Housing Authority Will Begin Taking Applications Tuesday For Tenants In Low-Rent Housing Units

The Housing Authority of the City of Haskell will begin taking written applications of eligible applicants for admission as tenants in the Low Rent Housing Projects, on Tuesday Nov. 13, and all eligible families are urged to apply.

Curtis F. Pogue, executive director of the local Authority, will receive applications in the office of the Authority, located on the second floor of the Oates building.

He explained that eligibility for admission has been defined as follows: Applicants (1) who qualify as a family; a family being defined as a group of two or more persons regularly living together who are related by blood,

marriage or adoption (2) whose net family income is \$2400 or less, with net family income arrived at by adding all of the income of all members of the family, and then deducting \$100 for each member of the family, and (3) who now occupy sub-standard housing, or who are about to be evicted due to no fault of the tenant.

The executive director explained further that veterans are given first preference. Families will be assigned to dwelling units of various sizes ranging from one-bedroom apartments to four-bedroom apartments, according to the size of the family.

J. Elmore Smith, 42, Dies Unexpectedly Early Today

J. Elmore Smith, 42, insurance broker and prominent Haskell business man, died unexpectedly early today at the family home in North Haskell. Death was attributed to a heart attack suffered while he was asleep.

Funeral rites for Mr. Smith are incomplete pending arrival of relatives. Time of the funeral will be announced from Holden Funeral Home.

A native of Haskell, Mr. Smith had been identified with Haskell business circles since boyhood. As a youth, he was associated with his father and brother in McNeil & Smith hardware company here. Later, he was associated with Oates Drug Store for a number of years.

He volunteered in the Air Corps during World War II and served in the medical branch until the end of the war. Returning to his position with Oates Drug Store after his discharge from service, he resigned early last year to enter the insurance business.

The rent will be determined by the income of the tenant; the higher the income, the higher the rent, without regard to the size of the apartment occupied. The rent to be charged will range from \$18 upward, according to income.

Each family unit or apartment will have stoves, both heaters and fridges, water heaters and refrigerators. No other furniture will be furnished.

The local project, now about 75 per cent completed, include 42 family units in Southwest Haskell for white tenants, and eight family units in Northeast Haskell for colored tenants. The entire project is due to be completed by Feb. 12, 1952.

Funeral Rites For Mrs. McCall Held Here Today

Funeral services for Mrs. Nell Eugenia McCall, wife of Dr. R. K. McCall, Presbyterian minister of this city, were held at the First Presbyterian Church Thursday at 1 p. m., with Dr. L. L. McCutchen, pastor of the Westminster Presbyterian Church of Ft. Worth officiating.

Mrs. McCall died in the Haskell Hospital Tuesday at 2:05 p. m. She had been a patient in the hospital since Nov. 3, and had been in ill health for some time.

She was born March 18, 1900, in Ellasville, the daughter of Mr. and Mrs. G. L. Donnell, prominent early day settlers in Young County. She graduated from Graham High School and attended Texas State College for Women at Denton.

Following her graduation from TSCW, she taught in the high school at Paris, Texas, for two years. She married Dr. McCall Sept. 10, 1924, at San Saba.

Dr. and Mrs. McCall brought their family to Haskell from Shawnee, Okla., in January, 1930, when he accepted the pastorate of the First Presbyterian Church.

Mrs. McCall is survived by her husband; two daughters, Nell and Rosalie McCall, both of Haskell; one son, Don McCall of Haskell; her mother, Mrs. G. L. Donnell of Ellasville; three brothers, Tom, Alford and Donnell of Ellasville; and Sidney Donnell of Wichita Falls; three sisters, Mrs. Walter McCutchen of Pecos, Mrs. E. K. Hester of Lubbock, and Miss Ruth Donnell of Midland.

Following the funeral service here, the body of Mrs. McCall was taken to Ellasville, where burial was in the Donnell family cemetery near that city under the direction of Holden Funeral Home.

Funeral services for Mrs. Nell Eugenia McCall, wife of Dr. R. K. McCall, Presbyterian minister of this city, were held at the First Presbyterian Church Thursday at 1 p. m., with Dr. L. L. McCutchen, pastor of the Westminster Presbyterian Church of Ft. Worth officiating.

Earliest snowfall recorded here in half a century, accompanied by a severe freeze which sent the mercury to a low of 27 degrees last Thursday night, halted the growth of late cotton and cut the county's potential yield at least 10,000 bales in the opinion of County Agent F. W. Martin.

Snow which fell during the night Thursday had blanketed the ground to a depth of more than an inch Friday morning, bringing moisture of .12 inch, according to John B. Martin, Government weather observer.

Crops of many farmers suffered severe damage to the late "top crop" put on since the September rains. County Agent Martin said after making an extensive survey of fields Friday. Most of the late cotton would have matured before the average date of killing frost, he believed.

Where bolls were mature and dry enough, the severe freeze did not cause excessive damage and in some instances was beneficial in defoliating the cotton. Martin said. Hardest hit was cotton with young immature bolls, he explained.

Thursday night's cold wave was followed with below freezing temperatures and heavy frost for several mornings.

Course In Driver Education Added In High School

A course in Driver Education and Safety is now being taught in Haskell High School, in which eligible freshmen and sophomore students who successfully complete the course receive one-half credit toward graduation. High School Principal Pysett McCollum has announced.

Instructor for the course is J. E. Berryhill, who last year received his certificate as instructor after completing a special summer course at the University of Texas. Mr. Berryhill is teaching the added subject in addition to his regular High School assignments.

Due to the limited time available in the high school schedule for the added course, driver education and safety instruction will be limited to a maximum of 20 students for each semester, Mr. McCollum explained.

Students enrolling for the training are required to complete 30 hours of classroom instruction covering the elementary principles of driving and driving safety. Successful completion of this phase earns a student a Beginner's Driving Certificate. The student then advances to actual driving instruction. This is given in groups of four, accompanied by the instructor, in an automobile with dual driving controls, and includes 40 hours of instruction.

One class is scheduled for completion during each semester of the current term, but due to the fact that all arrangements for the course were completed late, first class will finish around Jan. 15, 1952. Mr. Berryhill explained. At the present time, the class has 11 participating drivers, the instructor said.

Although the instruction in advanced driving is limited to 20 students, as many more as desired may take the classroom instruction, Mr. Berryhill explained.

A 1951 Ford four-door sedan with dual controls has been provided for use of the class through courtesy of the Bill Wilson Motor Company of this city.

Colored Classic Football Tickets Going Rapidly

Football fans of this section have almost exhausted the supply of reserved seats tickets for the Texas-Oklahoma Classic colored football game to be played here Nov. 29, and Chas. Swinson, in charge of advance ticket sales, said today that less than 100 reserved seats remain to be sold.

The game, sponsored by the Haskell Quarterback Club, will be an inter-state contest between the Woodson High School Black Eagles of Abilene and the Frederick, Okla., high school Black Wildcats. Both teams are outstanding in colored high school football play.

One of the Black Eagles players, Charles Guiley, sensational quarterback, has been virtually conceded a berth on the All-State Negro team this year. Guiley's passing accounted for three touchdowns for the Eagles Monday night in the last six minutes of play when the Eagles defeated the Amarillo Dragons.

Local Polio Chapter Receives \$500 In Emergency Aid

A check for \$500 to help provide care for local polio patients has been received by the Haskell County Chapter of the National Foundation for Infantile Paralysis, it was announced today by John H. Banks, Chapter Chairman.

When the March of Dimes funds are raised, Mr. Banks explained, half the money stays here with the local chapter and half goes to national headquarters for research, professional education and emergency aid such as the check just received.

Mr. Banks said record-breaking polio incidence during the past three years had exhausted the treasuries of hundreds of chapters across the country.

"Our own chapter's plight provides a typical example," Mr. Banks said. "In the 1951 March of Dimes we raised approximately \$8,000. However, the chapter share of around \$4,000 was exhausted by Oct. 1. And we have consequently had to call on the emergency aid fund at national headquarters."

The Haskell County Chapter Chairman said that by late September, over \$6,000,000 had been sent in response to requests for epidemic aid from more than 800 chapters in 45 states.

At present the Haskell County Chapter is providing funds for the care, in whole or part, of 12 patients afflicted this year in addition to underwriting the patient care costs of four stricken prior to January 1, 1951.

PROCLAMATION

WHEREAS, the Progressive Study Club in cooperation with the General Federation of Women's Clubs is about to launch a national campaign for funds to send CARE packages of food, warm blankets and clothing textiles to South Korea's war-stricken civilians.

It is fitting that such a drive be held as Americans prepare to give thanks for the blessings we enjoy. In the past five years, CARE — The Cooperative for American Remittances to Europe — has brought our person-to-person aid to the people of many countries in Asia as well as Europe. Nowhere is CARE more needed today than in South Korea, where millions of war orphans and refugees are hungry, homeless and cold.

Therefore, as Mayor of Haskell, I consider it a privilege to proclaim that the period from November 12 to Thanksgiving Day be set aside as Women's Federation CARE-FOR-KOREA WEEKS in this city.

During this period, I urge our people to share our Thanksgiving bounty by contributing generously to the Federation campaign. We have sent our arms to keep Korea free. Now we must send CARE help — and hope — to our Korean friends, thus affirming our conviction that freedom must endure.

**Service Company's New Oil Pipe Line
Temporarily Converted To Supply
Aspermont With Water**

A crude oil pipe line, converted to handle water, is supplying the drought-ridden town of Aspermont with free spring water.

The Service Pipe Line Co., a transporter of crude oil is using its recently laid pipe line from the Old Glory vicinity to help refill Aspermont's water reservoir. F. M. Willenburg, Fort Worth, manager for the company's East Texas Division, said the company would deliver almost 19,000 gallons of water an hour—without cost to the town.

Lack of rain since September, 1950, dropped the water level in Aspermont's 178 acre lake to a half foot puddle in its muddy center. Aspermont, with a population of around 1,060, faced a critical situation unless water was obtained.

City officials met and made arrangements to buy and truck water from Rule, 25 miles distant. The cost of 30 cents per thousand gallons, however, threatened to strain the town's finances.

The officials heard of Service Pipe Line Company's testing of its new line for leaks with water under pressure. The company had extended its pipe line system 15 miles westward in Stonewall county to give direct-to-refinery transportation for oil produced in the Aspermont area.

Simmons contacted Willenburg and other company officials. The executives, according to Willenburg, were glad of the chance to help Aspermont.

But there was one drawback. The end of the company's line lay about 6,500 feet short of Aspermont lake. Service officials offered to lend, free of charge, 6,500 feet of four inch pipe located at Bowie if the town would transport it to Aspermont and return it.

Parkhill Trucking Corp., of Tulsa, working on the pipe hauling job for the company, offered to transport the pipe 160 miles from Bowie without cost.

Smith Contracting Corporation, of Fort Worth, who laid the line for Service, cleared right-of-way without charge after farmers gave permission to cross their lands. The town supplied labor to lay the line.

Pumping started Monday, Oct. 29. "We will pump about a week," Willenburg said, "if the water supply holds up. That should give Aspermont enough water to last until February."

The water is pumped from a spring-fed lake owned by C. L. Hunt, a rancher, who is donating the water to the town. He hopes springs will refill the lake from the springs.

Service Pipe Line Company employees supervised by W. H. Cook, chief inspector, are operating the pump. They are pumping around 450 barrels of water an hour into an auxiliary reservoir at Aspermont.

Meanwhile, Aspermont is raising its dam and spillway five feet to increase storage capacity for future rains.

"There is no adequate way to express our gratitude," Alderman Cecil W. Mason said in a letter to Willenburg. "All the citizens of Aspermont are deeply grateful to you and the other companies who came to our aid."

As soon as they finish pumping water and its line is completed westward, Service Pipe Line Co. will start pumping oil from the Aspermont fields.

It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising.

After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb. And it's surprising what tight spots a Buick can fit into at a turn of the wheel.

It's the woman who likes complete freedom from things that it takes an engineer to operate—and a complete and utter freedom from

mechanical complications is what makes Dynaflow Drive* such a joy.

It's the woman who has an eye for style and fine fabrics — and a nose for economy. On both counts, a Buick is tops.

But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

Here's a car to win any woman's

heart — by its level-gaited stride — its willing response to her hand on the wheel—its smart style and its smart performance — its spaciousness and comfort — and its thrift.

How about taking time off, some afternoon soon, to boss around a Buick? It's a date that's bound to thrill you.

Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.

Antique Show and Tea Held In Home Of Mrs. J. U. Fields Friday, Nov. 2

A business meeting of the Magazine Club executive board preceded the opening of an Antique show and tea in the home of Mrs. J. U. Fields, club president, and director for the afternoon program, Friday, Nov. 2. Several issues were submitted and acted upon.

When members and guests of the club were ushered into the home they were enveloped in an atmosphere of the long ago. Greeting the guests was the maid, Mrs. Nettie Curtis, dressed as a typical old time negro mammy. She directed the guests to the hall where Mrs. J. M. Collins registered guests. The quotation, "a thing of beauty is a joy forever; its loveliness increases," was proven as guests went from room to room admiring the many wonderful antiques.

Entering the living room Mrs. Virgil Reynolds of Denver, Colo., and Mrs. S. Hassen explained the history of the antiques. A Royal Sarouk rug made in Persia covered the floor. Mrs. Fields' great-grandmother's solid walnut round parlor table was graced with a beautiful lamp inherited from her great-aunt. An etoile of walnut with mirrors from France held a collection of vases in several colors and sizes. A walnut love seat and corner cabinet were from a pawn shop in Mexico City. Decorating the mantle was a shrine made in Bethlehem, incised in it was a pearl shell on which was etched "The Last Supper." On the east wall another shrine, made in Damascus, incised in it was a pearl cross on which hangs an image of Christ. Both shrines are perfectly beautiful in the electric lighting.

In the dining room Mrs. Wm. Kemp explained the history of the antique glassware, pottery, china and silver. The dining table was laid with a very old table cloth inherited from Mrs. Fields' grandmother. On the table was an exhibit of 200 pitchers of every shape, size, color and material. Pitchers came from France, England, Austria, Oberamgau, Holland, Spain, Mexico and from states of the U. S. A. An amberina hobnail pitcher and glasses, a gift, had been in an Ohio family for over a century. Four generations of sugar spoons, sugar spoon holder, coaster and other antique silver was shown on the buffet. Three china cabinets held a collection of antique glassware, china, pottery and porcelain. The southeast bedroom held a display of old books, letters, documents and pictures. There was a marriage license issued in the Bahamas dated 1825 and another license issued in Camden County, Ga., dated 1834. In an old worn letter, dated 1834 the writer wrote in a postscript "Let no one see

this, 'ore up" and the letter is now 117 years old. There were many old books on Methodism dating from 1772. An exquisite gold Masonic emblem was inscribed Presented to James P. Taylor, P. G. M. by the M. W. G. Lodge of Texas, 1868 and a diploma from Marshall Masonic Institute in Texas Republica to Olive Ann Taylor dated 1865. They were inherited from J. U. Fields' maternal parent.

In the front hall were shelves of old books and an old glass fruit stand with an attractive arrangement of fresh fruit. In the rear hall were articles of clothing. Grandmother Stevens' white ice wool handmade shawl, black high top kid shoes, a black taffeta bonnet trimmed in black lace. Mrs. Fields' extremely long baby dress and pettiskirt were handmade and home tacked. High top kid shoes, black silk hose and other articles.

On the bed in Mrs. Fields' room was an old time crazy quilt, a bolster cover made of irresolute ribbons edged with a net ruffle. The ribbons were saved from gift packages and corsages and were made by Mrs. Fields. Julie Ann Banks, four year old daughter of Mr. and Mrs. John Banks, modelled handmade white lace dress with wide light green silk ribbon sash.

Hostesses were members of the properties committee. Mmes. R. L. Harrison, William Kemp, Fred Monke and J. G. Vaughter. They served refreshments to Mmes. A. J. Josselle, Wallace Cox, V. C. Bailey, C. L. Lewis, S. Hassen, M. E. Helber, K. Thornton, Robert Wheatley, Dennis P. Ratliff, Joe E. Thomson, N. I. McCollum, W. J. Kemp, Ada Rike, O. E. Patterson, A. C. Pierson, C. V. Payne, R. L. Harrison, John Couch, N. L. Lane, John Crawford, Jack Lane, John Fouts, G. W. Fouts, Leon Burson, Carl Bledsoe, G. C. Bartlett, J. M. Collins, John Banks and Julie Ann, Nettie McCollum.

Guests from neighboring towns were Mmes. Mrs. Fred Monke of Weintert, J. O. Harpham of Munday, C. C. Harpham of Munday, Virgil Reynolds of Colorado, Sea Willow J. King of Marlin, Raymond Astin, Hubert Watson and D. P. Walker of Stamford. Messrs. John H. Banks, Theron Cahill, K. Thornton and Dennis Ratliff viewed the antiques Thursday afternoon.

Doreas Bible Class Meeting and Social Held Tuesday

Members of the Doreas Class of the First Baptist Church met in the annex Tuesday night, Nov. 8 for their regular monthly social and business meeting.

The meeting was opened with a song, We Never Grow Old, and the class teacher, Mrs. Faye Thompson, offered prayer. Mrs. Lucille Gannaway brought the devotional, using Thanksgiving as her theme. She told of a Polish man coming to the United States to live, and how thankful he was to have such freedom. She added her opinion that people here take liberty for granted and are never really thankful for their freedom.

Cigarettes Upped Penny A Package Effective Nov. 1

Smokers were paying 1c more per package for their cigarettes today, when the additional Federal tax levy of 50 cents per 1,000 became effective.

With the penny tax levy added, the price per package on popular brand cigarettes ranged from 21c to 25c in Haskell stores.

Some stores where cigarettes had been sold for 20c per package added the penny levy to make the price 21c. The per carton price advanced from \$1.83 to \$1.93 at these stores, they reported.

At drug stores and cafes where the price had been 22c, it was upped to 23c today to meet the increased tax.

Several establishments where cigarettes are handled through vending machines at 25 cents a package said they expected that the added tax would be absorbed by the machine owners, at least for the present.

"Because of the fine help which your city gave, the 1951 Southwestern Exposition and Fat Stock Show was a record breaker in many ways.

"The purpose of this letter is to say 'thank you,' to tell you we hard at work on plans to make the show coming up the best one yet; and to extend a special invitation to your city to have a day designated in your honor.

"By having a 'day' and bringing your band and naming a Cowgirl Sweetheart, your city will reap wide publicity and your citizens will have more fun by coming in a delegation, thereby making a real impact on the throngs, with your hats and badges publicizing your own rodeo, fair or other civic enterprise.

LETTERS From Our Readers

TO THE EDITOR:

This letter to friends of Old Age Assistance is not written by a stranger at Austin, Texas, but by a resident and voter in Haskell County over 40 years.

In the Oct. 18 issue of The Free Press a Mr. McGregor of Austin advised all of us to go out Nov. 13 and vote against HJR 6 which is an amendment to our Old Age Assistance law.

As the present law is, a man can sell a hundred thousand dollars worth of real estate; then go fishing and get robbed or lose his money and can come home qualified for assistance.

Now I can only guess why Mr. McGregor at Austin asks us to defeat HJR 6. Surely he doesn't want to go fishing and come home qualified for old age assistance.

Gov. Shivers Writes Haskell Man His Views On Assistance to Aged, Needy

Geo. W. Piland, longtime Haskell resident and retired farmer, recently wrote Gov. Allan Shivers asking the State official for his views on the proposed amendment to the Old Age Assistance Act.

Mr. Piland has received the following reply from Gov. Shivers, which the Haskell man has requested The Free Press to publish: "My Dear Mr. Piland: Your letter of October 18 gives me an opportunity which I welcome to tell you and your friends my views on the subject of assistance to the aged, the needy blind and the dependent children of our State."

"Joker" Seen in Proposed Amendment To Raise Old Age Assistance Ceiling

By BYRON C. UTECHT

Nobody is arguing whether needy Texas old folks should receive an increase in their monthly pensions. Such is so far from the issue. The real issue is that obviously a hoax is being perpetrated in proposed constitutional amendment No. 6 to be voted on Nov. 13, in which the old folks will be innocent victims.

Because the amendment proposes to raise the ceiling from \$35,000,000 to \$42,000,000 a year many may lead to believe this will mean additional money for those on the rolls, Texans over 65 who have qualified as genuine citizens. But there is a "joker" in the amendment which is anything but funny.

Approximately \$35. According to the 1950-51 report of the council of State Governments the monthly average in Oklahoma is \$22.58; in Arkansas, \$20.99; in Georgia, \$20.58; in Kentucky, \$20.72; in Mississippi, \$16.38; in South Carolina, \$24.18; in Tennessee, \$26.56; in West Virginia, \$20.68; in North Carolina, \$20.44; in Virginia, \$19.59. So Texas makes a pretty good showing. While it is true that Colorado pays a much larger monthly installment than Texas there are only 46,000 on the rolls in that state compared to 227,000 in Texas. That makes a whale of a difference.

The oil industry, in which Texas plays a big part and which business employs 200,000 in this state, is fearful of nationalization of the industry. Very recently Walter S. Hallanan, Pittsburgh, president of the Plymouth Oil Co., said that many in Washington have carried on a smear campaign and insisted that this "Socialistic group aims for a complete public ownership of the oil business from the producing well to the gasoline pump."

Mr. and Mrs. Weldon Turnbow were in Abilene Friday to be at the bedside of Mrs. Turnbow's sister, Mrs. Dora Whitworth, who underwent surgery. She is reported to be improving at this time.

Lions Hear Report of Directors; See Demonstration On Fire Prevention

Directors of the Lions Club held their monthly meeting Tuesday morning in the Texas Cafe, and their recommendations and decisions were presented at the weekly meeting and luncheon Tuesday afternoon, when Lions also witnessed an interesting demonstration on fire prevention and fire safety.

The demonstration and a brief talk on fire safety was presented by Joe Fogaley, field instructor in Fire Marshal training of Texas A&M College extension service. Club directors recommended that no stipulated amount be contributed to the Lions Club's Crippled Children Home, but that each member give as an individual. Directors also voted against the Club sponsoring a fund collection campaign for the Sweeney Diabetic Foundation in view of the fact that Lions helped raise a substantial sum for the foundation last year. Directors recommended active observance of January as "Melvin Jones Month" with a membership drive.

Fogaley was assisted in staging a number of interesting demonstrations by John B. Martin, City Fire Marshal.

During the business meeting of the Club, the Membership Committee was instructed to make out prospect lists for the membership drive to be held during January in observing "Melvin Jones Month."

Announcement was also made of the coming visit of Lions International President Harold P. Nutter to Mineral Wells on Dec. 10 when the District 2 meeting of Lions Clubs will be held in that city. Directors present for the meeting Tuesday morning were Royce Adkins, Willard Warren, Horace ONeal, Gaston Hattox, W. R. Johnson, Wallace Stark, Jetty V. Clare and Dr. Wm. J. Kemp.

Quarterbackers See Film of HSU-Cincy Game of 1950

Members of the Quarterback Club saw a film of the 1950 HSU-Cincinnati game at their regular meeting Tuesday night, and after seeing the film could better understand HSU Coach Warren Woodson's flare-up following last Saturday night's game between the two teams. Football as it is not played in the Southwest Conference was evident throughout the film.

Quarterbackers heard a brief review of the Indian-Badger game, in which statistics favored the Indians and the score the Badgers.

Coach Royce Smith reported on the coming conference game at Munday Friday night, in which the Indians will be minus the services of Bobby Wilson, Kenneth Davis, Eldon Ammonett and likely Walter Holley.

Bobcat Killed Saturday Near Sagerton

A large bobcat, which measured four feet from nose to the tip of its tail and weighed 36 pounds, was killed by wolf hounds near Sagerton, early Saturday morning.

The dogs chased the bobcat into a chicken house on the farm of Dick Hankins, who lives near the Double Mountain Fork of the Brazos River west of Sagerton, where the dogs finally killed the animal.

The animal was carried to Sagerton for everyone to see. It was the first and one of the largest bobcats killed in the Sagerton vicinity in several years.
