Pinkston, pastor of the Paint Creek Baptist Church. Mrs. Veda Griffin will be pianist for the professional and recreational, and for two songs by the congregation, led by Jess Mickler. M. M. Haynes will give the invocation, Supt. Dan McRae will make the announcements, and Bill Griffith will give the benediction. Commencement exercises will

## Weatherman Gives Dust, Cold Freely; Skimps On Rain

Turbulent weather prevailed over most of the state during the week-end, hitting with death-dealing and devastating tornadoes at San Angelo and Waco, also brought a variety of weather to Haskell and vicinity. The welcome .50 inch rain Saturday night was followed with a severe dust storm Sunday, swept in at high altitude and sifting down to wipe out practically all traces of moisture. Monday, when heavy rains fell in most all areas around Haskell, only .13 inch was gauged here. Near-freezing weather followed Tuesday, with the mercury diving to a cool 43 degrees during the afternoon and night. A light drizzle accompanying the cold front brought another scant .13 inch of moisture.

## Class of 43 Seniors to Receive Diplomas Tuesday Evening

Valedictorian of the 1953 class of Haskell High School is Jessie Kreger, left, with an average scholastic grade of 95.6 during four years in high school. She is the daughter of Mr. and Mrs. J. H. Kreger of Haskell.

Rosalie McCall, at right, is salutatorian of the 1953 class, with a scholastic average of 94.4 during her high school career. She is the daughter of Dr. R. K. McCall, Presbyterian minister of this city.

Presentation of diplomas to 43 members of HHS Senior Class of '53 Tuesday evening, May 19, will mark the successful completion of the high school career for one of the largest graduating classes in recent years. Baccalaureate services for the graduates will be held Sunday evening, May 17, in HHS auditorium. The Rev. M. D. Rexrode, pastor of First Baptist Church, will deliver the sermon. Scripture passages will be read by the Rev. J. B. Thompson, Methodist minister. Dr. R. K. McCall, Presbyterian minister, will give the invocation and the Rev. Alfred Altum, pastor of the East Side Baptist Church will give the benediction. Commencement exercises Tuesday evening, May 19, will feature student addresses by five honor students in the '53 Class. Speakers will be Jessie Kreger, valedictorian; Rosalie McCall, salutatorian; Barbara Merchant, Wanda Jones, and Douglas Denny.

Presentation of diplomas will be made by Principal W. P. McCollum, and Supt. S. H. Vaughter will present scholarship awards. The invocation will be given by Fred Custis, Church of Christ minister, and the benediction by John Barry, minister of First Christian Church. Also on the commencement program will be a clarinet solo by Larry Wheeler, a reading by Peggy Sonnemaker, piano solo by Diane Clare, and the class song by Barbara Merchant, Frances Mullins, and Bill Thomas. Jessie Ruth Jones will play the professional and recreational.

## Soil Stewardship Sunday Will Be Observed May 17

Haskell ministers will observe Soil Stewardship Sunday, May 17, by devoting their morning services to the nation-wide program for the purpose of bringing to the people the necessities of conserving our soil for future generations. Dr. R. K. McCall, minister of the First Presbyterian Church and president of the Ministerial Alliance, consulted the pastors of the other denominations and invited them to a meeting of Soil Conservation officials and chamber of commerce executives Saturday, May 16. The meeting was called by Harold R. Spain who presided and explained what was desired of the ministers in the plan to carry out a greater program of Soil and Water Conservation. Chambers of Commerce over the entire nation are underwriting this important program of Soil Conservation and many of them have written it into their program of work. Odus J. Curry and Roy Johnson head the committee of the local chamber of commerce which is a branch of the agriculture and livestock committee. In cooperation with the program, an excellent display of legumes are on display in the lobby of the Haskell National Bank.

## Singers To Meet At East Side Baptist Church Sunday

The monthly program of the Haskell County Singing Convention will be held at the East Side Baptist Church in this city Sunday, May 17, beginning at 2:30 p. m. A full afternoon's program is being planned, according to T. C. Cobb, convention official. He explained that the regular program scheduled for the second Sunday was postponed because of the fact that the date came on Mother's Day. Invitation to attend Sunday afternoon's program is extended to all church singers in the county, and to all music lovers.

## Gene Hunter Named To City Council In Election Tuesday

E. C. (Gene) Hunter, Haskell businessman, was sworn in as Alderman at the regular meeting of the City Council Tuesday night, following canvass of votes cast in the special election held the same day. Official count of votes showed 79 for Hunter, and seven for Eddie

Kelso, second man on the ticket. The special election was to fill the vacancy on the Council caused by the resignation of former Alderman Will Gilmore. Also at Tuesday night's meeting, the Council authorized the drilling of an additional water well for the municipal water system, and passed on first reading an ordinance regulating taxicab business in Haskell.

## 1953 Wheat Loan Rate Is Set At \$2.21 Bushel

Joe S. Harper, PMA secretary, was advised this week that the Haskell County Wheat Loan rate for 1953 is \$2.21 per bushel, basis U. S. grade No. 1. Discounts on grades less than No. 1 will be available in the county PMA office in the next few days. From the gross loan rate of \$2.21, approximately 10 to 12 cents per bushel will be deducted for prepaid storage charges and one-half cent per bushel will be deducted as a loan service fee. The net to a producer, on No. 1 wheat, should be about \$2.08 per bushel. Warehouse receiving and handling and insurance charges of approximately 7 1/2 cents per bushel will be charged against the grain during its storage period and the final net to a producer would therefore be about \$2.01 or \$2.02 after all charges have been paid. Loans will be available on wheat stored in approved public warehouses or in approved storage.

## 92 Children Are Checked In Pre-School Roundup

One of the largest pre-school Roundups was held May 8 when 92 pre-school children were examined by the following doctors: Dr. Frank C. Scott, Dr. J. G. Vaughter, Dr. Joe Thigpen, Dr. T. W. Williams, Dr. Wm. J. Kemp. Also helping were Edd Todd, Mrs. W. P. Trice and the first grade teachers. The P-TA presented each parent with books on "Ways of Helping Your Children Read" and "Ways of Helping Your Child with Arithmetic." The hospitality committee served refreshments and each child was presented a favor made by the four first grades.

## Haskell County History

**20 Years Ago—May 18, 1913**  
The redistricting bill passed by the Legislature and signed yesterday by Gov. Miriam Ferguson, places Haskell County in the new 19th Congressional District. This will make necessary the election of a new Congressman from this district next year. The main building of the C. O. Davis Hatchery in Rule burned Friday night, with loss estimated at \$3,500.  
Mr. and Mrs. F. L. Daugherty and daughter, Miss Ermine, spent the week end in Wichita Falls where they visited in the home of their daughter and sister, Mrs. Houston Bolin and d

family. Local bakeries announced today that the price of bread would be advanced to 6 cents a loaf effective next Monday morning. The increase has been made necessary because of the mounting costs of raw materials. A soaking rain that set in Sunday covered this entire section. The fall here amounted to more than two and one-half inches. Commencement exercises for the 1933 class of Haskell High School will be held Monday night, May 22 in the auditorium of First Christian Church, with Judge Clyde Grissom as speaker. Members of the graduating class

are Lucille Akins, Marguerite Anderson, Ruby Bland, Aurline Cousins, Beulah Cass, Mary Frances Collier, Frances English, Ollie Frazier, Ola Frazier, Lois Fouts, Willie John Field, Norma Ann Gilstrap, Marguerite Higgins, Betty Ann Hancock, Virginia Mae Jones, Rozelle Jones, Beryl Montgomery, Jessie Moody, Lyle Newsom, Dixie Orr, Emma Kate Richey, Margaret Richey, Elizabeth Stewart, Jaunita Stone, Maxine Simmons, Mildred Sudler, Jewell Tidwell, Louise Warren, Bernice Willmon, Clara Wilfong, Dorothy Therwanger, William Alvis, Billie Burt, Rod Clifton, Alvy Couch, Doyle Eastland, Byron Frierson, Buford Gholson, Marshall Gordon, Clinton Herren, George Kinney, C. **30 Years Ago—May 18, 1923**  
A tornado which swept through Mitchell County early Monday took a toll of at least 25 lives and terrific property loss. More than 200 persons were injured and 350 people were left homeless. Neighboring towns and cities in West Texas are raising funds and clothes collections for the storm victims, and Mayor R. C. Couch of Haskell has urged all residents to give generously to a fund being raised locally for the storm sufferers.

The White Cash Grocery in this city closed its doors Tuesday May 15, and the stock will be sold at private sale. This was a stock company store, and it was decided to close the store by mutual consent of stockholders. Bert Welsh of this city has leased the Magnolia Filling Station north of the square, formerly operated by Bailey Bros., and will operate the business in the future.

Courtney Hunt of this city has let the contract for a modern double drive-in filling station to be erected on the southeast corner of the square. Brick Tucker is contractor for the building.

R. H. Davis, who lives a few blocks west of the square, brought some head lettuce to town for market Saturday which is equal to any being shipped in Mr. Davis says he put the plants out early in the spring.

John Baldwin and his daughter, Miss Blanche, of the Baldwin Ranch in Stonewall County were guests in the home of Mr. and Mrs. J. U. Fields.

Earl Atchison, who lives 10 miles east of Haskell, was in town Tuesday. He says that crop prospects are fine out his way, but that grain is beginning to

need rain. Mr. Atchison is starting out in the livestock business with some registered Shorthorn cattle, and is elated over the progress he is making.  
Mrs. C. L. Lewis is visiting relatives in Graham this week.

**50 Years Ago—May 16, 1903**  
Misses Stella Couch and Hattie Fay Smith of the Fairview community narrowly escaped serious injury the other day, when the horse they were driving to a buggy became frightened and ran away. Both young women were thrown out of the buggy when the animal ran into a telephone pole.

Mr. and Mrs. G. W. Tanner and Mesdames W. H. Scott and E. C. Couch made a trip to Stamford the other day.  
J. F. Posey of the Haskell Telephone Company is in Munday this week, where he is putting in a number of new telephones for subscribers there.

J. F. Bolander of the Knox Prairie community was in town this week and said he would begin harvesting his wheat crop next Monday if the weather is suitable.

Cotton went up at a lively rate the first of this week, reaching 11:30 for middling spot in New York, 11:06 in New Orleans, and 10:75 in Galveston.

Through the efforts of the Junior Epworth League, the Methodist Church has been furnished with a new set of lamps, which are a great convenience.

J. F. Lemmon of Stamford was here the first of the week, figuring with the Commissioners Court on repainting the courthouse.

Mrs. H. R. Jones returned Monday night from Abilene, where she attended the meeting of the State Federation of Women's Clubs.

Dr. S. B. Kirkpatrick of Waco was here several days this week on a prospecting trip.

Biggest Cattle Run of Year Reported At Fort Worth Markets This Week

By TED GOULDY
Fort Worth—Biggest cattle run since last November rolled into Fort Worth Monday as 6,300 cattle and 1,100 calves were on hand.

High grade fed steers and yearlings and good and choice fat calves returned steady to weak prices. Cows were weak to 25 or 50 cents lower. Bulls sold steady.

Numerous loads of cows were in the run. G. R. White, Brady, sold 40 cows at 785 lbs. at \$15.50 and ten head at 785 at \$13. Bird Moss, Greenwood, had some old cows at \$10 and \$12, with some 300 lb. calves at \$20.

Good and choice fed steers and yearlings drew \$18 to \$22.50; common to medium kinds sold for \$10 to \$15.50. Fat cows \$11.50 to \$14, a few higher, canners and cutters \$8 to \$11.50, some shells lower.

Good and choice fat calves \$18.50 to \$23; common and medium butchers \$12 to \$17.50; culls \$8 to \$11. Stocker calves \$21 down; stocker yearlings \$13 to \$18.50; stocker cows \$10 to \$15.50.

Twenty thousand sheep and lambs arrived, largest run since April 1950. Some 56% of the 12 major market's supply was at Ft. Worth today. Trade steady. Slaughter Spring lambs, medium, good and choice grades \$20 to \$26; clipped fat lambs \$19 to \$22.50. Feeders \$19 down.

Boy Scout Court of Honor Held In Stamford

In spite of tornado warnings 175 parents and boys attended the district court of honor held in the Stamford First Baptist Church Monday night.

Rev. Armstrong of Anson gave the invocation. Stamford Rotary Troop 41, under leadership of Herb Carter, served coffee and drinks to all present.

The Methodist Troop 47 took the Attendance Trophy for having the greatest percentage present. The Skill event to be run off at the June District Court of Honor will be a Sour Dough Sam Pancake contest. The June District Court will be held at Haskell on the second Monday of the month.

Awards reported were: Second Class—James Caudle, Marvin Patterson, Wilford Allen, Gerald Jeter, Joe Carol Putnam, James Martin, Robert Grounds, all of Troop 47, Albany.

First Class—Bobby Lusk of Haskell; Randy Wilson, Leonard Giza, Douglas Monzingo, all of Stamford; and Dwight Wallace of Hamlin.

Star Awards—Doving Wesun, Allan Leonard and Lorne Fletcher, all of Hamlin.

Life Awards—Don Adair and Doyle Brinegar of Hamlin.

Scoutings highest rank of Eagle Scout was awarded to Eugene Johnson of Anson, and to Dee Prewitt of Stamford.

CARD OF THANKS
We want to take this means to express our sincere gratitude for the deeds of kindness, words of sympathy, for the floral offering and food brought to our home and to all who helped in any way during the illness and death of our loved one.

"WHO DUN IT"
The Haskell County National Farm Loan Association

If you failed to get a dividend check mailed out by the Haskell County National Farm Loan Association May 1, 1953, it was all your fault, none of ours.

As the Haskell County National Farm Loan Association paid a 5% dividend on May 1st on all Association Stock owned by borrowers as of December 31, 1952. Being the usual dividend paid by this Association each year.

If your land loan is with the Haskell County National Farm Loan Association, you are paying only 4% interest on any balance unamortized on principal, per annum. And the 5% dividend paid to you by the Association reduces the net cost of the borrowed money to you to be 3.75% or less.

Quite a number of lending concerns have raised their lending rates to 4 1/2-5 or even 6% per annum in order to meet the high cost of operation and net a small margin for their stockholders.

The Federal Land Bank of Houston is very fortunate, indeed, in being able to continue making loans on farms and ranches at the old 4% rate and with the same old pre-payment privileges, allowing the borrower to pay all or any part of his loan on any business day in the year without extra bonus or interest.

Now Is the Time To Nail Down A 4% Land Loan

If your land is a homestead, we can lend to re-finance indebtedness against the land, build houses, barns, fences, dig wells. If your land is not your homestead, we can lend to purchase other lands, pay most any indebtedness, buy livestock, operate this and other farms or most any agricultural purpose.

We will be glad to talk over your situation with you, with no obligation.

Cutworms don't bother me...

I use dieldrin

If you grow cotton in the area covered by this newspaper, you've got cutworms in your fields right now! Don't let them digest your profits, destroy your work. Treat with dieldrin, the sure-fire control for cutworms.

At the same time you're killing cutworms with dieldrin you also kill chrips, fleahoppers, rapid and tarnished plant bugs and boll weevils.

It's easy: Dieldrin dust is smooth-textured and free-flowing. Dieldrin

sprays form top-creaming emulsions... eliminate nozzle clogging.

Long-lasting protection: Even in hot, dry areas, dieldrin's long residual action kills insects many days after application.

Low cost: Dieldrin's more effective and longer lasting killing power means more cotton for you per insecticide dollar.

Clear the cutworms out of your fields right now with dieldrin. Get it from your insecticide dealer.

## NEWS OF INTEREST TO WOMEN

### "The Road Builders" Is Program Theme At Meeting of Progressive Study Club

Members of the Progressive Study Club met Thursday evening May 7 in the Homemaking Cottage for a Freedom Forum program.

The first vice president, Mrs. Robert Wheatley, presided for the business meeting. Donations were made to the M. D. Anderson Hospital for Cancer Research, and the Australian scholarship fund.

Theme of the program was "The Road Builders," dedicated to the heroes who have cleared the way and marked the path for our freedom. Mrs. Lynn Waldrip was program director, and opening number was the hymn of the month, "The Star Spangled Banner."

Mrs. Garvin Foote spoke on "Our Patriots," and told the story of Pierre de Beaumarchais, "Freedom's Forgotten Friend," a Frenchman who played a vital part in the War of Independence. Mrs. Foote also showed pictures of other heroes of our country.

Mrs. James E. Ferguson introduced her husband as guest speaker. Mr. Ferguson spoke on "Historical Documents," using some material from the Heritage of Freedom by Dr. Frank Monaghan which was exhibited on the Freedom Train. Mr. Ferguson discussed the first draft of the Declaration of Independence as written by Thomas Jefferson. The Bill of Rights, and Roger Williams' flight for religious freedom.

Mr. Ferguson showed the club a certified copy of Sam Houston's will, and read the photostatic copy of a letter written from the city of Goliad by his great-uncle, J. G. Ferguson, to a brother, Jack, telling of the hardships and of the conditions they were living under just before the fall of Goliad. The letter was dated March 2, 1836. The original was given to the Wrenn Library of the University of Texas by the late Joe Lee Ferguson of Haskell.

"Saving These Freedoms" was the topic of Mrs. Wix Currie, who told her hearers "We who are alive today did not create our freedoms, we got them from the men of the past and we hold them in trust for the future." These freedoms, the speaker pointed out, are: The right to worship God in one's own way,

### New Officers Of Wesleyan Service Guild Installed

Members of the Wesleyan Service Guild met Monday evening May 11 for their last meeting of the year in the home of Durene Boone. This was a covered dish dinner, and installation of officers for the coming year. The home was artistically decorated with cut flowers. Foursome tables were centered with sweet peas while the dining table held a beautiful arrangement of roses, sweetpeas and larkspurs, from where the meal was served buffet style. Mrs. Gladys Vaughtner and Mrs. Mary Ratliff were assistant hostesses.

Mrs. Bebe Middleton, Mrs. Billie Jean Kemp and Mrs. Odell Bynum had charge of the program.

Mrs. Weaver expressed her appreciation for the fine cooperation during the past year to each member and gave blessings on the ones to leave the Guild to form the new circle, then led the group in prayer.

Mrs. Mildred Tonn rendered a vocal solo accompanied by Mrs. Anita Jo Medford for the first number on the program. Mrs. Ada Rike, member of the WSCS, in a very capable manner and impressive service installed the following officers after the group sang "This is My Father's World" accompanied by Mrs. Willie Sue Martin:

Mrs. Hazel Weaver, president; Mrs. Odell Bynum, first vice president; Bebe Middleton, secretary-treasurer; Ima Dell Fitzgerald, secretary promotions and children's work; Mary Holden, Missionary Education and service; Durene Boone, Christian social relations and local church activities; Irene Ballard, student work and youth work; Thursa Chamberlain, Literature and Publications; Anita Jo Medford, Supply work; Lola Scott, Membership and Status of Women; Mrs. Mabel Thompson, coordinator.

Those present were Mmes. Louise Tyler, Jerry Fabouin, Mabel Thompson, Hattie Thompson, Pauline Beard, Hazel Weaver, Mary Holden, Jean Landess, Sylvia Roberts, Billie Jean Kemp, Thursa Chamberlain, Janie Lou Gregory, Lottie Cook, Odell Bynum, Irene Ballard, Pearl Holmes, Helen Elliott, Ima Dell Fitzgerald, Bebe Middleton, Margaret Holter, Gladys Vaughtner, Anita Jo Medford, Mary Ratliff, Willie Sue Martin, Lola Scott, Katherine Warren, Phyllis Smith, Ruth Ferguson, Ann Jones, Durene Boone, Ada Rike, Mildred Tonn and Lois Mitchell.

### Friendship HD Club Meets With Mrs. Leon Newton

The regular meeting of the Friendship Home Demonstration Club was held Friday, May 1 in the home of Mrs. Leon Newton.

For the program Mrs. Edward Newton gave a very interesting book review from the novel, "Mama's Bank Account."

Games were played and refreshments were served to the following members: Mmes. Edward Alexander, Otto Vaughn, Dewayne Vaughn, Edward Newton, S. G. Cobb, Jr. and the hostesses.

### Dorcas Class Meets In Home of Mrs. George Mullins

The Dorcas Sunday School class of the First Baptist Church met in the home of Mrs. Geo. Mullins Monday night May 4.

The business meeting was opened with a prayer by Mrs. R. L. Foote, the class teacher. The minutes of the previous meeting were not available; however, both old and new business was discussed.

Mrs. Jim Alvis brought the devotional, using Mother's Day as her subject. She based her thoughts on Proverbs 22:6; 23:24; and 31:25. Mrs. J. W. Seay led in prayer. Then the following gave readings: Ruby Kay Alvis, My Mother; Sara Sue Roberson, When Ma's Away; Robbie Lu Roberson, No Occupation.

Refreshments of homemade ice cream and cake were served to Ethel Lou Shelton, Marjorie Waldrip, Bertha Seay, Vivian Roberson, Opal Smith, Ruby Alvis, Virginia Flournoy, Betty Jo Clanton, Maybelle Foote, Margaret Wall, Cleotis Dixon, Ordria Darden, Janelle Mullins, Ruby Kay Alvis, Norma Jean Gipson, Robbie Lou and Sara Sue Roberson and the hostesses, Lora Mae Mullins, Henrietta Segoe, Thelma Lancaster, Lorene Fouts, Billie Bynum and Elsie Eastland.

### Wanda Dunnam Is Bride of Wayne Ham on May 2

Wanda Dunnam, daughter of Mr. and Mrs. C. A. Dunnam of Weinert, and Wayne Ham, son of Mr. and Mrs. J. B. Ham of Lueders were united in marriage Saturday evening, May 2 in the Weinert Methodist parsonage. Rev. Lamb, pastor of the Weinert Methodist Church read the double ring ceremony.

The bride wore a pink organza dress with white accessories. Attendants were Miss Barbara Gipson of Shallowater and Raymond Dunnam, Weinert, brother of the bride.

Miss Dunnam is a graduate of Weinert high school. Mr. Ham is a Lueders graduate and has been serving in the US Army for the past several months. Following a short wedding trip the couple is making their home in Big Lake where he is employed with the Brown-Strain Paving Co.

### Jimmy Reeves, Weinert Freshman, Wins Mile Run In State Meet At Austin

By W. L. MEDFORD  
Jimmy Reeves, son of Mr. and Mrs. L. V. Reeves of Weinert, won the class B mile run in the school boy State Meet at Austin last Saturday. His time for the mile run was 4:40.3, which was good time considering the 11 mph head wind he faced. It is the first time that Weinert has had a boy in the State meet since 1947 and the only first place winner from this school in the last 10 years.

Reeves is 15 years old and a freshman in high school. The judge recognized the fact in presenting him with the first place medal, pointing out the stamina and endurance this young lad had in this, his first year of competition, to win the state meet in the mile run.

His efforts in winning the mile run is attributed in a measure to his consumption of one dozen raw eggs each day during the training season. Of course, the determination of this boy and his daily training rules. During the training season he ran on the average of 3 miles a day at the beginning. As the season progressed his average increased to five miles for the last three or four weeks. Saturday and Sunday were not an off day for him. He found time each day for his daily running schedule. According to Connor Horton, his coach, it is estimated that he ran some 290 miles in all in readying himself for competition in the mile.

It was a good race all the way. He led the first lap. On the second and third laps he ran a very close fourth, but still running easy all the time. Coming out of the first turn he turned on a burst of speed that carried him to the front, a position that he held to the finish line. He was some five yards in front of the second place man whom he overtook and outdistanced in the last lap.

Working with young Reeves was Connor Horton, his track coach. It was he who established the training and running schedule for Reeves to follow. It was he who watched and guided the daily efforts of the running lad. Jimmy attributes much of his success to Coach Horton's daily efforts and encouraging words.

The school and Weinert community wish to tend their congratulations to Coach Horton and Jimmy Reeves for their fine showing in the State Meet.

### Capt. Joe D. Bailes Of Dimmitt Killed In Korea

Haskell relatives and friends have learned of the death of Capt. Joe D. Bailes of Dimmitt, Texas, husband of the former Jane Kirkpatrick and son-in-law of W. E. (Bill) Kirkpatrick, Sr., former Haskell resident.

Capt. Bailes, U. S. Marine Corp pilot, was killed in action in Korea early this month, according to information received by Mr. Kirkpatrick, Captain Bailes' wife, principal at Dimmitt High School, was given immediate notification of the death.

Contents of a telegram received by Mr. Kirkpatrick read: "Deeply regret to inform you that your son-in-law, Captain Joe D. Bailes, U. S. M. C. R. was killed in action May 5, 1953 in Korea in the performance of his duty and in the service of his country. Please accept my most heartfelt sympathy in your bereavement. Sorry no details available at present. Our Marines who lost their lives are returned home for burial as soon as possible. Any additional information received will be promptly forwarded. Details regarding national cemeteries and re-imbursable funeral expenses are being mailed at a later date. It is requested that you notify his wife." The telegram was signed by Lemuel C. Shepard, Jr., General, U. S. M. C., commandant of the Marines.

Captain Bailes, who left the States March 13 for overseas duty, was attached to the First Marine Air Wing and flew the F9F "Panther Jet" fighter plane. He was a graduate of Baylor University and served as sales manager of Kirkpatrick Sales Co., in Dimmitt prior to being

called back into service. A Marine reserve, Capt. Bailes, also saw action in World War II.

### Rites Held In Rule Tuesday For Mrs. J. E. Sarrells

Funeral for Mrs. J. E. Sarrells, 69, resident of Rule since 1944, was held at the Primitive Baptist Church in that city at 2:30 p. m. Monday.

### What Makes One Job Better Than Another?

What if the tables were turned... and college graduates stopped filling out job applications, and instead, submitted questionnaires for companies to fill out? It might be they would ask:

"Why should I work for your company? ... Is your bank balance healthy? ... Are you expanding fast? ... Will I get responsibility in a hurry? ... Can I pick the type of work I like? ... Are you fun to work with? ... Do you have smart men I can learn from? ... Free schooling to train me further? ... Research and know-how? ... Money for the finest equipment? ... Will you recognize and utilize my talents?"

Isn't it a sign of a pretty good job when young men with talent can have a clear road ahead, can learn from people they respect and admire, and can work on projects of national importance?

From where we sit, we've been watching this happen. Teams of people at General Electric—in their twenties most often—are solving problems of jet plane engines, new chemicals, home appliances, guided missiles... everything from atomic power to air conditioning. And they're working in responsible jobs, with experts of recognized authority.

Maybe it's because we're growing fast that young men move into new and bigger jobs. Or because we've been lucky enough to hire the type of men who grab responsibility and work hard to achieve success. Whatever single factor or combination it is, young men and success do go together at General Electric.

# This is Welcome Week under the Humble sign in your neighborhood

This week the Humble dealer in your neighborhood invites you and your family to drive in and get acquainted. He wants to show you the kind of welcome you can expect every time you stop for service under the Humble sign. He wants you to find out for yourself the superior quality of Humble products. He wants to show you how clean his station is, and how well equipped. He wants to clean your windshield and sweep your floorboards; check your oil, your radiator, battery water, tires; he wants to give you personal proof that Humble service is complete, prompt, courteous. Above all, he wants you to know that he is a neighbor you can depend on, that his station is equipped and staffed to keep your car running right and looking good. So drive in, neighbor, and get acquainted—you're always welcome under the Humble sign.

**Neighborly Service for Texans!**

Are you planning to make your vacation trip in your car? Let your neighbor under the Humble sign introduce you to Humble Touring Service. This fine service provides you with clearly marked road maps to and from your destination, a trip log and other helpful information. Tell Humble Touring Service where you want to go—they do the rest.

**When was the last time you had your oil changed?**

If your oil is 1000 to 1500 miles old, let your neighbor under the Humble sign drain your crankcase and refill it with either of two great oils: Esso Uniflo if your car is new and uses SAE 20 oil or lower; Esso Extra if your car uses SAE 30 or higher.

**HOW TO DISCOVER FOR YOURSELF... THE FINEST CAR AMERICA HAS YET PRODUCED**

- 1. Look for Power.** Not just "horsepower,"... but actual drive power. Here, in the Imperial, is a new kind of power found nowhere else except in some Continental sports cars. We invite you to try its absolute mastery.
- 2. Look for Control.** Not just imitations of today's big advances in driving safety... but the original Full-time Power Steering and Power Brakes. Here, in the Imperial, you ride, steer, and stop in new ways that keep you safer on the road. We invite you to try this remarkable new car control!
- 3. Look for Luxury.** Not just the glitter and gloss... but the innate taste and distinction which results from careful hand-crafting. Here, in Imperial, is a fineness of decor leading Americans seem to favor. We invite you to experience this new kind of leadership!

### "Welcome Week" Being Observed By Stations Handling Humble Products

For the second year, "Welcome Week" at service stations handling Humble products will be observed in Haskell, May 15-22 has been set aside for neighborhood celebrations at Humble stations throughout the state.

The purpose of Welcome Week is to give Humble station operators a chance to say "thank you" to Texas motorists for their friendship, and for the privilege of being good neighbors in the community they serve," said J. E. Walling, Jr., Bulk Agent in Haskell.

Special letters have been mailed by service station operators inviting motorists to stop in during the week. Red, white, and blue banners and signs will decorate

the stations. Humble's traditional friendly service will be emphasized.

To prepare for the event, operators have given their stations extra spring cleaning, with particular attention to restrooms.

Herbert McMillan, District Manager of the Wichita Falls District, has extended a cordial invitation to residents of towns in this area to get acquainted with Humble men and products during Welcome Week.

Mr. McMillan also announced that advertising in newspapers, on posters, and on the radio will tie in with the program. On the Company's weekly television show, "Texas in Review," Welcome Week will be featured in special announcements.

### Sam A. Roberts—

(Continued From Page 1)

Zelma Grubb Dec. 30, 1914, at Wichita Falls.

Mr. Roberts was the second owner of the Haskell Free Press. He purchased the paper in 1916 from Mrs. Oscar Martin, whose husband founded the paper in 1886. Mr. Martin died in 1915. Mr. Roberts owned and published The Free Press until November, 1945, when he sold the newspaper and retired from active business.

While publisher of the paper here, Mr. Roberts owned interests at various intervals in three other Texas weeklies, Chillicothe Valley News, Seurry County Times of Snyder and the O'Donnell Index.

Mr. Roberts was mayor of Haskell from 1920 - 22. During his term the first street paving was put down in the city. An ambitious program of paving the courthouse square and several blocks with brick was completed.

An active leader in civic affairs, he gave generously of his time and material and newspaper support to many local projects for community betterment. In 1925 he was one of the organizers of the Haskell Hotel Company which

dates for the Bachelor of Science degree.

The baccalaureate service will be held Sunday evening, May 24.

built the Tonkawa Hotel, one of the leading hotels in this section.

He was president of the Haskell Chamber of Commerce in the late 1930's. He served on the Haskell School Board and for a number of years was a director of the Central West Texas Fair Association. He was a past president of the Haskell Lions Club, and an active member of the First Baptist Church. He had served in numerous capacities with the Haskell County Red Cross, the United Charities, Scouting, and numerous other civic organizations.

Since retiring from active business, he had devoted his time to management of business properties and other interests here, and to his favorite hobbies of hunting and fishing.

Mr. Roberts served one term as president of the Texas Press Association and a term as president of the West Texas Press Association in the early 1930s. He was a member of the Masonic Lodge, the IOOF Lodge and the Knights of Pythias.

Survivors are his wife, one daughter, Mrs. John J. Wilson (Gayle Roberts), former Tarrant County home demonstration agent and now farm home editor of station WBAP-TV, Fort Worth; one son, Paul Wesley Roberts of Andrews; four brothers, Ernest of Hayward, Calif., Elmer of Grenada, Calif., Grady of Wichita Falls and J. W. of El Paso; four sisters, Mrs. Effie Briggs of Mountain View, Okla.; Mrs. Tom Adams and Mrs. Rudy Poncha, both of Bevers and Mrs. Ora May Gibbs of San Diego, Calif.; and two grandchildren, Paula Jo and James A. Roberts, both of Andrews.

Active pallbearers were A. C. Pierson, Art McMillan, Frank Reynolds, John E. Feuts, Harold Spain, Alonzo Pate, Fred Gilliam, Royce Adkins. All friends of the family were named honorary pallbearers.

### Opening Municipal Swimming Pool Set For May 17th

Royce Smith, HHS athletic coach, who has leased the swimming pool at Rice Spring Park for the spring and summer, has announced Sunday, May 17 as opening date for the pool.

Schedule for Sunday will be from 1:30 to 7 p. m., only. During the following week the pool will be open in the afternoon from 4 to 9 p. m., to avoid conflict with school activities. Beginning May 23, the pool will be open weekdays from 1:30 to 9 p. m., with a two-hour earlier closing time on Sundays.

Assisting Smith in operating the pool will be Tom Jones, Junior high football coach, and David Middleton.

The Texas Conservation Home-maker of the Year is Mr. B. V. Cook of Hudspeth County.

### Negro Colleges Being Considered For T-O Classic

Officers and directors of the Haskell Quarterback Club met Wednesday morning in the chamber of commerce office to consider proposals received from Negro schools and colleges interested in playing in the 1953 Texas-Oklahoma Colored Football Classic

sponsored by the Q-B Club.

Club president, Charles Swinson said that contacts have been made with several colored schools concerning the annual event. At present, negotiations are under way with Langston University of Oklahoma and Paul Quinn College of Waco to meet here in the football classic.

A scheduled game between Langston and Paul Quinn is set for Saturday Oct. 31 in Waco and both colleges have expressed a desire to have the game transferred to Haskell, Swinson said at the

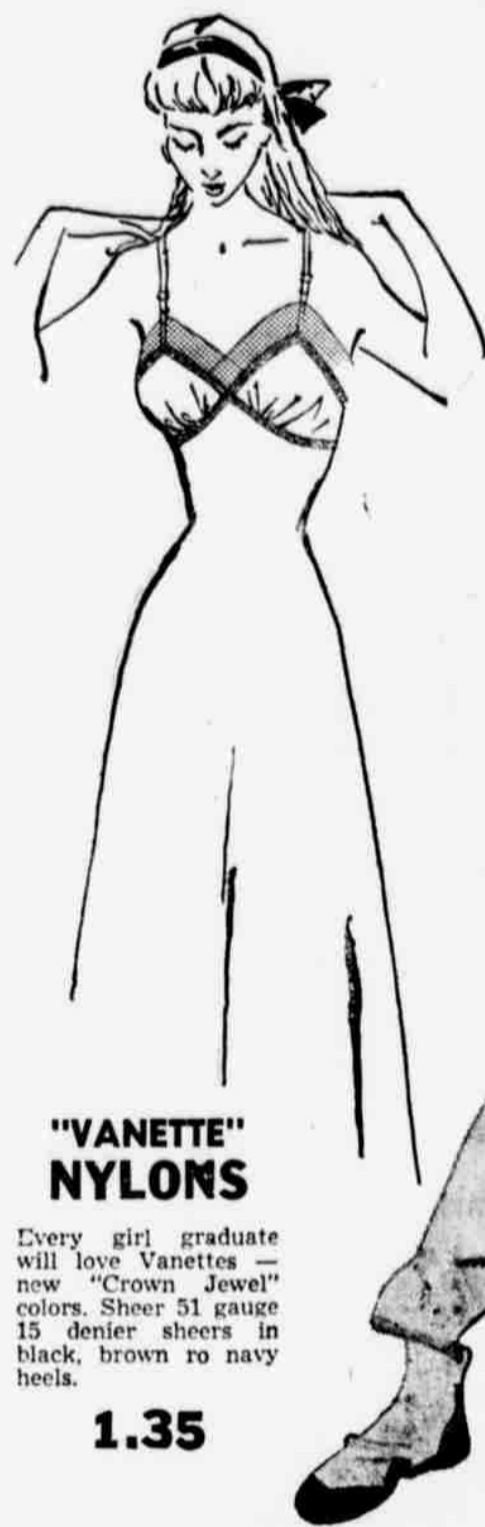

meeting. Quarterback Club members believe that two colleges of this size representing the two states will assure continued success of the annual colored football classic which has drawn capacity crowds the last two years.

A committee from the Q-B Club will go to Waco soon to make final arrangements for the game with officials of Paul Quinn College, it was announced following the meeting.

Present at the meeting were Swinson, vice presidents Jim

Byrd and Roy Evers, directors Otis Johnson, Kemp, Carl Westberry, S. H. Vaughter, Thos. son, past president of and Rex Felker, C. of C.

Governor Dan Tamm, outstanding Texas 4-H'er during the late 1940's, made a contribution to 4-H Care and Share. Share and Care fund used in connection with national 4-H Club Center in Arlington, D. C.

# Chevrolet trucks must be the best buy!

This year—for the 12th straight production year—truck users are buying more Chevrolet trucks than any other make. That couldn't be true unless Chevrolet trucks offered more of what you want.

Already, 1953's official sales figures tell a remarkable story of clear-cut and decisive preference for Chevrolet trucks. But, this is not surprising, for truck users everywhere are discovering how far ahead of all others Chevrolet trucks really are.

They are discovering things like the tremendous new power in advanced Loadmaster engines in heavy-duty models... the remarkable gasoline economy... the extra ruggedness and strength of heavier, more rigid frame construction.

And, in addition to all these advantages, the Chevrolet line lists for less than any other trucks of comparable size and capacity. So, before you buy any truck, stop in and see us.

## Haskell Stores Offer Many 'Dollar Day' Bargains May 19

Tuesday, May 19th, will be "Dollar Day" in Haskell—a monthly event that has gained wide popularity among value-wise shoppers throughout the Haskell trade territory because of the outstanding bargains offered by local merchants for the one day sales event.

Shoppers who check the Dollar Day advertisements in this section of The Free Press will note a wide selection of items—merchandise and clothing for the family, furniture and other items for the home—in fact almost any item or article carried in retail stores will be obtainable at reduced prices on Dollar Day.

In addition to the low prices listed in the advertisements, many other items at attractive prices will be found when you visit the stores cooperating in the Dollar Day program.

A partial list of the bargains offered for Dollar Day, and quoted in advertisements in The Free Press, include:

A special sale of records at Frazier's Radio & Record Shop enables you to buy regular 89c records for 69c. Also, with the purchase of a 78 rpm Album at regular price, another album will be given free.

The Fair Store features scores of specially priced items, including ladies print dresses 2 for \$5.00, ladies summer sandals \$2.79, men's dress shirts \$1.89, 36-inch domestic 6 yards for \$1.00, type 128 sheets \$1.84, and many other bargains.

The Hub will offer ladies summer dresses at half price, ladies beaded moccasins at \$1.98, solid color prints, 3 yards for \$1.00, plisse cotton slips \$2.98, men's sport shirts \$1.98, to list a few of their bargains.

Warren's Booterie offers washable Keettes at \$2.89 on Dollar Day only, a special group of shoes at \$3.89, one group of popular Heydays at only \$6.89, among the major offerings for the special saving event.

Among outstanding values offered at Hassen's are good quality sheets for only \$1.59, a group of ladies spring dresses at half price, crinkle bed spreads \$1.98, men's nylon socks 2 pair for \$1.00, ladies nylon hose, 2 pair for \$1.00, and many other real values.

Home lovers will find bargains at Sherman Floor Co., now located in the Hotel Haskell building. They will sell Vestal Wax, Briten-All Cleaner, or Ves-Cote Wax, for only 98c per quart on Dollar Day. Also regular 60c furniture protectors for 49c, and other items at reduced prices.

Lyles Jewelry has reduced the price on 32-piece set of Pottery, to only \$5.00 for Dollar Day; \$12.00 value in 6-piece place setting of Glassware for \$3.95. Also the store will have a table of specials that will appeal to bargain hunters.

The Personality Shoppe will have on sale one group of regular and junior dresses at half price, cotton, crepe, and linen blouses \$2 and \$4, gloves at \$1.98 in nylon string and sheer, rayon crepe gowns at \$2 and \$4, ladies hose 3 pair for \$3.45.

Perkins - Timberlake will feature a wide variety of bargains for Dollar Day, including a large group of women's summer hats at half price, pillows \$1, chenille bedspreads at \$4.95, men's broadcloth shorts 2 pair for \$1, boy's sport shirts \$1.59, women's nylon briefs \$1, and a new shipment of cotton dresses at \$2.98, and many other specially priced items.

Neely Dry Goods have marked down prices throughout their store for Dollar Day, featuring items in all departments. These include children's sandals at \$1.98, Garza sheets at \$1.98, men's oxfords \$5.00, piece goods 2 yards for \$1.00, boys overalls \$1.00, men's overalls \$2.75, and many others.

Wheatley's on the north side have extra specials for Dollar Day, including Sport Coats in new Spring colors at \$14.95, men's suits, all wool, at \$29.95, western shirts \$3.99, men's shirts and shorts 49c, and many more bargains.

Lane-Felker have stand-out Dollar Day bargains in both the ladies and men's departments of

their store. One group of ladies dresses reduced to half price, Vanity Fair slips \$3.95, shorts \$1.98 and \$2.98. For men, Curlee Suits, \$55 values at \$34.95, work straw hats 69c, genuine Levis \$2.95, one group T shirts 89c, and numerous other timely items.

Dollar Day Specials at Coffield's Shop include strapless slips at \$1.98, sandals \$1.98, one rack of skirts at \$2.98, ladies hats at half price, and a special odd table carrying an assortment of items at bargain prices.

The C & B Department Store on the east side, will feature Dollar Day bargains throughout the entire store. These include men's nylon shirts at \$3.95, a group of spring and summer cotton dresses at \$6 or two for \$11.00, nylon panties at \$1.49, boys crinkled cotton shirts \$1.49, and many other bargains.

### Cotton Classing Service Available To Area Farmers

Application forms for group membership in the 1953 Smith-Doxey program are being mailed to F. W. Martin, Haskell County Agricultural Agent, H. J. Matejowsky of Abilene Cotton Classing office today.

Farmers who wish to join cotton improvement groups and avail themselves of free classing and market quotation service should not waste any time, Matejowsky stated. They should join a group before they plant their cotton.

After they are in a group, the elected group leaders will make one application, with the assistance of the county agent or local gin, covering all members. He will send it to the Abilene cotton classing office.

Under the Smith-Doxey Act, Matejowsky explained, any group of farmers organized to promote improvement of cotton, which adopts a single variety, files an application, arranges for sampling, and meets certain other requirements, is eligible to take part. No fees are involved. Members then get their cotton classed free by the US Department of Agriculture at the local Cotton Classing office.

After classing, a green card on each bale is returned to the farmer. This, plus the market news service, gives him a definite advantage in trading for he knows exactly what he's selling and how much it's worth. Also, Matejowsky added, he can even sell his cotton by presenting his green card to the buyer for examination in place of an actual sample.

"Nixie" is a postal term meaning mail for some reason cannot be delivered.

**Illness Billions Year**  
 May 6—American tax-paying more than one billion annually for supplies annually for men-  
 is treated, and even amount cannot cope alarming increase in cases. R. L. Wheelock of state campaign chair-

man for Texas Mental Health Fund, said here today. Mr. Wheelock pointed out that mental illness must be prevented and cured before reaching public institutions, if the problem is to be met. This can only be done by public education, research, teacher training and a better understanding on the part of the public.  
 The Texas Society for Mental Health and the National Association for Mental Health are now conducting the first appeal

**Yellowstone Park Tours Offered Vacationists**

Planned, escorted Yellowstone Park tours offered to vacationists from Texas, Oklahoma and Louisiana this season for the first time since the beginning of World War II embrace an unusual combination of two National Parks, Wind River Canyon of Wyoming, famed Cody Road entrance to Yellowstone, Salt Lake City, and vista dome ride atop latest type railroad cars through Central Colorado's Rocky Mountains, climaxed by a daytime vista dome view of the Royal Gorge.

Recent announcements by a group of Texas Travel agents disclosed plans for three escorted tours leaving on June 20, July 18, and August 22 from Houston, Dallas, Fort Worth, Wichita Falls, and Amarillo over the Texas Zephyr route.

All authorized travel agencies in Louisiana, Texas and Oklahoma have been furnished complete information.  
 Peacock Travel Agency of Fort Worth will manage the tours, joined in sponsorship of them by Lamar Travel Service, Houston; Mason-Parry Travel Agents, Inc., Dallas; the Anita Schutze Travel Service, Austin; and Universal Travel Service, Amarillo.  
 A three day trip through Rocky Mountain National Park, included in the tours on American plan, is followed by an afternoon in Denver, capitol city of Colorado. An overnight train ride northward from Denver provides a daylight trip the next day through Wyoming's great, rolling ranch country, Wind River Canyon, along the Big Horn River, to the village of Cody, named for the famous frontiersman, Buffalo Bill Cody.

Two and a half days in Yellowstone Park with American plan accommodations at beautiful Canyon Hotel and quaint Old Faithful Inn are highlighted by breathtaking views of Yellowstone Falls, many forms of wild life, and a day of geyser basin exploration, topped off with star performances by Old Faithful Geyser, the one everybody loves most of all.

A day of sightseeing in Salt Lake City and nearby mountains includes the world-famed Bingham Copper Mine, Great Salt Lake and many other points of interest for which Salt Lake City is known. The following day is en route via new vista dome railroad coach through Colorado, over the Continental Divide at Tennessee Pass and through the Royal Gorge.

Railroad fare, all taxes, the services of experienced escorts, American Plan hotel accommodations, all sightseeing services, baggage handling charges, and park entrance fees are included in tour rates within the reach of average vacation travelers who are seeking a trip loaded with excitement, travel and fun, and relaxation.

Storage on and off the farm is an aid to orderly marketing and farmers should plan and construct storage facilities if needed. Plenty of storage facilities on the farm permit the holding of reserve feed grain and forage for drouth periods or other times when supplemental feeding of farm and ranch livestock becomes necessary.

WASHINGTON AND  
**'SMALL BUSINESS'**  
 By C. WILSON HARDER

A plan to solve newsprint problem is before Congress.

Background data supporting this plan was amassed during Senate Small Business Committee study of newsprint situation about a year ago. Facts were found, for example, that the U. S. press depends on Canada for 5/6's of its newsprint supply where producers appear to operate as a monopoly.

It is time for action, says C.W. Harder, Sen. Francis Case (Rep. S. D.).

He has introduced a bill that will permit a newsprint industry in the vast Tongass National Forests of Southeastern Alaska

Although these reserves were held inviolate for years, recently permission was granted an international firm to cut pulp timber to make cellulose.

Senator Case feels time has come to protect interests of independent U. S. publishers.

His bill has several interesting provisions. A private company shall operate Alaskan newsprint industry. It must agree to reserve a certain percentage of production to meet needs of American newspapers with circulation of 10,000 or less.

In addition, the bill recognizes the financial problems faced in establishing an Alaskan newsprint industry. Therefore, the emergency rapid tax amortization allowed major U. S. industries will be granted. As it costs around \$70,000 per ton of capacity to build a newsprint plant, the bill also provides RFC may loan up to \$50 million, to be paid

© National Federation of Independent Business

back over 50 years.

Strenuous objection to this bill from both domestic and foreign sources can be expected. Former State Department opposed action on newsprint problem.

But in Senator Case's mind the problem is quite simple.

Preservation of American liberties, both political and economic, rest on a free and independent press in the smaller communities of the nation.

Due to price gouging by Canadian newsprint producers, many publishers must spend 50 cents out of every dollar taken in just for paper. Mortality among independent newspapers has reached a new high.

On the other side of the picture, more and more the big cities are being served only with a chain newspaper. And due to what many consider laxity by Federal Communications Commission, television and radio station ownership is being given to big combines, many of them also having interests in metropolitan newspapers.

Thus, more and more, weekly and small daily newspapers remain the only institutions where freedom of expression is found in the United States.

Opposition to this bill will undoubtedly claim this is a plan by which newspaper publishers are trying to use the government to feather their own nests.

But the facts are the major support comes from independent businessmen not connected with the publishing business. The leaders of these businessmen feel that as so goes the independent newspaper, so goes the freedom of enterprise in all fields of endeavor. The progress of this bill will be watched by millions.

**Local Farm Bureau Members Attend Abilene Meeting**

The following members of Haskell County Farm Bureau attended the meeting in Abilene on May 4-5 at the Windsor Hotel: C. H. White, F. W. Martin, C. G. Burson, Sr., Ed Fouts, Alvin Bredthauer, C. O. Richards, H. D. Gammill, C. H. Herren and Mr. and Mrs. Gene Tonn. Over 100 officers and members of area Farm Bureau groups were present.

John C. Lynn, Legislative director of the Washington office of the American Farm Bureau Federation was in attendance and gave complete details of the Agricultural Act of 1949 pertaining to the farm program, application of which has been postponed until 1955. Those attending heard the provisions of the Act and will be better prepared to offer suggestions for amendments to the law when requested to do so.

J. Walter Hammond, Texas Farm Bureau president, Austin Crownover, sales executive of Texas Farm Bureau, O. K. Hoyle, district organizer director, Marvin Carter, State organization director, Loys D. Barbour, District State director and many others participated.

At the meeting of the local Farm Bureau group held Tuesday, May 5, H. H. Segro, president, explained that anyone desiring details of the Agricultural Act of 1949 can obtain same by calling at the office in the Masonic Building. He also stated that the next monthly directors' meeting will be held June 2 and requested all directors of the local organization to keep the date in mind for a full attendance that night. Plans will be made for the Queen Contest to be held at a later date. More information of the contest will be announced later, he advised.

**County Agent F. W. Martin Ranks As Outstanding Leader in 4H Club Work**

In addition to his work with Haskell County farmers and ranchers, County Agent F. W. Martin has gained wide recognition as one of the outstanding leaders in boys 4-H Club work in West Central Texas, particularly in the field of livestock improvement and feeding.

During the 10 years he has been in Haskell County, two years as Vocational Agriculture teacher at Paint Creek Rural High School and eight years as county agent, 4-H Club boys under Martin's leadership have won top places in a number of regional livestock shows. And as a result of their training in livestock management, Martin believes that 4-H Club boys of today will become future leaders in a more stable and diversified agricultural - livestock program in this county.

Martin, a 1936 graduate of Texas A&M College, took a position as vocational agriculture teacher at Dowell, in Fisher County, in August of that year. It was there he first put into practice his livestock improvement program when he encouraged youths to set up and carry out lamb feeding projects.

In August, 1942, Martin became Vocational Ag teacher at the Paint Creek school, the center of a farming and ranching area where 4-H Club work had been principally centered on livestock. Martin assisted youth in selecting the best type of calves for feeding from some of the leading breeders in this section, and his judgment plus the work of the boys paid off when they exhibited their animals in regional shows.

A Paint Creek club boy, Frank Sims, showed the grand champion at the Texas-Oklahoma club boys show in Wichita Falls in 1943, and repeated with the grand champion the following year.

In August, 1944, Martin was appointed county agent, where he was able to continue his work with club boys on a larger scope. In 1945 another Paint Creek club boy, Allen Overton, showed his calf to the reserve championship at Wichita Falls. In 1946 Ray Sims of Paint Creek showed the Grand champion, and in 1948, Jerry Terrell, also of Paint Creek, showed the reserve champion in the Texas-Oklahoma show.

The five consecutive years, 1948 through 1952, Haskell County 4-H Club boys showed the best five calves from one county, and in 1953, the second best five at the Wichita Falls show.

Under Martin's supervision, club boys have carried out not only successful calf feeding projects, but a number of the boys have worked with swine projects, poultry and farm crops. In 1950 Lester Hutchinsin, Haskell County club boy, showed the grand champion Duroc boar at the annual Sears Swine Show in Abilene. In 1951 Jerry Hannsz, Rule club boy, showed the top gilt in the Sears Show and the following year Jerry Hodges, O'Brien club boy showed the blue ribbon gilt in the Abilene show.

Martin's club boys also have made good records with their entries at the Southwestern Exposition and Fair Stock Show in Fort Worth and junior livestock show at the State Fair in Dallas.

There are seven active 4-H Boys Clubs in the county, at Paint Creek, Mattson, Weinert, O'Brien, Rule, Rochester and Sagerton,

with a total membership of 225. Summary of the projects carried by the boys in 1952 shows four boys had 38 acres of corn, 23 had 197 acres of grain sorghums, 22 had 132 acres of cotton, 12 had four acres of home gardens, 26 had 956 laying hens, 34 had 57 dairy cattle, 26 had 72 beef cattle, one boy had 10 sheep, 60 had 174 hogs, 10 had 10 horses, 6 had 56 rabbits, and one boy had 10 pheasants.

Martin is proud of his achievements of his 4-H Club boys, and is reluctant to take any share of credit for his leadership. "I've always had a good bunch of boys to work with, and they're the ones due the credit," he says.

As to value of 4-H Club training, a definite example is furnished by Sid Woodson, former Haskell club boy who has built up a herd of 20 registered Hereford cows. Sid's livestock venture is paying his way through Texas A&M College, where he is a freshman. A Weinert club boy, Wayne Josslet, also has made a good start on a herd of registered Herefords as the outgrowth of his club work.

The scope of Martin's work as county agent has enlarged greatly since 1944, with the most noticeable changes coming in the last three years with the introduction of new crops and advent of irrigation in a small section of the county.

Last year approximately 40 farmers planted small tracts of castor beans in the sandy sections of the county. Due to drought the harvest was not a financial success, but it was definitely established that the new crop could be grown successfully with normal rainfall.

A continuous Cotton Improvement program has been inaugurated through Martin's office, and last year a three-county voluntary cottonseed improvement program was formed for Haskell, Knox and Baylor Counties, to develop the best variety of certified cottonseed for this section.

Last year witnessed the development of irrigation on a commercial scale in Haskell County.

for the first time, and Martin has done considerable work with farmers in determining best methods of irrigation, crop rotation and related problems. About 65 irrigation wells have been drilled and about 5,000 acres received one or more waterings. The water is found at about 70 feet, and in the average well some sand and gravel water encountered.

Two things stand out above all others in this Golden Anniversary ROADMASTER. It is the most beautiful Buick Riviera ever built.

It is the most brilliant Buick performer in fifty great years.

The first of these is an obvious truth that you learn at initial sight of this automobile's sweeping lines, its gracious styling, its stunning interior fashioning.

The second is one you discover when motion begins and the wonderful new experience unfolds.

You soar from standstill to legal speed as you never have before—for Twin-Turbine Dynaflo gives you getaway with a combined swiftness, silence and smoothness no other car in the world can equal.

You command the highest, the silkiest, the

most instantly responsive power in all Buick history—from the world's newest and most advanced V8 engine—the first Fireball V8.

You ride with the gentle, constantly level cushioning of coil springing at all four wheels. You guide your two-ton automobile with the exquisite ease of Power Steering. You slow or halt with the velvety control of still finer braking—plus the extra comfort of Power Brakes\* if you wish.

Surely, this rich new world of motoring magnificence is one you should explore—if only to know that it's real, and more easily reachable than you may think.

We'll be happy to seat you at the wheel of this superb new ROADMASTER—and let your emotions and good sense judge its greatness. Won't you visit us this week?

### Insect Repellent Pays Dividends In Comfort, Safety

A good insect repellent preparation can pay big dividends in outdoor comfort and safety in warm weather. N. M. Randolph, entomologist for the Texas Agricultural Extension Service says home gardeners and other outdoor workers, campers, picnickers or families sitting in the yard will find repellents helpful against mosquitoes, gnats, chiggers and ticks, for example. Pack a preparation with Junior's camping equipment or in the family car when starting on a vacation trip and keep one handy with gardening supplies.

The specialist says repellents should not be confused with insecticides. Repellents are applied to your skin or clothing to keep insects off but insecticides are used in the garden or elsewhere to kill insects. Repellent preparations, usually in liquid, lotion or cream form, are available at drug stores, hardware or grocery stores under different trade names. Among the most satisfactory chemicals as repellents are dimethyl carbate, dimethyl phthalate, ethyl-hexanediol and indalone. The container usually lists the names of the chemicals in the repellent preparation. Unlike some of the older repellents, these substances have little or no odor and give protection from insects for several hours.

Apply repellents for mosquitoes, flies and gnats directly to the

# Why America is swinging to Ford

MORE AND MORE PEOPLE ARE FINDING THAT FORD IS WORTH MORE WHEN THEY BUY... WORTH MORE WHEN THEY SELL... AND HERE'S WHY:

People all over the country are finding in Ford the beauty and engineering they expected to find only in the more expensive cars. They're finding beauty that "belongs" in any surroundings...

comfort that was formerly associated only with hard-to-park length. And a study of the used car market shows that Ford keeps its value better than any other car.

Ford's roomy interiors are handsomely styled in a wide variety of colors, all tastefully matched to exterior colors. And Ford's soft, foam rubber cushions over non-sag springs give you day-long driving comfort.

Center-fill fueling is another "Worth More" feature that's not found in the low-price field. It saves fill-up time and trouble... ends hose marks on fenders. The short fill pipe makes room for an extra suitcase in the trunk. Here's another reason Ford is the New Standard of the American Road.

Ford has a new, smoother ride. New, softer spring and shock absorber action plus new-design rubber compression bumpers reduce front-end road shock (the kind you feel most) up to 80%. Ford's wide front tread, low center of gravity and diagonally mounted rear shock absorbers help keep you level on curves.

Suspended clutch and brake pedals work easier and give more room. They turn the entire floor space into foot space. And they act as "no entrance" signs to drafts and dirt—make it easier to keep your Ford clean.

Ford Steering is easy on you! Makes handling a treat on highway or street. Wide front tread permits sharp turns for easier parking in small spaces. And Ford Full-Circle Visibility gives you clear vision in all directions.

## Ford Economy Beats Them All!

A Ford Mileage Maker "6", with Overdrive, won the grand Sweepstakes Award in the 1953 Mobilgas Economy Run. For the first time in history, a low-priced car not only won in its class, but took top honors—the coveted Sweepstakes Award—for beating the entire field regardless of class, size or weight. Here's additional proof that Ford is America's greatest economy car.

### April Rainfall Sporadic Over State, With Precipitation 78 Percent Normal

Heavy rains over Trinity River headwaters were caught in Lake Dallas increasing the water supply of Dallas and temporarily removing some of the stringent water restrictions in that city. Overbank floods were caused in most east Texas streams. West Texas and Panhandle areas remained dry.

#### Precipitation

Rainfall for the state was 78 per cent of normal but was unusually sporadic. Southeast Texas draining the lower Sabine, Neches and Trinity River basins had nearly twice normal rainfall, while the lower Coastal Region and West Texas varied from 14 to 29 per cent of normal.

#### Streamflow

Heavy rains the latter part of April over the headwaters of Elm Fork Trinity River added about 50000 acrefeet to Lake Dallas and alleviated the extreme water shortage in Dallas, at least temporarily. A peak discharge of about 13,000 cfs passed the gauge on

Trinity River at Dallas. This flow added to a peak discharge of 25,000 cfs from East Fork of Trinity River augmented by rainfall in the lower reaches, caused a moderate flood in the lower Trinity River.

Rainfall extending eastward caused severe flooding in Sabine, Neches, and Sulphur River basins. South Sulphur River near Cooper, Texas, had a peak stage of 23 feet, the highest stage recorded since records start in 1943. Sabine River at month-end was out of bank at numerous locations near Bon Wier and below, with the peak still to pass that point. Serious flood conditions were in the making for the lower Sabine basin.

Flow past the gauge on Neches River at Evadale averaged 7,520 cfs for the month which is slightly over 1/2 average flow for April. However, the peak had not passed this station at month-end and prospects were that May flow would exceed the long time average for the month.

There was a small rise in Guadalupe River at and above New Braunfels where the US Geological Survey gauge showed an average flow about 1-3 normal. However, below the mouth of San Marcos River near Gonzales, the river was at flood stage or above. This was caused by heavy rain over the San Marcos River area especially in the part drained by Plum Creek. This creek, near Luling, was higher than at any time since 1936.

By contrast, West Texas remained in a drought condition. There was no flood runoff in the Pecos River basin and very little in the upper Colorado River. Sufficient rainfall occurred in the North Concho River basin to start a seep flow at the gauging station near Carlsbad, the first flow since July 1952. Canadian River near Amarillo, flowed at only 3 per cent of the average April flow, and Red River and upper Brazos River were far below normal.

#### Reservoir Storage

There was no significant change in the amount of stored water in the major reservoirs in Texas except for the change in Lake Dallas. Combined storage of the nine reservoirs at month-end showed 2,439,000 acre-feet compared to 2,420,000 at the start of the month. This is an overall change of less than 1 per cent increase.

### Pfc. John L. Grand With Troops Staging A-Bomb Tests

Camp Desert Rock, Nev.—Army Pfc. John L. Grand, son of Mr. and Mrs. John Grand, Rt. 2, Haskell, is getting first hand combat training in atomic warfare at Camp Desert Rock, Nev., proving ground of the atomic bomb. "Crouched in a trench, relatively close to "ground zero," he recently witnessed the seventh blast of a nuclear device in the spring series.

Shortly after the explosion he clambered out to take part in a mock attack on the devastated area.

Thousands of troops from all parts of the U. S. are gathered at Camp Desert Rock, to receive thorough instruction in atomic warfare, its potential damage, and defenses against it.

Grand is radi, operator in the 667th Field Artillery Battalion at Fort Sill, Okla.

Before entering the Army last May, he attended Paint Creek Rural High School and later engaged in farming.

The pony express was established between San Francisco and St. Joseph, Mo., on April 3, 1860.

Camp Wetexa Will Prove Attractive To Blue Birds Group of Younger Girls

There are just as many Blue Birds registered for Camp Wetexa as Camp Fire Girls, according to Miss Elmore Smith, executive of the West Texas Area Council of Camp Fire Girls. "We think this is very good," Miss Smith said, "because it means that parents realize that Blue Birds have as important a role in the camping program as the older girls." Special classes for Blue Birds will be held each day in all the crafts offered, just as for Camp Fire Girls. "Blue Birds have as much to gain and as much to give as any age girl who goes to camp," she said. She pointed out that this was happening all over the country. Many camps have sessions just for Blue Birds. Most camping people believe, however, that it is better to have all age groups in camp at the same time because it is a more natural setting than one age group living together. It is a recognized fact that Blue Bird age girls are sometimes better campers than their older sisters. They are not as likely to become homesick as other girls, Miss Smith said. This is often true because it is usually the Blue Birds first experience away from home and she is so excited about the new experiences she is having that she does not have time to

think about anything else. Older girls in the age of puberty, sometimes have a greater adjustment to make. "The only real way to combat homesickness in any age is to prevent it," Miss Smith stated. "And the best way to prevent it is to ignore its possibility, as far as the child is concerned." She said she hoped parents of girls of any age would not suggest to their daughter that she might be homesick at camp. "Instead, you should talk to them about the fun they are going to have and the new friends they will make. Sometimes we plant the seed of homesickness, just by suggesting it. If the parents will see to it that the girls come to camp with the sole idea of having a good time, the counselor staff will see to it that they do." Camp Wetexa is to be held at the Baptist Encampment grounds at Lueders, July 26 through Aug. 1. The staff will be made up of group leaders and mothers from the towns which make up the West Texas Area Council: Albany, Hamlin, Haskell, Rochester, and Stamford. Mrs. R. L. McClung, a registered nurse of Hamlin will be the camp nurse. Mrs. John Bennett, Stamford, will be Water Front director. She is a Red Cross

The Hardin-Simmons University rodeo team will be aiming for the national title May 14, 15, 16 at the National Intercollegiate rodeo association which will be held at Hardin-Simmons University. The H-SU team has a slight lead over defending champion Sul Ross. Members of the team left to right are, Bill Teague, Crane; Joe Chase, Eldowoods, N. D.; James Mickler, Haskell; Dick Barrett, Ryan, Okla.; Lee Cockrell, Pampa; Coach Bill Ledbetter, Gip Lovejoy, Gatesville; David Rushing, Abilene; Buzz Frederick, Eldowood, N. D.; and Gene Frazier, Merkel.

certified Water Safety instructor. Miss Smith will be camp director. Parents are urged to register their daughters immediately for Camp Wetexa if they have not already done so. Registrations are coming in very fast and there are only a few places left. "We hope that every girl who wants to go will get her registration in on time," Miss Smith said. "There must be a limit in numbers however, and we are now approaching it."

USDA Makes Nonfat Dry Milk Available For Distribution

U. S. Department of Agriculture is making available 100 million pounds nonfat dry milk solids for donation to school lunchrooms, welfare organizations in the United States and its territories and to private welfare organizations assisting needy persons in foreign countries.

According to John J. Slaughter, southwest area field supervisor, Production and Marketing Administration's food distribution branch, USDA, Dallas, the milk is being donated under authority of Section 416 of the Agricultural Act of 1949.

This authority specifies that receivers must pay handling and transportation charges, also any other charges as may be needed for adequate protection of the milk from point of origin to point of destination. Milk is packed in wooden export barrels and fiber drums, each

weighing 175 to 255 pounds. Ten units is the minimum for any domestic agency to order and 40,000 pounds, or one carload, for foreign use.

Milk will be available for the six month period beginning May 4. Application for domestic distribution should be made the first 90 days.

Commodity Credit Corporation acquired the milk under the support price program.

Further details on distribution may be obtained from PMA's food distribution, Dallas, or from the State Department of Public Welfare, Austin.

Weinert FHA Has Representatives at State Convention

Attending the annual convention of Future Homemakers of America in San Antonio recently from Weinert FHA chapter were Doris Ann Hutchinson and her sponsor, Mrs. Irene McAfee.

The convention got under way Thursday evening, April 30 with the theme "Preserving Our American Heritage."

Featured speakers during the two days stay were Dr. Bernice M. Moore, consultant of Hogg Foundation for Mental Hygiene at the University of Texas, Dr. John McFarland, college of education, University of Texas and Sarah T. Hughes, judge of the Fourteenth Judicial district of Dallas, who said: "The United States can't be a true democracy until women serve on juries. A woman ought to serve on juries whether she wants to or not. She's only a half a citizen unless she does." Speaking on "Preserving Our American Democracy can't be preserved by letting George do it. You've got to work at it." "Speak up when attacks are made on our heritage. Don't tolerate discrimination. McCarthyism has spread until we have begun to doubt everyone. "We need faith and belief in our country. We need free discussion in our homes, an opportunity for each person to express himself and feel important." Over two thousand girls cheered Texas' only woman judge, Sarah T. Hughes at the end of her speech.

The less favorable price situation for agriculture currently is not the result of depressed domestic demand since the change came during a period of high employment and income. High overall production, reduced exports

and the limited dollar exchange along with improved conditions in other countries are cited as reasons for the drop in prices.

### Wheat Allotments In Effect For 1954 Crop, PMA Told

Harper Haskell County PMA secretary stated this week that the possibility of marketing the wheat acreage in the 1954 crop. The PMA office at Haskell is gathering data on the wheat acreage for individual growers for the years 1951, 1952 and 1953. Such information will be requested in the next few days for such information for purposes at this time. The PMA will determine by July 15, 1953 whether or not acreage allotments will be required in 1954. He will also determine by July 1st whether or not marketing quotas shall be voted upon wheat growers. Producers are advised to become aware of the two situations involved as follows:

1. Allotments can be required by action of the Secretary, and would be used only to determine eligibility for price support at a fixed percent of parity.
2. Marketing quotas can be required only by action of 2-3 of the farmers voting in a referendum favorable to allotments and

marketing quotas. Under marketing quotas, additional penalties for failure to comply with acreage allotments would be applicable to those not complying with allotments. No price support would be available to noncomplying wheat growers if quotas are made applicable.

Meetings and contracts with wheat growers will begin in the next few days, and it is imperative that every grower of wheat in any of the years 1951-52-53 make the report requested, Harper explained.

Any grower of wheat in any one or more of the three years who has not been contacted by May 20, 1953 should call at the Haskell County PMA office and make the report, since no allotment can be established unless the contact and report is timely made.

Producers are reminded that as compared to National Wheat production, this local area is only a minor part, and that wheat crops and conditions throughout the United States apparently have forced the prospects for allotments if prices are to be supported.

### SCS Recommends Planting Summer Grazing Crops

Many of the livestock units in the Haskell area depend upon a large amount of grazing on cultivated lands, according to supervisors in the California Creek and Wichita-Brazos soil conservation districts.

This practice permits pastures to rest during summer months and enables native grasses to spread by reseeding and by vegetative means. The time for planting summer grazing crops is now at hand, SCS specialists point out.

One of the better crops to plant for supplemental grazing in this area is Madrid sweetclover. This is a biennial, that is, it has a 2-year growing period when spring planted. Madrid is a many-branched, fine stemmed, leafy legume with a large tap root and withstands dry weather well.

Madrid clover should be planted in the spring or early summer in regular width rows on a flat, firm seedbed at the rate of 3 pounds per acre. The seed should be inoculated prior to planting and should be covered not more than 1-2 inch deep. First year Madrid grazing may be expected from June to frost. Second year Madrid grazing will usually run from mid-February to time of seeding in mid-July. About three acres should be planted for each animal unit to be grazed.

Local soil conservation districts have planters available at a small rental fee that have special attachments for planting of clovers or other soil improving and grazing crops. Also, information and assistance is available from local agricultural agencies on the planting of adapted supplemental pasture crops.

Norman Nanny and Bud Herren, northeast of Haskell, made their first cutting of alfalfa hay last week. In the same area, Billy Bob Welsh has 22 acres of alfalfa up to a good stand. This planting was made this spring in a border system. Garvin Foote and Maurice Gannaway have planted permanent tame pastures for grazing. These pastures consist of alfalfa, perennial rye and smooth brome in a mixture and will be irrigated in border systems.

### Control of Prickly Pears By Spraying Advised By Agent

The type of prickly pears grown in Haskell County are generally called Englemann prickly pear. It is low growing and usually contributes very little forage for livestock even under drought conditions. These prickly pears can be controlled by spraying with 2,4,5-T low volatile ester, according to F. W. Martin, county agent.

Both sides of the leaves as well as the base of the plant should be sprayed in mid-summer with low volatile ester of 2,4,5-T in an emulsion of oil and water. For best results, operators should mix 1 gallon of 2,4,5-T (containing 4 lbs. acid per gallon) in 5 gallons of diesel oil or kerosene and 20 gallons of water. The solution should be agitated or shaken up to keep the solution properly mixed and only enough solution should be prepared for daily use. Demonstration plots show costs of \$2.50 to \$5.00 per acre for effective control on the Sonora Ranch Experiment Station.

cotton and operators are cautioned about its use where cotton is closer than one-quarter of a mile. However, this type spraying can be used closer to cotton than airplane spraying.

A. R. Hannsz, who lives about 8 miles southeast of Rule, sprayed prickly pears on his place last year and had good results with killing them. He used 1 gallon of 2,4,5-T to 40 gallons diesel oil. He found that where water was added that better and faster kills were obtained.

### March Livestock Shipments Gain Over February

March livestock shipments in Texas totaled 2,072 loads—16 per cent more than in February but 25 per cent less than March, 1952, the University of Texas Bureau of Business Research reports.

March increases over February include hog shipments (up 367 per cent), cattle (up 20 per cent), and calves (up 3 per cent). In March-to - March comparisons, sheep shipments increased 4 per cent, but cattle shipments dropped 25 per cent; calves, 27 per cent; and hogs, 74 per cent.

**Growers Urged To Supply Wheat Data To PMA Office**

Wheat growers were urged today to come to the County Production and Marketing Administration office before May 20. Their help is urgently needed to bring farm-program records up to date, in preparation for possible acreage allotments and marketing quotas on the 1954 wheat crop.

This appeal follows a recent announcement by Secretary of Agriculture Ezra Taft Benson that the U. S. Department of Agriculture would immediately start the preliminary work necessary in case production and marketing controls are required for the next wheat crop.

According to John Brock, chairman of the county PMA Committee,

certain information from farmers is absolutely necessary in order to do a sound administrative job of setting equitable acreage allotments for individual farms. Farm allotments will be determined by the County PMA Committee, with the assistance of the community committees.

Data needed includes the farms wheat acreage data for the three years 1951, 1952 and 1953; the legal description of the land, and other pertinent information. If the farmer operates a rented farm, he should be able to supply such additional information as the name of the owner.

Brock emphasizes that the final decision has not yet been made as to whether acreage allotments or marketing quotas will be used for the 1954 crop of wheat. That decision will be made later, when more is known about the supply and prospective demand situations. However, the indicated wheat supply is such that production controls will probably be necessary, as directed by law.

Proclamation of a national wheat acreage allotment is mandatory unless dispensed with by the Secretary because of a national emergency or a material increase in exports. Proclamation of quotas is mandatory when supplies reach a certain point specified in the legislation, except under emergency conditions.

An early start on the necessary advance work is particularly urgent, Mr. Brock explained, because the decision and proclamation must be made not later than July 1 for marketing quotas and July 15 for acreage allotments without quotas. If quotas are proclaimed, a national referendum among growers must be held by July 25.

In requesting farmer's cooperation in supplying the needed information, Mr. Brock said the county office should have all the data by May 20.

Haskell County has an estimated 1200 farms growing wheat. There are an estimated 2.1 million wheat farms in the United States.

Acreage allotments were last used for the 1951 crop of wheat, but were discontinued before the end of the marketing year. Wheat marketing quotas have been used only twice, for the 1941 and 1942 crops.
