E. Lichte, cotton gin specialist, chairman; Fred C. Elliott, cotton work specialist and E. A. Miller, agronomist, all of the Texas Extension Service headquarters staff at College Station.

This committee in 1950 processed and approved 1,083 applications from 165 counties. A farmer to be eligible for the free service must be a member of an organized cotton improvement group. Lichte says that 108,871 Texas cotton producers are members of

A&M College to Offer Expanded Soil Testing Facilities to Farmers

The soil testing service of the Texas A. & M. College System is being expanded and will be in charge of M. K. Thornton, extension agricultural chemist. According to Director G. G. Gibson, Texas Agricultural Extension Service, the laboratory will be ready to begin operations on November 1, 1950.

A charge of one dollar per sample will be made for the testing service and samples should be sent to the Soil Testing Laboratory, Agricultural Extension Service, College Station, Texas. Each sample submitted for testing will be analyzed for organic matter, nitrogen (computed), soil reaction, available phosphoric acid, available potash, available lime and soluble salts, says Thornton.

Recommendations based upon the soil analysis and the information furnished the laboratory at the time the sample is sent in will be made and returned to the sender. Each soil sample sent to the laboratory should be accompanied by a completely filled in Form S1-2. The forms are available at your local county extension agent's office.

The sample submitted for testing must be truly representative of the area it is supposed to represent. If it is not a representative sample, says Thornton, the analysis and recommendations may be of little value to the sender.

Agricultural agents can furnish complete information on how the samples should be taken so they will represent the area which is being tested.

Thornton says that at least two and possibly three weeks will be required to process, analyze and get a report back to the sender. He points out that samples should be sent to the laboratory well in advance of the date when the recommendations will be needed for use in planning the planting and rotation systems for the farm or ranch. A good plan is to send in samples during the winter from land that will be planted to crops in the spring, in the spring for summer use and in the summer for fall use. By following such a procedure, he says the recommendations will be available in plenty of time for use in planning cropping and fertilizing operations.

Thornton says soil tests will not determine whether a plant died from root rot or some other disease; will not disclose the pres-

The information obtained from soil tests will aid in determining deficiencies of one or more nutrients; the need for other soil ailments; in diagnosing certain plant deficiencies; in determining toxic materials in the soil.

Thornton suggests to ranchmen, gardeners and those who have soils on which they like to have an analysis that they contact their agricultural agent.

"SMALL BUSINESS"

By C. WILSON HARDER

Despite reports circulated by hopeful bureaucrats, the nation's small independent businessmen are almost equally divided on government control of prices and wages, rationing.

A nationwide poll just completed by the National Federation of Independent Business on this issue, and others, reveals 44% for; 50% against; 6% undecided.

These thousands and thousands of ballots, sent as usual directly to Congressmen, are causing many a solon who voted these powers to the President embarrassment.

The rapid, severe price jumps have hurt small businessmen even more than consumers.

But apparently there is a reluctance to jump from the frying pan into the fire.

It is felt if government had shown competence in dealing with defense, taxation, other grave matters, there would be more confidence in government intervention in the domestic economy.

Now, there seems to be one big question.

"What has the greater destructive power—the present inflationary trend which may be stopped by American common sense—or bureaucratic meddling which once started may never make sense, or never be stopped?" This attitude of small businessmen might be the most significant vote of no confidence yet registered.

On the same ballot independent businessmen voted almost unanimously for a law that will require co-operatives to pay a fair share of taxes.

The vote was 99% for; 1% against; 1% undecided. Businessmen have the support of the Treasury Department, anxious to plug loopholes which have been permitting a billion dollars of tax income to escape yearly.

This issue will take the spotlight in Congress soon. And as usual, the lobbyists opposing any action will shed copious tears over the "unwarranted attack on the farmer."

Actually, bona-fide farm co-operatives would be affected but little. Farmers themselves will be shocked at the coming disclosures which will show that abuse of the present regulations has been the highroad by which many big companies have escaped taxes.

Congressman Huber of Ohio created some discomfort the other day for Stuart Symington, chairman of the National Security Resources Board. Symington has just appointed a 13 member mobilization committee that will function when, and if, price controls, rationing is started.

The Congressman pointed out that labor, agriculture, industry and the public are represented on the board. But the distributive industry, employing 12.5 million, second only to manufacturing, is not represented. And the distributive industry will have to post prices, collect ration coupons, do most of the work.

But this obvious deficiency was apparently ignored.

As one newspaperman remarked, "The trouble with Congressman Huber's comment is that it makes common sense, and in Washington, the keynote is 'bills for theories, but not one cent for practical experience!'"

A MESSAGE TO THE PEOPLE OF THE Southwest

The Southwest itself offers no better example of foresight, vision, and doing than what the will of its people has caused to be accomplished here.

As a Southwestern corporation, we are in harmony with its willingness and effort toward greater development. In our organization the foundation is laid, properly reinforced and seasoned, for great financing progress that will benefit our citizens.

It is up to you as to the structure which will be erected upon this foundation.

Who Runs America?

the Congress? the President?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

General Federation of Women's Clubs	American Legion
American Farm Bureau Federation	National Association of Small Business Men
National Grange	United States Chamber of Commerce
Veterans of Foreign Wars	National Association of Retail Grocers
National Conference of Catholic Charities	National Retail Dry Goods Association
American Protestant Hospital Association	American Bar Association

Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudest security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. Today in America—70 million people are protected by Voluntary Health Insurance! Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

Continued from First Page

line to snare the hand-off and race to the enemy's 29 as the ball ended.

Haskell scored twice in the third period. John Flinary blocked a Stamford punt on the Bulldog 12. Eldon Ammonett carried to the line in two plays and Jimmy White banged into the line and across the touchdown. Ammons, who broke his collar bone in the Rule game two weeks ago, missed the conversion.

The second period tally was made on a beautiful run by all-district triple-threat back Billy Davis who ran sharply to the right, was hemmed in and cut through the outstanding Stamford team for 23 yards and a touchdown. Ammons kick was perfect for the extra point.

On the fourth play of the fourth period Stamford was passed back on its own 13. A best pass from

center sailed over the head of Lowe, back on his own 4 to punt. After retrieving the ball, Lowe dropped the pigskin when tackled hard by Indian Ernest Strain and guard James Fowler recovered the ball for the Indians behind Stamford's goal for a touchdown. Ammons again booted perfectly.

Midway of the fourth period with both elevens battling for all they were worth, Stamford's Stearns ended a 62-yard drive with his four-yard plunge. The conversion attempt which would have eventually tied the game, failed.

With only two minutes remaining, Kenneth Lowe broke through the Haskell 25 to score standing up and make the score 20-18. His extra point try was good and the victory margin for Haskell was reduced to 1 point.

Game statistics listed 15 first downs for Stamford to 13 for Haskell, and the Bulldogs gained 336 yards making 224 for the Indians and completed 5 of 15 passes for 11 yards while Haskell completed two aerials out of seven for 23 yards.

The game was cleanly played, with Haskell assessed two penalties for a total of 20 yards, Stamford four for 40 yards.

Horses, Swine and Poultry Winners In CWT Fair Judged Wednesday

Judging in the livestock division was by A. M. Meekna, extension dairy specialist of Texas A. & M. College.

In dairy cattle, open class, the grand champion bull was Reinette's Basileus, a three-year-old entered by Lee Baker of Abilene. The junior champ was the entry of Midwestern University of Wichita Falls.

The grand champion bull was Reinette's Basileus, a three-year-old entered by Lee Baker of Abilene. The junior champ was the entry of Midwestern University of Wichita Falls.

The top female was the entry of five-year-old Judy Moritz of Stamford, shown by her father, Ray Moritz. The junior champion was the entry of Eugene Coleman, also of Stamford. All winners were Jerseys.

In the open beef show, dominated by Four-H and FFA clubbers, "Chubby," the top heavy milk-fed entered and shown by Spencer Baize of Stamford FFA, was proclaimed grand champion.

The son of Mr. and Mrs. Sam Baize, he is coached by Gerald Proctor, vocational agriculture instructor in Stamford High School.

The reserve champion was the entry of Sid Woodson of Haskell 4-H Club.

The entries of Kenneth Lane of Haskell and Dub Sims of Paint Creek were Jerseys.

The sheep show was completely dominated by Hubert Jones of Abilene who showed the champion ewe and fat lamb. No rams were entered. The sheep division was judged by F. M. Churchill, also of Abilene.

Creek were adjudged prime and led the heavy dry lot classes. The medium and light dry-lot classes were topped by entries of Rob Brown, an FFA clubber from Throckmorton. Sid Woodson of Haskell was second in the heavy milk-fed division.

The grand champion breeding bull was the entry of Mrs. F. Y. Morton of Hamlin, while the entry of Jay Pumphrey of Old Glory was grand champion cow. Pumphrey also showed the reserve champion. Winners were selected from a field of 23 entries.

The sheep show was completely dominated by Hubert Jones of Abilene who showed the champion ewe and fat lamb. No rams were entered. The sheep division was judged by F. M. Churchill, also of Abilene.

Gross Receipts In Haskell-Stamford Game \$2,430.70

The Haskell-Stamford football game played here Friday night grossed total receipts of \$2,430.70 from the sale of 2,930 adult tickets and 533 student tickets. This was shown in the financial report of the game made by Supt. S. H. Vaughter of the Haskell schools.

After deduction of \$363.11 gross tax on admissions, and \$66.00 for expense of officials, total net income of the game amounted to \$2,001.59 which was divided with \$1,000.79 for Haskell and \$1,000.80 for Stamford.

Receipts from sale of reserve seat tickets amounted to \$211.50, and after deduction of \$42.30 tax, left net income of \$169.20 on sale of reserve seats, all of which is retained by the high school athletic fund.

Colored Church to Sponsor Barbecue Saturday

Sponsored by the Mission Society and Deacons of the Hope-well colored Baptist Church, with the men of the church cooperating, a Barbecue will be held Saturday, Oct. 14th, across the street from Ervin Kingsbury's in North Haskell. The public is invited to attend and eat their fill of barbecue.

School Lunchrooms Of County Receive Commodities

A large quantity of foodstuffs, including potatoes, butter, cheese, dried milk and other commodities

has been received at the office of Mrs. Iva Palmer, county superintendent, for use in the rural school lunchrooms.

The commodities were provided without cost to the rural schools through the Surplus Commodity division of the national school

lunchroom program. County schools pay only the freight or transportation charges, it was explained.

School lunchrooms to which the commodities will be distributed include Weinert, Paint Creek, Mattson, Sagerton and O'Brien.

In the shipment received past few days have been pounds of potatoes, cases of butter, four cases of cheese, 10 cases of concentrated orange juice, cherries, and 450 pounds of milk.

Weinert Bulldogs Blast Goree 77 To 0 Thursday

The Weinert High School Bulldogs hoisted the danger flag to six-man football teams of the area Thursday night when they ran wild to defeat the Goree Wildcats, 77-0. The game was played at Weinert.

Led by Bobby Therwanger who scored five touchdowns. Bulldogs scored almost at will. Kenneth Owens made two touchdowns, Billy Joe Robertson, Bill McGuire, Don Yandell and Johnny Sargent one each. McGuire also added to his scoring total in kicking three extra points, good for two points each in six-man football.

Wilkie and Lambert were outstanding performers for the Goree team.
