Haskell County History

29 Years Ago—Jan. 19, 1933
A number of Haskell people went to Austin this week to attend the inauguration of Mrs. Miriam A. Ferguson as Governor. Among those going were Mr. and Mrs. Joe Lee Ferguson, Mr. and Mrs. French M. Robertson, Mr. and Mrs. Tom Donohoo, Mr. and Mrs. J. G. Mulkey, Mr. and Mrs.

Virgil Reynolds and Belton Duncan. E. C. Hunter has leased the building formerly occupied by the Model Tailors. He is having the interior remodelled and refurnished this week and will open a modern new cleaning plant. The W. A. Holt Red & White Grocery will move from its present

location on the north side, to the Oates Building on the west side as soon as remodelling of the building is completed.

At a meeting of stockholders of the Haskell Hotel Company, owners of the Tonkawa Hotel, Monday morning, all officers and directors were re-elected. They are John W. Pace, president; T. J. Arbuckle secretary; O. E. Oates, J. U. Fields and Courtney Hunt, directors.

Miss Irene McGregor of Haskell was among students of Baylor University listed on the honor roll for the Fall semester. She made an average grade of B plus on all courses taken.

Fire of undetermined origin which was discovered on the second floor of the Baldwin Building at 1:245 p. m. today, completely destroyed the upper floor of the building, which housed the Elks Club rooms, a sign shop, and a domino parlor. All other office quarters were unoccupied. The lower floor was occupied by the U. S. post office and the R. V. McDavid general mercantile stock.

Both the post office and the dry goods store were badly damaged by fire, smoke and water. The lower floor was saved by work of the Haskell fire department with the assistance of a truck and firemen from Stamford. Their efforts were credited with preventing the fire's spread to adjoining buildings. The post office is being moved this week to the Baldwin Building on the west side of the square, formerly occupied by the Manhattan Store.

30 Years Ago—Jan. 19, 1903
W. K. Bagwell, who has been with R. V. Robertson Dry Goods store here for the past year, is moving his family to Rochester where he has gone into business for himself.

L. V. Marrs is building a new four-room residence on his farm in the Gilliam community. The family will move to the farm when their new home is finished. Sheriff W. C. Allen arrested a

man this week who was wanted in Jones County for stealing harness. The man was travelling through the country in a wagon and was located by the Haskell sheriff where he had camped for the night between Haskell and Weinert. As Allen approached the camp, the man was not to be seen, but later was found hiding behind a tank dam nearby.

Restoration of night passenger train service on the Wichita Valley has been promised by railroad officials, as soon as motive power and other equipment can be placed in readiness following the recent strike.

The Commissioners Court has authorized payment of a bounty of five cents for jackrabbit scalps. Last year the county paid bounties on more than 30,000 scalps.

The City Council has announced that the curfew law will be rigidly enforced beginning February 1st. Under this law, no children under 16 years of age will be permitted on the streets after 9 o'clock at night unless accompanied by their parents or guardian.

Seven prisoners escaped from the Jones County jail at Anson last Saturday night, according to information received by Haskell officers. The prisoners made their getaway after sawing several bars over a window in the jail run-around.

Postmaster W. E. Kirkpatrick is back at the post office after an absence of several days wrestling with influenza.

Virgil A. Brown, John T. Kirby, W. J. Campbell and J. E. Mulkey returned Saturday from a prospecting trip to Wood County. They reported encountering considerable mud and rain on the trip.

50 Years Ago—Jan. 17, 1903
C. W. Lucas, an old citizen of this county and at one time County Commissioner for the Paint Creek precinct, was here Thursday. He is now travelling for a medicine concern.

We are told that a party of 500 colonists are going from Oklahoma to Old Mexico, where they will settle on land purchased for 25 cents an acre.

W. R. Chapman, a lawyer of Anson, was in town Wednesday being up on a visit to his brother at Marcy.

We learned yesterday that G. A. Lambeth had sold his place, 320 acres near Cliff, to a man from Jones County for a little better than \$10 an acre. J. E. Hubbard has a nephew visiting him from North Carolina. J. N. Ellis and J. L. Powell will ship a car of cattle to Fort Worth Gal 2 County History.

NOTICE

Interest on consumer's deposit at the rate required by law has been accrued and set aside for payment.

Customers, who so desire, may secure payment of such interest upon presenting their deposit receipt at our local office, or if this is not convenient, by mailing their receipt to the Company. Receipt will be returned with remittance for the interest.

LONE STAR GAS COMPANY

FACTS You Should Know

Most perfumes are damaging to most materials. The alcohol in the perfume is particularly damaging to acetate rayons dyes. The dye is removed by the alcohol. To protect your clothes, guard against their contact with perfume.

With our technical experience, we have been able in many cases to save the garment from this type of damage when brought to us in time.

Protect your investment—have your clothes properly cleaned and finished.

SERVICE CLEANERS and LAUNDRY

Dr. M. T. Griffin moved into his new residence in the northeast part of town this week.

Lee Pierson spent several days out on his ranch this week. He says he has been plowing and sowing oats.

A party of six negroes from Albany arrived Wednesday evening and went into camp on the Spring Branch south of town. They told someone that they were waiting here with the expectation of going to work on the railroad.

S. W. Scott, Masonic district deputy organizer, goes to Moran today to install a newly chartered lodge at that place.

At the annual meeting of stockholders of the Haskell National Bank this week, the following officers and directors were elected: M. S. Pierson, president; G. R. Pierson, vice president; G. R. Couch, cashier; and Marshall Pierson, assistant cashier. Directors elected were M. S. Pierson, G. R. Couch, Lee Pierson, F. M. Morton, S. W. Scott, H. S. Post and M. Pierson. The capital stock of the bank was increased to \$60,000.

The cold, rainy, disagreeable weather several days this week checked the movement of cotton from the farms to the gins and market.

Weinert Matrons Club Elects New Officers

Weinert Matrons Club met Thursday at 3 p. m. in the home of Mrs. W. A. King for the election of officers and a regular program. The nominating committee, Mmes. R. H. Jones, Claude Reid and Fred Monke submitted the following report to the club for approval:

President, Mrs. G. C. Newsom; first vice president, Mrs. C. T. Jones; second vice president, Mrs. J. A. Mayfield; secretary, Mrs. W. B. Guess; treasurer, Mrs. W. C. Winchester; executive board members, Mrs. A. Bartell and Mrs. Frank Oman.

The report was unanimously approved by the club. The program on the life of John Greenleaf Whittier was under the direction of Mrs. Claude Reid who gave the life story of Whittier. Mrs. J. A. Mayfield read two poems by the author. Refreshments were served to Mesdames R. C. Liles, C. Reid, R. H. Jones, J. A. Mayfield, A. Bartell, Fred Monke, P. F. Weinert, W. B. Guess and the hostess.

In 1800, the U. S. Government had a total of 131 employees.

The Washington Monument was opened on Oct. 9, 1888.

Lined oil is made from seeds of the flax plant.

AUSTIN HIGHLIGHTS

By SENATOR GEO. MOFFETT

Austin, Texas, Jan. 13, 1933.—The Texas Legislature meets in regular session every two years on the second Tuesday in January. In some states, there is a regular session of the Legislature every year. The general belief of qualified observers seems to favor the Texas system. The Governor can call a thirty day Special Session at any time that an emergency demands it. Some other states pay full time annual salaries. However, the Texas plan is thought to be better and also more economical.

There is a wide difference in the size of legislative bodies in the various states. Texas with nearly eight million people has only thirty-one State Senators. Oklahoma with about two and one-quarter million people has 44 State Senators.

Some students of Government maintain that a law-making body with a large membership more nearly represents the will of the people. Others say that a smaller membership can transact business more efficiently with less arguments and long-winded debate.

Members of either house of the Legislature can introduce as many bills as they choose. Usually about 1,500 bills are introduced at each regular session. Considerably less than half of them ever reach the Governor's desk. In order to become a law, a bill must pass through both houses by a majority vote. A bill may be, and often is, amended several times in each branch. Amendments also require a majority vote. A bill may pass one house and fail to reach a vote or be voted down in the other branch.

Amendments to the State Constitution must receive a two-thirds favorable majority in each house of the Legislature before being submitted to a statewide election for adoption or rejection by the people.

The Governor is inaugurated on the third Tuesday of January which in 1933 is on January 20 (by chance this happens to be the same day on which the President of the United States is inaugurated this year).

Weather permitting a very large crowd will probably be present for the inaugural ceremonies and the reception which follows. It will be a pleasure for me to secure invitations to these events for those desiring same, if notified in time. This session of the Legislature faces many serious problems which will be discussed in the weeks to come.

Christmas Reunion Held In Ray Home In Stephenville

Mr. and Mrs. Fred Ray of Stephenville, formerly of Haskell had all their children home for the Christmas holidays. It was the first time all the children had been home at Christmas in 12 years.

Those present were Mr. and Mrs. Bill Funk and children, Bill Jr. and Suzanne of Willits, Calif.

Mr. and Mrs. Everett Hill of Plainview, A-2c Leavelle and wife of Miami, Fla., Max O. Ray of Holloman, N. M.; Herbert Ray and wife of Haskell; and Mrs. J. B. Marr and wife of Von, Joan, Kenneth and all of Haskell; and Mr. and Mrs. Fred Ray and Don. A bountiful lunch was served at noon and the afternoon spent taking pictures and enjoying the Christmas tree.

Weinert 4-H Club Holds Regular Meeting Monday

The Weinert 4-H club girls met with their leader, Mrs. Williamson, Jan. 12. The club was called to order by the president, Marg-

aret Vandell. The minutes were read and approved. A short skit on pressing was demonstrated by Roberta Raynes and Lora Rainey. The club talked on pressing and Doris Hutchinson discussed to the group the need of entering the dress review contest and what the club gets out of it. The meeting was adjourned.

NEWS OF INTEREST TO WOMEN

Mayre Elizabeth Arbuckle and Richard L. Wyckoff Wed Recently In Fort Worth

Mayre Elizabeth Arbuckle daughter of Mr. and Mrs. Carl F. Arbuckle, 5076 Lyndon, Fort Worth became the bride of Richard L. Wyckoff of Carlton, Kans.

They were united in the double ring ceremony in Fort Worth at the Carswell Air Force chapel with Maj. Hugh V. Parry performing the ceremony, Dec. 21, 1932. Her attendant was her sister, Nan Joan Arbuckle. His best man was A. L. Conley Williams of Carlton, Kans. and Sheppard Air Force Base, Wichita Falls.

Mrs. Wyckoff was born in Haskell. She is the granddaughter of Mr. and Mrs. T. J. Arbuckle and the late Haynes J. Hambleton and Mrs. Nell Hambleton of Haskell. She attended school in Haskell, Abilene, Kansas, and Fort Worth and is now a senior in the Wichita General Nursing School in Wichita Falls.

assignment is instructing on B-36. Out of town guests were Mr. and Mrs. J. M. Wyckoff, Carlton, Kans.; Mr. and Mrs. R. J. Holde- man, Wichita, Kans.; Misses Reta Bradford and Nina Comfort of Wichita Falls; Mr. and Mrs. C. E. Woods, Lubbock; and T. J. Arbuckle of Haskell.

Mrs. Eva Pearsey Hosts Meeting of Sewing Club

The Rainbow Sewing Club met in the home of Mrs. Eva Pearsey Tuesday, Jan. 6 at 2:30 p. m. with 13 members present.

The president, Mrs. Johnson presided over the meeting. Thelma Adams reported sending cards to the sick. Needlecraft report was given by Mrs. Lillie Bwain and Thelma Adams won high honors. Songs were led by Flossie Rogers. The New Year's Readings were given by Estelle Stacy, Sallie Patterson, Virginia Flournoy and Sue Peavy, and Mrs. Patterson sponsored the recreation. Refreshments were served to the following members, Mesdames Eddy Johnson, Eva Pearsey, Lela Burson, Sue Peavy, Thelma Adams, Ethel Edwards, Flossie Rogers, Winnie Copeland, Virginia Flournoy, Estelle Stacy, Lillie Bynum, Irma Watson and Sallie Patterson. Visitors were Scooter Flournoy, Jimmy Casey and Linda Diane Burson of Rochester.

Weinert WMS Meets for Mission Study Monday

Weinert WMS met for Mission Study Monday at 2:30 p. m. at the church. The opening prayer was led by Mrs. J. W. Liles. Devotional was given by Mrs. C. T. Jones from the 37th Psalm.

Mrs. Ed Roberts completed "Scattered Abroad," by E. C. South and led the group in prayer. Closing prayer was led by Mrs. Temple Lewis. Other members attending the class were Mesdames R. H. Jones, Edlice Rainey, R. C. Liles, C. C. Childress and W. B. Gues.

First Baptist WMU Meets For Program On Missions

Members of the First Baptist WMU met in the annex on Monday afternoon, "Send the Light" was the opening song and Mrs. Whiteaker led in prayer.

Mrs. R. C. Couch, Jr., was director in a missions program, on Baptist Women Around the World. The scripture was read from the 4th chapter of John, dealing with Christ and the Samaritan woman at the well. The 35th verse of the chapter being the current WMU watchword, was repeated in unison by the group.

Jimmie Lou Aukins talked on The Whole Baptist Program, a heritage and a challenge. Early days of the women's committee was discussed by Mary Lou Jossel.

Australia and the early day workers was given by Dorothy Truesell.

Europe - The German and French Baptist Women by Mrs. Mullino.

Africa - Lanell Sanders. South America - Nell Pogue. North America - Gladys O'Neal who pointed out that there are eight different women's councils sponsored by the Womens Missionary Union. All of these organizations will hold their first National Council meeting on Nov. 2-4 this year. Mrs. Glenn led the closing prayer.

Others present than the above mentioned were Mesdames Waggoner, Jno. E. Robison, I. N. Alvis, Claude Ashley, Edna Brown, H. Harris, Jno. Ellis, Ed Fouts, Jim Fouts, Julia Perrin, R. L. Fouts, Geo. Herren, Walter Rogers, R. C. Couch, Sr., and Arthur Edwards, making 26 in attendance.

Dorcas Class Has Business Meeting And Social

The Dorcas Class of the First Baptist Church met Monday evening, January 12, at the home of Mrs. Vivian Roberson, for their January social and business meeting.

Mrs. Allene Wheatley, 1st vice president, presided for the business session. The minutes of the December meeting were read and approved. Reports were given by the group captains.

Using as her text, Psalm 90-12, Mrs. Ed Fouts brought a very interesting devotional. Her subject was How To Use Our Time.

Under the direction of Mrs. Trudie Gresham, a highly entertaining talent show was presented. Numbers included were: impromptu quartet by Lois Henry Wynona Lusk, Thelma Lancaster and Ruth Currie, accompanied by Betty Jo Clanton; humorous readings by Marjore Waldrip and Maybelle Foote; piano solo by Margaret Wait; pantomime by Norma Jean Gipson and Robbie Lou Roberson.

The concluding number of the show was presented in the form of a style show with models wearing clothes of earlier days. The following talented ladies acted as models: Allene Wheatley, Virginia Flournoy, Ruby Alvis, Maybelle Foote, Avis Pennington, Frances Bird and Vivian Roberson.

Refreshments of pie and coffee were served to the following members: Ruth Currie, Betty Jo Clanton, Allene Wheatley, Lou Shelton, Margaret Wall, Marjorie Waldrip, Virginia Flournoy, Trudie Gresham, Avis Pennington, Ruby Alvis, Lorene Fouts, Maybelle Foote, Wilna Hobbs, Bertha Seay, Thelma Lancaster, Brucille Nellums, Lois Henry, one guest Mrs. Ed Fouts and the hostesses Jewel Seets, Frances Bird, Wynona Lusk, Lucille Gannaway and Vivian Roberson.

TEL Class Meets For Business and Social Session

Members of the TEL class met in the First Baptist Church annex on Tuesday afternoon for the monthly business and social meeting.

Mrs. Ed Fouts brought a splendid devotional, basing her remarks on the 12th chapter of Romans. A prayer was offered and everyone joined in singing, Jesus I Love Thee.

Minutes of the last meeting were read by the secretary and reports were given by the officers and the four group captains all of whom were present.

The first vice president, Mrs. John Ellis, presided for the business meeting in the absence of

the president, Mrs. Joe Maples Mrs. J. W. Martin directed the program, turning the trend of our thoughts toward the new year and the work which can be accomplished if we give our best. Mrs. H. S. Moore gave the new year's message, giving as illustration, a small church high in the mountains which boasted no lighting fixtures, but depended entirely upon the light provided by individual members.

Mrs. Whiteaker, as teacher, lighted two tall red tapers in a twin holder, suggestive of the light the class hopes to send forth through the coming year. Two poems were read, each voicing a prayer that we do our best and crown Him Lord of all.

A real spiritual fellowship was enjoyed, as each member spoke of her resolutions and desires for the new year. My Faith Looks Up To Thee, was sung.

Mrs. J. A. Cain's group served a most attractive refreshment plate to Mesdames R. J. Paxton of Hamby; Mary Alvis, W. E. Norton, Kate Bledsoe, W. J. Lane, C. F. Graham, J. E. Walling, John Ellis, J. W. Martin, Ada Robison, H. S. Moore, B. M. Whiteaker, Julia Perrin, K. D. Simmons, Ross Glenn, Ed Fouts; visitors, Roy Weaver, Jack Merchant, J. A. Cain, O. O. Aikin.

SOCIETY

Miss Jolene Dunnam, Pvt. Eugene Grand Wed In Los Cruces, N. M. Ceremony

Helen Jolene Dunnam, daughter of Mr. and Mrs. Cliff Dunnam of Weibert became the bride of Pvt. Eugene Grand Dec. 31 in a double ring ceremony, performed by Mabel Chanez at 4:30 p. m. in Los Cruces, N. M.

The bride wore a white orlon and wool jersey all over pleated dress with gray and white accessories.

Attendants were Pvt. and Mrs. Taylor Davis formerly of Haskell.

The bride is a 1950 graduate of Weibert high school. The bridegroom is the son of Mr. and Mrs. Alfred Grand.

Mrs. Wayne Dunnam Is Honoree At Gift Shower

Mrs. Wayne Dunnam, the former Eva Adkins of this city, was complimented with a gift shower Saturday, Jan. 10 from 1 to 4 p. m., in the home of Mr. and Mrs. Weldon Turnbow.

Mrs. Turnbow and her daughter, Mrs. Nathan Milliman were hostesses. Decorations in the entertaining rooms were in Mrs. Dunnam's chosen colors of pink and blue.

Punch and cake was served from a lace covered table centered with an arrangement of sweet peas, with appointments of crystal and silver.

Mrs. Turnbow greeted the guests at the door. In the receiving line were the honoree, Mrs. Dunnam and her mother, Mrs. J. O. Adkins and the bridegroom's mother Mrs. Allen D. Dunnam.

Wanda Dunnam, sister of the bridegroom, presided at the guest registry, and Mrs. Milliman and Diane Clare served.

Approximately 115 guests called or sent gifts.

Fidelis Class Meets In Home of Mrs. Cadenhead

The Fidelis Class met Jan. 5 at 7 o'clock in their regular monthly business meeting in the home of their teacher, Mrs. J. F. Cadenhead, Sr.

The meeting was called to order by the president, Jerry Coyle. A song, "My Faith Looks Up to Thee" was sung by the group and Opal Nanny led in prayer.

Mrs. Bessie Fouts brought the devotional using Romans 12 for her scripture reading.

After the business meeting the hostess served delicious refreshments to Allie Payne, Fredia Carter, Gertie Waggoner, Ruby Gougin, Jerry Cox, Cora Pierson Bessie Fouts, Alice Ballard, Nettie McCollum, Opal Nanny, Bird Reed, Edna Mae Lyles, Sadie Payne, Ora Stovall, Helen Gates Stella Trice, Opal Dotson, Vets Furrh, Ruby Smith, Claudie Mae Bland and Ina Whitaker of Sulphur Springs.

Wesleyan Service Guild Meets With Mrs. Middleton

The Wesleyan Service Guild met in the home of Mrs. Brooks Middleton Monday evening with Mrs. Jack Landess and Mrs. Hugh Ratliff assisting hostesses.

Mrs. Weaver, president, presided for a business meeting.

A number of members signed to take a study course, "The African Heritage," with the first lesson to begin Feb. 9 at the home of Mrs. W. O. Holden.

Mrs. Holden was in charge of the program entitled Modern Samaritans. She was assisted by Mrs. W. J. Kemp, Mrs. Odell Bynum and Mrs. Tom Jones.

Members present were Messrs. James W. O. Holden, Margaret Holder, Jerry Faubian, S. H. Vaughter, Robert Fitzgerald, Conrad Blair, Tom Jones, Sue Corley, Eugene Brone, Odell Bynum, J. B. Thompson, Willard Warren, Gene Ballard, Hazel Weaver, W. J. Kemp, Two new members, Lila Woodward and Bernice Coyle; one visitor, Margaret Bell and the hostess.

Fireside Plans Can Be Developed Into Gardens

Fireside gardening is a pleasant winter pastime for many persons. Reading flower catalogs often carries one into dreams of spring and summer gardens that do not materialize.

Sadie Hatfield, homestead improvement specialist for the Texas Agricultural Extension Service suggests practical planning for the enjoyable flower garden. How will the flowers be used—corsages or flowers for the home or church? Winter bouquets? Or color in the landscape? Will you choose annuals or those that require much care?

Other questions might be, how much space do you have for growing flowers? Is there enough

water? Will you need help for cultivation and care?

"Remember," Miss Hatfield advises, "flower gardens require digging, planting, weeding, cultivating, spraying and mulching."

"You can have an attractive flower garden during the spring and summer without too much work," the specialist adds. "First of all, plant flowers in one or two well prepared beds. This not only improves the design of the landscape, but saves time when you need to water, dust, or do any of the other necessary jobs of caring for the flower garden. Or, if you are a very busy person, plant one or two rows of flowers in the vegetable garden. You prepare the soil for flowers as you would for growing vegetables."

For varieties, the specialist recommends larkspur, poppy and cornflower to grow in most of the areas of Texas. These can be planted in the fall and winter for early blooms, and then replaced with others such as petunias, pansies and phlox. When these flowers are full of buds plant the late weather flowers, garrardia, clematis, foxglove, globe-anemone, periwinkle and silvian and straw flowers.

Many bulbs and perennial flowers are useful in corsage making or as cut flowers. Gladioli and chrysanthemum which come in different varieties and colors are useful for church or other places where you need large arrangements. The smaller sizes make lower arrangements and corsages.

When you're doing your fireside gardening this winter, use a practical labor saving approach to the plans for spring and summer blooms. "You'll find it more pleasant and profitable," the specialist advises, "if you do not have to over work yourself to make the flower garden a success."

Mrs. Rebecca Felton of Georgia was the first woman to serve as U. S. Senator.

News From Sagerton

BY MRS. DELBERT LE FEVRE

The Sagerton P-TA will hold its January meeting on Tuesday night Jan. 29 at 7 p. m. at the school auditorium.

Mr. and Mrs. C. E. Stegemoeller accompanied by Mr. and Mrs. Otto Schaake went to Idalou Sunday to move Mr. and Mrs. Leon Stegemoeller and their furniture back here. They have lived there the past fall while Leon was working at the Weinke & Lambert Gun in Idalou. They will live on a farm between Sagerton and Old Glory.

There seems to be an increase in the number of coyotes in this vicinity this year. Farmers all over the community report seeing them, sometimes two or more at a time, early in the day. The worst loss was that reported by August Angerman who lives about 3 miles south of Sagerton. One night last week a new-born calf was killed, presumably by a coyote, or perhaps more than one

very near his house. Tracks were found where the coyote had dragged its victim away. The little calf was too young to walk and the cow was unable to protect it.

M. Y. Benton, Charles, Reece and John Clark have been going out early each morning to hunt for coyotes. They have killed quite a few but they are still plentiful.

Mr. and Mrs. Jud Green and daughter, Nella, have moved to a farm near Olton from their place south of Sagerton where they have lived for many years.

Mr. and Mrs. Melvin Lewis who now live near Canyon, and Mrs. Emma Lemmert of Amarillo visited with Mr. and Mrs. Emil Kainer and friends last week. Mr. and Mrs. Lewis have recently moved there from a farm near Avoca.

Alvin Mathis who is visiting relatives near Waco, is reported ill with pneumonia and his mother, Mrs. L. Mathis, has gone there to be with him. Alvin was a victim of polio summer before last and has had to use crutches to get around.

Several people of this community have been ill with the flu especially the high school students who attend the Rule school. Mrs. A. C. Knappling was a patient at the Stamford Hospital several days last week with the flu.

Mr. and Mrs. Edgar Laughlin of Avoca spent Tuesday of last week with Mr. and Mrs. G. A. Leach.

Rev. Bill Riffe, student pastor from McMurry conducted both services at the Sagerton Methodist Church. He was a dinner guest of Mr. and Mrs. John Clark.

The Ladies Mission Circle of St. Paul's Lutheran Church held their monthly meeting Sunday afternoon. At the same time the men of the Brotherhood met in the church basement. At their meeting it was decided to lend a "helping hand" to any neighbor who needs help with his crop during the coming year, if he is unable to do his own work because of illness.

Church services will be held at St. Paul's at the regular time, 11 a. m. next Sunday morning with the Rev. Bruno Gaskamp, pastor of the Trinity Lutheran Church in Haskell, as the speaker.

Mr. and Mrs. Reimer and son of Stamford were dinner guests of Mr. and Mrs. Edwin Franke Sunday.

The Zion Ladies Aid will hold its monthly meeting at the parish hall Thursday afternoon of this week. Monday, Jan. 19 has been set as an all-day work day by the congregation of the church. All members are asked to be present.

Mr. and Mrs. Cliff LeFevre visited with Dr. and Mrs. J. C. Davis in Rule Sunday afternoon. Dr. Davis is ill with the flu.

Mr. and Mrs. Petty and children of Avoca visited Mr. and Mrs. Buford Letz and family Sunday.

Social Security Man Will Visit Haskell Thursday, Jan. 22

Ralph T. Fisher will be at the Chamber of Commerce in Haskell at 11 a. m. Thursday, Jan. 22. Persons wishing advice or assistance in connection with their social security accounts are invited to call at that time. The next scheduled visit will be at the same hour on Feb. 19, 1953.

In making this announcement, Fisher, manager of the Abilene office, called attention to the fact that it is again time for self-employed people to file their social security reports. This report is a part of the income tax return and is due in the office of the Director of Internal Revenue not later than March 15, 1953.

Practically all persons who operate their own businesses as sole owners, or as partners, are included if net earnings are at least \$400 for the taxable year. Not included is income from farm or ranch operations, rentals from personal owned real estate or income from certain professions listed in the law. Social Security tax rate for self-employed persons is 2 1/4% of net earnings up to \$3600.00.

Any self-employed person who needs information as to whether he is included under the social security provisions should get in touch with the nearest office of the Social Security Administration or the nearest Internal Revenue office. Persons needing social security numbers—and each self-employed person who files a social security return will need one—should get an application blank at the post office. These completed applications for original or duplicate numbers can be mailed to the Social Security Administration in Abilene.

Many Boy Scouts of Area Plan To Attend Jamboree

Chisholm Trail Council leads Region 9 in Jamboree Reservation announces Alex Bickley of Abilene, chairman of Council Committee, after receiving notification Monday from Regional office.

With 82 reservations now made by Scouts and Explorers of the Chisholm Trail Council this is 62 per cent of the total quota allowed to go from this council. Region 9 comprises Texas, Oklahoma and New Mexico and is made up of 34 councils with regional office in Dallas. Five thousand Scouts and Explorers will attend this Jamboree from Region 9 next July 17-23 which will be held at the Irvine Ranch, Santa Ana, Calif.

Bickley urges all boys wishing to attend the Jamboree to get their reservation in as the committee will not take reservations after March 1.

Haskell Woman's Brother, In Korea, Is Made Sergeant

With The 45th Infantry Div. in Korea—John Bussnart, whose sister, Mrs. Raymond Keller, lives in Haskell, recently was promoted to sergeant while serving in Korea with the 45th Infantry Division.

The 45th arrived in Korea in December 1951 and captured "T-Bone" hill in June's see-saw hill battles.

World War II veterans will remember this same division, in 1944, held its toe-hold at Anzio beachhead for four months against violent German assaults. They then attacked across the Tiber River and outflanked Rome.

A motor sergeant in Battery B of the 145th Anti-Aircraft Artillery Battalion, Bussnart entered the Army in November 1947.

Courtney Hunt

INCOME TAX SERVICE

We Can Now Make Your Income Tax Return

WHO MUST FILE A RETURN? Any person who had an income of \$600.00 or more in 1952 must file a return.

Many people who paid a Tax in 1951, and who show an operation loss in 1952, may recover a part or all they paid in 1951.

We will have additional help in our office and can offer you the same efficient service that we have extended in past years. Our charges are reasonable and we believe you will find our services profitable.

COURTNEY HUNT

NOTICE

To Taxpayers

YOUR 1952 TAXES MUST BE PAID BEFORE JAN. 31ST TO AVOID PENALTY

JANUARY 31st IS ALSO THE LAST DAY TO PAY YOUR POLL TAX

Every person who will reach the age of twenty-one years after the first day of January, 1952 and before the day of a following election—shall be entitled to vote at said election and it shall not be necessary that said person shall have paid his poll tax but should obtain an exemption certificate. But if they became 21 before January first 1952 they must pay poll tax before they can vote.

Those who were 60 years of age BEFORE JANUARY 1, 1952 are entitled to vote without an exemption certificate.

The MAN-SIZED car that WOMEN love to drive

- No wonder!... it's a perfect sanctuary of steel. Big. Sturdy. Safe.
- No wonder!... it gives you the feeling all Chrysler owners feel: that of complete car control!
- No wonder!... its famous Spitfire engine will pull you out of any "tight spot" in a hurry!
- ... its new-type shock absorbers swallow up the worst road bumps. Wouldn't waken a baby!
- ... it gives you the option of Full-time Power Steering that turns and parks your car with the merest touch. Eliminating all "wheel fight"!
- No wonder!... it's so beautifully styled. A delight to look at, parked at your front door!
- Give your wife the fun of driving this new Chrysler. Don't deprive her any longer. Or yourself, either!

The beautiful **CHRYSLER WINDSOR**—one of America's first family of fine cars!

WHITE SWAN COFFEE Coffee experts, in a recent survey, rated White Swan BEST among six top brands tested

World's newest V8 with a million miles behind it

... in literal fact, is the most advanced V8 engine ever placed in standard-production American automobile.

... the first such V8 to reach an 11 to 1 compression ratio, and the first to have a dynamic flow muffler that cuts exhaust loss to zero.

... the first V8 to utilize vertical valves together with a 12-volt electric ignition system instead of the usual 6. It is the first designed with new "T" intake manifold to replace the type conventionally used in V8s.

... quite simply, the first V8 Fireball engine—the engine that brings electric performance to the greatest in fifty great years—the engine that powers the 1953 Buick MASTER with 188 hp., and the Buick SUPER with up to 170.

... ally, this spectacular new V8 has proved—by eight years of development, testing, improving, perfecting—

and by more than a million miles of driving through desert, mountains, cities and plains. Only then did Buick engineers mark it: Released for Production.

But these hard-to-please engineers gave these Golden Anniversary Buicks far more than new power. They gave them, too, a still finer ride, more superb comfort, new braking power and handling ease—and a sensational new Twin-Turbine Dynaflow Drive* that adds new quiet and whip-fast getaway to absolute smoothness.

Nothing, we believe, will do more justice to your automobile dollars—or to your love of magnificent motoring—than a visit to us right now.

*Standard on Roadmaster. optional at extra cost on other Series.

Heavy Cattle Losses Blamed on Vitamin Deficiency By Livestock Inspectors

By TED GOULDY
Fort Worth—Many cattlemen in the Fort Worth territory have reported heavy death losses in recent weeks among the cattle herds of North Central Texas, and according to word from virtually all points in the Southwest, some similar losses are being reported.

Further alarming symptoms of them similar to dread foot-and-mouth disease, have been reported and experts from the Bureau of Animal Industry, U. S. D. A., offices in Fort Worth hurried into the field for complete diagnosis of sick cattle.

Their examinations of cattle in Tarrant, Denton, Jack, Clay and Wichita Counties indicate no infectious disease. Dr. C. F. Layton, assistant inspector in charge, and Dr. W. L. Darby, chief of the Texas SAI force, reported at Fort Worth late last week that vitamin deficiency brought on by the dry weather during the summer and since was the major trouble.

Many of the cattle were off feed and in emaciated condition. Calves were being born dead, blindness and watery eyes were noted. Dr. Layton said, "This situation has been a long time developing and vitamin A deficiency is evident. There is no evidence of vesicular disease or contagion."

At this time, strenuous efforts are being made to get the cattle on vitamin and mineral fortified diets in efforts to get them eating again and pull them through. It is believed the calf crop may be saved in many cases.

It has been believed earlier the cattle were suffering from Stomachitis brought about by eating oak leaves and moldy clover hay ob-

tained through the drought hay relief program. Some ranchers thought their cotton seed cake had been contaminated. Some even thought vandals were poisoning cattle. Losses of 24 head at one ranch, 40 calves at another and other smaller numbers have been reported.

It is believed that hundreds of thousands of cattle in the Southwest are in dangerously weakened condition due to lack of green feed and good pasture for the past year and that losses may run into very serious proportions.

Ranchers and farmers are urged to keep close watch for signs of mineral or vitamin needs among their cattle and sheep and get expert help from their veterinary and feed man before serious losses are incurred at the first sign that their stock needs this help.

SPEND WEEK END IN PAMPA

O. W. Tooley and Pvt. and Mrs. Kenneth Tooley spent last week end in Pampa, Texas, visiting in the home of their daughter and sister and family, Mr. and Mrs. G. W. Cole.

HERE FROM LUBBOCK

Mr. and Mrs. O. L. (Jack) Johnson of Lubbock were business visitors in Haskell the first of the week. They are former residents here, having moved to Lubbock last fall.

ATTEND FUNERAL IN MARLIN

Mr. and Mrs. Jim Henderson of this city were in Marlin Wednesday to attend the funeral of his grandmother, Mrs. W. P. Dashiell.

Copies of B-17, eFertilizers and Their Use, are now available at the offices of all Texas county agricultural agents. The new bulletin was recently released by the Texas Agricultural Extension Service as an aid to those interested in getting the most from the fertilizers they buy and use.

Adequate feed supplies which must include reserves and balancing these supplies with livestock numbers are listed as the foundation for a profitable livestock enterprise on the farm.

CARD OF THANKS

We wish to take this means to express our sincere appreciation to our many friends, doctors and nurses for the kind words, deeds and flowers while Mr. Cannon was in the hospital and since our return home.

May God's Blessings rest upon each one who helped in any way.
—Mrs. T. J. Cannon.

Good Equipment Is Essential For Home Sewing

Good sewing equipment is essential to fine tailoring and home sewing.

Clothing specialists for the Texas Agricultural Extension Service say your working tools are important "musts" to good dress-making.

Before you begin to sew, check the sewing machine for good running order. If it needs oiling, do this well in advance of the day you plan to sew, otherwise you may get oil spots on the fabric. Test the tensions on a double thickness of the fabric and regulate the stitch length to suit your fabric.

Group the sewing machine with the smaller equipment for an organized sewing center that is comfortable and efficient. You will need sharp cutting shears 7 or 8 inches long and small scissors with very sharp points for snipping thread and cutting button holes. You may find pinking shears desirable for some finishes.

Select needles and pins for the correct size. Fine needles ranging in sizes from 7 to 10 are best for sewing and basting. Brass dress-maker pins, No. 14, are a good size to use.

Dressmaker's carbon, tracing wheel and tailor's chalk are useful when transferring pattern markings to the fabric you are cutting. You will also need a measuring tape, yardstick, short ruler and hem gauge. The clothing specialists recommend a seam guide on the sewing machine for accurate sewing.

For further information ask your county home demonstration agent for a copy of B-211, Tailoring Coats and Suits.

VISIT BY WEINERT

Don H. Mitchell, In Korea, Promoted To Corporal

[With the 3rd Infantry Div. In Korea.—Don H. Mitchell, son of Mrs. Neva I. Mitchell, Rt. 2, Rule recently was promoted to corporal while serving in Korea with the 3rd Infantry Division.

During the winter of 1951, this outfit cracked the Communists' line in the battle of "Bloody Angle," one of the bitterest engagements of that year.

World War II veterans will remember that the 3rd was the only American division to fight the Nazis on all fronts. It hit the beaches at Anzio in Jan. 1944 and maintained a toe-hold for four months against furious German counter-attacks.

A crewman in the 3rd Reconnaissance Company, Mitchell entered the Army in April 1951, arriving in Korea last August. He formerly attended McMurrin College in Abilene.

NOTICE TO BANKING CORPORATIONS

Notice is hereby given to all banking corporations in Haskell County, Texas, that the Commissioners Court of said County will on the second Monday in February, A. D. 1953, the same being the 9th day of said month, receive proposals from any Banking Corporation in the county aforesaid, that may desire to be selected as a depository for funds of said Haskell County, Texas and also as depository for the trust funds of the District and County Clerks of Haskell County, Texas.

Said proposals shall be delivered to the County Judge of Haskell County, Texas, on or before 10 o'clock a. m. on the 9th day of February, A. D. 1953.

All proposals must be sealed and each proposal must state the rate of interest that said banking corporation offers to pay on the funds of the county for the term between the date of such bid and 60 days after the second Monday in March, 1953.

Each bid shall be accompanied by a certified check payable to the County Judge of Haskell County, Texas, in the sum of \$1000.00, the same being not less than one-half of one per cent of the County revenue of the preceding year, as a guarantee of good faith on the part of the bidder, and that if his bid shall be accepted said banking corporation will enter into and give the required bond. Upon the failure of the banking corporation that may be selected as such depository to give the required bond the amount of such certified check shall go to the county as liquidation damages.

The Court reserves the right to reject any and all bids. The County Clerk of the Commissioners Court of Haskell County, Texas, in regular session on the 12th day of January, 1953.

Alfred Turnbow,
County Judge, Haskell County, Texas

Washington, D. C. is located below the Mason-Dixon line.

NOTICE TO BANKING CORPORATIONS

Sealed bids will be received by the Commissioners Court of Haskell County at its next regular term, which is Feb. 9, 1953 from any Banking Corporation association or individual being in Haskell County that may desire to be selected as the depository of the School Funds of the Common School district of Haskell County. Said bids will be received until 10 o'clock a. m. on the above mentioned date at the office of the County Judge in Haskell County, Texas, at which time they will be opened. The Court reserves the right to reject any and all bids.

This notice is given in compliance with Chapter Two, Art. 2544 Revised Civil Statutes, Texas 1925.

Alfred Turnbow,
County Judge, Haskell County, Texas

The Chaplain in the House of Representatives is elected by the members.

Roll call in the House of Representatives takes 25 minutes.

"It Can't Happen To Me!"

... That's what the owners of the fire-gutted homes invariably say just before it does happen to them. Fire can invade and destroy anyone's home or property. It gives no warning—and precautions, while most necessary, are still not infallible. The cost is very small. Ask us about it today!

Here's Tomorrow's Tractor TODAY!

ANNOUNCING... the NEW MM UB

You asked for a tractor with MORE MUSCLE... a tractor that's EASIER TO OPERATE... SAFER and MORE COMFORTABLE!

Now... find everything you want in the NEW, 3-4 plow MM MODEL UB

This is the tractor that farmers helped to build. It's the new, 3-4 plow MM Model UB that gives you more comfort, more safety, more power, real cost-cutting advantages.

THESE NEW FEATURES MAKE MONEY FOR YOU!

Higher compression cylinder heads and greater compression ratio give you more power, new fuel economy • High platform gets you up out of the dust and dirt, proves safer, gives you far better vision • New ignition system means faster starting • Sealed beam lights make night work easier, road travel safer • You've never felt such comfort as you get with the new MM Flote-Ride seat • New safety features, center line steering, pressure cooling, new foot clutch, new disc-type brakes... all are typical of the MM advances you get with the new UB. Now, add the new roller drawbar, available live power take-off, stronger implement "bosses," new pleasure car steering and longer-engine-life features—you see at once why the MM Model UB is tomorrow's tractor, today!

SEE YOUR MM DEALER FOR A DEMONSTRATION TODAY!

Merchants Cooperate In Effort To Stimulate Trade

Line Tax, Registration Fees Produce Part of Funds For State Highways

Editor's Note—this is an analysis of a series of articles giving information regarding the Highway Policy Committee of the West Texas Council of Commerce.

Money to finance construction and maintenance by the Highway Department motor fuel tax, motor vehicle registration fees, the state's fund and Federal aid.

Of the revenue derived from the gasoline tax were presented in the preceding article of this issue. That tax netted the state \$7,438,312 in fiscal 1951. The tax was divided approximately 66 cents to highways, 1 cent to school and four-tenths to county road bonds. The balance to highways was \$45,000,000.

Vehicle registration fees more highway money to other device, except the tax.

County keeps the first received from motor vehicle registration fees. After that the state divides the balance on a 50-50 basis. Haskell county received \$175,000.

Yellow Fever, shown above, is in the string of the Beutler Bros who have just formed a partnership with Verne Elliott, uniting the two top rodeo outfits of the nation.

Number of Stores Will Sponsor Series Of Once-a-Month Dollar Days

Cooperating Haskell merchants have announced a new series of monthly Dollar Days for 1953 with the special sales event to be staged on the third Tuesday in the month.

Under this schedule, the first 1953 Dollar Day will be held Tuesday, January 20th, and merchants participating in the plan are making their sales announcements in this issue of The Free Press.

Monthly Dollar Days were inaugurated in Haskell several years ago and have proved extremely popular with people of the Haskell trade territory.

The new schedule of Dollar Days will follow the same pattern as past events, with merchants representing virtually all lines of retail business cooperating in the monthly bargain event.

Special low prices offered by sponsoring merchants will be in effect for one day only each month.

Shoppers who check the Dollar Day advertisements in this section of The Free Press will be quick to notice the outstanding savings offered by stores sponsoring the special event. In addition to the bargains listed in the ads, many other items specially priced for Dollar Day will be found when you visit the stores.

A partial list of specially priced items to be featured by stores cooperating in next Tuesday's Dollar Day includes the following:

Among the feature values at Neely Dry Goods will be double bed sheet blankets at \$1.98, 6 yards of domestic \$1.00, and many other reduced prices.

At Warren's Booterie, regular \$1.69 Nylons are featured at \$1.29 along with drastic cuts in shoe prices.

Dollar Day offerings at Lyles Jewelry are bracelet and ear screw sets as low as \$1.50, and cut prices on pottery, glassware, etc.

Hattox Hardware & Furniture will have a price of only 89c on plastic card table covers, wastepaper baskets 49c, and numerous other specially priced items.

Perkins-Timberlake will feature a large number of items at Dollar Day prices, including one group of piece goods at one-half price, men's and boys jackets at \$5.00, women's dresses \$3.00, to mention only a few.

Frazier's Radio & Record Shop offers a special sale on records for Dollar Day, when you can buy the regular 89c 78 or 45 rpm records for only 69c.

Conner Nursery & Floral Company will give 20 per cent discount on all purchases of nursery stock amounting to \$5.00 or more made on Dollar Day.

Among feature items offered at Cofield's Shop on Dollar Day will be a special rack of ladies dresses priced at \$3.99, along with many other equally attractive bargains in their stock.

At the Personality Shoppe, regular \$3.00 velvet gloves will sell for \$1.88 on Dollar Day, fabric

Buick introduces for 1953 a Golden Anniversary line of cars with outstanding engineering developments which include the world's newest V-8 engine and an advanced Dynaflo transmission. Pictured above is the two-door, six-passenger Riviera in the Super Series, most popular hard-top in the Buick line. Its new engine, leader of all V-8s, turns up 170 horsepower with a compression ratio of 8.5 to 1.

Gov. Shivers Cites Sombre Note In MOD Campaign

Governor Allan Shivers struck a sombre note in designating Jan. 2 to 31 for the 1953 March of Dimes in Texas.

In the presence of General Robert J. Smith of Dallas, chairman of the MOD in Texas, the Chief Executive signed an official memorandum urging all Texas to support "this worthy campaign."

He gave this reason: "Texas leads the nation in a familiar phrase to the ears of Texas but I am sorry to report a new first.

"Texas leads the nation in numbers of cases of poliomyelitis and in need for supplementary emergency aid from other states provided through the National Foundation for Infantile Paralysis.

"For the fifth successive year Texas cases have exceeded the epidemic rate of 20 cases per 100,000 population as set by the United States Department of Health.

"The record shows that by the end of September, 1952, polio incidence had exceeded by 30 per cent 1950's 2,778 cases, the worst epidemic year in Texas, and the second worst polio year in the nation's history.

"One seventh of the entire nation's epidemic aid of the National Foundation for Infantile Paralysis in addition to the State's March of Dimes collection was expended

Wildlife Biologist on the Commission staff wrote:

"The description of the turkey you refer to leaves little doubt that the bird was a bearded hen. You can verify the fact by ex-

amining the tips of the feathers of the breast and lower neck. Gobblers have jet black margins on the tip of these feathers while the breast feathers of the hen are tipped with white. It is not uncommon for wild turkey hens to have beards. My observations have indicated that sometimes you can expect as many as one bearded hen to twenty non-bearded ones. . . . We have had reports that bearded hens do not produce eggs and raise young, but bearded hens broods have been frequently observed in our wild flocks in Texas."

Cordova Is New Variety Barley For This Area

Farmers in the Central and Rolling Plains area of the state will find the new barley variety Cordova, a real improvement over the varieties they now grow. It is a high producer, has an excellent test weight, a smooth awn and is resistant to the present known races of mildew.

The new variety is a selection from a Wintex and Texan cross and was developed by plant breeders at the Denton Station. The new variety is named for a pioneer Central Texas landowner and the founder of Waco, Jacob de Cordova.

F. W. Martin, County Agent, says the variety has been under test for several years and leads all barley varieties at most of the Texas stations. It has outyielded its parent varieties at every location where tested. It has produced a test at Denton, Greenville, Temple, Stephenville, Iowa Park, Comfort and Amarillo an average of 40.7 bushels an acre or about five bushels more than Texan and about 7 more than Wintex the next two high yielding varieties.

Martin points out that Cordova is an intermediate winter type which means it will head from either fall or spring seeding. Seeding growth, he says, is more upright than for the true winter varieties and thus it is valuable for winter pastures. It averages slightly shorter than Texan or Wintex for combine harvesting. It matures early.

Cordova appears to be equally as winter hardy as its parents and is considered sufficiently hardy for the Central and Rolling Plains areas. Martin says it probably will be winter killed many seasons in the Texas Panhandle and for that reason the new variety is not recommended for fall seeding in that area.

It is resistant to some races of loose smut but is known to be highly susceptible to the rusts, to barley stripe and other leaf diseases. It should not, says Martin, be grown in the more humid area of the state. Its smooth awn makes it more desirable as a feed barley and it appears to have the capacity for making high yields under unfavorable conditions. In 1948 at the Chillicothe Station Cordova produced 72.3 bushels an acre compared with 41.1 for Wintex and 52.8 bushels an acre for Texan. Its higher yield may be due in part to its higher test weight. It averaged approximately one pound more per bushel in 24 Texas tests than did its parents. Seed supplies are now being increased by certified seed growers in the state with good harvests this year, should be adequate for widespread planting this fall.

Bearded Turkey Hen Starts Curiosity Of Hunter

AUSTIN, Jan. 13.—A wildlife version of the bearded lady has been pinpointed by a post-hunting season query to the Game and Fish Commission.

The oddity was spotlighted when a Central Texas man wrote that he had suspected that a wild turkey he had bagged as a gobbler, because of its beard, apparently was a hen.

His letter stated: "This was a small bird and the feet were smooth, with no signs of spurs. The head did not have a long snout. In fact, it had all the looks of about a two-year-old hen, but there was attached a beard that measured seven inches long.

"I have heard of occasional incidents where doe (deer) were found with horns. Do turkey hens grow beards, and if so does it happen often?"

In reply, Eugene A. Walker

amining the tips of the feathers of the breast and lower neck. Gobblers have jet black margins on the tip of these feathers while the breast feathers of the hen are tipped with white. It is not uncommon for wild turkey hens to have beards. My observations have indicated that sometimes you can expect as many as one bearded hen to twenty non-bearded ones. . . . We have had reports that bearded hens do not produce eggs and raise young, but bearded hens broods have been frequently observed in our wild flocks in Texas."

GUESTS IN HOME OF MRS. WHITEKER

Recent guests of Mrs. B. M. Whiteker during the holidays and afterwards were the following children and grandchildren: Marjorie Whiteker of Dallas, Mr. and Mrs. Clarence Whiteker, Susan and Sarah of Lake Jackson; Mr. and Mrs. J. C. Davis, Jr., Jay Bobby and Walter, of Austin.

HASKELL VISITORS

Mr. and Mrs. E. D. West and Mrs. H. Hutchinson of Pomona Calif., were visitors last week in the home of their sister, Mrs. D. C. Bullard and Mrs. Nellie Maxwell and other relatives and friends in this city.

Demonstration Clubs Begin New Year with Outstanding Record In 1952

Home Demonstration clubs started another year with an eye for the good time to look for their accomplishments.

In the past year, which ended in 1951 and ended with Miss Thelma Wirtgen as county home demonstration agent, both women and the program for the demonstration agent of this program is a home demonstration club work. Within the period, Miss Wirtgen spent 169 days to adult

was the leadership training program. It might be interesting to compare the leadership program for the past three years. In 1950 the agent gave the seven leadership training meetings to 65 leaders with a total attendance of 438. In 1951 the agent gave eight meetings to 110 leaders, who gave 94 programs with an attendance of 938. Nine leader meetings to 169 leaders were given in 1952; and these leaders gave 105 programs with an attendance of 1086.

The Haskell county home demonstration council was an active organization last year. The following is a brief summary of the committee work done in the council:

The yearbook committee worked out material for the 1953 yearbook, obtained bids for printing

Texas 4-H'er Wins Sectional Honors In Soil Conservation

A fitting reward for his excellent and constructive work in his selected project of soil and water conservation.

14-year-old Ewald Fischer of Big Foot, Texas, has been named one of 16 youths in the nation to be awarded sectional honors in the 1952 national Soil and Water Conservation program.

As a winner in Frio County, Ewald has already won a medal of honor and a 17-jewel wrist watch for his state championship. As sectional winner he was given an all-expense trip to the National 4-H Club Congress in Chicago this year. The awards are given annually by Firestone.

Young Ewald, working with his father on their 290-acre farm, has done an outstanding job in soil saving. He began by seeding a 5-acre plot to Blue Panic. Each year he follows the practice he began several years ago of mulching stubble. He planted a 5-acre plot of permanent pasture in 1951 and is in process of adding another five acres.

Ewald began running contour lines in 1950. All of the farm areas needing contour farming are now converted. He has also established a game refuge. Other good practices included strip cropping, terracing and the addition of needed fertilizers.

Ewald prepared two demonstrations on soil and water conservation and gave eight talks in his community. His demonstration in 1952 won first place in Texas at the 4-H Club Roundup.

This program is conducted under the direction of the Cooperative Extension Service.

and sent the book to the printer. The finance committee made a budget for the year and made plans for filling the budget.

The education and expansion committees gave quarterly reports to council on the accomplishments of clubs and council.

The exhibit committee received and reported subjects for educational exhibits. These exhibits were used at the Achievement Day.

The marketing committee ordered rose bushes, cookbooks and buckles cooperatively.

The recreation committee helped with recreation at the Knox-Haskell encampment. Each club presented a skit at the camp. The committee also presented recreational activities at council meetings and at the Council Christmas Party.

Miss Lucille Moore, recreational specialist, held a recreation school for council and club recreational leaders.

The 4-H committee assisted at the 4-H Dress Revue. They presented awards to winners in Dress Revue, Public Speaking, Achievement, Dairy Foods and Gold Star at the National 4-H Achievement Day celebration.

The home demonstration clubs and 4-H clubs had programs on four main subjects. In 1952 programs were given on clothing and cereals to 4-H club groups, while home demonstration clubs carried clothing and kitchens correlated with work simplification.

Clothing demonstrations given by the agent to home demonstration clubs were:

"Your Shoes and Feet," to 12 clubs with 164 attending.

"Your Accessories and You" to 12 clubs with 169 attending.

"Making a Child's Garment from an Adult's" to 12 clubs with 169 attending.

"Storage Space for Clothing" to 12 clubs with 164 attending.

"Belts and Buckles" was given as a leadership training meeting to 18 leaders who gave it to 12 clubs with 113 attending. "Winter Storage" was given the leaders who gave it to 12 clubs with 116 attending.

Miss Wirtgen gave clothing demonstrations to 4-H clubs on:

"Know Your Best Line and Designs" to 7 clubs with 185 attending.

"Know Your Pattern" to 7 clubs with 205 attending.

"Collars" to 7 clubs with 189 attending.

Seven adult 4-H leaders received training on:

"Let's Learn to Sew" and gave it to 7 clubs with an attendance of 193.

"Care of Clothing" and gave it to 6 4-H clubs with an attendance of 178.

"Let's Get Dressed" and gave it to 7 4-H clubs with an attendance of 198.

Results of the clothing program were observed at the 4-H and Home Demonstration Dress Revues. These entries were judged and scored. Nine county awards were given at the 4-H dress revue and one girl entered the district dress revue.

4-H club girls gave the skit "Let's Get Dressed" at the district 4-H encampment and the skit "Let's Learn to Sew" to home demonstration clubs.

Demonstrations on the bread and other cereal demonstration given by the agent to 4-H clubs were:

"Cup Cakes" to 5 clubs with 101 attending.

"Quick Cakes" to 7 clubs with 200 attending.

"Buns" to 8 clubs with 211 attending.

Seven adult leaders received training on:

"Fill the Cookie Jar" and gave it to 6 clubs with 162 attending.

"Cookies" (Brownies) and gave it to 7 clubs with 187 attending.

"Scoring Cookies" and gave it to 7 clubs with 173 attending.

A cake and cookie show was presented as an achievement event. There were 58 entries. This

concluded the bread and other cereal products demonstration for 4-H clubs.

The agent gave the following kitchen demonstrations:

"Selection of Large Kitchen Equipment" to 13 clubs with 158 attending.

"Selection of Small Kitchen Equipment" to 12 clubs with 167 attending.

"Storage in the Kitchen" to 12 clubs with 173 attending.

The agent gave kitchen leader meetings to 12 leaders on Refrigeration who gave the programs in 11 clubs to 95 members. 14 leaders on Arrangement of Large Kitchen Equipment who gave the programs to 12 clubs, to 109 members.

Miss Gladys Darden, home management specialist, gave the following leader meetings to 124 leaders:

"Rules to Simplify Work" who gave the training to 12 clubs with 129 attending.

"Simplify Ironing" who gave the training in 11 clubs with 127 attending.

"Simplify a Job" who gave the

training in 11 clubs with 120 attending.

Plans have been made to carry the third year of clothing with 4-H girls and the fourth with home demonstration club women. The second year of kitchens will be carried with women and the first year of dairy foods will be started for the girls.

Blue Bonnet H-D Club Meets With Mrs. H. Overby

The Blue Home Demonstration club held its first regular meeting in the home of Mrs. Howard Overby on Jan. 5. Mrs. Overby gave a demonstration on Pattern Alteration.

Refreshments were served to Mrs. Raymond Astin, Fred Knippling, A. C. Denson, John Wendeborn and the hostess.

The next regular meeting will be held in the home of Mrs. John Wendeborn, Jan. 19.

"Especially for You"

Annual Report of California Creek Soil District Shows Much Work Completed

By ALBERT THANE

As the supervisors of the California Creek Soil Conservation District review their accomplishments for the year 1952, which was one of the drouthiest years this area has recorded, the soil and water conservation practices used in previous years have shown up very distinctly.

The board of supervisors held 11 meetings during the year with an average attendance of 4 supervisors.

The district was represented at the annual Texas association of Soil Conservation districts meeting held at Brownwood with 2 of the board members attending. We as a board find by attending these conventions either in person or have other members of the board report the transactions of the meetings, some of our local problems are solved.

Three of the supervisors were at the Abilene Christian College field day, which is held annually in the spring. This district sponsors the second place award in their grass judging contest. Mr. Olson presented the plaque in behalf of the district. We are very grateful for having the privilege of participating in their program because of their agriculture departments aid to soil and water conservation.

Supervisors are proud to announce the splendid interest the business men in several of the towns within the district took when presented with the problems

of the district. The Anson Chamber of Commerce was very cooperative in trying to further the education on district work when contacted by the district supervisor. Also the Lions Club of Haskell, which sponsored the award to the outstanding farmer of the district, showed much enthusiasm in conservation work.

The vocational agriculture at Hamlin was very cooperative in seeking candidates for the supervisors election in the zone; also in working up a program and getting a good attendance for the meeting. Revis Robertson was elected as the new supervisor in the Hamlin area.

The district contributed financially to the Texas association of Soil Conservation districts magazine Soil and Water, for it was in need of support. We as a board think that the Soil and Water Magazine has been one of the greatest aids in the promotion of soil and water conservation, locally as well as on the state level.

Cooperators of the district have been planting the summer legume, Guar quite extensively the last few years. They have harvested seed from their plantings with a good per acre yield. The district was instrumental in securing a sale for the surplus seed in other areas of the state.

In September the board made two tours over the district to observe the needs and accomplishments. There has been a discov-

ery of shallow irrigation water in one area of the district, and due to the extremely dry weather this year, a great many wells were developed. The irrigation is being done by sprinkler systems row and border system. In the watered area we observed plantings of alfalfa and the new imported Buffel Grass. On dry land farming they saw fields where legumes, such as Madrid clover and Guar, had been grown in previous years and these fields were producing cotton yields of one fourth to one third of a bale to the acre. As a comparison on the same farms the same crops planted, but on which no legumes were grown in the past, there was not anything harvested. These fields were prepared and planted in identical manner—the drouth helped to prove the difference.

We purchased two land levelers this year as there is a great need for them in the new irrigation district; where the farms are to be watered by the border system is the intention of the supervisors to promote the use of the land levelers on dry land farming, for the level border system which gives greater water conservation.

The district was fortunate in getting five additional SCS personnel during the year over previous years, to bring about the accomplishments listed as:

- 23,221 acres of contour farming was applied.
- 4,763 acres of stubble mulching was applied.
- 745 acres of cover crops were planted.
- 48 acres of range improvement was reported.
- 131 acres of seeding of range was reported.
- 54 farm and ranch ponds were built.
- 980 miles of terraces were built.
- 17 miles of field diversion were built.
- 9 farm waterways were built.
- 156 acres of improved water application.
- 20 acres of rotation hay and pasture was reported.
- 20 acres of conservation irrigation systems was reported.
- 9 water facilities.

Supervisors of the California Creek Soil Conservation District are: Hiram E. Olson, chairman; C. E. Lantrip, vice chairman; Albert Thane, secretary; B. Kupatt and Revis Robertson, members.

I'll Walk at your Wedding

When tiny Adele Poindexter, 3, of Skokie, Ill., got out of her Iron lung and found that her physical therapist, Miss Shirlee Ludwig, was to be married, she wanted very much to be her flower girl. "But you'll have to learn to walk again if you're going down the aisle with me," Miss Ludwig said. This prospect worked miracles for Adele and here she is at the wedding reception with Shirlee, now Mrs. Neil Benford. March of Dimes scholarship trained therapist aided in Adele's care.

Progress Made In Cleaning Up Stream Pollution In This Area

Progress is being made in eliminating salt water pollution of the Brazos River in West Central Texas, according to the Brazos Anti-Pollution League of Houston.

Pollution of the Clear Fork of the Brazos and its tributary streams, including California Creek in Haskell and Jones Counties, has become a major concern to property owners in this section in recent years. Most of the pollution, it is claimed, comes from all waste and salt water encountered in oil development of the area.

Concerning measures being taken to curb stream pollution, an article in the Brazos River Report for January says:

Since the Texas Railroad Commission's hearing was held in Breckenridge in June, 37 operators, owning 48 leases in that area have been given notice either to change their salt water disposal methods or suffer the consequences: pipe line severance.

Nelson Decker, a chief inspector, reports that 14 salt water injection wells have been drilled in Stephens county alone.

Following the RCC hearing, an inspection was made of the leases in Stephens, Shackelford, Jones Haskell, Throckmorton, Stonewall Young and Fisher counties.

Notices were served to 37 operators that "it will be necessary that salt water be disposed of in some means other than present methods or their pipe lines would be severed."

In September, a second inspection was begun to determine whether or not the operators were making efforts to comply with RCC order.

George F. Singletary, who presided at the Breckenridge hearing, says that the inspection and corrective measures are now about half way through.

"It will take time to complete this program," he said.

Injection wells also have been drilled in Throckmorton, Shackelford, Jones and Haskell counties. These wells are for the sole purpose of disposing of salt water and in many cases they are being used jointly by several operators.

"The Railroad Commission encourages the drilling of injection wells for secondary recovery and pressure maintenance," Mr. Singletary said, "by giving bonus allowances."

New Ford Miracle Ride

Here's new freedom from bounce, pitch and sway... an entirely new standard of riding comfort!

If you've thought it takes gas-eating weight and hard-to-park length to give real riding comfort you ought to try this '53 Ford. For Ford's new Miracle Ride actually seems to lay a carpet of smoothness even over the roughest roads. There's no bounce, pitch and sway to bother you, no uncomfortable curves. Ford's new Miracle Ride marks a new comfort and quiet. It's another big reason why more when you buy it... worth more when you buy it.

The New Standard of the American Road

80% less road shock! By increasing front wheel travel and redesigning the rubber compression bumpers, front end road shock is reduced as much as 80%. Springs are tailored-to-weight of each model, for best riding comfort, whichever model you buy.

Automatic Ride Control! Ford's Variable-Rate rear spring suspension actually makes the effective spring "stiffness" vary automatically as road and load conditions change. You get a smooth, level, comfortable ride on boulevard or roughest back road.

All day comfort! Scientifically designed contour seats, both front and rear, have thick foam rubber cushions. Non-sag spring construction is firm yet resilient. Automatic Posture Control provides the most convenient seating position for all drivers.
