HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

40 Years Ago—June 17, 1911

Mr. and Mrs. J. E. Walling were in Rule Friday visiting in the home of G. W. Wilson.

Frank Baldwin and Buford Long, who have been attending State University at Austin, are spending the summer vacation at home.

Mesdames S. W. Scott and P. D. Sanders were delegates of the Methodist H.M.S. to the Conference at Childress.

Mr. and Mrs. M. L. Lynch have returned from Lampasas, where they spent several weeks visiting.

Judge A. C. Foster was called from Haskell to Rule Monday to meet his daughter, Miss Una, who was on an Orient train on her way home from Boston.

Judge Foster made the run in 30 minutes, met Miss Una and came back to Haskell in time to be at court where he had business pending. Miss Foster also came over to Haskell to visit in the home of Mrs. R. C. Montgomery.

Miss Mollie Williams, who has been operator at the local telephone exchange, has been promoted to manager. Miss Beatrice Cox is the new operator.

Mr. and Mrs. J. W. Meadors visited several days last week in the W. L. Hills home in Rule.

J. W. McNeely came to town Thursday and made the complaint that 60 acres of corn he had harvested three times and plowed once with a cultivator was blooming, and that his land was still moist notwithstanding all the harrowing and dry weather.

Mr. and Mrs. Fred Sanders visited friends in Stamford this week.

Constable A. G. Lambert made a trip to Rochester Thursday to summon men for jury service.

Mrs. J. S. Boone and children have gone to their ranch in the northeast part of the county to spend a few days.

Miss Ruth Jones returned Thursday from Ursalyn Academy at Dallas. Miss Ruth made a splendid record while at the academy, and won a gold medal for making the highest grades.

20 Years Ago—June 11, 1913

A small residence in the west part of town belonging to William J. Davis, was destroyed by fire Thursday night between 12 and 1 o'clock.

The first load of new wheat was sold on the Haskell market Wednesday. It was grown by J. T. Brewer of the Center Point community and was purchased by Haskell Mill & Grain Co. at 40 cents per bushel. Local grain men expect threshing to be well underway by the last of the week. Yield is expected to run from 10 to 25 bushels per acre.

Hazel and Letta Robertson left this week to visit relatives in Tennessee, and will return by way of Houston where they will spend several days.

A hailstorm Tuesday night did considerable damage in a small section southeast of town. The storm seemed to have centered around the George Davis and M. C. Field farms, where most of the young cotton and feed were destroyed and will have to be replanted.

Dr. S. Gaines Post of Harvard University arrived Saturday and will spend the summer with his parents, Mr. and Mrs. H. S. Post.

David Ratliff who has been attending State Teachers College at Denton, and O. B. Ratliff, a student at Texas Tech in Lubbock, came home this week to spend the summer with their parents, Judge and Mrs. L. D. Ratliff.

Mr. and Mrs. Richard Sherrill and son of Pittsburgh, Penn., and Mr. and Mrs. Lewis Sherrill and children of Louisville, Ky., are visiting in the home of Mr. and Mrs. R. E. Sherrill.

J. E. Walling, Jr., left Sunday for Dallas where he has accepted a position for the summer. He attended school at Arlington the past term, and spent a few days here with his parents before going to Dallas.

50 Years Ago—June 22, 1910

During the past week several horses have fallen with their riders in two instances hurting the men pretty badly. Sam Maloney was thrown against the ground with such force that he was rendered unconscious for some time, and Roy Cummings had one foot badly bruised by his horse falling and rolling over on it. Both men are getting along all right, now.

Mrs. T. J. Lemmon and little children are visiting in Weatherford, while Kate and Cora are keeping house for papa.

M. S. Shook returned Wednesday from a trip to the Panhandle with cattle. We understand he sold his cattle, but did not learn the price received.

Roy Burnett, a promising young cattleman of Knox, visited here several days this week.

Rev. D. James and daughters, Misses Etta and Ophelia, left Saturday for Chickasha, T. T., where they will visit C. James and attend to some matters concerning land claims.

Wheeler Lee and family arrived Tuesday from Hamilton County and have become citizens of our county. Mrs. Lee was here several weeks ago and bought a nice tract of 640 acres northwest of Haskell where he will settle.

J. F. Ross was in Thursday from Ample. He says grasshoppers are damaging corn and cotton in the neighborhood.

Mrs. G. R. Couch and children returned Tuesday from a two visit with relatives in Fisher county. She was accompanied home by a niece, Miss Annie Parker of Roby.

Dr. W. L. Covery, a dentist and formerly of Childress, arrived this week with his family. He bought lots and is preparing to build a residence and will locate here permanently.

Judge and Mrs. H. G. McConnell and children went over to Throckmorton county Tuesday to spend several days fishing on Tecumseh Creek.

T. J. Lemmon was called to Quanah last week on business relating to cattle quarantine matters, returning home Saturday. He says he saw a considerable grading force at work on the Orient near the Denver crossing.

Nephew of Haskell Man Drowns While On Fishing Trip

Lloyd Aaron Gray, 28, of Wichita Falls, a nephew of R. H. (Rufe) Highnote of this city, drowned June 2 in Conchas Lake in New Mexico when the boat he was fishing from capsized during a sudden storm. Three companions were rescued later. Conchas Lake is 31 miles from Tucumcari, N. M.

An engineer for Phillips Petroleum Chemical Co., Gray was in New Mexico on a fishing trip with three men from Borger. He was the son of the late Mr. and Mrs. Aaron Gray of Olney and was born in that city.

He is survived by his widow, two brothers and a sister.

VISITING IN WINK

Mr. and Mrs. F. C. Nickerson and children, Cory, Steven and Barbara Lyn are visiting in the home of Rev. Nickerson's parents, Rev. and Mrs. F. B. Nickerson in Wink, Texas, this week. They will return home Friday. The elder minister is pastor of the First Christian Church in Wink.

VISIT IN BEN BRUTON HOME AT WEINERT

Visitors in the home of Mr. and Mrs. Ben Bruton of Weinert last week were her mother, Mrs. Drew Rhine of Fort Worth; Col. and Mrs. W. E. Matthews of Florida; and Misses June and Jodie Cole of Wichita Falls.

Here's 180 Horsepower... on regular grade gas—Now!

NEW YORKER NEWPORT

It's always interesting to hear about future-looking experiments with new super engines to run on new super-octane fuels...someday.

But it's even more interesting to hear today's real life, on-the-highway talk about Chrysler's new super-performing FirePower engine. FirePower takes any regular grade gas you care to buy... and adds its own

180 HORSEPOWER Here's the new Hemispherical Combustion Chamber that's the heart of Chrysler FirePower. Its new, designed-in "mechanical octanes" make regular grade gas do what best premium grades can't do in any other engine you can drive today!

new mechanical octanes to the power-giving octanes of the gasoline itself. The result is 180 horsepower performance such as no other passenger car built in the U.S. today can equal.

If you haven't driven Chrysler FirePower yet, your Chrysler dealer invites you to do so now. It's the most revolutionary engine in 27 years. It offers highway satisfaction and safety such as you've never known.

And it's a sounder engine other ways than any other on the road. Its new design keeps it almost completely carbon-free. It is smooth and quiet... but also rugged

and strong and free from need for great attention and repair.

Now remember that this same new Chrysler offers you the new Hydrguide power steering*... plus the amazing new rough-road stability of Oriflow shock absorbers... plus Water-Proof Ignition, and Vacuum-Ease Chrysler Cyclebonded super-brakes... then come see what we mean when we say the car of your tomorrow is right here for you to drive... today, and for years to come!

*Hydrguide regular on Crown Imperials, optional of extra cost on other Imperials and New Yorker models.

Chrysler FirePower

From Sagerton

Boston entertained Chatter Club in Sagerton, June 6. The club, which is a quilting party, was present were Mes-

ses, Mrs. F. A. Ulmer and children, have returned from Turnersville, where they were at the bedside of Mrs. Ulmer's father, J. L. Pruitt until his death. Mr. Pruitt suffered a stroke ten days ago.

Mr. and Mrs. B. Kupatt made a trip to Dallas Saturday to take their son, Pvt. Fred Kupatt, to catch plane for Seattle where he will be stationed. Fred has been home on a furlough with his parents, and was formerly stationed at Fort Sill, Okla.

Mrs. Larry Cornelison and daughter, Kathy, are here visiting. Mr. and Mrs. August Balzer, they have been living in Louisiana where S/Sgt. Larry Cornelison is stationed with the Army Air Corps.

Mr. and Mrs. Leslie Cobb of Midland spent last week end with Mr. and Mrs. John Clark. They came for their son, Johnny, who had spent the past week with his grandparents.

Mr. and Mrs. John Franke of Abilene visited with Mr. and Mrs. Will Stegemoller a short while Friday.

Harvey Stegemoller spent several days here with his parents, Mr. and Mrs. F. A. Stegemoller and brother, Kenneth, before going to Salina, Colo. where he is serving as a student pastor during the summer. Sunday he and his parents visited in Seymour where Harvey served as a student pastor two years ago.

Dorothy Knipling, a student at Texas Lutheran College at Seguin, is home for summer vacation with her parents, Mr. and Mrs. A. C. Knipling.

Leland Nauert, son of Mr. and Mrs. Herman Nauert is home for summer vacation from TLC at Seguin.

Johnny Guinn is spending his summer vacation from Hardin-Simmons with his parents, Mr. and Mrs. Mose Guinn.

Guests in the Barney Ross home recently were Mr. and Mrs. Bill Ross of Dublin and Mr. and Mrs. Harold Dunn and son Mrs. Anna Rogers of Ft. Worth.

Billy Tabor, son of Mr. and Mrs. John L. Guinn, is visiting his grandmother, Mrs. Cora Tabor at Clyde.

The Daily Vacation School at the Methodist Church, which was scheduled to begin June 11, was postponed and will begin Monday June 18 at 9 o'clock.

Jerry Hahn, 3-year-old son of Mr. and Mrs. Herve Hahn had his tonsils removed at the Stamford Hospital last week.

Marlene Laughlin is visiting Ruby Gibson at the home of her parents, Mr. and Mrs. Dick Gibson at Lockhart. She returned

home with the Gibsons when they visited here recently.

Mr. and Mrs. Otto Lehmann and children are visiting Mr. and Mrs. Carl Opitz and Danny at Corpus Christi. They were accompanied by Miss Geneva Monse who will visit with Mr. and Mrs. Franklin Marzek at Driscoll.

Mrs. Ray Stockwell of Hollywood, Calif., is here visiting her parents, Mr. and Mrs. H. L. Bell.

FIRST CHRISTIAN CHURCH

(Corner of North 2nd and Ave. F) Francis C. Nickerson, Minister 9:45 a. m.—Bible School classes for all age groups. Adult lesson subject, "The Spread of the Gospel." (Acts 1:8; 4; 28; Romans 1:1-16).

Wednesday, 7:30 p. m.—Prayer meeting and Bible study. Beginning a study of the Life of Christ. Come and join us in this study.

Special note: Sunday, June 24th is Family Day. A big basket dinner and wonderful fellowship.

Social Security Official To Be Here June 21

Ralph T. Fisher, of the Abilene office of the Social Security Administration, will be in the Chamber of Commerce in Haskell at 11:00 a. m. on Thursday, June 21. Persons wishing assistance with retirement claims or death claims under the Social Security Act, or needing information about their social security accounts should call at that time for necessary help and information.

Fisher called attention to the fact that survivors of some men and women who deserved their country in World War II have not yet contacted the Social Security Administration regarding the possibility of payments under the amended Social Security Act. Dependent parents of deceased service men may be eligible now if they have reached 65 years of age; these parents should inquire immediately. Dependent who are not yet 65 have until the end of June 1951 to establish dependency; they then may be eligible for payments after they reach 65.

If a deceased service man was survived by children who are still under 18, the person looking after three children should contact the Social Security Administration if an inquiry has not already been made.

Haskell Rebekahs Attend Meeting In Vernon

Several members of Haskell Rebekah Lodge, No. 43, including Mrs. Eva Speer, Supervisor of District 22, with the incoming officers, Mrs. Opal Barker and Mrs. Mary Kingston; also Mrs. Leona Pearsey and Mrs. Sarah Holt attended the district meeting and

school of instruction Tuesday, June 12th at Vernon.

Out of 15 lodges in District 22, nine were represented at the Vernon meeting, including Wichita Falls Golden Rule and Wichita Falls Lodge No. 284, Quanah, Chillicothe, Crowell, Seymour, Rule, Vernon and Haskell. Fifty-one members were present for the school.

Representatives from the Haskell Lodge reported the work was very instructive and demonstra-

tions both beautiful and educational. The Vernon Lodge Hall was appropriately and attractively decorated with magnolia blossoms, sweet peas and daisies.

The Haskell delegation also remained for the regular evening meeting of the Vernon Lodge and a reception that followed.

HASSEN'S

NEWS OF INTEREST WOMEN

Mr. and Mrs. Ralph W. Merchant are announcing the engagement and approaching marriage of their daughter, Donaldia, to Fred Osment, son of Mr. and Mrs. J. W. Osment of Stamford. July 9 has been set for the wedding.

Sunday Church Rites Unite Dawn La Cile Clifton and David Jackson Gilleland

In a simple and impressive double ring ceremony solemnized in the First Baptist Church Sunday afternoon at 3 o'clock, Dawn La Cile Clifton, daughter of Mr. and Mrs. John Clifton of this city became the bride of David Jackson Gilleland, son of Mr. and Mrs. Estel Gilleland, also of Haskell.

The Rev. C. A. Powell, a cousin of the bride, officiated for the ceremony before an altar and arch of green and white.

Mrs. Roy Wiseman, organist, played "Always," "Because," and the "Bridal March."

The bride's gown was of imported Swiss organdy, and her bouquet was a nosegay of white carnations and babybreath.

The bride's attendants, Helen Upshaw and Frances Mullins, wore identical gowns of white organdy, with corsages of white carnations.

The groom's attendants were Ray Simms and Don Perry, Johnny Medford and R. J. Moody were ushers.

Guests at the wedding were members of the immediate families and close friends.

The groom is serving in the U. S. Air Force and is stationed at Sheppard Field, Wichita Falls, and the couple will make their home there for the present.

The bride is a member of the Junior Class of Haskell High School and will continue her studies. The groom was a member of the Junior Class at Texas A.M. College before entering the Air Force.

Following the ceremony a reception was held at the home of the groom's grandparents, Mr. and Mrs. A. J. Josselet of this city. In the receiving line greeting guests were Mr. and Mrs. Clifton and Mr. and Mrs. Gilleland, parents of the bride and groom.

A wedding cake, centered with a miniature bride and groom, was cut by the newlyweds, and was served with punch to guests by attendants at the wedding and aunts of the groom.

After gifts had been displayed, the couple left for a wedding trip.

Presbyterian VBS Closes With All-Church Picnic

The Presbyterian Church brought to a close its Church Vacation School last Friday followed by an all-church picnic. The Church Vacation School was one of the best, the faculties members thought, that had ever been held in the church. The spirit of cooperation by both teachers and pupils was excellent.

The picnic was enjoyed by a large number of the children and young people and also many adults. Miss Ruth Poe, a student at the Presbyterian General Assembly School at Richmond, Va., directed the school.

IN WICHITA FALLS HOSPITAL

Ann Derr of Weinert was a patient in Wichita Falls Clinic hospital during the week end for a tonsillectomy Saturday, from which she is recovering nicely.

Admiral of the Navy George Dewey, hero of Manila Bay, held "six star" rank until his death.

Maurine Joselest, Floyd L. McGuire Jr., Wed In Weinert

A double ring ceremony was solemnized Wednesday, June 10 uniting Miss Alta Maurine Joselest and Floyd Lewis McGuire Jr. in marriage. The rites were read in the home of the bride's parents, Mr. and Mrs. Melvin Joselest of Weinert. The groom is the son of Mr. and Mrs. Floyd McGuire also of Weinert.

Rev. Temple Lewis, pastor of the First Baptist Church at Weinert officiated and music for the wedding was played by Mrs. Corner Horton, pianist. Jella Weinert, soloist, sang "Because." Denny Joselest was ring bearer.

The bride was given in marriage by her father. She wore a white eyelet organdy frock with navy accessories and completed her ensemble with a corsage of orchids.

Miss Elsie Drinnon of Haskell was maid of honor and was attired in a dress of green organdy with harmonizing accessories and a white carnation corsage.

The groom was attended by his brother, Bill McGuire of Weinert, as best man and Wayne Joselest was usher.

Mr. and Mrs. Melvin Joselest were host and hostess for the wedding reception in their home. Baskets of orchid gladiolus and pink roses adorned the party room and fern fronds were used with a large reflector and miniature bride and groom to decorate the bride's table.

For travel on the honeymoon trip to Carlsbad, N. M., the bride chose a smart navy blue suit and navy accessories. They will return to Weinert to establish residence where he is a postal employe.

Both Mr. and Mrs. McGuire are graduates of Weinert High School.

Pre-Nuptial Dinner Compliments Young Haskell Couple

A bridal dinner was given in the home of Mrs. James E. Ferguson in this city Saturday, June 6 complimenting Dawn Clifton and Jackie Gilleland.

Centerpiece for the attractively decorated table was a replica of an old fashioned carriage filled with sweet peas. White streamers and gladiolus was used for room decorations.

Members of the bridal party were served by the hostesses, Mrs. Roy E. Thompson of Lubbock and Mrs. Ferguson.

Dorcas Bible Class Meets In Home of Mrs. Gresham

The Dorcas Bible Class of the First Baptist Church met for their regular monthly social and business meeting Monday night, June 11th in the home of Mrs. Walter Gresham. The opening prayer was offered by Mrs. Jimmy Thompson. Mrs. Maurice Gannaway gave the devotional, using Matthew 6:28-30 as her scripture reading. Her theme was "Flowers," and she brought out the thought that the miracle of flowers proves that beauty is important to God.

Mrs. Lynn Waldrip introduced Mrs. C. M. Conner, who gave an informative discussion and demonstration of the proper arrangement of flowers. Among the thoughts expressed by Mrs. Conner was that a flower is the prettiest thing on earth without a soul. After she had arranged bouquets of glads and roses, she asked Mrs. Gannaway, Mrs. Thompson, Mrs. Nellums and Mrs. Waldrip each to fix one, using different types of flowers and vases.

Refreshments of cake and mint punch were served. The plate favors were tiny crepe flowers, made by Mrs. John Henry.

After a short business session, the class members and guests were dismissed by a prayer by Mrs. T. B. Robertson.

Those present were Mrs. C. M. Conner and Mrs. Norman Nanny, guests; Mesdames Maurice Gannaway, Buster Shelton, Alvis Bird, C. V. Schwartz, Jimmy Thompson, Thurmond Bynum, Clinton Herren, Bill Pennington, T. B. Robertson, Carl Wheatley, Travis Everett, Thurman Lusk, Doyle Eastland, and Miss Beety Jo Clanton, class members; Mrs. Hansford Harris, Bill Nellums, John Henry, Lynn Waldrip, Jim Alvis and Walter Gresham, hostesses.

Weinert Canasta Club Officers Elected

The Canasta Club of Weinert met Thursday at 2 p. m. in the home of Mrs. V. C. Derr. In the business session officers were elected for the coming year, with Mrs. R. H. Jones being elected president and Mrs. R. M. Baldwin secretary.

Ice cream was served to the following members: Mesdames Fred Monke, J. W. Liles, P. F. Weinert, T. M. Diggs, R. M. Baldwin, R. C. Liles, R. H. Jones and W. B. Guess.

The Marine Corps has opened its ranks to enlisted reservists on active duty who may become regulars without loss of rank or precedence.

The Navy's first "submersible torpedo boat," the USS Holland, was accepted on April 11, 1900. Fifty one years later the U. S. Fleet boasts 76 submarines on active duty and 120 in reserve.

Texas dairy producers in 1950 produced approximately four billion pounds of milk that was valued at \$200 million.

Blue Bonnet Club Meets With Mrs. Orville Emerson

The Bluebonnet Club met June 7 in the home of Mrs. Emerson. Plans for a skit at encampment were discussed. New improvements were presented for growing flowers by different members. Mrs. Hagle gave a report on

the style revue presented at Haskell.

Those present were R. V. Hagle, Arthur Holcomb, Lennie Denson, Orville Emerson, Jennings, Corbett, Astin, Overby, Olay Murray, G. E. Davis and

Retail Service Businesses Must Post Ceiling Prices By June 15th

Businesses offering retail services to the public—from auto repair to hairdressing—must file a list of ceiling prices before June 15, Fort Worth Office of Price Stabilization reminded today.

Lists of ceiling prices must be posted where plainly seen by the public. OPS added.

Requirements are called for by Ceiling Price Regulation 34, which covers all service trades—barbers, dry cleaners, laundries, shoe repair shops, service stations, parking lots, etc.

Businesses need only to write down a list of prices charged for each service between December 19, 1950 and January 25, 1951. They must mail one copy to the Fort Worth OPS office at 2900 Lancaster Street, Fort Worth, and another copy in the place of business.

Questions regarding this regulation should be addressed to the Office of Price Stabilization.

Conditions Favorable to Cotton Growth in Most Areas of State, USDA Reports

Inspection of excessive weevil damage, conditions favorable for cotton during the past week, the weekly report of the Agricultural Experiment Station and the report, issued by the following summary:

Inspection of excessive weevil damage, conditions favorable for cotton during the past week, the weekly report of the Agricultural Experiment Station and the report, issued by the following summary:

Inspection of excessive weevil damage, conditions favorable for cotton during the past week, the weekly report of the Agricultural Experiment Station and the report, issued by the following summary:

POISON APPLICATIONS should be continued in the North Central, North Eastern and Eastern areas of the State at the recommended boll weevil dosages. Weevil populations are quite heavy in these areas especially in fields near hibernation quarters. It is important to kill off these weevils before squares are large enough for eggs to be laid. In the southern areas of the State poison should be applied only in fields where inspections show that insect control is needed.

Cutworms destroyed stands of late planted cotton in several central Texas counties. Heavy dosages of the insecticides recommended in the Guide, when properly applied will control this insect.

Pink bollworms were found in bloom inspections made in counties in the Upper Coastal areas and in some of the counties just north of this area.

CARD OF THANKS

We desire to express our deepest appreciation for the many kind expressions of sympathy during the illness and death of our sister.—The family of F. T. Johnson.

HOSPITAL NOTES

Registered as patients in the Haskell County Hospital Thursday morning were the following:

Mrs. Bill Steel and infant daughter, Haskell.

Mrs. J. A. Sanders and infant son, Haskell.

Mrs. Edgar Wilson and infant son, Haskell.

P. A. Jones, Rochester, medical.

Mrs. Ella Rich, medical, Jayton.

Mrs. Emma Thames, medical, Haskell.

Mrs. H. A. Marsh, medical, Weichert.

G. H. Muegge, burns, Haskell.

Scotty White, surgery, Rule.

Mrs. J. D. Falls, medical, Throckmorton.

Bennie Arend, medical, Haskell.

Mrs. T. M. Bird, surgery, Haskell.

Sandra Peiser, surgery, Haskell.

B. L. Caldwell, medical, Electra.

Mrs. Lucy Granado, medical, Rule.

Dismissed—

Mrs. D. F. Rose, Haskell; Basil T. Murphy, Jr., Haskell; Paulett Fisher, Haskell; Mrs. Albert Andrews, Haskell; Terry M. Edwards, Goree; Mrs. Anita Gomez and infant daughter, Haskell; Mrs. Lydia Lerma and infant son, Rule; Mike Overton, Haskell; J. W. Dial, Rule; Mrs. Geo. Turnbow, Haskell; Mrs. Louise Hicks, O'Brien; Mrs. Bill Swartz, Haskell; Mrs. L. R. Beasley, Rule; Marie Carrouth, Haskell; Mrs. W. W. Buerger and infant daughter, Haskell; Mrs. H. H. Segro, Haskell; Mrs. Howard Reding, Haskell; Mrs. Martin Follstaedt and infant daughter, Haskell; Mrs. James E. Perdue and infant son, Rule; Mrs. W. D. Kierepka and infant son, Haskell; Doyle Langford, Haskell; Mrs. J. E. Bernard, Haskell; Wayne Collins, Haskell; Mrs. C. H. Spurlin, Sagerton; Jose Martinez, Munday; Mrs. M. L. Blohm, Haskell; Joe Cook, Throckmorton; L. E. Thompson, Rule; Carl Davidson, Rochester; and Mrs. W. B. West, Jr., Stamford.

Young Vegetable Growers Can Aid Defense Efforts

Texas farm youths were told today they can make a direct contribution to the nation's defense program by taking part in this year's production marketing contest of the National Junior Vegetable Growers Association.

Secretary of Agriculture Brannan has called for greatly increased vegetable gardening, said John E. Hutchinson, extension horticulturist at Texas A&M College, "and I feel this contest, teaching more efficient methods of growing and selling vegetables will be very helpful in building up adequate reserves of food supplies for emergencies."

In announcing opening of the NJVGA's eleventh annual competition, Hutchinson pointed out that it ties in directly with the Department of Agriculture's belief that an expansion of vegetable gardening in all states will contribute material strength to national defense efforts.

"With per capita vegetable consumption now more than 10 per cent above prewar levels, and our population steadily increasing, it's easy to see the value of such a program," he said.

Hutchinson, who serves as the association's state adult advisor, said all Texas farm youths from 12 through 21 are eligible to compete in this contest for which A & P Food Stores annually provides \$6,000 in cash agricultural scholarships. "Actually," he explained, "besides getting fine training in vegetable growing and selling and an opportunity to win one of the more than 200 awards this contest offers, contestants will aid defense efforts in two ways."

"First of all, the crops from the plot each contestant must plant, cultivate, harvest and market in order to compete in this event will add to our supply of healthy, nutritious food. In addition, adults who learn of the fine results these boys and girls achieve through the use of modern, scientific methods will be encouraged to adopt similar practices. The result can only be a bigger and better vegetable crop throughout the nation."

Any young gardener may enroll in the NJVGA's production-marketing contest by contacting 4-H Club leaders, county agents, instructors in vocational agriculture or numerous other farm youth leaders who are cooperating with the association in enrolling members. Youths may join also by writing directly to Hutchinson at Texas A&M College, College Station.

In addition to the production-marketing contest, the 1951 program will include the annual demonstration contest, in which individuals or teams compete in demonstrating new methods of planting, cultivating, marketing or preparing vegetables. Journeys to the annual NJVGA convention for winners of state contests, and cash awards to top performers in the national finals, are offered by the W. Atlee Burpee Company for this event.

Texas farm youths won four awards in the 1950 production-marketing contest. They were Max A. Thomason of Jacksonville, and Lawanda Vinson of Tuscola, who captured \$100 sectional championships, and Syble J. Wall, Chireno, and Mildred Gregson, Amherst, who won state awards.

Legislature Enacts Many Game and Wildlife Bills

Fifty-six bills bearing on wildlife were passed by the recent legislature.

A tentative check on the measures enacted indicates that only a few have a state-wide effect. Most of them were local bills.

The major acts, according to the executive secretary, were those to:

- Increase the Game and Fish Commission from six to nine members.
- Provide one hunting license at a cost of \$2.15 instead of the old small game license of \$2 and the big game license of \$2.15.
- Authorize the Commission to accept the state's share of the new federal tax on sporting fishing equipment.
- Require boat-for-hire operators to furnish life preservers for each person using a rented boat, with game wardens empowered to enforce the law.
- Give local courts power to revoke hunting and fishing privileges after game or fish law violations.
- Some of the more important "local" bills passed were to:
 - Set up a new wildlife regulatory area in the counties of Jack, Young, Stephens, Palo Pinto, Erath and Hood, with the Commission authorized to open and close seasons and determine bag limits.
 - Authorize the Commission to cooperate with federal authorities in managing wildlife in the National Forests in Houston and Trinity counties.
 - Permit commercial fishing of menhaden with purse seines in a restricted Gulf area since scientists have found that game fish do not use these rough fish species for food.

IN NEW MEXICO
Mr. and Mrs. W. I. Coggins have returned from Ruidosa, N. M., where they have been vacationing the first part of this week.

Weinert Methodists Close Successful Vacation Bible School; 'Pound' Pastor

One of the best Vacation Bible Schools ever to be held in the Weinert Methodist Church closed on Saturday, June 9. Some fifty-seven children took part in the school, most of whom made perfect attendance records. On Saturday morning fifty children and some twenty parents and workers invaded the City Park at Seymour for a big picnic. Swimming and playing in the park, and the eating of the Vacation Church school 50th anniversary cake with many other good things included, highlighted the day.

Combined number of workers and children registered for the school not including those who served refreshments each day was seventy-three.

The Vacation Church School program of the Methodist Church includes only children. Youth outline and carry out their own year's program including church school and evening programs.

Youths attending Summer Assembly at McMurry College from Weinert Methodist Church included Miss Frankie Jo Tanner, Miss Myrtle Smith and Wayne Hix. All are officers in the local MYF of Weinert.

The Methodist people of Weinert surprised their pastor and family with a pounding last Wednesday evening. Several families brought ice cream and cake which was served to the congregation. The pastor and family was then presented with a fine assortment of groceries and articles of clothing.

The Rev. L. W. Tucker was re-appointed pastor of the Weinert church at the recent Northwest Texas Annual Conference. This will be his third year as pastor of that church.

R. T. (Bob) Hunt, Long Time Rule Resident, Dies

R. T. (Bob) Hunt, 85, longtime resident of Rule, died at his home in that city at 9:20 p. m. Friday of a heart attack. He had been in ill health for four years.

Funeral services were held at 4 p. m. Saturday in the First Baptist Church at Rule. The Rev. Houston Walker, pastor, officiated. Burial was in the Rule Cemetery under direction of Gauntt Funeral Home.

Mr. Hunt was born in Georgia in 1866 and married Mandy Florence in 1911 in Rule. He was a member of the Church of Christ.

Survivors include the widow; nine children, David Hunt of Rule, Arthur Hunt of Lexington, Okla., Mrs. J. K. Betts of Midland, Roy Hunt of Rule, Miss Vera Hunt of Haskell; Myrtle Hunt of Rule, the Rev. Earl Hunt of Brownwood, Mrs. R. D. Bristow of Roswell, N. M., and Marcus Hunt who is enroute overseas with the Army.

Burialbearers were Lee Corzine, Bill Guinn, A. B. Arnett, Claude Norman, Ches Baker, Floyd Cannon and Lonnie Corzine.

VISITING PARENTS

Mrs. Lloyd White and son Darold of Hobbs, N. M., are visiting her parents, Mr. and Mrs. Jess Adams of Rochester.

State 4-H Dress Revue Scheduled For June 26

The annual State 4-H Dress Revue will be held at College Station June 26. Mary Routh and Nena Roberson, clothing specialists for the Extension Service of Texas A&M College, say 145 garments have been entered for judging in the final revue.

The revue is the achievement event for all 4-H Club girls in Texas who have worked on the clothing demonstration this year. The specialists say that 9,596 girls entered garments they made in the county revues.

Home demonstration agents and adult leaders in more than 145 counties have trained girls in color and pattern selections, choosing fabrics, finishes and accessories and proper grooming. The girls have learned through these lessons, through demonstrations, from seeing colored slides, and by actual sewing at home.

The McLennan county home demonstration agents, Mrs. Vera Cargill and Mrs. Neil Robinson, scored 81 winners for construction from the 16 local dress revues held as evening community events. The agents report that more than half the 300 girls in the county entered the dress revues in their communities this year.

Each girl received special awards from the community organizations, and home demonstration club women served as judges. Adult leaders planned the meetings with special programs, announcers and musical background. Mrs. Morris Attaway and Mrs. Earl Thompson and leaders for the Midway 4-H Club, held a sewing day for seven 4-H girls, and all except two received blue ribbons.

Nearly 2,000 people attended the 16 local revues in McLennan county. Home demonstration agents from nearby counties judged the 81 girls wearing their dresses in the county revue. Cynthia McKethan, a 4-H club girl, trained the others to model in the revue—carrying out the theme, "The 4-H Girl in the Pictures."

Many McLennan county girls made dresses for the first time this year. Nita Hiland, age 11, of Lakeview 4-H Club, made her first, with her mother, Mrs. Joe Hiland working along with her on mother and daughter dresses. The agents report that Nita's dress was unusually good for a first effort. She cut, stay stitched and sewed it according to recommended methods, and she scored 93 in the revue.

Barbara, Ann Place of Crawford, will represent the McLennan county 4-H club girls in the State Dress Revue in Guion Hall June 26. This revue will be one of the highlights of the Texas 4-H Roundup at A&M College, June 26-27.

Plant Flowers Now For Late Summer Blooming

Now is the time to set out young flowers or plant seeds for late summer bloom. Sadie Hatfield, Homestead Improvement Specialist for the Agricultural Extension Service of Texas A&M College, says the seedlings will come out to take the place of the early flowers as they stop blooming.

The best standby for late summer is the zinnia. This flower comes in many sizes from the tiny "Tom Thumb" to the "Giant Flowered" and you can have them in double or single blooms in any color. Miss Hatfield recommends the Mexican zinnia, a small, unusual plant, which is easy to grow. She says it is small enough to use in corsages, and the plant re-seeds itself each year.

Endurance—
others talk about it, but

MERCURY Proves it!

Facts Prove it!
YES, OFFICIAL REGISTRATIONS PROVE THAT 82% OF ALL MERCURY'S EVER BUILT FOR USE IN THIS COUNTRY ARE STILL ON THE ROAD!
Extra Durability—Mercury's heavy-gauge, all-steel body and frame has special "bridge-type" bracing, reinforcing, welding—to withstand hard use. Less Maintenance—Mercury engine features like "controlled finish" cylinder walls, "full-flow" cooling, and chrome-plated top piston rings help assure top performance for thousands of extra miles.

Miles Prove it!
YES, MILE AFTER MILE OF TESTING—UNDER WORST POSSIBLE DRIVING CONDITIONS—PROVES MERCURY'S AMAZING DURABILITY.
The Mercury you see in showrooms is built to withstand rougher handling than you will probably ever give it. Every part of the Mercury—the chassis, body, steering assembly, the "Hi-Power Compression" engine—is test proven to serve, to perform, to last years longer than you'd ever expect!

It's proof that may astonish you, but it's no surprise to Mercury owners. They know the dependability of their cars—the brawny frame, powerful engines, sturdy bodies. They know about the economy that took first-in-class honors two years in a row in Mobilgas Economy Run. They know about low upkeep, too! And your Mercury dealer can tell you his experience regarding resale value. He'll show you why your Mercury's value stays up—and he'll even prove it with used car market reports. Just one more way you save with the great new Mercury!

Standard equipment, accessories, and this illustrated are subject to change without notice.

Try it today—**MERCURY** For the buy of your life!

You're Invited

To take a **"Discovery Drive"** in a **POWER Glide**

CHEVROLET

We've wanted to give you and everyone in town a chance to discover what it's like to drive a POWER-GLIDE Chevrolet. But demand for Chevrolet's great automatic transmission has been so huge... we couldn't keep a demonstrator! Now we refuse to wait any longer. In spite of growing demand, we've set a demonstrator aside for you to drive...

Come in expecting something wonderful—Chevrolet's Powerglide will exceed your expectations! Powerglide is not like any other automatic transmission in the low-price field! You just slip the control lever into "DRIVE" position. Powerglide does the rest.

But why just read about it when you can try it! Get your "Discovery Drive" this week for sure!

Powerglide is owner-proved over a billion miles.

HASKELL VISITORS

Mr. and Mrs. E. A. Warren of Fort Worth visited Haskell for a brief visit Thursday. Mr. Warren is editor and publisher of The Post Dispatch, and they were on their way to Dallas to attend the annual convention of the Texas Press Association.

HASKELL VISITORS

Mr. and Mrs. S. W. Wright and children of Littlefield, and Mr. and Mrs. J. W. Threest of Center Point were visitors in the Carl Seagin home Wednesday.

Streets Improved In 8-Block Area Lindsey Addition

An 8-block street improvement program is being completed this week in the new Lindsey Addition in Northwest Haskell, according to R. G. Freely, local contractor who has had charge of the project.

Work done included the placing of a heavy caliche-gravel base on eight blocks of streets from curb to curb. This will provide an all-weather roadway throughout that area, linking the streets and avenues with the recently-completed paved streets in that residential section.

In addition to providing an all-weather traffic surface at the present time, the base can be utilized in the future if permanent type paving is desired at any time, the contractor said.

Sheriff Bob Cousins left Tuesday afternoon for San Antonio where he is attending the annual convention of the State Sheriff's Association.

Rev. O. E. Bright Accepts Pastorate Of Jud Church

Rev. O. E. Bright, former pastor of the Bible Baptist Church in this city, recently accepted a call to the pastorate of the Baptist Church at Jud, progressive farming community in the northwest part of Haskell county.

Rev. Bright reports an encouraging increase in attendance at all services of the Jud church in recent weeks, which has resulted in the strengthening of the church. The minister and his family are continuing their residence here until a parsonage planned at the Jud church is constructed.

RETURN HOME AFTER VISIT HERE

Mr. and Mrs. Carlos Haynes and daughter Frances have returned to their home in Portales, N. M., after a visit here in the home of Mr. and Mrs. Kirby Kirkpatrick. Another daughter, Nelda, remained for a longer visit in the Kirkpatrick home.

Application Made For USDA Cotton Classing Service

C. G. Burson of Haskell, chairman of the Farmers Cooperative Society No. 1 Cotton Improvement Association, has turned in the first application from Haskell county for 1951 Smith-Doxey cotton services.

This was announced today by H. J. Matejowsky who is in charge of the Abilene cotton classing office, US Department of Agriculture's Production and Marketing Association.

Smith-Doxey services include classing and USDA cotton price quotations.

"Every farmer belonging to an organized cotton improvement group can get these USDA services without cost, but first the group must file an application for them," Matejowsky said.

Applications can be secured from the county agent's office and they should be filed with the cotton classing office in Abilene as soon as all the farmers in the group have planted their cotton.

Deadline for receiving applications from Haskell county is August 15.

Rites Held Sunday At Curry Chapel For Reding Infant

Funeral rites were held at the Curry Chapel Baptist Church Sunday at 3:00 p. m. for Judy Kay, infant daughter of Mr. and Mrs. Howard Reding of this city.

The Rev. L. F. Maceland, pastor of the Curry Chapel church officiated for the service. Burial was in Willow Cemetery in this city under direction of Holden Funeral Home. Pallbearers were E. W. Kreger, Jr. and J. L. Toliver, Jr.

The infant was born June 7 in the Haskell County Hospital and died the following day at 7 p. m. Surviving are the parents, a brother, James Allen Reding, and grandparents, Mr. and Mrs. J. H. Reding, all of Haskell.

VISITORS IN TOOLEY HOME

Mr. and Mrs. M. A. Mashburn and daughters, Anita and Shirley Bell, and Elizabeth Hazard of Vernon visited in the home of Mr. and Mrs. O. W. Tooley Saturday. The three girls attended Assembly at McMurry College during the past week.

The Best of Everything!

Texas are enthusiastic about their State Park system... 36 parks in all parts of the State. Some are historical memorials... some recreation spots... some dedicated to the preservation of natural beauty...

...users are enthusiastic about Texas' own

Every day many Humble dealers thank a number of their customers for recommending Esso Extra gasoline to their friends. These bona fide recommendations have spread the good name of Esso Extra from one end of Texas to the other: this fine gasoline is noted for extra quick starting, extra anti-knock performance, extra power, and for the exclusive, patented solvent oil that keeps engines extra clean. Users say, there's extra value in every gallon of Esso Extra.

See for yourself. Stop at the Humble sign in your neighborhood and fill up with Esso Extra, the gasoline that gives you something extra for your money... Humble service is something extra, too.

HUMBLE OIL & REFINING COMPANY

Haskell Soldier Cables Wife of Arrival Overseas

Mrs. Raymond Pickering, the former Lucile Toliver of this city, has received a cablegram from her husband, Pfc. Raymond H. Pickering, telling her of his arrival at Bremerhaven, Germany. He will be assigned to duty with U. S. forces in the American zone of Germany. Pfc. Pickering is in an infantry regiment in the 4th Division.

Rites Held Here Saturday for Mrs. Ada H. Johnson

Mrs. Ada H. Johnson, 78, widow of the late F. T. Johnson, Methodist minister, died Friday morning in the Haskell County Hospital.

Mrs. Johnson had been hospitalized for a month. Her home was in Goree. Born Nov. 21, 1872 in Wayne County, Tenn., she was married August 5, 1896, to F. T. Johnson at Old Spring Creek Church near Avoca. The Rev. Johnson, who served in the Northwest Texas Conference of the Methodist Church all their married life, was Methodist minister at Goree from 1930 until 1934. He then served two years at both Rochester and Pell, Texas.

After his retirement in 1938, the couple moved to Goree, where he died July 1, 1947. Mrs. Johnson was a member of the Goree Methodist Church. Funeral services for Mrs. Johnson were held Saturday at 2 p. m. in the First Methodist Church of this city. Jointly officiating were Methodist ministers Rev. E. L. Yeats of Albany, Rev. T. G. Craft of Haskell, Rev. Alby J. Cockrell of Petersburg, Rev. Bourdon Smith of Goree, Rev. Cecil Fox of Rochester, and Rev. J. H. Crawford, Stamford District superintendent.

Burial was in Willow Cemetery under the direction of Holden Funeral Home. Pallbearers were Jess Rawlings, Sam Hampton, Homer Moore, and Walter Mooney of Goree; and Ray R. Overton and Howard Montgomery of Haskell. The couple had no children. Surviving Mrs. Johnson are two sisters, Mrs. Ray R. Overton of Haskell and Mrs. A. J. Terry of Petersburg, Texas; two nieces and a nephew.

Rochester Stores Being Remodelled; Rotary Club Observes Guest Night

By MRS. JAS. A. GREER
N. B. Webb is making extensive repairs and improvements on his business building in Rochester, which when completed will be occupied by Kay Salman Dry Goods.

Hap Smith, progressive Rochester druggist, is remodeling and re-decorating his drug store and adding new fixtures. When completed it will be one of the most attractive and up-to-date drug stores in this section.

Tuesday night of last week was guest night at the Rochester Rotary Club. A delicious fried chicken dinner was served to members and guests, after which a short business session was held and a most entertaining program enjoyed. Johnny Brown, a magician from Stamford, delighted the audience with sleight of hand and magic tricks. Misses Lois Ann Huntsman and Jane Ann Campbell accompanied at the piano by Jimmy Alvis, entertained with musical numbers.

Supt. R. R. King of the Rochester schools, accompanied by Mrs. King and their daughters, Eileen and Jean, left Sunday for Boulder, Colo., where Mr. King will do work on his Doctor's degree at the University of Colorado and Mrs. King and daughters will spend the summer vacationing in the mountains.

Mr. and Mrs. Joe Wolcott and daughter, Sandra of Fort Worth visited with Mrs. Wolcott's parents, Mr. and Mrs. James A. Greer in Rochester Friday and Saturday.

Rochester students home from college for the summer include Omce; Bell, from Arlington Jim Huntsman from McMurry; Morris Nanny from Texas A&M; Arlene Goode from West Texas State; and Dan Michaels from Texas Tech.

William Porter from Arlington College and Glen Darrell Cox, who is attending McMurry, spent a few days with homefolks in Rochester last week but returned to school for the summer term.

Rochester Seniors Of '50 Meet For Reunion, Picnic

Members of the 1950 graduating class of Rochester High School held their first Class Reunion Sunday June 3rd.

After meeting in Rochester at 8 o'clock Sunday morning, they left on a trip to Seymour laughing, joking and talking about old times.

During the day swimming, fishing and picnicking were enjoyed by the following: Helen and Ellen Adams, Beverly Dabney, Jaunita Clark, Billy Proffitt, Bobby Joe Helton, Kenneth Thomason, R. B. Townsend and Jimmie Huntsman.

There were several members of the class who were unable to attend. It was not decided when the class would meet again.

Officers of the 1950 class were: President, Kenneth McWhorter; vice president, R. B. Townsend; reporter, Laudie Martin.

VISITING IN ST. LOUIS AND NEW YORK CITY

Mrs. Harry Wheeler and daughter, Mrs. Virgil A. Brown left late week for St. Louis, Mo., where they will visit in the home of Mr. and Mrs. Gilbert Wheeler. From there they will go to New York City where they will visit Misses Bee, Alene and Frances Wheeler for several weeks.

HOW FREEDOM RINGS

America's 42 million phones present overwhelming evidence of freedom of communication far greater than the combined telephone systems of the rest of the world. Here, too, is stirring evidence of private enterprise, dedicated to public service and less it is prepared to do better. History has shown that even at the cost of sacrificing human liberty, freedom, free enterprise and achievement go hand in hand.

Southwestern Associated Tele...

POWER-PACKED

-and then some!

There are a lot of reasons you can expect a new GMC to keep hauling a lot longer than any other truck you can buy.

First is the fact of horsepower. Whether it's a gasoline-powered 1/2- to 2-tonner with horsepower unbeaten in its class, or one of the new heavy-duty Diesels—you can't beat a GMC for "go"!

But the extra value you find in these great trucks doesn't end at the power plant.

There's the smooth GMC Synchro-Mesh Transmission linked to a sharp-shooting drive line, pouring every ounce of power back to the rugged rear axle. And the solid way horsepower becomes wheel-action—you know there's extra depth of truck performance engineered right down through

the broad-shouldered frame of a GMC! And standing guard over these long-time trucks are husky brakes with more area than most—the surest, easiest steering ever devised to direct a pay load home—all controlled from a spacious "Six-Footer" Cab that's Weathersealed for a lifetime. GMC's are made in the widest variety of engine-body-chassis combinations to meet any trucking need. And the prices? No better buy anywhere! Come see for yourself.

Get a real truck!

Cotton Brings \$21 Million To Farmers Each Work Day

Cotton meant approximately \$21,085,000 in cash income to Cotton Belt farmers each working day during the 1950 growing season the National Cotton Council reports.

Cash value of cotton lint and seed in the 14 major cotton-producing states totaled \$2,320,440,000, making cotton America's greatest cash crop.

Farmers in Texas made approximately \$6,220,700 each working day last season, accounting for 29.6 per cent of the combined cotton farm income of the top 14 states. Mississippians totaled \$2,862,730 per day and accounted for 13.6 per cent of the total cotton income while Arkansas producers earned \$2,351,400 daily, or 11.1 per cent.

Based on a Belt-wide estimate of 110 working days during the season, Cotton Council estimates that California farmers made \$1,981,360 per day and received 9.4 per cent of the total cotton income. Alabama and Georgia were other states making more than a million dollars a day from cotton, grossing \$1,212,300 and \$1,058,180 respectively or 5.7 and 5 per cent of the total value of the crop.

Income per day for the other leading cotton states and their percentages of the total for the 14 top states were: Arizona, \$946,820 and 4.5 per cent; Louisiana, \$921,360 and 4.4 per cent; South Carolina, \$855,910 and 4.1 per cent; Tennessee \$851,820 and 4 per cent.

Missouri farmers made \$545,820, claiming 2.6 per cent of the combined cotton income; Oklahoma, \$494,090 and 2.3 per cent; New Mexico, \$405,590 and 1.9 per cent; and North Carolina, \$385,910 and 1.8 per cent.

*Cotton in Arizona brought the highest value per acre, averaging \$361.50 for the 1950 season, the Council says. California was second in value per acre at \$377, followed by New Mexico grossing \$260.

Thirty-five striking costumes made from cotton feed bags recently created a sensation when they were presented as a novel fashion show in the fabulous Blue Room of the Shoreham Hotel in Washington, D. C. The show was staged at a meeting of the Capitol Division of the National Farm and Garden Association.

It's a long jump from the feed bin to a glamorous hotel ballroom, but cotton feed bags recently made the jump from barn to high fashion world.

MECHANICAL HARVESTER DOES WORK OF 50

This giant cotton harvesting machine can gather a bale of cotton in from one to two hours. With its huge snout, the machine can do the work of 40 to 50 human pickers, the National Cotton Council says. This spindle-type cotton harvester is used principally in the rain belt of the Mississippi Valley and the Southeast, as well as the irrigated regions of California and Arizona.

New House at Minimum Cost

found that many of the plans that you see re-commended are for a home at the minimum cost. If so, you will want to see this house closely. It is especially to meet the budget.

is light and airy, and the arrangement is such that the steps will be re-arranging and serving meals.

to add economy the which is provided for range, has been de-termined so that it with a spa heater bedroom. This room desirable arrangement. In addition, there usually large closet.

room is larger than is necessary. If you want more room in the house, it would be quite simple to add a bedroom as a hallway. Another room to the left of the house. Such an addition would not require any major alterations. In addition, notice that this room has been provided with a large walk-

ent, and put the porch in its place. You can obtain blueprints for this Haskell Free Press Farm and Ranch Plan No. 4912 and a handy list of materials by which you can figure your construction cost

accurately. Send \$1 to Building Editor, Farm and Ranch South-ern Agriculturalist, Dept. J-90, Nashville, Tenn. Order by num-ber—Plan No. 4912. Blueprints are adequate for any farm car-penter or any farmer handy with tools.

Pierre Balmain puts a French accent on American cottons by Gale & Lord in this striking formal gown of white pique high-lighted by new, beautiful plaid lamina-sheer. Gold threads sparkle in this washable sheer, used also for the dramatic pique-edged stole.

RETURN FROM VISIT IN EAST TEXAS
Rev. and Mrs. O. E. Bright and children, Ouida Jean, James Ar-mand, Larry Wayne and Jo Ann have returned from a two weeks visit with relatives and friends in Willsboro, Quitman, Pitts-burg and Mineola. While in that section the Haskell minister as-sisted in a revival meeting at the Rose Hill Baptist Church near Mineola.

ATTEND FAMILY REUNION
Mr. and Mrs. W. P. Curd, Jr. and Ronald Lynn of Knox City and Mr. and Mrs. W. P. Curd, Sr., Leta, James and Charley at-tended a family reunion in Gates-ville Saturday and Sunday.

It's a paying proposition to handle all insecticides carefully. Don't take chances. Follow the recommendations of the manufac-turer in handling, mixing, ap-plying and storing the "bug kill-ing" materials on the farm.

In 1950 Texas farmers and ranchmen purchased 228,286 tons of superphosphate. It was used primarily under legumes and on pastures.

took part in six schools attended by about 3,000 persons concerned with problems in irrigation. As-sistance also was given on meth-ods for control of weeds in pas-tures and cropland. Much of the specialist's help was directed to-ward safety in the use of mater-ials designed for killing weed.

Facilities of Soil Testing Service Are Expanded

Expansion of the soil testing service of the A&M College of Texas to make possible the analysis of 100 samples daily was on outstanding development in soil research facilities in 1950. The testing service which was assigned to the Extension Service of operation, determines the organic matter (from which nitrogen is computed), available phosphoric acid, potash, lime, together with the lime requirement to bring the soils to appropriate reactions and soluble salts. Information gathered from the analysis is the basis for recommendations by M. K. Thornton, extension agricul-tural chemist, to farmers sub-mitting samples.

Meanwhile, the specialist en-couraged applications of sulphur and gypsum on alkali soils in order to improve their physical characteristics. While 4097 tons of sulphur were used on this type of soil during the year, particularly in the western part of the state, use of gypsum was less than had been hoped for. But toward the year end arrangements were made with a producing concern to man-ufacture and distribute agricul-tural gypsum. During 1950, how-ever, the specialist gave fifteen farm demonstrations in the use of gypsum for improving soil structure. In the same period 50,000 tons of limestone were applied on 6,318 Texas farms but more would have been used had transportation been available.

Years of demonstrational teach-ing by Extension Service special-ists and field personnel has firm-ly fixed oil improvement prac-tices in the pattern of Texas agriculture. Use of phosphorus, potash and mixed fertilizers, es-pecially in association with leg-ume cover crops, is not only an accepted principle of profitable farming but appears to be gain-ing adherents. In 1950, for ex-ample, 196,040 tons of twenty per cent superphosphate or its equivalent were applied to Texas farms and ranches under the Production and Marketing Ad-ministration program. But inter-ested farmers bought enough on the open market to raise the state's total purchases of super-phosphate to 228,286 tons.

The major part of the phos-phate tonnage went under leg-umes with a considerable por-tion of the remainder on pas-tures. The Extension agricultural chemist points out that use of phosphate in the farming systems stems directly from demonstra-tions conducted through the TVA system in the early 1930's.

Potash is being used increas-ingly for pastures, soil improve-ment and larger crop yields; and the 16,769 tons of 0-14-7 applied to pastures and legume crops un-der the PMA program was con-siderably larger than the volume used the preceding year. At the same time, the 0-12-12 type also found large usage. Potash in the phosphate-legume program con-tributed to reduction of rust on cotton and to increased yields. Root rot was fought in 83 coun-ties with 6,089 demonstrations of Hubam clover and mellilotus in-dica as proved treatment for re-duction of the infestation.

During the year Thornton worked with county, agricultural agents in irrigation areas and

Summer Weather Brings Hazards for Baby's Health

"Being a baby is a real hazard in either winter or summer but much can be done to avoid or at least lessen some of the hazards that are associated with hot summer days," declared Dr. Geo. W. Cox, State Health Officer. Sum-mer is the season in which death from intestinal disorders has in the past exacted its greatest toll. "To guard the infant against such danger, care must be taken

that his food, especially milk is pure and kept safe. If there is any uncertainty concerning the water supply, the baby should drink only water which has been boiled and cooled and kept covered. The baby and all his food must be protected against flies. "Baby himself and all things which he comes in contact should be kept clean as possible. Plenty of fresh air and sunshine are es-

sential for the best health of the infant. The baby's body should be gradually exposed to the direct rays of the sun; begin with ex-posure of only part of the skin surface for three to five minutes and slowly increase the area of skin and time once or twice daily. "Care must be taken to keep the baby free from prickly heat by keeping the skin clean and not

too warmly dressed or covered. If the baby is comfortable, he will get his usual amount of sleep and will eat and develop normally. In case the child shows symptoms of any abnormal con-dition, the family physician should be consulted at once."

VISITS IN HASKELL
Mrs. A. B. Stark of Coleman spent the first part of the week in the Jetty V. Clare home.

New Movie Shows Lion Hunting on Texas Border

An eye witness account of mountain lion hunting in the Texas border country is about ready for Texas sportsmen in a new Game, Fish & Oyster Commission motion picture—"Outlaw of the Cameron."

The executive secretary said this latest addition to the Commission's film library, for distribution to clubs and organizations, will be available within a few weeks.

Color picture and sound have been synchronized to record the thrilling hunting technique in tracking down and capturing alive one of the lions which still prey on wild game and livestock in the border area.

The story is based on the actual experiences of the Brothers Luke and Bob Snow who have mastered the trick of corralling one of the most savage of wild creatures in south Texas.

Luke Snow is sheriff of Willacy county. Brother Bob is a State game warden. They comprise one of the Southwest's most famed hunting teams. Many of the lions they capture are turned over to zoos in Texas cities.

Filming of "Outlaw of the Cameron" was done by Lon Fitzgerald, Commission cameraman. The location sound effects were handled by Gene Plummer of the Commission's photographic staff.

Release of this new picture follows that of "Master Whitetail," a color and sound story of Texas deer, finished early in 1950.

Livestock Owners Advised To Spray Against Hornfly

Flies affecting livestock cause tremendous loss to the farmer each year. Therefore, it is to the livestock man's advantage to provide the best possible control of these pests.

R. O. Dunkle, county agricultural agent, reports that many ranchmen in Young county are spraying their herds for hornfly control. Dunkle estimates that if one-half of the cattle in the county were sprayed regularly through the fly season, beef production would be increased over half a million pounds.

Charlie Cave, Kaufman county cattle breeder, said recently that the cattle in his herd, which were sprayed last year, were at least 10 per cent better than unsprayed cattle.

It is usually necessary to apply specific control measures for each species of fly says James A. Deer, assistant entomologist for the Texas Agricultural Extension Service.

Deer points out also that different control measures are required for different types of livestock. Dairy cattle should not be sprayed with insecticides that may contaminate the cow's milk.

He suggests that livestock men contact their county agricultural agents for the latest recommendations on controlling hornflies, stable flies, horse flies and house flies. Hornflies alone may cost the livestock producer 50 pounds or more of beef per animal a year.

Mr. and Mrs. W. L. Donald of New London, Texas, visited over the week end with Mrs. Donald's sister, Mrs. F. L. Peavy and Mr. Peavy in this city.

Demonstrations of Chevrolet Power Glide Announced

If you want to drive a Powerglide Chevrolet visit the showrooms of the Burton Chevrolet Co. from June 18 to 30.

R. L. Burton has planned special demonstrations for the public and the period will be devoted to giving as many people as possible rides in the cars.

Because of the customer demand for Powerglide automatic transmissions in this area, R. L. Burton explains, he has been unable to set aside demonstrators. However, he will hold cars solely for this purpose through the demonstration period.

"Chevrolet has just built its 500,000th Powerglide and to observe the milestones it has requested all dealers to co-operate in mass demonstrations," he declared.

R. L. Burton pointed out that Powerglide differs from other automatic transmissions on the market in that it represents a "package" improvement. Included, besides the revolutionary automatic shift, are a more powerful engine of 105 horsepower and an "Economiser" rear axle.

"The opportunity for mass demonstrations here will show what owners have learned in more than a billion miles of driving," R. L. Burton declared. "Even a brief trial will prove that Powerglide-equipped cars are easier and more restful to drive."

"With Powerglide, the car has no clutch. This means the elimination of hundreds of manual operations in the course of an average day's driving. The result is that a driver finishes the day more refreshed and relaxed. A person has to experience the effortless process of automatic Powerglide fully to appreciate its advantages."

"We urge everyone not acquainted with Powerglide automatic transmission to visit our showrooms during the special demonstration period to find out for himself all the features of Powerglide automatic transmission."

Aged Resident Of Rochester Dies Sunday

Mrs. Pyerea Bristow Taylor, 97, of Rochester, and one of Haskell County's oldest residents, died Sunday morning, June 10 in the Knox City hospital.

She was born July 17, 1853 in Kentucky, and was married to David C. Taylor July 11, 1878. He preceded her in death January 13, 1915.

Mrs. Taylor had lived in Haskell county 45 years and was one of Rochester's most beloved mothers. She had been a member of the Baptist Church since childhood and was a faithful and regular attendant in the activities of her church until advanced age prevented her from attending.

She is survived by four sons: J. B. Taylor of Blair, Okla., T. T. Taylor of Lubbock, and A. E. and W. S. Taylor of Rochester. Ten grandchildren and several great-grandchildren also survive.

Funeral services for Mrs. Taylor were held Monday at 4 p. m. at the First Baptist Church in Rochester with Rev. Lowell Ponder of Alvin officiating, assisted by Rev. Cecil Meadows, Baptist minister of Rochester.

Burial was in the Rochester Cemetery with Mansell-Smith Funeral Home in charge of arrangements.

ACCOUNTANCY GRADUATE

Joe S. Harper of this city has been notified by LaSalle Extension University of Chicago that he has successfully passed the final examinations of the LaSalle training in Higher Accountancy. He is employed by the Department of Agriculture and has completed this course of training in his spare time.

HERE FROM RICHMOND, VA. TO VISIT PARENTS

Mr. and Mrs. R. F. Harrison of Richmond, Va., spent several days last week in the home of his parents, Mr. and Mrs. R. L. Harrison, and with R. F.'s twin brother, W. B. Harrison and Mrs. Harrison of Stamford. The Richmond couple left Friday for California, where they will visit in the home of her sister, Dr. and Mrs. Wayne Rogers of Bakersville.

Pvt. Jimmie L. Medley Named "Soldier Of the Week" at Fort Sill, Okla.

Commanding Officer of B Battery, stated in his letter of Commendation, "The above reasons and an excellent character combine to make him the outstanding soldier."

A Haskell soldier, Pvt. Jimmie L. Medley, has been selected as outstanding trainee of the week in the Field Artillery Replacement Training Center, Fort Sill, Okla.

Pvt. Medley was selected from B Battery, 2nd FA Training Battalion and was presented with an award by Col. H. E. Liebe, Commanding Officer of the Field Artillery Replacement Center.

Pvt. Medley was chosen for the award because of an outstanding grade average, outstanding personal appearance and attitude toward his work.

Lt. Paul A. Stinchcomb, Commanding Officer of B Battery, said:

"Pvt. Medley is the son of Mr. and Mrs. Everett Medley of Haskell. He graduated from Weint High School in 1945 and has attended North Texas State College, Denton, and the University of Texas, Austin. He majored in Pharmacy at both schools. Medley received his basic training at Camp Chaffee, Ark., and now is in survey training at Fort Sill, Okla."

RETURNS FROM VISIT IN DALLAS AND QUITMAN

Virgil A. Brown returned Friday from a week's visit in Dallas and East Texas. He spent several days with his son and wife, Mr. and Mrs. V. A. Brown, Jr., in Dallas, and also visited his brothers at Quitman and De Kalb, Texas.

10 Year Guarantee

CONVENIENT, LONGER LASTING SERVEL IS YOUR SAFEST REFRIGERATOR INVESTMENT

Which is the better guide... who someone says about refrigerator dependability, or what is stated on written guarantee.

The Gas Refrigerator has the LONGEST guarantee of any brand, plus the outstanding features to back it up.

Servel is dependable. Silent. Servel combines marvelous, motorless operation with modern conveniences. And Walter Teague, famous industrial designer, has given Servel sparkling beauty that will never date your kitchen.

These are features you enjoy every day, but they add up to long, satisfactory performance.

Make the safest refrigerator investment. Buy Servel. No other refrigerator is guaranteed ten long years.

Silent, dependable operation. A tiny blue flame provides the energy. No motor, compressor to wear and need expensive repairing.

Odd and ends basket. Keeps food compartment clutter-free. Small, hard-to-find items at your fingertip.

11.5 cubic feet of storage space. Put in a watermelon, ice cream by the gallon, and you still have space, space. Freezer alone hold 70 pounds!

Prices down, not up. New engineering achievements give you a better refrigerator at lower cost. Price on performance, Servel is the buy!

Stormproof Varieties of Cotton Shown Better Adapted to Mechanical Harvesting

The final test of cotton is its performance in a fabric, points out J. M. Ward, Texas Agricultural Experiment Station economist.

Ward and other experiment station workers recently made a study of the quality and fiber characteristics of mechanically harvested cotton on the High Plains. Specially developed storm-

proof varieties are better adapted to mechanical harvesting than are open-boll varieties, Ward said.

After gins are operating at full capacity during the harvesting season, High Plains growers have the choice of either storing the surplus seed cotton or leaving it unharvested in the field for stripping later in the season. Most growers practice full scale stripping and most of the storage is on the ground in the cotton fields.

"Samples of lint from the stormproof varieties graded higher than samples from other varieties," Ward reported. "Higher grades were produced on the sand and sandy loam soils than on the clay and loam soils."

Since High Plains cottons vary in fineness, spinning tests were provided to show the spinnability, yarn grade and strength of these cottons. It was found that cotton of 7-8 inch staple, fair tensile strength and a very fine fiber processed into yarns of equal strength to yarns produced from coarser, stronger cotton of the same staple length. And these yarns processed into strong durable fabrics.

Progress Report 1370, available from Publications Office, College Station, Texas, gives the details of this study, said Ward.

VISIT IN AUSTIN AND HOUSTON

County Clerk and Mrs. Horace Oneal and children, accompanied by Miss Wynell Bean of Rochester, have returned from Austin and Houston. Mr. Oneal attended the State Convention of County and District Clerks in Austin, and from there the Haskell group went to Houston to spend several days.

The expanded soil testing service of the A&M College can handle and analyze up to 100 soil samples per day. The charge for the analysis is small but the recommendations from the laboratory may save farmers, ranchers or gardeners and others much expensive fertilizer. Low yields are not always caused by low soil fertility.

CLAUD HARRISON

Claud Harrison, P-T Co. Manager, Goes To Seymour

Claud Harrison, manager of Perkins-Timberlake store in Haskell for the past seven years, has been transferred to Seymour as manager of the Perkins-Timberlake store in that city. He assumed his position there Monday.

Mr. Harrison has been manager of the Haskell store since 1944, coming here from Olney, where he lived for 20 years. He has been engaged in the retail business since his discharge from the Army in 1918 at the close of World War I.

During his residence here, Mr. Harrison has been active in business circles and civic organizations. He is a member and former officer and director of the Lions Club, past vice president of the Haskell Chamber of Commerce in which he was co-chairman of the Membership Committee for 1951. He is a member of the First Presbyterian Church.

Mr. and Mrs. Harrison have three daughters, Mrs. William Mercer, Misses Pat and Ann Harrison. The family will remain in Haskell for the present, but will join Mr. Harrison in Seymour in the summer.

Texas Wildlife Brings Revenue of Two Million Annually to State's Landowners

Wildlife furnishes not only recreation and food for a considerable number of the people of Texas, but also an income of more than \$2,000,000 yearly to landowners for hunting and fishing leases, while the pelts taken by hunters and trappers of furbearers amounts to several million more. The wildlife population of the land is perhaps more thoroughly safeguarded and more widely distributed today than at any time in recent years. In 1950, for example, 996 deer, 160 antelope and 557 other wild game species were shifted for restocking game preserves in other-adapted areas. Inland fish resources from about 150,000 ponds on farms, 1,049 lakes of five acres or larger with a combined water area of 362,000 acres, and 2,900 miles of fresh water streams.

Preservation and propagation of species of animal and bird life in Texas is attributable in substantial measure to the demonstrations in conservation which A&M College Extension Service has sponsored in cooperation with land owners for the past decade and a half.

The Extension program is headed by R. E. Callender, wildlife conservation specialist, working as an assistant-at-large to county extension agents who deal directly with the people. In this capacity Callender prepares subject matter for use in the field and assists extension agents with plans for demonstrations in their districts. In addition, he cooperates with Federal, State and local organizations concerned directly or in association with phases of wildlife.

Selections from achievements in 1950 reported by county agricultural agents reveal substantial to excellent wildlife programs in 212 counties; 13,500 persons cooperated in 2,089 demonstration areas representing 14,631,000 acres, and 37,000 protective signs or markers were posted on property of cooperating land owners. The extension specialist estimates that since the extension program was commenced 14 years ago,

plentiful. The extension specialist lists 32 game and fur bearing animals extant, and 11 species of native and migratory fowls and birds. But some animals have dwindled to mere traces. Bighorn sheep, for example, are found sparingly in two Texas counties; black bears in three, and ocelot in a like number.

The specialist emphasizes that while protection is needed at all times, it is not self-sufficient. Wildlife population is largely dependent upon available food and shelter and closed seasons mean little where food and cover are lacking. The harvesting of game as a crop is encouraged and such is preferable to long-time closed seasons except when seed stock is at stake or a species is approaching extinction.

Livestock that is forced to fight off flies during the summer months cannot be expected to make the greatest possible gain and monetary returns to their owners. These insect pests can be successfully controlled and doing so will mean money to the producer.

PLENTY DEGREES COOLER INSIDE

THESE folks are enjoying something that's being pioneered by Buick.

It's freedom from the blinding glare of bright summer sunlight.

It's freedom from hot laps—caused by the sun's rays beating down through the broad expanse of windshield.

These freedoms trace to a new feature you may have noticed in '51 Buicks—a new kind of glass with a cool, soft, blue-green tint, in every glass area of the car, front, side and back.

Buick engineers tell us that this "Buick first" reduces glare 18% over conventional glass—cuts sun heat as much as 45%—and Buick engineers are very conservative fellows.

This glare-and-heat-reducing Easy-eye glass is factory-installed at moderate extra charge. It gives you a built-in transparent "sun visor" right in the windshield—and it also dulls the dazzle of oncoming headlights at night.

As we've said, this is something Buick owners were the first to enjoy. It takes its place with such exclusives as the valve-in-head Fireball Engine—coil springs on all four wheels—the firm power linkage of torque-tube drive—and the magic of Dynaflo.*

As we've also said—rather modestly—"Smart buy's Buick."

Come in soon and find out what an understatement that really is.

*** NO OTHER CAR PROVIDES ALL THIS:**

Some Wheat Crops Making Comeback, Agriculture Department Reports

The nation's wheat crop is making a comeback from bad weather conditions and now promises the eighth successive harvest of more than a billion bushels, the U. S. department of agriculture reported Monday from Washington.

But in Texas, where harvest already is under way, the crop was estimated at 14,438,000 bushels, only a little more than a 10th of the state's biggest crop.

The Texas forecast was identical with that of a month ago, but down from the estimate of 57,744,000 made last Dec. 20 in the first forecast of the season.

Since Dec. 20, a drought and insects ruined most of the crop.

The national wheat estimate, which includes spring wheat, was 1,053,825,000 bushels. This compares with the government's goal of 1,150,000,000 bushels. It was the first estimate of the season which combined both spring and winter wheat crops.

The Texas figure compares with the extraordinary bumper crop of 1947 and 1949. The 1947 production was a record—124,270,000 bushels. The 1949 figure was 102,348,000. Last year, Texas raised 22,712,000 bushels—a small crop, again cut because of drought and insects.

The 1939-1948 average production was 56,350,000 bushels in Texas.

The indicated national production—plus reserves from past crops—would supply plenty of wheat to meet any needs seen now.

Unfavorable weather, particularly drought in Texas and the southwestern Great Plains, and insects in the same area, coupled with cool, wet spring weather had put crop prospects under a cloud a month ago.

But conditions improved sharply in May, the department said, to bring overall farm production prospects up to normal by June 1. No estimate was given for corn. The department said growers appear optimistic about this crop.

H-SU Cowboy Band Will Take Part in Cowboy Reunion

Hardin - Simmons University, world's famous cowboy band, will be the sponsored band at the Texas Cowboy Reunion June 30th, July 2, 3, and 4th in Stamford.

This famous band has been the hit of two continents, having played in Europe and all sections of the U. S. It has appeared in London, Paris, Birmingham, England, Mexico City, and has played before political figures and crowned heads. In a period of eleven years this great band has traveled over 265,000 miles.

Marion B. McClure, the composer-director of the band, and the collegians, are particularly interesting in the numerous and spectacular events they show each year, including trick roping, special featured singers, baton twirlers, and other interesting features.

HASKELL VISITORS

Mr. and Mrs. Ed Welsh of Austin are here for a visit with his parents, Mr. and Mrs. E. E. Welsh and other relatives and friends. Mr. Welsh was principal of the Schulenberg schools during the past term and Mrs. Welsh was a teacher in the Rosenberg school near that city.

Wherever the U. S. fighting man goes, cotton accompanies him. In Arctic cold or tropic heat, the soldier wears cotton uniforms, carries cotton equipment, and shoots ammunition made from cotton linter cellulose. Here, soldiers outfitted in cotton parkas lift an injured buddy onto a cotton canvas stretcher to be lowered down a cliff by tow rope for medical treatment.

'Battling' Bugs Can Be Risky, Agent Warns

The battle with bugs is now underway. As the fight becomes more intense, there often develops a tendency among the human fighters to become careless. Any relaxation of proper handling and methods of application of many of the commonly used insecticide can result in injury or even death, says F. W. Martin, County Agent.

He points out that insecticides kept in the house should be stored only in a closed metal container. When insecticides that are classified as dangerous are being mixed or applied, the handler is urged to wear a respirator and avoid dust drift or spray mist. The clothing worn when dangerous materials are being handled should be washed before being worn again.

He advises anyone to consult a doctor immediately if any degree of illness is noted during or after applying one of the dangerous type insecticides. All fruits and vegetables that have been treated with insect poisons should be washed thoroughly before they are eaten. Applications of organic insecticides such as DDT should not be made within two weeks of harvest.

Materials that are highly flammable should not be stored in place, where there is a fire hazard. When sprays are used in the house or barn, the specialists caution against getting any of the material in dishes, utensils and drinking or feeding troughs. Insecticides stored in barns or other farm buildings should always be clearly labeled poison.

The Marine Corps has announced that 45 per cent of its total strength on active duty is made up of Reservists.

Traffic Accidents Match War In Toll Of Lives Taken

Traffic accidents in the single month of July last year killed only 900 fewer Americans than were killed in the Revolutionary war.

That ironic fact underlines the National Safety Council's campaign to reduce accidents, especially on the nation's highways, over the Fourth of July—the day which commemorates that victorious struggle for independence.

The Revolutionary war cost 4,044 patriots who were killed in action or who died of wounds. Traffic accidents in July last year killed 3,150 persons, according to the Council.

Tragic as war is, the Council said, the number of Americans killed in traffic accidents since the invention of the automobile is nearly twice as great as the number killed in combat in all the nation's wars.

American dead from enemy action in the eight conflicts of our history including the war in Korea, total about 533,000, the Council said, while traffic accidents have now claimed more than 971,000.

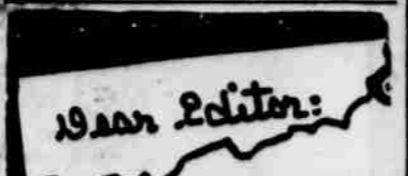

"With traffic deaths approaching the 1,000,000 mark, the high-hazard period of the Fourth of July celebration is a good time for every motorist to pledge that he won't be one in a million," said Ned H. Dearborn, president of the Council.

"The calendar will save lives this year, since the Fourth of July will fall in mid-week and bring only a one-day holiday for most persons," Mr. Dearborn said. "Even so, it will be a day of tragedy for many unless common sense rules of behavior are observed."

- He said these rules are:
1. Start your trip early enough so that you won't have to hurry. Take it easy.
 2. Be patient in heavy traffic. Don't let annoyance make you take a chance.
 3. Leave fireworks alone. Instead, take the children to a supervised public display.
 4. Be careful in recreation, especially in swimming and boating.

VISITING IN HOME OF PARENTS

Mr. and Mrs. Doyle Hisey and family of New Orleans, La., are visiting in the home of Mr. and Mrs. H. Hisey and other friends and relatives.
