SIXTY-FIVE HASKELL, HASKELL COUNTY, TEXAS, THURSDAY, JAN. 11, 1951 NUMBER 2

Final Dates Are Set For Annual C. of C. Banquet

Final dates have been announced for the fifteenth annual banquet and business meeting of the Haskell Chamber of Commerce following a meeting of the board of directors earlier this week.

Officers and Directors of Haskell National Bank Re-Elected at Annual Meeting of Stockholders Tuesday

All officers and directors of the Haskell National Bank were re-elected Tuesday, at the annual meeting of stockholders of the bank, at which time they also heard the annual progress and financial report of the pioneer West Texas banking institution which observed its 60th anniversary in November, 1950.

Oil Field Crew Loses \$100 To Sneak Thieves

Four members of a drilling crew of the Sojourner Oil Company No. 2 P. G. Kendrick oil well west of Haskell lost approximately \$100 in currency Monday night to sneak thieves who slipped into the "dog house" near the drilling rig where the crew members had changed clothing before going on shift.

Howard Cemetery Working Planned Tuesday, Jan. 16

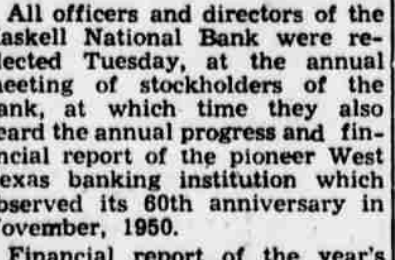

An old-time Cemetery Working will be held at the Howard Cemetery in the Paint Creek Section southeast of Haskell Tuesday, January 16. The people of that community, and all others who are interested in helping clean up and beautify the cemetery premises are asked to meet at the cemetery not later than 9 a. m. Tuesday. Workers should also bring their hoes, rakes, or other garden implements. Only a few hours work will be required to clean up the entire cemetery plot if a sizeable group of workers turn out, sponsors said.

No College Students Being Called For Induction, Draft Board Official Says

No college students are being inducted to meet draft quotas in Haskell, Jones and Shackelford counties where the student has requested postponement of induction until the end of this school year, as provided in Selective Service Regulations. This information was contained in a letter to The Free Press from W. D. Baker, chairman of Local Board No. 77 at Anson, which serves the three-county area.

Automobile Stolen Here Recovered Near Stamford

A 1947 Plymouth automobile stolen here Wednesday night, was found abandoned early Thursday morning at the intersection of the Segerton Highway with the Haskell-Stamford highway near that city. The car apparently was undamaged.

Miss Jeannine Holland of Houston will represent the cotton industry as she tours the United States, Europe and South America.

Final Rites Held In Rule For Lem F. Anderson

Funeral services were held at 3 p. m. Tuesday at the Rule Church of Christ for Lem F. Anderson, 46, well known farmer.

March of Dimes Campaign To Begin Monday, Jan. 15

With the opening date of the 1951 March of Dimes only three days off, County campaign director, George W. Burkett today called upon all residents of Haskell county to join in the all-out drive for funds needed to stem the rising tide of polio.

Co. Commissioners Court Has First 1951 Session

First regular meeting of the Commissioners Court since the induction of new county officials into office Jan. 1, was held Monday, with County Judge Alfred Turnbow and all Commissioners present.

Higher Telephone Rates In Effect Here Today

Increased telephone rates became effective in Haskell today, and patrons served by the local exchange will be billed at the new rate on January statements which will be in the mail this week.

SW Conference Grid Stars Booked For Basketball Game Here Jan. 22

Basketball fans of this section will be offered a stellar sports attraction starring notable of the Southwest Conference (SWC) in a basketball game between the Houston-Vandergriff All-Star College Team and a local team of West Texas All-Stars composed of High School players from Haskell and adjoining towns and cities.

Miss Jeannine Holland of Houston will represent the cotton industry as she tours the United States, Europe and South America.

Merchants To Sponsor Regular Monthly Trades Day Jan. 16

With a number of Haskell merchants cooperating in the event, Haskell's first Dollar Day of 1951 will be held Tuesday, January 16, with all sponsors of the event featuring numerous items of merchandise at exceptionally low prices for the one day only.

Lions Club Dues Raised to \$5.00 Monthly

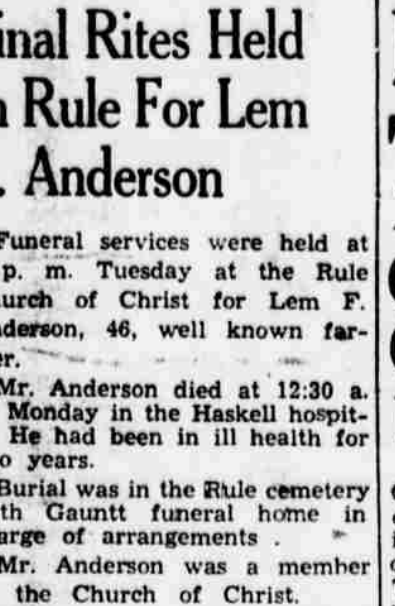

Members of the Lions Club, at their regular meeting Tuesday, approved a recommendation by the board of directors for a \$1 hike in monthly membership dues, raising the assessment from \$4 to \$5 monthly.

Cemetery Assn. Asks Payment of Dues During January

A request that Cemetery Association dues be paid during the month of January was made this week by members of the Executive Board of the association.

Doyle Eastland Named Business Manager of Haskell Hospital

Doyle Eastland, former County Treasurer for four years and who retired from that office Dec. 31, Wednesday was named business manager of the Haskell County hospital at a meeting of the board of trustees of the hospital.

Miss Jeannine Holland of Houston will represent the cotton industry as she tours the United States, Europe and South America.

Small Barn Burns In Year's First Fire Loss

Haskell's first property loss from fire in 1951 was recorded early Sunday morning, when a small barn at the home of Lynn Pace, Jr., at 800 North 12th Street was destroyed by fire.

Cuban Television Program Received On Local Set

A program from Havana, Cuba, was picked up Thursday on the television set in the home of Mr. and Mrs. C. P. Woodson in this city, in one of the rare occurrences when a television program from such a distance has been received here.

Parents of Son Revival at East Side Church

A one week revival will be held at the East Side Baptist Church, with services led by laymen of the church, Rev. W. T. Priddy, pastor, has announced. The meeting will begin Sunday Jan. 21, and continues through the following week and closes Sunday night, Jan. 28. The message each evening will be brought by a layman.

Parents of Son Revival at East Side Church

Mr. and Mrs. Edwin Williams of Haskell, are announcing the arrival of a son, Allen, January 8, in the Haskell County Hospital. The youngster weighed 6 pounds, 14 oz. Grandparents are Mrs. Beulah Williams, and Mrs. E. A. Williams, all of Haskell.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—Jan. 8, 1931

Frank Rhodes of Throckmorton was transacting business in Haskell the first of the week.

Sheriff W. T. Sarrels has filed the following list of appointments on his staff of deputies with the County Clerk: Mrs. Hettie Williams, office deputy; Ed Mapes, L. H. Highnote, and Olen Dotson, Haskell; J. D. Kirkpatrick, effective Monday, Jan. 12, Haskell retail stores will close at 6 p.m. on week days except Saturdays until further notice.

Hon. Clyde Grissom, former district attorney, has been appointed District Judge to succeed Hon. Bruce W. Bryant, who has been named first assistant State Attorney General. H.F. Grindstaff, former county attorney of Stonewall county, has been appointed to succeed Mr. Grissom as District Attorney.

Marion Felker of this city was listed on the honor roll and merit list at Austin College for the month of December.

Misses Beatrice Thomason, Archie Henry, Edna and Rachel Solomon who spent the holidays in Haskell with their parents, have returned to Denton where they are attending North Texas State Teachers College.

Ross Payne of Fort Worth, a former resident here, spent several days with friends in this city and Rochester this week.

Haskell's two banks, in statements of condition at the close of business Dec. 31, 1930, reported the following resources and liabilities: Haskell National Bank, deposits \$385,092.93; loans and discounts \$290,893.25. Farmers State Bank, deposits \$252,391.30; loans and discounts, \$220,449.01.

40 Years Ago—Jan. 14, 1911

Stockholders of the Farmers National Bank held their regular meeting on the 10th and elected the following directors: T. L. Montgomery, H. M. Rike, H. S. Post, J. F. Pinkerton, Geo. C. Peterson, A. G. Neathery and R. C. Montgomery. Officers named were: T. L. Montgomery, president; H. M. Rike, vice president; R. C. Montgomery, cashier; W. B. Anthony of Austin was in this city this week. He was at one time a citizen of Haskell county, operating a ranch in 1884 on the Salt Fork of the Brazos River. He was also the second man to hold the office of Sheriff in Haskell county.

At a meeting of stockholders of the Haskell National Bank last week the following directors were elected: Mrs. M. S. Pierson, G. R. Couch, M. Pierson, T. E. Ballard, F. M. Morton, S. W. Scott and John A. Couch. Officers elected were Mrs. M. S. Pierson, president; G. R. Couch, first vice president; S. W. Scott, second vice president; G. E. Langford, cashier.

Dudley Boone was in the city this week from their ranch, visiting his parents, Mr. and Mrs. J. S. Boone.

R. L. Jackson has taken a job with John B. Lamkin in his blacksmith shop.

J. L. Jones of Rule has several hundred acres of land in cultivation under the Campbell dry farming system, to which he is an enthusiastic convert.

At one time it was announced that the firm of Gambill Bros. would discontinue their furniture business at this place, but after invoicing they have decided that Haskell is the best town in West Texas and they have decided to stay.

Robert Reynolds of Weinert spent several days this week helping in the Robertson Bros. Store here.

Mrs. M. S. Pierson and Miss Mararet of Aspermont were visiting in the city this week.

50 Years Ago—Jan. 19, 1901

Another bank was organized at Albany last week, with a capital stock of \$50,000, all paid up. It will be operated as the Albany National Bank.

M. Smith has just received from Missouri three fine Duroc Jersey hogs of which he is very proud. They are the only hogs of that breed that we know of in this section.

Thomason Bros. have decided to open a furniture store in Haskell and G. J. Thomason has gone to St. Louis to select a stock of merchandise for their store.

F. Anson has announced that he will be in Haskell Jan. 23 for the purpose of buying horses and mares for the Army.

F. G. Alexander & Co. will put in a branch house at Munday as soon as a building can be secured there. They will handle a general line of merchandise, including groceries.

J. C. Keller has purchased a ranch place in Dickens county and will move out soon.

W. T. Hudson and S. W. Scott went to Kent county Thursday on a business expedition.

V. J. Joslyn, who recently came here from Cook county and purchased 2900 acres of land north-east of town, this week bought 130 head of good yearling cattle from Sid Post at \$18 per head, which he will put on his ranch.

Porter Williamson has taken a position in Carney's grocery store.

A private bank was started last week at Dundee on the Wichita Valley railway.

The First National Bank of Aspermont, in Stonewall county, was organized last week with a capital stock of \$30,000.

There was some talk two or three weeks ago of organizing a brass band in Haskell, but it seems to have subsided. Stir the matter up, boys, and let us have a good band.

Within the last few months \$167,500 of new capital has been added to the banking facilities of this immediate section of the state. Of this amount \$75,000 is in the new bank at Stamford, \$50,000 at Albany, \$30,000 at Aspermont and \$12,500 addition to circulation of the Haskell National Bank.

Doctors Under 50 To Register For Draft Jan. 15

Draft headquarters at Washington has announced that doctors, dentists, and veterinarians under 50 years and not now registered will sign up for the draft Jan. 15.

Draft Director Lewis B. Hershey estimated about 210,000 professional men must register. Another 21,000, mostly younger men, were signed up on the first doctors registration day last Oct. 16.

Dr. Richard L. Meiling, director of medical service for the defense department, said about 13,000 doctors will be needed to expand the military services to 3,500,000 men. He said just about all of those in the first priority group, who received their training at government expense under the World War Two training program, or who were deferred to complete their training, but served less than 90 days, probably will be called up in the next six months. These men already are registered.

Some men from the second priority group, with the same qualifications as those in group one, except that they served between 90 days and 21 months, also will be called, Meiling predicted. These men also are registered.

In group three are those doctors who did not serve in World War Two, or since. In the fourth group are veterans. These are the ones who have to register next month.

Dr. Meiling said 4,500 doctors were in the services when Korean fighting began.

'50 Brings Record Number of Polio Cases In Texas

Texas wound up 1950 by setting a grim new record in polio incidence—2778 cases for the year. Never before in state history have so many cases been reported during a 12-month period. Eight cases occurred during the last week in December.

That in itself is significant, for not a single week passed that didn't see at least one case of the so-called hot weather disease being diagnosed in some part of the State.

The total 1949 incidence of the dread disease reached 2355 cases, establishing a record up to that time. But there were 53 weeks in 1949 instead of the normal 52, and that figure includes cases occurring all 53 weeks.

Two hundred and 3 counties out of the state's 254 were involved in the 1949 outbreak. That's comparable to the 201 counties which experienced polio in 1950. The counties of Coleman, Harris, Jefferson, McCulloch, Nueces, Tarrant and Tom Green each reported a single case of polio the last week of the year.

A Veterans Administration hospital had one case as the year ended, bringing the total for the week to 8 from all sources.

The disease reached its peak on August 12, when 131 Texans fell ill. That marked the greatest single weekly incidence ever to be reported.

At that time State Health Officer George W. Cox ruefully predicted that 3000 cases would be diagnosed before the year ended. He missed his estimate by 222.

Twenty-eight counties had 20 or more cases; ten had more than 50 cases; six had more than 100 cases; and three counties—Dallas, Harris and Tarrant—had more than 200 cases each. Those three areas represent the most populous regions in Texas.

Early in the polio season, Dr. Cox pledged the facilities "of the entire State Department of Health" to local communities in combating polio. The health agency's laboratory and field personnel, working in cooperation with civic organizations and local health units, were credited with keeping the epidemic from reaching even greater proportions.

State health department death records show 201 polio deaths through the first 11 months of 1950, and 129 deaths from that cause during all of 1949. Complete death figures are not yet available for December, a department spokesman said.

Rheumatic Fever Often Strikes In Childhood

What do you know about your heart? Do you know that the three major kinds of heart disease are: Rheumatic heart disease, high blood pressure, and coronary heart disease?

One of childhood's most dangerous foes is rheumatic fever. 100 cases; and three counties—Dallas, Harris and Tarrant—had more than 200 cases each. Those three areas represent the most populous regions in Texas.

Early in the polio season, Dr. Cox pledged the facilities "of the entire State Department of Health" to local communities in combating polio. The health agency's laboratory and field personnel, working in cooperation with civic organizations and local health units, were credited with keeping the epidemic from reaching even greater proportions.

State health department death records show 201 polio deaths through the first 11 months of 1950, and 129 deaths from that cause during all of 1949. Complete death figures are not yet available for December, a department spokesman said.

News From Sagerton

Mrs. J. C. Schroeder, the former Patsy Humphreys, was honored with a bridal shower at the Sagerton Methodist Church Thursday, January 4th. Mmes. Grady Laughlin, Lois Young, and C. L. Guinn shared the hostess duties for the affair. Mrs. Guinn registered the guests. The guests and those who sent gifts were: Mmes. Fred Spitzer, Henry Laughlin, Edgar Jennings, Charles Clark, G. A. Lambert, August Stremmel, Tom Thane, J. A. Humphreys, Melvin Lewis, M. Y. Benton, Alfred Letz, Emil Kainer, L. H. Schroeder, Harvey Hahn, Eldon Anderson, Tom Beene, H. J. Schroeder, Oscar Nienast, Bill Stanhpe, Herbert Dippel, Oscar Gibson, Ben Bress, John Clark, Joe Clark Alvin Ulmer, G. W. LeFevre, Jimmy Dippel, Oscar Manske, C. D. Swope, Herbert Lehmann, Otto Lehmann, Claude Bland, B. Kupatt, August Angerman, F. A. Stegemoller, Will Stegemoller, Cotton Bell, Alvin Holle, G. A. Leach, J. H. Humphreys, Delbert LeFevre, Cliff LeFevre, Adolph Helm, Reece Clark, Zenn Summers, R. O. Gibson, Jr., A. C. Knippling, John L. Guinn, Bueford Letz, Eddie Kainer, Willie Schroeder, of Seagraves, Misses I. A. Moore, Laughlin, Patricia Kupatt, Buehla Mae Summers, Pat Summers, Loretta Nienast, Dahlia, and Lois Knippling and Lillian Nienast.

Mr. and Mrs. Otto Lehmann and family and Mr. and Mrs. Alvin Holle went to Haskell Wednesday night of last week to attend a birthday party in honor of Carl Opitz in the home of Mr. and Mrs. Carl Opitz and son, Danny.

Edwin Franke made a business trip to McGregor last week, and his sister, Mrs. Ed Klatt of Brenham, returned with him for a visit.

Fred Kupatt, son of Mr. and Mrs. B. Kupatt, left Thursday, January 4, for the army. He is a veteran of World War II during which he served in Germany.

Miss Barbara Ann Rinn, daughter of Mr. and Mrs. Herbert Rinn of Old Glory, became the bride of Marshall Nautert, son of Mr. and Mrs. Edwin Nautert at a beautiful ceremony performed by the Rev. O. K. Oelke, pastor of the St. Paul's Lutheran Church, Sunday afternoon, January 7.

Friends and neighbors went to the home of Mr. and Mrs. Tom Thane Thursday evening, January 4, to surprise Melvin Gene and his bride on Melvin Gene's birthday and to chivaree the young couple. Games of 42, 84, rook and pinochle were enjoyed by the group.

The congregations of the St. Paul Lutheran Church and the Zion Lutheran Church held the annual congregational meetings last Sunday. Monday of this week members of the St. Paul's Lutheran Church began work on a new double garage near the parsonage.

They also tore down an old shed and made other improvements. Mr. and Mrs. Van Laughlin of Rule and Mrs. Van Davis Laughlin and little daughter, Patty, of Plainview visited in the home of Mr. and Mrs. Cliff LeFevre Saturday evening.

Mr. and Mrs. Melvin Lehmann, both students at NTSC at Denton, spent the week-end visiting their parents, Mr. and Mrs. Otto Lehmann and Mr. and Mrs. Louis Spitzer of Old Glory.

Mr. and Mrs. Falstedt of Haskell were dinner guests in the home of Rev. and Mrs. H. E. Driessner Sunday.

Veterans To Have Special Day At Fat Stock Show

Veteran's Day at the Southwestern Exposition and Fat Stock Show will be Wednesday, Jan. 31 and one group of 1,500 ex-servicemen already is assured.

They are taking veterans' agricultural education in a nine-county region. The visit will be considered a field trip, such as the veterans frequently take to see the practical application of subjects studied in class.

They will attend the judging and will do judging themselves, with the instructor checking the student's finding with those of the official judges. Some of the veterans will attend the stock show several days.

Fred Wadley of Arlington is regional supervisor, the area consisting of Tarrant, Dallas, Hood, Johnson, Ellis, Parker, Wise, Palo Pinto and Jack counties. County agricultural supervisors and coordinators will accompany the veterans.

BUSINESS VISITORS

Charley Moorehouse of Benjamin was a recent business visitor in Haskell.

Brave Ranch Youth Paces Dimes Drive

One of the countless reminders of March of Dimes benefits brightens the current Texas story.

It concerns a heroic farm lad—Terry Macfarlane, 17-year-old player on the Dripping Springs, Texas, six-man highschool football team. Stricken with polio at mid-season, Terry shifted his fighting instinct from the playing field to Brackenridge Hospital in Austin.

The husky 185-pounder surprisingly overcame tremendous odds to conquer a crippling polio attack.

Terry, who is treasurer of the local Future Farmers Club, was carried into the hospital paralyzed from the waist down. His arms and shoulders also were affected.

Ed S. Stewart of Abilene, chairman of the 1950 Texas March of Dimes, said such cases usually take months, sometimes years. Complete recovery generally is doubtful.

Terry kept assuring the staff of the Austin polio ward, maintained by the Travis County Chapter of the National Foundation for Infantile Paralysis. He insisted that he would get back to the football field. You see, he was headed for the University of Texas squad. Besides, his horse, "Tall Boy" needed breaking in better. He had thrown Terry twice.

Terry relentlessly paced his own treatment, pressing the agonizing physical therapy routine so courageously that he had an astonishing comeback. Then he got the tremendous lift of being named mascot for the Longhorns. The trimming included a last-minute 40-yard line seat. Thus, he triumphantly joined the Cotton Bowl celebrities.

The story of this fine young man has gone a long way toward stimulating interest in the 1951 Texas March of Dimes since this annual campaign raises most of the money to treat polio patients.

News that is vital to you can be found in the want ads.

RETURN HOME AFTER VISIT HERE

Jack B. Collins of Stockton, Calif., Miss Nancy Collins of Ft. Worth, Mrs. A. D. Sanders and

daughter Marion of Scurry, Texas, who were recent house guests in the home of Mr. and Mrs. J. M. Collins, have returned to their homes.

SPINDLETOP 1901

Amazing is the word for it!

In the grave emergency that now confronts our country, the oil industry faces its great job with confidence... because, in the past 50 years, oil has enabled Americans to produce more, to have more, and to live better than any other people on the earth.

Since the discovery of oil in great quantities at Spindletop, oil has supported a progressive economic development that has brought about more profound changes in man's way of living than occurred in any other period of history.

For oil, available in steadily increasing quantities as a fuel, made possible the development of machinery and it is this combination of machines and energy which has changed the world in the short space of half a century.

With oil came automobiles... mass production... airplanes... mechanized farming... diesel electric trains... ships that cross an ocean in four days.

The oil industry kept pace with this amazing progress—supplied its energy, lubricated its wheels and gears, developed new and better products for new and better American machines. Foresighted, the industry planned yesterday for today's great need for oil, today, it plans for tomorrow's.

At the beginning of another year, the oil industry faces its biggest job in all the fifty years since Spindletop. It must produce more oil in 1951 than has ever been produced before. For the defense of our country and for our economic welfare—both now and in the future—the oil industry must continue to find new oil, to develop producing oil fields, to build refining and transportation facilities.

It approaches this job with a full realization of the size and number of the problems involved, but also with a confidence born of its demonstrated ability to keep ahead of the times.

INCOME TAX SERVICE

Every person whose income has been \$600 or more in 1950, must file a return. There have been many changes, and taxes are higher, and your government expects you to take every allowable deduction; we would like to help you with your tax problems. We believe you will find our services profitable to you and our charges reasonable for the service we render.

We have additional help, and can get your return out without any great delay.

ations of Citizenship To Be Stressed
atewide Campaign During January

ow our rights backward
ard, but most of us do
e the extent of the dan-
are in now as they are
ed by two enemies—the
st and the indifferent
citizen," stated Secret-
ate John Ben Shepperd,
of the State Bar Amer-
ship Committee in
a January campaign
age each citizen of Texas
about what he can do for
rather than what de-
can do for him. The Am-
Citizenship Committee of

the Bar is sponsoring the cam-
paign.
The project is being designated
"Responsibilities" Obligations and
Duties Month", or in short,
"ROD Month", and the slogan for
the month is "Spare the 'ROD'
and Spoil the Country".
In order to remind Texans of
their responsibilities to the rights
granted them in the Constitution
and Bill of Rights, which is de-
signated as a guide to good, re-
sponsible citizenship will be dis-
tributed over the state during
January. It catalogues duties of
citizenship awareness, defense of
rights, patriotic activity, educa-
tion, propagation of democracy,
free enterprise and self-reliance.

Shepperd, originator of the
"ROD" idea remarked, "To per-
petuate our individual freedoms
and to have liberty without hind-
rance, we must use our rights and
be responsible to them. While we
increase our efforts to become
prepared against communistic
aggressors, we should also have
an increase vigilance over our
personal freedoms. An unused or
abused right cannot live."
T. Kellis Dibrell of San Antonio
chairman of the "ROD" sub-
committee, explained that this
is the first such project to be
sponsored by the Bar, and that it
was adopted after Shepperd sug-
gested it at a July State Bar con-
vention in San Antonio. "We are
inviting many civic clubs and
schools of the state to join Texas
lawyers in their battle to replace
the qualities of dependence, ir-
responsibility and selfishness,
which are prevalent among many
of us, with the pioneer spirit of
self-reliance, initiative and in-
dustry," explained Dibrell. "A
great number of lawyers will
meet with various organizations
during January to discuss the res-

Postal Receipts In
Texas Cities Gain

Postal receipts in 71 Texas cit-
ies totaled \$4, 252,354 in Novem-
ber, an increase of 9 per cent
over November, 1949, The Uni-
versity of Texas Bureau of Busi-
ness Research reports.

November receipts were 3 per
cent below October's, but after
adjustment for seasonal variation,
the Bureau's index rose 6 per cent
over Oct. to 326 per cent of the
1935-39 base period.

New Braunfels had the largest
monthly gain, 21 per cent. Other
large percentage gains were in
Corsicana, 19 per cent; Brown-
field, 18 per cent; Lamesa, 15 per
cent; El Campo, 13 per cent; and
Temple and Longview, 7 per cent.

The second annual Texas Fertil-
izer Conference will be held in
the Memorial Student Center on
the campus of Texas A. & M. Col-
lege on January 10 and 11.

Men who are "not interested"
in money know how to settle an
account accurately when it has a
plus balance.

possibilities, obligations and duties
of the citizen," he stated.

A basis for the talks will be the
"Bill of Responsibilities." As a
part of the "ROD" program,
"Citizenship Questionnaires", also
prepared by the American Citi-
zenship committee, will be distri-
buted. The Questionnaire grades
on citizenship on five levels, super-
ior, good, average, fair and
poor.

Those serving on the committee
with Dibrell are Vice Chairman
J. Chrys Dougherty, III, Austin;
Robert Storey, Jr. Dallas; Dalton
Cross, San Antonio; Levere J.
Able, Houston; Homer E. Dean,
Jr. Alice; C. W. Kennedy, Jr., Cr-
ckett; George Grant Roane, Ro-
senberg; Byron Skelton, Temple;
and James C. Watson, Houston.

CARD OF THANKS

We desire to express our deepest appreciation for
the many acts of kindness extended in our behalf during
the illness and death of our beloved wife and mother. We
are especially grateful to the ladies of the Presbyterian
Church and neighbors for the food sent to our homes,
and for the beautiful flowers, the comforting words, and
all that was done to help lighten our burden of grief.
May God's blessings rest on each and every one.
Solomon and Wilfong families.

With Proper Care,
Poinsettias Can Be
Grown Indoors

Poinsettias are ordinarily con-
sidered rather difficult to grow
in the average living room with
any degree of success. However,
it isn't very hard to do if you
keep in mind a few basic facts
about them. To begin with, they
are tropical plants and are native
to regions where they never have
chilly weather—where it is al-
ways quite warm with a very dis-
tinct rainy season. They go dor-
mant and rest during the dry sea-
son and come on and make their
new growth and bloom during the
rainy season. They grow in a
very humid atmosphere. If you
could give them that sort of cli-
matic conditions in your home,
you would be quite successful
with them.

Let us suppose that you have
been given a Poinsettia plant at
Christmas time and that it stayed
nice for several weeks and grad-
ually began to lose its leaves un-
til the stems were practically
bare. Incidentally, the reason it
lost its leaves was because it
might have become chilled some
night when the fire got low or you
might have forgotten to water it
some day so the soil became dry.
Or, you might have watered it
with cold water. You should al-
ways use lukewarm water to
water the Poinsettia with and
the soil should never be allowed
to become dry. They should be
kept in full sunlight as much as
possible. If, in spite of anything
you could do, it lost its leaves,
don't worry much about it. Just
set the plant down in the cellar or
basement and forget about it un-
til the first of May. Just let it dry
up and go dormant and take its
rest.

About the first day of May,
knock the plant out of the flower
pot and set it out in the garden
where the soil is rich and where
you can give it plenty of water
through the summer, cut the tops
back to within five or six inches
of the surface of the soil to force
it to send it out side-shoots lower
on the stem.

About the middle of June,
cut off these side-shoots of new
growth and root them in a box of
damp sand, kept in a cool, shady
place, exactly like you would root
geranium or coleous cuttings.
When the cuttings are well rooted
pot them up in small flower po-
using good rich dirt, keeping them
shaded for a few days until they
are over the shock of transplant-
ing. Then keep them in full sun
for the rest of the summer. To-
ward fall, you will probably have
to shift them into larger pots.

Bring them in the house before
the nights start to get chilly, put
them in a south window where
the temperature doesn't fall below
60 degrees at night and is at least
70 to 75 in the daytime. Keep
them well-watered at all times,
and they should bloom for you
by Christmas time.

Let the old plant freeze up out
in the garden as it is if no fur-
ther use to you.

Now, I know there are a lot of
other ways of handling Poinset-
tias which probably work equally
well, but the above plan is the
most satisfaction than any other
method.

Read the Want Ads each week.

KITCHEN MEMO

WHAT woman hasn't sighed
"Food is so expensive and yet
I've got to serve something hearty?"
Here's your answer. A fancy name
for a very inexpensive dish—Beef
Stroganoff cooked on the top burner.
Cut 1 1/2 lbs. boneless beef (chuck,
bottom round, neck) in 1 1/2 cubes.
Brown meat and 1 cup sliced onion
in 1 tbsp. lard. Add 1 sliced garlic,
1 tbsp. Worcestershire sauce, dash
Tobasco sauce, 1/4 tsp. salt, 1/4 tsp.
pepper, 1 can mushrooms, 1 cup
buttermilk, 1 can condensed tomato
soup. Simmer for one hour over low
flame. Before serving, thicken with
1 tbsp. cornstarch mixed with 2
tbsp. cold water. Serve in ring op-
ghetti. Yield: 6 servings.

Gas heating units are getting
smaller and smaller. A 2' x 2 1/2' gas
furnace adequately heats a 2-bed-
room average size home.

Quick trick for sharpening scis-
sors: Cut through sandpaper a few
times.

If down or feather pillows aren't
dirty but need freshening up, toss
them into your automatic gas dryer,
set at "Low," leave for 10 minutes
and they'll turn out plump and
sweet-smelling.

All jams and jellies should be
stored in your gas refrigerator after
the containers are opened to keep
them cold and firm and to prevent
spoilage.

The new gas incinerators are com-
pletely automatic. A dial control can
be set for garbage to burn up to two
hours, then the gas automatically
turns off when the trash is burned.

Thermos bottle dirty? Put in a
tbsp. uncooked rice and 1 cup warm
water. Shake well.

All U. S. Cities
Seen At Mercy
Of Bomb Fires

The government has warned in
a booklet that enemy bombers
could almost wipe out the nation's
cities. Most of the destruction
would be caused not by bombs,
but by man's oldest enemy—fire.

The booklet did not recommend
techniques to fight mass fires, but
suggested that officials study the
abilities of their cities to resist
fire.

The federal Civil Defense Ad-
ministration reported the danger
in a booklet, Fire Effects of
Bombing Attacks, which has been
sent to all state governors and
civil defense agencies. The book-
let studies World War II incendi-
ary raids on German and Japan-
ese cities and the ability of United
States cities to resist similar at-
tacks.

"What happened in Germany and
Japan could happen here,"
the report said.

Cities of both countries suffered
terrible "fire storms" as a result
of heavy bombardments it said.
German cities were more "fire-
proof" than American cities,
while Japanese cities had less
protection.

President Truman has asked
Congress for \$190,000,000 to dis-
perse some of the capital's highly
centralized agencies. Key agencies
like the Federal Bureau of In-
vestigation and the joint chiefs of
staff would be housed in new bu-

Periodic Check-Up
Is Important To
Good Health

This is the time to plan for the
New Year that is just around the
corner, says Dr. Geo. W. Cox,
State Health Officer.

This is the time for the person
forty and over to take stock of
the situation as far as he is con-
cerned. The best way to prepare
for a continuing happy life is to
begin early. An important thing

holding outside Washington under
the President's plan.

The plan was designed to pre-
vent an enemy from wiping out
the entire government at one
blow.

Washington actually would fare
better than most American cities,
the report said. About 3.6 per cent
of the capital's buildings are fire-
proof, while other major cities
have even less fireproof construc-
tion. Chicago—1.7 per cent; De-
troit—2.2 per cent; New York—
2.3 per cent; San Francisco—less
than 1 per cent.

Even in atomic bombings, fire
would be the worst destroyer, the
report said. It warned that Ameri-
can cities are "extremely vul-
nerable to the atomic bomb."

Fire caused 80 per cent of the
damage to cities bombed during
the last war. Large city areas
were destroyed.

The huge fires often sucked in
air at glacial proportions, and large
trees were ripped from the earth
by the wind.

Pyres of blazing gases billowed
as high as two and a half miles
above the burning cities.

is the periodic check-up by your
doctor. A health problem discov-
ered early is always easier to
correct. Prevention is the watch-
word. The principal foes of health
to confront in the middle years
are heart disease, cancer, high
blood pressure, hardened arteries,
diabetes and arthritis.

Heart disease is the leading
cause of death. A person with
a damaged heart should learn his
limitations and not exceed them.
Many persons with heart disease
lead useful and productive lives
by following their physician's in-
structions.

Cancer is the second leading
cause of death. Many types of
cancer can either be cured or brought
under control if found early
and diagnosed. This is another
reason why the periodic medical
check-up is a "must."

Diabetes is a condition in which
the body cannot use sugar. Did
you have the Free Diabetes Test
during "Diabetics' Detective
Week", November 12-18? If not,
go to your physician now and
have this test.

Three of the diseases common
to the after-forty group are con-
cerned with the circulation of
the blood. These are apoplexy,
hardened arteries, and high blood
pressure. You will want your
physician to check your blood
pressure.

A great deal can be done to
arrest certain forms of arthritis.
The person may be put on a spe-
cial diet. The doctor may advise
the removal of some hidden in-
fections.

Information on prevention of
these disabling diseases will be
sent you on request. Let's plan to
keep well during the New Year.

H-D Club Women
Learn To Tailor

The climax to a successful tail-
oring school in Lampasas county
came when on a sunny November
afternoon, 72 suits and coats
were modeled by home demon-
stration club women in that area.
The "grandmother" of the tail-
oring project was Mrs. M. W. Cri-
der, who less than a year ago en-
rolled in a tailoring course taught
by Mrs. Ruth Stapp of the Red
Bud community in Burnet county.
Mrs. Stapp had received her train-
ing in tailoring from Mrs. Dawn
Duncan, Burnet county home de-
monstration agent.

Mrs. Crider's class in tailoring
produced 10 suits. These women
went out and taught others. Some
tailoring schools at Nix, Pecos,
Grove, Friendship, Adamsville,
Atherton, Ogles, Kempner, and
other communities developed.

The suits and coats were made
of 100 percent pure virgin
wool and ranged in cost from
\$7.75 to
\$23.40. But the value of the gar-
ments they made is far above
these figures. The skill, workman-
ship, and time are not accounted
for. And the confidence the wo-
men gained through experience,
as well as the new equipment they
added to their home sewing cen-
ters cannot be overlooked in eval-
uating the results of the pro-
gram.

The "good old days" are gone
but there are people who think
they would like to have them
back.

old Tom when he bought
insurance for his house that
would also insure his car —
Tom knew all the answers:
he'd been driving for 24
and didn't need insurance.
You guessed it — he DID
an accident and it cost him
\$10,000.

HASSEN'S
Shop With Confidence

Ladies
We Tip Our Hats
To The New Owners
Of The Fashion Shoppe

Mrs. Thea Free and Mrs. Pat Weaver
Announce the Purchase of
The Fashion Shoppe

At 316 North First Street Formerly Owned and Operated by
Mrs. Leone Pearsey

As stated above we have purchased and are now operating the Fashion
Shoppe and want to solicit the continued patronage of the present
customers, and invite our friends and the general public to visit us for the
latest in styles and fashions.

We will continue to carry a wide variety of quality merchandise and
will continually strive to improve our lines. Nothing will be spared to see
that our customers get the best at the lowest possible price. We will be
looking forward to your return patronage as your stamp of approval of
our service. There will be no change in business policies of the store and
Mrs. Thea Free and Miss Jane Weaver will be in charge.

Mrs. Thea Free
Mrs. Pat Weaver

Leone Pearsey Thanks Public

I would be indeed ungrateful if I failed to express my sincere appreci-
ation for the wonderful support and patronage I have received and for
the many friends it has been my privilege to enjoy while operating the
Fashion Shoppe. Your loyalty has been indeed gratifying and your sup-
port has gone beyond my expectation.

My successors need no introduction to you and it is without hesitancy
that I recommend them to you and solicit your continued patronage for
them.

Mrs. Leone Pearsey

Trinity Ladies Club Meets in Home of Mrs. Kretschmer

The Trinity Ladies Club held its monthly meeting Jan. 4th, in the home of Mrs. Annie Kretschmer with 26 members present and two visitors.

The following program was given with Ann Druesdow being in charge. Prayer was given by Adele Grogan. Scripture reading by Lena Kubena. A poem, "New Years Thoughts", by Henrietta Fischer. A song was sung by Lena Alma and Fredia Stienfath. A reading "Is the Church Adequate For Today", by Ann Druesdow. After the program a cake contest was enjoyed by all.

A short business meeting was held following the program in which the ladies discussed many things.

Dora Klose, Frances Fischer and Lena Kubena, volunteered to see about the material for the Alter curtain.

The ladies enjoyed having their supply Pastor and Mrs. O. K. Oelke at this meeting.

The meeting was closed with a song and the Lords Prayer in union. Refreshments of sandwiches, potatoe chips, cookies, and cake and coffee was served to the ladies.

The next meeting will be held in the home of Mrs. Alfion Feiser.

Weinert W. M. S. Meets For Mission Study Monday

The Weinert WMS met for mission study program Monday at the church at 2:30. Mrs. C. C. Childers, vice president presided over the business session. Before the program, Mrs. C. T. Jones led the group in prayer. The second chapter of "So This is Africa," was given by Mrs. Ed Roberts. The meeting was closed with prayer by Mrs. John Thewanger.

Other members attending were Mrs. W. C. Winchester, R. H. Jones, C. J. Williamson, Edward Newton, Temple Lewis, C. F. Oman, J. W. Liles, G. C. Newson and W. B. Guess.

Norma Jean Spitzer, Melvin Lehmann Repeat Vows

Norma Jean Spitzer, daughter of Mr. and Mrs. Louis Spitzer of Old Glory and student at NTSC at Denton, became the bride of Melvin Lehmann, son of Mr. and Mrs. Otto Lehmann, in a beautiful church wedding Thursday Dec. 28, at the St. Paul's Lutheran Church at 7 p. m.

The pastor, Rev. O. K. Oelke, read the double ring ceremony before an arch covered with glad- oil and lighted candles. The bride wore a traditional white satin wedding gown with long fitted sleeves and fitted bodice attached to the gathered skirt which carried white gladoli on a white tip veil was attached to a tiny cap decorated with seed pearls. She descended into a train. Her finger Bible. The groom wore a navy blue suit.

Their attendants were: Miss Ann Galloway, roommate of the bride at NTSC wearing pink net over taffeta, and Norvell Lehmann, brother of groom; La Moine Laughlin, wearing blue net over taffeta, and Carl Kaisenger, roommate of the groom at NTSC; Peggy Letz of Old Glory also a student at NTSC and Jerry Callicoate of Old Glory and a student at Tarleton State College at Stephenville. The girls all carried beautiful little nosegays.

Miss Jo Mae Millian, another roommate of the bride, sang, "Always" and "I Love You Truly". Misses Kathleen Spitzer and Adrienne Lehmann were candle-lighters. Miss Spitzer wore a gown of light green taffeta with yellow carnations and Miss Lehmann wore a gown of gold taffeta with rose carnations.

Kenny Spitzer and Jeanine Spitzer, little cousins of the bride were also in the wedding party. Miss Spitzer wore light blue taffeta with carnations. A reception was held in the home of the bride's parents, after the ceremony. The young couple are making their home in Denton where they are continuing their studies at NTSC.

Every community of human beings possesses some individuals whose room is better than their presence.

NEWS OF INTEREST TO WOMEN

Photo by Blohm

Mrs. James E. Alvis is the former Miss Frankie Jo Sego. The popular young Haskell couple married Dec. 23 in Wichita Falls, and are now making their home in

San Diego, Calif., where Mr. Alvis is being schooled for his position aboard the USS destroyer Irwin which is soon to sail for foreign service.

U. S. Foreign Policy Will Be Program Theme at Magazine Club Meeting

"Foreign Policy of the United States" will be the program topic at the regular meeting of the Magazine Club Friday afternoon, Jan. 12. Miss Nettie McCollum will be program director.

Appearing on the program will be Mrs. J. G. Vaughter who will talk on "The Economic Aspect of Our Foreign Policy." Mrs. R. C. Couch, Jr. will talk on "The State Department." There will be a general discussion of President Truman's Point Four.

Members of the Club feel that never in history has there been a time when the necessity was as great for friendship with other nations as it is in these trying days. Not only must we be a United States but a united people. We must be alert to the need of friendship not only with our neighboring countries but with all the many nations of the world. Our future civilization, democracy

and freedom depend on our efforts in winning and holding an understanding friendship with all countries, not in appeasement, but with fairness and justice to all.

The call for children's toys and clothing to be sent to the orphanage in Germany received a generous response from Club members and friends. Mrs. J. U. Fields directed the drive and personally packed and sent three large boxes of the urgently needed articles to Mrs. Marian Schleppey, a former Haskell girl, who is a volunteer worker in the orphanage at Waiblingen, Germany, where her husband is stationed.

Friendship HD Club Meets With Mrs. Young

The Friendship Home Demonstration Club met with Mrs. Claud Young Friday, January 5th in the first meeting of the new year.

Mrs. Otto Vaughn led the group in singing the H. D. Club song from the new yearbook. Mrs. Dewayne Vaughn read the Club paper, and each member answered "oll call" with a selected subject. Mrs. Ted Jetton read the Club Goals.

Mrs. Ted Jetton gave a demonstration on making boiled icing. Mrs. Young had baked a layer cake and the icing was used to stack it and the cake was served along with coffee and cocoa to the following members. Mesdames Ted Jetton, Dewayne Vaughn, Leon Newton, Otto Vaughn and the hostess, Mrs. Young.

The next meeting will be Friday, January 13, with Mrs. Ted Jetton.

Paint Creek Home Makers Visit Colored School

The Paint Creek Homemaking girls thoroughly enjoyed a visit to the Negro Homemaking Department at Stamford on Monday, January 8, 1951.

All the girls enjoyed looking at the beautiful homemaking department and talking with the very nice teacher and girls.

The girls traded ideas about what they have done in Homemaking this semester.

We also got in a little talk about basket-ball which we found they were as much interested in as we were.

We are very happy that they are going to return our visit very soon. We are all looking forward to it.— Reporter

Mrs. Joe Tyson Elected President of Progressive Study Club for 1951-52

Mrs. R. W. Herren, club president, presided at the business meeting of the Progressive Study Club Thursday evening, Jan. 4, at the Homemaking cottage.

Members answered the roll call with a New Year's resolution.

Mrs. W. E. Woodson, chairman of the International Relations committee, reported that the box sent by the club to an orphanage home in Germany had been received. She read a letter from Robert Barnett thanking the club for the box and stating that it would bring much happiness and joy to the children.

Mrs. Herren conducted a review of the club's constitution. After the business meeting Miss Kathleen Crawford led the group in a sing-song. She was accompanied by Mrs. J. W. Martin on the piano.

The next meeting of the Club will be held in the home of Mrs. Guy Marshall on January 19. Mrs. Royce Adkins, chairman of

Miss Mavis Sorrells, Gentry Middleton Exchange Vows

The First Baptist Church in Rule was the scene of the wedding of Miss Mavis Sorrells and Mr. Gentry Middleton on December 31, at 7:30 in the evening. The Rev. Houston Walker performed the single ring ceremony.

The bride is the daughter of Mr. and Mrs. W. E. Sorrells of Rule and the groom is the son of Mr. and Mrs. C. C. Middleton of Haskell.

Preceding the ceremony, the candles adorning the altar were lighted by the ushers; Charles Sorrells, the bride's brother; and Rudolph Mianetch, the groom's brother. Patsy Ingram, accompanied by Elizabeth Gray at the organ, sang "Because". Traditional wedding music was played during the ceremony.

The bride, given in marriage by her father, wore in a dove grey suit with navy accessories and carried a colonial bouquet of pink roses. Her only attendant was Miss Ruth Pierce of Old Giry who wore a shoulder corsage of pink canellias on her eggshell wool dress. The groom was attended by his brother, Brooks Middleton, as best man.

Immediately following the exchange of wedding vows the couple left for a brief trip to points in South Texas—including San Antonio and Corpus Christi. Mr. and Mrs. Middleton are now residing in Haskell where the groom is engaged in cotton and livestock farming. He is a graduate of Lueders High School and a veteran of World War II serving two years overseas with the Army. Mrs. Middleton is a 1950 graduate of Old Glory High School.

'Service' Is Theme Of T. E. L. Class Meeting

Members of the T. E. L. Class of the First Baptist Church met in the Church annex on Tuesday afternoon, for their January business and social meeting. Since the theme of the meeting was to be on Service, the opening song was "While The Days are Going By."

Mrs. B. M. Whiteker led in prayer. The song, "Serve the Lord with Gladness," preceded the Devotional given by Mrs. S. H. Moore, who said in the beginning we only had to study the life of our Saviour for a wonderful example of Service. Matt. 9:37, Mark 10:45 and other scriptures fitted into the talk. Also two lovely short poems were read. Mrs. Rosa Glenn led in prayer. The President, Mrs. J. W. Martin presided for the business session. Mrs. Julia Perrin, secretary, read the minutes and gave a splendid report of the class work for the five Sundays during December. Reports were also given by the four vice-presidents, the four group captains and other officers. Mrs. Ella Cox gave a splendid report on the Christmas baskets given by the class. "Is Your All on the Altar," was sung.

Mrs. Linna Cunningham, program chairman had asked that each member present respond to roll call with a new year's resolution. Various and sincere were the responses given, many of them a spiritual and upward look.

Responding were, Mesdames Linna Cunningham, Eula Bledsoe, Ella D. Cox, W. Martin, Julia Perrin, Jack Merchant, C. A. Merchant, H. S. Moore, T. A. Lafré, G. G. Herren, B. M. Whiteker, O. O. Aikins, I. N. Alvis, Joe Manley, R. J. Paxton, Mary Oates, Effie Mobley, Pearl Dilbeck, Irene Walling, Rose Glenn, Ada Robb and Pauline Williams.

Mrs. Jack Merchant's group served a refreshment plate of spiced hot punch, sandwiches and small cakes.

A number of people have inquired the meaning of the letters TEL, they stand for a compact religious family, described in the Bible, Timothy, the child; Eunice, the mother; and Lois the grandmother (2nd Timothy 1:5).

A vacation is not going away from your work; it is getting it out of your mind.

One of these days, about 4578, nobody will be worrying about the problems that worry us.

Mrs Robert Free Honoree At Tea In Throckmorton

The home of Mrs. Robert Merrill in Throckmorton was the scene of a gift tea Tuesday afternoon, Jan. 2 from 2 to 4 honoring Mrs. Robert Free, the former Jo Ann Key.

Hostesses were Mesdames Tom Morrison, Blain Estridge, Lily Lilly, Bill Estridge, Jeb Corneilus, Theron Hibbitts, Corey Thomas and Ronald Merrill.

Mrs. Merrill received the guests. Out of town guests were introduced by Mrs. Bill Estridge, sister of the bride Mrs. Theron Hibbitts registered the guests in a beautiful white satin bride's book, a gift to the bride from Mrs. Hibbitts.

Guests were served from a table covered with a white cutwork cloth with red satin streamers running diagonally across the table with the names "Jo Ann and Robert". The streamers started

from an arrangement of red carnations and lemon leaves set on the styrofoam base of a Danish angelabra. Guests were attracted by the tinkling bells in this arrangement as well as the bright red carnations.

Mrs. Lloyd Lilly presided at the tea service. Cake squares and colored mints were served to the guests. House party members shared duties in the serving.

Calling during the tea hours were friends and relatives from Throckmorton and Haskell.

Present from Haskell were the groom's mother, Mrs. George Free; and sister, Miss Margaret Free; Mrs. Royce Adkins, Mrs. Leslie Medford, Mrs. Vada Griffin, Mrs. Allen Overton, Mrs. Irvin Overton and Mrs. Ross Hemphill.

Mrs. Free is the daughter of Mr. and Mrs. Wortham Key of Throckmorton, and Mr. Free is the son of Mr. and Mrs. George Free of Haskell.

Mrs. Free is the daughter of Throckmorton High School, Class of '50, and has been employed in the Throckmorton office of West

Widow Couple In Rites at Anita Falls

Jean, Oliver, daughter of Mrs. Oliver of O'Brien, became bride of Ross Banner, Mr. and Mrs. C. B. Bancroft in a simple ceremony at the Floral Heights Church in Wichita Falls. The vows were read by B. Slack.

The bride chose for her wedding a cedar brown gown with navy accessories and a white corsage.

Marie Hackfield, sister of the groom, was maid of honor. Don Barnard served as best man.

The bride and groom are 1948 graduates of O'Brien high school. Oliver attended McMurry and Draughon's Business College in Abilene. She is now in Lubbock. Mr. Oliver is in the Air Force and stationed at Albuquerque, N. M.

Ruby Hadaway, Miss R. Welsh, in Waco

Popular young Haskell couples Ruby Hadaway and William R. Welsh, were married in Thursday afternoon Jan. 11 in the Spencer Annex of the First Baptist Church, Dr. W. W. Melton officiating.

The bride is the daughter of Mr. H. T. Hadaway of Haskell and the groom is the son of Mrs. J. M. Duke of Waco. Rosemary Duke and Collette Welsh, sister and brother-in-law, attended the ceremony.

The bride wore a grey gown with black accessories and a pink corsage. Miss Duke wore a brown gown and brown accessories. Members of the immediate family attended the ceremony.

The young people are graduates of Haskell High School. They will make their home here. Mr. Welsh is engaged in engineering.

WELL VISITORS LEAVE CALIFORNIA

W. R. Beech and children, and Colette of Berne, Switzerland who have been visiting in the home of Mrs. Beech's daughter, Mrs. Joe Ray Cotton in Boston, Mass., were visitors this week in the home of Mrs. Beech's daughter, Mrs. A. Y. Corfrom here they will go to Los Angeles, Calif., where Bert Colette will enter college.

Family Reunion Held Sunday In Leslie Cox Home

Mr. and Mrs. Leslie Cox were hosts for a family reunion in their home, Suncay, January 7th.

Dinner was served buffet style with turkey and all the trimmings. The afternoon was spent playing games and kodaking.

Those present for the occasion were: Mrs. J. C. Turnbow, Mr. and Mrs. D. O. Toliver, Cecil, Bobby, Tommy, Jimmie, Douglas, Linda, and Glenn; Mr. and Mrs. Clay Kimrough, Clinton, Ella, Joe, and Helen; Mr. and Mrs. Adell Thomas, Bill and Mary Ann; Mr. and Mrs. Carrol Toliver, Brenda and David of Stamford; Mr. and Mrs. Jimmie Cox; Mr. and Mrs. Bob Dulaney; Charlie, Jackie, Rex, Carolyn and Wilma Cox. Visitors, Frances Lancaster, De-light Ash, Eva Adkins, and the hosts, Mr. and Mrs. Leslie Cox.

Magazine Club Has "Friendship Day" Program

Members of the Magazine Club enjoyed one of the year's outstanding programs on "Friendship Day" December 29 the birthday of Elenor Brackenridge of San Antonio. Her birthday has been set aside by the Governor of Texas as "Friendship Day" in memory of her life or service. A woman of means and talent, Elenor Brackenridge gave unselfishly of her time and talent in serving others, and the imprint of her benefactions were left on many points of interest in Texas.

Mrs. Wallace Cox, assisted by Mrs. R. L. Harrison, Mrs. Virgil Bailey and Miss Taylor presented the program. Gay blooming cyclamen added holiday color to the speakers table.

A short business session was conducted by the president. The Magazine Club sponsored a box of clothing for an orphanage in Germany, and the Club wishes to thank the public for their generous response. The Progressive Study Club and Magazine Club cooperated with the Texas Theatre in the Christmas drive for Gonzales Warm Springs Polio Fund, which was liberally supported.

The era of commencement oratory is about to bring new solutions for all problems.

PERENNIAL

Blue jeans and plaid cotton shirts remain the year-in, year-out favorite of school girls for leisure-time wear, the National Cotton Council reports. Collegiannes and high schoolers like the casual, comfortable outfits for both playtime and study hours. This bold plaid cotton shirt with a new convertible collar was designed by Ship 'n' Shore for wear with either jeans or skirts.

Ordination Service At Curry Chapel Church Sunday

An ordination service for deacons will be held at the Curry Chapel Baptist Church Sunday, January 14 at 2 p. m. The ordination will be in addition to the regular morning and evening services at the church.

All members of the congregation as well as friends and visitors, are invited to attend the afternoon service.

Curry Chapel church is located seven miles north of Haskell, Rev. L. F. Moreland of Stamford is pastor.

The economist are now trying to tell us what is going to happen unless something else happens.

Varied Program of Home Demonstration Club Work Carried Out In Haskell County During Past Year

As the home demonstration program in Haskell county is about to start a new year, it is time to look back over the accomplishments of the past year.

During the year starting, December 1949 and ending December 1950, there have been two county home demonstration agents Mrs. Vee J. Howie was in the county from December, 1949 until August 31, 1950. Miss Theima D. Wirges came to the county September 4, 1950 and completed the year's work November 30, 1950.

The home demonstration agent does work with women and girls. This past year 185 days were devoted to adult work and 88 days were devoted to the girls. The agent does have both office and field work. She spent 143 days in the office and 130 in the field during 1950. While working in the field, 118 farm homes were visited, to give help with new improved methods of homemaking. There were 138 methods demonstrations given to home demonstration and 4-H clubs, when the agent was working in the field. The total attendance of these meetings was 2337.

While doing office work there were 65 training meetings given, which were attended by 689 club leaders. These leaders return to their clubs and give the information to club members, which they received at the training meeting.

The Haskell county home demonstration council became a very active group during 1950. There was an 80 per cent average attendance representing 12 of the 13 home demonstration clubs in the county. The council committees started the year by making recommendations for the first time. Below is a summary of the committee work:

The yearbook committee had extra yearbooks made; worked up material for 1951 yearbook; obtained prices, samples of paper and backs to choose from; sent the 1951 yearbook to the printer.

The finance committee worked out a budget; panned five county wide entertainments by clubs to finance council.

The education committee had new blanks printed; made three quarterly reports.

The expansion committee made three quarterly reports.

The exhibit committee received and reported subjects for booths were placed and removed on time.

The marketing committee asked for those who wanted tracing wheels and carbon; gave blanks to report club marketing activities; ordered United Nations flags.

The recreation committee had five recreation activities after council.

The 4-H committee presented dress revue pins to three high scores; obtained prizes from clubs; reported county winners; presented Gold Star Award during National 4-H Achievement Week.

The home demonstration clubs and 4-H clubs had programs on two main subjects. The demonstrations, to both groups, in 1950, were on Bread and Other Cereals, and Clothing.

Bread and other cereal products is a main demonstration being carried in the home demonstration clubs in the 3rd year phase. The 4-H clubs are carrying it in the first year. There has been much interest in this phase of foods, and there will be greater interest in the last year-cakes and pastries.

"Food Value of Cereals" was given in a leadership training to 16 leaders, representing 11 home demonstration clubs. These leaders gave 11 demonstrations to 105 members. Cereal cooking in milk, included in the demonstration, has been tried, and enjoyed, and used by at least 75 families as a result of this.

137 members attended 12 demonstrations on "Master Mix". All of these members were anxious to try the recipes, and at least 100 made up the mix. Two other clubs had leaders attend their club and demonstrate the Mix.

Fourteen attended a training on "Using the Master Mix". These represented 11 clubs. Eleven demonstrations were given to 88 members by the leaders.

Nine leaders from five home demonstration clubs attended a training on "Storing Cereals Properly". At five meetings by leaders, 48 attended.

Twelve attended a training on "Hush Puppies and Spoonbread". These represented seven clubs. Six demonstrations were given to 73 members by leaders.

The 4-H program started in September with their first demonstration on Bread and Other Cereal Products. The first demonstration was given on the "Preparation of the Master Mix" to all seven clubs. Th adult 4-H leaders gave the "Use of the Master Mix" at the next meeting.

A bake show was planned as an achievement event of foods work. Council decided to have the bake show at the Central West Texas Fair, for their achievement event, and not have another event.

The bread and other cereal products demonstrations will be continued this year with both women and girls.

Clothing and textiles is being carried as one of the main phases of work in the county. This was the first year, and interest was very high, especially in the younger women.

A training for leaders in Dec. was attended by 8 leaders representing 6 clubs. "Altering Patterns" was given. As a result 6 demonstrations were given in six clubs, with 52 present.

A demonstration by the agent was "Choosing the Right Size Pattern". Eleven demonstrations were given, with 113 present. As a result, 50 actually measured themselves, 50 actually measured the right size.

"Lay Cut, and Stay-Stitch" was given in 13 demonstrations to 132 club members.

A training was given to leaders on "Setting in a Plain Sleeve", with 12 leaders present, representing 10 clubs. As a result, 101 were given the demonstration by these leaders.

Eleven demonstrations on "Fitting" were given to 118 club members. Eleven demonstrations to 107 members were given on "Setting in Zippers".

clean up campaign should be to go over the barn with critical eye and locate the accident hazards and inconveniences. The second step is to correct them.

Here are a few things that should be on your check list. Watch out for loose objects or obstructions that might cause falls. Good door sills, abrupt changes in floor should be removed. Better check the floors, says Ulich and be sure they are all solid and in good shape. The alleyways and work areas in the barn should be given a good cleaning and should always be kept clear of obstacles.

There is little excuse, points out Ulich, for farmers to do their chores in the dark since about 90 percent of all farms in the state now have electricity. He urges farmers to light up the dangerous corners, the alleyways and especially the rooms where pitchforks and other equipment is stored. A well located light in the barnyard will make the night trips to and from the barn or other out-buildings safer, he adds.

The loft doors, feed chutes and ladders should be carefully checked for a weak rung in the ladder can be the cause of a serious accident. Heavy loads should not be carried to or from the loft of the barn by way of a ladder. A well built stairway that is hand-railed and kept clean should be used. Feed chutes and elevated platforms should be constructed with guard rails.

Ulich says that all farmers should remember that their barns and other outbuildings will be safe and convenient only if they are constructed with these items in mind, and then only if they are properly maintained and cared for.

An aggressor nation wants no better luck than find the other nations divided.

If you've tried a Free Press classified you will be surprised at what they accomplish.

Personally, we have no yen for a repetition of what hit the country about fifteen years ago.

Scientists Study Texas Miniature Wildlife

University of Texas zoology researchers have started a 13-year study of Texas miniature wildlife: mice, rats, lizards, and reptiles.

The scientists are graduate students directed by Dr. W. Frank Blair. They are attempting to determine the home range, habits and characteristics of the small creatures.

Since most of the species are

rodents, information about them can be applied in trapping and control as well as be important as basic scientific knowledge.

The researchers are four years deep in their project and have studied representative areas of the Big Bend and Stockton Plateau in West Texas, and the northern Panhandle. Dr. Blair hopes to compile data on every section of Texas before the project is terminated.

In studying the range and habits of mice and rats the scientists set up a carefully plotted gridiron of traps over a given area—usually 60 acres. In investigating lizards and reptiles, the researchers capture specimens with nets or string nooses, mark them with nail polish, and chart their movement in a gridiron of stakes.

INCOME TAX FACTS FOR FARMERS

The following questions and answers were taken from "Farmer's 1950 Income Tax" which is approved by the Bureau of Internal Revenue, Washington, D. C. and were prepared by F. W. Martin, county agent.

Questions and Answers

1. What are the Important Recent Changes?

The Revenue Act of 1950 increased the income tax rates. A net operating loss for a taxable year beginning after 1949 may be carried forward five years. Hereafter the loss could be carried back two years and forward two.

2. How Do Partnerships Report?

A partnership does not pay any income tax, but it must file an information return on Form 1065. This form, which may be supported by details on Form F, shows the amount of income of the partnership and how this income is distributed among the partners. Each individual partner then includes in his income on Form 1040 his share of the partnership income. The ordinary landlord-tenant relationship does not constitute a partnership; therefore each contract should file his tax return as an individual, reporting only his individual income and expense.

3. How are Croppers' Shares Treated?

A cropper is essentially a laborer who is paid a share of a crop (or the money value thereof) for the labor of producing it. He may or may not pay a share of certain production costs such as seeds, fertilizers, insecticides, ginning, etc., depending on the terms of the contract existing between him and the farm operator.

There are two common methods whereby farm operators and croppers keep their records and make settlement:

1. The sale value of the entire crop and the total production cost are included in the operator's transactions and records. Settlement is made between the two parties after the undivided crop is marketed. The operator should enter as labor cost in his accounts and income tax reports the value of the cropper's share of the crop less any production costs paid by the cropper as shown in the final settlement.

2. The cropper pays his own share of production costs (if any) and receives his share of the actual crop. In this case, neither the cropper's share of production costs nor the cropper's share of the crop is included in the operator's transactions, records, or income tax reports.

4. How Do You Report Patronage Refunds From Cooperatives?

Patronage refunds received as

FOR COLD COMBAT

This serviceman's cotton uniform designed for cold climates makes use of the layer principle of warmth without excessive weight. Instead of a bulky, heavy uniform for cold weather, this naval seaman is outfitted with many light layers of clothing to trap insulating air. One advantage of this type uniform is that men doing strenuous work can shed layers as bodily heat increases while men at stationary posts can add articles of clothing for warmth.

Taxation Trend Is Topic of U of T Bulletin

Community officials and civic-minded citizens can interpret local property tax conditions as compared to state-wide trends in a new reference booklet published by University of Texas Institute of Public Affairs.

The publication, "Texas Property Taxes—1949," by Lynn F. Anderson, assistant to Institute Director Stuart A. MacCorkle, gives statistics and facts about state, county, city, and school district taxation.

The study points out that: Most counties presently do not need the additional rate of 30 cents per \$100 valuation which a constitutional amendment will allow them to levy after January 1.

Only 5 per cent of cities with populations over 5,000 and 51 per cent of towns with fewer than 5,000 levied their legal-maximum rates, as did 33 per cent of the independent and 16 per cent of the common school districts.

A copy of the study may be obtained for \$2 by requesting Public Affairs Series No. 3 from Institute of Public Affairs, University of Texas, Austin.

Army Textile Requirements Announced

The Army Quartermaster Corps has announced tentative plans for buying 336,000,000 yards of textiles for the Army and Air Force, most of it to be delivered during the first six months of next year.

Navy requirements will be announced later. Of the total needs announced, 335 millions yards make up current textile requirements, divided as follows:

- 104 million yards of cotton uniform cloth.
- 31 million yards of wool.
- 14 million yards of synthetics.
- 22 million yards of light fabrics for tentage.
- 24 million yards of duck.
- 134 million yards of webbing.

In addition, the Quartermaster Corps announced plans for buying 31,000,000 yards of wool textiles (eight types) under the wool reserve program. Deliveries under that program, authorized separately by Congress, may extend to June, 1952. Deliveries under

the current fabric procurement program will be completed by Oct. 1, 1951.

Under the wool reserve program, Congress authorized the purchase of 100,000,000 pounds of raw wool or its equivalent in garments, fabrics and knitting yarns for use of all the armed services, as a military wool reserve.

The latest announcement said 30,000,000 pounds of this will be bought in raw wool. The balance will be in wool fabrics.

A Senate armed services committee criticized the Mun Board last Saturday for not piling wool against an embargo.

6. Is the Amount Received From the Sale of a Farm Taxable?

The sale of a farm may include the following:

(a) Livestock and crops held for sale in the ordinary course of business. Net income from their sales is fully taxable as ordinary income.

(b) Good will. This is always a capital asset and if the farm had been held for more than six months, only one half of the gain is taxable or one half the loss is deductible.

(c) All other farm property.—The income tax law has a special provision for grouping gains and losses from the sale of depreciable property or farm land (which is not inventoriable or held for sale in the ordinary course of business) and which has been held for more than 6 months. If a net gain results after fully taking all such items into account, only one half of each loss if allowable is deductible. The sale of a farm must be reported on Schedule D. (File with Form 1040). Briefly, the gain is calculated by adding the sale price and the amount of depreciation that was allowed (or was allowable) during the period of ownership. From this figure subtract the purchase price (or the March 1, 1913, value if owned prior to that time), the cost of major improvements added and the cost of selling.

The sale of a farm may affect the income tax obligations of the tax payer by hundreds of dollars. It is therefore, suggested that any person who sells a farm should get the assistance of an Internal Revenue official or other competent income authority in making his tax return.

7. Does a Farm Boy or Girl Have to Make Out a Separate Income Tax Return for Profits Made From 4-H Club Projects and Other Youth Activities?

If the boy or girl who is a minor has a gross income on his or her projects of \$600. or more, an income tax return must be filed. Taxes must be paid, if due, after legal deductions are made. Income of the child is not included in the parent's return.

The county agents office has a small number of the bulletin "Farmer's 1950 Income Tax" which gives examples of figuring your income tax along with other information. These may be obtained on a loan basis of one day at a time by calling by the county agents office.

Since about 90 percent of all farms in Texas now have electricity, there is little excuse for farmers to do their chores in the dark.

There is much talk about a buyers' market but we haven't seen much evidence of it so far.

An advocate abandons civilization when he appeals to prejudice, ignorance or superstition.

CHILDREN VISIT IN LECLAIRE HOME

Mr. and Mrs. R. L. Leclaire had all their children as guest in their home during the recent holidays. Present were Miss Alpha Leclaire of Snyder, Mr. and Mrs. Paul Leclaire and children Robert and Linda of Albuquerque, N. M., Mr. and Mrs. Homer Leclaire and sons Gene and Doug of Dallas, Mr. and Mrs. P. L. Mann and daughter Susan of Corsicana.

It is probably too much to ask us to understand foreigners when we do not understand ourselves.

Homebuilders Advised To Complete Homes or Repairs Early as Possible

Anyone in Haskell desiring to build or modernize a home or other building is advised to start work at an early date, according to John A. Couch, local lumber and building materials dealer and member of the Public Affairs Committee of the National Retail Lumber Dealers Association.

"There are three reasons for getting an early start," Mr. Couch said. "In the first place, there is no reason to believe that materials prices or building costs will decline to any important extent in the months ahead. In fact, some increases are likely.

"Secondly, some essential building materials, notably those containing strategic metals, such as steel, copper and aluminum, are certain to be less plentiful from now on, owing to the large quantities being set aside for the rearmament program.

"Other materials probably will be in full supply, but some metal is required in building even the most modest new homes.

"In the third place, there always is the possibility that de-

fense officials in Washington will decide to restrict construction of houses still further as a means of conserving materials for defense cause to build may face delays in some local families who have good production. Should that happen, obtaining the necessary approvals and in obtaining all of the required materials.

"Furthermore, there always is the possibility that mortgage credit restrictions will be tightened by the Federal government, in which case some families might find difficulty in meeting the higher downpayment requirements.

"Limitations on the use of copper and aluminum for construction and other civilian use already are in effect and the amount of steel for non-defense use also has been reduced, so that supplies of building materials containing these metals will be curtailed at an early date."

Army To Draft 80,000 Men In March

The Army has announced a call for 80,000 draftees in March raising total draft quotas to 450,000 since the Korean outbreak.

The March figure is the same as that for January and February. The Navy, Air Force and Marines again placed no calls.

With the armed forces swiftly building toward a total of some 3,500,000, the Army expects a combat strength equivalent to 24 divisions when its expansion goal is reached July 1.

The defense department uses a figure involving only 18 divisions, but an official explained in answer to questions that regimental combat teams will make up the difference in combat strength.

A regimental team, usually about 5,000 men, is a small division which may contain infantry, artillery or armor.

An infantry division of 18,000 men is a fighting unit, self contained, with supporting weapons such as tanks and artillery.

When fighting started the Army had 10 divisions, plus four National Guard divisions and two Guard regimental combat teams called into the federal service. Two more Guard divisions go on active duty next month.

The Army will form another regular division in spring or early summer. It will be an armored unit.

States probably will be notified today of their March draft quotas.

The agency declined to disclose the total number of men in Class 1-A for security reasons.

The draft actually has been delivering a few more men each month than the Army has requested.

Army draft calls totaled 210,000 men through December, and selective service figures indicate about 214,000 will have been delivered by Jan. 1.

You never know how broke your friends are until you serve on a committee to collect funds for a charitable cause.

The people of the world want peace but they also want national gain; most of us are unwilling to consider the possibility that we must pay something for permanent world peace.

Haskell 4-H Club Boys Invited to Houston Show

Haskell county 4-H Club member will be honored on Feb. 10 at the Houston Fat Stock Show and Livestock Exposition, President W. A. Lee announced.

In a letter to County Agent F. W. Martin, Mr. Lee reported that special concessions in prices would be made on that day which has been designated as 4-H Club Day. Veteran agricultural students will also be feted on the day.

Four-H Club members and veteran agricultural students throughout Texas may obtain special tickets for matinee performances of the World Championship Rodeo providing their order is received by the Stock Show before Jan. 15, Mr. Lee said. Price of the rodeo tickets will be \$1.50, including tax and front gate admission, less than one-half the established price for tickets.

In announcing the special day, Mr. Lee expressed appreciation for the splendid cooperation accorded the show by members of the extension service staff, county agents and home demonstration agents since the beginning of the show.

Show dates for 1951 are Jan. 31 through Feb. 11. The rodeo will star William "Hopalong Cassidy" Boyd, with Eddy Arnold, nationally-known ballad singer, and his Oklahoma Wranglers. A calf scramble is also being set for all 19 performances.

The New Plymouth Cranbrook Four-Door Sedan

Featuring improvements which produce unprecedented roadability and riding qualities, the beautifully redesigned 1951 line of Plymouth cars have numerous mechanical improvements and have retained their traditional roominess. Shown above is Plymouth's Four-door Cranbrook sedan.

New Plymouth Combines Beauty and Riding Ease

Detroit, Mich.—Spectacular new qualities which produce driving and riding ease heretofore unknown in automobiles of any price feature the new line of Plymouth cars. Combining smart new body lines with unprecedented interior luxury, the new Plymouth will go on display in dealer showrooms throughout the United States Saturday, Jan. 13.

Designers have given the Plymouth a striking new silhouette, and refinements in the interior are innovations in the lowest price field. The styling improvements retain the traditional roominess of the cars.

Easier to drive and more comfortable, the new cars have greater beauty, more safety features and broader ranges of vision than ever before.

Engineers say the new "Safety-Flow ride" takes the bounce and wallop out of bumps. A new application of hydraulic flow control in the shock absorbers provides a more gradual change of resistance during spring deflections and thus a softer ride when driving on average roads. It also exerts extra resistance on rough roads to a degree where driver and passengers are almost completely freed of the discomfort of being jolted around.

The "Safety-Flow ride" is one of the greatest contributions to driving comfort and safety in recent years, according to D. S. Eddins, president of Plymouth Motor Corp.

"The new Plymouth gives you roadability never before offered in any car," he said. "There is no necessity for steering wheel fatigue to control the car on difficult roads. The driver is no longer required to focus full attention on the condition of the road. He may be more watchful of oncoming traffic, pedestrians, curves, crossroads and other potential hazards."

Eddins called the new development a major step toward restful motoring. More confidence is gained by driving or riding in a new Plymouth with the "Safety-Flow ride," and as a result there is less driver and passenger fatigue, he said.

The lines of the new Plymouth have been beautified. An appearance of massiveness combined with smart streamlining is induced by a new grille, beautifully redesigned front fenders and hood, a wider windshield and a larger rear window. Narrower windshield pillars together with the wider windshield provide additional lateral vision. To utilize fully the greater vision through the new rear window, the rear view mirror is two inches wider. The chair-height front seat and the new design of hood and front fenders permit the driver to see the road nearer the car.

There are numerous mechanical improvements. Windshield wipers are electrically operated, and are of the single-speed, self-parking type. A unique pressure-vent radiator cap, which has been added as standard equipment, permits the cooling system to be operated at atmospheric pressure during normal driving conditions. Under high-load, high-temperature driving conditions, the new radiator cap provides a pressurized cooling system to allow high coolant temperature without boiling or loss of anti-freeze.

All Plymouth engines now have a built-in by-pass cooling system permitting water circulation and resulting in more uniform temperature throughout the engine during the warm-up period. The new system consists of a passage in the cylinder head and block providing direct access to the water pump, and a choke-type thermostat to regulate coolant flow to the radiator.

The generator output has been raised to 45 amperes, an increase of five amperes, providing greater electrical capacity for the operation of car accessories. The new hand brake "T" control handle is more accessible, and, as on former models, it operates independently of the foot brake as an added safety measure.

In the convertible club coupe, the spare tire is mounted vertically as in other coupe and sedan models, rather than on the trunk floor.

The new Plymouth interiors offer the finest selection of upholstery and trim and the most harmonious color

Domestics Get Social Security Jan. 1; Article Tells What Housewives Must Do

With the first of the year at hand, many housewives employing full or part time servants are becoming anxious about their legal obligations in the matter of handling Social Security payments.

According to the January issue of Good Housekeeping magazine, which answers 35 key questions on the subject, there are an estimated one million housewives who will have to know basic facts about the law.

The word "domestics," says the article, means any person who works in or around the house, including practical nurses, furnace-men, gardeners and baby-sitters. To be affected by the law, the domestic must work 24 days in a three-month period, starting Jan. 1, 1951, and he must be paid at least \$50 in cash wages during this period.

Listing the employer's obligations, the author says she must: "See that the domestic has a Social Security number; withhold 1 1/2 percent of his wages each time he is paid; file a return; forward the withheld tax, together with the employer's own 1 1/2 percent contribution, to the district collector of Internal Revenue."

Pointing out that failure to furnish a statement carries a \$1,000 fine or imprisonment for one year or both, the article also stresses the importance of keeping records. The employer must keep on file the name and Social Security number of the domestic, and the wages paid. The law requires that the domestic be given a statement of total wages and Social Security tax withheld.

The author reminds employers that local field offices of the Social Security Administration supply detailed information on the law.

T. I. L. Announces Spring Football Training Plan

All schoolboy football conferences except six-man will hold spring training in 1951, the Texas Interscholastic League's executive committee at Austin has announced.

Dean T. H. Shelby, committee chairman, said the ruling was a result of the reshuffling of the old league conferences to equalize football competition.

The decision was primary to avoid confusion among teams which are now, or which have been, in the Conference A classification. Previously, a vote of schools in that conference had forbidden spring football training.

Thirty consecutive calendar days of training will be followed. Fall football practice in all except the six-man conference will start Aug. 27, 1951. Six-man football will start fall practice Aug. 15.

Dean Shelby said the ruling will not apply to the spring of 1952 as a ballot will be submitted by the league to all member schools in April of next year to decide their future wishes regarding spring training. He said the shortness of time before spring training would normally begin in some schools next year made it impossible to hold a ballot for the 1951 spring training.

Wild Horse Race Planned at Fort Worth Stock Show

The skill and daring which the Comanches and rustlers displayed when they made a raid and rode off on the settler's best horses will be re-enacted in a new event in the rodeo of the Southwestern Exposition and Fat Stock Show, Jan. 26 through Feb. 4.

This contest, announced today by President-Manager W. E. Watt, will be a wild horse race. It is much different from the event of the same designation which you may have seen at a few other rodeos where two men rope and hold a horse and throw a saddle on him for one to ride.

This is "sissy stuff" in comparison to the Cowtown version. Here's how it will go:

There will be a bunch of wild Mexican and Choctaw ponies in the arena. Twenty cowboys will run in, drive the mustangs into a corner and then climb aboard by grabbing a mane—(there will be no saddle, no bridle; it will be Indian style). This is not a team or pair event but it's strictly every individual for himself and while a cowboy may take advantage of the situation and climb on the horse himself.

After a contestant has succeeded in getting on an animal, he rides alongside of another horse and jumps over to his back. The cowboy who changes from one horse to another the most times and puts on the best all-round riding exhibition will be the winner. That will give you a "rough" idea—and we do mean rough. It will be an event filled with action every moment.

The ponies for the wild horse race are already at the Stock Show grounds.

Make a paddle slipcover from old towels to cover a pastry board. This will prove handy for ironing small emergency items.

What people think is not always what they say.

Leaders get credit for the work that they persuade others to do.

Business grows whenever ideas are translated into motion.

It is reported that vegetable gardeners are finding new insects every day.

Modern Definition: Soft Snap—the job that belongs to somebody else.

Social Security Representative To Be Here Jan. 18

Ralph T. Fisher, Manager of the Abilene office of the Social Security Administration, will be at the Chamber of Commerce office in Haskell at 11:00 a. m. on Thursday, January 18.

In a statement released today Mr. Fisher called attention to the fact that many domestic workers in private homes, and many farm

and ranch workers, are included under social security effective Jan. 1, 1951.

Housewives who have regularly employed cooks, maids, baby sitters, etc., can get further information from any post office or from the Social Security Administration. Farm or ranch owners who have regular employees can get further information from the Social Security Administration, from the County Agent, or from other local agricultural agencies.

Dime Campaign Gets Sanction of Governor

Governor Allan Shivers emphasized the impact of polio on the family, community, state and nation in officially designating the period from January 15 through January 31 for the 1951 Texas March of Dimes.

The Chief Executive cited the exhaustion of National Foundation for Infantile Paralysis funds by the record 100,000 cases the last three years. He stressed the state polio fund deficit in caring for almost 2,800 new cases in 1950 alone.

"For three consecutive years," said Governor Shivers' proclamation, "Texas children and adults have been heavily attacked by the virus of poliomyelitis."

The record shows that 423 more polio patients were reported in Texas during 1950 than in 1949, with 2,778 cases in 1950.

"Every penny raised in Texas during the last three March of Dimes campaigns has been spent for patient care of Texas polio patients and supplemented with \$77,000 sent into Texas from other states by the National Foundation for Infantile Paralysis."

"Not only was the last year the second worst polio year in the nation's history, but the cost of providing treatment for these patients continues upward along with the tremendous costs of caring for patients of previous years. Funds of the National Foundation for Infantile Paralysis must be replenished in the 1951 March of Dimes."

"Therefore, as Governor of Texas, I hereby designate the period January 15 to 31 for the 1951 March of Dimes in Texas, and urge every citizen to contribute as he is able to the success of this worthy campaign."

Plans Completed For Annual HHS Grid Banquet

Plans are being completed this week for the annual banquet honoring members of the Haskell High School football squad and coaches, to be held Thursday evening, Feb. 1 in the school activity building under joint sponsorship of the Haskell Lions Club and the Quarterback Club.

Arrangements are being planned for the attendance of 250 guests at the affair, and reservations will be limited to that number. Tickets will go on sale during the latter part of next week, according to present plans.

Guest speaker at the banquet will be H. N. (Rusty) Russell, head coach at Southern Methodist University. He will exhibit a film, with sound, of last season's SMU-Ontario football game. Coach Russell may be accompanied by Kyle Rote, Mustangs' All-American back, and possibly other SMU players, sponsors have been advised.

Recognition will be accorded to coaches and all members of the HHS squad, and a highlight of the banquet will be the award to the most conscientious player on the 1950 squad. The honor is to be in the form of a plaque bearing the name of the player. It is to be placed in the school's trophy room.

Arrangements for the banquet are being handled by committees named by President Theron Cahill of the Lions Club and Royce Adkins, Quarterback Club president.

Billy Davis Named On Second Team of All-State Gridders

Billy Davis, triple-threat backfield star on the 1950 HHS Indians football squad, was named to the second string All-State Class A schoolboy football team for 1951 as selected by the Texas Sportswriters Association through assistance of the Texas High School Coaches Association.

WEEK-END VISITORS IN FRED HOWARD HOME

Visitors in the home of Mr. and Mrs. Fred Howard during the week-end and attending the wedding of their son, Bobby Lee Howard and Miss Melba Joan Kreger, were Mr. and Mrs. Maurice Howard and children, James, Lawson and Bennie of Waco; Mr. and Mrs. Bill Hale, Lynn Ann and Billy Jr., of Lubbock; Mr. and Mrs. Ohie Goolsby of Lubbock; Mr. and Mrs. Luther Bull and Sammy of Dalhart; and Mrs. Howard's niece, Betty Jane Foster of Lubbock. Those calling Sunday afternoon included Mr. and Mrs. Seaton Cox and Helen Jean, Mr. and Mrs. John A. Coleman and Sarah Jane, and Miss Mary Ethel Mullins.

Margaret DeMille Helps Select '51 Maid of Cotton

Margaret de Mille, often called the "voice of Mademoiselle magazine," served as chairman of the board of judges at the 1951 Maid of Cotton contest held at Memphis, Tenn., the National Cotton Council announced recently. Miss de Mille, one of the nation's foremost fashion authorities, is merchandising director of the fashioning magazine.

Miss de Mille has set style trends for debutantes, coed, and career girl in her post as merchandising director for the famous fashion publication. In addition, she acts as commentator at Mile fashion shows and in fashion film shorts.

The noted fashionist is a member of an illustrious family. Her sister, Agnes de Mille, has brought the modern concept of ballet to the stage in her choreography for "Oklahoma," "Carousel," "Brigadoon," and "Gentlemen Prefer Blondes." Her father, William C. de Mille, is author of several well-known plays and currently is head of the drama department and workshop at the University of Southern California. Her uncle, Cecil B. de Mille, is one of the most celebrated leaders in the motion picture industry.

Miss de Mille herself did theatrical work with the Theatre Guild after leaving Columbia University. She gave up her stage career to become a homemaker for several years. Miss de Mille returned to the fashion work for Macy's. Then she joined the staff of Mademoiselle, where she first served as merchandising editor and subsequently as assistant fashion editor before taking over her present duties. She is a member of the Board of Governors of the Fashion Group. In private life, Miss de Mille is married to Albert A. Kaplan of New Rochelle, N.Y. Her daughter Judy is a junior at Oberlin College in Oberlin, Ohio.

Who remembers when it was considered smart to burn off front areas?

Draft Board Gets Additional Calls For Inductees

Local Board No. 77 at Anson, which serves the tri-county area of Haskell, Jones and Shackelford counties, has received orders to send 82 men for physical examination during the remainder of this month, and an equal number in February. An induction call for 28 men also has been received.

A group of 27 young men was inducted Jan. 4 by the Local Board, 13 of this number being from Haskell county. Another induction call, for 28 men to be sent on Feb. 15, has been received.

The calls for physical examination are for 41 men to be sent to Abilene on Wednesday, January 17, and another group of 41 on Tuesday, Jan. 30. On Tuesday, February 13th, 82 more will be sent for physical examination.

Medical Men To Register Monday

Special registration of Physicians and veterinarians will be held Jan. 15th, and on that date all such persons who have not reached their fiftieth birthday, will be registered, except members of the regular or reserve components of the uniformed services and those already registered under a special Registration. Registration will be held at the office of Local Board No. 77, Anson, Texas and for Haskell County, special registrants will see W. A. Holt in Holt in Haskell, and for Shackelford County, see C. M. Reese, at Albany, Texas.

Oct. 1-6 Set As Dates for 1951 CWT Fair

October 1-6 has been announced as the date for the twenty-third re-novel of the Central West Texas Fair that is held here annually.

The dates were announced today by E. R. Lowe, president of the association, following the recent three-day convention of the Texas Association of Fairs and Expositions which was attended by local fair officials.

The 1951 date is one week earlier than last year and will not conflict with other area fairs, nor the State Fair that is scheduled to open the following week. This will assure a larger number of exhibits for the Haskell show. Lowe pointed out.

One of the largest midway attractions in the southwest was secured last week for the 1951 show, and will bring to this area one of the most colorful carnivals attractions ever to play here.

Previous plans of expansion, approved following last year's fair, were abandoned following a meeting of the executive committee this week due to the national emergency. These plans included a grandstand and racetrack, in addition to a general improvement and enlargement of other facilities.

A spokesman for this committee pointed out that the stress this year would be on improved and enlarged exhibits, including the possibility of new facilities for a Hereford show.

1950 was Haskell's largest and most successful fair showing with more than 36,000 area people going through the turnstiles.

Members of the American Newspaper Publishers Association reported at the end of November they were down to an average of 32 days' supply on hand or in transit, the lowest figure for November 30 since 1946.

Around the world there is tightness in supply with several countries in the market for more Canadian tonnage. This short supply and increased costs have led since fall to consolidation of papers, increases in weekly subscription rates and limits on advertising.

Allocation of space has not been so prevalent but a good number of papers have had to cut their advertising.

The Albuquerque (New Mexico) Journal and the Tribune have limited advertising to 85 per cent of the December 1949 volume because of the newsprint shortage, for example.

And the Atlanta (Georgia) Journal and Constitution, noting world production of newsprint is far under the present rate of consumption, were forced to turn down some advertising.

As for possible rationing of newsprint and price controls, publishing circles agree only that they certainly are coming. They don't set a date.

The 1951 Ford F-1 pickup truck and other models in the new Ford truck line feature as optional equipment a new "5-Star Extra" cab for added comfort. An enlarged rear window in all 1951 Ford trucks provides better all-around vision. The steering column gearshift is standard equipment on the F-1 truck. The new cab, with many passenger car features, is sound-proofed with undercoating and roof insulation. Seats, including backs, are adjustable, and cushions have a thick foam rubber pad.

Scarcity of Newsprint, Higher Price Face U. S. Publishers

Tighter newsprint supplies and higher prices are the prospects facing United States publishers. Publishing sources figure consumption of the paper used for newspapers is about 6.5 per cent above 1949, while production has gained only about 2.8 per cent.

This simply means digging into stocks for the difference. And stocks are dwindling too.

The supply situation alone has forced some papers to limit the advertising they can accept. Increasing costs are forcing many to advance subscription rates.

During the past few months the price of newsprint has increased generally \$6 a ton. Prices vary according to location, but this brings the New York price to \$106.

This is the highest in almost 30 years and compares with an all-time top of \$120 in the 20's and a low of about \$40 in the depression years. Newsprint had climbed to \$84 by 1946 and to \$100 by the end of 1948. The general \$6-a-ton increase this year was the first in about two years.

While \$6 was the most widely accented rate of increase at least one producer has stepped up prices \$10 and Great Northern Paper Company only hiked the price \$5.

The \$6 increase means another \$35,400,000 added to the cost of publishing newspapers in this country, based on current annual consumption estimates of 5,900,000 tons.

But the current increase appears not to be the end, according to reports from Canada, where United States publishers obtain 80 per cent of their newsprint.

When Powell River stuck to the \$10, excepting in the Rocky Mountain and Southwestern areas, where the advance was \$8, other producers dropped back to \$6.

The reasons given for the price boost were the same—higher payrolls and increased costs generally. The Canadian mills listed advances in items imported from the United States, such as coal, machinery, sulphur and transportation.

There have been reports from Canada that the firms who went up \$8 are dissatisfied. They say the price isn't high enough to expand.

The need of expansion is shown in the consumption and production figures and in estimates that publishers will use 3.14 per cent more newsprint next year—6,100,000 tons.

Members of the American Newspaper Publishers Association reported at the end of November they were down to an average of 32 days' supply on hand or in transit.

Proper Care Adds Much to Life Of Clothes

Clothes will last longer, look better, require less mending, cleaning, and pressing if they are given a good start and followed up with good care.

Nena Roberson, associate clothing specialist with the A. & M. College Extension Service, says that "preparation" in new wool clothes are more thrifty than "repairs" which have to come later. For instance, putting shields in wool dresses and coats for protection against perspiration stains is more economical than having to replace the dress or give the coat a new lining.

Wool skirts can be reinforced for wear and protected against stretch by lining the upper half of the back. Miss Roberson recommends lining with firm light weight material, or if it is part of a suit, the same fabric as the lining of the jacket will do. This is especially recommended for the tight skirt fashion which prevails now. Long sitting sometimes causes a skirt to bulge or stretch out of shape unless it is reinforced underneath.

It's a dull day upon which some Russian protagonist does not denounce the United States.

A matter of principle is often a cloak to conceal an exhibition of selfishness.
