SIXTY-FIVE HASKELL, HASKELL COUNTY, TEXAS, THURSDAY, JAN. 25, 1951 No. 4

## House Planned Sunday At New \$150,000 Primary School Building

Patrons and citizens of Haskell and this section afforded their first opportunity to inspect at one of West Texas' newest and most modern buildings Sunday, January 28 from 1 to 6 p. m. The house will be held at the new \$150,000 Primary School Building three blocks southwest of the

considerable work re-done before the study for occupancy and to open the building inspection Sunday was done to numerous school patrons and citizens, Supt. S. H. Goodwin, president of the Haskell Elementary-Teacher Association, presided at the event, and final details were worked out today. The committee of the P-T-A, headed by Mrs. H. Goodwin, and the Hospitality Committee, headed by Mrs. H. Goodwin, will be in charge of the event.

### C. W. Goodwin, 76, Dies Thursday Morning

C. W. Goodwin, 76, prominent Haskell resident and retired farmer, died in the Haskell county hospital at 9:05 a. m. today, following an illness of about two and a half months duration. Mr. Goodwin had been in failing health for some time and entered the hospital for treatment Wednesday.

Born March 13, 1874, at Hope, Ark., he was the son of Mr. and Mrs. Charlie Goodwin. He came to Texas as a young man, and married Miss Leodis Stocks of Waxahatchie, Texas, on March 28, 1895. They moved their family to Haskell from Ellis County in 1906, and Mr. Goodwin was engaged in farming here for many years until his retirement a short time ago. Mrs. Goodwin preceded him in death in August, 1950. Mr. Goodwin has been a member and active worker in the First Christian Church for many years.

Immediate survivors include a son, Ralph Goodwin of Haskell; a grandson, Charles Goodwin of Haskell; three brothers, P. M. Goodwin of Midlothian, E. E. Goodwin of Bardell, V. F. Goodwin of Los Angeles, Calif.; and two sisters, Mrs. E. M. Stocks of Haskell and Mrs. Lula Marshall of Ennis.

Funeral services for Mr. Goodwin will be held at the First Methodist Church Friday at 10 a. m., with E. C. Nickerson, minister of the First Christian Church officiating.

Interment will be in Willow Cemetery under direction of Holden Funeral Home.

Active pallbearers will be Ed Hones, W. A. Duncan, Wm. P. Ratliff, Sam Parks, J. M. Glass, Roy Pitman.

## County's Indicated Voting Strength In 1951 To Be Lowest In Decade

Haskell County's potential voting strength in 1951 will be the lowest of any year in the past decade, on the basis of poll tax payments made to date, figures released late Wednesday by Tax Assessor-Collector R. A. Coburn indicated.

Up to that time, his office had issued 2,010 poll tax receipts, 4 constitutional poll tax receipts, and 11 exemptions—for a total of 2,025 qualified voters. The poll tax is a requisite for voting in any election—State, county, city, or school district.

Payment of the current poll tax has averaged 25 daily during the past week, Coburn reported.

With only five days remaining until the January 31 deadline for paying the tax, this average must be almost trebled to equal last

## February 19 Set As Date For Club Boys Fat Stock Show

Monday, February 19 has been set as the date for the annual Haskell County Club Boys Livestock Show, with the event to be held at the Central West Texas Fairgrounds in this city.

Date for the 1951 show was selected at a meeting Tuesday afternoon of the agricultural committee of the Haskell Chamber of Commerce, A. M. Turner chairman, with FFA advisors in Haskell county schools, and F. W. Martin, County Agent and director of 4-H Club Boys work in the county.

Competition in the show will be open to entries of all Future Farmers and 4-H Club boys in Haskell county, in three divisions: Milk Fed and Dry Lot calves, and Fat Hogs.

Show awards totalling \$600 will be underwritten by Haskell merchants and businessmen through the C of C agricultural committee, headed by Mr. Turper.

Working with this committee in promoting the show are County Agent Martin and FFA chapter advisors in the following schools: Haskell Stone of Haskell, W. L. Hadley of Rule, F. A. Johnston of O'Brien, W. L. Medford of Weinert, E. A. Howard of Paint Creek, and Kenneth Roberts of Rochester.

Entries in the Fat Calves section of the show will be in the two divisions of milk fed and dry lot. Swine will compete in light and heavy classes. Hogs weighing 150-190 pounds will be classed light, and animals weighing 190-250 pounds in the heavy class.

Other show rules specify that animals entered in the dry lot calves section must be calves weaned from nurse cows not later than Sept. 1, 1950 or from mother cow not later than Oct. 1, 1950. Another rule is that only two animals can be shown by one boy in the same class.

Awards will be ribbons on a classification basis, with all calves classed Prime receiving the same money, all Choice calves receiving the same premium, and all calves classed Good earning the same premiums.

Grand Champion and Reserve Champion will be named in both the fat calves and swine divisions, in addition to the top calves in the dry lot and milk fed divisions. Championship awards in each division will be \$150. Ribbons will designate reserve champions in each class.

Time for the show has been set at 8 p. m., and entries must be on hand at the fairgrounds not later than 6 a. m. on Monday, February 19 to be eligible for exhibition.

## Bids Asked On Old South Ward Building Site

Trustees of the Haskell Independent School District have asked for bids on the purchase of the old South Ward school building and the block of land on which it is situated. The site is on South 26th St. and Avenue E.

The building, erected about 1910, is a 1 1/2 story, six room brick structure, and has been used as a school building. It will be used as a school building and the block of land will be used for a playground.

The building is situated on a 1/2 acre lot, and the block of land is 1/2 acre. The site is on South 26th St. and Avenue E.

The building is situated on a 1/2 acre lot, and the block of land is 1/2 acre. The site is on South 26th St. and Avenue E.

## Funeral Held In Rule Sunday For Accident Victim

Funeral rites were held in Rule Sunday for Olen H. Jones, 24-year-old Abilene laborer who was fatally injured in a freak accident in that city Friday.

The services were held at 3 p. m. Sunday in the First Baptist Church of Rule with the Rev. Houston Walker, pastor, officiating.

Burial was in the Rule Cemetery under the direction of Gauntt Funeral Home of that city.

An employee of the Conotex Block Co. of Abilene, Jones died shortly after arriving at Hendrick Memorial Hospital there Friday afternoon from a fractured skull.

The fatal accident occurred in the loading yard of the Conotex plant, when a heavy truck lift overturned and fell on Jones' body.

Survivors include the widow, the former Frances Bryant of Rule; three sisters, Mrs. Carl Flowers of Abilene, Mrs. Tommy Gilpin of Lindsay, Calif., and Virginia Jones of Lubbock; and a brother, Chester Jones of Abilene.

## Redoubled Efforts Urged In Final March of Dimes Drive

### Burglars Hit Weinert Postoffice, Four Stores Monday Night

Thieves broke into the Weinert post office and four business establishments in that city some time Monday night, and took approximately \$30 in currency and small change from the places looted.

Sheriff Bob Cousins and Deputy Harry Donohoo, who investigated, said apparently nothing but money was taken by the thieves.

An estimated \$25 was taken from the post office, Mrs. Pearl B. Monke, postmaster, said. A part of this money represented collections for a daily newspaper, officers said. The burglars broke a

### Sam W. Reeves, 92-Year-Old Munday Resident Dies

Samuel W. Reeves, 92, retired Munday farmer and resident of that city for many years, died at his home there Sunday.

Funeral for Mr. Reeves was held at the First Baptist Church in Munday at 3 p. m. Monday, with the pastor, Rev. H. A. Polack officiating, assisted by Rev. S. E. Stevenson, Baptist minister of Goree. Burial was in the Johnson Cemetery at Munday.

Mr. Reeves had lived in Munday since 1904, coming to Texas from his native Tennessee.

He is survived by three sons, J. E. Raymond, and Marvin Reeves, all of Munday; three daughters, Mrs. Leland Hannah and Elizabeth Reeves, both of Munday, and Mrs. S. E. Stevenson, of Abilene, a daughter, A. M. Reeves of Rochester, and a sister, Mrs. A. Thrasher of Cincinnati, Ohio.

### Trial of Haskell Youth Underway At Anson

Trial of Kenneth Davis, 18-year-old Haskell high school football player on a Jones County Grand Jury indictment for a statutory offense, was underway in 104th District Court at Anson today, with final testimony of witnesses expected to be concluded by mid-afternoon.

The case is expected to reach the jury by 4:30 p. m., court officials at Anson said at noon today.

Trial of the case was started Wednesday morning at Anson, with Judge Owen Thomas, judge of the 104th district, presiding. Prosecution is directed by District Attorney John Willoughby, former Haskell attorney. Young Davis, outstanding high school athlete, has as counsel Tom Davis of this city, and Hubert L. Watson of Stamford.

Complaining witness in the case, a Stamford girl, was placed on the stand Thursday morning by the State, and related the circumstances of the alleged assault. Prosecution rested the State's case shortly before noon, and a score of defense character witnesses were to be heard in concluding the hearing.

### City To Enforce Building Permit Statute; Ban Tractors on Paving

The City Council, in a regular meeting Tuesday night at the City Hall, approved enforcement of the Building Permit Ordinance in the future and adopted an ordinance designed to prevent damage to paved streets, and have under consideration other ordinances for likely passage.

It was decided to revive and enforce the Ordinance regulating building, altering and repairing buildings in the City. Hereafter

### 1951 License Tags To Go On Sale February 1

The new 1951 motor vehicle license plates for Haskell County have been received by Assessor-Collector R. A. Coburn, and issuance of the new tags will begin February 1, he stated today.

The plates for this year are in reverse color from the 1950 tags. This year's license tags have black numerals on a gold background. Plates allotted Haskell County for the various types of motor vehicles carry the following letter designations and numbers:

Passenger Cars, BW-300 to BW-1000  
Commercial, MJ-300 to MJ-1000  
Farm Vehicles, AB-100 to AB-1000  
Tractor, VA-300 to VA-1000  
Trailer, TC-100 to TC-1000  
Motorcycles, 77-100 to 77-1000

1951 plates may be purchased during the first week of the year, and will be available at the Assessor-Collector's office, 200 S. 1st St., from 8 a. m. to 5 p. m. daily.

### Cage Game Nets Substantial Sum To Legion Post

Basketball games between the Haskell Independent All-Stars and a team of ex-college All-Stars headed by All-American football star Sammy Winder, played Monday night under the auspices of the Haskell Legion Post, attracted a record crowd of spectators, estimated at 1,000, over to see a basketball game here.

W. A. Ginters, chairman of the Legion committee sponsoring the game, said that a substantial sum was realized from the game, the net proceeds of which will be used for the building of a new Legion Post.

With only a week remaining in which to meet Haskell County's quota in the March of Dimes drive, appealed today for redoubled efforts on the part of volunteer workers in contacting every prospective contributor in Haskell county.

Chairman Burkett reported total contributions of \$2,685 had been turned in—approximately one-third of the amount the county is pledged to raise.

Reports of partial collections to date for the March of Dimes included: Rule \$805.00; Sagerton \$30.08; Mattson \$54.35; Irby \$82.25; Cobb \$28.00; Haskell \$1,234.85; Weinert \$300.00; Rochester \$156.00.

"The fight against infantile paralysis is everybody's fight," Burkett declared, "The March of Dimes is the arsenal from which we draw the weapons to win the fight. We know that the people of Haskell County have never failed to assume their share in the fight against polio, and we know that they will respond generously and liberally this year as they have in the past if and when workers can contact them," he said, in urging workers to carry the March of Dimes campaign to every man, woman and child in Haskell county during the coming week.

He pointed out that people are serving on the March of Dimes committees because they feel that the battle against polio is so unfairly lopsided, the majority of the victims being little tots who have no responsibility for their tortured bodies, and needing every resource we can muster to battle their illness.

An intensive canvass of the business section in every town in the county will be made during the remaining days of the campaign, which closes January 31, and several special events are being considered in connection with the March of Dimes, Chairman Burkett said.

An Abilene negro who gave his name to officers as Alvin Dixon, was arrested for questioning early Sunday morning after he had been seen starting a fire beside the highway a few miles south of town, which was left burning and threatened adjoining pastureland.

Clyde Bland, farmer living nearby, saw the occurrence and overtook the negro's car and warned him to return and extinguish the fire. Bland then had the negro follow him to Haskell and report to Sheriff Cousins.

Dixon, disclaimed any intention of causing any property damage, and explained that he built the fire merely for warmth after he had become cold driving from Abilene on his way to Munday. He could not give a satisfactory explanation of his possession of a quantity of his bedspreads, blankets, and other household effects in his car. A check by the sheriff's department with Abilene officers revealed that the articles had been reported stolen in that city.

Monday, Abilene officers reported that the Negro woman who had reported theft of the articles had declined to prosecute the man being held here, and he was released from custody.

With all proceeds going to the March of Dimes, the annual President's Ball will be held at the American Legion Hall in this city Wednesday evening, January 24. The event is being sponsored by the Rogers-Cox Post of the American Legion.

Music for the dance will be furnished by the Liberty Band, popular dance orchestra from Stamford.

Dancing will begin at 8:30 p. m. and admission will be for ladies only.

Two From County Candidates For H.S.U. Degree

Two H.S.U. candidates from Haskell county will be in the state finals of the H.S.U. degree contest at the University of Texas at Austin, Feb. 1-2.

The candidates are John W. Smith of Haskell and Fred W. Smith of Sagerton.

The use of good sanitation and management practices by swine producers are effective means for preventing losses from swine enteritis.

## HASKELL COUNTY HISTORY

Brief News Taken from Old Copies of The Free Press

### 20 Years Ago—Jan. 27, 1931

Population figures announced by the U. S. department of commerce from the 1930 census gives the population of Haskell county as 16,669, an increase of 2,476 over the total shown in the 1920 census.

County Agent Joe C. Williams, R. C. Couch, W. H. Overton, and Lynn Pace attended a mass meeting at Crowell Tuesday, where plans for handling the drought relief appropriations in this section were studied.

Four negro men are serving jail sentences of 45 days each, following their conviction on charges of stealing five automobile tires and tubes from a trailer belonging to R. B. Guess, Commissioner of Prec. 2.

The annual meeting of stockholders of the Haskell Hotel Company was held Tuesday. A report of last year's business shows the property to be in sound condition.

Directors elected at Tuesday's meeting were John W. Pace, T. J. Arbuckle, Oscar Oates, J. U. Fields and Courtney Hunt.

Mr. and Mrs. J. U. Fields and Mrs. Bruce W. Bryant went to Austin the first of the week to attend the Governor's inauguration.

Miss Mildred Simmons, daughter of Mr. and Mrs. I. N. Simmons of this city, was listed on the honor roll of Baylor College for the fall term.

With a total rainfall for the year of 35.53 inches, 1930 was the "wettest" of any year during the past 33 with the exception of 1906 when total rainfall of 37.66 inches was recorded.

Robert Grozier of Fort Worth and W. D. Owens of Sweetwater have purchased controlling interest in Southwest Coaches, Inc., operating between Wichita Falls and Abilene via Haskell.

H. M. Smith, local hardware dealer, left Tuesday morning for Dallas, where he is attending the annual meeting of the Texas Hardware and Implement Dealers Association.

County Judge Joe A. Jones spent Monday and Tuesday in Dallas on business.

40 Years Ago—Jan. 28, 1911  
Martin Arend of the northeast

side was in town Monday. He said he had 120 acres of land prepared for planting, and that all the farmers in his community were ready for the new crop.

G. E. Bellew and son Lee, who recently moved to Rochester were in town Wednesday.

R. W. Stephens of Cleburne, an old friend of Ed Thornton's was a visitor here this week.

The last ginning report showed Haskell county produced 15,779 bales of cotton from the 1910 crop. Of all West Texas counties Jones comes next with 11,753 bales.

We made a trip last Saturday from Haskell to Mr. Reichel's place on Paint Creek. All the farmers were busy silling fine porkers and from the view we had from the road the hogs would weigh 300 pounds and up. The farmers have most of their land listed, and farm work appears to be well advanced.

W. L. Cason has sold his interest in the firm of Cason, Cox & Co., to B. Cox, J. F. Jones and T. B. Russell, who will continue the business under the firm name of Jones, Cox & Co.

Mrs. Mary Collins of Guyton, Okla., is visiting in the home of her daughter, Mrs. E. B. Williams in the Foster Community.

Miss Ruby Poole has accepted a position as clerk in the Stamford postoffice.

County Attorney Bruce W. Bryant and W. S. Fouts spent several days hunting quail in Stone-well county this week.

City Marshal J. W. French has announced that dog owners must pay the annual dog license tax imposed by the City if their pets are permitted to run at large.

Dogs not wearing a collar and license tag will be impounded.

50 Years Ago—Feb 2, 1901  
W. P. Lloyd of High Grove, Ky., a farmer and livestock raiser, was here several days this week looking at the country with a view of buying land and settling here.

He has sold his property in Kentucky and intends to locate somewhere in this part of Texas.

W. L. Cason has taken a position with Messrs. McCollom & Co. B. T. Lanier was in town Friday to have a lot of cotton ginn-

ed, and said he had not finished picking his crop yet. He made a good all-round crop last year, including cotton, corn, wheat and sorghum.

S. W. York would like for the party who borrowed his axe at the gin Friday night of last week and forgot to return it to do so by leaving it at the gin or the Free Press office.

Jud Robertson of the north-west part of the county was in town Thursday on his return from a trip to Stamford.

J. D. (Bluff) McGaughey, one of Stonewall's leading cattle raisers, was transacting business in Haskell Thursday.

A. W. Springer has accepted a position with Baker & Bryant who have just put in a stock of groceries, saddlery etc., at Stamford.

Several German citizens of the Rhineland community in Knox County were here Thursday sipping cotton and buying supplies from our merchants.

S. W. Scott as Special Deputy Grand Master, and G. R. Couch went up to Monday last Saturday and directed the organization of a Masonic Lodge there. Their services were also requisitioned to assist in laying off the streets and blocks of the new town, both of them being expert surveyors.

C. C. Riddle and family will leave in a few days for Aspermont where Mr. Riddle will establish a saddle and harness business.

Dr. Hamilton has sold his photograph gallery to Hubert Jackson, and the Doctor and family left Wednesday for Oregon.

Miss Laura Garren spent several days this week with friends in town.

### TO CLEAN SINKS

If your sink has a general yellowish cast and has lost that gleaming white look, you can restore its sparkle. Soak paper towels in a bottle of laundry bleach and press them flat against the sink. Good Housekeeping suggests leaving them overnight to insure getting that white look back again. If the yellow rust still persists, use a powdered product made for rust stains. Pure bleach is very powerful, so be sure to handle it carefully and not splash any on your clothes.

Following a good management and feeding program will help maintain high egg production during the winter months.

### NOTICE

THE STATE OF TEXAS  
COUNTY OF HASKELL  
To Bidders, and Qualified Voters of Haskell County, Texas.

NOTICE IS HEREBY GIVEN that sealed bids addressed to Hon. Alfred Turnbow, County Judge, at Haskell, Texas, will be received until ten o'clock a. m. on the 12th day of February, 1951, for the purchase of the following described road machinery to be used in the construction, improvement and maintenance of the public roads of Haskell County, Texas.

One (1) New Diesel Powered Motor Grader of not less than 70 H. P.

One (1) Used Motor Grader of not less than 70 H. P.

The County will offer as part payment the following second-hand machinery:

One (1) Used Allis-Chalmers H-D-10 Tractor with Dozer;

One (1) Used A-C 12 foot Power Control Pull Type Grader;

One (1) Used Austin Western No. 99-M Motor Grader.

The above machinery offered as part payment may be inspected by prospective bidders by contacting the County Judge.

The County reserves the right to reject any or all bids and to waive formalities.

It is the intention of the Commissioners' Court, if any bid is accepted, to make payment or partial payment, for such road machinery and the contracts therefor by the issuance of Time Warrants in the maximum amount of not exceeding \$12,500.00, bearing interest at the rate of not exceeding 4% per annum, with maximum maturity date not exceeding 10 years from the date of such warrants.

Alfred Turnbow,  
County Judge.

## Lone Star delivers a bargain in modern living to 147,575 new homes

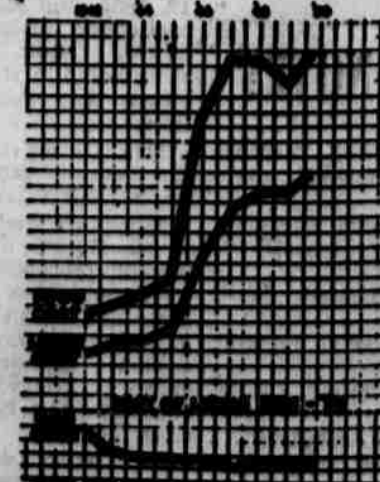

In the last five years, 147,575 homes were built in communities we serve. Imagine, if you can, these new homes without natural gas service. They simply couldn't be as modern—as comfortable, as clean, as convenient.

Modern living in every home is partly our responsibility. So, we have been building new natural gas facilities for these new homes. We've added scores of gas-producing wells, built several hundred miles of cross-country and city pipe lines, and built many other new facilities—totaling over 80 million dollars.

The price of virtually all materials and labor in this building program has gone up... up... up. Yet, Lone Star natural gas service for homes has not gone up. In fact, natural gas service for homes here is cheaper now than 10 years ago.

Lone Star Gas Company has kept abreast of every community's growth—yet it still costs an average of less than 15 cents a day for gas water heating, gas refrigeration, gas cooking and gas home heating in the average home. Where else does so little buy so much?

U. S. Bureau of Labor Statistics Consumers Price Index for this area shows that the cost of living has climbed to an all-time peak. It costs you almost twice as much to live today as it did 10 years ago. Yet the price of Lone Star Natural Gas Service for homes has decreased. Imagine what your money would be worth today if it had the same purchasing power as it had 10 years ago. Would you like the price of Lone Star Natural Gas Service.

## Hunter's Haskell

## County Agent's Office Directs Well-Rounded Cotton Program During 1950

In an article in last week's Free Press, a summary of the work done by County Agent F. W. Martin and Assistant-in-Training Bryan W. Swaim with 4-H Club boys during 1950 was given. A continuation of the 1950 activity report deals with their work with cotton producers of the county.

Since cotton is the most important money crop grown in Haskell county the county agents spent much time working on this crop. The 1950 cotton program for Haskell county got under way on April 13, when Haskell county's 7-Step-Cotton-Program was set in motion at a meeting held in the district court room in Haskell. Most all agencies had representatives at the meeting and plans were discussed to carry on a well rounded program for cotton. All the committees were set up along with the year's plan of work.

On April 17, a demonstration was put on in the Rochester community on poisoning cotton for early insects. Early season control was stressed at that meeting on controlling cotton insects.

By the latter part of May about 115,000 acres of cotton had been planted in Haskell county. Some farmers planted as many as four times due to excessive moisture. This made some of the cotton later than is usual for this county. Some farms suffered a complete crop loss from the excessive moisture, but as soon as it dried up they made preparation for the 1951 crop.

Several men carried out demonstrations on how deep breaking affected the cotton yield per acre, but due to the excessive amount of moisture it is still a question to some farmers on how much it will help, if any. One farmer used one plot that had been broken with a oneway only about three inches deep; another plot broken twelve inches deep; and another eighteen inches deep. The contrast in yield was as expected with higher yield going to the deepest broke plot of ground. All plots were in the same field with about the same amount of slope and soil type.

Several farmers used fertilizer along with their cotton this year and in all cases proved that it was a very good return on their time and capital invested. They used 16-20-0 at the rate of 100 pounds per acre. This increased their yield about two to three times the yield they had been receiving from the same land without the fertilizer. These demonstrations were carried on around Judd, and in sandy type soils of the county. It is expected that a larger per cent of farmers on this type of soil will use fertilizer next year.

Planting of legumes in rotation with small grain and cotton has been carried out by more farmers throughout the county in 1950 than any recent years. From April on, small group meetings and demonstrations were held at various places to encourage the control of cotton insects, and to inform the farmers of the better methods of controlling them. Groups of farmers of seven or eight were worked with on the identification of cotton insects, and how to make cotton insect counts in their own fields and help others. Bulletins were distributed showing pictures of the insects, control to use, amount of poison to use, and when and how the poison should be applied. These were worked in with demonstrations on controlling cotton insects. Cotton insects of all kinds, with the exception of the pink bollworm, proved to have a big hand in the year of 1950, and used it, too, efficiently. This big hand pushed deep into the pockets holding the profits of the Haskell county cotton farmers during 1950 and cut the profits in some cases as much as one-half to two-thirds of the total profits. The cotton insects caused more trouble in 1950 than any recent year. Some farmers spent what normally would have been a fair profit, on controlling cotton insects. However, it is believed that if these farmers had not poisoned, they would have received very little if any return from their 1950 cotton crop.

Fifty-five days of the agents' time was devoted to the control of cotton insects. During the month of August an average of 15 fields were checked by the agents per day. There was an average of 35 farmers per day that came to the office for cotton insect information. The office averaged twenty telephone calls per day giving information on cotton insect control that same period. Haskell county farmers were buying and repairing all types of cotton spraying and dusting equipment. Implement and chemical companies couldn't keep enough cotton sprayers on hand to meet the demands of the farmers.

In late June and early July the fleahopper and aphid silently harvested the early cotton crop on about one-tenth of the Haskell county cotton fields. Some farmers started poisoning as early as the first of July and prevented complete loss of their early cotton crop. Those that didn't found themselves faced with a periodic poisoning program to give the stalk time to fruit and make a crop. By the latter part of July the northern section of the county was fairly general throughout with the fleahopper, leafworm, and bollworm. August brought with it the presence of the boll weevil and by the last of August the boll weevil was present in sixty per cent of the cotton farms. The county ran as high as 40 per cent infestation. The bollworm was present on all the

farms, leafworm present on about seventy-five per cent of the farms and the fleahopper and aphids tending to disappear from the picture.

Control of the cotton insect was and is one of the major problems of the Haskell county farmer. All types and methods of control were used during the past year. In general most of the farmers followed the recommendations put out by the Extension Service and passed on to the farmers by the county agents. The results obtained were variable but it is believed that the time the poison is put on, and amount of poison put on, are the two major factors in getting a good kill.

Toxaphene spray seemed to give the best results in early season control, and the toxaphene dust seemed to give the best results in the later season control. It is believed that next year the farmers of Haskell will be not only better prepared to control the cotton insects, but will know more on how to control them, and when to control them.

Cotton harvest was a little late due to the excessive amount of moisture, insects, etc. The grade and staple length were both good. A larger per cent of it was graded middling and better. The price was very good, ranging from low of 38 cents to a high of 42 cents per pound. The eighteen gins in the county operated around the clock most of the time.

A new variety of cotton, Storm Proof No. 122, was demonstrated by five Haskell farmers. One farmer reported that he would make at least a bale per acre, where his other cotton in the same field would make only three-fourths of a bale per acre. It tested about one inch staple and brought top price on the market.

The grasshopper was also a menace to the Haskell farmer and has been for many years. The agents called a county meeting on grasshopper control on May 4, 1950, and had about 200 farmers present. The meeting consisted of a talk and demonstration on the proper,

or better methods of controlling grasshoppers, by Mr. Spicer, Grasshopper Specialist, U. S. D. A., working through the Extension Service. A grasshopper poison bait mixing station was set up on June 5, 1950.

The hardest hit farmers were those located in the east, southeast and southwest sections of the county. Though the grasshopper damage was kept fairly well under control, the mixing station put out about 90,000 pounds of wet poison bait to 116 different farmers throughout the county. Total acres baited including rebaiting was 5,600. Acres protected by baiting were 16,529. One sack wheat bran, 3 sacks peanut hulls, 19 pounds Sodium Fluosilicate, and approximately 30 gallons of water was the formula used for the poison bait. About 95 gallons of 60 percent toxaphene spray was sprayed on fence rows and hatching beds with very good results. It is believed that if all farmers would use toxaphene spray on the hatching beds that the grasshopper control would be well in hand. One reason that this won't work though, is because of the large pastures of near by ranches who do not poison for the grasshopper and they move from the pasture on to cultivated land. Therefore, a combination of toxaphene spray and poison bait seems to be the path to follow, as it did work very well during the past year.

In addition to the work with 4-H clubs and cotton the county agents devoted 90 days to Extension Organization & Planning; 13 days to wheat; 15 days to grain sorghum; 21 days to pastures; (82 days to cotton); 50 days to dairy cattle; 63 days to beef cattle; 52 days to swine; 14 days to poultry; 62 days to soil and water conservation; and (50 days to cotton insects and grasshopper control). A total of 302 days to adult work and 258 days to 4-H work.

The agents were in the office 92 days and in the field 468 days. A total of 426 farms were visited during the year 1950, and 2,013 bulletins were distributed.

Now is the height of the season for pruning, watering and fertilizing many of the shrubs and trees used in landscaping the farmstead.

# ALL-STAR LINE-UP FOR '51!

YOUR first eye-smacking look at the line of lovelies pictured here tells you that they've got what it takes in visual charm.

But the fellow who said a picture speaks louder than a thousand words wasn't talking about these superbly able 1951 Buicks.

Sure, they're smart to look at—smart in style and smart in dress;

But they're also smartly powered—smartly engineered—smartly priced. And it would take a book to describe in full their deep-down goodness.

What's been done for '51 is to take the best automobiles that ever bore the Buick name—and top them.

Come, look them over, and you'll see what we mean.

There's the SPECIAL, which can accurately be titled "the newest car in the world"—new in structure, new in power, new in dimensions, new in thrift—and potent in price appeal.

There's the SUPER—that looks and is a smart new edition of its "best seller" forebear.

Then there's the ROADMASTER—that coddles your anatomy on

luxurious new fabrics and cloud-soft cushions—pampers your pride with its lordly bearing—shoots a delicious tingle right up your spine by the exuberance of its power and action.

We could go on and on. This is the car that "breathes through its nose." This is the car that sports a brand-new front-end styling. This is the car with new high-visibility instrument dials, more easily read at night. This is the car with glare-and-heat-reducing glass† and a host of other news-making features you can't afford to miss.

So your No. 1 date this week end is with your Buick dealer! It won't take you long to conclude that he's offering the smartest buys of the year.

† Optional at extra cost—available on most models. (Not presently available in California or Massachusetts)

- No other car provides all this:
- DYNAMOW DRIVE\*—saves strain on driver and car
  - FIREBALL POWER—high-compression, valve-in-head engine gets more good from every drop of fuel
  - PUSH-BAR FOREFRONT\*—combines smart style and unsurpassed protection
  - WHITE-BLOW INSTRUMENTS—greater clarity at night
  - TORQUE-TUBE DRIVE—steadies ride, improves driving control
  - 4-WHEEL COIL SPRINGING—cushions ride, saves servicing costs
  - DUAL VENTILATION—outside air fed separately to right or left of front compartment
  - SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum
  - DREAMLINE STYLING—tapered, car-length fenders, gleaming sweep-spoors on most models
  - Plus: Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rim, Hi-Poised engine mounting, Body by Fisher
- \*Standard on ROADMASTER; optional at extra cost on other Series.

## News From Sagerton

C. E. Stegemoeller and his son, Marvin, celebrated their birthdays Wednesday night, Jan. 10, in their home. Games were enjoyed and refreshments served to the following guests: Mrs. F. W. Stegemoeller, Mr. and Mrs. August Balzer, Mr. and Mrs. A. C. Knippling and daughters, Mrs. J. F. Schaake, Erna and Walter of Stamford, Herman Rappelt and Lillie Mae of Stamford, Mr. and Mrs. F. A. Stegemoeller and Kenneth, Mr. and Mrs. Otto Schaake, Mr. and Mrs. Robert Lafferty and Linda and Larry, Mr. and Mrs. Edward Neuman and Nancy, Mrs. Emma Darr and family, Mr. and Mrs. Will Stegemoeller, the honorees and Mrs. F. E. Stegemoeller and son, Leon.

A link and blue party was given in honor of Mrs. Herbert Niedeck in the basement of St. Paul's Lutheran Church Wednesday afternoon, Jan. 10. Mmes. A. C. Knippling, Herbert Lehmann, Alvin Bredthauer, C. C. Bredthauer, Will Stegemoeller, Edwin Franke and Otto Lehmann served as hostesses.

Mr. and Mrs. W. R. Gibson and Ruby Gay and David moved to Lockhart last Saturday where they will be in the home belonging to Mrs. Gibson's uncles, the Rectors. Everyone will miss the Gibsons in this community because they have grown up here and have been prominent citizens. Mr. Gibson has been manager of the Sagerton Gin for the past two years. He has left a vacancy on the Sagerton School

board and he was president of the Sagerton P.T.A. He has been superintendent and song leader of the Methodist Church for many years and taught the adult Sunday School class Mrs. Gibson also taught the adult Sunday School class for many years.

Dorothy Pearl Knippling, student at TLC at Seguin, is home visiting with her parents, Mr. and Mrs. A. C. Knippling between semesters.

There are several cases of measles in this community and several children are absent from school as a result.

Mr. and Mrs. Jack Humphreys, who married recently, have moved into the home of Mr. and Mrs. W. B. Gibson.

Mr. and Mrs. Carl Hertel are building a new home on their farm about 2 1/2 miles north of Sagerton on the gravel road.

The Stitch and Chatter Club met Wednesday, Jan. 10. After the social hour, Mrs. Clark served pineapple cake, potato chips, coffee and Cokes to Mmes. K. A. Leach, R. N. Sheid, Chas. Clark, Cliff LeFevre, M. Y. Benton, Ben Hess, Pete Lusk, Anna Hankins, Melvin Lewis and R. O. Gibson.

Mrs. C. D. Stone went to Munday Monday of this week to attend a funeral.

Howard Ross of Phoenix, Ariz., visited his brother, Barney Ross and family here Thursday of last week.

Mr. and Mrs. Barney Ross and children visited Mr. and Mrs. M. D. Ross in Dublin recently.

Mr. and Mrs. John Clark and Mr. and Mrs. Joe Clark and family attended funeral services for J. D. Jones in Rule Sunday.

A. C. Knippling celebrated his birthday Sunday afternoon and evening in their home. Those present were Mrs. J. F. Schaake, Erna and Walter of Stamford, Mr. and Mrs. Otto Schaake, Margie Lehmann, Mr. and Mrs. C. E. Stegemoeller and Marvin, Rev. and Mrs. Oelke and Luther, Mr. and Mrs. Otto Lehmann and children, Mr. and Mrs. John Franke of Abilene, Mr. and Mrs. F. A. Stegemoeller and Kenneth, Mr. and Mrs. Alvin Holle, Mrs. Morris Siesler of Lubbock, Dorothy Pearl Knippling of Seguin, Mr. and Mrs. A. C. Knippling and daughters, Lois and Dahlia.

Mr. and Mrs. J. C. Schwartz of Borger visited in the home of Mrs.

Schwartz' parents, Mr. and Mrs. Otto Lehmann Sunday.

Mr. and Mrs. Frank Boedeker, Mr. and Mrs. E. J. Boedeker and Mr. and Mrs. Elmer Boedeker went to Cameron Sunday to attend funeral services for E. J. Boedeker's brother.

Guests in the J. A. Hertel home during the week-end were Mr. and Mrs. Youngman of Munday.

The infant son of Mr. and Mrs. C. W. Dudensing was presented for baptism at the morning services in St. Paul's Lutheran Lutheran Church Sunday, Rev. O. K. Deike is the pastor.

Dr. and Mrs. J. C. Davis visited in the Cliff LeFevre home Sunday afternoon.

Mr. and Mrs. R. O. Gibson had the Dick Gibson family out of their home for a farewell supper Friday evening. Other guests were Mr. and Mrs. Chas. Gibson and Mr. and Mrs. Joe R. Jones of Asperment.

Mr. and Mrs. Lee Flowers and children spent the week-end visiting relatives near Brownwood.

Guests in the R. O. Gibson home during the week-end were Mr. and Mrs. John Burrow and LaVoyce of Friona, Mr. and Mrs. Wilson Gibson and sons of Rule, Mr. and Mrs. T. E. Bell of Old Glory, Mr. and Mrs. Guy Harris and Ruth Ann of Stamford, Mr. and Mrs. R. O. Gibson, Jr. and Gloria of Sagerton, Mr. and Mrs. John Clark.

Mrs. R. N. Sheid gave a surprise birthday dinner for Margie Lee Counts, 11-year-old daughter of Mr. and Mrs. D. W. Counts, Saturday, Jan. 20. The birthday cake was an angel food cake with 11 candles. Those present were Mr. and Mrs. D. W. Counts, Margie Lee, the honoree, and her sister, Sherry, Mr. and Mrs. Sheid, Sue Hertel, Gloria Gibson and Mr. and Mrs. R. O. Gibson, who called after dinner.

Jackie Tabor, son of Mrs. J. L. Guinn, who played on the Rule Bobcat team and was named as a member of the All-Star District team, Class B, attended a banquet given at the Country Club in Abilene Monday evening, Jan. 15. Jackie lives in Sagerton, but attends Rule High School.

Next Sunday, Jan. 28, will be Quarterly Conference Day at the Methodist Church at Sagerton. Rev. Crawford, district superintendent, will be present and the congregation of the Tuxedo Methodist Church is invited to attend the services. Dinner will be served by the ladies in the school lunch room if it is cold.

## You can pay more... but you can't buy better

... than the '51 Ford  
with new FORDOMATIC\* DRIVE  
and 43 "Look Ahead" features

Built with an eye to the future, this '51 Ford is the bus for the future... with 43 new "Look Ahead" features that will keep it looking, acting, and feeling young for years ahead. A few of those long-life features are explained at right.

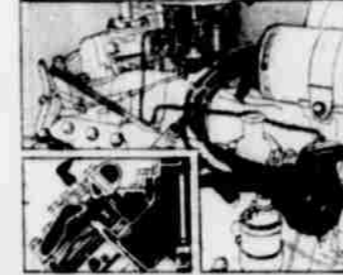

FORDOMATIC DRIVE

- The newest automatic drive!
- The smoothest and most flexible!
- Cuts 92% of your driving motion!
- Takes off "like a jolt"
- You're always best!

**AUTOMATIC RIDE CONTROL**  
It automatically rids out the bumps with Ford's new Variable-Rate Rear Spring suspension, new "Viscous Control" shock absorbers, and Advanced "Hydra-Gon" Front Springs.

**AUTOMATIC MILEAGE MAKER**  
It's a magic brain that gives you high compression performance with regular gas, better mileage with any gas. New Waterproof Ignition System.

**NEW DOUBLE-SEAL KING-SIZE BRAKES**  
A touch of your toe, and you stop straight and sure. These double-sealed brakes resist the weather to prevent moisture-binding, too.

**NEW AUTOMATIC POSTURE CONTROL**  
Front seat moves forward automatically at the touch of a lever. At the same time height and angle are adjusted for correct posture.

**NEW "MAGIC LIFT" DUCK LID**  
Just turn the key and the rear deck springs open. No effort required to lift it or close it. And for room, no other low-priced car can match Ford's deep-deck luggage locker.

Come in for a "TEST DRIVE"

# NEWS OF INTEREST TO WOMEN

## Ruth Bible Class Has Business Meeting, Social

The Ruth Bible Class of the First Baptist Church met Monday Night, January 22, in the home of Mrs. Joe Thompson. The business meeting was held first and then Edith Wheatley directed the social.

Mrs. Brooks led in prayer, and Mrs. Ed Fouts gave the devotional on "Time and its use to a Christian." This was a very good subject for us to think on, and many good thoughts were suggested by her.

Next each one of the group was given a slip of paper with quotations from well known authors and statesman on it. One sentence had scrambled words and letters and were required to unscramble them. These were more reminders of ways to spend time beneficially.

Refreshments of cherry tarts with whipped cream and coffee were served to members: Mary Martin, Mildred Robertson, Marie Howeth, Jimmy Lou Adkins, Nadine Pogue, Berta Mae Bass, Annie Pearl Lusk, Doris Reeves, Bessie Rich, Ruth Cobb, Mary Lou Josselot, Carolyn Everett, Gladys O'Neal, Edith Wheatley, Maxine Miller and Bertie May Dumas, and our teacher, Mrs. Cretia Brooks and guests: Jean Branch, Grace Williams, both prospective members, and Mrs. Ed. Fouts, and Hostesses: Frances Thomson, Dale Bledsoe, Jerrene Couch, Iva Lee Gibson and Fay Stewart.

Mr. and Mrs. A. T. Lassetter of Haskell, are announcing the engagement and approaching marriage of their daughter, Margaret to Fred W. McClung Jr., son of

Mr. and Mrs. Fred W. McClung Sr. of Anson. The wedding will be solemnized by the Church of Christ in Anson with minister Fred W. McClung Sr. officiating.

## Miss Alice Cox Is Named Honoree at Bridal Shower

Miss Alice Cox was honored with a bridal shower in the Paint Creek Homemaking cottage January 19.

The bride's chosen colors of powder blue and white were carried out throughout the building. The refreshment table was centered with flowers and miniature bride and groom.

Guests were received at the door by Shirl and GERAL Tidwell and Merynn Green.

Punch was served by Glenna Shaake, Margaret Houston, Nell Hanson, Joan Grand and Billie Naughton and Anita Turnbow, from a crystal punch bowl in sixty individual cups. Cookies, made to represent hearts and wedding bells, were also served.

Guests were received at the door by the book by Lorine Jarman and Shirley Griffen, in which 57 people registered.

As the gifts were brought in they were placed behind a sheet, and were later presented to the honoree by the FHA girls.

Many lovely and useful gifts were received.

From the depths of our hearts we desire to express our deep appreciation to friends and neighbors for their many acts of kindness, the comforting words of sympathy, beautiful flowers, and everything done for us during our bereavement in the loss of our loved one. We shall always remain grateful for your kindness.

Mrs. Calvin Henson and Children.

## Rainbow Sewing Club Meets With Mrs. Adams

Members of the Rainbow Sewing Club met with Mrs. Thelma Adams January 17 at 2:30 p. m.

The meeting was called to order by the president, Mrs. Winnie Copeland, and the group joined in singing three songs led by Annie Pearl Lusk.

Committee reports were given and a brief business session was held. It was announced that the Fifth Tuesday all day meeting would be held with Mrs. Tony Patterson. The program committee directed the following program:

Special Song.

Talk on Folio—Mrs. Zada Smith.

Duet—Mmes. Velma Tpoey and Winnie Copeland.

Reading, Down Memory Lane—Mrs. Ethel Edwards.

Reading, Selling Your Idea on the Job—Mrs. Copeland.

Reading—Mrs. W. E. Johnson.

The thought for the day was brought by Mrs. Sallie Patterson.

A delicious refreshment plate was served to the following:

Mmes. Era Chapman, Leonard Florence, Sallie Patterson, Della Corzine, Annie Pearl Lusk, Essie Bland, Stella Josselot, Velma Tooley, Ethel Edwards, Zada Smith, Winnie Copeland, W. E. Johnson, the hostess, and visitors, Helen Johnson and little daughter Chryl, Jimmy Bynum, and Elaine Middleton.

The next meeting of the Club will be held February 7 in the home of Mrs. Winnie Copeland.

## Miss Gay Reeves Is Bride of Wayburn Oates Jan. 20

In a double ring ceremony, Saturday afternoon at one o'clock, Miss Gay Reeves, daughter of Mr. and Mrs. E. M. Reeves of Weiner, became the bride of Wayburn Oates, son of Mr. and Mrs. C. V. Oates of Rule. The ceremony was solemnized in the Baptist parsonage in Rule with the Rev. Houston Walker officiating.

The couples only attendants were Mr. and Mrs. Curtis Cox of Rule.

The bride chose as her wedding attire, a navy suit, with a white crepe blouse. Her accessories were navy and white. Her shoulder corsage was of white carnations accented with sweet peas.

Mrs. Cox chose a gray suit, navy accessories with pink carnations worn on her shoulder.

Mrs. Oates is a 1930 graduate of Weiner High School. She was employed until her marriage, by the Munday Clinic.

Mr. Oates is a 1947 graduate of Haskell High School. He also attended A & M College, College Station.

The popular young couple plan to make their home here in Haskell where he is employed with Bynum Service Station.

## Couple Moving To Abernathy Given Farewell Dinner

The members of the C. A. Thomas family met in the home of Clifford Thomas Jr., Sunday honoring Mr. and Mrs. Roy Lee Mills who are moving to Abernathy. Each carried a basket lunch which was enjoyed very much by everyone. Gifts were presented the Mills after lunch had been served.

Those present were Mr. and Mrs. C. A. Thomas, Sr., Weinert; Mr. and Mrs. Bill Cole and Gaylen, Plano; Mr. and Mrs. Roy Lee Mills, Ronnie and Bob Mills, Rochester; Mr. and Mrs. Adell Thomas, Bill and Mary Ann, Haskell; Mr. and Mrs. Lewis Thomas, Haskell; Mr. and Mrs. Clois Thomas, Haskell; Mr. and Mrs. Berta Mae Bass, Jean, Gerry, and Sandra, Haskell; Mr. and Mrs. John Thomas and Clyde and Christine, Haskell; Miss Barbara Davis and Villia Chioe Redwine, Haskell; and the host and hostess Mr. and Mrs. Clifford Thomas, Haskell.

## Ben Allen McGee Celebrates 10th Birthday

Mrs. Elsie McGee honored her son, Ben Allen, on his tenth birthday with a party Saturday afternoon, Jan. 20th.

Those enjoying the occasion were: Judy Atkinson, Gaye Muszga, Nelda Rose, Sam Pace, Jimmy Don Freshour, Gayle and Dwayne Carter, Jerry Don Oliphant, Sandra Howard, Gary Hodgins, Sharon and Billy Ross Marr, Jackie Daniels, Clifford Ray Nicholson, Ronnie and Jimmy Lackey, Bobby Ray Roberts and Dalton West.

Those sending gifts were: John A. McGee of Paducah; Mrs. J. M. Mowell of Fort Worth; Mrs. Earl Ammons of Pampa; Bill Oliphant, Patricia Wright, O. V. Turley. Others present were: Veda Corley and Mmes. W. G. Ammons, Chester-Hodgins, W. R. Marr, T. L. Oliphant, Harry Howard, Jack Daniels, Lewis Lackey, and Clifford Nicholson.

## FHA Chapter Has Social, Business Meeting Jan. 23

The HHS Chapter, Future Homemakers of America met at the Homemaking Cottage Tuesday evening, Jan. 23, for the monthly social and business meeting.

Betty Jo Herron presided over the business meeting, and minutes of last meeting were read by Lela Faye Free, after which Mrs. Syble Graham, Haskell beautician, gave an interesting and informative talk on "How To Be Beautiful."

Concluding the business meeting was an open discussion of the Area FHA meeting to be held at Loveland March 6th.

## Rev. and Mrs. C. Jones Observe Golden Wedding Anniversary With Open House

Rev. and Mrs. C. Jones of this city climaxed their golden wedding anniversary with open house and dinner for the immediate family and close friends.

The table was centered with the beautiful tiered wedding cake and was bountifully filled with a wonderful assortment of food, from the different homes represented.

Many brothers and sisters recalled pleasant memories and interesting events of the past. Some had not met before for over twenty years. Introductions had to be repeated for some to be recognized.

Many lovely gifts were brought and admired. Approximately one hundred people registered from this city and different parts of the state and some from out of the state.

Rev. and Mrs. Jones have four children, all of whom were present. Also seventeen grandchildren and thirteen great-grandchildren.

This was a happy occasion never to be forgotten, and those closest to the couple wish for Rev. and Mrs. Jones many more full happy days.

In their fifty years of married life no deaths have occurred in the immediate family. Three generations of Baptist preachers carry on the work that holds a high place in each heart. They are Rev. C. Jones, pastor of the Fundamental Baptist Church, Haskell, the father; Rev. Jesse Jones, pastor of 5th Street Baptist Church, Rule, the son; and Rev. Billie Smith of Brownwood, the grandson.

Mrs. Dan Ellett of Childress spent the week-end with friends here. Mrs. Ellett is the former Miss Edna Minick of Haskell.

## Dr. Wm. O. Beazley Guest Speaker at Study Club Meeting

Dr. William O. Beazley, Professor and Assistant to the President of Hardin-Simmons University, Abilene, met with the Progressive Study Club Thursday evening, Jan. 18, 1935. This was the fourth in a series of lectures for the club year given by Dr. Beazley. He continued his review of Dorothy Walter Baruch "New Ways in Discipline."

Club members voted to contribute to "Eunice Buchanan Scholarship and Loan Fund."

Mrs. Alton Middleton and Mrs. R. A. Lane were hostesses for the evening to the following guest and members:

Mesdames Royce Adkins, W. O. Holden, F. W. Martin, LeRoy O'Neal, Joe Tyson, W. P. McCollum, Sam Herron, Viars Felker, Bill Kemp, Gladstone McLennan, W. H. Pitman, Lynn Waldrip, Raymond Davis, Ed Hester, James Ferguson, Bill Lawson, Brooks Middleton, Joe Thompson, Bill Woodson, Bud Herren, and Misses Jane Holt, Thelma Wirges, and Peggy Lou Moss.

Mr. and Mrs. Bob Dunnam have returned from a several days visit with their children in Lubbock. They were guests in the homes of their sons, Mr. and Mrs. Henry Sanders, Mr. and Mrs. Ray Sanders, Mr. and Mrs. Chas. Dunnam, and their daughter, Mrs. Sidney Westbrook and family.

Put pep in the pocket-book by putting profitable want ads on the job.

## Electric Cooking Demonstration To Be Given Jan. 30

Miss Mary Alice Howell, home economist with West Texas Utilities Company whose headquarters are in Stamford, is to give a demonstration on cooking with an electric stove. The demonstration is to be given at 1:45 P. M. at the Homemaking Cottage on January 30th. Use of the deep well and other features of electrical cooking will be given.

Miss Howell attended Anson and Elmdale public schools, graduating from Eula High School. She attended Hardin Simmons two years with Home Economics as her major. She has been with West Texas Utilities for six years.

Miss Watson, HHS Homemaking Teacher, says she hopes anyone who is interested in electrical cooking and electrical appliances will plan to be at the cottage at 1:45 Tuesday afternoon.

## VISIT IN LUBBOCK

Mr. and Mrs. Bob Dunnam have returned from a several days visit with their children in Lubbock. They were guests in the homes of their sons, Mr. and Mrs. Henry Sanders, Mr. and Mrs. Ray Sanders, Mr. and Mrs. Chas. Dunnam, and their daughter, Mrs. Sidney Westbrook and family.

Put pep in the pocket-book by putting profitable want ads on the job.

## Miss Wirges Gives Demonstrations For Blue Bonnet Club

The Blue Bonnet H. D. Club met January 18, at 2:30 in the M. D. Thompson's beautiful country home. Miss Wirges gave demonstrations of mixing, making, and serving of a butter cake. Mrs. Maybelle Astin conducted the business meeting.

Mrs. A. C. Denson gave the council report. The club discussed the record book, birthday offering and flower collection.

On Feb. 1st the club will meet with Mrs. Raymond Astin, with the subject THDA.

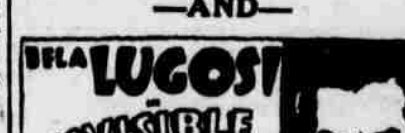

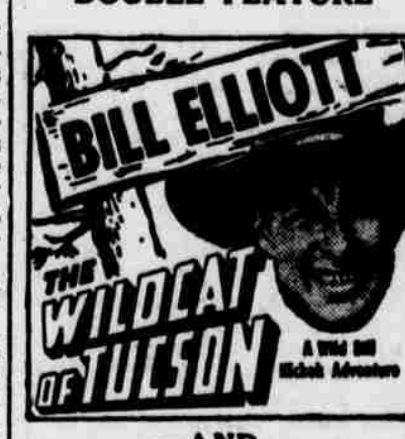

Those that enjoyed cake and coffee were Mmes. Denson, W. C. Taylor, Wendeborn, Martin, Astin, Honey Davis, Murray, Astin Thompson, and Miss Wirges.

Cleanliness is the first rule in properly caring for the pressure cooker.

The Dennis Chapel HD Club met in the home of Mrs. Guy Marshall on Jan. 19 with seven members present. Mrs. Elwood Hackney gave a talk on club goals for 1951.

Mr. and Mrs. T. J. Cannon of Rule Observe 64th Wedding Anniversary

One of this area's oldest couples celebrated their 64th wedding anniversary Sunday, January 14, when Mr. and Mrs. T. J. Cannon of Rule marked occasion with an open house. More than 200 guests from a wide section of West Texas called on the couple Sunday afternoon in the home of Mr. and Mrs. J. C. Lewis in Rule.

Mr. and Mrs. Cannon moved to Haskell county in 1908 and settled west of Rule where they lived and were actively engaged in farming until moving to Rule in 1935, when he retired after having been a farmer since childhood.

Mrs. Cannon, now slightly past 80, is an active member of the Rule Methodist Church, while Mr. Cannon, approaching 89, is a member of the Baptist Church, but has been unable to attend for the past 15 years.

An interesting event of the day was the visit of Mr. Cannon's sister, Mrs. Hulda Crone of Mineola, who is slightly past 103 years of age. This is the first time they had seen each other in 13 years.

VEHICLE WITH LUGS ORDNANCE

AN ORDINANCE REGULATING THE USE OF PUBLIC STREETS IN THE CITY OF HASKELL, TEXAS, AND PROHIBITING THE USE OF ANY EQUIPMENT THAT WILL INJURE THE SURFACE OF ANY STREET, AND FIXING A PENALTY FOR VIOLATION.

SECTION 1. It shall hereafter be unlawful for any person to operate or run upon any public street in the City of Haskell, Texas, any vehicle which has on its periphery any block, log, stud, cleat, ridge, or any other protuberance of metal that shall project more than one fourth of an inch beyond the tread of traction surface of the tire, unless the said wheels are protected by bands, wooden blocks, skids, or some sufficient device to protect the street against injury by reason thereof.

SECTION 2. Any person or persons violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be fined in any sum not to exceed Two Hundred, (\$200.00) dollars.

SECTION 3. WHEREAS, the City of Haskell, Texas, is now completing an extensive paving program, and the said City does not have adequate laws to protect the tremendous investment of its citizens in such paving program, and an emergency, and in the public necessity, the rule requiring Ordinance to be read at three separate readings, he and the same is hereby suspended, and this ordinance shall take effect immediately upon its passage and publication.

PASSED AND APPROVED THIS 23rd day of January A. D. 1951.

City Secretary, T. J. Arpuckle, City Secretary.

MISS STARR SELLERS

Nuptial vows will be read Sunday January 28 in the First Baptist Church in Rule for Miss Starr Sellers of that city and Mr. Ted Marugg of Haskell. The bride-

Area Grass Fires Finally Brought Under Control

Grass fires that raged over more than 100 sections of pastureland in northwestern Shackelford county and moved into fringes of Haskell and Throckmorton counties last week, were finally extinguished Saturday.

Ranchmen and residents in the threatened areas, joined by volunteer workers and fire-fighting equipment from a number of towns in this vicinity, fought the spreading blaze from Tuesday afternoon through Friday night.

At one time Wednesday, it was believed the fires had been brought under control, another outbreak Friday, however, threatened additional areas and burned over an estimated 25 sections before being finally brought under control early Saturday.

The latest outbreak Friday reached the Hendrick Ranch and threatened to spread to Loman and Prof Ranch adjoining. It was feared that high winds might whip the flames across the Clear Fork of the Brazos River with the likelihood that the fire could sweep across several large ranches in the eastern part of Haskell county and west Throckmorton county.

As an aftermath of the destructive blaze, ranchers met in Albany Monday and formed the Shackelford County Fire Fighting Committee with powers to hasten the extinguishing of range fires when discovered in the future.

Members of this committee would have the power to cut a fence if it was in the way of fire fighters, and also to start back fences when the owner or someone in authority on the ranch was not present.

Abilene Gloves Tournery Set For Feb. 2, 3, 5

Boys of this community who like to box, and fans who like to see amateur boxing at its most interesting, are reminded that Golden Gloves time is fast approaching.

The 14th annual Abilene Reporter-News Regional Golden Gloves Tournament is scheduled for the night of February 2, 3, and 5 at Rose Field House on the Hardin-Simmons University campus. It is open to all amateurs 16 years of age or older.

Three general groups, each with eight weight divisions, provide a place for every boy regardless of boxing experience and weight. Those with little or no ring experience will compete in the novice class; those who have had previous experience and who are physically fit to box in the open class, winners in which continue to Fort Worth to enter the State Golden Gloves Tournament.

In addition there is a class strictly for high school teams or individuals. Neither division "mixes" with the other in regional tournaments. Winner and runner-up in each of the eight weight divisions in each of the three classifications, or a total of 48 boys, will receive trophies and prizes as the conclusion of the tournament. Weighing-in and medical examinations will be held on Friday, Feb. 2, at 7 p. m. in the gymnasium of the Hardin-Simmons University.

Tickets in advance or order them by mail may be purchased at the office of the Hardin-Simmons University, Abilene, Texas. Tickets may be purchased at box office located at the Mackay Co. down town or at the Hardin-Simmons University office, in Abilene.

Friendship H. D. Club Given Tips On Butter Cakes

Miss Thelma Wirges met with the Friendship Demonstration Club Friday, January 19 at 2 p. m. in the home of Mrs. Ted Jetton.

A demonstration of measuring and mixing a butter cake was given by Miss Wirges, and while the cake was baking the regular Club program was given.

The Club Song was led by Mrs. Otto Vaughn, and the Council Report was given by the Council Delegate, Mrs. Leon Newton.

Following the business session Mrs. Dewayne Vaughn directed games during a recreation period. Prizes were made to have an ice cream and pie supper Feb. 5th at home of Mr. and Mrs. Leon Newton.

After the Club adjourned Mrs. Edward Newton was presented with gifts in a beautiful pink and blue shower.

Slices of the butter cake were served on the refreshment plate to Miss Wirges, Mmes. Leon Newton, Otto Vaughn, Claud Young, Edward Newton, Rob Edwards, Dewayne Vaughn, and three visitors, Mrs. Ollie Vaughn of San Angelo, Mrs. L. E. Newton and Mrs. Hayden McDonald of Haskell and the hostess, Mrs. Ted Jetton.

Those sending gifts for the shower were Mesdames Bill Tanner, Sallie Tanner, H. Grimley, Floyd McGuire, Joe Lee Ferguson and Gene Wheeler, all of Weibert, Mrs. Alfred Force of Haskell, Mrs. Frank Garrett of Munday, and Mrs. Clifton Vaughn of San Angelo.

## Stamford Files Deed to Land for Reservoir Site

Deed covering the purchase of 1,833.58 acres of land 12 miles southeast of Haskell by the City of Stamford from the S. W. Scott Estate, as site for Stamford's proposed water reservoir on Paint Creek, has been filed for record in the office of County Clerk Horace Oneal.

Stamford holds a permit from the State Board of Water Engineers to construct a dam on Paint Creek near Scott's Crossing that will impound 60,000 acre feet of water and to take as much as 10,000 acre feet per year.

In addition to the 1,833-acre tract conveyed, the deed also contains a flood easement on 690.82 acres of land adjacent to the larger tract, all located in the Scott-Ranch property. The Scott Estate, as grantor, reserves all oil, gas, and other mineral rights in the land conveyed in the deed. Documentary stamps affixed to the deed in the amount of \$99 indicate a consideration of approximately \$90,000.

The deed also contains provision that the Scott Estate, as grantor, shall have the use of all or any part of the surface of the land conveyed when the same is not then being used for the purpose of storing water. The grantor is also permitted use of water from the proposed reservoir for household and domestic purposes.

Another provision in the deed stipulates that the City of Stamford will release impounded water from the reservoir when the flow of water in Paint Creek below the dam to its juncture with California Creek is insufficient for domestic use and the watering of livestock.

The deed also specifies that a tract not to exceed five acres of the land granted in the flood easement section may be used for necessary buildings, site for pumping station, and houses for employees.

The conveyance grants use of a private right of way across the Scott lands to the proposed reservoir, dam site, and pumping station. The right of way is not to be over 30 feet in width, and for the private use of employees of the City of Stamford in connection with official business of the reservoir and pumping station. The Scott Ranch reserves the right to keep the roadway under locked gate, furnishing the City of Stamford any key or keys necessary. In addition to the private road, right of way is also granted for a pipeline across the ranch property.

A map or plat of the surveys in which the land conveyed is located is attached to the instrument filed for record. This plat shows

location of the proposed dam as being in the northwest corner of the H. McLeod Survey 18, approximately one and one-half mile above the juncture of Paint and California Creek at Scott's Crossing. At the indicated dam site, the stream travels in a southeasterly direction, flanked by high hills on the east and north, with a gradual slope and more level land on the south and west banks of the stream.

### BREAK IN HIGHLINE THURSDAY LEAVES TOWN IN DARKNESS

Break in a transmission line of West Texas Utilities Company between Stamford and Anson Thursday night resulted in interruption of electric service here for approximately 40 minutes between 7 and 8 p. m. Thursday night. Although the entire town was in darkness until the break was repaired, no inconvenience of a major nature was reported.

### EXPRESSION OF APPRECIATION

I desire to express my appreciation to my neighbors and many friends for their generous help and assistance in replacing my home and belongings destroyed recently by fire. I shall always remain grateful for your friendship and kindness.

Mother Holley

### Orderly Planning Advised for Civil Defense Program

It is hoped that we may achieve orderly thinking and make concrete suggestions for use by local and state committees in planning the medical phase of civil defense and disaster relief in the very near future, said Dr. Geo. W. Cox, State Health Officer and State Medical Defense Director.

No community can prepare itself to provide these additional health services that will be essential for civilians subjected to disaster, without a great deal of forethought, prolonged training and development of systematic performances, drills, tests, etc. When the average community prepares itself for disaster, the effort of each citizen and every profession must be fitted into a coordinated system.

There is no easy way to prepare for disaster, it is all hard work. There are two opinions as to local disaster planning. One maintains that no local planning should be done until the central agency prescribes a uniform pattern for each locality. Such a regimented approach would result in a speedy realization of the desired goal. Certain elements of local plans would depend upon such a system if mutual support between communities are to be achieved with a maximum of economy and efficiency. Such a system is the only one likely to survive national disaster.

## County Gains 7 New Oil Wells During 1950

Seven new oil pools were opened in Haskell county during the past year, as oil exploration continued active over a wide area in West Central Texas. Jones county, with 19 new discoveries, led the region in number of new pools opened.

A summary of the development in Sunday's Fort Worth Star Telegram, lists the following discoveries in Haskell county:

1—Danciger Oil & Refining Company No. 8 C. L. Bogard, section 239, block 45, H&TC survey, two miles northeast of Jud, pumped 156.34 barrels of oil daily. Pay 5,840 to 5,849 feet (Caddo).

2—Sojourner No. W. P. Clouch, section 27, block 1, H&TC survey, three miles west of Haskell, flowed 218 barrels of oil daily. Pay 5,194 to 5,222 feet (Strawn sand).

3—Texas Pacific Coal & Oil Company No. 1 Julianna McGregor, G. G. Alford survey 46, six miles west of O'Brien, flowed 211.14 barrels of oil daily. Pay 4,869 to 4,973 feet (Strawn sand).

4—Thomas D. Humphrey No. 3 H. A. Lewallen, et al, section 58, J. Campbell survey, seven miles northeast of Haskell, pumped 71.4 barrels of oil and 50 per cent water daily. Pay 2,769 to 2,771 feet (Canyon reef).

5—Crown Central Petroleum Corporation No. 1 R. A. Gillespie, section 5, H&TC survey, 13 miles southeast of Haskell, pumped 42 barrels of oil in eight hours. Pay 1,548 to 1,561 feet (Flippin sand).

6—Pan American Production Company No. 1 C. A. Jackson, league 70, Corsell CSL, three miles west of Rufe, pumped 37.12 barrels of oil daily. Pay 5,836 to 5,876 feet (Bend conglomerate).

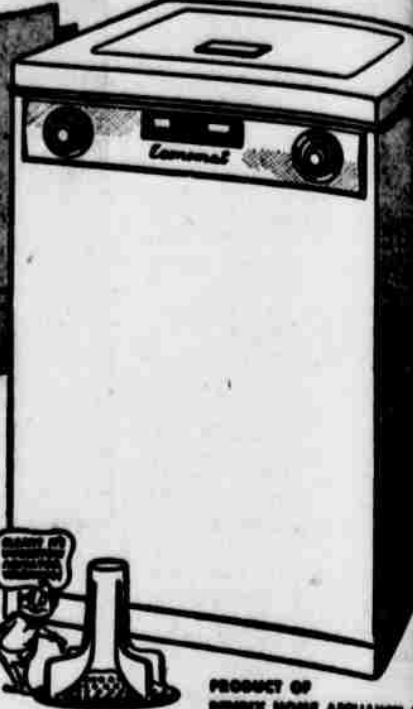

7—Riley G. Maxwell No. 1 J. P. Hester, N. W. Crittenden survey, seven miles northeast of Weiner, pumped 133.97 barrels of oil daily. Pay 5,302 to 5,312 feet (Caddo).

### RETURN FROM FT. WORTH

Mr. and Mrs. Frank McCuley have returned home from Fort Worth where they have been at the bedside of her sister, Mrs. F. M. Snow. They visited other relatives and friends while there.

# Dynamically engineered! NEW BENDIX automatic ECONOMAT WASHER

WITH THE NEW exclusive RINS-SAVER that saves up to 50 gallons of water each washday

Dynamically engineered to give you—

- Completely automatic washing—yet no wringer—no spinner—no bolting down
- Powerful UNDERTOW AGITATOR WASHING
- Floodway-Flushaway draining—the dirt drains down the hollow agitator—not down through the clothes
- New porcelain top for extra work surface
- Single Dial Control—you don't even have to be there

WONDERTUB guaranteed 5 years in writing!

Liberal Trade-Ins!

Isn't it time you bought a Bendix Washer!

"It's the fully Automatic Washer every family can afford— See it today!"

Easy To Install

# Keep the future in your FORD

## Get this BRAKE SPECIAL!

- We inspect front wheel bearings
- Repack wheel bearings
- Inspect drums
- Install new brake linings
- Inspect wheel cylinders
- Inspect brake lines for leaks
- Inspect master cylinder
- Add fluid if necessary
- Correctly adjust brakes

AT A SPECIAL LOW PRICE!

There's a long, bright future for your Ford if you let it "home" to your Ford Dealer. Who also can offer specialized care... at prices that are lower in the long run. Who also knows your Ford so well and has such close contact with factory engineers to keep your Ford running better and longer? Only a Ford Dealer can offer you this fine care—at a savings of time, money and trouble—because only a Ford Dealer can offer you the 4-way advantage of:

1. Ford-trained Mechanics
2. Genuine Ford Parts
3. Factory-approved Methods
4. Special Ford Equipment

FORD DEALERS KNOW FORDS BEST!

BILL WILSON MOTOR COMPANY  
SALES AND SERVICE  
HASKELL, TEXAS

## The story of a faith that paid off

PROBABLY YOU'VE never thought of yourself as a maker of history. But you are. And here is how you, as a citizen of the United States, are creating the greatest success in all history.

Remember back in 1941 when the Defense Bonds you were buying suddenly had to become War Bonds? How you and your neighbors pitched in to buy them in ever-increasing numbers, to back our fighting men and to help achieve the victory of World War II? After V-J Day, when those bonds became Savings Bonds, you continued to buy them because you had learned how regular saving could build security and contentment for yourself and those you love.

The face of the land has undergone some dramatic changes in those years since V-J Day. Now the landscape is dotted with new homes that Savings Bonds built. Thousands upon thousands of new automobiles travel the Highways—Savings Bonds cars, bought with the product of individual thrift. On the farms, Bond-purchased equip-

ment has helped produce bumper crops and prosperous years. Everywhere in America, man's urge to get into business for himself has become a bright reality. So has the ambition of loving parents to send their children through college. Time and time again, Savings Bonds have made those dreams and many others come true.

You KNOW they've come true, because it's happened to you or to some of your own friends.

And this is only the beginning of the story. Even after accomplishing so much, millions of American families still enjoy the financial security of owning more than fifty billion dollars—fifty thousand million dollars in Savings Bonds. More than at the peak of war-time Bond holdings!

How much money is that? It's enough

to build a new \$10,000 mortgage-free home for every family in San Francisco—and Sacramento—and Salt Lake City—and Denver—and Kansas City—and St. Louis—and Indianapolis—and Cincinnati—and Pittsburgh—and New York City—and the whole state of Texas!

And every week, everywhere in America, new millions of dollars are added to the total—as crisp new Savings Bonds are typed up with your name on them.

Kind of a king-size success story, isn't it? Your success story because you and the millions of your neighbors are living it right now. Your own faith in America—your own desire for the warmth of family security and independence—have made the story of United States Savings Bonds the thrift miracle of all time.

For your security, and your country's too, save now through regular purchase of U.S. Savings Bonds

**Teenager Gets Appetite Back; Thanks Hadacol**

HADACOL Supplies Vitamins B<sub>1</sub>, B<sub>2</sub>, Nicotin and Iron Which Her System Lacked.

According to Sara Lorraine Beck, Box 282, Coker, Alabama, when a person is only 18 years old and feels terrible, can't eat or sleep the way they should, it's probably had. That is the way Lorraine says she used to feel, but that was before she started taking HADACOL. Lorraine found that taking HADACOL, the vitamin B<sub>1</sub>, B<sub>2</sub>, Nicotin and Iron supplement, cured her deficiencies in vitamins B<sub>1</sub>, B<sub>2</sub>, Nicotin and Iron, which HADACOL contains.

Now Lorraine Beck's own stomach is working, she is eating, she is sleeping, she is happy, and she is healthy. She says she has been taking HADACOL for 10 days and she feels like a new person. She says she has done the best of her life.

## Treat Pastures As Cash Crop, Farmers Told

Pastures are a cash crop and should be treated as such says A. W. Crain, associate pasture specialist for the Texas A&M College Extension Service.

Although pasture production is often limited by available moisture, Crain points out that forage plants cannot make efficient use of available water unless enough of the fertilizer elements are present in the soil to stimulate plant growth.

Some parts of Texas have 25 inches or more of available water during the growing season and since only about four inches of water are required to produce a ton of Bermuda grass hay, six tons of hay can be produced with the 25 inches of available water. However, removing six tons of hay takes the equivalent of six sacks of ammonium nitrate, three sacks of superphosphate, and three sacks of 60 per cent murite of potash from the soil.

If maximum production of forage is to be obtained, Crain emphasizes that these fertilizer elements must be present in the soil in readily available forms. They must also be returned to the soil after the forage has been removed if the fertility of the land is to be maintained.

Crain advises applying the fertilizer elements that the soil needs. Phosphorous and potash deficient soils respond well to the application of these elements, but

applying them on some soils is simply a waste of money, regardless of how cheaply the fertilizers can be obtained.

He stresses the importance of top dressing pastures with ammonium nitrate or other forms of nitrogen fertilizer. Legumes store nitrogen, but if they are grazed or cut for hay, nitrogen applications are necessary for maximum production of the grass in the pasture mixture. Legumes respond to nitrogen fertilizer also.

Crain says that the use of nitrogen by pasture plants is very efficient. About 75 per cent of the nitrogen applied is taken up by the plant the first year, and the other 25 per cent which remains in the soil is not lost. It remains in the soil and later becomes available for plant use.

### Income Tax Facts For Farmers

The following questions and answers were taken from "Farmers' 1950 Income Tax" which is approved by the Bureau of Internal Revenue, Washington D. C. according to F. W. Martin, county agent.

#### QUESTIONS & ANSWERS

**1. Can Wages Paid to Your Child Be Deducted as an Expense?**  
Reasonable cash wages paid by father to a minor child for work actually performed as a bona fide employee in the farm business may be deducted as a business expense. Such wages are included in the income of the child and may result in the child having taxable income. If the father takes the child's earnings and utilizes them for his own purposes, or if the father requires the child to purchase his own clothing or other necessities which the father is obligated to furnish, the deduction of the child's earnings as a business expense will be disallowed to that extent.

**2. Can Board of Hired Labor Be Deducted?**  
Board and room and supplies furnished to hired labor is deductible only to the extent that it is purchased by the farmer. This excludes food raised on the farm and used in boarding laborers.

**3. Are Livestock Death Losses Deductible?**  
Cash Basis: If an animal that was born and raised on your farm dies, you cannot deduct for it, because the cost of raising the animal has been deducted as operating expenses previously. If the animal was purchased, you can deduct your loss, but the method of deducting it depends on the cause of the death of the animal. (The amount of your loss is the cost of the animal, less depreciation and any insurance received.) If the animal was killed by a destructive force, such as lightning, or by order of governmental authorities (because of disease), the loss should be handled in Schedule D (File with Form 1040). If the loss was by natural causes, such as old age or sickness, the amount of the loss should be entered on the blank line of the summary at the bottom of page 1, Form 1040 F, with an explanation.

**4. Is the loss or Damage to a Growing Crop Deductible?**  
No, but any insurance received as a result of such loss or damage should be reported as other farm income.

**5. What Business Outlays Are Not Deductible as Cash Expenses?**  
Capital investments and repayment of debt principal are not deductible as current operating expenses. Capital investments include new equipment, new buildings, major improvements to old buildings, and major overhaul of machinery. The line between ordinary repairs and major improvements is often hard to draw. The general rule is: If the improvement substantially lengthens the life of the building or changes the use of the structure, it should be considered a capital investment. In such cases add the cost of the improvement to the amount shown on Form 1040 F, Page 3 Depreciation, columns 3 and 6. If necessary the life expectancy is changed to the new estimated life, and entered in column 7 of the depreciation claimed each year will be the new cost divide by the estimated life.

**6. Who May Be Claimed As a Dependent?**  
Under the present law, a taxpayer may claim credit for a child or other "close relative" if he furnished over half the support and the dependent's income is less than \$600. The instructions "How to Prepare Your U. S. Income Tax Return" on Form 1040 gives complete explanation of who is a close relative for this purpose.

A taxpayer does not include the income of his children or other dependents on his return. But if a child, for example, has \$600 or more income, a return must be filed by him or in his behalf.

**7. Should Separate or Joint Returns Be Filed?**  
The law permits husbands and wives to divide their income for tax purposes. This is permitted only when a joint return is filed. This is accomplished on Form 1040. Unless the taxpayer had unusually large medical bills paid during the year or other unusual situations, it is usually advantageous to file a joint return when a tax is due. When a joint return is made, the tax is computed on the combined income of the husband and wife and the liability is assumed by either or both.

**8. Where Can I Get Help to Fill Out My Form?**  
Many taxpayers prefer to use the services of a person who works with income tax forms rather than fill them out themselves. Representatives of the Collector of Internal Revenue Office are available insofar as their services can be spread. Other people make it a business to help individuals to prepare their returns.

Regardless of the assistance obtained by the taxpayer, it should be remembered that he and he alone assumes full responsibility for the accuracy and completeness of the figures included in the income tax return.

Whether professional services are used or you fill out your own forms, there is a minimum of information that must be collected in advance, if the return is to be reasonably accurate. This information includes a record of profits or losses on the sale of purchased livestock, a depreciation schedule for all farm buildings, machinery and other depreciable property and all income and expenses of a personal nature that should be taken into account. Farmers should collect information as the year progresses in some kind of organized system of records rather than trust to memory.

### Bobby Price, Tommy Rhoads Awarded Letters on A&M Freshman Squad

Two freshmen students from Haskell, Bobby Price and Tommy R. Rhoads, were among twenty-nine members of the 1950 Texas A&M freshman football team who have been awarded letters by the A&M Athletic Council.

The team, coached by Perron Shoemaker, was honored recently during the Winter Sports Banquet. Although the Fish only won one out of five starts this past season, the team contains some of the best talent in the country. Among the lettermen are 15 who were all district men, three all state and one all American in their high school days.

These boys will get their first taste of varsity competition next month when spring training begins. Coach Harry Stiteler sees in the team some good but unexperienced replacements for the graduating varsity lettermen this year.

Following are the Fish by position and hometown with the honors each received in high school:

Ends: Bert Koegel, Abilene; Eric E. Miller, all district, Bartlett; Jim E. Morrison, all district, Rockport; Louis B. Petty, San Angelo; Bobby Price, all district two years, Haskell; Robbie Scott, all district, Harlingen.

Tackles: John Gibbens, all district and all state second team, Uvalde; Donald L. Goodwin, Arlington; Durwood Hall, Dallas; Bobby Morgan, Huntsville; Tommy R. Rhoads, all district, Haskell.

Guards: William A. Burtchell, all district four years, all state 3-years, all Southern one year and all-American one year, New Orleans, La.; Louis E. Capt, all district two years, Uvalde; Geo. Roberts, Dallas; Ben Halley, Gladewater; John W. Neale, Houston; Lawrence Schulze, San Antonio.

Centers: Charles Fischer, Abilene; Robert R. Gosney, all district three years and honorable mention for all state two years, Fort Worth.

Backs: John Cavileer, Austin; Donald Criswell, all district two years, Texas; Scott C. Cutter, all conference two years, Oswego, Ill.; Leo Fuchs, all district two years, Cameron; Franklin D. Gibson, all district two years, Pioneer; Hayden E. Mayeaux, all district two years, New Orleans, La.; George R. Perkins, all district, all state and honorable mention all-America, De Quincey, La.; James J. Russell, San Angelo; John Salyer, all district, Austin; and Robert A. Smith, Austin.

### Partnership Notice Filed Extending To 2000 A. D.

Notice of forming of a limited partnership that will continue through the year 2,000 A. D., has been filed in the office of County Clerk Horace Oneal, and is being published in The Free Press. The Oneal and deputies in his office say this is the first instrument they recall filing which bears an official date extending into the next century.

### Firemen Called to Extinguish Blaze Near Cotton Yard

Fire starting in high weeds and grass west of the Central West Texas Warehouse Company cotton yard around 3 o'clock Monday afternoon resulted in calling out fire department apparatus when it was feared fire might spread to cotton stored on the yard.

Mart Clifton, manager of the warehouse company, estimated that between 200 and 300 bales remain on the yard. The fire was confined to the area outside the cotton yard, but rank weeds and underbrush permitted spread of the flames to the fence around the Central West Texas Fairgrounds, causing considerable damage to the fence in some sections.

### VISITOR FROM WACO

Chas. Wilson of Waco, former long-time resident of Haskell, is visiting in the home of his son and family, Mr. and Mrs. V. M. Wilson and with other friends here. Mr. Wilson is an early-day rural route mail carrier of this section, and for many years was carrier on the Star Route to the Vontress postoffice northeast of Haskell which was discontinued a number of years ago.

### Too Late To Classify
