Indians Fall To Olney 27-0

The Haskell Indians suffered their fifth loss of the season Friday night when the Olney Cubs defeated them 27-0.

The Cubs took the opening kickoff and could not move the ball and had to punt on fourth down. The Indians took over on the 44 and moved the ball to the 18, but lost the ball on a fumble. Again the Cubs could not move on the Indians defense. This is how the first quarter went. The Indians picking up one first down and the Cubs two.

Late in the second period the Cubs crossed the goal line with 3:35 left. After a 54 yard drive in 13 plays, Danny Snow carried the ball from the 1 to score. PAT was blocked. This was the only score in the first half.

The Cubs scored their second TD with 9:15 left when Oscar Pratt went around left end from the 20. PAT failed. In the fourth period the Cubs picked up two more TD's. With 3:03 left Pratt picked up 11 yards around left end and his second TD of the night. PAT was good, Ronald Rogers ran around right end for two.

Their last score came when Alan Hinson intercepted an Indian pass on the 20 and ran it for the score. Pratt's kick was good.

Kelvin Marshall picked up 85 yards and Randy Phemister carried the ball for 67.

The Indians will have an open date next week before they go into district play, Oct. 24 against Aspermont, there.

DR. W. J. GRUBY

Dist. Gov. Visits Haskell Lions Club

The Haskell Lions Club hosted Dr. W. J. Gruby, District Governor, District 2-E1, for an official visit on Tuesday, October 7, 1975. The state of Texas has been apportioned into fifteen districts by the International Association of Lions Clubs and is known as a multiple district. Such apportionment was found necessary because of the large geographical area of Texas. The Lions Club of Haskell is a component of District 2-E1 and this district covers 19,958 square miles; and, the Haskell club is one of 61 clubs within the confines of the district.

The governing body of Lionism in Texas is the Council of Governors. The council maintains a state office in Austin, Texas, with Lion Ed Skypala as Executive Secretary. Texas Lions own and operate the Texas Lions Camp for Crippled Children, for the Blind, and recently have instituted a diabetic program. The camp is located at Kerrville, Texas; the camp, its highly skilled staff, and all facilities are provided free of charge to the user by the Lions of Texas. Further information may be obtained from any Lions Club or member.

District Governor Gruby says, "The whole office, purpose and meaning of Lionism is to serve our fellowman. Our motto 'We Serve' starts at the grass roots level and progressively flows up thru the community, the state, the nation and finally at the international level, Lionism seeks to help solve world problems by means of humanitarian principles. More specifically, each and every Lion regardless of nationality seeks to be a universal friend."

Stephen Foster Music To Be Presented

The Sigma Alpha Iota Women's Professional Music Fraternity and Phi Mu Alpha Men's Professional Music Fraternity at Hardin Simmons University will present a tribute of music and life's work of Stephen C. Foster.

Featured numbers include: De Camptown Races, Old Folks at Home, Beautiful Dreamer, My Old Kentucky Home, and others. There will be a special orchestra works all performed by both music Fraternities.

This Bicentennial treat will be Tuesday, October 21 at 8 p.m. in the Woodward Dellis Recital Hall on the campus. Admission is free and the performance is open to the public. Come hear the beautiful music of this noted composer of the 1880's.

Paul Krake of Glen Dora, Calif., senior and music education major and Alexia Mayfield, senior voice major of Weinert are serving as presidents of the two Fraternities produced and directed this presentation and will emcee the production.

BONFIRE & PEP RALLY

Haskell High School students need wood for the Bonfire that is set for Thursday night, October 16, at 7:30 p.m. Anyone having any material suitable for burning please call 864-2141 or 864-3482 and they will be happy to pick it up.

The Bonfire and Pep Rally will be held South of the RR Museum. Everyone plan now to attend.

National 4-H Week Set For Oct. 5-11

4-H boys and girls throughout Texas and the nation will join in a salute to America's Bicentennial celebration during National 4-H Week, Oct. 5-11.

The annual observance, with this year's theme of "4-H... '76... Spirit of Tomorrow," is designed to accent the history, ideals and goals of

the 4-H program, points out Dr. Don Stormer, state 4-H and youth leader with the Texas Agricultural Extension Service.

"Many county groups are planning special events, service projects and recruitment drives during National 4-H Week," notes Stormer. "It's a special time when 4-H is recognized for its contribution to growth and development of youth."

Firemen To Meet In Stamford

Fire department personnel from fifteen towns will meet in Stamford Saturday, Oct. 11, for the 74th semi-annual Mid-West Texas Firemen and Fire Marshals' Association meeting.

Registration will begin at 10 a.m. at the fire station. The women's luncheon and business meeting will begin at 11:30 and will feature a style show at the Lion's Club building on the east side of the square.

The men's business meeting will begin at 1:30 p.m. in the council room of the city hall. Speaker will be Jim Nichols, instructor, of Tarrant County Junior College. Nichols, a long time fire fighter, teaches fire technology, hydraulics, administration and other courses in that college and the surrounding area.

Pumper races will begin at 4:30 near the fire station. Barbecue will be served beginning at 6:30 at the National Guard Armory, east of town.

A dance at the same location will begin at 8:30 and will feature music by Moonshine, a local group of musicians headed by Gary Miller.

Towns included in the mid-west district include Anson, Aspermont, Baird, Clyde, Colorado City, Hamlin, Haskell, Merkel, Roby, Rochester, Roscoe, Rotan, Snyder, Stamford, and Throckmorton.

Homecoming Set For Oct. 31, November 1

High School Homecoming is just around the corner. It is a special day for all who enjoy homecoming and looks forward to the weekend.

Homecoming weekend is set for Friday, October 31, and Saturday, November 1. It is a day for all ex-student and friends to spend plenty of time with old classmates, or friends they know who would attend the activities. It is a day for all those here in the time to plan for homecoming. Dr. J. M. Turner, president of the Homecoming Association this year, and Mrs. J. M. Burkett, secretary, are working at this time, and plans for the entertainment and programs. Homecoming will coincide with the annual Haskell football game on Friday, Oct. 31, and will be held on the weekend.

All ex-students and ex-teachers are invited to make plans now to be in Haskell Oct. 31 and Nov. 1 for this year's Homecoming activities.

A letter has been mailed to former students concerning the proposed Haskell Memorial Civic Center and its funding.

The idea of establishing a memorial center was conceived by the Haskell Homecoming Assn. in 1971. All donations are deductible for income tax purposes.

The floor plan of the proposed \$350,000 center was displayed recently at the Haskell County Fair. Plans call for an auditorium to seat 800 and a banquet room for 500 with kitchen facilities, plus a museum to house Haskell County artifacts and memorabilia, with an emphasis on county pioneer family histories. The floor plan may be seen at Haskell National

Bank. Several building sites are under consideration.

If you have old class pictures of bygone years of Haskell High, we would appreciate your loaning them to the Free Press for publication in publicizing the event. They can be returned to you intact, the same day you bring them in.

Texas Army Guard Checks Lakes

The Texas Army Guard has just completed a unique year-long environment effort aimed at assessing basic pollution threats to Texas lakes.

The project was understated jointly by the Texas Guard, the U. S. Environmental Protection Agency (EPA), and the Field Operations Division, Texas Water Quality Board.

It is part of a new statewide sampling of 256 tributary sites to assess the potential for water damage by eutrophication to 39 Texas lakes.

Eutrophication occurs when nutrient enrichment, principally phosphates and nitrates, stimulates algae scums and causes shallows to be choked with masses of rooted plants.

As a direct result of the high production of aquatic plants, the value of a lake as a water resource is greatly impaired, aesthetic qualities are virtually destroyed, and depleted oxygen and reduced water clarity force valued game fish—trout, salmon, and small-

mouth bass, for instance—to be dominated by those fish better adapted to the weedier conditions, such as carp and suckers.

Main sources of nutrients include municipal sewage, treatment plant effluent, industrial discharges, and fertilized cropland and feedlot drainage.

In Austin, the Adjutant General of Texas, Major General Thomas S. Bishop, commended those involved, saying, "Guardsmen are participating in this project because of their concern for the quality of our environment." They are all volunteers, the General emphasized, "and we firmly believe their accomplishments will provide a distinct service to the State of Texas and the federal government."

All told, over 200 Guardsmen from 49 Texas National Guard armories drew more than 5,400 samples from tributaries throughout the state.

THE HASKELL INDIAN BAND is pictured at the half time ceremonies Friday night as they presented a patriotic program. They played several numbers and had a fireworks display at the end of the field. The United States with 1776 and 1976 inside and the American Flag displayed on the other. (Photo By Don Comedy)

Bloodmobile Receives 38 Units

The Cross Bloodmobile made its seventh visit to Rule County on Friday, October 2, 1975, for the purpose of securing 55 units of blood from residents of Rule, and Rochester, to help meet the blood needs of hospital patients by the Red River Hospital in Wichita Falls.

The quota was met, but appreciated to the 40 people who came to the bloodmobile resulting in a total of 38 units secured.

A.D. May, Rule County clerk, reports that a number of citizens cooperated between the bloodmobile and a number of volunteer labor.

The volunteers from Haskell

Memorial Hospital, Verla Townsend, Anita Thigpen, Vera Hunt, and Jessie Couch. Sagerton donors were Joe Clark, J. B. Toney and Joyce LeFevre.

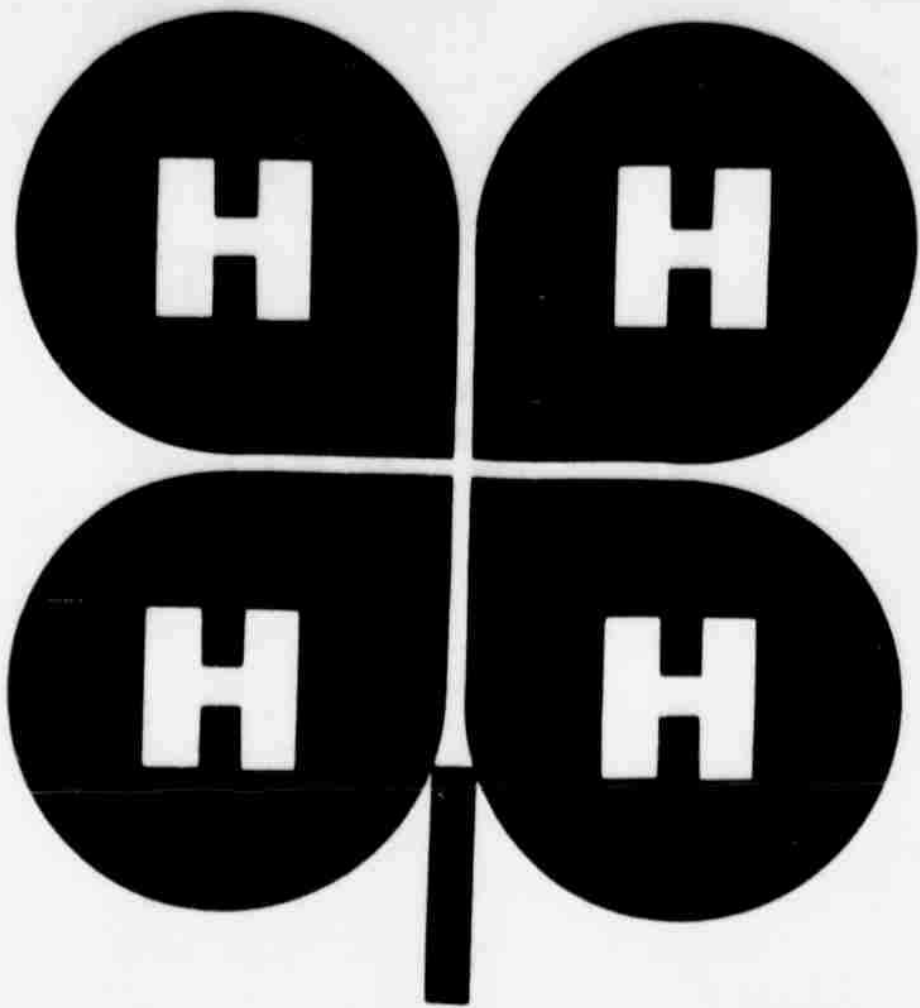

Rochester donor Lillian Hicks made her ninth donation, starting on her second gallon.

Rule donors were Jasper Wilson, John and Neil Estes, Chris Trussell, Orheana Greeson, Dennis Bries, Sam Turner, Gary Fannin, Jerry Westmoreland, Tom Kutch, Kenny Tanner, Geneva Alvis, and Preble Tanner.

Tommy Stryker, Ruth Ezell, Bobby Robinson, Myrtle Kutch, Steve Whittaker, Corky Wilson, Rush Callan, Joe Harold Cloud, Lamar Casey, Juanita Moreno, Opal Stryker, Rose Coker, James Marquis, Cleo Gann, Ronnie and Jo Ellen Jenkins.

Nelwyn Beakley, Mike Wilcox, Ronald and Lou Landes, Joy Jones, Verla Townsend, and A. B. Arnett, Jr. A. B. is a gallon donor, having given many times while a career navy man. Mr. Arnett is owner-operator of Green Acres Grocery and Greenhouse just west of Rule. He and his wife, Carol, have three daughters, Donna, Diana, and Daphne. He is a Baptist and a Rotarian, and an enthusiastic Rule citizen.

The Bloodmobile will return to Haskell County in the near future, and all residents are urged to become a part of this worthy project.

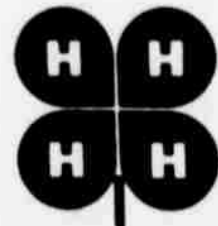

Well Done 4H^{ERS}

NATIONAL 4H CLUB WEEK

The Building Blocks of Life Life ... Head, Heart, Hands and Health

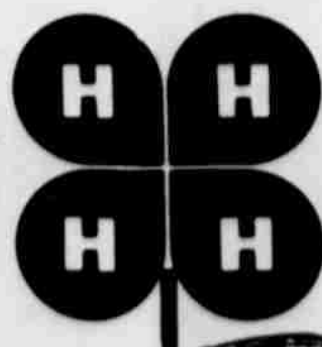

These are the foundations on which every 4-H'er learns to live. The boys and girls, young men and women who belong to 4-H clubs throughout the country are taught through experiencing. Group activities and individual projects are all part of their education. They're taught to be active leaders, dedi-

cated workers, compassionate friends. They set realistic goals ... are preserving in achieving them. They're truly a credit to all of us.

Let's show them that we're proud of the fine job they're doing ... their great accomplishments in the community. Let's give them our total support during 4-H Week, and all through the year.

L. Cook, White-Deer Specialist, Texas Wildlife Service, has been exploring and exploring the American deer population. It has been difficult without the aid of the deer.

White-Deer specialists and their meat to be used for clothing and other purposes. However, in the slaughter and the deer's habitat brought about the extermination of the deer.

Deer season is just around the corner. Haskell County's deer population is on the increase. The estimated harvested numbers in Texas is about 350,000 annually. The hunter should know the State Game Laws well before ever entering a hunting reserve.

In order to increase the numbers of deer in our area, landowners with known deer population should know the most serious threats to their deer herds.

1. Habitat destruction such as land clearing, rootplowing, etc. destroys cover and forage.

2. Poor range or inadequate food supplies due to overgrazing by domestic livestock and deer overpopulation results in large-scale deer die-offs as well as less pounds of gain for domestic livestock.

3. Diseases and parasites increase in both deer and livestock.

4. Illegal hunting. The landowner with deer population can learn more about deer habitat requirements and make every effort to provide sufficient forage for deer and other wildlife as well as domestic livestock. Above all else, the landowner should arrange for legal harvesting of deer annually to keep the proper balance or ratio of bucks to does, and domestic livestock.

Every landowner and hunter should cooperate with law enforcement officers responsible for the protection and preservation of our wildlife. Violators should be reported immediately to the nearest game warden. Such violations apply not only to deer, but also to other wildlife that are governed by a hunting season-quail and dove to name the most prevalent in Haskell County.

Let us all work together to improve our wildlife program in Texas and Haskell County. The California Creek and Wichita-Brazos Soil and Water Conservation Districts and the Soil Conservation Service in cooperation with the Texas Parks and Wildlife Service will be glad to assist with planning proper habitat and feed requirements for both live-

THE SCIENTISTS TELL ME ...

By Robert L. Haney, Science Writer
 The Texas Agricultural Experiment Station

TAES Regulatory Agencies Protect Your Health and Pocketbook

If you buy feed or fertilizer in Texas, chances are you'll get what you pay for; it's all the same whether you buy a box of birdseed or a boxcar load of chicken feed. The same care and protection is extended to the buyer of a 4-ounce packet of fertilizer for African violets as to the purchaser of a truckload of 10-20-10 fertilizer.

Whatever the feed or fertilizer manufacturer states on the contents label had better be inside the container. Consumer protection, covering a number of designated products, is a legal responsibility of the Texas Agricultural Experiment Station (TAES). Texas Feed and Fertilizer Control Service, responsible for feed and fertilizer regulation, is but one of these TAES regulatory agencies. Another is the State Entomologist whose main responsibility is "to prevent, control or eradicate contagious or infectious diseases of honey bees." In addition, the Experiment Station provides numerous other services that aid both agricultural producers and the general public.

These state agencies, as a part of the Experiment Station, are located at the Main Station at College Station. This permits close and frequent contact with scientists doing research on problems these agencies are working to resolve. This close working relationship shortens the interval of a discovery and its practical application.

Feed and Fertilizer Control

During the past year, more than 2,000 consumer request samples were collected and investigated by the Texas Feed and Fertilizer Control Service. Most of them were satisfactory, although occasionally a problem product was encountered which resulted in the manufacturer making an adjustment to the purchaser.

The Service also collected 14,500 official samples of feed and fertilizer that were checked for quality. As the result

stock and domestic livestock. Other than this type of assistance, we can only encourage hunters to seek landowners permission to hunt, be legal with proper licenses, and remember that cows are not deer, and can be very costly if mistakenly killed for a deer. Yours for a happy hunting season.

J. C. Yearly, Jr.
 District Conservationist

State laws, according to Dr. Flake Fisher who heads the Feed and Fertilizer Control Service. Fisher adds that the feed and fertilizer industries are a vital part of Texas agriculture and are to be commended for their cooperation in complying with these state regulatory acts.

Analytical Services

The State Chemist, Dr. William L. Hoover, heads an Experiment Station agency called Agricultural Analytical Services. This unit analyzes representative samples of all feeds, fertilizers and pesticides marketed in Texas. The products must comply with the quality and quantity guaranteed on the label with no harmful cross-contamination by other ingredients. If any product tested does not

meet the standards set by state law, it is immediately reported to the appropriate state regulatory agency.

Aside from performing these routine analyses of feeds, fertilizers and pesticides, Ag. Analytical has investigated a variety of problems ranging from arsenic in chicken livers to lead in pottery; from an elemental analysis of soils and water at a possible nuclear power plant site to the causes of livestock and wildlife poisoning. This investigative service is available to any citizen of Texas by contacting area extension personnel or Ag. Analytical Services.

State Entomologist

The prevention or control of disease in honeybees in Texas is the responsibility of Dr. Paul Jackson. Bees are vital to Texas food production because in producing more than 10 million pounds of honey each year they pollinate an incalculable amount of fruit, vegetables and other crops. Without this pollination many of these crops wouldn't produce.

Notice To People Of Rule

The Haskell Free Press is happy to announce that Wanda James is the new correspondent for Rule. She will be calling on you for your news around Rule. We ask that you please call her with your news. The phone number is 997-2197.

Cancer Center

Cancer Center workers for the month of September were Florence Darden, Dora Klose, Grace Montgomery, Laura Overton, Paulene Stiewert, Wilma Wallace, Bertha Klose, Maye Bledsoe and Laura Parker.

The workers meet each Thursday from 2 to 4 p.m. on the third floor of the courthouse. They wish to thank everyone that gave them sheets. There are people who need pads and they need the sheets to keep this going.

Sagerton News

CALENDAR OF EVENTS

October 9, at 2 p.m. the L.O.C. H.D. Club will meet in the home of Mrs. John Tiechelman and the program on Home Repairs will be given by Mrs. Lorene Huggins.

October 11, at 8:00 p.m., the Saturday Night Musical in the Sagerton Community Center Auditorium with all bands and musicians welcome. No admission. Just enjoy an evening of music and visiting.

October 12, Sunday is Layman's Day and the guest speaker at the Sagerton United Methodist Church will be Bro. Vernon Mayfield of Hamlin, who is a retired minister and former pastor of the church at Sagerton. Services will be at 9:30 a.m. with Sunday School at 10:30 a.m. Bro. Allen Forbes and Mrs. Forbes will be attending a Pastor's Retreat in New Mexico and visiting relatives in Amarillo.

Mr. and Mrs. Fred Kupatt and Mrs. B. Kupatt made a business trip to Fredricksburg this week.

A Community meeting was held at the Sagerton Community Center Tuesday even-

ing of last week with Joe Clark, Community Chairman, presiding.

Reece Clark, Chairman of the Sagerton Retirement Center Project, reported that plans are going on and it is almost certain that we will get the housing unit for Sagerton. For more information, contact Mr. Clark.

Plans and dates were discussed for the Annual Hee-Haw production. It had been scheduled for this fall, but due to harvest and deer season which takes a lot of our people out of the community on week-ends, it was decided to have the Hee-Haw on January 17, 1976. The script is written and parts are being given out. More props, curtains and advertisements are being planned and the added time will make the production bigger and better than in previous years. Mrs. Joe Clark is the director of the "Hee-Haw" production and Mrs. Delbert LeFevre is carnival chairman. Anyone who would like to help in any way should contact one of them.

Herbert Nierdieck and daughter, Melissa, celebrated their birthdays October 2,

when friends and relatives gathered at their home.

Mr. and Mrs. Clyde Laughlin of Azle visited with Mrs. Cliff LeFevre one day last week.

Reece Clark and Whit Clark are deer hunting in New Mexico.

Mrs. John Clark returned from a visit with relatives at Holliday last weekend and then went on to Midland to visit with Mr. and Mrs. Leslie Cobb.

Mr. and Mrs. Alfred Hertel went to Munday Sunday for a surprise birthday supper for Mrs. Mary Hertel.

Mr. and Mrs. Harvie Jordan returned last week from visiting with Mr. and Mrs. Larry Jordan and daughter at New Braunfels.

Friends gathered at the home of Miss Lillian Neinast for a birthday dinner in her honor September 30. Guests included: Mr. and Mrs. James Gellner, Mrs. John L. Brooks, Mr. and Mrs. A. E. Bredthauer, all of Sagerton and Frances Olson, Mr. and Mrs. O. F. Harvey and Mr. and Mrs. Ted Connally and Dwayne and Lavern Stanhope of Stamford, and Mr. and Mrs. Auda Vee Neinast of Hamlin.

Johnny Baitz entertained with a barbecue for the members of the Rule High School Senior Class and their sponsors, Mr. and Mrs. Robinson, at the home of his parents, Mr. and Mrs. Melvin Baitz, Tuesday night of last week.

Hilda Kieke, a member of the L.O.C. Home Demonstration Club, attended the State T.H.D.A. Convention in Abilene Sept. 23 and 24, as a delegate for Haskell County. Other club members attending were: Mrs. Lorene Huggins, Mrs. Lewis Corzine, Mrs. Clarence Tiechelman, Mrs. A. C. Knipling and Mrs. Eugene Tiechelman.

Mr. and Mrs. Fred Morgan and daughter of Hobbs, New Mexico visited with the James Gellners last weekend.

Fire Prevention Week Oct. 5-11

County Judge B. O. Roberson has proclaimed the week of October 5-11, 1975 as "Fire Prevention Week" in Haskell County.

The Haskell County Farm Bureau, in conjunction with all fire departments in the county are working together to emphasize fire prevention and protection throughout the county.

Fire Prevention Week is always the Sunday-through-Saturday period in which falls October 9, date of The Great Chicago Fire of 1871. The Chicago disaster killed 250 persons and destroyed 17,430 buildings at a cost of \$168 million.

In his proclamation, Judge Roberson quoted the National Fire Protection Association fire losses as: annually, 12,000 people die; another 300,000 seriously hurt; 1,000,000 buildings burn and total dollar losses due to fire each year exceeds the \$3.1 billion mark.

NFPA, national sponsor of Fire Prevention Week, has a catchy new theme on their posters and brochures—"LEARN NOT TO BURN". The theme of new materials is showing people what to do. This is consistent with the new Dick Van Dyke "Learn Not To Burn" commercials now appearing in print ads and on tv and radio.

J. W. Aycock, President of the Haskell County Farm Bureau said that Farm Bureau has several programs designed to help curtail fire losses. The county Farm Bureau, in cooperation with the Texas Farm Bureau, sponsors the attendance of local volunteer firemen to the annual Texas Firemen's Training School each summer in College Station. More than 1,300 firemen have attended under Farm Bureau sponsorship during the past eleven years.

Attending from Haskell County this summer was Floyd Lusk.

The state and local Farm Bureaus also pay \$75 to fire departments for fighting rural fires on Farm Bureau insured property.

In addition to these programs, county Farm Bureaus sponsor a graphic 45-minute fire prevention demonstration. Some 1,600 fire safety programs have been presented in 200 different counties, before schools, civic clubs and other groups by the Texas Farm Bureau Safety Department staff during the past twelve years.

A WHOPPER!! Nine year old, Traci Johnston of Houston, is displaying the 5 pound channel cat she caught recently on a cane pole while fishing in her favorite tank in Haskell. She is the daughter of Mr. and Mrs. John Johnston and the granddaughter of Mr. and Mrs. Bud Turnbow.

Haskell Bicentennial Happenings

By Roxie Parker

MRS. BUCK SPEER displays her "Birds of America" Quilt-top she has made in observance of the Bicentennial.

Everyone knows what a grandmother is for—she goes to take care of the new baby, and rocks it through the colic, and spoils it so the parents have to unspoil it when she goes home.

Some grandmothers go way beyond the rocking chair to do things for their grandchildren. Mrs. Buck Speer, Haskell fifth grade teacher, decided early in the year that her effort for the Bicentennial would be to make quilts for her two grandchildren.

Gina and John Shepard, children of the Speer daughter and her husband, Mr. and Mrs. Bob Shepard of Canyon, will receive the handwork of their grandmother as soon as she has it all completed.

One quilt-top, Birds of America, is completed and Bobby is about to begin on the other one, Flowers of America.

Painted with oils on squares of unbleached muslin, there are thirty-two birds and everyone of them is a separate picture unto itself—the colors are very lifelike and it would be hard to choose a favorite.

It took about four months to complete the painting and assembling of the squares. A calico print in woodland colors was used for alternate squares and the wide border all around.

Mrs. Speer said this was her first attempt at quilt-making; after the tops are finished she will have someone to quilt them for her. She did receive inspiration from a sister who

dust for years on Bobby's family's farm near DeLeon in Comanche County. Rescuing it finally they took it apart and cleaned it and put it back together piece by piece and now it is back in use once again.

A prized possession is a dresser which a great-grandmother used in her home in Mississippi; it was brought from there by her daughter when she moved to Texas. From that family it came to the daughter-in-law and then to Bobby who is thus the fourth generation to have the dresser in her home.

For a long time it lay abandoned in a chicken house but Buck and Bobby were able to put it back in good shape. Of dark wood, the dresser is sturdy as new; the original hand-carved drawer pulls were all miraculously preserved intact. It has a marble top.

On top of the dresser sits a small chest of handmade inlaid wood which Buck brought home from Germany in World War II.

Above the dresser is an antique mirror with leaf design etching from the old O'Dell house on Avenue D which the Speers once owned.

An old butter dish given her mother by a brother-in-law returning from the Spanish-American War is among many things displayed; an antique piano doll is another of those unusual finds discovered by chance at a local antique store. The only one like it that Bobby has seen was in the museum at Jefferson, Texas.

Actually, with a house furnished with such goodies, it seems to me she may have to make two more quilts to keep for herself in this Bicentennial year!

Lucky children to have such a grandmother.

Rule Blanks Throckmorton

The Bobcats kicked off the District 5-B Friday to a good start here Friday night defeating the Throckmorton Greyhounds, 27-0. Rule is now 2-2 for the season.

When the game was only two minutes old, Rule quarterback John Menchaca ran ten yards for a TD. The extra points were tacked on by Paul Flores.

In the second quarter, tailback Jimmy Macias plunged two yards for a TD and kicked the PAT.

Flores put the next six points on the scoreboard when Terry Lee hit him with a 24-yard pass. With only four minutes left in the first half, Menchaca hit Flores with a 16-yard pass for the last score in the game.

Rule	Throckmorton
14	First Downs 9

The Veterans Administration provided \$4.1 billion in education and training assistance to 2.6 million Vietnam-era veterans and servicemen and 79,000 dependents in fiscal year 1975. Prompt notification of changes of address resulted in few delays in delivery of monthly checks.

Even though it loves seldom learn important learning future, explains a specialist with Agricultural Extension Service, The Texas A&M University System.

INSUR-MATION

HERREN INSURANCE AGENCY
PHONE 864-3322

Is there any way to avoid penalties and charges when settling an estate?

Yes. There are no penalties, therefore, no interest settled on time. Furthermore, no shrinkage, no "for sale" having to sell the South 40 for \$100 an acre when it's worth key liquidity. The foolproof product that will provide pay the cost of settling an estate at the time of death. Many substitutes have guaranteed not to shrink, ravel, fade out to provide cash to settle an estate but not with life insurance. There is no estate, therefore, no settlement until death occurs. When it does, life insurance money bought on installment to solve this problem.

HERE'S TO YOUR HEALTH

from Roberta High

The first essential of health is to avoid abuse of the body. Prolonged smoke or smoke inhalation into the lungs, excess of drugs, alcohol, improper diet, lack of adequate sleep and exercise, these can only be detrimental. Treat your body with care and it will usually respond with good health.

Plen-T-4

Testimonial

Agri-International

There's no doubt in my mind but what the Plen-T-4 sprayed on my potatoes increased the yield.

Plen-T-4 was sprayed on 9 acres of a 14 acre plot and had a yield of 128 sacks per acre while the untreated side yielded 102 sacks. This amounts to an increase of 21.8%.

I'm well satisfied with Plen-T-4 and plan to use it on all my potatoes next year.

L. D. Offutt
Route 1 B
Munday, Texas

Any time I can make an increase of 37 sacks of potatoes per acre at an average price of \$4.25 per sack, I'm mighty satisfied that Plen-T-4 is a product that will make me money.

This is what I did. The untreated field yielded 110 sacks, with the Plen-T-4 field yielding 147 sacks. Also the Plen-T-4 potatoes were a better quality, had a more uniform size and better skins.

I plan to use Plen-T-4 on all my potatoes and milo next year.

Joe Lynn Phillips
Route No. 1, Munday, Texas

On 60 acres of Sturdy wheat applied a product called Plen-T-4 on 12 acres and another product on 12 acres. The 60 acres had 50 lbs. of 16-20-0.

The 60 acres averaged 30 bushels per acre with an increase of 220 lbs. to the acre on 12 acres with Plen-T-4 and the other product was the same as control - no increase.

I am satisfied with the results of Plen-T-4 and plan to use more on maize and wheat next year.

Collis E. Michels
Rt. No. 1
Munday, Texas

On June the 9th, I sprayed Plen-T-4 on thirty acres of Maize. I could tell no difference until harvest time, at which time, the grain was larger and fuller. I harvested 410 lbs. more per acre on the portion of the field treated with Plen-T-4!

MR. & MRS. RAYMOND D. MERCHANT

Merchants Celebrate 50th Anniversary

Mr. and Mrs. Raymond Dale Merchant will celebrate their 50th wedding anniversary with a reception Sunday, October 12, from three to five p.m. in the Community Room of The Haskell National Bank, at 600 S. First Street. Friends of the couple are invited to attend.

Hosts for the celebration will be the children and their families. The children are Mr. and Mrs. John R. Merchant of Laurel, Miss., and Mr. and Mrs. H. Cleo Merchant of Haskell.

Mr. Merchant was born Aug. 17, 1904 in Bell Co. He is a retired farmer.

Mrs. Merchant, the former Alma Zahn was born May 31, 1910 in Haskell County.

The couple met in Haskell and were married Oct. 12, 1925 in Haskell.

They have 6 grand children and 3 great grandchildren. They also have one foster son, Mr. Jerry Zahn, of Lewisville, Texas, Mr. and Mrs. Zahn have 4 children.

Luther League Holds Meeting

The Luther League of Trinity Lutheran met October 5, after worship to go to Abilene to see "The Hiding Place." Afterward, the group ate pizza.

Present were members, Roy and Eddie Klose, Hollis and Gail Howard, Dwan and Peggy Weise, JoAnn Weise, Betsy Opitz and James Wittenborn.

Visitors making the trip were Tammy Young and Carol Lehde. Sponsors Mrs. Elton Klose and Mrs. Wilton Weise furnished transportation along with Mrs. Curtis Weise.

Garden Club Holds Meeting

The Rule Garden Club met in the Philadelphian Club House, Oct. 1st at 2 p.m. The meeting opened by reading the club collect, with fourteen members present.

The president, Mrs. R. O. Carothers had charge of the business meeting. Several committee reports were given. Mrs. Clyde Campbell reported from a special committee, what could be done about having more wild flowers along the highway between Rule and Haskell. There will be more about that project later.

The program theme for our meeting was "Tips On Fall Bulbs." Mrs. Joe W. Cloud was program chairman for the meeting.

Mrs. R. O. Carothers gave a very interesting talk on "Iris Culture". There are several kinds of iris bulbs and they are a very hardy bulb and easy to get started growing.

Mrs. Clyde Franklin also gave lots of good tips about our "Day Lilies." They bloom only one time and are beautiful.

Mrs. Joe W. Cloud gave us all some good points on bulb planting time. She did say it was time to be planting our bulbs, so that we would have early blooms this next spring.

This concludes our program for the day.

Hostesses for the meeting were Miss Jesse Vick and Mrs. R. O. Carothers. The club adjourned to meet November 5th at 2 p.m.

Rule Young Homemakers Meet Oct. 13

Mr. Aubrey Headstream, director of Outreach for the Haskell County Mental Health Clinic, will be guest speaker at the monthly Rule Young Homemakers meeting. The meeting will be Monday, October 13, at 7:30 p.m. in the homemaking room of Rule High School. Refreshments will be served following the program.

Members and interested women between the ages of 18 and 35 are urged to attend. Baby-sitters will be provided if such service is requested. Members are also reminded to bring their dues of \$3.

Marriage Licenses

The following marriage licenses were issued during the month of September:

Robert Frausto Hernandez and Emilia Del Basque Saucedo, both of Rochester.

Ralph Travis McGuire of Rochester and Mary Eron Jenkins of Weinert.

Arthur Thomas Barrios, of Rochester and Mary Felix Rodriguez of Haskell.

James Glen Casselberry, of Abilene and Tracy Cecil Howton of McCamey.

David Lynn Muhle and Cynthia Ann Blair, both of Haskell.

Robert Clyde Smith and Mabel Hutchinson, both of Knox City.

Ernest Herbert Bredthauer of Sagerton and Carrie Helen Spurek of Rule.

MRS. JAMES C. BOYD ...formerly Tricia Moss

Moss, Boyd Are Wed

Tricia Moss became the bride of James C. Boyd, both of Abilene, October 11 at 7:00 p.m. in Minter Lane Church of Christ in Abilene.

Bill Talley, uncle of the bride, of Lubbock, performed the ceremony.

The bride is the daughter of Mr. and Mrs. T. A. Moss of 1382 Westview, Abilene.

Given in marriage by her father. Maid of honor was Kay

Moss, sister of the bride, bridesmaids were Deborah Moss, also a sister of the bride and Sherry Estes. Flower Girls were Reta Jane Reeves, and Amanda Sue Reeves, cousins of the bride, both of Sweetwater.

Best man was Brant Chaney of Odessa, groomsmen were Richie Rodgers and Charles Roe of Abilene.

A reception was held by the bride's parents in the Abilene Savings Community Center.

After a wedding trip to Dallas the couple will live in Big Spring.

The bride graduated from Abilene High School. The bridegroom graduated from Abilene High School and attended McMurry College.

A rehearsal dinner was given by the grooms parents, Mr. and Mrs. E. R. Lowe at Wyatt's Cafeteria.

Mr. Boyd is employed by Furr's Super Market in Big Spring.

The groom is formerly a Haskell resident.

Progressive Study Club Holds Meeting

Progressive Study Club met October 5 in the Haskell National Bank Community Building with the evening's program directed by Mrs. Elbert Johnson.

Several selections chosen from their recent Bicentennial Recital were presented by Mrs. Pam Gibson's piano students. Appropriately costumed for the music in different categories were Emily Cox and D'Anne Burris, Gospel and Negro Spirituals; Robert Lehrer and Holly High, Ballads and Folk Songs; Paul Cox, Cowboy and Western; Tamara Sorrells, Ragtime; Terri Therwanger, Popular; Denise Burris and Kimla Strickland, Patriotic. Special numbers by Deborah Wells who played "God Bless America", "Give Me Your Tired", and "This Is My Country", concluded the pro-

gram. Refreshments were members, guests and participants by the hostess, Mrs. David Burson. Arnolia Foote and Mrs. Whisenhunt. Autumn and table centerpieces other decorations with motif were used in hostesses.

Mrs. Howard Perdue sided at the business and the Constitution was by the group. A brief session was held concerning the club's scholarship fund which will be continued after is presented by the club at a later meeting.

Mrs. Annie Johnson, guest of Mrs. Elbert J.

Almost 60 per cent of 7.5 million veterans Vietnam era have entered some form of GI Bill education training. Monthly allowances mailed by the Veterans Administration to the veterans require prompt attention of any change of a

Get the most "freeze" for your freezer!

There's probably no more stalwart household servant than your electric freezer—think of the variety of healthy, flavorful meals it's helped serve up to your family! Make sure you're getting the most "freeze" for your freezer by following Roddy's consumer tips:

- Don't overload:** Efficient freezing calls for adding no more unfrozen food at one time than 2 or 3 pounds per cubic foot of your freezer's capacity. This ensures unfrozen food will freeze within a healthy 24 hours and that your freezer isn't overworked.
- Take advantage of sales:** Avoid overstocking with commercially frozen food that's always available, use your freezer as your own bargain counter and store foods you can buy on sale. But do allow space for short-time baked goods, leftovers and special party foods.
- Lock in flavor:** Use moisture and vapor proof materials especially designed for freezers to wrap your foods. Tightly sealed, these lock in flavor and moisture and prevent "freezer burn" (surface drying) on foods. Don't use wax paper, bread paper or regular cellophane for freezer foods.
- Label packages:** Date and identify freezer packages so if you don't accumulate a lot of mysterious shapes and sizes you'll be able to pick out foods that have been in the freezer longest.

Pick up your FREE copy of ENERGY CONSERVATION booklet from Frigidaire. Home Environment Division of General Motors.

West Texas Utilities Company An Equal Opportunity Employer

Remember Roddy Supplies the energy - but only YOU can use it wisely!

They would like to have 100% present.

CowBelles Convention Oct. 20-21

WICHITA FALLS, TEXAS—Texas CowBelles Annual Convention will be held Oct. 20-21 at the Sheraton-Fort Worth Hotel. "The CowBelles will meet in conjunction with the Texas Cattle Feeders," says Mrs. Wayne Owen, CowBelle President.

The CowBelles will begin with a board meeting Monday at 1:00 p.m. where they will hear the Beef Development Taskforce program explained by National Chairman, O. J. Barron, Jr.

Tuesday morning, Jerry Clower, well-known humorist from Yazoo City, Miss. will begin the days activities as the CowBelles meet jointly with the Cattle Feeders at a prayer breakfast. Speakers for the Tuesday morning session will include, Ellen Zewel, president of the National Consumer Congress, George Schott,

manager of public relations, Merck Chemical Division and Draper Daniels of Draper Daniels, Inc.

The CowBelles luncheon Tuesday will be followed by the general session with Mrs. Don Ater, National President, of Ferriday, La. as guest speaker. During the afternoon session, officers for the coming year will be elected, CowBelle of the year for 1975, and Outstanding Chapter of the year for 1975 will be announced.

The Convention will close with a dinner-dance Tuesday evening.

Thanks To Co. Women

The recent Haskell County Fair was one of the most attractive County Fairs we ever had. There were many improvements and added attractions in the exhibit buildings this year. These improvements didn't just happen, it took the hard work and talents

of many people through out the County. Mrs. Johnny Reid was General Superintendent of the Adult Exhibits and Mrs. W. R. Hager, Jr. was General Superintendent of the 4-H and Youth Exhibits.

Other people that helped make the 1975 Fair a success were: Mrs. Odell Helweg, Mrs. Henry Harris, Mrs. Gladys O'Neal, Mrs. Tom Yates, Mrs. Jerry Walker, Mrs. Gus Rueffer, Mrs. M. C. Cunningham, Mrs. Paul Fischer, Mrs. Andy Wilfong, Mrs. Leslie Tibbets, Mrs. C. B. Rhea, Mrs. Cliff Dunnam, Mrs. Wilbert Klose, Mrs. Giles Kemp, Jr., Mrs. R. A. Shaver, Mrs. Bennie Jackson, Mrs. Louise Chambers, Mrs. Gertrude Tiry, Mrs. Walter Fischer, Mrs. Wayne Wells, Mrs. Ray Perry, Paint Creek FHA and O'Brien FHA.

A special thanks to Barbara Elliott, Co. Extension Agent and Charlene Therwanger. NOW AVAILABLE: Student portfolios with 3 fasteners, 2 pockets, assorted colors. Haskell Free Press.

Campbell In State 4-H Dress Revue

Kim Campbell, 15 year old daughter of Mr. and Mrs. Duward Campbell of Haskell participated in the 1975 State 4-H Dress Revue held in Dallas on October 2, 3, and 4th. Miss Campbell was one of fifty participants who competed in the state wide competition. The State 4-H Dress Revue is sponsored by the Texas Agricultural Extension Service and the State Fair

of Texas. For a 15 year old sophomore to participate in the State Dress Revue is a very high accomplishment as most of the participants are high school seniors and college freshmen.

A memorial gift to The Arthritis Foundation is a thoughtful expression to the bereaved family. A memorial gift today makes possible a cure tomorrow for those suffering from arthritis. Call Stanley Furry, 864-3216, or go by his office at 510 N. 1st.

OBITUARIES

Ralph Goodwin

Ralph Goodwin, 75, of 100 South Ave. L, Haskell, died Wednesday, October 1 at 3:00 p.m. at his residence. Services were held in the First Christian Church, Haskell at 4:00 p.m. Friday, October 3.

Jack Hammans, minister, First Christian Church, and Elder Dennis Ratliff officiated. Burial was in Willow Cemetery under the direction of Holden-McCauley Funeral Home.

Born September 10, 1900 in Kaufman Co., and moved to Haskell County in 1906.

He was a retired farmer. He married Ida Mae George on November 8, 1937 in Hamlin.

Survivors include the wife, one son, Charles Goodwin, missing in action (Navy Pilot) in Vietnam since September 8, 1965.

Pallbearers were Roy George, Gene George, Kenneth George, Don George, Calvin Garrett and Garland Reed.

Special Meeting Set Oct. 14

Three Wonderful Days in May, a film depicting the Texas Special Olympics is the program scheduled for the initial meeting of ALL persons interested in handicapped individuals of the Haskell-Knox County area.

The need for an organization that would promote the welfare of the handicapped and provide the opportunity for professional persons, interested citizens, parents and individuals with special needs to meet and discuss comprehensive services and needs for the handicapped has become evident.

All persons in the Haskell-Knox County area interested in the handicapped are urged to attend the meeting Tuesday evening, October 14 at 7:30 p.m. at the Community Room of the Haskell National Bank.

Further information may be obtained by calling Mrs. Nancy Toliver, 864-2037, Mrs. Eugene Cochran, 864-2796, or John McGaughey, 658-3851.

Thomas Morrel

Thomas D. Morrel, 67, died Thursday, October 2, at 7:20 p.m. in the Haskell Memorial Hospital. Funeral services were conducted Saturday, October 4, at 2 p.m. in the Trinity Baptist Church with the Rev. Kenneth Blair, pastor officiating. Burial was in Highland Cemetery, Stamford directed by Holden-McCauley Funeral Home.

Born November 8, 1907 in Stamford, Texas, he moved here from California in 1964, and operated the Morrel Conoco Station from 1964 until 1971. He married Paulette Bishop, December 13, 1925 in Stamford. He was a member of the Trinity Baptist Church.

He is survived by the wife, two sons, Thomas DeKalb Morrel III, Anaheim, California, Robert W. of Silver City, N.M.; two daughters, Mrs. Blanche Conner, Gardena, Calif.; Mrs. Caretha Hejlik, Thousand Oaks, Calif.; one half sister, Mrs. Blanche Flenniken, Fort Worth; 9 grandchildren and 6 great grandchildren.

Pallbearers were Charles Blair, Don Rastetter, Billy Joe Swinney, Wayne Gates, Curtis Darden and Sammy Decker.

Two Firms Offer Help On Water Wells

Two water well drillers have offered their help in groundwater investigation of the irrigation area in Knox and Haskell Counties, according to Rollin W. Harden of a groundwater consulting firm in Austin.

The geologic sampling is part of an investigation of the Seymour Aquifer to locate the sources of chlorides, nitrates and sulphates in the water and to determine ways to preserve the quality of the water in the aquifer.

Drillers who have offered their services are Hise Welding and Drilling Co. of Haskell and Jack Leonard Irrigation Co. of Abilene. Both will collect geologic samples from the Seymour Formation.

Harden explained that, when an irrigation well is to be drilled, the drilling companies "will tell us when and where. Then our hydrologist will work with the driller at the site to obtain samples of the formation at different depths."

Samples will be tested in the Texas Water Development Board laboratory in Austin for permeability and grain size, and will help to determine how rapidly the water moves through the aquifer.
