Red Cross to Sponsor Learn-To-Swim Program For Children July 9-23

The second annual Learn to Swim program will be held July 9 through July 23 according to Theron Cahill, Water Safety chairman of the Haskell County Chapter of the American Red Cross. Joint sponsors of the course will be the Red Cross and Royce Smith, manager of the Rice Springs swimming pool. Smith has donated the use of the pool and the instructors have been trained by the Red Cross. The entire program will be free of charge to the children.

Turnbow, and possibly others young people who are interested in becoming assistant instructors may inquire at the chapter office. Jerry Johnson, who will teach advanced swimming and Junior and Senior Life Saving, is a Junior at NTSC in Denton where he is majoring in physical education. A veteran, recently released from the service, Jerry has attended two national Red Cross aquatic schools—the first at San Marcos in 1946 and the second at Camp Fern in Marshall in 1950. He has taught private lessons at Rice Springs Park in Haskell.

J. C. Holt, 53, Dies Sunday Following Heart Attack

J. C. Holt, 53, well-known farmer and resident of Haskell County since boyhood until moving to Seymour several months ago, died at 2:10 p. m. Sunday in the Baylor County Hospital at Seymour of a heart attack. He had suffered with a heart ailment for some time, but apparently was in normal health until fatally stricken shortly after noon Sunday at his home in Seymour.

Rev. Bruno Gaskamp of Brenham, Texas, and recent graduate of Wartburg Seminary, Dubuque, Iowa, will be installed as pastor of the Trinity Lutheran Church Sunday June 24, at 7:30 p. m. The young minister has been called as full time pastor of the local church.

Damaging Wind, Rainstorm Hits This Area Friday

A damaging rain and windstorm which struck Haskell late Friday caused property damage estimated at several thousand dollars here, while the accompanying hail in some areas of the county damaged or wiped out young cotton which had just come up to a stand. Added crop damage resulted from the driving rain in many sections of the county.

Precipitation here, which gauged 1.76 inches, was accompanied by one of the most severe electrical disturbances in several years. Lightning burned out 40 city street lamps and put two transformers out of commission for brief periods, WTU officials reported.

Most severe property damage was suffered by the Sky-Vu Drive In Theatre. High winds ripped down 15 sections of fence completely, scattering it over a wide area, and damaged all the fencing. Manager James Winter reported. All the steel framework of the screen tower was ripped loose, and other damage caused to theatre units. Winter estimated the damage would run between \$3,000 and \$4,000 dollars.

Earl Atchison, Farmer-Stockman, Is 50th New Member Added on C. of C. Roll

Earl Atchison, long-time Haskell county rancher and agricultural leader, became the fiftieth new member of the Haskell Chamber of Commerce in the current membership drive to enroll at least one hundred new members for the organization.

The announcement was made by A. C. Pierson, director of the organizations membership division. In addition to the new members, almost forty sustaining members have increased their membership dues to boost the budget 50% over last year, and reaches slightly more than two-thirds of the proposed budget of \$10,500 set by the directors.

More than 100 prospects remain to be canvassed, and committee members are hopeful of reaching the goal before mid-July. The executive committee will review the results of the campaign next Tuesday, at which time a new and permanent membership committee will be named.

Death Claims Mrs. C. A. Dulaney, 90, Early Thursday

Mrs. C. A. Dulaney, 90, resident of Haskell for more than 30 years, died at 6:30 a. m. today at the home of a daughter, Mrs. Frances Dobbins in Holliday, Tex. with whom she had been making her home in recent years.

Funeral services will be held at Holden's Funeral Chapel Friday morning at 10:30 o'clock with the Rev. T. G. Craft, pastor of the First Methodist Church officiating. Burial will be in I. O. O. F. Cemetery in Abilene beside her husband who preceded her in death in 1932.

Surviving children are two daughters, Mrs. Dobbins of Holliday and Mrs. J. J. Jousan of Granger, Texas; three sons, S. C. Dulaney of Plainview, T. O. Dulaney of Clyde and V. C. Dulaney of Haskell. Nine grandchildren and eight great-grandchildren also survive.

Libya, Iraq State Dept. Employees Visit Haskell

Two U. S. State Department employees, citizens of Libya and Iraq, and members of a party of foreign residents making a tour of Texas, were visitors in Haskell Tuesday for a brief stop.

Accompanied by George Logan, agriculture and livestock director of the WTCC, they were Mohammed Haliballa, from Baghdad, Libya, and Aslan Balian, from Baghdad, Iraq. They came here from Abilene, and three other members of their party had gone on to the SMS Ranch east of Haskell where the entire group were to make a tour of the ranch.

Haliballa and Balian visited the Free Press office and several other business houses during their brief stay here. Highly intelligent and friendly, they said their first wish was to see a "real Texas cowboy."

Local Firemen Attending State Meet In Dallas

Three members of the Haskell Fire Department attended the annual three-day meeting of the State Firemen and Fire Marshals Association in Dallas Tuesday through Thursday.

Representatives from a majority of the small city fire departments in the state attend the annual meeting, and are required to register for all business and instruction sessions of the three-day meeting.

Attending the convention from Haskell were Mr. and Mrs. Frank B. Reynolds, Mr. and Mrs. Jack Spear, and Mr. and Mrs. E. J. Stewart.

Dates Announced For Revival At First Baptist

Dates were announced today for a two-weeks outdoor Summer Revival to be held at the First Baptist Church in this city.

Rev. M. D. Rexrode, pastor, said the revival would begin Sunday July 22 and continue through Sunday August 5th. It will be held in the open air on the church lawn.

Dr. Jimmy Morgan, pastor of the North Fort Worth Baptist Church will do the preaching and Bro. Mark E. Douglas of the Sunday School Board of the Southern Baptist Convention, Nashville, Tenn., will lead the singing.

Curiosity of readers about odds and ends usually found in the classified sections is regarded as one of the main reasons for popularity of a newspaper's want ads.

All-Stars Beat ACC; Lose to Weinert Tuesday

Haskell All-Stars defeated the ACC softballers from Abilene in an exhibition game here Saturday night which went to thirteen innings deadlocked 2-2 until Durwood Jacobs, catcher for the locals, drove a 4-base hit over center to end the game.

Haskell Ginner Is Named On WTCC Committee

R. W. Herren, local ginner and civic leader, has been appointed to the Industrial Committee of the West Texas Chamber of Commerce, according to an announcement this week from the Abilene headquarters of WTCC.

Haskell County 4-H Club Boys To Take Part In A&M Judging Contests

Two 4-H Club Boys Judging Teams of Haskell County will take part in the State 4-H Club Judging Contests at Texas A&M next week. County Agent F. W. Martin said today. The two groups will leave Sunday morning, June 24, for College Station.

The Haskell 4-H Livestock Judging Team which won first place in district elimination at Lubbock will judge livestock at A&M College on June 25. The team is composed of Sid Woodson, Billy Middlebrook, Jerry Terrell and John Carlos Montgomery. Travel expenses for the team are being donated by the Haskell County Farm Bureau.

The Haskell county groups will judge on Monday, then on Tuesday and Wednesday they will attend the 4-H Round Up of all 4-H Club members in Texas.

WTU Surveying Site for Paint Creek Plant

West Texas Utilities Company engineers and surveying crew started work Wednesday on surveying for foundation site and for a water channel to serve a proposed generating plant to be built southeast of Haskell.

Tentative plans for the generating plant were announced by WTU last year in connection with the City of Stamford's proposed municipal water reservoir planned on Paint Creek.

Bonds Set For Youths Charged In Burglaries

Three Weinert boys, two of them 17-year-old twin brothers and the other 19 years old, have been released under bonds ranging from \$500 to \$2,000 to await Grand Jury investigation of burglary complaints filed against the youths Tuesday.

The charges were filed in connection with several burglaries of Weinert business houses and the post office in that city which have occurred over a period of more than a year, the county attorney reported.

DWI Case, Check Complaints, On Court Docket

An Albany man paid a fine of \$50 and costs in County Court this week after he had entered a plea of guilty to driving an automobile while intoxicated. All told, the man was out \$72.20 and his operator's license was automatically suspended for six months.

The complaint was signed by Highway Patrolman Jerry Bright and the alleged offense occurred in March, this year. Hearing on the complaint was deferred while the defendant was in a Dallas sanitarium.

Five separate check swindling complaints were also accepted this week by County Attorney Royce Adkins. Basis of the complaints were checks given Haskell merchants in recent weeks in amounts ranging from \$1 to \$20.

Black Indians Win Two-Game Series Over Abilene

The Haskell Black Indians defeated the Abilene Red Sox with top-heavy scores in a two-game series played here Sunday and Tuesday in connection with their June 19th observance.

In Sunday's game the Indians plastered the Red Sox 9-3 before a large crowd of spectators. Billie Davis, on the mound for the Indians, won his third game of the season for a record of three wins and one loss.

Tuesday the locals blasted the visiting Red Sox 9-5, but not without an effort. Pete Tolliver started against the Red Sox and was relieved in the fifth with the score tied 5-5. John Eggenhorst took over the hurling chores to victory and was credited with his first win of the season.

Sunday the Indians will go to Brookside for a game with the Black Tigers in that city.

Margaret Free, attractive 18-year-old daughter of Mr. and Mrs. George Free of the Paint Creek community will represent Haskell in the Cowgirl Contest at the annual Texas Cow-Boys Reunion in Stamford June 29 through July 4.

Free is a 1946 graduate of Haskell High School and attended college in Abilene until January 1949 when she returned home to her ranching interests. She is taking an active part in the operation of her father's ranch.

While attending the Abilene university Miss Free rode one of the famous white horses that carried the flags of the H-SU Cowboy Band. She was H-SU duchess of the Baylor University All-Collegiate Rodeo in 1950, and also that year she was a contestant in Sul Ross College and H-SU all-collegiate rodeos.

At Stamford, Miss Free will ride "Junior Damron," 5-year-old sorrel, that she uses in her ranch work.

Local Firemen Attending State Meet In Dallas

Three members of the Haskell Fire Department attended the annual three-day meeting of the State Firemen and Fire Marshals Association in Dallas Tuesday through Thursday.

Dates Announced For Revival At First Baptist

Dates were announced today for a two-weeks outdoor Summer Revival to be held at the First Baptist Church in this city.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

20 Years Ago—June 18, 1931

Mr. and Mrs. John Pace, Jr., of Dallas, are here for a visit with their parents, Mr. and Mrs. John W. Pace, Sr.

Crops in the Sagerton vicinity suffered considerable damage from hail which fell in that section Friday. Some farmers will be forced to replant their cotton for the third time.

Between 200 and 300 gallons of whiskey mash, a 100 gallon still and other whiskey making equipment were seized and destroyed by federal officers accompanied by Sheriff W. T. Sarrils and Deputy Olen Dotson last Thursday when they raided a secluded location in northeast Stonewall county. No one was present at the site when officers arrived and no arrests have been made to date.

The first wheat from the 1931 crop was received in Rule last Saturday when the Bristow, farmer living west of that place brought in several hundred bushels that tested No. 1 and sold for 40c per bushel. The yield in the Rule section is running from 18 to 25 bushels, buyers reported.

Mr. and Mrs. Oscar Oates left the first of the week for Fayetteville, Ark., to visit Mrs. Oates' mother and family.

Clarence Kerton of the Post community was bruised up pretty badly Monday afternoon when his team ran away. His injuries are not serious, but he has been unable to work this week.

Mr. and Mrs. Theron Cahill spent the week end with relatives in Abilene.

Mr. and Mrs. Lanham Williams of Vernon spent last week with her mother, Mrs. Edith English. They were accompanied home

Monday by Mrs. English who will spend several days in Vernon. T. L. Donohoo, who underwent a major operation recently in an Abilene hospital, is improving rapidly and has been returned to his home here.

40 Years Ago—June 24, 1911
Last Monday, Earl Cogdell, manager and owner of the Haskell Oil Mill, made one of the largest shipments of cottonseed oil ever made from West Texas. He shipped a train of ten cars that sold to N. K. Fairbanks & Co., makers of Cottolene cooking compound. The shipment was about 100,000 gallons in round numbers and sold for about \$42,500. The shipment goes to Chicago, Cincinnati, New York and New Orleans, to supply the Cottolene plants of those cities.

The E. F. Lamm family has moved into the home recently purchased from B. A. Barnes on the north outskirts of town. Mr. Barnes has moved to Arlington. Vernon Cobb, F. J. Schaefer, Dave Hale, Mr. Huffman, K. and O. McLennan, B. R. Middleton and Crunch Martindale of the southeast side attended District Court here Monday.

Presley Strain, who lives near Vontreas was here Thursday. He reported that he and his father, R. M. Strain, have 115 acres of cotton that is blooming and looking fine. He said they had 50 acres of maize that would make about 20 bushels even if it gets no more rain.

O. E. Patterson of Lubbock spent several days in the city this week on business.

I. P. Carr and J. L. Jackson left Monday night for St. Louis

Boys, Girls 4-H Club Work Touches All Phases of Agriculture and Homemaking

Midway of the century 116,713 Texas rural boys and girls were enrolled in 4-H demonstrational work in agriculture and home economics. This great army of youths organized into 4,793 clubs "to make the best better."

The Haskell Power Company has announced that they will close their ice plant at 2 p. m. on Sunday and 7 p. m. on week days in the future. No ice will be sold after these hours.

Judge and Mrs. Joe Irby went to Rule Monday where they took the Orient train for Van Horn in Culberson County, where he was recently elected to serve as County Judge.

50 Years Ago—June 29, 1901
The scholastic census of Haskell county has been completed and shows 900 children of school age in the county's 14 school districts compared with 608 last year.

Our oldtime citizen, F. W. Park and family, now of Borden county came down this week on a visit to the family of his brother.

Frank Vernon was out in the southwest part of the county in the Garren neighborhood Tuesday and he tells us that a thresher has been at work in that section. Several fields of wheat have been threshed and the yield is better than had been expected. Most of the wheat is running from 18 to 22 bushels to the acre, he said, with some yields of 35 to 40 bushels noted.

S. W. Scott went to Stamford Tuesday and officials in organizing a Masonic Lodge at that place.

Several big wagon loads of wheat and corn have passed down the road this week to market at Stamford. The corn, of course, was of last year's crop. Not having a mill to handle the grain Haskell is forced to lose much trade of this kind that should come here.

R. W. Herren is preparing to build a nice residence on his ranch about five miles northwest of town.

C. M. Kaigler has had his ice cream parlor newly papered and curtained and provided new linen for the tables. He now has the nicest place of the kind in town.

Fred James, who has been in Dallas for the past two years, is here on a visit to his parents and family.

Tucker Milam sold his residence this week to Mr. Peters, the barber.

J. H. Keller came in Thursday from the west and reports cattle going well out there, though they have had no rain for several months.

E. G. Bennett and other Wild

Good control of cotton insects has been obtained experimentally with nozzles that delivered quantities of spray ranging from 1.8 to 13.5 gallons per acre. The important thing is to apply the proper amount of insecticide, says Texas A&M entomologists.

For farmers who have trouble figuring the amount of poison they are applying per acre, Extension Entomologist A. C. Gunter has a simple solution. He suggests filling the tank with water and spraying an acre of ground. Then, the gallons of water used can be determined, and the amount of insecticide needed in the tank can be figured.

For example, a farmer with a 50-gallon tank might want to apply one pound of poison per acre. If five gallons of water were required to fill the tank after one acre had been sprayed, he would need 10 pounds of poison in the 50 gallons of spray solution.

Under experimental conditions dusts and sprays have given

equally good insect control. But because of weather conditions common to Texas, applying insecticides by spraying is preferred by many farmers. A&M entomologists believe the hollow cone type nozzles give better coverage than the fan type nozzles. An ideal spray pressure is about 60 pounds.

One nozzle per row gives satisfactory control of cotton plants that are not more than 10 inches high. For plants between 10 and 22 inches high, two nozzles per row are needed. Three nozzles per row are recommended for plants over 22 inches high—with one on each side and the third directly above the row.

Gunter says it is usually better to have the spraying equipment mounted on the rear of the tractor. This keeps the insecticide from collecting on the tractor and getting on the operator.

Texas A&M agricultural engineers have developed plans for a new home-made row crop sprayer. The design calls for rear mounting, which will permit cultivation along with the spraying operation. Plans for constructing this sprayer may be obtained by requesting Plan No. 379 from county extension agents.

Gunter suggests that cotton growers ask their county agents for copies of the 1931 Guide for Controlling Cotton Insects.

If the warring nations ever get into a race to develop an Oxygen Bomb, Russia should win hands down—for Russians seem to have more oxygen (at least hot air) than any people anywhere.

A progressive four-phase program sponsored by the Sears-Roebuck Foundation in cooperation with the Extension Service, attracted large participation by 4-H Club members in 1930. The foundation furnished original and replacement breeding stock for swine in 161 counties; dairying in 54; poultry in 44; and sheep in six. A state 4-H club leader is responsible for the operational portion of the program, while county agricultural agents supervise carrying it out.

Club demonstrators with livestock exhibited freely at state and national stock shows and in many cases placed highly in class judging. But the major trend is toward the production of a good type of commercial beef animal.

Other activities included holding 15 district laboratories and 15 district 4-H camps attended by 3,750 boys and girls. Seven of the camps were conducted jointly. A total of 1,200 boys and girls and 250 adult leaders from over the state were present at the annual state 4-H Roundup, while 33 Texas delegates attended the National 4H Congress at Chicago. Five of these were awarded med-

Cotton Spraying Methods Listed By Specialists

Haskell

Haskell, Knox, Baylor Form Cotton Improvement Group

Haskell Students Attending H-SU Summer Term

Three people from Haskell are among the 1,005 students enrolled at Hardin - Simmons University for the first term of the summer semester. Classes began May 31 and will end July 7.

The students from Haskell are A. C. Brewer, Nancy Fay Burton and Wanda Faye Smith.

Dr. Robert Collins, director of the university summer school, announced that approximately 300 of the registrants are working on their master degrees. A total of 328 veterans—more than in either the fall or spring semesters—are enrolled.

The summer term will begin July 10, he said. The summer school schedule calls for two long terms of six weeks each and one short term of three weeks. Courses are being offered in 21 different fields of study, and special schools for bands and choir will be held.

Brewer, the son of Mr. and Mrs. Raymond Brewer, is a junior at the university.

Miss Burton, a sophomore, is the daughter of Mr. and Mrs. R. L. Burton, 503 N. 5th.

Miss Smith, the daughter of Mr. and Mrs. Travis M. Smith, is a sophomore.

Deadline Near On Filing for Veterans Security Benefits

June 30 is the last day for many parents of deceased World War II veterans to file dependency statements with the Social Security office. This reminder was issued today by Ralph T. Fisher, manager of the Abilene office of the Social Security Administration.

The 1950 amendments permit military service during World War II to be counted along with civilian work under social security. Thus, many men who died in service or after discharge are now "insured" under social security, even though they may have had little or no civilian employment.

If the deceased veteran was survived by a widow or child, the parent is not normally eligible under social security laws. In the case of single veterans, however, the parents can receive payments at age of 65 if the deceased son or daughter was furnishing at least half of the parent's support at the time of death. Proof of support must normally be filed within two years after date of death. In the case of men who died during World War II, or more than two years ago this proof is acceptable if filed on or before June 30, 1951.

HERE FROM FORT WORTH

Mrs. Lela Cox of Fort Worth spent the week end visiting in the home of Mr. and Mrs. Seet Cox and other relatives and friends in the Paint Creek community.

ROBERT GLENN WALTON SELLS ANGUS

Robert Glenn Walton of Haskell, recently sold ten pure bred Aberdeen-Angus cows and two bulls to T. E. Kuykendall of Abilene, Texas.

Several Rochester Families Move Into New Homes Recently Completed

By MRS. JAS. A. GREER

Dan Smith of Rochester is attending Arlington College this summer.

George Oates and family of Stamford spent Sunday in the home of Mrs. M. M. Clark in Rochester.

Mr. and Mrs. Forest Bell and three sons of Delhi, La., were visitors Sunday in the homes of their uncles, Allen and Mack Bell and families in Rochester.

Mr. and Mrs. Allen Bell have returned to their home in Rochester from Grand Prairie, where they have been for the past two weeks taking medical treatment.

Emma Jean Walton, a student at Hardin-Simmons University, is spending the summer at home in Rochester.

Mr. and Mrs. R. A. Shaver, Jr., and children Cookie and Marsha spent the week end at Slaton with Mrs. Shaver's parents, Mr. and Mrs. W. C. Church.

A number of pretty homes have been completed in Rochester recently and are now being occupied by their owners. Those living in their new homes include the Herman Williams, Wilburn Adkins, Joe Edd Parsons and R. A. Shaver, Jr. The new home of Mr. and Mrs. Earl Alvis will soon be completed and ready for occupancy.

Mr. and Mrs. Dick Gibbons and daughter of Alberta, Canada, are in Rochester visiting Mrs. Gibbons' father, J. S. Walton and family.

Mr. and Mrs. J. H. Parsons spent the week end in Abilene with their daughter, Mrs. R. C. Fry, and Mr. Fry.

Mr. and Mrs. Harold Johnson and children of Centre, Ala., are in Rochester, visiting her parents, Mr. and Mrs. W. Z. Wadzeck.

Grain Sorghum Crop of 148 Million Bushels Produced In Texas From 1950 Crop

By F. W. Martin, County Agent

The grain sorghum crop in Texas in 1950 totaled 148.8 million bushels and was produced on 6.5 million acres. It accounted for 52 per cent of the total production of all grain crops grown in Texas and 63 per cent of the total grain sorghum crop grown in the United States. Dwarf combine varieties today occupy almost the entire acreage of this grain crop. The breeding and introduction of combine type has brought about a complete change in the culture and handling of grain sorghums during the past ten years. New varieties bred for dwarf stature, combining adaptation, satisfactory yield and other desirable qualities, have solved the problem and limitations of harvesting so satisfactorily that the production of grain sorghums in Texas has doubled in the past decade.

Five new sorghum varieties, which were developed in the plant breeding and improvement work of the Texas Station, were named and released to farmers and seed producers in the early spring of 1950. Three of these are combine varieties. Combine Kafir-60, Redbine-60 and Redbine-66; one is a forage variety named Hi-Hegari, and the other a pop-sorghum.

Kafir Types
Combine Kafir-60 was developed by crossing a double dwarf Kafir selection to Texas Blackhul Kafir and backcrossing a selection from that cross to Texas Blackhul Kafir, followed by selection for double dwarf height, earliness and adaptation to combine harvesting. The stalks of Combine Kafir-60 are juicy and stand up well in the field. The head is erect on a long peduncle, the exertion is good and the head dries as the plant matures, making it possible to combine before frost. White seeds with black specks are borne in the heavy awnless heads. The variety yields well, and the test weight of the grain averages 60 pounds per bushel. In June 1 plantings at Lubbock, Combine Kafir-60 blooms in about 60 days, about a week earlier than Plainsman and Texas Blackhul Kafir.

Redbine-60 and Redbine-66 are new red seeded varieties rather similar except for their maturities. Both were selected from a cross between Martin and S. A. 7008, a sister selection of Caprock. Redbine-60 blooms in 60 days, a little earlier than Martin, and Redbine-66 blooms in 66 days, a little earlier than Plainsman. Both have dry headstems and long peduncles which make possible earlier and easier combine harvesting. Both varieties have a longer peduncle, better threshability and better exertion than Plainsman; both have a brighter reddish-yellow seed color than Martin. Redbine-60 has awns and the grain tests about 59 pounds per bushel, while Redbine-66 is awnless and tests about 60 pounds per bushel. Redbine-60 is a little later in production because of its earliness, while Redbine-66 will yield better under favorable conditions because of its longer growing season.

Plainsman is a double dwarf combine variety developed by the Texas Station from a cross between Kafir and milo that was made in 1927. It was distributed to a few farmers in 1937 and given wide distribution in 1941. The stalk is thick and stout, bears 24 to 15 mature leaves and tillers slightly. Under favorable conditions it produces large heads that are long and cylindrical, resembling kafir. Exertion of the head from the boot is fair. Seeds are of good color, reddish-yellow, and medium in size and hardness. Plainsman blooms in 72 days, matures in 110 days, and is about a week later than Martin. It has about the same maturity and number of leaves as the older varieties, Texas Blackhul Kafir and Dwarf milo, and, therefore, has potentialities for high production. The variety is resistant to milo disease.

Caprock is a double dwarf combine variety developed from the same cross as Plainsman. It was named and distributed in 1941. The stalk is thick and stout, bears 1 to 16 mature leaves, and tillers slightly. Its large heads are a little less compact than Plainsman and seed branches are

a little longer. Exertion from the boot is fair. Seeds are of good color, are brighter and look more like yellow milo than do other combine varieties, and are of medium size and hardness. Caprock blooms in 77 days and matures in 115 days. It is later in maturity than other combine varieties and will produce larger yields of grain under favorable soil and seasonal conditions. The variety is resistant to milo disease.

Martin is a double dwarf combine variety selected as a single plant from an outcross in Wheatland. It was selected for its resistance to milo disease by W. P. Martin of Lubbock, and distributed in 1940. Martin has somewhat slender kafir-like stalks, bears 11 to 12 leaves, is non-tillering, and should, therefore, be planted thick. The heads are not large, but the rachis and seed branches dry out soon after maturity. The grain can be harvested shortly after the seeds are mature, which is the chief merit of this variety. Exertion from the boot is good. Seeds are brown to brownish-red in color, contain more tannin than other combine varieties, and are less palatable, medium in size and hard. It is an early variety and, while it does not yield as much as the later combine varieties under favorable conditions, it is more likely to make grain consistently under less favorable conditions.

Midland is a double dwarf combine variety which was developed from a cross between pink kafir and dwarf yellow milo by the Kansas station at Hays. It was named and distributed in 1945, and comprised about half the grain sorghum acreage in Kansas and Nebraska in 1946. Midland has stiff, slender, kafir-like stalks, bears 11 to 12 leaves and tillers slightly. The head is short and open at the tip, and the seed branches are green. Exertion from the boot is good. The medium to small round seeds are bright red in color and thresh readily. Midland blooms in 65 days and matures in about 100 days. It is an early variety adapted to the northern parts of the sorghum region. It makes consistent but lower yields farther south than the later-maturing varieties. The juicy stalk and green heads may cause a delay in har-

vesting, but very little lodging occurs in this variety.

Westland is a double dwarf combine variety originating as a selection from the progeny of a natural outcross resistant to milo disease occurring in the Wheatland variety at the Garden City, Kans. station in 1930. It was first distributed to farmers in 1942. The stalks are slender and stand up fairly well, although not as well as Midland. Westland produces medium-sized, kafir-like heads. Exertion is good. The seeds are reddish-brown in color and are of medium size and hardness. Westland blooms in 70 days and matures in 100 to 105 days, and is similar to Martin and Midland in performance.

Combine 7078 is a double dwarf combine variety developed by Texas Station from a cross between kafir and milo that was made in 1936. It has never been given wide distribution but has been distributed to farmers in special problem areas beginning about 1944. The stalk is not as stout nor as tall as Plainsman or Martin, nor will it stand as long after maturity. The plant bears 11 to 12 mature leaves and tillers slightly. It blooms in about 65 days, a few days earlier than Martin. The heads resemble kafir and are cylindrical and somewhat open. Seeds are of a good milo yellow color when the grain is ripening, if the season is dry, but during wet periods the seed withstands weathering poorly, since they are soft and subject to attack by fungus organisms which cause deterioration. The variety is adapted to dry areas along the western edge of the Sorghum Belt and on "tight" soils where soil moisture is not adequate for growing higher-yielding, later varieties. Its certainty of producing some grain under rather adverse conditions is its principal asset.

TAKES POSITION IN HOUSTON

Edwin C. Cass, formerly instructor at A&M College at College Station spent the week-end in the home of his parents, Mr. and Mrs. Ed Cass of this city. He left Monday for Houston where he has accepted a position as public accountant. He has recently received his C. P. A. certificate.

Area Mail Service Survey Planned To Back Request for Highway Post Office

A survey of existing mail service facilities between Wichita Falls and Abilene was recommended following a meeting of the Wichita Valley Mail Improvement Association, held Friday night in Munday.

Agent Advises Use Of Home Freezer For Fresh Fruits

Leave room in your home freezer for plenty of fruits and vegetables, says Thelma Wirges, County Home Demonstration Agent. The nutritive value and flavor of frozen foods are nearer that of fresh product than any other means of preservation, the agent advises.

Miss Wirges suggests 5 steps to successful freezing of foods: first, start with a good quality product. Freezing does not improve quality, just conserves it. So select fruits and vegetables of good variety and harvest at the right stage of maturity.

The second step is careful preparation and speed. Prompt handling, chilling and freezing helps retain quality.

The third step is select containers which are moisture and vapor proof to keep the product from losing flavor, color, food value, and changing in texture.

Then, freezing quickly at the right temperature. Home freezers are designed primarily for food storing, but you can freeze small quantities of vegetables and fruit by placing the packages against the bottom or sides of the freezing chamber with space left around them for air circulation.

The last step is successful freezing of fruits and vegetables is to store them at zero degrees F. If the temperature rises, the food changes in color, flavor and loses food value.

Buick's newest engine — the F-263 Fireball — gives this year's SPECIAL the highest power in SPECIAL history

Remember - only BUICK has a FIREBALL ENGINE

WE get a chuckle, sometimes, over all the fuss that's being made about "new engines."

You'll note that the key feature of their design in every case is the valve-in-head principle — whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression"—and how high you can go depends upon the available fuel. Using this design, wartime aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this: No other type of engine has ever been used in a Buick — which means that Buick owners, all along, have been getting a lot of things that others have just "discovered."

When you come to check the field you'll find that there's a sweet freedom from roughness to this engine's operation—tracing to the fact that the whole mechanism itself is engineered smooth, and the further fact that every Fireball Engine gets a Micropoise balancing after assembly.

But that's not all. They get something more — vastly more — because today's Fireball Engine has one standout feature found in no other automobile. That name "Fireball" isn't just a trick word. It describes what happens inside this engine. Inrushing fuel rolls into a

swirling ball of gasoline vapor compacted around the spark plug. And when the fat spark sets it off, a cyclone of power lets go.

Of course, a Fireball Engine, being a valve-in-head, keeps pace with high-test fuel, when it comes to "high compression."

But what's more important in the present state of the world is this: A Fireball Engine is designed to handle the not-so-high-test fuel we may be getting in the not-too-distant future.

So, if you want to sample all that's fine in motorcar engines, your Buick dealer is the man to see. Come in soon, and find out what the rest of the world has been missing.

Equipment, accessories, trim and models are subject to change without notice.

News From Sagerton

The closing exercises of the Daily Vacation Bible School at the St. Paul's Lutheran Church were held during the worship hour Sunday morning. Approximately 50 Bible school pupils participated in the Children's Day program. Friday, the last day of the school, the children completed their work and their mothers and teachers treated them to a picnic lunch served in the basement of the church. In the afternoon after they finished practicing for Sunday's program, they were treated to ice cream cones. Rev. O. K. Oelke, pastor, expressed his appreciation to the teachers, parents and pupils for their cooperation, good work and good attendance during the two-week session.

After the Bible school was over the ladies of the Women's Missionary Circle held a short business meeting and then they cleaned the church from top to bottom for their monthly work-day.

The Sagerton Home Demonstration Club met in the home of Mrs. Delbert LeFevre Tuesday afternoon, June 12. Mrs. Reece Clark presided during the business meeting. The meeting was opened with three songs the club is trying to learn, led by Mrs. O. K. Oelke.

Mrs. M. Y. Benton, council delegate, gave her report. One thing reported was the annual encampment will be held July 19-20 at the Luaders Encampment Ground. Mrs. O. K. Oelke was selected as the club's nominee for delegate to go to the THDA meeting at A&M in August. A round table discussion on what the club would like to take up next year, ended in everyone voting to take up home furnishing and metal craft, if possible.

The program consisted of two parts: Mrs. John Clark gave summer flower tips and Mrs. A. C. Knippling gave an ironing demonstration, showing the correct way to iron a shirt.

Marble cake, jello and fruit topped with whipped cream was served with lemonade to Mmes. M. Y. Benton, Chas. Clark, Reece Clark, John Clark, Cliff Gholson, Glyn Quade, F. A. Stegemoller, Herbert Nierdieck, Anton Tichelman, C. E. Stegemoller, A. C. Knippling, Will Stegemoller, Ewell Kitley, J. C. Kainer, Pete Kitley, O. K. Oelke and the hostess.

The next meeting will be held June 26 in the home of Mrs. Herbert Nierdieck.

Several members of the Sagerton Home Demonstration Club attended the First Aid Course given by members of the Blue Bonnet Club this week. This was a complete 18-hour course.

Pvt. J. D. Kupatt, son of Mr.

and Mrs. B. Kupatt, who is stationed at Fort Sill, Okla. with the U. S. Army, spent last week end with his parents.

Jack Tabor, a student at Tarleton State College at Stephenville spent last week end with his mother, Mrs. J. L. Guinn.

Mr. and Mrs. M. Y. Benton spent last week end in Lubbock with Mr. and Mrs. Eldon Cook and Carolyn. Carolyn came home with her grandparents to spend two weeks.

Mr. and Mrs. Tullie Herring and family and Mrs. Emma Lamert of Amarillo stopped by Sagerton Friday for a short visit with Mr. and Mrs. F. A. Stegemoller and other friends. They are former residents of Sagerton.

Harvey Stegemoller was honored with a farewell party at the home of Mr. and Mrs. A. C. Knippling, his uncle and aunt Monday evening, June 11. The guests enjoyed a wiener roast with all the trimmings and home-made ice cream and cake. Present were Harvey Stegemoller and his parents, Mr. and Mrs. F. A. Stegemoller and Kenneth. Mr. and Mrs. Will Stegemoller, Rev. and Mrs. O. K. Oelke and Luther, Mr. and Mrs. Frank Boedeker, Mr. and Mrs. Albert Knippling and Mr. and Mrs. Dan Rinn of Stamford, Mr. and Mrs. C. E. Stegemoller, Mr. and Mrs. Leon Stegemoller, Mr. and Mrs. Alfred Hertel and the host and hostess and their daughters, Dahlia, Dorothy and Lois. Harvey left Wednesday for Salida, Colo., where he will serve as a student pastor during the summer.

Mr. and Mrs. Melvin Lewis of the New Hope community and Mr. and Mrs. Fred Spitzer were guests in the home of Mr. and Mrs. Grady Laughlin Sunday. The occasion was the fifth birthday of Melvin Lee Laughlin.

Mr. and Mrs. Otto Lehmann are the grandparents of a new granddaughter, LaVerne. The father and mother are Mr. and Mrs. J. C. Schwartz who live in Borger. She arrived last week. Mrs. Schwartz is the former Pearl Lehmann.

Mrs. Irene Bell of Los Angeles is visiting her niece, Mrs. Cliff LeFevre. Mr. and Mrs. Ernest Nugent of Sundown brought her here last Thursday after she had visited them. Other guests in the LeFevre home Sunday were Mr. and Mrs. Delbert LeFevre and children, Mr. and Mrs. Oscar Manske and family and Dr. J. C. Davis and Van Laughlin of Rule.

Miss Glenda Clark entertained a group of teen-agers in the home of Mr. and Mrs. Reece Clark last Thursday evening. About 17 young people enjoyed games and refreshments.

The ladies of the Women's Society of Christian Service of the Methodist Church here sponsored a zone meeting here Thursday, June 14. The theme of the program was Loving, Learning and Living.

The morning service was opened with the singing of "My Jesus I Love Thee" and the devotional, "Loving" was given by Mrs. Oran D. Smith of Luaders. Mrs. Howard Owens of Tuxedo gave a talk on "Learning." This was followed by a talk on the "School of Missions" by Mrs. O. R. Cox of Rochester. After a skit on Rural Life Preference, the morning session was ended.

Dinner was served by the Sagerton ladies at the Sagerton school lunch room. The afternoon session began at 1 o'clock by the singing of "Living for Jesus." After a prayer and roll call, a business meeting followed. The after-

noon program consisted of the following: "The Advance" by Mrs. Simpson of Rule; "The Atlas Plan" by Mrs. R. O. Henry of Rule; and "Dedication of Talents" by Mrs. Garth McCallum of Stamford, and a successful zone meeting was brought to an end.

Mr. and Mrs. Zenor Summers and children, Patricia and Mike are on their vacation in Oklahoma, Texas and Arkansas for two weeks.

Mrs. O. G. Neinst and her daughter, Lillian, entertained the members of the Zion Lutheran Ladies Aid in their home Thursday afternoon, June 14. After the business meeting, Rev. Driessner, pastor, discussed the "Duties of Members Toward Their Church."

Sponge cake, sandwiches, olives and punch were served to Mmes. H. E. Driessner, August Hahn, Emma Baitz, Joe Clark, Alfred Hertel, Carl Hertel, Willie Tredemeyer, Beno Erdman, C. E. Stegemoller, Arnold Miers, Harvey Hahn, Bill Stanhope, Rufus Schmidt, F. A. Stegemoller, Eunice and Buencie Miers and the Rev. Driessner and the hostesses.

The next meeting will be in the home of Mrs. Rufus Schmidt.

Several girls from Sagerton who are members of the home-making class at Rule High School attended the annual summer camp at Buffalo Gap June 14 and 15. They were Loretta Neinst, Adrienne Lehmann, Lois Knippling, and Marva Ruth Wendeborn and Miss Dahlia Kipling, their teacher.

'Oyster' Deleted In New Title of State Bureau

Under new legislation increasing the Game, Fish and Oyster Commission from six to nine members, the word "Oyster" was deleted from the title.

The change will not be made until September when the new act becomes effective.

Legislators authorized the change to simplify the title and make it "Texas Game & Fish Commission." They also acted because oysters are considered as shell fish such as shrimp, and therefore are covered under the appellation "Fish."

The legislative action stirred some sentiment among the older residents of the state who recalled that the first designation was that of "Office of Fish and Oyster Commissioner" created by the Legislature in 1895. Emphasis then was on marine fisheries since oysters comprised a major fishing industry.

In 1904, Texas produced approximately 200,000 barrels of oysters which would be worth more than \$2,000,000 at present day prices. The oyster crop dropped off gradually until the latest annual harvest total showed 7,000 barrels.

FEEL ITS NEW EASE! . . . With sensational new Hydraguide power steering four-fifths of the work is done for you at your touch on the wheel! The slightest lady can park the biggest Chrysler with two fingers . . . drive all day with freedom from arm fatigue!

ENJOY ITS NEW CONTROL! . . . You can't imagine the feel of complete command this new kind of steering gives you. In city traffic . . . on awkward driveways . . . in snug garage doorways . . . you never felt steering control like it.

DRIVE WITH THIS NEW SAFETY! It not only makes steering four-fifths easier . . . but many times safer, too. Takes out the strain driving in ruts, sand, snow or cross-country. Even off the road onto a soft shoulder, Hydraguide helps keep your car steady with almost no effort!

Not in the "lab" but ready to drive now!

Chrysler's New Hydraguide Power Steering!

This year, for the first time on any American passenger car, Chrysler presents the new principle of Hydraguide hydraulic power steering. It's not "in the future" . . . it's out on the road NOW! It is being called the most important automotive achievement since the development of the self starter. People who try it—even after hearing about it from friends—are completely surprised and delighted at the totally new ease and control Hydraguide gives them at the wheel. It is regular equipment on Crown Imperials, optional at extra cost on other Imperial and New Yorker models. Your Chrysler dealer invites you to try it for yourself.

Maxine Turner and James Russell Recite Vows At Rochester Methodist Parsonage

Graceful arrangements of roses and lilies decorated the living room of the Rochester Methodist parsonage Thursday, June 14, when Miss Maxine Turner became the bride of James Russell at 2:30 p. m. The Rev. Cecil Fox, pastor of the Rochester church, read the impressive single ring ceremony.

The bride is a daughter of Mr. and Mrs. S. F. Turner and is a graduate of Rochester High School. The groom, also a graduate of Rochester High School, is the son of Mr. and Mrs. Emmet Russell. Both are popular young people of the Rochester community.

The bride wore a Navy crepe dress with rhinestone clips and white accessories.

The couple's attendants were Mr. and Mrs. Dud Hamilton of Lubbock. Mrs. Hamilton wore a white nylon marquisette frock on which was painted dainty sprays of flowers.

Only close relatives witnessed the ceremony.

After a brief honeymoon trip the couple will make their home in the Webb Apartments in Rochester.

CARD OF THANKS

We wish to express our gratitude for the many kindnesses, the floral offering and the words of sympathy during the recent loss of our loved one. Should sorrow come to you, our prayer is that the Lord will bless and sustain you.—The Furth Family.

Cameron Park In Waco Is Site For Tubbs Reunion

Mr. and Mrs. John L. Tubbs of this city, joined by more than 80 descendants of the Tubbs' family from many towns and cities in Texas and points as far away as California gathered at Cameron Park in Waco for an annual family reunion recently.

The gathering was held in a spacious arbor in the park, and despite a heavy rain which fell most of the time, the day was pleasantly spent recalling past events, visiting, and renewing acquaintances.

The Tubbs family were early settlers in Texas, coming to this state originally from Tennessee after stopping a few years in Arkansas. The family first settled in Parker County, and descendants later moved to McLennan, Coryell and Coleman counties and other sections of the state. A family reunion is held each year.

In the group of more than 80 present for the affair, those attending from this section included Mr. and Mrs. Tubbs of this city; Mr. and Mrs. Jim Tubbs, Mr. and Mrs. Virgil Jenkins, Mr. and Mrs. Bill Tubbs and family of Anson; Mr. and Mrs. W. C. Tubbs and grandson; Mr. and Mrs. Bob Tubbs and family of Abilene.

VISIT IN HOME OF MOTHER

Mr. and Mrs. Frank Kimbrough and children, Frank and Beth, of Canyon, were week end visitors in the home of his mother, Mrs. W. A. Kimbrough and other relatives and friends here. They were on their way to Waco, where their daughter, Beth is to enroll in Baylor University. Mr. Kimbrough is head football coach at West Texas State College, Canyon.

CHILDREN OF MR. AND MRS. TONY PATTERSON HOME FOR WEEK END

Mr. and Mrs. Tony Patterson had as guests in their home during the week end the following children: Hazel Bland and Carole of Dallas, Mr. and Mrs. B. J. McLain and son of Dallas, Pearl Spann and son of Irving, Janet Mullen of Dallas, T. C. Patterson and family of Haskell. Also Mrs. Patterson's brother, Clyde Johnston and family of Tulsa, Okla.

NEWS OF INTEREST TO WOMEN

Throckmorton's attractive sponsor who will represent that city at the Annual Round-up and Rodeo opening in Seymour today, and at the Texas Cowboy Reunion in Stamford June 30-July 4 will be Miss Frankie Criswell, daughter of Mr. and Mrs. R. L. Criswell of Throckmorton. Mr. Criswell is manager of the Swenson Ranch in Throckmorton county. The charming and talented young woman is an expert rider.

Annual Hugon-Josselet Reunion Held Here Sunday With 160 Descendants Present

Andrew Josselet was elected president of the Hugon-Josselet family organization Sunday June 17 when 160 descendants met here in the American Legion Hall for an all-day meeting and family reunion.

The original founder of this family was B. A. Hugon, grandfather of A. J. Josselet and of his brothers and sisters. B. A. Hugon came from Europe and South America to Texas and lived the last half of his life in Cooke County, Texas. One of his daughters was Catherine who married Victor J. Josselet who was one of Haskell County's pioneers and oldest residents, having lived to a ripe old age of over 90 years.

The Josselet family, descendants of Victor and Catherine Josselet, have for the most part lived in and near Haskell for many years. This family has annual home comings and reunions. This year, however, they invited other branches of the family which were all descendants of the pioneer B. A. Hugon.

The morning was spent in visiting and reminiscing, looking at family pictures and scrapbooks. At noon a bounteous feast was enjoyed in the spacious and air-conditioned Legion Hall. Miss Margaret Toliver registered all who came.

During the day the following program was given: An address of welcome by A. J. Josselet, who was presiding chairman. Prayer by J. L. Toliver, Sr.

Wanda Andress Is Bride of Harley Langford June 15

The marriage of Wanda Andress, daughter of Mr. and Mrs. Beno Andress, and Harley Langford, son of Mr. and Mrs. Clint Langford was solemnized Friday evening June 15 at 9:20 o'clock in the home of the bride's parents.

The Rev. W. T. Priddy read the double ring ceremony. Attendees were Mrs. Pill Shelton of Fort Worth, sister of the bride, as maid of honor and best man was the bridegroom's brother, R. C. Langford of Haskell.

The bride wore a street length dress of white nylon net over satin with a corsage of pink carnations. Her accessories were navy and white.

The young couple will make their home at 900 North 4th in Haskell.

Pre-Nuptial Showers Compliments Mrs. Langford

The Clifford Nicholson home was the scene Saturday, June 9th for a bridal shower honoring the former Wanda Andress, whose marriage to Harley Langford was solemnized June 15. Refreshments were served to 52 guests.

On June 14th a gift shower honoring the former Miss Andress was held in the home of Mrs. W. R. Pierson. Cake and ice cream was served to the guests.

Reunion of J. E. Martin Family Held Here

Mr. and Mrs. J. E. Martin of Throckmorton were together with all of their children, several grandchildren and intimate friends at a family reunion held in the home of Mr. and Mrs. John B. Martin in this city Sunday.

The day was spent in visiting, and at noon dinner was served to Mr. and Mrs. J. E. Martin and Bob of Throckmorton; Mr. and Mrs. J. B. Caldwell and three daughters of Lubbock; Lieut. and Mrs. Leroy Martin of Austin; Mr. and Mrs. Bill Martin of Laurel, Miss.; Bill Wilbanks of Lubbock; George Reynolds, Throckmorton; and the host and hostess, Mr. and Mrs. John B. Martin and children.

Josselet Club Members Given Council Report

The Josselet club met in a regular meeting June 12 at the Josselet club house. Mrs. J. B. Dunnam gave a council report and club members gave recommendations for the 1952 year book. Refreshments were served to the following members: Mesdames L. L. Carroll, J. L. Toliver, Jr., C. A. Thomas, J. B. Dunnam, Bill Reeves, Carl Bailey, J. P. Perrin, W. B. Hill, Ray Lancaster, Misses Margaret Toliver and Betty Hill, one visitor, Mrs. Clyde Baty and the hostess, Mrs. J. L. Toliver, Sr.

Haskell Couple Wed In Acapulco, Old Mexico

Miss Aliene Coffield, daughter of Mr. and Mrs. Hardin Coffield of this city, and Bill Calhoun, son of Mr. and Mrs. Sam Calhoun of Graham were united in marriage June 8th in Acapulco, Old Mexico. The bride wore a beige lace dress with a corsage of pink carnations. Her accessories were navy blue.

On their wedding trip they visited in Mexico City, San Antonio and other points of interest.

VISIT PARENTS DURING WEEK END

Mr. and Mrs. Bertis White of Dallas spent the week end here visiting their parents, Mr. and Mrs. H. C. King and Mr. and Mrs. R. B. White.

VISITORS IN HOME OF MR. AND MRS. J. L. TUBBS

Mr. and Mrs. John L. Tubbs had as visitors in their home during the week end, her brother and wife, Mr. and Mrs. Henry Churchwell and their grandchildren, Donald and Delores Churchwell of Gonzales, Texas.

VISITS PARENTS IN WINTERS

Mrs. Walter Gresham and children, Jerry and Kay, spent several days last week visiting in the home of Mrs. Gresham's parents, Mr. and Mrs. C. C. Benson in Winters. Mr. Gresham went to Winters Saturday and accompanied Mrs. Gresham and their children home Sunday afternoon.

Before you go on that trip—

MR. AND MRS. GENE CAMPBELL

Frierson-Campbell Wedding Vows Read In Ceremony At First Presbyterian Church

A wedding of interest to a wide circle of friends was that of Velma Frierson and Gene Campbell in the First Presbyterian Church in this city Sunday June 10.

The bride is the daughter of Mr. and Mrs. Felix Frierson of Haskell, and the groom is the son

of M. E. Campbell of Graham. The altar was marked with white silk baskets of Plectygladuloses with palms forming the background. Bows of white satin ribbon and statice marked the aisle pews.

Mrs. John Pace, organist, played traditional nuptial music and accompanied Mrs. Bradley Buford of Bryan who sang "At Dawning" and "O Perfect Love."

The bride, who was given in marriage by her father, wore a white lace dress over satin. Her picture hat was straw and maline. She carried a crescent bouquet of gardenias.

Mrs. Monte Frierson, sister-in-law of the bride was her matron of honor and Virginia Frierson, niece of the bride, was junior bridesmaid. They wore dresses of blue and carried crescent bouquets of pink delight roses. Their stashed white lace Juliette caps were identical.

Boyd Campbell of Graham was his brother's best man. Ushers were F. E. Frierson and Monte Frierson, brothers of the bride, W. C. Steele, brother-in-law, and Ervin Frierson, a nephew.

The reception was held immediately following in the Magazine Club house, where the bride's tables were laid with organdy with white bows of pink and blue ribbon, the chosen colors. The wedding cake was topped with a small bouquet of feverfew with pink gladiola florets joining the base. Mrs. F. E. Frierson and Mrs. G. F. Holloway served cake and Mrs. W. P. Trice and Mrs. Boyd Campbell poured punch.

For going away the bride chose navy faille and matching accessories. On their return Mr. and Mrs. Campbell will make their home in Haskell.

DR. GERTRUDE ROBINSON

Relative of Mrs. R. B. Guess Dies In Fort Worth

E. L. White, 84, of Fort Worth, brother-in-law of Mrs. R. B. Guess of the Mattson section, died Monday morning about 11 o'clock in Fort Worth.

Funeral for Mr. White was held in that city Tuesday at 4 p. m., and burial was in Greenwood Cemetery.

Those attending the funeral from this section included Mr. and Mrs. W. B. Guess, Mrs. V. C. Derr and Mrs. J. A. Mayfield of Weinert and Mr. and Mrs. H. C. Hughes of Munday.

Area Council Scout Committee Meeting Set June 28

The Northern District Council for the Chisholm Trail Council, Boy Scouts of America, will meet at the Methodist Church Thursday, June 28.

Leaders of Cub Scout Packs will be present to participate in the Cub round table.

The Northern District Committee is the administrative board of the northern district. Hubert L. Watson of Stamford is chairman, and Gene Thomas of Albany and W. O. Holden of Haskell are vice-chairmen.

Colored Singers Give Program At Lions Club Meet

A talented group of teen-age Negro singers furnished a thoroughly enjoyable program of songs at the regular meeting of the Lions Club Tuesday at noon in the Texas Cafe luncheon.

During the business session preceding the program, minutes of the club directors meeting held Friday morning were read and approved.

Program chairman for the day were J. M. Crawford and Geo. W. Burkett, who presented Mary Lou Johnson as director of the entertainment program. She sang "The Lord's Prayer" as the opening number. "A Simple Melody" was sung as a trio by Mary Lou Johnson, Alice Mae Johnson and Charlie Hazel Johnson.

The group sang "Sweet Charity," followed with a solo, "Because," by Alice Mae Johnson, and "I Couldn't Hear Nobody Pray" by the group. Next was a reading by Vernon Earl Brown entitled "Red Skelton." The group sang "Come On Home" as the closing number.

In the group of entertainers were Alice Mae, Charlie Hazel, and Amy Lou Johnson, Bill Ray and Hattie Lee Andrews, Billie Irene Justice, Raymond Hanson, Hazel Fisher and Vernon Brown.

J. E. Yarbrough, Former Rule Resident, Found Dead In Car Near Albany

J. E. Yarbrough, 39, former resident of Rule and Stamford and who had been visiting in Albany for the past month was found dead in his car about six miles west of Albany Thursday morning of last week.

The body was discovered by Arnie Fox, a pumper on a nearby oil lease. Yarbrough's car was about 50 yards off the highway at the foot of Six-Mile Hill on the Albany end of the highway to Abilene.

Sheriff Charles H. Arendt of Albany said a foreign make .25 caliber pistol was found in Yarbrough's hand. Arendt estimated the body had been there since Monday night. Yarbrough was shot in the head.

Fox said he noticed the 1939 Ford coupe parked at the spot Tuesday morning, but paid little attention to it. Wednesday morning he drove close and spotted Yarbrough's body.

Sheriff Arendt said the auto was loaded with Yarbrough's possessions as though he were moving. Yarbrough had been in Albany visiting his daughter Mrs. Jack Martin, and had left to go to Jud where he expected to help a brother, H. B. Yarbrough, on his farm there.

An inquest verdict of suicide was handed down by Justice of the Peace Walter Burrow and County Attorney Matt Blanton, both of Albany, and Sheriff Arendt.

Yarbrough's original home was in Rule, but he had lived in Stamford for three years. While in Stamford he had operated a taxi.

Funeral service for the victim was held Friday morning at 10:30 in Kinney Funeral Chapel in Stamford with the Rev. L. D. Hull pastor of the East McHarg Baptist Church, Stamford in charge.

Burial was in the Rochester Cemetery under direction of Kinney Funeral Home. Yarbrough was born Dec. 22, 1911 at O'Brien. He is survived by Mrs. Martin; a son, Jimmy, 19, of Stamford; his mother, Mrs. Odie Yarbrough, Stamford; two brothers, H. B. Yarbrough of Jud and Calvin Yarbrough of Ysleta; five sisters, Dena Yarbrough,

Marcel Yarbrough, and Mrs. Lorene Rushing, Monahans; Mrs. Vena Townsend of Hereford and Geraldine Blake, El Paso; and three grandchildren.

Enlistments Open In Marines To Pre-Inductees

Major E. L. Bale, Jr., Officer in charge of the Marine Recruiting Office at Dallas has announced that men who have received their pre-induction examinations may now be accepted for voluntary enlistment in the Marine Corps.

This was brought about by a recent change in policy. Previously men in receipt of a pre-induction notice could not voluntarily enlist in any branch of the armed services, but were required to wait for the draft.

The change does not affect men who have received their actual induction orders. "This unexpected opportunity will be open only for a limited time," Major Bale said. "The directive states that we may accept men in this category only during the period of June 15 to July 15." he added.

Men in the Haskell area should contact the recruiting office in Wichita Falls to enlist.

CHRISTIAN CHURCH

Aug. 15 Is Filing Deadline on Cotton Classing Service

Farmers who belonged to the Smith-Doxey cotton improvement groups last year, as well as newly organized groups wanting the service this year, must file applications before August 15, 1951.

This was emphasized today by H. J. Matejowsky, who is in charge of the Abilene cotton classing office, U. S. Department of Agriculture's Production and Marketing Administration.

"One application covers every farmer in the group," Matejowsky said. Applications can be secured at the county agent's office and they should be filed immediately with the Abilene cotton classing office.

Swimming Pool To Open Nights In Future

HHS football coach Royce Smith, who has charge of the municipal swimming pool in Rice Springs Park for the spring and summer season, has announced a night schedule for the pool now in effect.

The pool will be open from 1 to 7 p. m. daily on week days, and on Tuesday and Saturday will remain open until 9:30 p. m., he said.

The pool was closed today—Thursday—for cleaning, and will be reopened Friday, Smith announced. After this week, the pool will be drained and cleaned each Friday, and will be open on all other days.

Hours can be arranged for special swimming parties in addition to the regular daily schedule, Smith said.

Trice Hatchery

BETTER VISIBILITY
FASTER DODGE
GREATER CLEARANCE

JOHN DEERE Quik-Tatch Cultivators

For cleaner cultivation and easier work, check the better visibility, faster dodge, and greater clearance of John Deere Quik-Tatch Cultivators.

There are no pipes, bars, or rods to obstruct your vision. Fuel tanks of John Deere Tractors taper back to increase visibility. Adjustable, cushioned seats permit comfortable work; platform lets you stand if you wish.

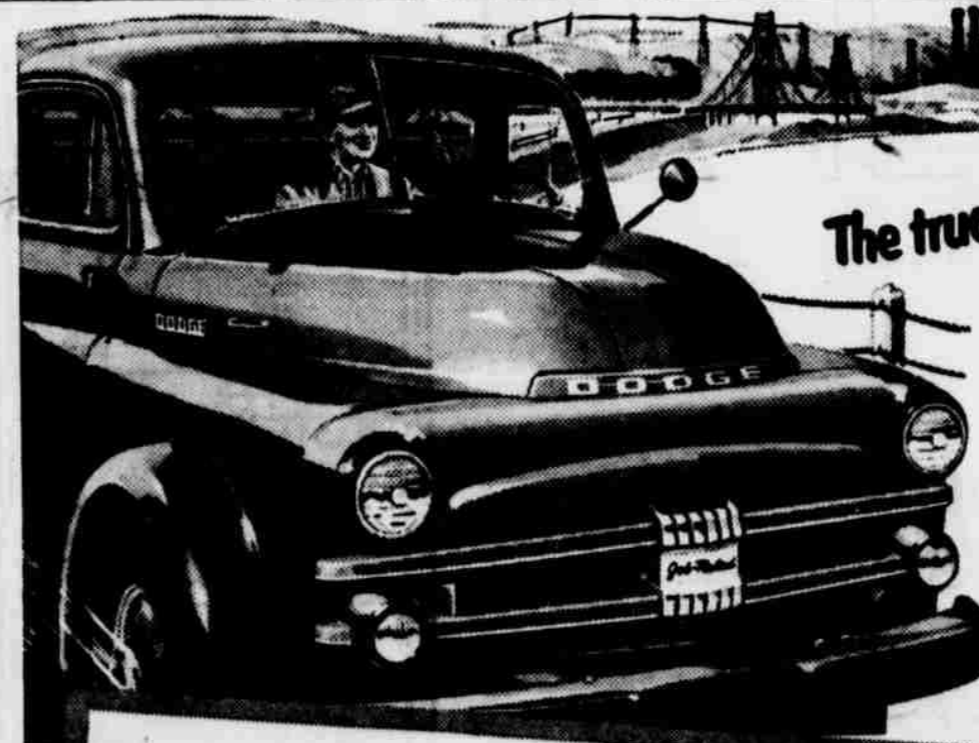

John Deere Cultivators become a rigid part

of the tractor, responding instantly to a touch of your hand on the tractor steering wheel. There's plenty of clearance fore-and-aft, up-and-down, and side-to-side for better work in high-growing, bushy, or broad-leaf crops.

Remember, too, that only John Deere Tractor Cultivators have the exclusive Quik-Tatch feature—one-man attaching or detaching in ten minutes or less. See us for full details.

Gilmore Implement Co.

JOHN DEERE The Trademark of Quality Farm Equipment

The trucks that do the most for you—

NEW DODGE "Job-Rated" trucks

...with features you've always wanted

More power with thriffter performance

You'll get power to spare—with economy to boot! Eight Dodge truck engines—94 to 154 horsepower—have power increases up to 20%. High compression gives flashing performance with less fuel. For year-in, year-out economy you get 4-ring pistons with chrome-plated top ring, "hotter" spark plugs (on models through 1 ton), heat-resisting exhaust valve seat inserts, 45-ampere generator, and moisture-proof ignition.

Better load protection...easier handling

Load and driver get the smoothest truck ride ever known! Revolutionary new "Oriflow" shock absorbers on 1/2-, 3/4-, and 1-ton models smooth out bumps and jolts on any road... And driving is made even safer with easy-acting, worm-and-roller steering gears on most models. To add to safe handling ease, you also get cross-steering, shorter wheelbase, wide front tread, and shorter turning diameter.

What "Job-Rated" means to you

A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job... save you money... last longer. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered right to meet a particular operating condition.

Greater safety for both driver and load

Cyclebond brake lining on all models assures positive, smooth stops with long lining life—because there are no rivets! A brand-new development—Tapered Molded Cyclebond lining—is featured on all models, 1 1/2-ton and up, except air-brake models. It's extra-quiet, extra-smooth, extra-long-lasting! And Dodge gives you the added safety of all-steel "Pilot-House" cabs—with super-sized windshield, lower hood line, and relocated windshield wipers for better visibility.

For smoother performance... longer truck life FLUID DRIVE! A Dodge exclusive

Available on 1/2-, 3/4-, and 1-ton models. This proved fluid coupling between engine and clutch cushions drive line. Smoother starts give added protection to your load. Driving is easier! Less gearshifting! Your truck lasts longer! Ask us for copy of free 87rol Fluid Drive Booklet.

PLUS all these time-proved features Dodge Trucks have had for years

Steering column gearshift, standard on 1/2-, 3/4-, and 1-ton models with 3-speed transmission. Independent hand brake for added safety. Synchro-shift transmissions (3-speed, 4-speed, or 5-speed) rugged, silent, precision engineered. De Luxe cabs (with rear quarter windows) available on all models. And many others!

Come in for a good deal on a truck that fits your job... a DODGE TRUCK

JUNE BRIDES

I just knew this would happen!

THIS YEAR about 1 1/2 million couples are getting married and setting up homes of their own. The brides of today want modern homes, modern conveniences. They demand the best... they're insisting on cool, clean, clarity electric cooking... on the safety and economy of electric refrigerators that make once-a-week shopping possible. Yes, these modern brides want the many electric servants that make life comfortable and convenient.

Here in West Texas, they'll have them. Not for power lines and power plants are

ready in advance. Your business-managed electric service company plans things that way. There's ample electric power to make all these new homes comfortable and convenient—as well as power for industry and defense as needed.

In fact, the West Texas Utilities Company has increased by 63% its generating capacity since 1946. Actually added more than 70,000 horsepower capacity during the last five years... and has scheduled for the near future installation of additional power units.

West Texas Utilities Company

OPS Price Clinics Scheduled Here Beginning Today

Beginning today, every other Thursday through August 9th will be designated Price Clinic Day for merchants of the Haskell trade area, according to an announcement from the district OPS office. There will be one exception to the above schedule, in that no clinic will be held Thursday, July 5th.

The price clinics, planned to aid businessmen of Haskell and towns in this vicinity with Office of Price Stabilization regulations,

will be at the Chamber of Commerce office, beginning at 9 a. m.

A representative of the Fort Worth District OPS will be in Haskell all day today and on every Thursday through August 9 with the exception of July 5th.

The OPS representative will assist businessmen with price regulation problems.

Every merchant who sells merchandise or service is affected by some particular ceiling price regulation. If he needs help in understanding the regulation, in making his report or in complying with the regulation, he is invited to attend the clinic.

Loan of \$268,000 Granted To B-K Electric Co-Op

A loan of \$268,000 to the B. K. Electric Cooperative, Seymour, has been approved by the Rural Electrification Administration, REA has informed Senator Tom Connally.

The money will be used to finance system improvements and to complete previously approved construction.

The Co-op operates in Baylor, Knox, Haskell, Archer, Foard, King and Throckmorton counties.

Directors of Lions Club In Business Meeting Friday

Final business meeting of directors of the Lions Club for the current year was held Friday morning in the Texas Cafe, when newly elected officers and directors met with the present club officials.

A financial statement covering the current club year was presented and approved. The report showed total receipts of \$3,784.82 and disbursements of \$3,282.76, leaving a substantial balance in the club treasury.

Officers and directors present were Theron Cahill, Dr. Wm. J. Kemp, Royce Adkins, Harold Spain, Wix Currie, Payne Hattox, Gaston Hattox, Cecil Gregory, Dr. R. K. McCall, Jetty V. Clare, Horace Oneal.

New officers for the club year beginning in July, are Royce Adkins, president; Dr. Wm. J. Kemp, vice president; F. C. Nickerson, second vice president; Geo. Fouts, 3rd vice president; Horace Oneal; secretary; Willard Warren, treasurer; Dr. R. K. McCall, lion tamer. New directors are Wallace Stark and Gaston Hattox, and retiring directors are Wix Currie and Harold Spain, and Theron Cahill is retiring president.

First meeting of the new board of directors will be held at 7 a. m. July 3 at the Texas Cafe.

Father of Alvin Sherman Dies In Clovis, N. M.

William Henry Sherman, 78, a pioneer resident of Clovis, N. M., father of Alvin Sherman and brother of Mrs. Lola Ferguson both of this city, died Sunday afternoon at the home of a daughter, Mrs. Guy Smith in Clovis.

Mr. Sherman went to Clovis in 1912 and lived there until 1933 when he moved to Cortez, Colo. He had been in ill health for some time and was carried to the home of his daughter in Clovis Saturday.

Surviving are his wife; his daughter, Mrs. Smith; five sons, Robert of Clovis, Louis of Lockney Tex., Hollis of Carlsbad, Kenneth of El Paso, and Alvin of Haskell; a sister, Mrs. Lola Ferguson of Haskell; three brothers, Frank of Wichita Falls, Ernest of Aspermont, Frank of Big Spring; 18 grandchildren and one great-grandchild.

Funeral services for Mr. Sherman were held Monday at 4 p. m. in Clovis, and burial was in Lawn Haven Memorial Park in that city.

Nephew of Haskell Men Killed In Odessa Accident

Billie Mauldin, 16-year-old Odessa high school student and a nephew of Roy and Floyd Cook of this city, was fatally injured when the automobile he was driving overturned in the outskirts of Odessa around 1 a. m. Thursday of last week.

The youth was the son of Mr. and Mrs. Lyndel Mauldin, former residents of this city who moved to Odessa some ten years ago.

Young Mauldin was alone in the car at the time of the accident, and was killed almost instantly.

Funeral service for the youth was held Friday afternoon at the Odessa Baptist Church, and interment was in the Odessa Cemetery.

Surviving are his parents, two sisters, Mrs. George Schoat of Abilene and Mrs. Dorothy Anslis of Odessa; and a brother, Edward Mauldin of Odessa.

HERE FROM CLEBURNE TO VISIT PARENTS
Mr. and Mrs. Otis Kitchens and son, Larry, of Cleburne are visiting her parents, Mr. and Mrs. T. J. Hodgins.
