but he had the support of ten other determined Indians who played heads-up football for four suspense-filled quarters. An Indian line that held only yards from their goal as the half ended broke the back of the Lions most serious scoring threat.

The Indians will journey to Roscoe Friday for their second conference game when they meet the Roscoe Plowboys in District 8A play.

In the second frame the Lions unloosed a passing attack after Zanna Anderson, Deel and Harris were unable to get through on power plays.

Coach Royce Smith talked briefly on the coming Indian-Plowboy game. The Indians will be up against a line of opposition at Roscoe, rated the No. 1 team in district 8A.

The scoring fireworks came in the third, when the Indians broke loose and in five plays marched 80 yards for their first touchdown, with Kenneth Davis sneaking from the 30 yard line.

quarters of the first Dist. 8A conference game for both teams. It was mostly Kenneth Davis, smashing Indian fullback, who sparked the tribe of Indians to their initial victory of the season.

Then Indian quarterback Keith Wheatley searled from his own 38, hitting Davis on the 50, and the fleet fullback outdistanced the entire Roby backfield defense in a race to the pay stripe.

Film for next week's meeting will be the State play-off between Wichita Falls and Austin high schools. The Club meets promptly at 7:30 each Tuesday evening.

First downs were the same, 9 for each team.

Indian B. Squad To Play Anson Here Tonight

Assistant Coach Ray Overton, Jr.'s B team of Haskell Indians will play the Anson Tigers B squad here tonight on Indian Field, in what is expected to be one of the best B-team games of the season.

Also tonight, Junior High School coach Thos. Jones will accompany his Junior squad to Anson where they are scheduled to play the Tiger Cubs of Anson High School.

Approximately eleven girls and 25 or 30 boys were present for the party, held in the Junior High School gym and sponsored by Mrs. Dean and Mr. Stone.

According to press dispatches, about five carloads of youths were involved in the chase, some from both schools.

Additional Funds Asked for Local Polio Chapter

Due to demand placed on the Haskell County Polio Chapter as the result of an unexpected high incidence of polio cases during the spring and summer, funds of the local chapter have been exhausted and a requisition for a \$1,500 grant has been made to the National Foundation.

Chapter Chairman John H. Banks explained that the requisition was for money needed to meet current obligations of the Chapter, and that additional funds would likely be needed before the end of the year.

The Haskell County Chapter has given assistance in nine new polio cases this year. Chairman Banks said, in which the patients have been given treatment at Hendrick Memorial Hospital or Gonzales Warm Springs Foundation.

These were in addition to cases carried over from last year, he explained and to cases where rehabilitation assistance is being given.

Funeral services were held at the Baptist Church in Trenton, Texas, at 3 p. m. Friday, Oct. 5 for James B. Elam, 63, long-time resident of Fannin County and father of Mrs. S. H. Vaughter of this city.

The Rev. Fred Thomas, Baptist pastor, officiated for the services. Masonic rites were conducted at the graveside in East Shady Grove Cemetery in Trenton.

He is survived by his wife; two daughters, Mrs. Vaughter of Haskell and Mrs. Fannie Jones of Portersfield, Calif.; a son, J. T. Elam of Wichita Falls; five grandchildren, four brothers and four sisters.

Clayton Jarman, 49, Dies Wednesday At Family Home

Clayton Jarman, well-known Haskell farmer and resident here since 1936, died at the family home two miles east of Haskell Wednesday at 9:30 p. m. following an extended illness. He was 49 years old.

Funeral services will be held at the First Baptist Church with the Rev. Joe Scheets, pastor of the Friendship Baptist Church officiating.

Date and hour for the funeral had not been announced Thursday morning pending word from relatives and will be announced from Holden Funeral Home.

Mr. Jarman was born May 17, 1902, in Montague County, Texas, the son of Mr. and Mrs. Samuel J. Jarman, and was reared in that section. He married Miss Mary Hise of Montague Aug. 12, 1918, and they made their home there until moving their family to Haskell County in 1936.

He is survived by his wife, Mrs. Mary Jarman; a daughter, Lorene Jarman, of Haskell; and three sons, Arvil and A. V. Jarman of Odessa and Wendell Jarman of Texarkana; five grandchildren; and his father, Samuel J. Jarman of Wichita Falls.

Initial Service At Mexican Mission Is Well Attended

Americans attended the initial service at the Mexican Mission started here under sponsorship of the W. M. U. of First Baptist and East Side Baptist Churches of Haskell.

The services, conducted by Rev. Raul Solis of Munday, were held at the Rita Theatre through the courtesy of Jas. L. Winter, local manager.

Twenty-two persons from the sponsoring churches also attended the service, and Mrs. F. W. Martin was organist during the services.

There were 17 confessions of faith in the initial service. Rev. Solis will conduct mission services in the theatre again next Sunday, beginning at 1:45 p. m., and regular services are being planned each Sunday in the future.

All Latin Americans in the Haskell area are invited to attend.

All Construction Now Under NPA's Control Plan

Monday, October 1, construction came under National Production Authority's Material Plan.

Just what this means to Mr. and Mrs. Average American, October, 1931 model, is explained by Ernest L. Tutt, regional director, National Production Authority.

"If a person wants to build a house, he can go ahead and begin construction without government go-ahead, provided he isn't going to use more than stated 'minimum' amounts of steel and copper. The same ruling applies to a store or factory," Tutt reminds.

For a one family house with steel piping: 1,800 pounds of steel and 35 pounds of copper. For a house with copper piping, minimum amounts are 1,450 pounds of steel and 160 pounds of copper.

Another familiar question at the NPO office is: "If my proposed hacienda doesn't require NPA approval, what next?"

If a home builder needs more than the "minimum" amounts of steel and copper after midnight, Sunday, Sept. 30, he must make application to the NPA or the Housing and Home Finance Agency; for hospitals and schools it would be the Federal Security Agency; for roads, it would be the Bureau of Public Roads," Tutt concluded.

HASKELL COUNTY HISTORY
 Brief News Taken from Old Copies of The Free Press

20 Years Ago—Oct. 8, 1913

Pick up and delivery service on freight shipments was inaugurated today by the Wichita Valley Railway, Agent Leo Southern announced.

The six room residence of Mrs. A. J. Norman, three blocks northeast of the square, was destroyed by fire Sunday night about 12 o'clock.

Miss Beryl Boone of Ft. Worth is visiting her mother, Mrs. J. S. Boone of this city.

A celebration is being planned here Oct. 21st on the completion of Highway 30 through Haskell County. A tentative program is being arranged, and Congressman Marvin Jones of Amarillo has accepted an invitation to speak at the celebration.

Mr. and Mrs. N. I. McCollum and daughters, Misses Nettie and Marguerite spent Sunday in Sweetwater with Mrs. McCollum's sister, Mrs. Stamps and family.

Mrs. J. U. Fields, Mrs. F. T. Sanders and Mrs. C. V. Payne attended a luncheon in the home of Mrs. C. N. Francis in Stamford Saturday.

City officials and representatives from twelve towns in this area met Monday in Munday to discuss means of securing a reduction in rates paid for natural gas in the towns served by the Stamford & Western Gas Company, a subsidiary of Lone Star Gas Co.

County Attorney French M. Robertson underwent an operation for acute appendicitis Wednesday in Alexander Sanitarium in Abilene. He is recovering nicely.

Mrs. J. L. Southern assumed the position of acting Postmaster in the Haskell office Friday morning. She succeeds H. C. Foote. Mr. Foote and his family are moving to Deton where the children will attend school.

Paul Zahn, Haskell farmer, has returned from Amarillo and Lubbock, where he attended the Tri-State Fair and the South

40 Years Ago—Oct. 14, 1911

Plains Fair at those places. His exhibits of farm products took first place in practically all divisions of the two fairs.

Mrs. J. W. Smith left Tuesday for Clarksville, where she will make her home. Mrs. Smith is the daughter of Mr. and Mrs. J. S. Barnett.

G. E. Courtney of the Haskell Broom Factory made a business trip to Oklahoma this week.

W. T. Andrews and J. F. Lindsey, attorneys from Stamford, passed through the city Saturday from Throckmorton where they had been on business connected with the Stamford & Eastern Railroad. These gentlemen are pushing this proposition for a railroad which will extend to Graham via Throckmorton.

C. F. Rainwater, who is on J. C. Stein's place east of town had his 19th bale of Mebane cotton ginned here Thursday. The bale weighed 510 pounds and Mr. Rainwater carried it home where he had previously stored 18 bales from this year's crop. He is holding for an advance in the market.

Public weigher C. H. Russell will have weighed 1600 bales of cotton, and T. E. Russell will have weighed 600 bales, by the time we go to press.

Morris Gilbert spent Thursday in Stamford.

L. W. Kitchen of Rochester was here Wednesday. He says farmers in his section are needing cotton pickers.

C. H. Russell, public weigher, says he intends to put in platform scales near the square in a few days. This will be a great convenience to farmers and business men.

Earl Cogdell has put in a mixer for cottonseed hulls and meal at the oil mill, and is now prepared to sack the feed or load it in bulk into feed wagons.

J. N. McFatter left for Goree Monday to begin work on a new \$10,000 school building for which he secured the contract.

Ed Weaver has purchased the livery business here of J. L. Baldwin. Mr. Weaver has been a resident of Haskell county for some time. Mr. Baldwin, who moved here in 1884 has been operating the livery business and farming since that year.

50 Years Ago—Oct. 19, 1910

T. G. Carney sold and delivered this week to J. F. Albin his stock cattle in the following brands: 7 Circle, U Bar, V Cross, and T-J combined. Any person knowing the whereabouts of any of these cattle will please report same to Mr. Albin.

Mrs. Clarence Lemmon was up this week from Stamford visiting her mother.

As an illustration of what a little irrigation will do in the driest of years, R. E. Sherrill showed us the other day a turnip from his garden that was as large or larger around than an ordinary dinner plate.

Farmers and stockmen tell us that wheat is looking well since the late rains. Some of it is up enough to furnish pasture.

Several months ago, we chronicled the fact that J. F. Ross, one of our good citizens, had sold his place in the northwest part of this county and moved back to Ellis County under the impression that he was tired of West Texas and wanted to get back to "God's country." That must have been truer than he realized, because we learn he is back this week and has offered the party who bought his place in this county a \$500 bonus for the place back.

Judge O. E. Oates left yesterday morning on a trip to Livingston, his old home.

Wiley Stephens returned this week from Lubbock and the Plains country, where he has been for two or three months.

J. N. Avary and family moved out yesterday to their place in the country.

M. V. Hoover of Kansas, once a prominent stockman of this

section, came in this week to look after some livestock interests he still has here.

The young folks enjoyed a social at the home of Mr. and Mrs. Scott's Friday evening.

Gus Lowery, who lives in Knox County, was here Thursday and told of a freak lightning that cost him a large part of his meat supply for next year. He had four large hogs fattening in a pen, and during a slight thunderstorm one night last week lightning killed three of them leaving one uninjured. He knew nothing about the mishap until he found the hogs dead the next morning.

Almost Anything Can Start a Fire, Oddities Show

While most fires start from a few common causes, the news reports on the year's "odd fires" show that a fire can be caused by nearly anything, the National Board of Fire Underwriters says.

In one Illinois town a pigeon started a fire that caused damage to a building. She did it by carrying a lighted cigarette to her nest.

In Massachusetts a bottle of carbon tetrachloride—the liquid commonly used in fire extinguishers—started a fire. It was in a glass bottle in a truck. Sun's rays shining through it focussed like a burning glass on the driver's cushions while the driver was in a restaurant. When the driver discovered the fire, he opened the bottle and used the carbon tet to put out the fire.

Sunlight shining through a magnifying glass on a television set in a dealer's window set fire to an appliance store in New Jersey.

In New Hampshire, water caused a fire. The short circuit of a water pump by high water in a cellar is believed to be the cause of a fire that badly damaged a number of stores.

Easiest wheel you ever turned!

Safest wheel you ever held!

Come try it yourself . . .

Chrysler this year introduces the first power steering ever offered on an American passenger car. Many owners tell us it is the greatest advance in car driving since the self-starter! To a person who hasn't tried it, it is actually impossible to describe what a difference it makes. Driving becomes a new and wonderful experience. At your touch on the wheel, hydraulic power instantly provides four-fifths of the energy needed to steer the car. Gone is all sense of tug, strain, tension. In its place you find a wonderful sense of absolute front wheel control with almost no effort on your part. Hydraguide is regular equipment on Crown Imperials, optional at extra cost on other 8-cylinder models. Whatever car you're driving now we invite you to . . .

Chrysler's new Hydraguide Power Steering!

NEW EASE! No more whirling or twirling, tugging and straining. The littlest lady you know can actually park the biggest Chrysler with her thumb and one finger on the wheel . . . drive all day with new freedom from arm-and-shoulder fatigue!

NEW CONTROL! Hydraguide gives your hands on the wheel a new feeling of complete command at any speed. In city traffic . . . on s-kward drive-ways . . . in snug-fitting garage entrances . . . you never felt such steering control in any car before!

NEW SAFETY! Even off the road onto a soft shoulder, Hydraguide helps keep your car steady and true with almost no effort . . . takes the jolt and strain out of driving in ruts, snow, or sand . . . makes steering many times safer than ever before!

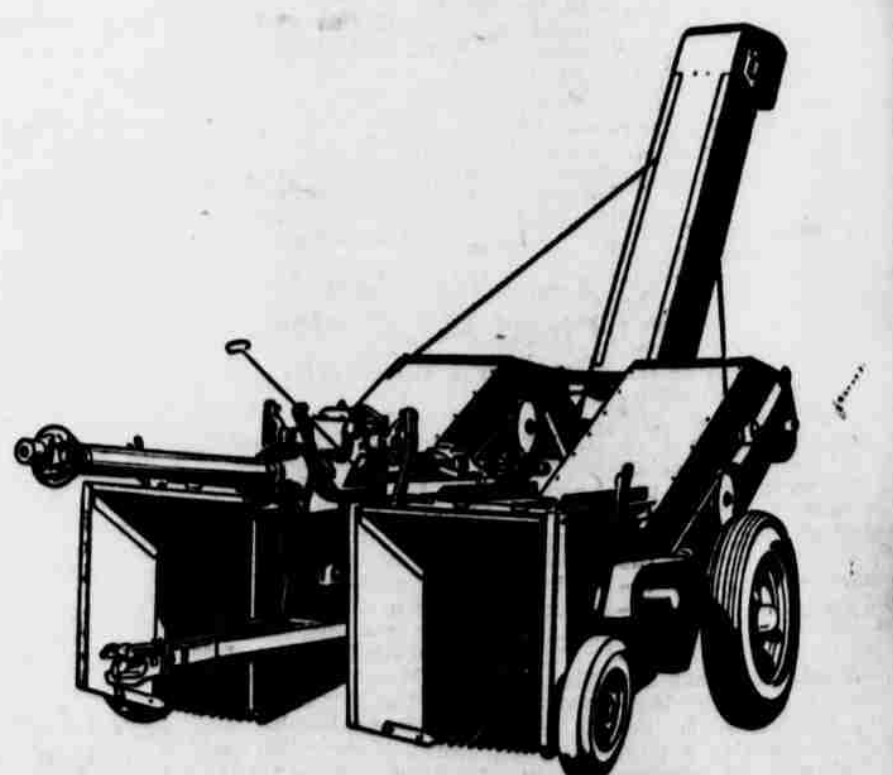

Come TRY Chrysler Hydraguide . . .

Oil Production in County 298,425 Barrels in 1950

Since the first producing oil well was drilled in Haskell county in 1929, 2,231,141 barrels of oil had been produced in the county through 1950, according to information released by the Texas Mid-Continent Oil & Gas Association this week. Production last year amounted to 898,425 barrels, and completion of new wells since January 1 is expected to boost annual production above 1,000,000 barrels this year.

Production figures for neighboring counties showed Jones to be the banner oil producing county with 6,728,422 barrels in 1950. Throckmorton was next with 3,927,960 barrels. Shackelford was third place with 2,508,781 barrels produced. Haskell, in fourth place was followed by Stonewall county with 91,462 barrels, and Knox County with 19,998 barrels produced in 1950.

Oil Field Worker Hurt in Wreck Near Sagerton

Walter B. Temple, Jr., 32-year-old Stamford oil field worker, was seriously injured when his automobile ran off a road and crashed into a creek bed about 8:45 a. m. Friday. The accident happened on U. S. Highway 380 between Sagerton and Stamford.

Motorists who came by within a few minutes after the mishap summoned an ambulance and the injured man was removed to the Stamford Sanitarium. X-rays showed that Temple received a fractured collarbone and broken ribs, and possible internal injuries.

Temple was driving alone at the time, on his way to Stamford from a drilling rig on which he worked near Aspermont.

Temple was driving a 1947 Chevrolet coach, and apparently lost control. The auto hit the shoulder on the right side of the highway, narrowly missed a bridge, and crashed into the bed of California Creek.

Two Goree students at McMurry College, Bourdon Smith and Billy Wilkinson, are among the 27 education students who have received practice teaching appointments for the fall semester, according to Dr. Andrew W. Hunt, head of the education department.

Mr. Smith, a senior at McMurry, is practicing teaching eleventh grade history in Goree High School.

Mr. Wilkinson is practicing teaching speech in Avoca high school.

Proper Storing of Foods Cuts Down Grocery Budget

Storing foods properly to retain maximum food value as well as preventing spoilage can save dollars in the family grocery budget. Thelma Wirges, county home demonstration agent, recommends storing foods in cool, dark, dry places. Even though food is canned or dried heat, light and moisture destroy vitamins.

The agent recommends a ventilated pantry where foods can be arranged conveniently with air circulating among the containers. High kitchen cabinets are poor storage areas, she says, because hot air rises toward the ceiling. Cardboard boxes are inadequate, too, because no air can circulate in them.

Plans for a ventilated pantry can be obtained by writing local county home demonstration agents or to the Agricultural Extension Service at College Station.

Keeping weevils and other insects out of dried vegetables can be a problem. Miss Wirges says that beans or peas can be protected from insects by heating them in an oven set at 150 degrees for 30 minutes. Cool and store the beans or peas in an airtight container. These will not be usable for seed the points out, because the heat will have killed the germ.

What a Wonderful Story the Price Tag Tells!

WE'D like you to come in and hear a wonderful story.

First of all, it's the story of a great car—a car whose name is respected and admired everywhere in America. We are sure that the word "Pontiac" means something distinct and different from any other name in the motor car world.

The word Pontiac means a good solid citizen—a thoroughly good car—a beautiful car—a

car with a reputation for delivering years and years and years of driving pleasure.

But there's another important part of this story you should hear: It's the wonderful story of Pontiac's price!

For this great car, desirable as it is, is one of the lowest priced automobiles in America—just one step above the very lowest.

Come in, get our deal—a wonderful story all the way around!

123-Mile Pipe Line From Haskell County To Bowie Due To Be In Operation Soon

A ten-inch pipe line outlet for crude production in Stonewall, Haskell and Knox counties in west central Texas constructed by the Service Pipe Line Co. has been completed and soon will be in operation.

Running from Jud, in Haskell county, to Bowie, in Montague county, the new 123-mile line traverses an area in which considerable exploration is underway. Pipe for the project was taken up from other parts of Service's 12,000-mile, 10-state system.

Two new lateral lines to pools in Haskell county and Knox county are now being constructed.

F. M. Willenburg, Fort Worth division manager, said the Jud-Bowie line has been connected to the company's trunk line system at its Bowie pump station.

J. L. Burke, Service Pipe Line president, announced plans for the line last April. It was built by Smith Contracting Corp., Fort Worth, and O. R. Burden Construction Corp., Tulsa and Wichita Falls. All of the pipe was thoroughly reconditioned before it was laid.

One of the laterals is a 19 mile 6 inch line to connect the South Haskell pool in Haskell county. Gaasch Construction Co., Brownfield, Texas, contractor, has completed approximately 90% of the welding. About 50% of the welding on the other lateral, a 14-mile, 6 inch line to connect the North Knox City pool, has been completed by Jim J. McCormick Construction Co., Wichita Falls. Smith Contracting Corp., has started work on a 15 mile section of a planned 10 and 8 inch line

from Service Pipe Line's Old Glory station in Stonewall county to Cogdell station in Kent county. Petroleum Administration for Defense approval has been given for the entire line, however, pipe for the remaining 39 miles has been allocated for delivery in the first quarter of 1952.

In New Mexico, Crosley and Hardy, contractors, have begun construction of approximately 25 miles of 10 inch line to connect the Denton pool in Lea county with Service Pipe Line's Wasson station in Yoakum county, Texas.

"Rapidly increasing production in the Denton pool necessitates the construction of this new line," Burke said. "Under present plans, construction will be completed by November 1. The line will have an initial capacity of 80,000 barrels daily. Construction costs are estimated at \$550,000."

Denton pool operators anticipate considerable development in the next few months. The company laid a 4 inch line to the pool in October, 1950.

Service Pipe Line Co. delivers almost half million barrels of crude oil, much of it from Texas, to refineries and connecting carriers daily.

Notices of Special Election Posted This Week

Special election notices were sent out this week to all Haskell County precincts for the State election Nov. 13, County Judge Alfred Turnbow said. On that date voters will ballot on proposed amendments to the State constitution.

Members of the sheriff's department posted the notices in each precinct in the county. About 3,000 ballots for the election will also be issued soon.

The notices are required to be posted 30 days before the election is held.

There are five amendments to be voted upon Nov. 13, Judge Turnbow explained.

It is not too early for livestock owners, especially dairymen, to make plans for putting up plenty of silage for next year. It's a cheap source of digestible nutrients and dairymen can cut production costs by feeding silage.

'Insurability' of Buildings Determined By Work of Trained Inspectors

Buildings and people have a lot in common when it comes to the business of insurance.

A man must stand a rigid physical examination to prove his good health before he can buy a life insurance policy.

The job of checking "health" of Texas buildings and their operations belongs to 30 specially trained inspectors of the Texas Fire Prevention and Engineering Bureau. Maintained by the fire insurance companies to supply information to their underwriters, the Bureau has offices in Dallas and six other Texas cities.

Last year, Bureau inspectors checked more than 3,000 industrial plants, warehouses, office buildings and hospitals in Texas. Their reports helped fire insurance companies decide the amount of insurance each would accept. The reports also enabled the companies to suggest improvements in fire prevention practices.

It's also the Bureau's job to keep a trained eye on the fire defenses of Texas towns and cities.

The water supply, alarm systems and fire fighting equipment of more than 200 communities already have stood the rigid inspection of Bureau experts. Cities which have followed Bureau recommendations not only have saved thousands of dollars in lower fire insurance premiums, but have preserved property that might otherwise have gone up in smoke.

A detailed report on the city's fire protection services always is handed municipal officials when the inspectors complete their check. With it goes the Bureau's suggestions for improving the defenses.

In 1765 about five percent of the families in the American colonies received a newspaper weekly, and these were passed from hand to hand and read by many persons.

The first New England newspaper to be established outside of Boston was the Connecticut Gazette of New Haven, founded in 1755 by James Parker, an associate of Benjamin Franklin.

Missionary Society Of First Baptist Meets Monday

The Missionary Society of the First Baptist Church met Monday Oct. 3 at 2:30 p. m. in a Royal Service program with 50 ladies present.

The assembly room was decorated with zinnias and cannas.

Mr. and Mrs. Ed Fouts in charge of the meeting opened by singing the hymn for the year, "All Hail the Power of Jesus' Name." Mrs. Etta Moore gave the devotional from Matthew 13:3-23. Her subject was "Some Fall on Good Ground."

The program "Preparation for the Purpose of God" was presented as follows:

National Needs—Mrs. Arthur Merchant.
Carefully Called and Chosen—Mrs. R. C. Couch Jr.
Our Chain of Baptist Seminaries—Mrs. Fred Brown.
The Future of the Orient — Mrs. Alfred Pierson.
Closing prayer by Mrs. Alfred Pierson.

The proper method of storing foods are almost as important as the methods used to produce it. The use of improper storage methods cause food to lose its value and hastens spoilage. It adds up to waste.

Frankie Robinson Is Bride of Pfc. Billy Sorenson In Double Ring Church Rites

Miss Frankie Robinson, daughter of Mr. and Mrs. J. D. Robinson of Haskell, became the bride of Pfc. Billy D. Sorenson, son of Mr. and Mrs. M. H. Sorenson of the Mattson community, Sunday night Sept. 30th at 7 o'clock at the East Side Baptist Church.

The Rev. Bill Austin, pastor read the double ring ceremony before an altar decorated with an archway entwined with fern and white chrysanthemums. Bask's of palms and white gladioluses were used.

Barbara Merchant, pianist, accompanied Delight Ash who sang The Lord's Prayer, and Because.

The bride, given in marriage by her father, wore a street length white metallic jersey dress with black accessories. Her bridal bouquet was a shower of white tube roses, and white satin streamers centered by an orchid were carried on a white Bible.

The maid of honor, Mrs. J. L. Carpenter, wore a plum colored suit with pink and black accessories.

J. L. Carpenter, the groom's brother-in-law, was best man. Mrs. Robinson, mother of the bride wore a dress of gold gabardine with brown accessories. Her corsage was of white carnations.

Mrs. Sorenson, mother of the groom, wore a rust gabardine dress with white accessories. Her corsage was of white carnations.

A reception was held immediately following the ceremony at the home of the bride's parents. The bride's table was covered with a lace cloth and decorated with white and orchid chrysanthemums. The three-tiered wedding cake was topped with a miniature bride and groom.

After a short wedding trip the couple will make their home in Columbia, S. C.

For travelling, the bride wore a melon corduroy two-piece suit with black accessories. Her corsage was the orchid from her bridal bouquet.

The bride is a graduate of Haskell High School. Mr. Sorenson is a graduate of Mattson High School and attended Tarleton State College. He is in the Army and is stationed at Fort Jackson, S. C.

There is still time in many sections of the state to get in a fall garden. Check with your county agent for best varieties of vegetables and fall garden practices.

Don't I Help Pay Telephone Expansion

Telephone companies are allowed to charge enough to pay for expansion. Funds for this purpose must come from investors—everyday folks who put their money in telephone stocks and bonds.

Our revenue from telephone rates allows us to pay for operating expenses like wages and taxes, and to give investors a reasonable return. Thus, today's efficient service and tomorrow's expansion demands a business operation which must be both progressive and financially sound.

Here's why Fordomatic puts them all in the past!

For the past year, automotive writers, engineers and owners have been raving about a new kind of automatic driving... and here's why you get it only in Ford Cars:

All the power you need when you need it!

Some automatics have this

The automatic drive some cars offer you is a torque converter which multiplies torque without the use of gears. Its advantage is a smooth flow of power. Its disadvantage is a smaller range of torque multiplication which requires more power from the engine and an uneconomical axle ratio which increases costs.

Some automatics have this

Other cars offer an automatic drive that uses automatic gears (as illustrated in simplified form at right) instead of a torque converter. The advantage here is more "go," more control and greater economy. The disadvantage is that this system is not as smooth, nor as jerk-free as a torque converter.

It gives you instant "GO!" It practically drives itself!

But Fordomatic has both

Yes, Fordomatic has a torque converter plus automatic gears. It brings you only the advantages of both drives.

Unlike cars with only a torque converter (which start and cruise all in one drive gear), Fordomatic starts fast and smooth in Intermediate Gear then shifts itself into Drive Gear.

Dudley of Abilene Gives Book Magazine Club, Re-Assembly Day

R. C. Couch, Jr., registered the guests. Doris Chapman, music teacher in the elementary and high schools, gave three movements from Beethoven's "Moonlight Sonata" as a piano solo.

Mrs. Dudley, who was introduced by Mrs. Bledsoe, said Wellman was the first writer to attempt a definite novel on James Bowie — American, adventurer, and pioneer. "Wellman has erected a monument to James Bowie," she said.

The Texan's early life has been a legend but his last six years were well documented, the reviewer continued. His romances — the first with the French Judalou de Bormay and the second Spanish Ursula Veramendi, whom he married — weave a plot as fascinating as his life as a fighter and soldier.

The book title, "The Iron Mistress," was taken from the famous Bowie knife, which he designed and which never left his side, she said.

Among his friendships were those with Sam Houston, upon whom the fate of Texas rested,

Mrs. L. E. Dudley, prominent Abilene clubwoman and candidate for first vice president of the Texas Federation of Women's Clubs, was guest of honor at the re-assembly day program of the Haskell Magazine Club Friday.

Progressive Study Club Meets Thursday

The Progressive Study Club met last Thursday evening in the Homemaking Cottage. The theme for the year's study and work is "Building a Better Youth". Mrs. Carrol D. Bledsoe was elected chairman of the Better Youth Committee to succeed Mrs. J. A. Byrd who had resigned in an earlier meeting. The Better Youth program has been launched at the previous meeting with the showing of a film.

The club voted to send a donation to the general headquarters at Austin to be used in the repair and remodeling of the State Headquarters Building of the Texas Federation of Women's Clubs.

Mrs. Ben Clifton read a letter from Germany written by a German friend of Joe Tyson. The club hopes by this manner of making a closer contact with people in the bombed district to better understand the people and their needs. They voted to cooperate with the General Federation of Women's Clubs by sending "Care Packages" to Germany and Korea.

Mrs. Edith Wheatley was elected first vice president of the club to fill the vacancy created when Mrs. Bill Kemp resigned to accept the presidency.

Mrs. Lynn Waldrip announced Fine Arts Week in November and stated that the club would sponsor an art contest to encourage young artists in the schools.

Mrs. Lee Whittington, Mrs. Thomas Sadler and Mrs. Will Gilmore were extended invitations to become new members of the club.

The club will send a delegate to the State Convention at Denton Nov. 11-12. Mrs. R. W. Herren was elected as delegate and Mrs. Bill Woodson as alternate.

Mrs. Bill Woodson conducted the program for the evening by using questions and answers concerning the constitution of the club in group singing. Refreshments of pie and coffee were served following the adjournment.

Bank Will Observe Legal Holiday on Friday, Oct. 12

Friday, Oct. 12 will be observed as a legal holiday by the Haskell National Bank, which will be closed for the entire day.

John James Audubon, American naturalist, David Crockett and William Travis, heroes of the Alamo.

A tea hour followed the review.

Attending were Meses. Ina Whitaker, Sulphur Springs; Roy Shook, Abilene; B. B. Campbell, Knox City; Fred Broach, Munday; Guy Mays, Wichita Falls; From Haskell were Meses. Irene Ballard, Herman Hair, R. C. Couch, Sr.; Ed Hester, C. L. Lewis, Fred Monke, H. F. Barnes, J. V. Clare, K. H. Thornton.

Mrs. T. C. Bailey, Will Wilson, Wm. J. Kemp, Wiley M. Reid, Oleg Dodson, W. A. Lyles, E. M. Frierson, J. G. Vaughter, John Rike, N. I. McCollum, O. E. Patterson, A. J. Josselot, W. A. Kimbrough, J. O. Merchant, A. C. Pierson, Wallace Cox, S. Hassen, J. M. Collins, John Couch; and Nettie McCollum and Lucille Watson.

Club members and visitors alike expressed admiration for the recently decorated club house. Interior and exterior of the building received attractive new coats of paint, and the floors were refinished. Few towns the size of Haskell are privileged to enjoy such an attractive club house. Not only the members of

the Magazine Club but Haskell citizens owe Mrs. Fields thanks and appreciation for her gracious generosity in the re-decorating of the club house.

The tea hour was hosted by the Social Committee, Mrs. J. M. Collins, Mrs. John Couch, Mrs. R. C. Couch, Jr., Miss Lucille Watson.

A "Gay Nineties" Fashion Show will be a feature of the Oct. 19 Club program. For this event, Club members are requested to bring articles of clothing or accessories of fifty years ago.

Representative of Social Security To Be Here Oct. 18

Ralph T. Fisher, manager of the Abilene office of the Social Security Administration, will be at the Chamber of Commerce in Haskell at 11 a. m. on Oct. 18.

Students who gave up their summer jobs to return to school should put their social security account number card in a safe place until they are again needed.

"A lost or misplaced account number card may mean delay in going to work and could mean the loss of a job opportunity.

"Next summer, or, during the Christmas holidays, the student asking for a job will again be requested by any possible employer to show his social security number. Many employers will not hire unless the number accompanies the work application."

Stevens Bros. Circus Will Exhibit In Haskell One Day Only, October 18th

The announcement of the coming to Haskell of Stevens Bros. Circus, America's greatest 3 ring wild animal show on Thursday, Oct. 18, will be greeted with delight by throngs of children from 5 to 75 when it arrives at the Central West Texas Fairgrounds early Thursday.

This show, the largest ever designed for automotive transportation, believes that cities off the main lines of the railroads are also interested in a circus of outstanding size and performance quality.

press representative of the circus, the show this year is bigger and better than ever.

More than 600 men and women, horses, elephants, camels, zebras, lions, pumas, tigers, monkeys and many other beasts of the forest and jungles will be seen at the circus. The circus also boasts the only pygmy elephant on exhibition in America.

The show comes to Haskell under auspices of the Haskell Fire Department. Two exhibitions will be given—afternoon and night.

Mrs. G. W. Carter Dies October 2 in Odessa

Mrs. G. W. Carter, 80-year-old resident of Haskell County for 44 years, died at 1 a. m. Tuesday, Oct. 2 in an Odessa hospital.

Mrs. Carter was visiting her daughter, Mrs. T. L. Booth in Odessa at the time of her death, caused by a paralytic stroke.

Funeral services were held at 2:30 p. m. Oct. 3 at Mansell-Smith Funeral Home chapel in Rochester, conducted by the Rev. Becker, Baptist pastor at Knox City. Burial was in Knox City Cemetery.

Mrs. Carter was born Sept. 16, 1871, in Leon County, Texas. Survivors are the daughter, a son, Ennis Carter of Rochester; and a brother, a Mr. Ratliff of Glen Rose.

Palbearers were Jack Dozier, Roy Day, Carl Carver, Bud Carver, Jake McReynolds, Gentry Day and Bailey Brown.

Legume Seeders Purchased By Soil District

The Board of Supervisors of the Wichita Brazos Soil Conservation District, met Friday, Sept. 28, at Knox City. Twenty-seven Initial Conservation Agreements were approved by the board.

The board also purchased two 3-row legume seeders to plant soil improving crops in cotton. These seeders plant two rows of soil improving crops in each middle of cotton. They are designed to push the cotton stalks back so that the cotton is not damaged. If a tractor can go through the cotton without damaging the crop, so can this seeder.

These seeders are in operation now and it is expected that they will be kept busy until cotton harvest is over. One of these seeders has fertilizer boxes on it to supply phos-

phate at the same time it plants the cover crop and the other one will probably be equipped with these attachments in the near future.

Soil Conservation Supervisors made arrangements for the FFA Chapters of Rochester, Knox City and Munday to handle the drills. Farmers wanting to rent these fertilizer drills may contact Kenneth Roberts at Rochester, Earl Ponder at Munday and L. E. Groves at Knox City.

Cover crops used in a rotation and with other practices have paid off for the farmer in years past and are especially paying off this year. Farmers report that their cotton will make 1-3 to nearly twice as much cotton following good conservation practices.

Some-where a Road is Call-ing

If the purr of a great-powered engine is music to your ears —

If command of two tons and more of nimble-footed and beautifully balanced automobile can step up your pulse beat —

You are just the man for whom a ROADMASTER was engineered.

Whatever it takes to give you a sense of complete and carefree freedom behind its wheel, you'll find in this proud master of the highways.

Added to the breadth and length that any fine car can give you are four soft-action coil springs to cushion the wheels, and a

torque-tube to banish rear-wheel wander.

Added to its high-compression, valve-in-head engine are eight exclusive Fireball combustion chambers that get extra power from each whirling charge of fuel.

Added to the convenience of clutch-free driving is the torque-converter principle of Dynaflo Drive—that feeds a steady flow of power without lag or falter ever.

Added to the light responsiveness of its steering wheel is a Buick-engineered "front-end geometry" that gives this phenomenal performer a sense of direction straight and true.

But no roll call of engineering accomplishments can tell you the feel of a ROADMASTER out on the road.

That's something that only firsthand acquaintance can bring. Not just a trip around the block — but enough time and enough miles to let you discover what a joyous companion this great car can be.

That's something that is easily arranged. If you're truly interested, a phone call will bring a ROADMASTER to your door.

Equipment, accessories, trim and models are subject to change without notice.

What's the fastest-growing line of trucks in America?

LOOK around you—in cities, on farms, at terminals and loading docks—wherever goods are moved on wheels.

More and more, the pay load's packed on a GMC.

You see those letters on medium and heavy Diesels, the most economical workers in their field. For GMC means first in Diesel power.

You see gasoline-powered GMC's front-running the highways of America—pace-setting delivery of the necessities of peace and war.

You see nimble bantamweights of the family—the highest-powered 1/2- to 2-tonners made—outpulling, outhauling every other truck in their class.

Ever wonder why GMC is gaining a greater percentage of the industry than any other truck-maker?

Ask the truck drivers themselves.

See the confident way they talk of the power plants, the broad-shouldered chassis—the way a GMC handles.

Ask about the tons they've hauled, the miles they've logged—the nip-and-tuck schedules they've licked time and again.

Ask these cost-wary haulers why they've made GMC the fastest-growing fleet in the land.

They'll tell you it's because GMC is the finest motor truck made.

If you'll come in, we'll show you why we think they're right.

NOTICE OF SALE HOUSING AUTHORITY OF THE CITY OF HASKELL, TEXAS, NEW HOUSING AU- THORITY BONDS (FIRST ISSUE).

Sealed proposals will be received by Housing Authority of the City of Haskell, (herein called the Local Authority), at its office P. O. Box 445 in the City of Haskell, Texas, until, and publicly opened at 1 o'clock p.m., CTS (two o'clock p.m., EST.), on October 23, 1951, for the purchase of \$403,000.00 bonds of the Local Authority to be known as "New Housing Authority Bonds (First Issue)" (herein called the "Bonds"), being issued to aid in financing its low-rent housing projects designated as Projects Nos. Tex-53-1, 2.

The Bonds will be in the denomination of One Thousand (\$1,000.00) Dollars each, will be dated June 1, 1951, will mature serially on June 1 each year commencing June 1, 1953, and ending June 1, 1992, and will bear interest from December 1, 1951, payable semi-annually on June 1 and December 1. Both principal and interest will be payable at the office of the Fiscal Agent of the Local Authority appointed pursuant to the Resolution authorizing the Bonds or at the option of the holder at the principal office of an alternate paying agent in the City and State of New York as may be prescribed by the successful bidder for the Bonds. The successful bidder must also prescribe an additional alternate paying agent for the Bonds.

Each proposal must (1) be submitted on a form prescribed by the local Authority which will more particularly describe the Bonds, the terms of optional redemption thereof, and the conditions of the contract to purchase the bonds, (2) prescribe a single rate of interest which shall be a multiple of one-eighth (1/8) of one per cent (1%) per annum to be borne by all of the Bonds, (3) prescribe a schedule of annual maturities on the basis prescribed in the Annual Contributions Contract between the Local Authority and the Public Housing Administration relating to the Projects, (4) offer to purchase all of the Bonds at a price of not less than par and accrued interest to the date of delivery and payment therefor, (5) be accompanied by a certified or cashier's check payable to the order of the Local Authority in the amount of \$8,000.00 as a good faith deposit, and (6) be enclosed in a sealed envelope addressed to the Local Authority which should be marked on the outside "Proposal for Bonds."

The award will be made to the bidder complying with the terms of sale and offering to purchase the Bonds at the lowest rate of interest without reference to premium; provided, however, that if two or more bidders offer to purchase the Bonds at the same lowest rate of interest, then such award will be made to the bidder offering the highest premium. The right is reserved to reject any or all proposals. Schedules of annual maturities, on the basis prescribed in the aforesaid Annual Contributions Contract, at various interest rates and prescribed proposal forms will be furnished to bidders upon request addressed to the Local Authority or to the General Counsel of the Public Housing Administration, Longfellow Building, Washington 25, D. C., or to the Field Office Director of the Public Housing Administration in the cities of New York, N. Y.; Atlanta, Ga.; Fort Worth, Texas; Chicago, Ill.; San Francisco, Cal.; Boston, Mass.; Richmond, Va.; and San Juan, Puerto Rico.

The Bonds will be general obligations of the Local Authority secured by a first pledge of annual contributions unconditionally payable pursuant to the aforesaid Annual Contributions Contract in an amount which, together with other funds of the Local Authority which are actually available

Weinert Bulldogs Turn In 26-14 Tally Over P-C Pirates In Homecoming Game

In one of the area's 6-man football classics of the year, the Weinert Bulldogs defeated the Paint Creek Pirates 26-14 Saturday night on the Weinert field. The two teams showed much spirit and evidence of excellent coaching in the game played as the stellar night attraction for the Homecoming of ex-students and teachers of Weinert High School. In the first quarter, Moody scored the first tally for the Pirates from 6 yards out after recovering a Weinert fumble. Moody also kicked the extra point. McGuire powered through to

the pay stripe from 20 yards out to register the Bulldogs first touchdown, but try for extra point failed, leaving the score 8-8. Second touchdown for the Bulldogs resulted from a pass to Josslet. Again the try for extra point was no good. Moody came back to tally for Paint Creek in the same quarter, to set the score at 14-12 with the Pirates leading. In the third period, Josslet crossed the pay stripe for the Bulldogs third TD, with conversion try failing. Then the Bulldogs added two points on a touchback. In the final minutes of play, Owens intercepted a Pirate pass and ran the ball back 60 yards for a touchdown and final tally setting the score at 26-14 for the Bulldogs, who failed to convert after final TD.

Recreation Center, Bowling Alley, To Reopen Saturday

The recreation center and bowling alley, located north of the square on Avenue E, will be reopened Saturday, Jerry Johnson, co-owner and manager of the establishment announced today. The center has been closed for remodeling and repainting the interior and making other changes, he said. Six alleys for bowling are maintained in the center. Mrs. Alice Johnson will have charge of the snack bar in the establishment.

RETURN HOME
Mr. and Mrs. Clarence Taylor went to Hobbs, N. M. last Saturday to meet his father, G. H. Taylor who has been visiting his daughter, Mrs. R. H. McKinney and Mr. McKinney of Salt Flats, Texas, for the past month. They stopped in Snyder on the return trip and picked up Mrs. H. E. Melton, mother of Mrs. Taylor. Mrs. Melton has been visiting a niece, Mrs. Bill Crowder, of Snyder, for the past two weeks.

OUR APPRECIATION
To our many friends who were so kind to us in Jerry's illness we wish to say thank you.

We thank each one who helped in any way to make it easier for us; each kind word, each prayer, the many cards and letters, the beautiful flowers and gifts Jerry received while in the hospitals here and at Abilene.

Especially do we thank the blood donors and those who offered blood. And those who stayed with us and came to see us so often.

We are deeply grateful to Dr. Kimbrough and Dr. Bridges, and the nurses who were so sweet and good to Jerry.

May God bless each of you as He has us.—Mrs. J. C. Holt, Jerry and family.

The early destruction of cotton stalks is one of the most effective practices known for controlling cotton insects especially boll weevils and pink bollworms. Community and countywide stalk destruction programs are the most effective and the practice should be carried out just as early as is possible. The job must be complete for new growth means food for insects.

Weinert Homecoming Sponsors Grateful For Support Given by Local Merchants

Officers and committee members who worked for weeks on plans and arrangements for the Weinert ex-students Homecoming held Saturday, today expressed their gratitude for the splendid cooperation and generous financial assistance extended by business firms and individuals of Weinert and Haskell.

As spokesman for the organization's officers and committee-men, Myron Beard and Miss Margaret Toliver said liberal support and cooperation of Haskell and Weinert people made the program possible and assured the success of the first School Homecoming ever held in Haskell County.

"It would be impossible for us to contact and thank personally each of those who contributed to the success of the venture, and we want to publicly express our appreciation through The Free Press," Beard and Miss Toliver said.

Definite plans have been made to hold the Weinert Homecoming each year, and a permanent organization has been formed for that purpose.

Average Big Game Hunter Spends \$271 On Annual Foray, Cost Analysis Shows

Analyzing big game hunting costs, a Game and Fish Commission wildlife biologist reported the average hunter stalking deer and turkey spent \$271.97 for the 1947 season.

He said the minimum expenditure per hunter, that year was \$2—the price of the old resident hunting license—and that the maximum individual expenditure was \$3,618.50.

Broken down to the price of each prize bagged, he reported the cost of harvesting one wild turkey or one buck deer on the average was \$186.98.

The study was made by Henry C. Hahn, Jr., of Kerrville, veteran Game and Fish Commission staffer. He was aided by 14 biologists and six game wardens.

The \$271.97 spent by the average hunter included such items as the following:

Supplies and equipment, \$107.48; transportation, \$51.72; hunting lease, \$37.34; food, \$22.61; miscellaneous (camp cook, labor, insurance etc.) \$16.84; mounting and tanning, \$3.88; game storage and processing, \$2.66; hunting lease elsewhere in addition to the one on Edwards Plateau, \$2.59; lodging, \$1.91; telephone and telegraph, \$1.49.

Another major item was hunting clothing. Transportation also was costly since the average hunter drove his automobile approximately 500 miles during the 1947 hunting season. Some of the mileage was made prior to the season in trips to hunting leases and on general reconnaissance.

Jud Area Gets New Oil Test; Offset Due Near Sagerton

Rowan & Hope of San Antonio have announced location for their No. 1 Anna Mae Hutchinson in the Jud area in northwest Haskell County, while in the southwest part of the county an offset has been announced in the southeast; Sagerton area.

Drill site for the Rowan & Hope well is four miles north of Jud, 350 feet from the north and east lines of Section 5, Arthur Slaydon Survey 58. Contract depth is 6,000 feet with rotary.

In the area southeast of Sagerton, E. K. & E. M. Burt, et al No. 3 Swenson Bros, has been spotted as an offset to a discovery well. Drill site for the 3,100 foot rotary try is 1,650 feet from the north and 990 feet from the west lines of Section 13, Block 1, BBB&C Survey, that places it 660 feet east of No. 2 Swenson Bros., a Swastika Sand discovery that gauged 84 barrels of oil daily.

Capitalists at play!

- - the American Way!

Capitalists?

Why, yes. Fishermen and fiddlers, bridge players and ball players... all kinds of Americans, in fact, are Capitalists... because most Americans are owners of the electric light and power companies!

It's like this: several million people—from every walk of life—are direct owners of these companies' securities. And some 75,000,000 are indirect owners—through

their life insurance and savings bank accounts! You see, when banks and insurance companies accept your money, they must invest it wisely. That's why so much of it goes into business-managed electric companies like the West Texas Utilities Company.

It's fair and fitting, isn't it, that the companies that serve nearly everybody are owned by nearly everybody?
