

Spring Cavalcade Preparation In Final Stage

Haskell Co. Storm Damage Is Heavy

lives of three persons at Clyde, and two at Baird, late Friday. The wind and hailstorm was accompanied by heavy rains in the Rochester, O'Brien and Weinert sections. Hail over the storm area was the heaviest in years, and in the section south of Weinert and east of Haskell, hailstones as large as oranges peppered the ground, dented and battered the tops of automobiles and shattered windshields and headlamps of cars caught in the path of the destructive hail.

Personal Suits Damages From Company

The Star Gas Company defendant in two suits filed in 39th District Court Friday, in which total of \$80,000 are sought, with the blast of the two-story Odd Fellows building on the north side of on Dec. 29th of last year.

In the upper section of the picture, from left to right, are Twirlers Doris Faye Johnson, Pansy Moore, and Verna Mae Boyd; Drum Major Mary Beth

Outstanding members of the Haskell High School Indian Band are pictured here, the drum major, five twirlers, and the color guard and color bearers. This group of leaders has headed the Indian Band performances at all football games and other events during the past school year, and are responsible in a large measure for the widespread recognition given the organization as one of the most colorful and outstanding high school organizations in this area.

Payne; and Twirlers Dorothy Fouts and Jackie Treadwell. In the lower center are shown the Color Guard and Color Bearers left to right: Sam Matthews, Yvonne Bullock, Kala Young, and Jimmy Ratliff. In addition to their performance in connection with all school events, the Indian Band participated in the CWT Fair parade, and on November 11 led the Armistice Day parade in Rook; took part in the West Texas Fair parade at Abilene and the Homecoming Parade of Hardin College in Wichita Falls; and on Dec. 7th led the parade for the annual Pearl Harbor Day observance in Knox City.

Over 1000 In Cast; To Start At 8 P. M.

Authentic historical data assembled over a period of many years by the late R. E. Sherrill for his unpublished "History of Haskell County" will form the background for the first presentation of Haskell's "Spring Cavalcade" to be staged on Indian Football Field Saturday evening, May 6th. More than 1,000 people, including school students and adults, all in costume, will take part in

All Haskell stores are cooperating in making it possible for everyone to attend the school's Spring Cavalcade. Store patrons are being urged to do their shopping before 8:00 p. m., Saturday, and some of the stores have announced they would close at that hour.

Market Poultry & Egg Co. To Build Grain Warehouses

Work was started this week on construction of three grain storage warehouses having a combined total capacity of more than 300,000 bushels, to be built by the Market Poultry & Egg Company, and present plans call for completion of the structures in time for use in handling this year's grain crop.

Completion of the grain warehouse projects will increase Market Poultry & Egg Company's investment in their Haskell plant to well above \$150,000, officials of the concern said. John Hudson, Sr., of Abilene, is in Haskell to supervise building of the warehouses. A. T. Ballard is local manager of the concern. Also in preparation for the coming grain season, the company has purchased a 60-foot Electric Automatic Scale unit, which has a capacity for weighing 120,000 pounds, Ballard announced.

The concrete and steel warehouse structures will be built to specifications which will meet Government requirements for storage of all types of small grain, it was announced. The produce concern, which owns and operates branch houses in several West Texas towns and cities, recently purchased the grain, feed and seed business of Courtney Hunt, local grain buyer, together with his elevators and other properties. Two of the grain warehouses to be built will be located on the former Hunt properties in the 200 block on South 1st Street. Third and largest warehouse will be located adjacent to the Wichita Valley Railway tracks south of the Central West Texas cotton warehouse in southeast Haskell.

Fight Being Made To Protect Water Rights Of Area Towns

"Haskell In Fight To Finish," Mayor Declares

At a meeting of representatives from neighboring towns interested in the proposed Bureau of Reclamation water project on Paint Creek, held here Tuesday, Mayor Courtney Hunt declared emphatically that "Haskell is still definitely in the fight for an adequate domestic water supply not only for ourselves, but for our neighbors as well."

Four area cities, including Haskell, Benjamin, Aspermont, and Old Glory, gave unanimous endorsement to Mayor Hunt's proposal to continue the fight for an adequate domestic water supply for all area towns, and representatives announced they would attend a public hearing by the State Board of Water Engineers in Austin when the water rights on Paint Creek will come up the second Monday in June or the second Monday in July.

Area Towns Support Bureau Project On Paint Creek

Stamford's plan is not big enough to serve three towns, and will hardly serve two—and yet Stamford hopes to sell water to both Hamlin and Haskell," he said. Haskell turned down Stamford's offer of water under Stamford's program because Haskell would have to vote one million dollars in bonds to build a pipeline between the two cities. Hunter pointed out that, since Paint Creek was the only suitable site for a dam, the dam must be large enough for all cities.

Plans Completed For Community-Wide Clean-Up

Organization work was being completed this week for Haskell's community-wide Spring Clean-Up campaign designed to make the observance one of the most successful ever attempted in the city, Mayor Courtney Hunt said today. Chairmen appointed to direct the clean-up campaign in each of the city's four precincts are naming block and street sub-chairmen and leaders, Mayor Hunt said, and the campaign is expected to get underway in all sections of the town simultaneously the first of next week.

Red Cross Will Aid Area Storm Victims

Miss Mabel Tariff, disaster worker of the American National Red Cross, Midwestern Area in St. Louis, is in Rochester and O'Brien this week, assigned to that territory following the cyclone which struck there last Friday. A check of storm damage in the Rochester-O'Brien section, showed that fourteen families had suffered loss in varying degrees. Nine homes were destroyed or badly damaged, and in five other instances, severe damage had been caused.

City Announces Increase in Rates For Water

Due to continuing rising costs of operation of the municipal water system over a period of years, the City Council has announced a slight increase in water rates, which will become effective with the May 15th meter reading. The higher charge will appear on statements mailed June 1. The old water rate, which has been in effect for more than two decades or longer was a minimum monthly charge of \$1.50 for 3,000 gallons, with all water used above 3,000 gallons charged at 15 cents per 1,000.

Black Indians Will Meet Goree Here In Season's Opener

The Haskell Black Indians will open the 1950 baseball season in a game with the Goree Dragons here Sunday afternoon at 3 o'clock at Fair Park Field. It will be the Indians first scheduled game of the season. They have played five exhibition games, winning a double-header last Sunday. Some of the fans who have seen the Indians in exhibition games think they are much better than they were last year when they won 20 games and lost five. The Indians have strengthened their roster this year with the addition of some new recruits on the mound and in the outfield. The team will again be managed by Albert Sharp, and Lass Jenkins will be back as field captain.

Pinkerton Church To Honor Aged People May 21

The Pinkerton Baptist Church is making plans for a Three-Score-and-Ten Day, Rev. Jack D. Wester, pastor, announced this week. On May 21—the third Sunday in May—the church will be host to all aged people, particularly those who have reached or passed their seventieth birthday. The invitation is as wide as Haskell County, and wider if some will come a greater distance. Rev. Wester said, and the welcome will be as deep as Pinkerton's long-established reputation for hospitality.

The registration of such visitors will be under the direction of the Doors-of-the-Word Class in Sunday School, and the invitations are being sent out as a memorial to the aging members of the Pinkerton Church. Comfortable chairs will be furnished for the visitors, and the preaching hour will be made thoughtfully short, in keeping with the needs of the guests. The span of time will be from 11:45 a. m. until 12:00 or earlier, unless the visitors choose to come for Sunday School at 10 o'clock. A red flower will be pinned on each of the men registering, and preferably by a daughter of

Band Clinic Held Here Today

High School Indian band will be the host Saturday, May 6, for an all day band clinic school bands from eight towns. Between 350 school musicians and from the various towns are expected in attendance. Miss M. Hobbs, director of Haskell Indian Band, is making part in the day's activities. The clinic will include Abilene High School, Rockport High School, Rochester High School, Loraine, Anson, and Snyder. For the day will be general assembly at 9 a. m. in the Haskell High School auditorium, after following schedule will be:

Assisting Miss Tariff in the Canvas of Storm Damage in the Affected Area is John H. Banks, Haskell County Red Cross Chairman; B. C. Chapman, Disaster Chairman; J. A. Byrd, Home Service Chairman; Wanda Dulaney, Executive Secretary; S. N. Reed, Chairman of the O'Brien district; and Mrs. Charles Kay, chairman

of Aspermont, Benjamin, or any of our other neighboring towns are as much the concern of Haskell as are our own needs," Mayor Hunt maintained. Mayor Hunt said that at the present time Haskell has plenty of water from its wells, but intended to see the bureau's project through "because we don't know what will happen to our underground supply during the next 30 years," he said. All cities represented agreed to play in the proposed \$7,380,000 project on Paint Creek and "see it through."

Plans Completed For Community-Wide Clean-Up

Organization work was being completed this week for Haskell's community-wide Spring Clean-Up campaign designed to make the observance one of the most successful ever attempted in the city, Mayor Courtney Hunt said today. Chairmen appointed to direct the clean-up campaign in each of the city's four precincts are naming block and street sub-chairmen and leaders, Mayor Hunt said, and the campaign is expected to get underway in all sections of the town simultaneously the first of next week.

HASKELL COUNTY HISTORY

Brief Items Taken from Old Copies of The Free Press

28 Years Ago—April 28, 1930

Holly Shaw, 36, of Ericsdale, was drowned last week while swimming in a tank on his farm. He is believed to have suffered a heart attack while in the water.

Mrs. Latham Williams of Vernon is visiting in the home of her mother, Mrs. Edith English this week.

Jones & Son Sheet Metal plant of this city has completed a large installation for the Matador Gin in Motley county.

Heavy rains have been general over a wide section of West Texas during the past week, and a little more than 6 inches have been recorded here since Friday night, according to Judge P. D. Sanders, who keeps the Government weather gauge.

R. L. Lemmon has gone to Colorado to spend several months with an uncle, who has mining interests in that state.

Mrs. Courtney Hunt and Miss Madelin are visiting relatives in Markle this week.

Mrs. Roy Killingsworth and Mrs. John P. Payne accompanied Miss Edwina Smith to Ranger last Thursday, where they spent the day with relatives and friends.

First of a series of Trades Days sponsored by Haskell merchants in a trade extension campaign will be held Monday May 5th. Thirty local business firms are co-operating in the event.

Mrs. Troy Post of Dallas is visiting in the home of her parents, Mr. and Mrs. M. S. Shook of this city.

Bill Johnson of Hamlin and W. E. Jones, special agent for the Santa Fe Railway, were here Monday as witnesses in a burglary case being tried in District Court.

Announcement was made Saturday that a considerable block of the Haskell Telephone Company had been acquired by the Associated Telephone Utilities Co. of Chicago. No material change in personnel of the local company will be made at this time, and J. W. Pace will remain as general manager of the Haskell system.

10 Years Ago—April 23, 1910

The rails have arrived for the Haskell Street Railway and the ties have been shipped, according to Ross Hemphill, promoter of the project. The rails are being distributed along the right of way, which extends from the

Wichita Valley depot to the square, then north through the residential section and eastward to Hemphill Lake. At the lake, which is being developed as a recreation center, the dam has been finished and the water is between 20 and 28 feet deep.

Dudley Roundtree and Mrs. Rowan left Monday night for Alabama, in answer to a telegram telling them their mother was very low.

Paul Zahn, one of this county's leading hog raisers, has received a registered Duroc Jersey male he purchased from a Sherman breeder recently.

Mrs. J. N. Ellis returned Wednesday from a visit to friends at Austin and San Antonio.

Messrs. Byron Wright, Warren Fitzgerald, Virgil Hudson, R. D. C. Stephens and Walter Hicks spent several days on Clear Fork last week fishing. They had excellent luck, as evidenced by several large catfish they brought back.

Mrs. W. S. Hicks and Miss Edna Hamilton spent Saturday and Sunday with their sister, Mrs. Wayne Perry of near McConnell.

Mr. and Mrs. Will Dickenson of Stamford spent Sunday with Mr. and Mrs. Tom Brooks of this city. Mr. Dickenson is proprietor of a cafe in Stamford.

Mr. and Mrs. S. W. Scott attended the Methodist Church conference at Retan Saturday.

John Dyer of Childress, who owns the Oglesby Wagon Yard, is here on business this week and we understand that he is making plans to move to Haskell.

Two high school boys, Trainer Wyche and Earl Chancellor, called at our office Tuesday and exhibited a nice selection of garden vegetables and flowers which had been grown in the gardens being worked by the students at the North Ward.

50 Years Ago—April 28, 1900

Messrs. J. A. and E. E. Kitchens of Denison were here this week and bought a tract of 637 acres of land and leased 1600 acres. We understand they plan to move here soon and improve the property purchased, with a view to developing it into ranching and farming tracts.

The Haskell Bar Association had two additions to its membership this week. Messrs. G. W. and

Y. L. Thomason, who have moved here from Corsicana.

Judge H. G. McConnell has been in Aspermont this week, where he was one of the attorneys for the defendant in a murder case. Judge McConnell returned Thursday and says the Grand Jury is expected to return a number of bills for cattle theft. He states he was approached by a score of parties and asked to defend them if they are indicted.

Virgil Hudson returned home Thursday from Fort Worth, where he has been attending Poytechnic Institute. He came home at this time because of the prevalence of smallpox in Fort Worth, which has almost reached the epidemic stage.

Mrs. A. P. Green of Williamson county, who has been spending the winter with her brother at Floydada, is visiting the family of her cousin, S. W. Scott, before returning home.

Major Smith was in town from his ranch Thursday. He says there will be a big lamb crop this spring.

A man named Nolan was shot and killed in Stonewall county last Saturday and officers have arrested a farmer, who formerly lived in this county, in suspicion in connection with the killing.

The many friends of Miss Laura Garren were pleased to welcome her return this week after an absence of several months.

W. T. Hudson left Friday for Esteline to look after the cattle he recently sent there.

Tech Students Find Fossils Believed 500,000 Years Old

Fossil remains believed to be 500,000 years old have been discovered by a group of Texas Technological college students on a field trip near Lubbock.

Working under the direction of Dr. G. E. Meade, associate professor of geology, the students found fossils of a prehistoric elephant, horses, camels and a wolf.

Dr. Meade said other evidence of the ancient mammals had been found on the South Plains previously, but he pointed out that discovery of fossils has become a rare occurrence in the area.

Political Announcements

The Free Press is authorized to announce the following candidates for office in Haskell County, subject to the Democratic primaries.

For Representative, 113th Legislative District: Clyde Whiteside.

(Second Term) For District Judge, 39th Judicial District: Ben Charlie Chapman.

(Re-election) For County Judge: O. E. Patterson. (2nd elective term)

For District Attorney, 39th Judicial District: Curtis Pogue.

John H. Banks. (Re-election) T. R. Odell.

For Sheriff: R. M. (Bob) Cousins (2nd term) W. T. Holley.

A. L. (Lloyd) Conner. For County Superintendent of Public Instruction: Mrs. Iva Palmer. (Re-election.)

For County Treasurer: Byron Wright.

For County Attorney: Royce Adkins.

For County Clerk: Horace Oneal. (Re-election.)

For District Clerk: Jess B. Smith. (Re-election.)

For County Tax Assessor-Collector: R. A. Coburn. (Re-election.)

For Commissioner, Precinct 1: T. A. Blair. (Re-election.)

A. C. (Pete) Sego. For Commissioner, Precinct 2: W. A. (Drew) Leonard. (Second Term)

For Commissioner, Precinct 3: M. B. Cobb. (Re-election.)

For Commissioner, Precinct 4: Hoyt Perry.

C. L. (Roy) Clark. D. S. (Dave) Strickland. Ted Marugg.

For Justice of Peace, Precinct 1: C. K. Jones. (Re-election.)

Eal Treadwell. Joe E. Pace.

For Constable, Precinct 1: Sterling Edwards. (Re-election.)

For Public Weigher, Prec. 1: George Weaver.

For Public Weigher Prec. No. 7: A. A. Cox. (Re-election.)

Winter Survival of Screw-worms Is Highest on Record

A recently completed survey shows that the screw-worm fly survived this winter in a much larger area than ever before. This situation creates a real threat to the livestock industry of the state, says J. A. Deer, assistant extension entomologist of Texas A & M College.

He says the survey made by entomologists of the USDA Bureau of Entomology and Plant Quarantine at Kerrville, shows that in Texas the area where the fly was found to have survived the winter extends at least 300 miles farther north, 150 miles farther northeast and 200 miles farther northwest than during any winter since 1943 when the survey program was started. Three of the affected counties—flies were found in 134 Texas counties—border Oklahoma just east of the Texas Panhandle. Records show that during previous winters, the screw-worm fly survived in less than 30 counties in no other states west of the Mississippi. This year they were found in 3 southwestern New Mexico counties, 9 southern Arizona counties and 3 counties in southern California.

Deer says that it now appears certain that the migration of the fly will be earlier and that it will probably migrate much farther northward than usual. He says the possibility of transporting screw-worm infested animals from the southern zone to northern states is greater this year than ever before.

Livestock owners, he says, should be on guard and should watch for early screw-worm infestations, especially in animals that are to be shipped to the northern states. He points out that dealers of livestock supplies should also be ready with plenty of Smear 62 should serious outbreaks occur in the state. Weather conditions during the next few weeks may be a determining factor in the seriousness of the situation he says. Moisture will increase the possibilities of serious outbreaks.

In conclusion, he says, livestock owners should treat all wounds promptly with Smear 62 whether screw-worms are present or not. It is a surgical dressing as well as a worm killer and its use is just good insurance against screw-worm infestations.

County Agent Gives Hints for Making Roses More Productive and Beautiful

This is a busy month for the rose gardener. It is a little too late to plant roses unless you are using plants that have been held in cold storage, but according to F. W. Martin, County Agent, there are a lot of things that can be done to make those you already have growing more productive and beautiful.

Roses do best in a fertile soil. If fertilization is needed, now is the time to make the application, he says. Two or three pounds of 4-12-4 or 5-10-5 commercial fertilizer for each hundred square feet of space in the rose garden is about right but if you want to be more accurate, he suggests you ask at his office about local fertilizer recommendations.

The fertilizer should be worked into the soil by shallow cultivation. Deep cultivation at this time of the year will destroy the young feeder roots that are near the ground surface and this may retard plant growth and cut down on the production of flowers. The rose garden can be mulched at this time and he says a good mulch of decayed leaves, straw, grass clippings, or well decayed barnyard manure will help hold moisture, keep down weed and grass growth in the garden and will improve the tilth of the soil.

Roses should be checked now for new sprout growth. They come from the root stock; usually grow very rapidly and are easy to recognize because the leaves are small and light green in color. They should be removed for they can crowd off the more desirable rose graft.

Roses require good drainage, yet they need plenty of moisture for heavy flower production. They should not be sprinkled, because moisture applied to the leaves encourages black spot and

mildew. Both diseases tend to develop during periods of cloudy weather or when roses should be dusted with sulphur dust after each rain for some time. Black spot is caused by a fungus which enters the plant through the leaves; it causes the leaves to turn yellow and the stems usually fall. The disease is not easily controlled, the entire plant should be pruned from now on but no more growth removed than is necessary only to keep the plant in a healthy size and attractive

BRIGHT NEW TOUCH TO A BIG BOLD BEAUTY See something new here? That's right—the gleaming new Roadmaster Buick Sedan. An extra touch of distinction that's yours as a standard item.

What's the secret of the "UNRUFFLED" RIDE?

SOME car makers say springs make the ride—and so we give every Buick four of the soft, gentle coil springs practically all cars use on front wheels only.

Some say the drive is important—how power is transmitted to the rear wheels.

We agree—and use a torque-tube drive, that takes up all the thrust, freeing rear springs of driving pulsation.

Some stress tires—so you'll find low-pressure casings on every Buick, mounted on our own kind of Safety-Ride rims. Some play up shock absorbers—we make ours fast, soft and sure in action, to wash out all "after-bounce."

Then there are frames—and car weight—and engine mountings, which on Buick are a very special kind used nowhere else.

They're all important—yet the plain truth is no one of these things—or two or three—gives a ride you can truly call "unruffled."

We feel it takes all of them—springs, tires, shock absorbers, drive, engine mountings—carefully and precisely brought into balance with each other.

You can see why we think so in any Buick—SPECIAL, SUPER or ROADMASTER.

You can feel it on cobblestones

and car tracks, washboard gravel and weather-pocked macadam, country lane and city street. You even feel it on boulevards, which grow still smoother when you travel them in a Buick—especially when it has Dynaflo Drive!

So we would like you to try a ride that is truly "unruffled." Free of harshness—undisturbed by jounce and jitter—level—steady-going—smooth.

Just ask any Buick dealer for a chance to try out any Buick. You'll find it "the ride of a lifetime"—and the buy of a lifetime too!

*Dynaflo Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

Only Buick has Dynaflo—and with it goes:

HIGHER-COMPRESSION Fireball valve-in-head power in three engines. (New F-263 engine is SUPER model.) NEW-PATTERN STYLING, with MULTI-GUARD front-end, taper-through fenders, "double bubble" taillights • WIDE-ANGLE VISIBILITY, close-up road view both forward and back • TRAFFIC-HANDY SIZE, less over-all length for easier parking and garaging, short turning radius • EXTRA-WIDE SEATS cradled between the axles • SOFT BUICK RIDE, from all-coil springing, Safety-Ride rims, low-pressure tires, ride-steadying torque-tube • WIDE ARRAY OF MODELS with Body by Fisher.

Early Season Control For Cotton Insects Shown Profitable in Tests

Records prove that early season control of certain cotton insects is both effective and profitable. According to the Allen C. Gunter, associate extension entomologist of Texas A & M College, early season control insures early fruiting in areas where thrips, aphids or cotton lice, fleahoppers and boll weevils, alone or in combination, cause damage every year.

HOME FOR WEEK-END

Mr. and Mrs. Sam A. Roberts spent the week-end at home after spending several months on the coast, at Austin and in Fort Worth. They returned to Fort Worth Wednesday, where they are assisting with the building of the home of their daughter and husband, Mr. and Mrs. John Wilson. They plan to be there about a month.

IN APPRECIATION

We would like to take this means to thank each and every one for your help and the things you have given us since our house burned. We thank those, too, who have helped us rebuild our home. May God's richest blessings be on you in your time of need.—Mr. and Mrs. M. V. Conner and family. 18p

Fashion Shows Feature New Bag Designs

Twenty-four fashionable new cotton bag wardrobes are ready for the season's latest designs, eye-catching frocks.

The National Cotton Council announces that the new sets, 12 styled by McCall and 12 by Simplicity, are now available to women's clubs, homemaking and sewing groups and other organizations who wish to conduct novel cotton bag fashion shows.

"Sew Easy Fashions," the Simplicity group, features 15 fashions for both women and children with designs varying from school clothes to becoming evening dresses. "Cinderella Sacks," the McCall wardrobe, includes 18 styles for juniors and misses, along with mature costumes.

A complete kit of materials for staging the show is offered with each wardrobe, including commentary, style show guide, publicity releases, and pattern booklets.

The enthusiastic reception of these wardrobes for fashion shows, sponsored by organizations in all sections of the country, has emphasized more than ever the Cinderella story of the transformation of cotton feed and flour bags into beautiful gowns.

Costumes for daytime, evening, town and country, traveling, sports, and dress-up occasions are included in each wardrobe. Double duty cotton bags are designed in handsome new patterns this year, with many styles reflecting the most fashionable fabrics on the market. Latest designs include conversationals, geometrics, tone-on-tone damasks, batik prints, and florals.

Complete information about the cotton bag wardrobes may be obtained by writing National Cotton Council, P. O. Box 18, Memphis 1, Tennessee.

WASH-DAY TIP

When washing clothes, remember that three rinsing waters are necessary for thorough removal of soap and dirt. The first rinse water should be warm. Lukewarm and cool water may be used for the second and third rinses.

Keep an eye wash in your medicine cabinet during the spring and summer. Sun, wind, and glare can be hard on the eyes. To ease eyestrain, place squares of cotton saturated with eye wash over each eye for a few minutes.

Important Division of HHS Indian Band

This group of talented musicians compose the Baritone and Bass section of the HHS Indian Band. They are, left to right: Wayne Bradford, Don Payne, Geneva Wheeler, Felipe Arrendondo, and Charles Burnette.

Permanent School Funds of State Now Have Quarter of Billion To Credit

The two permanent school funds of Texas passed the \$250,000,000 mark during the month of April, a big-sized wad of cash any way one regards it.

And, according to Land Commissioner Bascom Giles, whose office administers the state school lands, such a balance was not achieved without dealing with many and varied entrepreneurs.

Royalty payments and cash bonuses contributed the major portion of the quarter-billion, Giles explains, but other means of revenue also helped.

For instance, grazing leases brought \$40,000 to the permanent public school fund during the last fiscal year while rental of easements across the two-million-odd acres owned by the University of Texas brought in some \$15,000.

The University's handsome cash balance, in excess of \$100,000,000 was also augmented by 26 water leases, one of them to the City

of Crane for \$300. Mineral lease holders in the U-T domain are welcome to water for drilling rigs, but nary a drop more. Terms of the water leases vary in almost every instance, Commissioner Giles explains.

There are still other uses for the state school domain. A lease near Toyah, where a "sulphur earth" used in the manufacture of commercial fertilizer, netted \$475.20 during 1949. In Ward County there are strips of soil heavy with sodium sulphate; 8 leaseholders "mine" it and convert it into "salt cakes" for cattle. Last year this activity resulted in \$3,342.54 for the school balances.

Quite regularly Commissioner Giles issues "prospecting permits" to prospectors who are quite sure they can locate more valuable metals within the school terrains, but the royalty returns from such ventures are almost nil. In

1949 the school funds received \$33.97 as their share of production of silver, lead and copper in Culberson County.

The bed of the Colorado River right at Austin yields some \$800 monthly in royalty payments, Giles said. Out in Terrell and Brewster Counties three tracts of school land are leased because of the candleilla weeds growing on the ridges; this weed can be made into sealing wax. Total receipts to the school funds in 1949—\$52.19.

The production of lechuguilla, another Texas native weed, is still in the experimental stage. The leasor, who plans to use the sap for furniture varnish and the fiber for the manufacture of brush and ropes, paid \$100 for the surface rights to the tract. No royalty has yet been received.

Clay in Hudspeth County is "mined" and used for drilling mud for drilling rigs. During the war numerous geyser leases were executed by Commissioner Giles but evidently the experiments with this rubber-like weed were

unsuccessful as now in effect now.

Another source of the exploration proceeds before oil companies seismographic study inland area. The \$50 per day, which permanent school about \$200 annually the sale of wood.

Commissioner that it takes a lot raise a quarter-billion

Texas 4-H Food Preparation Champs Now In Making

The 1950 champions in the National 4H Food Preparation program are now in the making, and Texas 4-Hers are hard at work perfecting their culinary arts.

Awards on a national basis have been offered in the food preparation program for 16 years, and activity in the project is still going strong. Ranging in age from 10 to 21, girls and boys learn by doing, which is the 4-H way.

Number of meals and different dishes prepared annually runs well over 20 million. An example of what's being done in Texas is the record of Leora Callahan, 16, of Bastrop, the 1949 State champion.

Forty-one girls were awarded county medals last year for outstanding accomplishments in preparing and serving meals.

Definite objectives outlined in the program aim to give each youth a well-rounded basic knowledge of selecting, preparing and serving food. Their personal eating habits are improved, and often the whole family benefits by what they have learned.

The program this year has a new sponsor—Kelvinator Division of the Nash-Kelvinator Corporation, Detroit, Mich. The same awards will be provided as in the past. Six national champions will each receive a \$300 college scholarship, while state winners get a trip to the National 4-H Club Congress in Chicago.

The Cooperative Extension service supervises the project.

STRANGERS! Not At All --

JUST SERVING IN NEW CAPACITIES

Pictured above is R. A. Lane, former service manager, who has been promoted to the sales department. Mr. Lane knows automobiles from bumper to bumper and we feel that he can speak with authority and accuracy in giving you the information you desire when purchasing an automobile.

To the left is pictured Beuford Cathey, a competent qualified mechanic of many years experience. Mr. Cathey has been in our mechanical department for a number of years and knows Fords and Mercurys as thoroughly as the builders. He is also qualified to handle any other make competently.

By these changes we feel that we have increased our efficiency and service to our customers and you may be sure that whenever and wherever we see a change which we believe will mean better service to our customers every effort will be put forth to make such change.

I catch 'em before they come

I'm a trouble expert. As an insurance man, I've seen hundreds of cases of trouble prevented by insurance coverage against law-suits, accidents, fires . . . and many other forms of loss which may come to anybody.

I know of dangers you may not even suspect. I won't scare you, but won't you give me a chance to diagnose your dangers—personal dangers—family dangers—home dangers—business dangers . . . and to show you how they can all be met by modern insurance protection?

Bluebonnet Home Demonstration Club Celebrates 20th Anniversary on April 27

The Blue Bonnet Home Demonstration Club observed its 20th anniversary with a luncheon and tea in the home of Mr. and Mrs. A. C. Denson, on April 27. The morning was spent in visiting with members and former members.

A covered dish luncheon was served at the noon hour. The T-shaped table was covered with lace cloths. Blue bonnets and white carnations in crystal vases were used as decorations, with table appointments of crystal and silver.

The program was under the direction of Mrs. R. V. Hagle. One of the highlights of the program was a skit, "How Dr. Sure Cure Works in Haskell County", and turning back the pages of time with ladies dressed in costumes of 1930.

Pot plants and flowers sent by friends of the Club added to the attractive appearance of the entertaining rooms. Among these were a basket of white gladioli bearing a 20th anniversary banner, a gift from the Center Point Club; white carnations with blue ribbons from High's Floral Shop, Stamford; blue bonnets from Conner Nursery & Florist, Haskell; and flowers from Mrs. Reynolds Wilson, Haskell. Several cards and letters from friends and well wishers were received.

Mrs. Joe Holcomb and Mrs. Otis Macon presided at the attractively appointed punch bowl. The Blue Bonnet Club was congratulated for its achievements of two decades in brief talks by County Judge O. E. Patterson and Mrs. Iva Palmer, county superintendent.

The Blue Bonnet Club was organized in the spring of 1930 in the home of Mrs. H. Smith, south of Rulc. Mrs. Elgin Carothers, who named the club, is president of the Blue Bonnet Club of Jones County this year. She was the first president of this Blue Bonnet Club.

Other past presidents have been:

Nora Walters, Mrs. B. Seltz, Mrs. H. Turner, Mrs. A. C. Denson, Mrs. A. J. McCain, Mrs. Edna Wilson, Mrs. Joe Holcomb, Mrs. Lonnie Martin, and Mrs. Corbet Lytle, Mrs. Raymond Astin is president now.

Guests registering for the occasion included: Judge and Mrs. O. E. Patterson, C. R. Clark, Fred Knippling, Miss Blanch Baldwin, Miss Murrell DeBard, and Mesdames Roy Clark, Festus Hunt, F. S. Hunt, Johnnie McCain, M. E. Carothers, Iva Palmer, Lou-dell T. Watson, Hartwell Smith, A. C. Denson, Jr., C. F. Clark, Jr., C. Fox Clark, O. W. Emerson, Clyde Grice, Billy Darden, R. N. Wilson, Vee J. Howle, H. D. Bland, Clyde Bland, T. M. Patterson, Charles Clark and sons, John Clark, Edward Newton, Ted Jettou, Buck Bland, Bill Fouts, Travis Smith, Ted Marugg, Albert Hannsz, W. G. May, J. C. Halliburton, John E. Carlton, Frank Jeter, F. A. Stegemoller, A. C. Knippling, M. C. Hoermann, Sam Jennings, Howard Overby, Ed Conner, Corbet Lytle, Arthur Williams, Fred Knippling, John Wendeborn, Joe Holcomb.

The Haskell County Home Demonstration women canned 5,339 cans of food in 1930. Today they are preserving food in the home freezers and lockers, as well as canning food.

The yearbook of 1930 listed 12 clubs, yet only four clubs survived the 20 years. They are the Blue Bonnet, Center Point, Josslet and O'Brien Clubs. Today there are 13 clubs.

Home Demonstration work was organized through the efforts of county federated women's clubs the county superintendent and the commissioners' court.

The first Home Demonstration agent in Haskell County was Matilda Gunn. Mrs. Vee J. Howle is the present agent. Past agents have been Eileen F. Partlow, now Mrs. Reynold Wilson of Haskell, Johnny Reed, Peggy Taylor, now Mrs. J. G. Vaughter of Haskell, Mildred Vaughn, Cathryn Sands and Louise Newman.

Films of Texas Wild Life to Be Released For Showing Soon

The first Texas-made movie about wild deer, staged in their natural habitat, will be released soon by the Game, Fish and Oyster Commission, according to the Director of the Department of Publications.

The film is in color, bears complete sound, and has been almost two years in the making. The name is "Master Whitetail." It is an historical and documentary story of the white-tailed deer in Texas linking the animal's original and present status with the arrival and advance of civilization.

Tentative plans are to make probably a dozen copies of the movie. Demands on the department's motion picture library indicates a growing interest in wildlife movies. The new cinema is expected to attract even greater attention toward authentic wildlife films made in Texas.

"Master Whitetail" typifies the educational trend in wildlife activities. It emphasizes the crisis to name after man began cultivating the soil on an ever increasing scale. It stresses the restoration efforts of game management forces and above all, explains the indispensability of public cooperation in modern conservation programs. The part set aside for sportmen is magnified.

"Master Whitetail" begins with a covered wagon scene depicting

settlers moving into a land "almost untouched by human hands." It shows how established supplies were left behind. The new arrivals thus had to depend on game for food and at times had to slaughter animals for their furs as a means of income. The story cites that one Texas trading post alone shipped 75,000 deer hides to New York between 1844 and 1852.

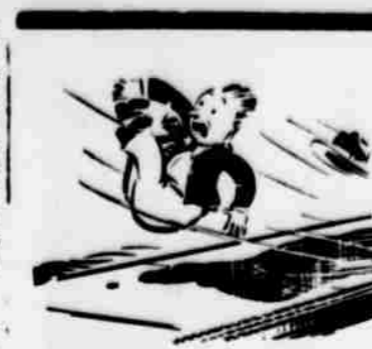

The film traces the first statutory efforts to check wildlife devastation around the turn of the century and portrays the gradual necessity for strengthened laws to protect wildlife and the kindred steps to restore the once limitless big game herds.

Above all, "Master Whitetail" is woven around the life span of a buck deer, showing him in his wobbly-legged infancy. It vividly pictures how he immediately reacts to danger from predators and takes him through the adventurous and exciting days of babyhood, fawn spots and all, and on into maturity, and with his first antlers.

Most of the filming was done in the Texas Hill Country or Edwards Plateau of Central Texas. The premier of the movie probably will be held in that area but the place and date have not been set. Meanwhile, there will be a preview for the press at a central location.

CARD OF THANKS

I wish to thank all who have made things lighter for me during my illness in Haskell. Thanks to all for the cards, flowers, gifts and visits I enjoyed so much. May God bless all of you.—Mrs. J. P. Marion. 18p.

Miller-Whittington Wedding Rites Read April 27

Mrs. Sarah Alice Miller and Arthur Whittington were united in marriage in a single ring ceremony Thursday April 27, in the home of the bride's parents, Mr. and Mrs. J. N. Hall of this city.

The Rev. Joe L. Scheets, pastor of the Friendship Baptist Church read the marriage vows. The couple will make their home in Stamford.

New Officers Of Harmony Club Installed

Mrs. Floyd Cook was installed as 1950-51 president of the Harmony Club at the final meeting of the club season in the Home-making cottage Thursday evening April 27 at 7:30.

Mrs. C. L. Lewis presented the new officers in a beautifully adapted installation service using Psalm 34, verse 6 as her theme.

Other officers installed were: Mrs. Tannie Squyres, first vice president.

Mrs. J. W. Medley, second vice president.

Mrs. V. W. Meadors, recording secretary.

Mrs. Tommie B. Hawkins, corresponding secretary.

Mrs. O. W. Tooley, treasurer.

Mrs. B. M. Whiteker, parliamentarian.

Mrs. O. E. Patterson, accompanist.

Mrs. M. E. Helber, reporter.

Mrs. W. A. Kimbrough, counselor.

Mrs. C. L. Lewis, historian and poet laureate.

Mrs. Cook named the following committee chairman: Study, Mrs. O. E. Patterson; Finance, Dr. Gertrude Robinson; Social, Mrs. Mart Clifton; Decorating, Mrs. J. F. Cadenhead; Phone, Mrs. Tannie Squyres; Music Week, Mrs. Cecil Gregory.

Mrs. O. E. Patterson, retiring president, was presented a gift by the club in appreciation for the accomplishments of the past year.

Mesdames H. J. Hambleton, Roy S. Smith, C. P. Woodson and Lee Whittington were elected to active membership.

Frosted punch and angel cakes were served during the social hour.

Mrs. E. E. Burleson Hosts Meeting of H. D. Club

The Willing Workers Home Demonstration Club of Jud met in regular session Thursday Apr. 27, at 2:30 p. m., at the schoolhouse with Mrs. E. E. Burleson as hostess.

The program was opened with the song, Drink To Me Only With Thine Eyes, led by Mrs. Joe Mathis. All 14 members were present.

The club members are practicing a play to be given at the schoolhouse in the near future.

Mrs. Ira Short chose for a timely topic a magazine article, "Are Parents Always Right?" "We have made mistakes many times, and we will make many more, but let's be brave enough to admit them to our children and to say we are sorry. They will think more of us. Self-control is an art that needs constant care and cultivation," quoted Mrs. Short.

For a slick trick Mrs. Downey told how to sew on snaps. Sew the bottom half on first, marking chalk and press down on material the sharp point of the snap with nail and you have the spot marked for the upper half of the snap, she explained.

Mrs. Burleson read the THDA Committee Recommendations.

Mrs. S. E. Lewis, the club clothing demonstrator, showed step by step how to set in a plain sleeve.

Refreshments of tuna fish sandwiches, cookies, potato chips, olives, mints and iced tea were served to those present.

Secret Pal gifts were exchanged by members.

Pictured are Mr. and Mrs. Don Nanny, who were married Sunday April 23. Mrs. Nanny is the former Gayla Holland. The couple will make their home in Wewoka, Okla.

Mrs. Ira Short chose for a timely topic a magazine article, "Are Parents Always Right?" ATTENDING KENTUCKY DERBY

Mrs. Tommie B. Hawkins left Monday for Louisville, Kentucky, where she will attend the Kentucky Derby, and visit friends in that city for several days.

South Ward P-TA Hears Talk By Postmaster Spain

The South Ward P-TA met Thursday April 27 at 3 p. m. in the American Legion Building with the president in charge, Mrs. Clyde Bland, as director of the day, asked Mrs. Vaughter to take charge of the program. Her First Grade children gave a very good play, "Billy and His Bunnies". Grace Marugg and Ann Alvis, 6th Grade girls, each gave a piano solo. The program was enjoyed by all.

Mrs. Bland introduced Harold Spain, Haskell postmaster, as the guest speaker. His subject was "Teamwork In The Business World. His talk was an inspiration to all who heard it.

During the business session officers for next year were elected. They were:

President—Mrs. Bill Fouts.

Vice President—Mrs. Virgil Sonnemaker.

Secretary—Mrs. Leonard Hood.

Treasurer—Mrs. Clyde Bland.

Reporter—Mrs. Agnes Oliphant.

Parliamentarian—Mrs. Jack Reten.

Music—Mrs. C. D. Pennington.

These will be installed at the next meeting, which will be held Tuesday, May 9.

Mrs. Vaughter's First Grade room had the most mothers present and won the \$1.00 award.

O'Brien H. D. Club Add New Members At Recent Meeting

The O'Brien Home Demonstration Club met with Mrs. Ford Waldrip April 26. Eighteen members and two new members were present. The club has 23 members all of whom are active. Two new members are Mrs. S. Clark and Mrs. Burt Davis.

The president, Mrs. Hines, presided during the business hour. The club voted to have a grab bag at the second meeting in May.

On the program for the meeting, the Slick Trick was given by Mrs. Gothard, and Mrs. Carney gave the Timely Topic, Mrs. Mann reported on the THDA Recommendations; and Mrs. Ford Waldrip discussed Finishes.

After games of recreation, Club Pals were revealed and names of new pals were drawn.

Refreshments were served to Mesdames Walsworth, Mature, D. Johnston, Gothard, Hines, Hutchinson, Cox, Carney, Brothers, E. Johnston, Edmundson, Waldrip, O. S. Johnston, Elmore, Moates, Mann, Clark, Davis, S. Johnston, and Grindstaff.

Next meeting of the club will be May 10, with Mrs. A. A. Cox.

Leaders of Home Demonstration Clubs Are Busy Group of Women

The county home demonstration agents and the leaders in the 2,122 home demonstration clubs of Texas are a mighty busy group. According to Mrs. Vee J. Howle, County Home Demonstration Agent, county home agents in 170 Texas counties held, last year, almost 2,000 leadership training meetings; total attendance exceeded 25,000.

They received training in extension organizations and planning; home marketing; home management; landscaping, home food supply, clothing, family life and recreation. The trained leaders in turn held 9,401 meetings that were attended by more than 770,000 women. In addition to the meetings, these trained leaders gave individual help to more than 400 women.

Girls' 4-H Club work also received a lot of help from trained leaders. The leaders conducted almost 3,000 training meetings that were attended by 72,000 4-H members and they helped another 23,000 individual members. It adds up, Mrs. Howle says, to a mighty fine contribution to family and community improvement in the state.

This leader training program, she points out, has resulted in more self-confidence on the part of the leaders; leaders now have a better understanding of the county home demonstration agent's problems; better meetings are being conducted in the local clubs; 4-H leadership from the standpoint of the adults has improved and the home demonstration agents, because of the assistance they have received from the leaders, now have more time for home visits.

Mrs. Howle believes the outstanding job that has been done in Texas and the nation by home demonstration club members was responsible for the statement which President Harry S. Truman made in connection with National Home Demonstration Week.

He said "Our homes are as important to the country as they are dear to each of us. Our homes are the basis of our democratic freedom. Most of our work is done with the home in mind. Home is where we turn the modern wonders of science into better, healthier, happier living. Home is where we develop future citizens, and where we lay the foundation for community and world-wide understanding."

"You who keep and improve those homes have a sacred trust. The improved home-making practices you are adopting and demonstrating to others, as well as your organized discussion of what makes better homes, better family life, better communities and better understanding of national and world-wide problems, are all part of the high objectives for which we in America are striving."

The 43,000 home demonstration

club members in Texas, are certainly striving through their individual and organized efforts to live up to their 1950 theme, "Better Homes For A Better World," and they believe the place to practice is in their own homes and local communities. Recognition is being given volunteer leaders, whose services have contributed greatly to the development of better homes and community life. Contributions to the home demonstration program in Haskell County are:

Since last July, there have been six leadership training meetings held for Home Demonstration Club leaders. These include demonstrations on Making A Lower Chair, Seating With Cane, Splints, or Fiber; Bathing Roll; Making Christmas Corsages; Altering Patterns, and Stitching In A Plain Sleeve.

The 57 leaders who attended these have, in turn, given the demonstrations to 287 others in Haskell County. The demonstration given in April in the Home Demonstration Clubs was "Setting In A Plain Sleeve." Mrs. J. B. Dunnam, leader in Josselyn Home Demonstration Club, gave this demonstration to 17 club members. Mrs. S. E. Lewis, the Willing Workers Home Demonstration Club leader gave "Setting In A Plain Sleeve" to 12 of her club members. In the Fannie Smith club, 5 members were present when Mrs. H. Harris gave the demonstration. Mrs. Dewayne Vaughn gave "Setting In A Plain Sleeve" to eight members of her Friendship Club.

In the Sagerton community, Sagerton Home Demonstration Club saw Mrs. Arthur Knipping give this demonstration to 13 of their club members. Mrs. H. H. Hines and Mrs. Bill Dunnam, of the Lucky Home Demonstration Club, gave 3 of their members the clothing information. In the New Mid Home Demonstration Club Mrs. Ira Townsend demonstrated "Setting In A Plain Sleeve" to 15 of her club members.

These leaders are developing their abilities in leadership and contributing greatly toward "Better Living For A Better World."

Now Sewing Meets With Stoddard

Rainbow Sewing Club met at 2:30 p. m., with Chapman as hostess. Members began the meeting singing several songs. The Mrs. Sallie Patterson, during a business session were read and dues paid. Secretary report was given by Mrs. Chapman and Mrs. Patterson was the most sewing. It was planned for night in the home of Johnson. A prize was given by Mrs. Johnson, and another by Chapman, which was written by Edna while in the service "homesick" for home. All gave a reading "Sermon." All were very interested between the Red and the Blue will entertain in the near future. The "Grandmas"—Mrs.

A. B. Copeland, Mrs. Sallie Patterson and Mrs. Stella Josselet will be on the program at the next meeting which will be in the home of Mrs. Patterson. Refreshments of ice cream and cake were served to Mesdames Helen Johnson, Grace Stoddard, Sallie Patterson, Velma Tooley, J. B. Edwards, W. E. Johnson, H. F. Copeland, A. B. Corzine and the hostess, Mrs. Eva Chapman.

Area Stockmen Find Alfalfa Profitable For Pastures

Farmers and stockmen in the Haskell-Knox area are turning to alfalfa as an excellent soil building as well as profitable crop. Several cooperators in the Wichita-Brazos Soil Conservation District are using alfalfa for pasture. This fine legume and hay crop produces an abundance of pasture, according to Harry Beck, Vera, and J. B. Reneau, Jr., of Munday. Mr. Beck had 70 head of yearlings on 50 acres of alfalfa until the recent rain. He took them off just before the rain, and now his field has the appearance of never having been grazed. Mr. Beck

Future Homemakers Hold Annual Style Show Wednesday

The Future Homemakers of the Haskell High School had their annual style show in the high school auditorium Wednesday afternoon, May 3. Each of the ten third year girls modeled a linen, pique, or organza dress and a silk dress. The six second year girls modeled the light woollens they had made last semester. Thirty-three first year girls modeled cotton school dresses. Mrs. Vee Howell, Mrs. Peggy Vaughter, and Mrs. J. U. Fields were judges for the occasion. Prizes were awarded to Patsy Moon and Peggy Sonnemaker, first year; Lula Fay Free, second year; Pansy Moore and Virginia Frierson, third year class winners. Corsages of red roses, the Future Homemaker flower, were awarded to the winning girls. Mrs. J. U. Fields was given special recognition for her interest in the homemaking department and for the award of honorary membership in the State Association at a recent meeting before seven thousand girls in San Antonio. The stage was decorated with a spring-time motif with an archway with a trellis fence on each side decorated with red roses. The judges sat at a white steel table with a garden umbrella overhead. Mary Jo Jones played soft music while the sixty girls modeled the garments which they had made in their classes. Nelda Vaughter rendered a special piano number. Christy Royal, daughter of Mr. and Mrs. Shelly Royal, wearing a blue net dress trimmed in silver stars, sang Alice Blue Gown and gave a tap dance number. Reesa Vaughter, daughter of Mr. and Mrs. S. H. Vaughter, dressed in cowgirl attire gave a tap dance number. At the close of the style show the Future Farmers of America were awarded banners for the contest which they won at the district meeting recently at Abilene Christian College. Recognition was given to the following boys: Winners of first place in judging dairy cattle, James Miller, Eldon Ammonet, and Bill Thomas; third place winners in the grass judging contest were Douglas Dendy, Kenneth Hobbs, and Kenneth Lane. Winners of third place in the poultry judging, Roy Donald Rhodes, Billy Taylor, and Billy Adkins; third place winners in judging livestock were Billy Lane, Nathan Tinkler, and Larry Wheeler. Second place winners in the Farm Demonstration contest were: Charles Cox, Billy Taylor, and Weldon Leonard. Haskell High School is proud of these boys for winning so many honors at a district meeting.

Kill Early Flies Now To Prevent Spread Of Summer Diseases

"Go in and out the window" is a line from a children's game which thousands of little youngsters have played for years. It may be used to describe something else, too, for flies like to go in and out windows. Dr. Geo. W. Cox, State Health Officer reports that fly infestation will be heavy this year. So, now is the time to kill those early flies—before they have a chance to produce thousands more during the summer. These pests love to buzz in uncovered garbage pails, stables, old privies, and in homes around uncovered food. Do you have a metal garbage pail with a tight-fitting lid? Are screens on your windows and doors in good repair? Waste should be removed often, for it

Mary Ann Kelley, Colorado City student at Texas Technological College, perches on the coral fence while her classmates prepare for the first annual Tech Intercollegiate rodeo. The all-college rodeo is being held at Lubbock this week-end.

is one of the chief breeding places of flies. Children can help to keep flies out of the house by keeping screen doors closed, and swatting the flies that enter the house. Flies carry germs on their fast moving wings, in their tube-like mouths, and on their furry legs and feet. What are some of the diseases they spread? Typhoid fever, dysentery, and tuberculosis are spread by these insects who feed on germ-laden filth. Clean-up campaigns, screening and spraying with insecticides are the best methods for getting rid of flies. Special care should be used in the use of DDT, or other insecticides—and directions

New Women's Club Building Completed In Knox City

A dream for twenty-five years to Knox City Federated club members will become a reality next Thursday, May 11. That's the date set aside for "Open House," celebrating the completion of a new women's club building in Knox City. An invitation has been extended to clubwomen of this city to attend the opening. Serving hours will be from 4 to 6 p. m. "Neighboring clubs throughout this area have given us moral support for 25 years and we want them to join us in our happiness," Mrs. B. B. Campbell, officer and life member of the Knox City Study Club, said. Members of the 1946 Study Club will assist in the opening ceremonies.

VISIT IN HAPPY, TEX.
Mr. and Mrs. Leonard Fraley and son Roy spent the week end in the home of their daughter and husband, Mr. and Mrs. Harlis Allison of Happy, Texas.
April 30-May 6 will be observed at National Home Demonstration Week.

Trial of Knox City Officer on Murder Charge Set May 15

Lee A. Wampler, who was charged with murder after a Knox City cafe operator was shot to death last Feb. 23 during a six-shooter duel, will go to trial on May 15, at Benjamin.

Wampler, about 69, a Knox City nightwatchman, is still free on the \$5,000 bond he posted a few hours after the slaying of Guy Milford, about 65, operator of the Milford Cafe in Knox City for nearly 30 years. Wampler and Milford had been friends more than 20 years.

Names of 100 special veniremen have been called on a state's motion. District Attorney Bill Brookerson, Jr., of Seymour said all indications were that Wampler's attorneys, McClain and McClain of Fort Worth, would interpose a plea of self defense.

Actual circumstances of the shooting have remained a mystery. Wampler waived examining trial at the time he was charged and has never made a statement to officials. The only witness was a Wichita Falls woman who worked in the cafe as a waitress, Mrs. Duffy Cornell. She heard the shots.

Officers said both men emptied six-shooters. An empty .38-caliber pistol was found near Milford's body. The other weapon was a .32 caliber revolver.

Milford was shot six times in the face, hands and stomach. The shooting occurred in the alley behind his cafe early on the morning of Feb. 23. A grand jury in Knox county returned an indictment of murder against Wampler on March 14.

Curry Chapel Baptist Church Dedication Service Planned

The Curry Chapel Baptist Church wishes to announce their dedication program for Sunday, May 7, and to extend a special welcome to all the former pastors, members, and friends.

The morning service will be as usual. Lunch will be served at the church. Come spend the day. The dedication program starts at 2 p. m. Rev. B. N. Shepard of Stephenville, Texas, one of the first pastors of the church, will bring the dedication sermon. Everyone is invited and welcome.

ATTEND FAMILY REUNION IN SPRINGTOWN

Mr. and Mrs. Leon Pearsey were in Springtown over the week-end to attend a celebration of her father's family, W. E. McElroy. They were accompanied home by their daughter, Patsy Robertson and son, Jeffrey, who had been visiting there for the past week.

Clarinet Form Large Section of Band

In the above group, top row, left to right, Janoma Linton, Ila Sue Turner, Melva Andress, Florine Ammonds, Peggy Kennamer, Doris Faye Johnson, Middle row, left to right: Verna Mae Boyd, Jane King, Pat Toliver, Jackie Treadwell, Laverne Rivers. Bottom row, left to right: Dorothy Fouts, Larry Wheeler, Barbara Bennett, Mary Beth Payne, Anita Robison. With all other section of the Band, they will take part in the Spring Cavalcade.

Amateur Program Highlights Sagerton P-TA's Final Meeting of School Year

The Zion Lutheran Walthers League attended the West Texas Zone spring rally at Abilene Saturday afternoon and evening, April 30, and participated in the annual talent quest. Those attending were: Mr. and Mrs. Buster Tredemeyer, Mary Ann and Jean, Mrs. Hilda Nueman, Mrs. Emma Baitz, Ruby and Lillie Mae Baitz, Leon and Marvin Stegemoeller, Edward Wolch, Clarence Ludman, Velma and Joyce Lehmann, Eunice and Beunice Meier, Rev. and Mrs. H. E. Dreissner, Ronald and Jerry, Kenneth Hertel, Mr. and Mrs. Carl Druessedow and Joan and Jean Diers, Lillian, Loreta, and Zola Nienast, and Mrs. Lorene Hemphill and Carol Ann.

met in the home of Mrs. Pete Lusk Wednesday afternoon, April 26. Sandwiches, cookies and punch were served to Mesdames R. N. Sheid, Ben Hess, Cliff LeFevre, G. A. Leach, Edgar Jennings, Anna Hankins, Melvin Lewis, M. Y.

Rev. and Mrs. C. F. Jorgenson and daughters Darlene and Betty of Brady visited in the home of Mr. and Mrs. F. A. Stegemoeller Sunday night and Monday.

Mrs. Auda Vee Nienast, who was a patient at the Stamford Hospital last week, was released and brought to the home of Mr. and Mrs. Oscar Nienast Sunday.

The Guinn family held a belated Christmas dinner in the home of Mr. and Mrs. W. R. Gibson Sunday. Present were: Mr. and Mrs. C. L. Guinn and Johnny, Mr. and Mrs. R. H. Guinn of Stamford, Bill Guinn and Ramons and Mr. and Mrs. Benton Guinn, and son of Rule, Mr. and Mrs. M. K. Rector of Stamford, Mrs. Ewell Kitley and Mrs. Pete Kitley and sons, Dave and James Ray, and Mr. and Mrs. Gibson and Ruby Gaye and David. Marlene Laughlin was also a guest.

The P. T. A. held their last social and meeting of the school year Wednesday night, April 26. During the meeting, the following officers were elected for the coming year: President, W. R. Gibson; vice president, Mrs. John L. Guinn; secretary-treasurer, Mrs. F. A. Ulmer; program chairman, Mrs. D. W. Counts; refreshment chairman, Mrs. Herbert Nierdieck. An amateur program with the school children participating was the entertainment for the evening. W. R. Gibson acted as the master of ceremonies. The following won prizes for being chosen best in their grades: Pre-school age, Marvin Gene Franke; First and Second grades, best play; Third and Fourth grades, H. J. Thames, Jimmie Sims, Larry Strommel, and Truman Flowers; Fifth and Sixth grades, Jessie Sanchez and Willie Dee Lehrman, who sang "Shoe Shine Boy" in Spanish and English; Seventh and Eighth grades, Glenda Clark, J. D. Wendeborn, Marva Wendeborn, Robert Humphreys, and Clotilde Swope, who sang, "If I'd Knew You Was Coming I'd Baked a Cake"; and High School, Jean Diers, Doris Monse, Marlene Laughlin, and Ruby Gaye Gibson, who sang "Beyond the Sunset" accompanied by LaMoine Laughlin.

The Sagerton Home Demonstration Club met in the home of Mrs. C. E. Stegemoeller Tuesday afternoon, April 25. The County Agent was unable to meet with the ladies, so the president, Mrs. Charles Clark gave tips on how to fit a dress. Cake topped with whipped cream and strawberries and Cokes was served to Mmes. Charles Clark, Reece Clark, F. A. M. C. Hoermann, Will Stegemoeller, A. C. Knipling, Glen Quade, W. R. Gibson, Raymond Hilscher, and C. E. Stegemoeller.

Mrs. John L. Guinn and family and Miss Beulah Mae Summers attended the funeral of Mr. and Mrs. H. R. Tabor and Miss Annie Mae Tabor, who were killed Friday night at Clyde, when a tornado demolished their home.

Mr. and Mrs. M. Y. Benton, Mr. and Mrs. John Clark, and Mr. and Mrs. Reece Clark were among the people who went to Clyde and Baird Sunday, where the disastrous tornado hit Friday night.

Mr. and Mrs. John Hickey and children, Dr. and Mrs. Glen Carlton and family, and Miss Marie Mansie of Dallas visited in the homes of E. Manske and Mr. and Mrs. Oscar Manske and children recently.

Mr. and Mrs. F. A. Ulmer and children visited relatives in Gatesville this past week-end. The Stitch and Chatter Club

Benton, John Clark, Chas. Clark and the hostess.

The WSCS met in the home of Mrs. Reece Clark Monday afternoon, April 24, for the monthly social meeting. The main business was the election of officers for the coming year. The following were elected: President, Mrs. Reece Clark; vice president, Mrs. F. A. Ulmer; secretary treasurer and youth leader, Mrs. G. W. LeFevre; spiritual life leader, Mrs. W. R. Gibson; and study leader, Mrs. Broudon Smith. Cake topped with jello and bananas and punch were served to Mesdames F. A. Ulmer, Carl Sims, Glen Quade, Edgar Jennings, Barney Ross, G. W. LeFevre, Cliff LeFevre, M. Y. Benton, Broudon Smith, W. R. Gibson and the hostess.

A daughter, Martha Kay, was born to Mr. and Mrs. Beuford Letz, Friday at the Stamford Hospital.

Mr. and Mrs. Reece Clark and Glenda, accompanied by Lois and Dorothy Thames and Clotilde Swope, went to Abilene Sunday afternoon. They took their lunch at the park and visited Tom Clark, who is in a home for invalids there.

Mr. and Mrs. John Clark went to Abilene Monday to visit Tom Clark.

The Luther Leathers of the St. Paul's Lutheran Church held a social Sunday night in the church basement. The newly confirmed class were their special guests and were asked to join the League.

Placing Poison In Soil May Be Means Of Insect Control

Some day farmers may put insecticides in the soil at planting time and forget about insects. That's probably a long time off, but last year three USDA entomologists, E. E. Ivy, Wm. Inglin-sky, Jr., and C. F. Rainwater, in laboratory tests at Texas A&M found cotton plants would take up poison from the soil and that the treated plants killed cotton aphids and red spider mites. If they used enough poison, they got the fleahopper, too. Scientists have long dreamed of putting plants to pick up insecticides from the soil. They even had a name ready for it—systemic entomology. But the plants would never cooperate until 1947, when it was found that corn roots would take up parathion and that the leaves and the stalks of treated plants were toxic to the corn borer. Parathion is one of the new organic insecticides. Plants won't absorb the others, such as DDT and BHC; but parathion is a phosphorous compound and phosphorous in the form of superphosphate is one of the three main plant foods elements used as fertilizer. Parathion didn't get the job done on cotton insects in 1948 soil tests at A&M but in 1949

Will Take Part In Spring Cavalcade

In the Percussion Section of the HHS Indian Band are, left to right: Roland Dendy, Ann McFarlin, Annette Merchant, Ann Harrison, Bobbie Ann Herren, Betty Clifton, Ellen Neeley.

another of the many new phosphorous organic insecticides, octamethyl pyrophosphoramid e, showed a lot of promise in tests run under a Research & Marketing Act project. Among other things, as little as one-fifth of a pound per acre applied to cottonseed at planting time took care of aphids and red spider mites for two months. Now Dr. R. D. Lewis of the Texas Agricultural Experiment Station has announced that two acres of seed treated with octamethyl pyrophosphoramid e have been planted in the Brazos River field laboratory.

Sewing Hints for Homemakers Save Time and Work

The homemaker who is handy with the sewing machine will probably want to take advantage of the offering now being made of summer fabrics and do some and the light sewing tools are important for time saving and fine workmanship, says Mrs. Vee J. Howle, county Home Demonstration agent. She says crewel needles should be used by homemakers who have trouble threading them. They have larger eyes, however the needle itself is slender. She recommends a size 10 needle for fine sewing and for sewing most light summer fabrics. Another item that should be regular equipment in every home sewing center is size 16 dressmaker pins. She points out that these pins should be clean. If they are rusty or dirty, better get new ones instead of taking a chance on soiling the material.

Area Soldier Now Serving With MP Unit In Japan

With the Eighth Army in Yokohama, Japan—SFC William M. Spears, son of Mrs. Della Adcock of Anson, is now serving as NCO in charge of ration break down with Company B, 319th Military Police Battalion. Stationed in Yokohama, Japan's major port city and seat of the headquarters of the Eighth Army, Sergeant Spears is filling an essential job with the Army's Occupational Forces. His organization, operating with the efficiency of a large metropolitan police force, covers the Yokohama area with foot and jeep patrols equipped with two-way radio contact with the Central Police Station. To occupy his leisure hours, he has access to theatres, clubs, libraries, evening classes, a gymnasium, bowling alleys, volleyball and tennis courts, a golf course, as well as the picturesque scenery of this ancient country. Entering the Army in August, 1937, he arrived in Japan in October, 1949. He attended Lamesa Junior High School in Lamesa, Texas.

Fewer Deaths, But More Injuries, Toll Of Traffic In '49

There were fewer automobile accident deaths on streets and highways of the nation last year than in 1948, but more injuries, according to figures released by The Travelers Insurance Companies, Hartford, Conn. Fatalities in 1949 totaled 31,800 compared with 32,200 in 1948, the companies reported, but injuries last year soared to an all-time high of 1,564,000. The 1948 figure was 1,471,000 injured. These statistics are highlights of "Main Street", sixteenth in an annual series of traffic safety booklets issued by The Travelers. The Hartford insurance firm maintains an accident statistical

bureau which collects and analyzes accident data from the 48 states. Excessive speed headed the list of accident causes in 1949, as it has in most recent years. Exceeding the speed limit caused 10,100 deaths and 398,700 injuries in 1949, according to the booklet. "Speed was a greater factor in traffic casualties last year than at any time in history," the report states. There were 890 fewer fatalities among pedestrians in 1949 than in 1948, but 180 more persons were killed crossing streets between intersections last year than in 1948. Last year, for the first time since the war, the percentage of 18 to 24-year-old drivers involved in accidents took a downward turn. "Youthful drivers, however, are still the cause of thousands more deaths and injuries than their numbers warrant," the booklet declares.

B.F. Goodrich TIRE HEADQUARTERS

It is the nation's first field test of systemic entomology. Dr. J. C. Gaines, the research entomologist who is making the tests, says it will be a big thing for the cotton farmer if the plants absorb the insecticide under field conditions and keep off aphids and mites during the critical two months when cotton is in the seedling stage. One thing he is worried about is that the seed might absorb the phosphorous and so be unfit for cottonseed cake, margarine and other seed products. He won't know the answer until this fall. Right now the new insecticide is very expensive, but if manufacturers go into production on it for seed treatment—which would be similar to use of ceseran for plant disease control—it should get down to about 50 cents an acre. Dr. H. G. Johnston, head of the A&M department of entomology thinks systemic entomology has a lot of possibilities, not only for cotton but for other crops, but warns that it will be a long time before all the details are worked out. "It would be unusual if we hit it on the first trial," he pointed out, "but if octamethyl pyrophosphoramid e doesn't work, maybe something else will. "We're testing eight new organic phosphate compounds at A. & M. this year that aren't much past the test tube stage. We already know three of them are stronger than octamethyl pyrophosphoramid e." Simplify your record keeping with Card Index Filing System. All sizes, metal, wood, fiber, complete with cards and index. The Free Press.

The small seam guide attachment for sewing machines is a mighty handy gadget to have, especially if you want your completed sewing jobs to look nice, she says. She suggests that two new items be added to the sewing center if you don't already have them; one is a folding cutting board and the other, dressmaker's carbon paper. The cutting board saves the table top, provides a flat surface for cutting, is not expensive and is easy to store. By using the carbon, two pieces of fabric can be marked at the same time. Mrs. Howle says the markings made with tailor's chalk may be used instead of cutting notches into the edge of the material. She says that many homemakers have found that a couple of transparent rulers—a six inch and the other can be either an 18 inch ruler or a yardstick—are helpful aids for sewing. The short one is used for measuring hems and for making corners more accurate. The longer one is used for a straight edge and for laying patterns on the straight of the material.

Two New Fabrics Made From Cotton

Development of two new types of cotton fabrics has been announced by the Southern Agricultural Research Laboratory at New Orleans. One of the fabrics is common osnaburg made from short-staple cotton and treated to give it a linen-like finish. Laboratory officials say that this fabric will be an excellent material for children's play suits, beach wear, dresses, and hot weather garments. The other new fabric is a water-resistant cotton material developed by the close weaving of cotton fibers into a cloth that can be used in rainwear garments. Mrs. R. E. DeBard left last week for Tricheira, Colo., where she will spend the summer with her daughter and husband, Mr. and Mrs. Bert McBride. Put pep in the pocket-book by putting profitable want ads on the job.

Ford does it again

Ford's the first car ever to receive the coveted New York Fashion Academy medal in five consecutive years

Named "Fashion Car of the Year" second year in a row

All the world of Fashion looks to New York's famed Fashion Academy as an authority on style. So it's no wonder Ford is proud to receive their medal as "Fashion Car of the Year" for the second straight year. Never before was a car honored by two Fashion Academy Awards in a row! Here's proof that Ford has succeeded in bringing style to the low-price field—style even far costlier cars can't match.

And handsome is as handsome does. A "Test Drive" will show you the quality that makes the '50 Ford the one fine car in its field. You'll feel the smooth, quiet getaway power of Ford's new V-8 engine (or advanced "Six" if you prefer). You'll feel the 35% easier acting King Size Brakes. You'll feel the "Mid Ship" comfort of Ford's 13-way stronger "Life-guard" Body . . . now "sound-conditioned." Yes, here's quality you'll see, hear and feel when you "Test Drive" the '50 Ford.

"It's the one fine car in its field"

CHANGE IN WATER RATES

During the past few months the City Council has been studying the water rates of the City of Haskell, and we find that the rates charged for water 30 years ago will no longer keep up the water works plant and provide an adequate Sinking Fund to retire the Bonds and Warrants outstanding. Labor and material, together with all other costs of supplying you with plenty of water have advanced until it is now imperative that we change our rates.

Our Present Water Rate is:
Minimum for 3,000 gallons \$1.50
All water used above 3,000 gallons 15c per 1,000

The New Rate will be:
Minimum for 3,000 gallons \$1.75
Water used above 3,000 gallons and up to 25,000 gallons 25c per 1,000
All water used above 25,000 gallons 15c per 1,000

This rate will be effective on the May 15th meter reading and statements mailed June 1, 1950.

A Friendly Church Invites a Friendly Visit.

The Extension Department of Pinkerton Sunday School, with Mrs. C. E. Tidwell as superintendent, enjoyed another birthday visit, Tuesday April 25. Nine Pinkertons went in a group to the home of Mr. and Mrs. B. C. Glover both members of the Extension Department, carried a birthday cake made by their grand-daughter, Miss La Nelle Glover, sang "Happy Birthday" as they presented the cake to Mr. Glover, 87 years of age on that day, and remained to sing additional songs and to visit. Other gifts from friends and relatives were also presented at that time.

Those who enjoyed this privilege were Mrs. C. E. Tidwell, Mrs. Jess Glover, Miss La Nelle

Glover, Mrs. Frank Forsythe, Mrs. Jack D. Wester, Mrs. A. V. Towneend, Mrs. Marion Ray Stone, and Mr. and Mrs. Bill Lees.

Wednesday 7:30 p. m. Prayer Meeting.

Famed Huntsville Rodeo Will Be Staged In Dallas

Advance mail orders for tickets to the original Texas Prison Rodeo are being accepted now by the State Fair of Texas, James H. Stewart, vice president and general manager, has announced.

The famous rodeo, roughest, toughest show of its kind in the world, will come direct from Huntsville to play an eight-night stand at the State Fair Grandstand, June 3-10.

Four guard towers have been constructed at the four corners of the grounds on which the Fair Park Picnic Pavilion is located. The Pavilion, to be surrounded by a ten-foot fence, will house inmate performers, musicians and cooks during the rodeo.

Mail orders for tickets should be accompanied by check or money order.

ey order, and a stamped, self-addressed envelope. They should be addressed to: Rodeo Box Office, P. O. Box 7755, Dallas, Tex. Ticket prices for the rodeo are: Box seats, \$3.60; reserved seats, \$2.40; general admission, \$1.80.

The State Fair has already received a heavy demand for tickets. One of the first orders was for a block of 50 reserved seats for opening night of the rodeo.

The State Fair grandstand will be enlarged by construction of temporary bleachers to seat 11,000 spectators, in order to give as many North Texans as possible an opportunity to see the famous rodeo. The rodeo will present its 19th annual series of Sunday performances in October.

NOTICE TO BIDDERS
Bids will be received by the City of Haskell, Texas, in the office of the City Secretary, until 2:00 P. M., May 9, 1950, for the furnishing of one electrically driven well pump, FOB Haskell, Texas.
The pump shall be of the following design and characteristics:
(1) Length from bottom of suction to base of pump shall be 25' 0".
(2) Total Dynamic head, 160 feet.
(3) Rated capacity 200 G. P. M.
(4) Lubrication - Automatic self oiling from oil reservoir, with automatic cut off-on with the pump motor.
(5) 220 volt operation, across the line magnetic type control.
(6) The motor shall have a legible nameplate affixed, showing the manufacturer's name, serial number, rated horsepower, R. P. M., etc. The pump shall have a legible nameplate affixed, showing the manufacturer and serial number, rated head.
The bidder shall submit characteristics curves on the pumping unit proposed under each quotation which shall reflect accurately the G. P. M. and efficiencies through a range in total dynamic head varying from 100 feet to 200 feet.
The City of Haskell reserves the right to waive all formalities, and to reject any and/or all bids. /S/ Courtney Hunt, Mayor 17-18c
CITATION BY PUBLICATION
STATE OF TEXAS
TO: D. H. Cooper, and the unknown heirs of the said D. H. Cooper, deceased, and their unknown heirs and legal representatives, and C. E. Orton, and the unknown heirs of the said C. E. Orton, deceased, and their unknown heirs and legal representatives, and the unknown owners or claimants of the lands and premises hereinafter described, as Defendants.
The nature of said suit being substantially as follows, to wit: Suit in trespass to try title, as well as for damages, for the title and possession of the following described lands and premises, situated in Haskell County, Texas, to wit:
Lots Nos. Nine (9), Ten (10), Eleven (11) and Twelve (12), in Block No. Forty-six (46), of the original town of Rule, in Haskell County, Texas, according to the recorded plat thereof.
Plaintiff specially pleads the 5 year statute of limitation, as provided by Article 5509 of the Revised Civil Statutes of Texas, 1925, (Vernon's Civil Statutes of the State of Texas, Annotated) as a basis for his title to said lands and premises, and prays for judgment against the defendants for the writ of restitution, rents, damages, costs and for general relief, etc.
If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.
Issued this the 12th day of April A. D., 1950.
Given under my hand and seal of said Court, at office in Haskell, Texas, this the 12th day of April A. D., 1950.

Retail Trade Shows Substantial Gain In 10-Year Period

Retail, wholesale, and service establishments in Haskell County showed a substantial expansion in dollar volume of trade from 1939 to 1948 according to preliminary figures from the 1948 Census of Business released May 1 by the Bureau of the Census, U. S. Department of Commerce.

Retail sales in the county during 1948 aggregated \$7.8 million, an increase of 200 percent over the \$2.6 million in 1939, when the preceding Census of Business was taken. Wholesale sales in the county reached a total of \$3.5 million in 1948 as compared with \$0.6 million in 1939. The service trade, included in the Census of Business recorded receipts totaling \$318,000 in 1948 compared with \$164,000 in 1939.

Employment in the county also rose over the 9-year period between 1939 and 1948 for the above trades. Establishments in these trades reported a combined total of 529 paid employees for the workweek ended nearest November 15, 1948. This compared with a total of 344 employees reported for the week of November 15, 1939.

These preliminary figures have been derived from a Census report on Haskell County, which also includes data for the City of Haskell. Final figures, superseding the preliminary data for the county, will be included in a Bulletin for the State of Texas to be issued in several months. Similar data will be made available this year in preliminary and final form for each of the counties and States.

For the county as a whole, the Census figures covered 160 retail and 15 wholesale trade groups. Business establishments were divided as follows: Food group, 33; eating and drinking places, 15; general merchandise group, general stores, 10; apparel group, 12; furniture, home furnishings, appliance groups, 7; automotive group, 9; gasoline service stations 34; lumber, building, hardware group, 18; drug and proprietary stores 9; all other retail stores, 13. For the city of Haskell, the Census included reports from 85 retail trade establishments, and 18 selected service trades.

SON BORN TO MR. AND MRS. JOE JETTON

Mr. and Mrs. Joe Jetton of Long Beach, Calif., are the parents of a son, born Tuesday evening, May 2 in that city. The little fellow weighed 7 pounds and 7 ounces. Mrs. Jetton is the former Miss Alberta Orr of this city. Grandparents of the new arrival are Mr. and Mrs. Bert Orr and Mrs. C. W. Jetton, and great-grandfather, A. C. Orr, all of this city.

Green plants and human and animal bodies are about three-fourths water. Water makes up 80 per cent of our muscles and 90 per cent of our blood. A jellyfish is more than 99 per cent water.

Hospital Notes

The following patients were registered in the Haskell County Hospital Thursday morning.

Mrs. R. H. Beauchamp, Stamford, surgery.

Mrs. Loope Floras, Weinert, medical.

S. B. Douglas, Joplin, Mo., medical.

L. L. McCrary, Haskell, medical.

Mrs. B. E. Rich and infant daughter, Stamford.

Pinkerton —

(Continued from First Page)

that man; while a white flower will be pinned on each lady registrant by a son, or some other near of kin if present. Special consideration will be mentioned for the oldest man, for the oldest woman, for the one who has come the farthest to attend, and for the one who has the greatest number of descendants present.

"Pinkerton Church is an old-timer with old-timers still in active membership, and she sends out this invitation to all, that some thought of appreciation may be shown those who have so long given of themselves that we later ones may have the best of things helpful," Rev. Wester said in announcing the special service.

DR. STONE TO ATTEND OKLAHOMA CITY MEET

Dr. A. D. Stone, chiropractor of this city, plans to be in Oklahoma City May 10-11-12 to attend the homecoming of chiropractors at Carnes College. He will be accompanied by Mrs. Stone.

Mrs. E. E. Messmer Dies April 26th In Oklahoma City

The many Haskell friends of Mr. and Mrs. E. E. Messmer will regret to learn of the death of Mrs. Messmer in Oklahoma City, April 26 at 2:35 p. m. She had been in ill health for some time. Funeral rites were held at 2 p. m. Friday in Oklahoma City, and burial was in that city.

Mr. and Mrs. Messmer operated the Tonkawa Hotel in this city for a number of years prior to December, 1942. They moved to Oklahoma City early in 1943 and had made their home there since. Mrs. Messmer is survived by her husband, and a nephew, Ed Day and Mrs. Day and son, Ed Jr.

John Ben Shepherd To Speak at Munday Legion Banquet

Munday's Lowrey Post No. 44 of the American Legion will be host to visitors from neighboring towns Friday evening, May 12, for the Legion's annual banquet. Plans are being made for the entertainment of 500 guests, Dor L. Ratliff, Post Commander, said today. The banquet will be held in the Munday high school auditorium.

Secretary of State John Ben Shepherd of Austin will be the principal speaker at the occasion. The State official, who last year was voted one of the ten outstanding young men in the nation, recently returned from the world Chamber of Commerce meeting in Brussels, Belgium, and he is widely recognized as an outstanding speaker.

Reservations for the banquet can be made through Gene W. Harrell of Munday, and a limited number of tickets will be available at the Haskell C. of C. office, it was announced.

JUDGE GRISSOM IS HASKELL VISITOR

Hon. Clyde Grissom, Chief Justice of the 11th Court of Civil Appeals at Eastland, visited relatives and friends in Haskell Wednesday.

Mrs. Frances Arend Buys Criterion Beauty Shop

Mrs. Frances Arend is the new owner of the Criterion Beauty Shop in this city, having purchased the business from Mrs. Della Medford, former owner and operator. Mrs. Medford will continue to help Mrs. Arend in the beauty establishment, which is located in the east section of the Post Office building.

Funeral Held In Rochester For Turner Infant

Funeral services were held Tuesday, April 25 in the Rochester Methodist Church for Glenn B. Turner, 5-month-old son of Mr. and Mrs. S. F. Turner, with Rev. R. O. Browder, church minister, officiating.

Glenn was born November 23, 1949, at Haskell and died April 24 at 4:45 a. m. at the Haskell County Hospital.

Survivors include the parents, Mr. and Mrs. S. F. Turner; his sisters: Mrs. Iva Strickland of Bend, Texas; Maxine, Mary Frances, Frankie, Mollie, Barbara Jean and Ann; and one brother, S. F. Turner, Jr. Maternal grandparents are Mr. and Mrs. J. L. Goodie of Rochester and paternal grandmother is Mrs. H. B. Turner of Donna, Texas.

Palbearers were Pete Huntsman, Jr., and Pete Turner. Flower girls included, Lula Bell Knox, Lois Huntsman, Barbara and Betty Russell, Betty Lou Twiner, Wanda Tibbetts, Maydell Hanson, Jeraldine Sego and Elaine Alvis.

Interment was in the Rochester cemetery under the direction of Mansell-Smith funeral home.

ATTEND PARENTS DAY
Mr. and Mrs. Giles Kemp and Mrs. Willie Mae Fouts spent Sunday in Stephenville, where they attended Parents Day exercises at John Tarleton College.

VISITOR FROM WACO
Chas. Wilson of Waco, former Haskell resident and retired rural route carrier, spent the past week-end here in the home of his son, Mr. and Mrs. V. M. Wilson.
