

Four Negro Youths Commit Burglary

Four youths, ranging in age from 17 to 21 years, have admitted to the recent burglary of the Spencer company safe which was being held in jail awaiting Grand Jury action.

Jimmie Brockton, Ray, Edward Thomas, Houston, admitted the burglary where the safe was taken from the Spencer company safe had been about \$424 in checks and cash, but the Negroes received approximately \$200 in the burglary. They were given Sheriff's bonds for \$100 each. The other officers, the Sheriff, they broke into the company office.

Combine owners living in Haskell county are asked to contact him and give him a list of their equipment, combines and trucks. By doing this it will enable him to route the equipment to the farmers needing grain harvested.

Combine owners coming into Haskell county from out of the state or out of the area also are urged to contact Mr. Duncan and give him a list of their equipment in order that he might route such combines to the farmers needing grain harvested.

The Texas Employment Commission feels that there will be ample combines available to harvest the 1950 wheat crop if the farmer and combine operator cooperate and proper routing of the combines can be done, and by this cooperation Mr. Duncan will be able to serve the farmer and the equipment owner more efficiently if they will report their needs and their equipment to him.

Ralph Duncan To Direct TEC Farm Labor Program

Ralph E. Duncan, manager of the Haskell Chamber of Commerce, will represent the Texas Employment Commission in assisting the farmers and combine owners in the 1950 wheat and small grain harvest.

The TEC urgently requests all farmers that have small grain to cut to please contact Mr. Duncan at the Chamber of Commerce office and give him a list of their needs.

Combine owners living in Haskell county are asked to contact him and give him a list of their equipment, combines and trucks. By doing this it will enable him to route the equipment to the farmers needing grain harvested.

MISS PAT HARRISON

Pat Harrison To Be Haskell's Princess At Wichita Falls

Pat Harrison, daughter of Mr. and Mrs. Claude Harrison of this city, has been named to represent Haskell in the princess show at the first annual Wheat Harvest Festival in Wichita Falls June 2. Miss Harrison is a junior at North Texas State College in Denton and recently was elected president of the Students' Women's Forum at that school.

Miss Harrison, together with young women chosen as Princesses from a number of towns and cities, will be honored guests at a round of activities, luncheons and other events during the festival. One of the young women will be chosen as Queen of the First National Wheat Harvest Festival and her identity revealed at a Coronation Show Friday night, June 2. The young lady chosen as Queen will receive gifts and awards worth more than \$1,500. Miss Harrison's escort at the Coronation Show and Ball will be Corky Evans of Olney.

A large number of Haskell people are expected to attend the several events to be staged during the week-long festival.

Improved Service To Be Available On Star Route

Effective June 1, the Post Office Department has approved a change in service for the Star mail route between Haskell and Rochester, which will give patrons along the route the same service available on rural mail routes.

Postmaster Harold Spain said this week.

After June 1, Star route patrons will be able to purchase stamps, money orders, insure and register mail, etc., with the carrier, W. J. Adams, giving them practically the same service obtainable in a postoffice on a limited scale.

Frank Harris, 50, Former Resident, Dies In Baytown

Frank Harris, 50, former Haskell resident and son of the late Mr. and Mrs. M. H. Harris of this city, died May 16th in Baytown, Texas, after a prolonged period of ill health.

He began his business career with the Alexander Department Store here in the 20's. He moved from Haskell in 1927.

He is survived by his widow, Mrs. Hazel Harris of Baytown; a daughter, Mrs. T. C. Lugenbill of Sherman; and four brothers, J. B. and Hansford Harris of Rule; Shelby and Urban Harris of Haskell.

Funeral services for Mr. Harris were held at the First Methodist Church in Baytown May 17 at 3 p. m., and burial was in Baytown cemetery.

Attending the rites from Haskell and vicinity were Mr. and Mrs. J. B. Harris, Mr. and Mrs. Hansford Harris, Mr. and Mrs. Shelby Harris, Urban, Dale and Henry Harris and Shelby Johnson.

City Council Allows Taxi Fare Change; 1949-50 Audit; Purchase 1-2 Ton Truck

At the regular meeting of the City Council Tuesday night, approval was given the City Taxi Company, operated by J. W. Holland, for a new schedule of taxi fares; the City Audit prepared by R. V. Robertson, local accountant, for the fiscal year April, 1949 to March 31, 1950 was accepted; and bid of Haskell Implement Company for a 1-2 ton International truck was accepted.

Effective June 1, the Council approved a taxi rate change from 25c to 25c for a single passenger; each additional fare will be decreased to 10c as long as only one pickup and one stop is made. Regular users of taxi service may purchase fare cards entitling them to a 25c fare.

The audit prepared by Mr. Robertson covered all receipts and disbursements of City Funds during the 12 month period of the city's fiscal year.

Purchase of the truck was in compliance with an advertisement for bids for a one-half ton over equipped with 6-ply tires, over load springs with water heater and defroster, with the City reserving the right to accept or reject any bids. Bids on the truck unit were as follows:

Pitman Motor Co. (Dodge) \$1,193.00; Haskell Implement Co. (International) \$1,290.00; Burton Chevrolet Company (Chevrolet) \$1,141.35; Bill Wilson Motor Company (Ford) \$, \$1,145.63; S. GMC) \$1,238.50.

Burl Cox Is Surgery Patient In Abilene Hospital

Burl Cox, pioneer resident and retired Haskell businessman, is a patient in Hendrick Memorial Hospital, Abilene, where he is recuperating from major surgery. Mr. Cox is doing nicely and is showing continued improvements, according to reports from the hospital. A son, W. H. Cox and his wife and other relatives have been at the bedside of the patient at intervals during his convalescence.

Knox City Officer Is Convicted On Murder Charge

Lee Wampler, Knox City night watchman, was found guilty of murder with malice in the Feb. 23 slaying of Guy Milford, a cafe operator of that city, and his punishment was fixed at 10 years in the penitentiary by a jury in the 50th District Court at Benjamin Wednesday.

Prosecution was conducted by County Attorney Carl Patterson of Knox County, District Attorney Bill Brookerson, and T. R. Odell of this city, special prosecutor. Counsel for the defense included McClain & McClain of Ft. Worth and Joe Reeder, Knox City lawyer.

Principal state witnesses were Mrs. Bessie Cornell, employee in Milford's cafe, and eyewitness to the shooting. She testified Milford was trying to re-enter his cafe after investigating a noise, and was shot while entering the doorway. Other witnesses and relatives of the slain man testified that "ill feelings" had existed between the two men for several years, and that the officers had filed or instituted misdemeanor complaints against the slain man 8 or 10 times in the past year and a half or two years. In each instance, the complaints had been court hearings.

Funeral Rites Held Tuesday For Mrs. Mary Ella Greene

Funeral service for Mrs. Mary Ella Greene, wife of Scott W. Greene, Sr., was held at the First Baptist Church in this city, Tuesday at 3:30 p. m., conducted by Rev. H. H. Segg and Rev. Allen O. Webb, pastor of the church. Mrs. Greene died Monday in Seymour.

Interment was in Willow Cemetery with arrangements in charge of Holden Funeral Home. Pallbearers were E. B. Callo-way, T. A. Rhoads, Jasper Wheeler, Tom Parks, Rupert Adams and Clyde Batey.

Deceased was born Sept. 19, 1871 in Karnes County, Texas, the daughter of Mr. and Mrs. John D. Williams, Sr., married Scott W. Greene of Snyder, Texas, in March 1896, and the couple later moved their family to Haskell county in 1917 from San Angelo. Mrs. Greene had been a member of the First Baptist Church of age, and was deeply interested in all activities of the church wherever she has lived. For several years she was an active member and teacher of the T. E. L. class of the First Baptist Church of Haskell, a teacher in the Curry Chapel Sunday School, and also a teacher in Highland Home Church near Reton.

Reclamation Bureau Plan Would Furnish Stamford and Area Towns Water Without Bonding City Revenues

Addressing a group of several hundred Haskell citizens and residents of neighboring communities last Saturday on the Court-house lawn, dealing with the current proposal by Stamford to build a dam on Paint Creek and sell water to neighboring towns, Mayor Courtney Hunt assured his hearers that "We are still working; we still want the Reclamation Bureau project, whereby our neighboring towns, including Stamford, along with Haskell can be assured ample water for present and future needs."

Reviewing efforts made since his administration as Mayor began in May, 1949, Mayor Hunt said that Haskell's primary concern was equitable allowance of the water to all towns in the Paint Creek watershed; and that this city, in filing a presentation with the State Board of Water

More Than Two Hundred Persons Join In Program Observing "Three Score and Ten" Day At Pinkerton Baptist Church

"The Three-Score and Ten Day at Pinkerton Baptist Church, Sunday, May 21, will be long remembered by the Pinkerton folks," according to Deacon Bill Lees. The guest may soon forget, but the home folks find that the visitors brought encouragement that will be lasting in its value. An approximate 220 established a record crowd and the 145 who were counted in Sunday School broke the good record set on Mother's Day.

There they were—some 35 of them! Men and women who lived long enough to learn some things first hand from life itself! Some were bent, some battered by the passing years, but all were smiling and greeting each other with a spirit that did something fine for the crowd that looked on. Here were eyes, filled to overflowing with the delights of fellowship renewed. There was the sound of a sob in the voice of one who recalled a first meeting 25, 40 or 50 years ago. But everywhere there was a warmth of greeting that made the heart glow with awakened faith in the kindness that flows beneath the surface in the souls of men.

Three of the guests were 80 or more. Several others were nearer to 80 than to 70. Mrs. Lizzie Boss of Haskell 85 years, 3 months and 23 days of living—was presented a corsage of white carnations as recognition for being the oldest of the guests. Mr. T. J. West of Hereford, 80 years, 7 months, 25 days, received the special flowers for being the oldest man present. He also had the distinction of being the one who had come farther than any other to attend the service, something over 500 miles. A deacon still, he was deacon in the Pinkerton church over 25 years ago.

Mrs. Sarah Holt of Haskell, older by almost two years than the oldest of the men, reported the longest span of church membership. Her church membership has been without a break for some 69 years of her 82. Mrs. Julia Brown, just passed 73, of Knox City was presented a corsage in recognition of the fact that she is the only living charter member of the Pinkerton church, organized in 1897. She came with her brother, Uncle Joe Smith and his wife, also of Knox City. This couple are both former members of Pinkerton, and both are older than Mrs. Brown, the charter member. Rev. Arnold (now past 79) of Anson held the distinction

of having helped as visiting preacher in a revival meeting while Rev. Curry was pastor, about 1916.

Other guests 70 years or over included T. J. Webb of Old Glory, J. O. Jackson, T. J. Hodgins and E. W. Kregger of Haskell, Hugh Williams of Rule, Mrs. Lucy Bristow, Mrs. J. L. Gipson, Mrs. Ola Ashley, Mrs. Carter, Mrs. Satterfield and Mrs. Carroll of Rule and Mrs. Molly Beasley and Mrs. Ike Harrell of Haskell.

Five members of the local church passed three-score and ten were all present. They are: Mrs. T. S. Holloway, Mrs. Frank Norman, Tobe Griffin, and Mrs. Ollie Lee. Mrs. Frank Norman, designated as the Church Mother because of over 51 years of active and helpful service in the church, was presented with the corsage by Mother Holt and Mother Harrell to win the corsage for the greatest number of descendants present, she having some 14 children, grandchildren or great-grandchildren present.

With a hearty handclasp for those who came, and a sigh for those who had been unable to keep their plans for attending, the Pinkertonites saw the hour pass into history and the occasion fade into the realm of cherished memories. The church wishes to express deep appreciation to Mr. and Mrs. Charlie Conner for the generous gift of flowers and for further help with the decorations and to the Philadelphia Club of Rule for the decided help they gave to make possible caring for the venerable guests they were privileged to have.

1st Lt. Willie T. Johnson Returns To States After Tour of Duty In Japan

Nagoya, Honshu, Japan—The 20th Weather Squadron, headquarters at Nagoya lost a good officer and an outstanding athlete recently when 1st Lt. Willie T. Johnson, son of Mr. and Mrs. W. L. Johnson of Weinert, Texas, returned to the states. Lieutenant Johnson was reassigned to the 24th Weather Squadron with duty at Perrin AFB, Texas.

Arriving in this theater in December 1947, Lieutenant Johnson served as a weather forecaster at the Yokota AFB weather detachment, near Tokyo, and at Komaki Airfield, near Nagoya, until a year ago when he was transferred to this headquarters for duty with the Squadron Inspection Team. His duties as a weather forecaster included many interesting phases, such as, analysis of weather charts for the surface and various levels above the earth's surface, preparation of pictorial cross sections for over-water flights, and verbal briefings for air crews prior to all flights. Comprising of thirteen dispersed weather detachments, the 20th Weather Squadron supplies extensive weather service to American occupational forces located throughout the four main Japanese Islands: Honshu, Kyushu, Hokkaido, and Shikoku.

While in Japan, Lieutenant Johnson acquired quite a reputation for himself, especially as an athlete. He participated in numerous track and field meets collecting many trophies and medals for his achievements. The more notable contests in which he won honors were the Fifth Air Force, Far Eastern Air Forces, and the Far Eastern Command Meets. In winning first place in the javelin throw in the 5th AF contest, he set a new meet record for that event. However, setting records is nothing new to the lieutenant for he established the standing Texas State high school record for the same event while attending Weinert High School in 1939. Another of the many sports in which Lieutenant Johnson excels is basketball. During the 1949-50 season his spirited play led the 20 squadron basketball team into the championship play-offs of the Na-ties where they were defeated by a slim margin.

When Lieutenant Johnson entered the Air Force in February 1943, he was primarily interested in flying. His dream came true when his application for Aviation Cadets was accepted and he entered training shortly thereafter. By June 1944, he had completed his primary and advanced single engine training and was graduated from cadets with the rank of second lieutenant. Two months later he finished twin and multi-engine training and departed for the European theater of operations where he participated in the Battles of the Rhine River and Central Germany as pilot of a B-17 (heavy bomber). For these operations he was awarded two battle stars and the Air Medal with one cluster. In June 1946 he returned to the states and immediately entered training as a weather forecaster at Chanute, Ill. He graduated from this school in October 1947 and two months later was assigned to the 20th Weather Squadron and subsequently to Yokota AFB, Japan.

Prior to his entry into the service, the lieutenant graduated from the Weinert High School and attended Hardin-Simmons University, Abilene. Lieutenant Johnson was accompanied on his return to the state by his wife, Vivian, and daughter, Paula, who were with him at Nagoya.

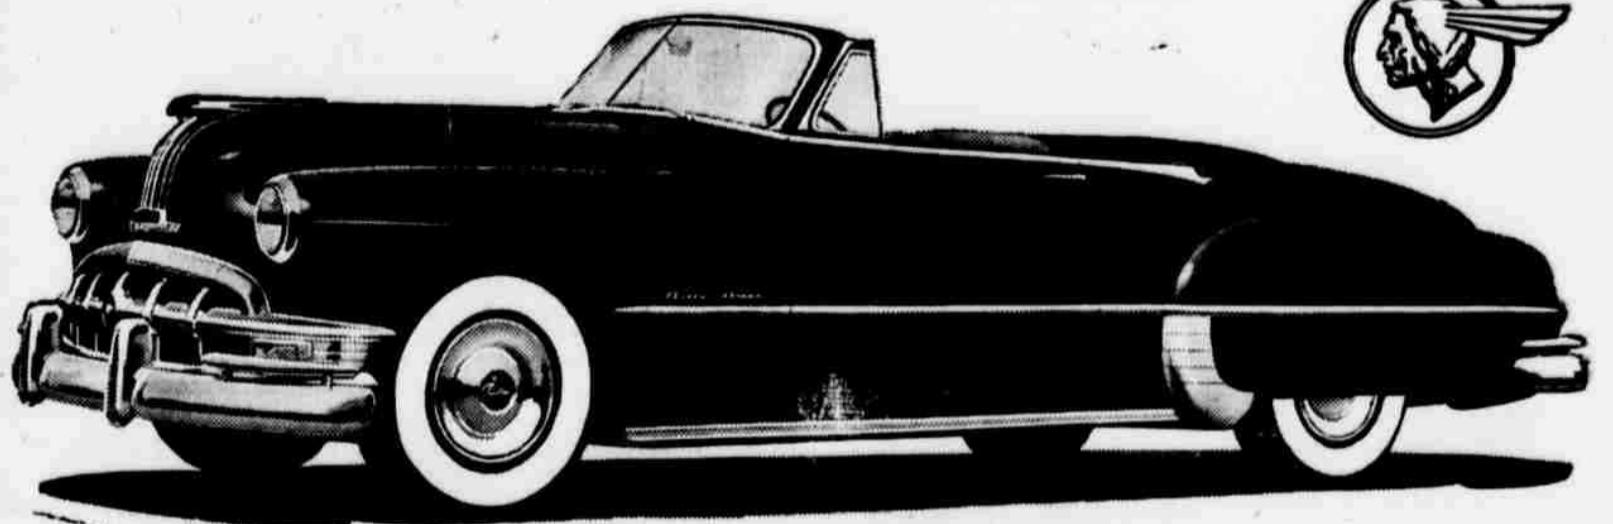

League Ranch Finds Red Peas Excellent Soil Builder

The League Ranch in Knox county, cooperating with the Wichita-Brazos Soil Conservation District and the soil conservation service, planted 50 acres of Chinese Red peas for a soil improving crop in the spring of 1949. Part of these peas were harvested for seed and the rest were turned under as a green manure crop. Several hundred pounds of seed were harvested for use this year. The part turned under for a soil improving crop had a volunteer stand to come up. These were allowed to make about 6 or 8 inches of growth and were also turned under for a soil improving crop. This land was kept clean for the remainder of the year until wheat sowing time.

All this area was planted to wheat in the fall of 1949. The wheat on this land has seemed to be hurt less by the dry fall and has looked exceptionally good all year. This is just one of the summer legumes that can be grown in this area for soil improvement, workers in the soil conservation service point out.

O'Brien 4-H Club Girl Wins Top Honors In 4-H Dress Revue Here Saturday

Approximately 100 members attended the Haskell county 4-H Dress Revue Saturday, May 20 in the high school auditorium. Miss Betty Sue Johnston of O'Brien

4-H Club, won top honors with the highest score in the Senior division. She modeled a blue and white dotted swiss dress with lace insertion between tiers in the skirt. She accessorized her entry with a white dutch hat, white shoes, gloves and bag. As over-all winner, Miss Johnston will represent Haskell county as its contestant in the State 4-H dress revue, to be held during the State 4-H Club Roundup at College Station June 11, 12, 13, and 14.

Sharing the spotlight with Miss Johnston is the second place winner in the best dress division, Mariene Crawford, of the Rule 4-H club, who modeled a brown textured cotton with scalloped neckline, covered belt and buttons. White accessories accented the costume. Third place winner in the best dress division was Addline Mathis of Sagerton 4-H club. Addline had made a blue cotton with pearl button trim and large pockets.

Linda Lewis of Rule 4-H club won highest score in the school dress division with a dark cotton with a white pique trim and a

cumberbund hand. A yellow pique sleeveless dress was made and modeled by a brunette, Fayma Downey of Rochester 4-H club; Fayma was second place winner in this division. Third place went to Glanra Clark of Sagerton 4-H club who made a fine blue chambray sun dress with white jacket.

The skirt division had as first place winner, with a score of 90, Noel Beason of O'Brien 4-H club, who modeled a blue cotton skirt with large pockets.

These 4-Hers who placed received lovely gifts of sewing equipment from the Haskell County Home Demonstration clubs. The dress revue was held as an achievement event of the clothing work 4-H girls have been doing.

Cathryn Sands, county home demonstration agent, of Wichita county, and Ida Bell Allen, county Home Demonstration agent of Knox county, were judges of the girls' construction and appearance. Mrs. Howard Sloan, acted as commentator for the afternoon. Mrs. J. J. Wisdom, Mrs. J. Swope and Mrs. Rex Murray assisted with the dress revue.

Mariene Crawford, a 4H girl of the Rule club, gave the 4-H Creed; and a Weinert 4-H girl, Doris Hutchinson, gave the 4-H club pledge.

Decorations were around a Travel theme, and luggage and a huge Charatune map of Texas was shown in the background. The trip the Haskell county State Dress Revue contestant is scheduled to make in June, was shown on the map.

Rochester Woman Wins Award In Dairyland Contest

Mrs. Hubert Wilson of Rochester, has been named winner of the second radio given away in Haskell County by Gobles Dairyland, as a result of her entry in the Dairyland contest now in progress.

Winner of the first radio, announced last week, was Mrs. Stella Josselot, 703 N. Ave. G, Haskell. Each contest winner receives a Motorola Table-Model Radio.

The final winner will be announced in next week's issue if this newspaper. In addition to the free radio going to next week's winner, an identical radio will also be awarded the grocer named by that winner on his or her entry. Rules of the contest require that each entry be accompanied by the name of the grocer with whom the contestant trades.

Closing date for entries to be included in the final judging, is Saturday, May 27th. Entries must be postmarked not later than midnight of that date.

Simple rules for entering the contest may be found in the Gobles Dairyland ad appearing in this issue.

4-Hers Lauded For Keeping Tractors In Good Condition

Keeping the nation's fleet of 3 1-2 million farm tractors operating efficiently is a job of basic importance to the whole economy. Aiding in this task today is the 4-H tractor maintenance program through which nearly 130,000 club leaders and membs have been trained to know their tractors, care for them well, and operate them efficiently.

So said Guy L. Noble, director of the National Committee on boys and girls club work, in an interview.

"The club leaders receive special training in tractor care and operation at annual state or district clinics, which are conducted by the Extension Service of the State Agricultural Colleges and USDA cooperating," Noble asserted. "The leaders pass on what they learn to club members, who carry out the training on the home tractors."

"Through this process of training, club members not only learn the value of efficient tractor op-

eration, but also develop the qualities of leadership, helpfulness, initiative and thrift."

As incentives for outstanding

records of achievement in this program, merit medals, Chicago 4-H Club Congress trips and college scholarships are offered by

Stanolind Oil and Gas Company on county, state and national levels, respectively. Last years state winner in Tex-

as was Lee Wolf, of One hundred ninety members received county of honor.

Veterans Advised of Deadline on Entering Training Program

July 25, 1951 is a critical date in the education and training program. Veterans must start training before that date in order to receive the benefits either in Haskell county Vocational school or colleges.

All education or training must be completed before July 25, 1956, with the exception of those entering service after October 6, 1945 under the Voluntary Recruitment Act.

Berry Season Brings Visions of Tasty Jams and Jellies

It is berry picking time in many sections of Texas. Of course, that means homemakers will be busy making jellies and jams and a lot of other good things to eat that can be made from berries. Too, some will be frozen and stored in the home freezer or locker box and others will be canned for later use, but don't forget to serve them to the family fresh. They're tops.

A novel way to serve berries is with cookies. According to Louise Mason, extension foods and nutrition specialist of Texas A. & M. College, pretty scalloped cookie shell cups filled with fresh strawberries, blackberries and topped with whipped cream makes a mighty good and appreciated dessert.

She says to use your favorite rolled cookie dough to make the cups. The dough will be easier to roll if it is chilled. Roll out the dough to a thickness of about one-eighth inch, then cut the circles with a two-inch cookie cutter. Line greased three-inch muffin cups with four cookies each and overlap the edges of the cookies about half an inch. She suggests placing a small bit of dough in the bottom to cover the open space. Bake the shells in a moderate oven (350 to 375 degrees F.) for 10 to 15 minutes. Just before serving, fill the shells with fresh berries that have been lightly sweetened and top with whipped cream, and add Miss Mason, it is just as good as it sounds.

Have you ever tried filled cookies on the family? They are easy to prepare. Roll the cookie dough pretty thin—about an eighth of an inch thick and cut with a two and one half inch cookie cutter. Dot the center of the cookie with apple butter, preserves or your favorite jelly and jam. Next fold each cookie in half and seal the edges. Press a whole pecan or carded cherry into the sealed edge to make a pretty fastening. Bake the cookie on an ungreased baking sheet and in a moderate oven (350 to 375 degree F.) for about 10 minutes. They are par-

Home Economist Is Added To District Staff of W.T.U.

The addition of a Home Economist to the staff of West Texas Utilities Company's Stamford district was announced this week by K. K. Francis, WTU district manager.

She is Miss Mary Alice Howle, who will work throughout the district helping housewives stretch their kitchen-budget dollars, Francis said.

"Miss Howle, who is being transferred to the Stamford district from Abilene, where she has been employed in the General Merchandise Department since March, 1948, will be available to work with individual groups and clubs," Francis pointed out. Requests for her services may be made at any WTU Co. office.

The daughter of Mr. and Mrs. J. M. Howle of Abilene, Miss Howle is a native of Hodges, Texas. She attended elementary school in Anson and graduated from Eula High School. Following graduation from high school she attended Hardin-Simmons university where she majored in art and home economics.

Miss Howle will live in Stamford. She is a member of the Baptist Church and plans to be active in the womens work of the area.

Just in case you have plain cookies that get a little too dry for eating, save them by making them into sweet crusts for pies. Place the cookies in a paper sack and crush with the rolling pin. Miss Mason says to combine the crumbs with butter or margarine—about one-third cup of butter or margarine to one and a third cups cookie crumbs makes a good mixture. Press the mixture into a pie pan and fill with chiffon custard or cream fillings. If meringue is used, brown it slightly in the oven at about 300 degrees F.

Two Haskell County Students Earn Degrees At Tech

Two Haskell county students were awarded degrees from Texas Technological College, Lubbock, in commencement exercises held Monday evening, May 22.

Those from Haskell county receiving degrees were Jake William Hodges of Rule, Bachelor of Science degree in petroleum geology; and Olga Brothers Teague of O'Brien, Bachelor of Science degree in Home Economics.

ENTERS SEMINARY IN FORT WORTH

Miss Jaunita Scoggins was home with her parents, Mr. and Mrs. C. N. Scoggins for a week from Dallas before returning to Fort Worth where she entered Baptist seminary training school May 22.

It would have taken a train nine miles long to haul all of the livestock that arrived dead at the livestock markets of the nation in 1947. This loss plus those from bruises and crippled animals annually amounts to near \$25 million. Producers, transporters and livestock handlers all have a part to play in preventing these losses most of which are borne by the producer.

Three New Grain Sorghum Varieties Developed By Texas Agronomists

Three new grain sorghums varieties—each selected to meet a definite need—have been developed by plant breeders of the Texas Agricultural Experiment Station and released to certified breeders for increase, Director R. D. Lewis has announced.

The Station will have additional seed at the end of this season for distribution through county agents for demonstration plantings in 1951.

The characteristics of the new varieties, as explained by R. E. Karper, agronomist in charge of grain sorghum investigations, and R. Quinby, superintendent of the Chillicothe station, are:

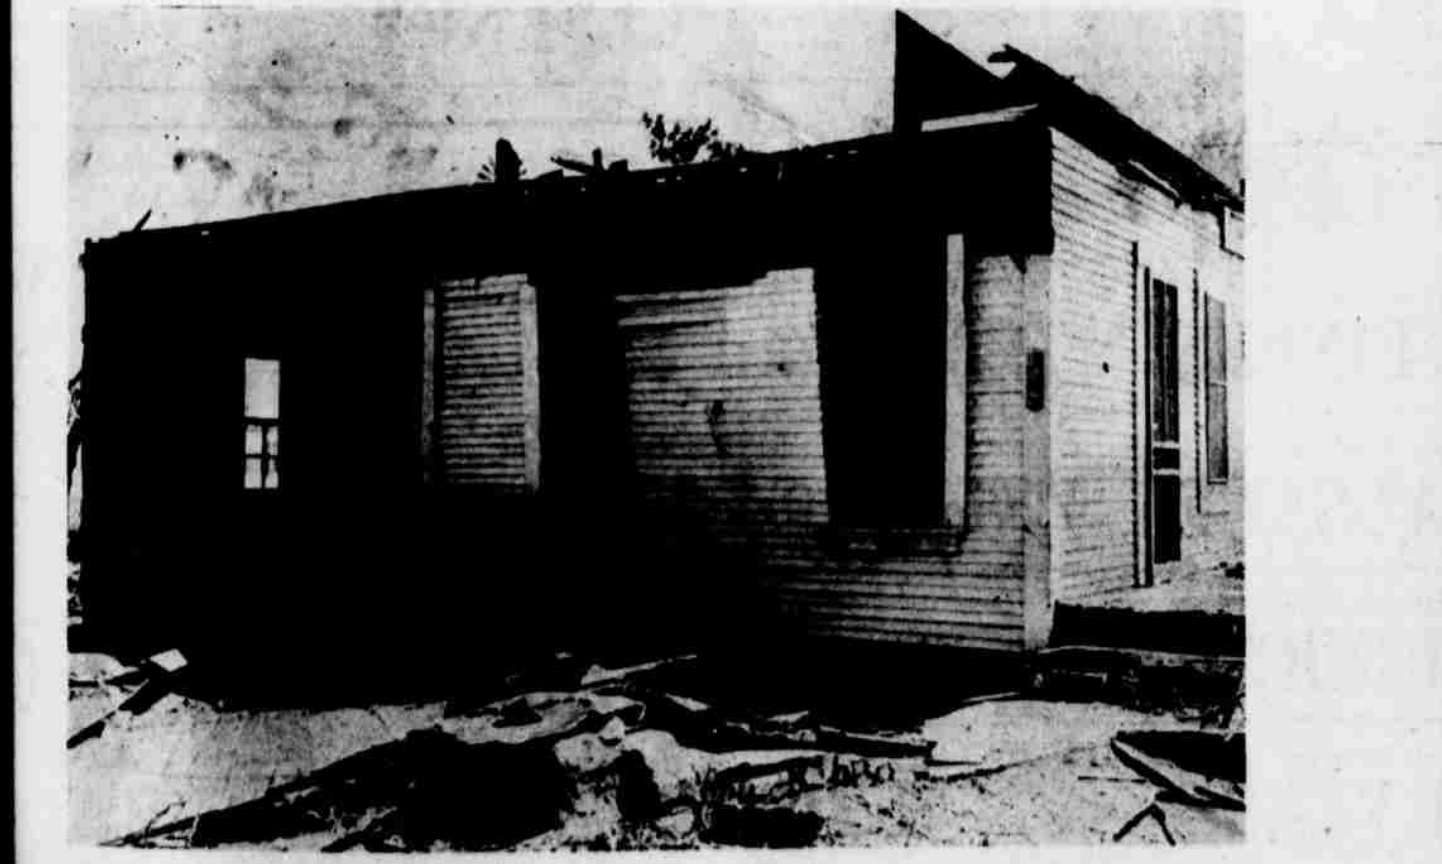

Combine Kafir-60—Like Kafir, the stalks are juicy and stand up well in the field. The heavy head is borne on a long stem and stands well above the stalk. The variety is awless and seed are white with black specks, testing 60 pounds to the bushel. The variety blooms in 60 days from June 1 planting at Lubbock, or about a week earlier than Texas Blackhul Kafir or Plainsman. Combine Kafir-60 was developed by crossing a double dwarf Kafir selection with Texas Blackhul, followed by selections and

new varieties were distributed to 35 Texas certified seed growers. Some of the growers have pooled their seed and planted it in Hidalgo county. This crop will be harvested in early June and the seed shipped to the Lubbock area for planting there for a fall harvest. On such pool of 70 ounces of each variety is expected to yield 20 bushels of certified seed from plants that are bagged to insure self pollination. This 20 bushels would seed 300 acres or more; if the crops averages only a little over 30 bushels an acre on the South Plains, the increase in one year would be a half million pounds, or enough to plant 100,000 acres in 1951. Other certified seed growers will further increase the foundation seed of the new variety in plantings on their own farms this year. Put pep in the pocket-book by putting profitable want ads on the job.

Redbine-60 and Redbine-66—These new red-seeded varieties are similar except in their maturity. Redbine-60 blooms in 60 days, a little earlier than Martin; Redbine-66 in 66 days, a few days earlier than Plainsman. Both have dry head-terms an rachis, can be combined before frost if desired and have a long stem so that there are fewer leaves and less stalk to load down the shaker when combining. Both varieties have a brighter reddish-yellow seed color than Martin and have a longer stem, are taller and have a better threshability than Plainsman. Redbine-60 has awns, tests 57 pounds to the bushel and is a little surer of production because of its longer growing season, awless, tests 60 pounds to the bushel and will yield higher under favorable conditions because of its longer2 growing season. These two varieties were chosen after several years of test from numerous selections from the progeny of a cross between Martin and a sib of Caprock. Four ounces of each of the

Dempsey Emerson Home West of O'Brien

This was the first view Mr. and Mrs. Dempsey Emerson had of their home west of O'Brien when they came from their cellar last Friday afternoon after the storm was over. The cyclone unroofed the house, took away the west wall of the storage room and ripped away the kitchen wall. The south porch roof, the garage, barn and all other out-buildings were found scattered in the field over a large area. Mr. and Mrs. Emerson plan to complete the job the storm began, and start construction on a new home.—Knox County Herald.

This Could Be Yours

If it were yours would you be adequately protected with insurance placed in the hands of an agent who represents reliable companies and makes a personal interest in your property values and program?

Misfortune is no respecter of people and a cyclone can destroy your home, improvements and personal property, that you have spent a life time accumulating, in a few seconds. This would be tragic. Make sure it doesn't happen to you by having adequate coverage with an agent who knows how to care for your interest and is just as anxious to pay your just claims as he is to collect your pre miums.

The fact that we delivered J. W. Tankersley's (owner of residence) check for storm damage only a few hours after the damage occurred is proof that we are that type agency.

Ceremony In Home of Bride's Parents Joins Miss Jolene Hattox and Kendell Henderson In Wedlock Monday Afternoon, May 22

Miss Jolene Hattox became the bride of Kendell Henderson at 5:00 p. m. Monday, May 22, at the home of her parents, Mr. and Mrs. Gaston Hattox, 1503 Ave. F.

With members of the immediate families and a few close friends attending. This was the 20th anniversary of the bride's parents.

R. P. Hattox, uncle of the bride, read the ceremony before an improvised altar in the living room. Twin baskets of picardy gladioluses were arranged against a background of greenery.

Mrs. Allan Overton sang "I Love You Truly" and "As You Desire Me." Miss Dorothy Reynolds of Moorilton, Ark., former roommate of the bride, was the bride's only attendant. Gene Henry of Abilene was the best man.

The bride, given in marriage by her father, wore a street-length dress of white organdy with white eyelet trim, white pique hat, and white linen opera pumps. She carried a white Bible topped with an orchid. She wore a single strand of pearls, a gift of the bridegroom. She also wore the traditional blue garter, a penny in her shoe for luck, and her "something old" was a white sapphire ring belonging to the maid of honors mother.

Miss Reynolds wore a similar dress of yellow organdy with white accessories, and her corsage was orchid carnations. The bride's mother wore a navy sheer dress with matching accessories, and the bridegroom's mother wore a gray gaberdine dress. Both wore corsages of red carnations.

A reception was held immediately following the ceremony. The dining room was decorated in a floral arrangement of picardy gladioluses and greenery.

Mrs. Don Farnell presided at the bride's book and Misses Freddie Kendrick and Betty Adkins cut the cake and served the punch. For travel the bride wore a gold linen dress with a white linen jacket and white accessories. She is a graduate of Haskell high school and attended Abilene Christian College.

Mr. Henderson, son of Mr. and Mrs. Ray Henderson of Carrizo Springs, graduated from Colorado City high school and attended John Tarleton College. At the present he is a salesman for the Tri-State Oil Company in Snyder and the couple will be at home in Snyder following the wedding trip.

NEWS OF INTEREST TO WOMEN

New Officers Of North Ward PTA Are Installed

Mrs. Buck Calloway is the new president of the Haskell North Ward Parent-Teacher Association. She and other newly-elected officers were installed at the close of the final meeting of the association for the school year last week. Mrs. Ada Rike, a life member of North Ward P-T-A, conducted the installation service.

Mrs. Calloway accepted the president's duties from Mrs. R. W. Herren, out-going president. The new president will name committee chairmen and committee members during the summer months.

Other officers installed were: Mrs. Austin Coburn, vice president; Mrs. Margie Waldrup, recording secretary; Mrs. Maurice Ganaway, treasurer; Mrs. R. W. Herren, parliamentarian; and Mrs. Walter Graham, historian. In the installation service, Mrs. Rike used a sketch of the proposed new gymnasium as it will look when completed. She gave each new officer a red brick, and as these bricks were placed to form a simulated corner of the building, she outlined the duties of each officer-elect. Mrs. Rike said: "Each member of the Association is a brick, and every member should be in place, because with only one 'brick' missing there will be a weak place in the Association."

Miss Mary Emma Reeves Is Bride Of Jerry Gannaway In Abilene Ceremony

In a double ring ceremony at the North Park Baptist Church in Abilene at 4 o'clock Sunday afternoon, Mary Emma Reeves, daughter of Mrs. I. A. Cox of this city, became the bride of Jerry Gannaway, son of R. C. Gannaway of Abilene.

The Rev. J. D. Holt, pastor of the church, read the ceremony. Attending the couple were Genevieve Wellborn, cousin of the bridegroom, and Don Hitt, both of Abilene. Ushers were Gene Fleming of Big Spring, and Robert Franks of Tyler.

Norman Golightly, pianist played wedding music and accompanied Bob Deaton, who sang Always, Because and the Wedding Prayer. The bride, who was given in marriage by her eldest brother, Cecil of Cisco, wore a white crepe dress with navy blue accents. Her only ornament, a pearl necklace, gift of the bridegroom. She wore a white orchid corsage dress with white accessories and a white carriage gown of grey crepe with pink accessories and rosebud.

On their return from a trip to San Antonio and Rio Springs the couple were in Abilene. Both are graduates of Haskell High School. Gannaway attended Hardmons University for two and a half years. Mr. Gannaway is attending Hardin-Simmons.

Farmers May File Now For Cotton Classing Service
Cotton farmers can now secure their applications for 1950 Smith-Doxey benefits, according to H. J. Matejovsky, in charge of the Abilene office of the cotton branch, Production and Marketing Administration U. S. Department of Agriculture.
Applications are available at gins, county PMA offices, county agricultural agents office, and at the Abilene cotton classing office, 1407 South First Street.
Matejovsky points out that the farmers belonging to organized cotton improvement groups under the Smith-Doxey Act can get their cotton classed by U. S. Department of Agriculture without cost. Also, they can get free market news service.
Groups should file their applications for Smith-Doxey benefits as soon as their cotton is planted to make sure of getting them approved in plenty of time to get their first bales classed.
Applications must be filed with the Abilene cotton classing office before the deadline, August 15, 1950.

OFFERS TO PAY FRIENDS IF HADACOL DOESN'T HELP
HADACOL HELPS SUFFERERS OF VITAMIN B1, B2, NIACIN AND IRON DEFICIENCY
Mrs. Wallace tells her granddaughter, Maynell Wallace, why she had HADACOL brought relief to her.
Mrs. Belle Wallace, 449 Formwalt St., S. W., Atlanta, Ga., is so grateful to HADACOL for the blessings it has brought her that she has recommended HADACOL to a number of her friends. She told them she would pay for their bottles of HADACOL if it didn't help them. She explains with a smile that she hasn't had to pay any of her friends, because HADACOL has helped them.
Mrs. Wallace, who is 74 years old, has five children, seven grand-children and two great-grandchildren. She was suffering from a deficiency of Vitamins B1, B2, Niacin and Iron, which HADACOL contains.
Mrs. Wallace said: "I couldn't sleep or eat until I started taking HADACOL. I'd lie awake and toss and turn until the small hours of the morning. I was highly nervous. I couldn't even thread a needle. Ever since I've been taking HADACOL, my nerves are as steady as can be. I couldn't eat because when I did my stomach would puff and bloat and fill with gas. I am on the 7th bottle of HADACOL and my stomach is so much better.
Appetite Good
"I have a good appetite and my stomach does not bloat or fill with gas. I sleep like a log. I have recommended HADACOL to a number of friends and have told them that if it didn't help them, too, I'd pay for it, but it did help them. HADACOL has done me more good than anything I have ever taken."

Good Range Is Need for Healthy Pulletts
A good range for the growing pulletts is mighty important for plenty of good tender grass will reduce the feed bill and at the same time permits the poultryman to raise a flock of clean, healthy birds.
Pulletts on the range, says J. C. Williams, assistant extension poultry husband. He points out that the ideal range can be separated from the older birds on the farm and this is a shining shade also provide safe point of disease and parasite control.
Older birds, says Williams, are often carriers of diseases and parasites and unless the developing pulletts are kept segregated from them, they may be affected. He points out that the ideal range is one that provides plenty of good green grass and shade for the birds.
Chickens do not like to get out in the hot sun any more than is necessary, therefore shade should be provided if shade trees are not available. The range shelter is the answer. They are easy and economical to build and besides furnishing shade also provide sturdy housing where the birds can be protected at night.
The growing pulletts on the range should receive a good growing mash, oyster shell and plenty of water. The care that the pullet receives on the range may determine whether or not she develops into a profitable layer. Williams says one hundred pulletts usually need a minimum of 10 gallons of water per day. He says a good rule to provide at least two five-foot feeders and one barrel-type fountain for each 10 growing birds.
The range shelters, feeders, and waterers should be moved frequently make sure that the birds are on clean ground. The shelters should be built on runners so they can be easily moved. Us-

ATTENDEE FAMILY REUNION AT WACO

ing this practice, he says, will help keep down the parasites and diseases that often are picked up by birds as a result of ranging on contaminated soil.
The poultryman who does a good job of developing his pullet flock will have birds that are in good condition and about 20 percent of the pulletts should be in production by the time they are four to five months old, depending upon the breed and strain.
Williams says plans and blueprints or range shelters, waterers and feeders are available at your local county extension agent's office. He suggests that you visit your county agents and discuss with them any problems involving the poultry or turkey flock. They can supply bulletins on many other subjects and practices that are recommended for Texas poultry men.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—May 22, 1930

Application has been granted by the State Railroad Commission for the Wichita Valley railway to replace passenger service between Wichita Falls and Abilene with day trains instead of the night trains being operated at present.
Mr. and Mrs. L. J. Isham spent the past week-end in Comanche with his parents.
Jess Edwards, former Haskell resident, suffered the loss of his right foot Saturday, in an accident at a Plainview ice plant where he was working.
Gene Tonn, who has been living in Fort Worth for several months and working for Ed S. Hughes Motor Co., has returned to

Haskell to make his home.
Hill Oates, Hollis Atkinson, H. J. Hambleton and Clay Smith are absent from their business duties this week. They are taking their annual fishing jaunt on Paint Creek.
Mrs. Marvin Post and children of Lubbock are visiting in the home of Mr. and Mrs. H. S. Post this week.
Miss Elizabeth Gilbert visited relatives in Seymour last week.
City Marshal Al Cousins, County Attorney French Robertson and Sheriff W. T. Sarris are attending court in Eastland this week.
Mr. and Mrs. R. C. Montgomery attended the State Bankers Convention in Fort Worth this week. County Judge Joe A. Jones is

Political Announcements

The Free Press is authorized to announce the following candidates for office in Haskell County, subject to the Democratic primaries.

- 40 Years Ago—May 14, 1910**
- Parents are requested to make sure their children are listed with Prof. McKay in the scholastic census, not later than June 1st, when the census will close.
- The laying of the steel from the depot to the square for the new street car line was suspended this week on account of rain.
- The fire boys have received their new waterproof suits, which will be a big help to them in fighting fires.
- Rains have continued general over the county most of this week. There is the largest crop of grain forage and cotton in the ground ever planted before, and prospects are flattering for a bumper crop.
- T. W. Smith of Amarillo is here to take charge of the Adams express office in this city.
- Dr. J. A. Moore has returned from Hillsboro, where he was called as expert witness in court case.
- Mr. and Mrs. C. S. Brown of Post City are visiting Mr. and Mrs. R. C. Whitmore, parents of Mrs. Brown.
- Land in Haskell county that sold for \$1 an acre in 1897 is now bringing from \$20 to \$60, and city lots in Haskell that sold for a few hundred dollars then are now worth \$1,000 or more. There is no small city in Texas that promises more than Haskell in the way of investment.
- John Rose, driving a team of goats, passed through Haskell a few days ago. He has traveled 8,000 miles this manner during the past four years. He started on his last trip from a point in Indiana, and is going from here to Denver and will return to East Texas to spend the winter. He sells trinkets and souvenirs as a means of livelihood.
- Mr. and Mrs. F. H. Ellison of Manchester, Ohio, were in the city this week on business.
- 50 Years Ago—May 19, 1900**
- A good rain fell here Monday night.
- W. J. Miller of Big Spring, a candidate for the State Legislature, will speak at the court house tonight on the school land question.
- J. N. Avery climbed the scaffold around his new residence a few days ago, and the scaffolding gave way, with the result that he
- spent the past week-end with her parents, Dr. and Mrs. D. L. Cummins.
- Hon. Gregory W. Hatcher, State Treasurer and a candidate for Governor, was in Haskell Thursday afternoon in the interest of his candidacy.

received a broken ankle in the fall of several feet to the ground.
Miss Burch will move her school from the Methodist parsonage to the public school building and will continue to teach for another month.
J. C. Jones has sold his herd of about 4,000 sheep to J. C. Forbis of Throckmorton county at \$2.25 per head after shearing.
Sheriff Collins left Friday morning for San Antonio, taking a Haskell man to the state insane asylum at that place.
Messrs. A. C. Foster, W. W. Fields and J. E. Pool have been appointed a finance committee to examine the accounts and books of the county officers and make a report of the same to the next Grand Jury.
W. H. Parsons has put up a public watering trough in front of his place of business and connected it with his water tank so that it is kept constantly filled.
Mrs. M. Leflet brought to town Tuesday a curiosity or freak in the prairie dog line. It would ordinarily be called white, but was a little shade off, say a light cream color.
The present indications are that the wheat and oat crop in the county this year will be a record-breaker.
Miss Winnie Murphy is visiting friends and relatives in Eastland
Several Haskell people report that they are now gathering fresh Irish potatoes and snap beans from their gardens.

Haskell and Weinert Students to Receive Degrees at H-SU
Two students from Haskell and two from Wenert are among the 290 students who will receive degrees from Hardin-Simmons university May 29. Haskell students are Duval Adams and Miss Eddy Fouts, and from Weinert Jack Allen Johnson and R. S. Sanders.
Adams, son of Mrs. Allen D. Adams, will receive a Bachelor of Science degree from the university. He is a member of the Physical Education Club at Hardin-Simmons.
Miss Fouts, daughter of Mr. and Mrs. E. Fouts, will receive a Bachelor of Arts degree. She is a member of Cowgirls, Alpha Psi Omega, Players Club, Y. W. A., and B. S. S. U. Council.
Johnson, son of Mr. and Mrs. W. L. Johnson of Weinert, will receive a Bachelor of Arts degree from the university. He was a member of Los Rancheros, a Spanish club.
Sanders, son of Mr. and Mrs. A. J. Sanders of Weinert, will receive a Bachelor of Science degree. He was a member of the Future Teachers of America and Alpha Chi, a scholastic society.
Over 300 candidates receiving degrees in five various fields will hear Dr. John Wesley Raley, president of Oklahoma Baptist University, speak at Hardin-Simmons University's 58th annual commencement exercises May 29. Preceding the commencement address at 10:00 a. m. Monday morning, Rev. James Landes, pastor of the First Baptist Church of Wichita Falls, will deliver the baccalaureate service Sunday morning at 11 o'clock.

C. E. Lott, 55, Rule Farmer, Dies Monday

C. E. Lott, 55, well known farmer of the Rule section for the past 43 years, died in the Stamford Sanitarium Monday at 3 p. m. after an illness of three weeks. He had farmed for many years on his place one and one-half miles east of Rule.

Mr. Lott was born Aug. 22, 1894, at Blum, Texas. He was a veteran of World War I and saw overseas service. He married Miss Zina May at Rule in 1919. Funeral services for Mr. Lott were held at 3 p. m. Wednesday at the Methodist Church in Rule with the Rev. Houston Walker, pastor of the First Baptist Church of Rule officiating. He was assisted by John Lee Smith, former lieutenant governor of Texas. Smith was a World War I buddy of Mr. Lott.

Burial was in the Rule Cemetery with the Masonic Lodge in charge of the graveside rites. Funeral arrangements were under direction of Gaunt Funeral Home.

Survivors include his widow and one son, Adrian Lott of Rule; his mother and father, Mr. and Mrs. Arthur Lott of Glenrose, Texas; three brothers, Edwin Lott of Rochester; Doc Lott of Kermitt; and Judge Lott of Fort Worth; three sisters, Mrs. Luke Baker of Glenrose, Mrs. Dutch Hager of Rochester, and Mrs. Lewis Edwards of Elgin.

Reunion of Medley Family Held Here Recently

Several members of the Everett Medley family attended a reunion here Sunday at the home, 1408 Ave. I.

The occasion was prompted by the visits of the three sons and their families, the first time all had been together in more than three years.

The sons are Alva Ray Medley, a line crew foreman for the Southwestern Bell Telephone Co. at Hemeleigh, Texas; Jimmie Lee Medley, a junior at the University of Texas, Austin; and Kenneth W. Medley, a copy editor at the St. Louis Globe-Democrat in St. Louis, Mo.

Mrs. Alva Ray Medley is the former Marjorie Covey of Haskell. Kenneth's wife, Katie Lee, and son, Rck, of St. Louis, and a cousin, Miss Jo Ann Clutts of Carbondale, Ill., also attended.

Guests from Denton included Mr. and Mrs. George Ashby and their two sons, Charles and Billy, and Mrs. Everett Medley's mother, Mr. W. W. Ashby, Mr. and Mrs. Ed Ashby and son, Elton Eric, were guests from Dallas. Mr. and Mrs. Cecil Jones and Mr. and Mrs. H. A. Marsh of Weibert also attended. Haskell guests included Mrs. J. W. Medley, Mr. and Mrs. C. G. Covey and Mr. and Mrs. Truett Parson and daughter, Carolyn.

Kenneth and family left after visiting a week. During their stay a four generation picture was made at Weibert with great-grandparents, Mr. and Mrs. M. F. Medley, grandfather, Everett Medley, father, Kenneth, and 10-month-old Ricky.

Haskell National To Observe Legal Holiday May 30

The Haskell National Bank will observe a legal holiday Tuesday, May 30, in observance of Memorial Day. Bank patrons are reminded to arrange their banking transactions in order to avoid any inconvenience.

Magazine Story of Huge Texas Catfish Intrigues Iowa Sportsman

An Iowa man wrote this postal card to the Game, Fish and Oyster Commission:

"Dear Sir: Just read an article in Sports Afield about cat-fishing down Texas way, near your town to be exact. Is this just another way to get us suckers to spend our money or is it really a fact? Let me know honestly what the situation is. Might see some men some fish laws, too."

The articles to which he referred excitedly presented a terse momentous message sending "its electrifying import to more than 20,000 fisherman throughout the nation, creating a state of delirious excitement among them." His particular reference is to the spring run of "mammoth yellow cats" in "the most famous fishing hole in Texas—the Colorado River midway between the Buchanan and Marshall Ford dams which are northwest of Austin."

The facts are that Texas has excellent catfish angling and that there are many good spots in addition to the excellent area on the Colorado.

Among the places having good catfish prospects, keeping in mind that practically all Texas rivers and streams have produced good fishing over the years are:

Lake Corpus Christi, an artificial lake, about 30 miles up the Neches River from Corpus Christi.

A thirty mile stretch of the Trinity River from Anahuac to Liberty where the cats exist in such quantity that commercial fishermen make enormous hauls. The first fifteen miles from the mouth of the Guadalupe River to Victoria.

Up river from the mouth of the Brazos River near Freeport.

There are many other catfish grounds, including some on the Mexican border waters of the Rio Grande, and artificial lakes like Texoma on the Texas-Oklahoma border.

This is not a complete list. Texas fishermen scattered over 254 counties and bearing their own preferences, will have many another nomination.

Trotlines are permitted in many places, and in some there are practically unlimited privileges as to the amount of catfish used and the number of fish that may be caught. Popular baits, vary as to localities. If an angler runs out of standard baits, he might remember that old shoe soles and horses' hooves have been found in catfish stomachs. Camp soap has been successfully used in a pinch.

Thus, that Iowa fellow, jumping up and down after reading the magazine article about catfish so big that they drag fishermen into the streams, can count on catching himself a mess of cats. If he's wise, he'll be sure to find out the

proper cooking fate to which a respectable catfish is entitled.

According to Texas Game and Fish, official Game Department magazine, here's one Texas way of doing right by nice catfish morsels: Dip them first in flour well-seasoned with salt and pepper; then dip them into an egg which has been whipped with a fork and diluted with half an egg shell of milk; then roll them again in half flour, half crumbs seasoned with salt and pepper; fry in the pan and watch out for intoxication from the sheer aroma of cooking.

P. S. The fishing laws are not being forwarded for lack of tonnage space. The bulk of 125 special fresh water angling statistics, varying according to localities and situations, might discourage a prospective visitor.

RED CROSS Learn To Swim & Life Saving Survey

In order to provide the information needed to organize a Community Learn To Swim Program, your cooperation in completing this questionnaire will be appreciated. Bring it to the Red Cross office when you register on June 1, 2 or 3.

- Can you swim any distance? How far? _____ yards.
- Would you like to enroll in a FREE Instruction Class this summer?
- If you can swim, would you like to learn to swim better?
- If you can swim 200 yards, would you like to take Life Saving?
- Would you be willing to take a Physical Examination before enrolling?

Name	Age	Street Address	Telephone
------	-----	----------------	-----------

I (we) have studied the above survey. We (will) (will not) give permission for our child to take part in a Free Instruction Class.
