Haskell County History

20 Years Ago—May 25, 1913

Sheriff W. T. Sarrells and Deputy Olen Dotson made a business trip to Dallas Monday, returning Tuesday.

A large crew of men began work today on clearing the debris of the old post office building on the northeast corner of the square where the former two-story building burned last January. When the site is cleared, a modern one-story brick building will be erected. Dimension of the new structure will be 60x100 feet.

Mrs. L. R. Gamble and son have returned to Vernon, accompanied by Mrs. D. A. Sims and son and Mrs. Mart Clifton and small sons, who will visit there and in Wichita Falls for several days.

Cattle shipments from Throckmorton have averaged more than a carload a day for the past month, according to information given us. At least 40 carloads have been shipped in the past four weeks, with most of the livestock going to northern feeders.

Doyle Jacobs and Willie Chapman of Arp, Texas, are visiting relatives and friends here this week.

Mr. and Mrs. J. F. Kennedy and daughters, Mrs. Frank Williams and Misses Olga Belle and Myrtle Kennedy spent last Sunday in Wichita Falls with another daughter, Mr. and Mrs. Roy Watson.

Heavy rains which covered this entire section fell here this week. Up to Tuesday morning, two inches had been measured here, bringing the total for the month to 5.20 inches.

Closing exercises of the Howard school will be held Tuesday, Wednesday and Thursday evenings, May 30, 31 and June 1.

Pupils of the Ballew school, with Hope Haynes as principal and Mrs. Ralph Duncan, primary teacher, will present a program Thursday night, May 23, as the closing exercise of this year.

30 Years Ago—May 25, 1903

A carload of Chevrolet automobiles was received Tuesday by the Kennedy Chevrolet Company. All of the cars had been sold except one, which will be kept as a demonstrator.

Work has been started on the foundation for the new brick building for the Weinert State Bank in that city. Cashier A. R. Couch states they plan to have the building ready for occupancy before fall.

Mr. and Mrs. J. A. McKee of this city were injured last Saturday afternoon when the Ford coupe in which they were riding overturned near Albany. They left Haskell Saturday morning for South Texas for an extended visit. Mr. McKee suffered a severe scalp wound and slight injuries about the body and Mrs. McKee was severely bruised but not badly hurt.

Miss Billie Bryson of Sulphur Springs is visiting Mr. and Mrs. W. M. Reid this week.

Miss Lucy P'Pool of Denton, who has been visiting her uncle and aunt, Mr. and Mrs. R. J. Paxton of this city, went to Sweetwater Monday where she will visit relatives and friends before returning to Denton.

J. L. Southern, agent for the Wichita Valley Railway, was in the office this week and exhibited a railroad ticket he bought while overseas in France with the American Army. He said the value of the ticket in American money today would be about two

cents. Just how far a fellow could ride on a ticket like that was not stated.

R. B. Guess of Vontress was in town Saturday. He reports grain in his section as being damaged considerably by the dry weather and high winds of the past two weeks.

The county road machinery was put to use in town this week. With the use of the county equipment, the street from the southeast corner of the square was plowed up and graded all the way to the W. V. tracks, and is now in excellent condition.

The City Tourist Park west of the square is being cleared of rubbish and cleaned up for use during the remainder of spring and summer. Haskell businessmen donated funds to do the work.

50 Years Ago—May 23, 1903

The public school closed Friday, May 15, with a class of ten graduates, nine girls and one boy. The commencement exercises were specially interesting. Friends from far and near gathered and filled the auditorium to overflowing. The diplomas were presented by Prof. L. T. Litsey, with well chosen words of encouragement and advice.

G. W. Hazelwood and family and Mr. Eaves and family of Arlington and Robt. Hollis spent the week on the Clear Fork fishing and hunting.

Dave Hester and family of the southeastern part of the county left Tuesday for the Indian Territory, where they will make their home. Messrs. Patterson & Lynch bought Mr. Hester's cattle and hogs.

Messrs. W. T. McDaniel, E. G. Bennett, P. G. Yoe and "Dad" Cochran are attending the United Confederate Veteran's reunion in New Orleans this week.

J. S. Fox went to Seymour this week to bring out his threshing outfit, but owing to the bad condition of the roads, he had to delay bringing it out.

Henry McBrown was over from Stonewall trading with Haskell merchants a few days ago.

Walter Cousins, the popular druggist of Munday, accompanied by his wife, attended the commencement exercises of the Haskell High School and visited the family of J. W. Collins Saturday and Sunday.

A. C. Foster returned Saturday night from Cisco, where he attended a banquet of the Masonic Lodge and helped in conferring the Council degree on several members of the order.

E. F. Springer returned this week from a six weeks prospecting trip to the Southwest, extending into Mexico. He says he saw a good deal of fine range country, and quite a bit of land that looked worthless. But as to farming, he saw no crops as good as he found them on his return to Haskell county.

Attend Funeral of Sam A. Roberts

Among out-of-town relatives attending the funeral of Sam A. Roberts Tuesday, May 12, were Mr. and Mrs. J. W. Roberts of El Paso; Mr. and Mrs. Grady Roberts of Wichita Falls; Mrs. Effie Briggs, Mrs. Floyd Zimmerman and son Dean of Carnegie, Okla.; Mr. and Mrs. S. W. Baptist W.M.U. Honors Miss Maybelle Taylor, Who Recently Returned From Brazil, At Tea Monday Afternoon

The program was given in the church auditorium where a flower arrangement of pink gladioli and carnations graced the speaker's table, and large baskets of rose delphinium were on the piano and organ. Invitations had been extended to the women of the East Side Baptist Church and in other churches throughout the association.

Mrs. James F. Cadenhead gave three organ numbers: Lieberstein, A Song of Love; My Task, and an original composition, O Love Divine. Mrs. Cadenhead is teacher of the Fidelis Class.

Mrs. Malone of O'Brien sang "He Hideth My Soul in the Cleft of the Rock."

Mrs. Cecil Meadows, Rochester, offered prayer. The president, Mrs. R. C. Couch, Sr., spoke briefly of Maybelle's work in the home church here before going to the mission field, and of the high esteem with which everyone regarded her. In closing, the remark was made that those present needed no introduction to the guest of honor, as most of them had known her throughout the years. In her talk, Maybelle told of some of the customs governing the

school life, graduations of students, etc., which differ from our customs here. Many of the girls go directly into mission work after finishing the prescribed course of study. Their greatest desire being to impart spiritual knowledge to their home communities. Many of them going far back into the interior.

At the close of the program everyone repaired to the annex where as a feature of G. A. Focus Week, the girls in pretty frocks served punch, nuts, mints and squares of cake from a beautifully appointed table. Here again lovely spring flowers were in profusion. The girls in a group sang, "We've a Story to Tell the Nations. Betty Rexrode, Wynette Sherman, Danna Ruth Smith and Gayle Spain gave piano numbers. Mrs. Arthur Edwards is G. A. sponsor. On a nearby table were displayed many curios, pictures and dainty pieces of handwork which the honor guest brought from South America.

G. A. girls assisting were: Danna Ruth Smith, Betty Rexrode, Wynette Sherman, Etta Drennon, Evelyn Langford, Betty Anderson, Anita Humphrey, Bertha Sue Christian, Shirley Young, Jan Renfro, Linda Ivy, Barbara Rexrode, Gayle Spain.

Women attending from Rule were Mesdames Houston Walker, C. A. Simpkins, H. L. Chambers, C. L. Baker, Clyde Kimbler, Jack Moore, Audie Verner, C. O. Davis, Fred Hodges, M. W. Rogers.

From Rochester: Mesdames V. Alvis, W. J. Bragg, J. E. Mansell, Cecil Meadows and Hob Smith.

From O'Brien: Mesdames Bert Davis and Kay, John L. Grindstaff, Leonard Force, S. P. Keller, Lewis Kay, T. J. Sparks, R. M. Johnston, B. V. Selph, W. D. Malone, Henry Clark and daughter, and Misses Doris Kay, Joyce Hodges, Jody Hodges, Betty Kay (Y. W. A.).

New Form Available For Establishing Age, Citizenship

A revised application form for use of persons seeking to establish proof of age or citizenship through personal census records is now available at the Census Bureau's district office in Fort Worth, according to District Supervisor James M. Hamilton, Room 2134, 300 W. Vickery St. The revised form is designed to encourage applicants to use the census of 1880, 1900 and 1920, if possible, when requesting searches of the voluminous census records. Officials point out that information from these censuses can be furnished more rapidly because the records for these years have been card indexed. Because of the comprehensive index, information can be provided in most instances if the applicant furnishes only his name, the name of the city or county and state in which he was living and the name of the head of the household in which he was residing. Searches of the card index of these censuses can be conducted five times faster than

Talented Pianist, Guitar Player, Entertain Lions

Joint hostesses for the tea were Mr. and Mrs. Dotson, Mr. and Mrs. Myron Beard and Mrs. Luther R. Burkett.

Guests were greeted by Mrs. Dotson. In the receiving line were the bride-elect, Nancy Ann Furrh; her mother, Mrs. Stanley Furrh; Mrs. S. E. Porterfield of Lubbock, mother of the groom-to-be; Mr. Roy Weaver, grandmother of the bride-elect; Mrs. W. E. Welsh, aunt of the bride-elect.

Others greeting guests were Olen Dotson of Haskell; Dave Porterfield, groom-to-be; Stanley Furrh, father of the bride-elect; and S. E. Porterfield of Lubbock, father of the groom-to-be.

Asters and gladioli in the bride's chosen colors of mauve and mint green were effectively used in the reception rooms and dining room. Buffet in the dining room held a satin arch arrangement of wedding bells, with pink carnations added on the table and mantle.

Table in the dining room was laid with grey nylon organdy and pink lace, with crystal and silver appointments. Centerpiece was a styrafoam block surmounted by double wedding rings, with triple satin mint green ribbons carrying the lettering "Nancy-Davis, June 16."

Mrs. Wallace Henshaw and Mrs. James Strain presided at the bride's book, and alternating in serving guests were Mrs. Charles Oman, Mrs. Edgar Corzine, Mrs. Bailey Tolver and Miss Nanette Weaver.

Miss Furrh, daughter of Mr. and Mrs. Stanley Furrh of Haskell, was graduated from Texas Technological College in Lubbock, in January. While in school she was a member of the Los Chaparras social club, a representative of the Association of Women Students and a legislator in Knapp Hall.

Mr. Porterfield, who is the son of Mr. and Mrs. S. E. Porterfield of Lubbock, is to receive his degree in May from Texas Tech.

Knox-Wilson Nuptial Rites Read May 10 In Olney Church

A wedding of interest to a large circle of friends was solemnized Sunday, May 10 in the First American Lutheran Church of Olney, when Mrs. Neida Kox, daughter of Mr. and Mrs. J. C. Seevig of Albert, became the bride of Dennis P. Wilson of Haskell and Abilene.

The Rev. W. E. Doerr read the marriage ceremony.

Mrs. A. D. Myers, organist, and J. E. Hickman, soloist, presented a program of traditional music.

For her bridal dress, the bride wore a navy blue dress, with a rose tweed bolero and navy accessories. She carried a purple orchid on a white Bible.

Mrs. Fred Simmons of Olney was matron of honor. The bridesmaids were the groom's nieces, Miss Nancy Wilson of Stamford and Miss Johnny Lou Wilson of Breckenridge.

Willard Mitchell of Rochester attended the groom as best man. Lynn D. Seedig, brother of the bride, and Fred Simmons of Olney were ushers.

After the ceremony, the bride's parents entertained with a reception honoring the couple. The tea table was covered with a lace cloth and was centered with an arrangement of pink carnations and ferns. Mrs. Hubert Seedig served punch, Mrs. Fred Simmons served the cake, and Mrs. Curtis Seedig registered the guests.

Mr. and Mrs. Wilson left immediately after the reception for a trip to Colorado Springs and other points in Colorado. On their return they plan to make their home in Stamford.

Mrs. Wilson was reared in Elbert, and is a graduate of Throckmorton High School.

Mr. Wilson has been an employee of Mrs. Baird's Bakery for 14 years, and is now a route supervisor for the company. He is a Navy veteran of World War II, and served as fire control officer on a U. S. destroyer, in the Atlantic. He is the son of Mrs. R. H. Darnell of Haskell.

On Thursday, May 7, a come and go shower honoring the bride-elect, was held in the home of Mrs. Fred Simmons in Olney, with Mrs. Alma Meyer and Mrs. G. E. Assiter as co-hostesses. Attending from Haskell were Mrs. R. H. Darnell and Mrs. Barney Swinson, and Mrs. Willard Mitchell of Rochester.

CARD OF THANKS

We desire to express our sincere appreciation to friends and neighbors, and all who through their comforting words and deeds helped to lighten our burden of grief in the loss of our loved one. We are especially grateful to the doctors and hospital staff for their tender ministrations, to so many neighbors who opened their homes to our friends, for the food brought to our home, and all that was done for us. And from the depths of our hearts come our thanks for the memorial tributes to our loved one, the floral offerings and gifts to his church in his memory. May God keep and bless each of you in our prayer. —Mrs. Sam A. Roberts and children.

Mrs. Will Gilmore Will Present Tap And Ballet Group In Program May 29

MRS. WILL GILMORE

Mrs. Will Gilmore, teacher in Haskell Junior High School for the past six years, will present her tap and ballet group in a musical entitled "Beauty and the Beast" Friday night, May 29 at 8 p. m. in the high school auditorium.

Mrs. Brooks Middleton's speech class will assist with the Progressive Study Club sponsoring the program. Tickets will be sold this week by Junior High school students, and also may be secured at Lane-Feiker's. Proceeds will go for a worthy cause, such as new draperies for the high school auditorium.

Mrs. Gilmore has directed several such productions before and all have been singularly successful and well attended. In 1949 she directed one of the most outstanding programs Haskell has ever had, when she staged "The Cavalcade of Haskell County" in the high school stadium with more than 500 school children, including pupils in the colored schools, taking part. The program was based on material from the History of Haskell County by the late R. E. Sherrill. Also, Mrs.

Gilmore presented a Christmas program in 1951, "Santa's Toy Shop," and another outstanding program "A Trip Around the World" in the Spring of 1952.

A member of the Junior High School faculty for six years, she teaches physical education, spelling, writing, and health. Mrs. Gilmore has done good work with the girls in physical education courses. Before coming to Haskell she was head of the physical education department in McMurry College. Previously she taught physical education in Dallas public schools; and was program director of YWCA-USO in Wichita Falls and San Antonio.

Confirmation to Be Held At Lutheran Church Sunday

Another joyful event is to take place at Trinity Lutheran Church this Pentecost Sunday at 10:30 a. m. Three young people, Edwin Moeller, Barbara Peiser and Sandra Peiser, are to be confirmed in the worship service.

This event is preceded by two years of religious instruction by the pastor of the church. The class this year is unusually small. It is the age-old custom that all children in the Lutheran Church attend a period of intensive religious instruction. This normally occurs between the years of 12 and 15.

The rite of confirmation, often misunderstood, is a public confession of faith on the part of the confirmands and their acceptance by the congregation into adult membership. In modern terms this is "high school graduation" in the church.

The result of this religious instruction is to equip and prepare men and women with an understanding of Christian truths so

that the adult life may be of service to God in a more effective way and a greater joy to the servants.

Many friends and relatives are expected to witness the event.

This past Tuesday night at 8 o'clock the class underwent an oral, public examination by the pastor, and it was witnessed by the congregation. This is how the confirmands bear witness and "confess before men."

Lightning Major Cause of Fires In Rural Areas

Lightning kills 400 people and injures 1,000 others every year in the United States. And reports the National Safety Council, 90 per cent of these fatalities occur in rural areas. In addition, lightning is a major cause of farm fires—about 20 million dollars worth of farm property is destroyed annually.

According to W. S. Allen, agricultural engineer for the Texas Agricultural Extension Service, here's about what happens in an electrical storm. As summer storm clouds gather on hot humid afternoons, electrical energy builds up in them. When the electrical potential becomes strong enough to break through the insulating layer of air, a giant spark—lightning—is produced.

Allen says lightning flashes may occur within a cloud, between clouds or between a cloud and the earth or projecting objects. Heated air along the zigzagging path of lightning expands rapidly and the resulting rolling sound waves make thunder. Allen explains that sound travels 1100 feet per second in the air, so if there is a 10 second wait between the time you see the flash and hear the thunder, it means the lightning is about two miles away. And for what it's worth, he says if you are struck by lightning you'll neither hear the thunder or see the flash.

With millions of volts and thousands of amperes spent in a fraction of a second, lightning has tremendous power and will destroy or damage any object which tends to resist or obstruct its passage. In areas where thunderstorms are frequent and intense, Allen says all important farm buildings should be protected against lightning.

If you have a choice of shelters during an electrical storm, choose them in the following order, Allen says. Get in a building that is protected from lightning or one constructed of metal or framed with metal; an automobile with a metal top and body or in unprotected buildings.

In every case, it is best to stay away from open doors or windows, fireplaces, stoves, piping or other metal objects. Do not go outside nor remain out during thunderstorms unless necessary, says Allen. If caught in a thunderstorm, stay away from small sheds and shelters in exposed locations, isolated trees, wire fences and hill tops and large open spaces where protection is not provided by taller objects.

On the other hand, seek shelter in a cave, a depression in the ground, a deep valley or canyon, the foot of a steep or overhanging cliff or in a dense grove of trees.

If the worst should happen and a person becomes unconscious from a stroke of lightning, call a doctor and apply the same emergency treatment recommended for electrical shock. The immediate application of artificial respiration is very important, points out the specialist for in addition to causing burns, the passing of electric current through the body often paralyzes the nerves and muscles thus affecting the heart and breathing mechanism.

Thunderstorms will become more frequent with the arrival of summer weather and Allen says don't take unnecessary risks when they are in progress. If important buildings on your farm are not protected against lightning, it might be a mighty good business investment to give them the needed protection.

Plans For Texas 4-H Roundup Taking Shape

The annual Texas 4-H Club Roundup will get underway the afternoon of June 9 and will officially close after breakfast on June 12. In between will be a schedule of activities and training meetings for the 4-H members and their local adult leaders and the locale is the campus of Texas A&M College.

According to information released by the general committee, the first planned group activity will come on Tuesday night—parties for the leaders and 4-H members. The official opening session is scheduled for Sblisa Hall on Wednesday morning. Dr. G. C. Baker, Jr., chaplain, Southern Methodist University is the featured speaker and will use the theme of the Roundup, "From Here Where . . . What Does the Future Hold for You," as the basis for his address.

The delegates, after the address, will take their places in assigned groups to develop the points raised by Baker. The leaders will meet in separate session. A chuck wagon feed is scheduled for Wednesday evening. The 4-H visitors will spend Thursday morning seeing Texas A&M College and in the afternoon will hear reports from the 12 groups.

The annual banquet is scheduled for Thursday evening and will again be given by the Sears-Roebuck Foundation. C. T. Johnson, southwestern area director for the Foundation is arranging the entertainment part of the banquet program.

Missing from this year's program is the judging and team demonstration contests. These will be held on June 25 at A&M but final plans have not yet been announced.

Attendance for the 1953 Roundup is limited to one 4-H boy and girl and one man and woman adult leader from each county in the state. Two county extension agents—about 1,000 total.

Want to make a quick getaway?

THE nearest we can come to word-picturing for you how it feels to drive a 1953 Buick with Twin-Turbine Dynaflo® is this:

When you toe the gas treadle, you can get away like silken lightning in a silent hurry.

More specifically, you can sweep your speedometer needle from zero to a legal 30 mph in the time you normally take two breaths.

Equally important, you get this dazzling getaway with whisper quiet—and with one smooth, progressive build-up of velvety power.

The literal truth is—no other car in all the world can get away with the combined quickness, quiet and utter smoothness of a 1953 Buick with TT Dynaflo.

It takes more than the advanced new engineering of this fully automatic transmission to produce such thrilling performance, of course.

It takes power, too.

And that's here in full measure—the highest horsepowers and compression ratios, Series for Series, in Buick's fifty great years—with the world's most advanced V8 engine powering the SUPER and ROADMASTER.

There's a lot more you get in any 1953 Buick in generous and hard-to-match measure—room, comfort, ride steadiness, visibility—and, above all, value.

But these are things you must discover for yourself—as you must the greatest Buick performance in history.

Why not drop in on us real soon? We'll be happy to put you at the wheel of a new Buick and let our points prove themselves.

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

American admen are reputed to be the world's greatest creators of cliches and slogans designed to sell a bill of goods.

Yet, London slogan makers do very well when the stakes are huge.

London has come up with a new dandy in "Trade-Not Aid".

It's a catchy slogan in the best Churchillian style, condensing \$1 is thought "The United States should eliminate import tariffs so British goods can flood the American market, replacing U. S. business output and U. S. employment!"

In the November election returns, the British realized American voters registered a protest against the continuation of vast tax-wasting inflation-causing foreign give-away programs.

Therefore, British policy makers launched this slogan.

Among the first to sound the alarm in Washington was Sen. George W. Malone (Rep., Nev.).

"Workingmen and investors of this nation," he states, "have been alarmed and mystified by the flood of canned editorials, articles in national magazines and one economic world columnist mouthing with surprising similarity the trade, not aid catch phrase, 'It is now clear,' the Senator says, 'that the bombardment for the division of the markets of this nation with the low wage living standard labor of Europe and Asia is being directed by the sterling bloc countries led by England using Marshall Plan Funds.'"

British policy makers consistently refuse to recognize why the American market is by far the world's richest.

In Britain, and all Europe, widespread ownership of automobiles, television and radio sets, mechanical refrigerators, and other conveniences is unthinkable. Vast monopolies, or cartels, control the markets. In doing so, they make it impossible for mass ownership of goods, but at the same time they prevent any independent firms from entering any given industrial field and taking a share of the volume away from the cartel in control of that field, even though new employment and wealth would be created.

In Washington a substantial group takes this attitude. It was thought American dollars would help Britain and Europe to prosper. Despite billions spent the job was a failure. Now Europe wants to flood the American market with cheap, foreign goods. That, too, would fail.

This group believes there is only one solution to the British and European problem. That is for them to adopt the very same American anti-trust laws that they, allied with U. S. internationalists, have been feverishly working to tear down.

Years ago General Douglas MacArthur said "America is a rich storehouse that any nation would like to plunder."

General MacArthur did not distinguish between friendly or enemy nations. Today, so-called friendly nations are engaged in a drive to plunder America, with the excuse their own survival depends upon it. Yet, they have never tried to adopt the free enterprise system that has made America worth plundering. Failing to do so, they are now in the position of saying "Let's all commit suicide together."

British policy makers consistently refuse to recognize why the American market is by far the world's richest.

Sensible Steps Make Growing Older Pleasant

There are Seven Sensible Steps to growing older. That is, if you want to age successfully.

Mrs. Eloise Johnson, family life education specialist for the Texas Agricultural Extension Service, says looking forward to later years can be done pleasantly by planning to include these seven steps in growing older. For healthier and happier years ahead, eat properly; see your doctor regularly; get enough sleep; balance your exercise and rest; wear comfortable, attractive and becoming clothing; keep busy; and cultivate a sense of humor.

Growing older is a lifelong process and means changes of many kinds, physical, mental, and social. These changes are natural and should be recognized and accepted. Plans for growing older can fill the need of affection, activity and achievement, companionship, being needed and useful, and for creative interests.

A well-balanced person looks back upon his life and profits from the lessons he has learned. He enjoys pleasant memories. But he also looks into the future to make plans for what he intends to do tomorrow. What are we going to be like in ten or fifteen years? What kind of a 65 or 75-year-old will we be? If we are self-centered and withdrawn now we will be even more isolated when we grow old. If we are interested in other people and get pleasure in doing for others we will get increasing pleasure in relations with people as we get older.

Mrs. Johnson says since older people account for an ever increasing proportion of the total

population, many county home demonstration agents have encouraged groups to include the special needs of older family and community members as well as those of children and youth. In 1952 the agents counseled with more than 3,000 older persons. Conferences of representatives of organizations interested in the family have held in community and county groups as an effective means of creating a more general awareness of the problems which may be solved through community analysis and cooperation.

Training for home demonstration club leaders in conducting discussions on aging successfully enable them to share with other members the suggestions of the

family life program. In Milam county, 32 leaders received this training recently from Mrs. Johnson and Mrs. Alice Hughes, county home demonstration agent. Teams of leaders will use the check sheets on aging successfully and assist members with scoring themselves. They planned to include their families in the discussions for they felt children and youth can plan aging along with parents.

with more great **First....** new features than all other makes of cars combined

First 4-Wheel Hydraulic Brakes... revolutionized stopping safety, later adopted by all cars. **POWER BRAKES**—since 1932, still not available on many makes.

First High-Compression Engine... pioneered far greater drive efficiency. First V-8 with Hemispherical Combustion Chambers—stands alone today in drive power per horsepower.

First Power Steering... introduced new, safer car control that removed the work and strain of driving, still unequaled by imitators.

First Waterproof Ignition... gives owners of Chrysler-type cars a tremendous "wet weather" starting and anti-stalling advantage!

First Safety-Rim Wheels... a new way to keep punctured tires from slipping off the rim: enjoyed only by owners of Chrysler-type cars!

First Fluid Drive... changed America's driving overnight with a revolutionary way to transmit power from engine to rear wheels more smoothly!

again today with the 4 **First....** most remarkable developments of modern times...

Firepower V-8... revolutionary new-type engine, practical 'til now only in European sports cars and aircraft where cost is no factor. Delivers more "drive" to rear wheels from every drop of gasoline!

Safer, easier driving control... with the first Full-time Power Steering in any passenger car that does all the hard turning and parking work for you—absorbing all "wheel fight" over the rough going, too!

More power for safer, faster stops... big Chrysler Power Brakes (standard equipment) multiply your lightest toe pressure into instantly effective stopping action. New Cycle-bond linings last far longer!

America's smoothest ride... with new double-strength shock absorbers. See your dealer for a thrilling Chrysler "Power Ride"... in the car that gives you far more for your money today than any other!

This is the famous Ford Rotunda with its redesigned exterior. Inside, the entire building, long Detroit's principal tourist attraction, will have a completely new series of displays and exhibits to show the progress of the automobile industry and its effect on American life. This artist's conception shows how the building will look when it is reopened to the public about June 1 as part of the company's 50th anniversary observance.

Insect Danger May Be Great, Farmers Told

The National Cotton Council reports that large numbers of boll weevils have survived the winter in nearly all areas where these pests usually are a threat to cotton.

The Council advises cotton producers to be prepared to carry out a thorough control program as soon as necessary and to follow cotton insect control recommendations for the areas in which they live.

In Mississippi, Extension Entomologist A. G. Bennett reports that 89 per cent of the weevils which hibernated survived the mild winter and that in only four years in the last 17 have a greater number survived. Present survival averages are one and a half times the average survival for the 17-year period. The entomologist warns Mississippi cotton producers to check their crops carefully and be ready to control aphids, thrips, and cutworms in addition to boll weevils.

W. G. Forgy, Former Newspaperman Here Dies At Bonham

Wm. G. Forgy, 53, advertising manager of the Bonham Daily Favorite and former newspaperman in Haskell, died Monday in a Bonham hospital of a heart ailment. He had been ill for 10 weeks.

Mr. Forgy was advertising manager of The Free Press from 1933 until 1935, and later published a newspaper at O'Donnell before going to Bonham 10 years ago. He was a native of Oklahoma.

Survivors are his wife, a son, William G. Forgy, Jr., and a daughter, Cynthia Forgy, of Bonham.

Weinert Seniors On Week's Trip To South Texas

The Weinert High School Seniors left on their senior trip Monday morning, May 16. The class members are Diema Lewis, Joella Weinert, Jackie Jetton, Jimmie Jetton, Edna Alexander, Pearl Brown, Vivienne Jenkins, Jerry Jetton, Charles Ray Hix, Don Yandell, Kenneth Owens, Billy Ray Anderson and Daniel Hill.

The sponsors are Mr. and Mrs. Connor Horton and Mrs. J. E. Jetton. The seniors plan to visit higher than usual survival rate for these areas, the Council says. The Rio Grande Valley cotton producing area previously had reported damage to cotton from cutworms, aphids and thrips. Entomologists in the western cotton producing areas are warning farmers to be ready to control these and other cotton pests.

Improved Foods May Be Developed From Cottonseed

New cottonseed products which will preserve food longer and make margarine spread more easily are said to be ready for the market, the National Cotton Council reports.

A product known as acetostearin can be made cheaply and simply from cottonseed oil and is expected to find wide use as a coating material for preserving foods. It is non-greasy and extremely plastic with a melting range and other physical properties that can be controlled within certain limits, the Cotton Council notes.

Being practically odorless, colorless, and tasteless, acetostearin is remarkable resistant to rancidity and other forms of deterioration. Scientists have reason to expect that it will not only be edible and non-toxic, but even nutritious. It has two advantages over available compounds. First it retains its plasticity at low temperatures, so that it does not crack or chip. Second, it is possible to use antioxidants in this coating material, thus improving its effectiveness as a preservative.

A new margarine product called a "global spread," made principally from cottonseed oil, now is being tested by the Quartermaster Corps for use in the armed forces. This product has excellent keeping qualities and retains almost constant spreadability over a temperature range of from 5 degrees F. to 120 degrees F.

It takes 10 inches of snow to equal 1 inch of rain.

**Production Up, Income Down
First Quarter of 1953**

Amount of money received from farm marketings in first quarter of 1953 was 6.6 per cent down from 7.2 per cent in 1952, according to reports of the Bureau of Agricultural Economics of the U. S. Department of Agriculture. An increase of 6 per cent in the volume of commodities marketed was offset by the lower prices received. In Texas farmers received a total of \$229,588,000 from marketings in January and February of this year, as compared with \$260,548,000 received in the same period last year. In general, prices received by farmers are expected to continue at a lower level this year than in 1952, but production costs will remain almost as high as a year ago. This points to a drop in net farm income this year. The Bu-

Utter simplicity is the keynote of these separates from Thelma Gay of Dallas. Proper placement of the large imported buttons down one side of the wrap-around skirt and on the sleeveless, scooped-neck blouse give trim functional finish. The fabric is Wm. Lind's Moonglow. Sizes 10-16.

Bureau of Agricultural Economics estimates a reduction of about a billion dollars in net income from last year's total of 14.3 billion, but still approximately a billion dollars above post World War II low of 12.3 billion dollars received in 1950. Any material change in present production prospects would change this outlook. Individual farmers' expenses and cash returns always vary by a large margin, the Bureau points out. These differences are influenced by the location of the farm and the type of operation. A reduction in expenditures can be expected this year on those farms that make large purchases of feed and livestock, and reductions in cash returns will be greatest on farms whose products have dropped farthest in price since 1952, such as beef cattle.

CARD OF THANKS
The family of C. Y. Morris wish to thank each of our many friends and the doctors and nurses, and entire hospital staff for their kindness and many words of sympathy during the illness and death of our husband and father. May God richly bless each of you. —Mrs. C. Y. Morris, Troy Morris, John L. Morris, Mildred Austin, Lucy Ann Busby.

**Red Cross On Job
At Waco, S. Angelo;
Donations Needed**

Tornadoes that struck San Angelo and Waco May 11 impose tremendous responsibility on Red Cross to meet needs of injured and homeless people. We feel certain that citizens of Haskell County wish to come to the assistance of their neighbors in these two communities.

There are great numbers of known dead and injured and many homes destroyed and damaged. The Red Cross was on the scene within the first few hours with blood plasma, equipment, and more than 20 National Staff Disaster Workers, including nurses. Who knows when a tornado will take its giant fingers and wipe out our communities, kill your family and friends and scatter its ruins all over our county. We

would welcome Red Cross with open arms in our dire emergency. We would certainly appreciate the Red Cross stepping in and building back our homes, paying hospital bills and giving blood plasma to ones who need it. Why not drop by the Red Cross office here in Haskell and contribute to this worthy fund. You would be helping someone that needs help now!

**Judge Alf Turnbow
Will Head Mental
Health Fund Drive**

Judge Alfred Turnbow has been named chairman for Haskell for the Texas Mental Health Fund, it has been announced by R. L. Wheelock of Corsicana, chairman of the campaign. The Texas Mental Health Fund seeks to raise a quota of \$148,786. The Texas Mental Health Fund, the first educational or fund raising campaign ever attempted by Texas Society for Mental Health or the National Association for Mental Health, will be used to

broaden the scope of Mental Health work at the local, state, and national levels. The Texas Mental Health Fund hopes to reach at least 1,000,000 people in Texas during the campaign. Mr. Wheelock said that there were now organizations working on the Mental Health Fund campaign in 45 Texas counties. He urged everyone to donate to the campaign, and said that anyone in Texas who was not asked to contribute could donate to the campaign by addressing his contribution to Mental Health, care Postmaster, in any city. The campaign will continue throughout the month of May, and will probably extend into June, due to the late start of a number of campaigns in getting organized.

BY MRS. DELBERT LE FEVRE

Mrs. B. Kupatt, Mrs. A. C. Knippling, Mrs. Arnold Reimer and Mrs. Will Stegemoeiler, accompanied by Mr. Kupatt went to Slaton Friday of last week to attend the 8th annual Lubbock group meeting of the Lutheran Women's Missionary Federation at the Evangelical Lutheran Church there.

Mr. and Mrs. G. A. Lambert spent Mothers Day in Idalou with their son, R. T. Lambert and family. While they were there, Mrs. Lambert fell and broke her wrist and received a bruised hip.

Mr. and Mrs. Charlie Clark of Holiday and Mr. and Mrs. Clinton Smith and daughter of Wichita Falls and Mrs. Vera Cleveland of Wichita Falls were guests of Mr. and Mrs. John Clark and Mr. and Mrs. Chas. Clark and sons last week end.

Mr. and Mrs. Henry Bredthauer of Olney visited with relatives here last Sunday.

Mr. and Mrs. Edgar Jennings and daughters, Linda and Anne, visited relatives in Tullia last week and then went on to Kerrville where they will visit Mrs. Jennings' parents.

Mr. and Mrs. O. H. Hamby and sons, Dale and Dan, of Coleman were dinner guests of Mr. and Mrs. Cliff LeFevre Sunday.

Mrs. B. Kupatt and son, Fred and daughter, Patricia went to Midland last week end to visit Mr. and Mrs. Sid Curry and son, Dale, and Mrs. Frances Elmore and children.

Mr. and Mrs. J. C. Schroeder of San Marcos spent last week end with Mrs. L. H. Schroeder and other relatives.

The Rev. Bruno Gaskamp, pastor of the Trinity Lutheran Church in Haskell, will preach in

St. Paul's Lutheran Church next Sunday at 9:00 instead of the regular 11:00 service. Sunday School will be held after church from 10:00 to 11:00.

The eighth grade of the Sagerton School will have their commencement exercises on Thursday evening, May 21, at 8 p. m. The Rev. J. B. Thompson, pastor of the First Methodist Church at Haskell, will be the guest speaker. Mrs. Hubert Bell of Stamford will play the processional and recessional.

The class has chosen blue and white as their colors and their flower is the pink carnation. Their motto is "Where there is unity, there is always victory." Members of the graduating class are Billy Tabor, Carl Kainer, Alvin Hertel, R. C. Franke, Winston Ulmer, Doyle Mueller, Elyzabell LeFevre, Jeanette Heim, and Shirley Bell.

Ushers will be Patricia Summers, Fred Wendeborn and Gloria Mueller, all members of the 7th grade.

Immediately following the commencement exercises there will be a reception honoring the 8th grade graduates and the members of the graduating class of Rule High School from Sagerton. Miss Irene Stewart, Mrs. L. Dippel, Mrs. Paul Banks, Mrs. Julia Hamby, Mrs. M. Y. Benton and Mrs. Cliff LeFevre will be hostesses for the reception. All friends of the graduates are invited.

Members of the graduating class of Rule High School from here are Lois Knippling, Doris Franke, Patricia Kupatt, Loretta Neinst, Jerry Lee Kainer, Herbert Jerry Kainer, Kenneth Stegemoeiler and Adeline Lehmann. Mr. and Mrs. Cliff LeFevre, accompanied by Glenna Clark and Marlene Laughlin, went to Matador Sunday night for the baccalaureate service there. Gary Laughlin, a nephew of the LeFevres, is a member of the 1953 graduating class there.

Miss Irene Stewart, principal of the Sagerton school announced that the following students would receive awards for perfect attendance during the past school year: Winston Ulmer, R. C. Franke, Sue Hertel, B. L. Ross and Bob Clark.

The Lutheran Womens Mission League of the Zion Lutheran Church met in the parish hall Thursday afternoon, May 14, for a regular meeting. Their topic of discussion was about the Lutheran Womens Mission League, which the organization recently joined. Mrs. Bill Stanhope was hostess for the meeting. Those present were Mrs. Emil Welsch, Rufus Schmidt, C. E. Stegemoeiler, Joe Clark, Leon Stegemoeiler, E. H. Diers, August Hahn, O. G. Neinst, L. Dippel, F. A. Stegemoeiler, Rev. and Mrs. Zuskler and Misses Lillian and Loretta Neinst and the hostess.

Mr. and Mrs. Weldon Trede-meyer and family of Hays, Kans., were here last week end visiting relatives.

Linda Stremmel entertained members of the Tom Thumb Club in her home Monday afternoon, May 11, after school. Their sponsor, Mrs. D. W. Counts, and Mrs. Zucker met with the girls and Mrs. Zucker showed them how to make jewelry from shells.

Refreshments were served to Mrs. Counts and Mrs. Zucker, and Jana Ulmer, Jov Nierdieck, Sherry Counts, Linda LeFevre, Sarah Blitz, the hostess and her mother, Mrs. Herbert Stremmel. The

next meeting will be June 8 in the home of Linda LeFevre.

Mrs. A. L. Gibson entertained members of the Home Demonstration Club in her home Tuesday afternoon, May 12. Mrs. J. C. Kainer gave a very interesting demonstration on kitchen sanitation and Mrs. Gibson gave a book review on "Gentlemen's Agreement."

Mrs. Cliff Gholson, president, presided during the business meeting. Refreshments were served to the following members: Mesdames J. C. Kainer, Cliff Gholson, Glyn Quade, A. C. Knippling, F. A. Stegemoeiler and the hostess.

The next meeting will be May 26 in the home of Mrs. J. C. Kainer.

This Is The News That Got Around Fast!

The New Packard CLIPPER

Each year word gets around that this or that car is "the buy." This year it's the Packard CLIPPER.

You are reading about an automobile that has been in the news since the first day it was introduced. And the news traveled fast!

Say you've got a new car in mind. You have a certain sum of money you can afford to pay for it. Maybe you're thinking that a small, low-priced car is good enough, or one of the other medium-priced cars. All right.

Keep your convictions, but also keep an open mind. Then, before you sign an order—pay a visit to your Packard CLIPPER dealer and give this new car a careful going-over, including a ride of your choosing!

You'll find that this CLIPPER by Packard is practically in the same price league with dolled-up, low-priced cars! So why not see your CLIPPER dealer and learn for yourself why the men who know motorcar values best say the CLIPPER is "the buy" of the year!

In addition to the Clipper, PACKARD is building today a car so beautiful and fine that it is applauded everywhere as "America's new choice in fine cars." Ask the man who owns one—today!

The "Texas" of Turkey

Streets are crowded, shops are bulging with goods and everybody is on the go. This is Zonguldak—1953. Though few Americans have ever heard of the place, it looms large in the economic calculations of the free world. Once a quiet seaside resort, made up of pine trees and pink villas, it is today, perhaps, the most ambitious coal-mining project in the world.

Facing Russia across the Black Sea, the Turks in Zonguldak have completed half their ten-year \$140-million mechanization and modernization program. Americans have pitched in and installed the most modern radar screens as protection against surprise attack.

The mines have also proved a boon to local agriculture. As a great many of the miners are ex-farmers, an exodus takes place at sowing and harvesting time when hundreds of men apply for leaves of absence to return and help out on the family farm. It is estimated that they go back home with 95% of their wages. Single men can make use of the free board and lodging that is provided.

A thousand feet below the Black Sea, shafts have been sunk. Fluorescent lighting, conveyer belts, mechanical trucks are all part of the equipment that has made this coalfield one of the foremost in the world. Today, Zonguldak, with its bustle and activity, is the "Texas" of Turkey as well as one of the most vital centers of the free world.

WEEK END GUESTS IN J. P. PAYNE HOME

Mr. and Mrs. J. P. Payne had as guests during the week end, their daughter Mary Beth, and a classmate, Carolyn Lindley of Tulsa, both students in Baylor University. Mrs. Payne went to Waco Friday to accompany Mary Beth, and Carolyn to Haskell.

RETURNS FROM VISIT IN DALLAS, OTHER POINTS

Mrs. B. M. Whiteaker returned Saturday from an 8-weeks visit with her children in Dallas, Lake Jackson, and Austin. Highlights of her visit included attendance at the May Fete of Lake Jackson grade school, where 1200 children in gala costumes crowned the queen, performed Indian dances and wined ten Maypoles. One full day spent in Houston at the Southern Baptist Convention was most gratifying. Miss Marjorie Whiteaker of Dallas came home with her mother Saturday, returning on Sunday.
